Rebel Drive Is Victorious At Loyalist City

Sanfander Falls To Motorized Troops Of Insurgents; Only Northwest City

Insurgent Officials Reveal Surrender

50,000 Soldiers Are Believed Trapped By Rebel Columns

HENDAYE, Aug. 25.—(AP)—Insurgent officials announced today the surrender of Santander, the last remaining government stronghold on the northwest Spanish coast. Advice from the insurgent field headquarters said government authorities in the city had officially handed over the notice of surrender.

Then the insurgent motorized troops casually drove ahead to enter the outskirts. Late this afternoon a strong detachment was only three miles from Santander proper. The fall of the city was hastened by street fighting.

Santander's civil guard part of the police and some of the government troops demanded immediate capitulation in the insurgents. So swift was the insurgent advance that 5,000 government militiamen were believed caught in a pocket formed on the southeast of the city by the insurgent troops.

The insurgent commanders announced that all 35,000 of the government troops remaining in Santander submitted to the demands of the rebels.

Police Continue Hunt For Slayer Of Young Nelson At Post Office

Letter From Bank Acknowledges Posting \$1,500 Reward

A letter received today by Chief of Police Roy G. Williams advised the fact that payment of a \$1,500 reward awaited any party or parties who divulged information leading to the arrest and conviction of assistant responsible for the death of Chandler H. Nelson.

The letter addressed to Chief Williams from the Fidelity Bank and Trust Company of Baton Rouge reads as follows:

Messrs Nelson Brothers have deposited with us an additional \$500, making the reward now in our hands \$1,500 for information leading to the arrest and conviction of the person or persons responsible for the death of their brother, Chandler Nelson.

In the meantime, City officers are far from abandoning the case. In fact there is more optimism regarding the apprehension of Chandler Nelson's attackers than there has been at any time since the crime was committed.

At the present time, Chief Williams reported his department is awaiting a report from the Bureau of Investigation regarding the chemical analysis of the paint found on Nelson's car.

From this report, Chief Williams said he hoped not only to verify the color of the car which was revealed in tests here but also to determine the make and model of the car since the various types of paints used on the different makes are different in different years.

W. W. Nelson, brother of Chandler and a resident of Longwood is following the case closely and is spurring efforts which might lead to the arrest of the unknown attackers. Mr. Nelson is in Sanford every day and reported that he would be more than glad to hear any communication relative to his brother's death.

Destruction Is Reported In Riot On Bahama Isles

NASSAU, Bahamas, Aug. 25.—(AP)—The colonial government after five days of fearful losses from Great Inagua, learned yesterday of widespread destruction and the death of one man.

Boarding the Royal Netherlands steamer Medan as she entered the harbor, British Consul Symonds sent British authorities here their first information since a radio appeal for help at Great Inagua was abruptly interrupted last Thursday.

Joseph Erickson of Swampscott, Mass., American co-owner of Inagua's 6500,000 salt industry, was forced to get to sea last Friday with 14 other persons, including the British consul, but reached Cuba safely in their small motor boat.

The salt works, developed by two brothers, Joseph and Arlock Erickson, was said by Consul Symonds to have been burned along with the consul's official residence and the government wireless station.

Funeral Services Held For Walter Dobson

Funeral services for Walter Dobson were held in the Christian Science Home this morning at 10:00 A. M. with Rev. E. D. Brumley of the Presbyterian Church here officiating.

The services were attended by a large number of friends whose floral offerings were profuse.

"Abide With Me" and "Nearer My God To Thee" were rendered by a quartet composed of Mrs. W. L. Morgan, Mrs. Claude Herrington, Mr. E. O. Shinkler, and Mr. F. S. Landon, accompanied by Mrs. F. F. Dutton Jr.

Interment was made in the Evergreen Cemetery.

Crash Proves Fatal To 3 Young Women

LAKE CITY, Aug. 25.—(AP)—A crash between two planes brought death yesterday to two young Lake City women and injuries to one other person.

Miss Gertrude Tuley and Miss Margaret Lunde died soon after the accident.

PARENTS VIEW EMPTY CARRIAGE

Mr. and Mrs. Harman Lucas, whose three-month-old baby daughter, Diana, was reported to police as stolen at Chicago, view the carriage from which the child was allegedly taken. Mrs. Lucas told police the infant was kidnaped from the carriage while she was shopping.

Police Continue Search For Slayer Of Young Nelson At Post Office

Letter From Bank Acknowledges Posting \$1,500 Reward

A letter received today by Chief of Police Roy G. Williams advised the fact that payment of a \$1,500 reward awaited any party or parties who divulged information leading to the arrest and conviction of assistant responsible for the death of Chandler H. Nelson.

The letter addressed to Chief Williams from the Fidelity Bank and Trust Company of Baton Rouge reads as follows:

Mr. Nelson is in Sanford every day and reported that he would be more than glad to hear any communication relative to his brother's death.

Sanford Airmail Cachet Available At Post Office

Measuring Three By Three, It Commemorates Air Week

First day covers of the first all-Florida air mail flight tomorrow may be obtained by legal stamp collecting enthusiasts from the Sanford Post Office, according to Postmaster H. J. Holly.

They will be stamped on the left-hand side of the letter with a cachet made especially for this city.

The cachet commemorates the flight made during Florida Air Mail Week, Aug. 23 to 30, by a ship of the great Silver Fleet by the Eastern Air Lines. It measures approximately 3 by 3 inches. Postmaster Holly has had green ink for the impressions of the cachet to honor Postmaster General Farley "whose Irish blood makes him particularly fond of the color."

Philatelists may obtain these first covers by sending an airmail letter tomorrow which will be picked up by a plane flown by Ben Stengel in the afternoon. It has been stated that they should become very valuable because of the improbability of another similar flight.

Other flights will be made to cities not on the regular air mail route in addition to the regularly scheduled 11 air mail stops made daily throughout the state of Florida. Landings have been arranged for DeFuniak Springs, Marianna, Tallahassee, Madison, Live Oak, Lake City, St. Augustine, Gainesville, Ocala, Palatka, New Smyrna, Deland, and cities along the lower East Coast.

The Florida Air Mail Week observance has been arranged under the direction of Postmaster William D. Jones, president of the Florida Chapter, National Association of Postmasters.

PWA Approves Fund For Florida Projects

WASHINGTON, Aug. 25.—(AP)—Senator Pepper said yesterday the Public Works Administration had approved all 10 Florida projects, for a total of \$1,635,784.

The 10 projects, grants unless otherwise specified, included:

- Florida school addition, \$242,833
- grant, \$430,000 loan
- McClenny, water works, \$22,500
- McClenny, refrigeration plant, \$14,715
- Fernandina, paving, \$12,100
- Fernandina, harbor improvement, \$72,000
- Anthony, school, \$11,728
- Wetlands, gymnasium, \$12,888
- Miami Beach, storm sewer, \$12,761
- Miami Beach, water main, \$75,937.

Court Battle To Be Resumed By Roosevelt

President Decides To Continue Fight To Relieve Burden On Supreme Court

WASHINGTON, Aug. 25.—(AP)—President Roosevelt served notice today that some reorganization of the Supreme Court remains the objective of his administration.

He made his first public statement on the court situation since Congress shifted his demand to enlarge the high tribunal by one new member for each present justice over 70 who did not retire.

The statement came with the White House announcement that Mr. Roosevelt had signed the measure providing for changes in judicial procedure in the lower courts. Out of the long court-stutter fight over the court bill, these proposals also were retained, and enacted.

The President said the lower court bill "registers a moderate and limited advance into a field which calls for further and more complete exploration."

But he said the bill "leaves entirely untouched any method of relieving the burden now imposed on the Supreme Court." This he then included as one of the objectives which he said "are of a necessity a part of any complete and well rounded plan for the reform of judicial procedure."

Discussion Is Held By Commissioners On City Problems

Informal discussion of various matters which are to be considered in the near future were discussed at an adjourned session of the City Commissioners last night.

Ways and means of exchanging the City's remaining outstanding bonds for new refunding bonds were discussed but no definite action was taken by the Commissioners.

The formation of a plan for the adjustment of delinquent City taxes which would be equitable to all taxpayers was discussed and although many ideas were offered by the Commissioners, they refrained from taking any definite action. The disposal of property to be taken over by the City in lieu of payment of delinquent taxes also presented a problem which caused considerable discussion among the Commissioners.

The meeting adjourned early without taking definite action on any of the discussed matters.

WPA Women's Show To Reopen Saturday

The women's exhibit of the Works Progress Administration will not be open tomorrow (Friday), but will reopen at 3:00 o'clock Saturday afternoon to continue every day through Wednesday of next week. It was announced today by Mrs. Marie L. Smith, supervisor of Seminole County Women's Work Centers.

She stated that the public is cordially invited to inspect the exhibit which contains many unusual articles made from commonplace materials.

Hurricane Reported Near St. Thomas

JACKSONVILLE, Aug. 25.—(AP)—Weather Bureau warned shipping today that a tropical disturbance of small diameter and slight intensity apparently was centered at 2:00 A. M. about 60 miles north of St. Thomas moving west-northwestward about 15 miles per hour.

Observers here added this note of caution, "this disturbance may increase in intensity and caution is advised vessels in the path." St. Thomas, Virgin Islands, is hundreds of miles southeast of Florida.

Rev. W. P. Brooks, Jr. Addresses Kiwanians

Bringing out the principle on the Boy Scout Oath as an illustration of an incentive for good morals, the Rev. W. P. Brooks, Jr. spoke to the members of the Sanford Kiwanis Club today on the subject "Morals."

Dr. D. G. Scott, who recently returned from a trip through Chicago and points in Indiana, gave a brief account of some of his experiences.

The speaker was introduced by Lester Tharp, and President Howard Long presided over the meeting.

IRWIN TRIAL SET

NEW YORK, Aug. 25.—(AP)—Robert Irwin, 29-year-old sculptor, will go on trial Sept. 20 for the triple Greenwich murders last winter week-end, Judge John F. Pugh announced yesterday.

Market Pact For Celery Is Okeyed By U.S.

Wallace Signs Plan Subject To Referendum By Florida Celery Growers

The Secretary of Agriculture has tentatively approved a celery marketing agreement which will regulate the handling of celery grown in the State of Florida, subject, however, to the approval of the growers and shippers of celery in the state, as provided for in the Agricultural Marketing Agreement Act of 1937, County Agent C. R. Dawson reported today.

The proposed pact will regulate the shipment in interstate commerce of celery grown in this state; providing for production periods, the organization of a control committee with members and alternates from each district, assessments for operating expenses, termination and other provisions common to such orders.

In order to comply with the provisions of the recently enacted Agricultural Marketing Agreement Act, it is necessary to submit the question to the growers and shippers in a special referendum, the date for which has been set as of Sept. 9-10, 11, and will be held under the supervision of the County Agent.

Mr. Dawson reported that September 11 had been set as a deadline and that any grower or shipper who wished to vote at the present time might do so. He also designated Mr. C. R. Dawson and Niblack's Drug Store in Ocala as the balloting places for those connected with the celery industry here.

Mr. Dawson further stated that he had been provided with copies of the tentative marketing agreement and said persons not familiar with the provisions of the agreement to see him in order to thoroughly acquaint themselves with the pact before the referendum, the purpose of which is to ascertain whether the issuance of an order regulating the movement of celery in interstate commerce is favored by the producers.

This marketing agreement is submitted on the recommendation of the Secretary of Agriculture and it affects primarily the counties of Seminole, Palm Beach, Manatee, Sarasota, and to a lesser extent other counties where the acreage and number of growers is less.

Before the agreement can go into effect there must be a ratification of the referendum and a proclamation of the Secretary of Agriculture; therefore it is necessary to conduct the referendum at an early date, giving time for the completion of procedure required to put the agreement into effect before the next shipping season.

Mr. Dawson today earnestly requested every celery grower in this vicinity to acquaint himself with the terms of the agreement and to vote on the pact at the referendum to be held in the near future.

This morning a number of prominent growers in the vicinity were summoned to Mr. Dawson's office and ballots were distributed for the purpose of securing the vote of farmers in the outlying sections of the county.

JAPANESE INVADE PEIPING

Chinese citizens of Peiping, ancient capital of China, here are shown silently watching victorious Japanese troops march into the city with military pomp.

Mewing Advocates Advertising For Celery Increase

Walter Mewing, sales manager of the Sanford-Oviedo Truck Growers, recently returned from an extensive western trip on which he discussed with many growers and shippers of California, Washington, and Oregon, the possibilities of making celery a more universally eaten vegetable.

Mr. Mewing has observed that a great many persons consider that celery should be eaten only at Thanksgiving, Christmas, and other holiday periods, and care little for it at other times. He would remedy this by devoting efforts to making it a regular household food.

He includes radio, newspaper, and other forms of advertising among the methods of accomplishing his aim.

"Celery is a very good and healthful food all the year around because it is produced in various parts of the country and comes into maturity at many periods," he declared.

Mr. Mewing stated that he found business conditions very good in the West.

Report On Current Activities Finished By Future Farmers

The local Chapter of Future Farmers of America today completed their compiled report of the organization's activities for the past year which they plan to send to the National Convention in an effort to achieve national honors for their outstanding work.

The report, which is made into a book containing over 300 pages, was sent today to the organization's State headquarters in Gainesville, where Alex R. Johnson, advisor of the group, said, undoubtedly the report will rank first among all the other chapters.

After the State contest the report will be forwarded to Washington, D. C. to enter competition for regional honors and the cash prize of \$100; it will then be sent to Kansas City to compete for the national prize of \$250 which will be awarded to the National Convention to be held there in October.

Mr. Johnson stated that the statistical report for the local organization this year is far better than that of the first and second national prize winners last year and it is his belief that his club will win national recognition this year.

This is the first time the organization has ever compiled such an extensive report in competition for national honors, heretofore the club has been satisfied with statewide recognition.

Employers Warned By Revenue Bureau

A warning to employers who have not made Social Security returns or made application for identification numbers was issued today by J. L. Hurt, deputy collector of the Bureau of Internal Revenue, who was in the Chamber of Commerce building this morning.

"In reference to Social Security Returns, it is developing that employees applying for account numbers are revealing the fact that they are working for employers who have failed to make proper returns and pay no tax. In other cases, employers have not made application for identification numbers," he said.

"The Social Security Board in Orlando has advised that they are now in a position to accept all registrations from employees and employers and to issue numbers."

The Orlando office is located in the Exchange building opposite the City Hall.

CRASH VERDICT NEAR

WASHINGTON, Aug. 25.—(AP)—The Air Commerce Bureau said yesterday it would have a report "sometime within the next few weeks" on the recent crash at Daytona Beach, Fla.

GLADES FUNDS RELEASED

WASHINGTON, Aug. 25.—(AP)—President Roosevelt signed yesterday a bill to permit the use of federal funds for development of the Everglades National Park in Florida.

Japs Suffer Heavy Losses Disembarking

Chinese Meet Landing Party With Machine Guns And Keep 42,000 From Shore

500 Japanese Are Drowned

U. S. Destroyer Is Forced To Move By Heavy Shelling

SHANGHAI, Aug. 25.—(AP)—The lives of hundreds of Japanese soldiers were sacrificed today in a mass effort to land desperately needed reinforcements and wipe out the Chinese attack on Shanghai.

The City's wily defenders took a heavy toll of Japanese landing parties thwarting the Japanese plan to land 50,000 troops near Woosung and storm Shanghai's defenses from the rear.

Woosung is at the confluence of the Whangpoo and Yangtze down the river 12 miles from the heart of Shanghai. An estimated 42,000 Japanese soldiers were on their ships and the ranks of some that reached the shore were thinned.

The Chinese allowed that Japanese to rush what seemed to be their second defense line then exploded hidden mines and virtually wiped out the invaders with sheets of fire from secret machine gun nests. Both sides admitted that casualties in the Woosung sector were extremely heavy.

One late report was that the Chinese were withdrawing to the land in the face of Japan's big guns.

Foreign residents of the heart of Shanghai were surrounded by the devastation of 13 days of war—\$125,000,000 worth of ruined property and at least 10,000 were dead and wounded.

The Chinese asserted that two Japanese warships were sunk today off Taungling Island in the Yangtze River and that 500 of the Japanese landing party were drowned at one point alone.

Chinese artillery bombardment on the waterfront north of Shanghai rero the United States destroyer Parrott from its location where it was protecting the Texas Oil Company plants off tough Island.

Russians Are Making Play Of Lewis' Novel

MOSCOW, Aug. 25.—(AP)—The dramatization of Sinclair Lewis' novel, "It Can't Happen Here," has been picked by the newspaper, "Soviet Art," as a worthy of production in Russia, with changes to make it conform with soviet political philosophy.

"One fault," the newspaper said, "is that the hero of the play does not realize the only real force able to guarantee victory in the anti-fascist struggle is the workers' class and the communist party."

LOCAL WEATHER

The Sanford Herald

Published by THE SANFORD HERALD COMPANY, 115 Magnolia Avenue, Sanford, Florida. Entered as second class matter, October 17, 1918, at the Post Office at Sanford, Florida, under the act of Congress of March 3, 1879.

TUESDAY, AUGUST 24, 1937

BIBLE VERSE FOR TODAY

A LAUGHINGSTOCK: The righteous also shall see, and fear, and shall laugh at him: Lo, this is the man that made not God his strength; but trusted in the abundance of his riches, and strengthened himself in his wickedness.—Psalm 52:6,7.

We wish that housing boom that William Green was talking about would take hold in Sanford.

By the way, wonder who's going to do the cooking for Gov. Green now that his wife is a United States senator.

Senator Andrews and Representative Joe Hendricks are receiving congratulations upon their independence during the recent congressional session.

Beware of the blowout and faulty tires. A Miami woman and her mother were killed near New Smyrna the other day when a tire blew out and their car overturned.

Heien Willis Moody, "old Poker Face" of tennis fame, has announced a divorce from her husband whom she married in 1929. For the first time in her life she has lost a love set.

Some of those 400 persons killed when a shell exploded in Shanghai the other day may have been the victims of some of our American junk yards. That's where Japan has been getting her iron for ammunition.

Walter Buch, chief justice of Nazi party judicial system, has called upon all German officials to compel their employees to quit the Rotary club, because he says, Rotary serves "as a camouflage for Jews." Nazis are crazy.

The St. Augustine Record points out that when the Declaration of Independence was signed in 1776, the London Morning Post published the news under a theatrical notice with a single line dark head. The idea seemed to be even then that "the show must go on."

Earl Browder, U. S. Communist No. 1, says John L. Lewis is okay. "We find the development of the C. I. O.," he says, "has brought forth leaders and policies which on the whole are satisfactory to the communist party." Shucks! That's what we've been saying all the time.

Southern Senators heading to gether and fighting for dear life succeeded in defeating the federal anti-lynching bill, but the Tallahassee Democrat warns that the issue is not settled yet and that the next session of Congress will see a renewed effort to enact this righteous piece of legislation. Southern senators and representatives will have to be on their guard.

Boake Carter, radio commentator, burns Roosevelt up for his Supreme Court stand and his "Lord Macaulay" speech. "He steps up and back-hands in the face of every citizen in the country who disagreed with him on the court issue," Mr. Carter says. "It shows him to be a poor sport and a poor loser. I thought Mr. Roosevelt was a bigger man than that."

Shopping in some American big cities has its drawbacks, what with all the congestion, waiting around to be loaded on, traveling around on a subway or elevated to get to the right place, but in Sanford these days shopping is a picnic you wouldn't want to take your sister to. As you can see, a pair of socks to see if they would have a run in them, a shirt, a pair of slippers or a shoe, a three inch gun for up to make them right out of your hand.

The Hard Way

A recent newspaper dispatch from Hendaye, the little French village on the Spanish frontier, tells of thousands of workmen, shopkeepers, and others living in Santander, dropping their work and rushing to the defense of the city as General Franco and his Moorish, Spanish, and Italian legions push closer and closer.

Boys who had never pulled a trigger, old men who for any reason whatsoever had so far failed to join the army, now bravely shouldered their guns and marched to the front. Hotels, restaurants, factories, everything in the city was closed, for the men, and many of the women, had gone to the trenches surrounding the city.

No doubt these courageous civilians are ready to die in defense of their homes. Not interested in politics, most of them, knowing little about the fine distinctions between syndicalism, anarchism, communism, socialism and all the other isms which are plaguing Europe today, probably not even caring whether a king still existed or a communist, nevertheless, when their city is attacked by General Franco, they are willing to die in its defense.

Many of them will die. The rebels have 50,000 veteran soldiers with which to oppose the ragged and starved, poorly trained civilian army of 50,000. The rebels also have airplanes with which to bomb the enemy's position and the city itself, and heavy artillery, trench mortars, and machine guns. Thousands of these loyalists, until lately simple peaceful workmen in small shops, or fishermen, will die an awful death.

Those who survive will ultimately return to their homes and carry on much the same as if nothing like this had ever happened. Whether Franco wins or the loyalists, the lives of these workmen will not be noticeably different except that they will be made harder on account of the tremendous destruction caused by the war.

Spain is merely holding an election these days, and whichever side wins, the rank and file will probably never know the difference, any more than we do in this country regardless of an election outcome. But Spain does it the hard way.

What Congress Did

The recent session of Congress has been referred to not infrequently by its critics as the "do nothing Congress." Probably on account of its failure to pass the President's Supreme Court bill and the wages and hours bill, and because of the enormous amount of time lost debating these controversial measures, much of the more constructive work of Congress has been overlooked.

For this reason we are printing the following list of the more important pieces of legislation enacted during the recent session. Hundreds of lesser bills made their way through both houses of Congress, but these are the more important ones:

- Continuation of the Reconstruction Finance Corporation.
- Extension of the President's monetary powers.
- Extension of the Civilian Conservation Corps.
- Provision for retirement of Supreme Court justices.
- Enactment of a \$526,000,000 low cost housing bill.
- Re-enactment of the A. A. A.'s marketing agreement.
- Passage over the President's veto of prevailing farm loan interest rates.
- Appropriation of nearly \$9,400,000,000, according to estimates of Senator Glass (D. Va.), chairman Senate appropriations committee.
- Continuation of reciprocal trade agreement policy.
- Passage of farm tenancy bill.
- Passage of new neutrality legislation.
- Passage of revised Guffy-Vinson coal act.
- Passage of pension act for railroad workers.
- Continuation of certain "nuisance" taxes (including 3-cent postage).

SANFORD TWENTY YEARS AGO

Dr. W. M. Harper has taken a suite of offices in the new Seminole County Bank building across from the Herald office. Dr. Harper has disposed of his Orlando office and will devote his entire time to Sanford in the future.

Mr. and Mrs. Tibbetta of Somers, N.Y., are here for a few weeks as guests of Mrs. Tibbetta's aunt, Mrs. Fannie Munson. Both of the visitors are well-known here.

Mr. and Mrs. Osborn Herndon announce the birth of a baby boy. Mrs. A. D. Parrish returned home yesterday to the eastern markets and her old home in North Carolina. While on her trip, she purchased some of the latest in fall millinery.

E. D. Mobley has opened his drug store in a temporary location in the Imperial Theatre building. The many friends of Henry Pea-

body will regret to learn that he will leave in a few days for Jacksonville where he will be in charge of a new warehouse and factory to be erected by the Virginia Carolina Company. Henry was born and raised in Sanford.

Two plays, "Courtship Under Difficulties" and "Stage Struck" will be presented at "pay-as-you-enter" social Thursday night. It has been announced, likewise, of the casts of the plays including Edward Miller, Miss Rosemond Radford, Arthur Lossing, H. Roy Letts, Joe Courier, Miss Lucille Rimes, and Miss Clara Miller. Games, music, and refreshments have been promised for additional entertainment.

Mr. and Mrs. Downing of Ocala, Fla. have arrived in the city and intend to make Sanford their new home.

WASHINGTON DAYBOOK

By PRESTON GROVER

WASHINGTON, Aug. 25.—The sort of fight the President is hooking down the Potomac River these summer weekends is an exciting subject in Washington.

Three times in a month he's taken his rather antiquated Presidential yacht, the Potomac, down the river from the navy yards to cast ball over the side on sunny Sundays. "Just for a rest," say White House announcements. But Washington is looking beyond the announcements to the President's fishing companions on those three trips. On separate week-ends in July they were Gov. Frank Murphy of Michigan and Senator Robert LaFollette of Wisconsin. On the second week-end in August the great was Senator Sherman Minton of Indiana. Guess the fish the President sought to hook on those trips

British Ambassador To U. S. Called

LONDON, Aug. 23.—The Daily Express said today that Sir Ronald Dobbie, British ambassador to the United States, has been summoned here from Washington and was to call today in England.

Robert W. Hughes, United States ambassador in London, returned home suddenly last week.

The Express said both ambassadors were called in by their governments to discuss talks concerning Anglo-American relations, including the trade agreement, but does not say the exact situation.

Michigan. He seems to be bringing in the state situation. In a recent speech he said, "Our people are not suffering from anything so much. They are suffering from another abuse: from a few having too much."

It was Murphy, in an interview at Bridgeport, Conn., who said to a reporter: "There is considerable support in the nation for a third term for President Roosevelt."

It was Murphy who sat patiently through hours of talk in the six-weeks General Motors strike this spring getting a compromise agreement without ordering his state troops to evacuate the strikers.

In February this year President Roosevelt sent a message to Congress asking for a change in the Supreme Court. But two years before that young, black-eyed, vigorous Senator Minton shouted at an Indiana crowd, "You can't eat the Constitution." Republicans decided quite loudly that he had no respect for the Constitution but the voters decided to send him to Congress.

As soon as Mr. Roosevelt arrived here in 1933, he set about plans for federal relief. But months before that younger Senator LaFollette had been browbeating the Senate for just that. Since Roosevelt took the steering wheel LaFollette has voted with him and asked for more as far as relief is concerned. In one speech he observed cynically, that anyone today taking Horace Greeley's advice, "go west, young man, go west," would have to thumb his way.

So this is the trio which has gone fishing with the president most recently. These are the men whose ideas, unless they played the part of "don't-cha know," have moved on the consciousness of Mr. Roosevelt for 24 hours. Washington wants to know if they seek any hooks into the Potomac that were shaped like "1940" and if they brought up any dripping fish entitled "F. D. R."

FIRST ACTUAL SCENE OF SHANGHAI WARFARE

This picture, first to arrive in the United States on the eastbound liner, shows a Chinese boat carrying a Japanese-owned wharf in the International settlement of the Japanese-occupied Shanghai (indicated by arrow), at which it was struck by the Chinese fleet. The Japanese war vessel is lying at the N. Y. R. pier in the Whangpoo river. The buildings at the extreme left is the Japanese consulate.

HAMILTON, Ont.—(AP)—Citizens here paid the city \$2000 more last year for the privilege of keeping dogs than for the right to drink beer in licensed beverage rooms, a comparison of fees reveals. The dog tax brought \$14,200 to the city treasury and beverage room licenses totaled only \$12,300.

Monthly, according to "trifle" in French, applied to make money a short piece of piano-forte music in light style.

Dissemination of cattle is said to have begun 10,000 years ago. Cow was worshipped in Egypt made in 2000 B. C.

Miss Lillian Clark, the first girl winner of World War game, was shot on Oct. 12, 1917.

Johnnie Walker, the cat, was a grandchild of a lion-keeper.

Social And Personal Activities

MEMORANDUM: MICHIGAN JOURNAL, Society Editor Telephone 148

Social Calendar

THURSDAY

The Fraternity League of the Congregational Church will meet at 8:30 o'clock at the home of Mrs. Albert Knight on Park street.

The annual Fall Social of the Fraternity League will be given at the home of Mrs. Albert Knight at 8:30 o'clock. A basket supper will be served and the members of the Fraternity League and their families are invited.

There will be a business meeting of the Fraternity League at 8:30 o'clock at the home of Mrs. Albert Knight at 8:30 o'clock.

FRIDAY

Miss Elizabeth Whittington will give a confirmation pageant in the studio of Mrs. Fernie E. Hanson on Myrtle Avenue at 8:30 o'clock. Assistant pastor will be Mrs. Richard Maxwell.

The Girl Scouts will meet at 8 o'clock at the Little Home.

The Fraternity League of the Congregational Church will have a party at the home of Mrs. Victor Greene at 8:30 o'clock.

Miss Lela Hays Weds P. D. Anderson

Of interest to a number of people here is the announcement of the marriage of Miss Lela Hays of Miami to Parker Donald Anderson, Jr., formerly of this city, on August 15 at Ft. Lauderdale.

Mr. Anderson is the son of Mr. and Mrs. P. D. Anderson of Lake Mary. He was graduated from Seminole High School in 1921 and attended the University of Florida. At the present time he is employed by the F. W. Walworth Co. in Ft. Lauderdale.

Miss Elsie Bernard Is Guest Of Home

Monday Miss Elsie Bernard of Tallahassee, Fla. was a house guest last night at the home of Mrs. C. C. Collins at 116 Park Ave.

Tables for playing were arranged in the living room which was decorated with streamers and bunting. At the conclusion of the game prizes were awarded to Mrs. E. J. Higgins and L. E. Ebbels.

All a late hour refreshments were served to the following: Miss Elsie Bernard, house guest, Mr. and Mrs. L. E. Ebbels, Mr. and Mrs. C. C. Collins, Mrs. Ruth Bernard and Miss Shirley Ebbels.

Class Initiation Is Planned By Woodmen

Arrangements for a class initiation to be held in the near future were discussed last night at the weekly meeting of the Woodmen of the World in the American Legion Hall, according to C. C. Collins, past head council.

The ceremony will be conducted on the night of Sept. 14 by the local degree team directed by Captain C. C. Hutchinson. All neighboring lodges will be invited to attend. It was stated that many other fall activities have been planned.

Mr. E. J. Higgins was received as a new member of the lodge and was introduced to the assembly.

The large group of attending Woodmen was presided over by Mr. Collins in the absence of J. G. Shann.

Trader Horn Returns To Screen At Ritz

Thirty drama of a primeval world, of untamed man in almost unknown spots of the globe; thundering adventure, strange rites of a savage people in the jungles—these are the background for an overwhelming story of devotion, love and romance, in "Trader Horn," Mamp-Gabey's dramatic interpretation of the famous book, playing a recent engagement at the Ritz Theater Wednesday and Thursday.

To describe "Trader Horn" staggers the imagination. There is drama that grips the heart in the play—and drama equally as gripping in the average death scene of the wild hunt—a company thousands of years old in the pathless jungle that the picture tells with sound and all, to the screen. The weird chants, the sun-trunk, the swaying gaited black bodies in strange costumes—it is never to be forgotten.

With animals tight to the flesh, one sees a scene which is new in a death struggle, long and cruel, by a great act of bravery, the deadly charge of the ferocious rhinoceros; hair-breadth escapes from gigantic crocodiles.

Hurry Curry gives a significant performance in the role of Trader Horn, the grandson of Fura, the friend's son, and of the golden haired Miss T. "Willie Colburn" is a sample of a savage tribe. Trader Horn plays the role of a man who is brought up as well as dramatic in the heart's role. Olive Golden and others are in the cast, but to screen them is the main matter, who easily shines with all the skill of a trained screen actor.

George Rogers Clark, American Revolutionary, began his career at 11, when he left home to become a messenger of letters along the Ohio river.

Calvinism was originally confined to the temple. They spread with the increase of commerce.

Lehmans Back From Extended Vacation

Mrs. H. J. Lehman and son, Eugene Lehman, who is an instructor at Rollins College, have returned from an extended trip, through the mid-western states and New England.

They visited the Great Lakes Expedition at Cleveland, Ohio and highly commended Byron Swanson on the work he is doing there. From Cleveland they went to Lewistown, Maine where Mr. Lehman took a six weeks course at the college to obtain his masters degree. They also visited friends in the region for a short time.

WHERE BOMB KILLED THREE AMERICANS

Three Americans were among the several hundred persons killed by bombs dropped from Chinese planes flying over Shanghai August 14. This first picture received in the United States was flown here in the Hawaii Clipper and it shows Nanking road, in front of the Palace Hotel.

Austrian Chancellor Forms Super Special Storm Troops Army

VIENNA, Aug. 25.—(AP)—A headstrong private army, known as the "Sturmkorps," is being formed by Chancellor Schuschnigg's administration.

It is called the Sturmkorps, or S. K. The troops wear midnight-blue uniforms with black shirts, in some, purpose, and training they remind one of Reichsführer Hitler's elite guards, the S. S.

"Der Beamte," a weekly that circulates among government officials, lets it be understood that the new organization is something super extra special in character, camaraderie, intelligence, fighting spirit, physique, and ten-fold other virtues.

The S. K. made its first appearance July 24 during exercises in memory of the late Chancellor Engelbert Dollfus. The men made a good impression among most Viennese—many of them are six footers, slender, and physically fit; their uniforms are natty and their boots speak with the authoritative sound the Viennese seem to like.

Said "Der Beamte": "The iron determination of men who realize that the very special task of guarding the flag of the Fatherland has been entrusted to them is to be awakened in these Sturmkorps members—and not mere paganism, which picks a fight for the sake of fighting."

Clearing Weather To Aid Search For Lost Trans-Polar Flyers

HARROW, Alaska, Aug. 25.—(AP)—Clearing weather in the Arctic encouraged hopes of aviators here yesterday that they soon would be able to fly over the polar ice fields in search of six lost Soviet aircraft.

Heavy fog, which kept planes grounded at Harrow this week, was lifting.

The Soviet North pole camp informed Harrow by wireless the temperature had dropped below freezing, rain ceased and murky skies had cleared.

James Hutton, American pilot, left for Fairbanks to arrange for refueling of his plane during searching flights over the Arctic. His original refueling ship was badly damaged in a forced landing near Fairbanks last week.

As soon as the details are arranged, Hutton said he would return to join Soviet Pilot Zedoff and Bob Elmsall, Canadian, both of whom remained here awaiting better Arctic flying weather.

CITY NEWS BRIEFS

(Continued from page one)

Agent C. R. Dawson was complimented on the work his staff had done along this line.

C. R. Dawson, County Agent here, reported this morning that he would be in his office permanently now, although he is still under a doctor's care.

Lionel Sipes yesterday pleaded guilty to charges of illegal possession of liquor and was fined \$50 and costs or sentenced to serve four months in the County Jail by County Judge R. W. Ware.

Two negro youths, Corral Redding and Theodore Isaacs were fined \$15 and costs or sentenced to serve four months in the County Jail when they pleaded guilty to charges of petty larceny before County Judge R. W. Ware yesterday.

Boy Scouts of Troop 14 will go to Camp Wikwiki tomorrow morning to complete fireplaces and prepare patrol plots in preparation for the coming one-week camp, according to W. E. Kuden, scoutmaster of the troop. All boys who wish to make the trip should meet in the Baptist Church Annex tomorrow morning at 8:00 o'clock.

The remains of Arthur Herrick Gregory who died in Lake Mary Monday, will leave Sanford at 2:15 AM Thursday for Garrattville, N. Y., where funeral services and interment will be conducted. The remains will be accompanied by his daughter Mrs. J. H. Houghton and her husband.

Fort Jefferson, which gives its name to Fort Jefferson National monument, Florida, is the largest all-masonry fortification in the western world.

Swede Martin's Big Bat Aids Lookouts 10 To 1 Win Over Orlando

Tiny Wright Allows Orlando Only Six Scattered Hits To Take His 19th Win Of Season

Lookout Left-Fielder Collects Four Hits In Five Appearances At The Plate At Timber Field

Bill Rodgers and his Sanford Lookouts came to life again last evening and swamped Joe Daley and his Orlando Gulls by a tune of 10 to 1 under the floodlights of Timber Field in the last game of the Lookouts play the Gulls on Orlando property.

The Gulls will come here today for the final game with Orlando this season and the game will take place this evening at the Sanford Municipal Athletic Field starting promptly at 8:15.

Doing the hurrying for the winners was none other than Owen Wright who gained his 19th victory of the season as he allowed the Gulls but six well scattered hits. Wright was effective in many ways as he fanned four of the Gulls batters and allowed only one Orlando player to reach first base via a free pass.

While Wright was hanging up his 19th win, his mates were doing their part when they registered 15 blows on the score books, off Bob Overstreet and Whitely Walker, which were blended with six errors by the Gulls that were not costly, and sent a total of 10 runners scurrying across the platter.

Overstreet started the tilt and gave up ten hits in the seven innings he saw action on the hill and Walker hurled four hit ball in the two innings he twirled.

Leading the hitting for the evening was none other than Sanford's left fielder, Swede Martin. Martin's big bat shot out four hits in five trips to the plate in the final game at Timber Field while during the opening game of the season at Timber Field he also secured four hits in five appearances at the plate.

Mills Cary and Boby Pritchard came up, with three each while Kingdon, Langston, Holcomb, Kansas and Wright were each credited with blows.

The Lookouts pushed one or more runs across the platter in the first four innings when they gathered a single marker in the first, second and third frames, and also two in the fourth. In the sixth they sent four runs across

TODAY'S SPORTING WORLD

By JULIAN STENSTRUM
Herald Sports Editor

We will have to hand it to the

Daytona Beach ball club and to Jimmie Sanders for they seem to be the only club in the league that has the solution of how to whip the G-Men. Every time the Islanders and the G-Men clash it's just too bad for the Don McShane machine. We still have a good chance of slipping beyond Gainesville and end up on the top of the fight and obey world that is something, here is how it's done.

At the present time we are seeing exactly five games behind the Gainesville club. If Daytona cleans up the G's today and Sanford takes the Gulls it will put us four games out of the first spot. Let's hope that Stan Chantel can get the boys on the G-Men tonight in Gainesville.

Now at the league meeting today, we will predict that President Henry I. Gray will change his decision and will also give us a half point. Now tomorrow we may be only three and one-half games behind the leading club.

We can lick the McShane here Thursday, and that will be two and one-half games out and then the tie lays in the double header in that city Friday. If Sanford can take those two hits for which they will be fighting, it will put them only a half of game out of first place.

Here is the catch they must lose one more game to give us a chance to win one and there is your Florida State League Champs.

Aw! Can't a feller be a little optimistic some time and

there's no harm in guessing! While we are guessing here it's almost time for us to guess the winners of the Farr-Louis bout tomorrow night in New York. It is quite a puzzle to do something of this sort when especially down here in the South where we know so little about just how certain fighters go about in the ring but we are going to select Tommy Farr to be the second man in the larger boxing circles to down Joe Louis, the first you remember was Dewey Maxie Schmeling who was just turned down in his sixth attempt to get a titular fight after beating the highlights out of the brown bomber last year.

We believe that Farr had got something in those powerful wrists of his and he will outweigh the negro a few pounds. Farr style of fighting will also be somewhat a puzzle to Louis.

Now coming to brass tacks in this predicting business, if we pick Louis and he wins that will make us look foolish and if we pick Farr and Louis wins it will be just another mistake among our many. However, if we pick Farr, which we have already done, and Farr comes through with a winner boy o'boy then we can talk. How about it?

Well we have been doing too much predicting this afternoon so lets call it a day and we can tell you better about the baseball situation on September 5, and more about the fight in Friday's edition.

Paul Waner May Yet Give Medwick A Battle As King

NEW YORK, Aug. 25.—(AP)—Big Poison Paul Waner, Pittsburgh's pounding outfielder, may yet give Ducky Medwick a battle for that National league batting championship.

Although Medwick, still hitting .400, has given no indication of slipping from his season-long hot pace, Waner has suddenly come to life and is traveling at the fastest clip in the league so far as hitters are concerned.

He collected 16 hits in 30 official times at bat during the week ended with Friday's games, topped his average 11 points to .386, took second place in the race from Gabby Hartnett, and added Medwick's peacocking margin from 22 to 14 points.

Medwick, hitting 12 for 31 for the week, fell one point to an even .400, while Gabby Hartnett, nose-diving in a batting slump, dropped ten points to .368.

Trailing the three pace-setters were Johnny Mize, Cardinals, fourth with .365; Ark Vaughan, Pirates, and Ernie Lombardi, Reds, tied for fifth with .351; Billy Herman, Cubs, .349; Pinky Whitney, Phillies, .347; Heleni Manush, Dodgers, .338, and Frank Demaree, Cubs, .337.

Daytona Boy Is Not Eligible For Gators

DAYTONA BEACH, Aug. 25.—Joe Hardwick, Gator guard, is ineligible.

At least, that's what U. of F. Football Coach Josh Hardy gave the Associated Press in Gainesville as the reason Hardwick, former Daytona Beach high school star, was not included on a list of 41 Gators expected to report Sept. 1 for practice.

However, Hardwick attended summer school at the university and was expected to be perched on top of the scholastic heap. Friends here believed something else was at the bottom of the deck but could not say what.

TURKEY POSTERS SPORTS

ANKARA, Aug. 25.—(AP)—The Turkish government has decided to build modern sports stadiums in each of the 27 provinces of the republic. They will be of a uniform type and cost between \$65,000 and \$80,000. Governors of each province will be held responsible for the development of physical culture among his constituents.

WOULD EXAMINE REFEREE

HULL, England, Aug. 25.—(AP)—The Football Referees' association at its annual meeting passed a resolution opposing the opinion that establishment of a national examining board for referees is desirable.

Gehring Is Also In Junior Loop's Big Batting Race

CHICAGO, Aug. 25.—(AP)—Detroit's brilliant Charley Gehring, one of baseball's brightest lights for a decade, tore American league pitching apart during the past week to take the lead in the junior circuit's hot race for batting honors.

The Tigers' second sacker, who has been among the league leaders most of the season, collected 14 hits in 24 trips to the plate during the past seven days, according to official averages which included games of Friday. His spurt, which netted 14 new points, brought his season's mark to .376, six better than the average of Joe DiMaggio of New York, who gained three points.

Lou Gehrig, New York's iron man first baseman, failed to do his usual "arrapip" during the week, falling off five points to .369, good enough for a third place tie with last week's leader, Cecil Travis, Washington shortstop. Travis ran into one of the great severe slumps any leader has felt this season, dropping 17 points by getting only seven hits in 3 trips.

Gerald Walker, Detroit's reformed "bad boy" outfielder, picked up six points and his .353 average put him two points ahead of Rip Radcliff of Chicago's outfield. Others among the first ten were: Henry Greenberg, Detroit, .346; Roy (Boss) Bell, St. Louis, .344; Eke Bonura, Chicago, .342 and Sam West, St. Louis, .337.

League Directors To Discuss Local Ball Case Today

Henry I. Gray, president of the Florida State League, announced this morning that a league directors meeting would be held this afternoon in Gainesville to discuss the celebrated case in which the Sanford Baseball Association was fined \$100 and the game in which Sanford beat Leesburg was given to the latter team by forfeit.

Other baseball cities in the league as Daytona Beach, St. Augustine, Deland and Palatka have already expressed their opinion of the situation and they are against Mr. Gray's decision.

Rex Parkard, local league director, will present at the meeting.

Loyalists Try New Offensive In Northeast

Rebel Towns Of Tod And Quinto Captured And Franco's Lines Are Bent

Last Stand Made Defending City

Rebel Airplanes Attack Government Artillery Positions

VALENCIA, Aug. 26.—(AP)—Government troops pushed a tremendous offensive today on the Aragon front of northeastern Spain. The government spearhead was thrust into Generalissimo Francisco Franco's base 25 miles southeast of Zaragoza where the town of Quinto, long held by the insurgents of Zaragoza—Valencia Road was occupied by government troops.

The government has often attacked Quinto but not until today did it capture Quinto was the scene of intense fighting.

The government drive also brought capture to Tod, another insurgent-held town. The Madrid-Valencia regime threw its crack troops from the fighting west of Madrid in Brunete sector, late its farthest eastern drive.

Apparently the Santander, with a couple of batteries of artillery and machine guns, decided on one last stand.

Starting yesterday morning from Barbazon, about seven miles south of the city, the insurgent legionnaires marched through hot burning towns and villages, where an ammunition camp was burning, then to Karamag, almost within sight of the final objective.

There the fight started. Santander defenders opened up with machine guns but were driven back. They rallied again here, at Mariotas, and again were driven out—just before noon.

Meanwhile, insurgents slowly were encircling the city from the west with the prospect of driving the enemy of the ridge and allowing complete occupation of the city by nightfall or early Thursday morning.

In mid-afternoon, 30 warplanes in close formation roared over Santander, slanted downward and blasted the western ridges with bombs. Government artillery abruptly ceased firing.

Jean Harlow Contest Will End Tonight

Entries in the Jean Harlow contest sponsored by the Sanford Herald must be submitted to the Sanford Herald office before midnight tonight to be eligible for judgment.

"Jean Harlow's Life History by Louella G. Parsons, an attractive booklet containing a large number of illustrations and incidents in the life of the glamorous star, will be presented to those who submit the most nearly complete and correct list of productions in which she appeared under the direction of Metro-Goldwyn-Mayer.

Winners will be announced in Friday's paper and may receive their copy by calling at The Herald office on Saturday.

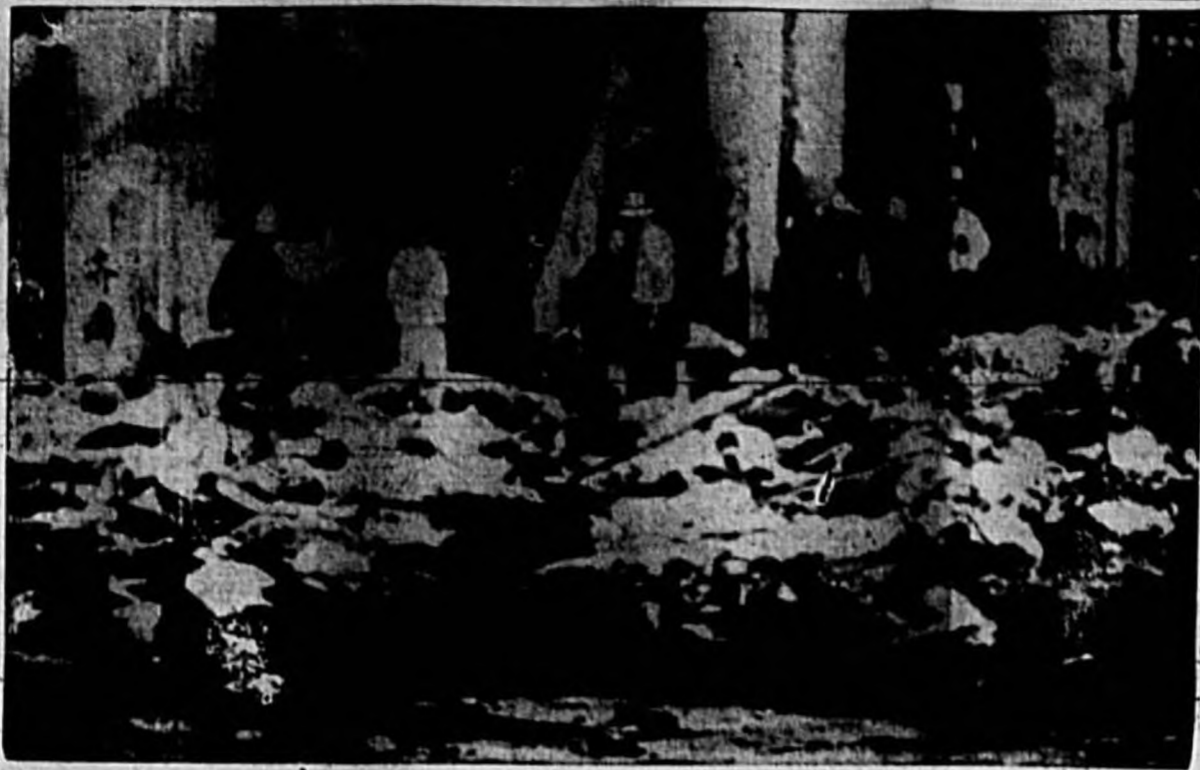

Citrus Pact Draft Goes To Committee

LAKELAND, Aug. 26.—The draft of a proposed new citrus marketing agreement will be outlined at a meeting here Friday to a growers' committee of 11.

Growers authorized a general industry committee to proceed with writing of the agreement. If the measure meets approval of the growers' committee, it was expected here a general industry meeting would be called to consider it.

Secretary Wallace then would be asked to take the necessary steps to get the signature of the shippers and ratification by growers.

SHANGHAI STREETS CLOGGED WITH THE DEAD OF WAR

Mangled bodies of Chinese fill the streets of the French concession in the International Settlement at Shanghai following the explosion of a bomb dropped from a Chinese plane in the ghastly battle with the Japanese. The blast killed several hundred. Survivors are seen searching among the dead for bodies of relatives. This picture, one of the first to come from the Shanghai war zone, was flown across the Pacific on the Hawaii Clipper.

President Signs Measure To Curb Loopholes In Law

New Bill Will Make Tax Increase Of 100 Million Yearly

WASHINGTON, Aug. 26.—(AP)—President Roosevelt signed today a measure to close loopholes in the income tax law. The measure was requested by the President to curb what he termed tax evasion and avoidance. It is expected by experts to increase tax revenues by from 75 to 100 million dollars a year.

Mr. Roosevelt also signed the third deficiency bill appropriating \$27,662,000 for various government departments and agencies. A measure also authorizes the use of \$65,000,000 of tariff receipts for subsidies to cotton farmers in connection with a government effort to stabilize the price at 12 cents a pound.

Judge Smith Presides At Gainesville Trial

Judge Millard H. Smith of Titusville and Circuit Judge of the Ninth Judicial district, is presiding over the trial of Marlin Walker, charged with the murder of Mrs. Annie Roberts at her home in Bell in a Circuit Court session in Alachua County.

Governor Fred P. Owsen designated Judge Smith after the disqualification of Judge A. Z. Adkins and the absence of Judge H. E. Nehring.

Franco Warns Ships Of Neutral Nations

BURGOS, Spain, Aug. 26.—(AP)—General Franco bluntly warned yesterday that his ships would continue to fire on ships carrying supplies to government forces. Neutral nations, he said, should not permit their flags to fly over "this band of undetectable" vessels.

CONSIDERS SUGAR BILL

WASHINGTON, Aug. 26.—(AP)—President Roosevelt considered provisions of the new sugar control bill with a senatorial delegation yesterday, but did not say whether he would sign or veto it.

A Thrill By Air

900 Miles In 270 Minutes 2 Miles Above The Earth

By WALTER L. COOPER
11:50 A. M. Plane No. N. C. 13741 of the great 14 Passenger Eastern Air Lines landed at Jacksonville Port—now we are off—the earth is falling—no guess we are going up—we are flying over the fringes of the ocean above—the waves look like beautiful lace on the emerald carpet of the sea. Hundreds of the various sized winding streams resemble green snakes chasing each other—fishing boats are now the size of toy boats on the 10c counter—S. C. airport—step out and scrape your shoes on the earth again please—10 minutes and we are off—clouds everywhere and now the wind is driving them—Have lunch sir? O. K. but it was more like a banquet—pineapple juice—fresh fruit salad—fried chicken—battered rolls—coke and cream—Now comes the test to see who can hold their lunch—rain, wind, lightning, thunder, the ship rocks and drops—then up again—Wow—stop, let me off—But Captain Donald B. Johnson and Pilot W. B. Truman, Jr., the handsome pilot know what to do. They go up and up.

It was indeed a very interesting hour and here we are in Raleigh, N. C.—The next one and a half hour fly to Washington was really glorious, most of the distance was made at an altitude of over 2 miles—cool mountain air above the clouds—occasionally we passed through patches or banks of clouds which seem like icebergs—the plane glides along as smooth as a range on a calm river—The sun was shining and the world below was as beautiful as an Arabian green carpet. Washington airport was a busy place—planes arriving and departing every few minutes.

We are off again on the last lap for Newark, N. J. Such a beautiful view of Washington, the Capital City of the greatest nation in the world—your chest swells and you are filled with emotion as you look and realize that this is the shrine of the Government of one hundred and thirty million of God loving, peace loving, home loving citizens. As you pass over Delaware, Maryland and Pennsylvania you are interested in a different kind of scene—almost a continuous parade of towns and cities, busy industries, thousands of little farms, and soon you view the great metropolis, New York City.

Every person should take this thrill of a lifetime—a trip by air—the service is perfect. Jay Simpson, the steward, was constantly trying to do something for his passengers, and he couldn't accept a tip—what a pity. There is nothing to fear—one trip and you will be convinced—Get a breath of heaven. Accident fatalities are less than one in a million.

Britain Joins U. S. In Appeal To End Sino-Jap Warfare

LONDON, Aug. 26.—(AP)—Great Britain, alarmed by the threat to her enormous interests in Shanghai, last night joined the United States in a formal appeal for an immediate end to the Sino-Japanese warfare.

The appeal was announced in a communique after day-long emergency consultation among Prime Minister Chamberlain and cabinet leaders, said:

"The British government shares the anxieties of the United States government regarding the damage to the far east in general from the present fighting and welcomes the appeal made by the United States secretary of state for both sides to cease their hostilities."

The communique continued: "The ministers observe with satisfaction the close collaboration maintained with other governments, especially the American and French."

"They regard it as most important that such collaboration should continue."

Court Action Is Awaited On Three Financial Cases

Questions To Be Decided After Recess Of State Tribunal

TALLAHASSEE, Aug. 26.—(AP)—Three cases of major financial importance, along with scores of others, await decision by the Florida supreme court when it resumes session next week.

Next is the "low dollar" delinquent tax redemption law official known as "Committee Substitute for House Bill 396" of the 1937 legislature.

The third is the current judge salary case in which two former judges seek to compel payment of amounts they would have received if the 1934 and 1935 legislative times had not reduced their salaries.

Others of lesser nature before the court involve 1937 legislative suits, appeals from lower courts. Lawyers have asked for oral arguments on the gasoline tax cases. The court probably will hear them during September.

There is no fixed time for the court to decide a case. After a hearing, and after briefs and other proceedings are filed, the court's justices discuss the case in conference and usually assign one of their number to write an opinion. Then the opinion, which includes the court's decision, is passed around to other justices for consideration before it comes back to another conference and a discussion of whether the justices agree to it. If they agree, it then is filed in the clerk's office.

Cases of major state importance usually are given right of way by the court, and decisions sometimes are announced within a few days.

The delinquent tax redemption case already has been presented to the court, and the next step in the decision on its constitutionality.

The court heard arguments some time ago on whether the legislature could reduce a circuit judge's salary during his term of office. Before announcing a decision, however, Justice Fred H. Davis died, and Roy H. Chalmers of Lake City succeeded him.

Now the court has set the case for a re-argument, and invited the participating lawyers to present their views again.

ALLOCATION APPROVED
MIAMI BEACH, Aug. 26.—(AP)—This small city found itself eligible yesterday to receive a \$188,355 WPA allocation for construction of storm sewers and water mains which already have been financed through a bond issue. President Roosevelt approved the allocation.

British Ambassador Is Wounded In Attack By Japanese Airplanes

250,000 Railroad Men To Walk Out Of Plant Sept. 6

Whitney Announces 5 Railway Brotherhoods Will Strike

CLEVELAND, Aug. 26.—(AP)—A. F. Whitney, president of Brotherhood of Railway Trainmen, announced today that committee representing five railway brotherhoods had authorized a strike for Sept. 6 to support demands for a general 20 percent wage increase.

Whitney said the committee carrying on negotiations at Chicago have set 6:00 A. M. of Sept. 6 as the time for members of the brotherhoods to begin leaving their jobs. Organizations involved, he added, are Trainmen, Brotherhood of Locomotive Engineers, Brotherhood of Locomotive Firemen, the Firemen Switchmen's Union of North America and the Order of Railway Conductors.

Membership of the groups totals approximately 250,000 men, Whitney said. The nation is to be divided into four zones, he added, with each walking out on a different 2-day-strike to become entirely effective by Sept. 9.

Federal mediation which may be requested by either side in the dispute would automatically postpone the strike for 30 days.

Nearly Score Die When Police Fire On Polish Rioters

LONDON, Aug. 26.—(AP)—Seventeen persons were killed and 30 wounded yesterday in rioting in the east Galleon town of Munich, Poland, when police fired on farmers besieging the town prison, the Exchange Telegraph agency reported.

The rioting followed a 24-hour general strike ordered by Polish socialists in the Cracow, Katowice and Kielce industrial districts in sympathy with farm-protesting against government decrees.

The farmers, who ended a 10-day farmers united party strike Tuesday, demanded release of several persons held in the prison.

It also was reported that two farmers were killed in fights with police at Pracek, west Galleon, and another was killed near Cracow when police charged a band of farmers picketing the city gates.

WPA Play Project Entertains Children

Many varied entertainments have been provided recently for the children of the Lake Monroe vicinity by Mrs. Olive Bryan, of the WPA division of recreation, it was learned today.

The boys and girls have been taught the methods of making pottery, dolls, and other toys in handicraft classes instructed by Mrs. Bryan.

A group of boys were entertained with a picnic and swimming party at Evansdale Park yesterday (games were played throughout the day and refreshments were served at noon).

Tropical Storm Is Still In Atlantic

JACKSONVILLE, Aug. 26.—(AP)—Weather Bureau said today "a slight circulation with its center 150 miles east of the Turks Island" indicated a tropical storm was still present in the Atlantic a thousand miles or more southeast of Florida.

Vote Shows Local Farmers Favoring Marketing Pact

Dawson Asks Remaining Farmers Vote In Farm Election

County Agent C. R. Dawson today emphasizes the necessity of all farmers in the Sanford district voting on the proposed marketing agreement in his office as quickly as possible in order to expedite action of the agreement individual which farmers hope will aid in bringing a successful season after their numerous failures.

Before the agreement can go into effect, if it is adopted by the farmers, a tabulation of the results of the referendum and a proclamation by the Secretary of Agriculture Henry A. Wallace are prerequisite. Therefore, Mr. Dawson pointed out, it is necessary that the results of the referendum be forwarded to Washington as soon as possible, in order that ample time may be provided for the completion of necessary procedure to put the agreement into effect before the next shipping season.

The fact was also brought out that since Sanford is the leading celery producing center in the State the smaller districts are more or less interested in the action taken by the farmers here, and Mr. Dawson believes that if favorable early returns are reported from this section, it will be influential in securing a number of additional votes favoring the pact in the smaller producing districts.

A large percentage of the farmers here seem to favor the proposed agreement as a relief measure for they admit they will probably lose their farms next year if they must face conditions similar to those confronted last season, and it is believed that the agreement will tend to bring greater stability to prices during the coming season, Mr. Dawson said.

The fact that the agreement is receiving favorable reaction from the farmers in this district is shown by canvass of the ballots received in Mr. Dawson's office this morning.

Mr. Dawson reported that he had already received about 20 percent of the ballots in the county and that the count revealed all those who voted unanimously favored the pact.

Mr. Dawson asked that the growers thoroughly acquaint themselves with the marketing agreement provision and to cast their vote at his office sometime in the near future.

Charity Dance To Be Given By Elks

Fourth in a series of charity dances sponsored by the Sanford Elks will be held to-morrow night at 10:30 o'clock immediately following the regular Elks meeting. It was announced today.

The dance will be held in the Lodge Room at the Elks Home, and music will be furnished by Pechman's Orchestra. A nominal admission will be charged for the men and ladies will be admitted free, it was stated.

All monies received from patrons of the dance will be placed in the Elks Charity Fund to be used to give aid to indigents.

MOLD ROUNDUP

BROOKSVILLE, Aug. 26.—Farmers and cattlemen from all sections of the state will attend the third annual field day and livestock roundup at Chuluagui Hill, West Central Florida experiment station, Thursday. The program will include talks and discussions on feeding, and care of cattle, pasture grasses and range improvement. W. F. Ward, superintendent, will have charge of the program and personally conduct an inspecting tour over the station and grounds.

Japanese Navy Also Threatens Blockade Of China's Coast To Alien Shipping

War Dangers Are Vastly Increased

Ambassador's Party Driving From Nanking To Shanghai

SHANGHAI, Aug. 26.—(AP)—International complications of the undeclared Chinese-Japanese war increased ominously today as occupants of a Japanese warplane shot and seriously wounded the British Ambassador to China and the Japanese navy threatened to include foreign shipping in its blockade of China's coasts.

Sir Hugh Knatchbull-Hugesson, the British envoy was shot while motoring from Nanking to Shanghai. The ambassador's party was traveling in two motor cars both flying large Union Jacks.

Fifty miles from Shanghai, two Japanese planes swooped down. The first sprayed the two cars with machine gun bullets. The second dropped bombs after the cars had stopped.

Lieutenant Colonel W. A. Leavelle-Fraser, military attaché was also shot and seriously wounded. The ambassador was hit at least twice in the left side and stomach.

An official British statement said there was no doubt the planes that attacked him were Japanese. He was rushed to a country hospital in Shanghai's international settlement where physicians found a bullet had broken his back but had left the spinal cord intact. They said his condition was exceedingly critical and that he might not recover.

Chinese and foreign diplomatic circles in Nanking received the news of the affair with expressions of horror and dismay. High Japanese officials were quick to express their sorrow.

On the battlefronts around Shanghai Chinese defenders' munitions had fallen back on a broad front while the Japanese army had established a firm foothold on the Yangtze coast north of Shanghai for the launching of extensive operations to drive the Chinese from the vicinity of Shanghai.

A spokesman for the Japanese navy said "foreign shipping along the China coast may be halted by Japanese warships patrolling the area."
