County offers conference center pact

By Dan Ping Editor

SANFORD — The Seminole County Commission will host a joint work session with the city of Sanford to finalize an agreement regarding a conference center in downtown Sanford.

The agreement outlines the responsibilities for the construction and operation of the 63,000-square-foot facility. In general, the contract requires the county to fund the construction of the conference center and assume responsibility for repairs to major structural components, such as the roof, electrical and mechanical systems and utility lift stations.

Commissioners plan joint work session with Sanford leaders

The city would operate — or hire a management company to operate — the center and assume all costs associated with regular maintenance and operations. In addition, the city would fund and construct all necessary parking.

"It looks like we've got just about everything worked out," said Daryl McLain, chairman of the county commission. "There may be some minor tweaking to the agreement, but I don't foresee any major problems."

The county has already selected an architectural firm and an owner's representative firm for the project. Commissioners will select a general construction contractor Tuesday morning during the county's regular meeting. The joint work session is scheduled for 3 p.m. Tuesday.

"After that, it's a matter of arranging the financing," McLain said. "I would hope that by the first of the year we'd be ready to get to work."

The conference center would be located on 3.95 acres of city-owned land at the corner of Seminole Boulevard and Sanford Avenue — currently the site of the Sanford Civic Center. Since the new facility will require demolishing the Civic Center, concerns have been raised that paying customers will receive booking preference over local, non-profit groups like the NAACP and the Golden Age Games that regularly use the Civic Center.

In fact, the agreement between the city and the county states "The highest priority will be given to multiple day events

Mercer resigns as CRA chairman

By Dan Ping Editor

SANFORD — John Mercer resigned Wednesday as chairman of the Sanford Downtown Community Redevelopment Agency (CRA).

Mercer, a former city commissioner and long-time community leader, clashed with city officials in recent months regarding the independence and authority of the agency he led.

"I don't agree with what we're doing," Mercer said shortly after he voted against the CRA's new budget. "We're an autonomous board, and we don't need city approval to do what we believe is right."

State law, Mercer maintained, gave the non-elected CRA members authority to establish priorities and spend tax dollars.

However, the city and county ordinances that created Sanford's CRA require the agency to present its budget to the Sanford City Commission for approval. The city's attorney wrote an opinion that the ordinances are legal. Mercer promised two months ago to counter that opinion with a ruling from the state attorney general. As of Wednesday he had not produced a different opinion.

"It's just my opinion," Mercer said. "I don't think it's right, and I can't continue to serve on the board."

"John has been a loyal public servant to the citizens of Sanford for a number of years," Lessard said. "His contributions began long before I became involved with the city. I know John has been frustrated for the last couple of months. I just hope the community recognizes the dedication with which John has served."

A replacement for Mercer is expected to be named before the CRA meets again on Nov. 6. Mayor Brady Lessard said several applications are on file and others have expressed interest in serving. The city commission has two meetings in October in which to fill the position.

"It's critical that we find replacement as capable as John," Lessard said. "The CRA right now has a lot of important projects on their plate, and some of

Riding a skateboard and wearing a helmet supplied by Lake Mary's only skateboard shop, Pipe Dream, Mayor Thom Greene was the first person Friday to try out the city's new skate park.

After only a few rolls of the wheels, however, the mayor turned the park over to the more experienced skaters. At 4:15 p.m., the park officially opened to the public, and dozens of children and young adults took turns on the ramps, bowl and street course.

"This park is basically the first of its kind in Seminole County since the 1970s when Longwood closed its park," said Tito Porrata, a member of Team Pain. "A lot of people are happy it's here. Although it's small in size, it

All Souls observes Feast of Saint Francis

By Michelle Jerla Managing Editor

SANFORD — Cecilia Tanner received a few curious stares Friday when she entered the courtyard at All Souls Catholic School. It was the first time a donkey showed up to be blessed by the Rev. Richard Trout.

Cecilia wasn't the only four-legged creature to attend the school's Feast of Saint Francis of Assisi observance. Dozens of dogs, cats and rodents — along with a turtle and two

fish — were taken to All Souls to be blessed by Trout. The donkey, however, was the only animal that munched on grass while waiting for the priest to sprinkle holy water on her.

"This is the first time Cecilia has been blessed," Maura Tanner said. "In the past, we've brought our dogs. But, this year my daughter, Haley, wanted to bring Cecilia."

Cecilia became the Osteen family's pet after escaping one too many times from her previous owner's — Tanner's aunt — yard.

"She was an escape artist," Tanner said. "She'd get out and follow the neighbors down the road. So, we adopted her."

The donkey didn't show any signs of escaping Friday while waiting to be blessed by Trout. For the past 10 years, All Souls has celebrated the Feast of Saint Francis of Assisi — a time when animals of all shapes and sizes come to the church to receive the sanctification.

Saint Francis is the patron saint of animals. According to

SEMINOLE SUMMARY

A GLANCE AROUND OUR COUNTY

New beginnings: It certainly wasn't the Summer of Love for Sanford Main Street. The downtown civic organization spent June, July and August in turmoil as board members bickered over just about everything from how much authority the president has to how to record the minutes. By August the group was so dysfunctional the entire board quit.

Summer has turned to autumn, and with the cooler weather (at least cooler by Florida standards), comes cooler heads, hopefully. The group selected new board members Sept. 30, and new officers were elected Oct. 1.

by Dan Ping

Bill Kirchhoff is the new president. His fellow officers include Jim Dunn (vice president), Alice Weinberg (secretary), and Gary Lowell (treasurer).

Kirchhoff is a former county commissioner and should bring some stability to the board. Heck, if he can handle a couple of terms hashing out countywide solutions, how tough can it be to lead an organization that represents a handful of city blocks?

No doubt downtown has had more than its share of infighting with various groups competing to control the agenda. That appears to be over, for now anyway. The Downtown Business Association has merged with the Main Street organization and made the Main Street mission its own.

"We've got a pretty good mix of people on the board," Kirchhoff told me as the Seminole High School band warmed up for the homecoming parade outside his downtown office. "We've got building owners, merchants, restaurant operators and people from the airport and the marina."

Main Street can only benefit from such a broad representation, and according to Kirchhoff, the board is pumped about getting to work.

"Everyone is enthusiastic. Our main goal now is to educate," Kirchhoff said. "There are a lot of people on the board who are not familiar with the four points of Main Street, so we'll have to bring them up to speed."

That unfamiliarity may be the cause of the board's first controversy. Building owner Kim House applied for a facade grant and her application was put on hold Tuesday because the new board wants to re-examine the criteria for the grants. Problem is, House submitted her application Sept. 18 under the existing criteria. In fact, House had spent several months working with Executive Director Marlene Frith, as well as gaining the approval of the Historic Preservation Board to ensure all improvements would meet the city's historic codes.

"I didn't want to apply for a grant for something the HPB was going to turn down," House said.

Community Redevelopment Agency board member Bob Parsell wasn't happy to hear about House's predicament. The CRA funds the Main Street facade grants.

"If they're going to change the rules in the middle of the game, then the CRA should take the money back and administer it ourselves," Parsell said. "We've been trying to give away facade money for six years and no one will take it. Now someone steps up to apply for it and Main Street wants to change the rules."

Kirchhoff said he believes the matter will be resolved at the next Main Street meeting.

"There's a lot of stuff the new board has to learn and a lot of ideas they want to try," Kirchhoff said. "I think we'll get it settled at the next meeting."

I believe him. Call me crazy, but I think Main Street's darkest days are behind it. The organization certainly doesn't have any excuses if it fails to succeed. The DBA and Main Street appear to have unified, the board has a clean slate, money in the bank and the director (Frith) that everyone says they want. In short, all the ingredients for success are in place.

It's all about the Benjamins: The Downtown Diva, Sara Jacobson, performed her best Cuba Gooding Jr. impression during Wednesday's CRA meeting.

In the movie "Jerry Maguire," Gooding's character Rod Tidwell repeatedly told Jerry (Tom Cruise) to, "Show me the money!" The Diva was much more reserved, but the message was still the same.

For months, Jacobson has requested the CRA give the DBA \$25,000 for the electrical equipment the group installed on downtown buildings. Though almost all of the equipment and labor were donated, Jacobson contends the CRA should fork over tax dollars to her organization so the city can use the outlets for lighting along 1st Street. The CRA has continued to ask for the easements from building owners that would allow the city access to the equipment. Jacobson says she has them but has yet to show them to the city attorney.

"I'd be happy to exchange the easements for a check," Jacobson said in a moment that only Rod Tidwell could love.

As one of his last acts as chairman, John Mercer ramrodded Jacobson's request through, in apparent violation of the CRA's previous agreement not to provide a cash payment. Tom Ball went along with Mercer, while Bob Parsell fumed. Board members Larry Strickler and Linda Johnson were absent.

My question is this: If the Diva does in fact get a \$25,000 check, where does the money go? The DBA is all about unity with Main Street right now, so does Main Street get the money?

Burglary In Progress

Sanford police made two arrests Monday in connection with a residential burglary on West Airport Blvd. Police said when they arrived, a deputy had already taken one man in custody, having seen him attempting to break through a window. The man was identified as Daniel Hugo Kish, 40, of Twin Coach Court in Sanford. He was charged with burglary of a dwelling and possession of narcotics equipment.

Officers asked if there was another person, and Kish reportedly told him there was a female, still in the house.

After several attempts, the woman was persuaded to exit the house. Annette Mary Albert, 38, listed as homeless, was charged with burglary of an unoccupied dwelling, and resisting an officer without violence.

After being taken to the Seminole County Jail, Sheriff's deputies found Albert was wanted on an outstanding warrant for failing to appear on a charge of violation of probation.

Reckless Driving

Collin Daniel Hagan, 26, of Sun Lake Circle, Lake Mary, was arrested by a Seminole County Sheriff's deputy early Friday. The deputy had stopped another vehicle on Interstate-4 and was standing next to his vehicle, when another vehicle, reportedly driven by Hagan, passed him within four feet. The officer gave up the original traffic stop and pursued Hagan.

During the chase, the deputy said Hagan narrowly missed striking a motorcycle on the highway. He was finally stopped under the I-4 overpass at Orange Boulevard. Hagan was charged with driving under the influence

of alcohol/drugs (DUI), reckless driving, refusing to sign a citation, and resisting an officer/fleeing/attempting to elude.

Past Burglary

James Earl Dickerson, Jr., 18, of Orange Avenue, Sanford, was arrested by Sanford police Wednesday, in connection with an armed burglary of a residence in Edward Higgins Terrace on Sept. 30.

At that time, Dickerson was said to have poked a handgun in the window of a residence seeking another person. Dickerson was located Wednesday on a porch in Edward Higgins Terrace, and arrested on charges of burglary with assault, aggravated assault with a deadly weapon, possession of under 20 grams of marijuana, and simple assault.

Domestic Cases

Michael James Sowinski, 56, Windtree Court, Sanford, was arrested by Sanford police early Friday at his residence, following an altercation with a female. He was charged with battery, domestic violence.

Ramon Esquerdo, 28, of Begonia Cove, Sanford, was arrested by sheriff's deputies Wednesday as the result of an altercation with a female on Sept. 29. He was charged with battery, domestic violence.

Bradley S. Brumley, 23, Paloma Avenue, Sanford, was arrested by Sanford police at his residence Wednesday, following a dispute with his wife. He was charged with battery, domestic violence.

James Clarence Horne, 45, Water Street, Sanford, was arrested by sheriff's deputies Wednesday. He reportedly was in a fight with his wife. He was charged with battery, domestic violence.

Drug Arrest

Rodney White, 36, of Jack Court, Sanford, was arrested by Sanford police Wednesday. He wasn't difficult to find. Police, patrolling in the area of 12th and Jessamine Avenue in an unmarked vehicle, said White actually flagged them down and attempted to make a sale. White was arrested on possession of crack cocaine with intent to sell/distribute.

Retail Theft

Lynda Lou Canatsey, 44, of Highway 17-92, Longwood, was arrested by Sanford police Thursday at a retail store in the 3600 block of Orlando Drive. She was accused of taking merchandise valued at \$16.97 from the store without paying. She was charged with retail theft.

Traffic Stop

Bruce Davis Clay, 59, of Orange City, was located by Seminole County deputies Thursday when his vehicle was found in a ditch at Orange Boulevard and Star Glazer Drive near Sanford.

He was charged with driving under the influence of drugs/alcohol, and refusing to sign the citation.

OPINION

Every week is Fire Prevention Week

This week is Fire Prevention Week. Of course every week, every day, all year long, calls on each of us to do whatever we deem necessary to prevent fires of all types.

The week has historic significance however. On Oct. 8, 1871, (tradition tells us) Mrs. O'Leary's cow kicked over a lantern in her barn on DeKoven Street in Chicago, setting off a big blaze. Before it was over, it had leveled 3 1/2 square miles, destroyed 17,450 buildings, leaving 98,500 people homeless, and about 250 dead. Financially, the loss was figured at \$200 million. With the differences in prices between then and now, the loss would have probably been \$2 billion in our time.

Nick Pfeifauf

On the same day, in Peshtigo, Wisconsin, a forest fire started. The reason has never been proven. Although it received much less publicity than the Chicago fire, it was much more destructive in human lives. The Wisconsin fire burned across six counties, killing more than 1,182 people.

Each year, by presidential proclamation, either the first or second full week of October is Fire Prevention Week. It depends on which of the weeks includes the 9th of the month.

Fire Departments across the nation, including those locally, will undoubtedly have several events to call attention to the observance. But the designation of the week will have little value unless everyone takes it upon him or her self to do something about it.

One of my pet peeves is seeing someone in the car ahead of me tossing a cigarette butt out the window onto the side of a road. Ever notice some of the burned areas next to the roadway? It's easy to see they started at the very edge of the road - and we know what started it.

Later in the year, many people will start using space heaters in their homes. These are highly dangerous as they must be in peak condition. But who bothers to check them out before lighting them? And are those fireplaces cleaned before use?

Then we have fire detectors. We are supposed to have them in our homes and businesses. But how often do we check them to be sure they are in full operating condition and have fresh batteries? An inoperative detector won't do anyone any good except give one a false sense of security.

Do you have a fire extinguisher or two in your home or business? Are they operative, or perhaps covered with rust and a white caked-up powder? What good are they if they don't work?

Do you keep a lantern in your cow barn? There are many things we can do as individuals to prevent fires, and there are so many ways fires can be ignited. During this coming week, Fire Prevention Week, let's take some time to check over our homes and places of business to be sure we are safe, and will be able to combat a fire should one start.

Remember — "Only YOU can prevent forest fires" or any other type as well.

Smith believes southern heritage is under attack

To the editor:
It never ceases to amaze me how much my current home in Hilton Head Island, S.C. resembles my hometown of Sanford. A mirror for our social ills, service based economics and now our Southern Heritage under attack in the form of our government staged coup of civil liberties — banning a gospel choir from a church.

I hope this will show both sides in the Confederate flag debate that the attack is on the "shared" Southern Heritage. I can't believe the NAACP isn't all over this. Where are they when both sides need them? Where's Bill Clinton, Al Sharpton?

Under the guidance of June Baston at Lakeview Middle School and Bob Macquire at Crooms and Seminole, I was fortunate to perform all over the State of Florida. It never entered my mind we could possibly be banned from performing. Things must have changed down there.

Gospel music was a huge part of our repertoire at both schools. At Goldsboro Elementary there was a "silent prayer" every morning. Didn't hurt me none. What are we afraid of now? Don't we have enough to worry about.

And in conclusion, I'd like to know where this Hagerty fellow and this Julian person are from. I'm hoping they're born up north, 'cause I need support for my decline of the New South theory.

David L. Smith

Turner gives thanks to all who give support

To the editor:
I would like to take this opportunity to thank everyone

who thanked us for the service we provide to the city and to its visitors.

I would like to thank the MDA and all the people who donated money to our MDA boot drives — to the people who have sent us cards and letters — to the children who have thanked us, and to everyone who has shaken my hand and said thanks.

I would like to thank the people who wake up every morning and go to work and try their best to provide for their families.

I would like to thank all of our military personnel, both active and retired. To the teachers, to our law enforcement for being their when we need them, and to all the people who volunteer their time for their community. And thanks to the medical professionals we deal with every day.

Thank you for the fundraising that was done for our fire department and the fundraising done for the victims of 9-11.

The fire service is a tight knit group of people and we were hit hard last year by what happened.

But loss in the fire service is nothing new. Every year we lose around one hundred firefighters and I am told this has been the norm for as long as the fire service has kept records of the deaths. This is a job with inherit dangers, and we, as the City of Sanford Fire Department, are willing to face these dangers for the protection of lives and property, and it makes the job easier knowing we are supported by such a great community.

Ordinary people in extraordinary circumstances will do extraordinary things.

We are no different than anyone else. We have families, bills, and all the freedoms that make this country great.

We are proud to serve this city and this country.

The Sanford Fire Department is unique in the fire service. One way is the amount of calls we answer. Our current load is just short of 10,000 calls a year. This

is not a lot of calls for a 13 station department but for a department with only three stations, it's a lot and we do it proudly every year.

Even with such a high call load, our department still makes time to spend with civic groups, Cub Scouts, Girl Scouts, schools, grand openings and any other public event when we are asked to participate. This is something we look forward to, because we love spending time in the community.

Thanks to the people who thank us for what we do. Thank you, God Bless you, God Bless America.

And we will NEVER forget.

Youth academy has another successful year

Dear Chief Tooley:
We would like to thank you for allowing your Explorer Advisor, Officer Willis, to participate in the N.E. Florida Explorer Academy on July 14

27, 2002. The program's success depends on the involvement of visiting advisors assisting with supervision and training.

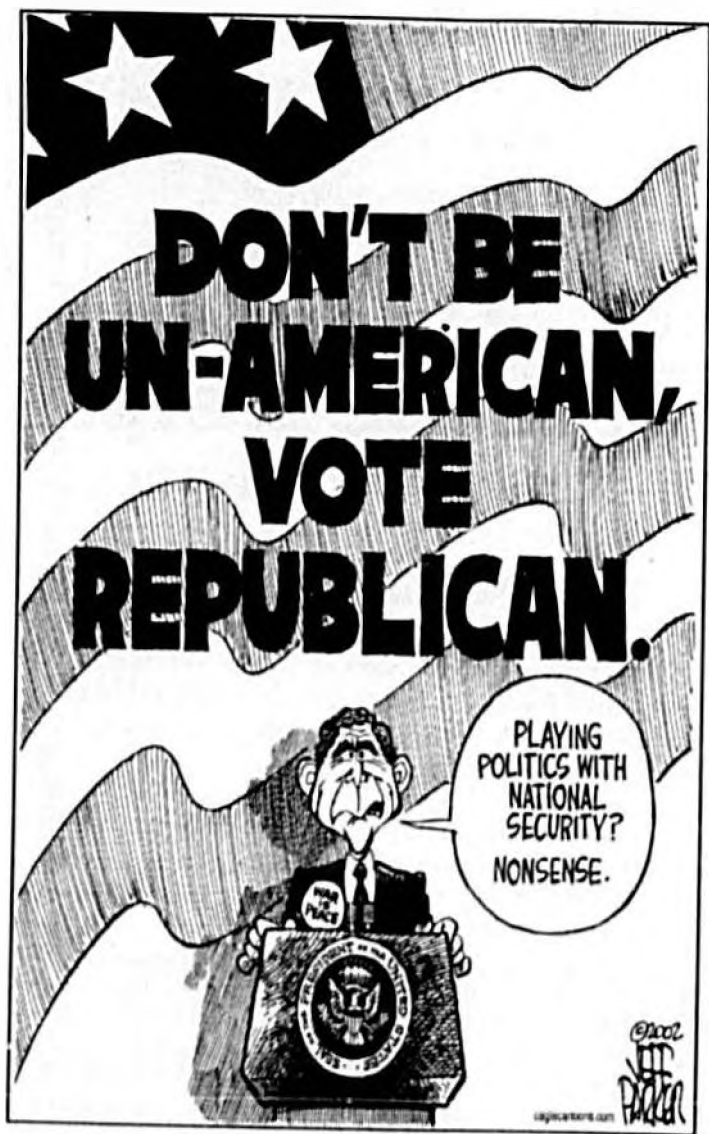

Officer Willis and Explorers represented your agency well, and all did an outstanding job. Over the last two years we have had over 100 youth attend the Academy, representing several agencies throughout the Southeast.

Participants this year came from Charleston County Sheriff's Department in South Carolina, Venice Police Department, U.S. Customs, Putnam County Sheriff's Department, Sanford Police Department, Flagler County Sheriff's Department and St. Johns County Sheriff's office.

We are looking forward to your agency's participation again next year and in the years to come.

Again, we appreciate your agency's participation in this year's Academy.

Sincerely
Sgt. Michael D. Dillhyon
Youth Services Coordinator

The Herald asks people what they think ...

After more than two years in the making, the Lake Mary Skate Park is now open in the city's sports complex on Rantoul Lane. We asked some of the people responsible for making it happen, as well as a couple of people who plan to use the park, what they think of the new facility.

We're glad it's complete. It's now ready to open so our residents can have a great time.

Director of Parks and Recreation

I am very excited the city now can offer a recreation activity for kids who don't play team sports.

The Way We Were: Glee Club events of 1958

You may recall I was given newspaper clippings and programs from the productions of the Seminole High School Glee Club director, Miss Ollie Reese Whittle, by Janice Springfield. She had received them from Miss Whittle's estate.

Grace Marie Stineclpher

Today's information is taken from clippings during the 1958-59 school year. Many of you will recognize names, all of whom are now in their late 50s or early 60s; quite a few continue to live in the area.

American Showcase Presented
The SHS Glee Club presented a variety show entitled "An American Showcase", Nov. 20, 1958 in the school auditorium.

The setting was in Alaska where the Mello Tones from Florida had been invited to present a TV show in celebration of Alaska's statehood.

There were 125 students featured in the show, most of whom were uniquely costumed.

Those who presented solos were Evie Kratzert, Cindy May, Faye Garner, Sue Byrd, Freddy Smith, Wally Phillips, Linvel Risney, Kay Ivey and Gregory Walker.

The Triple Trio and Double Quartette were heard in several specialty numbers. Featured was a chorus of 70 voices with dances directed by Mary Jane Flynt.

Gary Baker was the master of ceremonies and the stage committee included Sue Koke, Pat Poffenberger and Diane Moye.

Annual Christmas Concert Presented
The SHS Glee Club, under the direction of Miss Ollie Reese Whittle, presented the annual Christmas Concert in the high school auditorium. The concert opened with a candlelight procession to "O Come All Ye Faithful", the Rev. Ernest Bolick, pastor of the Good Shepard United Lutheran Church gave the invocation.

In addition to numbers by the entire chorus, there were selections by the Girls Glee Club, Boys Glee Club, Triple Trio and Double Quartette.

Kay Ivey and Faye Garner sang a duet, "Christmas Candles" and Henry Russi sang "What Child Is This", providing his own guitar accompaniment.

Following the rendition of "Gloria in Excelsis" by the glee club, one of the most outstanding numbers was "Ave Marie" with solo part by Carolyn Hall.

The program closed with the candlelight recessional to "Silent Night".

Accompanists were Kay Ivey, John Miller, Billy Johnson, Marilyn McDaniel, Pam Jones and Adelle Alling.

Members of the Triple Trio were Kay Ivey, Evie Kratzert, Faye Garner, Lynda Yeakle, Connie Brown, Charmion Miller, Joyce Benton, Mary Jane Flynt and Barbara Colbert.

Double Quartette members were Don Carter, George Harriett, Wally Phillips, Don McCoy, Gerald Jones, Allan Swaim, David Stanley and Duke Schirard.

Comedy Opera Presented by Glee Club
The SHS Glee Club presented "Ichabod Crane", a comedy opera in two acts, on March 31, 1959 in the school auditorium.

The case of characters included Mynheer Van Tassel, a rich farmer played by Gary Baker; Hendrick, his son, Wally Phillips; Brom Van Brunt, a young gallant, David Stanley; Ichabod Crane, school master, Gerald Jones; Vrou Van Tassel, Cindy May; Katrina, Kay Ivey; Wilhelmina, her friend, Faye Garner; Hilda, Katrina's aunt, Carolyn Hall; David, servant to Mynheer, Duke Schirard.

The play was in costume and took place shortly after the American Revolution.

Since it has been over 50 years since I read the "Legend of Sleepy Hollow" by Washington Irving, which featured Ichabod Crane, I did some research to see if these characters were in that tale. They are, so I am assuming that this comic opera followed the plot line in some fashion.

Ichabod Crane was a school master in Sleepy Hollow, N.Y. A legend in those parts was of the headless horseman who supposedly haunted the countryside.

Ichabod boarded with the parents of his pupils one week at a time, and enjoyed exchanging tales of ghosts and haunted places on long winter nights.

He held singing classes to augment his salary and in one of his classes was Katrina Van Tassel, a plump, rosy checked girl, the only daughter of a very wealthy farmer which added to her charms for the school master. Brom Van Brunt though, was her favorite squire.

Latest scoop on business - GONE TO THE DOGS *Collars & Scents Pet Waste Removal Service*

DeLand, FL 32720

"It's a dirty job, but somebody has to do it", says business owner Karen Benzel of Collars & Scents Dog Waste Removal Service. "Most people just don't want to do it themselves." Looking around for a business that would combine her love for animals, helping the community and the outdoors she decided that while scooping dog waste wouldn't be everyone's choice, "I believe it is a much needed service in this area." Busy people who find their lives a bit hectic will find this service a great place to start in some relief as it is likely to be the least expensive of all "home help" services available. Left to accumulate, dog waste ruins the appearance of your property, attracts disease carrying pests and offends neighbors - not to mention endangering the health of your pets and your family. Prices start at \$10.00/a week for one dog and \$2.50 for each additional dog. There is a one time service charge for a yard with accumulation. "I feel this is an unmet need in the pet care industry, people have bet-

The entire countryside was invited to a quilting frolic at Mynheer Van Tassel's and for the occasion, Ichabod borrowed a horse.

At the party, Ichabod danced with and played court to Katrina and exchanged ghost stories with the men. He left the party thinking he had made a good impression.

On the way home though, he and his horse encountered the headless horseman, who eventually threw his head at him. In the morning, a shattered pumpkin and the horse were found near the bridge, but Ichabod was never seen again in Sleepy Hollow.

Later, Brom Von Brunt, who had married Katrina, would laugh heartily when the story was told.

The choreography for the play was by Mary Jane Flynt

and members of the production staff were Charmion Miller, Connie Brown, Joyce Benton, and Pat Poffenberger.

The stage committee was composed of Gary Baker, Charles Koke, Larry Davis and Johnny Emerson.

Ushers were Sharon Buckner, Carol Crim, Mary Loyd, Carol Fleming, Phyllis Messer, Nancy Robb, Karen Miller, Judy Petty, Diane Moye, Martha Senn, Hazel Studebaker, Linda Spivey, Carol Ellison, Colleen Mathews and Ellen Patterson.

(While researching Ichabod, I came across something that will be of interest to Seminole High graduates).

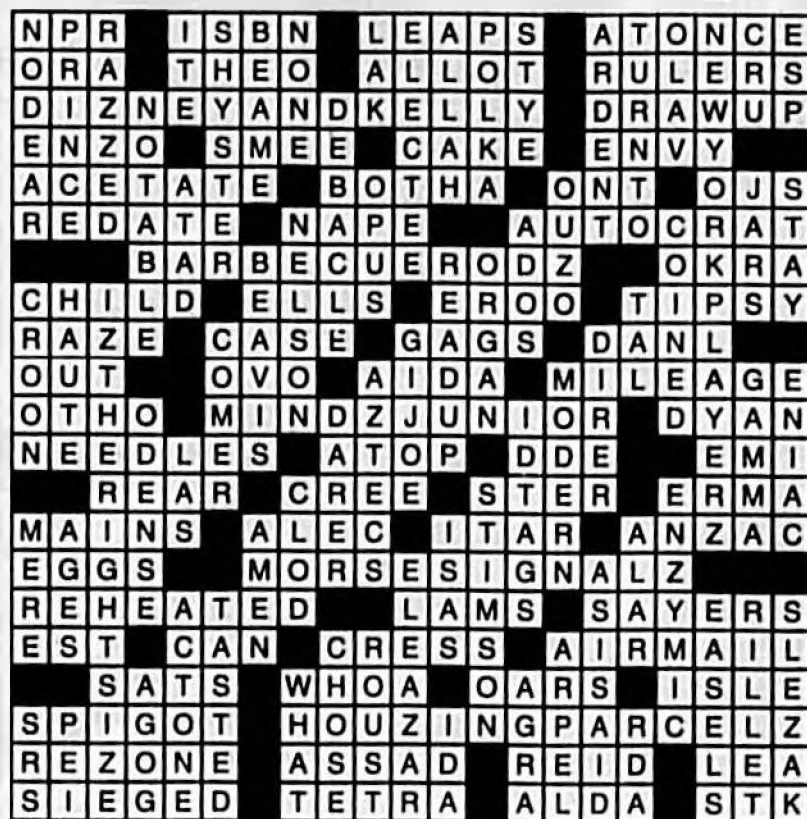

Washington Irving, author of Legend of Sleepy Hollow" and "Rip Van Winkle" published "Salmagundi" between January, 1807 and January, 1808. These papers were reminiscent of the "Spectator" written by Addison

and Steele, a century before.

The Salmagundi, affectionately called "Sally" by SHS students and alumni, is the name of the Seminole High yearbook. It was first published May, 1910 and cost 15 cents. Editor was Carrie Lovell who named it Salmagundi. It has been published every year since, although it was difficult during the Depression years. In 1918, the yearbook was named "Pandora", but reverted back to Salmagundi the following year.

The dictionary's definition of salmagundi is "any mixture or medley".

Another interesting fact from my source "Masterplots", edited by Frank N. Maquill is that Washington Irving (1783-1859) was the first professional writer in America. If I learned that in literature class, I've forgotten it.

Park

and is known for its expertise in design and construction of such facilities.

"This is one of the few and one of the nicest skate parks in Central Florida," Porrata said. "All of us who work for Team Pain are also skateboarders, and technically, this is our home park. We are always going to look after it. A lot of hard work went into it, and it's been two years of hard work to get it done."

Lake Mary has been researching and planning the skate park for more than two years. In 2000, the city received and accepted a state grant after the state legislature passed a law encouraging governments to make land available for skateboarding, inline skating and bicycles. The legislation stated no government or employee would be liable to a person who is injured during an activity in the park.

"The whole concept of this facility is to provide a safe, clean and fun opportunity for kids to stay out of trouble," Greene said. "That's the real reason behind it. And, there was an obvious need for it. You can see that by the number of kids here who showed up at 4 p.m. and listened to a bunch of politicians before the park opened."

Thirteen-year-old Austin Comfort of Altamonte Springs was one of the children who patiently listened to city officials speak during the park's opening ceremony. Once the ribbon was

cut, he was one of the first to try out the new park.

"I like the park," Comfort said. "I really like riding the ramp with the rail. Before the park opened, I really didn't go out much to skate. Now, I'll probably be here once or twice a week."

City Commissioner Janet Jernigan said the new park is just another example of how the city puts families first.

"I think this facility proves once again the city of Lake Mary is for families," Jernigan said. "There was no place for the children to skate, so the city built a quality skate park."

Although construction on the park just finished, Parks and Recreation Director Bill Carrico is already thinking about how to improve the facility.

"Our goal right now, besides keeping it as safe as possible, is to put additional landscaping and viewing areas in for the parents so there will be more shade to make it more comfortable," Carrico said.

Last month, City Commission approved the fees for the park, which are \$3 for a daily pass, \$50 for a six-month pass and \$20 for a 10-visit punch card. Daily passes can be purchased at the Lake Mary Sports Complex concession stand. The six-month pass and punch card are available at the Lake Mary Community Center, located on Country Club Road.

People wishing to use the skate park must have a signed

waiver on file. Children under 18 must have a waiver signed by a parent or legal guardian in the presence of a city staff member or the waiver must be notarized. Proper identification is required. Helmets must be worn at all times.

The park is open to both skaters and bicycles. The October schedule for the park is as follows:

- Monday, Wednesday and Friday:
 - 4 to 6 p.m. — Skateboards and skates
 - 6 to 8 p.m. — Bicycles
 - 8 to 9 p.m. — Skateboards and skates
 - Tuesday and Thursday:
 - 4 to 6 p.m. — Bicycles
 - 6 to 9 p.m. — Skateboards and skates
 - Saturday:
 - 9 to 10 a.m. — Beginner skateboards and skates
 - 10 to noon — Skateboards and skates
 - Noon to 2 p.m. — Bicycles
 - 2 to 7 p.m. — Skateboards and skates
 - 7 to 9 p.m. — Bicycles
 - Sunday:
 - 11 a.m. to noon — Beginner bicycle
 - Noon to 2 p.m. — Bicycles
 - 2 p.m. to 6 p.m. — Skateboards and skates
- Bicycle and skateboard times may increase or decrease based on the number of users in each category.

Lake Mary City Manager John Litton, left, asks Mayor Thom Greene to sign a waiver before he begins skating in the new skate park.

history, he was born Francis Bernardone in 1182 in Assisi, Italy. Although born into a family of riches, Francis turned to a life of spirituality and poverty. He was known for his compassion and patience toward animals, as well as for his fellow man. Two years after his death in 1226, Francis was canonized a saint by the Catholic Church.

"A lot of parishes celebrate the Feast of Saint Francis," Trout said Friday. "But, we do it in conjunction with our school. It really means a lot to the kids. It makes them feel good to have their pets blessed."

On Friday, Trout said he was amazed at how well the dozens of dogs and cats behaved once inside the courtyard. He was also surprised to see a donkey.

"I think, besides a snake, the donkey is the most unusual animal that has been brought to the school," he said. "I don't mind the donkey, but I don't really like being around snakes."

There were no snakes Friday at All Souls, but there was one reptile. The O'Leary family's pet leopard tortoise, Sam, came to the school to be blessed.

"We've had him for about six months," Angie O'Leary said. "When we got him, I didn't think I'd like having a turtle as a pet. Now, I love him. He's got a lot of character."

Although leopard turtles can live well past 100, the O'Learys, including 6-year-old Max and 12-year-old Katie, wanted Sam to be blessed to help him live a long and healthy life.

"We truly believe a blessing will do that," Angie O'Leary said.

Maura Tanner agrees. Last year, instead of Cecilia the donkey, she brought one of the family's pet dogs to the school.

"She was really sick, so we wanted her to be blessed," she said. "Today, she's as healthy as ever."

Haley Tanner receives a nudge from her pet donkey, Cicilia, during the Feast of Saint Francis of Assisi observance at All Souls Catholic School in Sanford.

Angie O'Leary shows off her family's leopard tortoise, Sam, before the blessing of the animals ceremony at All Souls Catholic School. Sam was one of many animals blessed by the Rev. Richard Trout.

Center

which require accommodations in multiple hotels."

Sanford City Manager Tony VanDerworp said that clause does not bar local nonprofits from using the facility and points out that the agreement requires the booking policy to establish a reduced rate for eligible nonprofit groups.

"Our intention is to continue to accommodate those users," VanDerworp said. Scheduling events for a conference center is "not an all or nothing policy. It's a juggling act. As bookings come in, you work with schedules to accommodate as many people as possible. And there's nothing that says the facility can't be used by more than one group at a time."

Public use of a new conference center must be priority, Mayor Brady Lessard added.

"The city and the county," Lessard said, "need to be cognizant of the fact that this is a public facility. Yes, we will be

offsetting some of the operating costs by bringing in private, paying customers, but this is a public facility that needs to be available for the residents of Sanford and Seminole County."

Highlights of the agreement include:

- Phase I parking will include 175 surface spaces dedicated solely for the conference center and 125 non-dedicated spaces. Construction of Phase I parking will occur during the construction of the conference center. One year after the center is built, Phase II requires an additional 125 dedicated spaces be built. The city is responsible for funding and construction both phases.

- The county will own the building, fixtures, furniture and tangible property associated with the conference center. The city will own the land and agrees to lease it to the county for 30 years, with up to four 5-year renewal options, at a cost of \$1 per year.

- Any additions or renovations to the center will be funded by the county.

- Both the city and county will maintain liability insurance of at least \$5 million and county will provide fire, extended coverage, vandalism and malicious mischief insurance.

- The city is responsible for the demolition of the Civic Center

- The city must "make every reasonable effort" to find a developer to build a 200-room full-service hotel next to the conference center and have the hotel operational within 180 days of the completion of the center.

- One year before the center is scheduled to open, the city must present a booking policy for the county to approve.

- The county is entitled to use 3,000 square feet of the center for one or more county departments at a cost of \$1 per square foot the first year. The city and county would annually review and revise the per-square-foot cost.

Words from the heart will help girl overcome her grief

DEAR ABBY: I am a 13-year-old girl with a problem. Last spring, the day after we graduated from eighth grade, one of my friends was killed in a car accident.

Not a day goes by without my thinking about her — or the words the principal said when he told our class the horrible news. I've read all the newspaper stories and have visited her grave. I plan on going again on her birthday. When I go to the cemetery and realize she is in the ground, I start crying a thousand tears.

I try to remember the good times we spent together — the way she threw a ball and her big smile that could brighten anyone's day. She smiled all the time. (I used to be jealous of her because she was one of the prettiest girls in school.)

I would like to tell her family how much I loved her and to tell them all the good things we did together. I want them to know I am always thinking about her, but I don't know how to begin a letter. Can you help?

MISSING MY FRIEND IN INDIANA

DEAR MISSING: I am sorry to learn you lost your dear friend. My heart goes out to you, her family and other friends.

Start the letter to the family by writing, "I'd like you to know the reasons I'll never forget your daughter..." Such a letter will be a priceless treasure to her parents and will help you to work through your own grief.

DEAR ABBY: I have a sister I'll call Lisa, who refuses to contact any of the family. Granted, for years she was physically abused by our father, our mother was cold and emotionally abusive, and I guess the family in general was unsupportive. But no family is perfect. Right?

Everyone in the family thinks Lisa is being selfish, bitter and unforgiving, myself included. I stood by my family. Lisa turned her back.

The last time I talked to Lisa, she said she had suffered greatly due to the family and wants a life of her own.

How can she do this? She claims she doesn't feel "safe" with us.

I know our family isn't perfect by any means, and I know I haven't been the greatest sister, but she can't just leave! Right? She has a responsibility to this family. Isn't she being neglectful to simply turn her back on us?

Abby, you know how important family is. How can I get Lisa to admit she is wrong and return to the family?

FRUSTRATED SISTER IN CANADA

DEAR FRUSTRATED: Lisa isn't being selfish, bitter or unforgiving. After a lifetime of abuse, she has somehow become healthy and refuses

to tolerate being mistreated any longer.

The best advice I can offer is to accept her decision and wish her well. She has served her time and has gone on to better things. Console yourself with the fact that you and the family still have each other.

Dear Abby

DEAR ABBY: There are two nice

young men working in our office. One is being married in a few months, and the other man's wife is expecting a baby around the same time.

Is it appropriate to give them showers?

How about a combined shower? Or is the whole idea of showers for men just not done?

CURIOUS OFFICE MATE

DEAR CURIOUS: Not done? Joint showers are a terrific concept. Invite the bride-to-be and the mother-to-be and make it a "Jack and Jill" shower. I see nothing inappropriate about showering good wishes and all that goes with them on these young couples.

Dear Abby is written by Abigail Van Buren, also known as Jeanne Phillips, and was founded by her mother, Pauline Phillips. Write Dear Abby at www.DearAbby.com or P.O. Box 69440, Los Angeles, CA 90069.

Good advice for everyone — teens to seniors — is in "The Anger in All of Us and How to Deal With It." To order, send a business-size, self-addressed envelope, plus check or money order for \$5 (U.S. funds only) to: Dear Abby — Anger Booklet, P.O. Box 447, Mount Morris, IL 61054-0447. SEMINOLE COUNTY BOARD OF COUNTY COMMISSIONERS NOTICE OF PUBLIC HEARING OCTOBER 8, 2002 1:30 P.M.

Notice is hereby given that the Seminole County Department of Fiscal Services will conduct a public hearing on October 8, 2002, beginning at 1:30 p.m., or as soon thereafter as possible, in the County Services Building, 1101 East First Street, Sanford, Florida, Room 1028 (Board Chambers). The purpose of this public hearing is to amend Resolution Number 02-R-150, by adjusting Fiscal Year 2002/03 budgeted revenues and expenditures by \$314,492,210 to reflect prior year cash balances, grants and associated projects.

Additional information regarding the proposed amended resolution is available for public review 1101 East First Street, Sanford, FL 32771, Room 3325, between the hours of 8:00 a.m. and 5:00 p.m., Monday through Friday, excluding holidays. Persons with disabilities needing assistance to participate in any of these proceedings should contact the Human Resources Department ADA Coordinator 48 hours in advance of the meeting at (407) 685-7941. Persons are advised that if they decide to appeal any decisions made at this hearing, they will need a record of the proceedings, and for such purpose they may need to ensure a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is based (Florida Statutes, Section 286.0105).

Angels on verge of eliminating Yankees

By Dean Smith
Sports Editor

ANAHEIM — The Anaheim Angels are close to pulling off one of the biggest upsets in Major League Baseball history.

The Angels rallied from a 6-4 deficit to tie the game with single runs in the sixth and seventh innings, then scored three runs in the bottom of the eighth inning to defeat the defending American League Champion New York Yankees, 9-6, Friday night.

Anaheim now holds a 2-1 lead in the Best-of-Five Divisional Playoff and can clinch a spot in the AL Championship Series with a win over the Yankees today

Eckstein helps Anaheim build 2-1 lead over New York in Best-of-five

(Saturday)

The Angels could have swept the series if not for a New York rally in Game 1 on Tuesday in which it came back from a 5-4 deficit to win, 8-5, at Yankee Stadium.

Sanford's Eckstein had a big night, singling his first and third times at the plate and scoring a run in five trips to the plate.

The shortstop could have been 2-for-4 as he had a 3-0 count his last at bat

against Yankee closer Mariano Rivera, but a questionable high strike was called on 3-0 and Eckstein grounded out on a 3-2 pitch.

Anaheim then had its turn to pull off a come-from-behind win on Wednesday, giving away a 4-0 lead before coming back to win, 8-6.

Eckstein was 1-for-5 and was batting .300 heading into Friday night.

He was held hitless his first three at

bats, but got hit by a pitch in the seventh, his major league leading 28th time to get hit, and sacrificed Adam Kennedy, who led off the eighth inning with a double, to third, from where he scored the go-ahead run on a double by Darrin Erstad. Tim Salmon then put the icing on the cake with a two-run home run.

A victory either Saturday at home, or Sunday back at Yankee Stadium, would advance the Angels to the ALCS, where they would probably face AL Western Division foe Oakland.

The A's took a 2-1 series lead over the Minnesota Twins with a 6-3 victory at the Hubert H. Humphrey Dome on Friday and could clinch on Saturday.

Commanders in control

Tribe gives White fits, but visitors win, 20-14

By Dean Smith
Sports Editor

SANFORD — A young Seminole High School football team is coming of age nicely.

It's just too bad it has to come in district play.

Friday night at Thomas E. Whigham Stadium, the Fighting Seminoles outplayed visiting, and district leading, Ed White High School in one of the hardest hitting games seen in this area for quite a while, but the visitors from Jacksonville made the most of three big plays to deny the Tribe an upset in their Homecoming game, 20-14.

The victory puts the Commanders in the driver's seat in Class 6A-District 1 as they are now 3-0 and hold wins over Lake Brantley, Oviedo and Seminole in consecutive weeks. Overall, White is now 4-1 and has won four straight.

The Tribe fell to 1-4 overall and 0-2 in district play, but is showing marked improvement every week.

Seminole will try to keep its slim playoff hopes alive when it heads back to Jacksonville to face Mandarin (3-2 overall), which suffered its first loss in 6A-1, 29-26, at Oviedo Friday.

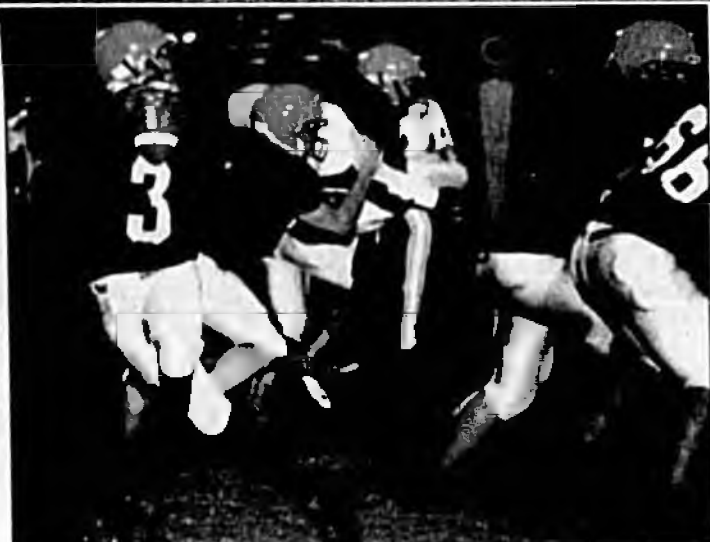

The Commanders took the initial lead on the first play of their second possession when Vernon Johnson broke through for a 50-yard touchdown run.

The attempted pass for the two-point conversion failed, however, and the score was 6-0 with 8:44 left in the first quarter.

The Tribe special teams gave the home forces something to

Herald photos by Tommy Vincent

yell about when Chris Castillo recovered a fumbled punt snap in the end zone and when Kevin Harris nailed the extra point. Seminole led 7-6 with 8:36 left in the half.

The lead looked like it might hold up until halftime, but White used a 60-yard run by quarterback Demetrice Webb to get into scoring position and three plays later Webb found Vernon DeLafield in the end zone for a 12-yard touchdown

pass with 9.8-seconds left in the half.

The visitors added the two-point conversion on a pass from Webb to Andre Johnson.

Seminole evened the game when it went on a 12-play, 60-yard drive to open the fourth period, capped by a one-yard touchdown plunge by Travis Knight, who ran for 21 yards during the drive.

Harris added the extra point and the game was even at 14-

14 with 6:46 remaining.

But the visitors then put a drive of their own together, going 62 yards on eight plays with Webb hitting Johnson with a perfect pass as he streaked into the end zone with 3:25 left.

Again a try for 'two' failed and Seminole still had hopes.

But three sacks and a big loss on an attempted screen ended those hopes and White ran out the clock.

Lions even the score with Bears

By Dean Smith
Sports Editor

OVIEDO — Bragging rights have returned to the Oviedo volleyball team.

At least for now. A night after handing their biggest district defeat, DeLand, a crushing 15-6 and 15-7 defeat, the Lions gained vengeance for their only regular season loss on Wednesday, edging past Winter Springs in three games, 16-14, 6-15 and 15-11.

Nellie Liljenquist, fourth in Central Florida in kills and third in digs, came up big for Oviedo in both games, getting seven kills and 14 digs against the Bulldogs and 14 kills against the Bears. Emily Rickerson, 10th in Central Florida in kills, also had a big night against DeLand, matching Liljenquist's seven kills.

Katie McCosh, third in Central Florida in assists, did the dirty work against Winter Springs with 31 assists and 16 kills as the Lions (19-2), ranked No. 7 in this week's Class 6A State Poll, avenged a Sept. 11th loss at the hands of the Bears.

For Winter Springs (13-4), ranked No. 3 in this week's Class 5A State Poll, Ally Hock led the way with 15 kills and 16 digs, while Allie Probst put down 17 kills, and Kelsey Combes handed out 48 assists.

Lake Mary (16-3), ranked No. 9 in Class 6A this week, kept the momentum going from winning the Trinity Prep Tournament last weekend, outscoring Seminole, 15-10 and 15-8, on Tuesday and holding off Lake Brantley, 15-2, 10-15 and 15-7, Thursday evening.

Angie Pressey again was the difference against the Fighting Seminoles (3-11) with 12 kills.

"We played much better and executed well," said Seminole head coach Beth Corso. "We just could not control (Angie) Pressey at the net, but we still had 19 kills."

"We went down fighting which is a 90-percent improvement over last night's (Monday) beating from Oviedo (1-15 and 3-15)."

The Tribe, which had 33 positives on service receiving and only had nine service errors, was led by Sara Pegram with seven

kills and five digs.

Also contributing were Sara Suddes (five assists, three kills, one block solo, one dig), Andrea Poloche (five assists, three kills, four digs), Hollie Cowan (three kills, four digs), Amanda Howard (three kills, two digs), Krista Mangan (10 service points, three of which were aces, two digs), and Shannon Proulx (three digs).

Pressey, who leads Central Florida by over 100 in total kills and is fifth in digs, also had a big night against the Patriots with 16 kills, while Jamie Todd, second in Central Florida in assists, handed out 31 assists.

Melanie Kirby did her best to keep Lake Brantley in the match, putting down 11 kills and blocking five shots.

The Patriots had begun the week on high note as Kirby, seventh in Central Florida in kills and second in blocks, came up with six kills in a 15-9 and 15-4 victory over Lyman on Tuesday.

Laura Chervanek also had six kills for Lake Brantley, while Kristin Broda, fourth in

Bucs pillage Rams

By Dean Smith
Sports Editor

DeLAND — For the most part Friday night's third week of district football games were close and extremely hard fought.

Unfortunately for Lake Mary, their big matchup with Mainland wasn't one of them.

The undefeated Buccaneers lived up to their pre-game hype, using their tremendous team speed to blank the previously unbeaten Rams, 47-0, at Spec Martin Stadium in a critical Class 5A-District 3 game for both schools.

The game was moved from Daytona Beach to DeLand, and from Saturday to Friday, because Bands of America bought the rights to use Daytona Beach Municipal Stadium for a concert on Saturday.

Several other games did go the way of Seminole County schools as Oviedo got back into the Class 6A-District 1 race by handing Jacksonville-Mandarin its first district loss, 29-26, at John Courier Field.

The win by the Lions gives them an overall record of 4-1, but more importantly they are 2-1 in 6A-1 and tied with Mandarin.

Lake Brantley also kept its playoff hopes alive, bouncing back from a pair of district losses to Ed White and Mandarin with a 17-14 triumph over DeLand at Tom Story Field.

The Patriots still need some help as they are 1-2 in district, but they have big games left with Seminole and Oviedo.

Winter Springs moved into a tie for second in Class 5A-District 3 with a 16-0 victory over Spruce Creek in Port Orange.

The Bears have now won two district games in a row and still have a huge game left with Lake Mary.

Lyman missed a chance to get back into the 5A-3 race, however, as the Greyhounds dropped a tough, 19-15, decision to Pine Ridge in Deltona.

Another big win came in Class 4A-District 6 where Lake Howell finally got its first victory, 25-14, over Satellite in Satellite Beach.

The win was also the first for new Silver Hawks head coach Tim Smith.

A full recap of the games will appear in Wednesday's Herald.

Next week will find a mixed week of games with Lake Howell playing at Lake Mary and Lyman playing at Spruce Creek on Thursday.

On Friday, Seminole will be in Jacksonville to face Mandarin, Apopka will be at Lake Brantley, Pine Ridge will be at Winter Springs and Oviedo will be at DeLand.

All of the games are set to begin at 7:30 p.m.

Central Florida in assists, dished out 12 in this match.

In another matchup from Wednesday, Amanda DeFillippo had six kills and Lydia Stephenson eight service aces as Lake Howell denied Lyman, 15-10 and 15-12, in a tough contest.

Several of the top players and teams in the state can be seen today (Saturday) at the Fifth Annual Winter Springs Invitational.

In addition to the host Bears and Lake Mary, also among the 16-team field is No. 1 Class 6A ranked Parkland Douglas (16-1), No. 6 Class 5A ranked Pine Ridge (10-1 with the only loss coming last weekend at the hands of Winter Springs), and No. 7 Class 5A ranked Gainesville Buchholz (11-6).

Pool play began on Friday and was to have continued this morning. Bracket play is set for this afternoon with the Championship Match set for 5 p.m.

SLOW PITCH SOFTBALL

Mindy Duvall tossed a pair of shutouts as Seminole moved back to the top of the standings in the Seminole Athletic Conference Slow Pitch Softball League Wednesday evening.

Playing at Lake Brantley, Jenny Abendroth and Jennifer Spee drove in two runs each as the Fighting Seminoles blanked Lake Howell, 4-0, while Megan Pickren was 2-for-2 with an RBI and Torres plated the other run as the Tribe white-washed Oviedo, 2-0.

The host Patriots also won a pair of games to remain just a half-game behind Seminole.

Tomasselli was the winning pitcher and Dickson was 2-for-3 with a double in a 6-1 victory over Lake Howell. 1. Dickson was the star of the second game also as she was 2-for-3 with a home run and four RBI while Sadlosky also homered to back the pitching of Richard in another 6-1 triumph, this one over Oviedo 1.

Lyman was also a double winner in games played at Lake Mary, beating the host Rams and Winter Springs. No result was received on the Lake Mary-Winter Springs game.

The standings are: 1. Seminole (9-3); 2. Lake Brantley (8-3); 3. Lyman (6-3); 4. Oviedo (7-5); 5. Lake Howell (5-5); 6. Lake Mary (2-8); 7. Winter Springs (0-12).

BOYS GOLF

Chris Anderson shot a 1-over-37 as Seminole (5-4-1) edged Oviedo, 162-165, at Twin Rivers on Tuesday. Karl Furno led the Lions (9-4-1) with a 40.

David Donaldson shot a 35 and Paul Moxen a 38 as Lake Mary nipped Lake Brantley, 153-155, at Alauqua Lakes. Adam Hamm posted a 37 for the Patriots.

Also on Tuesday, Smith carded a 36, while Voigt and Carlucci both shot 37 as Winter Springs eased past Lyman, 149-165, at Tusawilla.

On Wednesday, Moxen and Noah Goldman both shot 37 as the Rams topped the Greyhounds, 152-179, at Rolling Hills.

Lake Brantley (9-4) bounced back from its tough loss to Lake Mary with a surprising 162-173 triumph over Oviedo at Twin Rivers. Chris Condello led the Patriots with a 38, while Austin Homes and Justin Wenger both tallied 40s.

Furno again led the Lions (9-5-1) with a 39.

Lake Mary then made it three-for-three for the week and improved to 10-3 with a 153-159 victory over Lake Mary Prep Thursday at Alauqua Legacy. Donaldson shot a 37 for the Rams, while Kin posted a match low 35 for LMP.

Lake Howell also picked up win on Thursday as the Silver Hawks bested Lyman, 167-177, at Winter Springs. Elliott and Snow led the hosts with a 38 and 40, respectively.

GIRLS GOLF

Stephanie Thomas carded a 40 and Sarah Davis a 41 as unbeaten Oviedo (11-0) dominated a tri-match with Lake Mary and Lake Brantley, 168-189-211, at Sweetwater Country Club on Thursday.

Marissa Fiorucci led the Rams with a 44 and Morgan Komurke had a 40 for the Patriots.

At Rolling Hills, Lyman won handily over Winter Spring, 207-241, with Barnes putting up a 44 and Bigelante a 48.

SWIMMING AND DIVING

Hilary Goebel, Javier Ahumada, Jen Berzinis and Eric Finn had the big days as Lake Mary swam past Seminole at the Larry A. Dale Aquatic Center on Wednesday.

Ahumada won the 100 freestyle and 100 backstroke and Finn came home first in the 200 Individual Medley and 100 breaststroke as the Rams won the boys half of the meet, 157-111.

Berzinis won the 200 IM for girls and the 100 butterfly, while Goebel claimed the 50- and 100-meter freestyles as the Lake Mary girls dominated, 181-78.
