Ask The French
While our political spokesmen in this country continue to tell us that we don't know what it is to be taxed and point with pride to various European systems of government which have adopted all sorts of socialistic schemes for the betterment of mankind, strict censorship laws in practically all nations across the waters prevent us from getting a true picture of what conditions are actually like over there.

JUST BETWEEN FRIENDS
BY GEORGE GARNER

Realization increases that Central Florida is a island of civilization surrounded by a sea of national intelligence. This is due largely to the fact that Central Florida is a section of native-bred Americans in a general area of foreign-American Whites. There are 15,000,000 foreign-born Whites in the United States at a whole, and 5,700,000 native foreign stock. Neither the actual number, nor the national proportion of both in Central Florida amounts to a row in the sand.

MODERNIZE! RENOVATE! REPAIR! BUILD! NOW!

THE NATIONAL HOUSING ACT GIVES NEW HOMES FOR OLD

A NATIONAL ACT WITH NATIONAL SCOPE IN GIVING TO AMERICAN CITIZENS THE HOMES OF COMFORT, BEAUTY AND CHARM FOR WHICH THEY CONTINUALLY STRIVE.

Think of it! A modern Aladdin in the form of a great home financing project, rescuing home owners from the drudgery and inconveniences of outdated homes! Where before they have struggled along on conditions that they said were "good enough," now they can remodel to their heart's content along modern standards of convenience, comfort, sanitation and appearance. They can do it all in money borrowed with the sanction of the greatest financial institution in the world—the United States Government.

Just where do you fit into this magical picture of "New Homes for Old"? How are you going to borrow money from the government? When will you be able to get it? You, the home owner, are the one for whom this plan was formed, so naturally you fit in. You, the home owner, can borrow money on your character and your means of livelihood. And you, the home owner, can borrow this money right now. Banks are authorized and ready to loan you up to \$2,500 for remodeling and repair work on your home. Check it now. Opportunity beckons you to put on a new roof... new front porch... build a new garage... paint your home... modernize your plumbing... there are a thousand

OPPORTUNITY KNOCKS AT SANFORD - HEED IT. STUDY THESE PROVISIONS OF THE NATIONAL HOUSING ACT

THE PURPOSE: It is possible under the provisions of the National Housing Act for homeowners of the present and the future to borrow money for home repairs, modernizing, remodeling and new home building under long-term contracts of repayment and low interest rates.

THE MONEY: The borrowed funds are available for use in the remodeling, repairing or other altering of present homes for use in financing the erection of entirely new homes and for refinancing all home mortgages.

THE BORROWERS: The home owner of known integrity of character who represents a good credit risk, who has a substantial means of income and who expresses willingness to meet the terms of repayment, may borrow as much as \$2,500 for repairing and remodeling his home. Payments are made in installments over a period of three years with only a small interest charge added.

THE MONEY IS READY: Lending agencies are ready now and willing to make loans under the terms of the National Housing Act. Consult them at your earliest opportunity, and get full advantage of this plan.

THE AMOUNTS: As much as \$2,500 can be borrowed by the home owner who desires to repair, remodel or otherwise improve his home. Builders of completely new homes can borrow as much as \$10,000 for financing their project.

WHERE TO GET THE MONEY: Sanford home owners and property holders interested in obtaining loans under the modernization credit plan may contact any of the firms listed in this advertisement, the local bank, or Housing Headquarters for information. All equal channels are available where applicants qualify under the National Housing Act. It costs nothing to ask for information.

REFINANCING: The home owner who desires a refinancing of his present mortgage or mortgages can obtain a loan of up to 60% of the appraised value of his house and, providing, of course, that he has integrity of character, has a substantial income and expresses his willingness to meet the terms of repayment.

CONVERTING ATTIC INTO ROOM: A builder contemplating the erection of a new home, and who possesses in cash or in real property or both, an amount equaling 20% of the finished project's value, can secure the necessary 80% through a loan—providing of course, that he has integrity of character, has a substantial means of income and expresses his willingness to meet the terms of repayment.

NEW CONSTRUCTION: A builder contemplating the erection of a new home, and who possesses in cash or in real property or both, an amount equaling 20% of the finished project's value, can secure the necessary 80% through a loan—providing of course, that he has integrity of character, has a substantial means of income and expresses his willingness to meet the terms of repayment.

Mr. Coo Goes To Her Death In Hot Seat

It has helped thousands of people who are suffering from the effects of the influenza epidemic, poor appetite, gas pains, etc. by a refreshing relief by taking the Florida Black-Drainage. "I found I had to have something for constipation for a week," writes Mrs. J. L. Britton, of Jacksonville, N. C. "I had heard of much about Black-Drainage, I began taking it, and after a dose or two of Black-Drainage I feel fine."

SARAJEVO IS RECALLED ON ANNIVERSARY

Youngs receiving relief aid at the University of Southern California were higher in their studies than those possessing investment financial means.

THE Frigidaire '35 WITH THE FAMOUS SUPER FREEZER

NOW ON DISPLAY AT OUR FRIGIDAIRE SPRING PARADE
We extend a cordial invitation to you and your friends to attend the Frigidaire Spring Parade and see the beautiful new Frigidaire '35. Each of the 16 snow-white models has the new Super Freezer, affording greater convenience and economy and setting new standards for efficient household refrigeration. The Super Freezer makes possible a Complete Refrigeration Service. It provides the right kind of cold for every purpose—all in the same cabinet. There's fast freezing for making ice cubes and desserts; frozen storage for meats and ice cream; extra cold storage for keeping a reserve supply of ice; moist storage for vegetables and fruits; and normal storage below 50° for foods requiring dry, frosty cold. Besides the Super Freezer, the new Frigidaire '35 has the Cold Control, automatic reset defrosting switch that cuts the current on when defrosting is completed, automatic ice

Growers Organize In Their Fight For Water Survey

(Continued From Page One)

Last night's meeting was addressed by James Wilson of Chuluota and A. P. Michaels of Orlando, and F. F. Durner presided as head of the association.

Resolutions similar to the one adopted last night also were adopted by members of the Sanford Kiwanis Club and the Sanford Lions Club at their meetings on Wednesday.

It is the announced purpose of the group which was organized to organize the opposition of all attempts to reduce water rights from the water survey organization in central and south Florida to which conditions should be made sure any favored them to be made known as soon as possible.

The actual cost of the pension plan is approximately \$2,000,000 on the basis of Tilman's figures.

A surprising fact found in the study of the situation, Tilman said, was the large number of people 65 years of age or older who are gainfully employed. Statistics show 25,000 in Florida to be in this class, which tends to bear out the contention of Townsend pension experts that the retirement of these old folk from the field of labor would make room for thousands of younger workers.

The fact that Florida's aged will secure no relief from present old age pension measures will probably tend to strengthen the Townsend plan and drive thousands of them into the ranks of those who will demand more liberal and certain security for the aged.

Prospects Of Peace In Northwest Bright

PORTLAND, Ore., June 23.—(AP) Prospects for a turn toward peace in the Pacific Northwest lumber strike straightened considerably last night.

An agreement was completed by which 500 men and women would resume their jobs at Vancouver Wash. with union sanction.

Mayor George A. Sootley of

Tacoma issued a call for representatives and employees of lumber mills to meet here today for discussion of a possible settlement involving some 25,000 workers affected.

All Clubs Placed On National Loop All Star Machine

GIANTS, CARDS REPRESENTED BY 6 MEN; Frisch To Manage

By ALAN GOULD

NEW YORK, June 25.—(AP)—The National league yesterday decided to call six members of the league leading New York Giants and a half dozen of the world champion St. Louis Cardinals to the city to play an all-star game in the third annual all-star game, to be held July 8 in the huge municipal stadium at Cleveland.

All eight clubs, however, are represented on the squad of 20 players selected by Frank Frisch, manager of the Cardinals. Frisch, who will direct the team with the aid of the league's "best pitcher," based his choices on the recommendations of other managers and club owners.

The complete National league squad follows:

Pitchers—Billy Terry, Giants, and Jim Collins, Cardinals.

Second base—Frank Frisch, Cardinals, and Billy Herman, Cubs.

Shortstop—Floyd (Lefty) Vaughan, Pirates.

Third base—Pepper, Pirates.

Catcher—

Utility infielders—Bryant, Pirates; Whitehead, Cardinals; Charlick, New York; Gurnea, Cardinals; Wally Berger, Pirates; Paul Bauer, Pirates; Marlin, and Jay Moore, Pirates.

Outfielders—Jimmy Williams, Philadelphia; Hank Gowdy, Philadelphia; Fred Schatz, Philadelphia; Harry Sawyer, Philadelphia; Paul Waner, Pirates; and Van Mungo, Pirates.

Coach—Charles Dwyer, Pirates.

The all-star manager will be selected by the league's "best pitcher," who will direct the team with the aid of the league's "best pitcher."

DELAND PITCHES MASTERLY AS HALL

DeLand pitched masterly as he led the Islanders to shut out the LeRoy Islanders 4 to 0. The Islanders were never able to score Lett's fast-handled slugs as he took advantage of a dreary day afternoon to slip his fast balling those when men were on base. He struck out eight men.

Barrett provided the only bright spot in the LeRoy attack, gathering half the hits made by the entire club with three for four.

Lett led the Island attack which netted 11 hits and three runs for four, one a double by Barrett and Doubrette each got two for four, one of Barrett's three being a long home run over the left field wall.

DeLand got his first run in the second inning when with two out Barrett smacked a high lead one over the left field wall for four bases. They picked up another in the sixth when Lett, first man up, doubled and after Mackey had fled out second to third on Barrett's single and scored when Williams' Green wild on an attempted double play. They added another in the eighth on a double by Barrett and Lett's single by Barrett was hit by a pitched ball to start the ninth for DeLand, was sacrificed to second and scored on Mackey's double to right.

Business, Financial Circles Look Back On Half Year Of Difficult Problems Satisfactorily Met

By FRANK H. MacMILLAN
NEW YORK, June 29. (AP)—As the half year mark is passed in the 1935 economic race, business and financial circles look back on an exciting and difficult year which on the whole has been negotiated with reasonable success, they believe.

Many obstacles have been met and apparently surmounted in ridding the economy of the various dangers which have threatened it. The Supreme Court's gift of a new NRA business clearing and labor holding bill, the government's economic metal buying program, and the new inflation bill have all been met with a measure of success.
