AMBASSADOR CHILD THREW BOMBHELL INTO CAMP OF LAUSANNE CONVENTION

HIS STATEMENT IS THE OUTSTANDING FEATURE OF BRITISH NEWSPAPERS

DISCUSS IT TODAY

Call it "Dramatic American Intervention" and Think It Will Have Some-Weight

(By The Associated Press) LONDON, Nov. 27.—The statement of Ambassador Child, of Lausanne Saturday is the outstanding feature of London newspapers this morning which having no Sunday issues took the first opportunity today to discuss what some term "dramatic American bombshell." Although some regard the ambassador's pronouncement as intended to give notice of American determination to have a share in the Mosul oil fields this view was not universally put forth and several influential papers treat Child's declaration as timely and welcome.

LAUSANNE, Nov. 27.—The Mosul oil fields are part of Turkey proper and when the time comes to make oil concessions to foreigners that rich district America will get the first chance the Turkish envoy to the peace conference told the Associated Press. "We need American capital in Turkey and prefer to deal with the Americans because they work concessions strictly on a business basis without seeking to advance the interests of their government by mixing politics," the envoy said.

LAUSANNE, Nov. 27.—Lord Curzon, the British foreign secretary, authorized official statement to press that England supports American "open door" policy in Turkey and regards Sarmento agreement for division of Mosul oil district null and void.

LAUSANNE, Nov. 27.—America's "open door" policy gave France and Italy a hard jolt Saturday when her spokesman, Richard Washburn Child, declared that the United States government has the support of the American public in its opposition to all secret treaties and agreements, particularly those designed to create zones of economic and commercial influence such as the San Remo tri-partite agreement of 1920 which apportioned the Mesopotamian oil fields among the three big powers.

Mr. Child's exposition was merely a restatement of Secretary of State Hughes' aide memoire of October 30, in which he defined for the benefit of the British, French and Italian governments the functions of the American observers to the Lausanne conference and broadly outlined America's "open door" policy—but it was a restatement under conditions that made it sensational.

It came as the conference was about to begin consideration of Turkey's Asiatic boundaries, and it was a clear warning that America will not remain silent if the three inviting powers insist upon preferential rights in oil, mineral, railway and power development in present Turkish territory or in that which was lopped off by the war.

The Turkish delegates had already made clear that they would insist upon their country sharing in the Mosul petroleum fields of Mesopotamia, of which the inviting powers have reserved for themselves; consequently, it was not displeasing to the Turks for the United States to go on record against the San Remo agreement.

It was not possible for the delegates of the inviting powers to conceal their impatience at America's insistent reiteration of her policy, which they resent especially because of her refusal to accept a vote in the conference, to sign any report or to accept any responsibility further than to act as an advisor.

PARIS, Nov. 27.—Preparation for a separate treaty between Turkey and the United States was under consideration at Lausanne today, a dispatch today to the Times. The correspondent suggests this perhaps was the subject yesterday for a long conversation between Richard Washburn Child and Ismet Paasha.

THIRD PARTY POSSIBLE IN AMERICA, SAYS HUNT; LAFOLETTE TOLD HIM SO

PEOPLE HAVE SPOKEN TWICE AND THIRD TIME WILL BE THE LAST

WANT 3RD PARTY

And Unless Two Old Parties Behave Themselves There Will Be Something Doing

(By The Associated Press) PHOENIX, Ariz., Nov. 27.—"Senator LaFollette, of Wisconsin told me over long distance telephone in a conversation from Washington that the people had spoken twice to the majority party and if they had to speak again it would be to welcome the third party," George W. P. Hunt, governor-elect of Arizona said here today. He may send a representative to the meeting of the Progressive leaders called by LaFollette at Washington December 2nd but he will not attend himself, Hunt said.

CHICAGO WAITS FOR CLEMENCEAU, ARRIVES TODAY

ONLY DEMONSTRATION WILL BE BIG PARADE FOR PREMIER

(By The Associated Press) CHICAGO, Nov. 27.—Chicago expectedly waited for Georges Clemenceau who is due to arrive at 3:00 o'clock this afternoon. Only public demonstration announced, however, was parade through the downtown district immediately after arrival. In Grant Park two 75 millimeter guns from Argonne placed to fire salutes as Colum headed by Tiger and his reception committee including General Pershing passed.

SHOPMEN'S OFFICIALS COMPLAIN TO HARDING

WASHINGTON, Nov. 27.—Renewed complaint about the condition of much of the railroad equipment over the country was made to President Harding today by William H. Johnson, president of the International Association of Machinists, and Bert M. Jewell, president of the Railway Employees Department of the American Federation of Labor.

Mr. Johnson and Mr. Jewell asserted that leaving the White House that the shopmen's strike still was effective on about 50 per cent of the roads and charged the carriers still were spending money in a wasteful manner in housing and caring for employees who replaced the striking men.

CORONER'S JURY CANNOT DECIDE ON KILLING

DR. FRANK FOX, PROMINENT PHYSICIAN MYSTERIOUSLY SHOT AT GREENVILLE

(By The Associated Press) GREENVILLE, Tenn., Nov. 27.—After the failure of the coroner's jury to decide whether in its opinion Dr. Frank Fox, thirty, was killed or committed suicide officials began an inquiry to determine whether the physician might have been shot through a possible motive of jealousy or result of mistaken identity. Fox was found dead by his automobile near here yesterday.

DR. FRED A. BIZE DIES OF INJURIES RECEIVED IN FALL

(By The Associated Press) TAMPA, Nov. 27.—Dr. Fred A. Bize, practicing dentist here for the past twenty-three years, died at a local hospital at 9:30 o'clock last night as the result of a fractured skull received when he fell down an outer flight of steps at his apartment home, No. 819 Bayshore boulevard, sometime during the night or early morning. He was found at about 7:30 o'clock yesterday morning in an unconscious condition and was rushed to the hospital. He never regained consciousness.

The fatal accident is thought to have occurred while Dr. Bize was sleep-walking. This solution was substantiated by the fact that when found he was clothed only in his pajamas. The light over his bed had not been turned on, which is interpreted as proving that he had not risen during the night feeling ill and fallen down the steps endeavoring to administer to himself or summon aid.

Dr. Bize was born in Columbus, Ga., Feb. 29, 1879. He came to Tampa twenty-three years ago, immediately after obtaining his dentist's degree. He was widely acquainted over the state and Georgia.

Survivors are: Three brothers, Dr. L. A. Bize and Marshall A. Bize of Tampa, Robert E. Bize, of Columbus, Ga., an older sister, Mrs. W. F. Dickens, Opelika, Ala. He was unmarried.

REPRESENTATIVE HILL SAYS HAYNES FAILS IN ENFORCING DRY LAW

WASHINGTON, Nov. 27.—Chairman Volstead of the house judiciary committee was requested today by Representative Hill, Republican, Maryland, to hold a hearing early in December on his bill to transfer investigation and prosecutions of Volstead law violations to the department of justice.

Mr. Hill declared in a letter to the chairman that this was asked since "attempted law enforcement under the Volstead act by Commissioner Haynes and the prohibition unit had admitted they had failed."

SNOW REACHES SOUTH CAROLINA, GEORGIA; COLD HITS FLORIDA

(From Tampa Tribune) South Florida shivered yesterday, the temperature in Tampa remaining below 60 most of the day. There is no danger of an extreme cold spell this month, according to the local weather forecaster, who says the cool spell will last a few days.

Telegraphic reports from other Southern points last night showed that low temperatures were recorded throughout the Southeast and that traces of snow fell almost as far south as the North Florida line.

Sevy Falls in So. Georgia MACON, Ga., Nov. 27.—The first November snow in many years fell here yesterday morning. Points south of here as far as Dublin and Americus also reported snow.

Snow in South Carolina COLUMBIA, S. C., Nov. 27.—A trace of snow fell here yesterday, the first of the season.

SETTLE NEW SOUTH WALES

SYDNEY, N. S. W., Nov. 27.—A project holding many possibilities to ward settling New South Wales with desirable immigrants has been formulated by local Boy Scout authorities and is approaching consummation.

The plan, which has received encouraging support from the Imperial headquarters, is to bring hundreds of Boy Scouts from England and place them upon farms in New South Wales.

SHIPPING INTERESTS TRY TO BLOCK SHIP-SUBSIDY FOR AMERICAN SHIPPING

ENGLAND AND OTHER FOREIGN COUNTRIES ENGAGED IN WORK

SAYS COMMISSIONER

"Have Been Feeding Their Cattle in Our Pasture So Long They Hate to Leave"

(By The Associated Press) MILWAUKEE, Nov. 27.—British and other foreign shipping interests and journals engaged in studied campaign of misrepresentation, propaganda to defeat the American ship subsidy bill, Edward C. Plummer, commissioner of the United States Shipping Board declared in an address prepared for delivery before the midwest merchant marine foreign trade conference. "They've been feeding their cattle in our pasture so long they've come to their own land," he asserted.

WASHINGTON, Nov. 27.—Without a record vote today the house eliminated from the administration shipping bill the section which would have permitted the shipping board to sell any vessels of the government merchant fleet without advertising or competitive bidding.

STUDENTS DIE IN COLLEGE FIRE AT WINNEPEG

ST. BONIFACE ONE OF OLDEST CANADIAN INSTITUTIONS, IS DESTROYED.

(By The Associated Press) WINNEPEG, Nov. 26.—Two students lost their lives and twenty others were injured today when fire destroyed St. Boniface College, one of the oldest and most noted Canadian Catholic institutions. The famous Jesuit library was also destroyed.

EARTHQUAKE TREMORS SHAKE PEOPLE OF FOUR STATES AND SCARED THEM BADLY

NINE JURORS REMAIN TODAY OUT OF 200

IN THE HERRIN MASSACRE CASE AT MARION, ILLINOIS

(By The Associated Press) MARION, Ill., Nov. 25.—Only nine jurors remained out of more than two hundred veniremen summoned to select the jury to try five men charged with murder in connection with the Herrin massacre in Merita when the county court convened this morning. Only four jurors had been accepted in two weeks examination of veniremen.

American Says Open Door Policy For Near East

(By The Associated Press) LAUSANNE, Nov. 25.—Richard Washburn Child, chief American spokesman at the Near Eastern conference opened other delegations this morning's session by reiterating the insistence of the United States upon the open door policy in Turkey. Read Aide-Memoire delivered October 30 to Great Britain, France, Italy and said American government public support of this policy.

Michigan Professor Recalls Start First Links on a Pasture

DETROIT, Nov. 27.—Prof. Robert M. Wenley, philosopher sport-mun, tells the story of the beginning of golf in Ann Arbor.

"Some 20 years ago," he said, "two Scotchmen and two Scotch-Canadian rented a pasture and laid out a course of six holes. The townspeople thought we were crazy.

"Within 25 years golf may become the real American game, displacing football. Some people will participate in this form of sport than in any other; it will not merely be a spectacle.

Appropos football, Professor Wenley says he has seen bigger crowds than the Michigan-O. S. U. crowd at an association football match in England. Just remarked by way of emphatic diversion, when he saw some 100 smiling faces before him in a lecture room during the first meeting of the class after the O. S. U. game.

"I have seen crowds of over 100,000 at some of the games," he said. "In England they play football from September until March; they play it in associations, like they play baseball in this country. In the United States the game can be played for a few weeks comparatively. That's why the rugged game of American football evolved from the English—the abbreviated season."

AMERICAN RELIEF SHIP IN COLLISION

CARRYING TWO THOUSAND ORPHANS FROM ASIA MINOR

(By The Associated Press) CONSTANTINOPLE, Nov. 25.—The American Near-East relief steamer Belgravia, carrying 2,000 orphans from Asia Minor, collided with the trans-atlantic liner New York at the junction of Bosphorus and the Sea of Marmora this morning. Allied ships have gone to their assistance.

THOUSAND KLANSMEN MEETING IN ATLANTA

(By The Associated Press) ATLANTA, Nov. 27.—Approximately 1,000 representatives of the Ku Klux Klan met here for Klan Klonellum or annual business meeting. It was announced at headquarters.

MISSOURI, ILLINOIS, INDIANA AND KENTUCKY FELT SHOCKS SHOOK BUILDINGS

Topped Chimneys, Broke Windows, Knocked Chinaware, From Shelves, Etc.

ST. LOUIS, Nov. 27.—Considerable property damage was caused by earth tremors of moderate intensity in eastern Missouri, Southern Illinois, Western Indiana and Northwestern Kentucky last night, according to reports. The tremors shook buildings and homes, toppled chimneys, broke windows, knocked chinaware from the shelves, and frightened the residents of four states.

MRS. CLARA PHILLIPS GETS TEN YEARS FOR HAMMER MURDER

(By The Associated Press) LOS ANGELES, Nov. 27.—Mrs. Clara Phillips, convicted of murder in the second degree of Mrs. Alberta Meadows with a hammer, was sentenced to ten years to life in the state prison. Her attorneys gave notice of appeal.

MAN'S SKELTON IS FOUND IN WOODS ON OUTSKIRTS JACKSONVILLE

JACKSONVILLE, Nov. 27.—The skeleton of a man, apparently dead for several months, probably a year, was found in the woods on the outskirts of the city by pleasure seekers today. No marks of identification were apparent. A rusty pistol with one chamber exploded was lying at his feet, while a decayed and torn one dollar bill and three cents were found among the shredded clothing.

PROHIBITION AGENTS GET HUGE SUPPLY OF LIQUOR FROM VESSEL

JACKSONVILLE, Nov. 27.—Liquor valued at \$15,000 and a small vessel were seized and four men were arrested by federal prohibition officials at Fernandina, last night. The four men including Captain J. G. Campbell and three negroes of his crew were held in bonds following a preliminary hearing before United States Commissioner Carl Noble here today. Campbell gave his residence as Stuart, Fla.

The raid marked the initial capture in these waters of a high speed rum chaser recently assigned to the Florida prohibition forces. A. B. Stroupe, prohibition chief, stated. The vessel arrived from Detroit last week and was put into dry-dock for repairs. She came off Saturday and Stroupe with a party of agents went immediately to Fernandina await the expected coming of the contraband runner.

SAVANNAH MINISTER IS TRANSFERRED TO FLORIDA

(By The Associated Press) WAYCROSS, Ga., Nov. 27.—Bishop Ainsworth announced at the South Georgia Methodist conference that Rev. W. A. Houghtt, four years pastor of the Wesley Monumental church of Savannah, had been transferred to the Florida conference, and it is expected that he will go to St. Petersburg or Tampa.

Geneva Bridge Burned Yesterday, Ties Up Travel

Launch Tied to Bridge Caught on Fire, and Caught Bridge

The superstructure or approach to the Geneva bridge burned yesterday afternoon. A launch tied up to the piers of the bridge caught on fire and started the bridge burning and before the fire could be extinguished part of the underpinning of the approach had been badly burned and until it is fixed the travel will have to go via Oviedo.

The Sanford Fire Department was called to the scene and with the assistance of others attracted to the fire finally extinguished the flames but the greater part of the foundation of the approach had been burned through.

Mrs. Spencer was Miss Mary Johnson, of Pittsburg. Mr. and Mrs. C. C. Spencer and son, Jack, will return to Sanford next week, en route to Miami where they will spend the winter.

CLASS SUPPER
Mrs. L. N. Hansell was the charming hostess at a supper given to her class of Sunday School boys, last evening at the Baptist church. Almost a "perfect attendance" was made and the boys thoroughly enjoyed the lovely chicken supper prepared by the hostess, Hon. Jno. D. Jenkins, superintendent of the Sunday School, was the guest of honor. Mrs. Hansell was assisted in serving by Mrs. Park and Miss Allie Trafford.

R. S. Holly of the Herald force, was in Orlando today on business.

A. B. Commons, of Stone Island, was among the visitors to the city today.

The cold snap is bringing in the vegetable buyers and the streets will soon be filled with the old familiar faces of the commission men.

John Bushaw left today for points south after spending several days here setting up the big new model #1 Linotype machine for the Daily Herald office.

Frank Mebane, Will Glenn and James Kincaid, of Orlando, were among the prominent visitors to the city today and attended the meeting of the Sanford Rotary Club.

Basile Brosiere, the versatile editor of the Orlando Reporter-Star, was in the city last night and paid the Herald office a friendly visit. He reports everything in Orlando as moving right along.

Mrs. Blanche Wells has returned to St. Cloud after a pleasant visit to Mr. and Mrs. Tunncliffe. Mrs. Wells lives in Waco, Texas, but had been visiting old friends at St. Cloud for some time.

Another week is passing and in the midst of the hurry and bustle of making a daily paper we pause to think that tomorrow is Sunday and we should all remember to take a day off and to attend church and Sunday School and to give praises to the One who has been watching over us so love and faithfully and who is responsible for all our joys and sorrows and for every blessing that has been showered upon us. Let everyone give this day for rest and church going.

Hon. O. P. Swope was in the city yesterday shaking hands with his many friends. He has just returned from a trip to South Dakota where he says the farmers are in excellent spirits over the price of corn. Last year at this time corn was bringing in 19 cents a bushel and this year it is 62 cents and the farmers are feeling very prosperous. Mr. Swope brought the editor of the Herald a basket of the finest strawberries we have ever seen raised in the famous Black Hammock lands of Oviedo. We will have a story about these berries in Tuesday's edition.

THE LADIES WITH SPARKS CIRCUS ARE ATTRACTIVE

Pretty and attractive women are one of the features of the SPARKS' CIRCUS, which is coming to Sanford on Tuesday, November 28th. Probably one of the prettiest, as well as one of the cleverest is Irma Moore who is an exact replica of the world's famous screen actress, Mary Pickford. In fact among her associates of the circus world she is known as "The Mary Pickford of the high wire." Included in the many difficult feats accomplished by this little Miss is the graceful execution of all the modern ball room dances now in vogue.

Then there is, dainty Flora Bodini and Bessie Hollis, both equestrienne stars whose beauty adds greatly to their truly wonderful exhibitions of riding. Another of the Sparks galaxy of pretty women is Minnie Thompson, America's greatest horse-woman and whose likeness has graced the pages of many of the leading magazines and horse show publications. Miss Thompson will introduce Caesar, Champion high jumping horse of the world at both performances and an attempt will be made to break his own record of 7 feet, 4 inches. Of course there are many other beautiful women with the SPARKS' Circus and will all be shown to the public during the week ending at 10:30 p. m.

There will be some facts and figures about Sanford's health and wealth in tomorrow's edition that should be preserved for future reference.

The Sanford Herald has a nice, new fancy head, but we'll bet Bob Holly keeps that plain Gothic caps head on his shoulders till the grim reaper cuts it off.—Ocala Star.

Right you are, brother Ben. And we hope we can keep it on for many years to come and that it will eventually make us some money.

The Sanford Daily Herald has blossomed forth in metropolitan appearance as the result of installing a new Duplex web press and purchasing added equipment.

This is Thanksgiving week and should be a fine week for trade of all kinds. The weather is cool and fine and will bring the people here to trade and Thanksgiving will make business in all the stores.

The cold snap will kill off all the green stuff north of Florida, will head up the Sanford lettuce and will kill off the mosquitoes and the dengue at one fell blow.

Now that the Geneva bridge has burned, would it not be a good time to investigate a real causeway, and bridge across the upper St. Johns on the Geneva-Sanford road.

THE GOOD OLD CONVENTION

Jacksonville and Tampa are both talking about building auditoriums. Fine buildings that will hold assemblies of thousands of people.

tem is bad. A poor man has no more chance in a primary than the proverbial cat has in school.

We want to see the good old convention system come back. Lots of good and loyal Democrats all over Florida agree with us about this.

SANFORD HERALD TAKES ANOTHER FORWARD STEP

The state press will hasten to congratulate Sanford on providing Editor Bob Holly, of the Sanford Herald, with sufficient backing to enable him to install a fast press and other equipment.

CONGRATULATIONS, SANFORD HERALD

Sanford Herald is out with a new heading and has gone from a six-column to a seven-column newspaper. It is a notable improvement.

OUR CHARACTER REFLECTED BY THE HOME WE LIVE IN

"A home reflects the character of those who live within it," says Miss Agnes I. Webster, district home demonstration agent of the Florida Agricultural Extension Division.

THE ADVENT OF THE ADVERTISER-TOURIST

He also she is with us again—the genius homo who has of late years become known as the "advertiser-tourist."

In past years many a St. Augustine business man has taken space in some wonderful advertising publication, and paid his good money for it too.

For the protection of merchants and others, the St. Augustine Board of Trade has had signs printed for display in every place of business in the city.

BIG TOURIST SEASON SURE

Miamians returning from trips to other states continue to predict for this winter the largest tourist season in Florida's history.

Miamians and Miami visitors naturally predict that most of the people are planning to come to Miami, but it is the "Florida-trend" that is really the most important.

Out-of-the-state newspapers and magazines are making note of the increased interest in Florida as a winter playground.

"Florida is now better advertised and better known than ever before, and is also better prepared than ever before in its history, to take care of and suitably and comfortably entertain its winter visitors.

"Florida is much nearer the great bulk of the country's population than is California and its winter climate is superior to that of the great state on the Pacific coast.

"Florida is much nearer the great bulk of the country's population than is California and its winter climate is superior to that of the great state on the Pacific coast.

THE "ALL-YEAR" MAN SHOULD GET THE JOBS

going forth the cry from the regular residents about the practice among merchants and many lines of enterprises to discharge the regular and steady employe to make room for visitors who come for the season.

These men, young and old, therefore, proceed to get busy and see the merchants and other business men and insidiously suggest a way of saving a considerable sum in a financial manner.

But, really, it is not a square thing with every dollar earned, with a little paid every week on each of the debts he owed and a little to go in the bank as a nest-egg for the house that is soon to be purchased.

There are thousands of "extras" engaged for the season in all sections of the state, and to this there can be no word of complaint made.

POST OFFICE EXPECTS BIG CHRISTMAS BUSINESS

WASHINGTON, Nov. 27.—Post Office officials are expecting a heavy business at the Christmas period this year, possibly heavier than ever before.

It is estimated that the increase in postal receipts during December over a normal month is \$8,000,000. About \$1,000,000 is spent for extra space on trains to transport the mails.

Another item is \$350,000 for additional carriers. Added to these items are the millions of money order blanks, more millions of stamps, miles of twine to re-handle poorly tied packages.

Correct this sentence: "She fixed with the second one seven years, and never once mentioned the fine qualities of her first."

ARMY BEATS NAVY; HARVARD TRIMS YALE

Two Biggest Games On Cards Prove To Be Hard Fought Affairs And Scores Close

PHILADELPHIA, Nov. 27.—Playing true to their season's form, the Army football eleven defeated their old rivals, the Navy, on Franklin Field today by the score of 17 to 14.

The score represented two touchdowns and a field goal for the Army, all of them hard earned. The Midshipmen were not without honor in defeat, for they played a game that was worthy of any team that has come out of Annapolis in years.

Smythe, the Army quarterback, was the star of the game. His running with the ball and his forward passing was unsurpassed on Franklin Field this season.

NEW HAVEN, Conn., Nov. 27.—Harvard defeated Yale today, 10-3 winners with the odds against them in a game which in expedition of play and in scenic spectacle took high rank in the long line of the annual contests.

Crimson initiative and Crimson resources overcame the big Blue team, with George Owen, Harvard's burly back, operating as individual hero.

Two other scores were made, a field goal by Charlie O'Hearn, Yale's star of the day, from the 22-yard line, in the second period, and a field goal kicked 25 yards by Karl Pfaffman, a Harvard substitute, who was in the game one minute and out the next, in the fourth period.

NAVY SANK TWICE IN THE SAME DAY

PHILADELPHIA, Nov. 27.—The Army sank the Navy twice today on Franklin Field. The more important sinking was the 17 to 14 defeat administered to the midshipmen on the gridiron.

miniature model of the battleship Olympia. "Sink that ship," rade in the stand shouted.

Those on the field adjusted a small field piece and fired. But the ship did not sink, even after the second shot. It only sagged in the bow.

Then as the navy crowd chorused "we won't give up the ship," two internal explosions shattered the Olympia.

The performance was one of dozens that helped to entertain the 55,000 spectators.

Earning Power and Saving Power

Of course, a man's earning power counts, but what is of prime importance is his saving power.

It is not the amount with which you open an interest-bearing account that means most in the end, but the regularity with which you add to it.

Leonard McClucas and Bill Moys Score All Points But Had a Team of Real Football Players Behind Them at Every Stage—Final Score 13-0

Coach Willson's glittering Sanford High School football eleven had a brilliant and well earned victory Saturday afternoon, on the field, before an enthusiastic crowd, as they emerged from a hard battle with the Fort Meade high school representatives, on the long end of a 13-0 count.

Sanford's fighting spirit was in evidence and their great offense was only slightly superior to the stubborn defense of their goal which was seriously threatened several occasions.

at a loss when the ball crossed the line and McClucas playing three yards behind Bill Moys as he kicked; rushed across the line and while everyone else stood by with mouths open, fell on it for a touchdown. Moys kicked the ball in the right place for a point after touchdown, bringing the total to thirteen where it stayed till the end.

On several occasions, Ft. Meade threatened Sanford's goal line, in one instance getting it to within one foot of a touchdown, but the Sanford defensive was a wee bit too much for the visitors, and held them as in a vise.

Both teams worked many trick plays, giving the fans quite a few thrills at the way they were carried through successfully, and especially interesting was the way Ft. Meade worked the "lock-step."

Sanford made twelve first downs to the five made by the visitors and completed eight of their eleven tries at forward pass, all for big gains, while Ft. Meade only completed four of their fourteen.

There were no outstanding stars in Saturday's game as every Sanford player played 100 per cent perfect at his position, and every one of them came in for their share of the honors in winning the game.

Sanford will go to Daytona to play on Turkey Day to finish this season's schedule and the outcome of the game is not even in doubt.

Efforts are being made to coach the Hillsborough eleven into a post season game and these efforts may produce results. Sanford won over Ft. Meade by two touchdowns, while Tampa only beat them with three touchdowns, which makes the local fans feel that a game between these two elevens will be one worth seeing.

The line-up and summary for Saturday's game follows:
Sanford—13 Ft. Meade—0

HOPESTERS GET THINGS ALL MIXED UP LAST WEEK

NEW YORK, Nov. 27.—Gridiron dope, already badly upset this season, took a complete somersault today from an Eastern viewpoint, in a majority of leading battles. Harvard's smashing 10-3 victory over Yale, which was on the long end of pregame odds, led the form reversal.

Dartmouth, beaten by Vermont, Cornell and Harvard, came back with a sensational 7-0 triumph over Brown, the Crimson's conqueror.

Washington and Jefferson, a heavy favorite, was crushed by Detroit university, 20 to 9, but Notre Dame, in another inter-sectional clash, ran conspicuously true to form in beating Carnegie Tech, 19 to 0.

La Fayette and the Army narrowly averted upsetting two other leading encounters, the former barely defeating its traditional rival, Lehigh, 3 to 0, while the Cadets staged a whirlwind finish to overcome the Navy, 17 to 14, for the first time since 1916.

CLEMSON BEATEN BY FURMAN

GREENVILLE, S. C., Nov. 27.—Shattering Clemson's record of not having her goal line crossed this season by a South Carolina team, Furman university defeated Stewart's cadets twenty to six here today. The Clemson defeat leaves the state championship undecided as Clemson defeated South Carolina, 3 to 0, while South Carolina bested Furman 27 to 7.

GATORS OUTPLAYS OGELTHORPE AND WIN BY SCORE OF 12 TO 0

ATLANTA, Ga., Nov. 27.—Out-weighted mightily and outplayed slightly, the Oglethorpe Petrels were compelled to fold their tired wings in serene acquiescence to defeat at Ponce de Leon Park Saturday afternoon while the invading total tonnage from the University of Florida scored 12 points and held the locals scoreless. Florida's right end, Duncan, turned the trick.

Albert Duncan did the damage by deliberately dodging the dogged defense while within Oglethorpe's 20-yard line, most of the credit for the victory should go to Newton, half-back from our Southern sister state whose giants were responsible for the inroads into Oglethorpe's territory. The largest fullback on record, if there is any record on earth big enough to hold him, started the game for Florida and ploughed considerably, but the seemingly impossible was accomplished and he was knocked out before the third period, had become history. He weighs 220 pounds on buying scales.

The Army sank the Navy, Gators captured Oglethorpe and Sanford went over the top of Fort Meade.

FOR THE MOVIE FAN

The following is the program for this week at the Princess. Paste it in your hat for future reference:

Thursday—Richard Barthelmess in "The Seventh Day"; also a two-part Century Comedy.

Friday and Saturday—Nazimova in "A Doll's House". A supreme story of woman's right to her own individuality. Also Fox News.

Coming—"The Old Homestead": "I Am the Law"; "Burning Sands"; Gloria Swanson in "Impossible Mrs. Bellew."

Monday—Tom Moore in "From the Ground Up". A story of a young Irishman who rises to the top in an effort to get even with a pretty girl. Also Fox News.

Tuesday—George Arliss in "The Itching Passion." There's something strange about everybody, yourself, your wife, your neighbor, every person has some ruling force. Also a Snub Pollard Comedy.

Wednesday—Anita Stewart in "Sowing the Wind." You'll find new delightful drama in this play of one sort of woman and another, one sort of man and another, one sort of love and another. Also "Step This Way," a two-part Comedy.

Clemson will play in Jacksonville against the Gators next Saturday afternoon. This game promises to be a hard-fought one, as both teams are pretty well matched up. This game next Saturday is the first post season game to be played by either team. Many Sanford fans as well as fans from all over the state expect to go to Jacksonville for this battle.

THE IDEAL BANK RELATION

The ideal bank relation, from the customer's standpoint, involves the following:

- 1.—Unquestioned safety for deposits.
- 2.—The ability to extend proper accommodation in time of stress.
- 3.—A genuine personal interest in the customer—a sincere desire to help him to succeed.

These are the three fundamental factors that go to make an ideal bank connection, and this bank prides itself upon maintaining this relation with its customers and friends.

The First Full Quart Was Sold at Auction

Eight dollars and a half for one little quart of strawberries. Ye gods, it sounds like some of the things they tell about. But it's true. That's the price the first full quart which was offered for sale actually brought. The Central Produce Company, a new Kissimmee corporation, was the purchaser. This record price was received last Saturday evening at an auction sale in the band stand on Broadway.

Probably 200 people gathered on the street that night to celebrate the first actual sales. Before the auction the growers of the berries had been offered five dollars for them by Fleming & Son, but the plan to auction them was adhered to. When the bidding started at \$1.00 it looked for a short minute as if the other price should have been taken. But low bidding didn't last long. Up went the bidding until a figure well over five dollars. When the hammer finally fell the eighty fifty was the winner. F. A. Nave separated himself from that amount for the quart, and Billy McCool, the runner up, had the satisfaction of having put up a good race and helped the Kissimmee band, to whom the receipts were given.

The box was beautifully packed by Mrs. J. H. Yates, and looked like a million dollars. S. R. Chapman acted as auctioneer.

On Tuesday in regular sales, without the auction features, the Central Produce Company bought all the berries on the market at \$1.25 per quart, and Stanley's Pharmacy has contracted with Rosen and Murphy for their week's supply at a dollar a quart. Mr. Stanley will serve strawberries and whipped cream Sunday.

Some of the prettiest berries seen this year were being shown Tuesday by S. B. Aultman. They were grown by C. H. Pratt, on the Aultman farms near Vine street. Aside from being the largest of the season's early berries they were perfectly colored and firm. Most all the patches in this vicinity are now producing in few ripe berries.—Kissimmee Gazette.

FORT PIERCE TRIBUNE BRANCHES OUT WITH AN AFTERNOON DAILY

FORT PIERCE, Nov. 27.—Beginning Monday, Dec. 4, The Fort Pierce News-Tribune, heretofore published as a semi-weekly, except for two and a half months last winter as a daily, will begin publication as an all-year afternoon daily, according to an announcement appearing in Friday's issue. The paper as heretofore will be edited by G. E. Nottingham and C. S. Wiley as editor and news editor, respectively. The continual growth of Fort Pierce, development of the surrounding community and the established year-round business of the city are given as the reasons for the change from the semi-weekly to the daily field.

11,000,000 RUSSIANS SAVED FROM STARVATION

(By The Associated Press) BERLIN, Nov. 27.—Fourteen million Russians were saved from apparently inevitable starvation through the steps taken to cope with the recent famine, declares the All-Russian Central Executive Committee in a publication issued here. The dissolution of domestic hunger relief organizations also is announced.

The American Relief Administration which is cited as having led in the amount of assistance given by foreign organizations, is credited with distributions amounting to 1,080,000,000 lbs. in foods, clothing and medicaments. The committee expresses special thanks for this help, and for that also of the American Friends Service Mission, the Nansen Relief, the International Workers, etc.

PARTIAL SUCCESS ATTENDS LEPROSY TREATMENT

HONOLULU, T. H., Nov. 27.—Paroles for 19 more inmates of the Kalanapaupai Leprosarium on the islands of Molokai, some of whom have been confined at the settlement for more than twenty years, have been recommended by the territorial board of health as the consequence of the successful results that have attended their treatment with chaulmoogra oil specific, evolved by Dr. A. L. Dean, president of the university of Hawaii.

The latest paroles, to sixteen men and three women, brings to nearly 200 the number of persons who have been treated in Hawaii since 1919, when the specific was discovered, according to a health board announcement.

Persons released on parole are not considered to be cured, but the examining physicians believe that the disease has been checked in their cases sufficiently to permit them to mingle with other persons without danger.

COLD NORTH GIVES WORRY TO FRUIT MEN

A decided drop in temperature with a strong northwest gale blowing across the north Atlantic coast, has given a new worry to citrus fruit growers of Florida whose fruit has gone forward in ventilator cars, and anxiety is felt for the safety of recent consignments that are headed toward the north.

New England states had a low temperature Thursday with the mercury down to 25 degrees, which is sufficiently cold to harm unprotected fruit in ventilator cars if it is not handled quickly. Other sections of the country reported a general drop in temperature, but except for the most northerly sections of the country, freezing weather is not expected to last but a few days. Considerable fruit is rolling northward at the present time, but in smaller volume than at the opening of the week's shipments. The efforts to get rid of the week's picking will give a greater increase of shipments through Saturday and Sunday, but perhaps less than was sent out last week for those two days.

A few refrigerator cars are finding their way southward now, according to reports of vegetable growers, who have been urgently seeking that equipment for their produce.

However, there will be no rapid movement of ice to Florida for several weeks, and the demand for those cars will remain unsatisfied until after Christmas. Railway men are using every means to supply Florida with equipment that will give a greater security and safety for fruit, but they are handicapped to a great extent in drawing refrigerators from the northwest section.

Thus far there has been little change in conditions on the market, and prices for grape fruit and oranges are still holding good and steady. Oranges are taking the lead in volume of shipment from this state with a continual demand for the choice and fancy grades at prices that are most gratifying to the shippers.—Tampa Times.

ASAKA CELEBRATES THE BI-CENTENARY OF 'SHAKESPEARE OF JAPAN'

OSAKA, Japan, Nov. 27.—Asaka celebrated the bi-centenary of Chikamasa Monzaemon, poet and playwright, called the Shakespeare of Japan, his life and works being closely identified with this town. One of his best works, entitled 'Tonko Anijima,' was staged at the Nakamura Theatre by Nakamura Ganjuro, the best exponent of Chikamasa's drama.

Chikamasa Monzaemon was born in the seventeenth century, in Oshu province, southern Japan, of a samurai family. After having served at a public servant he retired from official life and spent the rest of his days in Osaka and Kyoto, devoting himself to literary works. His plays number more than one hundred, many of which depict the life of the merchant class of Osaka. Nearly all of his dramas have been staged.

NAVAL REDUCTION THROWS 7,000 OUT OF WORK

TOKIO, Nov. 27.—Approximately 7,000 workers in the naval arsenals were dismissed in October due to lack of work following the naval reduction agreed upon at the Washington Conference. Retiring allowances granted these men by the government totalled 3,500,000 yen. The dismissal will be followed by the retirement of at least a thousand warrant officers.

To find re-employment for these men is a problem facing the government. The municipal authorities are absorbing as many as they can by starting work on street and other improvements. All workers dismissed by the navy and army will receive bonuses.

PHILIPPINE EDITOR ACQUITTED OF CHARGE

MANILA, Nov. 27.—The Supreme Court unanimously acquitted Gregorio Perfecto, former editor of La Nacion, organ of the Democratic party, who was convicted in the lower court and sentenced to two months imprisonment on a charge of defaming members of the Philippine senate.

The case arose from an attack made by Mr. Perfecto in La Nacion upon the senate in connection with the loss of valuable documents belonging thereto and in which he said "the author of the theft perhaps simply followed the example of certain senators who secured their election through fraud and robbery."

While all the justices reached the conclusion that Mr. Perfecto was not guilty, they differed on the basis of the acquittal.

KEEPS GIRL TWO YEARS IN SHED

Father, Found Guilty of Extreme Cruelty, Declares She Would Not Behave.

INSANITY IS RESULT

Long Confinement Nearly Deprives the Young Woman of Sight and Speech—Causes Big Sensation in Community.

Bucyrus, Ohio.—Jacob P. Menges, charged with keeping his twenty-six-year-old daughter, Irene, in a dingy smokehouse for two years because she "wouldn't behave," has been found guilty of excessive cruelty by a jury in Judge Rummels' court. The girl, said to have been driven insane by the long confinement, is now an inmate of the State hospital at Toledo.

The case grew out of the fact that on May 5, Sheriff Edward J. Knappenger went to the Menges home, midway between Gallon and Crestline, and found the girl, partly nude, in a smokehouse near the barn. The shed contained little but a cot and blanket.

Irene was brought to Bucyrus, where she was cared for by Mrs. Knappenger, wife of the sheriff. She was reported to show signs of long neglect.

May 10 she was sent to the State hospital and Menges was arrested on a state warrant charging cruelty.

Family Fought Raiders. Chester A. Meek, Crawford county prosecutor, states that the case is brought under state law, making the finding of the justice court final.

The release of Irene attracted widespread attention as the statements made by county officials at the time revealed that the girl had been a prisoner in the shack for a long time, reports us to the duration of her captivity varying from two to six years. Members of the jury raiding the Menges home met opposition and interference from members of the family. The girl was passive, accepting relief without a syllable.

When she was brought to the Crawford county jail here she remained inert, and her only words were a few brief acknowledgments of thanks for the acts of kindness shown to her.

Released From Asylum. Under the care of the sheriff's wife she brightened noticeably, but showed little response to attempts to induce her to explain her captivity in the shed.

State records obtained by authorities here revealed that Irene had been confined in the Toledo institution in 1911, but released as being mentally competent June 30, 1915.

At the trial of Menges his wife denied testimony of Mrs. Knappenger as to the condition of Irene at the time of her arrival at the jail.

Kept in a Dingy Smokehouse.

On the arrival of the girl at the jail. On the stand Mrs. Menges declared that the sheriff's wife had exaggerated the facts. Menges was fined \$100 and sentence of six months in jail suspended.

OPERATE ON MAN IN MIDAIR

Doctors Mount Ladder to Scaffold in Attempt to Save the Life of Injured Laborer.

London.—Three doctors had to mount a ladder and walk a plank 40 feet above the ground to perform an operation in a vain attempt to save the life of a man entangled in some machinery at Burton-on-Trent.

The man, Thomas Phillips, who was on a scaffold, had one of his legs trapped in a grain conveyor and the limb was being mangled by a revolving shaft with projecting blades. It was impossible to extricate him from his position, 40 feet above ground. The leg was removed at the thigh and the patient lowered to the ground and rushed to a hospital.

WEALTHY DEALER IN AUTOMOBILES IS FOUND DEAD

(By The Associated Press) CHICAGO, Nov. 26.—A woman's glove was found in the automobile near which the body of Joseph Lanus, wealthy head of automobile sales company with two bullet wounds in back was found, last night in his garage was one of the clues through which the mystery of the slaying. Detectives, however, were inclined that Lanus was killed in connection with a quarrel over the car rather than a woman was involved.

INSTALLATION AND MUSTERING IN CEREMONY THEODORE ROOSEVELT AUXILIARY NO. 3

It was a loyal, faithful group of patriotic Americans that gathered at the headquarters of Colonel Theodore Roosevelt Camp No. 13, United Spanish War Veterans, Thursday evening for the mustering in of Col. Theodore Roosevelt Auxiliary No. 3 and installation of the officers. The ceremony was conducted by Department Junior Vice-Commander R. A. Terheun, Sr., and the presentation of the charter was made by Comrade Chaplin J. G. Sharon. The installation rites are beautiful and inspiring and deeply touches the hearts of all true Americans. After the president, Lou Smith Terheun, was inducted into office, she in turn appointed and installed the guards, color bearers, historian and other officers. The ritualistic work of the Auxiliary is most impressive and an incentive to loyalty to the nation, the flag and to the comrades of the United Spanish War Veterans, the "boys of '98" whose valor and faithful, conscientious response to their nation's call, the "girls of '98" are exceedingly proud.

In presenting the charter, Judge Sharon made an eloquent address that was a strong appeal to the auxiliary to support the Spanish War Veterans in every effort for the perpetuation of patriotic service, the cause of humanity and loyalty to the flag. Judge Sharon is a most impressive speaker and on this occasion his address was especially fine.

It does not seem to be generally recognized but it is an historical fact that the American army of the Spanish-American war was a strictly volunteer army, the men volunteering with patriotic fervor and alacrity with a surplus of 600,000 volunteers, who were never called upon for service. The horrors of war in the Philippines which these volunteers were called upon to endure, exceeded in brutality and torture and deprivation, the brutalities of the late war, without the protection, the care and the clean, bountiful supply of food that characterized the American soldier of the world war. If the war with Spain was of short duration, the boys of 1898-1902, suffered and died and won with the same unflinching valor and intrepidity as did the boys of 1910-1918. All honor and glory to the men of both wars.

Following the installation ceremony the auxiliary ladies served refresh-

ments and a delightful social hour was enjoyed by the hostesses, and their guests, the members of Colonel Theodore Roosevelt Camp No. 13. Officers of the Auxiliary are, Lou Smith Terheun, president; Mrs. J. B. Lyles, senior vice-president; Mrs. Mae Shaefer, junior vice-president; Mrs. Maude Schmidt, treasurer; Mrs. Marion Ballard, secretary; Mrs. Neva Haynes, chaplain; Mrs. C. R. CIRCUS DAY PROGRAM

- 6:00 a. m.—Sparks Circus train due to arrive from Orlando on the A. C. L. railroad.
 - 6:30 a. m.—Unloading and removal of tents, paraphernalia, wagons, animals, etc., to the circus grounds.
 - 7:30 a. m.—Erecting kitchen, dining, dressing, menagerie, blacksmith and horse tents.
 - 8:00 a. m.—Breakfast served to the 700 circus employees.
 - 8:30 a. m.—Hoisting of mammoth white top in which main performances take place, a lesson in practical efficiency. Side show erected.
 - 10:30 a. m.—The elaborate street parade will leave the circus grounds and proceed through the principle downtown streets of the business district.
 - 1:00 p. m.—Doors open for leisurely inspection of menagerie. Band concert 1 to 2.
 - 2:00 p. m.—Afternoon performance commences.
 - 6:00 p. m.—Concert of popular and classical music played on the world's largest steam piano, which can be heard for five miles without the use of radiophones.
 - 7:00 p. m.—Doors again opened to public—Menagerie—Band Concert; 7 to 8.
 - 8:00 p. m.—Evening performance of the circus, complete in detail.
 - 11:00 p. m.—Concerted Night movement to circus trains.
 - 12:00 p. m.—Departure of trains for Jacksonville.
- The small boy, after weeks of preliminary expectation, heightened by gaily-colored posters will be on hand to greet the Sparks circus trains when they arrive early tomorrow morning. To the kiddies the coming of the circus always means the unfolding of new delights and in the diversified program announced by the circus management the grown-ups should find much to entertain them.
- The street parade with its beautiful women, herds of elephants, hundreds of thoroughbred horses and countless other attractions will leave the circus grounds at 10:30 a. m. irrespective of weather. Many open dens of wild animals will be shown and music will be furnished by three bands and two callopes.
- Many real novelties and surprises are promised in the elaborate performances which will commence at 2 and 8 p. m. The doors will be opened one hour earlier to allow the public ample time to visit the comprehensive menagerie. All children under 12 will be admitted for 30 cents, including war-tax during the local engagement.

DAILY HERALD HISTORY.

In looking over our files the other
 day we were struck with the fact
 that the Daily Herald is only a
 hardly any age at all. We noted that
 the first number was issued on the
 27th day of October, 1919, and from
 that time until the following April
 the Daily Herald was issued continu-
 ously until the power plant gave out
 and it was found that the daily could
 not be issued until the plant was put
 in shape and some guarantee could
 be given about the power. The daily
 had been struggling along for several
 months with the force lying idle while
 the power was shut off hours at a
 time and the typesetting had to be
 done by hand while the big press was
 pulled with a gasoline engine and
 other hand power applied at various
 places in the plant. It was a heart-
 breaking, money-losing job and we
 had to finally desist and stop the pub-
 lication of the daily until the follow-
 ing fall at which time the daily was
 again resumed and has been published
 continuously ever since although it
 was said at the time that the daily
 would probably be a winter daily. But
 the power plant has been in con-
 stant favor and the people have been
 so insistent on having it the year
 round that we have never from that
 time contemplated anything but the
 best and best daily paper that
 money could procure for the man-
 ifestly of a real daily paper. Mono-
 types were displaced by linotypes and
 better and better linotypes displaced
 the old ones, electric pots and all
 the newest equipment were installed as
 soon as possible until it seemed that
 the Herald office was the last word
 in equipment and we were "sitting
 pretty" when it was found that the
 circulation had grown to such pro-
 portions that the cylinder press could
 no longer keep up with the profes-
 sion and on Friday when the Weekly
 and Daily Herald both came to press
 it was necessary to work all day long and
 delay in the papers getting to the
 mails. There was nothing then but
 the purchase of a web press, more
 type, more machines, more equipment
 of all kinds and this meant also go-
 ing to more trouble, in installing the
 new and taking out the old and the
 thousand and one annoyances and ex-
 penses of getting in a complete of-
 fice in every way.

But all of this has been done—we
 can look around and take stock of
 ourselves. We as usual, are several
 months ahead of the city and intend to
 be so hereafter, but we now have
 one of the best equipped printing of-
 fices in the state of Florida and one
 that will take care of the needs of
 Sanford when Sanford becomes a city
 of twenty-five thousand people.

All of this has been made possible
 by the undivided support of the people
 of this city and county. We have
 no sat idly down and whined for
 charity—we have not sat down and
 asked for business, we have not asked
 for anything. We have gone out
 and made business for ourselves and
 when the field was not here for the
 daily paper we made the field for it
 and the field grew and expanded and
 the city grew and expanded until be-
 fore the people knew it the daily
 paper was a part of their very lives
 and existence.

The Daily Herald does not, never
 has and never will ask any business
 from the people of this part of the
 state because of our long years of
 service. We get the business because
 we get the results and that is the
 game of printing a successful news-
 paper.

We intend to give the people the
 best daily paper that money and ex-
 perience can procure and manufacture
 and it will be the best only because
 we are getting the business that will
 warrant printing such a paper. The
 Daily Herald has had its ups-and-
 downs in the past and will have them
 in the future before it is firmly es-
 tablished beyond any peradventure or
 chance of failure to be what it should
 be in the annals of Florida journals.

We expect and shall receive the

measure of success which our own ef-
 forts will bring and this we can al-
 ways obtain.

THANKSGIVING NUMBER

Our Thanksgiving Number is
 something out of the ordinary since
 we have never made any attempt to
 get up a Thanksgiving number be-
 fore but the office was so suspicious
 to combine our anniversary num-
 ber, our fall edition and Thanksgiv-
 ing at the same time that it could
 not be overlooked especially since the
 city was then a live and growing busi-
 ness and the vegetable growing and ship-
 ping as nothing else could do. There
 is so much moving in Sanford at the
 present time that a special number
 seemed good in order that some of
 the facts and figures could be broad-
 casted to the waiting world. There
 are so many inquiries about this city
 and county that the Herald is anxious
 to have an edition giving some of
 these facts that are being sought by
 those who would like to come to San-
 ford and we are trying to give a few
 of these facts today, thinking they
 would be interesting to those who
 want to come here to live or to in-
 vest their money. We have neither
 the time or the space to give them
 in this issue but they will be given
 from time to time and those given
 today are only some of the building
 figures, some of the facts about the
 climate and weather and some of the
 facts about our Chamber of Com-
 merce, something about the Daily
 Herald and other interesting data. To
 give all the wonderful projects in
 Sanford will require the space of sev-
 eral special editions which will be
 forthcoming from time to time dur-
 ing the season. Sanford is becoming
 a great city and the time is past
 when it can be held back by any pes-
 simists or ancient landmarks and it
 is everybody's business and everybody
 building and everybody willing and
 anxious to do their part that is mak-
 ing Sanford the **TEN THOUSAND
 CITY IN 1923.**

Get an extra copy of this number
 and send it to your friends in some
 distant state and let them know what

we are doing down here in the best
 city in the best county in the best
 state in the Union.

THAT HOME PAPER

It is not the largest nor the most
 metropolitan paper that issued an
 edict worth preserving, neither does
 the poet sing the song of the home
 paper like unto one of the smallest
 "members of the art preservative,"
 that "meth" upon the tripod, night
 and day and sing the song that the
 people live in, hear of home life and
 home surroundings.

The following which recently ap-
 peared in the Valley (Neboraka) En-
 terprise is a jewel in its line; pre-
 senting ten reasons why the home
 folks should lend their aid and sup-
 port of the home paper:

- 1—Because when you were born it
 was the home paper that introduced
 you to the world.
- 2—When you grew up and gradu-
 ated your home paper gave you an-
 other write-up.
- 3—When later on and you found
 your life companion and were happily
 married the home paper gave you
 and yours a nice notice.
- 4—When sickness and misfortune
 invaded your home, the sad news
 was carried to your friends and
 neighbors by the home paper.
- 5—When you had been successful
 in a business venture or had been pro-
 moted, it was the home paper that
 heralded your ability.
- 6—When you sold out or moved to
 another location the home paper fol-
 lowed you with news of friends and
 neighbors.
- 7—When some unscrupulous per-
 son tried to injure your character, it
 was the home paper that came to
 your aid.
- 8—Because the home paper boasts
 your town and its institutions, its
 people, its schools, its churches, and
 helps to promote good fellowship in
 the community.
- 9—Because the live merchants of-
 fer money-saving bargains and pro-
 tect you from catch-penny mail
 order houses.

10—And last, when you are final-
 ly laid away, it is the home paper
 that prints "condoling" news of your
 demise and that extols your virtues,
 so the hearts of those who mourn
 are made to feel thankful that the
 home paper stuck by you from the
 cradle to the grave.—The Midwest
 Printed and Publisher.

We have so much to be thankful for
 here in the valley of the St. Johns
 river. We have such a wonderful sec-
 tion of the world in which to live that
 we should all be glad we are living
 just for the mere joy of being put
 here on earth in such a favored part
 of the world. We all have our troubles
 but what are they compared to what
 the people living in other parts of the
 world are having?

There are so many varied interests
 in Semole county that no more spe-
 cial edition can tell it all. So the Daily
 Herald will issue a series of special
 editions during the winter keeping
 them coming and keeping the matters
 of interest fresh from the press.

WEDDING WITHOUT MARRIAGE LICENSE SAVED BY BRYAN

BALTIMORE, Nov. 25.—How the
 problem of a wedding without a mar-
 riage license was solved by William
 Jennings Bryan, former secretary of
 state, and how he later gave the
 bride away (in marriages) was told
 upon the arrival here today of the
 Pacific Mail liner steamer Ecuador
 from the West Coast.

The bride was Miss Helen D.
 Mitch, of Indiana, and the groom
 was Godfrey J. Huber, of Cincin-
 nati. Miss Mitch boarded the ves-
 sel in San Francisco. Huber, em-
 ployed by a leading firm in La Li-
 bertada, was unable to come to this
 country for the wedding and was
 waiting at the pier at San Salvador
 when the ship docked there. The
 bride, however, objected to being
 married on foreign soil, so when it
 was suggested by Captain Fleming
 that the Ecuador here considered
 American territory Huber decided to
 sail for home and be married on the
 high seas. On the morning of No-
 vember 21 when the steamer was off
 the Central American coast and
 everything was ready for the cere-
 mony, it was found that no marriage
 license was obtainable.

It was then that Mr. Bryan was
 called into consultation and he
 handed down a decision that the
 marriage could proceed without a li-
 cense. As a reward for his good
 judgment, he was unanimously ap-
 pointed to give the bride away.
 Captain Fleming performed the
 ceremony.

Mr. Bryan boarded the vessel at
 Los Angeles, where he and Mrs.
 Bryan had been visiting their son
 and daughter.

WOMAN SUFFRAGE IN MEXICO MAKES SLOW PROGRESS

MEXICO CITY, Nov. 25.—The wom-
 an's suffrage movement is making
 some progress in Mexico, but high
 government officials are inclined to
 believe that the time is not yet ripe
 to grant the franchise to women. For
 several years a desultory propaganda
 to this end has been conducted here,
 but the movement received its great

GERMAN CREDIT OF 50 MILLION URGED

WASHINGTON, Nov. 25.—Former Representative Bartholdt, of Missouri, called on President Harding today to urge that congress make available a credit of \$50,000,000 for Germany, to be used in the purchase by the country of goods in the United States. There was no indication of how the President received the proposal.

Mr. Bartholdt has been prominent in the work of the inter-parliamentary union and recently returned from a tour of Europe.

Millions of young people get sorely early because of same pills and hard caps. Millions of others are retarded in their work, finally gradu-ating with indifferent grades, ill equipped for the battle of life, and these two classes go out as results in that great army of misery, the square peg in the round hole, which is responsible for most of life's misery.

MEN'S CLUB PUT UP GOOD FIGHT BUT CHAMPS ARE TOO STRONG

After Playing Two Close Matches Congregationals Walk Away in Last as Men's Club Weakens and Win by 227 Pins

The eyes of the entire bowling league were on the Men's Club last night as it had looked as if the Men's Club were the proper ones to put the first crimp of the season in the Champs record, and for a time it looked as if this might happen, but after holding them with feet to the fire the first two games, the big boys of the Congregationals came out from under and won the game by over two hundred pins.

Even at that, however, the bowlers for the champs were a little off their usual stride and with one exception their individual averages took a drop. Belding, the only one to increase, his average, increased it one pin. L. Renaud's average dropped two points, Jewett's dropped one, Pennington one, while Stevenson's average dropped eight points. Stevenson, though, came up his several more points and still be the league leader.

The Men's Club, as far as individual averages go, was about a fifty-fifty break. Bennett increased his

average four points, while Betts and De LeHay each allowed theirs to drop three points. May, the leading bowler for the Men's Club, bowled enough to leave his average stand as it was. Geo. Fox, a new one for the Men's Club, bowled but one game, bowling an average of 131, while Overlin's average picked up one point.

As the bowling season progresses more interest is being displayed and each night finds many bowling fans witnessing the battles between the different clubs. Wednesday night's game, between the Farmers and Botes, will excite quite a bit of interest as the outcome of this game will change the standing of the clubs considerably if the Farmers win. The Farmers will have to win to keep their half game lead over the Men's Club for second place, while it will be necessary for the Botes to win to keep the Merchants from passing them.

Chase & Co., and the Merchants play this week and this, too, will be

an exciting game as Chase and Co. have decided to get out of the cellar while the Merchants have decided they would pass the Botes.

Another noticeable feature of the individual averages is that the league leaders are all slipping just a little while those further down the list are all getting into form and gradually forging ahead, and the predictions are that in another two weeks there will be considerable change in the present standing.

The score for last night's games are as follows:

Congregationals				
Belding	149	137	188	474
Pennington	142	178	141	461
L. Renaud	150	127	159	436

CELERY SEED

Big circus in town to help celebrate the Herald's anniversary.

And the big anniversary special is out today.

It was the intention of the Herald to give a big account of the Sanford High School athletics in today's issue but the "dope" has not all been gotten together. This will come out in a later issue, giving all the records, etc.

Merchants and Chase & Co. please notice the date for this week's game. Changed to Friday on account of Tom Jones and Brax Perkins figuring on big turkey.

UNION THANKSGIVING SERVICE

The annual Union Thanksgiving service will be held in the Presbyterian church this year from 10 to 11 a. m. Thursday morning. The music for the day will be furnished by singers representing the different churches of town.

There will be three short talks made by Judge J. G. Sharon, Mr. H. C. DuBose and Dr. L. P. Phillips. The public is cordially invited.

Big bowlers of the league better perk up. Some of them are beginning to slip in averages.

More hunters coming in from the woods all the time. The town is full of turkeys, ducks, venison, etc.

Just as a gentle reminder to some of these woods sportsmen—the Herald force would like to divide a deer between them—and none of them have time to go to the woods. Just a suggestion; you know.

Plant City will play Orlando, Rollins will play Stetson and Sanford will play Daytona on Thanksgiving Day.

If you haven't enough foot ball after Thanksgiving, go to Jacksonville and watch the Florida-Clemson game Saturday.

PEOPLE ENJOYING NEW SENSATIONS

New Thrills Experienced Every Day by Folks Who Were Sickly, Thin, Sallow and "Run-Down"

Many people who rarely knew a happy, joyous moment; who seldom felt the thrills that cause laughter; who never could see the fun which other folks seem to get out of the merest incident, are proving a revelation to their acquaintances who never believed there could be such transformations.

This is not unusual to those who know the reason for it. You can't be happy and see the bright side of life as long as you are tied down by the imperfections in your system which cause headaches, nervousness, sallow complexion, lack of energy, exhaustion with the least exertion. These are unmistakable signs that you are not able to be happy like other folks, and you can't be until you get rid of the cause.

That's the reason RE-CU-MA is so widely sold and praised everywhere. It is causing iron and vitamins to be carried into the thin, watery blood of such folks and thereby strengthening their nerves and feeding vitality to their withered tissue. This gives them strength, energy and robust health. RE-CU-MA is sold in Sanford by the Union Pharmacy and the leading druggists in every city.—Ady.

THE IDEAL BANK RELATION

The ideal bank relation, from the customer's standpoint, involves the following:

- 1—Unquestioned safety for deposits.
 - 2—The ability to extend proper accommodation in time of stress.
 - 3—A genuine personal interest in the customer—a sincere desire to help him to succeed.
- These are the three fundamental factors that go to make an ideal bank connection, and this bank prides itself upon maintaining this relation with its customers and friends.

Columbia Dry Batteries

More Columbia Batteries are used in the United States than all other makes combined, because—

Columbias have been manufactured on a large scale considerably longer than any other dry battery

They have over 30 years of battery manufacturing skill and improved equipment behind them

Every improvement of any account has been developed in the Columbia laboratories

The Columbia "Hot Shot" was the first successful assembly of dry cells in one package

And again Columbia has demonstrated its leadership through the development of the new Steel Case "Hot Shot" Battery

Wherever a dry battery is needed, Columbia will always give the best service
