

Professor Piles Up Huge Fortune On Small Salary

CHAMPAIGN, Ill., Feb. 19.—(AP)—A professor whose annual salary never topped \$4,000 built up a fortune of close to \$1,000,000.

This astonishing feat was disclosed today in the will of the man who pyramided the money—the late George A. Miller.

He left his entire estate to the University of Illinois.

Miller, 87 when he died Feb. 10, was a familiar figure on the campus. He dressed plainly. He often ate with students in the Ilium Union cafeteria. Not even his intimates knew of his wealth.

Attorney James C. Thomas, who prepared the will for Miller for probate today, estimated Miller's holdings at between \$900,000 and \$1,000,000.

The professor was a widely known mathematician. He bought stocks and bonds. But nobody knew precisely how he parlayed his modest salary into six-figure riches.

The executor of the will, Marc C. Norton, vice president of the First National Bank in Champaign, said Miller's holdings "represented a wide catalogue of stocks and bonds of solid worth in companies in many sections of the country and a small amount of real estate." He added:

"Many of the securities, purchased early in life, were held until his death. I don't know what his investment formula was. But it certainly was a successful one."

When Miller joined the University of Illinois faculty in 1906, his annual salary was only \$2,900. When he retired in 1931, it was only \$6,000.

Attorney Thomas termed the professor "a skillful investor."

"He was one of the most unusual characters I have ever known," he said. "He expressed no desire that his gift to the university be set up as a memorial. He specified only that the gift was to be used for educational purposes—teaching and research."

"He remarked that 'Everything I have received from the university, and I simply want to repay my obligation.'"

Miller earned global recognition in the field of figures. He won the International Mathematics Prize in 1903 and was president of the Mathematics Association of America in 1901. He was the author of more than 200 articles.

"His whole life was mathematics," commented Dr. E. J. Townsend, a long-time friend. "Up to a month or so ago he worked in his office every day, including Saturdays, Sundays and holidays."

The Rev. Leroy McDowell of Indianapolis, Ind., spoke yesterday at the Free Methodist Church, West Fourth Street and Laurel Avenue, and will continue with services through March 4.

"We hope," said the pastor, Rev. Fred R. Horton, "that all Christians will cooperate in this effort of soul-winning appropriation of the promise of God. If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land." Services each evening at 7:30 o'clock.

Traveling To Moon Is Now Practical. Jet Scientist Says

POINT MUGU, Calif., Feb. 19.—Space travel is "closer than most people realize," says the senior test engineer for the Fairchild Guided Missiles Division at the Navy's secret missile test center here.

As proof, Arthur V. St. Germain offered detailed plans for a five-stage rocket which he said could carry two men to the moon, land there and return. He said his design, while not in production, is practical with "the application of techniques already at our disposal."

"This is probably the first time in history that people have known so much about an invention yet to be made," he said in an interview yesterday.

St. Germain is an authority on rockets, missiles and jet engines. Point Mugu is the site from which the Navy launches top secret weapons which travel hundreds of miles into sea. St. Germain's spaceship is one of the latest concepts for travel to the moon and back. But the fact that he could talk about it for publication indicates the craft is not an immediate project.

The space ship would tower 325 feet into the air above the launching site, weigh 360,000 pounds and attain a speed of 25,000 miles an hour. Power would be provided by four rockets, one telescoped inside the other, which would drop off one by one as the ship roared upward through the earth's gravitational pull.

The fifth rocket, carrying the crew, would coast to the moon once it reached outer space. Its fuel would be conserved for the trip home. The return journey would require less fuel because the moon being smaller than the earth, has little gravitational pull.

St. Germain said liquid hydrogen and oxygen would be used as fuels, pending development of an atomic engine.

He added that the landing on the moon would be made tail first, with jets and rockets acting as brakes.

Eighteen Western

(Continued From Page One) north Atlantic defense force. Those 22 would bring total ground troops to 22 divisions.

Collins previously had said he is convinced Western Europe intends to build up its strength. He also had told the Senate Foreign Relations and Armed Service Committees that Russia has 175 to 200 divisions under arms. Russian divisions run 12,000 to 14,000 men compared with 18,000 for U. S. divisions.

Senator Wherry (R-Neb) said he understood the land strength of Great Britain was about five divisions, France seven, Norway three, Belgium one and Luxembourg, one battalion.

"Something on that order is correct, sir," Collins said.

Wherry demanded to know how many divisions the Western European nations would furnish in the next two years. Special singing will also be featured, it was announced by the Rev. George Marsh, pastor.

The Indian Evangelist, Rev. Warren Pampego, who will preach each evening at 7:30 at the Wesleyan Methodist Church, Paola, in revival services lasting through this week. Special singing will also be featured, it was announced by the Rev. George Marsh, pastor.

77 Floridians Enlist In Marine Platoon

JACKSONVILLE, Feb. 19.—(Special)—Seventy-seven young Floridians, members of the State-wide "Halls of Montezuma" platoon, were enlisted in colorful ceremonies here last night and were transferred in three special cars to Camp Lejeune, N. C.

Representing Sanford in the platoon was Britt L. Yates, 19, son of Mrs. Hester Mullins, Route 2, Born in St. Petersburg. Yates is a graduate of Seminole High School. While there he played varsity football and basketball. At the time of his enlistment he was employed by the Patrick Fruit Corporation.

The transfer to the North Carolina Marine base rather than Parris Island, S. C., the Marine Corps' east coast recruit depot, was due to telegraphic instructions from Marine Corps Headquarters.

Yates will receive eight weeks recruit training. During that time he will have a chance to qualify for promotion to private first class. The Sanford Leatherneck will be given a ten-day leave at the end of the training period.

Deposits of phosphates in Tennessee were discovered by a tombstone cutter named Bill Shirley in 1888.

Trainmen Fined

(Continued From Page One) all his research he had never encountered a plea of guilty by a labor union in a similar charge. He called it "a unique case."

He even asked the union's general counsel, Edward B. Henslee, to make a suggestion for the amount of the fine. Henslee said he thought a fine of \$25,000, such as was imposed a week ago in Chicago would be fair.

But U. S. Attorney George Morris Fay asked for a fine of \$75,000, which the judge accepted.

However Tamm said:

"If unions are to continue to grow and prosper they must accept their responsibilities as well as their rights. The court sees in this plea of guilty a recognition on the part of the union of its obligations and responsibilities. Such recognition bespeaks continued progress in the ranks of unionization."

Approximately 3,700,000 births were recorded in the United States in 1950.

Military Bear Baiting

(Continued From Page One) wanted to hold Seoul.

But the trap was apparent. The aim was to over extend the U. N. lines in the west so these forces could be cut off by an encirclement movement smashing through the key highway town of Wonju, about 55 miles southeast of Seoul.

All the time Communist pressure was building up in the center above Wonju.

U. N. commanders decided to set off the Chinese trap.

Allied troops continued to operate on the west as though they were not aware of the Communist plan. They were planning, but Allied forces there carefully were not extended. Meanwhile U. N. power was quietly built up in the center to meet the anticipated Red onslaught.

Sanford Guard

(Continued From Page One) On arrival at the end of the road and the practice field they marched two miles under full pack.

This gave them all a hearty appetite for the coffee and doughnuts which Sgt. John M. Grantham had ready for them on arrival.

They then got right down to the real business of hand, squad tactics. This was the "meat and potatoes" of the day, according to Lieut. Newman, but regular battle conditions including "hitting the dirt and seeking cover from enemy fire."

All of this resulted in terrific appetites, but Sgt. Grantham and his mess crew were equal to the occasion at noon, and with the mobile kitchen equipment in operation had a piping hot and tasty meal. The crew included Cpl. John Adams and Cpl. Elbert Byrd.

The men had high praise for the "menu" which included steak, pork and beans, cold slaw, bread and butter, peaches and coffee.

After resting and eating the men went back to work at tactics and earned the approval of the visiting Third Battalion command, Lieut. Col. Stewart Gatchel.

It was 5:45 o'clock before the drill was ended and the tired but happy men noted that the trucks had been brought to the field to take them all the way back to the Armory.

"The men enjoyed the operation and learned more about tactics than they had in a long time," said Lieut. Newman.

Rotary Meeting

(Continued From Page One) laity, and he concluded "A Catholic in Rotary is as good a Rotarian as he is a catholic."

Mr. Ratigan quoted from the March issue of the Rotarian, International magazine, to support this view, and also traced the origin of the Rotary Club to its founding in Chicago and mentioned a number of similar organizations as far back as the Elizabethan era as its possible forerunners.

Visitors introduced by B. L. Perkins Jr. included V. H. Tittle, Fairlawn, N. J., Henry Penn of Boston, Mass., Paul Cheney of Hamilton, Mass., Ira J. Sobol of Bronx, N. Y., J. P. Tittle of Butler, N. J., Charles Marian of Lakewood, N. J., Fred Saywell of Hudson, Ohio, Wade Frayser of Hampton, Va., W. J. Reformich of Bethlehem, Pa., Clyde Mabey of Wayne, Mich and Clarke Dolive and LeRoy Lawson of Deland.

Hadacol Helps New Mother

HADACOL Supplies Vitamins B1, B2, Niacin and Iron in Which Her System was Deficient

Mrs. Lottie F. Edwards, who lives at Route 1, Inverness, Miss., has two children... she is a registered nurse and also a wife and mother of a new baby. After her baby was born, Mrs. Edwards felt run-down; she knew she had to do something to help overcome this condition so that she Mrs. Edwards would feel up to her many duties. Mrs. Edwards began taking HADACOL and says it really helped her. Mrs. Edwards was suffering a deficiency of Vitamins B1, B2, Niacin and Iron, which HADACOL contains.

Here is what Mrs. Edwards says: "I have taken one bottle of your HADACOL and am now on my second bottle, and I can say it has really helped me. After my baby came I didn't feel like walking around. I had headaches and was very nervous, and even one bottle has helped me so much, I want to keep on taking your wonderful HADACOL. I will certainly recommend it to all patients I come in contact with, for I think HADACOL is just the formula needed for Vitamin and Mineral deficiency."

Registered nurses, in increasing numbers, are showing a keen interest in HADACOL, and in the results that are being secured with this great modern formula. Requests have been received from many of these nurses for professional bottles of HADACOL, and many of them indicated that they recommend the HADACOL formula to their patients. HADACOL has helped folks of all ages when their condition was due to a deficiency of Vitamins B1, B2, Niacin and Iron, elements which are contained in HADACOL.

Theft Of \$10,000

(Continued From Page One) Hubhubb was arrested by Police Chief Roy Williams, who was aided by Jack Ilkesson who arrived soon after Chief Williams had cornered the fugitive.

When arrested Hubhubb had two pistols between his legs, two more in a front compartment of the car, two rifles, two daggers and a black jack. Stolen loot was found in his automobile, and he personally offered to a hidden cache hidden under tarpaling in the scrub one mile southeast of the Wekiva Bridge.

Articles and clothing stolen from the automobiles of nearly 30 persons were recovered and returned to the owners. Among these was valuable surgical equipment stolen from the automobile of Dr. N. Tolar and valued at more than \$1,400. To W. R. Briner of Daytona Beach articles and clothing valued at \$3,000 was returned. Many other motorists recovered goods valued up to \$300 each.

The loot when brought to the Police Station at the time filled a City pickup truck.

Hubhubb was released from the Army after three years of Pacific area service in April, 1947.

Army Weapons

(Continued From Page One) The light-weight, calibre .30 rifle still is definitely in the experimental phase. The goal of the designers is to get the weight down to about seven pounds. This, for a gun which can be used by fire fully automatic, as well as semi-automatic, would be remarkably featherweight. The most popular World War II and present weapon of similar performance is the BAR, weighing 17 pounds.

The gun is fed by a 20-round magazine. It has a stabilizer to reduce the kick, but in the demonstration it, Aberdeen, seemed to have the tendency of all automatic guns—to "recoil" as the guns fire. The extreme lightness may contribute to the trouble of the muzzle moving up at each of the automatic shots.

The obvious advantage of the gun is that the infantryman can have the same firepower with less weight to tote. Along with the gun design, ordnance experts are working on a new and lighter weight ammunition for it.

Senate Asks Public Airing Of RFC Loans

Fulbright Committee Will Investigate Loan To Oil Firm Which Went Broke

WASHINGTON, Feb. 20.—(AP)—The government today charged a New Jersey meat packing firm, its vice president and two soldiers with conspiracy to deliver inferior meat to the Army. Attorney General McGrath announced a federal grand jury at Newark indicted the group a few minutes before noon, accusing them of "a scheme to defraud the government." The Justice Department said the firm, Ben Brunstein and Sons Co., Hoboken, N. J., had "corrupted the army inspectors" by gifts and money payments in order to have them "approve for delivery to the Army large quantities of inferior meat."

WASHINGTON, Feb. 20.—(AP)—A Senate Banking Subcommittee today ordered a public airing of its charges of political influence on Reconstruction Finance Corporation loans—charges which President Truman has called untrue.

Senator Fulbright (D-Ark.), the subcommittee chairman, announced the hearing will open tomorrow with a face-to-face meeting between the committee and the company.

American Legion Post No. 53 Adds Ten New Members

Ten new members were added last night to the growing membership of the Sanford Post No. 53, The American Legion.

The new members introduced by Adjutant James Singletary, are: Allan B. Wallace, William E. Hill, Melton Salant, Donald H. Myers, Marshall E. Smith, E. Gregory, William G. Gracey, Edward R. Corvill, Floyd Earl Harris and Louis Rotundo.

W. B. McMillan, Florida Wildlife Association officer, and a director of conservation of the Fresh Water Fish and Game Commission, told the Legionnaires of efforts to eliminate water by streams which cover many lakes and streams and are a menace to the supply of fish. The best method now used, he said, is a non-poisonous hormone compound which causes the hyacinths to grow with such rapidity that they destroy themselves.

He also told of efforts to interest youths in outdoor projects including fishing contests, as a means of combatting juvenile delinquency.

Post Commander Karlisle Housholder read replies from Senators Holland and Smathers acknowledging telegrams sent by the Post requesting that the Navy not change its plans for reactivating the Sanford Naval Air Station. The Post was advised that the Navy has no intention of changing its plans.

James Q. Galloway asked for co-operation in obtaining volunteers to supervise the taking of tickets at concessions at the Seminole County Fair which starts on Mar. 11.

A letter was read from Captain Eva Williams of the Salvation Army thanking the Legion for raising \$50 at the dime hours at Christmas time.

Some of the members last night tried out the new metal chairs, 100 of which were recently delivered at the Legion Hall. It was voted to retain the wooden chairs for emergency use.

Capt. Carlo T. Loucks announced that the paid membership of the Post was 482, and with the addition of new members would be 632. He expressed hope that the 632 figure of last year would be exceeded.

Warren To Carry On With One Assistant

FALLAHABEE, Feb. 20.—(AP)—Governor Warren isn't planning to replace Frank Wright, who has resigned as his executive assistant.

Wright will leave Feb. 23 to resume his public relations business in Miami.

The Governor issued a statement that "it is not at this time planned to fill Frank Wright's place."

"The Governor's office already is swamped with work but in an effort to further economize, the office staff and I are going to try to do Frank's work. We have worked overtime and on holidays during the past two years. We will put in even more time to try to handle all the work that is being done."

"It is my hope that we cannot carry the heavy burden of work, Frank's place will be filled. Wright's resignation leaves the Governor with one executive assistant, C. L. Chitt, Press Secretary Loyd Campbell, and half a dozen secretaries."

Court Of Appeals Refuses To Halt Execution Of Seven German Officers

WASHINGTON, Feb. 20.—(AP)—The U. S. Court of Appeals refused to halt the scheduled execution in Germany of seven convicted Nazi war criminals.

The court upheld a ruling by U. S. district Judge Edward A. Tamm who refused last week to free the seven on a writ of habeas corpus.

The Court of Appeals, however, left the way open for attorneys for the seven to carry the case to the Supreme Court. It did this by directing that its mandate "order to the lower courts" be issued Friday.

Judge Tamm ruled that federal courts in this country have no jurisdiction over sentences imposed by military tribunals in enemy-occupied territories. The appeals court did not discuss this point, merely affirming Judge Tamm's ruling.

The delay until Friday in issuing the court order means that Warren Matye, attorney handling the case, will have opportunity tomorrow to appear to the Supreme Court. Matye's office said he would ask the highest tribunal to review the actions of the lower courts.

The seven Nazis are in prison at Landsberg, Germany. They were originally scheduled to be hanged some time ago, but the executions were stayed pending the outcome of their appeal to the courts in this country.

The seven are the last Nazis under death sentence. They include: Otto Olshendorf and Oswald Pohl, both convicted of being in charge of an extermination camp in Russia which slaughtered 80,000 men, women and children.

Pohl once was in charge of a German concentration camp. Units under him allegedly carried out the liquidation of Jews in the (Continued On Page Six)

Inquiry Ordered Into Rail Union Wage Controversy

Transport Cannot Be Allowed To Halt, Senator Declares

WASHINGTON, Feb. 20.—(AP)—Top labor leaders carried their grievances to Economic Stabilizer Eric Johnston today, and Johnston called Cyrus S. Ching, chairman of the Wage Stabilization Board, into the meeting. A wage formula approved 6 to 3 by Ching's board is one of the chief grievances of the labor group, the United Labor Policy Committee. Now awaiting approval by Johnston before it can become effective, the formula would hold wage increases to 10 percent above a year ago. Ching, arriving at Johnston's office, told reporters he had been summoned by telephone about 11:30 minutes earlier, and did not know what part he was to take in the meeting.

WASHINGTON, Feb. 20.—(AP)—Chairman Murray (D-Mont) today ordered a Senate labor committee inquiry into the dispute between the railroads and four operating unions.

"In this time of national emergency we cannot permit our transportation system to break down," Murray said in a statement announcing that public hearings would start Thursday.

Murray said the sporadic strikes and failure of the railroads and the rail brotherhoods to settle their wage dispute "suggests that there may be serious defects in our Railway Labor Act." That act provides machinery for mediation of (Continued on Page Six)

Mrs. C. A. Stoneham Dies Of Heart Attack

Mrs. Charles A. Stoneham, one-third owner of the Sanford Giants, died today in her sleep of a heart attack. She was 65.

Mrs. Stoneham, wife of the late owner of the Giants, died at the Mayfair Inn, headquarters of the baseball club which is holding spring training here.

She is survived by a son, Horace C. Stoneham, President of the Giants, and a daughter, Mrs. Charles A. Stoneham. Mrs. Stoneham and her son and daughter each owned a one-third share of the club.

The funeral will be held Friday.

Convalescing GI's Have Dates With 6 Beautiful French Hosiery Models

By ARTHUR L. EDSON

WASHINGTON, Feb. 20.—(AP)—Six GI's got a break last night that every GI must dream about: they had dates with six beautiful French models.

The GI's at Walter Reed Hospital recuperating from injuries, had champagne with the girls at the French Embassy, went to a show and later, had dinner.

Their reactions varied.

Pfc. John Ahmann of Egan, Minn., said worriedly: "I'll have to phone back home to explain all this before any news story gets out to Minnesota."

On the other hand, there was PFC. Lawrence Waid of New Britain, Conn. Waid posed happily with all six girls clustered about him. When one of the girls said she was wearing a perfume brand No. 5, he bawled: "That's my wearing wolf No. 7. Probably was, too."

The girls are over here representing a hosiery firm. It seems six French designers each made a pair of hose, and each selected the model he thought would show some off to best advantage.

The consensus, arrived at only after prolonged deliberation and considerable snoring: "It's a stunner."

The other GI's on hand were Col. Gerald Arney of Lovington, Va.; Pvt. Robert Grant of Chicago, Illinois; Cpl. Paul Rogers of Cincinnati and PFC. Robert Houck of Rock Hill, S. C.

Philly Police Officer Is Hit By Racketeer

Kefauver Hears Testimony On Persecution Of Numbers Racket Operator

WASHINGTON, Feb. 20.—(AP)—Senate crime investigators disclosed testimony today in which a Philadelphia gambler accused the city's deputy police superintendent, George F. Richardson, of persecuting him "to cover himself up."

William N. (Willie) Weisberg, a former numbers racket operator who says he now makes his living playing the horses was the witness. He told the committee headed by Senator Kefauver (D-Tenn.) that Richardson had ordered police to get arresting him as a blind for failing to enforce the law against some other persons.

At a public hearing here yesterday, Harry (Nig) Rosen, another numbers racket operator in Philadelphia, named Richardson as a police official on whom he had showered gifts and entertainment.

Richardson, a veteran police officer, made a blanket denial of the testimony in Philadelphia today. A member of the crime committee staff said Richardson might testify here later in the day.

Weisberg, who also appeared at yesterday's public hearing here, first gave secret testimony to the crime in Philadelphia last October.

In this testimony, which the committee made public today, Weisberg claimed that Richardson had "made me uncomfortable for 10 years," adding that he considered (Continued On Page Two)

Dulles To Discuss Pacific Alliance With New Zealand

Pact Would Be Similar To North Atlantic Defense Agreement

WASHINGTON, Feb. 20.—(AP)—The United States is considering a triangular defense alliance with Australia and New Zealand as a move toward a projected Pacific Pact similar to the North Atlantic Treaty.

Informed officials reported today that John Foster Dulles, Secretary of State Acheson's Republican foreign policy adviser, is ready to discuss this and other possible defense lineups when he stops off in New Zealand shortly for official talks.

Dulles already has visited Japan and Australia to discuss a Japanese peace treaty and to explore ideas for a mutual defense arrangement in the Pacific.

Officials emphasized to a reporter the three-way alliance is one of several alternative arrangements now being considered as a means of knitting democratic nations closer together in the Pacific area.

Another, it was learned, would add the Philippines as an original member of the United States-Australia-New Zealand arrangement and leave the way open for all additional countries to join later.

Savage Lion Kills Tiger In Midst Of Shrine Circus Act

DETROIT, Feb. 20.—(AP)—The savage law of the jungle asserted itself in the sawdust ring of a circus yesterday.

It was quick, it was cruel, and Sheba, a Royal Bengal Tiger of Clive Hearty's animal act, was slain.

Prince, a big African lion, was the killer.

The scene was the Shrine Circus at the Fair Grounds Coliseum. Three thousand school children were the audience to Prince's lustful fury.

He leaped on Sheba and sank his jaws into her back in the course of an acrobatic stunt. He barked and snarled and whined at the animal.

There was perhaps a merciful element to it, however. Few if any of the wide-eyed youngsters were aware of Prince's vicious accomplishment.

It happened that fast. Growls on hand understood, but they said the children were spared.

"My kid," said one, "was going to get his balloon."

It didn't seem like a fair fight. Prince leaped without warning from his pedestal. And Prince was much bigger than Sheba.

In the instant of the attack Beatty couldn't do anything to halt it.

He held back other animals in his lions and tigers act. A roar through the cage bars against Prince's ear.

The lion let go. Sheba dragged herself away. About an hour later, Beatty mourned her loss.

"She was the whole act," he said. "I wouldn't have taken \$10,000 for her."

The show, if course went on. Prince stayed in the act. The lions and tigers performed again last night.

PARLOR ASKED

TALLAHASSEE, Feb. 20.—(AP)—Lawyers for the aged slayer of state Rep. Charles Schuch pleaded with the cabinet pardon today to give Charles Gifford a thorough trial of his sanity.

Gifford was sentenced to a routine of fixed electric chair for the electric chair for the Apr. 24 slaying of the Pinellas county legislator. His death warrant has been signed and if nothing happens to prevent his execution, it will take place this week.

The cabinet took no immediate action on the petition.

WIFE DIES

PARIS, Feb. 20.—(AP)—Andre Glide, 81, considered France's greatest man of letters, died of pneumonia last night. He won the Nobel Prize of literature in 1947.

Glide wrote more than 60 books. His best known novels are "The Counterfeiters," "The Immortal" and "Pastoral Symphony." Publication of his "Journals" in recent years greatly widened his world audience.

He shocked and fascinated two generations with his literary portrayals of morality and immorality.

Quick Thinking By Bus Driver Saves Lives Of Children

Joel Moss Is Badly Injured As Auto Collides With Bus

Quick thinking by an alert driver of a county school bus averted possible injury to more than 90 children passengers when an automobile coming out from a side road, crashed into the side of the bus at 3:45 o'clock yesterday afternoon on South Sanford Avenue at Grandville.

Miss Joe Moss, who Sheriff P. A. Metz said was driving the automobile, a 1950 Studebaker Sedan, was injured, and Joel Moss, 14, her son, who was riding with her, was thrown through the window of the car to the pavement, narrowly escaping the wheels of the bus which was knocked to the right by the impact of the collision.

Both are recuperating today in Fernald-Laughton Memorial Hospital where they were taken in a Biason ambulance. Joel Moss, a Seminole High School freshman, suffered a mild concussion, and is under observation for a possible fracture of the skull, said Dr. W. V. Roberts this morning. Mrs. Moss is under treatment for lacerations of the face and ear, multiple bruises and abrasions.

The driver of the bus, Robert A. Howell, was knocked from his seat by the impact of the collision, his automobile hitting the bus from the front. Quickly recovering from a bruising jar against a side of the bus, he jammed on (Continued On Page Two)

Mickey Cohen Attends Graham Prayer Meet

LOS ANGELES, Feb. 20.—(AP)—Gambler Mickey Cohen, who broke bread with Evangelist Billy Graham Sunday night in a Sunset Strip cafe, attended a meeting last night which Graham spoke on "How To Become a Christian."

"Thousands of people have been praying for a long time that Mickey Cohen would get religion," the dynamic preacher told newsmen.

The first efforts were made to keep from reporters the fact that Cohen was to attend last night's meeting.

Graham, driven by Stuart Hamilton, who a year ago renounced his habit with Evangelist Billy Graham, led newsmen in a merry automobile chase.

At one point Hamilton stopped and demanded that motorcycle officers arrest the pursuing reporters. The newsmen explained they had a tip Graham was on his way to a conference with Cohen, Graham told the newsmen he wasn't.

Hamilton told the reporters they were going to a meeting with "some important Hollywood stars," and that Cohen would be there.

The Graham and Hamilton drove away, unpursued.

Later, Cohen told reporters he attended the meeting and nobody threw him out. It wasn't until after he spoke at the gathering that Graham admitted Cohen was there.

Winter Park Resident Dies Here Suddenly

Joseph Peter Metzloff, 68, resident of 1001 Laurel Road, Winter Park, died suddenly yesterday afternoon while visiting with friends in Sanford.

Born Apr. 22, 1882 in Chicago, Mr. Metzloff was a retired electrical engineer. He moved to Winter Park about three months ago from Chicago where he was a member of the Warren G. Harding Masonic Lodge No. 1102.

He is survived by the widow and two sons, Arthur L. of Winter Park and Robert C. of Chicago, also two grandchildren of Winter Park.

Funeral services will be held at Erickson Funeral Home at 2:30 P.M. Thursday with the Sanford Masonic Lodge No. 62 in charge of the services. Burial will take place later in Chicago. The family has requested that flowers be omitted.

All members of the Masonic Lodge are requested to meet at the Masonic Hall at 2:00 P.M. to attend the funeral in a body.

Want Revision In Wage Formula

DELAND BOUNDARY

DELAND, Feb. 20.—(AP)—An accused confidence operator has admitted swindling a Connecticut businessman out of \$28,300 which he spent on "wine, women and song," police said today.

Howard Peterson, 36, alias Howard Christy, was turned over to two Bridgeport, Conn., detectives today. Volusia county officers arrested him in nearby Holly Hill two weeks ago.

PRAYERS FAIL

NAPERVILLE, Ill., Feb. 20.—(AP)—A chain of prayer by students ended yesterday with the death of an attractive coed, an outstanding student at North Central College.

Phyllis Ebinger, this year's homecoming queen at the college, died of acute leukemia, a cancerous disease of the blood, eight days after she was stricken.

Students at North Central and nearby Evangelical Theological Seminary had conducted the chain of prayer for recovery of the 21-year-old senior. Physicians, however, had held no hope for her recovery.

Opening Of Central Florida Exposition Attended By 28,709

ORLANDO, Feb. 20.—(Special)—First day crowds totaling 28,709 paid spectators poured through the turnstiles here yesterday for the 39th annual Central Florida Exposition. The crowd was below last year's number.

Last year the first day attendance was 30,254 the record for the previous 38 exhibitions. The 1950 week's total admission of 167,794 also was a record for six days.

Claude H. Wolfe, exposition president, said that this year's attendance for the week is expected to be about the 1950 record of 1,000,000.

He pointed out that with the James E. States Show on the brilliant midway, Florida State University "Flying High" Circus giving free afternoon shows Tuesday, Wednesday, Thursday and Friday, a requested great looking of the "scintillating Le Vogue," the 1951 version of the historic exposition promises to be more popular than in any previous year.

A special schedule of events has been planned for each day. Yesterday honored Orange county, Apopka, Christmas and Florida All Club members.

Remainder of the week's program is as follows: Today, Pleasant Days, also designated for the year county, Lake county, Conway, Jamaica and all manufacturers.

On Wednesday winter visitors will be honored and asked to register at a special booth under sponsorship of Greater Orlando Chamber of Commerce. It is also the day for Osceola, Marion county, Lakehart, and Florida State University students.

On Thursday Seminole and St. Johns counties will be recognized along with Orlando Vista, Union Park, West Side Community Club and various other organizations. This is also a day for fishing in with Orlando's Civil Air Guard.

Friday will be observance of a day for Volusia county, Winter Park (Continued On Page Two)

Farm Groups Hit Price Freeze At "Unfair Levels"

Farmers Will Oppose Ceiling Changes, Government Told

WASHINGTON, Feb. 20.—(AP)—Five major national farm organizations said today any government move to freeze farm prices at "unfair" levels would call for food shortages, black markets and collapse of inflation control measures.

They said in a joint statement that farmers are ready and willing to produce abundantly in an effort to keep prices from going too high. But to accomplish this, the statement said, farmers will need essential production materials—such as fertilizers, machinery, gasoline, insecticides and labor—as well as "equitable" prices.

The organizations are the American farm bureau federation, the National Grange, the National Farmers Union, the National Milk Producers Federation and the National Council of Farmer Cooperatives.

The group declared organized agriculture will fight any move to change present laws relating to control on farm commodities. There has been no official word from the Administration will seek a change. The government is prohibited now from placing ceilings on farm products at less than the current market price.

Farm prices are standards for measuring farm commodities, declared by law to be equally fair to the farmer and those who buy his products.

The farm groups' statement was issued as some organized (Continued On Page Two)

5% Raise Is Granted To City Employees

Salaries of more than 100 City employees were ordered raised 5 percent by action of the City Commission at an adjourned meeting last night. H. N. Sayer, city clerk, reported this morning.

The raise, he added, affects only those employees who are making under \$3,000 a year.

A resolution was passed expressing appreciation to the County Commission for the efforts of the County in securing the re-paving of South Sanford Avenue from Twenty-Fifth Street south, a part of the old Orlando Highway.

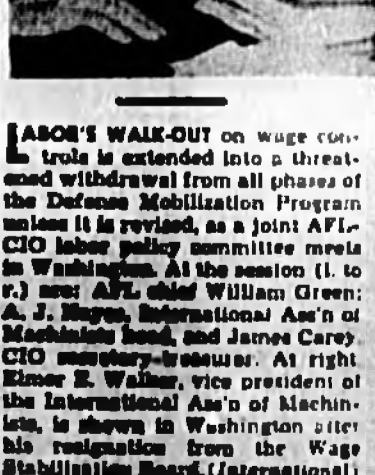

Relocation of the City dump was authorized in case this becomes necessary by the reactivation of the National Air Station where the dump is located. The new site is in an isolated section north of Lake Ada, said Mr. Sayer.

A City sponsored barbecue, scheduled to take place tonight at the Country Club for members of the New York Giants, was called off due to the death of the mother of Horace Stoneham, Giants owner, Mr. Sayer declared.

Initiative Is Regained By Allied Forces As Limited Offensive Is Renewed

TOKYO, Feb. 20.—(AP)—General MacArthur visited the roaring central Korean front today, watched Allied units and warplanes pound the fading Red and then ordered his troops to resume the initiative generally.

This did not mean necessarily that Allied forces would attempt a new drive across the Parallel 38 border into Red Korea.

When MacArthur spoke, the Allies already had kicked off on a general of the "limited offensive" that started Jan. 25 and was stalled only last week by a massive Red push that failed.

MacArthur recalled that President Truman had said the General should make the decision whether to cross the border again. But he told war correspondents at the front:

"I shall not arbitrarily execute that authority."

The Allied commander indicated that "if and when" Allied troops reach the border, he would give consideration to any "coherent political reasons against the crossing."

The British are leaders in the opposition to crossing 38 again. They were reluctant to send their forces across last fall at the high tide of Allied offensive efforts against the Red Koreans—before Red China turned the Allies back.

When Allied troops after thrusting into Red China last fall drove close to the Manchurian border all across the peninsula, China threw three tentative invasions (Continued On Page Two)

Lions Club Plans Community Fish Fry On Friday

King Lion Harry Robson told members of the Lions Club today that plans for the community fish fry Friday night at the Lions Club grounds are going ahead according to schedule.

Cecil Carlton who heads the committee in charge of the program asked for more cooks for the job. His committee includes Carl Williams, John Lambeth and Robert Shawen.

Ruel F. (Robbie) Robinson, fruit and vegetable broker at the Sanford State Farmers Market was inducted a member of the Sanford Club by a visiting Lion, J. R. Henderson of Winter Park.

It was a typical Lion induction, being punctuated with a roar from the cages of Leo and other lions across the street at the Sanford Zoo. Called upon to make a speech, Lion Robinson was interrupted by cheers and applause before he had finished the first sentence. He sat down grinning, his initiation complete, following which the lions in the Zoo let out another roar.

Robert Shawen, chairman of the Lions Blood Bank committee, told of the recent area meeting in Orlando. He stressed the fact that each town in the blood bank district is requested to appoint a doctor to the general committee.

Plans were outlined at the meeting for war emergency or atomic attack, in which case blood would be sent to stricken areas, he declared. J. I. Ellis, Orlando, was a visitor.

FARM MEET

A supper and meeting of the Seminole County Farm Bureau and the veterans on the Farm Class will be held tonight at 7:00 o'clock at the Future Farmers Building at Seminole High School. Dr. J. W. Wilson will have charge of the program.

C OF C MEET

The regular monthly meeting of the board of directors of the Seminole County Chamber of Commerce will be held at the City Hall tonight at 7:30 o'clock. Ed Whitney, manager, announced today.

Represented Nationally By Inland Newspaper Representatives, Inc., New York, Chicago, Detroit, Kansas City, St. Louis.

TODAY'S BIBLE VERSE: Our habitation on earth was made ready at fabulous pains and with infinite forethought.

There were nearly 15,000 houses built in the Miami area last year, as compared with 10,850 the year before, and 7,860 the year before that.

Not having anything else apparently to have a "week" about, the National Smiles Week Committee has proclaimed the week of Feb. 26-Mar. 3 as National Smile Week.

The Florida Legislature's welfare committee meeting in Ocala has voted to tighten state laws against abuses, waste and chiseling in connection with State Welfare Department handouts.

Organized labor charges that President Truman's (President Truman's mind you) war mobilization program represents the interests of big business because it includes a provision for freezing wages at no more than 10 percent above the level of a year ago in its efforts to combat inflation.

What did you think of those New York basketball players letting their team mates down and selling out to the highest bidder? Don't you think that sort of hit a new low in sportsmanship?

It was with Russia in inevitable, what is Russia waiting for? Why don't they start their big push at once? Well, one thing may be the answer. It is pretty cold and apt to be snow bound in certain parts of Poland and East Germany at this time of year.

It was with Russia in inevitable, what is Russia waiting for? Why don't they start their big push at once? Well, one thing may be the answer. It is pretty cold and apt to be snow bound in certain parts of Poland and East Germany at this time of year.

Communist Sabotage In America

More than eight hundred American Communists have received graduate training in sabotage at the Lenin School in Moscow, according to an article in the March issue of Pageant magazine.

Written by Donald Robinson and entitled "Sabotage: 1951," Pageant's article reveals for the first time that saboteurs have been blamed for damage to essential machine tools in California, and that the F. B. I. suspects sabotage in the wreck of a railroad train near Holland, Miss., last July.

More than 600 cases of Communist sabotage have been proved during the last year: in Britain, France, Brazil, Algeria, India, Malaya and Japan the Communists have succeeded in dislocating some portion of the world-wide defense effort.

Pageant points out that four trained saboteurs in key electric plants could paralyze New York City in a matter of minutes. At Sault Ste. Marie, where the Soo Canal joins Lake Superior and Lake Huron, a group of federal agents tested the vigilance of the guard and found that saboteurs could easily put the locks out of commission.

1. Damaging buildings and equipment by explosives or fires. 2. Damaging power systems, communications and other utilities. 3. Tampering with gauges, precision tools and testing devices. 4. Tampering with blueprints, formulae and working models. 5. Contaminating or interrupting the supply of raw materials. 6. Stirring up labor trouble.

Quoting J. Edgar Hoover, the article concludes with the warning that "it will require the vigilance of every American to stop the Communist saboteurs... Only in this way... can we protect the country from the Kremlin-planned disaster that threatens it."

Republicans Differ

Republican leaders, like other Americans, are not unanimous on foreign affairs. There is a noticeable rift between Gov. Thomas E. Dewey on the one side and Senator Robert A. Taft and former President Herbert Hoover on the other.

This split across the G.O.P. repeats the history of World War I. Then the Atlantic Coast Republicans favored intervention in Europe, while those from the interior opposed the declaration of war until the last possible moment.

On the other side, with Taft and Hoover, born in Iowa and a Californian by adoption, are notably Senators Kenneth S. Wherry of Nebraska and Everett L. Dirksen of Illinois. Geographical location seems to be connected with these differences of opinion.

Bar To Black Markets

There seems to be some questioning around the crack-barrel as to whether the new federal control order on meat slaughtering will prevent the development of a black market in meat as price controls begin to pinch.

Black markets may be held down by government actions, but they can be prevented by only one thing. That is the refusal of the people to trade in them. If price regulation brings a shortage of meat on the legitimate market, and if some people are willing to pay extra in order to get all the meat they want, then there will be a black market in meat.

Korean War

(Continued From Page One) That action forced an Allied army force into the conflict.

Since Jan. 25 when the new Eighth Army commander, Lt. General Matthew B. Ridgway, ordered his "limited offensive," the tides of war have shifted again. The Allies have won back much of the South Korea areas they gave up, including key places in the Seoul-Inchon area but not the capital itself.

MacArthur had one of his typically acid comments for Russia's leader: "I note that Marshal Stalin has just predicted the annihilation of our forces in Korea. But his will have to do a lot better than (Chinese and Korean) comrades they have yet done to prove him a prophet."

Before MacArthur flew to the Wonsu airstrip Tuesday morning, Allied forces rolled behind tanks in the northeast and thrust along the central front. Field dispatches limited offensive, a renewal of the still described the action as a Red-killing raid.

Frontline reports said 30,000 Communists were massing around Hoensong, the road center 10 miles north of Wonsu which the Reds won last week. Massive Red counter-attacks won some ground but failed to crack the central front.

Another 10,000 Reds were reported northeast of Wonsu. It was to this area that MacArthur went for another of his close looks at the war. He was accompanied by Ridgway, Lt. General Mark Clark, chief of U. S. ground forces; and Lt. General Edward M. Almond, 10th Corps commander.

MacArthur stood for five minutes and watched Allied artillery and planes pound the Reds less than two miles away. Then he visited the heroic French battalion that helped turn the tide last week at Chipyong. He also visited a Negro battalion that blunted the Red attack at Wonsu.

The Allied commander sipped champagne with Lt. Col. Ralph Bonclair, the French commander. He awarded a Silver Star to French Lt. Jacques Bastreux for leading a grenade charge up a Communist-held hill.

All ranks of this international force are wearing themselves with distinction, MacArthur said. When he returned to Tokyo, he reported the Allied ground forces "in excellent fettle."

In the northeast an Allied thrust, led by the 1st Marine Division, drove the Reds westward of Chechon and still were pushing ahead.

On the western front, an Allied patrol crossed the Han River five miles east of Seoul Monday but was forced back to the south bank.

Allied warships shelled both coasts. Cruisers hit along the western shores. The British cruiser Belfast and the Australian destroyer Warramunga sped to the east coast where their heavy guns joined a naval armada pounding the onsan sector, about 100 miles north of the border.

British authorities in Tokyo said after an investigation that there was no evidence that British ships took part in a landing last week on the sands of Cho and Rei in Wonsan Bay, South Korea. Marines went ashore.

In the air, Naval Air Force and Marine warplanes hit the Reds again after Monday's recent attacks. The Far East Air Force alone dropped 1,259 bombs (single fighters) Monday against the Reds.

Targets included Red troop masses, battlefield gun positions, supply buildings and transport lines. B-29s ranged almost to the Manchurian border on the east coast. They hit rail yards at Puryong, north of Chongjin, and at Cho, about 40 miles northeast of Hamhung.

The superforts dropped 200 tons of bombs on the Red Korean towns.

Bouquets And Brickbats

Sanford Herald's Contribution Editor Roland Dean and his staff of the Sanford Herald are to be congratulated on their big Monday edition of eight sections and 64 pages, constituting "An Invitation to Tourists."

Profusely and beautifully illustrated, the huge annual edition is really an historical compendium of all that is really useful informationally speaking to native and visitor alike, of Seminole county, its communities and its people. If a newspaper can be called a masterpiece, the Sanford Herald of last Monday merits a place in the archives of all Central Florida citizens.

It will be of inestimable value to those in other states who are fortunate enough to receive a copy. —ORLANDO SENTINEL

Editor, The Sanford Herald, Sanford, Florida Dear Sir:

Our friends from the tourist court sent Mrs. Russell and me the big edition of your paper dated February 12, 1951. We have read it with a great deal of interest and you are certainly to be complimented on the fine job which you did.

Since I have recently retired from the National Guard it almost makes me wish that I was retiring from the Regular Army so I could go to live with you people in Sanford.

Sincerely yours, H. D. Russell, Macon, Ga.

Sanford Herald, Sanford, Fla. Gentlemen: I gave your delivery boy out here an order for five of the "Special Issues." Today he brought me two and said he would try to get me three for tomorrow.

I was told that views of Fellowship Front (not by delivery boy) would be in this issue. As it is not, I do not care for the other three. He may have these two tomorrow if he needs them. If you put out another "Special" with views of Fellowship Front, I will take five copies of them.

Yours truly, Wyatt Morris, Fellowship Front

Convincing GI's (Continued From Page One) sparkling like, "How do you like it in Washington?" or "Have you seen the Washington Monument yet?"

Thompson Joette would say, "Washington?" and then laugh prettily. It didn't mean any words but it sounded okay in my language.

Farm Groups (Continued From Page One) labor officials protested freezes on wage rates as long as food prices were free to go higher. Many farm products are still below their minimum legal ceiling levels.

"If all farm prices now parity should rise to parity, the result should be an increase of less than five per cent in food costs," the statement said. "Many farm products below parity are available in abundance and unlikely even to approach parity."

Speakers said three of the organizations oppose use of government subsidies to hold down food prices. They told a reporter they expected the Truman Administration, north of Chongjin, and at Cho, about 40 miles northeast of Hamhung.

The superforts dropped 200 tons of bombs on the Red Korean towns.

Targets included Red troop masses, battlefield gun positions, supply buildings and transport lines. B-29s ranged almost to the Manchurian border on the east coast. They hit rail yards at Puryong, north of Chongjin, and at Cho, about 40 miles northeast of Hamhung.

Editor, Sanford Herald, Sanford, Florida Dear Sir:

I was pleasantly surprised to receive a copy of the Herald's 1951 Tourist Issue, and wish to send my thanks in case it was sent from your office.

The wealth of information it gives shows how Sanford has increased her many accomplishments, including Florida Fashions and the training fields of the New York Glens.

This is all so well summarized in your two editorials "An Invitation to Tourists" and "Business Opportunities." The first, a lovely prose poem, reflects Sanford's cultural atmosphere, and the latter invites the friendly tourist to come and share her scenic growth.

With my congratulations and best wishes, Sincerely yours, Anne Van Ness Brown, Jacksonville.

Mr. Roland Dean, Editor, Sanford Herald, Sanford, Florida Dear Mr. Dean:

Your recent "Mail Away" edition is by far the best of its kind that we have ever seen. It shows that considerable professional effort and time were expended.

We have heard numerous people say that they agree that it was by far the best. It is certainly one of the best publicity efforts that has ever gone out from Seminole County.

Some of the Jaycees wish to take this time to sincerely thank you for the publicity you gave our organization. Earnestly, Bill Stamps, President, Seminole County Junior Chamber of Commerce

Dear Mr. Dean, Some kind friend sent me a copy of your wonderful edition of the Herald and we have enjoyed it very much. My, how Sanford has grown; how lovely it is.

Congratulations to you and your very efficient helpers. I love Sanford. Yours very truly, Mrs. T. C. Carlson, Cedar town, Ga.

Philly Police (Continued From Page One) money, picked up by the Police and manhandled by them "on several occasions."

He was questioned at length about his contention that Richardson was "trying to cover up something" by which Weisberg described as his persecution by the police official.

In his answers he brought in the name of Buck Mayer, who he said had operated late-hour saloon at Fifty-second and Sanson Streets in Philadelphia.

An exchange of questions and answers between Randolph Halley, Mr. Howell's chief counsel, and Weisberg wound up like this: Halley: "You think that Richardson is getting graft from somebody, and that Buck Mayer is collecting it? Is that what you mean?"

ministration to propose subsidies soon, similar to those used during World War II.

At that time, retail prices were frozen on some foods at below levels guaranteed farmers. The difference was made up in the form of subsidies to farmers.

The Three which will oppose subsidies include the Farm Bureau, the National Grange, and the National Council of Farmer Cooperatives. The Farmers' Union on the other hand, says it favors subsidies on farm products available in short supply.

Quick Thinking

(Continued From Page One) the brakes, bringing the bus to a safe stop just short of a ditch and telephone pole.

He declared this morning that he did not see Mrs. Moss coming out of the dirt road to his left until the car hit the bus. Mrs. Moss was coming from the direction of her home near Silver Lake. A letter box was knocked down by the bus.

Mr. Howell said today that he had made one stop to let off pupils and was slowing down for another stop at the Ginder-ville road fork near the old airport when the accident occurred. The pupils were somewhat excited, he said, but showed more concern for him, after noting a dent on his nose, than they did for themselves.

The Studebaker was wrecked. Damage to the 1946 Ford school bus was minor, aside from dents and bent fenders and Mr. Howell made his school rounds with this morning, he stated. Yesterday, however, Mrs. Ellen Dossy, who had already made her rounds with a school bus, came along and took most of the children home. Others were taken home by anxious parents who arrived in their automobiles soon after word of the accident had spread.

Mr. Howell, who in addition to his bus driving duties is custodian at the City Hall and the Public Library, was highly praised today by Judge Douglas Stenstrom and Sheriff P. A. Mero for his quick thinking in the emergency when the lives of pupils from South Side Primary, Grammar School Junior and Senior High Schools were threatened.

A veteran of World War II, Mr. Howell served with the 124th Infantry and participated in the Omaha Beach landing and Normandy invasion. During the action he was wounded severely in the foot by a mortar shell, resulting in the loss of the toes.

Duchess Of Windsor Has Hospital Check

NEW YORK, Feb. 20.—(AP)—The Duchess of Windsor is in the hospital for a check up.

A secretary said today the Duchess was in Harkness pavilion of the Columbia Presbyterian Medical Center for a "routine check up" just like everyone else has. She is expected to return to her Waldorf Towers apartment in a day or so.

The Daily News said today the Duke and Duchess, who is the former Wallis Warfield of Baltimore, had to cancel a cruise to the West Indies because of the Duchess' condition.

The story did not reveal the nature of her ailment beyond calling it "persistent recurrence of acute physical discomfort."

Exposition Opening (Continued From Page One) Park and all veterans. Senator George Smathers and Rep. A. S. Herlong, Jr., will be honor guests at the exposition on Saturday, the final day to be highlighted with a gigantic parade sparked by the Riverside Academy Military Band.

This is Senator Smathers' first public appearance in Central Florida since his election to office last year, it was pointed out by show officials.

He has served here as Fifth District Commander of the Disabled American Veterans, and as vice-commander of DAV Chapter No. 30. He is married and lives at 804 Galina Drive.

Sheriff Mero today attributed the crash to the fact that the brakes on the Moss automobile failed to function properly, and added that the only charge made by the foot by a mortar shell, resulting in the loss of the toes.

Sanford Banks WILL OBSERVE THURSDAY, FEB. 22 "WASHINGTON'S BIRTHDAY" All orders for currency, payrolls, etc. should be made on Wednesday, Feb. 21.

Social Calendar

TUESDAY
The regular Unity Class will meet at the Valdez Hotel at 7:30 P. M.

The Florida Audubon Society will meet at the Garden Center at 7:30 P. M.

Revival services at Wesleyan Methodist Church, Paula, 7:30 P. M.

WEDNESDAY
The Prayer Meeting service at the First Baptist Church will begin at 7:30 P. M.

The Training Union Executive Committee of the First Baptist Church will meet in the Phebean class room after the Prayer Meeting hour.

The Anna Miller Circle will meet at the Elk's Club at 8:00 P. M.

The regular meeting of the Business and Professional Women's Club will be held at 6:30 P. M. at the Yacht Club.

Under the sponsorship of the Beta Sigma Phi sorority the receptionist at the Fernald-Laughton Memorial Hospital will be Mrs. W. M. Phillips.

The Ladies' Auxiliary to the Brotherhood of Railroad Trainmen will meet at the home of Mrs. H. L. Moore, 711 Myrtle Avenue, at 3:00 P. M.

The Seminole County Council P. T. A. will meet at the Geneva School at 2:00 P. M.

THURSDAY
Mealah rehearsal will be held at the First Methodist Church at 8:30 P. M.

The Douglas Jobe Junior Brotherhood will meet at the First Baptist Church at 7:30 P. M.

The Thrift Shop Workers of the Woman's Club will be Mrs. Ben Wade and Mrs. Clyde Ramsey.

The regular meeting of the Seminole Rebekah Lodge No. 43 will be held at 8:00 P. M. in the Odd Fellows Hall.

Under the sponsorship of the Beta Sigma Phi sorority, the receptionist at the Fernald-Laughton Memorial Hospital, will be Mrs. C. B. Ripley.

FRIDAY
The United Daughters of Convalescence will meet at 3:00 P. M. at the home of Mrs. M. M. Kirkwood.

A special meeting of the Seminole Rebekah Lodge No. 43 has been called for 8:00 P. M. in the Odd Fellows Hall.

Under the sponsorship of the Beta Sigma Phi sorority, the receptionist at the Fernald-Laughton Memorial Hospital, will be Mrs. Clifford McKibbin.

Personals

Mrs. Paul Miller of Charlotte, N. C. is visiting her sister, Mrs. W. M. Colbert.

Friends of Mrs. W. J. David will regret to learn that she can no longer be ill at her home 610 West First Street.

Friends of Mrs. A. J. Walker will regret to learn that she is confined to the Fernald-Laughton Memorial Hospital.

Roy Mann returned home Saturday from the Johns-Hopkins Hospital in Baltimore, Md. after undergoing treatment there.

Miss Ann French and Miss Peggy Fraser spent the weekend in Valdosta, Ga., visiting their parents.

Mrs. Chester Mathis of Ridgeley, Tenn. left Saturday after visiting with her aunt and uncle, Dr. and Mrs. Henry McLaughlin.

Mr. and Mrs. Clarence O'Neill and Mrs. Ed Higgins returned from Andover, Mass. as the guests of Mr. and Mrs. D. B. Rowe.

Miss Rose Levy returned today from New York City where she has been on a buying trip for the Hollywood Shops.

Mrs. Zetta Mae Johnson of Tampa is visiting with the brother and sister-in-law, Mr. and Mrs. E. T. Linnhart at their home on 701 Myrtle Avenue.

Mrs. C. B. Radd has returned to New York City where she went on a buying trip for the Purcell House in Sanford, Orlando and Lakeland.

Mrs. Patrick O'Leary of Buffalo, N. Y., and Mrs. Patrick O'Neill Jr., of Detroit, Mich., have returned home after visiting with their mother, Mrs. Anna Taulby.

John and Tommy Kirkland of Orlando left last night after spending the weekend with their grandparents, Mr. and Mrs. J. C. Johnson.

J. Thomas Jacobs had his haircut for the past week. Mr. and Mrs. John Finney of Boston, Mass. and Mr. and Mrs. B. F. Stanbush of Cincinnati, Ohio.

Mrs. W. A. Laffer returned Sunday after visiting in Knoxville, Tenn. with her son Kenneth, who is a student at the University of Tennessee.

Mr. and Mrs. John Higgins returned Saturday afternoon after visiting with Mr. and Mrs. John Williams in Norfolk, Va., for some time.

Mr. and Mrs. Randy Collins have returned to Jacksonville from Lexington, Ky., where they spent a few days with Mrs. Collins' brother, Leo Armstrong, and Mrs. Armstrong. Mr. Armstrong is attending the University of Kentucky where he is a member of the senior class.

Friends of Walter Cook will regret to learn that he is seriously ill at the Army hospital at Fort Jackson, S. C., but is slowly improving. His address is Pvt. Walter A. Cook, U. S. 53045741, Co. B, 88th Inf., Fort Jackson, S. C.

JUNIOR-SENIOR PROM

The senior class of Seminole High School was honored by the Junior-Senior Prom on Friday evening with the Junior-Senior Banquet and Prom.

the following: Top left, Miss Dial Boyle and Randy Whitney; top center, Miss Janetta Wolff and Buddy Bass; top right, Alan Hetzel and Miss Mildred Miller; left center, Miss Connie Ludwig and Stuart Matthews; right center, Bob Franklin and

Miss Carleen Hull-black; lower left Miss Betty Lou Partin Clark; lower right, Miss Norma Faye Harvey and Clarence Chaus.

Irene Julia Ward Weds Mr. Thurmond

In a beautiful double ring ceremony at the First Presbyterian Church of DeLand Sunday afternoon...

The ceremony took place against a background of two white Irish lilies entwined with fern and white carnations.

Prior to the ceremony, Miss Barbara Rutter, organist, rendered a program of nuptial music.

The bride, given in marriage by her brother, Gordon L. Ward of Norfolk, Va., wore a ballerina length, white shadow organza gown over white tulle with a high neck, fitted bodice and cape sleeves.

The groom wore a white tuxedo with a white bow tie and a white cummerbund.

Mrs. Shelby Higginbotham of Jacksonville, sister of the bride was matron of honor.

Charles Bowen, brother-in-law of the groom, acted as best man and usher were Jack Ray and Elsworth Hooper, both of Sanford.

The bride's mother wore a short-sleeved crepe dress with tan accessories, and a dosage of Tallman roses.

Following the ceremony the couple left for a 10-day wedding trip touring the state.

After the business meeting refreshments were served by the hostess and co-hostess, Mrs. Frank Melch to the following: Mrs. Morrison, Mrs. A. B. McInnes, Mrs. J. V. Jones, Mrs. H. C. Dill, Mrs. J. G. Galt, Mrs. R. F. Monte and Mrs. Henry Schuster.

Mrs. Ginson Elected Circle Chairman

Mrs. M. Ginson was re-elected chairman of the DeLand Chapter of the Women's Society of Christian Service.

Other new officers are Mrs. Charles Morrison, vice chairman; Mrs. Gordon Morrison, secretary; and Mrs. E. R. Benson, treasurer.

Mrs. Ginson, chairman, presided over the meeting. An announcement was made that the annual flower show will be held in the Episcopal Parish House on Mar. 20, 1951.

After the business meeting refreshments were served by the hostess and co-hostess, Mrs. Frank Melch to the following: Mrs. Morrison, Mrs. A. B. McInnes, Mrs. J. V. Jones, Mrs. H. C. Dill, Mrs. J. G. Galt, Mrs. R. F. Monte and Mrs. Henry Schuster.

Also Mrs. W. H. Stewart, Mrs. M. J. Moss, Mrs. J. B. Williams, Mrs. J. C. Sikes, Mrs. A. B. Stevens, Mrs. Harry Watt, Mrs. Brinson, and Mrs. Ginson.

Miss Marie Ellis Weds Merlin Hayes

Mr. and Mrs. C. K. Ellis of Sanford today announced the marriage of their daughter, Marie, of Jacksonville, to Merlin J. Hayes of Iowa, which took place Saturday in Jacksonville.

Their only attendant, were Mr. and Mrs. Ralph Brown. The couple will make their home in Jacksonville.

Meeting Is Held By Dependable Class

After attending services at the First Methodist Church, the Dependable Class met last evening with Mrs. J. D. Callahan at her home for their business and social meeting.

A market basket sale was conducted and \$10.50 was raised. After the meeting refreshments were served to the following: Mrs. John Schirard, Jr., Mrs. J. G. Loecheit, Mrs. Joe Wilson, Mrs. A. L. Skinner, Mrs. J. H. Nicholson and Mrs. E. G. Kilpatrick, Jr.

Also Mrs. H. B. McCall, Mrs. Ned Smith, Mrs. Jim Leonard, Mrs. Porter Lansing, Mrs. Clarence Wallis, Mrs. Ray Herron, Mrs. A. K. Shoemaker, Mrs. W. P. Kirby, Mrs. Callahan and Miss Louise Sipple.

When you make Rouquet cheese salad dressing add a dash of Worcestershire sauce if you like for a new flavor.

Mrs. C. H. Sorrells, president of the College Park Society, and Mrs. Mesdames Esther Herring, Mildred Taylor, Edna Duggins and Florence Davis. Special hymn numbers were sung by members of the College Park Society and of the home society respectively.

Mrs. Sorrells related the story of "My Call" by Virginia Priest. A social hour followed with Mesdames Edna Ortega, Ruth Weaver, Dorothy McConnell and Hattie Lobb as hostesses.

Fern Park News

Mr. and Mrs. Ernest Lockwood of Milan, Ohio, were guests at the A. F. Lohr home on Wednesday.

Recent visitors at the home of Dr. and Mrs. C. H. Gatchell, were Mr. and Mrs. Howard Allen, and son Larry and daughter Barbara of St. Petersburg.

Visitors at the home of Mr. and Mrs. Henry Hanson are Mrs. Hanson's parents, Mr. and Mrs. J. B. Harbot of Elmira, N. Y.

Mr. and Mrs. H. F. Loufgrun and son Richard of Franklin Park, Ill. are visiting friends in the community.

Mrs. Frank Lee of New Smyrna Beach visited Wednesday with her daughter, Mrs. Robert Guest.

Mr. and Mrs. O. J. Tooth of Lake Wales visited in the community on Wednesday.

Mrs. Minnie Baracough of Hempstead, L. I., N. Y. is visiting with her nephew and niece, Mr. and Mrs. Donald Barnes of Fern Park.

Neil Sorenson, Mike Puglia, and William Mauler, all of Chicago, Ill. are visiting the Walter Duxan family on Lake Ellen Drive.

Miller Acres

Friends of Mrs. Robert Brown of Gem Lake will be glad to learn that she is slowly improving after the accident she and her husband were in on the highway near DeLand last week.

Mr. and Mrs. Stewart Johnston Jr., and their daughter, Bonnie of Brooklyn, N. Y., are making their parents, Mr. and Mrs. Vincent Valentine Sr., of Medina Road, an extended visit.

Mr. and Mrs. Robert Scott accompanied by the Schmirer girls, Pauline and Mildred, motored to New Orleans to see the Mardi Gras. The Fred Walters of Long Island are visitors of the Joseph Schmirers.

Miss Mildred Wodak left for New York after visiting the Joseph Brenners.

Mr. and Mrs. Chas. Youman entertained Mrs. C. Sedwick from Long Island, N. Y. last Sunday with a dinner at the Mayfair Inn, Sanford.

After spending three weeks with her uncle, James Romney, Mrs. Lillian La Ruffe left for Brooklyn, N. Y., last Sunday. However her son-in-law, Julius Stutz, arrived the same day to join his

name is Teddy Carroll. Mr. and Mrs. David Rothchild of Washington, D. C. were also guests at the Meyer home.

Mrs. Charles Wanneman returned from a visit with her sister, Mrs. Adele Pelkey, and her son and daughter-in-law, Mr. and Mrs. Chas. Hansenman, Jr., of Bergenfield, N. J. She also attended the wedding of her niece, Miss Carolyn Pelkey in Brooklyn, N. Y. Her sister, Mrs. Adele Pelkey accompanied her to DeBarry and will visit the Hansenmans for the winter.

Long Island University Stars Are Questioned In Game-Fixing Probe

By EUGENE LEVIN
 NEW YORK, Feb. 20—(AP)—Three Long Island University basketball stars were charged today with accepting bribes to alter the outcome of a game between their school and Kansas State University last Dec. 2 at Madison Square Garden. LIU barely won 69-59, after holding a wide early lead. The period covered in the booking was "between Jan. 15, 1950, and Jan. 16, 1951." However, only the Kansas State game was specified. District Attorney Frank S. Hogan said the trio admitted plotting to arrange the point spreads in a number of LIU games.

By EUGENE LEVIN
 NEW YORK, Feb. 20—(AP)—College basketball's sensational game-fixing investigation widened today as the district attorney continued questioning three Long Island University stars through the early hours. District Attorney Frank S. Hogan and his aides had been questioning the trio since 4:30 P. M. yesterday afternoon, taking time out only for sandwiches and coffee.

The players are Sherman White, high-scoring six-foot, seven-inch Negro, of Englewood, N. J.; Leo Roy Smith, also a Negro, of Newark, N. J.; and Adolph Bilgus, team captain, of Perth Amboy, N. J.

Hogan emphasized that "no inferences" should be drawn from the prolonged questioning.

The city's current basketball scandal was touched off Sunday when Hogan accused three City College of New York players and from New York University.

These four and an ex-LIU player and a Manhattan jeweler already are under charges in the fixing of three games this season. The ex-LIU player, Edward Gard, allegedly had contact between the players and the bookies, was called in with the LIU trio by Hogan last night.

The LIU players were taken in custody by detectives at the LIU left classes in the Brooklyn school. Earlier, the Brooklyn district attorney's office said it was looking into game fixing information that came to it independently from Hogan's probe in Manhattan.

But the nature of the data was not disclosed, and it could not be learned if Hogan's men acted on information supplied by the Brooklyn office.

Long Island, with a season record of 20 wins and four losses, was rated as one of the nation's top teams as it rolled unbeaten through 18 straight games before a western trip spoiled the streak.

Meanwhile, the city Board of Higher Education barred for the present any future scheduling of municipal college basketball games in Madison Square Garden. The remaining games this season are not affected.

The resolution, which bars "activities not chiefly controlled by educational institutions," applies to City College, Brooklyn College, Queens College, Hunter College, and City College of the second municipal school involved in a bribe investigation. Brooklyn College expelled five players in January 1946, after they admitted taking money to throw a game against Akron University.

Another development late yesterday was the refusal of General Sessions Judge William Schurman in grant bail to Salvatore T. Solazzo, alleged key hitter in the game-fixing setup.

Solazzo then indicated he would seek his freedom on a writ of habeas corpus in State Supreme Court today.

Judge Schurman acted when Assistant District Vincent A. G. O'Connor informed him that Solazzo, a jeweler, had tried to smuggle a note to his wife for his associates.

O'Connor said the note was not concerned with Solazzo's jewelry business but with "contacting persons he is associated with in this dirty practice."

He added that the 45-year-old jeweler would try to "interfere

Straight from the Horse's Mouth

By RUD HARPER

After the flurry of recriminations which flew back and forth last fall when the University of Florida "regretfully declined" to play Florida State University in a football game, we thought the controversy between the two colleges had died.

But the sensitive Seminoles have taken umbrage at the snub and are launching an all-out attack based on ridicule to bring the haughty University of Florida to its knees.

Scott Marshall, sports editor of the Florida State University Plaindealer, has written a letter to sports editor across the state which contains the wily implication that the Gators aren't really proud—they're just scared.

Mr. Marshall, not particularly bothered by encumbrances such as modesty, points out somewhat smugly that the Seminoles have beaten Tampa in basketball while Florida has twice been defeated by the Spartans.

And he goes on to document the case for the Seminoles "equal rights" program by pointing out similar comparative scores in favor of the Seminoles in swimming and golf.

In turning down the FSU invitation to play football last year, the Gator coaches diplomatically based their refusal on the order by the State Board of Control banning games between the two schools. Actually it is unlikely that Bob Woodruff's reluctance to meet the Seminoles was simply that he had everything and nothing to everything to gain and nothing to lose. The victor would bring little lustre and a loss and a loss might well send the cavalierous Florida slumming seeking another coach.

But no such strictures exist for minor sports which are not especially important as far as prestige is concerned. Probably the reason the Gators won't meet FSU in swimming or golf is that this would give the smaller school a foot in the door and a hard-to-answer argument for playing football.

Mr. Marshall, who speaks the Florida lingo of propensity with great grace, requests the aid of all true-hearted men to bring to FSU its just deserts.

We think probably the best way to do that would be to let the Seminoles play Florida in football. The difference between the Southeastern Conference and the league in which the Seminoles have been playing is large. FSU last year was undefeated while Florida had only a so-so season, but in spite of the record it would take a brave man to believe that the Seminoles would be blown off the field by Coach Woodruff's crew.

And then there is the question of money—which of course is a subject of no concern to college football, but may be mentioned in passing as something of small importance. The game is a natural and should fill the Gator Bowl to capacity if it is ever held. Probably Florida would not like to be distracted from its attempt to build up a rivalry with the University of Miami, but with a resynthesized "traditional contact" at their doorstep the Gators would be well advised to consider in view of the small chance for defeat which is offered by the game.

Lockman Shifted To First Base In Giant Experiment

Rudy Rufner Suffers Lacerated Eye In 1st Day's Training

Whitely Lockman, hard-hitting New York Giant outfielder, worked out on first base for more than an hour yesterday as Manager Leo Durocher shifted his lineup in an attempt to find a badly needed first sacker.

Rudy Rufner, utility infielder last year, was the first casualty of spring training suffering a badly lacerated right eye when hit by a batted ball.

Yesterday's session was devoted to running and batting, but the Giants will begin serious training within the week with two-day sessions scheduled before Saturday.

Clint Hartung, lanky pitcher, hit the longest ball of the day, a towering drive which cleared the center field fence and traveled some 400 feet.

Bill Riney has been given permission to delay reporting until the Giants move on to their St. Petersburg headquarters. His wife is ill with the flu.

Seven New York Sportswriters, including Al Buck, James McCulley, John Drabinger, Joe Val, Barney Kremenko, Fred Benzel and Rud Renne, are covering the spring training session and filing stories from Sanford.

Fifteen players of the 39 man roster have so far reported. They include Carroll (White), Lockman, Robert Hoffman, Charles Bishop, Rudy Rufner, Dave Koslo, Dave Williams, Sal Yvars, Frank Panovich, Wes Westrum, Norman Fox, Clint Hartung, George Soper, Peter Pavlick, and Allen Uetzel.

Wildcats Top Basketball Poll; Oklahoma Aggies Retain Second

By JOE FALLS
 NEW YORK, Feb. 20—(AP)—For the fifth straight week, Kentucky is the leading basketball team in the country. The Wildcats, sporting a 16-5 game winning streak, again edged out Oklahoma A & M in the weekly Associated Press poll.

Columbia, the only major unbeaten team left, moved up to third place, replacing Kansas State, which slipped to fifth.

Indiana also advanced, from sixth to fourth place, but that was before the Hoosiers dropped a 71-65 decision to Illinois last night. Illinois, now a heavy favorite in the Western Conference, moved from 11th place into the select group with a 10th place finish.

The rest of the top ten consists of St. Louis (6), Bradley (7), St. John's of Brooklyn (8) and North Carolina State (9).

Kentucky, which edged DePaul, 60-57, last night for its 22nd victory against one setback, drew 92 first-place votes from the 110 sports writers and sportscasters who participated in the balloting.

The Wildcat, Southeastern Conference champion for the eighth straight year, conclude their regular season Friday and Saturday with games against Georgia and Vanderbilt. By winning the SEC, Kentucky has qualified for a berth in the NCAA tournament.

(Oklahoma A & M whipped Tulane and Detroit last week, but apparently, it didn't impress the experts too much. The Aggies received 23 first-place votes for 921 points compared to Kentucky's 1,026. Hank Hall's crew, with a 23-1 record, plays Houston tomorrow and Wichita Saturday.)

The leading 30 teams with points based on a 10-5-7-6-5-4-3-2-1 basis. First-place votes and season's records, including last night's games, in parentheses:

Top Ten Points
 1. Kentucky (22) (23-1) 1,086
 2. Oklahoma A & M (23) (23-1) 921
 3. Columbia (4) (17-0) 821
 4. Indiana (7) (18-3) 696
 5. Kansas State (8) (17-3) 584
 6. St. Louis (18) (20-4) 566
 7. Bradley (7) (24-4) 529
 8. St. John's (19-3) 271
 9. North Carolina State (8) (22-4) 264
 10. Illinois (1) (16-2) 194

Second Ten
 11. Arizona (25-4) 95
 12. Brigham Young (1) (21-5) 80
 13. Southern California (8) (18-2) 80
 14. Deacon (1) (20-4) 79
 15. Villanova (20-4) 78
 16. LIU (20-4) 78
 17. Oklahoma (18-2) 59
 18. Cincinnati (18-2) 44
 19. Washington (1) (16-4) 42
 20. Marist (9) (18-3) 37

Williams Is Battered Groggy By Joe Miceli
 PHILADELPHIA, Feb. 20—(AP)—Joe Miceli emerged as a contender for the welterweight championship by punching lightweight King Williams groggy last night, but it won't do him much good.

The young New York Italian has a date with Uncle Sam in a Olympic fight, Detroit.

Sports Roundup

By MURRAY ROSE
 (For Hugh Fallert, Jr.)

NEW YORK, Feb. 20—(AP)—Jack Kearns is one manager who commands plenty of respect from his fighters. Jack definitely is not one of the "they can't hurt us—go get 'em" school. In his early days as a manager—before he plotted Jack Dempsey and tapped a gold mine—Kearns had a fighter who was matched with Jolly Rogers. Now Rogers was a pretty good boxer who later on was matched with the great Joe Gans. Kearns' man broke his hand before the Rogers date and it looked like the two were out of a \$150 purse. That was big money in those days. So rather than lose the payday, Kearns fought Rogers himself—and knocked him out.

We got that little anecdote out of Nat Fleischer's "Ring Record Book For 1951." It's the tenth anniversary number of this invaluable collection and it's bigger and better than ever. Its 813 pages are crammed with facts and figures about the great and near great of boxing since the earliest days of the fascinating sport. Who was the first heavy-weight champion? Ten to one if you ask someone, he'll say John L. Sullivan. The answer is James Figg, born in Oxfordshire, Eng-

land, in 1695. He died at the age of 39.

Which state has had the most boxing champions? New York with 33. Then comes Pennsylvania, 18; California, 12, and Illinois, 11. All told 23 states have had at least one titleholder. Are the names of Jack McAuliffe and Jimmy Barry familiar to you? They are the only two outstanding boxers in modern history to go through entire careers without defeat.

Fleischer's book, just off the presses and limited to an edition of 3,000 copies, lists the records of some 4,300 fighters, about 1,000 less than last year. That indicates the decline of boxing in this country as well as the deep inroads the draft is making into the game. The European list, however, has 200 more boxers than last year.

The record time for a knockout is 11 seconds, or just about as quick as sleep can be produced. Four fighters share the record: Battling Nelson, known as "The Rouser" in 12 seconds; the record of a name gladiator, the best Jack Dempsey could do was 14 seconds. The up-and-down fight of the century was the April 17, 1907 battle between Joe Jeannette and Sam McVey in Paris. Jeannette was floored 27 times and McVey 11. But Jeannette won in the 49th round when McVey quit.

Tennis Oldsters Dominate Indoor Title Competition

NEW YORK, Feb. 20—(AP)—Tennis may be a young man's game outdoors, but the old critters are doing mighty well for themselves indoors.

The race for the singles title in the National Indoor Championships resumes tonight with most of the seniors very much in the running. In fact, Sidney Wood, the ex-Davis Cupper from New York, is about the only member of the old crowd on the sidelines. And he plays rarely these days.

Of course, there's no doubt that it such youngsters as Art Larsen, national champion, and Herbie Ham, the runner up, were on hand, the old-timers wouldn't stand a chance. They admit that themselves.

But, on the other hand, Viv Seixas, a young Philadelphian who not only is being groomed for a future Davis Cup spot but is ranked No. 4 nationally, was polished off in the first round by graying Frank Shields, who was a Wimbledon title before Vic was born. Shields can whack the ball over the net and still has a ball-veering service.

Then there is defending champion Tom McNeil, who won the National Championship outdoors in 1940. He's approaching his middle thirties, rates himself a "weekend player," but managed to win the title last year and give good account of himself outdoors.

Bill Talbert, who even though he can't call himself a youngster anymore, narrowly missed being selected for last year's cup team, seeded No. 2 behind McNeil. He faces young Leonard Steiner, the former Cornell University star, in a second round match tonight.

Ladislav Hecht, who played on many Czechoslovakian Davis Cup teams in the merry '30s, against Ed Moylan, a youngster who never has reached his full potential.

Last night's action was limited to doubles, and it was Shields and Wood, seeded fourth, and Talbert and McNeil, ranked first, who came through. The latter pair didn't have to lift a racquet, since their opponents, Henry Von Kohorn and Gerald Barrack, defaulted.

He added that the 45-year-old jeweler would try to "interfere

Demaret Refuses To Pay \$500 Fine Levied By P. G. A.

HOUSTON, Tex., Feb. 20—(AP)—The newest and probably the most serious controversy in professional golf reached its show-down today.

Jimmie Demaret, the colorful exan who is doing all the talking, champed over a fine of \$500 levied by the PGA Tournament Committee because he and eight other American golfers went to Mexico and played in the Mexican National Open. It was in defiance of the PGA order.

Vic Ghezzi was fined \$350 but it was in absentia. He still is in Mexico to play some exhibitions. Three other golfers who accompanied Demaret here by plane to see about playing in the Houston Open starting Thursday—Morris Williams Jr., Stan Dudas and Angel Snow—were fined \$200.

Four others—Al Beselink, who went to Florida; George Kinsman, Jr., Willie Foulmo and Nick Larson, who are expected to arrive here today or tomorrow by automobile—also were stuck \$200 apiece.

Demaret let out a loud blast. He wouldn't even accept the notice from Howard Capps, PGA Tournament Supervisor, and said he would sue the PGA. "I'm fined a nickel," he declared. "The whole mess grows out of personal differences between Heron Smith and Larson Little, with Jensen of Little's position as head of the PGA Tournament Committee."

While Demaret conferred with a lawyer and threatened suit, indications were that the fines would be paid and that at least eight of the golfers would play in the Houston Open. They have to pay up before they can enter.

Four members of the Tournament Committee—Smith, Dave Douglas, Clayton Heafner and Leonard Gibson—ruled at San Antonio during the Texas Open two weeks ago that the golfers would be violating the PGA by-law by going to Mexico—that the Mexican National Open was not PGA-sponsored, conflicted with the Rio Grande Valley Open at Harlingen last week and that it was not a "major championship."

few days.

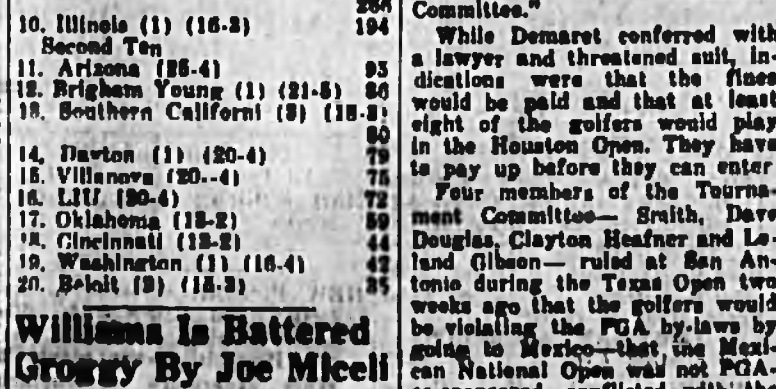

Actually, he was slated for induction into the Army yesterday, but his draft board gave him a few days grace so he could fight here.

The 77,291 fans who paid \$27,335 to see the 16-round battle at the arena stood and cheered as Miceli pounded Williams with a side arm left that landed on the champ's face and body with sledgehammer force.

The tenth round ended with Williams needing help from referee Charley Daggert to find his corner, whereas Miceli looked as if he could go 10 more.

HURRICANE

... another reason why **FLORIDA NEEDS A SOUND TELEPHONE COMPANY**

Floridians don't have to think back far to realize the need for a financially healthy Telephone Company. Last October's hurricane knocked out 116,000 telephones... Mt poles, cables and wires snapped and broken.

expensive emergency power systems are maintained at all telephone offices to help keep your telephone working though your lights may be out. During the October hurricane one unit was in operation for 73 hours. All Florida units averaged more than 16 hours of operation in 1950—most of them the better.

The new line of telephone service, and the 100,000,000 lines of service, are being built to make it possible for Florida to have a financially sound Telephone Company.

A. B. Doulay, Florida Manager

\$20,000,000
 a Year for Florida
 Telephone Construction

We've spent \$105,000,000 since 1945 to expand and improve Florida's telephone service—and many millions more are required by continuing rapid growth.

The money to expand and improve telephone service does not come from the money you pay in for service... that money goes to pay wages, taxes and other operating costs. The money to build new facilities must be secured through the sale of our stocks, and paid to people with money to invest.

That's why the future of telephone service depends on the Company's earnings enough to make it worthwhile for people to invest their savings in the telephone business.

What's its Power?

FIREBALL!
(Only Buick can make this statement)

BEND an ear to the deep baritone song of
this marvel motor, and you'll know we
aren't fooling when we call it Fireball.
What happens beneath that brawny Buick
bonnet happens in no other car in the world.
Years ahead of the rush to high-compression
valve-in-head engines, Buick was in there
pitching for more power from every drop of
fuel.
The result: a spectacular engineering phenom-
enon you feel the instant you touch toe to gas
treadle. A rapid-fire sequence of tiny tornadoes,
let loose their pent-up power every
five inches a Buick travels.

been polished and perfected in every detail up
through the years.
Again and again, compression ratios have
been stepped up to keep pace with advances
in fuels. Self-setting valve lifters contribute
to silence. Micronic balance and Hi-Poised
engine mountings add two more Buick
exclusives.
And the silken might of this Fireball's power
has been made more beautifully obedient by
still another "first"—Dynaflow Drive.
So we list as a prime reason why "smart buy's
Buick" this Fireball power plant—and a host of
happy owners will say "Amen."

It you could look inside that Fire-
ball engine, you'd see why. Instead of
the flat-topped pistons used in
other cars, Buick uses a *turbo-top*
piston, like this:

Better see your dealer soon.
*Standard Buick MASTER MOTOR
with a cast iron block

So the inrushing fuel whirlwinds into a com-
pressed ball that adds a super-charge to the
downstroke of the piston.
And you get the thrill—and thrill—of this
Buick "first" in every mile you drive.
More, you get a tried-and-true engine that's

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

Railroad Union

(Continued From Page One) labor controversies on the railroad. Murray described the situation as "a direct challenge to Congress," requiring study of the law itself "with a view to improvement."

Murray's announcement came as a spokesman for the railroad declared there was "no truth" to reports that a settlement was near in another rail wage dispute. That dispute involves 1,000,000 non-operating workers—employees of offices, stations, yards and freight terminals—distinct from members of the operating unions who run the trains.

WASHINGTON, Feb. 20—(AP)—The wage drive of 1,000,000 workers in non-operating units of the railroad industry was reported near settlement. Terms were said to call for a basic pay increase of 12 1/2 cents an hour, plus cost-of-living adjustments good for as much as 5 cents more.

CARD OF THANKS We thank God for His blessing and the people of Sanford and Seminole County, both white and colored for their kind consideration to me when my house burned on Feb. 18. I also want to thank the ministers, the professors and school teachers and the churches for their generosity. Everything gives thanks for this is the will of God in Christ, Jesus concerning you.

Rev. G. Knight and Family ad.

Modern Way To Control Roaches

Bothered by roaches or ants? Johnston's NO-ROACH, applied by brush in the kitchen, kills roaches, ants, and waterbugs. What's more, the colorless coating is effective for months, and kills the stragglers that wander in and walk over it. For scientific control, use Johnston's NO-ROACH.

Newman Tells His Own Success Story

Throughout the years there have been numerous success stories of how this man or that man started from nothing and finally achieved prosperity. But the best of all success stories is where a man in a run-down condition finally gets to where he feels good and fine.

Wm. Bogard, ACOL, he says, "I wish I could tell my story to every man and woman in the country who is now suffering as I was suffering."

"Two years ago, at age 40, I was convinced that nothing remained for me in life. The most encouraging words I ever heard were: 'Maybe you will get straightened out after a while.' The only thing that really mattered to me was how I felt, and the fact that my apparent decline had brought my many dreams and aspirations in total ruins before my feet."

"I heard and read many stories and testimonials concerning HADACOL, but, unfortunately for me, I didn't take any of them seriously. I considered these testimonials to be from fictitious people with imaginary ailments who talked solely for money. How wrong I was! In spite of my wariness, I decided to give HADACOL a try. I took great care that no one knew I was taking it because I feared their ridicule."

"I took three bottles of HADACOL before I began to 'feel' its effects. After that, my progress was steady and sure. My appetite picked up, I not only ate at meal times, which I had not been doing before, but I enjoyed in-between-meal snacks of delicacies which I had long since forgotten."

"I wish I could tell my story to every man and woman in the country who is suffering as I was suffering; I wish I could let them know and make them believe that what I say is all truth and none fiction."

Remember HADACOL is sold in a series money-back guarantee. And so inexpensive. Trial-size bottle only \$1.25. Large family size, \$3.50. If you struggle, don't miss HADACOL, order direct from the Leonard Corporation, 1000 N. 1st St., Sanford, Fla.

Senate Asks

(Continued From Page One) between E. Merit Young and Rose Bohannon, a Texas lawyer who has described Young as a man of special influence over RFC affairs. Their testimony, Fulbright said, will mark a public review of circumstances behind a \$10,100,000 RFC loan to the Texoma Corp., Texas and Massachusetts oil development firm, which reorganized and went broke after getting the money.

WASHINGTON, Feb. 20—(AP)—The Progressive Party today called for a negotiated peace with Russia based on the co-existence of capitalist and Socialist nations. C. B. Baldwin, Party Secretary acting as its spokesman, told the Senate Foreign Relations and Armed Services Committees the Truman Administration, with the backing of some Republican leaders, was following a course towards war. The joint committee is considering a troops-for-Europe resolution.

Henry A. Wallace, former vice president and Progressive candidate for president in 1948, resigned from the party last August, opposing its foreign policy stand. He said he had to stand with his country and the United Nations on the Korean question. Baldwin was his manager during the presidential campaign.

Baldwin said today: "The policy of containment is an utter failure. Our future policy must be based on co-existence. Therefore, propose that you call upon the President to convene a five-power conference to settle these (capitalist-Socialist) differences."

Court Refuses Appeal

(Continued From Page One) Auschwitz concentration camp, the destruction of the Warsaw ghetto and murder of Jews in east Europe. The other five also were convicted of participation in atrocities. They include Hans Schmidt, for three years SS adjutant at Buchenwald concentration camp; George Schallmeier, former roll call chief at Muehlhof Concentration camp; Erich Maumann, former SS brigadier general in command of an extermination unit; and Paul Hobe, former SS colonel, found guilty of ordering the killing of 60,000 people at Kiev, Russia.

Pacific Treaty

(Continued From Page One) to have mentioned the possibility of an initial three-member alliance to New Zealand's prime minister, Sidney G. Holland, when he visited here early this month. Holland, long an advocate of a Pacific defense pact, was reported enthusiastic about the suggestion. Officials said he believes such a United States-New Zealand-Australian pact would meet his country's desire for formal assurance of outside aid in event of Communist aggression.

WELLINGTON, New Zealand, Feb. 20—(AP)—John Foster Dulles, President Truman's roving envoy to the Far East, arrived here today from Australia to continue his talks on a possible Japanese peace treaty and Pacific defense measures.

Dobriansky testified the underground had infiltrated the Red Army, and that Russia's reported invincibility in land warfare was a myth. A proposal by Senator Connally (D-Tex.) that the president notify Congress of an G. I. transfers to Europe failed meanwhile to satisfy Senator Taft's demand for a troop ceiling.

Henry A. Wallace, former vice president and Progressive candidate for president in 1948, resigned from the party last August, opposing its foreign policy stand. He said he had to stand with his country and the United Nations on the Korean question. Baldwin was his manager during the presidential campaign.

Cabinet Refuses To Eliminate One Package Bid Plan

TALLAHASSEE, Feb. 20—(AP)—The Cabinet today declined to eliminate combination, or "one package bids with discounts" for legislative and supreme court painting. Several printers have opposed the practice. Attorney General Richard Ervin said such bids—which have been permitted for many years—are "illegal and unfair." He declared Florida law provides that a separate contract be awarded for each item of printing.

Ervin said the combination bid "chills bidding" and "eliminates competition." He declared that daily requirements for Senate and House journals and calendars restricts the work to local printers, and that out-of-town printers should be given an opportunity to bid on general and pamphlet laws.

Reds Block Han River Crossing As Rains Bog Down Allied Advances

Americans Flatten Out Chinese Red Bulge On Wonju Front As Resistance Lessens

TOKYO, Feb. 21—(AP)— Allied forces flattened out the Chinese Red bulge in Central Korea today but in the west the Communists blocked two new Allied attempts to cross the Han River.

A driving, relentless rain turned the whole Korean battlefield into a mud puddle.

Field dispatches said the rain soaked GIs, bogged down tanks, filled foxholes and deepened the misery of the front.

A few troops took advantage of the rain for their first showers in a month; those who could took turns ducking into Korean shelters.

But for most, the rain meant constant soaking.

Red mortar fire—"the heaviest and most accurate I've ever seen," said one commander—drove back an armored patrol to the south bank of the Han seven miles east of Seoul.

Five miles downstream from Seoul heavy resistance checked a South Korean patrol trying to cross the Han.

American and British troops mopped up Red stragglers south of the river.

On the east central front, United Nations troops thrust forward against light opposition.

On the west central front, advance units were moving ahead.

Young Denies He Receives Fees On Loans From RFC

White House Secretary's Husband Accused Of Rake-Off

WASHINGTON, Feb. 21—(AP)— E. Merl Young, one-time government messenger, swore today that he never received any fees or commissions from anyone who wanted a Reconstruction Finance Corporation loan.

Young denied to a Senate Banking Subcommittee that he offered to be influential in obtaining a \$10,000,000 RFC loan for the Teasmas Corp., a Texas and Massachusetts oil development company.

His testimony on that point contradicted that of Ross Bohannon, Dallas, Tex., attorney, who told the subcommittee earlier that Young sought an \$85,000 fee from Teasmas to influence granting of the loan.

Bohannon, who represented the Teasmas firm, had described Young as a man of "tremendous influence" who was "close to President Truman."

Young, husband of a White House stenographer, said he did not meet with Bohannon once at Bohannon's request to discuss the Teasmas loan.

Young quoted Bohannon as saying he wanted not only Young to work on the loan but as saying "they would have to have Boyle too."

That was a reference to William M. Boyle, Jr., chairman of the Democratic National Committee.

Young said he had no recollection of Bohannon's statement and that Boyle told him "in forget it."

The Senate committee is exploring charges of "favoritism and influence" in the granting of loans by RFC; Edgar of St. Augustine, Richard of Miami and Charles and Roland of Sanford; and one sister, Mrs. Cliff Franklin of Washington, D. C.

Funeral services will be held at Erickson Funeral Home at 2:30 P.M. with Rev. S. L. Whitley officiating. Burial will follow at Sylvan Lake Cemetery, Paola.

Coroner's Inquest Is Ordered Into Lundquist Death

World War Veteran Is Found Dead In County Jail Today

A coroner's inquest was ordered today by Justice of the Peace W. E. Watson to be held Friday afternoon at 2:00 o'clock regarding the death of Russell G. Lundquist, 36 year old carpenter, in the County Jail early this morning.

Mr. Watson said that Mr. Lundquist had been found in Loch Arbor at 12:30 A. M. by Deputy Sheriff Charles Beck and was in a numb and cold condition when brought to the jail, wrapped up and placed in a bunk. The death must have occurred several hours before 6:30 o'clock, Mr. Watson added, declaring that he was called to the jail at that time.

He said that he had found no evidence of foul play in connection with the death.

Sheriff P. A. Mero stated this morning that Mr. Lundquist had been found lying in the yard of W. A. Patrick at Loch Arbor after the latter heard his dog barking, shortly after midnight.

Mr. Patrick notified the authorities and Deputy Sheriff Beck took Mr. Lundquist to the County Jail and locked him up. Sheriff Mero declared that the man was intoxicated at the time and had been in a state of dependency for several days.

Mr. Lundquist lived in Orapville on the South-west Road. He was born in Sanford Jan. 18, 1915 and had lived here all of his life. He was a veteran of World War II.

Surviving is the widow Mrs. R. G. Lundquist of Grapeville; his parents, Mr. and Mrs. Henry G. Lundquist; seven brothers, John of Fountain Head, Tenn.; Eric of Angwin, Calif.; Elmer G. of Jacksonville; Edgar of St. Augustine; Richard of Miami; and Charles and Roland of Sanford; and one sister, Mrs. Cliff Franklin of Washington, D. C.

Atomic Bomb Deters Russia, LeMay Claims

Strategic Air Force Chief Favors Dispatch Of American Troops To Europe

WASHINGTON, Feb. 21—(AP)— Lt. General Curtis E. LeMay, who commands the U. S. fleet of long-range Atomic Bomb planes, said today that the threat of atomic bombs probably will deter Russia from starting a general war in the next two or three years.

But LeMay said he favors the Administration's plans to send U. S. Army troops to serve in a combined European defense force.

Specifically, he opposed at Senate hearings a resolution by Senator Wherry (R-Nebr) which would declare the Senate opposed to sending any troops without prior congressional approval.

LeMay explained he did not think the hands of the military should be tied by Congress.

Under such restriction, he said, "I would be handicapped very much in where I could place my wings and groups after war started."

LeMay, head of the Strategic Air Command, testified at Senate hearings on the troops-to-Europe issue. The hearings are being held by the Senate Foreign Relations and Armed Services Committees.

LeMay called his big bombers the "only effective weapon" this country now has for dealing with Russia in event of war. When Wherry asked if they could knock out Russia by long-range bombardment, the general replied: "I don't know. That's my job to try and achieve that and not to say 'no'."

Wherry opposes the Administration plan to put six Army divisions into a combined European defense force against possible Communist aggression.

The Senate obviously hoped to find support for its position from the testimony of LeMay. The general was a cautious witness.

"At one point he said grouped soldiers would be needed in any war, then, when Wherry asked if there should be any commitments of ground troops to fighting in Europe until the long range bombardment program was developed, LeMay said it should be avoided if possible, adding:

"No one should fight until ready."

"In event of war with Russia what do you think would be our most effective weapon?" Wherry asked.

"The only effective weapon we have is the atomic bomb," he said.

All Segments Of U. S. Must Co-operate In Defense Effort, President Asserts

WASHINGTON, Feb. 21—(AP)— The government today banned the sale of new cars at inflated prices in the used car market and set dollar-and-cents ceiling prices on all used cars. The action was announced by the Office of Price Stabilization (OPS). The new regulations are effective Mar. 2. Bruce Morris, chief of the agency's automobile pricing division, said the move was designed to halt a "wide-spread" flow of new cars into the used car market and to prevent used cars from selling above new car prices.

WASHINGTON, Feb. 21—(AP)— President Truman said today "We are gradually approaching a position" in which a third world war can be prevented.

All the current attempts to build up men and material is merely an effort to prevent such a war, he told a group of Masonic leaders. He added:

"We are gradually approaching a position in the world where that can be prevented, if we have the support and cooperation of all segments of the population.

"And that means industry, labor, and farmer and you gentlemen—and all the white collar people who do the inside work to make these other things operate."

Mr. Truman spoke at a breakfast for Masonic leaders from all over the country. The breakfast was given at the Statler Hotel by an old Kansas City friend, Frank Land, who heads the Demolays, an organization for young men.

Mr. Truman said the moral forces in this country must be mobilized "to prevent selfishness of certain groups from an endeavor to take advantage of this situation."

"Everybody, I don't care who he is, or what his condition or position is—from the President of the United States to the laborer who digs in the trench—must make some sacrifice in order that the whole country may be mobilized to meet the serious situation with which we are faced," he said.

Mr. Truman said he realized that it is difficult for most people to understand this.

Eisenhower Takes Over Command Of European Forces

VERSAILLES, France, Feb. 21—(AP)— The General and his lady, Mrs. Mamie Eisenhower, arrived in Europe today— he to command the West's international army, she to rule a suite in the Hotel Ivoire Palace here.

A letter brought them ashore through high seas early this morning at Cherbourg, from the Queen Elizabeth. After a brief "Champion Breakfast" and a few well-chosen words, the couple and their party flew by Constellation to Paris.

After an hour in the air and a few minutes at the French capital's Orly Field, the group set off on the half-hour drive to Versailles.

From their hotel here they could see nearly the massive palace of King Louis XIV, scene of the signing of the short-lived peace of World War One.

"The and Mamie" moved at once into first floor suite in the hotel. They were expected to spend most of their first day here unpacking into a private residence not far from the hotel.

One of Eisenhower's first jobs (Continued on Page Two)

Wilson Brothers Stick Together In Basic Training

BROOKLEY, Ala., Feb. 21—(Special)— The brothers of Sanford, Fla., who have been in the same unit since entering the Air Force together over one year ago were today continuing the unbroken brotherly ties as they began a new assignment with the 125th Squadron of the 470th Air Transport Group at Brookley.

The brother airmen, Pfc. Frank and Milton Wilson, 20 and 22 years old respectively, enlisted in the Air Force, Feb. 21, 1950 at Tampa. They went through basic training together at Lackland AFB, Texas and then both went to Airplane and Engine Mechanics technical school at Sheppard AFB, Tex. They arrived at Brookley Thursday.

"Since being in the Air Force we have been in the same barracks with beds side by side," Milton jubilantly related.

"During technical school we averaged 3.7 in our grades," Frank added.

"And now we are hoping to be assigned to the same plane as maintenance technicians," they said. However, they expect their next assignment will be temporary duty for specialized training.

Both are graduates of Seminole High School; Frank in 1948 and Milton in 1949. Their mother, Mrs. O. B. Griggs, lives at Sanford. Another brother, Jack, 17, enlisted in the infantry last month and is now stationed at Fort Jackson, S. C.

State Legislatures Spurn Bills Outlawing Discrimination In Jobs

By ASSOCIATED PRESS

Bills that would force employers to hire their workers without regard of race, creed or color are finding as tough going in most state legislatures as they have in Congress.

Only seven states have laws with teeth in them that outlaw discrimination, and three others have set up Fair Employment Practices Commissions on an educational basis.

These are the findings of a national survey by the Associated Press to see how this phase of the civil rights program has fared during the 10 years since President Franklin D. Roosevelt issued his first FEPC order in 1941.

Hills to set up Fair Employment Practices Commissions are pending in 12 state legislatures now in session. But nine of those 13 previously have defeated similar measures or permitted them to die in committee.

Twenty-six other states have no FEPC. They include all the southern states where such laws are opposed on grounds they would upset the South's traditional segregation of races and stir up new racial animity.

Seminole County's Animated Exhibit Proving Popular

Seminole County's "animated exhibit" in the form of a style show with pretty girls as models is proving to be an outstanding attraction at the Central Florida Exposition in Orlando, and is literally "packing them in the aisles."

The idea was conceived by Chamber of Commerce Manager Ed Whitney, and the exhibit design was drawn up by E. J. Moughton, architect. Mrs. Whitney is giving valuable assistance in supervising the exhibit and style show, and in transporting the girls to and from the exposition grounds.

Last night a representative of The Herald made a "walk-through" of the style show but this was a bit difficult owing to the crowd, especially the much interested women.

The style show, featuring Florida fashions, is at the Pettie Paris negligee, was shown on a neat little stage to the right of the main exhibit. A silver damask curtain formed the back drop.

Participating were Betty Lou Patin (Miss Sanford of 1951), Barbara Johnson and Mildred Millers, all modeling Florida fashions of smart design and pastel colors, and Barbara Flynn and Norma Moore appearing in Pettie Paris creations.

The Seminole booth is ample in size and is located in the main entrance to the fair grounds.

One of the singular features of the exhibit, another of Mr. Whitney's novel ideas, is the bed of live eelery which was furnished by American Fruit Growers, Inc., and "planted" by members of the Veterans-On-The-Farm Club under direction of John Pierson.

The presence annually in Sanford of the New York Giant farm club is well advertised by a miniature baseball field on the walls of which fly pennants bearing the names of the different clubs.

Flowers and ferns are displayed in profusion, including a display of the Belgian Gardens at Casawherry and gladiolus grown by A. F. Ramsey. There is a pleasing, although small display of citrus fruit. On the back wall of the right grows colored beads are pennants bearing the names of all major communities in Seminole County.

Nick Hilton Brawls With Korea Veteran

HOLLYWOOD, Feb. 21—(AP)— Nick Hilton, recently divorced from actress Elizabeth Taylor, and an air force lieutenant became involved in a ruckus at Mocoamo Night Club early today, the sheriff's office reports.

Deputies were called but when they arrived it was all over. Aside from ruffled collars and tempers, all appeared to be serene. And the principals were not talking.

The Air Force officer was identified as James Paulson, a bomber pilot from Korea whose home town is El Paso, Tex.

Deputies said they couldn't tell who had hit whom, but witnesses said some blows had been struck. Mocoamo patrons also told the officers that it all started when the lieutenant, sitting at the bar with an unidentified girl, objected to something Hilton said.

Boyle's "Ham" Radio Car Tag Idea Spreads

An idea initiated by State Senator L. P. Boyle, an ardent radio amateur, of fastening automobile tags with call letters of amateur stations on them is spreading to other states.

The idea was first approved by the Florida legislature in 1949, and since that time has been adopted in Mississippi and Louisiana.

Yesterday Senator Boyle got a message from a prominent Georgia radio "ham" jubilantly announcing that a similar measure had been approved by the Georgia house and senate.

The main idea of the auto tag is that radio amateurs may be quickly contacted for aid and service during storms or emergencies. In Florida such a tag costs but an extra dollar.

Lonely Old Man Is Electrocutted For Killing Schuh

Stay Of Execution On Plea Of Insanity Is Denied By Board

RAIFORD, Feb. 21—(AP)— A lonely old man was electrocuted at Florida State Prison today for the slaying last Apr. 24 of State Rep. Charles Schuh of St. Petersburg.

He was 71-year-old Charles Gifford who contended he shot the administrative House leader during an argument over money due him for distributing campaign literature.

Assistant Superintendent J. G. Godson said Gifford had told them he was "alone in the world with no relatives or friends. I just wanted to see Homer, Godson said, Gifford got this over with as soon as possible."

At a Clemency hearing yesterday on grounds he was in his right mind, attorneys pointed out that Gifford's divorced wife attempted to have him declared insane in 1947. An examiner then ruled he did not require a guard.

Enlarged Program For Tourists Is Urged By C of C

Better co-operation with the Tourist Club and an enlarged program for the entertainment of winter visitors was urged last night at a meeting of the Board of Directors of the Seminole County Chamber of Commerce at the City Hall where Clifford M. Kibbin reported on a recent meeting between officials of the club and City officials.

The board voted to appropriate \$25 to assist the Tourist Club and also instructed Manager Ed Whitney to arrange a special party and program of entertainment for the club some time during the month of March.

With Jack Hall presiding in the absence of President H. James Gull, the proposed plan was taken up by the Chamber of Commerce and discussed and it was voted to fix the membership dues at \$12.50 per year.

Mr. Whitney was authorized to arrange with Ted Swain to take photographs in connection with the Giant's farm training program starting here next month and to send those photographs to home town newspapers for publicity purposes.

At the suggestion of H. B. (Continued on Page Two)

Firemen Practice Use Of Oxygen Inhalator

Sanford firemen, directed by Assistant Fire Chief R. T. Thomas, spent several hours yesterday afternoon in interesting practice in the expert use of an inhalator.

Equipped with oxygen tanks this machine, which can be carried handily in a suit case, is used for artificial respiration. It is especially useful in reviving victims of near drowning.

Stretched out face downward on a blanket, each fireman took a breath in the suit case, and the oxygen tube was clamped over his mouth. Participating were Lieut. J. R. Crow, J. T. Bennett, C. L. Keller, W. L. Rowland and H. C. Urley.

Wolfhound Commander Michaelis Is Promoted To Brigadier General

U. S. EIGHTH ARMY HEADQUARTERS, KOREA, Feb. 21—(AP)— "Fire chief Mike" has moved up to a general's job.

"He'll either be a general or a dead colonel," admiring GI's once said of John (Mike) Michaelis, a famous fighting leader of the Korean war. Today it was announced that Col. Michaelis, leader of the 27th (Wolfhound) Regiment has been advanced to assistant commander of the 25th Division, succeeding Brig. General Joseph S. Bradley.

Michaelis has been nominated for brigadier general.

General Bradley is taking over the 25th Division, replacing Maj. General William B. Kean who is to command the U. S. Third Corps at Camp Roberts, Calif.

The lean, blond, tough Michaelis and his 27th Regiment have been the fire brigade of the Korean war—rushed in where the fighting was fiercest to plug holes in sagging Allied lines.

Men of the 27th gained fame in the early days of the Korean war—fighting last summer, when they made a gallant stand in the "howling alley" north of Yongsu. Both were slaughtered trying to bend down the road.

New leader of the Wolfhounds is another tough fighting man, Lt.

No More National Guard Divisions To Be Called Unless Crisis Worsens

By ELTON C. FAY
ASSOCIATED PRESS MILITARY AFFAIRS REPORTER

WASHINGTON, Feb. 21—(AP)— The plan of the Army to release National Guardsmen when their federal service time runs out next year opposed today to leave unchanged the probability that at least two of the presently federalized six Guard divisions will be sent overseas in the next few months.

The Army also disclosed, in a news conference yesterday by its training chief, Maj. General Maxwell B. Taylor, that it will call no more guard divisions "unless the world situation changes."

This latter statement startled some Congress members and brought predictions that the lawmakers would make inquiries. Senator Bridges (R-NR) of the Senate Armed Services committee called it a "change in policy" and said he thought the committee would want to look into it.

And Senator Jenner (R-Ind.) said he was confused. If the Guard isn't to be used, he asked, why are they getting set to buy equipment for 10,000,000 men?

Under existing law, the Army has no choice about releasing Guardsmen when the terms of the federal service expires. The Draft Act, under which the government would call in the Guard units, provides the units may be kept in federal service for 21 months. Legislation now pending in Congress would extend that time to 24 or 27 months, the time varying with different bills which have been offered.

Four National Guard Infantry divisions and two regimental combat teams were federalized last September—the 28th Division of California; 43rd Division of Pennsylvania; 43rd Vermont-Connecticut-Rhode Island; 45th of Oklahoma and the 106th RCT of South Dakota and 278th RCT of Tennessee.

Two more divisions were federalized last month—the 31st of Alabama-Mississippi and 47th of Minnesota-North Dakota. In addition, there have been a large number of Guard units of subdivision size called since the start of the Korean war.

Taylor said that the start of this year 1,087 units with an actual total strength of about 95,000 were in federal service. This included units ranging from divisions down to small organizations, but did not embrace the approximately 8,800 officers and men in the main 8,800 units and men in the (Continued on Page Two)
