Lookouts Swamp House Of David Nine By 15-5 Count

Estellala Leads Batters With Two Homers, Double And Single In Five Trips

Rochester Game Here Today Is Cancelled Because Of Rain

Scoring in every inning except the second and seventh, the Chattanooga Lookouts had little trouble swamping the House of David team, 15-5, here yesterday afternoon in an exhibition contest featured by Estellala's two home runs, both of which came with the bases empty.

The Lookouts hopped on Gravie, starting pitcher, for the bearded men, for ten hits in four innings and rapped out eight against the veteran Moon Swainey in the final four. A base on balls by McFarland, Benmiller's single, Miles' double and single by Estellala and Bloodworth netted two runs in the first inning while Miles' triple, Wadell's single, two errors and singles by Bloodworth and Benmiller, combined with a fielder's choice, netted six runs in the third. Estellala's home run over the left field fence proved to be the only tally of the fourth while Estellala's single paved the way for the only run of the fifth as the relief hurler snared after going to third on McFarland's hit by coming in on the force play made on Benmiller. Estellala again hit for a circuit blow in the sixth, sending the home side over the left field wall for the second time while Miles' triple, and error, Estellala's double and Bloodworth's single brought about the three runs scored in the eighth.

The visitors scored one in the fifth after Vang singled and took second on Pitt's single, went to third on a wild pitch and tallied when Woods fled out to deep center. Their four runs in the eighth came after singles by Woods and Grancin, a double by Sweeney, two errors and a single by Pitts.

Estellala was the sparkling of the Lookouts in the platter, getting four hits for five trips, including his two homers, a double and a single. McFarland obtained a double and two singles in four trips, while Moon Swainey proved to the crowd that the old boy could still go, getting two doubles and a long single in four times at bat.

"Alabama" Pitts, the famed athlete from Sing Sing, failed to give the fans any extraordinary thrill although he came through in the latter innings to chalk up two singles for his five trips to the plate.

Petticolas, starting hurler for the Lookouts, walked three men, fanned three and held the visitors hitless in his three innings. Estellala, who replaced him, walked one and struck out three in his three frames, allowing three hits and one run, while Morrison, finishing pitcher, walked two and fanned three while the bearded batsmen got to him for six hits and four runs.

Gravie, bearded pitcher, walked one and fanned none, giving ten hits and ten runs while Swainey and the final four. A base on balls by McFarland, Benmiller's single, Miles' double and single by Estellala and Bloodworth netted two runs in the first inning while Miles' triple, Wadell's single, two errors and singles by Bloodworth and Benmiller, combined with a fielder's choice, netted six runs in the third.

The Lookouts were scheduled to play the Rochester team of the International League here at 3 o'clock today but rain intervened.

Cone Voices Opposition To Book Buying

Board Of Education
Discusses Set Of
Proposed Statutes
For Year's Action

Governor Says
'Pay For Basics'

English Seeks Con-
trol Of Orders
On School Texts

TALLAHASSEE, Mar. 31.—(AP)—Governor Cone opposed State purchases of supplementary textbooks for public schools today as the State Board of Education discussed at length, without final action, a set of legislative recommendations proposed by Colin English, superintendent of public instruction.

"I'm not going to adopt any more of them [supplemental books]," said Governor Cone. "As far as I'm concerned, from now on we will pay for basic books and no more. If they want supplementary readers, they can get them, but we shouldn't have them at State expense. It's going to bankrupt the State if it doesn't stop somewhere."

English proposed to have the law revised for the State superintendent to have closer control over orders.

An existing law provides that County superintendents send in book requisitions and the State make purchases based on these.

County Dispatches
3,619 Carloads Of
Celery This Season

Seminole County has shipped 3,619 carloads of celery to date in the 1937 season, according to a periodic report issued yesterday by the local branch of the Bureau of Agricultural Economics, U. S. Department of Agriculture.

At this time in 1936, the County had shipped 3,080 carloads, comparable figures of the bulletin showed.

Breaking down the figures further the Bureau pointed out that the Sanford district produced 3,224 carloads of the total, while the Orlando section is responsible for 285 carloads. Both areas are ahead of last year's shipping.

Florida as a whole has shipped 4,911 carloads of celery this season, the Bureau said. At this time last year the figure rested at 3,979.

Develop Florida's
Waterways, Lehmann
Says To Kiwanians

The importance of developing Florida's waterways to connect the State's lakes and streams to create a "yachiman's paradise" was brought out today by Karl Lehmann, secretary of the Lake County Chamber of Commerce, in an address before Sanford Kiwanians in the Valdes Hotel.

Club members received J. C. Rogers of Leesburg, Lieutenant-governor of the Central Florida District of Kiwanis, who complimented the unit on its work and heard the official report of the Board of Directors.

Other visitors were E. H. Williamson and C. H. Hippel, of Eustis; Adolph Meisch of New Jersey; Dr. W. D. Gardner of Bradenton; and Mr. Richardson of Atlanta.

Music Unit Honors
Return Of Member

The string band of the Seminole Chapter, Future Farmers of America, State champions last year, honored the return from the north of Jerry Senkarik, a member, Tuesday night at an entertainment in the home of Alex R. Johnson, advisor.

Those attending were Henry Jameson, David Shannon, David Earle, Eddie Hawk, Romeo Whaley, Edwin Pruden, William Burrow, Kenneth Guterson and Robert James.

Future Farmers Annual Banquet Scheduled Friday

Dr. E. W. Garris Holds
Spot As Principal
Speaker For Night

The annual parent and son banquet of the Seminole Chapter of Future Farmers of America has been scheduled for 7 P. M. Friday in the cafeteria of the Senior High School, Alex R. Johnson, advisor, announced today.

Among the speakers are Dr. E. W. Garris, agriculture teacher-trainer from Gainesville; Walter Mewling, sales manager for the Central-Oriental Textile Growers Association; and the Rev. C. E. Farmer, pastor of the Christian Church.

Dr. Garris also will present his judging cups won by the Chapter in the crop judging contest at the Tampa Fair early this year.

Future Farmers who will speak on the 1936-37 program are John Jones, Jr., Boyd Coleman, Herbert Thurston, Lionel Appleby, John Mauser, Howard Dague, George Spivey and Kenneth Gustavson.

Talks by these members will include the accomplishments of the Chapter during the present school term showing both the financial and scientific side of the unit's work.

On past occasions, the banquet has been well attended, and Mr. Johnson estimated that at least 125 will be present Friday.

Musical entertainment is to be furnished by the Chapter's string band.

Collector Of Taxes Reports Mild Rush In Receiving \$1,960

Collections in State and County taxes Tuesday totaled \$1,960.00 as citizens staged a mild rush to settle their bills with the Government before the debts became delinquent, Tax Assessor Jno. D. Jenkins said today.

March is the last complete month in which taxes may be paid before delinquencies begin. They fall in arrears in April.

Mr. Jenkins reported that 600 poll taxes for 1936 had been paid as Sanfordites sought receipts that would enable them to vote in the special election of Apr. 13 to name a City Commissioner to succeed Perry N. Whitehurst, resigned.

Minister Tells Why Some Prayers Seem To Get No Answers

The highest form of prayer is to pray "Thy Will be Done," the Rev. E. H. Jennings of Bradenton, conducting special services at the First Baptist Church, told a large congregation last night who heard his sermon, "Some Reasons for Unanswered Prayer."

He said another reason for unanswered prayer is that the Lord sometimes replies in ways which are not expected.

The Rev. Jennings will speak again tonight at 8 o'clock. The Rev. W. P. Brooks, Jr., pastor of the church, said the building will be heated. The public is invited to attend.

At the same time Mr. Ross will discuss safety problems. The public is invited to attend.

Sanford Asked To Assist Blind In Flower Sale Appeal For Funds For Worthy Cause

An appeal to Sanford citizens to be made Saturday by the American Brotherhood for the Blind through the sale of flowers.

Contributions received from these sales will be used to further the Brotherhood's various Braille publications that are given free to blind readers.

The committee sponsoring the affair includes Mayor Edward Higgins, Mrs. Stella P. Arrington, the Rev. W. P. Brooks, Jr., Mrs. J. C. Mitchell and Mrs. Walter Cooper. The event is sponsored by the Sanford Lions Club.

During the flower day sale, headquarters will be maintained at the Valdez Hotel with Miss Luella Holt in charge of young people's work and finances.

"Florida clay are of the sedimentary type and are grouped in five classifications: Kaolin, pottery clays, Fuller's Earth, Bentonite clays and impure or stained clays.

Florida has stood first in the production of phosphate for nearly a half a century. Its phosphate resources were discovered in 1884.

"Gypsum was widely used by the first Florida explorers in construction of their fort because of its capacity to absorb a cannonball and shatter upon its impact.

"Florida's lakes were formed by the collapse of the limestone base, which supports most of the State. Underground waters dissolve the limestone, the roof of the cavern collapses and the lake is born.

"Florida has 21 outstanding springs, from Silver Springs, near Ocala, with a flow of 350,000 gallons of crystal-pure water per minute to Waldo with a flow of 12,000 gallons per minute.

"Florida has undergone geological convulsions during the ages of her creation as many parts of the land-areas of the world have, but was formed by gentle rise and fall of the land from the sea-bottom; sedimentary deposits made while under the waves and the washing action of the tides while above the ocean."

March is the last complete month in which taxes may be paid before delinquencies begin. They fall in arrears in April.

Mr. Jenkins reported that 600 poll taxes for 1936 had been paid as Sanfordites sought receipts that would enable them to vote in the special election of Apr. 13 to name a City Commissioner to succeed Perry N. Whitehurst, resigned.
