Congress Orders Probe Of Smears In Voice Of America

Indignation, Anger, Amazement Are Reactions To Libelous Remarks Of U.S.

WASHINGTON, May 27. (AP)—Angered congressmen ordered a double-barreled investigation today into Voice of America broadcasts they say have libeled and misrepresented the United States.

Senator Ferguson (R-Mich.), the Republican top investigator, will head one by the Senate.

Rep. Chenoweth (R-Colo.) will direct one for the House.

Indignation, anger and amazement were mixed in the congressional reaction to disclosure that the broadcasts have told the world such things as — "New England was founded by hypocrisy and Texas by sin."

The importance attached to the matter was emphasized by the fact that Senator Vandenberg (R-Mich.), the Senate's presiding officer and chairman of its Foreign Relations Committee, announced plans for the Senate investigation.

Vandenberg said he is "amazed" by reports of the broadcasts. He conferred with Chairman Aiken of the expenditures committee.

Aiken named Ferguson to dig into the record.

Chenoweth said a House expenditures subcommittee which he heads will start a general investigation tomorrow.

"We have had a lot of complaints," Chenoweth told newsmen. "We want to find out who is responsible for these programs and for some of the script that has been going out at the taxpayers' expense."

Chenoweth said officials in charge of the foreign information program will be the first witnesses.

The programs which stirred up Congress were prepared and broadcast by the National Broadcasting Company for Voice of America.

Senator Capewhart (R-Ind.) read some of the scripts to the Senate yesterday.

Those which particularly angered Congress members were trans-

Wallace Laments Party Opposition In Detroit Area

Says Press Expressed Hope He Wouldn't Bring Goon Squads

NEW YORK, May 27. (AP)—Presidential candidate Henry Wallace says he has "received more threats and specific instances of intimidation from the Detroit area than from any other part of the country."

In his regular column in the current issue of the New Republic magazine, the Third Party presidential candidate declared in a discussion of the city:

"Detroit represents all that is vigorous, driving, inventive, un-informed, confused and groping in American life."

He cited instances of racial and labor-management violence in the city during recent years, then discussed the experiences of himself and his party in Detroit as follows:

"I arrived in Detroit the day after I released my open letter to Premier Stalin. The Detroit Press paid practically no attention to it. (Continued on Page Eight)

Seminole Hi Glee Club, Soloists Sing At Jaycee Meeting

Miss Anita Aiken and Keith Schumacher, Seminole High School glee club members, presented three vocal numbers at the noon meeting of the Seminole County Junior Chamber of Commerce meeting at the Tourist Center today.

Miss Aiken sang "With a Song in My Heart" and "You and the Night and the Music." The two students sang a duet number, "Wanting You." They were accompanied by Miss Ollie Reese Whittle.

President Brailey Odham expressed satisfaction with the "Glee Out of the Vote" program conducted by the Jaycees during the second primary election held last Tuesday. "It seemed as if our efforts to increase public interest really paid off. I believe that we had more people cast ballots in the second primary than in the first. I am gratified to see that the people of the county turned out in such large numbers to support their candidates," President Odham declared.

"The people of the county were definitely interested in the race for sheriff, and it certainly was a hot race," he asserted.

Miss Whittle, director of the Seminole High School glee club, announced that the organization will sing at the First Presbyterian Church Sunday night at 8:00 o'clock. "The full hour will be devoted to music by the glee club members, and there will be no sermon," Miss Whittle declared.

2 Brothers Held For Murder, Theft In Walton County

DEFUNIAK SPRINGS, May 27. (AP)—Two brothers have been charged with murder in a robbery-slaying which netted only \$38, Walton county Sheriff Curtis Miller said today.

John Dalton, 26, and Robert Dalton, 21, both of Santa Rosa, have signed confessions in the slaying of Richard J. Vauhel, 36-year-old vegetable grower, whose body was found Monday in a shallow grave, Miller said.

John McClintock, 57, of Santa Rosa, is being held as a material witness in the case, the sheriff said.

Miller said the brothers came to Florida from Flint, Mich., where Robert attended a motor company training school.

The sheriff said the young men related they went to Vauhel's home near Sanford, Fla., last Thursday night. A struggle took place during which Vauhel was struck on the head with a file, Miller said they told him.

Miller said the brothers gave him the following account of the slaying:

"After scuffling with Robert Dalton in the house, Vauhel ran out to a road in front of his home. There he was knocked down and his throat cut while he pleaded for mercy.

"Later the brothers buried Vauhel's body in one stump hole and hid their bloody clothing in another.

"Vauhel is survived by his widow and two children."

Thousands Evacuate Homes In Face Of Northwest Flood Threat

By ASSOCIATED PRESS

Thousands of persons fled their homes in the Richland-Pasco-Kennecook area of Eastern Washington today as floods waters lapped over dikes, flooded several trailer camps and threatened numerous others.

Estimates of the number of evacuated persons varied widely. Benton county Sheriff Harry Cochran reported earlier that 20,000 persons would be forced to move. Later reports by the sheriff's office, Kennecook City police and state patrol placed the figure closer to 5,000.

Those of the evacuated families employed at the Hanford atomic energy plant were given passes and moved into a government trailer camp at North Richland inside the Hanford works.

Others took up temporary stands at a former government trailer camp south of Kennecook.

Reports said the Connell Trailer Camp at Pasco was completely flooded. Across the river at Kennewick, water poured into a second camp early today.

Meanwhile, the death toll in the flooding Pacific Northwest rose to seven yesterday as swollen rivers remained over the flood stage.

A cloudburst above Yakima last night increased the anxiety of river residents.

Senator Fights Congress Vote Of Trade Pact

President Truman, Secretary Marshall Urge 3 Year Extension Without Change

WASHINGTON, May 27. (AP)—The Senate Finance Committee today approved 12 to 0, the House-passed also a 3-year extension of the tariff act.

Chairman Millikin (R-Colo.) said the committee wrote in an amendment to require that public eating places which serve colored margarine must post a sign saying so. He said the vote on this amendment was 10 to 2.

WASHINGTON, May 27. (AP)—Senator Vandenberg (R-Mich.) said today the reciprocal trade agreements act should be extended in virtually its present form.

Vandenberg, chairman of the Senate Foreign Relations Committee, came out flatly against a provision of the House-approved bill giving Congress a veto over future tariff agreements.

As for the length of the extensions Vandenberg said that "is of no great consequence," although he prefers two or three years. The measure slammed through the House 234 to 149 by the Republican majority yesterday calls for a one-year extension. The present act is due to expire June 12.

President Truman and Secretary of State Marshall have urged a three-year extension without change in the act. The House disregarded those pleas in cutting the length of time and providing that congress can veto a trade agreement if it wants to.

Vandenberg spoke out to reporters as Democratic senators laid plans for a last-ditch effort to carry out Administration desires.

The Democrats plan to battle for a full three-year extension of the act "as is." If they fail in that they hope to get through a bill wiping out the checkrains put in by the House.

Vandenberg said he thinks the present trade agreements authority "should be preserved unweakened."

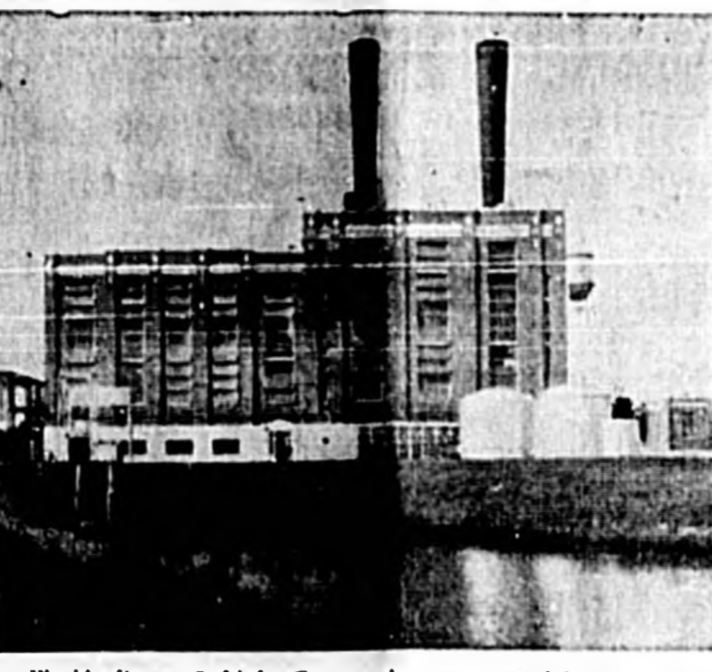

"It is indispensable in today's world," Vandenberg said, adding: "This rules out any congressional veto of tariff rates. I shall not support this feature of the House bill."

Vandenberg said a House bill provision by which the tariff commission could "set the safety limits within which the President may freely negotiate."

"But," he added, "if the President finds it in the national interest to negotiate beyond these limits, it is sufficient restraint to require him to publish the tariff commission recommendation with his disclosure of their breach."

He noted that he and Senator Pearson picked

More Power For Florida

The Florida Power & Light Company's most powerful steam electric station in northern Florida, located on Lake Monroe near Sanford, will hold "open house" Friday afternoon for the dedication of its new generator. Station capacity now totals 30,500 kilowatts. Completion of the new generator unit marks "3 down . . . 3 to go" in Florida Power & Light Company's statewide \$85,000,000 expansion program.

Legion Official Says 100,000 Red Spies Are In U. S.

WASHINGTON, May 27. (AP)—An American Legion leader told senators today "100,000 trained and seasoned Quislings of the Communist front" now threaten the United States.

Paul Griffith, past National Legion commander made the statement before the Senate Judiciary Committee. He asked speedy Senate approval of the House-passed Mundi-Nixon bill to curb Communists.

"We have today in our midst the largest fifth column of potential spies, saboteurs, demoralizers, traitors, and wreckers ever seen in modern times," Griffith said.

He said the 100,000 "Quislings are aided and protected" by an "estimated million or more fellow travelers, sympathizers and dupes."

Griffith testified the Communist Party is "collecting a war chest" of \$500,000 in an attempt to defeat the Mundi-Nixon bill.

"Every fellow traveler, stooge and deluded dupe has been thrown into the line," he said.

As the three-day hearing opened, Chairman Wiley (R-Wis.) ruled out "any political speeches" by Henry Wallace or anybody else. Wallace, Third Party presidential candidate, has asked to testify against the measure.

Wallace has repeatedly blasted the House-passed measure. He is scheduled to appear before the committee Saturday. He said in Custer, Idaho, last night:

"I am going to those hearings to uphold the old-fashioned, fundamental principle of free speech."

Wiley said he intended to see to it that the hearings do not provide an opportunity "for some folks to get political advertising."

He also said the hearings "will not be turned into a three ring circus."

Donald Rieberg, lawyer and former New Deal administration official was the first witness. He told the committee it seemed "obviously necessary" to have some legislation against Communist activities.

Senate Group Votes Return Of MacArthur

Wherry Offers Motion Of Request To Have General Testify On Far East Situation

WASHINGTON, May 27. (AP)—The Senate Appropriations Committee today voted to request General Douglas MacArthur to return to the United States to testify on the Far Eastern situation.

Chairman Bridges (R-NH) announced the committee's action at the end of a short closed-door session. The vote was 17 to 2.

MacArthur is supreme commander of Allied forces in the Far East with headquarters at Tokyo.

Bridges said Senators Saltonstall (R-Mass.) and Reed (R-Kan.) voted against requesting MacArthur's return. Senator Green (D-RI) voted present and Senator Bill (R-Minn.) was out of town and did not vote. Senators McCarran (D-Nev.) and O'Mahoney (D-Wyo.) voted "yes" by proxy.

Senator Wherry (R-Ill.), acting Republican leader and a committee member, offered the motion to request MacArthur to return. Wherry said politics wasn't involved so far as he is concerned.

MacArthur has said he would accept the Republican presidential nomination if it were offered him.

Wherry's motion was seconded by Senators Ferguson (R-Mich.) and Tydings (D-Md.).

"I move that the chairman of the Senate Appropriations Committee be instructed by the committee to request the appearance through proper military channels of General Douglas MacArthur to appear before the committee on hearings now being held, or to be held, on all appropriations affecting the Far East."

Bridges told a news conference he will transmit the resolution to the Army Department.

Asked if the action has the effect of instructing MacArthur to return to this country, Bridges said that "every request made by the committee has been answered."

Bridges and Wherry emphasized that they want the 67-year-old general to return at the earliest possible date so the hearings, now in progress, will not be interrupted.

Arab King Visits Jerusalem As War Rages In Palestine

Jewish Army Claims Victory Over Advance Egyptian Position Near Israel

CAIRO, May 27. (AP)—The fiercest battle of the Palestine war was reported raging tonight along the Jerusalem road to Tel Aviv.

The voice of Jerusalem, a Hagannah station in the besieged city, said thousands of soldiers on both sides had been thrown into combat in a wide area around Latrun, former a British internment camp for Jews, and Bab El Wad, the bloody gorge 15 miles west of Jerusalem.

CAIRO, May 27. (AP)—The Jewish army said today it wiped out an Egyptian advance position northeast of Gaza, on the coastal plain below Israel.

At Jerusalem Arab legionnaires and Egyptians attacked in the new city. King Abdullah of Trans-Jordan visited the old walled city and was hailed by Arabs as "King of Jerusalem."

A Hagannah unit struck at Beit Hanoun, northeast of Gaza in Arab territory, killed 30 Egyptians and seized or destroyed three heavy guns of the Egyptian artillery, the Israeli communique revealed.

The communique said Jewish planes last night lashed at Arab positions in the Ramallah sector, northwest of Jerusalem, and at positions around the Holy City itself. Other planes attacked Arab concentrations and artillery emplacements near Kfar Biddu, along the Tel Aviv-Jerusalem road, from which shelling had been directed at a Jewish settlement, the communique said.

Arab forces pined by Egyptians and including Arab legionnaires and irregulars mounted an attack from the outskirts of bloody Ramat Rehel, between Bethlehem and Jerusalem, against Jewish positions in the new city of Jerusalem, Arab officials in Cairo said. They struck at the Katamon, Tal-pidot, Mekor Haim and upper Haqqa sectors.

U. S. Rejects Red Claims Of Planes Molesting Vessels

Reply Says Low Flying Is Necessary For Recognition

WASHINGTON, May 27. (AP)—The United States has flatly rejected Russian protests claiming American airplanes have interfered with Soviet shipping in the vicinity of Japan.

The State Department said today the U.S. reply to various Soviet notes of protest was delivered to the Russians by the American embassy in Moscow Tuesday.

A statement released by the Department said the Soviets had objected to U.S. aircraft flying low over Russian vessels. The Department said that neither in the Russian notes nor in direct investigation by American authorities has there been evidence of such interference.

The American reply was not given out in text form here but was summarized in the statement.

It said that General Douglas MacArthur, as supreme allied commander in Japan uses air, Army and Naval forces "to prevent smuggling and illegal entry into Japan."

"Low flying within the limits of safety in conducting this off shore patrol is absolutely necessary for recognition purposes," the State Department said in reporting on the note to Russia.

"These activities serve the interests of the Soviet government, as well as of other nations, concerned with the occupation, control of Japan," the department contended.

Meanwhile the Truman Administration has sent the Senate Foreign Relations Committee a list of Russia's major misdeeds to block a just peace.

It also has pinned an official "propaganda" label on Russia's Spring "peace offensive."

The list sent to the Senate group is reported authoritatively to cover around three dozen or more violations by Russia of agreements which the Soviet Union has (Continued on Page Four)

McCarthy, Warren Divide Votes Of Former Candidates

TALLAHASSEE, May 27. (AP)—Fuller Warren and Dan McCarthy could have agreed to split the last three weeks of their campaign for the governorship of Florida and come out about the same, as far as votes were concerned.

After 21 days of arduous voter-wooing on both sides, Warren would up with almost the same 2,815-vote majority he held at the end of the first primary count.

He and McCarthy each got about 113,000 of the 224,000 votes that were cast for the seven men eliminated in the first primary or were not cast at all.

Almost complete returns from Tuesday's second primary showed a record turnout of 572,805 voters.

That was about 8,000 above the total vote in the first primary three weeks before, and far more than the 491,437 ballots that had set the old record in the first primary of 1940.

It was the first time that a runoff primary vote exceeded that cast in the first primary.

Warren's margin of victory was the smallest of any winning governor since the two-primary system was adopted 16 years ago. Meanwhile Secretary of State R. A. Gray made a "rough estimate" it will cost at least \$25,000 to conduct the June 4 special runoff primary to name a Florida Supreme Court Justice.

Nearly all of the expense will be borne by the counties individually. Most of it will be for precinct workers' salaries.

Soil Conservation Heads Election Is Confirmed By State

The election of the supervisor for the Seminole County Soil Conservation District has been confirmed by a letter received from H. G. Clayton, administrator of the State Soil Conservation Board in Tallahassee, it was announced yesterday by C. R. Dawson, county agricultural agent.

R. F. Cooper of Sanford, C. A. Walsh of Fern Park, T. L. Lingo of Orlando, R. T. Milner of Longwood and Tom McLean, Jr. of Geneva were elected Soil Conservation supervisors on May 17.

A government technician will be sent to Sanford in the near future to assist the board of supervisors in this soil conservation district, Mr. Dawson said. This technical assistance will be offered free of charge for planning and applying soil and water conservation and assisting in the improvement of lands.

The Soil Conservation Districts Act was enacted by the Florida Legislature in 1939 with the objective of furnishing farmers, vegetable, citrus and cattle producers with an effective medium for planning and carrying out soil and water conservation and improved land use measures on individual farms, communities, counties or larger areas.

This approach to solving conservation problems is an entirely cooperative effort, Mr. Dawson said. The cost to the individual land owner will be only to the extent such individual voluntarily carries out improvements on his respective property, he added.

Small Fire Reported In Home Of Negress

A small fire in bedding of a house at 418 E. Tenth Street occupied by Emie Stephens, negress, was reported by Assistant Chief R. T. Thomas this morning.

The occupant was rubbing her leg with white gasoline, and to determine if she had reached the back of her leg, she struck a match. Immediately the bedding began to burn, and she received severe burns on the hands.

Assistant Chief Thomas said there was little damage done to the house.

9 Men Are Indicted In Special Court For Assassinating Gandhi

NEW DELHI, May 27. (AP)—Nine men were formally accused in a special court today of assassinating Mohandas K. Gandhi last Jan. 30. They are scheduled to go to trial June 14. Slouched on wooden benches in the prisoners' dock, the defendants chattered among themselves as a black-robed judge accepted a police charge sheet, accusing them of murder, conspiracy to murder and violations of the arms and explosives act. All these offenses are punishable by hanging.

The court room resounded with the babble of many Indian dialects as well as English during the arraignment. Lawyers hustled about the place. Some of the defendants kept police guards busy bringing them tea drinks.

The atmosphere of good nature made it hard to believe this was the outset of a murder trial.

Photographers found the accused willing subjects. Some posed with the spears of veteran politicians.

The charge sheet linked up the assassination with a bomb explosion at Gandhi's prayer grounds prior to that as one conspiracy to

Two other defendants, D. R. and Madan Lal, said they did not want counsel, but would speak for themselves. Lal is accused of planting the bomb which exploded outside Gandhi's prayer meeting (Continued on Page Four)

STOMACH OIL.
LOS ANGELES May 26 (AP)—They struck oil in Jimmy Cherry's stomach.
Jimmy, 26 months of age, was found gagging and choking in the backyard of his home yesterday. He was whisked to Georgia Street receiving hospital where a fluoroscopic examination failed to reveal anything in his throat.
The sirens screamed again and he was taken to the Children's Hospital. Doctors manned the stomach pump and found—coal oil, source unknown.
Jimmy, son of Mrs. Avis Cherry, is feeling much better.

JAPAN'S BUDGET
TOKYO May 27 (AP)—Japan's largest postwar budget, 398,000,000,000 yen (\$790,000,000) will be presented to the diet shortly.
Much opposition is expected from members. The cabinet has approved the budget, which is 184,000,000,000 yen (\$360,000,000) more than last year. The largest expenditure will be the cost of allied occupation which runs 25 percent of the total budget.
To meet the increased budget higher taxes and a fourfold increase in postal and communication rates has been proposed.

Senator Taylor Is Reminded To Check Up On Idaho Laws

BIRMINGHAM, Ala., May 27 (AP)—Senator Glen Taylor of Idaho "Don't better sweep around his own door" before telling the South what to do about segregation, says Police Commissioner Eugene Connor.
In brief, Commissioner Connor suggested last night that the vice presidential candidate on the Henry Wallace ticket start putting over a civil rights program in his own state.
Taylor was fined \$50 and given a suspended six-month jail sentence here recently on a charge of disorderly conduct. Police officers testified that Taylor sought to enter a meeting of the Southern Negro Youth Congress through a door set aside solely for the use of negroes.
The Idaho Democrat said he wanted to enter church meeting merely to tell delegates he could not address them because the meeting was segregated.
Connor, speaking to a convention of the Alabama Sheriffs and Peace Officers Association, pointed out that the Idaho constitution provides that "No Chinese or persons of Mongolian race, nor Indians not taxed can either vote or serve as a juror or hold any civil office."
The commissioner, a delegate to the Democratic National Convention on an anti-Truman platform, also criticized the President's Civil Rights Program.

U. of Miami Student Is Shot By Watchman

CORAL GABLES, May 27 (AP)—Police Sergeant Robert Critchfield said a 20-year-old University of Miami student was shot in the back early today by a night watchman while in the vicinity of a girl's dormitory.
The youth, identified as Steven Rizzotti, Jr., of Salem, Mass., a football candidate was reported in "fair" condition at Coral Gables Hospital.
Bur Shumaker, 50, the watchman said at the time he was investigating a complaint that a prowler was peering into windows at the rear of the building.
No charges were placed against Rizzotti immediately.

ST. JOHN'S FISHING TALLAHASSEE

Use of catfish traps and baited round nets on the St. Johns River appears to have "little or no effect" on game fish, the Florida Game and Fresh Water Fish Commission has found.
"There is no evidence that any appreciable amount of game fish could be taken in traps and round nets," commission biologist John F. Dequine reported.
After several months of investigation, the commission recently reopened the St. Johns and Lake Okechobee to use of the nets for taking catfish. The question of effect of commercial fishing on the sports fish supply has been a subject of bitter controversy in the courts and legislature for years.

Florida Power Co. To Keep Offices Closed Saturdays

In order that more of its employees may enjoy a five-day work week, the Florida Power & Light Company, beginning June 5, will keep its business offices closed on Saturdays. H. H. Coleman, district manager, announced today.

"Two full days of rest and recreation for our employees on week-ends will result," Mr. Coleman stated, "and we feel that this step which benefits our employees, we are following a plan that many business firms have already adopted."

Mr. Coleman stated that the local office will be open to the public from 9 A. M. to 5 P. M. daily, Monday through Friday. He added, however, that emergency telephone calls, as in the past, may be made at any hour.

Customers who wish to pay bills on Saturdays may drop their bills and payment through a slot in the door of the company's office. Envelopes are provided at the door for this purpose. This depositary is also available for "after hours" payments and in the evenings.

"Should the customer not have the exact amount of change indicated by the bill," Mr. Coleman explained, "any amount of overpayment will be credited on his next bill. This applies to mail payments also. The majority of our customers already use the mail for paying bills because of

U. S. Engineer Is Shot While Near Red Zone

BEAUL, May 27—(AP)—Karl S. Smith, 46, of Huntington, W. Va., was wounded four times by a fusillade of shots as he stood near the dividing line between the Russian and American zones yesterday, the Army revealed today.

Smith, two other American civilians and two Koreans had gotten out of a jeep. As they stood near the 28th parallel two shots were fired above their heads. They ran to their jeep and a fusillade of shots from a machine gun struck down Smith. The others were not injured.

He was flown to the Koruga base command hospital where his condition was described as good. Smith, whose home address is 1333 Spring Valley Road, is employed as a civil engineer by the military government. He is a former army major. Dr. P. O. Chough, director of national police, said the shots came from the Russian zone.

Youth Dies Of Wound In Pretended Holdup

LOS ANGELES, May 27—(AP)—Thirteen-year-old Richard Harrell was questioned by police today in the fatal shooting of a schoolmate during a pretended "holdup."

The dead boy, Donald Brooks, 14, was shot below the heart yesterday on the playgrounds of Samuel Compers Junior high school.

Police said the Harrell youth was showing a .25 calibre pistol to other boys and, when young Brooks approached, said, "Here comes Donald. Let's pretend to hold him up."

The gun fired, sending a bullet into Donald's chest. He died en route to a hospital. The Harrell boy fled after the shooting and was found six hours later wandering in a dazed fashion.

Charles Brannan Is Approved By Senate

WASHINGTON, May 27—(AP)—The Senate Agriculture Committee today unanimously recommended the confirmation of Charles P. Brannan to be secretary of agriculture.

During a 15-minute public hearing senators said they had heard of no opposition to Brannan's appointment.

The nomination is still subject to Senate confirmation. Brannan would succeed Clinton P. Anderson who resigned to seek the Democratic senatorial nomination in New Mexico. Brannan now is

Safe-Crackers Take \$80,000 In Stamps

NEW YORK, May 27—(AP)—A band of burglars—rode at eye level in "collars" postage stamps—has engineered the largest stamp robbery in the history of the United States.

Stamps valued between \$50,000 and \$80,000 were stolen last week from the New York State post office, 350 E. 14th Avenue, police officials yesterday.

The burglars, who were active in the New York area, stole the stamps from a post office box. The burglars were active in the New York area, stole the stamps from a post office box.

BIBLE VERSE TODAY

HE IS AS NEAR AS WE INVITE HIM TO BE. SOME WOULD HE EMBARRASSED TO HAVE HIM TO NEAR.

The best argument we have seen in favor of passing the Mundt-Nixon bill to curb Communists is the fact that the Communist Party is fighting it.

General Clay is not worried much over whether Adolf Hitler is alive or dead. Speculating on this question at a news conference in Frankfurt the other day, the general is quoted as saying, "Even if he were alive, he couldn't be any more dead than he is."

Henry Wallace says he has received more threats of intimidation from the Detroit area than anywhere else in the country that he has spoken on the Communist and civil rights issues.

Although Dan McCarthy lost the election, he polled more votes than any other winning candidate in the history of Florida.

America's generals who on the whole didn't do so badly during the late hostilities, are not so popular these days.

Wherever there was an issue of law enforcement anywhere in Florida, the people voted for law enforcement. The Associated Press reveals that five of the six Florida sheriffs who drew criticism from Governor Caldwell or were investigated by grand juries during their terms of office for failure to enforce the laws against gambling were reelected at the polls.

More people voted in the second primary than in the first, the latest returns reveal. There were 564,880 people who voted in the May 4th primary, a lot of people, and yet several hundred thousand short of the number registered.

The United States is spending millions of dollars to help the State Department spread the doctrine of democracy and free enterprise throughout the socialist countries of Europe and now comes the revelation in the Senate that some of the broadcasts actually are undermining our system of government.

Faith In The U. N.

"The United Nations is the only hope we have of holding the world together. For the foreseeable future it is the only instrument for preventing another war in which there could be no victor, no vanquished, but only universal destruction for both sides—for all humanity."

The words are those of Trygve Lie, secretary-general of the United Nations, formerly Norway's minister of foreign affairs. Writing in the New York Times, Mr. Lie says that discouragement and fear for the future tends to make people blame the U. N., to call it powerless. He warns that this is dangerous talk, and is not true.

Granting that the U. N. has had some tough going during its three short years of life, he believes it "has proved itself powerful influence for peace." He thinks the greatest threat to the United Nations is the East-West postwar adjustment exemplified in the Russian-United States controversy. "This conflict must not be permitted to become irreconcilable," he said.

Mr. Lie lists impressive accomplishments of the United Nations and its agencies "to give people everywhere a chance to live out their lives in freedom from fear and want." This immense vitality of the United Nations, he suggested, does not always get into the headlines.

The peoples of the world should demand that their governments use the way at hand for peaceful living in this world. This way, Mr. Lie points out, is the United Nations.

Holding Public Lands

Among the first to champion the idea of conserving natural resources was the late Gifford Pinchot, friend of Theodore Roosevelt and a Progressive of the early 1900's. Recent republication of Pinchot's revised and shortened autobiography, "Breaking New Ground," emphasizes the need for continuing the defense of such conservation policies.

The book tells the exciting story of the founding of the Forest Service 40 years ago despite much opposition. According to Bernard de Voto, writing in Harper's Magazine, the same kind of powerful private interests are marshaled again today to get great sections of public lands opened for private grazing. Publicity men and lobbyists, he says, are trying also to discredit the Forest Service. So far Department of Agriculture officials have refused to be swayed by the demand for revision of the public lands policy which would be, as de Voto puts it, the end of conservation.

The writer says "The crisis of the age is not atomic energy. It is the effort of parts of the human race to monopolize resources which, if properly conserved, could provide peace and plenty." He pleads with American voters to let their congressmen know that they want no diversion of public lands.

Bulwark Of Empire

The British empire does not always deserve to be called a voluntary association of free peoples. One example is Cyprus. This island in the Eastern Mediterranean is Greek in population and would like to join Greece, but the British insist on retaining it.

Only the other day the Consultative Assembly, a body by which the Cypriots make known their governmental wishes, asked for a completely representative government. The British refused, saying that these 400,000 Greeks had better stay under the charge of the British Colonial Office.

This unwillingness to give up Cyprus is in part due to the fearfulness of Greece, and fear that if the Russians take over Greece they will get Cyprus also and have a fortress commanding the Eastern Mediterranean. Though the British have not had the island long (it was Turkish until the latter part of the 19th century), they already look upon it as a bulwark of empire.

So long as they feel that way about it, the Cypriots must be content with an enlarged degree of home rule, and postpone their wish for independence.

Twenty Years Ago Today

THE WORLD TODAY

By DEWITT MACKENZIE AP Foreign Affairs Analyst

AP Foreign Affairs Analyst The failure of the United Nations thus far to achieve a truce in the Arab-Jewish war is tragic for the Holy Land and it's tragic for the peace organization, since it points to disunity within the U. N. itself.

The Arabs, while playing for time by calling on the U. N. to lay down exact terms for a political settlement, wouldn't agree to the truce called for except on conditions which included the demand that recognition of the new Jewish state of Israel be abandoned. This, of course, the Jews wouldn't accept.

So the conflict continues. It swirls about the birthplace of the Prince of Peace. It rages up the Mount of Olives, which stands for much that is cherished in Christian history—The place where Christ taught the disciples the Lord's Prayer. It is proceeding within the walls of ancient Jerusalem, where a small Jewish force has been stubbornly clinging to its hazardous position. Shells from Arab guns continue to batter the Holy City.

The war is still too young to disclose its trend. Not so the affairs of the United Nations—a house divided against itself. It is clear that if it cannot find a method of ending this Jewish-Arab break, its influence in the eyes of the world may drop so low as to render it impotent.

One of the greatest obstacles to peace lies in the fact that America and Britain are lined up on opposite sides. British Foreign Secretary Bevin told the House of Commons yesterday that England will continue to fulfill treaty obligations to furnish officers for the Trans-Jordan Arab Legion unless this becomes "inconsistent with our obligations to the United Nations." On the other hand, observers figured that the Arab rejection of the truce was likely to lead to an American stand favoring the Jewish state.

The clash between America and Britain is further seen in the question of an American loan to Israel. The American stand favoring the Jewish state, stated at a conference at the White House in Washington that President Truman was receptive to a request for a loan of \$100,000,000 to \$150,000,000. This promptly evoked an expression of concern and astonishment from London.

However the two great Democracies certainly aren't allowing the matter to drift without making an attempt to reconcile their differences. Foreign Minister Bevin and U. S. Ambassador Lewis Douglas are continuing their anxious search for ways and means of restoring peace to Palestine. The ninth day of the conflict, the problem is complicated and far from easy of solution.

Meanwhile France is said to be anxious to head the Security Council's appeal for a truce. This is in line with American and Russian attitudes. London is reported to have advised Paris not to be hasty, and the British foreign office stated yesterday that the Netherlands and Luxembourg— who recently formed an alliance— were consulting to find a joint policy regarding Palestine.

As things stand, the fate of the Holy Land depends on how long it takes the great powers to compose their own divergences and bring the full weight of the United Nations to bear against the rupture of peace in Palestine.

Gandhi Trial

(Continued from Page One) 10 days before the conclusion. The ninth defendant, V. D. Savarkar, already had counsel when he appeared in court today.

The court recessed the arraignment to June 3, at which time the court will accredit defense counsel.

Judge, an ascetic looking man with a flowing beard and long hair, said "I do not want counsel. I am going to speak the truth."

The entire proceeding took less than two hours. In a long narrow room on the second floor, the grim old fort. The defendants asked two months to prepare their case. The court granted them slightly more than two weeks.

Several of the defendants speak no English, which will be the language used in the trial. Just before the recess Madan Lal, speaking in Hindustani, asked permission to make a statement. The judge refused.

The defendants affected a variety of costumes. Some wore the Indian national dress of baggy loin cloth. Others had on European clothes. Some wore a mixture. The city was quiet and there were no reports of demonstrations. Picked troops were stationed round the fort to prevent outbreaks.

Elaborate precautions had been taken to prevent any attempt to deliver Gode and his co-defendants or shoot them down in court, or otherwise silence them.

Kiwanis

(Continued from Page One) meeting of the Sanford Kiwanis Club next Wednesday, but an inter-city meeting will be held in Winter Park in place of the scheduled meeting. The Winter Park meeting will be held at 6:30 o'clock on Monday night, and all Kiwanians of Sanford and Seminole County have been requested to attend the session. Charles Thompson, Allen Hessel and Arthur Beckwith, Jr., were introduced as guests.

Red Spies

(Continued from Page One) activities in this country. He said the Mundt-Nixon bill attempts to deal with an organization "that is notoriously engaged in what is a conspiracy against all other forms of government to establish a single form of government."

MacArthur Return

(Continued from Page One) be held up. Bridges said that while he feels the Army will instruct MacArthur to return, there is the possibility that some emergency would arise in the Far East, and "MacArthur would so state."

Trade Pacts

(Continued from Page One) Billikin (R-Colo.), chairman of the Senate Finance Committee, had urged this provision a year ago. "Since the character of the act will always depend upon administrative judgments," he said, "the real decisions will be made after the next elections."

Sir William Johnson was rewarded by George of England for his services in the French and Indian War. The reward was a baronetcy, the first and only one granted on American soil, which occupied large areas of what is now northern New York state.

Palestine War

(Continued from Page One) legionnaires continued to blast away at a thin remaining line of Hagana machinegun posts along the south wall. King Abdullah prayed at the Holy Sepulchre church, Calvary and the Mosque of Omar, three of the holiest shrines of Christendom and Islam.

In the north, the Jewish community said, Hagana troops counter-attacked the Arabs near Geshar, south of the Sea of Galilee, and occupied a key point. Samah and Shaar Hagolan near the South Galilee coast were shelled during the night without casualties, the bulletin said.

Associated Press correspondent James M Long reported from Tel Aviv that the Israelis, in "operation of the north," have swept exposed northern Galilee clear of Arabs, beating back Syrian and Lebanese invasion drives in counter-thrusts across the frontiers. The dispatch said the Jews now occupy western Galilee, which the United Nations partition plan mapped out as an Arab territory.

The war raged on inside the old and new cities and elsewhere in the Holy Land, echoing the failure of the United Nations to bring about a truce.

Referring to the Arab rejection of an unconditional truce, Abil Rahman Assam Pasha, secretary general of the Arab League, told newsmen here that "to stop fighting now does not mean peace but just a postponement of the war for a short period, after which fighting will be terrible and battles more destructive than now."

Assam Pasha had just returned from conferences in Amman, Trans-Jordan, on the war against Israel. He said the Arab forces were in a position to destroy Jewish strongholds in and around Jerusalem, and thus administer a crushing defeat to the Jews.

"We could have taken Jerusalem earlier," he said, "but we did not want to sacrifice more men when we are sure of the ultimate result following complete encirclement of the Jews in Jerusalem."

Voice Smears

(Continued from Page One) lations of Spanish-language broadcasts to Latin-America. (In New York, an NBC spokesman said the two people mainly responsible were no longer with NBC. He said the script writer was Rene Borgia, since discharged, and the section head, who reviewed the script, was Alberto Gandero. He said Gandero was relieved of duty late resigned, and is now believed in radio work in Cuba.)

Capohart's reading touched off a long and angry Senate debate. When the House met today, it was taken up there.

Saying he wanted to "keep the record straight," Rep. Jackson (R-Calif.) reminded the House that Congress restricted the personnel for the "voice" programs and required private enterprise to "take over most of the functions."

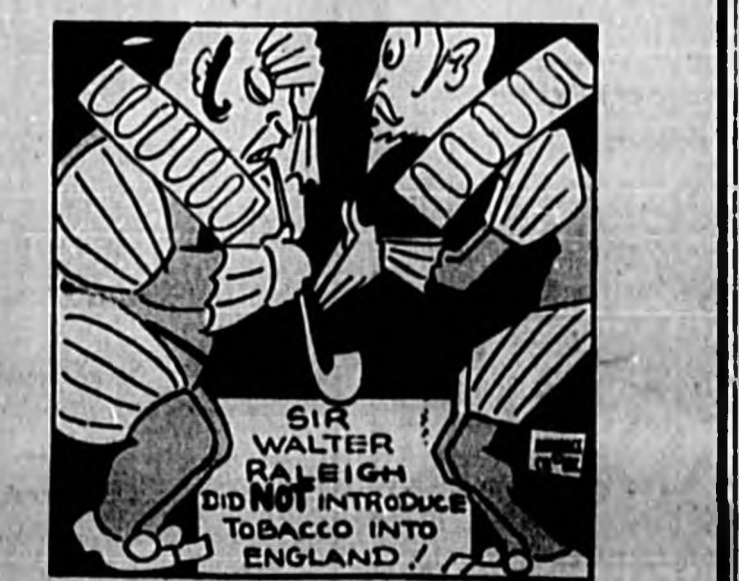

While the broadcasts complained about were unfortunate, he said, "it was not the act of any government department."

Rep. Andrews (D-Ala.) complained that the programs had "smearred" Alabama. One called Alabama "the darkest state" where colored people have suffered most. Andrews said "these fellow travelers" have prepared derogatory scrips on other states as well.

One of Capohart's reports was that 300,000 words are being broadcast daily by the "voice."

Vandenberg commented to reporters: "It is obvious that there can't be any real supervision by the government over such a volume. It might be much better to send out far fewer words and have strict supervision over what is sent."

Miss Meriwether To Wed In Algeria

Of interest to friends in Sanford and Central Florida is the announcement of the engagement and approaching marriage of Miss Ellen Douglas Meriwether, daughter of Mr. and Mrs. W. A. Hunter, of Sanford and Daytona Beach, and the late Robert O. Meriwether, to the Rev. Han Laurent Aurbakken of Stavanger, Norway. The marriage will take place in mid-summer in Fort National, Algeria, North Africa. Miss Meriwether was a native of Sanford where she received her early schooling. Following her graduation from Seminole High School she attended Ohio Wesleyan where she graduated and was a member of the Alpha Chi Omega sorority. It was while taking graduate work at Hartford Seminary that she met her fiance who was there for further study after serving seven years in El-Hair, Algeria, as a missionary under the Board of Mission and Church Extensions of the Methodist Church. For the past year Miss Meriwether has been the director of children's work at the Neighborhood Center in Ulica, N. Y.

A native of Norway, Rev. Aurbakken attended college in Stavanger and obtained his theological training at Union Scandinavian School of Theology in Copenhagen, Sweden. He attended French language school at Alliance, France in Paris before going to North Africa. For the past year he has been assistant secretary of personnel in Stavanger.

Senior Girls Spend "Skip" Day At Beach

A group of senior girls enjoyed one of their "skip" days yesterday which they spent at Daytona Beach. The group enjoyed swimming during the day and a picnic lunch was served at noon. Those enjoying the day were the Misses Phyllis Bach, Betty Jane Copeland, Emma Jean Methvin, Betty Rose Hoolahan, Peggy Pippin, Barbara Saunders, Emily Matthews, Louise Lundquist and Margaret Partis.

Miss Betty Thurmond and Charles Bowes, whose marriage will be an event of June 12 at the First Methodist Church, were honored with a party given by Mr. and Mrs. Norman Wedekind at their home in DeLand last night. The rooms of the Wedekind home were opened in suite and several progressions of bridge were enjoyed during the evening.

After the scores were added the high prize was awarded to Mrs. B. E. Aiken, Jr. and cut prize to Mrs. E. A. Eisele. The honor guests were presented with a hand-painted Cranberry Glass cookie bowl from Mr. and Mrs. Wedekind.

Luncheon Held By Order Of Red Rose

Mrs. A. M. Phillips and Mrs. C. R. Dawson entertained on Wednesday with a luncheon for members of the Order of Red Rose composed of the past presidents of the Sanford Woman's Club. The luncheon was held at Mrs. Phillips' home on Oak Avenue at 11:30 o'clock. The object of the meeting was the taking into the order the initiates, Mrs. H. Wade Rucker and Mrs. James Moughton. Lovely arrangements of red roses and asparagus fern were placed about the rooms and used as beautiful centerpieces for the individual luncheon tables. Each table was covered with a lace and crystal appointments were used. A red and white color scheme was used in the decorations and luncheon with the seating arrangement being marked with place cards embossed with a red rose and bearing the dates of service of the past president. Mrs. Ralph Austin Smith read the minutes of Mrs. Henry Wight which were enjoyed by all present. During the afternoon the group enjoyed reminiscing about the past events from the time of the inception of the club in 1912. Members of the group were cited who had served as state officers and are Mrs. Wight, Mrs. Walter Cooper and Mrs. Smith. At the conclusion of the meeting "Mighty Lak" a Rose" was sung by the group. Those invited to attend were Mrs. Herbert Leonard, Mrs. R. E. Tolar, Mrs. Wight, Mrs. E. A. Douglas, Mrs. Glenn E. McKay, Mrs. Smith, Mrs. Cooper, Mrs. Phillips, Mrs. R. J. EAGLE HONORED

LAKELAND May 27 (Special)—William S. Eagle of Sanford, junior at Florida Southern college, was recently elected to the vice-presidency of Epsilon Gamma chapter of Kappa Delta Pi, national honorary society in education at Southern.

FLORIDA CITRUS

LAKELAND May 27 (Special)—The Department of Agriculture today approved interstate shipment of Florida oranges in grade No. 2 beginning this Sunday. The lower requirement was recommended here Tuesday by the Federal Marketing Agreement Committee, which said quality of the fruit has been deteriorating with the approaching end of the season and from hot, dry weather.

TAMPA POLIO CASES

TAMPA May 27 (Special)—Four new cases of polio have been brought to Tampa Municipal Hospital from Bradenton this week, the Hillsborough county chapter of the National Foundation for Infantile Paralysis reported today.

M. J. Mackler, head of the county unit here, said the children were Avone Patricia Neel, 824 8th St., four years old; Patricia Dawn Chancery, 1013 17th St., four years; Marilyn McClude, 215 23rd St., nine years; and Anthony Brannon, 1248 26th St., 10 months.

Tampa hospital now is treating 13 polio victims, which Mackler said was "slightly higher" than last year's total.

In addition to the four from Manatee county there are five from Hillsborough and one each from Citrus, DeSoto, Charlotte and Sarasota counties.

- (Recipe for Starred Dish Follows)
- Orange Refrigerator Cookies
- 2 1/2 cups sifted enriched all-purpose flour
- 3/4 teaspoon baking soda
- 1/2 cup butter or fortified margarine
- 1 1/2 cups sugar
- 4 1/2 teaspoons grated orange rind
- 2 tablespoons orange juice
- 1 egg
- Sift flour, baking soda and salt. Cream butter or margarine, add 1 cup sugar gradually, and cream together until light and fluffy. Add 2 teaspoons orange rind, orange juice and beat vigorously. Add dry ingredients, mixing until well blended. Shape into 4 rolls 1-inch in diameter. Wrap rolls individually in waxed paper and chill in refrigerator until firm. Remove rolls from refrigerator one at a time to keep as firm as possible. Slice thin with a thin sharp knife, using a sawing motion, and place on slightly greased baking sheet. Mix together remaining 1 cup sugar and remaining 1/2 cup orange rind; sprinkle lightly on top of each cookie. Bake in hot (400 F.) oven about 10 to 12 minutes. Makes 4 dozen (48) cookies.

Sanford Drops Contest To Daytona By 9 To 8 Margin

Gruber Is Sidelined For Several Games; Palatka Will Meet Locals Here Tonight

By ARTHUR BECKWITH, Jr., Herald Sports Editor

The Sanford Giants, under the direction of the veteran Buddy Lake, dropped their fourth consecutive contest last night to the Daytona Beach Islets by a 9 to 8 score.

Manager Hal Gruber has been sidelined for a few days for a reason which is a little too much for me to guess, as he put it. The jovial Sanford skipper is expected to return to the helm in a few days but in the interim the locals will be skippered by Assistant Manager Laker.

Buddy Karson, Sanford backstop, was ejected from the game last night after he and Manager Lake had protested a pitched ball by Plate Umpire Butler.

At the time, Eddie Laskowski was working on the hill for the Sanfordites.

The contest was a nip and tuck affair from beginning to end, and many unusual plays came up from time to time, as has been the usual run of things for the past few games.

Catcher Len Matie blasted a long fly to Centerfielder Joe Zander, while Tom Cataldo and Tim Tyler were resting on the base paths. Zander dropped the ball, then Tyler stopped at third base. Rucker, Cataldo tumbled on the play, but Tyler stopped at third. Tyler looked around and saw Rucker walking slowly away from the ball, then he made a break for the plate, and scored while the Daytona player held the ball. This happened in the fifth frame.

Tom Ivey hit for the circuit, the third with two players on the base, and Manager Demma aided one over the left field up rights in the fourth with an aboard.

Laskowski opened on the hill for the Giants, and was replaced by Lonnie Worsham. Bid Spinas relieved Worsham and Lake tossed the final frame.

Tonight the Sanfordites meet the Palatka Azaleas at the Municipal Park in a single contest which will get underway at 8:00 o'clock. It is likely that Joe Schultz will get the call to the hill to face the Azaleas.

Official Opening of Kennel Club In Volusia County Slated June 2

DAYTONA BEACH, May 27. (Special)—The official opening of the Volusia County Kennel Club is scheduled for June 2, and for the next week schooling races will be staged nightly except Sundays to prepare the racing dogs for the much packed summer of racing which will continue through Sept. 14.

Somewhere in the neighborhood of 20 schooling races will be run each night, General Manager R. Barton announced. Anywhere from five to eight dogs will run in each race, while most of the trial classes will be staged over the middle distance Futurity course, a route covering 1,485 feet.

When official racing gets underway next week, the canines will run over more different courses. In addition to the Futurity route, the dogs will sweep over the long 3/16th mile course and the length and grueling 3/8th mile marathon distance.

In the 3/8th mile races the dogs will circle the Beautiful Volusia County racing strip one and a half times. Only greyhounds possessing great stamina can run over this distance. However, with the aid of the outstanding dogs kennelled at the Daytona track, many of these marathon events will be featured throughout the summer.

Work in making the Volusia County track ready for its grand opening June 2 will continue during the next few days. Only minor work remains to be completed and according to Track President William L. Huntley the oval will be ready for the grand opening next week.

Life In The Polo Grounds Turns Into Nightmare For Cardinals

By JACK HAND (Associated Press Sports Writer)

Life in the polo grounds is just a series of nightmares for manager Eddie Dyer of the St. Louis Cardinals. As far as he's concerned they can't lose a game any day.

All last year his favored Red Birds fluttered and played dead when they hit New York. It looks like more of the same in 1918.

Dyer's latest experience was enough to try the patience of a saint. His league leaders were rolling along last night behind a 7-2 lead with Howie Pollet, the unbeaten star of both leagues, doing the pitching. It looked like money in the bank.

Then the Giants started to sneak out of their hitting slump. They hit and hit and hit some more. Before the eighth inning was over eight runs had crossed the plate and the 7-2 lead had changed to a 10-7 deficit.

Bobby Thomson doubled and singled for two hits in the big inning as the Giants chased Pollet. George Bunker and Gerry Staley before coaxing to a halt for Ken Burkhardt. Pollet escaped his first defeat because Dyer called in Munger at the first sign of serious trouble. Munger was felled for his second loss.

Still the Cards show the way with a 14-game lead over New York, despite last night's disaster. Across the river in Flatbush, Brooklyn customers were more concerned with immediate problems. Outfielder Pete Reiser and pitcher Bruce Edwards were lost for an indefinite period and the club has another.

Shortly before midnight the Dodgers again plunged into the cellar as the result of their 4-1 loss to Chicago and Cincinnati's 8-5 win over Boston.

Willard Ramsdell, the knuckleball pitcher just recalled from Mobile, was nicked for homers by Bill Nicholson and Ho Jefferson in the Dodger defeat. Johnny Schmitz calmed the Brooks with six well-ventured hits.

Outside of a homer by Gil Hofer, the small night crowd of 2,875 had little to cheer.

Hank Sawyer's 10th homer helped Cincinnati sneak out of last place. The Reds routed Warren Spahn, Boston's southpaw ace, to one from behind.

The Pittsburgh-Philadelphia night game was postponed because of threatening weather.

Once again the American League race is all snarled up in percentages. Cleveland, actually trailing Philadelphia by a half game in a strict application of the won and lost principle, still holds first place by two percentage points. It's the same old story of a difference in games played.

Cleveland was shut out for the first time this season, collecting only three hits in bowing to Washington, 2-0.

Philadelphia combed the Chicago White Sox, 7-1, in the afternoon behind Joe Coleman's five-hit victory. It was the fourth straight victory for the rebounding A's.

Detroit "walked" to a 7-3 nod over the New York Yankees when the Yank pitchers passed 10 men. Although touched for 12 hits, Dizzy Trout took the decision from Spec Shea.

It took a double error in the tenth by catcher Les Moss to enable Boston's Red Sox to down the St. Louis Browns, 5-2. Sam Mele doubled in the tenth and scored when Moss, fielding Don D'Maggio's attempted sacrifice, fumbled the ball and then threw wildly past first base. Joe Dobson was the seven-hit winner over Frank Biscan.

Dick Chapman Cards Flaming Score In BAGT

By GLENN WILLIAMS SANDWICH, England May 27 (AP)—A flaming score of 29 strokes for the first nine holes by Dick Chapman of Pinhurst, N. C., highlighted the advance of U. S. golfers into the fifth round of the British Amateur Golf Tourney today.

Chapman, poker-faced farmer-publisher, scored the front nine on the 6,728-yard Sandwich course with a card that listed only 10 putts. He two-putted the first hole and used only one tap on the next eight.

So phenomenal was Chapman's scoring that he used only 37 strokes in eliminating Hamilton (daily of Scotland, 9 and 7, weather conditions were perfect contrast to yesterday's squalls, Willie Turnesa of White Plains, N. Y., who defeated Chapman for the 1947 crown, advanced with a and 3 conquest of G. A. Lovelace, little known English gol-

Only Bob Sweeney, part-time amateur from New York, fell in the advance. He was ousted by S. B. Roberts of Wales, 1 after holding a similar advantage on the ninth. Sweeney was going for his second title, having won his championship 11 years ago.

Frank Stranahan, muscular golfer from Toledo, Ohio, defeated James Teggart of Ireland, 5 and 3, for three in the first round. Mario Gonzalez of Brazil, who took with the American trio as top threat, shot mediocre golf in defeating, 6 and 4, and 1.

The fifth round will be played this afternoon. Chapman is paired against Charles Lawrence of Scotland. Stranahan plays Capt. L. A. Blair of the British army. A Scot also has Wallace Macfarlane of Scotland, as his foe.

Turnesa had five 3s on his morning card but couldn't shake a 4 until the ninth. There is a hole-in-one putt from the 12th of the green for a birdie shot and Lovelace's game collapsed.

Sports Roundup

By HUGH FULLERTON, JR.

ST. LOUIS, May 27. (AP)—Baseball fans usually think of Ted Williams as a guy who isn't interested in anything but hitting -- during a ball game, that is. But you can take it from an admiring teammate, Boo Ferriss, that Ted's fielding ability has been greatly under-rated.

Ted has made himself into a lot better fielder than he is given credit for being, says Ferriss. "And don't overlook his throwing. Why, in Chicago he made one throw from deep left that was as good as any I ever saw."

Williams, known as a dead left field hitter, has been crossing up the opposition on this Western tour by hitting to left -- whether by accident or intent is not known. After belting one homer into the right field upper deck of Chicago's Comiskey Park, against the wind, Ted almost hit a homer into left. . . . and Tuesday night he hit a left field double here, but that obviously was a handle hit.

Ferriss and Warner Ferriss, who hasn't been burning up the league on the pitching mound this Spring, still maintains that there's no particular hitter who treats him like a "cousin."

"Of course, there's a fellow named Joe D'Maggio," Boo adds, with a smile, he hits pretty good."

And as for Williams: "Well I'm glad he's on my side."

The best-ball card for the recent PGA tournament was 22-23 -- 45, consisting of nine dozens and nine threes. Think of what you could do with that in a poker game. . . . Passing through New York en route to the British amateur championship, Frank Stranahan, who confidently predicted he would win the title, called Freddie Corcoran to ask how he could get along better with British newspapers. . . . Freddie told him: "Treat your caddy right and don't say anything. That's pretty hard to do. Corcoran admitted, if you get into a tight spot with a newspaper, you can't do anything but get on your feet. . . . Freddie Corcoran's bag did not contain the scores because Corcoran disagreed with him on what club to use. . . . Even the PGA officials didn't know it until Tuesday, but the 1918 Ryder cup matches, which have been

Seminole Feds Meet Apopka In Tourney Today

The Seminole High School College Fed baseball aggregation will be scheduled to tangle with the Apopka High Blue Devils in the first round of the Fifth District baseball tourney in Orlando this afternoon.

Coach Carl Kettles probably started Eddie Brooklyn on the hill and Byron Beard behind the plate for the Sanfordites.

Little trouble was expected by the Sanfordites from the Apopkas, since Sanford has defeated Apopka on two previous occasions this year.

The probable starting lineup included:

Sanford: Pitcher, Eddie Brooklyn; Catcher, Byron Beard; Infielders, Bill Williams, Fred Taylor, Sam Mele, and Bill Williams; Outfielders, Bill Williams, Fred Taylor, and Sam Mele.

Apopka: Pitcher, Fred Taylor; Catcher, Bill Williams; Infielders, Fred Taylor, Sam Mele, and Bill Williams; Outfielders, Bill Williams, Fred Taylor, and Sam Mele.

Ben Hogan Favored To Win Colonial Invitational Meet

By HAROLD V. RATLIFF FORT WORTH, Tex., May 27. (AP)—The Colonial National invitational, golf's all-expense paid luncheon for the stars, opens its third annual showing today with Ben Hogan, the game's fabulous pins knot, a weary but determined favorite.

Hogan, who played 212 holes at St. Louis in capturing the National PGA, was considered the man to beat as a field of 29 professionals and three amateurs moved out in the first 18 holes of the 72-hole tournament that reaches its close Sunday.

There was little rest for wee Ben, who flew in from St. Louis yesterday morning, snatched a few hours sleep and then whipped around Colonial country club's 6,615-yard course in one-under-par 69. "That St. Louis thing just got me into shape," Hogan grinned. But he rode on a motorized "go-cart" instead of walking the fairways after each shot.

Hogan, who has put \$13,897.50 into the old sock this year, to make him the runner-up in money won, will be after the \$5,000 first prize for the third time. He won the other two tournaments with a one-under-par 69.

Vic Strickland, Englewood, N. J., posted the best score in the warm-up course in 71. He carried a 5-over-par 80.

The tournament, called one of the most exclusive in golf, takes care of all expenses of the players invited to participate.

Knot Hole Gang Registration To Be Held Saturday

Youngsters 15 years of age and under, who wish to become members of the Sanford Knot Hole Gang, are requested to meet at the Municipal Park Saturday afternoon between the hours of 1:00 o'clock and 3:00 o'clock to be enrolled.

The "Gang" will hold its first meeting at the Municipal Park on the night of June 11, when the Sanford Giants will play the Palatka Azaleas. It was announced today by Lee Samuel, Seminole Junior Chamber of Commerce member in charge of the organization.

From where I sit... by Joe Marsh

It's Leap Year, Girls!

First girl in our town to "get her man" on Leap Year was the Cuppers' daughter, Jane, who wed Bill Webster's boy last Saturday.

When I asked Bill Jr. if it was true that Jane really did the proposing, Bill said yes, but she made it plain she'd make an ideal wife. Instead of looking for diversion or excitement every evening, she was content to chat beside the fire.

"I could plainly see," says Bill, "that we'd really have a happy home life—which is just exactly what I want from marriage."

But from where I sit, young people of marrying age today are every bit as commendable as their elders were—in their temperance (a glass of beer for instance), tolerance, and common sense. So to Jane and Bill—the best of luck!

Wallace Party

(Continued from Page One) The climax in Detroit press distortion was reached the following day when the Free-Press, in an editorial said: "It is to be hoped that Henry won't abuse Detroit's proverbial hospitality by bringing his goon squad with him."

Jeanne Crow, 20 year old model, will be one of the more than 20 contestants from all over the state in the Miss Florida Beauty Pageant to be held in Jacksonville Beach June 25-26.

Red Plights

(Continued from Page One) made during recent years with the United States and various other countries. The committee scheduled an afternoon session to discuss it. Secretary of State Marshall sent the list in response to a resolution sponsored in the Senate by Senator Capehart (R-Ind). The resolution asked for the details to support Truman's statement in a message to Congress Mar. 17 that one nation had persistently violated its international agreements and thereby blocked a just world peace.

Stock Market

THOMASVILLE, Ga., May 27 (AP)—Livestock arrivals totaled 416 cattle, 15 calves, and 1,000 hogs at seven major packing plants at Albany, Columbus, Moultrie, Thomasville and Tifton, Ga., and Jacksonville and Tallahassee, Fla. Hog prices were quoted mostly steady. Complete quotations at the seven plants for soft and semi-hard hogs were as follows: medium to choice grade, 100-110 lbs. \$11.50-12.25; 120-140 lbs. \$11.50-12.25; and some closely sorted lung-hauled lots continued up to \$12.50 a lb. Weights 140-250 lbs. were \$12.50-13.25; over 270 lbs. \$12.50-13.25; 120-140 lbs. \$11.50-12.25; and 140-160 lbs. \$11.50-12.25. Medium and good hogs ranged from \$11.50 to \$12.25. Practical price limit in the area was \$12.50-140-210 lb. butcher hogs. Cattle sold actively in the Georgia-Florida-Alabama direct marketing area, and prices were generally steady to strong. In the tri-state area, good fed slaughter steers and heifers weighing generally from 1,000-1,200 lbs. and sometimes more were quoted from \$17-18.11. Medium grade steers and heifers were \$15.50-17.10; common, \$14.50-16.10; and canners and cutters including bulls, were \$13.50-15.10. Medium grade beef cows were mostly \$11-12.10. Common slaughter cows brought \$11.50-13.10; cullers, \$10-11.10; and canners, \$11-12.10. Range bulls grading medium sold up to \$11-12.10. Common grade bulls from \$10-11.10. Slaughter calves and vealers brought mostly from \$12-13.10, with a few setting up to \$13 in Florida. Medium grades were \$11-12.10; common, \$10-11.10; and culls, \$11-12.10. In steers a few good steer calves brought \$14-15.10. Medium stocker steers, heifers, and calves brought \$11.50-13.10; common, \$10-11.10; and inferior lightweights, \$11-12.10.

Hollywood

HOLLYWOOD May 27 (AP)—What is Hollywood doing about television? That's the question of the moment, now that the baby of the entertainment industry is advancing beyond the squealing stage. Television is becoming the prime topic among show-talkers and in the high councils of the film companies. I surveyed the top producing companies to determine what each is doing about the new medium. Much of the studio activity in video is top secret. Here are the policies companies are admitting at present: Paramount—years ahead of other studios. Has two stations (Los Angeles, Chicago), owns percentage of three Paramount-run stations in the East, has conducted extensive research, including color video and rapid filming of tele-shows for delayed network telecasting. Permits own stars on television (on Paramount stations, of course). Big plans for theater television, has experimented at New York's Paramount theater. MGM—no definite policy, studying the new medium. Owns television rights to personalities and story material. Big plans for theater television, has experimented at New York's Paramount theater. U-I—releasing some 16 mm. short films through subsidiary, United World. Requests stars to stay off television now, "since it cuts into their screen work." Made a special ad trailer for "Gentleman Was Indiscreet" and found good results. Otherwise, awaiting developments. No stations. RKO—no stations planned; no star appearances. There has been talk that new head man Howard Hughes will make television films, but nothing has been announced. Warner Brothers—some activity in "scientific stage," but studio is hush-hush about it. Applied for a station in Chicago, participated with Pathé and RCA in theater television experiment. No star appearances. Twentieth Century-Fox—has some plans for stations (one in San Francisco). Experiment with WB and RCA on telecasting on big screens. Used video to advertise "Iron Curtain." Has not permit stars on television except in news reels. Columbia and Republic—watching and waiting.

Short takes... Dick Powell, who has had a party early for the past four years, will appear in four new ones this year. "That's not too many," he tells me, "as long as they're all good." Pauline Goddard, who made a big impression in "The Exile," has left the Fairbanks company to free-lance... Eve Arden is off to summer theaters in La Jolla and New England after "This Dream Is Yours"...

Olga San Juan has been unhappy with the roles she has been getting and wants to seek her fortune on the Broadway stage. She's loaded with the stuff that makes stars, but hasn't yet received the break she deserves... Ray Milland will be Hollywood's most untouched star in "Dark Circle." Playing a modern devil, he suggested a slimmer touch would be added if he didn't touch the rest of the actors. He doesn't even get to kiss Audrey Totter.
