

SOUTHERN STORM RAGING THROUGHOUT THE CAROLINAS BRINGS SNOW TO SOUTH

Moving Northwest and Brings Cold Weather to Us

WIRES ARE DOWN AND COMMUNICATION BADLY INTERRUPTED IN MANY ISOLATED PLACES

WASHINGTON, Jan. 27.—Southern storm, which during last thirty-six hours resulted in snow, sleet and rain in southeastern states was central today off South Carolina coast and moving northeastward. Snow reached depth of twelve inches in Western South Carolina, equal or greater in North Carolina and Southwest Virginia and extending as far south as Atlanta and Savannah where it began falling at the latter place this morning. Snow and sleet severed wire communication is badly interrupted in Carolina, South Carolina today and many points isolated.

Georgia Has Another Alleged Poisoning for the Insurance in Case

SOPERTON, Ga., Jan. 26.—Indictments charging murder were returned today against J. W. Smith, Dan Davis, Elijah Coleman and Roy Darden, in connection with the death of Bill Hall, a white cropper, last September.

The state will endeavor to show there was a conspiracy to kill Hall by poisoning for \$15,000 insurance. said to have been made payable to Dan Davis. A chemist reported the presence of poison in Hall's stomach. The case will come up in the Troup Superior court here tomorrow and at least two days will be taken up by the trial.

Gov.-Elect Thomas W. Hardwick and Judge H. K. Hines of Atlanta appear among a big array of lawyers for the defense, and the state will be represented in the prosecution by Reuben Arnold of Atlanta; William Stallion of Soperton and A. C. Sanford of Vidalia.

BERGDALL NOW LIVING IN GERMANY

GROVER CLEVELAND ALMOST KIDNAPPED BY AMERICAN SOLDIERS

BERLIN, Jan. 27.—An attempt was recently made at Ebersbach to kidnap Grover Cleveland Bergdoll, American draft evader, and a companion named Stecher, by five men in an automobile, some of whom were American military intelligence officers, and one an American sergeant, according to the Ebersbacher Zeitung.

Bergdoll was being driven to the Ebersbach railway station to meet wedding guests when the automobile was suddenly surrounded and its occupants ordered to surrender. The party broke up, but one of the Americans fired, according to the report, hitting one man in the hand. Police appeared and the men fled, but two were arrested.

Before the appearance of the police a number of villagers, sympathizing with Bergdoll, surrounded the five men with threats and seized three of them, who attempted to pursue Bergdoll's automobile.

Upon the approach of the police the villagers dispersed, the five men are believed to have come from Speyer, in the occupied zone. The man wounded was a relative of the bride-to-be.

Ebersbach is a town of 8,000 inhabitants and is a short distance from Heidelberg.

RAW SUGAR AT FOUR CENTS

NEW YORK, Jan. 27.—Raw sugar was quoted at four cents per pound today, the lowest price recorded for more than two years.

Think three times before you speak, and then give the other fellow a chance to make a fool of himself.

FLORIDA STATE LEAGUE GOES INTO CLASS "C" BALL—JACKSONVILLE JOINS—GAMES START IN APRIL

Jacksonville Will Buy Sanford, Bartow or Bradenton Franchise—W. W. Rose Unanimously Chosen President for the Next Year

ORLANDO, Jan. 27.—At a meeting of the Florida State League here yesterday the Class D organization headed by President Walter W. Rose graduated into a Class C organization with Walter W. Rose being unanimously re-elected to head the organization in 1921. At the meeting in the afternoon at the Elks' Club five of the six clubs, namely, Daytona, Lakeland, Tampa, Orlando and St. Petersburg were present, and Jacksonville was unanimously voted into the league to take over one of the three forfeited franchises of Sanford, Bartow and Bradenton. Dom Mullaney, who attended the meeting later in the evening at the San Juan, was notified that he might choose any one of these franchises, receiving the services of the players that composed the team of such franchise at the close of the 1920 season. The players of the other two clubs forfeiting their franchises will revert back as the property of the league and each club composing the league being allowed the purchase of any of these players. In case of two clubs seeking the same player, then the price for his services will be fixed by President Rose and the clubs seeking his services will be forced to take their chances on a draw.

The nominating committee of the league paid tribute to the splendid executive ability of Walter W. Rose as president of the Florida State League in offering his name alone to the league as their choice for the most capable man to head the organization in 1921. Their nomination met with the hearty endorsement of every town composing the league and Mr. Rose was again placed in office for the third consecutive time without one dissenting vote.

The most vital subject that came up before the meeting at the San Juan was the question of determining a salary limit. For over two hours a heated discussion ensued with Orlando, Daytona and Jacksonville fighting of the higher salary limit possible under the ruling of the National Commission. (Continued on page 12)

President DeValera Has Been Found in France, is the Report

PARIS, Jan. 27.—DeValera, president of Ireland, whose arrival in Ireland from the United States was announced December 31st, has been found in France, by correspondent of newspaper Oeuvre. Persistently rumored that he is in Paris.

WANT JAPAN TO APPROACH WORLD POWERS

WITH PROPOSAL FOR RESTRICTIONS ON ARMAMENTS.

TOKIO, Jan. 27.—Resolutions suggesting Japan approach the world powers in the interest of an agreement relative to the restrictions of armaments was submitted to the opposition party with proposal resolutions be submitted for passage by the Japanese Diet.

EARTHQUAKE SHOCK FELT IN PHILADELPHIA TODAY, MYSTIFIES THE INHABITANTS

Said to Be Due to Settling of Sands and Not Real Quake

PHILADELPHIA, Jan. 27.—Public still mystified today concerning shock last night in Central and Southern New Jersey and Eastern Pennsylvania which many believed earthquake. Reports continued on foundations of houses loosened, pictures knocked from walls but no casualties. Shock distinctly felt in Philadelphia.

WASHINGTON, Jan. 27.—Earth tremors in Philadelphia probably due to settling of sands and not to seismic disturbance in opinion of Father Tondore, in charge of seismic laboratory at Georgetown University here. Region not in seismic belt, he said. Similar movements due to sand settling, which is a purely local condition.

Georgia Bank Robbed in Board Daylight By an Unmasked Quartet

SUWANEE, Ga., Jan. 27.—Three unmasked men robbed the Bank of Suwanee here late yesterday of cash estimated at \$2,000 and fled in an automobile in which an accomplice waited.

The men entered the bank shortly before the closing hour and when only one customer and F. F. Dows, cashier were present. One of the men asked for a bank note and wrote on that while Dows waited on the customer. As the latter left, one bandit presented the note to the cashier, another one pointed a pistol at him, Dows said. Dows was bound and tied to a chair and the bandits proceeded to rob his cash drawer, but made no attempt to enter the vault. They left the cashier tied to the chair and headed towards Buford, the automobile leaving plain tracks in the snow.

Bank officials estimated that \$2,000 in bills was taken and possibly other valuables. A reward of \$500 for the arrest of the men was offered by the bank.

The First Contract Under New Rule

BOSTON, Jan. 26.—Hank Gowdy today signed a contract with the Boston Nationals, and it was said to be probably the first complete contract under the new regime of baseball. It is for one year. In the abbreviated agreement player and club owner subscribe to recognition of Judge Landis as arbiter of all misunderstandings.

NEGRO POPULATION IN MANY STATES

WASHINGTON, Jan. 27.—Negro population of Lynchburg, Va., 8355, increase 11 per cent. Negro population of Houston, Tex., 33,843, increase 41 per cent. Negro population of Detroit, 41,532, increase 623, 4 per cent.

THE "SILVER CROWN" FILLED BAPTIST TEMPLE LAST NIGHT, ANOTHER GREAT LECTURE

Given to The People of This Community by Dr. Conwell

"ACRES OF DIAMONDS" WILL BE GIVEN FOR SCHOOL CHILDREN FRIDAY NIGHT

The Baptist Temple was filled to overflowing last night at the lecture given by Dr. Russell Conwell and for two hours he held them with his wonderful axioms, truths, counsel and pleasantries. After hearing Dr. Conwell one never wonders that his lectures have been given thousands of times and have been published in book form and read by many thousands more in every civilized country on the globe. By special request he gave the lecture "The Silver Crown, or Everyman's University" last night and based the title and the introduction of the lecture upon an East Indian legend that kings should be known by four facts, a real king should be loved by animals and have them follow him, he should be able to command the sun and the waters of the earth and all people should love him and from the Indian legend he applied the rules to latter-day kings—not those on the thrones of Europe but the kings, the leaders in present-day society. And from his beautiful legend he wove a wonderful story about the present day and since women are now taking their rightful place as leaders in this country he supplemented it by applying the rule to kings and queens and brought out many interesting facts in connection with animals. His wonderful exposition of the hen and her work, the horse and the dog and other animals that could well be copied by people, his talk on how one learns wonders of the world outside of the great universities by considering the animals. In fact Dr. Conwell, although president of a great university himself and

BRITISH AND FRENCH DISAGREE SOMEWHAT ON GERMAN REPARATION

Former British Minister to Rumania Dies in London

LONDON, Jan. 27.—Sir George Barclay, former British minister to Rumania, is dead.

Fight Reductions

WASHINGTON, Jan. 26.—Hearing of the appeal of the Atlanta, Birmingham & Atlantic Railroad to reduce wages to its employees was to begin here late today before the railway labor board. Notices posted by the railroad informed the employees of a wage reduction, the company alleged, to the financial condition of the road. The objections of employees resulted in bringing the case before the board.

THE SANFORD AUTO CAMP GROUNDS ARE NOW READY TEN ACRES SOUTH OF CITY

No Giggling Girls Who Powder on Jury

ATLANTIC CITY, Jan. 27.—Giggling girls who powder and rouge have been barred from jury duty by Judge Louis Repetto of the district court here. Instructions to his bailiffs posted in the court room today set down that women juries shall contain: "No busy wives of working men." "No mothers of small children." "No admixture of men." "No immature women who giggle, rouge and powder, but do not think."

COTTON EXPORTS

WASHINGTON, Jan. 27.—Cotton exports last year exceeded those of any other commodity, according to the department of commerce.

Extends From Sanford Avenue to Park Avenue

IS HIGH AND DRY

AND WILL BE PUT IN FIRST-CLASS SHAPE IN EVERY PARTICULAR

Sanford can at least rest easy on the difficult problem of supplying an auto camp for the many thousand automobile travelers who wish to stop here for awhile before visiting other points in the state.

They have been at temporary quarters all winter on Sanford Heights and some of them liked the location so well that they purchased lots and intend to live there but the camp site was never large enough and it was too near the city to get enough ground to give the campers all the room desired and City Manager Ryan has been looking for a better site ever since and finally found one south of the city that extends from Sanford avenue to Park avenue. The location is directly across the street from the Fitts place and the tract of ten acres was recently purchased by J. F. Spurling who has granted the city the right to use the west end of the strip for an auto camp with the proviso also that the one-night campers could always use a small tract on any of the Spurling land on Sanford avenue.

This land is high and dry and much of it has a fine shade, being among the oaks and pines where there is plenty of firewood and where it will be fine in winter and summer weather. It is easily accessible and close enough to the city and should make one of the best camping sites in this part of the state. The city officials will now direct their efforts toward making this site all that could be desired and will arrange to make it sanitary in every respect and keep it that way. As soon as all arrangements have been made which will be in about three days all the campers who do not own their land on Sanford Heights will be requested to move to the new camp where they will be well provided for in every way.

Lloyd George Talks Privately Regarding French Stand

PARIS, Jan. 27.—It is understood the British delegation attending the Supreme Council considered it impossible to agree to the French viewpoint regarding German reparations. Morning's council sitting was cancelled to give Lloyd George an opportunity to talk privately with members of the council regarding the French position.

BERLIN, Jan. 21.—American property in Germany which was taken under control by the German custodian of enemy property after the United States entered the war has been unconditionally released the foreign office announced today.

Mountains About San Francisco Moving North

BERKELEY, Calif., Jan. 27.—The mountains of the coast range in the vicinity of San Francisco are moving slowly northward, causing enormous earth strain and producing rebounds in one of which Mount Tamalpais jumped back 6.6 feet, according to Prof. A. C. Lawson, of the University of California, in a geological bulletin made public here. Tamalpais moved northward ten feet, between the years 1864 and 1906, and then hopped back 6.6 feet in 1906 at the time of the San Andreas slip, which caused the great earthquake of that year, Professor Lawson asserted. Mount Hamilton, near San Jose, he said, moved northward at the rate of four feet a year from 1893 to 1903, but after a sudden shift of that year, continued at the rate of 2.22 feet.

MURDER AND SUICIDE OCCUR IN PLANT CITY

HUSBAND KILLS WIFE, THEN HIMSELF—JEALOUSY IS THE CAUSE

PLANT CITY, Jan. 27.—Plant City was Tuesday afternoon the scene of a double tragedy when Nathan Drawdy shot and killed his young wife and then fired a bullet through his own brains, at their rooms on Haines street.

Drawdy was an employee of the Warnell crate mill and it seems had come home earlier than usual and found his wife was out. He was seen on the streets inquiring for his wife and then returned home, where in a short time his wife arrived and the couple walked into their room. A mechanic, doing some work at the rear of the house, heard the woman scream and say: "My God, don't do that!" Almost immediately three shots rang out.

The body of the man was found almost in the doorway and the woman was on the opposite side of the room. The wife was shot through the heart and left shoulder, the man through the head. Jealousy is supposed to have been the cause. The couple have been married less than a year.

Mr. Dawdy's parents live at Knights. Mrs. Dawdy was Bertha Burnett before she married, and her parents live near Balm or Boyatt.

Officers investigated the case and Justice of the Peace J. D. Smith decided an inquest was not necessary. The bodies are at the undertaking parlors of Wells and Sons Company.

MOTHER OF GOV. DAVIS DEAD

RICHMOND, Jan. 27.—Mrs. Annie Davis, mother of Governor Davis of Virginia, died Tuesday night at Laurel, Md., it was announced today.

BOUGHT TICKETS FOR EVERY CHILD IN THE GRADES

HON. F. F. DUTTON MAKES A SPLENDID GIFT TO SCHOOLS

Hon. F. F. Dutton, who for two years was a member of the board of education of Seminole county, is one of the most public-spirited men of this city. He has the cause of education deeply at heart, and never misses an opportunity to show the people just where he stands in the matter. Mr. Dutton has given tickets to Dr. Conwell's lecture, "Acres of Diamonds" to every school teacher and every pupil of the seventh, eighth and high school grades in Seminole county. Certainly, Mr. Dutton could give no more valuable gift to anyone than an opportunity to hear this wonderful lecture by America's foremost platform orator.

The teachers and pupils wish to express publicly their appreciation of Mr. Dutton's generous gift.

MRS. ALLYN WILL LECTURE IN RUBE'S PLACE

THE TALENTED WIFE OF EDITOR WILL FILL ALL OF HIS ENGAGEMENTS

BRADENTOWN, Jan. 20.—Mrs. Evelyn Allyn will fill the place of her husband, Rube Allyn, on the Lyceum program here this winter. Rube Allyn, who is held in jail here charged with the murder of Harry L. Higel of Sarasota, has been engaged by the Bradentown Chautauqua Association for an entertainment sometime in February. The entertainment was to have been the feature of the Lyceum course this winter, as everyone in Bradentown is anxious to hear Rube, who is a great entertainer, and he has many friends among the tourist visitors to the city.

When Rube was arrested about ten days ago, it looked like he would have to cancel his entertainment and as the entertainment was already scheduled and the people were expecting Rube, the directors of the chautauqua association held a meeting and asked Mrs. Allyn to take his place. Mrs. Allyn was in the city this morning and said that she would fill the engagement. Mrs. Allyn has been an entertainer and was on a chautauqua circuit when she and Mr. Allyn were married. For the past several years she had to give up her profession, as the duties of caring for a large family did not permit her to give the necessary time to her profession. Mrs. Allyn said that she did not know how she could give the entertainment, but she thought a minute and said if Mr. Allyn had promised an entertainment and the directors wanted it she would give it. She will be assisted by Dr. Mary Walcott Green, an elocutionist and reader of some note. Dr. Green has lived in Bradentown for several winters and has pleased many Bradentown audiences during her stay here.

Mrs. Allyn was on her way to St. Petersburg today to begin work on the February number of the Florida Fisherman. She said that she was very busy with the work as it was all so new to her. She said that it was pretty hard to work under the present difficulties but that both she and Mr. Allyn were receiving so many letters

work. "There is always a dark cloud in every person's life," said Mrs. Allyn, "and the dark shadows now will only of kindness and sympathy that she felt that she must go on with the make the future sunshine the brighter."

Mrs. Allyn's entertainment will be given February 18th.

There have been no new developments in the Higel case. Detective Fred Thomas of the Thomas National Detective Agency of Tampa has spent a day or two in this section going over all of the ascertained facts in the case and looking for new leads. What he may have discovered has not been disclosed. Mr. Thomas was engaged by relatives and friends of Mr. Higel to run down the murderer.

The only arrest that has been made in the case is that of Allyn, who was held by the coroner's jury as the murder suspect. It is apparent now that he will not seek a preliminary hearing and that the matter will go before the grand jury in due course when Judge O. K. Reeves convenes that body at the opening of the spring term of the circuit court here March 8th.

So far as is known, only circumstantial evidence has been adduced. The newspaper man has taken his confinement in jail quietly. He does some writing each day, entertains his fellow-prisoners, reads all the newspapers and receives friends. He has more callers each day than all of the other prisoners combined have.

Embroidery Ancient Art.
The art of embroidery has been practiced from time immemorial—it is said to be as old as the art of dressing. The mummy clothes of ancient Egypt show the earliest extant embroidery and the "pome-granates of blue and purple and scarlet" of the book of Exodus were of embroidery. The art reached its height in the early middle ages. In Greece and Rome laws were made to moderate its use, but without success. The most distinguished artists did not count it condescension to make the designs from which the highest ladies in the land executed their embroideries. No workers were more skilled in the art than the English.

Electricity in White House.
The White House is probably more intricately equipped electrically than any other residence in the world. There are in the house more than 170 miles of wire, providing for 3,000 incandescent lights, a bell system and a private telephone system for the president and his family, exclusively.

ARGUMENT ON PROPOSED DUTY ON SUGAR

CANE-SUGAR GROWERS WANT HIGH PROTECTIVE TARIFF

WASHINGTON, Jan. 19.—Criticism of the government's method of sugar distribution during the war, together with a practically unanimous appeal of cane sugar growers for a protective duty, marked consideration of the house ways and means committee today of revision of the Underwood tariff act as it applies to sugar, molasses and syrup.

Practically the entire day was given over to testimony of conditions in the cane belts of the South, but representatives of several refiners, among them former Representative John J. Fitzgerald of New York, were included among the witnesses, and they stirred up the old time struggle between producers and refiners.

Mr. Fitzgerald declared that the government's policy during the sugar shortage last year had been such as to penalize the whole nation in order to favor Louisiana producers.

"If the government had bought the Louisiana crop," he said, "it could have given it away, saved those people whom it used as an excuse for the price fixed and saved the rest of the country millions of dollars."

R. E. Milling of New Orleans, representing the growers, retorted that the refiners had "sought to get a rip on the sugar industry and make the people pay for it."

Earlier in the day the committee had heard the request of a delegation from Porto Rico, for a tariff on sugar that would enable them to continue an industry which they described as "basic in the life of the island."

Few of the witnesses representing either the producers or the manufacturers of raw cane sugar attempted to suggest a specific rate of duty. All were content with asking the committee merely to give them "ample protection." The argument advanced was that cane sugar was an important addition to the national sugar supply and therefore its production should be encouraged. Statements were made to the effect that the industry would

die unless some protection were granted.

The committee also heard Frederick J. Bates, chief of the sugar division of the federal bureau of standards, who urged a re-drafting of the sugar schedule on "modern and old-fashioned methods" of assessing the duty would be eliminated. Mr. Bates, who was called by the committee, declared that the method now used was adopted among the earlier tariff schedules of the nation's history, and ever had been changed.

The witness also suggested a prohibitory tariff on rare sugars which are used almost entirely in medical work. He termed "infants" the industries manufacturing these products and warned the committee that unless they were protected a revival of the German production would stifle these plants.

LAKE MONROE

The Tin Can Tourists continue to come along. Often they stop over at our little town, pitch tent and "bide-a-wee." The open fields and pleasant surroundings of Lake Monroe afford attractive camping sites. The view is beautiful. Off in the distance the two suspension bridges reach gracefully across the St. John's river, upon the surface of the rippling waters, the delicate hyacinths bloom, the whole year round. Upon each bank, the staid and sober old forest trees, washed by many waters, stand as sentinels and gently wave their long, gray Spanish moss at the way Osceola as she merrily piles her way from Jacksonville to Sanford.

Good things are coming our way. Congressman W. J. Sears has presented our school with a large, complete map of the U. S. Mr. Hawkins, our popular trustee, came over and with fitting words of pleasure at our gift delivered the present. Another nice present received in the past few days was a package of complimentary tickets to the lecture by Dr. Russell H. Conwell to be given in Sanford next Wednesday night. This favor was bestowed upon us by H. H. Dutton, a retiring member of the school board and was presented to the faculty and higher grades. We are very grateful to our benefactors for their kindness and consideration and feel that we will receive much benefit from both the new, improved

map and also the intellectual entertainment.

Miss Josephine Wynne entertained her little friends with a birthday party Wednesday. The popular little hostess was the recipient of many presents. Delicious cake and lemonade were served the many young friends present.

Having read in the Sanford Daily Herald that Wednesday was a legal holiday, it being the birthdays of two distinguished gentlemen, Robert E. Lee and Robert J. Holly, we celebrated the occasion as best we knew how. We have a great liking for these two gentlemen, one a great wielder of the sword, the other a big flourisher of the pen, both very dangerous weapons. Yassum.

Mrs. Kate Keeley, of Symphonville, Ky., has arrived to be a guest of relatives here.

Mr. and Mrs. George McCrumb spent Sunday at the Beach. They also stopped over at the Halifax river and enjoyed the fat oysters. The following will spend next Sunday at the oyster beds: Mr. and Mrs. J. D.

Talbot, Miss Linda Miles, Henry, Phillip and William Miles, Mr. and Mrs. Ben Lake and family and Mrs. Kate Keeley.

A cylinder cap blew off the Osceola boat just after the first draw bridge was passed and necessitated the laying over to the boat here on morning.

Mr. and Mrs. A. A. Wainwright have moved to Chuluota.

Henry Shoulet has returned from Henderson, Ky., where he spent about a week.

The Florida Cane Syrup Company of Tampa, developing an extensive tract of Pasco county land, are making rapid development strides. This firm has now over 300 acres of land cleared and seed cane on hand in sufficient amount to plant in excess of 500 acres, and they expect to have fully 750 acres of cane planted before the season closes. A. E. Green and Elmer L. Hatten both of Baltimore, were recent important guests of the firm.

SANFORD SHOE & CLOTHING COMPANY

115 EAST FIRST STREET, SANFORD, FLORIDA

ROAD DEPARTMENT ELECTS CHAIRMAN, JUDGE PHILLIPS

FATHER OF ROAD DEPARTMENT OBTAINS POSITION OF CHAIRMAN

TALLAHASSEE, Jan. 21.—A full meeting of the newly appointed members of the state road department was held yesterday morning in the department offices. Upon motion of I. E. Schilling, of Miami, seconded by W. W. Clark, of Wall Springs, Judge H. B. Phillips, of South Jacksonville, was unanimously elected chairman of the department.

The entire day was taken up in discussing plans for the future and the interest of the new members in the workings of the department indicate a business-like and successful administration.

The retiring chairman, Forest Lake of Sanford, was present at the meeting and addressed the department, assuring them of his continued loyalty and support.

Judge Phillips thanked the members of the board for their confidence in his ability to conduct the affairs of the organization and pledged his best efforts toward the ultimate realization of a splendid road system in the state.

It is assumed that Judge Phillips will remove his residence from Jacksonville to Tallahassee, as the law requires the chairman to reside at the state capital. But it was learned at the department today that the new chairman had as yet made no definite plans.

JACKSONVILLE, Jan. 22.—Judge Henry B. Phillips is entirely too modest to make the claim, but it is a fact known to the former officers and some of the members of the Florida State Good Roads Association, that Judge Phillips is the "father" of the state road department, being the author of the bill providing for the creation and organization of the department, which was enacted into law by the state legislature of Florida in 1915.

For a number of years prior to the 1915 convention of the State Good Roads Association, held at St. Petersburg during the month of March, Judge Phillips was chairman of the legislative committee of the organization. He submitted a draft of the bill providing for the creation of a state road department to the convention at St. Petersburg and it was given the unanimous endorsement of the association. Hon. Frank Wood, member of the legislature from Pinellas county, was entrusted with the duty of engineering the bill through the house, where it was known as the "Wood bill." While the bill as introduced was amended in several particulars, the main features were retained and was passed by a substantial majority in the house. It then went to the senate and was passed with few, if any, amendments. Hon. Park Trammell was governor and he promptly approved the measure.

The State Good Roads Association, of which Hon. F. O. Miller, now representative-elect from Duval county, was president, had for several sessions endeavored to secure the passage of a law creating a state road department or highway commission, but until the measure drafted by Hon. Judge Phillips was submitted, the legislature had refused to enact the necessary legislation. It was Judge Phillips' idea of having the department consist of five members, one from each of the four congressional districts of the state and one from the state at large, that first met with general favor.

GO NO FARTHER

The Evidence is at Your Door Sanford proof is what you want and the statement of this highly respected resident will banish all doubt:

W. A. Stafford, prop. plumbing establishment, 408 Holly ave., Sanford, says: "Kidney complaint had annoyed me for some little while. I had backache so bad I couldn't stoop to pick up anything when working. I was pretty well handicapped. I was also afflicted with a kind of dizzy feeling and there were times when I could see dark specks in front of me. I felt generally run down. I doctored, but didn't get much benefit, so I sent for a box of Doan's Kidney Pills at Aldridge's Drug Store. I wasn't long in finding out the merit of this remedy, for it soon cured me and I have remained free from kidney trouble for some years now."

When a girl gets looney over dancing, and is always going on joy rides at night, and spends a lot of time at the telephone giggling and chattering with the boys—there's something working loose, and her folks had better keep a watch on her.

HARDING IS CRUISING THE INDIAN RIVER

TWO-HOUR MOTOR RIDE DURING A STOP AT ORMOND BEACH

ORMOND BEACH, Jan. 24.—The house boat Victoria, on which President-elect Harding is cruising down the Indian river, made the first stop on her voyage yesterday at Ormond Beach and disembarked her passengers for a two-hour motor ride along the Florida East Shore boulevard. The stop here and a brief tie-up when the Victoria tried to go through the Ormond drawbridge, were the only incidents of the log of the house boat during a peaceful Sunday's sailing.

Taking advantage of perfect weather, she pushed ahead of her schedule and when she tied up for the night she was within a few hours of Rockledge, where the party expects to go ashore some time tomorrow for a golf match.

During the auto ride, Mr. Harding and his companions drove into Daytona, eight miles from here, and brought back Senator A. B. Cummings of Iowa, who has been at a Daytona hotel and who will make the remainder of the house boat trip as a member of the vacation party.

Under a hot sun the president-elect came ashore wearing white woollens and a straw hat. His visit attracted little attention, though the Victoria docked within a stone's throw of a big tourist hotel. Details of his vacation trip had been kept confidential and only a few of the guests here learned of his arrival until after the Victoria had headed down stream again.

The trouble at the draw-bridge occurred soon afterward and held up the Victoria for more than an hour. She attempted the passage at too shallow a point and stuck in the mud in such a position that the bridge could not be closed until her little engine had forced a way out inch by inch. Meantime more than a score of automobiles were held up and a crowd of several hundred gathered on the bridge and cheered the house boat when she finally extricated herself.

SPENCER CASE TO BE HEARD BY THE SUPREME COURT

WILL CONTEST ATTORNEY GENERAL'S MANDAMUS ACTION

TALLAHASSEE, Jan. 25.—The Florida Supreme Court will hear oral arguments here this afternoon at 3:30 in the alternative writ of mandamus filed by Attorney General Rivers H. Buford and directed against Sheriff W. C. Spencer of Hillsborough county to test the constitutional validity of chapter 7,331, acts of 1917, commonly known as the county officers fee bill. John T. G. Crawford of Jacksonville, and Judge James F. Glenn of Tampa, representing Sheriff Spencer as the respondent are expected to be here and will make such pleadings as will present to the court the constitutional validity of the act. The law will be defended by Attorney General Buford and his colleagues, Worth W. Trammell and Judge J. B. Gaines.

In the petition for an alternative writ of mandamus filed by the attorney general a short time ago it was alleged that the county commissioners of Hillsborough had fixed the number of salaries of Sheriff Spencer's deputies and advised the sheriff of this action and that the sheriff declined to appoint the deputies in accordance with the commission's action, holding that the law was unconstitutional. Through the proceedings to be heard today it is hoped to bring the matter to an early adjustment.

Judge Glen left Sunday night for Tallahassee to represent Sheriff Spencer before the supreme court in the mandamus action. He will return Thursday.

Sheriff Spencer said the entire matter was in Judge Glenn's hands.—Tampa Tribune.

POPULATION OF VARIOUS CITIES SHOWS INCREASE

WHITE AND NEGRO CENSUS FIGURES ARE INTERESTING

(By The Associated Press)
WASHINGTON, Jan. 25.—The negro population of Roanoke, Va., 9300, increase 22 per cent over 1910. White population 41,530. Negro population of Kansas City, Mo., 3706, increase 30 per cent. Negro population of Camden, N. J., 8513, increase 40 per cent. Negro population of Youngstown, O., 6660, increase 244 per cent.

LITTLER-PREVATT NUPTIALS

(From Monday's Daily)
A quiet wedding took place at high noon yesterday at Chuluota at the residence of Rev. Hogan when Miss Hazel Littler, daughter of Mr. and Mrs. J. N. Littler of Osteen, and Mr. C. W. Prevatt of Geneva were united in marriage. The wedding took place with only a few friends in attendance and after the ceremony Mr. and Mrs. Prevatt left for Geneva where they will reside.

The bride has been a resident of Sanford for the past two years, being in the office of Dr. Caswell as assistant and has many friends here and at her old home in Ohio and in Geneva who extend their best wishes. The groom is a young man of well-known business ability and is engaged in the cattle business near Geneva being a Seminole county boy who has the respect and esteem of all who know him.

The Herald extends best wishes to Mr. and Mrs. Prevatt.

The high prices are climbing down, but they are proceeding slowly, as if afraid they might hurt themselves.

WOMAN'S CLUB

WELFARE DEPARTMENT

The January business meeting and program of the welfare department at the Woman's Club, Wednesday, was one of the most delightful of the season and it is to be regretted that the inclemency of the weather prohibited a larger attendance for the subject under discussion during the program period is of vital importance to parents, teachers and pupils alike, however those who were unable to avail themselves of the privilege to be present on this occasion will have the opportunity at the February meeting of the department, as owing to the lengthy business meeting, the hour grew too late to complete the program. The five teachers who were unable to present their subjects on Wednesday have signified their willingness to do so at the next meeting. Let us have a crowded house to meet these teachers who are so generous giving their time and talent in co-operation with the Woman's Club to promote the best interests of our school children. Parents are beginning to realize the necessity and value of co-operation with the teacher and the children whose parents are standing shoulder to shoulder with the teacher, and making much more rapid progress.

Mrs. E. D. Brownlee, to whom the credit is due for the excellent program, introduced T. W. Lawton, superintendent of public instruction, who made the announcements and introduced the teachers. Following the teachers, Mr. Lawton made an earnest plea for the co-operation of the club as a whole, and of the individual members, requesting that letters be written to our senators and congressmen at Washington, endorsing the Smith-Tower education bill, and urging the support of our representatives. The request was received with unanimous consent. Speaking for the Club, Mrs. Morgan stated that the request would come before the February meeting of the general club at which time she felt sure it would be received with approval.

Mr. Lawton availed himself of this opportunity to thank the welfare department for their efforts in behalf of the drive for funds to supplement the teachers' salaries.

Mr. Ogilvie, principal of the High school, gave a fine practical talk on the relationship of parent-teacher and pupil that should have been heard by every parent in Sanford.

Miss Ida Gray's subject "Music in the Public Schools" was handled with an understanding of this great need that made a strong appeal. She particularly stressed the use of a Victrola as a means of raising the standard of musical taste by a careful selection of records in school that would

be reflected in the homes, and the interpretations of the song-training in the kindergarten through the use of the Victrola made the machine seem a most necessary adjunct to the kindergarten system. Through the kindness of Arthur Yowell, a Victrola has been placed in the high school.

Miss Elizabeth Humphreys, teacher of Ancient, Medieval and Modern History made one see the absolute necessity of these subjects as a part of the education of the high school pupil, and drove the argument home with convincing emphasis.

Prof. Baché gave a splendid talk on the "Practical Education of Science" and the comprehensive laws of nature's science, including health, dividing it into three divisions as studied in the High School, General Science, Biology and Chemistry, and in conclusion made an earnest appeal that parents give the pupil the opportunity to apply his or her knowledge at home. That "everything pertaining to life and living is based on science" was clearly proven by Prof. Baché.

Mrs. R. C. Maxwell convincingly demonstrated that "Latin" is the most essential of all studies and did not agree with the boy who said "What's the use of Latin anyhow?" Introducing at times a humorous tendency and illustrating with charts, Mrs. Maxwell's discussion on Latin was wonderful.

The club reporter would love to give each splendid talk in full but space prohibits suffice it that all were excellent and combined to make the meeting one of pure delight and most instructive. It is recognized that the schools must take the responsibility of training if childhood is to be considered and developed to the best citizenship and well-developed bodies and minds are the foundations for good manhood and womanhood.

The business period was presided over by Mrs. B. W. Herndon and the reports of the various committees were most encouraging.

Mrs. Wm. McKinnon reported on the financing of the cemetery improvement which are rapidly going forward under the direction of Mrs. R. C. Bower. Mrs. McKinnon has secured the co-operation to date of one hundred lot owners who have agreed to contribute regularly to the salary of a keeper for the care of the lots and avenues. Upon her recommendation, the welfare department unanimously voted to contribute fifty dollars with which to employ extra help to put the cemetery in good condition. The necessity for cemetery care and improvement was brought before the Welfare department in October. A committee was appointed to investigate conditions and upon her report in December, the present committees were appointed with full power to act. The result is an aggressive campaign for funds and improvements, already showing results through the activities of Mrs. McKinnon and Mrs. Bower and this work will be included in the civic improvement of the welfare department.

Mrs. T. M. Paleston reported that Mr. Osborne Herndon has promised his co-operation for better pictures and assures the committee that he will secure suitable films for the children. The crusade against the immoral pictures that are now the rule rather than the exception, is gaining headway and "better films" may be expected as a result of the attitude of women's organizations all over the country.

Upon the request of Mrs. C. M. Berry, a committee was appointed for the purpose of securing a suitable committee to collect, exhibit and guard a "Woman's Exhibit" from Seminole county for the Sub-Tropical Fair at Orlando in February.

Mrs. Fred Williams was unanimously nominated chairman of the Welfare Department for 1921-1922, and Mrs. Harry Ward was appointed to serve on the elections committee for the Merch election of Club officers, and chairmen of departments.

THE ROD AND GUN CLUB BUYS LAKEFRONT PROPERTY FOR CLUB AND BOAT BASIN

Three Acres of Land on
Paved Street and
Lake Front

PLANS PROGRESS

CAMPAIGN WILL BE MADE TO
ENLIST SEVERAL HUNDRED
MEMBERS IN PROJECT

(From Wednesday's Daily)

The Rod & Gun Club, one of Sanford's newest and liveliest organizations, has purchased a beautiful site for a club house on the shores of Lake Monroe.

This property is between the J. B. Wilson place and the W. A. Fitts place on Union avenue and extends from Union avenue to the lake a distance of over 500 feet and is 182 feet in width. The line between these two properties has always been a diagonal line. The Rod & Gun Club purchased a part of both of these properties in such a way that the lines will be made to conform to the streets of the city at right angles and will have the effect of improving the appearance of that section materially.

The deal will be closed as soon as the papers have been prepared and passed upon and it is said that the purchase price of this site is \$4000. The site comprises over three acres of land and is within easy walking distance of the city. It has the advantage of being on a paved street and also has the additional advantage of having a frontage on the lake of 182 feet, which will make a fine boat basin for the use of the club and the visitors to the city.

The Rod & Gun Club is to be congratulated upon their purchase, as this land is worth the full price paid for it and possibly more as farm land. As a site for a club house it could not be excelled and the possibilities for a boat basin within a convenient distance from the heart of the city will recommend it to the visitors who

come to Florida in private yachts each season.

The Rod & Gun Club was organized about a month ago and at once set about the task of selling stock to the citizens of Seminole county. No subscriber has been asked to subscribe for more than \$100 worth of stock and the club now has nearly 100 members. New committees will be sent out in a few days to sell more stock, as it is the purpose of the club to interest as many citizens as possible in this club.

Plans for a club house are now under way which will also be used for conventions and other gatherings and will fill a long-felt want in Sanford in this respect.

A meeting of the stockholders will be held in the court house on Friday evening, January 8th, at 8:00 o'clock at which it is expected that every subscriber as well as every interested citizen will be present.

The list of the subscribers to this club's stock follows:

B. W. Anderson, O. F. Allen, W. B. Ahern, R. C. Bower, B. R. Beck, L. F. Bryan, C. L. Britt, J. G. Ball, L. A. Brumley, F. W. A. Brown, Geo. D. Bishop, Jno. T. Brady, L. P. Chittenden, J. B. Coleman, S. O. Chase, Randall Chase, V. E. Douglass, Albert Dorner, J. D. Davison, R. R. Reas, Geo. A. DeCotes, F. F. Dutton, B. C. Dodds, Felix Frank, Harry A. Fleetwood, Alfred Foster, E. F. WELAKA BLOCK WAS SOLD AGAIN, SECOND TIME IN THIRTY DAYS, HAS RECORD

J. D. Brown Sells His Interest in One of Sanford's
Finest Buildings to T. W. Hanes of
North Carolina

(From Wednesday's Daily)

The Welaka Block has been sold again.

J. D. Bowen of Winston-Salem, N. C., who recently purchased this fine property from E. A. Douglass and Roy Symes sold it yesterday to F. W. Hanes, a capitalist of North Carolina, who expects to make Sanford his home in the future. The price has not been stated, although it was rumored that it brought around the \$175,000 mark, which sets a record for property in this fast-growing city.

F. W. Hanes, the new owner, has been attracted to Sanford by the many advantages of this city being at the head of water transportation on the St. Johns river, the rich farming country back of it, the increasing list of factories, the headquarters of the A. C. L. Railway and the big shops, the rail transportation facilities and countless attractions for the investor. Mr. Hanes is the kind of man that are needed here and the fact that he and Mr. Bowen will make their homes here is a cause for congratulation as they are men of means,

are associated with men of means and will bend all their efforts and capital toward making this city great. The sale was made through H. A. Coggins of the Rose Investment Company of Orlando who made the first sale of this property to Mr. Bowen and who is being congratulated by his many friends upon the second sale of this property. The Welaka Block consists of up-to-date store rooms and beautiful apartments and the property is bringing in a good revenue and will continue to do so, being one of the most up-to-date buildings in the city.

Thus Messrs. Douglass and Symes, Coggins and Bowen are to be congratulated upon starting something big here. They are to be congratulated upon bringing Sanford to the notice of big people and congratulated upon having the far-sightedness that went ahead and accomplished something big and last but not least Mr. Hanes, the new owner, is to be congratulated upon his decision to make Sanford his home and invest his money here in the fastest-growing city in this part of the state.

B. J. Starling, F. W. Talbot, D. L. Thrasher, J. N. Tolar, Deane Turner, J. H. Tillis, H. C. Waters, Stanley Walker, W. T. Wheeler, B. F. Whitner, Fred Walsman, W. H. Wight and A. E. Yowell.

New England in Grip of Winter's Coldest Weather

BOSTON, Jan. 26.—The coldest weather of the winter is recorded in New England today. Three below zero was registered in the suburbs of Boston this morning.

The movement of turkeys from Atchua county just before the holidays was probably the heaviest ever known. The prices received ranged from 35 to 50 cents a pound.

are associated with men of means and will bend all their efforts and capital toward making this city great.

The sale was made through H. A. Indiana Standard Oil Cuts Gas Two Cents per Gallon

(By The Associated Press)

CHICAGO, Jan. 26.—A reduction of two cents a gallon in the price of gasoline was announced here yesterday by the Standard Oil Company of Indiana, as a result of decreases in the price of crude oil. At service stations, the price dropped from 29 to 27 cents and from tank wagons from 27 to 25 cents. Kerosene was cut from 18½ to 15½ cents a gallon.

"If crude oil continues to go down, gasoline and kerosene will naturally go down with it," said W. M. Burton, president of the company.

Girl's Scalp Torn from Her Head by Machine, Sewed Back on Again

Dena DeWitt, 15-year-old Dade City girl, was completely scalped yesterday when her hair became entangled in the driving shaft of a can-grinding machine near that city. The machinery pulled her scalp entirely off her head. The unfortunate girl was rushed to Tampa for medical attention. The ambulance of B. Marion Reed met the train and she was taken to the Bayside hospital, where Dr. J. S. Helms operated, sewing the scalp back on the head. Officials of the hospital stated last night that the girl was resting well and that chances for her recovery were good.

Blessed are they that vamp not for the profits of the primrose path are vanity, and the ultimate guidepost is "This Way Out."

RESUME BUSINESS AS USUAL SHOULD BE OUR SLOGAN ALL ALONG THE LINE

This is Not the Time to
Cease Buying Any
Commodities

PRICE LEVELS HERE

AND IF BUYING STOPS IT WILL
REACT ON OUR OWN
INDUSTRIES

Business as usual was one of the million slogans during the war and it would be a good slogan to remember and to follow right now in our commercial life. Holding off buying was all right to bring down the high cost of living but if there are any now who are holding off buying thinking that prices will hit the level of 1914 they are going without the necessities of life and saving nothing for the simple reason that business must resume all along the line now if we would start the dollars circulating in the north to take care of our winter fruits and vegetables. One touch of nature makes the whole world kin and one touch of adversity makes the whole world kin also, and this can easily be noted in the falling off of the farm products for the past year.

It means that the people here and the people everywhere must buy what they need right along without waiting for any more tumbles in prices for prices have tumbled about as far as they can without tumbling the entire financial structure of the nations down with them.

Right now our growers are wondering about the price of celery and spring vegetables. Probably these same growers are among those who are waiting for the prices of all commodities that they need to come down. Consequently the mills and factories of the north have shut down because everybody is waiting for prices to fall. These same people working in the mills and factories in the north were the ones that bought our celery and lettuce last season. If they are not working they can not buy as they did formerly and thus the chain that binds one industry to another is broken. All business should resume and there is no need for worry over the outcome. The growers of fruit and vegetables will receive a fair price for their products. They should go in for a good pack first and ship nothing but prime stuff. They should also find out what the markets will stand in way of shipments, they should find out how much the cash buyers will stand and then adjust their sights accordingly and they will bring down the game and business will resume all along the line. It is well to begin the study of this problem.

Red Revolution in Finland Said to Be Brewing

(By The Associated Press)

Try a Herald Want Ad.—It pays.

WORK ON WEKIWA BRIDGE IS TO BE EXPEDITED

Commissioners H. R. Ferran and W. H. Richie, delegated by the board of Lake county commissioners, met with the Seminole county commissioners Monday to consider the slow progress being made on the fill at the Wekiwa bridge. The contract called for the completion of this work by February 1, 1921, with penalty attached for failure to complete same at designated period. As the contractors have labored under many difficulties an extension of time was granted until April 1, at which time the assurance was vouchsafed the commissioners of the two counties that the work would be completed. In the meantime the question of constructing a new bridge will come up for adjudication by the commissioners of Seminole and Lake counties.—Eustis Lake Region.

BUILDING FOR LIBRARY IN SANFORD

WOULD BE FINE IDEA AND BE
BIG HELP TO CITY
AND VISITORS

(From Tuesday's Daily)

The "13" Club at their regular luncheon today took up the question of many matters relative to the improvement of Sanford and among other matters President Knight appointed a committee to take up the idea of establishing a permanent home for the Sanford Library.

This is something that is needed here for the Sanford Library has had a long and useful career in Sanford and without having any resources or assistance of any kind has maintained an organization and has some funds in the banks at the present time.

It would be a grand idea for the city to donate a tract of land suitable for this purpose and if such could be found like one of the parks where the land would not cost the library any money all that they have and all that could be raised would go for a fine building.

A small piece of land in the center of one of the parks would be an ideal site for the library association and the building could be erected for a sum of about \$10,000 or less, a real nice comfortable building erected on the unit system that could be added to from time to time as the city grew. This is a capital idea and the committee will no doubt go into the matter far enough in a few days to sketch some tentative plan to present to the public.

A Rat Breeds 6 to 10 Times a Year, Averaging Ten Young to a Litter

Remember this, act as soon as you see the first rat. Get a package of RAT-SNAP. It's a sure rat and mice destroyer. It's convenient, comes in cake form, no mixing. Mummifies rat after killing—leaves no smell. Cats or dogs won't touch it. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Ball Hardware Co.

THE MAN WHO KNEW AND WHAT CAME OF IT

We knew a man with an automobile, who said he was a careful driver
AND HE WAS!
He said he would never injure anyone
AND HE DIDN'T!
He said: "If anything happens, it will be the other fellow's fault!"
AND IT WAS!
That didn't prevent the other fellow from demanding money
AND HE DID!
Our man said: "It's not my fault; I'll not pay anything!"
AND HE DIDN'T!
The other chap said: "I'LL SUE YOU!"
AND HE DID!
Our friend's lawyer said: "We can beat him in court!"
AND THEY DID!
Whereupon our friend said: "Ha, Ha, I win!"
AND THEN

He paid his lawyer a fee of \$100.00, plus expenses, and ran his car the rest of the year at his own risk. FOOLISH—WASN'T HE?

There was a cheaper way out, and we had told him about it, but he thought he knew better.

Let us tell you how little it will cost for COMPLETE PROTECTION, we will furnish the lawyer, investigate all claims, defend all suits, and pay all losses within the limit of our policy.

BY SENATE

(By The Associated Press)
NASHVILLE, Tenn., Jan. 26.—The bill prohibiting Sunday amusements but permitting operation of necessary public utilities recommended for rejection by senate judiciary committee. House committee postponed action.

ATHENS' FIRE TOTALS BIG LOSS, WILL REBUILD

ATHENS, Jan. 26.—Plans for rebuilding the stores and offices swept away yesterday in Athens' \$2,000,000 fire were being made by business men late today, while smoke and steam still partly obscured the gaunt skeletons of brick and iron that were left of some of the city's largest establishments.

The fire, beginning at midnight, raged for hours before it was brought under control and destroyed a block and a half with heavy damage in adjoining blocks. Its origin remained as great a mystery tonight as when it broke out.

The first blaze was seen issuing from the Max Joseph building, according to Police Chief Henry W. Beuse, who agreed with most officials in the belief that the fire originated in the rear of this building. Explosions, believed to be from gasoline drums in the headquarters of the Denny Motor Company in the building, bulged the walls and hurled flames in all directions. The fire came within a block of the historic buildings of the University of Georgia, but none of them was damaged.

The block destroyed was bounded by Jackson, Clayton, Wall and Broad streets, with heavy damage on two sides of this square and loss to practically every store on the other two sides. Falling walls added to the danger of firefighters, but the only injured recorded was that to Fire Chief George W. McDorman, age 54, who fell from a ladder. He was taken to a hospital with severe cuts and bruises on his face and head, but was said to be resting easier tonight.

Fire apparatus and eighteen firemen headed by Chief W. B. Cody were rushed from Atlanta on a special train and the Atlantans spent the day in pouring water on the ruins and pushing down dangerous walls.

PREACHER'S HOME HAS LITERATURE SEDITIONARY NATURE

PRESBYTERIAN MINISTER WHO
SIDED WITH IRISH REPUBLICAN
IS IN BAD

(By The Associated Press)

DUBLIN, Jan. 26.—Report issued at Dublin Castle says while searching home of Rev. J. A. Irwin, Presbyterian minister, police found revolver, ammunition for shotgun and quantity of seditious literature. Irwin, who delivered addresses in United States when Eamonn DeValera was in that country, sent to internment camp after arrest.

Shrimp Fishermen Protest New Raise in Express Rates

(By The Associated Press)

WASHINGTON, Jan. 26.—Senator Park Trammell received today a telegram from the fish dealers of Fernandina protesting the recent 25 per cent increase of express rates on shrimp, authorized as effective Jan. 10th. Consistent with the fight he has started for a reduction of transportation rates Senator Trammell has taken his protest to the Interstate Commerce Commission and vigorously urges that this contemplated blow to the shrimp industry which means so much to Fernandina as well as other sections of Florida, be withheld and the order for the increase of transportation rates be rescinded.

U. S. Government Warns Farmers About Disease Caused by Rats

They carry Bubonic plague, fatal to human beings. They carry foot and mouth disease, which is fatal to stock. They kill chickens, eat grain, cause destruction to property. If you have rats RAT-SNAP will kill them—leaves no smell. Comes in cakes, ready for use. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Ball Hardware Co.

BIG LOSS AT LAKELAND FIRE THIS MORNING, DESTROYS OPERA HOUSE AND NEWSPAPER

LAKELAND MORNING STAR
LOSES ENTIRE PLANT
BY FIRE

LAKELAND, Jan. 24.—A fire of unknown origin which broke out in a grocery store of W. J. Waring last night at 11 o'clock, swept through the Herron building and completely gutted the Lakeland Star and the Herron Opera House, doing an estimated damage of \$65,000. The fire was brought under control at 2 o'clock this morning. One citizen was overcome by the fumes while fighting the fire inside the building and had to be rushed to a hospital.

The fire department, answering a call at 11 o'clock, found the whole interior of the Waring grocery in flames and the flames licking upwards toward the Herron Opera House, which at present is unused. The flames, spreading rapidly swept next door to the Lakeland Star, the morning newspaper, and that building is almost a complete loss. Editor Bloom estimated the loss at his plant at \$15,000. The grocery store is a complete loss, as is the opera house.

Two fire engines, the equipment of the Lakeland companies, did good work in stopping the flames from spreading, as a stiff breeze was blowing, serving as a severe handicap to their efforts. For three hours the conflagration raged and the whole surrounding country was lighted for miles in every direction. Eager spectators and volunteer firemen made the task of the fire fighters more difficult.

The damage, as estimated at an early hour this morning will aggregate more than \$65,000. The Waring grocery estimates its loss at \$15,000, the Herron building, almost a total loss is estimated at \$30,000; the Star at \$15,000 and the Herron Dry Goods and Notion Company, from loss by water, places its damage at about \$5,000. The whole stock is soaking from the thousands of gallons of water poured in its direction.

The scene of the fire is half a block away from the scene of the big \$150,000 fire which swept the city last year. Several theories have been advanced as to the origin of the blaze. The matches kept in stock by the grocery were in the rear of the building, and as this is where the fire started, it is thought that rats may have gnawed through a box and started the fire.

Incendiarism is not suspected, according to the most reliable reports. The Herron building was a big structure no Main street.

MAN WHO HANDED FIRST NEWS OF MAINE SINKING DIES AT FORT MYERS

FORT MYERS, Jan. 25.—George R. Shultz, one of the pioneer residents of Lee county, died at his home here today of infirmities of old age. He was past eighty years old. Surviving him are his widow, one daughter, Mrs. H. E. Heitman, and one son, Martin E. Shultz, druggist.

He came to Lee county fifty years ago "to die of tuberculosis," having been told that he had but a short time to live. For many years he was in charge of the telegraph and cable station at Punta Rasa, where was received the first tidings of the sinking of the Maine in Havana harbor. He also owned the Punta Rasa House, largely patronized by northern sportsmen, until it burned to the ground several years ago.

BRIDGE FOR MRS. HAZZARD

(From Tuesday's Daily)

Mrs. W. L. Langdon entertained most attractively Monday afternoon, with the first of a series of bridge parties. The honoree of this party was Mrs. Arthur Hazzard, who has been the guest of her parents, Mr. and Mrs. T. L. Dumas, for the past month.

Mrs. F. B. Langley in white organdy received the guests at the door, while Mrs. W. L. Langley, in a gown of yellow satin, Mrs. Hazzard in green satin and Mrs. Legg in black lace, formed the receiving line.

The entire lower floor was opened en suite and was beautifully and tastefully decorated with an abundance of roses.

Bridge was played at eight tables. After the game Mrs. Hazzard was proffered a dainty hand embroidered guest towel. Mrs. Lake for high score, was given a beautiful silver comports and Mrs. Hoy cut the consolation, a bottle of toilet water.

The refreshments, which consisted of two courses, a salad and an ice course, were dainty and most delicious. Mints and nuts were served in big red roses, which were the attractive favors.

Mrs. Langley was assisted in serving by Mrs. F. B. Langley, Misses Adelaide Higgins, Florence Henry, Agnes Dumas, Marie Teague, and Fern Ward.

Those present were: Mrs. Forrest Lake, Mrs. G. I. Loucks, Mrs. Roy Bower, Mrs. C. E. Henry, Mrs. Fred Walmsa, Mrs. W. J. Thigpen, Mrs. W. L. Morgan, Mrs. A. P. Connelly, Mrs. Margaret Barnes, Mrs. E. M. Galloway, Mrs. J. M. Wallace, Mrs. John Leonard, Mrs. John Melsch, Mrs. J. G. Ball, Mrs. T. L. Dumas, Mrs. Arthur Hazzard, Mrs. Legg, Mrs. M. S. Wiggins, Mrs. George Hoy, Mrs. R. J. Holly, Mrs. Raymond Key, Mrs. L. P. McCuller, Mrs. E. F. Rounhill, Mrs. R. C. Hines, Mrs. William Lefter, Mrs. A. M. Phillips, Mrs. Charles Fedder, Mrs. D. L. Thrasher, Miss Bowler and Miss Wilkey.

FORMER GENEVA CITIZEN DISAPPEARS IN MYSTERIOUS MANNER IN CHICAGO, J. L. SIEG, WELL KNOWN PRODUCE MAN

ARTICLE IN PITTSBURG PAPER SAYS FEARS ENTERTAINED THAT SIEG HAS BEEN MURDERED

The following article from a Pittsburg paper about J. L. Sieg will be interesting to readers of the Herald in this county where Mr. Sieg was well known, having lived at Geneva and was with Chase & Co., for many years:

Every effort of Pittsburg and Cambridge relatives, and the police throughout the country to find some trace of J. L. Sieg, a well known Pittsburg produce dealer, who disappeared Friday night, December 17th, have resulted in failure, and the general opinion seems to be that the missing man was murdered and robbed, and his body concealed.

L. H. Wilson, of the National road east of Cambridge, father of Mrs. Sieg, recently returned from Pittsburg, where he was called by his daughter, to aid in the search for her husband, but every effort was unsuccessful. Mr. Wilson stated that his son-in-law and wife attended the funeral of a friend in Pittsburg, on December 17th and returning home from the services, the former immediately made arrangements to go to Chicago, where he had been called by a telegram to meet a number of produce dealers.

Mr. Selg left his home about midnight of December 17th, telling his wife that he would immediately telegraph after his arrival in Chicago. Mr. Sieg frequently made business trips to the larger cities, and always would telegraph his wife immediately after arriving at his destination. This time, however, no telegram was received.

On the following Tuesday, Mrs. Sieg becoming alarmed over not hearing from her husband, called her father at the home in this city, over the telephone, telling of the strange absence of her husband. Mr. Wilson advised his daughter not to worry, saying that perhaps her husband had sent a telegram but that in the rush incident to the holidays it had been misdirected, or lost.

Later Mr. Wilson received a letter from his daughter, and he left for Pittsburg to aid in the search. The Pittsburg and Chicago police were notified of the strange disappearance of Mr. Sieg and advertisements were placed in the newspapers.

While in Pittsburg Mr. Wilson talked with a number of produce dealers, friends of his son-in-law, and also talked with the president of the Pittsburg bank, with which Mr. Sieg transacted his business. All agreed that Mr. Sieg was doing good business and as far as they knew had no business worries.

At the time he left home Mr. Sieg had about \$30 and two blank checks, his wife told her father, and apparently enjoyed usual good health. No reason is known by the relatives for his disappearance.

Mr. Sieg's former home was in Americus, Ga., and he married Miss Goldie Wilson, daughter of Mr. and Mrs. I. H. Wilson about four years ago, following which they moved to Pittsburg. An infant child of Mr. and Mrs. Sieg recently died. They have one son living.

Two hundred cases of liquor found in a car of grapefruit shipped from Miami to Detroit! But west coast grapefruit sells without a premium with each box.

WOMEN'S CLUB

WHY FEDERATION EXISTS

Question Answered By President of General Body

Mrs. Thomas J. Winter, president of the General Federation of Women's Clubs, with official headquarters at 415 Maryland building, Washington, D. C., has written a message which she is requesting to be read before every club, and which is most timely and helpful in thought and expression.

"The quarter century," she writes, "during which the club movement has been gaining headway now looks as though it had been merely a time of preparation for a service to our country based on the study of the human needs and now crowned with the power of citizenship—if we have the wisdom to stand together—nationwide with a clear understanding of what are the things of major importance and an equally clear determination to make of ourselves a compact body of American womanhood whose purpose is nothing less than the putting of true Americanism into our social, industrial and political life, and the stabilizing of our country as she passes through these years of after-war upheaval. This is a common aim greater than all our differences of party creed, traditions, education and geography.

"It is the reason for the federation's existence.

"The federation has the machinery for doing these things. Won't you help to keep the machinery going?"

"There are five active departments of work, each with its trained leader, who is more than anxious to help you on the joint activities, American citizenship, applied education, public welfare, fine arts and legislation.

"Each of these has its subdivisions, also under the guidance of an expert, who gives her services freely to any club that asks.

"But just as in a human make-up, no faculty or aspirations stand alone, but all are intertwined to make a fully rounded man, so the federation recognizes that it is by harmonious interaction of all these movements that it progresses.

"You may emphasize your own particular subject, but you realize constantly how it relates itself to all the rest. This encourages wide thinking.

"It discourages the one-sided crank. Our club came into being because we got something out of a group that no one can get alone—something that we all crave—companionship, friendship, the wisdom that comes from many minds, the inspiration that springs from contact of mind with mind, the efficiency that results from combined effort.

"The federation is a long step forward in the same direction, club stretching out is hand to sister clubs with wider companionship, added friends, greater wisdom, nobler inspiration, a hundred times multiplied efficiency.

"There are big tasks lying before women—tasks that need such wisdom as we get from combined study, tasks that need the altruism we get from working together, tasks that need the energy we get from combination of effort. We want homes where the big things are made big and the little things are made unimportant, where

children can be well-born and joyous and grow up to noble citizenship, where the family income is made to serve the highest family interests, where there are vigorous American bodies and minds. We want communities that are extensions of the home, where we shall be friends with each other, we people of all races and creeds, where good schools, high standards of public health, recreation, beauty, shall tempt the finest type of people to come and live with us and bring up their children.

"We cannot get these things unless we all work together. We must put them into daily intercourse and into politics. There is no community so small that it cannot realize these ambitions. And when you have got them in your town and home you have helped to make your nation one hundred per cent American.

"The federation stands and works for these. It urges you to study and to work. The two should go hand in hand. Nothing is more dangerous than ignorance at work.

"Do not be isolated. Join the other women who are in the midst of things. You will give help. You will give strength.

"Mrs. Thomas G. Winter, president General Federation of Women's Clubs."

MARKETING PEPPERS IN LEE COUNTY

The truckers of the Ft. Myers-Iona section have been receiving good prices for their peppers this season. Fourteen cars were shipped from here the first two weeks after Christmas. A report from the first two cars showed prices of \$8 a crate for extra fancy, \$7 to \$7.50 for fancy and \$6 for choice. These were packed and shipped by the Ft. Myers Truckers' Association.

Standardization has had much to do in bringing these good prices. Last year this association marketed its peppers under the name "Rainbow Brand," and most anything that resembled a pepper went into the pack. The president of the association recently stated that the brand soon became a joke on all of the leading markets.

This season a different policy was followed. An attractive bulged pack and a new brand—"Seven Stars"—was adopted. This brand consisted of three grades, extra fancy, fancy and choice, designated by the colors blue, red and yellow.

As a result a dependable product has been established. It is put up in an attractive pack and the purchaser knows he is getting peppers all of the same quality. The brand is in demand and brings top prices on the leading markets.

This is largely due to the standard uniform product. A package of third grade peppers, neatly packed, uniform in size and shape, will make a better appearance than a similar package where all grades are represented. A fancy trade wants and will pay for a product uniform in quality. Our peppers are grown chiefly for the fancy trade, and we are now getting fancy prices.

A standard uniform quality of pack applies not only to peppers but to every package of vegetables. It is only by standardization and careful grading that the producer will receive the higher prices for his first grade products. If the buyer does the grading he is going to get the advantage of the increased value.

RUPTURE EXPERT IN ORLANDO

SEELEY, FAMOUS IN THIS SPECIALTY, CALLED TO ORLANDO

F. H. Seeley, of Chicago and Philadelphia, the noted truss expert, will personally be at the San Juan Hotel and will remain in Orlando Friday only, Feb. 4th. Mr. Seeley says: "The Spermatic Shield will not only retain any case of rupture perfectly, but contracts the opening in 10 days on the average case. Being a vast advancement over all former methods—exemplifying instantaneous effects immediately appreciable and withstanding any strain or position. This instrument received the only award in England and in Spain producing results without surgery, injections, medical treatment or prescriptions. Mr. Seeley has documents from the United States governments, Washington, D. C., for inspection. All charity cases without charge, or if interested call, he will be glad to show same without charge or fit them if desired. Business demands prevent stopping at any other place in this section.

P. S.—Every statement in this notice has been verified before the Federal and State Courts.—F. H. Seeley, Home Office, 117 No. Dearborn Street, Chicago

G. F. S. MEETS

The Girl's Friendly Society of the Holy Cross Parish met Friday afternoon. This was the first meeting after the Christmas holidays and plans were made for the coming year.

The Society has decided to give a rummage sale the proceeds to go to the Near East Relief. The girls have been busy during Christmas sending three large boxes of toys to the St. Mary's School in the Mountains near Seawance, Tenn. They also gave toys candy to the Red Cross for distribution during Christmas. Following their motto "Bear Ye One Another's Burdens."

In addition to philanthropic work; they are planning to organize a parish basket ball team and at Friday's meeting read a challenge from the Tampa Team of the St. John's-by-the-Sea. The junior section have organized their bowling team which met while the Senior section had their meeting.

This society is just what its name implies, a friendly society; and serves the purpose of encouraging friendship among the girls; any girl of any denomination with their parents consent always finds a welcome.

Mrs. Barrett and Mrs. Leonard are now the Branch Secretaries and have the organization in charge. And are planning to take the girls to their holiday house at Coronado Beach in the near future.

Funeral Services of Mrs. Alfred Nelson

(From Tuesday's Daily)
A short funeral service at Miller's Chapel took place today over the remains of Mrs. Alfred Nelson at 3 o'clock, Dr. Brownlee officiating. The remains were taken to the old home in Maryland for interment.

The Pennsylvania railroad is considering the laying off of 30,000 employees on account of slack business.

The tourists are coming, helgho, helgho.

Wonder if Harding lost any money in that Marlon robbery?

Laws are being framed to compel landlords to allow children in the house.

Get that building ready for them and that golf links and the horse shoe grounds.

Cox beat Harding, to it by visiting Washington this week while Warren was fishing in Florida.

Tourists want amusements of all kinds and they usually remain in the place where they have these amusements.

Fishing is better in Sanford than any other part of the state and the visitors are making great catches every day, but they also like other forms of amusements.

It is rumored that the Rod and Gun Club has purchased three acres of land on the Flitts and Wilson places on Union avenue and running back to the lakefront for that new club house and boat basin.

Jacksonville has a bunch of people who believe in tarring and feathering and they have tried it on at least three different people in the past month. The acting mayor of Jacksonville yesterday called a mass meeting asking for more law and order.

Sanford needs fifty new houses now. It is sure and certain that they will be built before another season but we need them now and if we could only build them in the next ninety days they would be sold to tourists before they go back north in the spring.

Roy D. Smith as he takes his position before the \$15,000 Royal Scotch Highlanders band at Eola Park this afternoon, as he lifts the baton, he will become the cynosure of 10,000 eyes.—Orlando Sentinel.

Gee, we would hate to be Roy with all that cynosure on him.

The state of Texas wants to pass a bill allowing the state to loan money to people who want to build homes. The state of Florida will have to do something of this kind if the people here ever get accommodations this year. It is too bad that something big cannot be started here at once that would give this city more homes of the sort that the people want.

Old Winter is here again just to make us appreciate those spring like days and just to remind our northern visitors that it is way down below zero in the north and while they may kick on the cold here they should also realize that when it is cold here it is freezing up there. And then we need a little cold now and then even in Florida. It makes celery better and makes business better, and puts pep into the system.

Now that Sanford has prepared a fine auto camp it is up to the campers to take their places there, to fix it up, to keep it clean and see that every camper does his part in keeping it clean. This new camp is an ideal location and with the help of the city officials and the citizens generally it can be made one of the best in the state. And there should be a united action in keeping it the best on the part of the citizens of Sanford and the campers.

'Tis well for brothers—especially brothers in the newspaper business—to dwell together in unity. Recently the Lakeland Star was burned out and at once every shop in Lakeland was thrown open to Editor Bloom for printing his paper. He accepted the offer of Harry Brown to use the Lakeland Telegram plant and came out this morning all right with his paper printed as usual. Editors may fight each other through the news column but they are usually about as close in their friendship as any other line of business and more so if anything. We congratulate Brother Bloom upon being able to keep his excellent paper blooming.

That library building idea is a good one. Sanford needs a library build-

ing badly and if the plan to build it in one of the parks could be carried out it would add much to the beauty of the park and add much to the comfort and education of our people and also add greatly to the convenience and amusement of our visitors. There are many people who would want nothing better than to spend an entire afternoon in the library building reading and if we had the right sort of building it would be a great attraction to our city in many ways. We hope the committee will get busy and will get the glad hand from every one of our citizens.

E. A. Douglass and Roy Symes started something when they took over the Pico Block and put it in first class shape for store rooms and apartments. They filled a long felt want in having up-to-date store rooms for rent and in having apartments when the city needs both. They also showed their faith in Sanford when they started this big building operation in the face of high prices. They also started new people coming here when they sold this block the other day to J. D. Bowman, who in turn interested other capitalists to come here and sold the Welaka block again this week to F. W. Haines, a well known capitalist of North Carolina. This brings Mr. Haines and his family to Sanford as citizens and he will invest more capital and help us to build Sanford into a big city. Thus again we say, all honor to Symes and Douglass. They builded better than they knew.

ECONOMY IN THE STATE'S BUSINESS

The Florida legislature will meet in April. It will be an important session—one requiring the best thought and effort of every senator and representative, for many intricate problems will be presented which must be worked out in a way that will insure the continued progress of the state without adding to the tax burdens of the people.

The growth of Florida makes it necessary to provide large appropriations for the maintenance and improvement of the several state institutions and pave the way for greater progress, but some method must be found by which this can be done without adding to the already heavy burdens of the property owners.

How? By careful research by competent joint committees and the lopping off of every unnecessary expense in the conduct of the state's affairs—and there are several.

There must be economy all down the line—not niggardliness, not a cut in anything that stands for progress and development, but strict business-like economy in places that will not add inspection branches.

Too many inspectors by far are traveling at our state system as at present organized, too much waste of time and too little accomplishment, too many persons on the pay roll for the amount of work done, and heretofore, too much of a tendency to add others to pay political debts.

The legislature should, among its first acts, lop off a lot of dead timber and prune down the force to an efficient working organization.

We have entirely too many boards, bureaus and inspection branches.

Too many inspectors by far are traveling at state expense; too many of them are covering the same fields that some other inspector for some other department has just covered.

It frequently happens now that four, five or more state inspectors may be seen on the same train, going to the same town, each to make some inspection that will require very little time and of such a simple nature that one of the inspectors could easily make all of the inspections and report to the several departments.

The Times-Union sincerely hopes that the legislature will work out some system providing for only one inspection force, reducing the number of inspectors and requiring the inspection corps to report to the several departments on the question of belonging to each department, which can be done efficiently and well without overworking the inspectors and the saving to the state in railroad fare and hotel bills would be great.

From the tone of his inaugural address and from our personal knowledge of the man, we are confident that Governor Hardee will be found ready and willing to co-operate with the legislature in its labors in working out some system for economy and in every movement looking to the welfare of Florida and its people. We are equally confident that the senators and representatives will give careful thought and harmonious response to such suggestions as the governor may see fit to make in his message.

This is to be a business administration and we believe the legislature will do its part toward making the labors of Governor Hardee as light and pleasant as possible, thus insuring an administration that may be pointed to with pride by all of the people.—Times-Union.

FLORIDA HAS A GREAT OPPORTUNITY COMING

The annual meeting of the National Editorial Association, an organization numbering among its members 3000 of the best newspaper writers, on the American continent, which begins in Florida on March 7th, is an opportunity to advertise the state of which the fullest advantage should be taken. Such a chance to spread a knowledge of the beauties and advantages of Florida may not occur again for many years. It is the first time in more than 30 years that the national editors have met in Florida. California has had their meetings three times in the last ten years and has profited immensely thereby. They have a standing invitation to return at any time, they may feel so disposed, and the enjoyable time that was shown them, is a pretty safe guarantee that the disposition will return to them in due time.

The task that lies before Florida in this connection is to inoculate them with the same disposition regarding the flower state. They must be shown the state in its entirety, with all its multiplicity of advantages and opportunities, its groves and gardens, and diversified farming; its mines and manufactures; its crystal lakes and sandy beaches where the waters are always warm under a tropical sun; its forests of palm and pine and cypress; its flowing rivers, and above all its incomparable climate where the rains of winter promote vegetation, and those of summer temper the heat of the summer sun, and make life one long period of enjoyment and comfort.

It is no time for the display of sectional enmities or local jealousies, no time to exploit one section over another. The visiting editors must see it all, the whole state must co-operate in their entertainment and leave it to their individual judgments to discriminate as they see fit, or their inclinations prompt. Some will prefer one section, and some another. Some will choose the diversified farming of Northland West Florida, others will see more charm in the rolling hills and flourishing citrus groves of the Central regions, while others may be more attracted by the celery and lettuce fields of Sanford, the potato "patches" of Hastings of the vast strawberry beds of Plant City. All will find something that especially appeals to them if properly presented. We shall fail in our duty if we do not send them away with the firm conviction in their minds that Florida is the one state in the Union that offers more advantages and opportunities than any other. If we are successful in doing that they will write to their home papers of the joys of their trip, and Florida will get many millions of dollars worth of the best kind of publicity.

It was no easy task to secure the 1921 meeting for Florida, and reflects great credit on those who succeeded in putting it over, against severe competition. New Orleans wanted the meeting and offered the editors a tour through Louisiana and Mississippi, followed by a free steamer trip to Cuba and the West Indian Islands. Salt Lake City had made a bid for the 1922 meeting and offers to raise half a million dollars for entertainment.

A three days' business meeting will be held at St. Augustine, and that city will be made the headquarters for an automobile trip through the state. The principal sections will be visited on this trip and all will be asked, as many of them already have been, to contribute toward the expense which will be heavy, but it will be money well spent. The responses so far have been hearty and enthusiastic, for everybody realizes that such an opportunity will not come every day, nor every year.—Tampa Times.

The editor of the Herald has always been consistent in advocating what he believed to be right. When he was a candidate for the legislature he advocated a local option measure for cattle in Seminole county that would have solved the question for all time but the cattlemen would not listen to it. We told them then that they would be sorry for not getting such a bill passed and they are. Now they are up against the cold hard fact that the state of Florida is liable to pass a law prohibiting cattle from running at large anywhere. We still believe that Seminole county should have the local option law. We still believe that in the vegetable growing section the cattle should be barred out effectually. We still believe that in other parts of the county where there are no farms or groves that cattle should be at large, but—the cattlemen would not listen to reason and now they have the fight of their lives to even maintain their present condition. Well, it was ever thus. When you are trying to do the right thing you are always misunderstood and after you are dead and gone they put flowers on your grave. We should worry as long as we are living.

Uneasy is the head that wears one of Mr. Wilson's appointments.

FOR GREATER PUBLICITY

The South Florida Press Association in session at Bradentown last week recommended the passage of a law by which minutes of county commissioners, school boards and city councils should be published as paid legal notices for the benefit of the general public. Why not? That the public is entitled to the information thus given is of course not disputed. That the public wants it is certain. That abuses and bad practices may creep in where there is not full publicity as to the expenditure of public money is so well known as to need no stating.

Why, then, shouldn't the newspapers be paid for printing such matters and why should it not be made a part of the duty of such boards to make this information public?

It may be argued that the papers should print this information free for the benefit of their communities. Every newspaper in Florida now does more free for its community than any other business man in these communities. Type cannot be set for nothing. Newspapers cost money to produce. Is it not fair that the general public should stand this expense?

The public will be benefited far more than the papers. One publisher from a South Florida county told how a \$4,500 tractor, bought by his county and which did not seem to be doing much road work, was found at work in the big orange grove of a county officer. Furthermore a bill for repairs of \$1,500 more was found charged to the county. True, the claim was made, that the officer was leasing the tractor for \$500 a year, but no record of it could be found on the minutes till long after the incident, it is stated. Would not publicity in connection with this case have been salutary?

It is not alone in preventing or exposing such cases that such a law should be of value. Just as a matter of information the tax paying public is entitled to know where its money goes. When it sees the bills it will watch the expenses more closely and such a law would in time be a money saver. The Highlander believes it should pass.—Lake Wales Highlander.

HERE'S TO NEW SMYRNA

We love a booster and regardless of where he may have his habitat we expect to toss him a bouquet when we learn of his doings. Such a man seems to have struck New Smyrna and put new life into the boosters who had lost hope and made boosters out of those who had never felt the thrill of doing something for their town. He goes by the name of Jack Cavendish and since he has taken up with New Smyrna they have started a golf links, several new hotel projects, have organized some kind of association to build fifty new bungalows, a new Masonic building of three stories, a new store building and apartment houses and so many other enterprises that it seems like a fairy tale to hear about it and better still to go over there and see the actual buildings in process of construction. Their idea of giving away a \$7000 bungalow, all furnished and ready for occupancy to the person who writes an essay on "Why you should build and own your own home," deserves special mention not only in this paper but all of the lesser lights such as the Saturday Evening Post, the Country Elum Preler, Colliers Distress and other magazines of note that have been so anxious to strafe the South and especially Florida. This "Jack the Giant Killer" has done something—yes, verily—the man who took up with New Smyrna and put over the things that he and all of those other boosters have put over and are putting over deserve mention even in the Volusia county papers. They now have their own utility plants which is the greatest thing a city can have, they have evolved some plan whereby they raise money either through the local banks or otherwise for building bungalows and are building eighteen now and have contracted for fifty more—count them—they have built a golf links, they are after free toll bridges and especially one at Osteen ferry, they are after the winter and summer business, and by the great horn spoon, Sanford people will help them get it and last but not least we want to give three cheers for Jack and Mrs. Jack and Joe Brann and all those other boosters who have been doing things this winter.

Lumber is coming down, labor is coming down and everything that goes into the manufacture of a house is coming down although it will never reach the low level that it once occupied. To our mind this is the time to build if you ever expect to build and this is the town in which to build. Sanford presents more opportunities for the investor than any other city in Florida. Build now.

TIRES AT CUT PRICES. Any size in fabrics and cords.—B. & O. Motor Co. 24-1tc

South Florida Fair The Next Big Event, Opens February 3rd

TAMPA, Fla., Jan. 25.—Thursday, February 3, is the opening date of the annual South Florida Fair and Gasparilla Carnival, which will be held for a nine-day period and during which a record attendance not only of Floridians, but of homeseekers from other states, is confidently expected. The public wants it is certain. That abuses and bad practices may creep in where there is not full publicity as to the expenditure of public money is so well known as to need no stating.

The number of counties to be represented in the various exhibition buildings, several of which have been added since the last fair, will triple that showing products last year, and in addition there will be exhibits from Mexico and Canada. The Mexican exhibit, which has already arrived in Tampa from Mexico City, required the erection of a special building.

Under the auspices of the American Poultry Association, members of which will attend the fair from many states, the greatest poultry show in southern history will be held. More than 2,000 birds of many breeds have been entered, making necessary the erection of an additional poultry building twice the size of the old one. The livestock exhibit will also be large and varied in character, as will the exhibit of woman's and children's work in the handsome woman's building.

Low railroad and steamship rates, with special selling dates, will be offered from all points in Florida and extra equipment used in transporting the crowds.

The array of free attractions, 15 in number, will be the finest yet shown in Florida, including daredevil aviation stunts, record auto racing on the famous half-mile track, horse races and other thrilling events.

The Johnny J. Jones' Exposition Shows, which are featured at the large fairs and expositions in the United States and Canada, and which have winter quarters at Orlando, will again be a feature.

The pageants of Ye Mystic Krewe of Gasparilla, Nobles of the Mystic Shrine and other organizations promise to be unusually brilliant, and the same is the case with social functions to be held in Tampa Bay Hotel and American and Latin Clubs of the city.

Friday, Feb. 4, will be "School Day," and all school children of Florida will be admitted to the grounds without charge. Other special days are:

- Thursday, Feb. 3, Aviation Day.
- Friday, Feb. 4, School Day.
- Saturday, Feb. 7, Gasparilla and Press Breakfast Day.
- Tuesday, Feb. 8, Governor's Day.
- Wednesday, Feb. 9, Mexico Day.
- Thursday, Feb. 10, Shrine's Day.
- Friday, Feb. 11, Children's Day.
- Saturday, Feb. 12, Tampa Day.

Almost any man is able to tell when he has had too much, but the part of wisdom is to know when he has had enough.

The head of the labor department concedes authority to the state department in the O'Callaghan case, and the lord mayor of Cork will have to go back to Ireland. But he has probably accomplished what he came for.

666 is a prescription for Colds, Fever and LaGrippe. It's the most speedy remedy we know. 17-13tc

UPSALA AND GRAPEVILLE

Mr. Johnson, the Sanford aviator, is stopping with Mr. and Mrs. Volle Williams.

Mrs. A. L. Campbell, Mrs. August Swanson and Mrs. Elmer Lundquist went calling together, on the folks in the Settlement, Monday.

Lillian Gladwell, accompanied Mrs. Westerdict home from prayermeeting and spent the night with her Wednesday.

Alfred Ericson and family attended the service of Dr. Conwell on Sunday as well as the one given by the Japanese missionary.

Sorry to hear that Mr. Ehrensperger has been suffering from his old enemy, the rheumatism, since Christmas.

Mrs. Westerdict, Mrs. Beck and her cousin, Mrs. Smith and little son, Pierre of Ocala, were calling at the home of their Grapeville friends.

Mrs. Charles Arrents called with Mrs. Beck at the home of Mrs. August Swanson Friday.

Mrs. Volle Williams and Volle, Jr., were guests for a few days at the home of her father, Wm. Miller near Orlando, returning home Sunday.

Mrs. A. F. Westerdict enjoyed Saturday with her friends in the Adventist church in Orlando, where their Sabbath school, in company with four others, were invited for a one-day convention.

Another genuine surprise party was held Tuesday evening, this time at the pleasant home of Mr. and Mrs. Volle Williams and their father, C. M. Williams. It was especially in remembrance of the birthday of the hostess. Mr. and Mrs. A. L. Campbell and children had been invited in to take tea with them but they were not looking for some forty-six more friends to help them make merry the occasion and it excited them just a bit though they soon rallied and made them all welcome. 'Twas a beautiful moonlight night for a party and the house was prettily lit up by electric lights. Music added its charm, a number of records as well as an accordion, to the pleasure of the guests and for refreshments eleven fine cakes were served with coffee, as usual. By the happy voices we are sure all voted it a great success. We had a treat of some delicious cakes, sorry could not attend.

There is a bunch of young folks and some older ones that dearly love good singing in our little mission church but we are greatly handicapped by a cranky old organ that is forever getting out of order. At the best of times it is very hard to play. I wonder if our need is known and if there is not some one having an old square piano, not being used, who would like to give or lend it for the Lord's work? How often a good hymn braces us for life's trials and gives us courage to struggle on for the right.

BUICK for sale at a real bargain. 1920 model.—B. & O. Motor Co. 24-1tc

Many shipments of fruit and berries are still being made from Hillsborough county. Plant City Growers Association is co-operating with the State Marketing Bureau in selling berries.

You can get a bound copy of the revised statutes of Florida for \$12. It isn't the statutes but the interpretation of them that gives most people trouble.

Farms, Homes, Groves, Lots

I HAVE THEM

SANFORD IS GROWING

This is no idle talk—I have weighed the statement and to say just what is my candid convictions would put it most too strong for the careful, conservative person—that person whose eyes are turned backward—The fellow who has VISION will agree with me now—the other later.

"SPURLING'S SUBDIVISION" is attracting attention—lots are being sold right along and building in this section is such as to gladden the heart of those who have the good of Sanford at heart.

BORAH AGAINST HOLDING UP ARRANGEMENT OF DISARMING DISAGREES WITH SEN. ROOT

SAYS DELAY WILL KILL PLANS FOR IMPORTANT MEASURE

CANNOT STOP IT MIGHT DELAY PROGRAM BUT PEOPLE WILL DEMAND IT

WASHINGTON, Jan. 24.—A suggestion of Ellhu Root, former secretary of state, that a world conference on disarmament be delayed until after the inauguration of President-elect Harding, brought a sharp statement tonight from Senator Borah, Republican of Idaho, author of a pending resolution asking the president to initiate negotiations looking to a reduction of naval building by the United States, Great Britain and Japan.

"Delay is one of the methods peculiarly adapted to killing any program of disarmament," said Senator Borah, adding that he regretted "exceedingly" that Mr. Root should throw his great influence against the progress that is being made.

"It may be possible," the senator said, "and I presume it is probable that they can stop the passage of this resolution, but they can not stop the movement."

Mr. Root's suggestion was contained in a letter read today before the house naval committee by Chairman Butler. He said "he felt strongly" that steps should be taken promptly after the new administration is established on disarmament, but that the "precise method of procedure" ought not to be determined until Mr. Harding and his secretary of state have had an opportunity to inform themselves and reach conclusions as to which way affords best prospect of success.

The question of total or partial disarmament should not be discussed by the United States with other nations pending a change of administration March 4th, Mr. Root, who helped the international court of arbitration under the league of nations, declared today in his letter.

I have your letter of January asking an opinion to aid your committee in considering an estimate for additional ships of war requiring for their completion the sum of \$107,177,000.

"I do not feel like hazarding an opinion as to what reply other governments might make to a suggestion from our government for the appointment of representatives to meet for the purpose of discussing the question of total or partial disarmament."

"I feel strongly the steps should be taken promptly after the new administration is established to bring about a general agreement on that question. It is plainly impracticable to accomplish this before the change of administration."

The precise method of procedure through which the attempt should be made I think ought to be determined after, and not before, Mr. Harding and his secretary of state have had an opportunity to inform themselves and to reach conclusions as to the way which affords the best prospect of success. Action on your part based upon any opinion which you can form now as to the best method of proceeding might prove to be just the wrong thing and might create obstacles to success instead of helping it along.

"The subject is especially difficult because of the disturbed condition of Eastern Europe and it is difficult because too many nations have special apprehensions of danger against which they wish to guard. The new administration will soon learn what is the best way to deal with these difficulties. It may be that they can not all be dealt with in the same way or by the same process."

"I think this expresses my view as fully as I could do it if I were to go to Washington and appear before your committee."

Fletcher Thinking of Nitrates

WASHINGTON, Jan. 26.—Senator Fletcher, Democrat, Florida, today introduced a bill asking the secretary of agriculture to report the amount of commercial potash, nitrogen and phosphoric acid available for fertilized purposes and the prices as compared with 1913.

The secretary would also be asked to furnish suggestions for relieving any situation which might result through a shortage or prohibitive prices.

Office supplies at the Herald.

Weather and Crop Conditions in State of Florida

The following report is for the week ending January 25th: Temperature: The temperature averaged from 4 to 6 degrees above the seasonal in the northern and central divisions; it was about normal in the south.

Precipitation: The rainfall was generally deficient, an entire absence of rain being the case in some localities; and moisture is needed locally in the central and southern divisions. Low lands, as a rule, need no rain.

Condition of Crops: The mild temperature, high percentage of sunshine, and absence of rain, especially on low lands, were highly favorable for the growth of all truck, tobacco beds, strawberries, oats and rye. The planting of Irish potatoes continues in the northern division, but the bulk of the crop is in the ground. A few farmers are planting oats. Plowing for corn and melons increased during the week; first car lot shipment of tomatos was made from the southern division; moderate shipments of other truck continue. Citrus fruits are being forwarded in larger quantities. Rain is needed locally in the central and the southern divisions. The sunshine was ample during the week. Frost during the last day of the previous week did some local damage to truck in central and southern localities.

Southern Baptists Add 150,000 Members By Baptism in Year

NASHVILLE, Tenn., Jan. 27.—More than one hundred and fifty thousand new members were received into white Baptist churches in the South by baptism alone during 1920, it was reported by the conservation committee of the Baptist \$75,000,000 campaign, in semi-annual session here today, while the cash collections on subscriptions to the forward movement of the denomination have reached the sum of \$16,851,100.68, it was reported.

An effort to push the collection of the campaign subscriptions throughout the South will be made during the months of March and April, it is said.

Dr. J. F. Love, of Richmond, Va., secretary of the foreign mission board, reported that Southern Baptists had contributed through that board \$147,284.20 in cash during the past month to the relief of the needy families of eastern Europe and China, while the Baptist women of the South have contributed six carloads of first-class clothing valued at \$100,000, to the needy families of Hungary.

TO TRY OUT PAPER BOXES

The representative of a big Philadelphia concern that makes 500 tons of heavy pulp board daily has a representative in Florida who is studying the possibilities of using this type of a box for citrus fruit containers. His demonstrations prove the box to be an exceedingly strong one, and his argument is that fruit packed in two to three dozen lots would find ready sale with fancy fruit houses who could make a specialty of selling by the box direct to the consumer. So much faith has he in the idea that he will buy about five cars of fruit and have it handled by one of the exchange houses, probably at Florence Villa. He will use pre-cooled fruit only.

Asked if this firm could make a box as large as the present wooden box, he stated that it would be possible, but that it would have to be made of heavier board than that used in the box he contemplates making his experiments with, but that it would cost no more, perhaps less. However, no bulge pack could be used; it would have to be absolutely flat as the cover is glued on and that he would not recommend its use for anything but pre-cooled fruit, though no doubt details for making the ventilated box might be worked out if it were necessary and thus admit of the carrying of the ordinary commercial pack. We understand that if his plans bring promise of success that his mill will no doubt establish a pulp plant in Florida for the making of boxes right on the ground. Any plan that will cheapen the handling of the fruit, make a better carrier, help sell the fruit at the other end, or bring an industry to Florida we are for it, and to that end wish he and his associates every success in their endeavor.—Florida Grower.

SOUTHERN TARIFF BODY GATHERS IN ATLANTA, THURS.

WILL DISCUSS THE NEEDS OF DIFFERENT SOUTHERN INDUSTRIES

ATLANTA, Jan. 24.—Delegates from throughout the South representing every line of southern productive industry, will gather at Atlanta on Thursday, January 27th, for the opening of the second Southern Tariff Congress, which lasts through January 29th.

The congress has been called for the purpose of discussing tariff on southern products and, while no set program has been devised, every line of industry will be allowed to present its reasons for a tariff, scheduled and resolutions will be formulated and presented to the tariff committee at Washington by a specially appointed committee.

It is expected that 2000 or more southern business men will be here, and more than 500 club women, members of the women's division of the Southern Tariff Association, are expected.

Vice-President-elect Coolidge will address the congress. Seventeen southern governors and many state officials also are on the program for speeches. John R. Kirby, president of the association, will preside.

Proponents of the tariff association hold that every line of southern industry should be protected by a tariff but this is the first time that a definite step has been taken to obtain such protection.

It has been pointed out that there are a number of lines of southern products on which there is no tariff at all. Among these are southern mineral industries, tale industries, graphite producers and many others. These lines will have representatives at the congress to present their pleas for tariff protection.

Some of the other lines which are to be represented are: Southern zinc producers, sulphur industry of Louisiana and Texas, southern iron and steel industry, coke oven by-products, southern glass concerns, producers of ferro-alloys, asbestos, mica, potash, gypsum and other infant southern mineral products, livestock dealers, allied manufacturing of all southern states and many others. Delegates from chambers of commerce of principal cities of the south have been invited to attend.

OVIEDO NOTES

Mrs. Hyde of Raleigh, N. C., is visiting her brother, B. G. Smith, this week.

The Thompson Amusement Company gave an entertainment at the Oviedo school house Friday night for the benefit of the Women's Club. The hearty applause of the large audience was sufficient proof of the fact that the gifted artists were appreciated. Their music and impersonations being above the average, Oviedo people feel that they have had a rare treat in hearing Mr. and Mrs. Thompson.

Mr. Quigley left Tuesday for Orlando and Haines City.

Miss Lulu LaFils returned Wednesday to Geneva after spending several weeks with her aunt, Mrs. L. A. Sheldon.

The Ladies' Aid Society of the Methodist Church served dinner downtown Wednesday.

Mrs. C. L. Wert, Mrs. Mary Wert, Mrs. H. B. McCall and Miss Ethel Taylor spent Tuesday in Orlando.

Mr. and Mrs. W. E. Argo spent last week at the Prairie fishing.

C. A. Brannon has returned to the Oviedo branch of the S. A. L. as flagman.

Dr. and Mrs. T. G. Simmons returned Friday from Jacksonville, where they had spent the week. Dr. Simmons going as a delegate to the Grand Lodge of Royal Arch Masons.

The stockholders of the Bank of Oviedo held their annual meeting on Tuesday evening at the bank.

The first "results" of the carnival has developed in a case of chicken pox. J. B. Jones, Jr., being the unfortunate victim. We are glad to say that J. B. is not very sick and hopes to be out again soon.

Dr. and Mrs. Tucker of Nashville are visiting Mr. and Mrs. J. A. Clark. Mrs. S. W. Swope, Frances Swope, Mrs. McGhee and Mrs. Coon motored to Sanford Saturday.

Oviedo is soon to have another general merchandise store. Messrs. Polston and Argo being the owners. This will make the second store which has opened in Oviedo within the last year, which shows our little town is growing some.

Mr. and Mrs. Prothman and children spent Sunday in Chuluota.

DODGE for sale—1919 model.—B. & O. Motor Co. 24-1tc

ENERGIZER OFFICE MOVED

L. C. Cameron wants to inform all his patrons, new and old, that the Energizer office has been moved from the National Bank building to 1020 East Second street. Phone 181. Appointment only. This move was made necessary because no suitable location could be found in the business portion of the city.

Woman 109 years old had a birthday party in South Carolina Thursday. Maybe if we wait until we are 109 years old somebody will give us a birthday party.

IN CIRCUIT COURT, SEVENTH JUDICIAL CIRCUIT, STATE OF FLORIDA, COUNTY OF SEMINOLE.—IN CHANCERY.

BILL FOR PARTITION Margaret W. Hunter, a widow.

Kenneth W. Hunter, et al. To: Mary Sophie Hunter and F. W. Oliver, her husband, Helen John Rhodes and Mitchell Scott Rhodes, her husband, Mary E. Sage, a widow, Gilbert Hunter and Paul Hunter. Whereas it appears from the bill of complaint filed herein duly verified under oath as provided by law, that you and each of you are defendants named in said bill, and that the residence of the defendant, Mary Sophie Hunter and F. W. Oliver is in the State of New York; that the residence of the defendant, Helen John Rhodes and Mitchell Scott Rhodes, her husband, is in the State of Minnesota; that the residence of the defendant, Mary E. Sage is in the State of Kentucky; that the residence of the defendant, Gilbert Hunter is in Buffalo, in the State of New York; and that there is no person in the State of Florida who is subject to process upon whom would bind you the said defendants.

It is therefore ordered that you do appear to the bill of complaint filed in the Court House in Sanford, Seminole County, Florida, on or before the 7th day of March, 1921, the same being a rule day of this Court, in default thereof a decree pro confesso will be entered against you and the said case proceed ex parte.

And it is further ordered that this notice be published in the Sanford Herald, a newspaper published in Sanford in Seminole County, Florida, once a week for four consecutive weeks. Witness my hand and seal of E. A. Douglas, Clerk of the Circuit Court of Seminole County, Florida, this 27th day of January, A. D. 1921.

E. A. DOUGLASS, Clerk Circuit Court. ROBINSON & BRIDGES, Solicitors for Complainant. 24-1tc

IN CIRCUIT COURT, SEVENTH JUDICIAL CIRCUIT, STATE OF FLORIDA, COUNTY OF SEMINOLE.—IN CHANCERY.

BILL FOR PARTITION Margaret W. Hunter, a widow.

Kenneth W. Hunter, et al. To: Royal Hunter. Whereas it appears from the bill of complaint filed herein duly verified under oath as provided by law, that you are a defendant named in said bill, that your residence is in the State of New York, and that there is no person in the State of Florida who is subject to process upon whom would bind you, the said Royal Hunter. It is therefore ordered that you do appear to the bill of complaint filed herein at the Court House in Sanford, Seminole County, Florida, on or before Monday the 4th day of April, 1921, the same being a rule day of this Court, in default thereof a decree pro confesso will be entered against you and the said case proceed ex parte.

And it is further ordered that this notice be published in the Sanford Herald, a newspaper published in Sanford in Seminole County, Florida, once a week for eight consecutive weeks. NOTICE OF SPECIAL MASTER'S SALE.

By virtue of a final decree of foreclosure made and rendered December 30th, 1920, in a certain cause pending in the Circuit Court of the 7th Judicial Circuit of Florida in and for Seminole County, in Chancery, between J. A. Adams, complainant and C. A. Saunders and J. J. Harkin are defendants—the undersigned, as Special Master in Chancery, will sell to the highest and best bidder for cash in hand at public auction, during the legal hours of sale, at the front door of the Court House in Sanford, Seminole County, Florida, on Monday, February 7th, 1921, the following described real estate lying and being situate in Seminole County, Florida: An undivided one-half (1/2) interest in the N one-half of the SE one-fourth of SW one-fourth, and the south nine (9) acres of the NE one-fourth of NW one-fourth, of Section 20, Twp. 20 South, Range 32 East, containing 20 acres more or less.

Purchaser to pay for deed or deeds of conveyance.

SCHLELL MAINES, Special Master in Chancery. 24-1tc

FEDERAL REGULATION ON MEAT PACKERS PASSES IN SENATE AFTER LONG FIGHT

DEMOCRATS ARE ALMOST SOLID FOR MEASURE THAT CONTROLS PACKERS POWERS

WASHINGTON, Jan. 25.—By a margin of thirteen votes, the senate late yesterday passed the long fought bill for Federal regulation of the meat packers and other agencies of the livestock industry.

The vote was 46 to 33 and the legislation, the center of bitter controversy for a decade, now goes to the house with its supporters hopeful of final action during the present session of congress. A special rule to expedite house action is to be sought.

Partisan division in the senate was lacking, but most Democrats supported the bill, while a majority of the Republicans opposed it. The party lineup was eighteen Republicans and 28 Democrats for passage, with twenty-three Republicans and ten Democrats against.

All fundamental features of the legislation as presented by the agriculture committee as a substitute for the original Kenyon-Kendrick bill were restrained by the senate. The bill would create a Federal Livestock Commission of three members, appointed by the president, to have jurisdiction over the livestock industry. This commission would have power to issue orders, collect and disseminate information, have access to packers' books and have general supervision over packers, stockyards, commission men and similar agencies. Review of the livestock commission's orders would be provided by the bill, which also prescribes rules for conduct of the packing business and stipulations against monopoly, unfair trade practices, engaging in unrelated industries and other similar acts. Voluntary licensing of packers also is provided, an attempt, by Senator Pomeroy, Democrat, Ohio, to eliminate this feature, having been defeated yesterday, 43 to 34.

Charter is Granted for Clermont Bank

CLERMONT, Jan. 27.—Charter papers were received recently from the U. S. comptroller at Washington, D. C., for operation of the First National Bank here. This organization was started several months ago, the stock has been subscribed, and as soon as fixtures can be secured, the bank will be opened. Temporary quarters have been secured, until the permanent building can be completed. This is in line with the other improvements and developments going on in this section. Hundreds of cares in this immediate vicinity have been purchased, are being cleared and set to groves. To relieve the great demand for houses the Clermont Board of Trade organized itself into a building association, and is building houses for sale. Already two houses are being built and the second and third sites are secured.

ANOTHER MIRACLE OF THE ENERGIZER

Another seeming miracle has been performed by the Energizer treatment the latter being the case of J. H. Allen of Longwood, who has been with locomotor ataxia. He could not raise his hands or use his arms and had great difficulty in speaking. After taking two treatments of the Energizer here he can raise his arms over his head and can talk much better and the change in his condition has been so noticeable among his neighbors as to cause them to ask him what kind of treatment he was taking. The Energizer office has been moved from the First National Bank building to 1020 Union avenue or Second street. d-a-w-1tc

Senator Smoot should ask that the president be restrained by law from carrying matches.

Seventh: The finest quality Baking Powder—at the most economical cost. "The Biggest Bargain That Goes into the Kitchen Today."
Eighth: Mix plain flour with pure baking powder instead of using uncertain mixtures. Then you will know your baking is pure and wholesome. Plain flour cannot be adulterated.

Calumet Nut Cookie Recipe
1 cup butter
1/2 cup sugar
2 eggs
1/2 cup flour
1 level teaspoon Calumet Baking Powder
3/4 cup chopped nuts
1 teaspoon lemon juice
Then mix in the regular way.

ORLANDO BEHIND ST. PETE IN EATING DOUGHNUTS

THE CITY BEAUTIFUL ONLY EATS 9,990 PER WEEK COMPARED TO SAINTS 57,000

The subject of doughnuts is one that is causing much comment in the St. Petersburg newspapers. The Evening Independent of that place has even gone so far as to publish the actual figures, showing that a total of 4,750 dozens of doughnuts are consumed in the Sunshine City weekly. An investigation of the doughnut consumption in Orlando reveals the startling fact that St. Petersburg is buying in and consuming nearly 4,000 dozens of doughnuts more a week than Orlando. Think of it, a city with a new building record for 1920 of \$3,000,000, allowing its doughnut record to be eclipsed in such a manner by the city of St. Petersburg.

An itemized table showing the number of doughnuts that the four bakeries of Orlando are baking weekly is as follows:

Table with 2 columns: Bakery Name, Dozens. Federal Bakery: 500 dozens; Rock's Bakery: 150 dozens; O. K. Bakery: None; Reed's Bakery: 175 dozens.

Total 825 dozens. A comparison of these figures show that against Orlando's total of 825 dozens St. Petersburg has a weekly total of 4,750 dozens, a percentage in crease of 473 per cent.

Something must be done. St. Petersburg attributes her fine total to the large number of New England visitors buying their doughnuts? The matter must be investigated. A "doughnut day" must be set aside when every family will pledge themselves to buy a dozen doughnuts. Think what might happen if Sanford should decide to investigate her doughnut consumption.—Orlando Sentinel.

Those figures are small compared to Sanford. We went out back of the Sanford bakeries the other day and found out they were baking more than 5,000 doughnuts a week. The reason we know this is because we found the holes that had been cut from the doughnuts and thrown into the alley.

RECEPTION FOR GUESTS

Beautiful in every detail was the reception given Friday afternoon by Mrs. A. E. Douglass and Mrs. Geo. Fox in honor of their three sisters who are their guests, Mrs. Charles Leffler and Mrs. L. Albert Jones of Miami and Mrs. H. Gilmore Clifton of Jacksonville.

The reception was given at the attractive home of Mrs. Fox on Park avenue. The lower floor was opened ensuite and was most beautifully decorated with an abundance of pink roses and ferns.

At the door Miss Martha Fox welcomed the guests and two dear little girls in fluffy white, little Miss Virginia McDaniels and Helen Douglas, received the cards.

Receiving were: Mrs. Douglass in a gown of grey satin; Mrs. Leffler in black lace, Mrs. Fox in flesh organdie, trimmed in blue; Mrs. Clifton, in a gown of peach-blow taffeta and Mrs. Jones, in a gown of orange tulle.

Assisting in caring for the guests were: Mrs. W. E. Watson, Mrs. G. D. Bishop, Mrs. W. L. Morgan, Mrs. Claude Herndon, Mrs. E. F. Roumillat, Mrs. Allen Jones and Mrs. D. L. Thrasher.

The dining room was beautiful, great bowls of pink dombia were placed about while the table was centered with a low bowl of dombia and fern, and streamers of tulle were fastened to the chandelier and the corners of the table.

For the first hour Mrs. Deane Turner and Mrs. E. D. Mobley poured. They were relieved for the second hour by Mrs. R. C. Keen and Mrs. Morris Spencer. Assisting in the dining room were: Mrs. C. R. Kirtley, Miss Bowler, Mrs. N. O. Garner, Mrs. Braxton Perkins, Mrs. M. S. Wiggins, Mrs. Ralph Wight, Miss Esther Wilson, Mrs. Vance Douglass, Miss Annette Walker and Miss Weeks.

Delightful music was furnished all through the afternoon by an orchestra. More than two hundred guests called between the hours of 3:30 and 5:30.

Infant Daughter Dies

(From Tuesday's Daily).

The many friends of Mr. and Mrs. Wallace Wheeler extend their sympathy to them in the death of their infant daughter who died Sunday. The funeral services occurred from the home on Union avenue yesterday afternoon at four o'clock, Dr. Brownlee of the Presbyterian church, officiating, interment being made in Lakeview cemetery.

SCHOOLS MAY CLOSE FOR LACK OF FUNDS

DADE CITY, Jan. 22.—The grammar school of Dade City and all like schools in Pasco county will close on January 28th with a five months' term, unless some emergency measure can be devised to further finance it. All the general county funds available have been used up, and only a few special tax districts have any money with which to extend their terms. There is talk of taking subscriptions among the patrons and public spirited people of the community in an effort to provide funds with which to pay teachers for the full eight months' term, and unless this move succeeds the schools will close. The high schools at Dade City, Zephyrhills and Elfers will be continued the full term.

The financial condition of the present board was inherited from former boards, and is the accumulation of several years. Under the old law a school board could borrow money without limit if the fund were to be used in paying off a debt, so that all a board had to do was to buy on credit or make a contract to pay and thus create a debt that would authorize it to borrow. The law of 1915 placed severe restrictions on this borrowing practice, and the check was so sudden as to throw the machinery out of gear.

The committee on the famine fund are indebted to Manager Herndon for his kindness in furnishing a slide last night. Would that every one who saw it would respond to this cry of the starving. The report is awful, 45,000,000 in direct need in Northeast China, 8,000,000 facing immediate starvation. People selling their children for one dollar! Wild-eyed mothers with shriveled breasts are throwing their babies into wells. People are eating leaves, thistles, corn cobs. The wolf is at their throats. Our people must do their best and do it QUICK! It will be a hard heart that will not respond to a cry like this: "Whoso hath this world's goods and seeth his brother has need and shutteth up his compassion from him, how dwelleth the love of God in him?"—1 John III-17.

HELP THE STARVING

The members are: Mr. and Mrs. R. A. Newman, Dr. and Mrs. S. Puleston, Mr. and Mrs. George Knight, Mr. and Mrs. E. F. Roumillat, Mr. and Mrs. W. C. Hill, Miss Lee and Judge and Mrs. E. F. Housholder.

EVENING BRIDGE CLUB

The Evening Bridge Club met Friday evening as the guests of Judge and Mrs. E. F. Housholder for dinner and bridge.

Roses and ferns were used most effectively and beautifully for decorations. A most delicious dinner was served at 7:30 after which bridge was played at three tables. Mrs. E. F. Roumillat winning the ladies' prize for high score, a box of Cody's powder; Mrs. R. A. Newman, winning the gentleman's prize, two packages of playing cards.

The members are: Mr. and Mrs. R. A. Newman, Dr. and Mrs. S. Puleston, Mr. and Mrs. George Knight, Mr. and Mrs. E. F. Roumillat, Mr. and Mrs. W. C. Hill, Miss Lee and Judge and Mrs. E. F. Housholder.

CELERY OUTLOOK MUCH BRIGHTER IN MANATEE SEC.

CROP READY TO MOVE AND THE PRICES LOOK GOOD

The tide of fortune has again changed for the better and what looked like disaster a month ago now looks like a profitable season for the celery growers. So far this year there have been 53 cars of celery shipped out of Manatee county and the Manatee Growers' Association expects to ship 26 cars next week. They will probably have the biggest movement, but other shippers are anticipating some large movements and the indications are that at least forty cars should roll next week.

The prices are good compared to what were expected. Buyers are offering from \$2.00 to \$2.50 a box and the celery that has been shipped to the northern markets has brought from \$3.65 to \$4.00. These prices will net the grower from fifty to seventy-five cents per crate. Considering the conditions as they existed a month ago these are high prices.

The lettuce crop is nearly gone, only a few more cars will be shipped this season. The prices on lettuce have not been exceptional, yet there has been some good prices realized. So far this year 109 cars of lettuce were shipped. This is not as many as last season but is making a good showing.

The quality of the celery and other vegetable crops this season is unsurpassed and the buyers who are here are predicting that it will do more to establish a fancy grade and pack than any other year's crop.

The movement of oranges and grapefruit continues as well as can be expected. With 804 cars of grapefruit rolling and 480 cars of oranges moving the indications are that there is still some demand for the balls of juice. Despite the calamity howlers there are only a few cases on record where the shippers have not realized a profit on their shipment. This is always a dull season for citrus fruits but the depression in the citrus market now does not mean that the grove owners will have to take a loss for their crop because with the coming of spring the markets will become more active and the profits then will offset any loss that may be sustained now.

January 1 to and including January 17 the following fruit and vegetable movements were recorded in this county. Grapefruit, 804 cars; oranges, 480 cars; lettuce, 409 cars; celery, 53 cars; peppers, 30 cars; cabbage, 15 cars; cauliflower, 4 cars, and mixed cars, 7, making a total of 1802 cars.—Bradentown Journal.

The house of representatives will not be enlarged. This is good news. It is too large now for the efficient and speedy transaction of the nation's business.

The men who think and is silent usually has more friends than the one who speaks and thinks afterward.

CATTLE MEN OF SEMINOLE HAVE MEETING HERE

(From Saturday Daily)

The cattle men of Seminole and some from adjoining counties are meeting here today on matters of interest to the raising and selling of cattle. They will hold a meeting during the afternoon and take up the question of the no-fence law in all its phases. The majority of them believe that no-fence law will come to Florida eventually but that this is not the time to enforce it as there are so many thousands of acres of land in the state not fit for anything but cattle pasture and the fencing should come gradually as the farmers come into the state and take up much of the land that is suitable for farming.

KETCHUM IS ELECTED GRAND MASTER OF THE MASONIC GRAND LODGE

JACKSONVILLE, Jan. 22.—Officers for the Grand Lodge, Free and Accepted Masons of Florida, which held annual election here last night, are as follows:

Charles H. Ketchum, Key West, grand master.

Lamar G. Carter, Mayo, deputy grand master.

John L. Hall, Jacksonville, senior grand warden.

W. T. Todd, Pensacola, junior grand warden.

Henry Robinson, Jacksonville, treasurer.

Wilber P. Webster, Jacksonville, grand secretary.

Wilber Page Webster was re-elected grand secretary. He is entering upon his twenty-fifth year at that post and received the congratulations of all members of the grand lodge upon his long and continued success. Mr. Robinson has served forty-four years as treasurer, and Marcus Endel passed his forty-sixth year as a past grand master.

The new grand officers were duly installed at the afternoon session. The annual oration was delivered at the morning session by Grand Orator Lincoln Hulley of DeLand, president of Stetson University. The financial report showed a very healthy condition of finances.

The upper Rhine has gone dry, but this item refers only to the river.

DON'T DESPAIR

If you are troubled with pains or aches; feel tired; have headache, indigestion, insomnia; painful passage of urine, you will find relief by regularly taking-

GOLD MEDAL HARLEM OIL CAPSULES. The world's standard remedy for kidney, liver, bladder and uric acid troubles and National Remedy of Holland since 1895. Three sizes, all druggists. Guaranteed. Look for the name Gold Medal on every box and accept no imitation.

NOW THE TIME TO BUILD SEEMS APPARENT TO ALL WHO STUDY THE PROBLEM

BUILDING MATERIAL WILL NOT FALL MUCH, IF ANY.

IS DOWN NOW

AND IT WOULD SEEM WISE TO START BUILDING AT THIS TIME

(From Monday's Daily)

This is the time to build if you intend building. This is said not from the spirit of stimulating building although this paper is most intensely interested in building. It is said because in the opinion of the people who know, that this is the time to build and while it could be possible for building costs to go lower it is not probable. There are so many mills idle, the timber is growing scarcer, hardware is not dropping like other commodities, labor will come down some but not much for skilled labor will command a good price at all times and there are many good and sufficient reasons for believing that to build now would be the best of judgment and enterprise.

The Florida Times-Union, in this connection, has the following to say: If you have been planning and waiting to build that house the past three years, start next week to get ready and build as soon thereafter as you can get materials and workers. That is the advice now being offered by those who have looked into the matter and see the opportunity now presented, and also see a little ahead, when the building material available in the country will be gobbled up and prices will no more soar.

The Chicago Journal of Commerce says that the remaining excuse that was held, of "very high wages for workers," is going to be done away with during the early part of the new year. "Building workers are now seeking jobs," declares that newspaper and they are willing to make concessions, regarding wages and promise to give good service in return for the pay envelope. Building material generally is way down from the "peak" that was reached in 1919 and manufacturers and producers of this stuff are anxious to move it.

As the Chicago newspaper says, it is not to be expected that building material will be found as cheap as it was in 1914. The reasons for this are excellent—at least they are plain enough. In practically every line of activity, in the manufacture of building materials the costs to produce have been advanced far ahead of those experienced before the world war began. An item mentioned is brick, which costs less now than two years ago, but much more than in 1914, and the explanation is that the materials entering the brick cost more and labor costs more. Fuel to burn the brick and steam to press it, and freight on the brick to points where needed, all cost more.

In the matter of freights, which are higher than ever before, building material must yet bear a part of the war burden, and this affects practically everything used in the construction of a building. Still the chances at this time are better for the home-builder than they have been for several years.

The need for homes and their structures is greater than it ever was, and there is every probability that labor will be available, and also at a reasonable cost. The advice of the Chicago Journal of Commerce concludes with the following prediction, which we have suggested, making it stronger, and more plain. "With a shortage of homes that cannot be remedied in less than several years and the immense amount of engineering, municipal and road building projects that will need to be carried on, many observers believe that the present lull in building is the most favorable time to get the work done." We can get attention from the dealers in material now—later they will be taking up great eastern and western contracts, and besides that the railroads have a chance to give heed to Southern freights when the call of other sections is not so strong.

"The Farmer's Worst Enemy—Rats. The Farmer's Best Friend—Rat-Snap." These are the words of James Baxter, N. J.: "Ever since I tried RAT-SNAP I have always kept it in the house. Never fails. Used about \$3 worth of RAT-SNAP a year and figure it saves me \$300 in chicks, eggs and feed. RAT-SNAP is convenient, just break up cake, no mixing with other food." Three sizes, 85c, 65c, \$1.25. Sold and guaranteed by Ball Hardware Co.

BRIDGE LUNCHEON

(From Monday's Daily)

Mrs. Roy Symes entertained most elaborately with one of a series of bridge luncheons Saturday at her beautiful home in Winter Park.

The guests motored from Sanford and enjoyed a most delicious and sumptuous luncheon. After luncheon bridge was played at two tables, Mrs. Thigpen winning the prize for high score, a pair of beautifully decorated candles, and Mrs. Barnes the consolation, a lingerie bow.

The guests were then taken for a sight-seeing trip to many of Winter Park's beautiful spots. Those having the pleasure of this delightful afternoon were: Mrs. R. A. Newman, Mrs. Margaret Barnes, Mrs. S. E. Barrett, Mrs. W. J. Thigpen, Mrs. G. I. Loucks, Mrs. B. F. Whitner and Miss Mary Erwin.

DANGER POINT IN DEPRESSION HAS PASSED

NEW YORK, Jan. 26.—The danger point in the country's industrial depression has been safely passed and conditions may be expected to improve from now on, George E. Roberts, vice-president of the National City Bank and noted economist, declared in an interview today.

"It is fair to say that the worst of the industrial depression is over," he said. "Before January 1 there was a general feeling of uncertainty, even alarm. The people didn't know how much worse conditions were going to be. There was almost a total cessation of buying by retailers. The situation has now noticeably improved, stocks have been reduced merchants are more confident and there is a general resumption of buying."

"I hardly look for a full state of employment and general prosperity until the industrial situation is more generally balanced. Some products have experienced a great fall in value; others have been only slightly reduced. Many retail prices have not come down to conform with wholesale prices."

"Farmers generally have taken a big shrinkage in the value of their products and owe a great deal of money. They will not buy at a normal rate until their debts are reduced and other prices are down to correspond with their own. And the farmers constitute 48 per cent of the population. The speed with which the present depression is entirely effaced will be in just the ratio that every one realizes the necessity of getting prices down to a common level. "As regards wage earners, their contention that they will not accept reductions in prices of their labor until the cost of living comes down simply amounts to clinging to a fallacy. It is the commodities in which the cost of labor is a large factor that are holding up the general decline."

Boys Wounded in Curfew Enforcement

CORK, Jan. 25.—Two boys were wounded, one of whom later died, when troops enforcing the curfew ordinance fired at some people in the vicinity of Chandon street last night. The curfew, according to the new arrangements, began at 5 p. m.

GREAT GREETING TO LIBERTY

NEW YORK, Jan. 24.—When the steamship Saturnia arrived in New York late yesterday her cabin passengers witnessed a welcome celebration to "Miss Liberty," which they failed to understand. A sound from the throats of 718 immigrants representing eighteen countries and speaking a smattering of languages, caused the misgivings. Officers said they never saw so many different countries represented.

MAN ARRESTED FOR PART IN KILLING OF GRADY HAMES AT DAYTONA BEACH

DAYTONA, Fla., Jan. 26.—G. W. Allen, said to be a sign painter from Minneapolis and Fairbairn, Minn., was arrested here tonight in connection with the killing of Grady Hames at Daytona Beach, December 26th. He was taken to the Volusia county jail, at DeLand. Allen denies guilt and declares he can prove his whereabouts on night of tragedy.

PERSONAL NOTES

(From Saturday's Daily) Miss Sara Wight is at home from Rollins College for the week end.

G. C. Chamberlain and W. J. Thigpen returned last evening from a most successful fishing and hunting trip.

George Chamberlain and Dr. Hyman will motor to Daytona today to bring Dr. Conwell to Sanford.

W. M. Haynes has returned from Jacksonville where he attended the state meeting of the Masonic lodges and represented Sanford lodge.

Supt. T. W. Lawton leaves today for Daytona Beach to attend the Federal Educational Convention. He will be out of town until next Tuesday.

Hon. C. W. Entzinger, Lewis Entzinger and W. C. Satcher were among the Longwood visitors to the city this morning and report Longwood as growing and building up considerably.

Among the well known residents of Longwood in the city this morning was J. N. Searcy, who came in to pay the Herald office an appreciated visit and renew his subscription to the Big Weekly Herald.

Mrs. Garnett West of Memphis, Tenn., is the guest of Mr. and Mrs. H. C. Waters at their suburban home south of the city. Mrs. West arrived yesterday via the Clyde Line and will remain for several weeks.

Miss Marion Downing, Miss Carolyn Peritt, Mrs. Peritt and George DeWitte will arrive today, enroute from Miami to their home in Jacksonville and will be the guests of Mr. and Mrs. William Gillen for the week end.

J. B. G. Smith of Hastings is in the city for a few days with the 4-One Sales Company. S. D. Blazer of Wauchula is also here representing the same company. Mr. Blazer is well known here having made several trips here on business during the summer months.

(From Monday's Daily) Mrs. W. F. Blackman of Lake Monroe is in the city today on a shopping tour.

Mr. and Mrs. C. P. Drummond came today to the guests of Mr. and Mrs. D. P. Drummond.

Mrs. B. W. Herndon and Miss Norma Herndon have returned from a visit to Daytona Beach.

Miss Alberta Aycock and Mrs. Mary Louise Leonard left Sunday to visit in St. Augustine for two weeks.

Miss Sarah Wight and Miss Esther Miller return to Rollins College today after spending the week-end at home.

Miss Ruby Baker returned home Saturday after spending a few days in Orlando as the guest of Mr. and Mrs. W. J. Barrington.

Mrs. George Chamberlain and Mrs. A. R. Key returned Sunday from Miami where they attended the state conference of the D. A. R.

W. B. Dill of Atlantic City is spending a few days in the city. Mr. Dill represents the Philadelphia Ledger as Atlantic City correspondent.

Judge and Mrs. E. F. Householder and Mr. and Mrs. Albert Vinson motored to Tampa Sunday. They will return Tuesday.

Mr. and Mrs. W. E. Watson, Mrs. E. M. Galloway and Miss Wilkey were the guests for the day, Sunday, of Mrs. R. S. Keeler at the Florida Sanitarium at Famosa.

Judge Householder is transacting legal business in St. Petersburg today and made the trip in his car together with Mrs. Householder and Mr. and Mrs. Vinson.

Ralph Yearby, of Orlando, was in the city today calling on his many friends. Ralph is the Delco light man for this district and is selling many of these plants just now.

Mrs. I. D. Martin has arrived in the city from Connecticut and will be here for the winter. Mr. Martin preceded her by a few weeks and their many Sanford friends are glad to know that they will again be residents of Sanford.

J. H. Ledbetter, of Rome, Ga., was in the city Saturday and Sunday. Mr. Ledbetter was formerly the proprietor of the Putnam House in Palatka but for the past five years has been interested in the club house and hotel at Cloudland Park in which many Sanford people are also interested. Cloud-

land Park is on Lookout mountain, north of Rome, Ga., and is one of the finest summer resorts in the south, being high class in every respect.

The Hill Lumber Company has just received a car of new, fresh Keystone Alabama lime and a car of the well-known Perfection Alabama lime. Get their prices before buying elsewhere and read their display ad on another page of this issue.

Joe Brann, of New Smyrna, and Coronado, was in the city today advertising his community. Joe is the secretary of the New Smyrna Board of Trade and also owns Brann's pavilion on the beach side and is one of the live wires who is helping to make New Smyrna grow.

The many Sanford friends of Mr. and Mrs. J. L. Hart will regret to learn that they left Saturday for Daytona and Jacksonville from whence they will go to New Orleans to make their future home. Mr. Hart was in charge of the Southern Utility plants at Rand's Siding for some time.

Mrs. Rodney Brandon and children will remain in the city for the next month as the guests of the Valdes Hotel while Mr. Brandon is on the mission of locating the Moose home in the south. Mrs. Brandon is the daughter of Mrs. Lane and sister of Mrs. Chas. Fedder and was born in Sanford but has resided in Illinois since she was a little girl.

D. L. Thrasher has returned from a week's trip to St. Louis, where he visited with the many big wholesalers and retailers and had a fine time generally. He also found out that St. Louis is the market for the Florida merchants if they could only break away from the idea that New York is the only place to buy goods. Mr. Thrasher says that every line of business is picking up in the middle west and no hard times are expected now or after the inauguration.

The many friends of Hon. Forrest Lake are glad to see him home again after spending the past two months with matters pertaining to the state road department of which body he was chairman. Mr. Lake could have accomplished many good things for the State of Florida as chairman of the state road department but he can accomplish much more by remaining on the job in Sanford and helping

(From Tuesday's Daily) Mrs. Arthur Hazard leaves today for her home in Augusta, Ga.

Judge and Mrs. E. F. Householder and Mr. and Mrs. Albert Vinson return from Tampa today.

Mrs. H. Gilmore Clifton of Jacksonville will remain the guest of Mrs. George Fox through this week.

Mrs. A. B. Nisbet of Milledgeville, Ga., is the guest of Mr. and Mrs. W. E. Watson.

Mr. and Mrs. Fred Walama, Mrs. J. S. Wilson and Mrs. R. J. Holly spent the day in Orlando visiting friends.

Mr. Charles Hartdegen, who has been the guest of Mr. and Mrs. George Knight, left Monday for his home in Newark, N. J.

J. M. Read, representing the Deho Drug Manufacturing Company of Boston, was in the city today calling on the local druggists.

The Sallie Harrison Chapter, D. A. R., will have a business meeting on Thursday afternoon at 4:30 o'clock, with Mrs. W. E. Watson.

Hon. and Mrs. C. P. Drummond of South Bend, Ind., arrived last evening to be the guests of their son and wife, Mr. and Mrs. D. P. Drummond at 610 Magnolia avenue.

D. C. Wagner of Kissimmee was shaking hands with his many Sanford friends here yesterday. Mr. Wagner was formerly a resident of Sanford and has a host of friends here who are always glad to see him.

Mr. and Mrs. L. Albert Jones, two children and nurse and Mrs. Charles H. Leffler left Sunday for their homes in Miami, having been the guests of their sisters, Mrs. E. A. Douglass and Mrs. George Fox, for the past few days.

Uncle Billy Stevens, late of the More Haven Times, but now a gentleman of leisure, was here today enroute home from the east coast. Uncle Billy made the Times great and made Moore Haven great with the Times and now he has sold out and will retire for some time to come. We all rejoice in his good fortune.

C. A. Henry, representing the Schaefer-Weedon Tailoring Company of Cincinnati, will be with the Sanford Shoe & Clothing Company Wednesday

Every Dollar You Saves Helps Win Prosperity

NEW SALES COMPANY. WILL DISTRIBUTE CRATES THROUGHOUT THIS SECTION

THE FLORIDA 4-ONE SALES CO.
OPEN CRATE DEPARTMENT
IN SANFORD

(From Saturday's Daily)
Among the new enterprises that have come to Sanford this week are the Florida 4-One Crate Sales Company who have opened a warehouse and distributing center at the corner of Myrtle avenue and Fourth street. Messrs. S. D. Blazer and J. B. G. Smith of Wauchulla and Hastings respectively, will be here most of the time assisting in the demonstrations and sales of this new vegetable and fruit crate and the local distribution will be in charge of B. H. Caldwell, who with his family, will make Sanford their future home.

The Florida 4-One Crate Sales Company have established headquarters here for the sale and service of the one wire bound vegetable and fruit crate that is manufactured at Nocatee and Wauchulla and several other points in the state and the local warehouse here will carry a full line of these packages in both knock-down and made-up crates. This new package has been approved by the railroad and express companies and the 4-one has proven to be very popular on account of needing no extra strapping. The standard bushel box is made for the shipment of all fruits and vegetables, the standard 4-one 10x20 celery crate is for celery, beets and other vegetables and the standard one-half barrel is for the shipment of cabbage, lettuce, cauliflower, peppers, etc. Mr. Caldwell is anxious that all the growers and shippers of this section pay him a visit and investigate the merits of the new wire-bound crates that are proving very popular wherever they have been used.

Their advertisement, showing the various kinds of crates, were in Friday's daily and Weekly Herald.

Judge Reaves Upholds State Laws on Liquor

ST. PETERSBURG, Jan. 25.—Florida's laws against the sale of intoxicating liquors were sustained in a decision handed down by Judge O. K. Reaves in the cases involving the conviction of two negroes here, Abe Williams and Mackie Johnson. The defense had attacked the state law and the city ordinance on which it is based, contending the laws were unconstitutional because they were in contravention of the Volstead act passed by congress. The two negroes were convicted of selling liquor and each was fined \$100 and they appealed from the municipal court through their attorneys from Tampa. Judge Reaves upholds both the state and city laws and the fines must now be paid. The decision means much to the prohibition forces here as they could not have maintained prosecutions had Judge Reaves knocked out the city and state laws as he was asked to do.

Legless War Hero Saves Life of Babe in Path of an Auto

MIAMI, Jan. 25.—Rushing to the aid of a baby girl directly in the path of a big motor car at the beach Sunday, Bob Steele, who lost both legs in the war and who makes his way around on a little platform propelled by roller skate wheels, saved the child. The car ran over Steele, but he was not seriously injured.

FLORIDA ASKED TO HELP PREVENT AUTO ACCIDENTS

WASHINGTON, Jan. 26.—The Highway Trade conference, which has just terminated a four days' conference here, will recommend to the legislature of Florida drastic measures to reduce traffic accidents.

After the conference had considered incomplete statistics showing that in the neighborhood of 15,000 persons were killed in automobile accidents in the United States last year, nineteen national organizations unanimously approved a code of principles for the regulation of highway traffic.

The code breaks away from the present system of punishment and substitutes compulsory revocation of licenses for the following offenses:

1.—Driving while intoxicated.
2.—Running away from an accident without giving name or assisting the injured.

3.—Being the principal or accomplice in the theft of a car, or in making false registration.

4.—Third conviction within a year for speeding.

Optional revocation of license is proposed for reckless driving and for excessive speed.

The pedestrian is not overlooked says:

"Pedestrians traveling on public highways should keep to sidewalks when such exist, and in other places should travel on the left hand side of the highway. Where traffic officers are stationed, pedestrians should not cross highway except when signaled by the traffic officer."

Results of U. S. Study of Beef Cattle Raising in Florida Given Out

WASHINGTON, Jan. 26.—The department of agriculture issued the following statement:

"As a result of a study of beef cattle production on the ranges of Florida, it was found by the United States Department of Agriculture that in Palm Beach county approximately 12 1/2 acres appear to be required to carry one animal through the year. It is also learned that a calf drop of 50 to 60 per cent may be expected annually, rapid improvement of the native stock can be made by the use of pure bred bulls; the mortality is no higher on these ranges than on the western ranges; the use of nitrogenous concentrate in connection with winter grazing offers the most practicable solution of the winter-feeding problem; utilization of the native grasses with the object of gradually improving pastures may be considered one of the chief problems.

"It appears that the ranges can best be utilized in units of considerable size: 10,000 acres has been taken as a convenient unit on which to base estimates. There is great need for further investigational work on range problems in connection with large operations, not only in Florida, but in the entire Coastal Plain area; the specialist says.

Peppers to be shipped from Wauchulla in quantities. Recently buyers were offering \$3 and \$3.25 per crate for peppers at the loading platform, while the quotations in northern markets were \$8.

LECTURE ON AMERICAN GOVERNMENT

EXTENSION DEPARTMENT OF
FLORIDA UNIVERSITY FIRST
LECTURE WOMAN'S CLUB

The first of the free lectures on American government furnished by the Extension Department of the University of Florida was given last night in the auditorium of the Woman's club. A large audience, including a number of out-of-town visitors, was present. The lecturer made a comparison of present-day conditions of women in America with those of the days of Martha Washington, the wife of the first president. She was described as a home woman, loving a domestic life, and with great reluctance giving it up to spend eight years in New York and Philadelphia as a president's wife.

The men present enjoyed the allusions to the domestic life of George and Martha as described by the speaker. The address was not a "lecture" in the usual sense of that word but a running description of the simple life of American colonists as compared with the complex life of the present day.

The second of these Monday night addresses will be given in the same place on January 24th by the same speaker, Dr. Edwin Erle Sparks, president emeritus of the Pennsylvania State College, on the topic, "Abigail Adams, the Business Woman." The University of Florida is supplying the speakers for these meetings as a part of its outside educational work. Dr. Sparks each week speaks at Sanford, St. Cloud, Kissimmee, Lake Alfred, Winter Haven, Avon Park, Sebring and Haines City.

ACTING MAYOR OF JACKSONVILLE CALLS MASS MEET

(By The Associated Press)

JACKSONVILLE, Jan. 26.—Acting Mayor Howen issued call for a mass meeting today to protest against lawlessness in Jacksonville. Call was prompted by tarring and feathering of F. P. Sullivan here last night.

First of Guardsmen to Be Tried Jan. 31st

HAMILTON, Ala., Jan. 26.—Robert L. Lancaster and Glenn R. Stephens of Tuscaloosa, two of the nine members of the Alabama National Guard indicted for the lynching of William Hurd at Jasper on Jan. 13, were arraigned here yesterday afternoon, the trial of Lancaster set for Jan. 31st and that of Stephens for February 2. The remaining seven men under indictment will be arraigned when the special term of court is convened for the trial.

MONSTER RADISH GROWN IN SANFORD

Mrs. G. A. Radford of 115 French avenue brought a monster radish into the Herald office today. It was planted in September and was pulled up today but will be put in cold storage for the fair in Orlando, where it will grace the Seminole county exhibit. The radish measures 17x17 inches and weighs 6 1/2 pounds which is going some even here where things grow so prolifically.

NEW EVIDENCE IN THE HIGEL MURDER CASE

BRADENTOWN, Jan. 25.—State Attorney M. A. McMullen of Clearwater, accompanied by Detective Fred Thomas of Tampa, spent most of today at Sarasota examining witnesses in connection with the murder of Harry L. Higel near his home on Siesta key on Friday, January 7th, and for which crime, Rube Allyn, a neighbor of Higel's, is in the county jail here charged with murder.

This was the first visit of the state attorney to this county in connection with preparation of his case to be submitted to the grand jury when it is convened in March. Detectives Thomas, who was employed by relatives and friends of the murdered man, to make the fullest possible investigation, has been pretty busy the past ten days, and he came down with Mr. McMullen today to aid in the examination of witnesses.

Neither man would talk much about their efforts at Sarasota today, but it was stated that several witnesses besides those who gave testimony before the coroner's jury which held Allyn for the crime, were summoned by the state attorney and quizzed today. Only the prosecutor and the detective were present while the witnesses were being examined. The only statement they would vouchsafe to the newspaper representatives was that they had secured certain testimony which they consider of paramount importance, but they did not feel that they cared to divulge it at this time. Mr. McMullen said that the reason he called the special hearing was because he had not heard any of the testimony and felt that he should have a thorough knowledge of the case before it came before the grand jury. Mr. Thomas said that he was well satisfied with the investigation today and that he would return in a few days to complete certain details that he would not disclose. The prosecutor said that he would return here when court convened.

LUMBER PRICES AND SUPPLIES ARE SUBJECT

OF GOVERNMENT INVESTIGATION THAT WILL TAKE PLACE AT ONCE.

(By The Associated Press)

WASHINGTON, Jan. 25.—Investigation of lumber price and supply situation on a basis of the recent report of the federal trade commission on activities of lumber associations, will be started next week by the Senate reconstruction committee.

ALLEGED KIDNAPPER OF TWO TAMPA BOYS IS ARRESTED IN MOBILE

MOBILE, Jan. 26.—Vincent Frye, alias Satterlee, was surrendered to a deputy sheriff from Tampa today when the officer arrived in Mobile and exhibited a warrant charging Frye with kidnaping two young boys at Tampa.

Frye was arrested on a loitering charge and recognized while serving sentence as a member of a road gang. The warrant charges that Frye kidnaped Clarence Cobb and Joseph Terrevan, but released them after holding them for some time for ransom.

We hope there is nothing significant in the fact that the figures 1921 total 13.

Have you used Florida Vegetable Fertilizer?

Every truck grower in Florida probably knows this famous BRADLEY brand.

An all-round vegetable fertilizer that will grow any truck or farm crop, it is also excellent for sugar cane.

We have other special brands and grades for different crops and varying conditions. Write and ask about them.

We have literature covering all Florida crops of commercial importance. Free for the asking. "Market Crops of Florida" for truck growers; "Citrus Culture" for citrus growers.

MRS. NELSON WANDERS FROM HOUSE AT AN EARLY HOUR AND DROWNED IN ONORO

Governor and Staff Find Conditions at Chattahoochee Good

CHATTAHOOCHEE, Jan. 26.—Governor Cary A. Hardee and his cabinet made their first visit to the hospital Friday. They looked over the hospital as a whole and viewed the progress on the new buildings. Ernest Amos, comptroller, came to Chattahoochee Thursday afternoon by train. The governor, Mr. Hardee, Attorney General Rivers H. Buford, Secretary of State H. Clay Crawford, Commissioner of Agriculture W. A. McKee, Treasurer J. C. Luning, all motored over early Friday morning and had breakfast with Dr. H. Mason Smith, superintendent.

Immediately after breakfast the board together with Dr. Smith and his staff, started on their trip thru the hospital buildings. They visited first the white male department going from there to the dining room and kitchen. They next went to the negro male department, coming back through the negro female wards and then to the white female buildings, thence to the receiving hospital. They next inspected the tubercular buildings, from which they went to the new employes home which is being built. From this new building they visited the laundry, the old power plant, the new power plant, which is being built, the dairy, the hog lot and the farm.

Every member of the board took much interest in the institution and seemed to be seeking information as to the general condition of affairs. Those who commented at all expressed themselves as being well pleased with conditions as they found them.

They spent the entire day at Chattahoochee, returning to Tallahassee late in the afternoon.

FAMILY HAD LATELY PURCHASED PHELPS PLACE NEAR HERE

Searching parties were sent out this morning in the Lake Onoro section looking for Mrs. Nelson, who wandered from her home last night and was not missed by the family until this morning when they arose at the regular time and missed her. The sheriff's office was notified at once and Sheriff Hand and his assistants with many of the neighbors of the Nelson family started to search for the woman and later found her body in Lake Onoro where it is probable she wandered and was drowned before anyone was aware of her absence from the house.

It is not known whether Mrs. Nelson wandered from home in a fit of temporary aberration or not. She had been greatly worried about her only daughter who was in a hospital in the north suffering from a recent operation and she had not heard from her last week and was noticed to be worrying considerably about her, although her condition was not serious enough to give the family any alarm and her absence from the house was not noted until early this morning when the alarm was given that started the searching parties to looking for her everywhere.

The Nelson family came here several months ago, purchasing the Phelps' property and making many improvements in the place and contemplating many more and this sad blow in the loss of the mother and wife is felt by the entire neighborhood and the sympathy of everyone goes out to them in their hour of sorrow. The funeral arrangements have not been made as yet.

The fact that a man's wife uses a little powder is no excuse for him being half-shot.

County Commissioners In Regular Session

Sanford, Fla., Jan. 4th, 1921.
Hon. Board of County Commissioners met in regular session at 10 o'clock a. m. Present: Chairman, L. A. Brumley, and Commissioners: L. P. Hagan, C. W. Entzinger, O. P. Swope, and E. H. Kilbee, with V. E. Douglass, Deputy Clerk, and C. M. Hand, Sheriff, in attendance.

Minutes of the last regular meeting held December 7th, also special meeting held December 15th, were read, approved and ordered filed.

Comr. C. W. Entzinger offered the following resolution and moved its adoption, same being seconded by Commissioner L. P. Hagan and adopted:

Whereas Hon. E. H. Kilbee, is about to retire as a member of this Board, and

Whereas, he has well and faithfully served the county of Seminole as Commissioner from District No. 5, for two full terms, at all times devoting his time and attention to the laborious duties of his office, at the sacrifice of his personal interests, and,

Whereas, we deeply regret the retirement from office of the said Hon. E. H. Kilbee,

Therefore, Be It Resolved, that this Board does hereby extend to the Hon. E. H. Kilbee, its thanks and deep appreciation for the excellent and untiring services rendered by him in the interest of Seminole County, during his two terms of office.

Be It Further Resolved, that the Clerk of this Board is hereby instructed to furnish a copy of this Resolution to Hon. E. H. Kilbee, and to cause same to be published in the Sanford Herald, a newspaper published in the County.

Adopted this January 4th, A. D. 1921.

Motion of L. P. Hagan, seconded by C. W. Entzinger and carried, the old Board of County Commissioners here adjourned, and the organization of a new board was taken up.

Motion of L. P. Hagan, seconded by C. W. Entzinger, and carried, Comr. L. A. Brumley, is hereby elected chairman of this Board for the next two years.

Chairman L. A. Brumley, here announced that this being the beginning of a new term, the Board would have to re-organize for the new term of two years, the following members being present: Chairman L. A. Brumley, and Commissioners L. P. Hagan, C. W. Entzinger, O. P. Swope and E. H. Kilbee, with V. E. Douglass, Deputy Clerk and C. M. Hand, Sheriff, in attendance.

Motion of L. P. Hagan, seconded by O. P. Swope, and carried, Attorney Geo. A. DeCottis, is hereby appointed attorney for this board, at a salary of \$50.00 per month, and he to serve at the pleasure of the board.

Motion of L. P. Hagan, seconded by C. W. Entzinger and carried, Dr. J. T. Denton, is hereby appointed county physician for Seminole county, at a salary of \$20.00 per month, and he to serve at the pleasure of the Board.

Motion of O. P. Swope, seconded by E. Curlett, and carried, Attorney Schelle Maines is hereby appointed county prosecuting attorney, at a salary of \$50.00 per month, and he to serve at the pleasure of the Board.

Motion of L. P. Hagan, seconded by C. W. Entzinger, and carried, Mr. J. C. Jacobs, is hereby appointed jailer for Seminole county, at a salary of \$65.00 per month, he to serve at the pleasure of this board.

Motion of L. P. Hagan, seconded by O. P. Swope, and carried, the salary of E. A. Douglass, clerk of this board, is hereby fixed at the sum of \$125.00 per month.

Motion of O. P. Swope, seconded by L. P. Hagan and carried, the donation heretofore allowed Seminole county Clinic, and paid to Dr. R. E. Stevens, is hereby discontinued.

Motion of L. P. Hagan, seconded by C. W. Entzinger, and carried, Mr. W. J. Woodbury, is hereby appointed superintendent of the County Home and Farm, at a salary of \$50.00 per month, he to serve at the pleasure of this Board.

Motion of L. P. Hagan, seconded by C. W. Entzinger, and carried, Mr. A. L. Deffer is hereby appointed Seminole County Traffic Officer, at a salary of \$50.00 per month, he to serve at the pleasure of this board.

Motion of L. P. Hagan, seconded by O. P. Swope, and carried, Chairman L. A. Brumley is hereby authorized to repair road at Crippen's Sidings near Cameron City, at an expense not to exceed \$300.00.

To The Honorable Board of County Commissioners, of Seminole County, Florida:

We, the undersigned, heretofore appointed by order of your Honorable Board as viewers to view and mark out the best route for the proposed highway hereinafter described, beg leave to report that we have gone over said proposed highway and have performed our duties to the best of our ability, and after viewing said highway, we must respectfully recommend that the route of the proposed

highway follow the description attached to this report, marked Exhibit "A," and made a part hereof, which description is supplemented by a plat of the proposed highway also attached to this report and marked Exhibit "B," and made a part hereof; and we further recommend that your Honorable Board discontinue as a public highway, that portion of the present existing public road now passing along, through and in front of Lot 54 of New Upsala that does not pass along, and through said lot in a straight and continuous line.

All of which is most respectfully submitted on this the 18th day of December, A. D. 1920.

C. A. BETTS,
F. L. MILLER,
CARL PEARSON.

The description of the proposed highway viewed and recommended is as follows, to-wit:

A strip of land 40 feet in width, 20 feet on each side of a line beginning 425.5 feet West of the South one-half mile post in Section 34, Township 19, South of Range 30 East, of Seminole County, Florida, and running North 63 degrees and 40 minutes East 1220 feet, more or less to the East line of Lot 54, according to the plat of New Upsala, and

Also a strip of land (5) feet in width along the southerly side of Lot 18 of said plat of New Upsala. Exhibit "A."

Whereas, a petition was presented to this Board at its regular meeting held on the 7th day of December, A. D. 1920, signed by citizens and freeholders, living in the vicinity of the proposed public road hereinafter described, praying that said road be duly established as a public highway, and,

Whereas, the said petition coming on to be heard, F. L. Miller, C. A. Betts, and Carl Pearson, were on the 7th day of December, A. D. 1920, duly appointed as viewers to view and mark out the best route for the said proposed road, and

Whereas, said viewers have on this day made their report to this board, recommending a route to be officially adopted for said proposed highway, and said report having been duly considered, filed, accepted and approved by this board, and said proposed highway having been duly established and declared to be an existing highway of Seminole County, Florida, by order of this board on this day made,

Therefore, it is ordered that said highway, more particularly described as follows, to-wit:

A strip of land 40 feet in width, 20 feet on each side of a line beginning 425.5 feet West of the South one-half mile post in Section 34, Township 19, South of Range 30 East, of Seminole County, Florida, and running North 63 degrees and 40 minutes, East 1220 feet more or less to the East line of Lot 54, according to the plat of New Upsala, and

Also a strip of land 5 feet in width along the southerly side of Lot 18 of said plat of New Upsala, will be opened to the public as a highway on the 8th day of February, A. D. 1921.

And Be It Further Resolved, that a copy of this order be posted at the Court House door and at some other public place nearest said proposed highway.

Done and ordered this 4th day of January, A. D. 1921.

C. W. ENTZINGER,
L. A. BRUMLEY,
O. P. SWOPE,

Bill of W. B. Williams against the Black Hammock Drainage District for cleaning right-of-way of ditches, approved and ordered paid.

Petition of J. N. Searcy, et al., asking that a road be established beginning at the depot in Longwood and running a distance of 1 1/2 miles to the community of West Longwood, and that same be hard surfaced, was read and ordered filed.

Motion of L. P. Hagan, seconded by O. P. Swope and carried, The Seminole Abstract Company, is allowed to retain that part of the room in the Court House now occupied by them, for a period of one year at a monthly rental of \$15.00.

Mr. J. T. McLain appeared before the Board in reference to work on the Wekiwa river fill.

Motion of L. P. Hagan, seconded by O. P. Swope, and carried, Engineer Fred T. Williams is instructed to notify the Southern Bell Telephone and Telegraph Co., and also the Postal Telegraph Co., that they must move the poles at Rand's Siding which are in the roadway, within 10 days or same will be cut down as an obstruction to the road.

Motion of L. P. Hagan, seconded by O. P. Swope and carried, that Frank Harris be appointed janitor for the court house, at a salary of \$60.00 per month, to serve at the pleasure of this board.

Motion of O. P. Swope and seconded by L. P. Hagan and carried, Tax Assessor A. Vaughan is hereby authorized to purchase an Elliott-Fisher Typewriter for his office.

Deputy Sheriff bond of W. C. Williamson, was approved.
Notary Public bond of J. N. Crooms was approved.
Bonds to carry fire arms of T. W. Prevatt and Frank P. Waterhouse, were approved and license ordered issued.

Motion of L. P. Hagan, seconded by O. P. Swope and carried, Supt. J. M. Wynn, is hereby instructed to use grader on the clay roads in District No. 2.
Clerk of this board is hereby instructed to notify Lake county board of county commissioners of a meeting to be held by this Board Friday, January 14th, 1921, at 10 o'clock a. m. and ask them to be present.

The following resolution was offered by Comr. L. P. Hagan, who moved its adoption, and duly seconded by Comr. O. P. Swope, and adopted.
Whereas it has been brought to the attention of this Board, that Frank R. Poole, and Realty Trust Company, Trustee, operating a mill at Forrest City, in the use of log carts have damaged the hard surfaced road in the vicinity of Forrest City,
Therefore, Be It Resolved, that Schelle Maines, prosecuting attorney for Seminole County, be and he is hereby instructed and ordered to handle this matter with said parties and require the mto place said road where damaged in good repair, and to desist from further damaging said road, and in default thereof he proceed against said parties as provided by law.

Adopted this 4th day of January, A. D. 1921.
The following resolution was offered by Comr. O. P. Swope, who moved its adoption, and duly seconded by Comr. L. P. Hagan, and adopted.
Whereas, it has been reported that the prohibition laws of the state are being flagrantly violated in Seminole county, and
Whereas, it has been further reported that many illicit stills are being operated in Seminole county,
Therefore be it resolved that the Sheriff of Seminole county, be and he is hereby requested to take immediate steps to apprehend those guilty of the violation of law, in the above respect, and
Be It Further Resolved that the Clerk is hereby instructed to cause as copy of this resolution to be delivered to C. M. Hand, Sheriff of Seminole County, Florida, and further cause a copy thereof to be published in the Sanford Herald.
Adopted this Jany. 4th, A. D. 1921.
The following resolution was offered by Comr. L. P. Hagan, who moved its adoption, sam being seconded by Comr. O. P. Swope, and adopted.
Whereas, by virtue of Chapter 7334, Laws of Florida, 1917, it is the duty of this Board to fix the number and the compensation of the deputies, clerks and assistants of each county official, whose compensation is now paid in whole or in part on the basis of fees and commissions, and,
Whereas, this Board has made due and careful inquiry regarding the number of deputies, clerks and assistants required by the various officers of this county, whose compensation is now paid in whole or in part on the basis of fees and commissions.
Therefore Be It Resolved, that the Clerk of the Circuit Court, be and he is hereby authorized to employ the following deputies and assistants,
1 chief deputy at an annual

salary of \$2,400.00
1 assistant Deputy at an annual salary of 1,200.00
1 assistant deputy at an annual salary of 960.00
1 assistant deputy at an annual salary of 900.00

and,
Be It Further Resolved that the Tax Assessor be and he is hereby authorized to employ one deputy tax assessor at an annual salary of \$2,100, and,
Be It Further Resolved, that the Tax Collector be and he is hereby authorized to employ, one chief clerk at the annual salary of \$1,800.00 and one assistant clerk at the annual salary of \$780.00, and,
Be It Further Resolved that the Sheriff be and he is hereby authorized to employ, one chief deputy at an annual salary of \$1,800.00 and one assistant chief deputy at an annual salary of \$1,500.00, and,
Be It Further Resolved that the County Judge be and he is hereby authorized to employ, one clerk at an annual salary of \$600.00, and,
Be It Further Resolved that the salaries of the clerks, assistants and deputies hereinbefore authorized shall be paid out of and deducted from the gross income, derived from the various offices hereinbefore enumerated, and shall be personally paid to said clerks, assistants and deputies by the respective officers appointing said clerks, assistants and deputies, and each of said officials shall render to this board a monthly sworn statement in accordance with Section 3 of Chapter 7334, showing in detail the expenses incurred in the operation of his office including the amounts paid by him for clerks, assistants, of deputies, as aforesaid, and,
Be It Further Resolved, that this Board reserves the right at its pleasure to reduce as it may see fit the number of clerks, assistants and deputies hereinbefore authorized.

Adopted this 4th day of January, A. D. 1921.
Reports of the several county officials were received, read and ordered filed.
Warrants paid during the month of December were ordered cancelled or record.
There being no further business the board stands adjourned to meet again Friday, January 14th, 1921, at 10 o'clock a. m.

Young Peoples' Convention Held in Sanford, Feb. 9th

A young people's convention will be held in Sanford February 9th at the Presbyterian church. It will be one of the Dixie Christian Endeavor conventions, and will be interdenominational. Mrs. C. F. Evans of Chattanooga, Tenn.; Karl Lehmann and Mrs. Lehmann of Montevideo, Fla., and State C. E. Secretary S. W. Denby will be the leaders. Delegates are expected from the central part of Florida.

The executive committee of the Presbyterian C. E. met last night to make preliminary plans for their entertainment. The following committees were appointed:
Registration—Mrs. R. C. Maxwell, Misses Florence Henry, May Holly, Anna Dullose, Adele Runge and Sara Warren Easterby.
Publicity—Misses Zeta Davidson, Gayle Marshall, Termina Lehman and Dr. Donald Whitcomb.
Entertainment—Mrs. R. L. Pack, Mrs. H. McLaughlin, Mrs. E. D. Grownlee and Miss May Magill.
Finance—Miss Virginia Smith, Messrs. Theodore Runge and Wilbur Rumpke.
Transportation—Robert Green, Len Whitcomb and E. H. Multhead.

Here is an apt suggestion to capable laundresses and to housewives as well—call upon the Herald Want Ads to bring you together to your mutual advantage.

Million Packets of Flower Seeds Free

Take Our Advice and Build Now.

DO NOT WAIT TOO LONG

Materials in all building lines are now at a lower mark than they have been for years, and are at a lower level than they will be in a few weeks hence, if all indications point true.
Conditions in the lumber market are such that every indication points to an early rise in the price of building materials. The simple law of supply and demand, if there were no other influences, is such as to indicate that the present low prices cannot long prevail.
For the past 60 days prices have maintained the unprecedented low level and still remain at that point, but it's not a safe proposition to expect them to remain at this point long.
At the present low prices an opportunity is offered the prospective builder for a tremendous saving in building materials. BUT IN ORDER TO GET THE FULL BENEFIT OF THEM IT WILL BE NECESSARY TO START NOW. SO DON'T DELAY.

Indigestion

Many persons, otherwise vigorous and healthy, are bothered occasionally with indigestion. The effects of a disordered stomach on the system are dangerous, and prompt treatment of indigestion is important. "The only medicine I have needed has been something to aid digestion and clean the liver," writes Mr. Fred Ashby, a McKinney, Texas, farmer. "My medicine is

Thedford's BLACK-DRAUGHT

for indigestion and stomach trouble of any kind. I have never found anything that touches the spot, like Black-Draught. I take it in broken doses after meals. For a long time I tried pills, which griped and didn't give the good results. Black-Draught liver medicine is easy to take, easy to keep, inexpensive." Get a package from your druggist today—Ask for and insist upon Thedford's—the only genuine. Get it today.
