rate of \$20,000,000 in the closing months of last year and that freight and fuel oil were also up nearly \$13,000,000. However, he pegged the price hike solidly to the pension and in-

surance programs. "We favor pension and insurance benefits for our employees," Fairless said. "Our earnings, however, are not sufficient to permit us to absorb the large cost in- a check-up. volved. That is the reason we raised prices."

Asserting that "some still sugearly 1949 compared with the corresponding period in 1948," he added:

"I cannot agree with speculat-ing about profits in our corpora-tion or in the steel industry based on one-quarter or one-half year earnings at an extraordinary high rate of production.

"Nor can I agree with those who think we should borrow longterm money to replace-I did not say expand, I said replace—exist- installation of backstops, posts ing facilities. If there is any and wire for the tennis court at say expand, I said replace-existcertain way to rain or liquidate Ninth Street and Park Avenue

certain way to roin or liquidate a business, that is it."

Fairless said that U. S. Steel had earned 5.2 per cent on sales and 6.5 per cent on investment in 1948 when it was operating at 1948 when it was operating at

return either on its sales or investment at any time during the last 20 years," and explained: "It has paid constantly increase ing wages to its employees and supplied constantly, whose earnings provide the facilities with
which wages can be earned and
goods can be produced, have received very inadequate returns on
their investments."

In referring to arguments that
the steel price hike would be reflected in climbing price levels in

the steel price like would be re-flected in climbing price levels in other influstries, Fairless said: "Personally, I do not foresee any harmful effect whatsoever. There have been or will, of course, be some price changes in steel consuming industries, some up and some down. When the change is up I believe it will be due more to up I believe it will be due more to increased labor, transportation and other costs, than to any change in the price of steel.

"The decreases in automobile prices—which were announced after our price increase—is a case in point."

Treasury To Check On Middle Income Tax Offenders

WASHINGTON, Jan. 24. — (P)

The Treasury Department is eyeing even more closely the income tax returns of individuals making between 7,000 and \$25,000

a year. It plans to crack down on tax evaders in this group if Congress will put up the money for additional enforcement agents. The plan furned up in testimony

thade bubble year than by the House Appropriations Committee. The committee was told by T. C. Atkeson, assistant internal revenue collisior, that the middle-income group makes numerous "errors

wise have been missed.

But most of these audits, affected individuals in higher income groups. Only 17.8 percent of the returns on incomes in the state of the local brotherhood group. to \$25,000 group and only 3.9 per cent of those under \$7,000 are now being so closely checked. The

larger the income, the more likely Treasury officials said they have the policy of the union by returnturns checked in the upper groups the taxpayer.

They estimated that the government gleaned \$8.40 for each dollar spent on extra enforcement personnel in the 1949 check.

City Lights Commission decided to defer action

The only danger I can see is that this terrible weapon of hynoption may fall into wifely hands. Looking at it that way, boye, our serets are gone. Our favorite bartender will sell us helplessly down the river at the snap of female fingers. Our little white lies will only danger I can see is fingers. Our little white iles will stand out like five o'clock shadow at ten P. M. — or like John Dillinger at an FBI chowder party.

Believe me, friends, hynoptism should never become the poor wo-man's radar. But it can be man's

Rural Common Sense By Spuds Johnson

THE FARMER TO WORK

TOWARD LOWER COSTS Makers of automobiles and many other industrial products know quite accurately how much it costs them to produce a single unit of their products, and it is just as important for the farmer to know how much it costs him to produce units of his crops.

Industrial producers are continually searching for methods, processes, and materials that will reduce their production costs and whenever they see where they can save even a very small shount they do not waste any time in taking steps to save it. They know that saving a small amount on each of many units will mean a very substantial over-all saving for them in their operations. That's the reason they employ engineers and other specialists to do continue, research on production.

Like the industrial producer, the farmer is out to make a good income, make a good living, and like the industrial man, he should be the industrial man takes many things into reduce his costs and to take advantage of every hit of research that will enable him to reduce the industrials, labor, was an an an other things into the same that are needed for his product. I have the industrials, his plows, tractors, fare, and other implements are supplement, and the work that the felds and pastures are factory, his seed, fertiliser, inhericides, and fungicides are his materials, his plows, tractors, fare, and other implements are supplement, and the work that the felds and pastures are factory, his seed, fertiliser, inhericides, and fungicides are his many things into the same that are needed for his product.

The farmer should do the same the factory, his seed, fertiliser, inhericides, and fungicides are his many things into the factory, his seed, fertiliser, inhericides, and fungicides are his many through the work that the hundredweight of beat is dosen eggs, or a unit was a farmer known what it has a farmer known what it has a farmer and the work that it is done eggs, or a unit was a farmer and the work that it is done eggs, or a unit was a farmer and the work that it is done eggs, or a unit was a farmer and the work that it is a farmer and the work that it is a farmer and the work that it is a farmer and the w

NEW QUIET

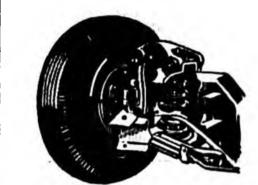

AT HIGHWAY SPEEDS .

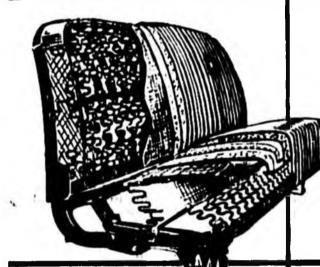

Speak in whispers at 50 and over 1: thanks to "soundconditioning" of the 13-way stronger "Lifeguard" Body and the "hushed" silence of Ford's new 100-h.p. V-8 engine. And outside, new baked-on "Fashion Car" colors make Ford more beautiful than ever for '50.

BUMP BLOTTER

"Hydra-Coil" and "Para-Flex" Springs blot the bumps out of your way. Together with Ford's "Mid Ship" Ride in the low, level center section you're in for a new high in comfort:

- MORE HIP AND

SHOULDER ROOM

Inside, you drive on non-sag front seats that are foam rubber cushioned. The most hip and shoulder room in Ford's field. And you're sucrounded by sparkling upholstery fabrics that mre a decorator's dream.

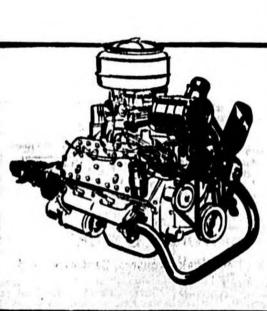

■ 35% EASIER-ACTING BRAKES

Features like Ford's 35% easieracting King-Size Brakes keep you safe. You stop on a dime, at a tiptoe touch, thanks to this "Magic Action" of these great '50 Ford brakes.

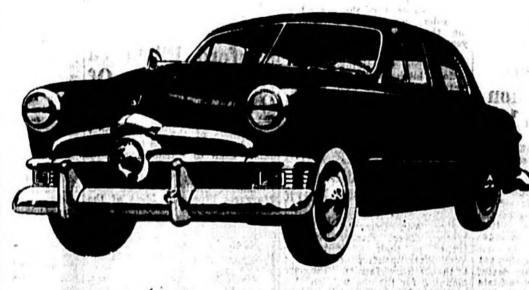

A V-8 FOR LESS

THAN MOST SIXES The new, super-quiet 100-horsepower V-B engine is the same type engine found in America's costlicst cars, yet the '50 Ford,

with this engine, sells for less than most "sixes."

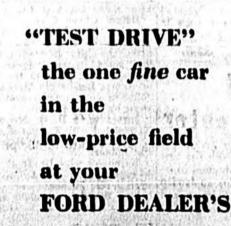

The one fine car in the low-price field!

in your future ...with a

future built in!

SO MUCH FOR SO LITTLE

Once you drive a '50 Ford and see . . . hear : : : and feel for yourself its power, quality and comfort—you'll be amused at all the car you get for so little

WEDNESDAY, JAN. 25, 1960 TODAY'S BIBLE VERSE

All wiedom is within un. Bometimes the still small voice given us messages. The mechanism of Wisdom is so delicate that it can be wrecked so that no wisdom at all comes through. No gold mine

Congressman Syd Herlong has ata Wind for re-election to the House of Representatives. He is not expected to have any opposition.

to be simmering down to the proathletic stadium for us, or don't

Governor Warren's safety committee proposes to launch a cam-Daign to save 500 lives a year on

Last night, in Orlando, Rep. George A. Smathers made the long-awaited announcement that he is a candidate for the United States Senate. The Herald is hap-py to endorse him, and will sup-port him vigorously. We like his background, his record to date, and

may have gotten off cheap if Lieut. Col. Marcus King is well informed as to the cost of the next one. He says a world war at this time would cost at least \$543,000,000,000, as compared with \$331,000,000,000 for the last one. That is less than twice as much as the last one. We would be lucky.

Senator Pepper says he intends to support the bill to reduce war-

less taxes! It is a good trick if you can do it.

We would not like to be operating a telephone company in this day and time. While the public demands better service and dial telephones, the union threatens a strike with a novel plan to jam dial systems by overwhelming switchboards with fake calls in attempt to break down the automatic system. No.

Point Four Agreement

A compromise has been worked out in the House Foreign Affairs Committee between supporters and oppon-Entered as second class matter ents of the Point Four proposal of the Administration for October 27, 1819, as the Post Office giving technical aid to so-called backward areas of the world of Sanford. Flurids, under the Art to help their development. Hence it may be supposed that to help their development. Hence it may be supposed that the compromise measure has a fair chance of passage in the state of Afghanistan, heretofore House, at least.

The cost of the envisioned program might be just about Russia and the Indian Peninsula, and the middle remains her than of projects which might be undertaken for the development foreign relations toward field Monof backward areas is so grea, that it would be impractical to com of Lackward areas is so greathful Would be impractical to That's a development which east the state of the surpose of the surpose of fact, the very bigness of the undeveloped regions, has blotted will be charged for at remains surpose of the very bigness of the undeveloped regions, has blotted with the new outless of Poken at remains surpose of the undeveloped regions, has blotted out more than one scheme which was either too ambitions of the undeveloped regions.

Mrs. Veller, asked, "is he a good coach?".

Don, who warks for about \$6,500 per yeer. Mrs. Veller, asked, "is he a good coach?". In he better than you?". "he must be," Don again answered.

So for 1950, the sponsoring Thunderbirds of the Phoenix Chamber of Commerce voted to call their meet the Ren House

Bouth-Eastern Conference teams
furnished 44 players to the National American Professional Football League draft with the Football League draft with the Chicago Bears getting the most.

The Bears selected eight and the New York Giants seven. The New York Bulldogs took six. Pitts-

troit Tigers today confirmed re-

first 1950 contract offer.
Houtteman said he personally took the unsigned contract back to the Tiger front office early this week. this week.

"They offered me a little raise—just about enough to buy a couple of galions of gasoline," he laughed. The young righthander would not disclose how much the Tigers paid him last year but a usually well informed source said it was around \$12,000.

Houteman said he felt his 1949 record entitled him to a pay boost this season.

Jones can read those figures on a contract without assistance. If Dr. Eddle Anderson should take the Holy Cross football cosehing job, changes are that Howle Odell would be very much interested in Eddle's lows post. After Yale and Washington, Odell would like to get back to "house" territory. Hank Greenberg must have set a resert the other night when he signed Larry Doby, Sam Seldsk and Allie Clark at the table during Brasch Bickey's speech at the appear may dinner.

BURCHIPTION RATES

THURBDAY, JAN. 26, 1960 TODAY'S HIBLE VERSE

One fixed fact of which we are certain beyond doubt in a founda-

We are going to have more con troversies in Sanford during the next few months than a jugfull of moonshine liquor. There's the power franchise referendum, the stadium referendum, the terminal project, and the senatorial election. We hope everyone doesn't quit speaking to each other.

It seems that the chief of the Bureau of Mines doesn't agree with

Every traffic accident. Governor Warren tells his Safety Committee, costs the community \$65,000, without computing the value of human life. At the rate we've been having accidents around Sanford, then, we might as well quit worrying about

mates there are 2,500 winter visiting and pass them off an apry helfers. local channels of trade. What it would mean to Sanford if our tourist business could be built up to 10,000 visitors, and it could with very little effort, can be figured by simple arithmatic.

Reed Leroy Hatton, convicted Tallahassee murderer who changed his mind about wanting to be exof letters, says State Prison Superintendent Chapman, from "cranks. centimentalists and lovelorn young women who have been touched by his desperate plight." And if they and turn the criminals loose against

Senator Pepper is going to debate with Harold Stassen next Sunday afternoon on Socialized Medicine. Senator Pepper is for it. His opponent Congressman Smathers is against it. We're against ito. His owner will pay the bill. But the point is that under Pepper's plan you went to pay the bill whether you got sick or not, and then when the first state of people they we saked them personals when you went to the operating from the point of Dimes temain, which was depleted by the pointed out, and it was necessary to conduct an emergency of the hatounds of the National Foundation was necessary to conduct an emergency of the hatounds of the National Foundation was necessary to conduct an emergency of the National Foundation was necessary to conduct an emergency of the National Foundation was necessary to conduct an emergency of the National Foundation was necessary to conduct an emergency of the National Foundation was necessary to conduct an emergency of the National Foundation was necessary to conduct an emergency of the National Foundation was necessary to conduct on the organization's history.

The Sanford director deciared that the epidemic director deciared that the epidemic director deciared white the point of the National Foundation to carry on the National Foundation to carry on the National Foundation was necessary to conduct on the organization's first time in the organization's first the provide director deciared white the principal part of medicared with the foundation to carry on the National Foundation to continue rependence of the National Foundation to only because of sorting medical and equipment octars. The sale is under the provided on the principal part of the National Foundation to only bec

Ruling The Air

It is the conclusion of the National Advisory Committee for Aeronautics that, If the United States is to maintain military supremacy in the air, it is imperative that we soon develop practical, tactically useful warplanes flying faster brooding again over the growing than the speed of sound. This conclusion is based on the war of the isms in Asia - and premise that a potentially hostile nation might develop superspeed bombers capable of delivering atomic bombs to mind. superspeed bombers capable of delivering atomic bombs to it mind.

American targets from distant bases. From the standpoint of Maybe it's because I'm Just is either scientific reasoning or ordinary logic, the possibility brenchitis, but it's different to Tedford, Roger A. Jiminez and of governors and mayors, if theremust be admitted.

The situation suggests the endless strain and spiralling cost of willtary supremucy. Once we have developed him discover a burst of sunablus an air sent the WACA says are needed, it will have to be pre-crystal garing this for a fond sumed that a potential enemy might develop similar crail, rell of trouble and grief shead,

Accordated Prome which is emission of all the local news printed and find a way either to use them against us or defend this developing storm, is tragic. The portion of China, center of their own planes from them. It would then be necessary That aprawling country never has been able to seem new step to hold supremacy.

We have to keep supremacy in the air and on the seas, under present international circumstances. Without control over those two modes of approach we are a vulnerate able nation, and helpless to offer assistance to any friendly as though that weren't enough nation are not all the local news printed able nation, and helpless to offer assistance to any friendly as though that weren't enough nation except our two next-door neighbors. We could not punishment for fale to hand out protect our overseas territories nor fulfil our ov protect our overseas territories nor fulfil our overseas com-

It must soon become apparent that neither the United cently estimated that last sum-States nor any other great power can spare the resources mer's inundations in north and and energy for an endless race for supremacy in any military central China forced 40,000,000 tion on which we can have our field. Scientific progress promises to make the race manuastic philosophy of life. One thing I cally expensive. It behooves us to change the international correspondent in China, quotes a know, that whereas I was blind, circumstances so as to destroy permanently the need for cannot be used, as stating that field. Scientific progress promises to make the race fantastisupreme military force.

Pushtunistan

In late years Americans have had to learn a good many new geographical names; Israel and Pakistan are the most millions will die of starvation beconspicuous examples. Pushtunistan may soon be added to fore next year's crops are harthe list. This means "Land of the Pushtu-speaking Peoples". The economic situation is at Pushtu being another name for Afghan. The particular peo-sizes and sevens. Man Han-Chen, ples to whom the new name applies are the Pakistan tribes member of the Communist People's on the border of Afghanistan, who would like independence Bank of Sanking, says north China or at least freedom from Pakistan.

A warning that trouble might come from this move He states that it takes the takes President Truman that the coal ment was sounded the other day by Sardar Najibullah Khan, from 30 farmers tost to feed and crisis has created a national emer- Afghan ambassador to India. In fact it does have explosive clothe one soldier The Communists

gency. The Bureau chief says it possibilities, like other examples of racial self-assertiveness die reported to have 4,000,000 has. It's like standing around Many Americans have commented on the frequency of for yourselves.

around a house and set fire to it. areas, Examines are Dakiston Africans as the form "-stan" as a termination for names of geographical What could better this situaaround a house and set fire to it, areas, Examples are Pakistan, Afghanistan, Hindustan and tion? Nothing, excepting a wholebut refusing to turn in the slarm now Pushtunistan. This is a Persian termination, meaning sole importation of supplies—until the people inside cry for help. "a stopping-place". In Asiatic history it meant usually a place And where, you ask, could those where the nomad invaders halted and rested and watered supplies come from Well, they their horses, before beginning a new raid. This meaning is would have to come mostly either particularly appropriate for the Pushtu tribes, many of from Russia or from the western said, "it is certain that the County particularly appropriate for the Pushtu tribes, many of from Russia or from the western said, "it is certain that the County particularly appropriate for the Pushtu tribes, many of from Russia or from the western said, "it is certain that the County particularly appropriate for the Pushtu tribes, many of from Russia or from the western said, "it is certain that the County particularly appropriate for the Pushtu tribes, many of from Russia or from the western said, "it is certain that the County particularly appropriate for the Pushtu tribes, many of from Russia or from the western said, "it is certain that the County particularly appropriate for the Pushtu tribes, many of from Russia or from the western said, "it is certain that the County particularly appropriate for the Pushtu tribes, many of from Russia or from the western said, "it is certain that the County particularly appropriate for the Pushtu tribes, many of from the western said," it is certain that the County particularly appropriate for the Pushtu tribes, many of from the western said, "it is certain that the County particularly appropriate for the Pushtu tributes, many of from the western said," it is certain that the County particularly appropriate for the Pushtu tributes, many of the Pushtu tribute whom are still wandering warriors.

The Horse's Mouth

The familiar saying about looking a gift thorse in the barred by was conditions, even if the cost of the stadium or terminal mouth is founded on the fact that an expert appraiser of the Communists wanted help from project. The prevention of four or horseflesh used to be able to judge an animal's age from that source. five accidents would pay for them.

the appearance of the teeth. This statement is advisedly put in the past tense, for it has come to light that a cuttle field with the nime to assume that China's and Indo-China's and Indo-Chi er in England learned to fit false teeth to time-winn kows twest the richnese Communist able surplus of this oriental staff

the average only ten dollars a day, that is \$25,000 a day or \$175,000 a week of new money added to sales to the Ministry of Food and now languish.

Such tricks as filing the teeth of an animal to alter the apparent age have long been known, but these are readily necessity and it strikes me that detected by an experienced hand. Many a human mouth offers evidence that a skilfully wrought false tooth can look very much like the real thing. If the teeth of a row or horse can be counterfeited, what tests of value remain safe from the artistic swindles? the artistic swindler?

his mind about wanting to be exscuted, is now receiving hundreds Infantile Paralysis In 1949 Struck More Than 40,000 Persons

The 1900 March of Dimes campaign must hit a new high, "if the had their way we'll bet they'd in its history "Alvin Odham, Sanford March of Dimes director, said today in urging everyone to double his contribution to the drive this

Ben Hogan Still Champion To Gallery At Phoenix Golf Tilt

the \$10,000 Ben Hogan Open golf tournament here was named. Most of the gallery at yesterday's pro-amateur preliminary fol-

whose fellow pros didn't think would recover from critical auto He surprised them by tving for first place in the Los Angeles | about 70.

Open although he later lest to Ben arrived here Monday with the flu as an added burden. It

just about had him down the next two days. But yesterday, after touring the Phoenix country club course in even-par 71 figures, Hogan said

he felt "100 per cent better" and thought the flu was licked. Ben's 71 was three strokes off the 08 fired by Snead, the 1949 golfer of the year, but it proved he was ready to go. And those rounds yesterday don't count in the 72-hole totals. Hogan still doesn't get the same distance on his drives that he did before the accident, and his game isn't just right. Never-the-less he appears

well able to hold his own in the field he once reigned. The 0,620-yard Phoenix country club course is made to order for a player like Hogan, it takes plenty of control along the narrow, tree-lined fairways to stay in the money. Twice before - in 1946 and 1947 - he took first prize. Lust year he tled with Jimmy Demuret of Ojal, Calif., at the end

of the regulation 72-holes, but lost in the playoff.

Then, on the way to a new home in Fort Worth, the king of the 4-2, after Americans announced gullers and his wife were hurt in that auto-bus crash. Many thought he'd played his last com-

T.W. Lawton To Resign As * Hospital Head

Annual Meet Of Association Is Held At Co. Court House: Deficit Is Reported

T. W. Lawton, after 30 years of service as president of the Fernald Laughton Memorial Hospital Asociation, requested that his name be omitted as a nominee for reelection and told members and Board members vesterday at the Court House that if they insisted on nominating him he would re-

In order to allow the nominating Board more time to choose a successor, he agreed, however, to serve until the Apr. 20 meeting at which time his resignation will be definitely presented, he declared. He stated that he felt that he is unable to give the hospital the attention and study that it ments and at the same time carry on his work as superintendent of schools. Mr. Lawton has perved as preeident of the Association since it was founded on July 28, 1919 Mrs. Endor Curiett was re elect-

ed vice president; Mrs. R. E. True, recording secretary; O. P. Herndon, auditor; S. F. Doudney, se-Re elected to the Executive

Committee were Randall Chase, Mrs. Curlett, Mrs. True, Dr. E. D. Brownlee, Ed Shinholser, Lea R. Lesher, H. B. Hope and H. H. George Williams served as project, as former Mayor Robert A. Williams will be unable to be one to go in samonym

names were added as replacements in the list of hospital directors:
