

Communism Ban

(Continued from Page One)
President of the New York Local No. 6 of the A. F. of L. Hotel and Club Employees Union. He is a German-born alien.

Officials of the Immigration Service do not acknowledge the existence of a "drive." But it is a common knowledge here that further arrests of aliens on charges of Communist affiliation may come soon.

Judging by the past, the government will have long, hard battles in the courts before getting final decisions in the new cases. In the last eight years the Supreme Court has spanked the Immigration Service in three famous decisions involving charges of Communism.

1. Joseph George Strecker in 1939.
2. William Schneiderman in 1940.
3. Harry Bridges in 1945.

The facts in those cases may differ from the facts in the new cases opened by the Immigration Service, even though the charges are roughly the same. Therefore the results of the old cases do not necessarily foreshadow the results of the new ones.

The Strecker, Schneiderman and Bridges cases were different from one another in certain respects. The case of Schneiderman was not an alien deportation case, but an attempt to cancel his citizenship, which had been granted him in 1927.

But in all three cases the Immigration Service charged that the individual was a Communist and that the Communist party sought the violent overthrow of the government.

And in all three cases, the Supreme Court ruled in favor of the individual—without finding it necessary to make a flat decision, one way or the other, on whether the Communist party had violence on its mind.

Wake Forest picked up 378 yards on the ground against South Carolina in the Gator Bowl grid classic of 1946. This is an all-time high in Gator Bowl play.

CARD OF THANKS
We the family of Lizzie Walker Nesbitt Clark, who departed this life Aug. 22, 1947 wish to express our thanks and appreciation for the lovely floral pieces, cards and telegrams of sympathy and also to the friends who donated cars, Fannie Lee Burns, Daughter.

Your USED FATS ARE Still Needed!
KATHARINE FISHER, Director of Good Housekeeping Institute

We're still not out of the woods, by any means. There is still a fat shortage all over the world. Here is what Mr. Clinton P. Anderson, Secretary of Agriculture, says about the situation: "It is still necessary to conserve every pound of used fat, since the over-all fat supply situation is little better now than it was last year."

So... all of you women who have done such a marvelous job... please, keep up the good work. It's the only way we can beat the shortage. Remember, every pound of salvaged fat helps.

KEEP TURNING IN YOUR USED FATS
American Fat Salvaging Credit Agency, Inc.

Treaty With Italy

(Continued from Page One)
All four Big Four representatives then signed a protocol stating that they had deposited the instruments and declaring the treaty in force as of midnight. The entire ceremony lasted exactly five minutes.

Ambassador Jefferson Caffery represented the United States and Ambassador Alexander E. Bogomolov the Soviet Union. Minister H. Ashley Clarke acted for Britain in the absence of Ambassador Alfred Duff Cooper.

While the ceremony was going on in Bidault's office, the inhabitants of four small districts of the Italian Alps awarded to France in the Italian treaty, were voting whether they wanted to be French. The French constitution prohibits the integration of any territory without the consent of the inhabitants.

On Italy's eastern frontier Yugoslav troops will move forward from the Morgan Line to the new border with Italy at dawn tomorrow. Yugoslavia obtained approximately 3,000 square miles of the Italian peninsula, with 500,000 population.

Yugoslavin also will move troops into the Trieste free territory for temporary occupation duties with British and American units. In Italy Britain and the United States are to begin withdrawing occupation forces tomorrow.

The treaties assess \$1,330,000,000 in reparations against the five losers in World War II; reduce the territories of Italy, Romania, Hungary and Finland; severely limit the size of the armed forces of all five; contain guarantees against racial and religious discrimination and bar a rebirth of Fascism.

The United States and Britain must withdraw occupation troops from Italy within 90 days. Russia must pull her troops out of Bulgaria in a like period.

For Italy, today's ratification of the peace treaty marked the end of a national adventure with Fascism which started 25 years ago. The experiment, following her attack on France, June 10, 1940, cost her: Approximately 3,000 square miles of her homeland, all her Africa empire, the 12 Dodecanese Islands, \$300,000,000 in reparations and her place as a world power. The territory she loses to Yugoslavia in the Italian peninsula will cost her more than 1,000,000 tons of coal annually.

The African territories—Eritrea, Libya and Somaliland—remain under British sovereignty for a year, during which Britain, France and the United States consider final disposition. If they fail to reach an agreement, the United Nations Assembly must decide.

The Dodecanese Islands go to Greece and about 50 square miles in four Alpine districts go to France. Of the reparations debt, \$125,000,000 goes to Yugoslavia, \$105,000,000 to Greece, \$100,000,000 to Russia, \$25,000,000 to Ethiopia and \$5,000,000 to Albania. All of it is payable within seven years.

The other treaties, in brief, provide: Bulgaria—No loss of territory; \$70,000,000 in reparations. Armed forces limited to 65,000 men, 7,250 tons of warships, 90 planes.

Finland—Losses port and province of Petsamo to Russia and gives Russia a 50-year lease on Perkkala-udd for naval base; \$300,000,000 in reparations, all to Russia; armed forces limited to 41,500 men, 19,000 tons of warships, 60 planes.

Hungary—Losses Transylvania to Romania; \$200,000,000 in reparations, \$200,000,000 to Russia, \$50,000,000 to Yugoslavia and \$50,000,000 to Czechoslovakia; armed forces limited to 70,000 men, 90 planes.

Romania—Losses Bessarabia to Russia; \$300,000,000 in reparations, all to Russia; armed forces limited to 138,000 men, 15,000 tons of warships and 90 planes.

Storm Warning
(Continued from Page One)
"Kingdom" in the Berry group probably will be swept by squalls and winds near gale force.

The storm continued at such strength that one hurricane hunter plane found "conditions near the center... so severe for the safe operation of aircraft" and flew out without piercing the eye of the storm which he spotted by radar.

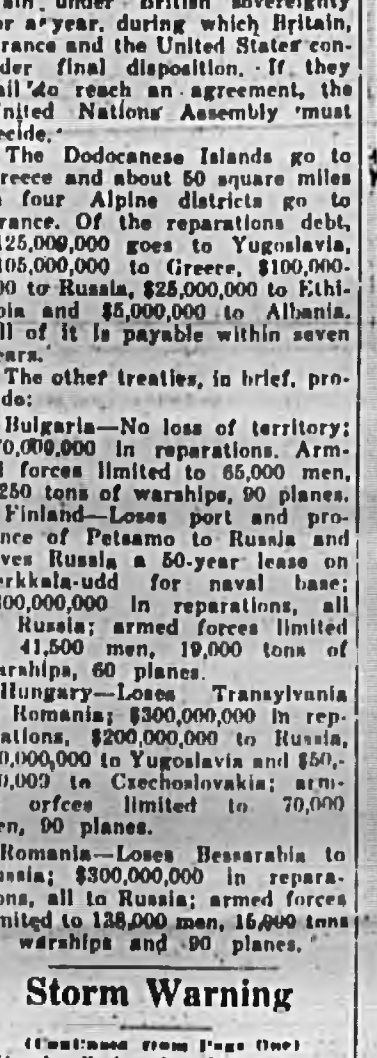

Another hurricane hunting pilot found his plane spiraling down out of control, but somehow managed to bring it out safely.

UN Assembly
(Continued from Page One)
colonial peoples who perhaps are the greatest potential threats to world peace.

" Astonishingly as it may sound, the most important big powers are distinctly closer to each other than they were in the Twenties," Lie said. "Some of the problems have been taken in hand by the former colonial peoples through nationalistic movements for liberation. Here, perhaps, lie the greatest possibilities for conflict today."

THE SANFORD HERALD

NOTICE
Effective Sept. 15, 1947, the subscription rate of The Sanford Herald will be increased to 25 cents a week. Monthly and yearly subscriptions will be increased proportionately at the same time. Paid-in-advance subscriptions will be delivered at the old rate until the expiration date.

The Herald regrets the necessity of increasing its subscription rate at this time, but the price of the paper on which we print is three times higher than it was before the war and other production costs have increased more or less to the same extent.

This is the first increase in these rates which we have made since February, 1938. It will be recalled that at the time we resumed daily publication following a period of a tri-weekly during the war, we made no additional charge for the two additional papers delivered each week to our subscribers.

We feel sure they appreciate our postponing any rate increase as long as possible.

Anderson Joins Cry To Eat Less Extravagantly

Prices Continue Upward Trend While "Richest Garbage" Is Thrown Away

NEW YORK, Sept. 16, (AP)—The Hotel Association of New York City today voiced approval of municipal committee's recommendation for two meatless days a week to help check spiraling food prices.

ALBUQUERQUE, N. M., Sept. 16 (AP)—Secretary of Agriculture Clinton P. Anderson has joined other national figures in urging the public to "eat less extravagantly." The admonition was coupled with his announcement that a report on prices and exports will be submitted to President Truman next Monday.

"We still throw away the richest garbage in the world," Anderson said yesterday in an interview. "People still are willing to pay prices which have no relation to value. They are buying steak at \$1 a pound and passing up rib roasts at one-fourth the price when there is not much difference in the nutritional value."

Anderson said the report on exports and their relation to prices was drafted at a conference with several of his aides last week.

Henry A. Wolcott Resigns As Head Of Legion Post

The resignation of Henry A. Wolcott as commander of Camp 474, Post 10, of the American Legion was announced today by Joel B. Field, adjutant.

Mr. Wolcott, who lives in Ovid, took office in June, 1946, and was re-installed as Post commander in June, 1947.

Mr. Wolcott, who lives in Ovid, took office in June, 1946, and was re-installed as Post commander in June, 1947.

Million Refugees Flee Religious War

NEW DELHI, India, Sept. 16, (AP)—More than 1,000,000 refugees from warfare between religious communities have crossed the India-Pakistan frontier on one way or the other during the last eight days in two of the greatest migrations of modern times.

MACK EMBORN IN TALLAHASSEE, Sept. 16, (AP)—Governor Caldwell today personally administered the oath of office to Richard Mack of Miami as a member of the Florida Railroad and Public Utilities Commission.

Marshall Attends UN Meet

SECRETARY OF STATE (George C. Marshall) shakes hands with the engineer of his train, Frank Krause, Rahway, N. J., following their arrival in New York from Washington, Marshall, accompanied by Charles Bohlen, a State Department aid, will attend conferences preceding the opening session of the U. N. General Assembly. (International)

Protests Filed With ICC Against Freight Increase

Shippers Insist Present Rates Too High and Unjustified

WASHINGTON, Sept. 16 (AP)—Iron and steel shippers protested to the Interstate Commerce Commission today that existing freight rates on ore are "unreasonably high" and emergency increases asked by the railroads are "unjustified."

Spokesmen for about 40 mining operators objected to applications of the railroads for a 10 percent emergency increase on most commodities, including 11 cents a ton on iron ore, pending a decision on their request for a permanent 27 percent boost.

Two Killed In Auto Wreck Near Ocala

OCALA, Sept. 16, (AP)—Miss Ila Polling, 30, of Jacksonville, died early last night of injuries received yesterday morning in an automobile accident south of Ocala in which George John Jandrone, 34, also of Jacksonville, was instantly killed.

TREATY SIGNED VIENNA, Sept. 16, (AP)—Sir Henry Mack, British political representative to Austria, today advised Chancellor Leopold Figl that the technical state of war between the two countries was at an end, a Foreign Office spokesman said.

Warnings Of Split Heard At UN Meet

Russia Uses Veto 2 More Times In Row Over Balkan Issue; Dr. Aranha Speaks

LAKE SUCCESS, Sept. 16, (AP)—Liquidation of the United Nations subsidiary border watch group in northern Greece was rejected to set under way today as the result of Security Council action last night in which Russia vetoed American efforts to keep the group intact.

NEW YORK, Sept. 16 (AP)—The United Nations Assembly today formally opened its 1947 session amid solemn warning that the growing split between Russia and the western powers must be stopped at all costs.

The opening meeting, attended by many of the world's top diplomats including Secretary of State George C. Marshall, was convened at 11:09 A. M. (EDT) by silver-haired Dr. Oswaldo Aranha, Brazil, holder of president of the special Palestine session.

The occasion was clouded by last night's angry dispute between Russia and the United States over the Balkan question and Russia's 19th and 20th veto cast in the Security Council on the eve of the Assembly's opening.

Dr. Aranha, said that "the world will organize peace" but that the U. N. could not be expected to do this. He warned that "the next 30 years may be envisaged as a period of doubts and insecurity."

"Our task," Aranha declared, "narrows down to the question whether the road will lead to peace or to strife."

The moment is crucial," the presiding president told his hearers at the opening session of the General Assembly. "More than 70 years have elapsed since the end of the war but a real peace has not yet been achieved."

The Brazilian diplomat urged a humane approach in dealing with the problems of the postwar period, warning that "the totalitarian world collapsed because it dared to affront the freedom of man's conscience."

Aranha said the United Nations is dedicated to the achievement of peace—should benefit from the lessons taught by war.

"It is not enough," he said, "to use the use of weapons such as gas, atomic bombs and means of mass destruction. We must condemn not only the crime but the very thought of war, together with all ideas of employing the pacific conquest of science to breed war and destruction instead of the well being of peoples. The advent of reason will be that of peace."

Aranha declared that the aim of the United Nations was not to maintain peace through political balance but "to promote all means and adopt all initiatives capable of obviating the recourse to war for the control of problems and indeed of the very life of mankind."

"This (the United Nations) is not a merely political organization," he said. "It is not a covenant between nations, but an undertaking in human thought and sentiment. From here comes the hope of a new world."

Tropical Hurricane Heads Toward Florida East Coast

American Troops Block Yugoslavs At Trieste Border

Machinegun Fire Is First Incident In New War Of Nerves

TRIESTE, Sept. 16 (AP)—A bloodless frontier clash between Yugoslav and American troops marked the birth of Trieste as a free territory today.

The Allied Military Government announced that a Yugoslav detachment was blocked by a warning burst of machinegun fire and the movement of an armoured U. S. Infantry battalion up from reserve when the Yugoslavs sought to cross the border into the free territory at an out post held by 12 U. S. soldiers.

The incident followed a night in which Yugoslavia pumped the gun on the Allied-Yugoslav timetable for her occupation of lands under the Italian peace treaty and forced troop movements in the Morgan Line zone by night.

Bus Service Hurt By Big Increase In Enrollments

School bus service, faced with unexpected numbers of new pupils, will be improved as soon as possible, Superintendent W. Lawson announced today.

During the first week of school the transportation problem was difficult due to the increase in enrollment of pupils carried in buses along certain routes, said Mr. Lawson.

Martha B. Moffitt Dies Following Brief Illness

Mrs. Martha B. Moffitt died this morning at 11:00 o'clock in the hospital following a brief illness.

Born in Topeka, Kans., Mrs. Moffitt had been a resident of Sanford for the past 39 years.

Survivors include one daughter, Mrs. Kenneth McLeod of Sanford and one son, Mrs. Vesta R. Fay of Glendale, Calif.

Funeral services will be conducted at the First Methodist Church Thursday at 10:30 A. M. with the Rev. J. E. McKinley officiating. Interment will be made in Lake View Cemetery.

Senator Accuses RFC Of Losing Billions

WASHINGTON, Sept. 16, (AP)—Senator Buck (R-Ind.) said today that "several billion dollars" loaned by the Reconstruction Finance Corporation to speed up production during the war probably "must be written off" as losses.

Battle Lines Are Drawn Between Communists And West Over Italy

By DEWITT MACKENZIE, AP Foreign Affairs Analyst

As the signs read the battle is about to be joined between the eastern bloc (headed by Russia) and the western bloc (led by America) to determine whether Italy shall become another satellite of the Soviet Union or whether she shall be an independent democracy.

It is an ironic circumstance that this fresh tribulation should descend on the beaten and shuddering Roman. Just as the morning of the peace treaty by the Allies formally signalled the end of World War II for Italy.

By FRANK BRITTO, AP Staff Writer

ROME, Sept. 16 (AP)—Spreading strikes that menaced her already shaky economy marked Italy's return to sovereignty today.

The peace treaty with the winner of World War II took effect at 2 A. M. (7 P. M., Eastern Standard Time, Monday).

Rome newspapers declared the treaty "infamous" and a "dictate."

Adding their weight to a one-day strike of more than 1,000,000 mail workers in the north, 850,000 metal workers began a 48-hour walkout, protesting the high cost of living and demanding more pay per hour.

The resignation of Raymond G. Gill as a trustee in the General Public Instruction, Thursday, Mr. McGill wrote from Alamos, New Mexico that he will be away for an indefinite time. Other resignations accepted were those of Mrs. Ernestine North as teacher.

Judge Declares News Helps Prevent Crime

SANFORD, Fla., Sept. 16, (AP)—Saying newspaper publicity is "the greatest single agency in the prevention of crime," Circuit Judge Lewis H. Miller told the new Board of Education today.

Pfc. Virgil K. Smith Stationed In Austria

UNITED STATES FORCES IN AUSTRIA, Sept. 16, (Special)—Pfc. Virgil K. Smith, of Sanford, Fla., has been selected to attend a special eight weeks' course at the U. S. Army Clerical and Administrative school in Vienna, Austria.

The school is training enlisted personnel in such subjects as shorthand, the army filing system, military correspondence, preparation of military orders, typing and administration.

Pfc. Smith, son of Mr. and Mrs. Virgil L. Smith of 426 W. Eighth Street, Sanford, entered military service in Boca Raton, Fla. in September, 1946 and is now serving with United States Forces in Austria as a supply clerk in the 7791 Headquarters company.

160 Mile Wind Is Reported 200 Miles Off Palm Beach; Gales Near Miami

MIAMI, Sept. 16, (AP)—Barometer readings began a sickening slide to lower readings along the lower Florida East Coast at 1 P. M. today as a hurricane, squalls typical of the advance of a hurricane, began to blow in from the sea.

The Weather Bureau said the falling barometer was a part of the outer condition of the tropical storm still centered 220 miles east of Palm Beach, but was not a part of hurricane itself.

Squalls hit Palm Beach at 2 P. M., with 12 mile winds, a barometer reading of 29.74, and heavy rain.

The same condition came in from the sea at Fort Lauderdale and Miami, barometer readings at 1:30 P. M. were 29.76 at Fort Lauderdale, and 29.75 at Miami.

MIAMI, Sept. 16, (AP)—Hurricane warnings were ordered at 2:45 P. M. today from Fort Lauderdale to Titusville along the Florida East Coast as a great storm with gale winds reported at 160 miles an hour allowed steadily offshore.

The center at 2:45 P. M. was 175 miles east of Palm Beach and the drift was westward about five to seven miles an hour.

The Weather Bureau said: "This great hurricane will approach the coast in the Palm Beach area late tonight and tomorrow unless there is a further change of course."

By ASSOCIATED PRESS

Gusts up to 20 miles an hour swayed palm trees in Miami this afternoon as a hurricane hovered some 200 miles off West Palm Beach. The sun was shining, however, along the entire Florida East Coast but at Miami there was considerable cloudiness.

At Hopetown, Albano, in the Bahamas, wind reached 160 miles an hour this morning as the giant storm centered over the island. The barometer reading there was 28.52.

The barometer at Miami has shown a steady slow drop since 11 A. M. when it was 29.81. At noon it was 29.78 and at 1 P. M. 29.77.

The weather in cities along the East Coast—Fort with slight breeze.

West Palm Beach—Winds of 15 miles an hour with the sun shining.

Orlando—Some rain, moderate wind.

St. Augustine—Medium winds, partly cloudy, high tides on beaches.

Miami—Winds of 12 miles an hour with gusts up to 20; considerable cloudiness; forecast for fresh to strong winds for city with gale winds offshore.

DAYTONA BEACH, Sept. 16 (AP)—Weather conditions as of noon today. Partly overcast. Air, wind 18 miles per hour blowing from northwest. Barometer reading at 12:00 o'clock was 29.95 which was 0.1 of an inch lower than 11:30 reading. Falling slowly and normally. Weather Bureau here says. Tides here were higher than usual this morning. Waves reported rough with strong north current. Some debris in water caused lifeguards to prohibit swimming in surf.

INNER LIGHT IS AVAILABLE TO ALL GOD'S CHILDREN... CHRIST DEMONSTRATED THE TECHNIQUE...

General Fanning celebrated his 87th birthday last Saturday.

The biggest problem which the United States has today is not high prices, taxes, the danger of war, but rather the growing divorce rate, the consumption of alcohol, the spread of gambling rackets, and the highway accident toll.

America is a big country. As a hurricane threatens the east coast of Florida, Americans in Japan took precautions against a typhoon threatening Honolulu...

American taxpayers who must eventually foot the bill will rejoice that a UN Committee has revised downward earlier estimates of \$84,000,000 as the cost of its headquarters building in New York City...

Fond prices have doubled in the last ten years, says the Department of Commerce, but so have wages, it adds. If your wages, or salary, or income, is twice as high as it was ten years ago...

The use of atomic power in peaceful pursuits has been discussed in the public, says Dr. Farrington Daniels of the University of Wisconsin. "It will be feasible to run the ships by atomic power," he admits...

Communal rioting so widely reported in India these days has nothing whatever to do with Communism, or the purely political and economic strife which is playing havoc with so many other countries...

Government officials are final getting down to brass tacks on food prices, Secretary Harrison as well as Undersecretary Dodd makes no hold as to suggest that the reason prices are high is because Americans are eating more than ever before...

Planning In Germany

One of the most common words in government circles these days is "plan." The word has a tentative sound. Its very use implies uncertainty of result...

For three months an economic council has been set up in Frankfurt to help the Anglo-American zones of western Germany recover from war's ravages...

The chief obstacle to be overcome by those responsible for the project is the complicated politics of the region. Top parties, somewhat similar in name but diametrically opposed in purpose...

In both cases, the term "democrat" is a euphemism. The parties are nearly evenly divided as to members and responsibility. Nichol says that Maj. General C. L. Adcock, head of the Anglo-American control forces...

All the plans for improving the condition of Europe are hampered by the very people who might expect to profit by their success. Much credit should be given to the executives who have done the uphill work...

Gen. Ike And Politics

A "Draft-Eisenhower-for-President" move seems to be swirling out of Kansas.

Dwight D. Eisenhower, chief of staff of the United States Army, is the president-elect of Columbia University. He is preparing to leave the army and assume his new post...

The boom, spurred by a sprinkling of fan clubs in various sections of the country, formed even without his support or knowledge, is gaining momentum. A recent Gallup poll recorded that 35 per cent of the population wanted him to run...

His war record makes him practically America's number one citizen. Should he swing into a drive for the presidential nomination his popular following would make him a serious challenge to other Republican candidates...

Up In The Air

Automobiles would be outmoded, to say nothing of railroads and steamships; the sky would be dark with planes, while every other pasture became a landing field...

These prognostications were apparently founded on little but optimism. Private flyers, most of whom are young men and women, have learned to fly and to care for planes...

Flight between large cities is hampered by the time-consuming fact that airports are, in most cases, several miles away from urban centers and transportation there is relatively slow. Those who would take off for a vacation spot in the wilds have no landing field at the destination...

Airplane manufacture is at the point where the automobile was when Ford entered the picture. Good roads followed the advent of the small, cheap car, and proper landing facilities will undoubtedly follow the development of an efficient, low-priced airplane.

Hartford Company Makes Movies On Accident Prevention

HARTFORD, Conn. — Where Hollywood leaves off with the "Boy-Meets-Girl" theme, Hartford is picking up to show how they can "live happily ever after."

A miniature Hollywood is turning out films from studios of the Aetna Life Affiliated Companies to dramatize the dangers of accidents, illness, fires and other preventable losses.

Planned as real-life thrillers, the movies are circulated through film libraries maintained in 50 major cities throughout the country. The underlying idea is a relief that an insurance company has a two-fold function—prevent accidents as well as paying for losses.

Since establishing its motion picture bureau in 1940, the company has released without charge 25 educational films with dramatic continuities on such subjects as industrial safety and health, street and highway safety, first aid, nutrition, crime and fire prevention and sport and home safety.

Although many of the films have taken the camera crews to "locations" with fishing fleets off the New England coast, hunting parties in the Maine woods and exciting rides on police cruisers and fire engines, others are made with miniature technique.

The company's latest film "Live and Let Live" portrays ten leading causes of highway accidents. "Toys" of exact, scale-model automobiles and trucks were employed so realistically that a highway "accident" scene appears as if the action were photographed from a helicopter.

They cars, boats and other moving objects were pushed at mathematically figured distances graduated from an eighth to a quarter of an inch with each movement individually photographed. The finished film shows continuous motion. In one scene a highway "accident" was photographed 1,040 times to produce 13 seconds of action.

In a fire prevention film, the horror of flames raging through a house was achieved by photographing a studio set through a pan of flaming gasoline held close to the camera lens.

The "dubbing" in of realistic sound effects has called for considerable ingenuity. An actress playing the part of a housewife falling off a ladder, screamed, but

Excessive Jealousy Causes Divorce

CHICAGO, Sept. 16. (AP)—Gilbert Johnson, 38, a taxi representative, in a suit for divorce against Esther Johnson, 43, says his wife's "excessive jealousy" has made his life miserable.

Johnson charged that his wife, whom he married three years ago: 1. Forbids him to read newspaper articles pertaining to women, movie stars, or any moral or social questions because of their association with women.

2. Refuses to let him listen to any radio programs using female voices.

3. Forbids him to read magazines because of the prevalence of women characters in fiction.

4. Makes disparaging remarks concerning the appearance of women whom she might meet on the street when he is present.

5. Objects to any attention he shows to children. (They have no children).

The suit said that the reason for Mrs. Johnson's action is her attempt to compensate for feelings of inferiority in her attractiveness and charm as compared with other women.

Johnson also charged in his suit his wife struck and beat him twice within the last few months.

It sounded artificial. Screams of several other girls were tried, but they did not seem terrified. Armed with a sharp pin, the director hid behind a pillar, had a script girl called to the studio, leaped out, and her scream recorded the sheer horror desired.

"IKS" PEAK OR BUST!

YOU'RE TELLING ME!

By WILLIAM RITT Central Press-Writer

THE BRONX ZOO has obtained a yapock which is a 12-inch animal with a 14-inch tail. It looks like a snake swallowing its supper.

The yapock is a water possum with pink ears and nose. It looks like an overgrown rat in technicolor.

The creature leads a rather dreary existence since it is found asleep 90 per cent of the time.

Yapocks are very strongly minded, often forgetting to chew and swallow while eating—just like a love-sick swain.

Here's WAC Who Wants No Stripes

By JOHN P. MCKNIGHT AP Newswriter

LEGHORN, Italy—The case of Mary Dugan, WAC, of 233 Elm Street, Yonkers, N. Y., in one to confound and amaze all old army hands.

Private Dugan has refused promotion from buck private to corporal.

To soldiers whose second favorite topic of conversation is the prospect or lack of prospect of new "ratings," the trade name for promotions of enlisted personnel, turning down stripes or additional stripes is unheard of.

But Miss Dugan, pretty, blond, blue-eyed, bespectacled typist in MTUSA headquarters here, is firm about it.

Although she is the only buck private in the detachment of 131 WAC oldtimers assigned to the headquarters, she says, "I won't be promoted—and that's final."

Her reasons she will not give. She says they are "top secret and state secrets." Nonsense in her outfit say it is because she doesn't want to be "placed over any male."

This Private Dugan laughs off scornfully.

Miss Dugan, who was born in Flatbush 32 years ago, joined the WACs five years ago and served at Fort Riley, Kan., Camp Carson, Col., Indiantown Gap, Pa., and Fort Meade, Md., before shipping overseas from Camp Kilmer, N. J., last December.

She likes Italy and Italians, she says, and she likes the Army—although she plans to get "out" when her term is up in January 1949.

A skilled typist employed at the Treasury Department for two years before she joined the Army, she thinks she will have no trouble finding work with the government or in private business.

A brother, Cornelius C. Dugan, served with the air force in China as a PFC.

NEW YORK—During the last couple of months I have been in and out of more compartments, roomettes and upper and lower berths than you could shake a stick at...

I have perished in Chicago, slept in Hollywood, drunk in Washington, dined in Detroit and baked in Albuquerque. Being rather effete and unable to stand the rigors of farm life, I have confined my journeys to the city circuit...

Mine is a sieve-like memory and my conscious mind is a pitiful little thing, so my impressions of what I have seen are vague and disorderly, like so many soap bubbles.

Those are the little chunks of terrazzo in my brain-pan. However, I do remember coming to one definite conclusion. I decided that the cities of America have the greatest inferiority complex in history.

It is all because of their defense mechanism. When I am wandering around in the psychic field, I am all at sea and thus, I suspect, a danger to the medical profession, but I do recognize when a guy is on the defensive—and I have seen, and talked with 'em—so much in recent months.

You know what's eating them? You know what gives them the chips on their shoulders? My lovely town, that's what, New York. It burns them up, it irritates them, it frustrates them. It has caused them to make, as Wolcott Gibbs put it, their beds of neuroses—and to lie in them.

I WAS RETURNING from Chicago's Washington Park a few afternoons ago and the car in which I sat had its full complement of broken-hearted horse-players, trying to figure out why, why, why. I got into a conversation with a light-lipped, middle-aged man, and made the mistake of telling him I was from New York.

"HAI!" he exploded, savagely. "I suppose you bet on that eastern horse race today. I coulda tol' you he wasn't gonna win. We got class horses out here, y'know. This ain't no leaky-roof circuit. This is big-time, in Chicago. All these New Yorkers think it's bush-league, out here in Chi. Hah!"

From there he went on to defend Chicago's theater, baseball teams, traffic regulations and its honor. He was bitter and ready to just as soon knock me down as look at me.

The thing is, he wasn't the only one. In other cities I found natives ready to spring at my throat if I even so much as suggested New York was more appealing in any way than their town. I am AWFULLY tired, by now, of the old saw, "Oh, New York's all right to visit, but I wouldn't live there, if—well, just give me good old, little."

Nobody seemed ready to accept the fact that I was from New York and that was that. They wanted to make something out of it. I think that if I wasn't myopic, and thus happily protected by thick lenses—20 years, honey, 20 years—I'd have been on the canvas more times than old Phil Scott.

I SUPPOSE THE FUNNIEST THING is that the average New Yorker never thinks twice about whether his town is better than any other, unless he is a kind of professional about it, as I am, and makes his living about it, his praise, chamber of commerce style.

As a matter of fact, many New Yorkers are always griping bitterly about what a dirty, unclean town they live in and how they hope to get the dirt out. When Washington or Chicago or New York and puffs about how much better his city is than Manhattan, the New Yorker often is inclined to nod grimly and say, "Brother, you're so right."

He never seems to do anything about it, though. You see a lot of the same faces around town, year after year, decade after decade. Must be like drugs.

But oh, that out-of-town inferiority complex! We must do something for that. I will retire to my corner with Gardner's "Abnormal Psychology" and a stethoscope and see what I can hatch up.

University of Miami is adding polo to its sports program this winter but will probably restrict competition to intramural activity this winter.

Harvey James and David Eldredge, members of the 1946 University of Miami football team, are freshman coaches this fall.

Why It Pays To Advertise In The Sanford Herald!

Sept. 3, 1947

The Sanford Herald Sanford, Florida Gentlemen:

Enclosed please find two dollars for which will you kindly send me your paper for a short time. I am interested in buying some real estate in or near Sanford and plan to visit your town within the next month. I thought your real estate advertisements might be helpful.

Yours truly, B. C. Schlosser Fuller Road Gurnee, Illinois

The Herald receives countless letters of this nature each month from persons in every section of the country. That is why your advertisement, besides its local appeal, will acquaint many prospective residents and tourists with Sanford affairs, its merchants and its desirability as a place to live.

THE SANFORD HERALD

THURSDAY
Seminoles Chapter No. 2, O. E. S. will meet at 8:00 P. M. in the Masonic Hall.

Btine Finishes At Fine Arts School

Alfred L. Stine, son of Mr. and Mrs. George A. Stine, 429 Summerlin Avenue, has finished his studies at the Academy of Fine Arts in Chicago. Mr. Stine is a graduate of Charleston High school, Charleston, W. Va. After studying art under the direction of Prof. L. Hugo.

Before entering the service during World War II, Mr. Stine was assistant editor and cartoonist of the "Charleston News," a monthly magazine of the Owen-Ilinois Glass Co., later being promoted to editor and cartoonist of "The Convector" for the same company at Clarion, Pa.

Some of his cartoons have been published in the Better Homes and Gardens, Army "Laffs", Baseball Digest and other magazines. For a number of years he was a member of Bill Gatten's dance orchestra in Charleston and was tenor soloist in the Presbyterian Church choir while living in Clarion. He was in training as an Army pilot in the Army Air Corps at the close of the war.

Mr. Stine was married on Aug. 18, 1941 to LaVonne Jackson, daughter of Mr. and Mrs. George Jackson of Richmond, W. Va., and they are now living at 6530 Kenwood Avenue in Chicago, Ill.

Glass has been made to resist bullets, to filter the sun's rays, to conduct electricity and now to resist fogging in cold weather.

University of Miami's football team will use both rail and air transportation in their 1947 road trips, journeying by rail to Philadelphia to play Villanova October 4, and taking planes to Cincinnati Nov. 8 to play the University of Cincinnati.

Constitution Day Observed By D. A. R.

The Daughters of the American Revolution met on Friday afternoon in observance of Constitution Day, an annual meeting. Members assembled at the home of Mrs. F. E. Rountell with Mrs. Edgar Mitchell as co-hostess. The regent, Mrs. L. P. Hagan, presided over the meeting which was opened with the D. A. R. ritual and pledge to the flag.

Refreshments were then served by Mrs. Rountell and Mrs. Mitchell after which the group boarded the Rountell yacht, Skylark, at the Sanford Boat Works and enjoyed a cruise on the St. Johns river. Mrs. Mitchell read an article which she had prepared giving details which led up to the framing and signing of the Constitution of the United States.

Those enjoying the afternoon were Mrs. A. R. Key, Mrs. Edmund Melich, Mrs. A. W. Lee, Mrs. Harry Tooke, Mrs. H. J. Lehman, Mrs. E. B. Cements, Mrs. F. W. Bels, Mrs. L. P. Hagan, Mrs. W. M. Thigpen, Mrs. J. H. Menckel, Mrs. J. B. Ray, Mrs. Rountell and Mrs. Mitchell.

Plans Are Made For TB Sale Campaign

Plans for the forthcoming Christmas Seal Sale for tuberculosis relief, and for a conference of local executive secretaries in Gainesville, Oct. 6 and 7, were made at a meeting of the State Seal Sale Committee of Executive Secretaries in Orlando, Friday. It was reported today by Mrs. Edward Kircher, executive secretary of the Seminole County Tuberculosis and Health Association, who attended the meeting as a member of the committee.

Following the Gainesville conference there will be a Tuberculosis Association Institute on the "Work and administration of the program of County TB and Health Associations." This is a training institute and Mrs. Kircher will speak on "Adult Health Education."

Mrs. Kircher today addressed the Lake County Directors of the T. B. and Health Association at a luncheon in Leesburg.

ALTAMONTE SPRINGS NEWS

Mrs. Edward Steinbeck is returning today from a visit with her mother in Hickman, N. J.

Mr. and Mrs. Clarence Horne entertained a group at their home Saturday with a dinner. Those present were Mr. and Mrs. Warren Jackson, and daughter, Sally Sue, of DeLand; Mr. and Mrs. R. A. Lewis, Mildred Ricketts, Cecie, and Ruby Ricketts, of DeLand.

Mr. and Mrs. Sam Humphries and daughter Brenda Jane left last week for their home in Bowling Green, Ky. after visiting relatives in Altamonte Springs and other parts of Central Florida.

Set. Wm. E. Myers left last week for Pearl Harbor, where he has been assigned to duty, after a leave, which he spent in Altamonte with Mrs. Myers, and Mr. and Mrs. E. B. Brown. Mrs. Myers left with Set. Myers and will make her home in Washington while he is away.

Mrs. Leslie Griffin, who has been visiting in Norfolk, Va., has returned to her home here.

Word was received that Mrs. J. O. Smith arrived in Orleans, La. safely, where she went for the burial of the late Mr. B. O. Smith. Mrs. Smith will return to Altamonte in about six weeks.

Dan Gilbert left this week to return in his job on the Mississippi River.

Word was received this week of L. T. Bryan's illness. Mr. and Mrs. Bryan are in Hot Springs, Ark. where they went to spend a vacation. Mr. Bryan was stricken on the way to Hot Springs.

Mr. and Mrs. B. D. McIntosh, Jr. left today for a short vacation in the mountains of North Carolina and Virginia.

Newest type of mirror is one coated on the front instead of the back with aluminum for use in scientific instruments.

Personals

Mrs. M. Brady left today for Chatham, N. C. to spend some time.

Miss Dorothy Powell has returned after spending the weekend at Daytona Beach.

H. B. Henley has returned from New Jersey where he spent some time.

Mr. and Mrs. R. F. McWhorter left Sunday for Hot Springs, Ark. where they plan to spend a month.

Mrs. J. E. Stoneburg, a former resident of Sanford now living in Ft. Pierce, is visiting friends in Sanford.

Mr. and Mrs. G. W. Spencer and son Wesley have returned from New Smyrna Beach where they spent the past weekend.

Rev. and Mrs. Paul Yates returned today from Palatka where they visited friends for several days.

Mr. and Mrs. A. J. Myers, Jr. left yesterday for Philadelphia, Pa. where Mr. Myers will enter Temple University Medical School.

G. W. Austin, manager of Thorpe Furniture Co., has returned from a week's vacation spent in Ocala and Daytona Beach.

Friends will be sorry to learn that W. L. Stoudennire underwent an operation today at the Orange Memorial Hospital.

J. L. Hurt, who has been confined to the Fernald-Laughton Memorial Hospital, is recuperating nicely from a recent illness.

Gordon W. Swain has returned to his home in Orlando after visiting over the weekend with Mr. and Mrs. E. M. Swain.

Mrs. Shelley Boone of Lakeland is visiting her mother, Mrs. W. B. Kirby, at her home at 910 Park Avenue.

Robert Wilson is spending some time in New York with his sister and brother-in-law, Mr. and Mrs. Dan C. Mitchell.

Mr. and Mrs. Stephen Bennis are attending the Civil Aeronautics Authority regional conference in Atlanta.

Mr. and Mrs. Howard Hoteler have returned from a three weeks vacation in Maryland, Virginia and West Virginia.

Mrs. Ouida Wilson and son, Frances Wilson, left on Sunday for Gainesville where Mr. Wilson will enter the University of Florida.

Friends of J. O. Huff will be glad to learn that he is recuperating nicely from a serious illness at the Fernald-Laughton Memorial Hospital.

Mr. and Mrs. Herbert Hill and sons, Patrick and Bryan, of Cleveland will arrive on Friday to spend the weekend with Mrs. Hill's family on Oak Avenue.

Friends of E. C. Hayman will regret to learn that he underwent an operation at the Fernald-Laughton Memorial Hospital on Monday.

Mr. and Mrs. O. D. Landress, Jr. and Mrs. Helen W. Trippe have returned to their homes in Auburn, Ala. after visiting for two weeks with Mr. and Mrs. O. D. Landress.

Mr. and Mrs. W. E. Holeyhead, Jr. and young son, Ronald, of Atlanta are the guests of Mr. Holeyhead's parents, Mr. and Mrs. Holeyhead, Sr. at their home at 303 East Nineteenth Street.

Friends will be interested to learn that Mr. and Mrs. Max Humbley and young sons, Peter and Paul, have moved their residence from 510 Palmetto Avenue to Heardall Avenue.

Harold Jordan and Leroy Gilbert left on Sunday for Gainesville accompanied by Mrs. Gertrude Gilbert, Theodore Runge and

Thelma Lee Roberts Weds C. E. Sutton

Mrs. Thelma Lee Roberts daughter of Mr. and Mrs. Henry Roberts of Leesburg, became the bride of Clarence Eugene Sutton son of Mr. and Mrs. R. L. Sutton of Osteen, in a quiet ceremony performed by Judge R. W. War at his home on Palmetto Avenue. The wedding took place on Saturday night at 9:00 o'clock.

The bride wore for her wedding a gown of ice blue crepe with white hat and accessories. Attending the couple were the groom's sister and mother, Mrs. Eva Brooks and Mrs. R. L. Sutton.

Following the ceremony a wedding supper was served at the home of Mrs. Brooks, 2000 Francis Avenue. They are now residing at the home of his parents in Osteen.

Miss Vaughn To Wed James Lehman Russell

Mrs. Beatie Vaughn of Gary, Ind. announced today the engagement of her daughter, Lucille, to James Lehman Russell, son of M. and Mrs. H. E. Russell of Crown Point, Ind.

Miss Vaughn was born in Sanford and lived here for many years. He is the grandson of M. and Mrs. H. J. Lehman and M. H. J. Russell of Lake Mary. He is associated with the J. C. Pease Co. in Lafayette, Ind.

The marriage will be an even of November at the First Presbyterian Church in Crown Point.

LEGION AUXILIARY RESERVATIONS

Miss Edna Chittenden announced today that reservations may be made with her by Saturday if the reception which will be held at the Sylvan Shores Hotel in Dora on Sept. 29 by the Sixth District American Legion and Auxiliary in honor Mrs. J. B. Kirkpatrick.

Mrs. Kirkpatrick was elected national vice president of the Southern Division of the American Legion Auxiliary at the convention of the Legion Auxiliary held this summer in New York.

Miss Chittenden said that the reservations must be made by Sept. 29 in order to send them to Mrs. Dora so that arrangements may be made for the members that plan to attend.

Debate Opened In Iran Parliament

TEHRAN, Sept. 16. (AP)—The Iranian parliament opened debate today which will culminate with the taking of a vote of confidence in Premier Ahmed Qavam's cabinet, but the country's hottest issue—the question of an oil concession to the Russians—remained on the shelf.

Apparently Qavam alone will decide when to submit to the parliament the 1940 Soviet-Iranian oil pact which would give the Russians the right to exploit the rich oil resources in the north.

That agreement was signed when Soviet troops were still occupying northern Iran, and it must be ratified by the parliament before it can become effective.

Miss Dorothy Rose Link daughter of Rev. and Mrs. H. H. Link, entertained the members of her class with a slumber party Tuesday evening, following the class reunion party at San Lando Springs at the home of her parents.

Miss Dorothy Rose Link, daughter of Rev. and Mrs. H. H. Link, entertained the members of her class with a slumber party Tuesday evening, following the class reunion party at San Lando Springs at the home of her parents.

A midnight snack of soft drinks, sandwiches and other goodies were served the following guests: Mona Dalbo, a student of Stetson University, DeLand; Marian Stanco; Elizabeth Farnell, a student of State University, Tallahassee; LeRoy and Dorothy Link, daughter and son of Mrs. Link, a student of Bob Jones College, Greenville, S. C.

The Nettie Farnell Circle of the Oliveto Baptist Church will meet Monday afternoon at the home of Mrs. R. L. Ragalie. Mrs. Theodora Aulin, Sr. has been chosen the new leader of the circle for the coming year.

OUTLOOK BRIGHT FOR SEMINOLE HIGH TO HAVE NEW FIELD HOUSE

By ARTHUR DECKWITH, JR. Herald Sports Editor

After 26 years of watching and waiting, Seminole High School athletes will have a field house, dressing room and shower facilities. The Army barracks purchased at the Pine Castle Army Air Base will be moved to the Seminole High School grounds shortly, Coach Carl Kellen announced today.

school grounds, the boys' stadium at Seminole High will be ready for the plumbing fixtures and other detailed work. T. W. Lawton and Mr. Morris went to Pine Castle and made the arrangements to purchase the barracks, after they found it impossible to secure one of the buildings at the local airport. A new scoreboard is being erected on the west side of the Seminole gridiron. Coach Kellen stated that two local business concerns, Security Lumber Company and Lee Brothers Plumbing Company, are building the board-

Joe Louis Decides To Battle Joe Walcott For Heavyweight Title

NEW YORK, Sept. 16. (AP)—Joe Louis, who couldn't find a suitable opponent for a title bout a few weeks ago, changed his mind yesterday and agreed to defend his world heavyweight championship for the twenty-fourth time against Jersey Joe Walcott of Camden, N. J., at Madison Square Garden December 5. Originally scheduled to face Walcott in a 16-round non-title tilt in the same arena, November 14, Louis agreed to the suggestion made by New York Athletic Commission Chairman Eddie Egan that the bout be lengthened to the 15-round route with the championship at stake. Louis asked only more time to train with the result that the scrap was set back three weeks.

HELPFUL AT THE FATE AND BEHIND IT

BRUCE EDWARDS WHO SHOULD BE JUST AS EFFULGENT AT THE PLATE AS HE IS BEHIND IT IN THE DOGGERS' HOME STRETCH DRIVE THIS SEPTEMBER

2 TRIPLES FROM BRUCE'S BAT DROVE IN THE RUNS THAT BEAT THE CARDS IN THE OPENER OF THAT 'CROSSBOW' SERIES LAST MONTH

G-Men Take 5 To 1 Tilt From St. Augustine Saints

GAINESVILLE, Sept. 16. (Special)—Manager My Hoag tossed two hit ball to put his team back into the running in the finals of the playoff series with the St. Augustine Saints to tie the contests at two all in a 5 to 1 contest here last night. Both of the St. Augustine hits came in the seventh canto, and they accounted for the lone Saint marker. Hal Heiner opened on the hill for the Saints and gave away to Dick Hallman in the sixth frame. Tonight the two teams play in St. Augustine and it is likely that Walt Bibbs of the G's and Jim Ketcher of the Saints will draw the hurling assignments.

Bowling Alleys To Open This Evening

The Sanford Bowling Alley will re-open for its winter season tonight, according to Edgar Jensen and Clarence Wilder, owners. The alleys have been reworked and are complete and ready for a battle for distance all the way. Kasulin played halfback for Miami in 1941 and 1942 but has been shifted to the fullback spot this fall. Behind this pair of superlative kickers, the Hurricanes have a flock of boys who can average from 34 to 38 yards consistently. If the University of Miami doesn't have the individual and team leadership of the nation this year, it will be because some records are broken elsewhere.

Rain Fier of Cincinnati, O., a freshman who entered school last February, is the tallest member of the 1947 University of Miami football squad. Ralph stands 6 feet, 6 inches tall, plays end and with that height, of course, is quite a pass catcher.

Anyone who is interested in bowling in league play is invited to contact the management and arrange to be placed on a team. The bowling league will start shortly, according to Jensen.

KENTUCKY'S FUTURE AT STAKE IN CONTEST WITH MISSISSIPPI

LEXINGTON, Ky., Sept. 16. (AP)—Kentucky figures there is more at stake than meets the eye in its opening football game Saturday against the University of Mississippi.

In mid-season of 1946 the word got around that the Rebels would be tough pickings this fall. Kentucky coach Paul Bryant started fretting. Since fall practice opened Bryant has moaned that he hasn't had time to get ready for Ole Miss. The spirit is there, he says, but the zip isn't.

The game may determine to a great extent the Wildcats' progress in their second year of rebuilding.

The drive toward a respectable spot in Southeastern Conference standings is expected to show some sound results. Some observers call the Kentuckians a threat to the title aspirants. Bryant puts it this way:

"If I could be sure that some of the boys would come through with good seasons and that a freshman or two would develop into outstanding players, I'd string along with the boys shouting 'dark-horse.' But right now I can't see it."

The Wildcats can field practically the same team that lost only to Alabama, Tennessee and Georgia last fall.

The starting team is experienced and reserve power is strong down the middle. But that is about as far as it goes. The rest is up to the freshmen and Bryant feels some of them will be of great help—in a year or two. Bryant is fixed with a pair of Alabama, Tennessee and Georgia

this pick as the South's best, and Harry Ulsink, a converted quarterback.

There are seven lettermen to man the guards, headed by Len Preston and Little Leo Yarusik. Bill Griffin and Wash Berlin, an All-Southeastern pick, in 1944 head the tackles but must be backed up by untested reserves. All-Conference Wallace Jones and Dick Hensley man the ends and here the squad is fixed with five capable substitutes.

George Hlanda, a standout punter, will share the quarterback post with Jim Habb, a converted halfback. Both are lettermen but behind them are three freshmen and a sophomore to direct the mixed offense of the T and box formations.

Left half will be handled by Don (Dopey) Phelps, the nation's top in returning punts and kick-offs last year and Bill Hailer, a sophomore Bryant says may be better than the "sometimes" flashy Phelps. Clayton Webb, a freshman, also is a contender.

Jack Farris and Jim Howe, sophomores best previously by injuries, lead the right halfbacks, backed up by a pair of promising first year men, Wilburn Jamerson and Dick Martin.

Senior Bill Moseley and Lee Truman will share the fullbacking.

After Mississippi the Wildcats meet on successive Saturdays Cincinnati, Vanderbilt, Michigan State, Alabama, West Virginia, Evansville and Tennessee. The Cincinnati, Georgia, Alabama, Evansville and Tennessee contests are home games.

Gators Work On Pass Offense And Defense In Heavy Session

GAINESVILLE, Sept. 16. (AP)—The Gator football team began its third week of practice yesterday with the backfield men running through play assignments, and the linemen checking stance, position and drive.

The day saw another injury with fullback Freddy Rozelle of Lake City, coming down with a bad knee. Halfback Hal Griffin is out of the lineup temporarily, also with a leg injury, received Saturday.

Coach "Bear" Wolf had the backs going through a dummy pass defense and the line blocking and charging sled in the next phase, following this with an hour-long scrimmage.

The scrimmage was divided into two halves with the first being devoted to defense, and the second to offense.

Cliff Sutton, Fletcher Groves, Jimmy Kynes, and Sam Webster handled some of the better defensive work, while Louis Rizzolo, Chuck Hunsinger and Julian Schamburg stood out of offense.

Coch Wolf paid particular attention to passing in the closing portion of the practice as the team got off several successful plays. Five new men reported to the squad today, the opening day of the fall semester. Most of them were freshmen and will not be eligible for varsity football this

Yankees Back Into American League Pennant

NEW YORK, Sept. 16. (AP)—The New York Yankees clinched their fifteenth American League pennant yesterday.

Although six Yank flag winners of the past won by 13 or more games, it is doubtful if any other New York winner, including the 1936 powerhouse which won by a record 10 1/2 games, had an easier time of it.

In fact, the Yankees actually backed into the flag, having played barely over 500 ball during the past four weeks. Since Aug. 16, the Yankees have won 16 and lost 14 for a 53.3 percentage—yet a year under the Southeastern Conference ruling that nailed a July deadline for freshmen to be eligible to play.

usually gained three games on the Boston Red Sox and one and one-half on the Detroit Tigers, their closest rivals.

In winning their first championship since 1918, the Yankees kept their record alive of waiting longer than four years between championships since they captured their first in 1921. They had a four-year gap from 1928 to '32 and from '32 to '36.

It was the first flag won by a Yankee team not owned by the late Col. Jacob Ruppert or his wife, Lorry MacPhail, current resident, Dan Topping and Del Webb purchased the club from the Ruppert estate in 1944. It also marked the first time since 1932 that a Yankee pennant winner was not under the direction of Joe McCarthy, who resigned as manager of the Yanks last year after copping nine pennants in 15 years.

In winning the flag in his first

47 Persons Denied Hunting Licenses

TALLAHASSEE, Sept. 15 (Special) - Ben C. Morgan, Director, State Game and Fresh Water Fish Commission, revealed today that hunting licenses will be refused 47 persons this year because they have been convicted of game law violations during the current closed season.

Recently the commission adopted a state wide Nov. 20 to Jan. 5 deer season for 1947-48 however, hunting days within the season vary in the different conservation districts. In the Third district, shooting will be allowed every day in the week; in the Second, and Fifth Districts, Mondays, Wednesdays and Fridays will be closed while in the First and Fourth Districts hunting will be prohibited on Mondays, Tuesdays and Wednesdays. In the Fifth District, six consecutive days of hunting will be allowed at the start of the season.

Turkey season will be the same as the deer season in the First, Second and Fourth Districts, but will run from Nov. 20 to Feb. 15 in the Third and Fifth Districts. Quail and squirrel may be shot from Nov. 20 to Feb. 15 in all districts except the Third, where the closing date is set for Feb. 15.

Deer season, Dec. 3 to Jan. 3, will be the same in all districts except in Deke, Howard and Monroe counties where it is set from Oct. 1 to Oct. 31. Mash hen season is the same in all districts, Sept. 15 to Nov. 22.

Early choice will be best choice to go to your nearest U. S. Army & Air Force Recruiting Station at 6 Rutland Building, Orlando, Fla. today. Get full details at no obligation to you whatsoever. A real opportunity awaits you.

REGARDED AS A TOP-FLIGHT POSSIBILITY for the Republican presidential nomination, Sen. Robert A. Taft (R-Ohio), and his wife are shown on their arrival at Berkeley, Calif. He will address the State Bar Association Oct. 11-12 at San Francisco. Mrs. Taft declined to comment on his status as a presidential possibility. (International)

British Officials See Early End To Mandate In Palestine

By HERBERT MARENZIE
An Foreign Affairs Analyst
Government sources in London tell us that British official opinion has veered around to the view that Britain's mandate over Palestine must end - an attitude which may be expected to have a marked influence on consideration of the problem of the Holy Land when it comes before the United Nations Assembly which resumes deliberations next Tuesday.

This generation-old issue is one of the most controversial and at the same time complicated questions with which the Assembly will have to struggle. One of the first things to be considered will be the explosive report recently rendered by the special U. N. committee. The majority recommended that Palestine be partitioned into Jewish and Arab states, with an economic union. The body cities of Jerusalem and Bethlehem would be autonomous.

Britain submitted the Palestine question to the U. N. and this in itself was an indication that she felt the present mandate couldn't go on - that she would have to quit ultimately. The London government long has been getting colossal kicks from all sides, and has come to regard the stewardship as a thankless task.

Incidents of recent weeks have made Britain particularly sorry for herself. At the end of July the British military in Palestine executed three members of Iron Zvai Lemni, the illegal underground army, and legion in retaliation hanged two British soldiers. Widespread anti-semitic incidents followed in England.

Within the past few days we have witnessed the unhappy "Exodus 1947" incident, involving the British action in shipping back to Hamburg some 4,000 Jewish re-

fugees who had tried to reach Palestine on the Exodus. Many of the passengers were disembarked by force when they reached the British military, and Britain was widely criticized for an action which the United States had tried to dissuade her from taking. Simultaneously the Paris police uncovered the alleged plot to bomb London at least with propaganda from an airplane. This was attributed to sympathizers with the underground Sigen gang, and 11 people, including an American rabbi were arrested.

So trouble has multiplied through the years until there is no security for the British in an area which has so much hostility toward them. And Palestine isn't the only tough spot for neighboring Egypt daily is demonstrating against Britain for continuing to maintain troops in the land of the pharaohs.

However, despite the fact that Britain is fed up with her mandate, we must expect her to play a cautious game until she sees what may grow out of the struggle for the division of Palestine between Jews and Arabs. It should be noted that Palestine is a highly valuable military base for protection of England's interests in the Middle East, especially the rich iron ore fields.

True, the British are in process of shifting their main base further south to East Africa, but before they abandon Palestine they want to know whether any other power - meaning Russia - is going to move in. They want to know if the United Nations can safeguard the territory. Therefore I think we shall find that the British military mind, which moves cautiously, will do some high level calculating before agreeing to throw out the mandate entirely.

YOU WOMEN WHO SUFFER HOT FLASHES then FEEL CHILLY -
Here's Good News!
Are you between the ages of 30 and 40 and going through that trying functional "middle-age" period peculiar to women? Does this make you suffer from hot flashes, feel clammy, so nervous, irritable, weak? Then try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. It is famous for this! Many wise "middle-age" women help Lydia E. Pinkham's Compound regularly to help build up resistance against this distress. Pinkham's Compound contains no opiates - no habit-forming drugs. It helps Nature (you know what we mean!) This great medicine also has what Doctors call a stomachic tonic effect. SURE! You may prefer LINDY E. PINKHAM'S TABLETS with added iron.

HURRICANE LASHES EAST COAST

High Costs Holding Meat Prices Up

Nation's Leaders Demand Action To Restore More Reasonable Price Levels

WASHINGTON, Sept. 17.—(AP)—The Congress Department said today that high food and labor costs will tend to keep the prices of livestock and meat up the rest of 1947. The Department said, however, that there may be some decline because meat prices are higher than normally indicated by the volume of meat production and consumer spending.

Although beef and veal marketing and production are expected to be heavy the rest of the year, the Department said these prices probably will continue at high levels because of a smaller pork supply and a shortage of lamb.

An analysis by the Department's food staffs division said meat exports at the present rate will total about 500,000,000 pounds this year. This would be three times the yearly average for pre-war 1937-39 but less than 3 percent of total U. S. production this year.

In Franconia, N. H. Senator Bridges called on President Truman to summon together leaders of every phase of American enterprise to do something voluntarily about the high cost of living.

The temper of the people is becoming such that the idea of time to voluntarily action on the part of leaders of all phases of our economy will probably be a demand for some sort of government control. Bridges said in an address prepared for the 38th annual meeting of the New England Conference of State Federations of Women's Clubs in Boston.

John S. Perkins, controller and assistant secretary-treasurer of Wm. Filene's Sons Co., said in a statement prepared for a congressional sub-committee at a public hearing on high prices that a few manufacturers have charged prices upward after they have contracted for supplies.

Rep. Bender (R-Ohio) said in Washington that a buyers' strike may be necessary to bring down prices.

Remarks on 90-cent butter and high costs of other things, the Ohio lawmaker declared in a statement.

"It is time for the buyer to do something more than bow," he said.

"It may be necessary for the housewives of America to take the issue into their capable hands once more with an old-fashioned buyers' strike."

"It is all too clear that any efforts to hold the price lines through independent action on the part of retailers will be utterly unsuccessful," he added.

Truman Ship Skirts Tropical Hurricane

ABOARD USS MISSOURI WITH PRESIDENT TRUMAN, Sept. 17.—(AP)—Officers of this battleship bringing President Truman home from Brazil said today they are prepared to take "evasive action" if necessary to avoid a hurricane off the coast of Florida.

The Missouri was around 900 miles east of St. Augustine, and appeared unlikely to approach within several hundred miles of the slow-moving storm center. If a change of course should become necessary to avoid the hurricane's path, the battleship could easily outrun it.

The Missouri is scheduled to debarb the presidential party Friday at Norfolk, Va., and Mr. Truman plans to be back in the White House Saturday.

FORRESTAL SWORN IN

WASHINGTON, Sept. 17.—(AP)—James V. Forrestal was sworn in as the nation's first Secretary of Defense at 11 A. M. today.

Fred M. Vinson, chief justice of the United States, administered the oath, elevating Forrestal from secretary of the Navy to head of the armed forces. The ceremony was held in the office of the secretary of the Navy.

Army's New Jet Bomber Ready For Ground Tests

IN PREPARATION for taxi and ground tests at Seattle, the Army's newest jet propelled bomber, the Boeing XB-47, is rolled from its hangar. Powered by six jet engines, the huge craft also has rocket motors near the tail for emergency bursts of speed. Overall dimensions of the new bomber are similar to those of the B-29 Superfortress. It is the first jet bomber with swept-back wings. (International Soundphoto)

Harold Stassen Demands Special Congress Session

NEW YORK, Sept. 17.—(AP)—Harold E. Stassen today declared America "should begin at once a nationwide, coordinated, voluntary food conservation program" and at the same time he called for a special session of Congress to enact the Marshall Plan.

The former Minnesota governor, who avowed 1948 Republican presidential candidate, said in an address at a chamber of commerce luncheon "the shortage of food around the world for this next winter requires immediate action."

Unless we conserve food, he added, "the pressure of demand on a dwindling food supply next winter will drive our high prices even higher and increase the danger of boom and bust in the American economy."

Stassen asserted that only the president and the government provide "effective national leadership" for the conservation program.

As to the Marshall Plan, the World War two naval captain said "my urgent message today is that speed is necessary in its implementation."

"The President," he declared, "should promptly advise the country of the clear fact that Europe cannot move into this next winter without a definite program from this country."

"The basic facts of this years economic situation in Europe were known months ago. This is not a surprise situation. It is a challenge that has been known for many months but not adequately met to this day."

Stassen said the Marshall Plan "is not a perfect plan" but "we need to realistically face alternatives."

"As Europe moves into this next bleak winter, there are only two plans for Europe—one is the Marshall Plan, and the other is the Communist plan," he said.

"The Marshall Plan envisages assistance of this country on the basis of a proposal developed by Europe for its own self-help and for its needs from America. It envisages the rebuilding of Europe, the gradual raising of the standards of living of its warring people, and the maintenance there of political and economic freedom, and of independence from ourselves and from others."

"The Communist plan, as I judge it, seeks a Europe moving step by step along a Socialist route. It calls for a limitation and disruption of the production of European countries until Communist control is achieved."

Battle Of Words Has Begun In United Nations Assembly

Ten Americans Killed By Reds Since War's End

WASHINGTON, Sept. 17.—(AP)—Senator Wiley (R-Wis.) today made public a State Department compilation showing that 10 Americans have met death "under questionable circumstances" in Russian dominated areas since the war's end.

"The conflict in the Assembly arises from a concerted effort today that five policemen have been killed with homicide as the result of a two-hour gun battle Monday in which five persons were killed and 14 wounded."

Those charged, the Bureau said, included Police Major Mario Salabarría, chief of the Enemy Activities Bureau, and four other policemen under his command.

The shooting broke out when Salabarría tried to arrest Police Major Emilio Tro at the home of Major Antonio María Dópic on suspicion of having been involved in the recent slaying of a captain.

Salabarría and the other policemen will be tried by a military court, and 10 civilians arrested as a result of the affair will face lesser charges in civilian courts.

LaGuardia Reported In Critical State

NEW YORK, Sept. 17.—(AP)—Former Mayor Fiorello H. LaGuardia, 64, who jousted colorfully for many causes in 80 strenuous years of public life, failed to rally today from a collapse suffered at his home last night, his physician announced.

The physician, Dr. George Baehr, said upon leaving LaGuardia's bedside that the former mayor and director general of UNRRA "has thus far shown no signs of rallying. There appears to be no indication of immediate change either for better or worse."

LaGuardia "suddenly collapsed and sank into a deep stupor" last night, Dr. Baehr said. The physician said bulletins on his condition would be issued twice daily and any change between those hours "will be reported immediately."

FISHERMAN FREED

PALMYRA, Sept. 17.—(AP)—A St. Johns River fisherman, charged with violation of Florida Game and Fresh Water Fish Commission regulations, was discharged yesterday by Circuit Judge Herbert B. Froedrick who held that the 1942 amendment establishing the state agency as a constitutional body was never agreed upon by both houses of the 1941 legislature.

Miami Bears Brunt Of Winds; Path Charted Across State Toward Fort Myers Section

Little Danger From Hurricane Is Reported Here

Disaster Relief Agencies Stand By For Emergencies

MIAMI, Sept. 17.—(AP)—The most terrible hurricane in 19 years lashed out of the churning Atlantic Ocean today, lashing the lower Florida East Coast with monstrous fury and driving hundreds to public shelters.

Cyclonic winds bore down on the coast from just off Delray Beach, to rip between Miami and West Palm Beach shortly after noon.

The Coast Guard reported a 38-foot pocket boat and a crew of three had disappeared on a rescue mission and was presumed lost, but it later was sighted in very high seas and was believed to have evacuated a dozen persons stranded by high water southeast of Miami.

A private yacht with three Coast Guard said mountainous waves and screaming winds aboard radioed an SOS, but the vessel was unable to attempt a rescue. The passengers are Dr. A. M. Rosworth, Richard Marshall and Frank Martin-Vague of Miami.

Street, light poles, communication lines and temporary structures buckled under the massive onslaught, and gusts up to 109 miles an hour slammed Miami.

In the dark before the fatal dawn in Miami was heard all night long the tap-tap-tap of hammers, calling up storm protection over glass windows, pulling down awnings that might blow away. At times the howl of the gale drowned out the sound of hammers.

Jap Typhoon Death Toll Reaches 2,947

TOKYO, Sept. 17.—(AP)—Floodwaters of the rampaging Tone River swept to within two miles of Tokyo's eastern suburbs tonight as unofficial estimates jumped to 2,947 the number of dead, missing and injured in the typhoon-bred disaster.

A new levee break on the Tone River threatened to add new tons of water to the wide stream sweeping toward Tokyo. Advance fingers of the flood were expected to hit the suburbs sometime tomorrow.

The entire district was evacuated in the accompaniment of warning sirens.

Kyodo News Agency reported a new compilation showed 774 dead, 188 injured and 2,017 missing throughout the 20 prefectures reporting storm damage. The official death toll was some 800 less, Kyodo's figure.

Among the dead were two American soldiers of the First Cavalry Division who drowned when their truck ran into a wash-out near Ojin last night.

46 Hurricanes Have Struck Florida Since Saving Records Began In 1886

BY ASSOCIATED PRESS
Since 1886, weather records show that 46 hurricanes or tropical storms have struck Florida or the Caribbean area — some of these devastating, some of them relatively minor.

Commercial Planes Are Smashed By 100 Mile Winds

MIAMI, Sept. 17.—(AP)—A cyclonic tropical storm tore into Florida's lower East Coast today, isolating Miami and sending thousands of refugees streaming from flood-menaced Okeechobee lowlands.

Shortly before noon, the monster hurricane was charted "very near" the coast, a short distance south of Palm Beach, and was swirling toward land at 10 miles per hour. The tropical storm, which was born in the Caribbean, eight days ago, was expected to rip across the Florida peninsula, with peak intensity in the Fort Myers area about midnight.

Winds "considerably above 100 miles per hour" beat down trees, broke communications lines and flattened light buildings as the storm mounted in force. Miami had gusts up to 108 miles per hour, and the Coast Guard at West Palm Beach said 120-mile gusts were slamming its installations.

SEBRING, Sept. 17.—(AP)—Two trains with a total of 74 cars of evacuees that were to have arrived here by 10 or 11 A. M. today from the hurricane-splashed lower Okeechobee area did not arrive and it was not known whether they actually started out, whether the storm delayed them or whether they had fallen victim to the high winds.

The two trains were to have moved over Atlantic Coast Line tracks from the area to Matry white the FEC and Seaboard Air Line Railway form a juncture. The Seaboard was to have taken over the two trains there at 8 A. M., moving them into here within the next two or three hours. However, the two trains did not show up at Matry. What happened to them, if they ever started out, was unknown.

MIAMI, Sept. 17.—(AP)—A dozen commercial airplanes used in service to Pan-American countries were smashed today when winds estimated at 109 miles an hour blasted an airport at Miami.

Getting through by telephone to the Associated Press Bureau at Atlanta after a communications blackout of several hours, AP Correspondent E. V. W. Jones said the planes had been moored to the ground in advance but that the moorings proved of no value.

"All of the planes were wrecked or badly damaged," Jones said. "They were large two-engine planes. One huge ship was hurled into the passenger port at the airport. There were no reports of any injuries."

NEW ORLEANS, Sept. 17.—(AP)—The New Orleans Weather Bureau, which reported that communications with South Florida were lost, said today that the great tropical hurricane apparently was centered at 11 A. M. (EST) "very near the coast a short distance south of Palm Beach."

"Communications in extreme South Florida have failed and no reports are available in that area," the Bureau said.

"The center of the hurricane is apparently very near the coast a short distance south of Palm Beach, moving westward 8 to 10 miles per hour. It is attended by winds considerably above 100 miles per hour near the center and gales over a wide area."

"Before communications failed West Palm Beach reported winds 88 miles per hour and Miami 71 miles per hour. All precautions should be continued over South and Central Florida and adjacent waters."

"Hurricane warnings are displayed from north of the Florida Keys to the Titusville-Tampa line and storm warnings on the keys and over the peninsula from Jacksonville to Cedar Keys."

Weather Is Spotty Throughout U. S.

By ASSOCIATED PRESS
A violent tropical hurricane moved toward the Florida coast today and by 9:30 A. M. (EST) West Palm Beach reported winds 82 miles an hour with gusts up to 110.

The winds were the highest yet reported on the coast, and were accompanied by heavy rain squalls. Miami reported 81-mile-an-hour winds with strong gusts as thousands fled to shelter in public buildings, schools and hotels.

Meanwhile, fairly cold air covered Montana, with heavy rains extending into northern Idaho and Wyoming. Minimum temperatures today included 31 at Butte, Helena and Great Falls, Montana. Helena had an inch of wet snow yesterday.

SEBRING, Sept. 17.—(AP)—An estimated 10,000 persons from the rich Okeechobee farming and grazing areas streamed through here today, fleeing from the huge, dike-bound, hurricane-lashed lake.

All communication from the south side of the lake was lost around 8 A. M., said Robert Black, field officer for the U. S. Corps of Engineers who said an inspection trip showed the north side of the dike was holding.

However, he said, the south side had water piled two to three feet higher than on the north. He did not give the level but yesterday the lake's level was given as slightly over 17 feet.

The dike, built after the 1928 hurricane drowned many hundreds in the area, is 30 feet high, 300 feet thick at the bottom and 100 feet thick at the top. It is made of earth, stone and shell.

Mack said winds of 60 miles were whipping the lake. He said he believed the huge dike would hold, but this conviction was not given as slightly over 17 feet.

MIAMI, Sept. 17.—(AP)—The center of the hurricane is apparently very near the coast a short distance south of Palm Beach, moving westward 8 to 10 miles per hour. It is attended by winds considerably above 100 miles per hour near the center and gales over a wide area.
