Japan's Quick Recovery Cited By MacArthur

Economic Come-Back Without America's Direct Assistance Praised By General

NEW YORK, May 25—(AP)—General Douglas MacArthur declared today that Japan has made a greater postwar economic come-back than many European countries, largely by its own efforts.

Without direct American recovery aid such as was given western Germany, he said, Japan has increased its industrial output more than Poland, The Netherlands, France, Czechoslovakia and Britain.

But MacArthur contended the delay in drafting a peace treaty for Japan is keeping the country in an "economic blockade."

Even after a treaty is signed, he said, Japan faces the prospect of a continuing struggle to feed its growing population from shrunken resources.

MacArthur's statement in Fortune Magazine is in response to an article previously published in the magazine and entitled "Two Billion Dollar Failure in Japan."

In a detailed recital of occupation accomplishments he made these points:

1. Japan has received only one fourth as much American aid as Germany, per capita. While the United States has helped rebuild German industry, MacArthur was expressly ordered by the American government in 1946 to require the Japanese to rely on their own resources for recovery.

2. The occupation entered a new phase last year when restoring Japan's self support became an avowed objective. The original major aims of the Pacific allies—to disarm the Japanese, create democratic institutions, and put into effect social and economic reforms—were realized two years ago.

3. Inflation was "unavoidable" but has not approached the run away stage. The government is striking now at the cause with economy measures and credit controls.

4. Japan's recovery, far from being the world's lowest, compares favorably with that of European nations. Production output gained 100 per cent in two years up to the end of 1948 compared with 1947.

5. America's "cold war" commander in Germany will be faced with a parade, an old-fashioned Georgia barbecue, speeches and dances.

The general has scheduled a brief, off-the-cuff address during the day's crowded activities.

The thin, graying soldier and his wife are to arrive in the city at 10:30 p. m. (Continued on Page Five)

Gen. Clay Receives Roaring Welcome At Georgia Home

MARIETTA, Ga., May 26—(AP)—General Lucius D. Clay comes home to Marietta today for a roaring welcome from friends of his childhood.

America's "cold war" commander in Germany will be faced with a parade, an old-fashioned Georgia barbecue, speeches and dances.

The general has scheduled a brief, off-the-cuff address during the day's crowded activities.

Youth Government Officials

Students of Seminole High School picked the above "officers" to represent them in the Youth Government program, sponsored by the Jaycees and designed to give the young people first-hand experience in choosing and electing county officials, who served today at the Court House under regular Seminole County officers. Left to right in the front row are Betty Butt, superintendent of public instruction; Nellie Green, member of the School Board and Cherry Singularity, prosecuting attorney. In the back row, left to right are Happy Aloney and Floyd Cooper, county commissioners; John Fite of the School Board; Angus Melonis, County Tax Collector; Alan Hetzel, sheriff; Clarke Messler, clerk of the court and Frank Stenstrom, county judge. Not shown is E. B. Smith, tax assessor.

AMA Has Right To Fight Health Bill, Pepper Says

Senator Raps Charge That Doctors Are Subjected To Abuse

WASHINGTON, May 26—(AP)—Senator Pepper (D-Fla.) said today war veterans are being put in jail in Florida for lack of hospital accommodations.

A check of Florida courts and jails on a single day showed 33 veterans in jail who should have been in hospitals, Pepper said.

He appeared before a Senate appropriations subcommittee which is considering Veterans Administration requests.

WASHINGTON, May 26—(AP)—Senator Pepper (D-Fla.) said today the American Medical Association has a "perfect right" to fight national health insurance, but is "grossly inaccurate" in calling it socialized medicine.

At the same time Pepper declared there is no basis for an AMA charge that the nation's doctors have been subjected to "maliciously unfair abuse from certain advocates of compulsory health insurance, some of whom are office holders in the federal government."

The AMA's accusation was voted to a Senate labor subcommittee late yesterday by Dr. Lowell S. (Continued on Page Eight)

Protection Is Sought Against Communists

ATLANTA, May 26—(AP)—A peace warrant has been taken out against the head of the Communist Party in Georgia, Homer Bates Chase.

Evanna Wilder, 29, former Carterville grocery clerk, swore in the warrant yesterday before Fulton County Warrant Clerk T. E. Compton and Superior Judge Paul R. Rutherford.

The youth's affidavit said his fears "bodily harm to himself and a violent injury to his property."

Wilder listed names he called "Georgia's leading Communists," who he said had followed and threatened him.

Sanford Merchants Invite People Of Central Florida To Trade Here

An invitation to the people of Central Florida to do their shopping in Sanford where prices are low and traffic problems at a minimum is being extended today by Sanford merchants who are inaugurating a sales promotion campaign which will be extended throughout the summer months.

Through an arrangement with the Sanford Herald special copies are being distributed in all the outlying precincts of the county and in other neighboring counties.

North, south, east and west, special delivery men will carry the message of Sanford merchants to nearby Florida cities.

"There is no reason why Sanford should not be the shopping center of Central Florida," said Jack Hall, president of the Sanford Merchants Association which is sponsoring the campaign. "Sanford merchants are progressive and alert to the possibilities of good merchandising methods. We have the goods and the prices are right. Central Florida citizens can profit by doing their trading here."

This sentiment was echoed by John Ivey, president of the Seminole County Chamber of Commerce, who pointed out that Sanford is the second largest city in the state. "They can trade here with all the advantages of good stores, good merchandise and good prices," he said, "without the disadvantages of an overcrowded city."

Mayor Andrew Chrenaway lent his endorsement to merchandising programs pointing out the convenience of the Police Department toward visitors in this city, and added that parking problems are at a minimum here on account of the parking meters in the downtown section where charges are nominal.

Sanford merchants are ready to serve you, he said, "and Sanford officials are anxious to cooperate to make your shopping expeditions here a pleasure and not a chore."

Loan League Plans Convention In City

Joseph Dalton, president of the Florida Savings, Building and Loan League and R. W. Sedgwick, secretary of the Federal Savings and Loan Association of Vero Beach, conferred yesterday with Mr. Greer of the Mayfair Inn regarding plans for a convention here of the Loan League Oct. 13-15.

In addition to being president of the Loan League, Mr. Dalton is president of the First Federal Savings and Loan Association of Tampa. About 125 members attended the state convention last year in Ft. Myers.

NEW YORK CHILLED ALBANY, N. Y., May 26—(AP)—Near-freezing weather chilled most of New York state today.

The weather Bureau predicted continued cool tonight but said it would be slightly warmer and sunnier tomorrow.

Poughkeepsie, in the Hudson River valley, recorded an overnight low of 31 degrees, lowest in the state.

Hoover Group Completes Two Years Of Work

Commission Urges Congress To Give Truman Full Power For Reorganization

WASHINGTON, May 26—(AP)—The Hoover Commission today issued its final report to Congress, urging the president to be given full power to reorganize the government.

"We cannot afford to lose the opportunity to put the operation of the federal government on a sound and efficient basis," the 12-member bipartisan commission declared in its final report to Congress.

The tremendous financial burden of government on our people today makes it imperative that full value be received for the tax payers' dollar.

The group headed by former President Herbert Hoover, asked the lawmakers to:

1. Let the President present plans for a thorough reorganization of the federal government with out temporary laws, exemptions and special agencies.

2. Let the proposed reorganization be approved by the Senate and House both by a majority vote on the day.

3. Take the burden of Congress out of administrative fields, thus leaving the executive branch to carry on the day-to-day operations of the government.

In the past few months, the commission set up by Congress in 1947, has offered some 275 recommendations, with and from some 300 "task force" experts.

Hoover has submitted similar reports in the past, but the commission's proposals might save the taxpayers \$4,000,000,000 a year.

"There is perhaps no time in history," the final report said, "when it has been more important to evaluate the effectiveness of government programs and the will of Congress and the people."

Hoover's analysis figures about a third of the recommendations can be put into effect quickly by presidential or departmental orders, but congressional action is needed for the rest.

Nearly one-fourth of all the recommendations, they say, can be accomplished by a single congressional action—adoption of a bill to give the President additional reorganization powers.

Each force already has adopted such a measure, but there remain these differences which a Senate House committee now is trying to iron out.

The House voted to exempt 10 agencies from the bill. (Continued on Page Three)

Kiwians Told Of Development Of Citizenship

J. S. Allen Stresses Fight To Combat Communistic Forces

Development of aggressive citizenship to combat sinister communistic forces was stressed by Jack Allen, Unadilla lieutenant commander of Kiwanis in a talk yesterday to Kiwanians at the Town Hall.

"One may be intelligent about problems of the world and yet not on the sidelines," he asserted, "but time has come when we must have an active part in combatting sinister forces that threaten our way of life." He quoted Attorney General Tom Clark's assertion that there are 74,000 active Communists in this country, of whom 40,000 are in New York State.

He congratulated the Kiwanis Club on the fine work done in the cooperation given by President W. A. Morrison. (Continued on Page Eight)

Lobbyists Blamed For Legislature's Failure To Enact Tax Measure

Shanghai's Key Points Are Held By Nationalists

Battle-Scarred Vets Stage Determined Rear-Guard Fight

WASHINGTON, May 26—(AP)—A bill of Nationalist origin which would strip the Communist occupation of Shanghai of its key points, was held by the Nationalist government today.

The bill, which would strip the Communist occupation of Shanghai of its key points, was held by the Nationalist government today.

AEC Rapped For Clearing 2 Men For Secret Work

Timetable Speed-Up On Labor Bill Is Planned By Demos

WASHINGTON, May 26—(AP)—A joint congressional committee learned today that the Atomic Energy Commission cleared two men for secret work in spite of an adverse recommendation from its security officer.

The men were identified as Dr. Edward U. Condon, director of the National Bureau of Standards, and Dr. Frank Graham, now a United States Senator from North Carolina.

Commission Chairman David L. Lilienthal made the statement in a letter to the Senate. Lilienthal's resignation has been demanded by several lawmakers who have criticized him sharply for the many planned loss of some "that" uranium compound and for the award of AEC fellowships to at least one and maybe more Communists.

The security officer whose recommendations were overruled was Rear Admiral John Connelley, now back with the Navy.

Lilienthal, the first witness in the investigation being conducted by the joint Senate House atomic energy committee, delivered a four-hour opening statement. He said that at one time development was being done but that it is "justly called" now.

The aim of present research in the development of atomic weapons is of greater reliability, he said.

Mr. Lilienthal's appearance at the hearing was received with some time next week, although the committee is expected to meet in a closed session tomorrow.

The committee headed by Lilienthal took over the investigation of atomic energy from the Senate subcommittee headed by (Continued on Page Three)

Dever Refuses To Issue Extradition For Georgia Negro

Work Begins Soon On New Radio Building

BOSTON, May 26—(AP)—Governor Paul A. Dever has declined to issue a warrant for extradition of a 28-year-old negro who was charged from a Georgia prison with the murder of a white man because of "the nature of the offense" for which he was convicted.

The Massachusetts chief executive turned down yesterday the request of Governor Herman W. Lombard of Georgia for extradition of the negro, who was charged with the murder of a white man because of "the nature of the offense" for which he was convicted.

Dever was convicted of a 1934 robbery. He was sentenced to (Continued on Page Three)

Work Begins Soon On New Radio Building

Work will be started soon by Radio Station WRR on a one-story concrete block building with white finish facing First Street in front of the Station's tower to provide new studios, control room and offices. The Station is expected to move to the new building in the east wing of the Mayfair Inn which will be used for hotel facilities as soon as the new building is completed.

Myron A. Reek, general manager of the station, announced this morning.

"We hope to be able to occupy the building by Aug. 1," Mr. Reek declared. It will face 51 feet wide on First Street and will be 30 feet deep with a center section 10 feet deep to allow for the transfer of material. Several studios will be provided, the largest of which will be 16 by 18 feet in size. Two of the offices may be used for broadcasting purposes, he said.

Revenue Bills Will Be Presented To House Next Week, Simpson Declares

TALLAHASSEE, May 26—(AP)—The Senate today passed, 249-8, a bill enlarging the State Railroad and Public Utilities Commission and giving it power to regulate privately-owned electric and gas companies. The bill now goes to the House, where a similar measure already has been killed by indefinite postponement.

TALLAHASSEE, May 26—(AP)—Rep. Clement of Duval county today blamed lobbyists for bringing "the Legislature" up to this state without doing anything about them.

Clement, Administration floor leader and chairman of the powerful Committee on Rules and Calendar, said it there is to be a special session to work out a financial program he hopes it will be delayed until state institutions "start coming down" for lack of money.

"When you get aroused public opinion it will be different from the pressure of 148 lobbyists," he declared.

But Chairman Simpson of the Finance Committee told the House he would try to get a number of revenue bills before the House for action next week final week of the regular session.

"We're going to give you some kind of a tax program before you go home," he assured the representatives. The committee deferred until later today a vote on all pending tax bills.

Clement told the House he thought Governor Warren's deferred tax program "would have cost money from those able to pay. But this House was interfered with by high pressure lobbyists and was going into the closing days and have done nothing."

The Governor said in his opening message to the Legislature that he expected his revenue plan to be severely attacked.

1949 Campaign Of Jewish Appeal Has \$5,000 City Goal

The 1949 campaign of the Sanford Jewish Appeal opened here Monday with a goal of \$5,000 to pay for the purchase of a new building for the appeal.

The appeal is being conducted by the Sanford Jewish Community Center, which is located at 1000 E. Broadway.

Frank J. Shuman, who is head of Seminole County's portion of the \$250,000,000 drive, today pointed out that Henry Morgenthau, general chairman of the United Jewish Appeal recently stated that "if austerity is the badge of the Jews of Israel, then generosity and sacrifice must be theirs."

Reporting that "in the past four months alone, some 110,000 Jews came into Israel," Mr. Morgenthau predicted that "if this rate continues, Israel will receive some 350,000 Jews in 1949." In the first year Israel's independence, he said, 220,000 newcomers were admitted.

"They came from the hallowed D. P. camps," Mr. Morgenthau continued. "They came from many places of distress in Europe, Africa and Asia."

Recalling his recent visit to Israel, Mr. Morgenthau described "the tragedy and misery that were etched deep in the faces of these refugees." He termed their admission to Israel in such large numbers "a great achievement" but warned that this achievement "can be like a noose over the head of the infant state" and that "the entire economy of the country may be strangled if the thousands of new immigrants are not properly absorbed."

Although 10,000 more will leave the displaced persons centers in Germany for Israel this year, Mr. Morgenthau said, (Continued on Page Five)

Thousands Of Americans Give Time To Aid Legion's Poppy Day Work

By CLETYS L. DINGLE

When the going is tough we need friends. God is our Supreme Friend. God made mothers, wives, sisters and daughters so that they might befriend His children. God gave us a desire to help those less fortunate than ourselves. Each Poppy Day proves this, because thousands of women of the Legion give freely of their time and effort to the annual Poppy Day.

If your local American Legion Auxiliary Unit is well educated, well prepared and has increased its Poppy order, then you have signified your earnest desire to be a friend to disabled veterans. The physically handicapped and disabled veterans have served for God and Country. These veterans are the "who's who" in the Poppy world. Every cent of money derived from the sale of the crepe paper poppy is spent for welfare and rehabilitation work for the veterans and the veterans' dependents.

The combined efforts of thousands of American Legion Auxiliary members who want to serve those who have served their country have been responsible for the success of the past campaigns of the red crepe paper poppy. These women have done and always do unto others as they would have others do unto them. In time of need and trouble, the American Auxiliary members throughout the whole United States shall always be concerned about the veteran's welfare. Rehabilitation and Child Welfare are basic work in the American Legion and its Auxiliary.

The need for assistance to veterans has never been greater. The American Legion Auxiliary reaches almost every city and town in America. We are the organization with that personal touch and human love which no social or government agency can give. We are always ready to help the veteran and his family. This year a greater goal for the poppy program has been set. In order to maintain this goal every member of the American Legion Auxiliary must know and work for the poppy program.

Most of our service to veterans is rendered on the community level. A substantial amount of money received from poppies is kept in the local unit for assisting the service officer with filing claims, giving financial aid to veterans or their families, supplying physical needs, medical assistance and many other needs of dependents of veterans or distressed veterans.

Along with this comes the friendship with tender loving care of a woman's hand, and much advice and counsel for those who need it. Faith, hope and love have restored to the disillusioned, discouraged veteran and his family by the friendship and understanding of the American Legion Auxiliary.

All services of the American Legion Auxiliary members are given free because of the love for those who served. They shall always see to it that the hand-made crepe paper poppy is worn in memory of those who made the supreme sacrifice that democracy might endure. Yes, we work because it gives us an opportunity to express our gratitude.

Poppy day is the opportunity to remind every American that "Don't bleed us, bleed for the love of America." May God grant that the inscription of the poppy shall both keep America as those who died for it would have it kept. The united teamwork of every poppy seller shall make this the greatest Poppy Day in the history of the American Legion Auxiliary.

We serve unselfishly for the veterans whom we accept this challenge and opportunity for patriotic service. May the poppy campaign with the measure of new life, new energy and new hope, help us to have learned a lesson of mind and self-respect gained through profitable employment. May the month of remembrance, and we may be a friend to the veteran with his families.

No greater reward could be sought by any American Legion Auxiliary member than to help make this year's Poppy Day the greatest ever held.

May every seller of the poppy resolve:

To say a prayer when she wears a Poppy.
To lend a hand to every needy veteran in 1949.
To seek a square deal for every unit in America.
To be an intelligent American Legion Auxiliary member.

New Auto Accident Responsibility Law Starts On July 1

TALLAHASSEE, May 26—(Special)—State Treasurer J. Edwin Larson today called public attention to the fact that Florida's new automobile financial responsibility law will become effective July 1.

It eliminates the "free ride" that had existed in an original law covering financial responsibility for automobile accidents in which injury to person or property damage of \$50 or more occurred.

The new law, enacted by the 1949 legislature and signed by Governor Fuller Warren, makes an automobile driver responsible for damages caused in an accident, and settlement of damages must be made and proof of financial responsibility must be established or the driver's license may be suspended.

The new law, Larson said, provides greater safety and financial security for the public by eliminating the "free ride" provision in the original law. That law required a driver at fault in an accident to show financial responsibility for some future accident, but did not require settlement of damages in the first accident.

Larson said most automobile drivers who would want to obtain liability insurance would have no difficulty. However, in instances where a driver may be considered a "bad risk" there will be an "assigned risk pool" by insurance companies so that each company will handle a proportionate share of any undesirable risks. Any person who has difficulty in obtaining insurance may request the insurance agent to submit his application to the assigned risk pool with headquarters in Jacksonville and the application will receive special attention.

Larson called upon all insurance agents throughout the state to cooperate with individuals who find it necessary to make application to the assigned risk pool. Additional assistance will be offered by representatives of the state financial responsibility department of the treasurer's office.

Longwood

By MRS. J. H. MENICK

The Woman's Auxiliary of Christ Church had an interesting membership present at the monthly meeting at the home of Mrs. George Bridge Thursday afternoon.

Rev. H. L. Zimmerman of Sanford made an outline of history of the Prayer Book and led the devotional. Mrs. Maude Tupper gave an informative reading on missions.

The Episcopal convention in Key West was reported by our delegate Mrs. Bridge stressing the splendid sessions of the auxiliary and the large congregations present. Toward the Sanford hospital drive ten dollars was voted. Refreshments were served by the hostess. Present also were Mrs. C. B. Seary, president; Misses

LeRoy Hennessey, Herbert Balance, Marie Dige, Mary Longenback, Charles Nickols, F. C. Slade, Ray Voorhies, J. Henry Menick.

The next meeting will be in October. Bishop Coudjutor Henry Louttit will administer the rite of Confirmation at the 3:00 P. M. service in Christ Church on May 29. Commencement at Lyman school will be annual spring song recital by Lyman Glee Club, directed by Mrs. Rayburn Milwee Thursday night, June 2. The Baccalaureate sermon will be delivered on June 5. Eighth grade exercises will be held on June 9.

Events at Longwood Hotel: The X Club of Rollins College had its banquet and dance Saturday, May 21. Lyman High will have their Prom Friday night. Lyman Hall members of Rollins will have a dinner dance on Saturday night for forty couples.

The Sanford Haddasah Club had its regular luncheon May 17 for 16 members. A delightful stork shower for Mrs. Earl Blankenship was given by Mrs. Milwee and Mrs. James Payne Friday afternoon in Liberty Hall. Many guests were invited who brought beautiful gifts for the honor guest. The table was centered by red Hibiscus and fern. Delicious refreshments were served.

VOYAGE BOOSTER NEW YORK, May 26—(AP)—Joe DiMaggio, who has spent the season nursing an aching heel, is going to test a "morale booster."

The Italian Historical Society of America said today it planned to honor the New York Yankee outfielder as the outstanding American of Italian extraction in the field of sports.

Analysis Of Lake Is Witnessed By Lyman Students

On Wednesday morning at 11:00 Professor Glen Payn's 10th grade biology class from Lyman High School in south Seminole County witnessed a farm fish pond analysis on the pond jointly owned by M. C. Cullum of Sanford and Ross Mobley of Longwood. Making the analysis was Howard Disland, biologist with the U. S. Soil Conservation Service.

Pond analysis is available free of charge to cooperators of the Seminole Soil Conservation District as part of a complete soil and water conservation farm plan. Assisting Mr. Disland were L. A. Jacobsen, planning technician and

George Keen, conservation aid. R. T. Milwee, a supervisor of the Seminole Soil Conservation District arranged for the analysis and accompanied the students to the pond site. An analysis of the pond owned by Martin Anderson was also made during the morning.

Board of Supervisors, Seminole Soil Conservation District, met Tuesday afternoon in the office of County Agent C. R. Dawson with R. F. Cooper, chairman presiding. Other members of the Board present were: R. T. Milwee and Tom McLain.

Considerable discussion was given to the prospective purchase of equipment with money appropriated to Soil Conservation Districts by the State. A ditch bank weed burner which was constructed by the Stine Machine Co. will soon be ready for rental to farmers in Seminole County. Mr. Cooper pointed out that considerable difficulty had been encountered in securing the proper type nozzle, but a source of supply had been found and the nozzle ordered. It was announced that Mr. Cooper had been appointed as a member of the Soil and Water Conservation Committee by President C. Parks Anderson at a Directors Meeting of the State Association of Soil Conservation District Supervisors held in Gainesville on May 11.

The Board was pleased to have H. S. McLendon, Extension Conservationist from Gainesville, take part in the meeting.

YESTERDAY'S STARS By ASSOCIATED PRESS Jackie Robinson, Dodgers—continued hot hitting spree with two-run homer and single, boosting RBI total to 34 in 8-6 win over Pittsburg.

Tommy Byrne, Yankees—struck out 12 Tigers in winning third straight, 6-2, with five hits.

BIBLE VERSE TODAY

Millions habitually follow the crowd. Better find out where the crowd is going. Thou shalt not follow a multitude to do evil—Ex 23:2.

That is the perpetual law. Sometimes a palm tree is stricken by blight or drought, and all trees finally die. That does not change the law. The righteous shall flourish like the palm tree.

News item: The front of The Herald building is under-going a face lifting operation.

Mrs. Kasenkina who jumped out of a third floor Soviet consulate window in order to avoid going back to Russia has made \$45,000 during the past year. She did it writing articles about her experiences.

The "Red" Williamson mentioned in the article "Are the Odds Against You?" published in the Wednesday issue of the Herald, is the same Lieut. Ivan B. (Red) Williamson who was the recreation officer at the Sanford Naval Air Station in the closing months of the war.

There is never any trouble passing an appropriation bill. Everybody is in favor of bigger and better appropriations. It is only the tax bills that some disgruntled citizens object to, that frighten congressmen and legislators.

The Junior High School library needs books, but don't use this as an excuse for cleaning out your attic. The library wants good books, books that are right for children to read. It isn't the binding that makes a book good, but what lies between the covers.

What do civic clubs do that is worthwhile besides meet once a week, eat luncheon, listen to pious platitudes and adjourn? Well, Rotary International announced the other day the award of 56 fellowships to young men and women in 20 different nations of the world.

The struggle to put over the hospital drive is but further proof of the need for a Community Chest here. The crying need of the hour, say the Hospital drive committees, is for workers, for solicitors to go out and canvas the public.

From now through the month of June the Society will conduct a statewide campaign to raise the necessary funds to provide new buildings, playgrounds, gardens, medical and health units, in fact every facility needed to protect and care for these children.

Blame For Bavaria

Prussia used to be thought the incarnation of all the qualities which the world disliked in the Germans. The real blame should be laid on Bavaria, says Gerhart Seger, a former member of the German parliament, writing in the New York Times.

This was because of Bavaria's previous record as a protector of the Nazis. The first Nazi uprising took place in Bavaria in 1923. When Prussia, then ruled by democratic forces, demanded that Hitler be expelled from Germany, Bavaria opposed this move, and by preventing it brought on the later ruin of Germany and almost half the world.

It is not clear why the Bavarians should have this record. They used to have the reputation of being a kindly folk given to music and art. Perhaps it was only circumstance which gave Hitler friends there when he had none elsewhere.

Family Numbers

The smallness of the American family is a perennial cause for concern among some sociologists, historians and philosophers. Sometimes a government subsidy even is suggested to encourage larger ones.

If larger families are to be encouraged generally, social pressures will have to change. Modern entertainment habits make the small family, with few ties and responsibilities, seem to have more fun than the larger family.

Marathon Novel

Upton Sinclair says he is through. This summer he will have completed the tenth and last volume of his series of novels of Lanny Budd, wealthy, talented, popular, confident of the great ones of this earth.

This culminating achievement of Sinclair's literary life comes just when the Russians have dropped him. He used to be their favorite foreign author. Being a Socialist, however, and not a Communist, he has fallen under their ban.

Too Late To Classify

In Jacksonville there is a kindly, warm-hearted hard working man who is in just about the same position as the "old lady" who lived in a shoe and had so many children she didn't know what to do.

He is affectionately known to thousands as "Daddy Fagg" and during the last forty years or so his organization, "The Children's Home Society of Florida," has been daddily and motherly as well to over fifty-four thousand homeless, helpless, orphaned and less-chanced children of Florida.

They have come from every nook and cranny of the state, from every county and section and all have been warmly received and provided for. Good homes have been found for thousands of them with responsible foster parents. They have all been given the help and care that every child is entitled to and this has been provided at no cost to the taxpayer.

Known as "Florida's Greatest Charity," The Children's Home Society of Florida has more than earned the right to this title and the splendid part of it is, the wonderful work it has done can be credited to the true American Way of Life, because it has been done not through forced action, taxation, political bureaucracy or a police state, but through the generous, willing contributions of free and independent citizens who recognized the merit of the work and voluntarily gave of their time, effort and money to further it.

It is indeed refreshing in this day of socialized thought and governmental patronage to find an organization such as this flourishing and carrying on so effectively and efficiently with no other resource than faith and courage so great that it has met every financial need because the world is still abundantly blessed with those who have loving and understanding hearts.

I received a letter this week from Daddy Fagg calling my attention to current needs of the Children's Home Society and presenting an opportunity for service that comes just once in a lifetime—the opportunity to take these needy helpless little ones from the present crowded, dangerous fire-trap buildings, they now occupy and place them in safe, modern, pleasant surroundings where they will have every facility necessary for their welfare.

From now through the month of June the Society will conduct a statewide campaign to raise the necessary funds to provide new buildings, playgrounds, gardens, medical and health units, in fact every facility needed to protect and care for these children as they should be cared for.

THE WORLD TODAY

By DEWITT MACKENZIE

The Communist capture of the great international port of Shanghai is a further demonstration of the power behind the Red offensive which is sweeping southward in China, but it is a victory which may prove to be a mixed blessing.

It takes a lot of doing under the best of circumstances to provide for some 3,000,000 souls. And the circumstances surrounding this vast metropolis now are far from "best."

Before the present crisis Shanghai was fed under an arrangement with the American Economic Corporation Administration. The Administration provided half the food required, and the Chinese Nationalist government undertook to get the other half, buying it from the Asiatic rice-growing countries like Burma, and from the countryside near Shanghai.

The ECA has had a great responsibility in the feeding of Shanghai, and still has on hand close to \$50,000,000 which Congress has authorized it to spend for China during the current year.

However, the ECA has worked under a basic policy precluding the expenditure of this money to Communist-held areas. Therefore, unless there is some change in this policy, the supplies must now halt.

The ECA has figured on maintaining a 30-day supply of food and fuel in Shanghai. Nothing has gone into the city during the past week, owing to the Red seizure, and so there may be about a three-day supply on hand.

After that—what? Even if the ECA continues to function the task of securing sufficient food would be terrific, especially in view of crippled communication. Should Shanghai get really hungry, the situation would be appalling.

Presumably the Communists will have to purchase supplies in foreign countries from private sources and move them by fast if they can. In that connection, with ECA barred from trading with the Communists, there is nothing to prevent the Reds from turning to the United States for supplies.

Approximately the Communists will have to purchase supplies in foreign countries from private sources and move them by fast if they can. In that connection, with ECA barred from trading with the Communists, there is nothing to prevent the Reds from turning to the United States for supplies.

Probably the greatest tribute to the Society is the fact that it enjoys the good fortune of having three thousand three hundred and twenty-four outstanding citizens combining their efforts as official representatives. These good folks who are already contributing their time, effort and money to this worthy work call on you to join them and urge that you make your contribution early so that the necessary funds can be made available and the building started soon.

Be prompt and be generous. The need for these permanent fire-proof buildings is really desperate. Present buildings are old and totally inadequate and are such potential fire-traps that the children should be gotten out of them as quickly as possible.

ALTHOUGH FORCED TO LIE FLAT ON HIS BACK, this veteran at the hospital at White River Junction, Vermont, keeps his hands and mind busy making poppers for the American Legion Auxiliary.

Congressman Herlong Reports

By SID HERLONG

On the lighter side, the Democratic and Republican Congressional baseball teams are now in the throes of preparing themselves for their annual charity baseball game. This year it will be held at Griffith Stadium June 3rd. A sample of the interest shown in the game is reflected in the column which appeared in the Washington Sunday Star May 15th by Lewis F. Atchison, as follows:

"Jubilant after watching his Democratic diamond forces go through their first workout without a single call for first aid, Manager Green (Muggsy) Harris last night reached the prediction stage. He predicted that, despite the big things arranged by the committee in charge of entertainment for the Republican Democrats, he has taken the matter of the game as a whole very seriously. He is not only a fan of the game but also a fan of the American people and the American flag."

There are indications that the game will be a success. The fact that the game is being held at Griffith Stadium, a place which has been considered one of the best in the country, is a sign of the respectability of the game. The fact that the game is being held at Griffith Stadium, a place which has been considered one of the best in the country, is a sign of the respectability of the game.

THE NATION TODAY

By JAMES MARLOW

WASHINGTON, May 26—(AP)—That's a much meeker sound President Truman's Democrats are making in Congress now.

They came in with a roar in control of the 81st Congress, after blasting the Republicans' 80th Congress as a "do-nothing" bunch. And when they came in they had the President's program, which was the Democrats' campaign promises, spread out like a big feast.

Almost five months have passed since they opened up shop. And what has this 81st Congress done about the program?

About all it's done is to pass the new rent control law. Republicans and Democrats teamed up to put that over.

And the time is getting painfully short to do any more. Yesterday Senator Scott Lucas of Illinois, leader of the Senate Democrats, came out of a White House conference with Mr. Truman and said:

"He expects this congress to finish up for 1949 by July 31, or just a little more than two months from now."

What's going to be done by then? Senator Lucas listed these three things as the main goals: 1. Repeal of the Taft-Hartley Act. The House took one crack at this, argued a week, got backed

in Foster Furuboh, who seemed nimble about and—although a Harvard graduate—surprisingly aloof.

Biggest eye-opener, however, was the home-run clouting of John (Habe) Blatnik, also from Minnesota.

"Had to take the bat away from him to stop him from breaking up the practice," reported Fishbait. "He hit two balls over the fence and we only had three. I guess we'll have to restrict our hitting to triples in practice from now on."

Representative Sid (Flash) Herlong, who is almost ineligible for the game, being a former president of the Florida State League, was kept out of action by the lack of a southpaw mitt but took his regular turn at bat. A count of noses also turned up a former Georgetown athlete in Gary Clements, who according to Fishbait, pitches catches plays second base and a mouthorgan.

"That's good old Democratic versatility for you," said Fishbait.

When the Senate gets around to it, more debate, more time used up.

But what of the health insurance program which Mr. Truman talked so much about? No chance for it this year, Lucas said.

With the time schedule Lucas has set, you can kiss goodbye to any chance for action on the civil rights program.

House? The Senate has passed a public housing bill. The House hasn't grappled with it yet. And it may not pass there.

Republicans in the House are ganging up on the housing bill and if enough Democrats join them, goodbye housing bill.

And Congress hasn't yet voted the money for carrying on the Marshall Plan. Nobody knows what's going to happen to that House members, including some Democrats, are figuring on cutting it to ribbons. And the Senate hasn't voted money for it, either. It's due for a big argument and maybe a big out in the Senate.

And then there was a new farm program the Trumanites laid before Congress. Senator Lucas' schedule doesn't make any room for that.

As for Mr. Truman's idea of raising taxes, that seems dead and done for.

Altogether, the things the Democrats are now trying they'll do this year are getting smaller and smaller.

Of course, 1949 is only the first session of the 81st Congress. The second session starts next January. Maybe something will happen in 1950. Maybe. The Congressional elections are in 1950.

You can make peanut candy at home quickly by melting a cup of sugar over low heat, stirring as you do so, then adding a cup of chopped peanuts.

THURSDAY
 Seminole Rebekah Lodge No. 43 will meet in regular session at 8:00 P. M. in the Old Fellows Hall. Members are urged to be present and visitors are welcome.

FRIDAY
 Pupils of the Duxbury School of Dancing and piano pupils of Mrs. Edgar Mitchell will present a joint recital at 8:00 P. M. at the Woman's Club. All parents and friends are invited.

The Sanford Townsend Club will meet at the Tourist Center. Games and refreshments will be enjoyed following the business session. The public is invited to attend.

The Jacaranda Circle of the Sanford Garden Club will meet at the home of Mrs. J. N. Gillon at 10:30 A. M. to form a motored to Rock Springs where a picnic will be held.

FRIDAY
 The board of managers of the Sanford Woman's Club will meet at 9:30 A. M. at the club house on Oak Avenue.

Hollywood

HOLLYWOOD May 26-27
 A young cowpoke went riding to Hollywood one day.

The first line of Stan Jones' sensational song hit, "Ghost Riders in the Sky," almost fits his own story.

The haunting song astounded the music business last week by leaping to the top of the Hit Parade without a previous showing in the top time list. Observers believe it's the first time this has happened.

Jewish Appeal

(Continued From Page One)
 month, Mr. Morgenthau observed, "what will be our achievement if we empty the camps in Germany only to face new and larger DP camps on the very soil of Israel?"

He pointed out that "At this very hour there are more than 600,000 newcomers in the Jewish state living on the bare ground, in reception centers no better than the camps from which they fled," and urged the local leaders who attended the dinner in honor of Dr. Weizmann to "make a supreme effort to collect large sums of cash in the next ten days," for the United Jewish Appeal, lest the Government of Israel find it necessary to curtail immigration.

"It was full time now," Mr. Morgenthau cautioned, "then everything for which they fought will be lost."

happened. The event makes a double Valley under the current song of Tin Pan Alley.

The story of the song goes back to Jones' boyhood on the range near Douglas, Ariz. An old cowboy filled him with stories about a ghost herd in the sky pursued by a band of hellfire devils. The old-timer was said to have seen the ghost riders just before he died.

Jones' range career was interrupted by a hitch in the Navy before the war. After serving as a Red Cross worker during the war, he became park ranger in Washington State, then at Death Valley National Monument.

At night Jones would strum a guitar and sing his songs for the company. Last year when a film company was shooting in Death Valley, the studio heard him and advised him to take his songs to Hollywood.

Jones took the advice and tramped around to music publishers. They all shook their heads. "Too hymn-like," they shrugged.

He was about to return to Death Valley in despair when he encountered Edin Ahles in a music store. He buttonholed nature boy and played his songs. Ahles liked "Ghost Riders" and referred it to Halstead Singer Burdette.

Eves recorded the song and a record official referred Jones to Edwin H. Morris of Sunfair Music Publishers. Morris snapped up the song and it was started on the golden trail. Victor quickly recorded it with Vaughn in Death and stole the play by flooding the market with discs.

Morris, who also published the skyrocketing hits "Pistol Pickin' Mama" and "Nature Boy," can't put his finger on the reason for the song's sudden success.

"I couldn't be the time-everybody knows it's taken from 'Johnny Comes Marching Home,'" Morris says.

Jones himself is astounded by the success. He stands to make around \$30,000 from the song alone, not had scratch for a guy who was getting about \$3,500 a year working for the government.

Appearances are being arranged for him by the William Morris Agency and there is even talk of a picture at Warner's. But 34-year-old Jones reckons his stay in show business is only temporary.

"There are too many curbstones around here for me," he says. "But I figure if I hang around the hot lights I might be able to retire sooner than if I kept working for the Interior Department."

He hopes some day to retire with his wife to a little ranch in Nevada. And he's got a lot more score in his lap which he thinks will bring that day closer.

Personals

James Rivers has returned to his home in Cordele, Ga. after spending a few days in Sanford.

J. E. Jackson is confined to Duke University Hospital in Durham, N. C. where he is under observation.

Friends of Mrs. G. W. Willis will regret to learn that she underwent a major operation last evening at the Fernald Loughton Memorial Hospital.

Mr. and Mrs. Volle Williams, Jr. and son have arrived to spend some time with Mr. Williams parents at their home on Magnolia Avenue.

Mr. and Mrs. E. A. Perry of Miami have returned to their home after spending the past week with Mr. and Mrs. Herman E. Morris and sons, Robert and Ernie, at their home on Locust Avenue.

Miss Mary Joyce Stevens and William Earle, Jr. of this city are listed among those who plan to graduate on June 1 from Florida Southern College in Lakeland. The graduating class is the largest in the history of the college. Both Miss Stevens and Mr. Earle will receive Bachelor of Science degrees.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Charles Shaw announced today the birth of a son Richard Charles on May 25 in Camden, N. J. Mrs. Shaw will be remembered as the former Miss Betty Petras.

Mr. and Mrs. E. M. Blackwelder today announced the birth of a daughter Rita Kay on May 24 at the DeLand Hospital. Mr. Blackwelder is the former Miss Ruby Anderson of this city.

Mr. and Mrs. J. A. Stewart announced the birth of a daughter, Frances Constance on May 25 at the local hospital. Mrs. Stewart will be remembered as the former Mary Joe Burke.

John Kader Honored

The Young Men's Bible Class of the First Baptist Church met at the home of Mr. and Mrs. Herman E. Morris on Tuesday evening for a sing fish and bunny puppy fry in honor of John Kader, who plans to leave during this week for Elgin, Ill. to take an extended course in watch making.

An appropriate going away gift was presented to Mr. Kader by Cliff Ahles. Fish for the occasion were caught by Mr. Morris and

Mitchell, Duxbury Students To Perform

Pupils of the Duxbury School of Dancing and piano pupils of Mrs. Edgar Mitchell will present a joint recital tomorrow evening at 8:00 P. M. at the Sanford Woman's Club. Awards will be presented during the evening to pupils of both schools for outstanding performances or achievements during the past season.

The recital marks the closing of the winter season for the schools with classes in ballet, tap and acrobatic dancing beginning at the Duxbury School on June 13 at 9:00 A. M. under the direction of Mrs. A. B. Duxbury. Piano classes of Mrs. Mitchell will resume with the opening of the coming year.

Students who will participate in the piano recital include Marcia Bumgarner, Jennie Holcombe, Shirley Tyre, Maxine Holcombe, Tommy French, Bobby French, Billy Tyre, Bryant Hodgson, Ronnie Franklin and Bobby and Tommy French.

Dancing students participating with Mrs. Kader include: Marjorie Estlander, Betty Sue Huffman, Sandra Kader, Scooter Martin, Judy Robb, Mary Washburn, Marilyn and Carolyn Washburn, Dottie Williams, Dian Alken, Louise Ginson, Sandy Martins, Bobby Nunson, Jean Southward, Maitha Cameron, Claudette Wais, Rosalind Hatfield, Barbara Bradley, Susan French, Margaret Jones, Deanna Nichols, Michael Pope, Gayle Raulerson, Sally Robb, June Jennings, Sally Name, Dianna Fleicher, Lynn Ginson, Peggy Jane Lundquist, Shirley Moran, Nancy Robb, and Irma Jean Corley.

Also Patsy Gruber, Judy Heron, Carolyn Kinard, Marilyn McDonald, Anita Alken, Jacquelyn MacDonald, Jeanette Bullard, Nancy Cash, Janice Kinlaw, Susan Shames, Mary Rose Spear, Margaret Jones, Sally Chan, Colleen Engstrom, Joni Saunders, Patricia Tooke, Marcia Greber, Jack Cash, Buddy Foster, Bobby Little, Yvonne Cullen, Joan Wright, Jane Davis, Joan Humphrey, Aquiline McDonald, Ann Whitaker, Norma Faye Harvey, Beverly Gleason, and Diane Moye.

Mrs. Pezold Honors Miss Singletary

Miss Cherry Singletary, a member of the Seminole High School graduating class and daughter of Mrs. W. H. Singletary, was honored on Tuesday afternoon at 4:30 o'clock with a party given by Mrs. Paul Pezold at her home on Palmtoe Avenue.

Lovely arrangements of red gladioluses and white calla lilies were used in decorating the rooms and carried out the class colors of red and white. At one end of the refreshment table a crystal bowl held red roses and white tapers were placed in crystal holders. Punch was served from the other end of the table.

Delicious refreshments consisted of open faced sandwiches, olives, pickles, small cakes topped with a miniature diploma tied with red ribbon, fruit punch and mints. Assisting Mrs. Pezold in entertaining and serving was Mrs. Singletary, Miss Beverly Graudick and Miss Pat Brown. The hostess presented the honoree with a gift of lingerie.

Those enjoying the affair with Miss Singletary were her mother and the Misses Virginia Johnson, Joann Spaulding, Anna Corley, Nancy Jean Appleby, Gladys Wells Kathleen Babcock, Olive Ann Adams, Maryann Galloway, Barbara Ann Edenfield, Barbara Rucker, Niele Kirchhoff, Lila Leffler, Endely Meisch, Carol Jean Meiwether, Carol Skinner, Mary Rene Hall, Betty Duncan, Mary Helen Ann Aiken and Ellen Westmoreland.

Paty Ann Davis Is Given Birthday Party

Miss Patsy Ann Davis was honored on her tenth birthday with a party given on Monday by her mother Mrs. J. C. Davis at her home on Magnolia Avenue. Guests consisted of the usual group of young folks, individually wrapped candies were distributed as favors during the afternoon.

As Miss Davis opened her gifts "Happy Birthday" was sung to her by the guests and games

Oviedo Growth

(Continued From Page One)
 in celery prices encountered this year, growers in the Oviedo section have prospered, and now with the deal nearing completion, the market is much better, Mr. Talbott said. Celery in the section totals about 1,200 acres, he said, with more Pascal than Golden variety. Quality of the Pascal has been outstanding, he declared.

Home building has continued steadily and among the fine new residences are those of C. T. Niblack, John Ulrey, Bill Culbert and W. H. Spencer, Jr.

A utility tax with a \$1.25 maximum levy, brings the city about \$200 a month income, according to maintaining the fire truck and equipment. Operation of the Fire Department is under direction of Oviedo Memorial Post No. 243.

An active force in community betterment, the Legionnaires are carrying out improvements for new recreation facilities. Among these are two new concrete tennis courts near the Oviedo School. New bleachers designed to seat 300 to 500 fans, are under construction at the baseball diamond. Sweetwater Park has been put into good condition for outings and picnics and the swimming pool will be opened on June 1.

On July 4 the Legion will stage its big annual barbecue at the Park and a fine program is planned. Visitors from all over the county and district attend this event, and politicians broadcast their best promises and get caresses on their palms from shaking hands. Old-time talk old times, youngsters frolic in the pool and young folks enjoy square dancing to the lively tunes of a string orchestra.

Another project of the Legion has been to sponsor a Junior League Baseball Team.

Among the women the Oviedo Woman's Club is an active organization. It held its last meeting of the spring season on May 13 and adjourned until October.

Mr. Talbott will serve his term of office as mayor until December. The Council includes M. L. Gary, M. L. Gore, R. W. Estes, C. T. Niblack and J. M. Straley.

They were enjoyed throughout the afternoon. Refreshments consisting of ice cream and cake were served by Mrs. Davis assisted by Mrs. Nancy Brock and Miss Phyllis Wyatt.

Those attending were Miss Davis, Kaye Bryan, Tommy Wyatt, Donald Matthews, Sarah Dunn, Peggy Ann Thornley, Robert Carver, Joyce Benton, Earl Benton, Brantley Schirard, Frances Middleton, Betty Westfall, Floyd Dossey, Sylvia Pearson, Patsy Malone, Meredith Scott, Billy Kirchhoff, Betty Alford, Marcia Lechelt, Joyce Brown, Margaret Jones and James Davis.

Clay Returns Home

(Continued From Page One)
 Marietta Air Base from Washington at 1:00 P. M. (EST). They will be accompanied by their son and daughter-in-law, Col. and Mrs. Lucius D. Clay, Jr.

After a hand-shaking, back-patting session at the airport, the 52-year-old General will step into a motor car for a long, winding parade through his old hometown. Five hundred shouting dragoons will weave through the streets and decorated little town, 20 miles north of Atlanta.

Two old negro servants, who have been with the Clay family for years will be in the parade at the General's request. They are Gustie Daniel, a cook, and 85-year-old Ruben Johnson.

Others in the parade will include high army officials, about half of the members of the state legislature, five Georgia congressmen, and most of the judges of the Georgia Supreme Court and court of appeal.

An honor guard of 1,000 soldiers from Fort Benning will be on hand. Four local regiments following the celebration, General Clay will return to Washington. He is scheduled to return from the Army Sunday.

Daytona's Lichens Raps Double To Nip Giants In 3-2 Tilt

Toncoff, Making 1st Appearance, Paces Sanford's Attack; Cataldo Hits Homer

DAYTONA BEACH, May 26.—(Special)—Leftfielder Eddie Lichens last night drilled a sixing double down the third base line in the last of the ninth inning to score the winning run that gave the Islanders a 3 to 2 triumph over the Sanford Giants and pitcher Lou Hevil his seventh win.

The Islanders had come from behind in the last of the eighth to score twice and tie the Giants at 2-2 to get back into the ball game. The flash finish in the ninth was the second Frank Merrill type of ending for the Demmenians in the last two nights.

Manager Sam Demma, now bench manager for the Islets, was present at the game with his fractured right ankle in a plaster cast and steel stirrup, stumbling back and forth from the dugout to the third base coaching line, and drew a great hand from the stands.

Lou Hevil not only pitched the Islanders to his seventh win, but used a bit of strategy in the last of the eighth which brought in the tying run.

Sanford had scored in the sixth on a walk to Jim Jones, a sacrifice by Connie Kavakis and a single by Johnny Toncoff. In the first of the eighth Centerfielder Tom Cataldo luffed a home run over the leftfield fence for the Giants' 2-0 lead.

But in the Islets' half of the eighth Jim Emmerich singled into center and Bob Tucker drew a walk. Leo Hipp advanced both by a sacrifice. Clayton Sterling grounded out, third to first, to score Emmerich. With two away and Tucker on third, Hevil came to bat and, after swinging hard at one ball, hunted a slow roller to center pitcher Charlie Rose and first baseman Fred Weber, catching them flatfooted, scoring Tucker with the tie and getting credit for a base hit.

In the Giants' half of the ninth Hevil bore down to strike out two batsmen and the third popped out to Gus Montalbano. Montalbano was first man up in the Islets' half of the final round, and drew a base on balls. Jack Henley popped in the pitcher attempting to sacrifice. Then Eddie Lichens came up, and lashed his hot ground ball down the third base line, fair by inches, and Montalbano scored all the way from first base with the winner.

Hevil gave up four hits, walked five, fanned six, batted Charlie Rose allowed five safeties, walked five and struck out four. John Toncoff, in his first appearance with Sanford as catcher notched two singles for four trips to lead his team to bat.

Tonight the Giants move to Palatka for a single contest with the Azaleas, and it is likely that Manager Hal Gruber will send Joe Schultz to the hill to face Manager Hitt Mott's aggregation. Tomorrow evening the Palatka team moves to Sanford, and Budly Lake will receive Manager Gruber's nod for the hill assignment.

Meanwhile, Leesburg and Orlando, the two bottom teams of the Florida State League, ended losing streaks yesterday.

Tail-end Leesburg lost to Palatka, 8-5, after three losses in a row and 29 in the first 41 games. Orlando had dropped four straight before winning over St. Augustine, 6-2. Gainesville trimmed DeLand, 6-1.

Joe Masella pitched Leesburg's victory was topped for 11 hits. Bob Rodriguez and Or Aragon homered to lead the Dodgers in scoring all their runs in the first

two innings. Walt Singer also homered for Palatka.

Ed Davis got his second win for Orlando although St. Augustine got to him for 11 hits. The Senators lunched their 10 hits better, getting five runs off starter Hal Heiner in the first three innings.

Gainesville pitcher Thurman Terrell limited DeLand to just three hits, Jim Rivera and Dave Burke helped give him a working margin with three hits each.

COMMENTS From The SIDELINES

BY ARTHUR BECKWITH, JR. Herald Sports Editor

U. OF MIAMI

The University of Miami is becoming one of the ranking "powers" in the sports world of the South, and we are glad to see another Florida school hit the limelight.

The national championships, three Southern championships, five state championships and a tie in the sixth sport are visible proofs of one of the most successful sports years in the University of Miami history. These were accomplished by the school this year.

Maintaining varsity teams in nine sports, the University of Miami gained 81 victories, lost 27 contests and tied once in sports competition this year. It was undefeated in dual competition and its swimming and track had but one loss. The overall winning record of .737 is believed to be the best of any college or university in the history of the state.

The polo team, winning nine straight matches, won the national championship for the second consecutive year. Miami has never been defeated in this sport. Carl Hernandez of the boating team won the national boat-hoisting title as well as the Southern crown. He was rated as an outstanding boxer in the Southern tournament and was runner-up for the title in the nationals.

The golf team won both the Southern and the state crowns, went undefeated in dual competition and may win further national recognition.

The tennis team, undefeated in 25 matches, shares the state title with Rollins.

Miami's state titles were in basketball, swimming, golf and polo. The football and track teams were runner-up to the University of Florida, and the baseball team finished third in the state race.

Hats off to the Miami Hurricanes! We are going to hear much more of their activities in the future.

RIKE 'N THREE

Tommy Cataldo, Sanford centerfielder, was tossed out of the Sanford-Daytona Beach baseball game here the other night for calling Plate Umpire Hank Gornike a "lemon." If Gornike is so small that he can not take that, he might as well hang up his blue uniform and seek employment in another profession, because if he sticks around baseball very long he will be called a lot worse things. We can think of a few things to call him for not being a better man than that.

Congratulations to the Sanford Rotary and Lions Club for their work with the youngsters of the Sanford area this year. The Lions have completed their 22nd year as sponsors of their Junior League, giving the boys of the area clean supervision, recreation, the civic clubs assisting in the development of better men for tomorrow. Nearly 200 boys participated in the program this year.

Savannah Indians Boost Loop Lead With 2-Game Win

By ASSOCIATED PRESS

The Savannah Indians increased its lead in the South Atlantic League last night by taking both ends of a twin bill from the Greenville Spinners. They won the first game, 3-2, and whitewashed the Spinners, 2-0, in the nightcap.

The largest crowd of the season, approximately 4,000 was on hand in Meadowbrook Park to see the Indians score one run in the sixth to grab the opener, and come back with two runs in the ninth to win the second game.

The double defeat dropped the Spinners from third down to fourth position in the standings.

The Peaches of Mazon counted four tallies in the top of the ninth to beat the Columbia Reds, 7 to 3, and move into the third spot.

The Columbus Cardinals punted the Augusta Tigers, 7 and 4. Jacksonville's Tars scored a 5 and 2 triumph over the Rebels of Charleston.

The Peaches were limited to four hits during the first eight innings by Frank Childs. Then they got to him for five safeties in the ninth, converting four of them into runs.

The Cards staged a five-run rally in the ninth for their victory over Augusta. Joe Poppiari was the victim of the Columbus upsurge. Lew Colombo socked a home run for the Cardinals' first score in the fourth.

The game was preceded by the home plate wedding of Tiger pitcher Ray Louthen and Miss Ann Rich.

Hoyt Wilhelm hurled five-hit ball to lead the Tars to victory over the Rebels. It was Wilhelm's fourth victory against two losses. Starter Al Cleary of Charleston was charged with his fourth defeat. He allowed eight hits and five runs, four earned. Ray Sult relieved him in the eighth, and held the Tars scoreless in the last two innings.

Umpire Gornike Is Fined By Butler

GAINESVILLE, May 26.—(AP)—(Special)—League President Jim Butler yesterday denied the Islanders protest of the Daytona Beach-Palatka game there last Sunday, so the tilt remains an islander loss.

Butler, however, fined Umpire Hank Gornike \$10 for permitting Palatka Manager Hitt Mott to remain in the dugout after having been ordered out of the game, which was the reason Acting Manager Lou Hevil had protested.

Doby Blasts Long Homer For Tribe

WASHINGTON, May 26.—(AP)—

Cleveland's Larry Doby last night hit one of the longest home runs in Washington's baseball history. Reporting his Yankee Stadium performance of last Friday the negro outfielder slammed at an upper, fast ball and hit it over a "high spot" Griffith Stadium's right-centerfield wall.

Veteran baseball writers who date back past the Babe Ruth era estimated the wallop carried 600 feet. It cleared the sign, which is 55 feet above the ground, by about 10 feet.

It was reported later that the ball landed on a roof-top well outside the stadium. The report came from a housewife who telephoned to complain that the ball hit her roof and woke up her children.

Doby's homer with Ken Keltner aboard supplied the only two runs for Cleveland as the Indians dropped a 6-2 decision to Washington. It was the Indians' tenth loss in the last twelve games.

"It was my fifth homer of the year—I think the longest I've ever hit," Doby said in the clubhouse. "I'm sure glad I'm catching on to those fast ones again."

Rupp Wants Olympics To Be Held Yearly

LEXINGTON, Ky., May 26.—(AP)—

The Olympic games should be held every year instead of once every four years, says Kentucky Basketball Coach Adolph Rupp.

Rupp, whose national collegiate champions participated in the basketball phase of the 1948 games, told delegates to the Kentucky Building, Savings and Loan League's annual convention last night that the Olympics can "build more good will than all the ambassadors combined."

"Athletics is unequalled in developing sportsmanship," he said. "Sports are the only pure forms of democracy and free enterprise we have left. Man is pitted against man. No government subsidy can bring in the winner of a 100-meter relay race."

Sports In Brief

GOLF

Richmond, Va.—George Schmitter of Ogden, Utah, led the first day qualifying in the PGA tournament with a 66.

Portsmouth—Frank Stranahan and Willie Turnesa carried U. S. hopes into the fourth round of the British Amateur.

Harford, Wales—Francis Stephens of England and Mrs. Val Redden gained the finals of the British Women's Amateur.

Paris—The favored Los Angeles team of Frank Parker and Richard Gonzalez, gained the semifinals in men's doubles in the French International Championships.

RACING

New York—Alfred Gewona's Vanderbilt's Bud O' Roses won the filly division of the National Stallion Stakes at Belmont, paying \$2.70.

Camden, N. J.—Hedgewood (\$7.40) won the Millville Purse at Garden State.

Arcadia, Calif.—Double Jay (\$20.40) won the Mission Handicap in the Hollywood meeting at scoring all their runs in the first

Red Dulancy Signs With Daytona's

DAYTONA BEACH, May 26.—(AP)—

The Daytona Beach Islanders of the Florida State Baseball League yesterday made Sam Demma their non-playing manager and filled the gap in the roster by signing Red Dulancy.

Dulancy was released as catcher-manager of the Orlando Senators Sunday. He caught for Gainesville last season. Demma, a catcher broke his ankle in a game last week.

Kiwanis Meet

(Continued From Page One) services given by Frank Lamson as past president of the club last year. Mr. Allen presented him with a certificate.

Dwelling on the seven major objectives of Kiwanis for 1949, Mr. Allen pointed out the prevalence of one divorce to every two and a half marriages; unguided children rearing the streets, and schools lacking teachers.

Development of character and self reliance in youth by providing proper guidance, sound leadership, and training for life work, was stressed by Mr. Allen.

Mr. Allen named the fourth objective as combatting Communism and all other ideologies which tend to destroy the spiritual, economic, and political freedom of the individual.

Pointing out the ruthless destruction of national resources, such as waste of forests in Florida, he urged as a fifth objective the conservation, replantment and development of natural assets such as these.

The other two objectives outlined were to strengthen the bonds of friendship between Canada and the United States and support all programs essential to their defense and mutual welfare, and to work for peace and international understanding and further the efforts of the United States and its programs toward these ends.

Edward McKinley, Jr., was introduced as a guest of the Key Club.

Presbyterian Report

(Continued From Page One) ing such laws always do more harm than good. This view is not borne out by the facts.

The report, submitted by Dr. Stuart R. Oglesby of Atlanta and Dr. John H. Marion of Richmond Va., continued: "Since Uncle Sam protects negroes, Jews and other minority groups from brown shirts and black shirts abroad, why shouldn't he likewise protect them from the white sheets and others at home who threaten their civil liberties?"

"Rightly or wrongly, as it goes that question to free the nation as a whole, seems unwilling to wait much longer for the South of its own accord to act in defense of minority rights. Rightly or wrongly it is becoming increasingly ready to run the risks of Southern resentment."

So where does the church stand? Said the report: "for all our

MacArthur's Report

(Continued From Page One) with 100 per cent in Germany and only 20 per cent in Britain. Exports are expected to exceed \$425,000,000 in the year ending June 30 compared with \$103,000,000 in 1946.

In answering charges in the previous article, MacArthur denied that Japanese in-collections have lagged, that bureaucracy and controls are increasing, and that corruption is "shocking" and commonplace.

MacArthur contended the increase in economic crimes was less than in other war ravaged countries and that "political corruption has run afoul of a new popular concept of political morality."

MacArthur declared actual government administrative employees, including postal workers and on that basis, numbered 839,500. He said they were the first to be screened in the occupation purge program.

MacArthur denied he has ever expressed the hope that when the U. S. leaves Japan its political center of gravity will be "a little left of center."

"I have consistently and repeatedly publicly declared that our political aim here lies along the middle road of democracy," he said, adding: "our primary economic purpose has been to lay strong foundations for the development in Japan of a capitalistic system based upon free private competition."

He said that time alone will overcome the war-born antipathy to the Japanese remaining in many lands.

MacArthur denied he has ever expressed the hope that when the U. S. leaves Japan its political center of gravity will be "a little left of center."

He said that time alone will overcome the war-born antipathy to the Japanese remaining in many lands.

Chinese War

(Continued From Page One) But so far the only known foreign casualty was a British subject, R. P. Verenberg, wounded in a street near the American consulate. All Americans, as far as Cabot could learn, were safe.

After hearing the AMA witness, the subcommittee recessed until next Tuesday. The group will resume its study then of the Administration's general health program and various alternate plans.

Goin said that "for 10 years the Federal Security Agency and other government agencies have been spending unauthorized tax funds to thump the drum for 'socialized medicine.'"

"Now, however, when the American Medical Association finally strikes back at the distorted propaganda of the socializers and the government payrollers, we suddenly hear unfounded and untrue charges that the American Medical Association is involving Washington with a high-powered lobby and a huge slush fund. Those charges are absolutely untrue and those who have been making them know they are false."

Goin named no names, but he said: "Through vicious innuendo, false implication and outright distortion, deliberate attempts have been made to undermine public confidence in the nation's doctors, and to make it appear that the American Medical Association is engaged in devious unethical tactics in its opposition to national compulsory health insurance."

Pepper, a co-sponsor of the Administration's health bill, asked Goin how much the AMA has raised to fight the Truman insurance plan. Goin said he had been told about \$1,500,000 already has been collected.

The AMA goal is \$3,000,000, to be raised by a \$25 assessment against each of its members, Goin said.

Goin told the subcommittee the AMA "openly, frankly and honestly" is engaged in a national education campaign to give the people the facts about compulsory health insurance and the facts about voluntary health insurance.

He said: "We frankly oppose the first and we enthusiastically favor the second."

Chinese War

(Continued From Page One) hundreds of foreigners—Americans, British, Portuguese, Netherlands, French—and many Chinese.

Rifle and machine gun fire splattered against some of the structures. A few bullets struck them. Two bullets landed in U. S. Consul General John Cabot's bedroom in the Glenline Building.

But so far the only known foreign casualty was a British subject, R. P. Verenberg, wounded in a street near the American consulate.

All Americans, as far as Cabot could learn, were safe. This was the pattern of the battle of Shanghai on the second day of the communist occupation.

The Nationalist holdout defenders had the bridges. They covered the avenues which lead to Woosung through Hongkew, the part of Shanghai north of Soochow Creek.

The Nationalists had guns and snipers in many buildings. The Communist attackers were inching forward on the south side of the Creek, the area that used to be the international settlement.

In some places they had reached Peking Road and the

mission said today it hopes to open additional television channels in the ultra-high frequencies by "late fall."

These would supplement the present 12 channels in the very-high frequency band, for which most receivers now are equipped. The commission's announcement indicated that the present channels will not be disturbed.

Reds In Germany Enlist Youths In Fight For Peace

'Young Pioneers' Are Formed In Eastern Section Of Nation

BERLIN, May 25.—(AP)—Hitler started indoctrinating German youth in Nazism at the age of ten. But the Communists now call the Eastern Germany start with the six-year child.

"We are not old enough yet to go into the factories and help realize a better life but we are not too young to help fight for peace, because we were not too young either to suffer from the war and its consequences."

This statement was made by a ten-year-old boy at a Communist youth rally. The boy is a member of the "Young Pioneers," a new Communist youth organization comprising boys and girls between six and 14 years of age.

The order to set up the "Young Pioneers" came from the Russian-backed "German Economic Commission," the Communist-controlled de facto government of the Russian zone, which decreed that "youth" groups be set up at every school in the zone.

A Russian zone teacher who recently fled to western Germany said school principals throughout the zone, predominantly Communist, went to work quickly. They got a great number of children to enroll in the new organization.

Meanwhile, political officers were dismissed, said the teacher, when they received the first membership lists from the school principals.

"There are too many members," said the Russian principal, who had to insist on "activist youth" rather than a "mass organization."

5 Negroes Seek Court Order For U Of F Admission

TALLAHASSEE, May 25.—(AP)—Five negroes yesterday asked the Florida Supreme Court to order their admission to the University of Florida.

Among the six to whom the state board of control denied admission to the white state-supported institution on May 13.

In almost identical suits, they alleged they had been arbitrarily refused admission solely because of race and color in violation of the United States constitution.

They claim they are educationally qualified for admission to the university and seek training which the state does not offer at the Florida A. and M. College for Negroes.

The negroes are Ross Boyd of Martin, who wants to study pharmacy; William T. Lewis of Martin and Virgil D. Hawkins of Gainesville, who want to study law; Oliver Maxwell of Bethune-Cookman College at Daytona Beach, chemical engineering; and Benjamin F. Finley of Ocala, agricultural education.

The suits were brought against the Board of Control, President J. Hills Miller and Registrar Richard B. Johnson of the University.

The negroes are represented by Alex Akerman, Jr., of Orlando, former Republican member of the state House of Representatives. He asked for a hearing on the petition for alternative writ of mandamus next Monday, but the court did not set a hearing immediately.

Friendly Greeting At Parley

MEETING IN THE ROSE MARBLE PALACE in Paris at the opening of the Big Four Foreign Ministers Conference, a cordial hand shake is exchanged by U. S. Secretary of State Dean Acheson (right) and Russia's Foreign Minister Andrei Vishinskiy (International Radiophoto)

Public Is Invited To Donate Books To Junior High School

The public is requested to donate books to fill gaps in the shelves of the Junior High School library which has 300 books for 700 children, whereas the ratio should be five books to a child, according to school authorities.

Mrs. Heimen Jacobson is chairman of a library committee and Mrs. S. O. Chase chairman of the book committee which has undertaken to secure the donation of needed books before June 10.

In order to obtain books of proper type and literary value, the following books have been recommended as needed, together with names of authors whose works most necessary reading standards:

- Alec, Louis M.; Allie, Thomas B.; "The Story of a Bad Boy"; Arabian Nights Entertainment; Barbour, Ralph Henry; Barrie, Sir James "Peggy"; Buck, Frank "Animals Are Like That"; Byrd, Richard E. "Skyward"; Clemens, Samuel L. (Mark Twain); Conrad, Joseph; Cooper, James Fenimore; Deane, Richard; "Two Years Before the Mast"; Davis, Richard; Harding, "Real Soldiers of Fortune"; DeLaud, Margaret; "Old Chester"; Dickens, Charles; Doyle, Sir Arthur Conan; "Sherlock Holmes"; Ford, Paul L.; "James Meredith"; Grey, Gene; "Hullington, Richard"; "Book of Marvels"; "Royal Road to Romance"; Harris, Joel Chandler; "Nights With Uncle Remus"; Harte, Bret; "Luck of Roaring Camp"; Hawes, Charles; "Dark Frigate"; Hawthorne, Nathaniel; Hillon, James; "Goodbye, Mr. Chips"; Hough, Emerson; "Covered Wagon"; Hugo, Victor; "The Hunchback of Notre Dame"; Hughes, Thomas; "Tom Brown's School Days"; James, Will; "Smoky, Lone Cowboy"; Johnson, Drifting "Cowboy"; Johnson, On and Martin; "I Married Adventure"; "Four Years in Paradise"; Johnston, Mary; "To Have and to Hold"; Kipling, Rudyard; Lamb, Charles; "Tales of Shakespeare"; Major, Charles; "When Kiplinghood Was in Flower"; Massell, John; Meigs, Cornelia; Montgomery, Lucy M.; "Anne of Green Gables"; Munroe, Kirk; "Through Swamp and Shrub"; Caneconates; "Flamingo Feather"; etc.; Nordhof, Charles; "Mutiny on the Bounty"; Noyes, Alfred; Ollivant, Alfred; "Bob, Son of Battle"; Otis, James; "Tales of Tylis"; Page, Thomas Nelson; "Red Rover"; "In Old Virginia"; Pease, Howard; "Frog-God"; Allen; Porter; Gene Stratton; "Preckles"; etc.; Porter, William Sidney (O. Henry); Pyle, Howard; "Men of Iron"; "Story of King"

DETROIT, May 25.—(AP)—The car industry is virtually certain to set a new production mark for the April-June quarter. Even the Ford shutdown is not likely to prevent it.

The factories built approximately 539,000 units last month to top all marks since mid-1947. They are likely to have made about 550,000 in May. Thus they need only a relatively small volume in June to top the post-war mark of 1,119,841 vehicles built in the final quarter of 1948.

Increased output by most General Motors divisions as well as some Chrysler units and a few of the independents have all helped set the new record. Last week Ford built only 637 cars and 102 trucks. Normally it turns out about 20,000 cars and around 7,000 trucks a week.

Meanwhile, Chevrolet, rolling in high gear, built 23,101 cars and 8,074 trucks.

The industry was all set for the production of more than 1,600,000 cars and trucks in this year's second quarter. Its planning was upset, however, by the assembly line interruptions due to supplier strikes and finally the Ford stoppage.

All the so-called independents excepting Studebaker were hit by the strike in the Healey Aviation Corp. plant at South Bend, Ind. Several were forced to close because that strike cut off their brake equipment. They were able to reopen after getting their dies out of the South Bend factory by court order.

They then shifted their brake business, at least temporarily, to other concerns such as Wagner Electric Corp. of St. Louis.

Most car makers are running well ahead of their last year's production volume. The various General Motors divisions have built about 150,000 more cars so far this year than they did in the

Rollins To Award Diplomas To Its Largest Class In June 2 Exercises

WINTER PARK, May 25.—(Special)—Rollins College will award diplomas to 145 seniors, its largest graduating class in history, at Commencement Exercises Thursday, June 2, at 10 A. M. in the Knowles Memorial Chapel.

President Hamilton Holt, who retires as head of the college after 24 years, has been selected by the senior class to deliver the commencement address. It will be his last public appearance as president in Florida before his retirement on Aug. 31. He has also been elected an honorary member of the class of 1949.

At the same time the college will award special honors to seniors, including the Algerson Sydney Sullivan Medalion for outstanding character, the Libra Cup for a senior woman for leadership, and the General Beave Awards for scholarship to five students.

Candidates for bachelor degrees include Miss Janet E. Hall and Calvin Peacock of Sanford.

75,000 Schools In U. S. Offer But One Teacher

Big Differences In Education Quality Are Cited In Report

By ROBERT E. GEIGER WASHINGTON, May 25.—(AP)—The nation still has more than 75,000 little but not all red schoolhouses with only one teacher.

Most of these are in rural areas. Generally speaking, the most expensive way for a state to give a child an education is in a small school.

This is pointed up by a report from the Council of State Governments, the first study of U. S. education that has been made by any agency representing all the states.

The council report says there are immense differences within many states in the quality and cost of education offered children. These differences exist not only between rural and city schools, but also between different rural schools and between different city schools.

In some states the cost per pupil of operating some schools is ten times as much as it is for other schools.

The report says that in Colorado the operating cost per pupil in one rural district is \$30 but in another it is \$300.

Wyoming claims the student with the most costly elementary schooling, among all the states, is in one school with one student, the annual cost is \$1,773.

New York has a school with three students. The cost per pupil is \$1,050.

The report says it is impossible to compare the quality of schools in many isolated communities, but that the existence of 75,000 one-teacher schools is not justified because of geographic conditions or any other reason.

"The state with the largest number of one-teacher schools, but, as might be expected, one of the more sparsely settled states but the relatively densely populated state of Illinois, which reports 6,778 one-teacher schools," the report says.

Texas, Minnesota, Missouri, Nebraska and Wisconsin have over 4,000 one-teacher schools each. In contrast, Utah reports only 38 such schools and Rhode Island 93.

Discussions of the report by the national commission on school district reorganization, the report says, the commission offers these suggestions:

1. Enrollment in kindergarten and grades one to six should not be fewer than 175 pupils with seven teachers.

2. Junior and senior high school enrollment should not be fewer than 300 pupils with 12 teachers.

3. Elementary pupils should not be required to travel more than 15 minutes and high school pupils not more than an hour each day between home and school.

The council says these suggestions are a good education program cannot be offered to high schools of less than 100 pupils except at excessive cost, if at all.

And yet there are 9,000 high schools with fewer than 100 pupils. Among these 9,000 there are 3,750 with fewer than 50 pupils.

The council says many schools have a high percentage of pupils who are small in most reasonable standard of operating efficiency. What is worse, many have laws that actually encourage districts too small for economy of good education programs.

Discussing the training of teachers, the report says a number of states have lower qualification standards for rural teachers than for teachers in city schools.

"For example, Missouri requires only eight semester hours of college preparation for an elementary school teacher, but the requirement jumps to 40 hours for an elementary school where it is combined with a high school," the report says.

It adds that if any distinction is made, it should require more training for teachers in isolated areas where they are without benefit of supervision or adequate teaching aids.

RED RADIO

MANILA, May 25.—(AP)—The Communist radio in Palapa tonight broadcast speeches of delegates assembled to celebrate the victory at Shanghai.

Speakers extolled Chinese communists to "strive to liberate all of Asia."

Among those the radio said attended were Li Chi San, anti-Kuomintang leader, Chang Lun of the democratic league and representative of the Nationalist peace delegation.

MOTHER SENTENCED

NEW YORK, May 25.—(AP)—A mother convicted of burning the hand of her nine-year-old son last Thanksgiving was sentenced to a term of up to three years in the penitentiary.

General Sessions Judge Owen W. Bohan passed the sentence on Mrs. Geraldine Vetter, 38, declaring she deserved "no sympathy."

Results Of Indiana Tornado

A GARAGE WAS NO PROTECTION for the family as a three-toned tornado smashed through Terre Haute, Ind. The walls were blown in and the ceiling collapsed on the table as the wind tore across the town. Forty-five persons were killed and 100 were injured in the town ripped from the Midwest states. (International)

Volume Of Retail Sales Show 20% Decrease In April

WASHINGTON, May 25.—(AP)—Retail sales in April were about 20 percent higher than March but fell below the level of the same month last year, according to the Commerce Department.

The Commerce Department is putting the figures out today. April total at \$10,400,000,000, or 20 percent above the \$8,600,000,000 of March, but 10 percent below the \$11,500,000,000 of April last year.

Monthly comparisons are somewhat misleading, the department pointed out, because of the effect of the 1948-49 school year. The monthly index has shown a steady decline since January, but it is not yet clear whether the decline is permanent.

Monthly comparisons are somewhat misleading, the department pointed out, because of the effect of the 1948-49 school year. The monthly index has shown a steady decline since January, but it is not yet clear whether the decline is permanent.

General merchandise stores, department stores and drug stores, and filling stations, reported a decline in sales in April. Food stores, however, reported a gain.

The department also reported that the price index for all urban consumers in April was 10.3 percent above the level of the same month last year.

City Manager G. E. Hart and other Miami officials conferred with railroad representatives.

A full discussion was had relative to the business that has been swayed since the late war. The Miami station, particularly the 2nd, 20th street, and the discussion brought out that some further study might clarify the situation, a joint statement said.

It was agreed that the FEE staff would make further study and advise the greater Miami traffic Association and City Manager Hart as early as possible.

GARDEN CLUB AWARD

PORTLAND, Ore., May 25.—(AP)—The highest award of the National Council of State Garden Clubs was presented last night to Liberty Hyde Bailey, Cornell University horticulturist.

The 92-year-old scientist who won the top award of the Men's Garden Club last year was awarded a gold medal for his lifelong contributions to horticulture. The national council created the gold medal for the special citation.

PAY HIKE

MIAMI, May 25.—(AP)—The Miami News and the Miami Herald announced today that a national arbitration board has awarded union pressmen employed by the two newspapers a four percent increase in pay retroactive to Aug. 23, 1948.

The new deal was made by Judge Erskine Malden, Jr., of Youngstown, Ohio in a one-year contract between the newspapers and the International Printing Pressmen's and Assistant's Union of North America, Local 907.

3rd Member Of Shelton Gang Hurt In Ambush

Doctors Say Victim Of Bad In Fight Club Will Survive

LAFAYETTE, La., May 25.—(AP)—Ambush gun boys taken a shot this time probably missed, a crack of the Shelton gang of prohibition days.

The latest victim of Big Earl Shelton, who succeeded to the chieftainship when his two elder brothers were cut down from ambushes, Big Earl was taken to Louisville, Ind., hospital last night with a bullet in the neck.

He was shot last night before midnight while on a night job. Dr. Donald R. Lusk said he felt certain Shelton would live. Hospital authorities in Louisville said he is in good shape.

Police officers in the area account for the shooting. Big Earl had retired from most activities several years ago, and owns a 10-acre farm near the southern Illinois community. He has two surviving brothers, Ray, and Delton.

The two older brothers, Carl and Bernie, both were shot from ambush last night. Carl, who had been in the trunk of a car, was shot in the chest. Bernie, who was in the car with him, was shot in the arm.

The shooting occurred on the highway near the town of Shelton. The police are looking for the shooter, but have not yet captured him.

Displaced Persons Leave Cities For Rural Section

NEW YORK, May 25.—(AP)—The migration of displaced persons from Europe is reported to be peaking in the rural section of the United States, according to a report from the United States Immigration and Naturalization Service.

The report says that the number of displaced persons who have moved to rural areas has increased sharply since the beginning of the year. This is due to the fact that many displaced persons are seeking work in rural areas.

The report also says that the number of displaced persons who have moved to rural areas has increased sharply since the beginning of the year. This is due to the fact that many displaced persons are seeking work in rural areas.

Helicopter Rescues Navy Flier In Gull

PORTLAND, Ore., May 25.—(AP)—A Navy flier was rescued today by a helicopter after he was stranded in a gull. The flier was rescued by a helicopter from the Navy's 1st Helicopter Squadron.

The flier was rescued by a helicopter from the Navy's 1st Helicopter Squadron. The flier was rescued by a helicopter from the Navy's 1st Helicopter Squadron.

Executive Board Of Boy Scouts Holds Meeting At Tourist Center

The Executive Board of the Central Florida Council, Boy Scouts of America, met at the Tourist Center Friday evening with an attendance of 41 men from the area, and with President Paul Raymond of Daytona Beach presiding.

Proceeding the executive board meeting, the various Council operating committees met for the purpose of making future plans and for preparing their reports for the executive board.

Following the report of council finance Chairman Claude Wolfe, the seven district chairmen agreed to bring to a close all scheduled finance campaigns. With further references to council finances, James Keith reported that the trust fund brochure would be ready for release soon.

Don Cheney, council camping and activities chairman, reported on this committee's progress in the matter of locating suitable property for the development of a new council camp. The board authorized the committee to negotiate for sale a strip on the north side of the present council camp property.

The organization and extension committee report given by Scout executive Hogan indicated a steady gain in membership with a gain of 17 new units during the first five months of this year.

The health and safety committee, headed by William Barker, filed new health and safety policy.

KILLED IN FALL

NEW YORK, May 25.—(AP)—A top five-story building, Rubin Ubina, 16, was trying to get a new kite into the air yesterday. His eyes fixed on the kite, he walked backward towards the roof's edge.

From a nearby rooftop, Anthony Martin, 17, saw the danger. He tried to leap a 10-foot shaft to stop Ubina. The shaft was too short. Martin didn't make the other side.

Simultaneously, the two boys plunged to the ground. Ubina was killed. Martin was reported in critical condition today at a hospital.

Gen. Kenney Sees Need For U. S. To Have Radar Screen

BOSTON, May 25.—(AP)—A radar system for the United States will enable United States air forces to search the Atlantic and what is known as the "back door" of the United States against Soviet bombers.

Gen. Kenney said that the United States needs a radar screen to protect its coastlines. He said that the United States needs a radar screen to protect its coastlines.

FLANDERS ATTACHED

MOSCOW, May 25.—(AP)—The Soviet foreign policy weekly, "Pravda," today said that the Soviet Union has attached the territory of Flanders (Belgium) today as a "warlike" population from Vermont state.

The weekly referred to Flanders as a "warlike" population from Vermont state. The weekly referred to Flanders as a "warlike" population from Vermont state.
