COLUMBIAN

Sheriff Won't Appeal Budget

Seminole County Sheriff John Polk will not appeal his 1969-70 operating budget to Tallahassee.

In a statement this morning Polk said, "after carefully going over my budget during the weekend, I don't think I'll go to Tallahassee."

The sheriff went on to say the county commissioners were sincere in their efforts with the money they had available.

"It's a fair budget; it's not what I would like to have, but I can't hope for everything the first year in office," Polk commented.

The sheriff said he hoped that next year will see the tenure pay implemented for sheriff's department employees on a longevity basis. Polk ended up with \$890,618 of the \$485,000 he was seeking.

This is within \$42,178 of the amount he sought and included average \$68 monthly raise for deputies. New monthly salary hikes road deputies to \$477; detective sergeants at \$526; Lieutenants at \$552 and chief deputy's pay at \$778.

Skop Issues Points To City Fathers

By BILL SCOTT

Harry Skop, announced candidate for Mayor of Sanford, said he would bring five points before the city commission at tonight's 8 p. m. meeting in the city hall.

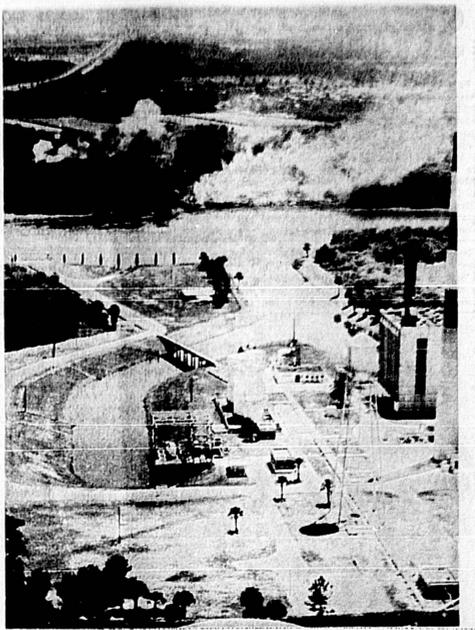

All will deal with the city's acquisition of the Sanford Airport from the General Services Administration and will follow the dispatch of a telegram from Skop to Vice President Spiro Agnew concerning the city's inability to get title to the former Navy base.

Skop informed he would request the commissioners to make the Lake Golden area of the airport a public picnic park; relocate the present bus terminal to the intersection of 25th Street and Mellonville Avenue on airport property; reserve Building 109 for an annex hospital to be supported for the poor for Medicare and Public Health Service; release Building 289 for school board use either as classrooms or vocational use and lease Building Seven for \$1 year to Mother Wilson as a replacement for the Good Samaritan Home, present site has been deemed by the State Fire Marshall.

Skop said certain rooms mental health patients in order to keep from putting sick people in the county jail.

Skop also informed he was concerned over the reluctance of the General Services Administration to cut red tape that is binding the former Sanford Naval Air Station and has forwarded a telegram to Vice President Agnew about the situation.

The merchant said he advised Agnew, who he said was an acquaintance when he (Skop) was a Maryland resident, about the Nixon pledge to help Indonesia's economy.

Judges Get New Line??

County Commissioner Greg Drummond is expected to recommend an additional telephone be installed in the circuit judge's office at the meeting of the Board of County Commissioners tomorrow at the courthouse.

The office which accommodates the five judges of the 18th judicial circuit is currently handling trials in Seminole County currently has only one line.

Public hearings including the controversial request to have a tract east of the intersection of Cornwall Road and Mellonville Avenue and west of Silver Lake rezoned from residential to agriculture are set for 11 a. m. The rezoning is being asked for a Boy Scout camp at the site. Adjacent property owners have protested the change.

Other hearings include requested rezoning from C2 to C3 for a portion of lot 3 and all of lot 4 in Forest City; rezoning from residential to R4, professional and multi-family dwelling district on a lot west of Hattaway Drive and SR 436 and vacating and abandoning of Violet Avenue between Bear Lake Road and Jimlin Drive in Holiday Bear Lake Subdivision.

Happy Day!

No Raise In Taxes

No increase in ad valorem taxes for Seminole property owners is called for in the budget for 1969-70 tentatively approved by the Board of County Commissioners following four weeks of grueling hearings. Public hearing on the appropriation is set for 10 a. m., Aug. 5.

More than \$100,000 was cut from requests of department heads to retail the millage level for the fiscal year to begin Oct. 1 at 6.33, one of the lowest in the counties in Central Florida.

With the cutting and rendering necessary to keep the taxes down, the board was still able to allocate \$23,000 for construction of a new courtroom expected to be portable buildings placed behind the courthouse; some \$28,500 to move the motor vehicle inspection station at site and \$17,800 for parks—miscellaneous and expansion as well as other new programs including a food stamp plan for the hungry and poor of the county.

One of the more interesting features of the budget shows the county at the end of the next fiscal year will have some \$132,410 in the bank to be applied to construction of the new courtroom and jail addition. Included in this amount is some \$20,000 for interest on time deposits and \$243,063 in taxes.

Complete budget in detail can be seen on Page 2A of today's edition of The Sanford Herald.

An idea of the chopping by the five-man governing body can be seen through comparison of current budget, requested appropriations and final approved amounts issued in order.

Arturo's control - \$65,031, \$18,736, \$76,270; county judge - \$47,520, \$59,427, \$42,029; civil defense—service officer—\$12,485, \$18,198, \$13,363; juvenile judge - \$23,256, \$41,215, \$37,136; county planner - \$19,245, \$40,003, \$29,999; zoning - \$29,310, \$67,013, \$53,885; county engineer—\$441,124, \$52,522, \$51,057; road department - \$653,462, \$871,276, \$662,467; extension service—\$27,348, \$29,399, \$29,139; health department - \$135,362, \$165,165, \$154,830; maintenance - \$59,678, \$83,033, \$67,230; motor vehicle inspection—\$94,909, \$79,017, \$75,702.

There's A Big Catch

By DONNA ESTES

Court cases brought by the State of Florida against three leading drug manufacturing companies could bring a windfall to Seminole County but . . .

Recent court action in New York charging three nationally known drug companies with overcharging for certain anti-biotics brought an order to the firms to return some \$30 million at the rate of 30 cents on each dollar spent on the drugs to the citizens who purchased them.

The big catch is that the users must be able to verify their claims over the period from 1954 to 1965: In the event private citizens made no claims the city or county governments could make the claims on their behalf, it was reported.

In the last few weeks, Florida's Attorney General Earl Fierchick filed a similar suit against the companies.

Sanford City Attorney William Hutchison and Longwood Attorney S. Joseph Davis Jr. were queried by The Herald today if either of their municipalities had considered trying to recover the moneys on behalf of their citizens.

Both attorneys cited an interesting question, "What could the municipalities do with the moneys if they recovered any?"

It would appear, according to the legal aides, that the cities would have to find some method to return the moneys to the proper persons which would be a near impossible task.

And it would also appear that the moneys could not be spent on behalf of the citizens for a public purpose. Both said they would be happy to join as party complainants in the suits if authorized to do so.

Estimates of the overcharge to Seminole Countians are very difficult to determine. However, if each Seminole family spent only \$5 per year over the 11 year period for the drugs and half of that amount were recoverable, the sum would total more than \$500,000.

Latching On To Aura Of Co-operative Success

A climate of general recognition of the value of cooperative effort has certainly been nurtured by the wonderful success of the Apollo 11 moon mission.

This is not then, a time when come of this approach to solving problems on earth, as well, should be pursued with vigor?

We believe it is. We believe it can be applied in the state of Florida, in Seminole County and in the municipal boundaries of Sanford.

This is not, it should be understood, any suggestion based on fanciful or visionary or deluding hopes. Operation of regional councils is not new, in fact this is the subject of a very competent discussion in the Regional Review Quarterly.

OK-CANAVERAL!

What a suitable and proper time for Congressional action to re-appraise national sentiment -- more precisely the feelings of Floridians -- and let Cape Canaveral re-claim its proper name CANAVERAL, and let the space center retain its designation as KENNEDY.

We are strictly in sympathy with this move which now has become the official action of the Congressional delegation from our Sunshine State.

"Well Done," Senators Spessard Holland and Edward Gurney and Representatives Lou Frey and Bill Chappell. Your introduction of bills to restore the historic name of Canaveral is truly expressing the wishes of the vast majority of your constituents.

Party lines fade. Political rivalries are subdued. For out of the past comes the tradition of explorer in the unknown lands of the west, about 450 years ago, placed that designation.

Time has put into perspective the national emotions which led President Kennedy to change the name to Kennedy, following the assassination of that youthful President.

With the successful conclusion of the "man-on-the-moon" objective it is even more logical to retain the name of John F. Kennedy for the space center.

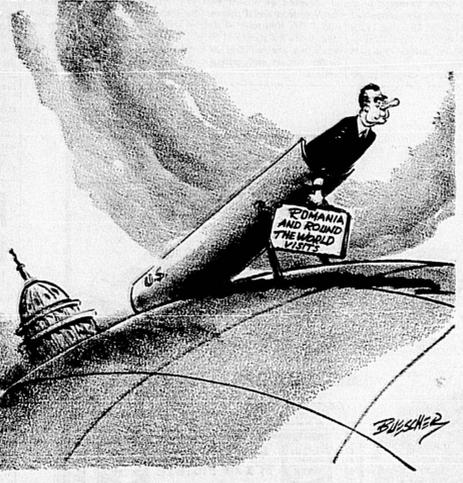

But surveys in the areas surrounding the space center show that the people there want to restore the overall designation as Cape Canaveral. We believe this to be proper, logical and timely!

Rerun Season

The summer television season is with us, and while there are a few new programs, reruns are plentiful. The best of the worst and the worst of the best is brought before us, and the Tuesday night movie pops up again as a new offering on the Saturday night movie, and Saturday moves to Monday.

And on some nights when the news is on, don't you think you've seen and heard it all before, and that Wednesday night's news is really that of the previous Friday? -- Savannah (Ga.) Morning News

U.S. INTERCONTINENTAL GOOD WILL MISSILE

Crane's Worry Clinic:

Careful Job Analysis Rewards

It requires high intelligence, plus diligence to duty and a strong liking for her job, to produce an outstanding dental assistant.

Such a girl is the mainstay of a doctor's practice! A dental surgeon of my acquaintance lost 4 dental assistants over a 10-year span, due to marriage of those girls to his assistant.

H. L. Hunt Says:

Tax Inflation

The buying power of the U. S. dollar has gone down by 12 cents during the last four years. Further still, in terms of purchasing power, the 1929 U. S. dollar is now worth only 30 cents. Inflation is approaching the palliating-spirit level in economic analysis.

Quotes

At this critical juncture in the formation of national policy it is not only proper but essential that the legislative branch seek to prevent the executive from leading our nation across the threshold of no return.

Mariner Nears Mars On Photo Mission

PASADENA, Calif. (AP) — Scientists expect to begin receiving tonight their best data ever on a centuries-old puzzle: Does life exist on Mars?

The closest pictures will show features as small as 900 feet across. The Mars probes were sent off by the Jet Propulsion Laboratory here for the National Aeronautics and Space Administration.

Photos taken on the Mariner 7 flight in 1965 showed a bleak crater-pocked surface resembling that of the moon. No mountain chains, ocean basins or continents appeared.

The Mariner pictures will be taken as the planet's southern hemisphere begins its spring season. Scientists hope to be able to determine whether the spring and summer darkening areas are vegetation, some form of algae or only rocks that change color.

Moon Germ Tests Underway

SPACE CENTER, Houston (AP) — A precious bit of soil dug from beneath the moon's surface begins a long series of tests today to determine whether it contains any biologically harmful bacteria.

A few grains will be placed in one rock when the dust fell off as a technician, good friend of the vacuum chamber, lifted it for closer inspection under a microscope.

The material was taken from one of two core sampling tubes that Edwin E. Aldrin Jr. pushed into five inches deep in lunar soil while he and Neil A. Armstrong explored the moon July 20.

This sample was hurried to the bio-preparation section of an airtight lunar receiving laboratory here so experts can get an early reading on how it might affect the sterile mice.

Taken With A Shrug

There'll Be Someone Else

By HARRY KELLY
Associated Press Writer
DENVER, Colo. (AP) — The foot soldiers and captains of the New Politics who fought the 1968 campaigns under the Kennedy and Kennedy banners are taking their leaders' troubles with a shrug.
"If Kennedy isn't there and Ted Kennedy goes down the drain," said one, "there will be someone else when the time comes. We are issue-oriented. We aren't hero-oriented."
This appeared to be the view of many of the more than 400 members of the New Democratic Coalition—most of whom were ardent supporters of McCarthy and the late Robert F. Kennedy—who gathered at a Western States weekend meeting to discuss racism, the ABM and politics. Many arrived in cars still bearing the McCarthy daisy decal and the Kennedy bumper stickers, as well as the more recent liberal battle cry: "The ABM is an Easel."
Some of those arriving early Friday crowded into a motel room to listen in silence, barely moving, as Sen. Edward M. Kennedy told of the events around the drawing of a pretty secretary.
About halfway through, a young man with a neat beard

Congress Gripes Of Being In Exile

By G. DAVID WALLACE
Associated Press Writer
WASHINGTON (AP) — Several black congressmen indicate they are beginning to see themselves as a kind of government-in-exile because they say President Nixon has abdicated his responsibilities to the nation's minorities.
"In this administration, the demands of the poor, of minorities—and of black people in particular—are falling on deaf, insensitive ears," said Rep. William Clay, D-Mo.
"It is quite evident that we will have to have our own flag over the next three years—implying it on our grounds and fighting to hold it. Nothing short of individual concern can prevent a total repression of minorities."
Clay's remarks came in material recently inserted in the Congressional Record.
Joining Clay were Reps. Louis Stokes of Ohio, John Conyers Jr. of Michigan and Shirley Chisholm of New York, all Democrats. Also, the office of Rep. Charles C. Diggs Jr., D-Mich., said it is preparing a similar statement for House delivery.
"As for myself, any hope of reporting to black America that the federal government will move with more commitment or more speed to overcoming the inequality in this country is rapidly fading," said Conyers.
"It seems to me that if the first six months of this administration is any criteria of what the poor, the uneducated and the black citizen of this nation can expect, then an opportunity for greatness will have eluded this President," said Stokes.
"It's all downhill in the nation's capital—priorities are sadly confused while this President acts on his obvious decision to accommodate conservatives and southern racists," said Clay.
Mrs. Chisholm urged help for

13 Year Old Girl Is Raped

Sanford police are investigating the rape of a 13-year-old Goldsboro girl said to have been committed by her grandfather. The alleged incident was reported by the girl's grandmother and reported to Chief Ben Butler, the girl was removed to Seminole Memorial Hospital for examination shortly after police received the complaint.
Butler said a full investigation into the allegation is underway by city detectives. The incident reportedly happened at the girl's home in the Goldsboro area.
In another city investigation, authorities here have been advised by the Sanford Post Office that a heavy set male cashed eight books of savings stamps here for a reported \$149.99.
The stamps were reported stolen and the accused was identified as Amos Young Smith, 38 years of age.
Smith is reported to be armed and is considered dangerous.

Democrats Charged In Abetting U. S. Inflation

By JACK BELL
Associated Press Writer
WASHINGTON (AP) — Democrats squirming under Republican accusations of abetting inflation by holding up extension of the income surcharge are countering by charging the tax has failed to curb rising living costs.
"Inflation has increased dramatically while the surtax has been in operation," Senate Democratic Leader Mike Mansfield said in an interview.
"Something more than the mere extension of that tax has to be undertaken to keep the cost of living from soaring."
The Democratic leadership has delayed action on a House passed bill extending the surtax until a major tax reform package is also ready for consideration.
Republicans say by refusing to extend the 10 per cent tax for six months, with a 5 percent rate for an additional six months, the Democrats are fueling inflation.
Mansfield's position is that tax reforms are needed more than a surtax extension.
The Democratic Policy Committee Mansfield heads has offered to support extension of the surtax for five months while work goes ahead on a broad tax reform bill.
The administration has rejected this offer in favor of pushing ahead for a full year's extension. But Senate Republican Leader Everett M. Dirksen has left the door open for further negotiations.
The matter may come to a head when the Senate considers a proposed extension of the withholding rates geared to collection of the 10 per cent surtax beyond the scheduled expiration date.
Both sides agree that failure to keep the withholding rates at present levels would invite chaos if the surtax were extended.
Mansfield and the liberal-opponents have urged Dirksen to extend more than the 15-day extension now proposed, to get added time to whip a reform bill into shape or to pass any House-passed bill that nature on the Senate calendar where it could be called up quickly.

Records Cleared On Offense

Seminole County Sheriff John Polk returned to Sanford late Friday afternoon after a stop was printed in an Orlando paper detailing unusual sex offenses occurring in the county jail and involving four male prisoners.
Sheriff Polk said a story given to an Orlando afternoon newspaper called him to cut short his visit to the bedside of a critically ill relative to set the record straight over the allegations contained in the account which quoted Assistant State Attorney Thomas Speer as saying direct information charges were being filed against Shadrack Martin, 19, Forest City and Joel McLean, 19, Apopka.
The pair are accused of attacking Howard Bolden, 17, 805 W. First Street, Sanford; and Norman Spraul, address not given, and committing unusual sex acts against them.
Speer said he had affidavits from five persons swearing to the attacks in which Spraul and Bolden were held and forced to submit urine for testing of being harmed.
Speer said McLean and Martin would be prosecuted in court for the offenses after Polk advised newsmen that jail measures had been taken to prevent such incidents from occurring again.
The sheriff said this was the first such incident in the jail since he became chief county law enforcement officer last January.

Ambition Confined To U. S. Senate

By JOSEPH E. MOHRER
Associated Press Writer
HYANNIS PORT, Mass. (AP) — Sen. Edward M. Kennedy is confining his political ambitions to the U.S. Senate—not the presidency—as he awaits what is shaping up as a vote of confidence by the people of Massachusetts, sources close to him say.
For the moment, these sources say, Kennedy has put out of his mind any ambitions he might have harbored for the 1972 Democratic presidential nomination.
He remains in seclusion here, insulated by thousands of telegrams in response to Friday night's dramatic television appeal. Kennedy is described by those who have seen him as irritated over press speculation about what the death of Mary Jo Kopechne

Sen. Edward Kennedy

Sometime around midnight Edward Kennedy's car with Mary Jo Kopechne as a passenger plunged off the narrow bridge on Chappaquiddick Island (7). Kennedy, uncertain how he escaped from the car, unsuccessfully sought to free Miss Kopechne before returning to the Chappaquiddick cottage (2), where he returned to Edgartown. Ferry attendants say he did not use the ferry from Edgartown to the Chappaquiddick dock (4) where a ferry attendant, about 9:45 A.M., called if they had heard about the accident. Kennedy returned immediately to Edgartown and went to the police.

You can buy an entire sports ticket for you and your family to see football, basketball, baseball, and swimming at a reduced price. If you want to get in on this great deal, give Coach Tom Perrin at 685-2 a call.

Perrin told this reporter last week that plans have been made to move the home section of football fans to the west side of Sanford's Memorial stadium. Perrin stated that there will be 200 reserved seats regardless of whether they are sold or not in that section. This will give the fans a much better look as to what is happening on the playing field.

Well, our old "buddy" Cassius seems to be having his problems again. If you haven't heard, a federal judge in Houston reinstated the former heavyweight champion of the world to five years in jail and a \$100,000 fine. Clay's attorney immediately filed a motion of appeal but it now appears that Cassius is just about to run out of string.

His religion has even forsaken him, as the Black Muslims have removed his Muslim name, Muhammad Ali. Hate to see such a terrible thing happen to such a "nice guy." I hate this is keeping many of you awake each night, isn't it?

Baseball - Football Answers
We've received several letters from you avid baseball and football fans with questions I gave you in last week's column. We will wait another week to give you the answers because no one has got them right yet. Watch for the answers to these "tricky" questions next week.

RACING COVERAGE
Our sports department continues to expand and now we are giving coverage on auto racing through the Central Florida area. Watch each week for special reports from Herald racing writers Fred Coxon and Larry Brann on the races which will keep you up with the times in racing.

CARL VANZURA

The Intermediate Pee Wee Division, ages 6-7 play five holes a day; the Jr. Tee Division, ages 8-9 play six holes a day; the Senior Pee Wee Division, ages 10-12, the same is over a regulation 18 hole layout which they play each day for 36 hole total.

In addition to competing for 24 trophies and the scarlet Pee Wee blazers, the contestants are guests at a special golf clinic to be held at 1:00 p.m. today and conducted by outstanding professional golfers. All players receive a Pee Wee patch and souvenir bag tag.

Male golfers between the ages of 10-15 who live in Orange and Seminole Counties competed in a Qualifying Tournament on July 15th held at Duhard Country Club. The purpose of this was to narrow down the local participants and make way for a smooth and "more professional" style tournament for the out of state entrants. Forty-four boys qualified out of 100 entries.

The 13-15 year old trophy went to Reg Gilbreath of Maitland, with an 18 hole score of 78 and the 10-12 year old trophy went to Matt Leslie, also of Maitland, after a one hole sudden-death playoff in which three boys tied with 88.

Registration, the golf clinic and practice rounds will be held today, with the actual tournament being played on Tuesday and Wednesday, the 29th and 30th of July. Following play on Wednesday an awards banquet will be held at the Pinar starting at 7:00 p.m. There will be plenty of excitement amongst the youngsters as the 24 trophies will be awarded.

Also today a no-fee Pepsi party will be held at the Sheraton for the benefit of out of town contestants and their relatives who are staying there. Local contestants and interested friends are also invited to this welcoming event.

For a lot of fun and entertainment take in the Pee Wee this year.

The big stride has been made by Bert Yancy, Howell Fraser and Judy Turkome, among others who have participated in the National Pee Wee Golf Championships during the past 22 years.

This is, without doubt, the most unique golf tournament in the entire world. The Pee Wee's 22nd, will again attract over 100 entries from all parts of the U.S.

The entrants, youngsters from 3 to 15 years of age, with their proud parents, will converge on Orlando, "The Action Center of Florida," for the big three day event.

Last year Julius Boros won the \$15,000 Citrus Open and Rio Pinar. Later that year Julius' son Julius, Jr. won the Pee Wee Championship on the same course. This year Fellow tour pro J. C. Goswie and Dave Hagan will have sons trying to duplicate young Julius' feat. This year's total will consist of three huge trophies in each of five age divisions, plus a coveted Pee Wee Blazer.

The National Pee Wee Golf Championships were inaugurated in 1947 through the efforts of Orlando P.H. man, Fred Crews, who convinced the city fathers that a kid's tournament would put Orlando on the map. Now golf plays a predominant role in the city's annual sports activity, a great deal of thanks to be given to Pee Wee.

The first Pee Wee tourney draw a heart 50 entries. The late golf pro, Denny Champane, put his scent into the game he loved to make the National Pee Wee a reality where youngsters could taste the challenge of championship play. Champane was the pro at Duhard Golf and Country Club in nearby Winter Park at the time.

Because tournament play varies in age groups, with both girls and boys divisions, the scores range from record setting performances in the older brackets to the humor and human interest in the youngsters.

From amateurs about sub-par scores in the teen division. But it's the late afternoon and evening sessions of the Pee Wee Division, that makes the gallery thrill and titter.

These younger stars are generally followed by their entire family with a few Daddy and Mom keeping score, along with relatives and friends manning cameras and usually convulsed with laughter.

The puppie-sized golfers group (that's the Little Pee Wee Division) generally has 30 entrants, both boys and girls. They compete over a 36 hole par 3, with cut courses with three holes of 50, 80 and 90 yards each day.

Pullen Paces Field At Orlando Raceway

By FRED COXON
Herald Racing Staff

Jimmy Dodd and Henry Pullen each won a heat and finished in their respective classes at Orlando Raceway Friday night. Dodd driving a Chevy powered sprint 3x ran off with his heat race but the feature was a different story as Larry Brazil came from clear back in the pack to knock the lead just to lose it on the last lap.

Pullen and his hot 1968 Ford number 27 had even less trouble by winning both races by more than half a lap over the second place car. George McLain, Tom Waring and Billy McElven staged a terrific battle for second place from start to finish. George finally crossed the finish line in second followed by Waring and McElven respectively.

Early Model
First heat: 1. Dan Harmon, 2. Cliff Goble, 3. Jimmy Dodd, 4. Jimmie Riddle, 5. Curtis Lettsworth, 6. Tom Waring, 7. Fred Coxon, 8. Wayne Henderson, 9. Don Reno, 10. Larry Brann, 11. Larry Brann, 12. Curtis Lettsworth, 13. Fred Coxon, 14. Wayne Henderson, 15. Don Reno, 16. Larry Brann, 17. Curtis Lettsworth, 18. Fred Coxon, 19. Wayne Henderson, 20. Don Reno, 21. Larry Brann, 22. Curtis Lettsworth, 23. Fred Coxon, 24. Wayne Henderson, 25. Don Reno, 26. Larry Brann, 27. Curtis Lettsworth, 28. Fred Coxon, 29. Wayne Henderson, 30. Don Reno, 31. Larry Brann, 32. OUR BOARDING HOUSE
I THOUGHT 'SOMEONE WAS TRYING TO TELL ME SOMETHING BUT MY EYE IS STICKING ALL OVER THE CITY. COULD HE BE BEING A HELICOPTER WITH A BOTTLE OF BLOOD? POSSIBLY PAINTED BLACK BUT NO ONE THOUGHT IT WAS MEANT TO SUPPORT EXPENSIVE TRANSPORTATION!

OUT OUR WAY
HOW IS IT THERE'S ALWAYS BEVING OR EIGHT BOTTLES OF PILLS AND WE'RE ALWAYS BEING CUT BECAUSE YOU LIVE MEDICINE FOR GRAMP AND NOT CON IT—AND HE THINKS NO MORE AS AN ASPIN AT THE HOUSE FOR THE REST OF US WITHOUT ME.

PRISCILLA'S POP
MY POP PUT ME BEHIND THE WHEEL TODAY! YOU MEAN HE LET YOU DRIVE?

WINTHROP
NO HE LET ME CLEAN THE FISH TRAYS!

SHORT RIBS
THE SKY ABOVE, THE OCEAN BLUE, ARE NOT AS BIG AS MY LOVE FOR YOU!

BUGS BUNNY
YOUR HAIR IS DARK AS THE RAIN'S WING YOUR SKIN A SANDY AND LUSTROUS THING!

THE WILLY:
THAT'S FOUR BITS IN A ROW YOU'VE GIVEN UP BIMO! LET'S CHECK OUR SIGNS.

THE PHANTOM
REX, THESE PEOPLE ARE YOUR REAL AUNT AND UNCLE—I KNOW BUT...

BEETLE BAILEY
BEETLE TELL ME THE TRUTH! DON'T LIE!! I'M NOT LYING.

ROBIN MALONE
MY FAULT! MY FAULT! I RAN! THE ANIMAL IS ALL RIGHT, MAKE— BUT THERE...

BLONDIE
LOW TERRIBLE, I'VE GAINED FIVE POUNDS THIS WEEK! I'M GOING TO GO TO THE DOCTOR!

FRECKLES AND FRIENDS
NOW THAT WE'RE IN THIS QUICK SAND HOW DO WE MANAGE TO HAVE SOMEBODY PULL US OUT?

WINTHROP
NASTY! THIS IS SPOTLESS MCFARTLAND... YOU'RE A FINK!

ALLEY OOP
WELL YES, I GUESS I DO HAVE A FEW HAND-MADE LIFE-LINE THEN WHO DOESN'T?

CAPTAIN EASY
YOU BET I'VE BROUGHT PROVISIONS! SLEEPING BAGS AND A PAPER TENT FOR YOU AND COMB!

THE WILLY:
ONE FINGER IS FOR A CURSE, TWO FINGERS IS A FAST BALL, AND A FIST IS —

THE PHANTOM
HE CAN COME BACK AND VISIT US, CAN'T HE? OF COURSE!

SIDE GLANCES By Galbraith
"What do you mean I should cut my hair? Do you want me to look like a freak?"

CARNIVAL By Dick Turner
"THIS DOESN'T PAY AS MUCH CASH AS WORKING, BUT IT HAS BETTER FRINGE BENEFITS!"

TIZZY by Kate Osann
"WHAT REALLY FRIES ME IS THAT RICHARD GOT A RAISE IN HIS ALLOWANCE RIGHT AFTER WE BROKE UP!"

Big B-52 Crashes

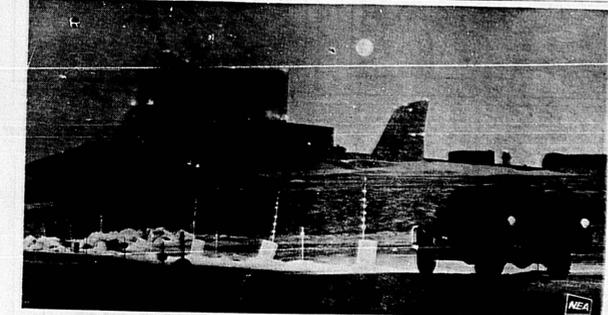

Cong Take Heavy Aircraft Toll; 18 Dead

By RICHARD H. PYLE
Associated Press Writer

SANFORD (AP) — The United States suffered heavy aircraft losses in the Vietnam war Sunday. The Viet Cong shot down a big helicopter that was evacuating a wounded U.S. Marine and a wounded prisoner from a battlefield Sunday, and a B-52 bomber crashed as it took off from Guam to bomb Vietnam. All 16 men aboard the B-52 helicopter—nine Americans and the prisoner—were killed when it crashed in the Que Son mountains 25 miles southeast of Da Nang after machine-gun fire hit it.

The six-man crew of the B-52 and two others aboard were declared missing after the bomber crashed and burned at the end of a runway at Andersen Air Force Base. It was taken off from Vietnam with a full load of bombs. The B-52 was in the ground war, the U.S. and South Vietnamese commands reported scattered clashes in which 165 enemy troops were killed and at least 12 enemy shelling, during the night, but the general hull in enemy-initiated actions continued in its sixth week.

Spokesmen at Da Nang said a crew of five Marines, a wounded Marine rifleman, a wounded prisoner, a U.S. Marine and a South Vietnamese com-

MOON SHINES over Thule Air Base in Greenland and somehow it doesn't seem as far away as it used to before Apollo 11. Aerospace Defense Command (ADC) personnel stationed at Thule, 650 miles north of the Arctic Circle, maintain a constant vigil, watching space for any enemy missile threats.

'Viet Nam Will Just Fade Away'

WASHINGTON (AP) — A day to come in the Vietnam war without a shot fired. No agreement on paper. Just silence. Such an end has been suggested by Senate Democratic leader Mike Mansfield and former Secretary of State Dean Rusk.

The Montana senator noted Henry Cabot Lodge, chief U.S. negotiator at Paris and others, might have observed the war might fade away with out a formal settlement at the conference table.

Unless Hanoi ceases its intransigence at Paris, Mansfield said it is possible there never will be any negotiated cease-fire.

The relative lull in the fighting now could be interpreted as the beginning of such a process, Mansfield said. He has been told that there has been no significant infiltration from the North in four months, he said. "There are many alternatives," he said.

Milwaukee Phil Clipped

CHICAGO (AP) — Federal authorities in Chicago have seized reputed high-ranking Chicago crime syndicate figure Felix "Milwaukee Phil" Alderise and charged him with conspiring to defraud a bank.

FBI Director J. Edgar Hoover said the arrest was "a blow to the upper echelon leadership of La Cosa Nostra."

Alderise, 57, was arrested by the FBI Sunday after 20 agents surrounded his home in suburban Northbrook. Bond was set at \$100,000.

A sealed, 21-count indictment returned Friday charged that Alderise conspired with three

Police Nab Two Burglar Suspects

Sanford police have arrested two men in two separate burglaries of city stores early today.

Henry Earl Bradsaw, 23, 115 Bethune Circle, was booked with breaking and entering after he was reportedly apprehended inside Furniture Center, 11th Street and French Avenue by Lt. Edward Hayden and Patrolman Charles Tate.

A second man caught near the scene of an entry of Bob Miller's TV and Radio on French Avenue is expected to be formally charged later today, according to Sgt. Ralph Russell, city detective.

Russell said that a piece of cement was used to smash the glass windows of Miller's and two TV sets were dropped by the suspects in a rush to escape the police dragnet that swooped down on the unsuspecting felons.

Russell said the 21-year-old Sanford suspect caught near the scene would be charged and his name released as soon as the preliminary investigation is completed.

Chief Ben Butler praised the "outstanding work of Patrolmen William Lykens, Richard Neesby, Investigator Vern Brewster, Capt. Earl Rodriguez, Russell Hayden and Tate."

Zoo... HOOO-RAY! SISTERS Spur City To Act

Sanford City Commission last night prodded by the appearance of the SISTERS group moved to locate the much discussed zoo attraction on an 11-acre site west of the sewage treatment plant on the lake front.

The action by the commission followed the motion of Commissioner Earl Higginbotham to deal with the problem that has been hantered back and forth for several years, but never acted on because of the reported lack of sufficient funds to move the free facility.

Val Colbert, newly installed president of the women's group, read to the body a proposal asking that the site lying directly west of the treatment plant, consisting of about 11 acres and city-owned, be used for the zoo.

Because of the sewage problems the city has encountered with the State Pollution Board over the alleged pollution of the lake by the lack of a second sewage treatment facility, the SISTERS asked that a consultant engineer determine the requirements for the future expansion of the sewage plant.

The women objected to the lakefront property being used for treatment plant expansion and sought the commission to determine how much land is required for future sewage needs and recommended an engineer determine this need.

Mrs. Colbert stated, "The people of Sanford have already paid for plans and models that were designed to fit this site; they are paying now for the maintenance of the zoo and we don't believe they should have to vote an additional tax on something that has already been sold and is being paid."

It has been mentioned earlier principally by W. E. Knowles, city manager, that a millage might be voted to provide funds for re-locating the zoo.

Higginbotham, after hearing the proposal, moved to implement the plan of the zoo on city owned land explaining, "We need no elaborate zoo plan."

The commissioner received applause two times from the women's group, when he moved to instruct Knowles to use all available information to get a started on the zoo relocation as soon as possible.

Commissioner J. H. (Jimmy) Capps, with the sewage problem in mind, advised that preliminary drawings of the zoo and sewage plant be made to get an idea of how the zoo would fit in the site on a compatible base.

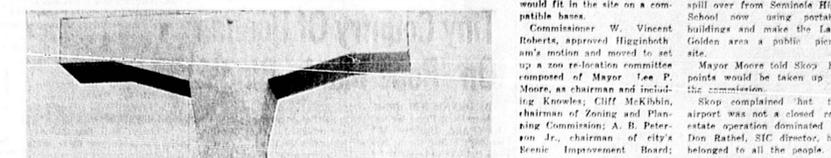

Commissioner W. Vincent Roberts, approved Higginbotham's motion and moved to set up a zoo relocation committee composed of Mayor Lee P. Moore, as chairman and including Cliff McWhinn, city manager, as a member, the chairman of Zoning and Planning Commission; A. B. Peterson Jr., chairman of city's Rent Improvement Board; Gerald Dixie, city planner; Cal Conklin, city engineer, and representatives from all civic clubs, including SISTERS.

In other commission action, Harry Skop, a Sanford merchant and a candidate for mayor, presented his five points for the group over the use of the Sanford Airport properties.

Skop wanted commission to allow use of base buildings for the establishment of a low cost child hospital for the poor; lease a structure at \$1 per year to Mother Wilson to move the Good Samaritan Home, now under a directive from the Fire Marshall's office to close present facilities; allow school system use of Building 289 for spill over from Seminole High School now using portable buildings and make the Lake Golden area a public picnic site.

Mayor Moore told Skop his points would be taken up by the commission.

Skop complained that the airport was not a closed real estate operation dominated by Don Rathel, SIC director, but belonged to all the people.

What Is A Violation?

By BILL SCOTT

Exactly two minutes after the regular meeting of the Sanford City Commission ended last night the commissioners filed into the adjoining office of City Manager W. E. Knowles to receive a secret report from Knowles' phone earlier in the day from Washington after the city manager had concluded talks aimed at receiving the title to the Sanford Naval Air Station property from government officials.

A Sanford Herald reporter was denied access to the report after requesting a copy of the document from Mary Harkey, Knowles' secretary.

The employee said Mayor Lee P. Moore would have to approve the showing of the report to the press.

Roberts said the matter contained in the document was not discussed in the office by the commissioners.

Knowles telephoned today to inform his meetings with GSA, FAA and others appeared to be favorable to the city's position, but did not elaborate.

The city manager talked Monday with FAA at 10 a.m.; met with GSA at 2 p.m. and talked with David Early, an aide to Gov. Claude Ricketts and Neal Peterson, a private consultant and former aide to Vice President Hubert H. Humphrey.

Knowles will conclude his fact-finding mission today with a morning session with San. Edward Garney and a final session with the FAA officials tomorrow until Sept. 8. The court will determine once and for all if Sanford is the Seminole County seat.

Alexander agreed that there is nothing that says the county can't begin charging the 50-cent fee to individuals users earlier than planned.

It is likely following report on the feasibility of Sunday opening that fees for commercial users will be raised to 25 cents per cubic yard earlier than planned as well.

On another matter, the board on recommendation of Sheriff John Polk voted to post the bridge that crosses the Wekiva River at Miami Springs Drive. Parking will be banned on the bridge as well as fishing and swimming from the dead-end span.

The sheriff said he has been having problems with people parking on the bridge and drinking and with others diving off the span into the water while canoes are passing.

Action on the request of the City of Altamonte Springs for permit to use county rights-of-way to install sewerage lines in phase I of the municipality's sewerage system was delayed due to the absence of Commissioners Edward Warburton and Don Rathel.

County Engineer William Bush recommended a performance bond be required before approval is given to installing the lines on Hattaway Drive.

Resolution was adopted requesting the State Department of Transportation to participate in phase I of the municipality's solid state traffic signals for installation in Seminole.

Middle East Crisis Grows

By THE ASSOCIATED PRESS

Israeli artillery fire was blamed today for the death of the first U.N. observer killed in the Suez Canal fighting.

The observer, Swedish Maj. Bo Planc, 27, was killed Sunday during a heavy artillery duel between Israeli and Egyptian forces near Port Suez, at the southern end of the canal.

Planc was one of 47 observers on the Egyptian side and it was assumed that an Israeli shell killed him.

A U.N. spokesman said Secretary General U Thant "renewed the observer's death 'very seriously' but had not decided yet whether to recommend with withdrawal of the 47 other observers, stationed at eight posts on each side of the 160-mile waterway.

"Thant said three weeks ago that the observers had become 'unreliable targets in a shooting gallery.' He said that if fighting continued along the canal he might be forced to withdraw them.

Enlistments Drop Off

WASHINGTON (AP) — President Nixon's promise to eliminate the draft, and other factors associated with the Vietnam war, caused the Army to miss its enlistments goal last year by 6,000 men.

The deficit and conclusion are reported by Army Recruiting Command officers who say they can't recall a year when the Army faced so badly in signing volunteers.

Army enlistments fell short of the recruiting command's objectives every month from November through June, almost a traumatic falling for a command accustomed to success.

Figures just compiled for fiscal 1969 showed the Army persuaded 352,600 men to join up outside the draft, compared with an objective of 397,600. In the previous two years Army recruiters surpassed their annual goals by 2,900 and 9,000 men.

Col. Donald L. Roberts, chief of staff for the recruiting command, said in an interview that four factors combined to cause this severe drop.

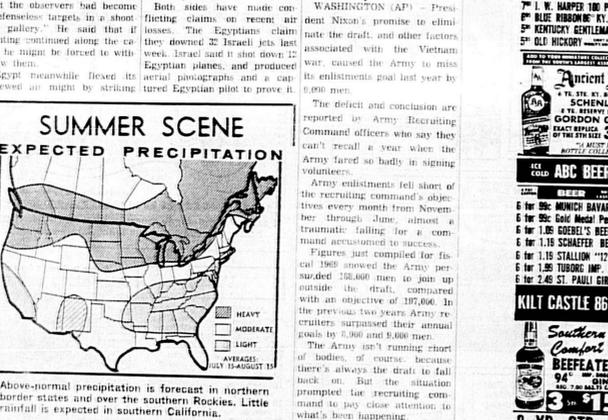

—Richard M. Nixon pledged last fall that as President he would strive to establish an all-volunteer force, eliminating the draft when the Vietnam war is over.

—Immediately when that announcement was made, out recruiting went into a nose dive," Roberts said. But that wasn't all.

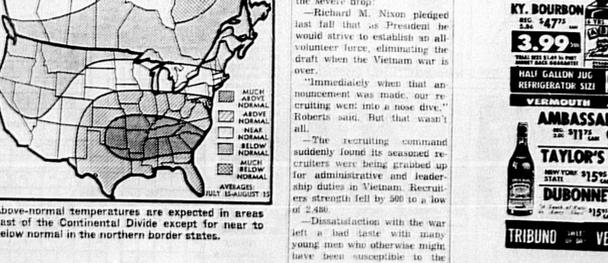

—The recruiting command suddenly found its accustomed regulars were being grabbed up by administrative and leadership duties in Vietnam. Recruiters straight fell by 300 to a low of 2,400.

—Disillusionment with the war left a bad taste with many young men who otherwise might have been volunteering to the persuasive powers of recruiters.

Buses Delayed One Week

By DONNA ESTES

Starting date of bus service by the Orlando Transit Company to the Casselberry area was delayed one week to August by the City Council last night to give additional time to work out details of the venture to be subsidized by the municipality.

Councilman Thomas Napier, who spearheaded the effort to obtain the service agreed to the one week delay in order that arrangements could be made with the cities of Altamonte Springs and Longwood to participate in the costs if they desire.

It had been planned to pick up passengers from Seminole Plaza and take them to major shopping areas in Orange County. If Altamonte and Longwood participate financially in the venture, the route of the buses will be changed to go into those cities for passenger pick-up.

Under the current plan, the city would guarantee revenues of \$60 for each of the two days a week the bus is to operate (Continued on Page 1B, Col. 1)

Drummond Asks For Cost Estimates

Alexander agreed that there is nothing that says the county can't begin charging the 50-cent fee to individuals users earlier than planned.

It is likely following report on the feasibility of Sunday opening that fees for commercial users will be raised to 25 cents per cubic yard earlier than planned as well.

On another matter, the board on recommendation of Sheriff John Polk voted to post the bridge that crosses the Wekiva River at Miami Springs Drive. Parking will be banned on the bridge as well as fishing and swimming from the dead-end span.

The sheriff said he has been having problems with people parking on the bridge and drinking and with others diving off the span into the water while canoes are passing.

Action on the request of the City of Altamonte Springs for permit to use county rights-of-way to install sewerage lines in phase I of the municipality's sewerage system was delayed due to the absence of Commissioners Edward Warburton and Don Rathel.

County Engineer William Bush recommended a performance bond be required before approval is given to installing the lines on Hattaway Drive.

Resolution was adopted requesting the State Department of Transportation to participate in phase I of the municipality's solid state traffic signals for installation in Seminole.

Nothing Yet!

Florida Supreme Court has come to no decision as yet on the Seminole County courthouse relocation suit, the court officer in Tallahassee told The Herald today.

It is hoped by local officials that some decision is forthcoming before the court recesses tomorrow until Sept. 8. The court will determine once and for all if Sanford is the Seminole County seat.
