INNOCENCE ABROAD, youthful faces reflecting fear of war, filled Shanghai's streets as thousands fled from death and fire as bitter warfare raged between China and Japan. Chaos was everywhere as airplanes rained cargoes of death into streets clogged with fleeing humanity. Even the International Settlement provided no haven as bombs exploded in its thoroughfares, killing hundreds, wounding hundreds more.

THE HOUSE THAT JACK BUILT was a far cry from the houses that \$12,000,000 of Resettlement Administration funds have constructed at Greenbelt, just across the Maryland state line from the District of Columbia. Designed to eliminate slums, they are ultra-modern. Counterclockwise around the outer circle are residential blocks A, B, C, D and E. In the center is a school, above it a parking lot, and above that the business district.

THIS LITTLE PIGGY WENT TO MARKET, but before he got there he wished he'd stayed home. For the wandering porker was on sight in flood waters in a low-lying section of Washington, D. C. A street car motorman and conductor, marooned in their car, heard the frantic squeals of the animal being swept away in the rush of the flood stream and went to its rescue.

A LOST WORLD, isolated perhaps for thousands of years, will be explored by the Paterson Grand Canyon expedition, seeking any animal life that may be present atop Shiva Temple near the north rim of the vast gorge. In this photograph of a model of the canyon in the American Museum of Natural History, the sky-island goal of the expedition is indicated by A, and the base camp to be established on the north rim by B. The trail will follow a narrow strip of land that leads to the plateau. The canyon is a mile deep.

THIS IS THE GLORY OF WAR, but the drums are silenced, the flags are furled forever for these children found lying close together in a Shanghai gutter, struck down by an aerial bomb. For those who survived there lay ahead but for fighting, suffering, starvation, disease, and after that untold years of oppression. But fate spared them from that, giving them instead hardship, death and unmarked graves of foreign lands.

Franco-British And American Demand Is Made For Truce

Withdrawal Of Forces From Foreign Area Demanded Of China And Japan

100 Civilians Slain Yesterday

Japan's Big Push Is Stalled By China's Heavy Artillery

SHANGHAI, Sept. 4.—(AP)—American, British and French consuls general demanded that Chinese land forces and Japanese warships withdraw from vicinity of the International Settlement and the French concession. Hundreds for thousands of foreigners in this international city splattered by artillery shelling in the bitter warfare between the Chinese and the Japanese.

Consular officials addressed a joint communication to Mayor O. K. Yui protesting the further endangering of the International Settlement where about 100 civilians were killed yesterday. The mayor sent the communication to Nanking seat of the central government.

The consuls also made the same demand on Japanese naval officials here. American, British, French and other warships were in the Whangpoo river along Shanghai's famous Bund, determined to protect their nationals but the war-torn city steered heretofore against the prospect of a more irritating "retrial push" by the mighty Japanese war machine, temporarily stalled by China's big guns.

Great new fires broke out in Chinese sections of the city under bombardment by Japanese aircraft. Each side claimed advances in the fighting.

Other recent developments included:

1. Sir Robert L. Craigie, new British ambassador to Japan, arrived in Tokyo and prepared to present his credentials to Emperor Hirohito, thus ending reports that Britain might curtail her diplomatic relations with Japan because of Foreign Minister Koki Hirota's delay in answering the British protest against the shooting of the British ambassador to the British ambassador to the Japanese.

Seaman Swims 25 Miles From Wreck

Sanford Members Of Eastern Star Go To Deland Meet

A large group of members of the Sanford chapter of the Eastern Star attended the meeting of Volusia Chapter 185 O. E. S. in Deland last night. The occasion was the official visit of the Worthy Grand Matron Mrs. Charlotte B. Perry of Jacksonville.

Following a banquet served in the early evening at Stetson Lodge, the meeting was held. After the conferring of degrees by the officers of the chapter, a talk by Mrs. Perry was heard.

Included among the persons who went to Deland were: Mrs. J. E. A. Smith, Mrs. G. W. Bailey, Mrs. Joe Corley, Mrs. R. F. Green, Mrs. Stewart Dutton, Mrs. A. C. Harper, Mrs. W. M. Hayes, Mrs. Effie Hudson and Mrs. Irwin Leclair.

Also: Mrs. Hannah Jacobson, Mrs. Murray Jarvis, Mrs. Charles Kanner, Mrs. H. F. Kent, Mrs. H. J. Lehman, Rodman Lehman, Mr. and Mrs. G. E. McKay, Florence McKay, Mrs. B. C. Moore, Mrs. E. J. Routh, Mrs. H. A. Shoemaker, and Mrs. A. C. Starke.

It was stated that the Worthy Grand Matron will visit Sanford within the next several weeks.

Rev. C. E. Elmer Back From Vacation

The Rev. C. E. Elmer, pastor of the First Christian Church here, has returned from a three months vacation in his home town of Salem, Va., and will assume services which have been discontinued during his absence at the local church Sunday.

During his vacation, the Rev. Elmer conducted a series of evangelistic services in various points in Kentucky and Tennessee, which were reported as very successful.

The Minister stated today that he has returned here refreshed and for some hard work for the service of the church here. Beginning Sunday, he plans an intensive campaign for the up-building of the society.

Preaching services will be conducted at the local church both Sunday morning and Sunday night, he reported.

Negro Is Arrested For Shoplifting

Police Officer J. B. Quattlebaum yesterday frustrated an attempt at shoplifting and apprehended a negro who has been under suspicion for some time but on whom no definite evidence could be found.

The negro, S. H. Brown, has for the past few months made it a habit of passing the Bee Bee Inn on Sanford Avenue and in so doing he has frequently picked up bottles of wine but until this morning it had been impossible to catch him.

The officer had the clerks in the store to pretend to be asleep yesterday evening and as they did the negro walked boldly into the store and picked up a gallon jug of wine. He was caught by the clerks as he left the store and turned over to the police.

Loyal Troops Launch Drive For Zaragoza

Fall Of Belchite Reported For New Attacks By Loyalists

BIENAYE, Franco-Spanish Frontier Sept. 4.—The Spanish government army on the Aragon front menaced Zaragoza anew, it was reported from Madrid after government shock troops seized strategic Belchite, 22 miles southeast of the old Aragon capital.

With Belchite wrested from insurgent control, government columns are said to be pushing strongly against Zaragoza simultaneously from the north-east and south.

A government communique announcing the capture of Belchite said 1500 insurgents were killed and 600 captured.

Insurgent radio reports said arrangements had been completed for the surrender of Gijon, the government's last seaport on the northern Bay of Biscay coast.

The columns which helped to capture Santander are seeking to complete the domination of the coastal area by clearing the government out of a small slice of Oviedo province, including Gijon.

With insurgent legions sweeping from three directions on Gijon, last government stronghold in the Biscayan country, most government sympathizers were resigned to its loss.

Remnant of government troops who arrived as refugees in French ports and insurgent officers at Irun, Spain, both told the same story.

One Time Capone Partner Indicted For Tax Evasions

NEW YORK, Sept. 4.—(AP)—Johnny Torrio, once boss and partner of "Scarface" Al Capone in Chicago, more recently listed here as "public enemy number one," was twice indicted by a special federal grand jury on income tax charges.

Sentences totaling 12 years imprisonment and fines amounting to \$30,000 may be imposed if Torrio is convicted.

Torrio and Capone were both products of the "Brooklyn Navy Yard Gang" and when Torrio was established in Chicago, he brought Capone on to work for him.

When murder became a fairly frequent manifestation of Chicago gang operation, Torrio dropped out and left the leadership to Capone, now a prisoner in Alcatraz.

Torrio lived quietly in New York and professed to be living honestly but Police Commissioner Lewis A. Valentine put his name at the head of the city's "public enemies."

Three-Act Play Is Staged By Woodmen

A three act play, mingling the humor of darkies in the South with negro spirituals and folk songs, marked the official debut of members of the Sanford Woodmen Circle in the play, "Dat Gal From Birming-ham," presented last night at the Woman's Club.

The following were included in the cast of characters: Ruth McClarrow, Virgil Metts, Ed Caraway, Charles Tew, Myrtle Floyd, Alice Caraway, Jewel Whitley, Douglas McClarrow, Duane McClarrow, and C. E. McClarrow.

As a climax to the "three act play without a curtain," a local presentation of "The Big Apple" was exhibited with the entire cast participating.

John L. Lewis Raps New Deal In Radio Talk

CIO Chief Declares Roosevelt Is "Fair Weather Friend"; Bids For Farmers

New Political Allies Sought

Lewis Boasts CIO Now Has 3,718,000 Workers Enrolled

WASHINGTON, Sept. 4. (AP)—John L. Lewis, re-banking President Roosevelt as the fair weather friend of labor, served notice on the administration his Committee for Industrial Organization is prepared to look elsewhere for its political allies.

Lewis, reporting last night in radio speech of bustling tone that the CIO has enrolled 3,718,000 workers, left up to the New Deal high command the question of deciding whether the Democratic party and the CIO shall tread separate paths.

The CIO chief castigated "those who profess to be keepers of the public conscience" for the failure to criticize the "murder of unarmed men" in the recent steel strikes. He added as warning "Labor next year cannot avoid the necessity of a political assay of the work and deeds of its so-called friends and its political beneficiaries. It must determine who are its friends in the arena of politics as elsewhere."

He let fly this barb at President Roosevelt. "It is his own fault who has supplied at Labor's table and has been sheltered in Labor's home to nurse with equal fervor and fine impartiality both labor and its adversaries when they become locked in deadly embrace."

Lewis's remarks, made in a radio speech, served as confirmation of recurring reports of a break between himself and the president. A year ago he was one of the president's most vigorous supporters and his United Mine Workers contributed \$200,000 to the Roosevelt campaign.

Beside raking the president and the administration, the CIO chief scolded unbridled Democratic members of the house who prevented any action on the wage and hour bill by declining to answer their names when called.

He denounced the "chamber of commerce" of the United States and similar groups, because, he said, they encouraged "a systematic organization of vigilante groups to fight unionization under the sham pretext of local interests."

He said the objectives of the CIO government are "not political in a partisan sense" but that "it is true that a political party which seeks the support of labor and makes pledges of good faith to labor must, in equity and good conscience, keep that faith and redeem those pledges."

Stores To Close Monday Because Of Labor Day

Bank, Postoffice And Herald Also Join In Observing Day

Excursion to the beach, the closing of most places of business and a general holiday for all will mark the coming of Labor Day which will be celebrated Monday.

According to its usual custom, the Sanford Herald will not be published on that day. Announcements from the Sanford Atlantic National Bank and the U. S. Post Office state that they also will observe the holiday. All principal stores will close their doors.

The down-town streets of Sanford will probably be as deserted as a Thursday afternoon in the summer time.

A pleasure seekers' journey to the beach in an effort to escape the torrid rays of the sun, they will witness and become a part of many sold sights as they play and struggle in the breakers of the Atlantic.

The man who works to fix a picnic lunch for the beach, plows through all traffic, pumps up the flat tires and scrapes sand out of the foot he intends to eat will probably understand why the occasion was termed "Labor Day."

On Tuesday morning, when the city jail is filled to overflowing, workers are experiencing difficulty in getting to their jobs and unsharable headaches remind one of activities of the night before, the entire city will know and probably be glad that Labor Day is over.

Careless motorists are warned that reckless driving on their part is apt to increase the annual automobile death toll. The traffic mortality rate on Labor Day is probably greater than any other single day in the year, according to statistics.

The Senatorial Battle

Within a few months from now the campaign will get under way in Florida for the nomination of a Democratic senator and already one hears considerable speculation as to the likely candidates...

Mark Wilcox is the present representative for one of the most populous districts in the state, was formerly representative for the Fourth District which extended all the way from Jacksonville to Key West...

Kenneth Ballinger, writing in the Miami Herald, sees the insistence on the part of both Pepper and Wilcox for an investigation of the official records of State Re-employment Director John Emerson as the opening gun in the Wilcox-Pepper battle for the United States Senate...

"Until a few days ago," says Ballinger, "the governor was persona non grata in Washington because he insisted that Fred Bradford of Jacksonville, his friend, be director, instead of Emerson, the friend of the Washington bureaucrats..."

"The reason for this unusual activity is to woo the Cone help next year, we surmise. Governor Cone can come pretty close to electing the next senator. Naturally he is not going to tear his shirt and wring his galluses for someone who won't help him..."

"Today the sheep are divided from the goats by where each stood on the Roosevelt court plan," Mr. Ballinger continues. "So the senator will encounter its new Deal blessing while the congressman will encounter its new Deal blessing while the congressman will encounter its new Deal blessing..."

Exercise Overdone

Improper exercising is a very common cause of impaired health during the hot weather months, according to Dr. Robert A. Fraser, chief medical director of a leading life insurance company, who recently said: "The best time to stop exercising is before you have had enough. Leave the golf course, tennis court or swimming pool with the feeling that you would like to stay longer, and you can be sure that you have not overdone..."

The important thing to avoid in the doctor's opinion, is the tendency to turn the play period into an endurance contest. The grim-faced individual intent on another exhausted tennis player determined to finish an extra set; performances like these destroy the very purpose of exercise, which is to build and tone the muscles and which cannot be accomplished by over-doing...

Improved Numbering Method To Be Used For 1938 Licenses

JACKSONVILLE Sept. 4.—Florida motorists will suffer a burst of glory to the rear of their autos in a few months when they purchase 1938 Florida license tags for their cars...

This will be quite a change from the conventional gold green with white numerals used by the Sunshine State this year. 1937 they declared a new method of numbering was also indicated to them by Thomas W. Long state motor vehicle commissioner...

Each of the 47 counties has been given a designating number which will precede the license number. Long stated, his office agency will be known as No. 25. Each county's assignment will begin with license No. 1 and run through the entire assignment.

IN THE COUNTY COURT OF THE NINTH JUDICIAL CIRCUIT OF THE STATE OF FLORIDA: JOHN BRAUER, Plaintiff vs. MINNIE E. BRAUER, Defendant. The court do hereby certify that a bill of complaint has been filed in the above Court by JOHN BRAUER, against MINNIE E. BRAUER, and that the said court has granted the said plaintiff a writ of habeas corpus to enter upon possession of the premises described in the bill of complaint. This writ is to be served on the defendant at the Court House in Sanford, Florida, and to be returned to the Court at Sanford, Florida, on or before the 10th day of September, 1937. T. W. LAWTON, Clerk of Court.

U.S. To Restrict Florida Hunters In Coming Season

Hunting Season Will Open November 26; Close February 15

TALLAHASSEE, Fla., Sept. 4.—(AP)—The federal government's new hunting regulations will prohibit shooting waterfowl in Florida on Thanksgiving day. Waterfowl slaughter of such hot Thanksgiving caused biological survey officials in Washington to move the start of the hunting season up one day, to make it open the day after Thanksgiving.

"We decided to run the open season from Nov. 27 through Dec. 25 in order to protect the game from Thanksgiving," says a biologist explained one biological survey official. "On that day, I know they'll shoot everything in sight."

Last year, the federal waterfowl hunting season opened November 26 and ended Christmas day. The new schedule adds the day after Christmas to compensate for the eliminated Thanksgiving day. Assistant to Dr. Ira T. Gault, biological survey director in Washington, said they were NOT as concerned about Christmas shooting. Greater crowds, they said, are in the woods and marshes on Thanksgiving.

Accordingly, the later will apply in Florida, Alabama, Arizona, California, Georgia, Louisiana, Maryland, Mississippi, North Carolina, South Carolina, Tennessee, Texas and Virginia. As before, the open season on doves will begin Nov. 26 and close Jan. 31. In Duke, Broward and Monroe counties, the season will be October 1-November 15.

The daily bag limit on doves will be 10 in the aggregate, and five of any particular species, while the limit on quail is increased from four to five. Geese have responded to the protective measures, officials said, better than most other game. Destruction of marsh areas through drainage programs resulted in concentration of some game, including quail, into limited areas, with the result that they have been overhunted. The bag limit for quail and gallinules will be decreased to 15. The limit on doves will be decreased from 20 to 15.

Florida state regulations automatically are narrowed to conform with federal regulations if the state law carries a higher bag limit. The state hunting season opens Nov. 26 on all types of game. It extends to Feb. 15 for quail, turkey and squirrel, but to March 31 for deer.

The state bag limit on quail is 15 a day, on turkey two a day and five a season, and on deer (bucks only) one a day and two in a season. There are many special laws regulating hunting in particular counties. Sportsmen should check up on these, said I. N. Kennedy, secretary of the game and fish commission.

OPERATORS ARRESTED: JACKSONVILLE, Sept. 4.—(AP)—Counties arrested twelve persons here yesterday and charged them with "setting up and promoting a lottery." All pleaded guilty to engaging in illegal operations. Bonds were set for ten of the defendants at \$10,000 each, and for the other two at \$500 each.

Frank Fuller Sets New Speed Record In Bendix Air Race

CLEVELAND, Sept. 4.—(AP)—The Nation's most famous air derby—the Bendix trans-continental race—wrote a new high figure for sustained speed in American long distance competition today and smashed a record of three years' standing.

At a pace of 255 miles an hour, Frank Fuller, San Francisco sportsman, straddled his way to a mark of seven hours and 35 minutes for the 2042 in a course between Burbank, Calif., and Cleveland, tapping Jimmy Haily's five-year-old record by 24 minutes.

Fuller's feat came just a couple of hours before a quick gusty storm flared, his plane gradually losing speed as it skirted the ground upside down, crashed before fearful spectators.

The airman, Count Otto Hagenburg, crawled from the wreckage, his head bloody and waved to the crowd at the first day's program of the national air races.

"I want to tell the people I am not hurt," he said, before he was sped to the hospital. His head wrapped in bandages, he appeared a half hour later with announced intention of flying again before the four-day classic is completed.

Fuller flying a stripped down Seversky combat plane powered with a twin-row Pratt and Whitney Vasp Junior motor, also posted a mark of nine hours and 25 minutes from Burbank to Bendix, N. J.

This wrecked Roscoe Turner's record for the Bendix 2426-mile trans-continental of 10 hours, two minutes and 51 seconds and Fuller, who had predicted, "I'll be in the money if the ship holds together," won \$13,000 in the \$25,000 speed event.

Sanford And Deland Play Initial Tilt Of Series Here Tomorrow

Owen Wright Expected To Be Lookout's Hurler While Ed Harper Will Toss For Reds

1000 Fans Forecast To See Important Game Of Playoff Championship Set

Two Clubs Rated As Best In Loop

Lookouts Will Play A Return Contest In Deland Monday

The Sanford Lookouts and the Deland Reds will begin their playoff series tomorrow afternoon at the Sanford Municipal Athletic Field at 3:00 o'clock to determine who will play the winner of the Gainesville-Palaska or Leesburg series for the opportunity to meet the winners of the Georgia-Florida League.

Bill "Law Mast" Rodgers of the Lookouts and Manager Pat Patterson of the Reds will throw everything they have got into the first contest to get that lead and some battle can be expected.

Officials of the Sanford Baseball Club are expecting one of the largest crowds of the season to fill the local park to see the opening series contest and in Deland Monday evening a record attendance will be expected, according to Bill Page, business manager, of the Reds.

The Sanford pitching staff, which is composed of Owen Wright, Dan Brainerd, Dazzy Mote, Al Crisfield and Early Wynn, all right-handers, is in very good shape and the starting series pitchers will have plenty of rest to go into the playoff with a bang.

The Deland hurling staff, which is composed of Eddie Harper, The Great Malntyre, Gene Fisher, Alz Seavies and Bill Holdstock, is said to be in condition and probably Eddie Harper will be the starting hurler for the Reds tomorrow afternoon while the Lookouts will possibly use Big Owen Wright.

The probable starting lineups for the tilt will be as follows: For Deland—Dick Adair, lf; Bubba Dittickson, 2b; Paul Shimer, ss; Pete Hughes, cf; Chuck Aleno, 3b; Bob Jones, 1b; Bill Schmidt, cf; Belflower, c and Harper, pitching.

For the Lookouts—Ellis Clary on ss, Wes Kingston on 2b, Swede Martin in lf, Sam Holbrook catching, Joe Ruggarion 3b, Mayo Langston in rf, Bob Byrhead on 1b, Al Kasso in cf and Owen Wright pitching.

It is estimated that the people of the United States spend about \$200,000,000 a year in the fight against insects of various kinds.

Gators Prepare For Opening Tilt With Big L. S. U.

Big Game Will Take Place In Baton Rouge, Sept. 24

There's a favorite hymn of many which sums up the football situation at the University of Florida just now—"The Fight Is On." With mighty few exceptions, it is going to be a wide open chase for positions as the Gators prepare for their jaw-breaker opener on Sept. 25 with L. S. U. in a night battle at Baton Rouge.

Take the word, if you pick Tom Walker and Watson Ramsey, what about Fonia Pennington? and Ben Porch, whom the wise boys say is going to be the No. 1 surprise packet this fall. Don Ricketts, quick as they come, and Jack Maynard, two hustling soph who won't be easily counted out. Cliff Whiddon is making a supreme bid this fall. Then there are three junior college boys Bill Howell, Lynnwood Conrad, John Litecky, all eligible, and they may prove all eligible. Even with this first team material. Even with this, there's enough material to insure a snappy battle for the terminal positions.

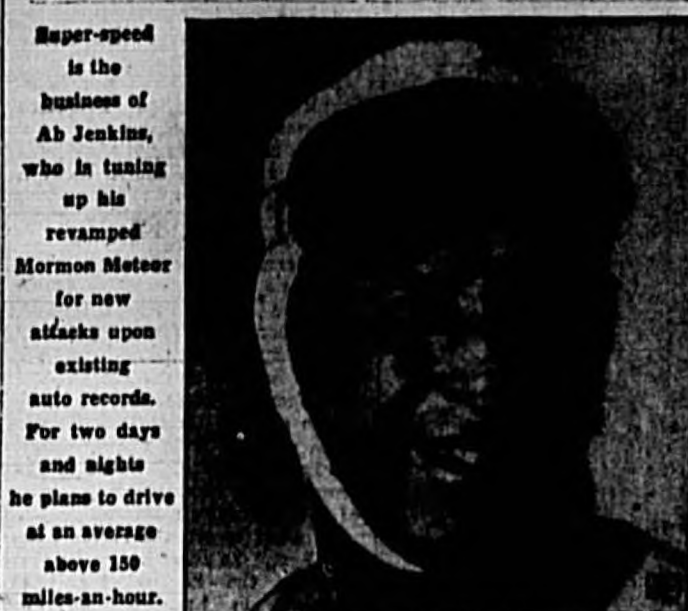

At tackle, the talk mainly is Clark Goff, the sophomore, and Charlie Kraemer, shifted to tackle this year from end, where he played considerably last season. But the veteran Harry Kieffer is going to be in the reckoning. George Owens and John Crottree, on the squad last year, although the latter did his playing at guard; Burrell Hasset, Saul Wolfson, Wilbert White, up for their first fling at the varsity, and Riley Mathewson, a junior college grad, must be added to those who'll heap fuel on the fire.

With Bill Williams and Jimmy Oxford showing the stuff of which they are capable, it will be tough for G. C. Fogle, Howard Skipper or John Dewell to crack through, but this trio can make the race a lively one.

Frank Kossis, "Red" Lightbrown, Gordon Gardner, Nelson Davis, Buck Schindler, Jim Masters, John Starr, Sam DeBartolomeis—that's the guard set-up just now. Kiecis seems to be the pace-setter, but picking his running mate, or a second pair, and you've started a real argument.

One of these new junior college boys, "Red" McGee, looks like he'll give "Moon" Mullins a battle for the fullback job, but otherwise, the dopesters seem agreed on Capt. "Tiger" Mayberry, Ken Willis and Polly Brock for the best looking backfield set-up. Some of the 13 o'clock or backfield candidates may upset this situation, however. After a poor season last year, talk is that Bob Ivey will be very much in the middle of things this fall. Paul Delaney should about hit his peak. Bill Stephens is bidding for a real comeback. Some sophs hope to go places, Red Evans, Bobby Travis, Dan Brainerd, Jim Mulcahy, Frank Smoak, Ernest Cody, Jim Gre two other junior college boys may make their presence felt in the battle for jobs, Jack Black and Jap Simmons.

Lookouts And Palatka Split Twin Bill, 3-2, 5-0

TODAY'S SPORTING WORLD

By JULIAN STENSTRUM
Herald Sports Editor

The Sanford club is going into their playoff with the Deland Reds Sunday afternoon in full blast as every player on the club is predicting a Sanford victory in the making and to sweep the three game series from the Reds.

The Celery Reds ended their first week of practice and this column believes that Coach McLucas has been satisfied thoroughly with the appearance of his youngsters and the attitude that they have shown in their work on the field. The Squad has worked very hard and with the full intentions of getting themselves in shape for the opening contest of the 1937 season with the Landis Lions of Jacksonville.

We had a visitor return from Palatka with us last night. Freddie Brunle . . . Freddie started the season with the Lookouts during the time Leo Head was operating the nine. Brunle was released. Fred secured a position at a hot corner with the Palatka Azaleas and when Bill Holzgers returned to Sanford Brunle was unable to get his release from the Azaleas to return here and play for the Lookouts . . . Brunle is a nice young ball player and a very good third baseman with a fielding arm that can't be beat in this loop . . .

If some of you fans would like to know our attendance for the present season, it is 70,643 paid admissions and that is including adult, colored and children tickets. In addition to Mr. Moore. One two other junior college boys may make their presence felt in the battle for jobs, Jack Black and Jap Simmons.

Sammy Holbrook Stars At Bat With Circuit Drive And Two Doubles To Send Home 5 Runs

Dazzy Mote Hurls Win Over Miller And Emerson In Night Tilt While Smith Beats Crisfield In Afternoon Tilt

Sept. 4.—The Sanford Lookouts under Bill Rodgers and Shaw Buck's Palatka Azaleas divided a double header yesterday afternoon and evening at the Azalea Bowl when the Palatka outfit copied the first game of the twin bill by a score of 5 to 3 but lost the final tilt by a score of 5 to 0.

Hurling for the Lookouts in the first tilt was Al Crisfield who was nicked for seven hits and five runs while he walked three of the Azaleas and fanned five.

Facing the New York youth was Eddie Smith, ace twirler for the A's who also limited the Lookouts to seven singles and for only three runs. Smith fanned three of the Sanford men while allowing three free tickets.

Leading the hitting in the first tilt was Bobby Prichard of the Lookouts who was doubled and singled twice while at the plate four times.

The A's opened with a barrage of four hits in the initial inning off Crisfield for the same number of runs. The Lookouts scored one in the fourth and two more in the fifth but Palatka put the game on ice in their half of the eighth when Buster Kinard smacked a circuit drive over the left field wall with nobody on the sacks.

Dazzy Mote took the mound against "Slim" Miller and Jeff Emerson in the night affair which the Lookouts won by a score of 5 to 0 with the aid of the powerful hitting of Sammy Holbrook who led the hitting for the evening with two

Girl-Gag And Music Romance 'The Girl Said No' Is Theme Of Jack Benny Film Offers Unusual Entertainment
Famous Radio Comedian Heads Great Cast Of Fun Makers And Beautiful Girls In Picture At Ritz On Sunday

Mad, merry and mirthful-tuneful, toe-tickling and tantalizing—gorgeous, girl-filled and glamorous—that's "Artists and Models," the new Jack Benny girl-gag-and-music romance which shows at the Ritz Theatre Sunday and Monday.

Headed by a cast of supreme fun-makers, hundreds of gorgeous girls and featuring specialties by half-a-dozen of the most popular acts of radio, screen and stage, "Artists and Models" has everything to make an unforgettable picture. The ace comedy cast is headed by Jack Benny, Ida Lupino, Gail Patrick, Richard Arlen, Ben Blue, Judy Canova, the Yacht Club Boys and Louis Armstrong's Swing Orchestra—and features specialty numbers by Martha Raye; Andre Kostelanetz and his Orchestra; Judy, Anne and Zee; Connie Boswell; England's most beautiful model, Sandra Storm; and the six greatest living artists: Peter Arno, McLeod Barclay, Arthur William Brown, Rube Goldberg, John La Gatta and Russell Patterson, whose famous "Personettes" carved miniature figures also play an important part.

The story opens with Jack Benny, head of the dizziest advertising agency in the world, torn between the fires of approaching bigamy and a breach-of-promise suit. He has promised to marry Ida Lupino, beautiful model whom he has "seduced" to Richard Arlen for use in Dick's advertising campaign. But in the meantime, Jack has fallen in love with Gail Patrick, Dick's fiancee! And just to give him a few additional headaches, Jack remembers that he has promised both Ida and Gail that he will have each of them elected Queen of the Artists and Models Ball, of which he is chairman.

Newspaper Film With Good Cast Will Be At Ritz

A thrilling story of a newspaper man is used as the background for the new drama "The Girl Said No," which will show at the Ritz Theatre Tuesday and Wednesday. The picture, which was produced by Andrew L. Stone for Cosmopolitan, is a vivid Broadway story of modern Broadway, highlighted by musical and song numbers from the immortal Gilbert and Sullivan operettas, which have never before been seen or heard on the screen.

Grand National has pioneered in introducing these delectable, satiric and incomparable combinations of music and lyrics to motion picture audiences for the first time, which have been the delight of generations of playgoers. And it has succeeded in doing it in an entirely modern setting.

The story of "The Girl Said No" concerns the attempt of an "over-the-hill" horse race bookie to double-cross a dime-a-dance girl who in the end double-crosses his own plans by falling in love with her. Robert Armstrong plays the bookie and the lovely Irene Hervey, the part of the dime-a-dance girl, who hooks him on his own bait. Four Gilbert and Sullivan favorites of the stage, William Danforth, Frank Moodan, Vera Ross and Vivian Hart, brought to Hollywood by Producer Director Stone, especially for this production, will be seen on the screen for the first time in the singing roles in which they have won their stage laurels in these famous operettas.

Irene Hervey, Bob Armstrong Star In Ritz Film Drama

In its novelty and in the distinctive quality of its composition "The Girl Said No," the elaborate romantic musical drama co-starring Robert Armstrong and Irene Hervey, which will show at the Ritz Theatre Tuesday offers motion picture fans something decidedly unusual in the way of screen entertainment. The picture, which was produced by Andrew L. Stone for Cosmopolitan, is a vivid Broadway story of modern Broadway, highlighted by musical and song numbers from the immortal Gilbert and Sullivan operettas, which have never before been seen or heard on the screen.

Grand National has pioneered in introducing these delectable, satiric and incomparable combinations of music and lyrics to motion picture audiences for the first time, which have been the delight of generations of playgoers. And it has succeeded in doing it in an entirely modern setting.

OH, BOY!

Who can blame Jack Benny for getting confused—with two such gorgeous girls as Ida Lupino and Gail Patrick to choose from? It happens in "Artists and Models," new girl-gag-and-music romance which plays Sunday and Monday at the Ritz Theatre, with Richard Arlen and a host of screen, stage and radio favorites featured.

"Green Light" Is To Play Return Showing At Ritz

Errol Flynn Stars In Screen Version Of Best Selling Novel

"Green Light," best-selling novel for two years, and now translated to the screen as a Cosmopolitan production, has been booked for a return showing Friday at the Ritz Theatre.

Errol Flynn, the young Irish star who made such a sensational success with his first starring role, "Captain Blood," and followed it with another smash hit in "The Charge of the Light Brigade," has the role of Dr. Newell Paige, a young surgeon who sacrifices his career to save that of an older doctor.

Co-starred with him is the lovely Anita Louise as Phyllis Dexter, for whose mother's death Paige has assumed the blame. The two meet at the home of Francis Oglvie (played by Margaret Lindsay), a nurse who devotes her life to Paige, and fall in love. But when Phyllis

THREE LITTLE "NO" GIRLS

The "Three Little Maids" From School bring their biting strains and piquant personalities to the screen for the first time in Grand National's elaborate musical produced by Andrew L. Stone, "The Girl Said No," featuring the famous Gilbert and Sullivan operettas. In the usual order: Irene Hervey, Carita Crawford and Vivian Hart.

Kay Francis Is Given Good Role In Great Drama

Star Appears Here In Movie Made From Sensational Play

In what is described as the most elaborately staged, and most highly emotional picture of her brilliant career, Kay Francis comes for the Ritz Theatre Wednesday and Thursday.

It is the Warner Bros. drama "Confession," adapted from the famed European play "Mazurka," which had sensational runs in the Continental capitals. The story concerns a famous opera singer who kills her betrayer in order to save from ruin her young daughter whom he is leading toward the fate of the mother.

Mail: Rathbone—suavest of all villains—plays the strangled whose life the bullet ends. Jane is the daughter. Ian Hunter is her husband, a war hero, who really loves the opera singer, but had been separated from her because of her brief affair with the betrayer.

Other notables in the cast include Donald Crisp, Robert Barrat, Ben Welden, Dorothy Peterson, Mary Maguire, Helen Valkis and Veda Ann Borg.

Continental in theme and treatment, "Confession," is described as a most compelling emotional exposure of a woman's reaction to life's cruelties.

The setting by Anton Grot vary from a stately Conservatory of music to a squalid slum of a Polish city.

The director, Joe May, was brought from Europe for this picture. He was a noted stage director before entering pictures and is credited with the discovery of Marlene Dietrich, Emil Jannings, Annabelle, Lya de Putti and Francis Lederer.

The Tate house in Portland, Me., built in 1755 by George Tate, contains eight fireplaces and the 18th century work.

For those red-blooded fans who like their entertainment served with a broad and beautiful philosophy of life, and the confidence of three young people, through him, Phyllis made to realize that Paige is innocent and she finally goes to him in the Rocky Mountains, where he is risking his life in the search for a vaccine that will control the dreaded spotted fever.

Arriving there, she finds him desperately ill. He has injected himself with the deadly virus. All through his illness, he insists on keeping a case history which will be valuable to other researchers men if he should die. His recovery, however, and with his recovery makes a valuable contribution to science. Meanwhile the older doctor clears Paige's name, and reunited at last he and Phyllis are married.
