

Crazy Twists Seen In International Game Of Prices

By SAM DAWSON
NEW YORK (U. S. Press) — Uncle Sam is having a little misunderstanding again with some of his good neighbors over prices. And international politics, playing quite as large a part as economics, gives the picture some fantastic twists. Chile wants more for her copper, which we need, than the 27 1/2 cents a pound we have been paying her for the last 17 months. We have any at all just now. Bolivia wants more for her tin than the \$1.215 a pound price Uncle Sam sets on metal he can buy in Malaya. Where it is plentiful. Rubber prices in Singapore have dropped sharply again. British planters blame Uncle Sam because he cut the price of synthetic rubber he produces. American rubber consumers show least interest in buying Malaya's natural product, now in surplus supply, at any but bargain prices. If the United States wanted to get rough, it probably could get along without Bolivia tin now. But Bolivian friendship is important to us, and in time of war the tin from Malaya might be cut off, as it was by the Japanese. So we are negotiating with Bolivia about prices. Tin is essential to her economy. The copper situation is much more complex. We produce only two thirds of what we need. In international politics tin is tightly to Chile's copper mines, and holds us at arm's length from other copper sources, controlled by our European allies. By drawing upon our large strategic stockpile, we could get by for a long time and thus beat down Chile's asking price. But this is an election year, both here and in Chile. Here the defense program is to be kept rolling and the civilian economy prosperous — and that means more copper. In Chile a government friendly to the United States is opposed by a state regarded here as favoring Argentina. The price Chile gets for her copper could play a big part in the political campaign there. Chile has been furnishing 30 per cent of the copper we consume, selling us 80 per cent of her production at 27 1/2 cents, or three cents a pound above our ceiling price on domestic copper. Chile sold the rest in Europe, getting as high as 54 cents a pound on the free market. But demand for copper is easing rapidly in Europe and the price has dropped to 33 cents — which some think is the price Chile would like us to contract to pay over a long period for her output. If we did, it would have strong pulling

Rural Common Sense

By FRED JOHNSON

With high production goals for this year and with the prospect that production must continue to expand to feed an ever-increasing population, Florida farmers must put acres, animals and man-hours to their most efficient use. The old system of taking in new land to produce more crops cannot be widely followed in future years. The new land is about exhausted. And so, like the builders who erect tall buildings on limited areas in cities, farmers must add to the output of the acres they already have. They must increase yields of crops and livestock on each acre. Fortunately, this is still possible, even though yields have been increased materially in recent years. More fertilizers and more organic matter will give materially higher crop yields. Florida farmers are growing lupines and other legumes on more and more acres of crop land each winter. Also they are increasing their acreages of summer legumes, such as hairy indigo. Crop yields following these legumes are considerably higher. More fertilizers than ever before are being used throughout the country. Crops are being fed to make them yield more. Florida farmers are applying lime and complete fertilizers to their grasslands to get more grazing for their livestock. They are mowing their pastures to keep weeds from reducing yields of grasses. Good winter pasture is almost like having extra acres added to the farm. And Florida farmers are growing more and more good winter pasture. Louisiana White and other clovers, Hubam and other annual sweet clovers, oats and rye provide excellent winter grazing on thousands of acres. Constant improvement in quality of both crops and livestock also increases yields from the same acreage. Florida farmers have been quick to adopt Dixie 18 and other hybrid corns, better varieties of peanuts and other crops and new grasses. They are rapidly improving the quality of the cattle

Battle Casualties Are Set At 108,413

WASHINGTON (U. S. Press) — Announced U. S. battle casualties in Korea reached 108,413 today, an increase of 261 since last week. The Defense Department's weekly summary based on last Friday reported those here to date:

Killed in action	17,119
Wounded	78,885
Missing	12,409

Following is a breakdown of the casualties by service:

Army	64,270
Navy	1,528
Air Force	1,113
Marine Corps	17,495

State Farmers Market

Report No. 154
SANFORD STATE FARMERS MARKET
Sanford, Florida
The following prices reported by the following on the Sanford State Farmers Market for produce sold to Truckers & Dealers up to 2:30 p. m. May 14, 1935:

Beans, Tendergreen	Depending Quality	\$2.00-\$1.75
Beans, Cannery bu. hpr. Niles lower		1.50
Beans, Cannery bu. hpr. Niles		2.00-2.10
Cabbage	Depending Quality	10 lb. 45c
Carrots, Golden	crates	1.15-1.20
Carrots, Pascal	crates	1.25-1.30
Corn	crates	1.75-1.80
Cucumbers	bu. hpr.	1.10-1.20
Cauliflower	bu. hpr.	2.25-2.75
Lettuces, Iceberg		3.00-4.00
Onions, No. 1		1.75-2.50
Peas, Crowder No. 1		1.25-1.35
Peas, Yellow	bu. hpr.	1.25-1.35
Tomatoes	40 lb. crate	4.75-5.00

Onions, Depending Size
A Variety
Greenhouse box 2.25-2.50
Greenhouse box 1.75-2.00
15 varieties of produce received
at Sanford State Farmers Market from 10:30 a. m. to 12:30 p. m. May 14. Total receipts 12,445 packages.
Demand slow, market barely steady.

The invention of baseball is credited to Abner Doubleday in 1839. Baskets were made in Egypt before 5,000 B.C.

Some scientists think of the world as three peninsulas radiating from the central Atlantic land mass; 1, the Americas, 2, Europe and Africa and 3, the "drawn peninsula" of islands which terminate in Australia.

And finally, Florida farmers are fighting insects and diseases and trying to save what they have produced. It's not only a paying proposition, it's a service to the people of the entire country.

Bees were kept by man before the beginning of recorded history. Honey was the main sweet in ancient times.

OUR DEMOCRACY

WE HONOR THEM BEST WHEN WE DEVOTE OUR LIVES TO THE PRESERVATION AND ADVANCEMENT OF THE CAUSE TO WHICH THEY GAVE THE LAST FULL MEASURE OF DEVOTION.

Airport Group Seeks Tighter Plane Control

Doolittle Says Flying Can Be Made Safer But Not Much Quieter Near Cities

WASHINGTON (AP)—The Doolittle Commission said today that airports and airplanes can be made safer but not too much can be done to make them less noisy. The group, known as the Presidential Airport Commission, suggested tighter controls over aircraft even in the clearest weather, zoning of airport approaches, standardization of runway lengths, use of government funds—literally dozens of possible improvements.

But one thing it significantly did not say was that big airports like the one at Newark, N. J., should be closed down because of airplane accidents like the series which struck Newark's neighbor city, Elizabeth.

"To promote the general welfare and to protect necessary systems of air transportation, it is essential that the major airports now engaged in interstate commerce, the postal service, or in defense activities be continued in operation," the commission declared.

"Furthermore, these airports must not be allowed to deteriorate. They must be continually improved in the greatest possible degree," President Truman appointed former aviator James Doolittle, Civil Aeronautics Administrator Charles F. Horse and Aeronautical Scientist Jerome C. Hunsaker to the commission Feb. 20.

He asked them to look into the problem of airport location and use, and report back within 90 days. They came in ahead of schedule after visiting 30 major airports and analyzing the views of 15 municipal governments.

Although confident that air accidents will decline as equipment and operation improve, the commission could find no similar favorable trend toward removal of the nuisance factors.

"No effective solutions are in sight," it said.

"Despite the most striking of the many recommendations was that airports be designed with single or parallel runways instead of the crisscross arrangement now common. It was concluded that where high cross winds are prevalent an additional but shorter runway, oriented at 90 degrees to the dominant runway will be needed for some years until airplane landing stability is further improved.

Funeral Services For Mrs. Ball To Be Held Tomorrow

Mrs. Merrie H. Ball, 77, widow of the late Joseph G. Ball of Sanford, died Thursday night at Jackson Memorial hospital following a brief illness.

Funeral services for Mrs. Ball will be held tomorrow afternoon at 2 o'clock at Holy Cross Episcopal Church, in which she belonged during her many years of residence in Sanford. The Rev. H. L. Zimmerman will officiate. Burial will be in Evergreen Cemetery.

Mrs. Ball, a native of Tampa, had lived in Sanford prior to making her home, several years ago with her son and daughter-in-law, Mr. and Mrs. Joseph H. Ball in Jacksonville. The late Joseph Ball operated a hardware store here for a number of years on Park Avenue, after moving here from Quincy.

Survivors include three sons, Joseph H. Ball, Jacksonville; Henry Crane Ball, Dalton, Ga.; and William G. Ball, Thomasville, Ga.; two daughters, Mrs. W. J. Orlin, Orlando; and Mrs. Betty Ball Mosley of Palm Beach; 11 grandchildren and 8 great-grandchildren.

LOCAL FIRE

Hot grease in the stove pipe at the Pig and Whistle drive-in restaurant caused a minor blaze early yesterday evening, it was reported by Chief M. N. Cleveland today.

Firemen quickly extinguished the flaming vent after the hot grease ignited the pipe. City firemen answered two grass fire calls yesterday afternoon. At 4:23 p.m. firemen went out of the City limits to subdue a blaze on the Orlando highway.

Then at 10:45 p.m. last night another grass blaze was put out on the old Paola Road.

RUBBER PROGRAM

WASHINGTON (AP)—The Senate voted a one-year extension today in the law under which the government operates its synthetic rubber program.

The measure now goes back to the House which had voted a 3-year extension beyond June 30.

SERVICE KNIVES
Willis Sweetman, Negro cook at Traylor Gang No. 2, Atlantic Ocean Line Railroad, was recently sentenced to 25 year prison term in the railroad, J. P. Lewis, roadmaster.

FIRST PEPPERS

Armed Forces Day

The reception committee watches U. S. Air Force F-80 Sabre Jets of the 16th Fighter-Interceptor Squadron as they fly over on their arrival at Royal Air Force Station, Shepherd's Grove, Suffolk, England. The third Saturday in May is Armed Forces Day. The designation of a single day for a joint report to the people on the state of the nation's defense was established by presidential proclamation in 1950. Armed Forces Day takes the place of anniversary dates which had been

celebrated by the individual services. The 1952 Armed Forces Day observance is keyed to the theme "Unity—Strength—Freedom." The secretary of Defense refers to it as "a timely opportunity to demonstrate the close working relationship of the Armed Forces, give the public a broad view of the nation's defense strength, and emphasize the democratic ideal to which our efforts are dedicated."

Senate Approves Bill To Give Oil Lands To States

Controversial Legislation Is Handed Truman For Action

WASHINGTON (AP)—The Senate passed a bill today giving the states clear title to oil-rich submerged lands off their coasts. This sent the legislation to President Truman for approval or veto.

The Senate acted by voice vote in which members are not recorded.

The issue is state vs federal ownership. President Truman vetoed a state ownership bill in 1946 but has not said publicly what he will do about this one. Most Capitol guesses were he would veto it.

California, Texas and Louisiana are most directly concerned. Experts have estimated the worth of oil in the submerged lands off their coasts at anywhere from 22 to 39 billion dollars.

The Supreme Court has ruled three times that the federal government has "paramount rights" over the lands, but state ownership sponsors contended the court never settled down the question of actual ownership and they offered the bill to give the states clear title.

The measure passed the House by a vote of 247 to 89, a margin sufficient, it maintained, to assure House passage over an expected presidential veto.

Sen. O'Mahoney (D-Wyo.), expressed confidence the measure not only would be vetoed, but that the Senate would back up a presidential veto even if members approved the measure today.

A two-thirds majority vote of both House and Senate is required to override a presidential veto.

The bill would give the states clear title in the lands for a distance of three miles out from shore.

There would be two exceptions: The line is 10 1/2 miles in the case of Texas, because of conditions under which it joined the Union, and the same for Florida because of terms under which she was readmitted after the Civil War.

IRISH PRESIDENT
DUBLIN, Ireland (AP)—Sean T. O'Kelly, 68, was assured today of a second 7-year term as President of Ireland. His only prospective opponent in May 30 elections, Ailbhe Lynch, failed to win the support required to become a candidate.

During O'Kelly's first regime, Ireland cut her last ties to Great Britain and abandoned the name of Eire to become a wholly independent nation. He is a veteran of the long fight for independence.

Armed Forces Day To Begin In Sanford Tomorrow With Parade

The Naval Air Station, military, veterans, Boy Scout, club, school and commercial organizations will unite tomorrow morning for the Armed Forces Day Parade, which starting promptly at 10:30 o'clock at Sanford Avenue and East First Street, will be the largest of this type ever held here, John Pierson, general chairman, said today.

A reviewing stand will be set up at Magnolia Avenue and First Street, and following the parade, Capt. J. L. Clittenden, commander of the Sanford Naval Auxiliary Air Station, will deliver an address.

During the afternoon, from 1:30 to 4:00 o'clock, the Air Station will hold an open house for visitors, and Capt. Clittenden has invited all residents of Sanford and the surrounding area to inspect facilities and improvements there.

All persons and groups participating in the parade are requested by Mr. Pierson to meet promptly at 10:30 o'clock on First Street east of Sanford Avenue and between the Navy Center and the Mayfair Inn. Leaders of groups who do not know the position of their organization in the parade in accordance with bulletins sent out are advised to telephone the Chamber of Commerce today at 1800.

Aiding in directing participants to the proper place in the parade will be J. H. Cordell and his committee and parade marshals.

Mr. Pierson today asked that Spanish American War veterans participate in the parade. He stated, could not be contacted recently as they have been attending a four day convention in Kissimmee.

Mr. Cordell, as commander of the Sanford Post No. 85 of the American Legion, requested that all members gather for the parade promptly at 9:30 a.m.

All horseback riders in this area are invited by Earl Rabun, president of the Dusty Boots Riding Association, to join with them in the parade.

Company I 124th Infantry, the Florida National Guard, will be unable to participate in the parade, as the unit is scheduled to leave for Camp Blanding tomorrow morning for a two day rifle practice program.

After forming on First Street east of Sanford Avenue, the parade at 10:30 o'clock will move west to Sanford Avenue, south to Fourth Street; west to Palmetto Avenue; north to First Street; west to Park Avenue; and north to Seminole Boulevard.

Chief of Police Roy G. Williams, with police escort, and Sheriff P. A. Moro, parade marshal, will spearhead the parade.

Ed Little will serve as marshal of the first parade section, Dave Brown of the second section, John Williams of the third section and Edward Wilk of the fourth section.

French Soldiers Fire On American Consul In Tunis

Jennie, m. Wife And 2 Other Americans Escape Serious Harm

MIAMI (AP)—Gov. Fuller Warren is here to tell Sen. Estes Kefauver in a Bayfront Park appearance tonight.

Sen. Kefauver is 2,000 miles distant in Oregon.

Louis D. Newton, Atlanta, former convention president for the fight against the proposed hotel but Frank Tripp, superintendent of the Southern Baptist Hospital at New Orleans, pointed out that the convention long had pledged to build and operate a hospital for the people of Jacksonville provided funds.

The \$750,000 would be used in equipping the hospital.

OIL STRIKE
DENVER (AP)—Settlement of the nationwide oil strike appeared close at hand today as bargaining sessions between union and oil company representatives across the country resumed.

Union chief O. A. Knight, leader of a coalition of unions which struck 16 days ago, returned to Denver Thursday night from a meeting in Washington with Wage Stabilization Board officials.

Arthur Kirchoff's Big Postcard Causes Sensation At Convention

The "world's largest postcard," 29 by 44 inches in size, and sent from Sanford by Arthur A. Kirchoff on May 9 to Mrs. Ethel L. Powell, postmaster at Round Pond, Ark., caused a furor at the recent convention of the Arkansas Chapter of the National Association of Postmasters.

Mrs. Powell informed Mr. Kirchoff in a letter today.

He also enclosed a clipping from the front page of the Arkansas Traveler, published in Little Rock where the convention was held, and showing a picture of her and two high ranking postal officials holding the card on which was written, "Sanford, Florida, sometimes to you all. You and your many friends are invited to our beautiful Florida." Arthur A. Kirchoff.

The caption under the picture read: "Largest postcard arrives from the front page of the Arkansas Traveler."

Baptists To Build Hospital In Jax

MIAMI (AP)—The way was opened today to build a new two million dollar hospital in Jacksonville.

Messengers attending the 46th Southern Baptist convention here Thursday voted to allow directors of the Southern Baptist Hospital at New Orleans to borrow \$500,000 for the Jacksonville project.

The vote will be matched by 1.5 million already raised in Jacksonville where a site on the St. Johns River has been provided.

Dr. Louis D. Newton, Atlanta, former convention president for the fight against the proposed hotel but Frank Tripp, superintendent of the Southern Baptist Hospital at New Orleans, pointed out that the convention long had pledged to build and operate a hospital for the people of Jacksonville provided funds.

The \$750,000 would be used in equipping the hospital.

World's Largest Post Card

Arthur A. Kirchoff, left, is the originator of the huge postcard which Postmaster Joel Field, right, and Owen Harrison, assistant postmaster, holding card, approved as first class mail last Friday. Addressed to Mrs. Ethel L. Powell, who has charge of a n Arkansas post office, the big card has 66 postcard views of Sanford and vicinity on the reverse side, and is intended to advertise this section at a convention of postmasters at Little Rock, Ark. Mr. Kirchoff is the sexton of Holy Cross Episcopal Church. Weighing 18 pounds and it causes the postmaster board card required 1952 in postage and a special delivery stamp.

Collins Says U.S. Gun Fires Atomic Shells

Army Chief Also Reveals Anti-Aircraft Battalions In U. S. Have Been Doubled

LOS ANGELES (AP)—Gen. J. Lawton Collins said today the Army has a gun that can fire atomic as well as conventional shells.

He also disclosed that the Army has more than doubled the number of anti aircraft battalions guarding the home front.

The Army's chief of staff said that ultimately U. S. troops would have guided missiles with atomic warheads for close support work.

"But we now have the gun and we want our field commanders to have the capability of placing powerful atomic explosives, safely and accurately close to our lines in darkness or bad weather," he said.

Ground troops may have guided missiles for battle field use in the not too distant future, Collins said in an Armed Forces Day speech prepared for the Los Angeles Chamber of Commerce.

Such missiles would be usable in all weather with sufficient range to cover any part of an Army's front.

Collins stressed important progress achieved by the Army in anti-air defense, noting that new guns and guided missiles will make it tremendously more effective.

He said the "Nike" ground-to-air guided missile was undergoing operational tests at White Sands, N. M., from at ranges and altitudes never before attempted.

Collins said the Army's doubled number of anti-aircraft battalions guarding the home front are deployed around vital atomic and industrial centers and at strategic command bases at home and overseas.

"We feel there is nothing more important to the American people than to guard their homes from enemy attack," he said.

McCarty To Meet Odham On Orlando Jaycee Program

Harriman Takes Lead In Race For Demo Nomination

BY THE ASSOCIATED PRESS
W. Averil Harriman moved back into the lead in the race for Democratic presidential nomination delegate strength today on the basis of a new survey in Pennsylvania.

Harriman, national security director, had been trailing Sen. Estes Kefauver of Tennessee in the Associated Press nationwide tabulation of delegates. He had dropped to second place after leading Kefauver when he led the lion's share of his home state New York's 90 votes.

Pennsylvania's 20 vote delegation was completed in the April 22 primary. Kefauver then showed Harriman got four votes to Kefauver's 27.

This plus result elsewhere in the country gave Kefauver 107 votes to 87 for Harriman. The tally is based on congressional pledges and promises of delegates willing to vote preferences.

However, a new survey of Pennsylvania delegates today showed Kefauver has a 100 to 76 margin. He has 107 votes and Kefauver has 76.

The new alignment 66 more committed than previously gave Harriman 27 votes and Kefauver seven votes, making their national ratings read: Harriman 92, Kefauver 89.

Conventions nomination requires 476 votes.

Kefauver, however, appeared a clutch to pick up all 12 of Oregon's Democratic delegation being charged today in a primary. The Democratic party's only all-out vote in the party's preferential voting and these results are leaning on the delegation.

Gov. Paul Peterson ranked as a favorite in the Republican primary poll, which saw Robert Taft of Ohio not only vote but also a Republican delegate.

All but three of the three of whom are out and out Taft backers, ever promise to support the best man in preferential balloting. Other Taft votes there include Gov. Earl Warren of California and former Gov. Harold Stassen of Minnesota.

The Associated Press survey of Republican delegates showed today that Taft was leading Eisenhower 208 to 202.

Republicans in North Dakota convened at Bismarck today to name an unrestricted 11 member delegation. Most are expected to favor Taft with a few in favor of Eisenhower.

Eisenhower had the edge in Missouri however, where the state's 26 man delegation was completed Thursday at Kirksville. Taft got two delegates by a total of five. Eisenhower has 14 sure and four probable.

Kefauver's backers appeared to have a lead in Iowa.

Sanford Man Wins Journalism Citation

GAINESVILLE (AP)—University of Florida journalism students were urged Thursday night to take seriously their responsibilities as they embark on the profession of journalism.

The speaker, H. G. Bundy Davis, Tallahassee Capitol correspondent for the Florida Times Union, appeared on the second annual Fourth Estate Banquet program. Scholarship, service and achievement awards also were made at the banquet.

The awards included: Sigma Delta Chi Citation, J. Paul Horton Jr., Sanford, editor of the Florida Ailator; Sigma Delta Chi scholarship certificates, John S. Detweiler, Keystone Heights, and Allen Ramsey, Gainesville; St. Petersburg Times Trophy for Service to University and His Newspaper, Delweller; Robert L. Connor, Winter Haven, undergraduate award; and Dean R. C. Riley, University General Extension Division, professional award.

Dillon Achievement Cup, Clifton Cleveland Hamm Jr., Jacksonville, speech reporter for the Florida Times Union; Hesperus Achievement Trophy for highest qualifications for service in advertising, Marjorie Claire Davis, Ft. Pierce.

MEN'S CLUB
The Men's Club of Holy Cross Church will hold its regular monthly meeting at the Parish House at 7:00 p.m. Tuesday, Dale Beitz, president, announced today. Supper will be served.

Crackdown Begun Against Violators Of Burglary Laws

The arrest last night in Goldton of a 31 year old Negro, charged with burglary by Capt. Roy Williams, police chief here, is the first in a series of seven, the number of violators of burglary laws rounded up by the police.

Police Chief Roy G. Williams announced this morning that the Police Department will continue to crack down on crime in Sanford by rounding up the community violators of burglary laws.

The first of the violators arrested here was a Negro and included Cornelius Booker, parole violator from New York State, who was arrested here last Friday on a charge of drunkenness and disorderly conduct.

On Tuesday, Chief Williams and Sgt. W. A. Horn arrested two Sanford violators, James "Moon" Brown, 30, and Leo Brown, known as "Shoe Boy," and recovered three watches stolen from Mills Swap Shop on East Fourth Street. One is an executive and Brown was on parole. Heid, also for his probation was Walter Wingo, Jr., 22, whom Heid claimed threw a brick through the window of the shop. Wingo is also an executive, said Chief Williams.

Two other Negroes are being held for investigation. James Davis, who is suspected of being a draft dodger, and Leroy Cole, whose attempts at disposing of jewelry are being checked into.

FRIDAY, MAY 16, 1952

CARRIE WAID LYON
UNREMITTENT
(From The Poetry Review)

Whoever has created some small thing.
Figuring, via theme, or villanelle, Must keep on carving, versing, rhyming.
Or suffer some distress too vague to tell.
From living matter his hand or heart Dabbled one form, dreamy and casual?—
He has signed away his soul to the Dictator of Art.
Unrest shall hunt him, fast or fey, All while that fragile, feticious soul forswears
The witless pact—Enough to be alive!
He would walk with dancing feet In sunlight air,
Simply delighting in the senses five?—
He shall not slip through much Per wine he sips.
The dull deadweight of the desert or's eull!

RACHEL ANNAND TAYLOR
If each of the candidates for governor were as kind as his opponent says he is, we'd be in for a pretty tough time of it during the next four years no matter who was elected.

In Chatham, Ont., Tenner Hopper was haled into court the other day on a charge of assault and battery against a 51-year-old man who had three ribs broken. Hopper told the judge he was 102 years old. Well, well, well, boys will be boys.

Bernard Baruch, President Truman and his refusal to work within the frame of congressional legislation are the critical situation in the steel industry. In reading this many of us may forget that Baruch was a great friend and supporter of President Truman and was born in South Carolina, even as Jimmy Byrnes was.

There were eleven hunting accidents in Florida last year, most of them caused by the careless handling of shotguns, the Game and Fish Commission reports. Bad as that record is, it is only one out of every 9,000 licensed hunters, a gamble which any hunter is willing to take.

The House passes and sends to the Senate a pay-boost bill for Armed Services men from generals to privates. It doesn't amount to much for each of them, only \$3 a month for a private, \$65 a month for a two star general, but it will eat the taxpayers' bowl of money, about half a billion dollars a year.

President Truman may go to the Democratic convention and he may not. He said so himself. But in any event we will not have far more until the convention meets, no matter what he says, and in the meantime we can expect him to do something in his own name, to nominate the man of his choice to succeed himself.

There were 747 deaths in the United States (each with a population of more than 5,000) which were through last year without a single traffic fatality. So it can be done. Unfortunately, Sanford was one of them, but it might have been Lawrence, Mass., with a population of 80,000 had no traffic fatalities, and Hobart, Okla., with 9,000 people, maintained its perfect record of no auto accidental deaths in over 30 years.

A certain nationally famous man is advertising one of his ideas in a most obnoxious manner. He says the red hat is a great thing to have in the new sphere of our freedom. We think that a red hat not only could not give our hands to great opportunities, but it is also unbecomingly to run a guest.

The National Highway Traffic Safety Council is urging motorists to wear their seat belts. The council says that wearing a seat belt can save your life in an emergency. It says that in a crash, the seat belt holds you in your seat and prevents you from being thrown out of the car or flying through the windshield.

Armed Forces Day

Tomorrow is Armed Forces Day. The occasion will be celebrated in Sanford with one of the most ambitious parades ever undertaken in this city. There will be four bands, scores of floats, representatives of various civic and patriotic organizations, and detachments from the Naval Station, Coast Guard, Civil Air Patrol and other military organizations.

Following the parade and an address by Capt. Chittenden will be an "open house" at 3777 Sanford Naval Air Station during the afternoon, inspect the new planes and see the many improvements which have been made during the past year. The public will be amazed at the changes have been effected there in the short span of 12 months.

The purpose of Armed Forces Day is to acquaint the public with the work that is being done to prepare the defenses of this country and to equip it with a first class military establishment for the purpose of resisting aggression wherever it may strike. As long as other nations persist in using force as an instrument of international relations, we must be prepared at all times to resist force with force.

Armed Forces Day is also for the purpose of paying tribute to the young men who make up the body of our Army, Navy and Marine Corps and to the gallant officers who are their leaders. In this The Herald joins heartily with the people of Sanford in recognizing their devotion to duty which causes them to sacrifice many of the comforts which the rest of us are apt to take for granted and to risk their lives almost daily for the defense of their country.

Exchange's Birthday

The New York Stock Exchange is both busy and businesslike, therefore probably will not take time out to celebrate its 160th birthday tomorrow. That day saw the formation of the first organized American body to buy and sell securities. Before that they were sold at public auctions, an arrangement which gave competition among buyers but not among sellers. The most popular of these auctions took place under a buttonwood tree, and from its attendants arose the idea of forming a new organization. How the movement spread is common knowledge.

The Stock Exchange no longer has the unfettered liberty, at times approaching license, that it enjoyed prior to 1838. Investors, however, have much more confidence in its operations now than in the old days, when issues were too often rigged and essential information withheld. Those were the great days of "caveat emptor." Let the buyer beware, for he is entitled to no protection against the schemes of the seller.

Those days will never return, for amid all the clamor against excessive government activities, no demand has been heard for the repeal of the laws regulating the Stock Exchange and the issuance of securities. Amended they may be, but their essence will remain.

Air Coach To Europe

Economical air transportation between the United States and Europe has long been the dream of progressive airline officials. The first air coach flight from New York to Paris recently by Trans World Airlines was another step toward the realization of that dream. Passengers on the 17 hour flight paid thirty per cent less for their tickets than on luxury flights and most of them indicated an enthusiastic approval of their trip. Fare by air coach was \$200 the first class flight fare is about one hundred dollars more.

The reduction in price brings with it some reductions in services and luxuries according to those who made the trip. The air coaches are less spacious, the service less elaborate. Flying time is about the same.

The coming of the air coach will encourage travel to Europe. The coming of cheap transportation within America was a spur to progress and understanding between different parts of the country. Perhaps inexpensive air travel to Europe will have the same good effect.

Governors Race

Bill which would have opened an entire new field of legal gambling in Florida. The bill did not pass.

Questioning Odham's right to call himself a friend of the schools, McCarty said the Sanford candidate voted while a member of the Legislature for amendments which would have cut the heart out of the minimum foundation program.

The minimum foundation program is a complex setup under which state aid is apportioned to county school systems.

McCarty told the voters he favors a cut in living salary increase for Florida school teachers to keep them from leaving the profession for better paying jobs in private industry.

Discussing the state welfare program he said he was "sick and tired of candidates who say 'vote for me and I'll pay you twice as much as before.'"

He declared such tactics do nothing but disappoint aged welfare recipients when candidates can't deliver on their promises and said he will pledge only that pensioners "will get every dollar possible within the limits of the ability of the State of Florida to pay."

In Tallahassee McCarty appealed for votes in Florida's capital city today on "the basis of statesmanship, not showmanship."

He added Tallahassee to his list of campaign stops almost at the last minute and spoke for only a few moments. However, the talk had been advertised beforehand and a sizable crowd gathered on the lawn of the Leon County Courthouse to shake hands with the citizen candidate for governor.

McCarty's reference to showmanship was an obvious slap at Braley Odham, his second primary opponent for the governorship. Odham's campaign has been featured by lengthy radio question and answer sessions—characterized by McCarty as the "biggest radio commercial in the history of Florida." One of Odham's radio sessions ran for 24 hours.

By MALCOLM B. JOHNSON
The Republican Party has a new strategy for the gubernatorial race in Florida. It has nominated a man who is a member of the Communist Party and is a known Communist. This is a clear violation of the Federal Espionage Act and is a clear attempt to subvert the government.

MIRACLE OF AMERICA—INDUSTRIAL OUTPUT

Demo Candidate

(Continued From Page One)
dominate the 438 delegates assembling in Spokane for Washington's Democratic convention Saturday.

A pro Kefauver move also led at the American Bar Democratic Action (ADA) convention opening in the nation's capital tonight. If the Tennessee partisan force a floor fight to try to get ADA endorsement, a counter move was expected on behalf of Harriman.

However, Sen. Hubert Humphrey of Minnesota—chairman of the self styled liberal, anti-Communist organization and himself a "favorite son" candidate—predicted the ADA will avoid taking any stand in the Democratic nomination race.

At a New York news conference, Harriman said that, if nominated, he could beat any Republican on the record of Rooseveltism and Trumanism—that's what I stand for.

President Truman, at his news conference in Washington, had praise for Harriman and Sen. Richard Russell of Georgia—in fact, all the would-be nominees.

He said he will make a whistle-stop campaign for the nominee's election, similar to the one he made for himself in 1948.

The President would not say whom he favors, but disclosed his way in the National Convention to speak after the presidential and vice presidential nominees are chosen.

Mr. Truman said he hopes to be a convention delegate and Missouri leaders promptly said they would be honored to have him head his hometown delegation.

Sen. Taft said he is delighted to hear that Mr. Truman is going to head the Democratic campaign to speak after the presidential and vice presidential nominees are chosen.

He added that the peace for many years have been "selecting men who got along up there, and you see the mess you've got things in."

Sunday School Lesson Topic

How Shall I Use My Family Heritage?
By A. W. HAMILL

SCRIPTURE:
Exodus 20:12
Mark 7:9-13
John 19:21-27

"Honor thy father and thy mother that thy days may be long upon the land which the Lord thy God giveth thee." This fifth commandment concerns the relations of children toward their parents. It is the first law of the second table, as we commonly call them.

The first four laws to do with our relation to God, but the last six deal with our duty to ourselves and to our fellowmen and especially to our home life. We often have heard it said that the nation is no stronger than the homes that make up the nation, or the quality of the home life of that nation.

We read much these days concerning delinquency of children. We have always thought that there was too much of the blame charged to the children. If we will allow ourselves to be fair in determining the cause, we shall see that the fault is more in the parents than in the child.

There are very few homes where both mother and father dedicate their children to God from their infancy and live truly a Christian life in the home that ever have a child called into court for violation of the law. It is indeed refreshing to look about us and see many homes of this type. All homes haven't gone on the rocks by any means.

There are thousands of good mothers and fathers who are striving daily to instill honesty, integrity, and Christian virtues in their children. These children are our future leadership.

In body, yet he stands a good chance to grow in ignorance of the things that are noble and sublime in life. It deprives him or her of his usefulness in the better things of life. They somehow fail to get the meaning of the opening sentence of the Lord's prayer, "Our Father, Which are in Heaven, Hallowed be Thy Name." Thy kingdom come, Thy will be done on earth as it is in Heaven.

If we do not truly hallow God's name, how could we ask that His kingdom come and that His will be done in earth as it is in Heaven, when we neither honor Him or obey His commands which naturally uplift us for His kingdom?

His Kingdom is a kingdom of righteousness, and it shall cover the earth as the waters cover the sea. If we hope to be one of those who shall reign with Him when He comes to establish this everlasting kingdom, it is high time we were making some worthwhile investments in it.

How shall we as fathers and mothers use our heritage? Shall we not begeth to our children those qualities that will fit them for the better service they might render while the opportunity is theirs to make this a good whole some land of liberty to dwell in from generation to generation?

JAP RIOTS
TOKYO (AP)—The controversial anti-subversives bill, giving the government power to ban demonstrations such as the one which erupted into May Day riots, passed the House Thursday, 194 to 162.

Two other related bills also were passed and immediately sent to the House of Councilors (senate) where a hot fight is expected.

Take Off The Southern Label

Approach of the Democratic national convention and the presidential bids of two Southern Senators, Kefauver of Tennessee and Russell of Georgia, have revived talk of a compromise on the compulsory FEPC plan adopted by the party in 1948.

Under this law, any applicant denied a job or any employee discharged or passed over for promotion could run to a federal bureau crying that he was an object of discrimination. The employer then would be hauled in and required to convince the bureaucrats that his decision was based on some reason other than "race, color, religion or national origin."

A politically ruthless FEPC could dictate the names on the payroll of any business behind the pious pretext of ending "discrimination." And the employer, deprived of his power of selection would become a sharecropper on his own land.

No good American, of any race, color, creed or origin, should want to see our free enterprise system reduced to such a state. An economy thus emasculated, not only in the long run, less freedom and poorer opportunity for all.

Discrimination must be dissolved gradually, by education. Any attempt to crush it out by the FEPC plan of compulsion in the South but in the North, East and West as well.

Other Southern Congressmen should join Senator Russell in making this truth clear to the nation.

LEMONADE STAND
BINGHAMTON, N. Y.—Seven-year-old Susan Burke wanted no trouble with the law. She wrote Binghamton's Mayor Donald W. Kramer: "I want to run a lemonade stand this summer. Do I have to have a license?"

Susan won't need one, the mayor said.

The R. W. Ware Bible Class of the First Methodist Church will meet at 7:45 p.m. for a covered dish supper at the home of Mrs. R. U. Hutcheson in Cameron City.

The American Home Department will have its May bridge and canasta party and regular meeting at the club house at 8:00 p.m.

The regular covered dish luncheon of the Civic Department of the Woman's Club will be held at 12:30 o'clock at the club house.

Radio Briefs

Church services will be broadcast Sunday morning from the First Presbyterian Church in Sanford. The time for the Sunday morning church program is 11:40 o'clock.

The baseball game broadcast Sunday night will begin at 9:00 o'clock immediately following the broadcast of farm news from Florida during the past week. Monday, at 12:15 o'clock farm news originated at the University of Florida will be used to advise farmers of the latest news in the farm world.

Dorothy Holloway and Colleen Engstrom will broadcast their 150th program over WTRR tomorrow morning at 11:00 o'clock. Included in their "Children's Classic Hour" will be a salute to "Armed Forces Day."

The "Armed Forces Day" address tomorrow by Capt. John L. Chittenden, commander, Sanford Naval Auxiliary Air Station, will be broadcast.

Sunday afternoon radio listeners won't want to miss the series of broadcasts on WTRR to include "Sunday Matinee," "Masterworks from France," "The Guest Editor," "Musical Lessons Program" and "The Movie Hour." It is two and a half hours of delightful radio entertainment.

Daughters Of 1812 Take River Cruise

The Misses Francis L. Dale, Chapter of the U. S. Daughters of 1812 were guests of Sanford members, Mrs. F. E. Roumiltat, Mrs. Miriam Russell and Mrs. A. H. Key, aboard the Roumiltat yacht, "Skyjack," Thursday.

Following a delicious luncheon, a short business meeting was held and a brief sketch of historical points of interest in Sanford was given by Mrs. Key.

Members enjoying this delightful outing on the scenic St. John's River included Mrs. Ray Edwards, national treasurer; Mrs. James P. Boyd, Jr., first state vice-president; Mrs. Robert W. Perdue, second state vice-president and Mrs. George F. Treasler, state recording secretary, all of Jacksonville.

Also present were Mrs. Edward E. Adams, Eagle Lake; Mrs. David M. Wright, Bartow; Mrs. Robert Taylor, Mrs. Helena Johnson, Eustis; Mrs. Alice Bolton, Mt. Dora; Mrs. Josephine Simpson, Mrs. Henry Lamb, Mrs. C. H. Estey and Mrs. Helen Cremin, all from Tangierine.

Others attending were Mrs. Jackson E. Stewart, Mrs. P. H. Lee, Orlando; Mrs. Henry Boggs, DeLand; Mrs. W. J. Hoyt and Mrs. J. V. Brice of Clermont; Miss Hattie Cowart of Sorrento; Mrs. R. W. Ruprecht, Mrs. J. C. Acock, Mrs. L. M. Leinhardt and the hostesses.

Lake Monroe

Mr. and Mrs. W. W. Friester and children from Daytona were the guests of Rev. and Mrs. H. H. Martin and Mrs. Laura Priester Monday.

Mr. and Mrs. K. G. Soderblom had as their guests Sunday Mr. and Mrs. R. E. Soderblom and children from Elder Springs.

Mr. and Mrs. Walker Dunn from Ocala, Fla., were the weekend guests of Mr. and Mrs. H. Z. Dunn, Circle No. 1 of the Woman's Missionary Society of the Lake Monroe Baptist Church.

The regular covered dish luncheon of the Civic Department of the Woman's Club will be held at 12:30 o'clock at the club house.

SEMINOLE HI

"Our Hearts Were Young and Gay" will be presented by the Theatians on May 23 in the S.H.S. auditorium. This is a lively, gay, and light-hearted affair under the supervision of Mrs. Malcolm MacNeil and Mrs. Nellie Coleman. Please don't miss this, "cause it's really something to see. Come about 8:00 on May 23!

Our Couple of the Week this time is "Bonny" Estridge and Rochelle Rubans. Congrats to ya both.

Congrats, too, to the new tap pledges that were received into the Tri-Hi-Y Thursday.

Everyone really enjoyed the spring concert and there was a nice large crowd!

June 5 is class day and the school picnic, too! Class day will begin at 9:00 and last until 11:30 and then the school picnic will start somewhere around there. It will be given at Sanlando.

Wanna buy their own lunches and a picnic supper will be served that evening. Tickets will be brought to school this year instead of buying them out at Sanlando.

Won't be long before the Sally comes out. . . . better than ever before. . . . The Tri-Hi-Y tea will be held soon and Theatians initiation will be a week from this Monday at Stanley Katz's home. That's all for now. Be seein' ya!

CIVIC DEPARTMENT
The regular covered dish luncheon of the Civic Department of the Woman's Club will be an event given at the club house at 12:30.

There will be an open discussion.

80th BIRTHDAY
M. G. Cleland celebrated his 80th birthday yesterday with members of his family at his home at 418 Palmolive Avenue.

Those enjoying the day with Mr. Cleland were Mrs. and Mrs. H. G. Cleland of Orlando, Mr. and Mrs. J. R. Cleland, Linda and Joey of Tampa; Mrs. J. E. Hiers of Lake Monroe, Ulmer Cleland and Mrs. M. G. Cleland.

Personals

Miss Thelma Pickens plans to leave tonight for Key West after spending a vacation with her mother, Mrs. Lillian Vickery.

Mr. and Mrs. Harry Tooke have as their guest Mrs. Tooke's sister, Mrs. Zack Varnedoe from Pensacola.

Mrs. Beatrice Cole of South Charleston, W. V. is visiting with her son-in-law and daughter, Mr. and Mrs. John G. Dunn.

Miss Betty Rose Hoohehan who is studying at the Alachua General Hospital in Gainesville is visiting with her parents, Mr. and Mrs. J. R. Hoohehan.

Andrew Caraway, John Ivy, H. S. Tooke, W. V. Bittling and W. A. Patrick have recently returned from Gasparillo Inn at Boca Grande where they have been on a fishing trip.

Mr. and Mrs. Walter Beal and son Sammy left this morning for their home in Odessa, Tex. after spending the past two weeks with Mr. and Mrs. V. C. Messenger and Mrs. Lillian Vickery.

Mrs. W. E. Fridde and daughter, Karen of Lakeland are guests of Mrs. Fridde's parents, Mr. and Mrs. J. Jones, 327 West Ninth Street, while Mr. Fridde is in Washington, D. C. on a business trip for his company.

Program Presented For Baptist Church

The Men's Brotherhood of the First Baptist Church met at 7:30 p.m. last night in the educational building with Ben Wade, president, presiding.

The program, "What Kind of Man We Need Today," was under the direction of Roy Britt with E. C. Madden, E. C. Harper, Ben Steele and Harry Bowden taking part.

It was announced that at the next meeting on the third Thursday of next month, the state secretary of the Baptist Brotherhood will be in Sanford to speak before this division.

Approximately 38 members were present.

The R. W. A. Circle of the First Christian Church met with Mrs. V. H. Grantham and Mrs. A. P. Bandy, hostesses, Monday night.

The devotional was led by Mrs. W. C. Tison and the study was given by Mrs. J. W. Knight, which consisted of a round-table study of preparation of young people for the mission fields.

During the business meeting, it was reported by Mrs. O. T. Pearson, chairman, that the quota had been met and discussion of surplus funds was tabled until the June meeting. A picnic meeting was planned for June.

The hostesses served refreshments to Mrs. W. P. Yesley, Mrs. Pearson, Mrs. Knight, Mrs. Tison and V. H. Grantham, a guest.

Meeting Is Held By R.W.A. Circle

Mrs. Charles Hamill was elected president of the Sanford Woman's Club yesterday at their regular May luncheon held in the lovely gardens of Mrs. Charles Glenn on Sanford Avenue.

Mrs. J. E. Terwilliger, Jr., was installed as vice-president and corresponding secretary in Mrs. H. James Gut. Those officers who will remain in the same post as last year are Mrs. H. C. Oakes, recording secretary, and Mrs. Zeb Ratliff, treasurer.

The members of the club presented Mrs. L. E. Spencer, the outgoing president with a piece of luggage in appreciation of her excellent services throughout the past two years.

Following the opening of the meeting, reports were made by all of the circle chairmen and the chairmen of the standing committees.

Plans were made to decorate and enter a car in the Armed Forces Day Parade tomorrow.

The two most outstanding corsages worn were those of Mrs. Spencer who wore a "Strelitzia" Bird of Paradise and Mrs. Hamill who wore a white orchid.

Serving of the luncheon was under the supervision of the courtesy chairman of all of the circles headed by Mrs. W. R. Jennings.

Approximately 75 attended the affair.

of the status of the hospital project in Sanford and the leaders of the discussion will be Fred Wilson, Gene Tucker and Forrest Breckenridge.

At 1:30 the public is invited to attend and take part in the discussion.

BIRTH ANNOUNCEMENT
Mr. and Mrs. John G. Dunn announce the birth of a daughter, Vanessa Anne, May 11 at the Florida Lullaby Memorial Hospital.

BIRTH ANNOUNCEMENT
Mr. and Mrs. C. E. Ripley announce the birth of a daughter, Virginia R., May 14 at the Florida Lullaby Memorial Hospital.

BIRTH ANNOUNCEMENT
Mrs. Kenneth Stewart announces the birth of a son, Robert, May 14 at the Florida Lullaby Memorial Hospital.

Dutch Picnic Given For Station Wives

The home of Capt. John L. Chittenden at the Sanford Naval Air Station was the scene last evening of a Dutch picnic and wicker concert given by the station officers wives with approximately 50 present.

Rows of colored lights were strung across the rear garden to lend an air of gaiety to the occasion. Games were played including the "Boutecase" game in which ladies and gentlemen were given suitcases filled with clothes of the opposite sex in which they had to adorn themselves, take them off and run back to their respective lines. Pictures of this and the other games were taken throughout the evening.

Those enjoying the evening with Mrs. Lamb were Mrs. F. L. Woodruff, Mrs. Richard Walker, Mrs. Virginia Hamilton, Mrs. William Hamilton, Mrs. Spencer Hamilton, Mrs. Billy Jefferson and Mrs. Lowell Jefferson.

Also attending were Miss Betty Williams and Miss Nancy Williams.

HOLLYWOOD

HOLLYWOOD—Don't sneer at British humor, advises Yolande Donlan, a Yankee who found fame in the Isles.

"The English appreciate humor just as well as Americans," the actress remarked. "And in some ways, they're even sharper."

Miss Donlan is an attractive blonde who reversed the usual Hollywood pattern when she was chosen to play the lead in "The Englishman" in London. Born in New Jersey to a show business family, she grew up in Hollywood. She played in the chorus in movie and stage musicals and graduated to featured roles in stock. Her big break came when she was chosen to play the lead in "The Englishman" in London. Born in New Jersey to a show business family, she grew up in Hollywood. She played in the chorus in movie and stage musicals and graduated to featured roles in stock. Her big break came when she was chosen to play the lead in "The Englishman" in London.

"After all, England is practically the only place left in the world where food and other things are rationed," she cited. "The English went through terrible things during the war and still are enduring hardships. Yet they are able to joke about their troubles. That's the true test of a sense of humor."

She has a theory about English audiences, too: "They are much more responsive than those in the U. S. I think the reason is that the English are naturally more reserved in their personal lives. But when they get together in a theater, they let their hair down. They like to show they will go wild. That is why Americans like Judy Garland, Danny Kaye and Betty Hutton say they never have had a reception like the ones they get in England. The English take the stars they like into their hearts."

"But the audiences can be demonstrative in another way, too. On first nights, if they don't like a show, they let the actors know. They will listen for the first act. But then they let loose with whistles, slow claps and boos. If the jokes are old, the gallery will yell the punch lines before the actors hit their marks!"

Far from being the dour, broad of "Born Yesterday," Miss Donlan is a shrewd businesswoman as well as an accomplished actress. Having starred in plays and films (she played opposite Douglas Fairbanks Jr. in "Mr. Drake" Duck), she now owns an interest in her own production company. She is set out on the woolies!

Mrs. R. B. Lamb Is Honored At Party

Mrs. R. B. Lamb was honored Tuesday evening with a stork shower given by Mrs. A. O. Roberts, Mrs. R. H. Stannaland and Mrs. Charles H. Blenders at the home of the latter on Catalina Drive.

Several games were played and prizes were won by Mrs. Richard Walker, Mrs. William Hamilton and Mrs. J. A. Hiser. The party room was decorated with yellow and lavender spring flowers and light refreshments were served on the breezeway.

Enterprise Notes

The Savannah Wesley Circle met Wednesday evening in the Baptist Methodist Church with Mrs. Virginia Hamilton, chairman, presiding. The devotional was given by Mrs. M. E. Thompson who used the theme, "God's Promises." During the business meeting the group voted to be responsible for the flowers in the church during the month of June.

The program chairman, Mrs. Cecil Sellers, introduced Mrs. William Fowler, teacher of Bible history to DeLand high school who presented five of her students in a panel on "What the Bible Means To Me." Members of the panel were Audrey Frank, chairman, Shirley Carlin, Roxanne Henderson, Audrey Hiers and Warren Jackman.

Mrs. J. M. Day was introduced and spoke briefly on the same theme. Mrs. Fowler then told of her work in the high school in teaching Bible history and spoke of the personal experiences of students whose lives have been helped as a result of this course. At the conclusion of the program, refreshments of cakes and cookies were served to the members and visitors present.

Mrs. M. E. Sam Carter and son accompanied his mother, Mrs. Alvo Carter, who will spend an extended visit with her daughter, Mrs. H. C. Peterman.

Mrs. Corinne Singsbury of Orlando was the guest of her parents, Mr. and Mrs. O. B. Cannon for Mother's Day.

Mr. and Mrs. R. V. Gillespie of Sanford were guests Sunday of his brother-in-law and sister, Mr. and Mrs. Harry Thronp and her mother, Mrs. Fern Gillespie, of West Palm Beach who is visiting them for several weeks.

The whole community will rejoice to know that the Rev. W. E. C. Fisher will be able to resume his pulpit Sunday after an absence of several weeks due to a liver ailment.

U. S. farmers harvested more than 12 million acres of soy beans in 1941.

Miss Donlan to sign up a name actor to appear with her in "The Weather Man."

She intends to continue her career on the other side of the drink. She might accept Hollywood offers next year. "But only to establish my name in the dollar countries."

Being a California girl, she naturally misses the sunshine in England. "But the English even make a joke out of the fog," she remarked.

"Before I left, we had a week of sunshine. The English said, 'Well, you've had your summer vacation out on the woolies!'"

GENEVA NEWS

Miss Betty Griggs of Columbia, S. C. arrived home Saturday to spend two weeks with her parents, Mr. and Mrs. Harry Griggs.

Mr. and Mrs. E. H. Grant has as their guest Saturday Mrs. Grant's daughter and son-in-law, Mr. and Mrs. Van Moody and sons of Columbia.

Mr. and Mrs. W. J. Sale entertained the Rev. and Mrs. Jullian Stenstrom and the Rev. and Mrs. Lyman Hall at a Fish Fry Friday.

Mr. and Mrs. Roland Weeman has their home near condition and are planning to move in soon.

The Home Demonstration held a covered dish dinner at Mullet Lake Park Thursday.

Mr. and Mrs. H. J. Hoelmer left Saturday for their home in Detroit, Mich.

Work is getting under way on the Baptist Pastoring under the supervision of Carl Kelly. It is a three bedroom blocking home.

J. A. Fogelski is doing fine in the Florida Sanitarium after undergoing an operation.

The Rev. Lyman Hall left Monday for Miami to attend the Baptist Convention. He will return home Saturday.

Miss Ruth Maxwell spent last Wednesday and Thursday nights with Mrs. Shirley Baxter.

The Girls International Sunday School Class held a meeting and swimming party at Horse Pond Tuesday night. Those attending were Herbert Geizer, Carlton and Addie Stewart, Sadie Beakley, and Mary Ollman, and as chambermaids were Mrs. Lyman Hall and Mrs. T. W. Prevatt.

Word has been received here of the marriage of Mrs. Helen Carlisle and Charles Cole which took place in Fort Lauderdale at the home of Mr. and Mrs. Arthur Redpath. Mr. and Mrs. Cole will make their home here.

Mr. and Mrs. Phillip Bauer had as their guest Sunday, Mrs. Pauline Miller and son Richard and Mr. and Mrs. Joannas Humphrey of Fort Lauderdale, Mr. and Mrs. Hubert Kirlund of Orlando, Mr. and Mrs. Edwin Ballard, and daughter, Mr. and Mrs. Fred Ballard, Mr. and Mrs. Carl Ballard on sons of Matland, and Mr. and Mrs. Horace Stout and family of Orlando, and Mr. and Mrs. Harry Geizer.

Mr. and Mrs. Henry Kretzer had as their guest last week, Mr. Kretzer's sister, Mrs. R. L. Claver of Decatur, Ill. Mrs. Hubbard of Frostproof, Mrs. Mamma Cornell of Groveland. Also Mr. and Mrs. East Houston of Groveland, Mr. and Mrs. J. H. Claver, Mrs. Richard Adams and son Francis of Groveland, Mrs. R. L. Claver will remain awhile with her sister here, Mrs. Henry Kretzer.

A queen here sometimes has as much as her own suitcase to carry during a single day.

Hints to Housewives

When Junior comes of teen age, he often surprises and even disgusts his parents by his enormous appetite. Many a mother complains that he eats more than his dad, yet is always hungry, that he gets the floor's share at meals and still raves the orange-27%, or that it costs more to raise him than to buy a new car in the family.

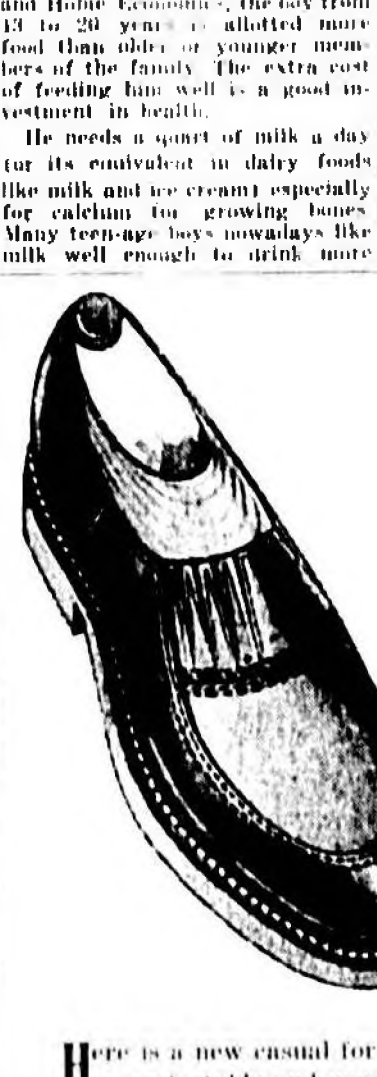

Nutritionists of the U. S. Department of Agriculture, however, view this appetite favorably. When his period of rapid growth and development begins, they say, a boy needs more calories and also more proteins, vitamins and minerals, not only food to fill him up but the right kind of food. In the family food plans developed by the Bureau of Human Nutrition and Home Economics, the boy from 13 to 20 years is allotted more food than either of younger members of the family. The extra cost of feeding him well is a good investment in health.

He needs a quart of milk a day (or its equivalent in dairy foods like milk and ice cream) especially for calcium for growing bones. Many teenage boys nowadays like to drink milk well enough to drink more.

Bees sometimes travel as much as eight miles to reach flowers with nectar.

Room.

Certainly that mortality will
give way before immortality pre-
sents the Lesson-Sermon which
will be read in all Christian Ser-
vice churches next Sunday. The
subject is "Mortals And Immor-
tals."
The Golden Text is from Rom-
ans 8: 8, 9: "They that are in
the flesh cannot please God. But
ye are not in the flesh, but in the
Spirit, if so be that the Spirit of
God dwell in you."
Passages in the Lesson-Sermon,
from the King James Version of
the Bible, include the following
from I Corinthians (15:53): "For
this corruptible must put on in-
corruption, and this mortal must
put on immortality."
Corroborative passages from
"Science and Health with Key to
the Scriptures" by Mary Baker
Eddy include: "The evidence of
man's immortality will become
more apparent, as material beliefs
are given up and the immortal
facts of being are admitted" (p.
428).

and Praise Service. The Church
will be open each night for prayer.

FROM OUR OLD FAMILY ALBUM...

What nostalgic memories this picture brings. Every Sun-
day morning we used to drive to Church in Pop's old "flivver,"
picking up the Parson on the way.
Today I live in a great city. I ride commuter's trains, and
dictate letters, and spend endless hours "in conference."
But I've never forgotten our Church in the field. It plowed
deep furrows in my life, and planted the seeds of real hap-
piness.
Now I worship in the big "City Church." You might think
it would be different; but it isn't. Folks are just as friendly.
The Truth is just the same. And God is just as close.
You see, in the country or in the city, Christians are good
people trying to be better. And for folks like you and me
who worship God, the Church—big or little—is home.

**THE CHURCH FOR ALL...
ALL FOR THE CHURCH**

The Church is the greatest factor on earth for
the building of character and good citizenship.
It is a storehouse of spiritual values. Without a
strong Church, neither democracy nor civilization
can survive. There are four sound reasons why
every person should attend services regularly
and support the Church. They are: (1) For his
own sake (2) For his children's sake (3) For the
sake of his community and nation (4) For the
sake of the Church itself, which needs his moral
and material support. Plan to go to church regu-
larly and read your Bible daily.

Students Run Riot In Scramble For Look At Women's Underwear

NEW YORK (AP)—Male student spring raids on co-ed dormitories spread to Columbia University here today.

At Columbia, police and special guards battled more than 1,000 students for two hours to stem invasion of several girls' dormitories of Barnard College on the university campus.

Some of the men got into two of the co-ed dwellings and made off with female underwear. Some co-eds tossed brassieres and panties from their dormitory windows. Other girls hurled bags of water at the male demonstrators.

Male students "pantle raids" have been staged recently at a number of other schools including the universities of Florida, Nebraska, Iowa, Purdue, Denver, and Otterbein College in Ohio.

At the University of Miami early today, about 3,000 men students raided the Dickinson Dormitories on the main campus. Police and firemen used fire hoses to quell the demonstrators during the 3-hour melee.

In Cambridge, Mass., Thursday night some 1,000 Harvard students got into the riot act but not over lingerie. A peaceful rally—a campaign to put a comic strip character in the White House—erupted into a fight when a rival group presented another comic strip character for the presidency.

Before that demonstration ended, 25 students were arrested and three policemen were injured.

Meanwhile, at Bloomington, Ind., male students at Indiana University were invited to dip into a barrel full of lingerie. Several hundred students were invited in an attempted raid on a women's dormitory there last Monday night.

Today, a college official said, a barrel loaded with discarded undergarments would be available to all takers.

At Yale University on Tuesday, some 1,500 students demonstrated over an argument involving rival ice cream vendors.

Co-ed dormitories on the balconies at the light of the rioting at the University of Miami. Some called out invitations in the male students to invade the girls' living quarters and beckoned them more flaring into fence-scaling forays over a 6-foot barrier.

The raiders surged around police cars and officers struggled to keep them from inflicting lives on the police officers from Coral Gables, South Miami and the Dade County sheriff's office.

The students raged out of control for more than an hour before some measure of order was restored. By that time dormitory officials had herded most of the co-eds, some clad in pajamas and other night attire, back into their rooms and locked the doors. The shouting male students began drifting off.

By 3 a. m., the riot had quieted and university officials who made a quick check found little damage. A few windows in the dormitories were broken and one student was treated at the university first aid center for cuts and bruises.

Blues In The News

Early to bed, early to rise, makes a sailor healthy, wealthy and tired. This amazing fact has been discovered by many of the stalwarts of the Air Station, since the hours of the working day have been changed. During the summer months, the hottest part of each day occurs in the afternoon. This would certainly slow down the man-power output of the men aboard the station. To compensate for this, the hours of the working day have been moved up one hour. The soft, lovely 6:30 reveille is no longer so. Instead the men are routed from the sack at 5:30 a. m. and secure for the day at 3:00 p. m.

Thomas J. Chiarello has recently announced his resignation to leave home town sweetheart, Miss Rosemary Rizzo. Tom, who is scheduled to be discharged from the Navy in 1953, has been in Brooklyn, N. Y. He is a member of Fighter Squadron 52, where he is presently working as a line crewman.

Fastron 821 would like to extend a hearty welcome to one Joseph Chialini, AT2, who was transferred to them from Atlantic Squadron 35. Joe, in the past, did a stretch of duty with the Fastron, while VA 35 was out at sea. He is a short timer and will soon be discharged. Joe hails from Manhattan, N. Y.

Also coming into Fastron from Attack Squadron 35 are D. R. Stanfield, AM2, and H. I. Smith, AD3. These two boys are also pending discharge, and should join the ranks of the civilians in the very near future. Smith's home town is Clymer, Pa., while Stanfield was born in Finlay, Ohio.

A very novel medium for obtaining funds for the Navy Relief Drive is found in the ready rooms of Attack Squadron 35. Each officer, when he feels the urge, may play at a game of chance, which consists of a large tub filled with water, in which is immersed a common drinking glass. The object of the game is to successfully drop a coin into the glass, from a point approximately two feet above the target. The money from this amusing source will be turned over to the chairman of the Navy Relief Fund.

The Fastron Softball Team, in keeping up its winning streak, overpowered the Orange Relief Team to the tune of 9 to 2. This game was to be the real win for the Navy, as the Buick Nine had proved to be a threat throughout the first round of league play. By downing them, the Navy has furthered their chances of taking the pennant. This was their 7th consecutive win of the season, with not a single loss.

60 Persons Donate Blood To Red Cross

A total of 60 persons, imbued with the spirit of serving their country during the Korean crisis, donated blood to the Red Cross sponsored Armed Forces Blood Donor program yesterday at the Episcopal Parish House, A. B. Peterson Jr., chairman of the program, announced this morning.

The donation of the 60 units of blood for the use of the armed forces was made possible by the co-operation of the Orlando Blood Bank, which sent four technicians here, with local volunteers.

Assisting were Dr. J. C. Boyce, Dr. John Morgan and Dr. Frank L. Gullman. Mrs. Valie Williams was chairman of the canteen workers who included Mrs. B. Tyre, Mrs. F. D. Scott, Mrs. Herman Jacobson and Mrs. Ned Smith.

Mrs. Charles Lawson was chairman of the nurses aides who included Mrs. J. P. Thurmond, Mrs. William Bush, Mrs. M. R. Attkinland and Mrs. J. C. Boyce.

The staff aide group was headed by Mrs. J. C. Hutchison and included Mrs. Carl Williams, Mrs. H. Williams, Mrs. Guy Bishop, Mrs. Paul Bessie, Mrs. T. E. Tucker, Mrs. S. O. Chase and Mrs. J. A. Strange.

Serving on the recruitment committee with Mr. Peterson were Richard Van Dye, John Williams, Raymond Lundquist, Al Wallace, Col. S. G. Harriman and Mrs. Clara Glen. The Rev. H. L. Zimmerman is chapter chairman.

Granges for donors were given by Charles and Mrs. Valie Williams. Sr. gave the soft drinks, cups and napkins. Cookies, tea and other supplies were provided by the Red Cross Chapter.

Lt. J. R. Miller of the Naval Air Station, had charge of the supplying of beds, screens and sheets.

BEATEN BY AN ANGRY MOB of citizens and bus passengers, Lawrence Goldsby (top), is led into the prison ward of Cleveland's City Hospital after killing a policeman, who was about to arrest him, and three other persons. Herold bus driver Mrs. Estelle Hill (bottom, left) kept the crazed killer inside the vehicle until the reached police headquarters. Widow of the slain mounted patrolman, Mrs. Eugene Stinchcomb (right) is comforted by neighbor. (International Soundphoto)

Traffic Slowdown Is Driving Folks Back To Horsecars

By HAM DAWSON

NEW YORK (AP)—Getting to work and home again becomes a bigger headache increasingly for most people. The traffic slowdowns their own cars and more buses in congested areas and priorities for buses on expressways. Car drivers, naturally, have the opportunity to slow down progress. In many big cities, during the busy hours of the day, motor traffic moves through the streets at a slower pace than horse-drawn streetcars did. Horse-drawn traffic averages five miles an hour, and less in some places.

"Take one way street—42nd street in New York City. Transit officials say their vehicles crossed the island from East River to the Hudson in nine minutes on the average, before World War II. Now the best time is 13 minutes, and at peak rush hours it takes 20 to 24 minutes. On your way to work, or home, that loss of 11 to 13 minutes each way can count up during the week.

The Bureau of Public Roads reports that auto registrations as nearly as possible the present day are 43 million, a gain of 4.3 per cent last year, and 11 million more than before the war. Bus and truck registrations top nine million, a gain of 1.5 per cent over the year. The American Petroleum Institute says almost 44 billion gallons of gasoline were sold last year, a gain of 8.03 per cent in the year. In some cities there is a car for every three persons. Add all this up and you have—traffic jams.

Many cities are tackling the problem by building expressways from the suburbs into the centers, aimed at reducing the present day traffic in an efficient manner," says Harry L. Swift, president of the American Transit Association.

"If new expressways, freeways and speedways are built into the hearts of cities, the excessive use of private automobiles, the resulting traffic jams will create an even greater loss of time and money plus growing accident hazards.

The idea has association with a plan of the Central Eastern regional conference next week in Philadelphia is this: "Buses and streetcars must be given some form of priority on these new high-speed roads."

He added that "a Ministry of Motorways should be set up immediately. Everybody should be given a marriage certificate."

"One marriage certificate is a certificate to find common law," he added.

He conceded that retention of food and other necessities must be guaranteed to the public. He indicated there is no rationing—anywhere—on love.

Settlement Seen For Rail Dispute

WASHINGTON (AP)—Presidential Assistant John H. Steelman was reported about ready today to offer a settlement package to the nation's railroads and three big rail unions.

Steelman has been guiding the rail peace talks which started last month. He made no announcement but his readiness to take a new step was reported by persons close to the situation.

There was no hint of the shape Steelman's reported plan would take. Nor was there any immediate indication that either side would accept or reject it without further study which might take several days.

The government, acting under a 1918 law, seized the railroads in August, 1950, to avert a nationwide strike. The roads and the three unions—engineers, firemen and conductors—have not been able to agree since on new contract terms.

Wage issues have been largely resolved, but the carriers have been asking changes in working conditions and operating rules; these are said to have held up settlement.

Swift contends that 60 per cent of daily workers rely upon public transportation.

Another Hike Looms In Newspaper Price

WASHINGTON (AP)—Price Stabilizer Elvin Arnold said today the Canadian government has indicated it will approve a 10 per cent increase in the price of newspaper. The boost was requested by Canadian manufacturers.

Arnold said Canadian representatives informed him the increase would go into effect June 15, boosting the price of newspaper from Canada, delivered in New York, to \$12 a ton.

He said he has objected to the Canadian government and has urged that the requested increase be denied.

About 90 per cent of the paper used by American publishers is imported from Canada.

Arnold said an increase would, of course, boost the cost of publishing newspapers and other publications in this country. The increase would be the second by Canadian manufacturers within a year.

Over the protest of Michael V. D'Alles, former Office of Price Stabilization director, the Canadian government authorized a 10 per cent boost for newspaper effective last July 1.

Arnold discussed the newspaper situation at a news conference.

OTTAWA (AP)—The Canadian government has agreed to allow

At The Churches

THE CHURCH OF GOD
2500 Elm Avenue
Rev. Joe C. Crow, Minister
Sunday School begins at 9:45 a. m. Classes for all ages. Good spirit filled teachers.

Sabbath School 9:30 A. M.
Prayer meeting 7:30 P. M., Wednesday.

A \$10-a-ton increase in the price of newspaper for export, but not on sales to Canadian publishers, a federal spokesman disclosed today.

One Of Best U. S. Fighter Pilots Is Shot Down By Reds

U. S. FIFTH AIR FORCE, Korea (AP)—The Air Force announced today that Col. Walker M. Mahurin, one of America's greatest fighter pilots, was shot down over Korea Tuesday.

The 33-year-old Sabre jet pilot who downed more than 25 planes in two wars hasn't been heard from since he radioed: "I've been hit by flak and I think I'm on fire."

The Air Force said it didn't know whether he parachuted.

Mahurin, from Fort Wayne, Ind., was pioneering the use of Sabre jet fighters in dive bombing. That was one of his jobs as a combat group commander of the Fourth Fighter Wing.

He was on his third mission of the day. He led Sabre dive bombing attacks on Communist airfields at Sinuiju across the Yalu River from Manchuria and on the rail network at Kumsu 23 miles to the southeast. He was hit over Kumsu.

Mahurin shot down 21 planes in Europe and one in the Pacific in World War II. He was credited with 31 planes shot down in Korea, one probably destroyed and one damaged.

Mahurin came to Korea five months ago and was originally under command of his close friend and World War II rival, Col. Francis Gabreski, top American ace still flying in combat.

Mahurin's wife and their two children live at George Air Force Base in California. His mother, Mrs. Guy Mahurin, lives in Fort Wayne.

U. S. Controls On 4 Major Metals Ordered Lifted

WASHINGTON (AP)—The government has lifted controls from four metals and ordered relaxation, effective July 1, of its ban on the building of amusement and recreation places.

The National Production Authority (NPA) also reauthorized the use of structural steel and aluminum to new houses, as of mid-year, and eased its restraints on construction of shops, stores and office buildings.

Four metal orders—those regulating lead, antimony, cadmium and bismuth—were revoked outright. In addition, allocation and limitations on the use of zinc were lifted. This left zinc subject only to inventory control.

Evidently concerned lest decontrol actions strengthen opposition to extension of the Defense Production Act, NPA Administrator Henry H. Fowler stressed that many materials remain scarce and some are getting scarcer.

He also said that if serious strikes or military crisis occur "our plans may have to change."

Addressing the Construction Mobilization Committee of the United States Chamber of Commerce, Fowler said it is a serious misconception to believe that allocation and priority controls can be dropped entirely.

"While we are in a stronger position than we were in June, 1950," he said, "we are far from being as strong as our national security requires."

In issuing the construction relaxations, Fowler said NPA acted because the demands of defense construction will be substantially reduced during the last half of this year.

Relaxation of zinc controls was based on a new estimate indicating that this year's supply of zinc will be about 1,000,000 tons, or 15 per cent above consumption. While the metal is kept under inventory control to prevent hoarding, users are permitted to carry a 60-day supply instead of a 30-day inventory.

about two billion dollars a year. The measure, approved by the committee after two brief closed sessions and no public hearings, is to be called up in the House Monday. Quick action is expected there. Doughton's has conferred with Chairman George (D-Ga.) of the Senate Finance Committee, who has pledged speedy Senate consideration.

Postcard

(Continued From Page One)

here. Mrs. Ethel A. Powell, postmaster at Round Pond, displays a postcard received this morning during the convention of the Arkansas Chapter of the National Association of Postmasters which claims to be the world's largest postcard. The postcard, which amounted to \$2.10, and the card's size is estimated to be about three by six feet.

"Mrs. Powell" the caption continued, "is showing the postcard here to two convention dignitaries. Assistant Postmaster General Walter Myers, and Bernard P. Dickmann, president of the National Association of Postmasters and former mayor of St. Louis. The card was sent by a postmaster of Sanford, Fla., in view of the postmaster to visit Florida."

In her letter, Mrs. Powell pointed out that due to Mr. Kirchhoff's name being on the card, the newspaper men got the mistaken idea that he was a postmaster here. Mr. Kirchhoff is the sexton of Holy Cross Episcopal Church and, through Sanford, booster.

Mr. Kirchhoff used the making of the postcard, on the back of which are passed 64 post card views of Sanford, in time to be sent for the convention, and conferred with Postmaster General Harrison in regard to the legal limit of size that it could be made. Maconite board was used for material and the letter was written by O'Donnell's Service.

NO LITTLE THING

MANDAN, N. D.—Mrs. Jack and Mrs. Jack's son, Jack, are the only ones in Mandan who have a car.

WAS IT MAY

State Farmers Market

Report No. 104
SANFORD STATE FARMERS MARKET
Market prices for produce reported by the following firms: The Sanford State Market, 100 N. Main St.; Truett & Deaton, 100 N. Main St.; and the following quality:

Beans, Navy, 40.00-41.75
Beans, Pinto, bu. 35.00-40.00
Cauliflower, depending on quality, 40.00-45.00
Celery, Golden, crates 1.75-2.00
Celeriac, crates 1.75-2.00
Cucumbers, bu. 1.50-2.00
Custard, bu. 1.50-2.00
Lettuce, iceberg, 2.25-2.50
Lettuce, romaine, 2.50-3.00
Onions, No. 1, 2.50-3.00
Peas, Black Eye, bu. 1.75-2.25
Peas, Green, No. 1, 2.00-2.50
Peppers, bu. 1.25-2.00
Spinach, Yellow, bu. 1.00-2.00
Tomatoes, 1.75-2.00

CITRUS
Oranges, depending on size, 2.25-2.50
Grapefruit, Duncan box, 1.75-2.00
The following of produce received at the Sanford State Market from 10:00 a. m. May 15 to 10:00 a. m. May 16, 1953:

Apples, 1.50-2.00
Total receipts 5,771 packages.

Market slow, market slightly weaker.

FOOD OR LOVE

LONDON (AP)—A French doctor suggested today that the British should quit fighting about food rationing and concentrate on love.

Dr. Gabriel Mauchot, writing in the British publication Medical World, said with a twinkle that "one of these days it will be realized that being happily married is more important than having an ounce of rationed candy."

For the many unhappy Britons who can't find a mate "a deplorable state of affairs," the doctor suggested.

Family Of Robins Play Hob With Remodeling Of Waukesha National

WAUKESHA, Wis. (AP)—Will a happy family be wiped out here Monday, fair under the nose of a horrified populace? Will five little ones and their faithful mother really be walled up alive in concrete? Or will some heroic rescuer dash up at the last moment to wrest them from disaster?

The third act of a 10-show tragedy never had more to offer than this real-life melodrama right at the Five Points, center of the city. And the prospects are, that if rescue comes it will advance with the impressive tread of indignant ladies with brooms or similar alarming weapons.

You see, mother is a robin. So, naturally, are the five little ones. And they are in the current mess because robins are lax in observing picket lines.

Here is what happened. The Waukesha National Bank is in the midst of a major remodeling program. One of the new structures is designed to hold a bank vault, and has a basement of lofty dimensions, substantially butressed by concrete. Back there a month ago, a labor disturbance halted work when the basement was complete—floor, walls and ceiling—except for an 8-foot-

square hatch left to admit the vault.

With workmen off the job, Mother and Father Robin, then newlyweds, moved in and although the furnishings were as bare as new-laid eaves, set about making a home.

They not only made their home, they filled it up. On a nest upon a rafter, mother sits this day on guard, while father hastens back and forth—a half-mile or so from downtown to the nearest garden worm supply—to feed all the little mouths.

Here is where the drama steps close upon the preserve of tragedy. The labor dispute is over, the construction crews are coming back to work.

And the first job on the schedule, come next Monday, is to seal up the hatch with concrete, entombing the robin family.

Boss of the construction job asked for help today, because he said he didn't think pouring the concrete with the birds still there would be a good idea, what with the way folks carry on.

So Mig Figg, news editor of radio station WAUX, has volunteered to set up a co-ordination center to

Defense Forces Opposed Increase In Marine Corps

WASHINGTON (AP)—Rep. Vinson (D-Ga.) declared today that the Army, Navy and Air Force oppose increasing the strength of the Marine Corps because they fear it would cause a reduction in their own appropriations.

Vinson, chairman of the Armed Services Committee, led off House debate on legislation which would not only establish a minimum number of marines but make their commandant a member of the Joint Chiefs of Staff.

As the bill passed the Senate, and was approved by the House Committee, the Marines would be maintained at not less than four combat divisions and four combat-strength Marine air wings. The House committee stipulated that a personnel minimum of 300,000 be established to keep the units up to strength.

Vinson announced, however, that in the interest of economy he will offer an amendment to make the minimum strength three combat divisions plus three full-strength air wings and supporting units.

Supporters of the legislation count on this concession to attract wavering members.

Opponents pegged their arguments to economy and necessity. They said a division corps would cost four billion dollars more a year and, in effect, would be a second land army.

Vinson said Pentagon brass in general strongly opposes the legislation. But he said he thought it time the lawmakers made it clear that Congress has not "abdicated its constitutional obligation to determine the size and composition of our armed forces."

Vinson in a prepared speech said maintaining the Marine Corps as a strong and ready force with a powerful punch could:

1. Prevent the growth of large wars by prompt and vigorous action during their earliest stages; and
2. Stay the progress of a full-scale aggression long enough for the nation to mobilize its defensive might.

WOMEN'S CLUBS

MINNEAPOLIS (AP)—The nation's clubwomen were closing their 61st annual meeting today with installation of officers after declaring for "higher levels of morality in both public and private life."

Mrs. Oscar A. Ahlgren, Whiting, Ind., takes over the presidency for which she was unopposed in Thursday's election.

In addition to the resolution on morality, the 3,000 delegates, representing the 810,000-member General Federation of Women's Clubs, approved one calling for the extension to Korean veterans of all benefits given servicemen after World War II. Also favored was a resolution asking removal of unwarranted restrictions on foreign trade.

consider rescue projects.

The radio station, the bank and the concern directing the construction job are offering a \$25 government defense bond to the person who suggests the best method of getting the birds and the nest to safety.

The deadline is Monday.

Baptists Told Of Threat To Liberty In Pagan Country

MIAMI (AP)—America was pictured today as a "vast, lost, pagan mission field."

Dr. W. A. Criswell, pastor of the largest white church in the world at Dallas, Tex., told the Southern Baptist Convention Thursday night that "the threat to American democracy and freedom and the satanic challenge to our Christian institutions does not arise only from abroad, but arises also ominously from within."

He reported that of the 1,400,000 children in New England, "1,100,000 of them are growing up without any religious instruction whatsoever."

"In the West the story is the same," he said. "Eighty per cent of the people who live in Washington and Oregon have no religious affiliation whatsoever."

"There are suburban communities along the Pacific Coast larger than Orlando, Fla., or Wichita Falls, Tex., with no church of any kind. Within our convention territory there lives a population of 79 million of which over 40 million are unchurched."

"The betrayal of human values as Christian virtues by the American people themselves is a far more sinister threat to the American way of life than the military forces of Soviet Russia or Red China," he said.

Solomon F. Davis, secretary of the Department of Co-operative Missions of the Home Mission Board, Atlanta, told the convention that "the rural areas of our country need 3,000 new churches to meet the needs of the people."

"The Western states present 4,500 towns and communities with no Baptist church," he continued.

New pioneer fields in Illinois, Maryland, Ohio, Indiana and other states present a call for another 1,000 churches, he added, concluding:

"We have calls for and need to establish 17,000 new churches within five years."

The convention unanimously re-elected Dr. J. D. Grey, New Orleans, president for a second year.

Dr. C. C. Warren, Charlotte, N. C., was elected first vice president and Dr. E. V. Peyton, Lockies, Va., second vice president.

Concentrators Give \$1.50 For Raw Fruit

LAKELAND (AP)—Due to a continued rush to secure an adequate flow of oranges for their operations Florida concentrators hiked their offer for raw fruit to a steady \$1.50 a box delivered, Florida Citrus Mutual reported Thursday.

Mutual's Market Information Division said the price jump was reported at some plants a day or two ago and was fairly general Thursday.

Single strength canneries paid \$1.40 to \$1.45 for the small quantity of fruit moved through their channels. The canners are reluctant to pay the higher price demanded, when their inventories on hand have been built with lower price fruit, Mutual said.

Higher quotations were reported in the auction markets with 32 cars of interior oranges averaging \$3.08 and 22 cars of Indian River oranges averaging \$3.56.

F.O.B. markets were holding "mostly" steady at \$2.50 a box but there were increased sales at \$2.75.

Dunedin Dentist Is Low In GOP Race

ST. PETERSBURG (AP)—Dr. E. L. Kitzmiller, Dunedin dentist who was low man in the 3-cornered race to win the Republican nomination for governor, today threw his support to Bert L. Acker, Miami.

Kitzmiller, who received 5,000 votes and failed to carry his own county of Pinellas, called front runner Harry S. Swan, Miami Shores, a "Johnny come lately" Republican. Swan received 11,000 votes and Acker 9,700.

Kitzmiller said he learned through a friend in Dade County that Swan had been registered as a Republican in Florida only since Nov. 20, 1951.

Swan said:

"This is nothing new. Kitzmiller's endorsement of Acker has been expected of it to happen. They've been looking for something to use against me to save Bert Acker."

Swan said he had never tried to deny that he registered as a Democrat in Florida for several years, but added he was a life-long Republican in New York State and remained one except for the period between 1916 and 1951.

COST OF RAID

GAINESVILLE (AP)—The under-vested endorsement of Acker has been expected of it to happen. They've been looking for something to use against me to save Bert Acker."

Swan said he had never tried to deny that he registered as a Democrat in Florida for several years, but added he was a life-long Republican in New York State and remained one except for the period between 1916 and 1951.

England was conquered by Rome between 43 and 80 A.D.

CHEVROLET

Stack up what you get for what you pay... and join the nation's largest group of truck users by choosing Chevrolet

By far the biggest number of truck users today are Chevrolet owners... and for good hard-headed reasons. Because what they get is this:

Low Cost—in purchase price and in upkeep. A truck that gets the job done. A truck that's rugged, long lasting.

Take a look at the four facts below... and see why you, too, will be money ahead with a Chevrolet truck. Come in and see us about it!

FACT NO. 1 Save money on purchase price. Stack up a Chevrolet truck against any other truck with comparable specifications. You'll find the Chevrolet truck lists for less.

FACT NO. 2 Save money on operating costs. Hundreds of thousands of truck users have proved to their own satisfaction that Chevrolet costs the least of all to own and maintain.

FACT NO. 3 Save money on job efficiency. Chevrolet trucks are factory-matched to your payload requirements. You don't buy "too much or too little truck."

FACT NO. 4 Save money on low depreciation. Records show that Chevrolet trucks traditionally bring more money at resale than any other make which costs about the same new.

Communists Dare Allies To Break Off Truce Talks

By SAM SUMMERLIN
MUNSAN, Korea (AP)—For the ninth straight day Red truce negotiators blasted the Allies and again virtually dared them to formally break off the armistice talks.

Vice Adm. C. Turner Joy, senior Allied delegate, spoke for only two minutes of the 30 minute session. He used his time to "reject finally and forever" the Red prisoner exchange proposal and suggest a recess until the Reds have something new to offer.

North Korean Gen. Nam Il replied: "Unless you formally declare the termination of these armistice negotiations, you have no reason to object to the normal holding of conferences."

Another session was scheduled at Panmunjom Saturday.

Joy told the Reds "We again reject finally and formally" the Red proposal calling for exchange of 132,000 captured Reds for the 12,000 Allied captives in Communist hands.

Nam Il was equally firm in rejecting the Allied voluntarily repatriation plan. It would return only 70,000 prisoners to the Reds. The rest of the Red prisoners questioned refuse to return to Communist territory, the U. N. Command stated.

"The prisoner issue is blocking an armistice."

Nam Il said a letter written by Brig. Gen. Charles F. Colson, former commander of the Allies' Koryu Island Prison, "has disclosed to the whole world the utter bankruptcy of your position."

Colson wrote the note to obtain the release of Brig. Gen. Francis T. Dodd, who was seized by the POWs. The letter, since repudiated by the top Allied command, admitted guards had killed prisoners (in Red riots) and promised "humane treatment."

Joy said he told the Reds "they were cloaking their fears of the truth and dodging our rescreening program. I told them the remainder of their remarks were unworthy of notice."

The Allies have offered to let

Scientist Reports On Making Rain By Seeding Clouds

TUCSON, Ariz. (AP)—Dr. Irving Langmuir, Nobel Prize-winning scientist, said he had created a nationwide pattern of weekly rainfall by seeding clouds with silver iodide.

By creating rainfall in the Southwest, Dr. Langmuir said in a copyrighted story published in the Tucson Daily Citizen Wednesday, he had changed the rainfall pattern over the entire country.

The experiments, he asserted, put the success of cloud-seeding beyond "valid doubt."

Dr. Langmuir, associate director of the General Electric Research Laboratory, is evaluating the results of a 21 month project which he said was sponsored by the Army, Navy and Air Force. His full report is to be completed next September.

Here visiting relatives, Dr. Langmuir said in an interview with the Citizen that the project was set up to determine the value of cloud-seeding.

"Most of the persons who doubted the worth of seeding clouds with silver iodide," he said, "asked the same question: 'How do you know it wouldn't have rained anyway?'"

To dispose of that argument and for all we set out to establish a pattern of rainfall that could be measured across the United States."

A check was started of Weather Bureau records for as long as they have existed. Dr. Langmuir said in all the recorded history of weather no similar pattern could be found.

Dr. Langmuir said he and a group of scientists found that when they had seeded the New Mexico air on Monday, Tuesday and Wednesday, it had rained in the East on Friday, Saturday and Sunday—the lapse being the time it took for the seeded air to move across the country.

Langmuir won the Nobel Prize for his work in chemistry in 1932.

CHANCELLOR OF AUSTRIA, Dr. Leopold Figl places a wreath at the Tomb of the Unknown Soldier in Arlington National Cemetery, Virginia. The former leader of the small republic, which is still split by a four-way occupation by American, British, French and Russian forces, is on his first visit to the United States. (International)

Paratrooper Wants To Go To Korea

WASHINGTON (AP)—The wish of Cpl. Billy L. Loomis, Jasper, Fla., to go to Korea may be answered this month.

Loomis, now stationed at Fort Bragg, N. C., wrote Rep. Bennett (D., Fla.) of his desire. He said: "I am writing you to see if you can help me get to go to Korea. I have tried to go for a long time but they won't let me. I have tried every way to go but they have turned me down."

Loomis is a paratrooper with the 325th Airborne Infantry Regiment and wants to transfer to the 18th Airborne Infantry now in Korea.

Loomis' commanding officer, Capt. Sherman K. Burke, in reply to a letter from Bennett said that "over half of the men in this organization have volunteered at one time or another for similar transfers."

He said the necessary paper work was now being attended to and that some action may be possible shortly.

Some kinds of bamboo are found up as high as the snow line in the Andes of South America. In ancient Babylon, the banks were a part of the church.

The Communists see for themselves just which men don't want to return to Communism. Nam Il calls this absurd.

WHO BUYS—SELLS RENTS—REPAIRS

It Will Be in Demand When It's 10 Years Old!

Take a new Cadillac home with you—use it with common prudence and give it reasonable care—

—and ten years from today, there should be many, many people anxious to drive it and call it their own!

The soundness of this prediction is attested on used car lots throughout America. Every day, buyers are taking possession of Cadillacs built before the war—and are doing so with pride and anticipation.

There are many and vital reasons for this enduring value of a Cadillac car.

First, of course, is quality. Cadillacs are built to the highest standard it is practical to enforce in the production of a motor car.

The watchword and the goal of those who design and build for Cadillac are one and the same—how good and how enduring can this car be made?

Year in and year out, the search for improvement goes relentlessly ahead.

Small wonder that the car keeps its youth and its performance—far, far beyond the normal span.

And then there is its sound and enduring beauty. Cadillac styling is a development—with continuous improvement and refinement. Older Cadillacs, of course, are not to be mistaken for the current ones; but, regardless of age, they are still Cadillacs—and are distinguished and dignified in their own rights.

And then, of course, there is the wonderful Cadillac name—which never loses its significance, no matter how old the car which bears it. Year for year and age for age, a Cadillac is always aside and apart from other cars.

It is not unusual for a Cadillac to pass through four or five or even six different families—each one owning it with pride and driving it with pleasure.

Think of this when you buy your next car. If you get a Cadillac—there can be no doubt that others will be eager to own it when it has served you the normal span.

Why not come in—and see and drive this wonderful car? We'd be happy to welcome you any time.

THE GOLDEN ANNIVERSARY

House Of Representatives Votes In Favor Of Tax Relief For Itself

WASHINGTON (AP) — In a complete reversal of previous demands for belittling economy, the House has voted substantial tax relief for itself and senators and free hometown office space for congressmen.

The measure swept through the House Thursday as it passed the last of the annual domestic budget measures, a bill appropriating funds to operate Congress.

On all previous budget bills except one financing local river and harbor, and flood control projects, the House had reduced allotments recommended by its Appropriation Committee. Demands for economy accompanied all the reductions.

The congressional budget bill cleared by voice vote and went to the Senate with the distinction of being the first bill this year on which the House actually raised the allotments recommended by the Appropriations Committee.

The bill's total of \$2,267,780 was \$1,500 more than the committee had suggested, although about 10 million below Budget Bureau recommendations. The money finances Congress, the Library of Congress, the Government Printing Office and related arms of the legislative department.

The \$1,500 increase was for installation of more traffic signs and signals on Capitol Hill.

But two other amendments, for tax relief and free office rental, could run the added cost of the

bill into hundreds of thousands of dollars.

The tax amendment was offered by Democratic Leader McCormack of Massachusetts and approved without a show of opposition or discussion.

An examination of the amendment by newsmen disclosed its intent, which McCormack verified. It says that for purposes of federal taxation, members of Congress have their place of residence in the state or district they represent. This means that their expenses while on official business away from home are deductible as business expenses for tax purposes.

Since Congress normally stays in session almost the entire year, a member could deduct the cost of his housing, meals, transportation, business entertainment, laundry and many other things while in Washington.

For most members this could mean a tax reduction of around \$2,000 annually. Those with higher than average living standards might pay no taxes at all.

Senators and representatives are paid \$12,500 a year, plus a \$2,500 expense allowance which now is free. Besides that they receive smaller allotments for stationery, postage, communications and travel.

Double Suicide Is Probable Verdict In Smyrna Affair

DAYTON BEACH (AP) — Justice of the Peace Fred R. Brannon said the deaths of a man and a woman from bullet wounds late Thursday was "apparent double suicide."

He identified the women, mother of two children, as Mrs. Yvonne Sikes, about 35, wife of Fred Sikes, an Edgewater carpenter, and the man as George Edward "Sonny" Webster, about 44, an Edgewater fisherman. Edgewater is a small community four miles south of here.

An inquest was started but recessed until today after the jury viewed the bodies. Brannon said two blood-stained notes on cheap tablet paper were found in the car.

The bodies of the man and woman were discovered by Mrs. Sikes' husband who started looking for her when she did not return home Thursday afternoon. They were in a car parked in a lonely wooded area on the beach side.

Both had small caliber bullet wounds in their right eyes, Brannon said. A .22 caliber rifle was on the rear seat beside Webster and Mrs. Sikes was on the front seat. The car had been rented in Daytona Beach.

Brannon quoted a note addressed by Mrs. Sikes to her husband as saying in part, "You were a good husband but I treated you awful dirty so I guess I will have to pay for it this way."

A note which bore Webster's name and was addressed to his sister said "I have done this myself. Please don't blame any body."

Surviving Mrs. Sikes, besides her husband is a 10-year-old daughter and a 7-year-old son.

Robert E. Peary reached the North Pole April 6, 1909.

Jean Hagen and James Stewart discuss the rifle he has perfected in a scene from MGM's "Carbine Williams," showing on the Ritz Theater screen Sunday and Monday.

A scene from "Mutiny" color by Technicolor starring Mark Stevens showing on the Miveland Ride-In Theater screen Sunday and Monday.

ACHIEVEMENT AWARD
GAINESVILLE (AP) — The annual Management Achievement Award for 1952 has been given to McGregor Smith, Miami, president of the Florida Power and Light Co.

The award was presented Thursday night at the annual banquet of the Student Society for the Advancement of Management. Three other Floridians were cited for their business leadership. They included:

Linton Allen, president of the First National Bank of Orlando;

Earl Williamson, president of Fram Florida Inc., Jacksonville; and Jerome A. Waterman, president of Mass Brother Department Store, Tampa.

ROCKEFELLER ILL.
NEW YORK (AP) — John D. Rockefeller Jr., 78, was in New York Hospital today.

The reason for his going to the hospital Thursday night was not announced. But a hospital spokesman said it "could be for a check-up."

MY SINCERE THANKS

Bonner L. Carter

Candidate for County Commissioner District No. 5

I wish to express my thanks to the people in District No. 5 for making it possible for me to be in the run-off on May 27. I solicit the vote of those who did not vote for me in the Primary and the continued confidence of those who supported me.

Listen to WTRR Fri. - May 16 - 7:35 to 7:45 P. M.

McCarty And Odham Meet In Orlando

Odham Accuses M'Carthy Of Handing Out Illegal Publication Distorting Record

By MALCOLM B. JOHNSON
ORLANDO (AP) — Dan M'Carthy and Bralley Odham said today to face each other in the things they've been saying about each other from separate stands in their contest for the governorship of Florida.

Neither pulled any punches in the first opening statements of an informal debate before several hundred men packed into a Junior Chamber of Commerce luncheon here.

But few new accusations were raised immediately.

Odham did declare that a new piece of M'Carthy campaign literature handed out at the meeting comparing their records was an illegal publication and an effort to distort the record.

He called it the "most deceitful piece of campaign literature ever produced in Florida."

M'Carthy, following Odham to the stand, told Odham it "is not an illegal piece of literature. It is paid for through my campaign treasury and every single piece of information on that sheet is documented. You can look it up by page and by bill."

If there were any neutral voters in the audience, they were hard to find. Each candidate as he spoke was loudly cheered by his own supporters and as the candidates swapped questions and answers, they each got loud applause, whistles and hoots.

From the noise they made it was hard to tell which had the most support. Odham prodded at M'Carthy a question that he has reported and he wanted to ask him: How much did he spend in his unsuccessful 1948 campaign when he reported his expenditures of \$9,323.

M'Carthy replied that his statements filed in the Secretary of State's office showed more than \$23,000 instead of the \$9,323 that Odham uses and he stood on that figure as honest compliance with the law in effect at that time.

He said that Odham knew that the 1948 law allowed him to buy radio or newspaper advertising in behalf of a candidate without his knowledge and without requiring it to be reported.

He added that he has a group of certified public accountants in this campaign to check his compliance to the letter with the new 1951 stricter reporting law.

M'Carthy declined to make a positive statement on Pennsylvania by Oct. 1 (Continued On Page Eight)

First Street and the rest of the downtown section were jammed with patriotic citizens Saturday morning as thousands turned out to cheer participants in the largest and most colorful Armed Forces Day parade ever held here. At upper left, Boy Scouts, and Cub Scouts representing troops throughout the county march in precise formation. Upper right, the Lions Club float, complete with beaming beauties, including the orange and black uniformed Seminole High School Band, headed by majorettes, plays lively marches for the occasion. Ware And Rush Address Sanford McCarty Club

Odham Attacked For Attempt To Abolish Local County Court

More than 80 enthusiastic supporters of Dan M'Carthy met Friday night at the City Hall and made plans for an intensive gubernatorial campaign in this area. John Ware presided and talked in behalf of M'Carthy were made by former County Judge R. W. Ware and by Fletcher Rush, Orlando attorney.

Judge Ware voiced opposition to Bralley Odham on the basis of his lack of business experience, impulsiveness, and acting without considering the facts of a case, such as his attempt in 1947 to abolish the Seminole County Court.

In contrast he pictured Dan M'Carthy as an experienced and successful business man, who knows the value of a dollar and how best to use it to advantage. "He has demonstrated his ability to work with other business men with cooperation and harmony, to accept, as well as to give advice graciously, and without fanfare and has demonstrated his legislative experience," said Judge Ware.

In illustration of his charges against Mr. Odham he pointed out that the latter, while a member of the Florida Legislature in 1947, introduced a bill to abolish the County Court of Seminole County, a court that had been established since 1923.

"This act would have very materially affected every citizen of Seminole County," said Judge Ware. "Mr. Odham did not consult with the Seminole County Bar Association, the Board of County Commissioners, nor the court officials who were all vitally concerned."

"Without notice to the citizens," he added, "he sought to abolish the Court without a referendum to give citizens the right to vote their wishes on the matter."

By way of showing the stir created locally by the introduction of the bill, Judge Ware read two articles from the Sanford Herald (Continued On Page Eight)

Sanford, Seminole County Citizens Honor Services On Armed Forces Day

Sanford and Seminole County citizens thronged downtown streets Saturday morning to cheer participants in the largest and one of the most outstanding parades ever held here in honor of the armed forces of America.

Sharing with other cities of the nation the annual opportunity to pay special honor to the men and women of the Armed Forces, living and dead, white and colored citizens united here to demonstrate the spirit of unity, strength and freedom that exemplifies American determination to resist any threat to fundamental rights and liberties.

Capt. J. L. Obitenden, commander of the Sanford Naval Auxiliary Air Station, introduced by Judge Douglas Stanstrom, and speaking at First Street and Magnolia Avenue following the parade, keyed this observance by warning that the world still walks in the shadow of another world war, and that only through unity can this nation achieve the strength that will insure freedom.

He further stressed the theme of unity by pointing out that uni-

Services Held For Mrs. Merrie Ball Saturday At 3:00

Funeral services were held Saturday at 3:00 p.m. in Holy Cross Cathedral church for Mrs. Merrie B. Ball, 77, former Sanford resident, who died last week in a hospital in Jacksonville following a brief illness.

The Rev. H. Lettleton Zimmerman officiated at the service and interment followed in Evergreen Cemetery. Active pallbearers included Arthur L. Street, J. M. Higgins, John W. Meisen, A. W. Lee, Jack L. Williams and James W. Plant. Honorary pallbearers were J. Hawkins Connelly, J. G. Sharon, Sr., D. E. Whitner, Sr., B. F. Whitner, Jr., R. W. Deane, B. W. Anderson, L. E. Frazier, Roland E. Dean, Randall Chase, J. C. Hutchinson, R. L. Perkins, Sr., James A. Driver and G. W. Spencer.

Mrs. Ball was the widow of the late Joseph G. Ball of Sanford who operated a hardware store during the 1920s on First Street.

Mrs. Ball, a native of Tampa, had been making her home in Jacksonville for several years with her son and daughter-in-law, Mr. and Mrs. Joseph H. Ball.

Other survivors include two other sons, Henry Crane Ball, Dalton, Ga., and William G. Ball, Thomasville, Ga.; two daughters, Mrs. W. J. Reed, Orlando and Mrs. Betty Ball Mosely of Palm Beach; 11 grandchildren and eight great grandchildren.

Among those from out of town attending the funeral were Mr. and Mrs. Dick Brown of Miami, George Woods of Jacksonville; Dr. and Mrs. Alan Jones, Welborn C. Phillips, Sr. and Welborn C. Phillips, Jr., all of Orlando.

County Commission Candidates

W. B. "Brown" Miller, Coley Avenue farmer, and Earl Huggins, botham, oil distributor, are candidates for county commissioner in district No. 1 subject to the second Democratic primary on May 27. In the first primary Mr. Huggins obtained 518 votes and Mr. Miller 477. The two other candidates in the race received a total of 307 votes.

Law Enforcement OPS Suspends Agencies At Odds Over Big Robbery

BOSTON (AP) — Massachusetts and Rhode Island law enforcement authorities were at parting ways today as they sought solution of the fabulous \$1,210,000 Brink's robbery and the gangland slaying of a wealthy road house owner.

The apparent break between law enforcement officials of these neighboring states became known Sunday night when Rhode Island's Atty. Gen. William F. Powers announced "thus far Boston authorities do not seem to be interested in the information available to us."

Powers accused Massachusetts authorities of showing a definite lack of interest in information which he said might lead to solution of the Jan. 17, 1950, Brink's robbery and the Saturday morning ambush shooting of 40-year-old Carlton M. O'Brien.

Powers made the accusation shortly after Joseph F. McGinnis, 68, former convict and Boston night club owner, had been released following lengthy questioning in the slaying of O'Brien, owner of a Warwick, R. I., dine and dance place and a Providence, R. I., diner.

Two shotgun blasts killed O'Brien (Continued On Page Three)

OPS Suspends All Price Controls On Raw Cotton

WASHINGTON (AP) — The Office of Price Stabilization said today price controls are being suspended on raw cotton and practically all textiles including those made of wool, cotton and synthetic fibers.

OPS officials said Price Stabilizer Ellis Arnold signed the order this morning. Details are to be announced later today.

An official said a reporter the order sets 43.39 cents a pound as the point at which raw cotton would be brought back under control.

This compares with the existing ceiling of 45.39 cents for any futures month it applies to white and extra white middling grade 15-16 of an inch staple length, gross weight.

An official said the order on textiles exempts just about every type of fabric at the manufacturing level.

All of the products have been selling far below ceiling and of (Continued On Page Three)

Cleveland Urges Co-operation In Clean Up Drive

The close relationship between fires and a thorough job of spring cleaning was stressed today by Fire Chief Mark W. Cleveland, Sr., in announcing that the annual Spring Clean-Up Drive, sponsored by the National Fire Protection Association, will be observed through May.

"A good job of spring cleaning means more than a pail, a mop, and freshly starched curtains," the Chief said. "Fire hazards have a way of accumulating during the winter months, and too often are forgotten by the housewife until it is too late. We in the Fire Department are much more interested in preventing fires than in putting them out, so we would like to give the housewife a few spring cleaning tips by asking (Continued On Page Four)

Seminole High School Band To Present Concert

Novelty numbers, including the "Blue Tange" will be among the musical selections to be played by the Seminole High School Band at its annual concert Saturday night at 8:00 o'clock at the school auditorium. Ernest Cowley, director, announced today.

On Tuesday night at 8:00 o'clock, 23 members of the band, known as the Pep Band, will play at the Ritz Theater in order to publicize the concert.

A varied and interesting program of classical and light popular numbers is being prepared for the Saturday night program. Soloists will be Gene Wilkinson, trumpet and Jessmie Lane Miller, clarinet.

The band has played on a number of occasions here including Bary Day when a concert was given at First Street and Magnolia Avenue.

Commenting on the band's contribution to this community, Mayor W. H. Stemper declared this morning. "The Seminole High School Band has given Sanford an exceptional musical flavor and has been excellent and I personally urge citizens to show their appreciation by attending the concert Saturday night and enjoying the best class entertainment."

"Father of three sons desires a daughter," the advertisement read. "Can anyone send suggestions?" (Continued On Page Four)

NEW CITY PUMP

City workmen this morning were busy installing a new pump at the city wells south of Sanford. This, according to J. D. Abraham, water works superintendent, should add a flow of about 2,000 gallons a minute to the water supply.

Meanwhile a new well is being dug, and this will be drilled by another pump. A crew of well drillers are here from Orlando for the job, and the 19-inch casing may go down as far as 174 feet. City officials are not certain of the morning of the well's completion (Continued On Page Four)

Steel Case Passed By Supreme Court

WASHINGTON (AP) — The Supreme Court today released and sent back to Congress a bill that would allow the federal government to take over the steel industry in the event of a national emergency.

The bill, known as the War Relocation Authority Act, was passed by the House of Representatives last month. It would allow the government to take over the steel industry in the event of a national emergency.

The bill would allow the government to take over the steel industry in the event of a national emergency. It would allow the government to take over the steel industry in the event of a national emergency.

Truman Bans Compromise On FEPC Bill

Adament Stand Puts Renewed Energy Into Free-For-All Nomination Race

By The Associated Press
A no-compromise stand by President Truman on civil rights has put a new head of steam behind the free-for-all race for the Democratic presidential nomination.

And a weekend sweep of Oregon's 18 delegates to the Republican National Convention by Gen. Dwight D. Eisenhower narrowed the GOP race between the general and Sen. Robert A. Taft of Ohio.

This week's delegate harvest gets underway Tuesday in Montana, where the Democrats and Republicans both hold state conventions. During the week, 103 delegates are to be picked in six states scattered throughout the nation.

The Democrats will name 70 representatives to their national convention, and the Republicans 35.

There are no state primaries in the United States. In Minnesota, the two parties will be chosen by state party conclaves. The Democrats will pick up 12 delegates in Montana Tuesday, 32 Thursday in North Carolina, 20 Friday in Louisiana and six Saturday in Delaware.

The Republicans will select eight delegates in Montana Tuesday, 24 in Washington state Saturday and three the same day in Minnesota. Sixty-four Republicans decided last Saturday their eight delegates should go to Chicago unopposed.

Eisenhower's lead in Oregon's GOP primary — where Taft was not on the ballot — and capture of all 12 of Vermont's delegates, put him within 38 convention votes of Taft in the Associated Press tabulation. The AP tally is based on delegates pledged, instructed, or willing to express a first ballot choice, and on candidate concessions. The Taft forces claim about 450 delegates.

The AP tabulation now gives Taft 375, and Eisenhower 331, out of 706 delegates so far named. There will be 1,299 delegates to the GOP convention, with 604 needed to nominate.

President Truman set off a drive for a vigorous civil rights platform in the Democratic platform with a Saturday night speech to the Americans for Democratic Action (ADA). Truman demanded enactment of proposals he has submitted for congressional action: Fair Employment Practices Commission (FEPC) with enforcement powers to prevent racial job discrimination. This is the issue that stirred the Southern Democratic revolt in the 1948 presidential race.

Among the Democratic presidential candidates Sen. Estes Kefauver of Tennessee had 114 delegates, the AP tabulation, having picked up 12 convention votes in the Democratic (Continued On Page Eight)

Social Security Expansion Bill Is Rapped By Doctors

WASHINGTON (AP) — One section of a bill calling for a 300 million dollar expansion of social security benefits was attacked by the American Medical Association today as "socialized medicine."

The provision relates to the insurance rights of persons who become permanently and totally disabled while covered by Old Age and Survivors Insurance. The AMA objected that the language of the section would give Federal Security Administrator Oscar Ewing "absolute control over certain medical activities."

The bill was to be called up in the House today under parliamentary circumstances which forbid amendments and require two-thirds approval for passage.

Sponsored by Chairman Doughton (D-N. C.) of the Ways and Means Committee, it would increase for practically all retired persons now on the rolls by 25 a month or 10 1/2 per cent, whichever is larger. Persons who retire in the future would get up to 25 a month more than under the present formula. There would be proportional increases for wives, widows, children and other beneficiaries.

Dr. Joseph S. Lawrence, director of AMA's Washington office, said the provision gives Ewing power, among other things, to lay down regulations on a national basis governing medical examinations of persons claiming total and permanent disability, and to deny application for disability certification if the applicant refused to accept rehabilitation under the Vocational Rehabilitation Act.
