In its first year of competition, the Sanford Police Department's newly formed emergency service unit placed near the middle of the pack at the 21st Annual SWAT Round-up in Orlando.

Beating out several more seafairly well for only being created 18 months ago, said Chief Brian Tooley. The SWAT Round-up combines head-to-head competition, educational seminars and a trade show into one week-long event. About 80 special operations teams participate in the premier training and competition event.

SWAT teams from as far away as Hungary and Germany converge on Central Florida for the annual round-up not only for the competitechniques, Tooley said.

"A key component to doing that job well is continuos training,"

The Sanford Police Department was beginning to create its SWAT team before the terrorist attacks of Sept. 11, 2001, and sped up the

process after the horrific event. Instead of the name SWAT which stands for (Special Weapons and Tactics) the Sanford unit is referred to as an emergency response unit in that responded to Sept. 11, Tooley

County, city closer to Celery Ave. density deal

By Christopher Patton Managing Editor

A three-year arduous process of developing a joint planning agreement and zoning over-lay between Sanford and Seminole County for the Celery Avenue area may be coming clos-

er to reality.
With the recent development of two large Sanford-approved subdivisions of more than 300 homes each, the county commission has urged staff to develop a plan that would protect the way of life for existing county residents.

"We need to protect that corridor out there," said Commission Chairman Daryl McLain, who also lives on Celery Avenue.

Residents of the rural roadway have fought the county's process for considering a large scale land use amendment that would

rezone more than 600 unin-corporated acres east of Sanford's city limits. The county wants to cap the density to three units per buildable ACTE, but residents two

more palatable. However, after two community meetings with county staff in September and October, residents are beginning to understand the importance of moving forward with an agreement as Sanford continues to annex property for

high-density development. We are very, very concerned of what we have seen happen in our area," said Ken McIntosh, a Celery Avenue resident that represents about 20 other landowners in the area.

Since the September community meeting, according to Matt West, county planning manager, there has been a request from the city of Sanford to annex an additional 70 acres into the city.

Editor's note: Staff Sgt. Charlie C. Carlson III, son of Sanford historian Charlie C. Carlson II, is deployed in Baghdad as part of the 549th Military Police Company. He is providing the Herald with a journal of his experiences.

6 Nov. 2003 We've been very busy here. I guess you heard about the mortar attacks in Baghdad. A couple hit the green zone where the coalition headquarters is located and another round hit the 2nd Cavalry camp. I

was not at either place, as we were at the Al Jamilla Police Station (same one that was bombed before), but we heard the explosions.

We thought it was one of the children's schools which we were told were targets of the insurgents. Thank God it wasn't. Since then there have been several

Carlson

other mortar attacks around Baghdad which have wounded or killed several U.S. soldiers. Then there was

another chopper, a Blackhawk, that was shot down by an RPG or a stinger, but you probably have heard about all

these incidents. I've lost count, but there's been at least 30 G.I.s killed just in the first part of November.

Other than mortar attacks and a couple of road side bombing, Ramadan has been relatively calm in our sector. Tikrit and Mosel seem to really be the hot spots. During Ramadan, you can see the Iraqis heading home to eat around 1700. You can always tell direction and time during Ramadan because when you see a Muslim praying you know where West is located. When

you see them heading home

to eat, you know it's about 1700 hours (5 p.m.).

The 1st Sergeant decided to further "boost our morale" by knocking out the windows in our warehouse where we live. The windows are high up near the ceiling, and we had to move our things away from the falling glass area. It did not help because we still have glass in our clothing and bedding.

We were doing just fine with the windows but the 1st

State officials explain faith-based outreach program

Herald Correspondent

The Goldsboro Front Porch group hosted the Faith Based Community Outreach meeting at Allen AMÉ Church recently.

More than 75 pastors and lay persons were in attendance to hear the representatives from the Florida Department of Education office of Family and Community Outreach.

All attendees were treated to breakfast as they were given critical information about the programs available to the church community.

Joyce Hobson of the governor's office spoke on Faith Based Community Partnership. A new law was passed by the 2003 Legislature. This law was designed to help people understand the family and school partnership for student achievement act. The law was created to give parents specific information about children's educational programs, give detailed infor-mation about the choices and opportunities for involvement in their child's education.

It also provides positive strategies for building, strengthening, partnerships among parents, teachers, principals, district school superintendents and other personnel.

ents talk to their children about school, they are expected to do well, and they are helped with their plan for college or a career, and make sure that out-of-school activities are constructive. Children tend to do well in school and in life.

Assistance must be provided to parents and families about their children's education. Questions were asked about family and school partnership student achievement act, family building better readers parent workshop.

Monica Hayes, director of the Office of Equity and Access, spoke of the myths and facts, accountability testing and various FCAT grade levels in reading and math.

Students in Florida have made gains in FCAT much better than the national gain, she said.

The governor's Faith-Based Mentoring Initiative is also available, Faith-Based Partnerships, and the Voice of Experience was given by Pastor Scrubbs of Leesburg. He

Fidelity opens title office in Oviedo

Location to serve East Seminole, Orlando markets

at addressing one of Central Florida's strongest resale markets, Fidelity National Title Insurance Company of New York (FNTIC) will be opening an office this month (November) in Koger Center East near the Oviedo, as well as the east ty markets.

FNTIC, part of the nation's largest family of title insurance companies and the largest title insurance provider in Central Florida with 13 offices, will be sub-leasing approximately 1,200 square feet in the business park located a half-mile west of Alafaya on University Boulevard.

The facility will serve as temporary quarters for FNTIC's east Orlando operations until the company opens a permanent home in the Waterford Lakes area sometime in early 2005, said Daniel A. Wallace, FNTIC Central Florida region president.

The office will be the first FNTIC office to open east of downtown Orlando and will serve as a closing location for the company's existing realtor and lender base operating in the Oviedo/East Seminole and east Orlando markets.

"This is a vital link to our growing Central Florida closing closing operations," Wallace said. "Until now, most, if not all, residential closings in the Oviedo/East Orlando areas were handled by our either our downtown Orlando or

Libraries closed Dec. 12 for training day

All Seminole County Public Libraries will be closed on Friday, Dec. 12 for a staff training day. Library staff from all branches will be attending an 8

hour training session.

Last year for the first time
Seminole County Libraries
were closed one day for staff training which proved to be so successful that another day is planned this year.

Management selected Dec.

12 for closing because the 2002 statistics showed lowest checkout activity and attendance by

the public on that day.

The online library catalog vill also be out of service from 12:30 to 1:30 p.m. on Dec. 12 due to the installation of a soft-

ue upgrade. Staff will be instructed on the upgrading of the library's computer system.

Presentations and discus-ions will include the topics of customer service, team build-

ing, storytelling, working with teens, computer upgrade and working with the public.

All library branches will resume regular operating hours on Seturday, December 13 at 9 a.m.

Airport authority approves economic plan

The Sanford Airport Authority voted to approve the Orlando Sanford International Airport's economic development plan during a recent monthly board meeting.

Diane Crews, vice president of administration at the airport. sald airport staff has worked with the city of Sanford and Seminole County for more than nine months to develop the

"Our objective was to bring forward a comprehensive economic development plan that coordinates resources to facilitate the airport's future growth while assuring compatibility with future land uses in the areas adjacent to the airport,"
Crews said. Sanford and
Seminole County have already approved the plan.

The economic development plan includes revisions to the Seminole County Growth Management Plan to provide for compatible land uses in the future and to comply with fed-

erally mandated noise levels. Crews said Orlando Sanford International Airport generates more than \$1.7 billion in area economic activity, according to

a Florida Department of Transportation Economic Impact Study. Altogether, commercial and visitor activity facilitated by the airport generates more than 26,000 local jobs with an annual payroll of more than \$574 million, Crews said.

Orlando Sanford International Airport is in the midst of a \$1.6 billion expansion program that will see almost continuous new construction at the airport facility through the year 2020.

"We are expanding Orlando Sanford International Airport in ways that will facilitate more commercial and industrial growth in Seminole County," Crews said, "and we are focused on permanent, long-

Lender offers good news at chamber seminar

Mortgage Lender Chris Hurn, president and chief executive officer of Mercantile Commercial Capital, LLC, in Maitland, is preparing lots of good news for participants in a Seminole Lake Mary Chamber of Commerce seminar set for Thursday, Nov. 13, from 8 to 9 a.m. in the Fisery building at 600 Colonial Center Parkway in

Lake Mary.
Hum is an expert in a little-known commercial loan program offered by the U.S. Small Business Administration (SBA) to provide owners of small businesses the capital to buy or build their own facility — at a savings of up to 40 percent over the cost of leasing the same facility. Hurn plans to lay out the plan and details during a small business financing seminar for chamber members.

"The SBA 504 lending program isn't one most banks pr mote," Hurn said. "It's a g deal for the small business owner, but it's frequently not a great deal for the bank due to some added complexity that Mercantile Commercial Capital has mastered," he said.

Under the 504 loan program, small business owners can finance 90 percent of the total project cost of their facility (pur-chase price or construction costs plus closing and soft costs) at below-market rates with lengthy 25-year amortizations. That adds up to the highest cash-in-cash return available, Hum said, and a savings of up to 40 percent over leasing an equivalent facility.

Mercantile Commercial Capital projects it will handle 15 percent of the SBA 504 loans in Florida this year. The firm, which opened in February, has already closed on seven major loans and Hum said another 41 are in the pipeline with 12 more closings scheduled before the end of the year.

Attorney general seeks rejection of telephone service rate increase

Attorney General Charlie
Crist filed a motion with the
Florida Public Service
Commission seeking rejection
Commission seeking rejection seeking reject of \$350 million in rate increases sought by most of the state's major providers of basic telephone service.

The companies are seeking the rate hikes following pas-sage of Senate Bill 654, which would permit some increases in basic rates provided the hikes were accompanied by offsetting reductions in other areas that would benefit the public. According to Crist and Senior Special Counsel Jack Shreve, the proposed increas-es are not consistent with the new law.

The telephone companies are seeking the benefits but ignoring the responsibilities required by the law," said Crist. "Any increase in basic rates requires an equal decrease in long-distance rates. Where is the benefit to

under consideration, Crist wrote to Senate President Jim King and House Speaker Johnnie Byrd on April 28 to express concerns over increases in phone rates, along with praise for the mechanism that provided scrutiny over any proposed increases. The legislative chambers worked together to pass a measure that included those consumer concerns.

On Sept. 2, Crist wrote to PSC Chairwoman Lila Jaber asking that the commission painstakingly review requests for rate hikes. The PSC's actions have been in line with Chairwoman Jaber's pledge to allow a full public airing of the requests.Crist has attended several regional meetings of the PSC when this matter was discussed.

In late September, Crist named Shreve, Florida's former public counsel, as senior special counsel for consumer affairs. Shreve has monitored the companies' requests and subsequent PSC hearings, and has concluded that consumers are not receiving benefits as required by the

"The new law was not designed to be a license for one-sided rate increases," Shreve said. "If consumers are required to pay higher rates, they must be given the decreases required by the

Engineered Homes ends contest

In an internal five-month campaign aimed at improving sales and construction quality and instilling company pride, Engineered Homes concluded its first-ever Let's Make A Deal contest with Eddie Schadl and Kimberly Snead capturing top honors in their respective cate-

The innovative campaign, patterned after the popular '80s game show of the same name, was a company-wide endeavor designed to boost sales efficien-cy, construction quality and customer satisfaction, as well as build a sense of corporate pride at every level of the company, said Marilyn Anderson, Engineered Homes marketing director.

About 70 Engineered Homes' employees participated in the program, with many receiving prizes ranging from cash to gift certificates for their cash to gift cerunicates for their contributions during the pro-gram's run. Dennis Perez, vice president of construction, was the contest's Monty Hall.

Schadl, a new homes sales consultant at Mission Park in south Lake County, won the sales category and Snead, one of the builders at Brighton Lakes in Kissimmee, captured the con-

struction category.

As the respective winners both earned the "big deal" — an all-expense paid week in London. Both, however, decided to exchange their trips for a crack at another prize behind one of three curtains.

Schadl, a recent newlywed, swapped his trip to London for a trip to Las Vegas where he'll celebrate a belated honeymoon, while Snead traded her trip for \$3,500 in cash.

"It was a great way to end a very successful campaign that began back in June," Anderson said. "The contest was based not only on number and quality of sales but on customer satisfaction as recorded on followup surveys. Our builders were gauged on the level of weekly performance in the homebuilding process, as well as customer

Anderson says the campaign was structured with certain sales goals in mind so that every company employee was able to participate either directly or as part of a support team in their respective sales and construction divisions.

"We wanted to emphasize the point that the company's success hinges on the collective contributions of each and every one of our employees through-out the building and sales process, from the person pulling permits out in the field to those doing the punch out inspections," Anderson said. "Each is an important link in the chain."

Engineered Homes, one of the area's most active produc-tion builders, currently has resi-dential communities underway near Heathrow in north Seminole County (Buckingham Estates), Kissimmee (Brighton Lakes) and near Clermont (Mission Park) and soon will be launching another in Occee.

"Basically this annexation is going to extend Sanford city limits from the current (boundary at) Brisson Avenue to the agriculture center (Central Florida Research and Agriculture Center)," West said.

If the annexation were to be approved, the newest proposed development is initially thought to be about 145 homes. The overall density could be less as the city of Sanford is scheduled Nov. 24 to consider an amendment in its planning code for calculating density. The city determines land density by gross buildable acres with roads and retention ponds included. The city may change its equation of calculating density similar to the county's as it subtracts roads and retention ponds to make the calculation of net buildable acres.

"The business of per acre buildable is something we have become tremendously he said."

a look at what is happening,"
County commissioners
directed county staff Tuesday
to continue with a joint planning agreement and zoning
overlay that would cap the net
buildable acre to 2.5 units. Any
further annexation of higher
densities to the east on Celery
Avenue "would signal to the
county the city's intentions,"
McLain said.

The zoning overlay is important, as McLain noted the visual differences in the two subdivisions being built in the area of Celery and Brisson avenues. On the north side of the road is a stucco wall and the south is a brick wall.

"That's the fear I have is a community up there with all different types of amenities," he said.

Sergeant decided to put in plywood where the windows were. Now we have no natural light in the daytime and if the power goes out it will be dark. His reason is to keep the dust and rain out. What rain? This is a desert, we've had zero rain and any local will tell you that this place only gets a few inches

a year.

What we really needed is for our showers to be fixed, we only have two. One doesn't work because there is no water pressure because the pump is broken, but the hot water heater for it works. The other shower has water pressure but the hot water heater for it doesn't work. But this is typical here. Everything, including vehicles, keeps breaking down for the lack of parts or maintenance.

I have been noticing some droplets of oil on the ground outside our camp. At first I thought it was where they had sprayed oil on the road to keep down the dust, but then I noticed it is all over the place and it mixes with the sand and sticks like mud to my boots. I can't figure it out. It looks like little drops of oil oozing up from the ground. I would like a geologist to explain this strange phenomenon because it has us really puzzled. I think it is crude oil coming up through

the ground.

Before I forget it, if anybody is planning on sending Christmas packages to the troops over here, they need to get them in the mail real soon because the APO is already projecting big time congestion of incoming mail during the holiday period.

We have mainly been working in the police stations and on patrol in east Baghdad and west of the Tigris. We still dread going through that underground tunnel. It has been a real bad place for bombs. You never know what to expect when you come out of it because somebody can drop something on top of you.

I still don't see much sign of progress here, it is one step forward and two steps backward. Now the enemy is brave enough to hit the coalition headquarters, which used to be considered one of the most secure places, and they have been knocking choppers out of the sky like crazy. These attacks are being done by well-organized and trained fighters.

Police prepare for holiday traffic

From Staff Reports

The holiday season is fast approaching, and law enforcement agencies are preparing for heavier-thanusual traffic violations and accidents.

For the City of Oviedo, Deputy Chief Ronald Jacobs has called for special traffic enforcement beginning Sunday, Nov. 23, through Saturday, Nov. 29, covering the Thanksgiving holiday. He says there will be special teams at specific locations, checking for speeding, aggressive driving, running stop signs and lights, and other

violations.
In addition, statewide holiday traffic enforcement will begin Nov. 21, and extend through Thanksgiving, Christmas and New Years,

ment officers across the state will be making an intense effort to reduce holiday traffic fatalities.

One of the focuses on this drive will be double checking for seat belt and child safety restraint laws. The main goal is to reduce the number of deaths and injuries from impaired drivers and not buckling up.

Lucas' goal is to get a job as a First Officer with a UKbased passenger transport airline upon returning to his home in Birmingham,

"I have always wanted to be a pilot, and I decided that life is too short not to have a go at the one thing that I really want to do," Lucas stated.

His commitment in pursuing his dream has meant selling all they owned, leaving dependable jobs, and moving far from familiar friends and family. But it's worth it all according to

Liberty teams head to **FCAL** playoffs

By Sheille Knowles Special to the Herald

Tomorrow (Thursday), a pair of undefeated teams from Liberty Christian School in Sanford head to the Florida Christian Athletic League state playoffs in St. Augustine.
The boys football team

is looking for its third straight state champi-onship, while the girls volleyball team hopes to bring home a state title

for the first time.

The football team tuned up for the playoffs last week by wrapping up the regular season with a 92-0 shutout of Souls Harbor Christian School.

The Patriots never looked back after halfback Dave Barnes put them on the scoreboard after Liberty received the opening kickoff. By the halftime, Liberty had a

commanding 50-0 lead. Leading the offense was wide receiver Jason Jenkins with three touchdowns, on three receptions, and a two-point conversion.

Also contributing to the offense was Ryan LaRose, Mark Mark Tavanyar and Barnes, with a pair of of touchdowns each, Jason Williams, Joseph Stephen, Austin Gager and Mark Stevens with

one touchdown appiece.
Out of the 13 players
who played, 11 either scored at least one touchdown or a two-point con-

Even though Liberty's offense dominated the game, its defense certainly did not cut any slack for Souls Harbor.

Williams, playing mid-dle linebacker, mad e three interceptions, pitching two of them to Jenkins, who ran both back for touchdowns. Williams also had four tackles.

Austin Gager, playing at cornerback, had seven tackles and two interceptions, running one back for a touchdown.

Also doing a good job on defense were Tavanyar and Jenkins. Tavanyar snagged a pair of interceptions and made five tackles, while Jenkins had four tackles and three sacks.

The team had a total of eight interceptions and ran back half of them for touchdowns.

The boys had a great season this year. They finished first in their conference for the third straight year, during which they are 28-0.

Williams, a senior who plays quarterback on offense, has completed 184 completed passes this season, 41 of them for touchdowns. He also rushed for 11 touchdowns. His favorite target was wide receiver Tavanyar who caught 36 passes, scoring 17 touchdowns and seven twopoint conversions. Barnes was another big player for the offense with 11 touchdowns and 25 receptions.

Playing at wide receiver on offense and defensive end on defense, Jenkins was the best newcomer this year. He caught 27 passes, scoring nine touchdowns and six twopoint conversions, while See Liberty, Page 12

SAC shines on opening night of playoffs

the Regional Semifinals with upsets of the top-seeded teams in their respective regions on the road and Oviedo domi-Apopka team despite what the final score said.

The Bears, who have

Time runs out on Raiders rally

Sports Editor

SANFORD - If all you look at is wins or losses, the Seminole community College men's basketball

team is sinuggling. But if you are looking for improvement in each game out of a young team, the Raiders are right on track.

Coach Stan Cromartie's charges dropped to 1-3 on the season with a pair of losses to powerful programs at home this past weekend, but after a terrible start against Tallahassee Community College, falling behind 12-0 at the outset and trailing 49-23 at halftime, on Friday, the team made great strides over the next game and a half.

SCC made a run to within 12 points before the Eagles (3-2) pulled away for a 73-45 triumph and after falling behind by at least 20 points in the first half the Raiders made a monster rally to within two points before falling, 82-76, Petersburg College (6-1). to St.

"We got a lot better this weekend." said Cromartie. "The loss to Manatee (86-57) was the worst

defeat I've ever been associated with. Then we had 10 days off between games and the rust showed at the start against Tallahassee.

"Tonight (Saturday) we started slow again, but we made great improvements during the game. William Graham (6-foot-8 freshman from Cross City) came alive

Graham had shown signs of brilliance in the first three games, but against St. Petersburg he came off the bench to score 11 points, pull down nine rebounds and block two shots. His final basket was a thunderous dunk off a missed shot on which he flew from the free throw line, soared above the crowd and slammed the ball home, bringing

the large crowd to its feet. Freshman center Kamanie Samuels (6-foot-11 from Kingston, Jamaica) who played his first two games of the season and showed signs of becoming a force in the middle.

Cromartie is also waiting the return of freshman center Nicolas Rollins (the son of former NBA great Wayne "Tree" Rollins) and freshman point guard Kevin Thomas (6-foot from Dillard High School in Ft. Lauderdale).

Rollins was off to a fast start before injuring his knee in practice last Wednesday and results of tests have not come back. Thomas has been forced to the sidelines because of problems with getting his FCAT scores. He was a four-year starter for a Dillard team that won the Class 4A state title each year.

"We will be a different team with Kevin at point," said Cromartie. "Not to take anything away from Joivan (Forestier) and Aaron (Ball), but they are not true point guards."

Local fans will get a chance to see for themselves tonight as the Raiders will host Brevard Community College starting at 7:30 p.m. at the SCC Health and Physical Education Center. As always, admission will be free of charge.

SCC got a view of things to come on Friday as Tallahassee hits it first seven shots, with two of the first three being three-pointers, while the Raiders could get nothing to fall. See SCC, Page 13

Travis Jones floats inside for two of his pamehigh 21 points during SCC's loss to St. Petersburg on Saturday. The freshman from Orlando has accred at least 20 points in each of the Raiders' four games. SCC will host Brevard at 7:30 p.m. tonight and admission is free.

Pop Warner teams advance

By Dean Smith Sports Editor

Just like their older brothers,

Seminole County has three teams advancing to the next level in the Pop Warner Football playoffs.

This past Saturday at the Division II Playoffs in New Port Richey, two Sanford Seminoles squads and a team from the Lyman Greyhounds won rather handily to move won rather handily to move on to this Saturday's regional play at Bishop Moore High School.

The Sanford Seminoles Pee Wee's improved to 10-0 on the season with an 18-0 whitewashing of the Crescent

City Warriors.

The Pee Wee's had earned the right to move into the Regionals when they also won 18-0 over University in the 50th Annual Kumquat Bowl at Bulldog Stadium in Ocoee on November 7th and

winning this past Saturday were the Junior Midgets, who also improved to 10-0 with a 24-15 triumph over the Manatee Wildcats.

The Junior Midgets had also won at the Kumquat Bowl, taking out Merritt Island in the final.

A third Sanford squad, the Jr. Pee Wee's (7-2), saw their season come to a heartbreaking end when they fell by one point to Space Coast in the Kumquat final.

Magic dismiss Rivers, name Davis head coach

Special to the Herald

Orlando Magic Chief Operating Officer John Weisbrod announced after Monday's loss to the Utah Jazz that Doc Rivers has been dismissed from his position as head coach of the Orlando Magic. Johnny Davis has been named head coach, effective immediately. In addition, the Magic have released assistant coach Dave

"We work in a bottom line business," said Weisbrod. "After a 1-10 start, it is our responsibility to do everything possible to create the best opportunity for success. We are thankful to Doc and are certain he will use this first

experience on the bench to become a successful head coach.

"Johnny is an experienced leader," added Weisbrod. "He is a solid teacher and prides himself on developing talent. We want to give him the opportunity to provide the new voice and direction that our team needs."

Added General Manager John Gabriel, "With this move there is no less work or responsibility in store for any of us. We will continue to do everything possible to make this team better."

Rivers, a 13-year NBA veteran as a player, was named the Magic's head coach on June 7, 1999. He compiled a 171-168 record, while leading the Magic to playoff appearances in each of the last three years. Rivers was named the 1999-2000 NBA Coach of the Year following his first season on the bench.

Davis has spent the past 25 years in the NBA, either in the front office or on the basketball court. He was named assistant coach of the Magic on July 11, 1999 and is in his fifth season in Orlando. Prior to coming to Orlando, Davis served as an assistant coach with the New Jersey Nets from 1997-1999.

Davis has been an assistant coach in the NBA for 12 years, seeing duty with the Atlanta Hawks, Los Angeles Clippers, Portland Trail Blazers and New Jersey. He was also head coach of the Philadelphia 76ers during the

1996-97 campaign.
Selected in the second round (22nd overall) by the Portland Trail Blazers in the 1976 NBA Draft, Davis enjoyed a solid career as a player, spending 10 years in the NBA with Portland, Indiana, Atlanta and Cleveland. He averaged 13.9 ppg. and 4.5 apg., while making 82 percent of his free throws. As a rookie, Davis was an integral part of the Trail Blazers run to the 1977

NBA World Championship.

Davis was an outstanding guard at the University of Dayton, where he was inducted into the school's Basketball Hall of Fame.

Born on October 21, 1955, Davis and his wife,

Lezli, have two sons, Reginald and Austin.

The Bears' defense did what it had to do, holding the usually potent Pirate running game to 142 yards, 81 by sophomore Quinton Banks.

The loss was Palm Bay's first in the first round of the playoffs since 1996. Palm Bay had gotten at least to the state semifinals five of the past six seasons.

Winter Springs advances to play at Hillsborough (9-2), which crushed Lakeland, 41-14, in Tampa on Friday at 7:30 p.m.

Lake Mary bounced back from a season-ending loss to Winter Springs to oust topseeded Boone (9-2), 25-16 in 6A-Region 1 at Dr. Norton Baker Field.

The Braves' only lead of the night came when Cameron Bateman was tackled in the end zone for a safety after an excellent punt

in the second quarter. The Rams came back with the lead for good on 35.

yard Chris Haines field goal. The second half belonged to Lake Mary as the offensive line gave its stable of running backs room to roam and the defense, led by Keith Rivers, R.J. Meyers, John Buford and Jay Scott, stuffed the Boone offense.

A turnover got the Rams going as Bateman scooted in from the 11 after a fumble in the third quarter.

Sophomore Kashif Vallot (74 yards in the game) then put the game out of reach for all intents and purposes when he scored from 21yards out later in the period.

The Braves' first touchdown on a 75-yard run cut

the lead to 18-10 after three quarters, but Paul Catineau, who was filling in for Bateman who suffered an injured ankle after running for 66 yards, put the visitors back up by 15 when he scored on a nine-yard run early in the fourth period.

The biggest questions heading into this week's game is the status of Bateman and Catineau, who also suffered an injured ankle in the win.

Lake Mary has an interesting opponent this week in Sandalwood (7-4), which knocked out Olympia, 28-16. The Saints are familiar to most local fans as they

played Oviedo, Seminole and Lake Brantley the past two seasons.

The game will be played in Jacksonville starting at 7:30

Oviedo, meanwhile, got huge games from its senior offensive stars, quarterback Lee Sloan, running back Will Harrison and wide receiver Jason Raulerson, to thump Apopka, 42-28, in a game that was not as close as the final score.

The only reason the game was close was because the Blue Darters took advantage of three blocked punts and fumble recovery at the 11 to

score all 28 of their points.

Sloan passed for 327 yards and two touchdowns, including a 10-yarder to Raulerson, and ran for another score, while another score, while Harrison, who rushed for 82 yards on 25 carries, ran for three touchdowns in the quarter, and Raulerson caught eight passes for 195 yards and for good measure, intercepted a pass that led to a touchdown.

The game should have been a good tune-up for the Lions, who must now host another outstanding athletic team in Edgewater, a 42-7 winner over University.

The Eagles are the defend-3:07 left before halftime to ing Class 6A State runners-

> The game will be played at 7:30 p.m. at John Courier Field.

St. Augustine. The two teams met last year in

the semifinals and Mill Creek is expected to have a strong team again this year. "In the final analysis, I think it will come down to whoever has worked the hardest this year in practice because that team will make the fewest number of mistakes when it comes to crunch time," Williams said. "Nobody works any harder than our boys, so I believe that we will indeed have the 'three-peat' when

it is all said and done." The Lady Patriots had their best volleyball season ever, coming away the undefeated conference champions for the first time in the school's history. The girls swept three of their seven matches.

Leading the Lady Patriots this year were freshman Brittany Unsworth and senior co-captain Shellie Knowles. Ninety-one of Unsworth's 124 points came off of serves and the remaining 33 points came from kills. Knowles scored a total of 82 points, 67 off serves and 15 on kills. Also doing a great job for the were sophomore Shawna Kealoha and senior captain Susan Clark. Kealoha scored 44 points from serves and had 10 kills, while Clark served 41 points and had two kills. Kim Slate scored 39 points this season, Amanda Waters scored 35 points and Nicole Miller added 27 points.

"I think the scores say a lot for this team," said Coach Jane Unsworth. "Every starter was strong. I personally thought at the beginning of the season, with both Brittany and Shellie hurt, that we were in trouble. But thanks to hard work and rehab, the two girls got back on the court and led the team strong.

"This week we will spend a lot of time working on making sure we are all on the same page," Unsworth said. "I feel if we play at 100 percent, the girls will do a great job at the

state playoffs." The Lady Patriots' goals this season were to go undefeated, finish first in the conference and return to the state playoffs. They met each of those goals to the delight of their coaches. Continued from Page 11 in the MAC title game for the first time after Wednesday's 45-6 loss at Miami (Ohio). On the year, the Herd show

victories over Akron (42-24), Western Michigan (41-21), (Orlando/Olympia). Buffalo (26-16), Kent State (49-33), Kansas State (27-20) and Hofstra (45-21). Marshall lost to Miami (Ohio) (45-6), Troy State (33-24), Toledo (24-17) and Tennessee (34-24).

MEN'S GOLF SIGNS THREE RECRUITS

Head golf coach Nick Clinard announced the signing of three student-athletes Monday to national letters of intent to play golf for the Golden Knights beginning in the fall of 2004. Giving

their signatures Clinard included Chris Anderson (Lake Mary/Seminole HS), Preston Brown (Ponte Vedra Beach/Nease) and Giwon Suh

"Overall, this is an exceptional recruiting class," stated Clinard. "We have three guys who are coming in that can compete and play in our starting five right away."

Anderson is currently ranked No. 25 in the nation in the latest Junior Golf Boys rankings. The Lake Mary native has four top 10 finishes this season, including captur-ing medalist honors at the USGA Boys Junior Amateur Qualifier in Fort Myers June

"Chris has a vast knowledge

of the game and just knows

how to play," stated Clinard. Suh is the nation's eighthranked player in the Junior Golf Boys rankings. Suh has finished in the top 10 of five of the seven events he has played in. The Orlando native took home second-place honors at the AJGA Chrysler Boys Invitational for his best finish of the season.

"Glwon is one of the best players in the nation," added Clinard.

Brown is a player with an exceptional swing. "Preston has unlimited talent who is a hard worker and good stu-dent," commented Clinard. Brown also has four top 10 finishes on the year in junior

CITY OF LAKE MARY NOTICE TO THE PUBLIC

Lots 1 & 2, Parcel One at Timecuan, Plat Book 60, Pages 14 - 16, Public Records of Seminole County, Florida.

CITY OF LAKE MARY,

Freshman William Graham had a big game on Saturday, coming off the bench to score 11 points, two coming on this thunderous rebound-slam, while pulling down nine rebounds and blocking two shots.

Continued from Page 11 Only Travis "T]" Jones could get anything going for the locals as the freshman from Olympia High School came off the bench to drop in 14

of the Raiders' 23 first half points. The Eagles, meanwhile, had eight players score, with six scoring between five and 12 points.

Both teams played outstanding defense to open the second half, with the score being 2-2 after seven minutes. Lead by the continued good shooting of Jones and the hustle of Thomas Williams and Samuels, SCC was able to play the Eagles even down the stretch, but the deficit was just too great.

TCC only had three players in double figures, Steve Cherry with 19 and Terron Diggs and Chad McKenzie with 12 each, while Jones led all scorers with 23 points for the Raiders. No other local player scored over

The early part of Saturday's game was a mirror image of Friday as everything St. Pete threw up went in, while SCC had numerous shots that seemed to be in the net before popping back out.

Cromartie used up four of his allotted six time outs trying to stop the

bleeding in the first half as his team fell behind 30-7. Things finally started to turn around as the Raiders closed to within six points, 35-29, with under five minutes to play before intermission. But the Trojans made a late run to lead by 11, 47-36, at intermission.

The locals hung in their in the early part of the second half, but could get no closer than six points. SCC finally broke the ice in the final three minutes as they closed to within three points on three straight possessions.

The Raiders finally got the ball down by only three and just missed a chance to tie when Samuels had a put back roll off the rim as he was being fouled. He was fouled so hard, in fact, that he hit his head on the floor and

was forced to leave the game.

Forestier, a freshman from Lake Howell, came in to make one of two free throws, cutting the lead to 78-76 with 1:14 to play. SPC held on, however, as they hit four straight free throws to close

out the game. John Haynesworth led the Trojans with 21 points and eight rebounds, while McHugh Mattis had 17 points, Benjamin Bridges 15 points and 10 rebounds and Damitrius Coleman 12 points and 10 assists. Jones scored 21 points for the Raiders and has scored 20 or better in

all four of his college games, making him the fourth leading scorer in the state. Vince Mosley, another freshman from Dillard, chipped in with 12 points and five rebounds, and the only sophomore on the squad, Rushawn Johnson, added 10 points and three assists.

The St. Johns River Water Management District (District) gives notice of its intent to amend or adopt rules addressing the fol-

DELEGATION OF WATER WELL CONTRACTOR LICENSES AND RENEWALS AND DELEGATION OF AUTHORITY TO ISSUE PERMITS FOR CONSTRUCTION, REPAIR, OR MODI-FICATION OF WATER WELLS. The proposed rule amendment will: (1) delegate authority to issue water well contractor licenses and renewals from the District's Governing Board to the Executive Director, Assistant Executive Director, Director, Department of Resource Management, Assistant Director, Department of Resource Management, and Division Director, Division of Water Use Regulation; and (2) further delegate authority to Issue permits tor construction, repair, or modification of water wells to the Assistant Executive Director, Director, Department of Resource Management, Assistant Director, Department of Resource Management, and Division Director, Division of Water Use

solfic rule section proposed to be changed is 40C-3.0321, F.A.C. The above listed rule will be adopted (filed with the Department of State) no sooner than 14 days following publication of this notice and will be effective 20 days after filing. ST. JOHNS RIVER WATER MANAGEMENT DISTRICT GIVES WRITTEN NOTICE OF INTENDED DISTRICT DECISION The Keewin Real Property Company, 1031 W. Morse Bird., Suite 325, Winter Park, FL 32789, application #4-117-88993-1. The project is located in Seminote County, Section 36, Township 19 South, Range 30 East The ERP application is for construction of a surface water management system for a 80.45-acre, single-lamby realdential subdivision known as Key's Landing. The receiving waterbody is M.M. Smith Canal.

The flee(s) containing each of the above-listed application(s) are svallable for inspection Monday through Friday except for legal holidays, 8:00 a.m. to 5:00 p.m. at the St. Johns River Water Management District Headquarters or the appropriate Service Center. The District will take action on each permit application listed above unless a petition for an administrative proceeding (hearing) is filed pursuant to the provisions of Sections 120.569 and 120.57, Florida Statutes Chapter 28-106 and 40C-1.1007, Florida Administrative Code (F.A.C.).

A person whose substantial interests are affected by any of the District's proposed permitting decisions identified above may petition for administrative hearing in accordance with Sections 120,569 and 120,57, F.S., or all parties may reach a written agreement on media-120.57, F.S., or all parties may reach a written agreement on media-tion as an alternative remedy under Section 120.573, F.S. Choosing mediation will not adversely affect the right to a hearing if mediation does not result in a settlement. The procedures for pursuing media-tion are set torth in Section 120.573, F.S., and Rules 28-106.111 and 28-108.401-4.05, F.A.C. Petitions must comply with the require-ments of Florida Administrative Code, Chapter 28-106 and be filled with (received by) the District Clerk, located at District Headquarters, 4049 Reid Street, Palatica, Florida 32177.

Petitions for administrative hearing on the above application(s) must be filed within twenty-one (21) days of publication of this notice or within twenty-six (26) days of the District depositing this notice or intent in the mall for those persons to whom the District maits actual notice. Faiture to tile a petition within this time period shall constitute a waiver of any right such person may have to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., concerning the subject permit application. Petitions which are not filed in accordance with the above provisions are subject to demises.

Because the administrative hearing process is designed to formulate shall agency action, the filling of a petition means that the Districts final action may be different from the position taken by it in this notice of intent. Persons whose substantial interests will be affected by any such final decision of the District on the application have the right to become a party to the proceeding, in accordance with the requirements set forth above.

Want To Help Our Troops?

Lend Charlie a hand! The Seminole Herald is sending a care package to Charlie Carlson III and his fellow troops. Carlson writes the Iraqi Diary published in the Herald.

Suggested items based on what I know the troops like or need or use. These items also include things for women since females make up about 15 percent of the unit and usually get left out of care packages.

Dry drink mixes, canned nuts, snacks like chips etc., dried fruit, Q-tips; skoal snuff, redman chewing tobacco, smokes, beef lerky, hot sauce. chewing gum, hard candy, mints, licorace, peanut butter, cookles, tea bags, sugar packets, little Debble snack cakes, moon pies, canned meats like sardines, canned fruit cups, D-cell batteries, AAA batteries, candies, multi-vitamins, ball point pens, toothpaste, eye drops/moisturizer, toothpaste, baby oil, baby wipes, books and magazines new or used, DVD movies, shampoo and hair care products, cold cream, clear nail polish, nall polish remover, black or brown hair ties for women, emory boards [nall files], chapstick, blush lipstick, lip gloss, shower gels, body/skin lotions, hair conditioners, hair brushes, after-bath powders, bar soap, disposable razors, lens cleaner for eyeglasses.

Prohibited Items include pork products, religious Items, obscene material, alchoholic beverages, and political material offensive to iraqis, and the usual flammable items or chemicals that leak etc.

Bring To Seminole Herald By Tuesday Nov. 25th. The care package will be shipped to Sqt. Carlson and his troops on Nov. 26 so they can receive it in time for the holidays

THE SEMINOLE HERALD and LAKE MARY HERALD

Participating Sponsors:

Realty Executives Orlando

The Seminole Herald

Colonial Bank Wells Fargo

and other local businesses

What:

Gift Certificates, Toys, Clothes,

In-Kind Services, etc.

How:

Realty Executive Orlando is teaming up with local area businesses to help the families of our troops serving in Iraq during this holiday season. Gifts will be collected at various sites in the Orlando area and distributed to those families in need.

Here's How It Works:

The Seminole Herald will run a weekly series of stories beginning Sunday, November 16. Each week the featured family will share the kinds of challenges they face now that their family member is away in Iraq. Since the troops are expected to be there indefinitely, these stories will focus on the immediate needs of these families left behind to take care of themselves. For example, some of the National Guard Troops overseas have incurred large salary decreases to fulfill their commitment to our country. Meanwhile their families are left short on cash and some having to take on second jobs just to provide the basics. Please help us help these families.

All participating locations will have a special christmas tree set up ready to receive gifts for Operation Red, White and Blue. If you'd like to participate please buy an unwraped toy, gift certificate, etc. and place it under one of the christmas trees for a family of our troops overseas.

DEADLINE FOR DROPPING OFF GIFTS IS DECEMBER 19th AT NOON AT ANY OF THESE LOCATIONS
