SPAN QUIET AS NEW CABINET TAKES OFFICE

Revolution On 1 Hand And Dictatorship On Other Is Avoided, If Only Temporarily

MADRID, Feb. 18.—(AP)—After four days of political turmoil and uncertainty Spain today had a new monarchist cabinet and a new revolution on one hand and dictatorship on the other. The situation is once more tranquil, at least for the time being.

The fundamental causes of all the trouble for the past year still exist, however. Admiral Juan Aznar, chief minister, officer of the Spanish Navy and generally regarded as a neutral in politics had succeeded where Jose Gual and Melquiades Alvarez failed.

He brought a new cabinet to the royal palace and the members were sworn in before the king. It includes General Berenguer, Admiral Prades and Count of Romanones whose refusal to participate in Berenguer's election program resulted in the general's downfall.

The cabinet is composed of extreme right monarchists with representatives of conservatives, liberals and Catalan Independents.

The great city of Madrid, lying under the frowning guns of artillery and with soldiers in barracks for any emergency, yesterday quivered with expectancy as King Alfonso and supporters of his regime struggled desperately to find some (Continued On Page Six)

Cates Contributes Cabbage In Drive To Aid Drought Victims

Answer to an appeal broadcast by members of the local chapter of the American National Red Cross some days ago, J. J. Cates, prominent West Side crier grower this morning donated a half car of cabbage to be sent to the aid of drought sufferers in the Middle West. The cabbage is packed in crates which were donated to the relief cause by officials of the Sanford-Oviedo Truck Growers.

With the half car of cabbage as a starter, another appeal is put out today by Red Cross officials for any and all kinds of produce which might be added to the half car to complete the load and start it rolling from Sanford. Green vegetables or citrus fruits will be accepted in any quantity, and any grower who wishes to contribute is asked to get in touch with Mrs. S. O. Chase, Jr., or any member of the Red Cross. Arrangements have been made with the railroad for the free hauling of any of farm products which are to be used in relief areas.

Bill Drawn To Move West Point Location

WASHINGTON, Feb. 18.—(AP)—A bill to move the United States military academy from West Point, N. Y., to a new location offering inducements such as land, funds, or both, was introduced yesterday by Representative McSwain, Democrat, South Carolina.

McSwain introduced the measure after the House military affairs committee approved a bill to an amount of \$1,000,000 for acquisition of about 17,000 acres of land for the West Point reservation.

Police Seek Negro Who Slashed Marine

NEW ORLEANS, Feb. 18.—(AP)—Police today sought an unidentified negro who fatally slashed Corporal J. A. McDonald, Boston Marine, assigned to the battleship USS Arizona, here at the Naval Yard. McDonald died of his wounds which covered an area of the chest.

Police said the negro was walking with McDonald and was struck by the latter's bayonet. The negro was arrested and taken to the police station.

Wedding Anniversary Of 'Alice' And 'Nick' Recalls Marriage In White House

By BESS PURMAN
WASHINGTON, Feb. 18.—(AP)—The "Princess Alice" of 25 years ago, pompadour and all, stepped yesterday from her page one frame of Feb. 17, 1906 newspapers, in silver wedding anniversary splendor.

"Just like the picture of Alice Roosevelt" was the costume of Mrs. Nicholas Longworth, who received all guests invited to the home of the Longworths on Massachusetts Avenue, or who were to "drop in afterwards" to celebrate again a certain celebrated White House wedding with "Nick and Alice."

For those who hadn't saved finery, Mrs. Longworth laughingly decreed "short-waisted, skirts and sailor hats."

Instead of her own elaborate wedding gown she chose to wear a gown of old gold satin which was part of her trousseau. And instead of her "enveloping wedding veil of misty tulle held by a coronet of orange blossoms," she topped her 1906 pompadour with a contemporary diamond tiara, and bolstered it at the back with a 1906 barette.

But she wore the jewels of her wedding day—the necklace she matched diamonds that was the gift of the groom; the diamond brooch, sapphire-encrusted, which she wore "something like" the rare bracelet that was the wedding gift from the emperor of Germany.

Of those who were actors in that elaborate mid-day White House pageant of 25 years ago, few were in Washington yesterday to join with the Longworths in their fun. But among the thousand guests present at that time, there were scores to say to the still slim and youthfully-vivacious Alice-of-the-pompadour, "I remember what a picture you made, coming down the main stair-case with your father."

CARNIVAL OF JOY AT NEW ORLEANS COMES TO CLOSE

Pealing Of Cathedral Bells At Midnight Ends 6 Days' Gaiety

NEW ORLEANS, Feb. 18.—(AP)—Rex and Comus yesterday gave New Orleans thousands their final thrill of carnival, winding up six days of care-dispelling joy that ended at midnight last night with the soft peal of the cathedral bells ringing in Ash Wednesday.

Promiscuous merriment, costumes and fun-making began soon after the dawn and lasted until midnight, when the revelers, up-faded and care-worn, gathered about the cathedral to witness the pealing of the bells.

Rex, the mighty monarch of carnival, who comes once a year to the metropolis of joy with Comus and Caraculus, the king of the Druids, furnished the highlights of the day's parading.

In 20 magnificent floats, Rex unfolded the story of the drama beginning with the rise of the theatre in ancient Greece and running the gamut of the spirit of medieval drama and the Shakespearean era down to the picturesque Mississippi River showboat.

Edward Soule, Rex of 1931, received the keys to the city as he again led the parade to the health of Miss Gladys Gelpi, his queen, whom he joined later with her court at the Rex evening ball.

Comus, in the grand finale of carnival, celebrated his diamond jubilee, the twenty-fifth anniversary of his carnival dynasty. His pageant backed to the "Jewels from Byron," featuring the familiar gems from the pen of the poet of romance and adventure.

Distributing cocoanuts as favors to the members of the negro race, Zulu, king of the negro carnival, carried his procession up Rampart Street and entertained thousands during the day.

Films On Forestry Will Be Shown At Schools Of County

Forestry films, in story form, and depicting conditions which exist in Florida, will be shown in many of the schools of this county this week as part of an educational campaign now in progress under the direction of the American and Florida Forestry Associations which are working together with the Florida Forest Service.

One of the aims of the association is to win the people of the South away from the destructive practice of woods burning. To that end, motion pictures, lantern slides, lectures and tree distribution of literature and general information are being employed daily by the large staff of forestry experts connected with the movement.

A temporary itinerary released today reveals the following exhibition dates: Tuesday, Feb. 17, Lake Mary school at 2:00 o'clock; Wednesday, Feb. 18, Deland schools, 7:30 o'clock; Lyman school, at 7:30 o'clock; Friday, Oviedo school at 10:00 o'clock and Geneva school at 7:30 o'clock.

Bill Is Introduced To Reinstate Naval Academy Midshipmen

WASHINGTON, Feb. 18.—(AP)—The Senate last night passed a bill to direct the reinstatement of two midshipmen in the naval academy who were dismissed for recording two girls' companions dressed in men's clothing into the academy mess hall.

The midshipmen are Lawrence L. Myatt of Massachusetts and Miller B. Bargin, of Jacksonville, Fla.

Senators Walsh, of Massachusetts, and Fletcher, of Florida, sponsored the resolution.

NEGRO SUSPECTS HELD

SEBRING, Feb. 18.—(AP)—Authorities said today they were holding five negro suspects in connection with the alleged unsuccessful attempt to assault a white girl near Sebring last night. Police said the suspects are negroes but they say when she was assaulted.

HOOVER'S VIEW ON VET BILL IS NOT OBSERVED

Senate Finance Committee Backs Loan Measure In Spite Of Presidential View

WASHINGTON, Feb. 18.—(AP)—Overriding the expressed opposition of President Hoover, the Senate finance committee today approved the veterans loan bill without change. The Senate agreed to take up the measure tomorrow.

The President's views were given in a letter to Chairman Smoot and were read to the committee. He went on record as fearing the legislation "will not only nullify the benefits to the veterans but inflict injury to the country as a whole."

Within an hour the committee voted 13 to three for the House measure after rejecting the substitute. Democrats voted solidly for the bill while six Republicans joined the support.

Under Secretary Mills and Veterans Administrator Hines testified before the committee that the administration would accept the bill extending loan privileges to those veterans actually in distress which they estimated at two to three hundred thousand. Senator Smoot, chairman, said he believed Hoover's letter meant a veto for the bill.

On Saturday, the 10-day period before an adjournment begins. Bills passed within that period may be vetoed by the President without returning them to Congress by simply not signing them. Feared such a course might be (Continued on Page 4)

SNOWDEN WARNS OF GRAVE DIFFICULTIES IN BRITISH FINANCE

LONDON, Feb. 18.—(AP)—The grave warnings regarding Great Britain's financial position which he issued in his sensational speech in the House of Commons last Wednesday were repeated yesterday by Philip Snowden, chancellor of the exchequer. The occasion was a meeting of the labor party, at which, according to an unofficial version, the chancellor threatened to resign unless he received better support from his party.

Mr. Snowden asked whether, if he should be faced in April with a heavy deficit, it was not a fact that such an increase of taxation would be a very drastic and disagreeable step.

2nd Deficiency Bill Received By House

WASHINGTON, Feb. 18.—(AP)—The second deficiency bill (H. R. 859, 108,000.00) to care for emergencies in various government departments this year and all-carrying \$69,940,000.00 for public buildings throughout the country was received today by the House from its appropriations committee. It is the last money bill of this session and reappropriates \$450,000.00 previously set aside for Mediterranean fruit fly eradication work.

Big League Baseball Game Seen As Prospect For Local Diamond Fans

A big league baseball game between the first and second teams of the world's champion Philadelphia Athletics under the direction of the personable Connie Mack himself, is practically assured Sanford fans, according to an announcement made this morning by Floyd A. Palmer, custodian of the Municipal Ball Park, after a conference with Mr. Mack at Mount Plymouth yesterday.

The Athletics will come to Sanford for an exhibition game Mar. 25, providing the baseball diamond and grounds are put in order. Knee deep grass covers the entire infield and outfield, while the clay surface is deeply pitted with rut, made by automobiles which were allowed in the park during the football season. Mr. Palmer will appear before the Commissioners at their meeting Monday night to ask that city prisoners be sent to the park some days before the game to make any needed repairs. Since the game will be played on a percentage

ROTARY SPEAKER GIVES PHASE OF RED CROSS WORK

Tells How Children In War-Torn Territory Were Provided For

One of the little known phases of the World War, told by a man who had first-hand information gained through actual service and contact, was brought to the attention of the members of the Sanford Rotary club and visiting Rotarians at the weekly luncheon at the Montezuma Hotel yesterday.

The speaker was Dr. F. H. Williams, a Rotarian of East Orange, N. J., who was an American Red Cross official during the war, and whose duties centered about the handling of children of parents who lived within the immediate danger zones about the entire battle front. Dr. Wilson spoke at length on the hundreds of impressions he had gained while engaged in work of that nature, and pictured in vivid words, some of the scenes of desolation, ruin, and poverty which Red Cross members faced every day. His duties often carried him close to the front lines, and he saw many battles which have since become memorable for their importance. Dr. (Continued on Page Four)

Status Of Lake Now With Supreme Court

The status of the case of Portree Lake, former Sanford banker who was sentenced to serve a three-year prison term but who appealed his case on the grounds that the sentence was indefinite and impossible for fulfillment, is now in the hands of the Florida Supreme Court, following the mailing Saturday afternoon from the office of V. E. Douglas, clerk of court, of the transcript of the record. Mr. Lake was allowed until Feb. 17 to have the transcript prepared and mailed to the Supreme Court. A decision is expected within the next few days.

IN LAST ROLE

LOS ANGELES, Feb. 18.—(AP)—Louis Wolheim, had man of the screen but a beloved film character died today following an operation Monday. His condition was reported satisfactory until shortly before his death. He was about 40, and was suffering from an abdominal ailment brought about by a strict diet which followed his efforts to reduce his weight for a part in a picture.

Corra Harris Plans Holiday So Far As Farm Is Concerned

CARTERSVILLE, Ga., Feb. 18.—(AP)—The next two years is going to be one big Sunday for Mrs. Corra Harris so far as farming is concerned.

The author, who also operates a 300-acre farm near here, has sold her mule. She exchanged the animal for \$50 despite the critter's 13 years and tendency to balk at the beginning of each work season. The purchaser is Jack Thacker, a neighbor.

Mrs. Harris' entrance into the mule-trading game became known recently with appearance of a notice in the "want ad" column. The nation-wide response convinced Mrs. Harris that she has a genius for advertising the merits of a mule.

Asked concerning the announcement that she is retiring from farming, the writer said, "I am taking a Sabbatical year off. I have put up enough hay and feed to last two years. I have pursued a passion for agriculture regardless of expense for 30 years, but now I have cut up my plow lines, sold my mule, seasonal mule and folded my hands. I intend to live off my grass income."

Bankruptcy Efforts Against Sugar Mill Are Not Successful

TAMPA, Feb. 18.—(AP)—Efforts to force the Southern Sugar Company into bankruptcy made in federal court in July have failed, Federal Judge Alexander Akerman said today. At that time he refused to appoint a receiver at the request of certain creditors. An appeal was taken to a higher court but the United States court of appeals handed down a mandamus against the appeal because the records were not properly prepared. The judge said B. G. Dahlberg, P. G. Baker, appointed receivers for the company in the state court suit, failed to file and asserted the company was worth \$125,000,000 more than its debts.

QUICK MARRIAGE BANNED

CHEYENNE, Wyo., Feb. 18.—(AP)—The State Senate has passed a so-called "six months" bill requiring five days' notice of intent to marry and forwarded it to Governor Frank C. Emerson.

LAKE ROAD AND BRIDGE TO BE BUILT SHORTLY

Both Projects Are Included In Road Department's Final Budget For Year '31

An imposing concrete bridge across the St. Johns River near the entrance of Lake Monroe, and a beautiful scenic drive along the south shore of the lake, into Sanford, a sort of visionary dream for many years past, is soon to become a reality.

Following long concerted action from many sources which resulted in the organization of State Road Number Three Improvement association some months ago, efforts in behalf of those projects terminated successfully this morning when officials of the Florida State Road Department voted to include in the final budget for road construction in Florida during 1931, sums sufficient to cover the costs. Work is expected to begin within the next few months.

The Sanford Herald was this morning in receipt of this information from Harry M. Papworth, president of the Sanford Chamber of Commerce, and Geo. W. McRory, representative from this district, who were in Ocala where the budget adoption meeting was held. A large Sanford delegation (Continued On Page Five)

9 Negroes Die From Drinking Poisoned Alcoholic Mixture

CHIRSTERTOWN, Md., Feb. 18.—(AP)—Nine negroes, one a woman, were dead here today from drinking poison alcohol, bought, a coroner's investigation indicated, at a garage.

A number of others were ill and further deaths are feared. The alcohol was sold as an anti-freeze mixture, and the sellers had no idea it would be used as a beverage, investigation indicated.

The alcohol was taken after the purchase to the home of Herbert Wells and his wife, Lena, both of whom died, and then served Sunday night to a party of about 15, the investigation disclosed. The victims ranged from 30 to 60 years old.

Ideas On Marriage Cause Resignation Of New York Divine

NEW YORK, Feb. 18.—(AP)—Resignation of Rev. Eliot White from the staff of Grace Episcopal Church because of his militant advocacy of companionate marriage stirred the ecclesiastical world today. Rev. Dr. Russell Bowie, rector of the church, one of the most fashionable in the city, issued a statement saying White's resignation was accepted. "Grace Church in view of its exceptionally high standard for marriages which take place in the parish," he said "is definitely unwilling that the name of the parish should be linked with the idea of so-called companionate marriage in any way that confuses these positive standards." White's controversy with his superiors is a sequel to the recent activity of Ben Lindsey, advocate of companionate marriage.

Plans Made To Form Local Bowling Team

The organization of a bowling team composed of at least 10 members is being advocated locally by a group of four followers of that sport, who, after visiting Orlando last week where they attended a bowling match, met Monday night to discuss plans for creating local interest in the game.

According to Warren I. Tyler, one of the sponsors of the movement, he, and L. A. Renard, Paul Pezold, and Edward Bender, have been asked by Orlando bowlers to form a club which would be invited to a bowling league in that city, as well as being the nucleus for a league here in Sanford. A bowling alley is operating in the Arcade building. Any persons interested in joining the club should contact Tyler at once.

Deadlock Is Broken Over Muscle Shoals

WASHINGTON, Feb. 18.—(AP)—The 10 year deadlock between the House and Senate over Muscle Shoals legislation was definitely broken today. The Senate conferees and majority House managers signed the compromise agreement for operation of the government's \$150,000,000.00 power and nitrate plant and the report will be submitted to the House tomorrow. The agreement provides for government operation of the power plant lease and of the nitrate plant for the production of fertilizer and government construction of power transmission lines for the distribution of electricity from the Wilson dam.

REGULATION FOR DRIVING MOTORIST BEING SOUGHT

Point Program Is To Be Presented At Legislative Session

A six-point legislative program, particularly at the promotion of street and highway safety in Florida, will be presented to the next session of the Florida Legislature, according to advice given by J. H. Menick, official representative of the American Automobile Association in Sanford.

The six-point program consists of the following recommendations: 1. A state-wide automobile driver's license law.

2. A state motor vehicle patrol.

3. The A. A. A. Safety Responsibility Act.

4. The uniforming of all state local officers engaged in motor vehicle law enforcement on highways.

5. The adoption of the rules of road act of the uniform motor vehicle code.

6. Enforcement of legislation prohibiting hitch-hiking.

Presenting as the most vitally important part of the program, the A. A. A. representative stated that 21 states and the District of Columbia now have driver's license laws. He cited figures to show that these states show 25 percent less traffic accidents and fatalities than those for which no license is required for this condition. He pointed out that practically all the credit for this condition can be traced to the driver's license law in that it removes from the highway the habitually reckless and drunken driver who, although in the minority, is responsible for the majority of the accidents.

Most important as a feature of the proposed driver's license bill are the provisions for the revocation of the license of any one who is guilty in a court of competent jurisdiction of these offenses: 1. Negligent or reckless driving resulting from the operation of a motor vehicle, driver's license while under the influence of intoxicating liquor or narcotic drug, perjury in connection with application for permit, or crime punishable as a felony under the motor vehicle laws of the state, conviction upon three successive occasions of reckless driving, or conviction upon a "hit and run" charge.

The second safeguard of the program proposed by the A. A. A. is a state motor vehicle patrol, uniformed and paid on a salary basis, organized and equipped to patrol the state highways of Florida and to be trained for same and proper enforcement in pointing out the need for a state motor vehicle patrol. Attention is called to the fact that the maintenance county highway patrol, no particular agency charged with the enforcement of the motor vehicle laws of the state, and that the apparent improvement inevitably leads to a mounting death and accident toll.

The A. A. A. safety responsibility law already enacted in whole or in part in 12 states and the majority of the Canadian provinces will be advocated in Florida in order that it may, if enacted, secondarily its two-fold purpose of eliminating the reckless and irresponsible driver from the highway and reducing the highway accident death toll.

The uniforming of all peace officers engaged in the enforcement of motor vehicle laws locally, the stopping of motorists on highways is being advocated for the protection of the motorist from highwaymen and without authority posing as police and causing inconvenience and serious consequences to motorists. Florida A. A. A. also advocates the position that any officer engaged with the authority to stop motorists on the highway should be so uniformed as to be recognized as an officer by the motorist without any question of doubt.

Advocating the adoption of uniform rules of the road as promulgated by the American Automobile Association in this State and that Florida should county or state-wide with the uniform rules recommended by the American Automobile Association.

Large galleries are expected to follow the play of each of the four teams. All scores must be turned in by Friday night. Semi-

final rounds will start Saturday and be concluded Sunday night, with the final title championship round scheduled for play early next week.

Only two of the 14 teams entered in the women's division for City golf championship honors have turned in scores, while four teams will not play because one of the two golfers defaulted.

Mrs. W. R. Russell, the 1930 champion, won by default from Mrs. Carmela Barber, M. S. E. F. Householder won by default from Mrs. F. W. Bender, Mrs. R. Melling won by default from Mrs. Katharine Symes, and Mrs. Lou V. Johnson won by default from Miss Margaret Peters.

Miss Helen Marenzeller defeated Mrs. Allan H. Stewart, three up and two to play, while Mrs. A. C. Fort defeated Mrs. C. L. Park, three up and one to play. First round in the women's division must be completed by Wednesday night.

First round play among the boys of 14 years of age and under, who are competing for a silver loving cup in the Junior City Championship, ended yesterday and several surprising scores were turned in. Low scores handed in by the juniors is credited to Barlow Hutchison, who, in defeating Kenneth Horton 16 and eight, had a card of 99 for the 18 holes, considered unusually good for boys of his age.

Ralph Stewart disposed of J. P. Stevens by an eight and seven score; Urban May defeated Earl Robinson by a seven and six score; Richard Dees defeated E. Young by a five and four score; Ralph Dean eliminated Thomas Tyler by a four and three score; Billy Vihlen beat James Dyon by a four and three score; James Cochran won from Rosa Whitaker, nine and seven, and Raymond Lundquist won from Ross Whitaker, nine and seven, and Raymond Lundquist won from Carlyle Hensheller, by default.

In second round of quarter-final play, Ralph Stewart defeated Urban May Jr. five and four; Barlow Hutchison eliminated Billy Vihlen two up; Raymond Lundquist won from James Cochran, five and four, and the Richard Dees-Ross match is yet to be played. Ralph Stewart will meet the winner of that match, and Hutchison will meet Lundquist in the semi-

FOOTBALL RULES TO HAVE LITTLE CHANGE IN 1931

Only One Minor Alteration To Be Made In Grid Regulations

NEW YORK, Feb. 11—(AP)—Football rules, except in one relatively unimportant particular, will remain the same in 1931 as they were in 1930.

Reporting yesterday on the result of the week-end sessions of the rules committee at its one shore retreat at Aberdeen, N. J., E. K. Hall, chairman, said the committee was in agreement to let the recodified code stand at least for another year.

The one change was to remove the arbitrary award of point after touchdown, making the penalty for an offside the same as if the foul had been committed during any other scrimmage. Under the new rule, if the offense infringes the rules, it will be penalized half the distance to the goal line and the point tried over. If the attacking team is at fault, it will be penalized the usual five yards for offside play and again try the point from the 7-yard line.

The coaches, themselves, the one group in the country qualified to give an expert opinion on the subject, recommended just such action as was taken. A majority of them, however, responding to a questionnaire circulated by Lou Little, for the coaches' association, also urged abolition of the rule which makes a blocked kick dead at the point of recovery by the defending team. The rule which gives only the kicking side the right to run with the ball was retained.

The entire rules committee was present at the sessions as well as Robert Zuppke and Jack Sutherland, the advisory members from the coaches' association, Dan McGugin, Vanderbilt coach and third member of the advisory board, and John F. (Chick) Meahan, coaches' president, who prevented from attending at the last minute.

P. T. A. Members Hear Instruction Program

With 20 associations of the district P. T. A. organization represented, Mrs. Charles E. Roe, national field secretary of the National Congress of Parents and Teachers, conducted a school of instruction all day yesterday at the Sanford Grammar School. Mrs. M. Minarik, president of the Grammar School P. T. A., presided over the meeting. The morning program was presented as follows:

1. Opening Song of Welcome—Audience.
 2. Invocation—The Rev. F. M. Marler.
 3. P. T. A. song—Audience.
 4. Solo—Mrs. J. A. Takach, accompanied by Mrs. Frances Hickson.
 5. Short talk—Mrs. A. G. Wagner, district chairman.
- Mrs. Roe was introduced by Mrs. Wagner, and explained in her talk many things relative to the P. T. A. work, answering various questions regarding ways of promoting the work. Luncheon was then served in the luncheon which was decorated for the occasion with quantities of red and white flowers accentuating the Valentine idea.
- Following the luncheon period Mrs. Dorothy Lamb, county nurse, led a demonstration by the 150 Blue Ribbon children of the Grammar School. Mrs. Roe then conducted a question box for a short period after which the meeting was brought to a close with the P. T. A. prayer.
- About 100 members, 75 of who were from other towns, were seated in the auditorium which had been decorated for the occasion with the P. T. A. national colors of gold and blue.

Musical Program At Club Is Big Success

The program given by the Music Department of the Woman's Club on Tuesday evening with Mrs. J. A. Takach as chairman and Mrs. W. L. Henley, Mrs. R. R. Pippin and Mrs. B. C. Moore as hostesses, was said to be a success that has not been surpassed by any former program in the series which has been given this season about the story of music.

An appreciative audience of over 60 members and friends of the club took advantage of the evening hour for the program.

The program was made up of musical contributions from the famous composers of Scandinavia, Russia, Poland, and Bohemia. The numbers from the Scandinavian group were rendered by Mrs. R. C. Bowers, Mrs. R. R. Deas, and Mrs. J. A. Takach. Each of the ladies made historical comments about the various artists they interpreted. Adding to the interest of his group was the story of Jenny Lind as told by little Miss

Mrs. R. A. Newman Has Party For Visitor

Complimenting Mrs. Eugene S. LaFette, of East Orange, N. J., the house guest of her sister-in-law, Mrs. W. C. Hill, Mrs. R. A. Newman entertained with a buffet supper and bridge party last night at her home in Rose Court with members of the Evening Bridge Club and several other tables of guests in attendance. As a memento of the occasion Mrs. LaFette was given a novelty album tray.

Immediately after the arrival of the guests supper was served informally from the long dining room table which was decorated with sweet peas and ferns. Assistance in entertaining and serving were Mrs. J. E. Brouse, Mrs. Samuel Puleston, Mrs. W. C. Hill and Mrs. D. L. Thrasher.

At the conclusion of supper the guests were ushered into the living room which had been decorated with a fusion of yellow jasmine and fern arranged in vases and bowls. The tables and other bridge accessories bore Valentine designs.

High score club prize among the ladies, a pair of silk hose, went to Mrs. F. E. Roumillat, while high score for the men, a pair of socks, was awarded to Dr. Samuel Puleston. Mrs. Floyd Palmer had high score for the ladies among the other guests, and was given a pair of miniature portraits, while Hawkins Connelly was the recipient of high score prize for the male non-club members, a pair of socks.

RIPLEY GETS LOW-DOWN ON CAPITAL'S CIGARETTE PREFERENCES

By ROBERT RIPLEY, Himself Creator of "Believe It or Not"

They keep you guessing down in Washington! And for awhile, I thought OLD GOLD might actually lose its first taste-test in 2 years.

874 smokers tested the four leading cigarettes with names concealed. Brand Y almost spilled O.G.'s apples!

But OLD GOLD'S nature-born goodness to taste and throat is as hard to beat as it is easy to take. Final score: OLD GOLD, 259; Brand X, 262; Brand Y, 224; Brand Z, 189.

HOOVER'S WISH ON VET BILL IS NOT OBSERVED

(Continued From Page One)
 taken by the veterans' bill were expressed by Cossens (R. Mich.) and Dill (D. Wash.). They urged the program advanced by the American Legion of adoption of the House bill without change, although pleas for liberalization of the House measure were voiced.

The measure had barely reached the Senate chamber from the House when Senator Ashurst (D. Ariz.) moved to take it up. Blocked by the rules, he entered a motion to discharge the finance committee from its consideration and said he would ask a vote today.

Pleading for regular procedure, Chairman Smoot of the finance committee, and Senators Watson of Indiana, and Reed of Pennsylvania, the ranking Republicans, said the committee had a right at least to read the bill and consult with Secretary Mellon regarding it.

Senators Cossens and Vandenberg then made a detailed analysis of the measure, denying vigorously the contention of Secretary Mellon that it would involve additional financing by the government, possibly necessitating increased taxes.

Smoot late in the day called upon President Hoover. He conceded that the measure which permits veterans to borrow up to 50 per cent of the face value of their bonus certificates would be quickly passed by the Senate and probably would pass over a veto. Smoot said he had no idea of the attitude of the President toward the bill.

A band of 27 war veterans reached the capitol yesterday from Seattle, Wash., to add their plea for prompt action by the Senate. They called upon Senator Dill (D. Wash.).

Rules Disclosed For Contest On Growing Of Corn

(Continued From Page One)
 least 50 or more farmers must be in the contest, otherwise the cash awards would be withdrawn.

The rules indicate that there is no entry fee, but that a registration blank must be filled in before the planting date. All records will be based on a contest plot of one measured acre and all contestants must grow a minimum of five ears of corn in Seminole County during 1931. Three judges, selected by the agricultural instructor, votes of the contestants, and vote of the two judges thus selected, will be in full charge, and the awards will be made at a "Corn Champion" dinner which will be held during Nov. 1931.

The complete regulations are as follows:

1. Crop must be grown in Seminole County.
2. A contest plot shall be one measured acre and all records shall be based on this plot.
3. Each contestant must grow a minimum of five ears of corn in Seminole County.
4. Records on the contest plot shall be kept up to date on the standard form furnished each contestant.
5. There shall be no entry fee.
6. Registration blank must be signed and filed with the County Agricultural Instructor before planting date.
7. Final records shall be placed in the hands of the County Agricultural Instructor within thirty days after harvesting the crop.
8. All measurements of area and yield will be made and certified by the County Agricultural Instructor for his agent.
9. A committee of judges shall be selected as follows:
 One to be selected by the Agricultural Instructor.
 One to be selected by vote of contestants.
 One to be selected by the above two selected judges.
10. Any deviation from the above rules will be subject to the rulings of the judging committee at the time of making the awards.
11. One bushel of corn shall be delivered to the County Agricultural Instructor at the time of estimating yield for the purpose of covering costs of yield estimate.

AWARDS POINTS

1. Yield per Acre—(based on 70 pounds per bushel of shucked ear) estimated in field.
2. Cost of Production—(based on actual cost per bushel).
3. Record—(based on accuracy and completeness of records kept on standard form).
4. Storage and Care After Harvesting—(based on efficiency of care and treatment of corn).

AWARDS

There shall be three awards: First, \$50.00; Second, \$25.00; Third, \$10.00.

Dr. Cadman has been pastor of the Central Congregational Church in Brooklyn since 1901.

LONGWOOD

Mrs. J. H. Menick

The largest social event put on by Longwood Chamber of Commerce since boom days was held Thursday night at Library Hall when between 250 and 300 members and guests filled the hall to capacity to enjoy a delightful program of entertainment and dancing. The most cordial address of welcome by president J. L. Anderson was received with applause, and every number on the program, under directorship of Postmaster Charles I. Matthews, was enthusiastically received. Aldia La Vigne charmingly rendered two songs accompanied by Mrs. Louis Entzinger. Olive Godding most cleverly gave two humorous readings. Margaret Matthews, accompanied by Aldia La Vigne, beautifully rendered two piano-legues. B. J. Overstreet, Sr., in his liminal style, recited a most clever humorous poem. Longwood residents are justly proud of local talent that is available in our midst and are glad of every opportunity to hear our entertainers. Postmaster Matthews told several hilarious anecdotes in his usual clever manner. Great credit is due those in charge of this most successful affair, especially to Mr. and Mrs. Ledger, secretary and assistant, respectively, of the Chamber of Commerce, and the various committees. A five piece orchestra from Sanford furnished covers selections and music for the dancing acceptably. All guests from ten to 80 years of age enjoyed dancing and there was none more lively than William Beebe, who lately celebrated his 80th birthday. Refreshments of cup cakes and fruit punch were served.

Mrs. Edward Hardy was the gracious hostess to members of Mrs. Charles McQuillan's Bible class on Wednesday afternoon at her home, Maine Villa, when 28 members gathered to honor their faithful leader. The rooms were beautifully adorned with flameless and apparatus ferns. An enjoyable program was rendered, singing by all, readings by Mrs. William Green, Mrs. Harker, Mrs. Henry Williams, Mrs. H. Whitten, Mrs. Margaret Travel talk by Miss Lucella Smith of Washington, D. C. A solo by Mrs. J. Fred Sibley field. A gift of five dollars in gold was presented Mrs. McQuillan by Mrs. Banger in a gracious speech and it was received in an appreciative response. The hostess served ambrosia fruit cake, and coffee.

Sanford Quintet Defeats DeLand By 35 To 20 Tune

(Continued From Page One)
 three more games on its schedule before the district tournament opens here on Feb. 27. The game being made to make the tournament the most interesting ever held here and with Sanford's team one of the three best in the entire district which is composed of 20 teams, large attendances should feature each of the sessions.

The Seminole High basketball squad which McLucas has developed is acclaimed everywhere as the best team ever to represent the high school. Basketball experts throughout the district are united in praise of the fine sportsmanship and play which has been an outstanding point of the local quintet's play since the season began, and information gained from several sources indicates that Sanford will win district honors and with it the right to compete for the state championship at Gainesville early in March.

The local quintet has won 10 of the 13 games on its schedule to date. It stands at the head of the northeastern conference with a record of eight wins and no defeats. From the view-point of its seasons record, no other team in Florida boasts as many victories over the class of opposition it has faced. It ranks on a par with the best teams which Tampa, Jacksonville, Miami and other leading cities have to offer.

Using new features for entertainment of winter visitors, last Tuesday evening at the library the hostesses for the weekly party were Mrs. Daniel Leighton and Mrs. Hardy, who served delicious refreshments.

In the debate at Lyman School on Saturday the subject "Should the present jury system be abolished" the negative was taken by Gladys Storercock and Fern FRAIN vs. St. James school team of Orlando. The latter team, but high praise was accorded the local debaters as theirs was a much younger class team. Judges were Mrs. E. P. Morse, Judge James Shuron and Miss Laura Chittenden of Sanford. Local debaters from Lyman school who met the St. James team at the latter town on the same night were Carl Stiles and Carolyn Lewis.

Mrs. J. H. Menick attended the luncheon of Sallie Harrison Chapter D. A. B. in Sanford on Friday at noon.

Rotary Speaker Gives Message Of Red Cross Work

(Continued From Page One)
 Wilson said that more than 4000 children were removed from war torn cities by the Red Cross and carried to places of safety miles behind the lines. One of the more than 4000 thus removed from their parents, all but approximately 500 were returned to their homes at the end of war.

Dr. Wilson's talk was the feature of the program which was arranged by out-of-state Rotarians, who, residing in this vicinity, are regular visitors at luncheons of the Sanford Club. Miss Elizabeth Clark was responsible for the several musical numbers

BRIDGE BUILT

(Continued from Page One)

led by Mr. J. H. Melch, chairman of the Board of Seminole County Commissioners, was in attendance.

Construction costs for the bridge were placed in the county budget which was passed about 10 days ago, and that work of the movement was to believe that there would be no charges made insofar as the road and bridge were concerned. However, the Sanford Committee of Commerce, which has looked the project consistently, with a committee of 12 prominent citizens to call today to present this section's interests.

Many efforts have been made to induce various road department boards during past years to consider the construction of the bridge. It has been suggested several times, and numerous engineers have been along the site, high computing the estimated cost of construction. Some months ago, after the organization of the Improvement Committee, what was believed to be the first assurance that action was soon to be taken was seen in the appearance over Sanford of an airplane bearing a road department engineer and a photographer who made pictures of the entire route.

Mr. Fawcett's telegram stated in part, "Work to be started soon" in order to expedite the matter as much as possible, the County and City Commissioners have been working together for the past few weeks in securing the necessary right-of-ways from property owners along the proposed route. At the present time all but three property owners have voluntarily deeded the needed strip of land to the city or county. All right-of-ways from Cloud Branch west to the bridge are now in possession of authorities.

The City has constructed a bulkhead as far west as the old city limit, in the vicinity of Ribaut Forest, while the City fill extends west as far as Cloud Branch, near the Zachary Veneer Co. plant. The county fill, but no bulkhead, extends from Ribaut Forest to the present bridge at Monroe.

When completed, the drive will undoubtedly be one of the most beautiful in central Florida for it will skirt a varied section, skirting at Monroe, the drive will skirt through a forest of spruce trees of grand height and considerable beauty; past the site of Woodland Park, once a large amusement center and picnic grounds where a huge sulphur spring flowed into a swimming pool of large proportions; then through a forest of pine, oak and maple trees, through Ribaut Forest. At that point a clear view of cypress fields which will in many instances be next to the road is afforded the motorist as he drives toward Sanford. Fully a mile of farm property adjoins the road, following which the industrial section of Sanford is passed, and finally the traveler finds himself at the Municipal Zoo and the City buildings where he turns south on Park Avenue.

RESIGNATION ACCEPTED
