

Worry Clinic

The Atom bomb, an evil feared by the Bethlehem expression over 50 centuries ago. It shattered mankind's universal view of God as a loving father. And it fueled the imaginations who expected the Messiah to be a war hero and conqueror of the world.

By DR. GEORGE W. CRANE
CASE D-54: Tad B. aged 34, is a seminarian student.

Dr. Crane, he began, "as a psychiatrist and active teacher of a Bible Class, how would you say that Christianity differs from all other religions?"

First, the leader, Christ, had been predicted for nearly 800 years prior to his birth. This was not true of any other sect.

That's why the Three Wise Men were acquainted with the ex-iled Messiah of the Hebrews. For the captured Jews were scattered all over the civilized world. And their teaching about a future Son of God was thus known to educated men of various nations.

Moreover, Christ was the culmination of the lofty Judaism that had been the highest ethical years previously.

Ancient Abraham believed in only one God (Jehovah), yet at the very time of Christ's birth the pagan, civilized Greeks and Romans still were at the primitive ethical stage of worshipping many deities.

Bethlehem's Surprise
But the Hebrew leaders looked for a Messiah who would combine the military prowess of their King David, and Hasmoneal and Alexander, with the pomp and regal trappings of Caesar.

Like all other ancient religions, they expected their Messiah to fight out as a holy warrior. The Greeks also recognized this idea in saying that their goddess Athena sprang fully grown from the forehead of Zeus.

That's why the Bethlehem story suited the Jewish priests and other rank mystics.

For, I imagine a Messiah as an infant.

Second, they couldn't visualize their Son of God to be poor and born in a stable of ordinary hard working parents.

Third, his emphasis on Peace didn't strike their fancy, for they wanted a war lord to far outshine all the world's foremost military leaders.

Christ washed the feet of his Apostles to show them humility. This was an intolerable idea for the leaders who had expected a dazzling monarch with the stern cruelty of Thor or Woden, plus the pomp of Solomon's court and Caesar's purple robes.

Until the Bethlehem scene, all races of mankind had visualized their gods as cruel, vindictive judges.

They regarded deity as a Herod or Pharaoh, who had no compunction about killing all the boy babies in the kingdom.

So it had been the universal custom to try to appease the cold hearted deities by offerings of doves, sheep and bullocks or wine, rice and even human sacrifices.

God crossed up the universal thinking of all peoples and all previous religions by sacrificing to man!

In one dramatic stroke, he tried to shatter the mistaken worldwide view that deity is austere, cruel and unfeeling.

He sacrificed to man to open mankind's eyes to an entirely new concept of divinity. He wanted to show us that God is our Father, of a kindly, forgiving nature.

The old Mosaic rule of "An eye for an eye" was now superseded by the Golden Rule, plus Christ's reply that we should forgive our brother 70 times 7.

So read the Four Gospels with this new idea and you will see why Bethlehem gave us the most dynamic concept of deity ever portrayed on this planet.

Runaway Heiress, Boyfriend Find Protection In Paris

PARIS (UPI)—Runaway New York debutante Gamba Benedict and her married boyfriend found safe haven today in a Romanian lawyer's apartment in the swankiest neighborhood in Paris.

Attorney J. Cascautu confirmed Tuesday night he followed Benedict to Paris. Benedict, 21, and the 18-year-old Remington typewriter heiress were "guests of my wife and my wife" in the Cascautu apartment in the fashionable Faubourg quarter.

The heiress said she would stand between the runaways and "anybody... they don't want to see."

But Cascautu allowed a London Daily Mirror writer to talk with Benedict, described in New York as a chauffeur and handyman, and Miss Benedict, who disappeared from her grandmother's mansion off 24 Avenue after attending a debutante ball Dec. 27.

Gamba's grandmother, Mrs. Henry Harper Benedict, was reported ill with pneumonia in New York and to have a lawyer, Robert Hoffman, to Paris, to persuade Gamba not to go through with plans to marry Parombescu once he gets a divorce.

"It's my birthday Friday," Gamba was quoted by the London Daily Mirror. "My grandmother is wonderfully kind and generous. She would give me cars, furs, anything I asked for. But she can't understand that the only birthday present I want is Andre."

"I wouldn't care how about my grandmother's money," Gamba said she called Andre "dreadful" — Romanian for "king" — and he couldn't be referred to his young lady love as "my type, my Sambo, because they're not her, they are better names than Gamba."

"I will marry him," Miss Benedict vowed. "Not in time for my birthday, but I will have him. We are awaiting a divorce from his wife. Then we marry right away."

"If necessary I will be a typist to help us live. I can type but if I do I can tell you it won't be on a Remington."

The heiress to the Remington

Resident's Dad Dies In Dunedin

Mr. August F. Erik, father of Mrs. E. D. Erik of Sanford died suddenly in a Dunedin hospital Tuesday in a Dunedin hospital.

Mr. Erik was born in Germany and came to the United States with his family while still a youth. He lived in New York City and then settled in Clearwater where he owned and operated a business for 20 years.

He was married in Sanford and had two children, Mrs. Erik and her husband.

Funeral services will be held at 10 a.m. Saturday at the Sanford funeral home.

Interment will be in the Sanford cemetery.

Nikita Claims Soviets Working On Fantastic Nuclear Weapon

Reds So Far Ahead, They'll Slash Army

MOSCOW (UPI)—Premier Nikita Khrushchev said today Russia had built up the greatest nuclear-rocket striking force in the world and that a "fantastic" and more formidable weapon was in the works.

Khrushchev said Russia now was so far ahead of the United States and the Western powers it will slash its armed forces by one-third—1,000,000 men—within the next year or two.

He did not describe the new weapon but said he could announce that "the weapon we have today in the hatching stage is even more perfect, more formidable" than anything developed before.

"The weapons which we say is in the portfolio of our scientists and designers, is a fantastic weapon," he said. He said its power was so great as to be incredible.

In Washington, the speech was viewed as an effort to stampede the West into accepting disarmament and a nuclear test ban on Russia's terms.

Some observers also felt that the overall tone of Khrushchev's utterances look some of the jester of what Soviet propaganda has called "the Camp David spirit."

Western diplomatic sources said in London that Khrushchev appears merely to be planning what the West has been doing for the past three years—converting from massive armies with conventional weapons to reliance on nuclear power.

Military observers were curious about the claim of the fantastic weapons, but they could not shed any light on it immediately. They said that both the United States and Russia have scientists with designs of weapons with "incredible" power in their portfolios at all times.

Khrushchev, speaking before the Supreme Soviet, already had boasted that the Soviet army wields such means of warfare and such firepower as no other army has ever had.

Khrushchev said cutting conventional troop strength would leave a 2,000,000-man force equipped with nuclear weapons and rockets so powerful they can obliterate any enemy.

He said Russia was "several years" ahead of the United States in rockets and would strive to maintain the lead. He added Russia already has sufficient atomic and hydrogen bombs but will continue to make them until there is a world-wide ban.

Khrushchev also outlined a new concept of warfare for the Soviet Union with the air force eventually abolished in favor of rockets, the navy built around a powerful submarine force and the army made up of smaller units armed with nuclear weapons.

Some scientists have discounted the likelihood of developing satellites bombarded on a ground-to-orbit system. It would be extremely difficult to pull them out of orbit and aim them effectively at a target on earth.

But a technical report published by the House Space Committee last year said such a bombing system is feasible. It made the point that a satellite bomb could be placed in orbit in times of peace and then hurled at an enemy by command signals from the ground whenever its masters wished.

Lapp Says Reds May Be Working On Orbital Bomb

WASHINGTON (UPI)—Nuclear scientist Ralph E. Lapp said today the Russians may be working on an "orbital H-bomb" which could be stationed in space and launched or recalled at will.

"A recallable bomb in orbit around the earth would have tremendous impact upon the world as a psychological terror weapon," Lapp said.

Lapp, who worked in the U. S. atomic bomb project during World War II, also suggested that the Russians may have developed a long-range missile of super power and super accuracy capable of delivering a 100-megaton warhead on targets continents away.

A 100-megaton warhead would have the explosive violence of 100 million tons of TNT. The A-bomb which destroyed Hiroshima was a 20,000-ton weapon.

Lapp, now a writer on nuclear affairs, made these suggestions in commenting on a statement by Soviet Premier Nikita S. Khrushchev that Russia is working on a "fantastic weapon" of "incredible power."

Some scientists have discounted the likelihood of developing satellites bombarded on a ground-to-orbit system. It would be extremely difficult to pull them out of orbit and aim them effectively at a target on earth.

But a technical report published by the House Space Committee last year said such a bombing system is feasible. It made the point that a satellite bomb could be placed in orbit in times of peace and then hurled at an enemy by command signals from the ground whenever its masters wished.

Another blast fared up Monday afternoon just south of Oviedo but was put out by a tractor crew Sunday afternoon.

A Wehiva Springs blaze burned 122 acres Sunday before two tractor and two power wagon crews put it out. A fire south of Monte Corson burned 50 acres the same day.

A power wagon and a tractor crew put out the flames. Another blaze fared up Monday afternoon just south of Oviedo but was put out by a tractor crew. The fourth fire burned 25 acres near Goldenrod Tuesday afternoon before Ranger John P. Simolev extinguished it with a water tanker.

Gray urged county residents to be careful with all types of burning. "Carelessness is the cause of most fires," he said.

Rangers Report 200 Acres Burned By Wild Fires

Three wild fires burned nearly 200 acres in Seminole County Sunday, Monday and Tuesday, County Forest Ranger Robert L. Gray said today.

The first wild fire of the year, just south of Oviedo, was put out by a tractor crew Sunday afternoon.

A Wehiva Springs blaze burned 122 acres Sunday before two tractor and two power wagon crews put it out. A fire south of Monte Corson burned 50 acres the same day.

Earthquake Racks Peruvian City; 38 Dead, 200 Hurt

AREQUIPA, Peru (UPI) — A shattering earthquake—the worst disaster in the history of Peru—killed at least 38 persons Wednesday and injured more than 200, it was reported today.

Aftershocks continued through the night, and thousands of persons slept in the open for fear that another major quake might shake down their homes.

President Manuel Prado, U. S. Ambassador Theodore Achilles and other American and Peruvian officials were flying here today to assess the extent of damage.

An emergency airlift brought doctors, nurses, food and essential medicines for quake victims. Help also was on the way from Bolivia.

Local authorities proclaimed a state of emergency in Arequipa and surrounding areas shortly after the first shock rocked the city at 10:40 a. m., destroying or damaging an estimated 50 per cent of its homes.

The trembler wrecked the Roman Catholic church at Santa Dominga, the Goyeneche Hospital, the Gibson bank and the public works building. "Any other public buildings were destroyed or damaged," it was reported.

The Tishaya district was reported "completely destroyed." The city was without electric light or power Wednesday night and drinking water was rationed.

Although Arequipa, with a population of 150,000, was the largest city hit by the quake, it was felt in scores of other communities in Peru, Chile and Bolivia. Telephone lines were down in many areas, delaying reports of death or damage.

The shock here was worse than that which hit the city on Jan. 15, 1950, killing 23 persons and injuring 90.

Seiberger, who said he had a "tip" that Moore had been "bragging" around the area of his exploits began checking into the case yesterday afternoon.

Moore was being fingerprinted, Moore told Deputy Bob Grant, who was called into the case, "what's the use, go get a reporter and 'I'll give you a good story'."

After Moore's story of the slaying, deputies notified North Carolina authorities of the arrest. Seiberger said that Moore would be extradited "as soon as possible."

Humane Society Seeks Members

The first public meeting of the Sanford Humane Society is scheduled at 8 p. m. today for enrolling members and electing officers and directors.

The meeting will be held in the American Legion Hall on Hwy. 17-52 and all persons interested in the work of the Humane Society are urged to attend and to join the organization.

"We urge that everyone interested please attend and help carry on the work of the committee, which is vitally important to the community," Mrs. Harriet Cowley, nominee for president of the group, said.

Anyone unable to attend the meeting, but desiring information is asked to telephone Mrs. Diane Cudebec at FA 2-7430.

Mrs. George H. Garrison, who has been active in Humane Society work for several years, will give a brief talk and introduce Marvin Holtzman of Cocoa, who will discuss the organization and work of the group and preside at a question and answer session. He has been a director in humane societies for 24 years.

The nation's third major storm of the season today produced two-foot snows in the Southwest, one of the North-east's worst ice storms in 50 years and damaging Midwest floods.

The third major storm of the year swept out of New Mexico, Colorado and Utah to drop 22 inches of snow at Williams, Ariz. McNary, Ariz., reported 21 inches and nearby Grand Canyon had 20.

Wednesday was the "warmest Jan. 13 on record" all across the South. The 78 degree high at Savannah, Ga., 71 at Greensboro, N. C., and 75 at Nashville, Tenn., all were records. It was mostly in the 60s in Florida.

Convertibles with the tops down were reported at every college campus. At the University of Tennessee, where 700 students engaged in a snowball fight just a week ago, students sat on the brown grass in the sunlight to do their studying.

At Winston-Salem, N. C., an innocent garter snake created confusion at the airport when he decided it was summer and came out to sun himself. A 17-year-old Boy Scout quelled the fears of airport personnel by killing the snake.

Heavy snow warnings were issued for parts of Colorado, Kansas and Nebraska today. Six to 12 inches of snow was expected from southeast Colorado through north-west Kansas and central Nebraska.

A band of freezing rain and sleet was forecast for parts of Kansas, Nebraska and Iowa, bringing hazardous driving conditions. Wind gusts up to 50 miles an hour were expected through the northern plains area.

N. V. FARMER was installed as president of the Seminole County Board of Realtors at noon today in a ceremony presided over by J. H. Atkinson of Pensacola, president of the Florida Assn. of Realtors. Shown at the meeting are, from left, Atkinson, Mrs. Gladys Dawson, new secretary-treasurer; Charles F. Fields, member of the board of directors; C. B. Waller, vice president; and Farmer, Genevieve Blair, corresponding secretary, is not in the picture.

Shopping

Downtown Sanford merchants are planning a Friday night shopping promotion which will be announced when details are completed.

The plan does not include a general opening of the stores THIS FRIDAY night, although some merchants have scheduled special sales events which will continue into the night hours. Those who have planned these sales are advertising them.

A program to have the merchants remain open Friday night did not get underway last Friday due to a misunderstanding of the date.

A representative group of the members of the retail merchants division of the Chamber of Commerce met this week and decided to try to work out "an outstanding promotion of special sales and a program of Friday night shopping hours that will be convenient to and attract the interest of every shopper in the county."

When the program is completed, it will be announced officially through the retail merchants division.

In the meantime, some stores will be open tomorrow night on the individual basis.

Snow, Ice, Floods Hit U.S. After New Storm

By United Press International

The nation's third major storm of the season today produced two-foot snows in the Southwest, one of the North-east's worst ice storms in 50 years and damaging Midwest floods.

The third major storm of the year swept out of New Mexico, Colorado and Utah to drop 22 inches of snow at Williams, Ariz. McNary, Ariz., reported 21 inches and nearby Grand Canyon had 20.

Wednesday was the "warmest Jan. 13 on record" all across the South. The 78 degree high at Savannah, Ga., 71 at Greensboro, N. C., and 75 at Nashville, Tenn., all were records. It was mostly in the 60s in Florida.

Convertibles with the tops down were reported at every college campus. At the University of Tennessee, where 700 students engaged in a snowball fight just a week ago, students sat on the brown grass in the sunlight to do their studying.

At Winston-Salem, N. C., an innocent garter snake created confusion at the airport when he decided it was summer and came out to sun himself. A 17-year-old Boy Scout quelled the fears of airport personnel by killing the snake.

Heavy snow warnings were issued for parts of Colorado, Kansas and Nebraska today. Six to 12 inches of snow was expected from southeast Colorado through north-west Kansas and central Nebraska.

A band of freezing rain and sleet was forecast for parts of Kansas, Nebraska and Iowa, bringing hazardous driving conditions. Wind gusts up to 50 miles an hour were expected through the northern plains area.

City Tax Needs To Be Studied

TALLAHASSEE (UPI) — A legislative committee studying Florida's tax structure indicated today it will give special attention to the needs of municipalities for additional revenue sources.

The Legislature's Interim Committee on Finance and Taxation also will look into the general money situation in the counties.

6 Road Paving Jobs Completed In Casselberry

Casselberry Mayor W. M. Benson said today that six more town roads have been paved and turned over to the town council for approval and maintenance.

Hoffler Corp. has finished paving Wilshire Dr., Brighton Way, Winter Park Dr. and Cannon Way. Benson said. Joyce Construction Co. has finished and turned over Hibiscus and Northshore Drives.

The mayor appointed Casselberry Lighting, zoning and road committees at Monday's town council meeting. He also named Harry Wood to be Chamber of Commerce leader and Dr. S. R. Rapoport as town health officer.

Road committee members are Joseph Laird, V. E. Grubb, Lynn Swope, Earl Zibell and Bud Schuckert.

The town council annexed nine plots in the Casselberry Heights and Plaza Oval area Monday and placed the town police on social security. The council also passed a zoning ordinance prohibiting ill-functioning sewerage systems, including septic tanks, and stipulating that persons owning these faulty systems must repair them.

Phone Station Thefts Reported

Five Telephone Pay stations in the county have been broken into over the last two days with an undetermined amount of cash stolen.

The pay stations were located near Pinercrest Inn on U. S. 17-92, White Laundry on French Ave., Monroe River Bridge, Little Giant Food Store on French Ave. and Ream's Service Station on U. S. 17-92.

Southern Bell District Manager Bob Shadden reported this morning that he and other company officials had no idea just how much was taken from the stations.

He pointed out that anyone caught can be liable to 15 years in jail and fines of \$15,000.

Sheriff To Speak

Longwood Chamber of Commerce members will hear Sheriff J. L. Robby speak on law enforcement at 8 p. m. today in the Church St. Civic League building.

to the community is one of the yardsticks the Jaycees use in making their annual distinguished service award as a highlight of Jaycee Week next week. The public is invited to nominate young men between 21 and 35 years old for the honor. Nomination blanks may be obtained at the Jaycee Building on French Ave. Entries close at midnight Monday.

MARION ISAAC MOORE, right, with Deputy Jim Singletary.

Murderer Lived In Forest City

An escaped convicted murderer from North Carolina, with a flair for publicity, told county deputies today that he had lived in the county for more than a year and was wanted by authorities for the slaying of his wife in 1948.

The man, identified as Marion Isaac Moore, 47, of Greensboro, N. C., was arrested by Deputy W. R. Seiberger on a vagrancy charge but, while he was fingerprinted in the Sheriff's office, told deputies "get a reporter and I'll tell you a real good story."

Moore said he killed his wife in Greensboro in March of 1948 and was sentenced to 25-30 years in jail after pleading guilty to second degree murder.

While serving in a road gang in July of 1948, Moore said he escaped and fled into Florida and "after bumping around" for a few years came to Forest City in late 1959.

Seiberger, who said he had a "tip" that Moore had been "bragging" around the area of his exploits began checking into the case yesterday afternoon.

Moore was being fingerprinted, Moore told Deputy Bob Grant, who was called into the case, "what's the use, go get a reporter and 'I'll give you a good story'."

After Moore's story of the slaying, deputies notified North Carolina authorities of the arrest. Seiberger said that Moore would be extradited "as soon as possible."

News Briefs

Ike Insulted
HAVANA (UPI) — A radio station here attacked U. S. leaders Wednesday and urged the people of the United States to rise in revolt against their government.

In a broadcast repeated at four-hour intervals all day, Radio Miami insulted President Eisenhower, Secretary of State Christian A. Hunter and his predecessor, the late John Foster Dulles.

More Hats In Ring
TALLAHASSEE (UPI) — Former House speakers C. Harris Bryant of Ocala and Ted David of Hollywood have indicated they will formally announce Saturday as gubernatorial candidates. Bryant's disclosure is expected to come at a news conference here. David will probably announce at Hollywood.

Big Welcome Planned
MIAMI BEACH (UPI) — Florida Republicans are planning a mammoth welcome here Saturday when Vice President Richard M. Nixon arrives for a reception and party rally. Florida Republican Chairman G. Harold Alexander said delegations from 45 of the state's 67 counties plan to attend "Dick Nixon Day."

Influenza Hits L. A.
LOS ANGELES (UPI) — A half-million Los Angeles residents have been stricken in an epidemic of what authorities believe is Asian influenza. The disease which broke out on a large scale early this week was declared of epidemic proportions Wednesday by acting city health officer Ralph Sachs. He said it would hit its peak in about a week.

Civil Rights Pressure
WASHINGTON (UPI) — Spokesmen for religious, labor and racial groups turned the pressure on Republicans today to help bring an administration-backed civil rights bill to the House floor. A delegation from the Leadership Conference on Civil Rights planned a personal appeal to House GOP Leader Charles A. Halleck, at a meeting in Halleck's office.

Villagers Flee
VOLCANO ERUPTION
KAPOHO, Hawaii (UPI) — Kilauea volcano erupted with a fiery blast of lava Wednesday night just hours after 300 persons were removed from this nearby village. Lava spouted 350 feet into the air.

Marriage Vows Heard 1,030 Miles Away

A Sanford couple, whose only daughter was married last night 1,030 miles away heard the marriage vows... thanks to the Telephone Company.

Mrs. Clyde Hull of 910 Park Ave. told this story this morning.

Her daughter, Rosemary, and Robert Brown of Columbus, Ohio, decided to get married when he finished his overseas tour of duty.

Brown was discharged from service early this week and came to Sanford to fetch his bride-to-be.

However, Brown told the Halls that he would like the marriage to be in Columbus because he had not seen his parents for two years.

The Halls, who understood the young man's problem, gave their consent and the couple took off for the Midwest Monday.

The wedding was scheduled for Wednesday night. "We were home alone last night, and just couldn't sit still knowing our daughter was getting married and we so far away," Mrs. Hull said today.

"Suddenly the phone rang and we both jumped to our feet and raced for it," she recalled.

It was the long distance operator. She asked Mrs. Hull to hold on a minute and after a pause of some 10 seconds Mrs. Hull heard "Do you take this man to be your husband?"

"When I heard Rosemary's voice, I was the happiest person in the whole world," Mrs. Hull said.

Although the rest of the ceremony was hard to hear, because of circuit trouble, Mrs. Hull said she heard the pastor say "I pronounce you man and wife."

And so the Halls attended their daughter's wedding after all.

Government Plans New Get Tough Policy Against Organized Crime

United Press International
WASHINGTON (UPI)—Justice Department officials said today they were drafting legislation to enable the federal government to fight with greater strength against organized crime.

These officials viewed the three-to-five year prison sentences and \$10,000 fine now in effect on Wednesday in New York to 30 figures of the 1957 gangland conviction in Apalachicola, N. Y., as the best the government could hope for with the limited weapons at hand.

William G. Hundley, chief of the Justice Department's organized crime and racketeering section, said several proposals were being considered to strengthen legal dealing with such elements. He did not disclose what they were, however.

At present, Hundley explained, the federal government's hands are tied in many cases because the "great bulk of criminal violations are not within the purview of the federal government." Murder and other felonies, he noted, are prosecuted by the states.

Hundley pointed out that racketeers with a "reputation" for violence frequently are sent to federal prisons only because of

Cotton Faces Challenging '60, Economist Says

MEMPHIS (UPI)—Cotton faces a "challenging market potential" in 1960 with a possible increase in both domestic and foreign consumption, Dr. M. E. Morse Jr. said today.

Morse, chief economist of the National Cotton Council, told the Memphis Cotton production-mechanization conference here that cotton sold for clothing in that country has increased by more than 50 per cent since 1948 to 1959.

In the same period, consumption of cotton in Iraq doubled, and in the United States an average of 100,000 bales a year. He expected a U. S. export market which is growing each year by an average of 50,000 bales per year.

"The big threat to the cotton market is a surplus of a million or so bales on the domestic market, and you can see the potential which develops out of that," Morse said.

John Brown Jr., general farm manager of the U. S. and Canada, said that the cotton market is "a very tight market" and that the price of cotton will be "a very tight market" and that the price of cotton will be "a very tight market."

He said that the price of cotton will be "a very tight market" and that the price of cotton will be "a very tight market."

Swastika Painting Hits College As New 'Fad'

By United Press International
SWASTIKA—painting penetrated even deeper into U. S. society today despite increasingly alarmed denunciations by civic, union and religious leaders.

At the worst college fad, it threatened to become as widespread as party raids. As an outlet for juvenile energies, it caught on like rock 'n' roll music. As a symbol of bigotry, it thrived unabated.

Students were being caught and punished. An Ohio State University student was suspended. A student at La Crosse, Wis., State College and four other youths were ordered to court and a 10-year-old New York City boy was charged with juvenile delinquency.

National leaders, following President Eisenhower's lead, expressed concern over anti-Semitic acts — the desecrating of synagogues and burning of Jewish homes — and urged to end the German of Hitler's era.

David J. McDonald, president of the United Student Workers Union, said in Pittsburgh Wednesday night that the neo-Nazi activity was "brilliantly stupid."

He urged that proper governmental action be taken to bring the offenders to justice, and to take whatever steps are necessary to end the present anti-Semitic threat before it becomes more serious.

In Chicago, where Jewish temples have been defaced with swastikas, Jewish cultural clubs urged Mayor Richard J. Daley to appeal for brotherhood in a radio-televised address. The mayor already has urged residents to report suspects of anti-Semitic acts in police.

Rabbi Jerome Rosenthal, Westville, Tenn., said police Wednesday night on anonymous phone calls threatened to burn a synagogue if war correspondents William L. Shirer, who wrote of Jews' persecution in a history of Germany, were permitted to speak. Shirer spoke but the threat did not materialize.

Firing Of Pinay Brings Political Crisis To France

PARIS (UPI)—The government of President Charles DeGaulle was faced today with its worst political crisis over the firing of Pinay.

The ostensibly "friendly" parting of DeGaulle and the minister who worked with him for 10 months to guide France back to economic stability threatened to unleash powerful political forces that could tear the DeGaulle cabinet apart.

Pinay publicly disavowed any intention to lead a conservative revolt against the policies of DeGaulle but political observers believed he would eventually find himself, perhaps unwittingly, at the head of a coalition against DeGaulle.

Such opposition could lead to a disastrous split in the parliamentary majority needed by Premier DeGaulle, whose cabinet was sworn in last Wednesday to keep France from accepting another communist post offered him by DeGaulle.

Political leaders such as Felix Galliard of the middle-road radical party predicted that when Parliament convenes in April, DeGaulle will be voted out and Parliament dissolved.

"Then we'll see," Galliard said. "What France could use" was a much more authoritarian regime, with DeGaulle, using the DeGaulle-like combination of the Fifth Republic, bypassing Parliament and ruling by presidential decree.

Since Parliament was not slated to meet again until April, the DeGaulle government had time to make its political moves. But an "outrage" atmosphere persisted in the French capital.

Lewis Bows Out Of Labor Picture Today

WASHINGTON (UPI)—John L. Lewis, labor's living legend, bowed out today as president of the United Mine Workers.

The 67-year-old leader, who fought the famous battle for 40-hour week and the 1937 strike of miners, announced today that he would resign in favor of his son, John L. Lewis Jr., who will succeed him as president of the union.

Lewis' departure marked the end of an era for the UMW, Lewis, a man who had made his name as a labor leader in the mid-1930s.

At a 10-hour session Sunday, Lewis said he would be succeeded by his son, John L. Lewis Jr., who will succeed him as president of the union.

Lewis' departure marked the end of an era for the UMW, Lewis, a man who had made his name as a labor leader in the mid-1930s.

Need That Phone

TAMPA (UPI)—Eddie (Gordo) Bianco, a convicted bolton operator, has used the General Telephone Co. to prevent his telephone from being removed.

The company had informed Bianco that it was going to take out his phone because it was used by Milwaukee County Sheriff Ed Blackburn that Bianco was using it in a lottery operation.

Bianco said in the suit filed Wednesday that such an action would violate his civil rights. He also said the house was occupied and owned by his 78-year-old mother, an invalid who depended on the telephone.

Edna Harris Dies In Jacksonville

JACKSONVILLE, Fla.—Edna Harris, 78, died Wednesday in Jacksonville, Fla.

She was a member of St. John's Episcopal Church, Jacksonville. Mrs. Harris is survived by two sisters and four nephews.

Funeral services were held this morning at Lake View Cemetery with Rev. John W. Thomas of Holy Cross Episcopal Church officiating and Brian Funeral Home in charge.

AF May Abandon Arctic Ice Station

FAIRBANKS (UPI)—The Air Force today was seriously considering abandoning scientific ice station Charlie in the Arctic Ocean due to a new fissure in the ice.

Brig. Gen. Gordon H. Austin, commander of the 11th Air Division at Ladd Air Force Base here, and Capt. James F. Smith, an expert on ice island landings, were to inspect the ice today, and with Capt. Arthur Schroeder, head of the operation on Charlie, make the decision on whether to withdraw all men as soon as possible.

The ice station began disintegrating a week ago "because of lesions caused by low-level pressure and temperatures" and has been reduced in size to a mile by a mile and a quarter. It was originally 30 miles by five miles in size.

The "orderly withdrawal" of men and scientific equipment was begun last week but has been hampered in recent days by bitter cold here ranging as low as 50 degrees below zero and poor visibility.

Actor Volunteers To Give Testimony In Murder Trial

LOS ANGELES (UPI)—Actor-director Mark Stevens said today he has volunteered to appear as a prosecution witness in the murder trial of Dr. Bernard Finch and Capole Tregoff.

"I knew Dr. Finch and his wife," said Stevens. "She was a good friend of mine. We played many a game of tennis together."

Stevens, 36, who said Mrs. Barbara Jean Finch, 33, was a "wonderful person," was expected to testify of hearing Mrs. Finch express fear of her husband before she was found shot to death July 18 at the Finch 665,000 West Columbia home. Finch, 42, and his mistress, Miss Tregoff, 38, are accused of the slaying.

Deputy Dist. Atty. Fred N. Whitehall made the surprise announcement of calling Stevens as a witness shortly before the trial was recessed Wednesday night Monday.

A virus epidemic hit one of the jurors and a defense lawyer and both the state and defense agreed to the recess rather than replace male jurors with one of the four alternates.

Demo Leader Faces Gift Taking Count

NEW YORK (UPI)—Tears gathered in the eyes of Helen E. Jack as she stood with hands clasped in front of her before a judge he might well have not next to a city landmark a week earlier.

But her "not guilty" was stated in a clear, challenging voice when the charges were read of conspiracy to obstruct justice and three counts of gift-taking from a real estate operator doing business with the city.

Jack, 51, had traveled a hard road from her bridegroom in the West Indies to the 100,000-year job of borough president in Manhattan, the highest elective office a Negro has obtained in this nation.

Now, his job was in jeopardy and his trial on the charges could end in disgrace. He also had become a political hot potato.

Jack, a staunch supporter of Tammany Hall, the New York County Democratic organization, has become an embarrassment to the city Democratic administration and a probable target for the Republican state administration.

A grand jury indicted him Wednesday on charges of violating the city charter three times in accepting a \$5,000 remodeling job on his Harlem apartment from Sidney J. Ungar, a real estate operator and lawyer.

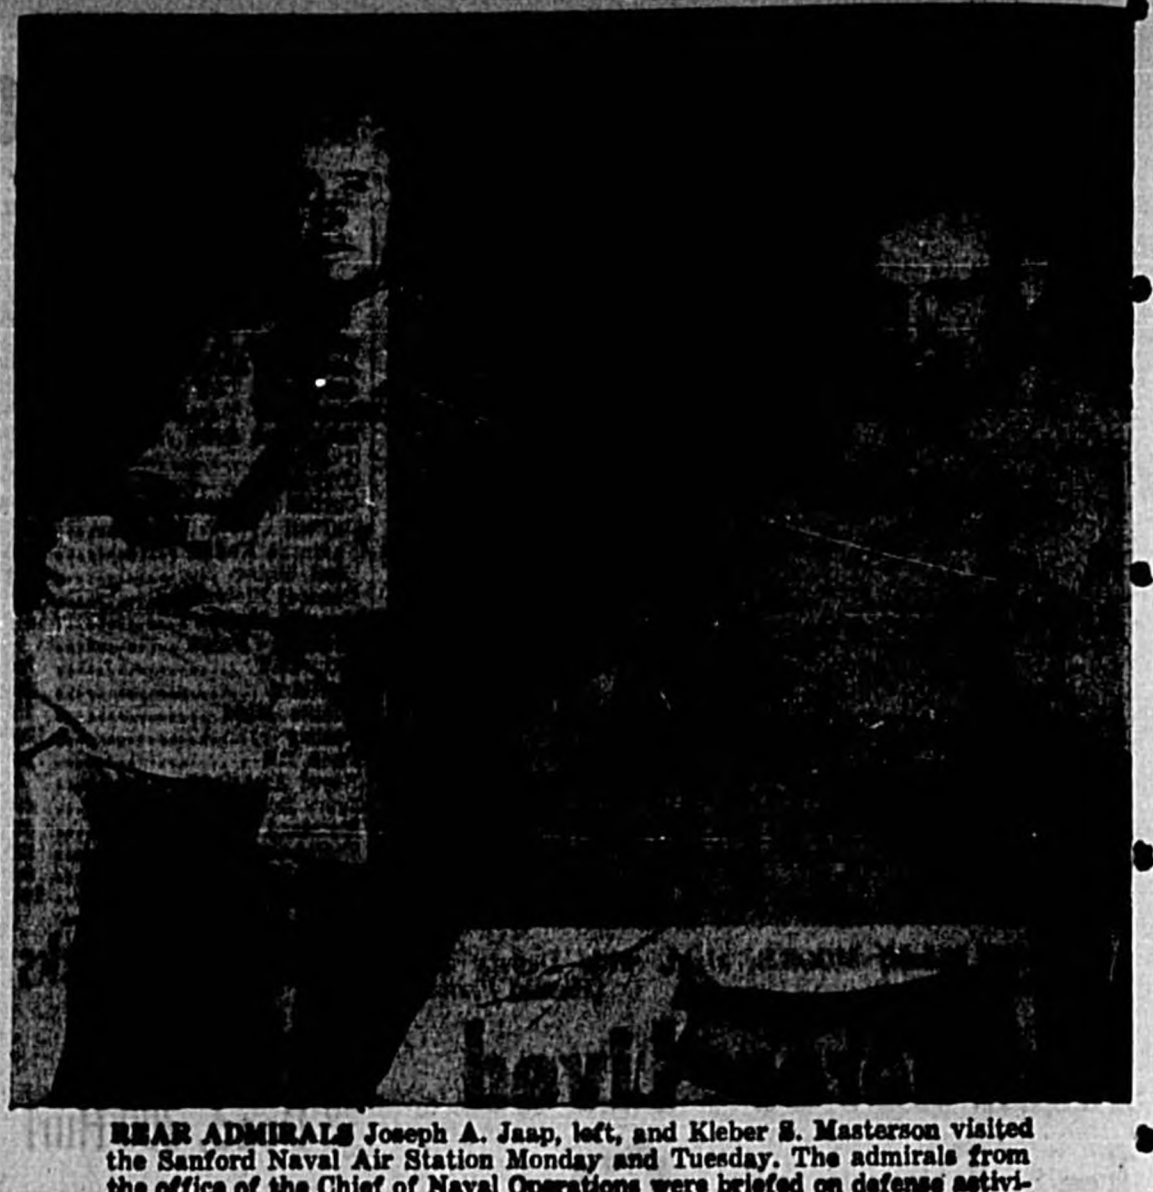

Weapon Hunt On In LSU Slaying

BATON ROUGE, La. (UPI)—Authorities today began an intensified search for the weapon used to slay an attractive biology professor to death just five miles from the campus of Louisiana State University.

The renewed search for the thin, blunt instrument — perhaps the flat side of an axe or hatchet — followed the questioning of Dean George Miesky, 40, "one of the few persons who knew" the slain professor, Dr. Margaret Raymond McMillan, 30.

Miesky, dean of LSU's Graduate School, was one of several faculty members questioned by authorities. He is married and the father of two young children.

Raymond McMillan, a 26-year-old biological biologist himself, had a "brother-sister" relationship. She carried his picture in her briefcase and a card indicating he was to be notified in an emergency.

REAR ADMIRALS Joseph A. Jaap, left, and Kleber S. Masterson visited the Sanford Naval Air Station Monday and Tuesday. The admirals from the office of the Chief of Naval Operations were briefed on defense activities and plans at the NAS.

Two Pack-A-Day Smokers Get Cancer Warning From Doctor

The story on cancer and cigarettes got a thorough going over from a former Harvard Medical School teacher at the Kingsland luncheon Wednesday.

Dr. William Shedd, who was also on Boston's Huntington Memorial Hospital Staff, gave American Cancer Society figures showing that cancer is twice as common among people who smoke two packs of cigarettes per day as it is among non-smokers. There is 10 times as much cancer among veterans 30 year smokers as there is among non-smokers, Dr. Shedd said.

For every non-smoker who has a non-cancerous lung disease, there are three smokers who have some lung disease, he said. There are five times as many smokers with mouth, esophagus and tongue disease as there are non-smokers. Dr. Shedd quoted American Heart Association figures showing that 50 times as

many two pack per day smokers have coronary heart disease as do non-smokers.

Dr. Shedd said that no filter makes cigarette smoking safe and that women are just as much affected by smoking as men. It takes 20-25 years to develop cancer in human beings. A cancer cell is a normal body cell which has lost its control factor and keeps on growing, the doctor said.

Dr. Shedd said his figures applied only to cigarettes so far. He said the effect of pipe and tobacco smoking has not been studied so much.

Toastmasters Try Different Tactics

Seminole Toastmasters will be putting their audience to sleep for a change Saturday night.

The change of tactics by the public speakers' club will be due to hypnotist J. B. McCawley's visit to the Mar-Lou restaurant meeting. McCawley, who was the first hypnotist in the United States to be professionally licensed, will tell the Toastmasters about the use of hypnosis in medicine and dentistry. He will include demonstrations at the banquet and oblige anyone who wants to be hypnotized.

Orlando's Bob Adams and Vernon Buttram will make the entertainment speeches and Joe Davis will be toastmaster for the evening. The 7:30 p. m. meeting of Toastmasters representatives from throughout Florida will follow an afternoon conference business session, also at the Mar-Lou.

CDR ROTOR
 TV marvel scans the skies like radar to pull in better pictures on your set!

ROTATES AUTOMATICALLY to track down the best possible picture on every channel.

ANSWER YOUR ANTENNA straight at the sending tower of the channel you want.

NO MORE TV SOUND with weak or fuzzy picture and "ghost" or so many channels! Like most people, you're probably in a location where TV signals come from many directions — not just the one your antenna was set up to face.

NO MORE NO SIGNAL! Make your antenna work 4 or 40 miles more effectively and bring in the best possible picture from any direction. What you need is the TV marvel that causes your antenna to Circle and Detect the Best — the CDR ROTOR. NOW AN ANTENNA! Here's all you do to pull in clearer, sharper, stronger pictures:

- Turn handy 360-degree Direction Selector on CDR's beautiful Little Control Cabinet.
- Rotate the top of your antenna tower in a complete circle and see the picture clearer than ever before.
- Let your finger from the Selector and your antenna automatically locks in position.

Signal, isn't it? Why settle for half-way TV? Pull in all the channels your set is equipped to receive — with a thrifty CDR ROTOR.

NOW! Start getting perfect TV pictures with a **CDR ROTOR**

See how it works! Write for free literature to: **CDR ROTOR**, Dept. 100, P.O. Box 100, Sanford, Fla.

Circles Hear Guest Speakers At Garden Club Meetings

HIBISCUS CIRCLE
The Hibiscus Circle of the garden club met at the home of Mrs. Charles Morrison on Hiawatha Ave. for their January meeting. Co-hostesses were Mrs. H. J. Gut, Mrs. Herbert Moreland and Mrs. V. Brewster.

Dr. J. F. Darby, plant pathologist of the Central Florida Agriculture Experiment Station, was guest speaker. Among other things he stressed the fact that diseases of plants and vegetables had affected the history of our country. One example was the black blight on potatoes in Ireland in 1840. This caused more than 750,000 Irish people to migrate to the United States. Hostesses served refreshments to members and guests attending.

IKORA CIRCLE
"Landscaping" was the theme of a talk given members of the Ikora circle of the garden club by Mrs. Alice F. Smart of the Florida Landscape and Nursery Co. of Leesburg. The circle met Friday morning at the home of Mrs. Gordon Stanley with Mrs. G. Andrew Spear and Mrs. D. S. Talley assisting.

Coffee and sweet rolls were served prior to the business session after which Mrs. Wight Kirtley called the meeting to order and reported on the recent garden club board meeting. Mrs. Kirtley stated that the local club had applied for five awards with the Florida Federation of garden clubs this year.

She told of a conservation workshop to be held in Leesburg on Jan. 21 and reminded members of the card party sponsored by the local club, Jan. 22, at the Civic Center.

Plans for the general luncheon and meeting of the club Feb. 18 were discussed. It will be held at the Mayfair Inn and will be "Oriental" in theme. Each member was given a copy of proposed amendments of by-laws to be voted on at this meeting.

Mrs. J. M. Truluck and Mrs. William Bush were welcomed back into the circle as reinstated members.

In her talk to the group, Mrs. Smart stressed the importance of planting in completing a home and pointed out that good landscaping will improve the value of a home 20 to 30 percent.

Those attending the meeting were Mrs. Kirtley, Mrs. Truluck, Mrs. Bush, Mrs. Robert Shedd, Mrs. L. R. Johnson, Mrs. G. D. Bishop Jr., Mrs. Donald Bales, Mrs. T. W. Mero, Mrs. John Barton IV, Mrs. W. S. Evans, Mrs. C. V. Mize, Mrs. Volie Williams Jr., Mrs. George Eiek, Mrs. Spen-

cer Harden, Mrs. B. B. Hollingsworth and the three hostesses.

ROSE CIRCLE
Members of the Rose Circle of the garden club voted, at the Jan-

MRS. CHARLES MORRISON, center is holding a box of camellias that members brought to the Hibiscus Circle of the garden club at Mrs. Morrison's home. Other members from left, are Mrs. H. James Gut, Mrs. Vernon Brewster, Mrs. H. A. Moreland and Mrs. John E. Fox, president of the circle. (Herald Photos)

DR. J. F. DARBY, left, plant pathologist at the Florida Experiment Station was guest speaker at the Hibiscus Circle of the garden club. Mrs. L. E. Spencer, right, was program chairman for the month.

uary meeting, to become a member of the "Audubon Society". The group met at the lovely new home of Mrs. E. L. Lindsey in Loch Arbor. Following a "Coffee", Mrs.

Woodson Dickerson, of Orlando, gave a most interesting talk on "Conservation." She stressed the fine work that the Florida Audubon Society is doing in this area.

Azalea circle of Garden Club meets at the home of Mrs. G. M. Shipp, 300 E. 18th St. at 8 p. m.

Hemerocallis Circle of the garden club will meet at the home of Mrs. P. J. Westgate, 2007 Cordova Dr. at 7:30 p. m. She will show slides of her trip through Poland.

The Ivy Circle of the garden club will meet at the home of Mrs. Leon Swain, 411 Willow Ave. at 8 p. m. Mrs. George McCall will speak on potted plants.

Seminola Rebekah Lodge 43 meets at 8 p. m. for business session. Installation service at 8:30 p. m. open to the public.

FRIDAY
Oviedo H. D. Club meets at 9 a. m. at the home of Mrs. Robert Lee, Lake Charm. Theme, "Preparing Foods For Freezing."

MONDAY
The American Home Department of the Sanford Woman's Club meets at 8 p. m. Hugh Ansley, Winter Park, will speak on "Experiments in Education."

The Dependable Sunday School class of First Methodist Church will meet at 7:30 p. m. at the home of Mrs. A. L. Skinner, 908 Magnolia Ave. with Mrs. John Schirrad as co-hostess.

The Past Matrons Club of Seminole Chapter No. 2, Order of Eastern Star will meet at 8 p. m. at the home of Mrs. Tom McLain in Geneva.

Milk In Meals
There's many a way to get milk into meals, the U. S. Department of Agriculture reminds homemakers. Most people find milk a very refreshing beverage, so get their daily milk quota by drinking it plain. However, in cooking or other food preparation, there are many ways to get milk into the daily fare, thus adding dividends in nutritive value and often flavor as well.

For more milk at breakfast, you can pour hot milk over poached eggs on toast. Use milk instead of water when cooking cereals, following directions usually given on the cereal package.

Step up milk value in many foods containing milk by adding dry milk. Try this when preparing soups, mashed potatoes, cereals, and other cooked foods. If you add 4 tablespoons of dry milk to each cup of fluid milk, you make the dish about twice as rich in milk value as when you use fluid milk alone, says Myrtle Wilson, Home Demonstration Agent.

Puddings and pie fillings made with evaporated milk will offer more milk value if 2 or more parts of evaporated milk are used to 1 part of water instead of the usual 1 to 1 proportion. Cream soups, creamed or scalloped main dishes, custards and other milk puddings also help build up milk in meals.

If a coat has a dog-sared fur collar, consider replacing it with another kind of fur. If no fur! Try adding fur-cellar and cuffs—for a high fashion look.

Local Events

THURSDAY

New Officers of the Ladies Auxiliary of the Lake Mary Volunteer Fire Department will be installed at a meeting at the fire house at 8 p. m.

Organizational meeting of North Orlando Garden Club at the home of Mrs. William Dean, 10 N. 2nd St. at 7 p. m.

Azalea circle of Garden Club meets at the home of Mrs. G. M. Shipp, 300 E. 18th St. at 8 p. m.

Hemerocallis Circle of the garden club will meet at the home of Mrs. P. J. Westgate, 2007 Cordova Dr. at 7:30 p. m. She will show slides of her trip through Poland.

The Ivy Circle of the garden club will meet at the home of Mrs. Leon Swain, 411 Willow Ave. at 8 p. m. Mrs. George McCall will speak on potted plants.

Seminola Rebekah Lodge 43 meets at 8 p. m. for business session. Installation service at 8:30 p. m. open to the public.

FRIDAY

Oviedo H. D. Club meets at 9 a. m. at the home of Mrs. Robert Lee, Lake Charm. Theme, "Preparing Foods For Freezing."

MONDAY

The American Home Department of the Sanford Woman's Club meets at 8 p. m. Hugh Ansley, Winter Park, will speak on "Experiments in Education."

The Dependable Sunday School class of First Methodist Church will meet at 7:30 p. m. at the home of Mrs. A. L. Skinner, 908 Magnolia Ave. with Mrs. John Schirrad as co-hostess.

The Past Matrons Club of Seminole Chapter No. 2, Order of Eastern Star will meet at 8 p. m. at the home of Mrs. Tom McLain in Geneva.

Miss Dorothy McAlexander

Winsome Class Holds Meeting

The Winsome Sunday School Class of Pinecrest Baptist Church held its monthly meeting Monday night, at the home of Mrs. H. D. McQuatter. Mrs. George Bonner was co-hostess for the meeting.

Mrs. Ray Murray led the devotions and prayer time at the beginning of the meeting. Using Matthew 6:9-15, she presented a very interesting lesson. As a new goal of service for the coming year the class plans to help needy families of the community. It was decided that the February meeting will be a dinner and party social. Husbands of the members of the class will be invited. After all class business was completed, a time of social fellowship was enjoyed by all.

Church Calendar

THURSDAY

Pinecrest Baptist Church visitation 10:30 a. m. to 7 p. m. Choir practice 7:30 p. m.

First Baptist Church Royal Ambassadors, 7 p. m.

Presbyterian Church, Girl Scout Troop 233 meets at 3:15 p. m.

FRIDAY

Focus week at First Baptist church will be concluded with a "World Wide" banquet at 6:30 p. m. in the educational building, featuring music, speakers, costumes, friendship and food.

Quick Dinner

Cook dinner for 4 in just 20 minutes: Hawaiian short ribs with rice cakes. Bone 1 1/2 to 2 pounds of short ribs and marinate the meat several hours or overnight in a mixture of 1 cup of soy sauce, 1 teaspoon each of ginger and brown sugar and 1 clove of garlic, halved. Make rice cakes by mixing 1 1/4 cups of cooked rice with 1 egg yolk, 1/4 teaspoon of salt and 1/4 teaspoon each of pepper and nutmeg. Mix well, shape into 4 patties, dip in 1/3 cup of cracker crumbs and brush with 2 tablespoons of melted butter.

Drain meat, reserving the marinade. Place meat and rice cakes on broiler tray 3 inches from heat source and broil 30 minutes. Turn rice cakes once while cooking and baste the meat frequently with reserved marinade.

A new look to an old favorite—rhinestones on spectator pumps. The stones are added to the pumps for dressy afternoon and early evening wear. Strap and bow closures also dress up the shoes.

Rainbow Girls Name Officers

Miss Dorothy McAlexander was elected Worthy Advisor of the Sanford Assembly No. 23, Order of the Rainbow for Girls at a meeting this week at Masonic Hall.

Miss Sue Koke, worthy advisor, presided at the meeting and election of officers for the winter term. Others elected included Diana Haynes, Worthy Associate Advisor; Ellen Myers, Charity; Barbara Wimberly, Hope; Linda Williams, Faith; Joan Jones, Recorder and Carol Ann Schimming, Treasurer.

Miss McAlexander appointed the following officers to serve with her: Jeanie Markham, chaplain; Elizabeth Grant, drill leader; Evie Dousey, love; Caroline Baggerly, religion; Lynn McCord, music; Cheryl Repp, immortality; Gini Taylor, fidelity; Sandi Wright, Osteen.

Personals

Mr. and Mrs. Millwood of Hendersonville, N. C. spent last week end with his parents, Mr. and Mrs. Mason Millwood. Their son, Monroe, who has been visiting his grandparents, returned home with them.

Mrs. Harry Osteen and Mrs. Tom Lemmon attended the Seminole Association of the W. M. U. at the First Baptist Church in Deland, this week.

Mr. and Mrs. Warren Melrose and three children of Lainsburg, Mich. and Mr. and Mrs. Merrill Melrose and five children of Corunna, Mich., have returned to their homes after spending two weeks with their parents, Mr. and Mrs. John Melrose in Lake Butler.

Robert Williams has returned home after visiting his brother, who is ill, in New Orleans.

patriotism; Carol Repp, service; Barbara Thomas, confidential observer; Darlene Arrett, suite observer; Pat Raburn, musician; Joyce Shepard, choir director and Joy Tripp, historian.

An installation ceremony for the new officers will be held Sunday Jan. 24 at 2:30 p. m. at the Masonic Temple. The families and friends of the Rainbow Girls are cordially invited to attend this service.

Gleaners' Class Holds Meeting

The Gleaners' Class of the First Baptist Church held their January business and social get-together at the home of Mrs. W. H. Duncan, 805 Catalina Dr.

Mrs. R. A. Williams gave the secretary and treasurer's report and Mrs. E. Peurifoy gave the class report. Group captains told of sick and absent members.

Mrs. Fred Myers presented the devotion, using as her topic, "The Beginning And The End" and closing with the "Lord's Prayer."

Others attending were Mrs. Wilford, Mrs. A. J. Peterson, Mrs. L. H. Harvey, Mrs. Peurifoy, Mrs. Myers, Mrs. Williams, Mrs. H. J. Hutchison, Mrs. J. F. Lewis, Mrs. Homer Little, Mrs. Thelma Steele, Mrs. D. K. McNab and Mrs. Berta Coltrill.

COOL THOUGHT

If a large quantity of hot food is headed for the refrigerator, cool it rapidly to room temperature before putting it in the cooler. Otherwise the refrigerated food will be threatened with spoilage, cautions food experts at Cornell University.

Oviedo HD Club To Meet Friday

The Oviedo Home Demonstration Club will meet Friday morning at 9 o'clock at the home of Mrs. Robert Lee on Lake Charm. The theme for the day will be "Preparing Foods For Freezing."

GOOD PARLOR TRICK

The next time conversation lags, try a scientific demonstration on your guests. Hold a lighted match in the stream of smoke arising from a burning cigarette. The smoke will disappear. It is destroyed because the second flame completely burns the components that cause the smoke. Give your guests an opportunity to guess its application around the house.

Anna Miller Circle Plans Projects

Members of the Anna Miller Circle agreed to help sell tickets, on the Lark Station Wagon Contest which will be climaxed at the Elks' Charity Ball.

The group met Tuesday night at the Elks' Lodge with the president, Mrs. Harry Adair, presiding. Mrs. J. R. Hooehlan Jr., was welcomed as a transfer member. She came from the Anna Miller Circle in Live Oak.

Mrs. Russell Spencer gave a talk to the group and asked them to conduct the annual mothers' march of dimes, again this year. They were unanimous in accepting the responsibility. Mrs. Adair appointed Mrs. Spencer as chairman of the drive and Mrs. Ed. Cox as co-chairman. A committee will be selected to work with them.

The next regular meeting is scheduled for Jan. 26. It will be a social with initiation of new members. Those present included Mrs. Buford B. Brown, Mrs. William Klinefeller, Mrs. J. M. Cameron, Mrs. Wesley Fillmon, Mrs. M. Moses, Mrs. H. F. Hale, Mrs. James Blankenship, Mrs. Charlie Stafford, Mrs. Clayton Smith, Mrs. Lynn Lyon, Mrs. Gene Walter, Mrs. Ed Cox, Mrs. Robert Tomlinson, Mrs. Irene Kent, Mrs. J. R. Hooehlan Jr., Mrs. James Via, Mrs. J. R. Hooehlan Jr., Mrs. Ralph Wright, Mrs. Adair and Mrs. Spencer.

Coaches Hail Liberalized 'Sub' Ruling

United Press International
 Although some of its members continued to pine for a revival of the platoon system, college football's coaching fraternity today hailed the liberalized "wild card" substitution rule as "a step in the right direction."
 Only Joe Kuharich of Notre Dame publicly accused the NCAA Rules Committee of being "short-sighted" after it voted Wednesday to permit a single player to enter a game at any time, even while the clock is running. Under the old rule, a single player could be substituted only during a timeout and provided he had not used up his allowed two entries per quarter.
 "I personally feel that you are hurting the game by not allowing unlimited substitution," said Kuharich. "It is shortsighted of the Rules Committee not to make the move now. Eventually it has to come."
 Ben Schwartzwalder of Syracuse indirectly answered the Irish coach by declaring that the new rule "will give coaches a flexibility that will help improve the game" and is "better than the stampede which would result if unlimited substitution were brought back."
 Woody Hayes of Ohio State and Milt Bruhn of Wisconsin admitted they would have favored a return to platoon football but, unlike Kuharich, they apparently agreed that half a loaf is better than none.
 "I am somewhat disappointed that they didn't return to platoon football but the action they took is a step in the right direction," Hayes said.

Ben Schwartzwalder of Syracuse indirectly answered the Irish coach by declaring that the new rule "will give coaches a flexibility that will help improve the game" and is "better than the stampede which would result if unlimited substitution were brought back."
 Woody Hayes of Ohio State and Milt Bruhn of Wisconsin admitted they would have favored a return to platoon football but, unlike Kuharich, they apparently agreed that half a loaf is better than none.
 "I am somewhat disappointed that they didn't return to platoon football but the action they took is a step in the right direction," Hayes said.

Marines Tighten 1st Place Grip

The first place Marine team tightened their grip on the top position in the NAS Intramural Bowling League last week with a three point win over Hatron Three Alfa.
 Fasron 51 Chiefs hung on to second place by total score after they split with Hatron Three Charlie. Hatron Seven Alfa tied for the second spot with a grand slam win over Comahwing One while Fasron Whitehat posted a one point victory over NAS Charalians.
 Taking team honors for the week, NAS communications downed Hatron Seven Brave for four points. Rogel took the week's high individual series honors with a 316 series and tied Grimes of NAS GCA Tower for the week's high individual game with a 186. With Grimes shooting a 313 series, NAS GCA Tower overwhelmed Hatron Three Brave for four points.

Dupas Looking For Bigger Game

MOBILE, Ala. (UPI) — Ralph Dupas is looking for "bigger game" among the welterweights while Kenny Lane is "going" back to the little folks' among the lightweights.
 This sums up the future plans of the two fighters after Dupas (164½) scored a unanimous decision over Lane (141) in Wednesday night's televised 10-round bout at the Fort Whiting Arena.
 "I want Luis Rodriguez next," said Dupas, referring to the top-ranking welterweight contender from Cuba, "and then champion Don Jordan."

KADER GOLF TOURNEY hopefuls yesterday were, from the left: Mrs. Augusta Russell, Mrs. Min Keenan and Mrs. Jeanne Fouk. (Herald Photo)

Covington Covers Sports

By JERRY COVINGTON

For the first time in the history of basketball at Seminole High, excitement has reached a feverish pitch. In a school that has been traditionally noted as a football power in Central Florida, there has never been any real interest in basketball, but all of this has changed greatly this season. At last you can hear all over town talk about the big game—and they are not talking about football.

Couch Bud Laver no longer has to say wait until next year, because next year is here. The Seminoles have jumped off to a 6-0 season which ties an all-time record for successive wins. They have usually picked up their wins over teams of a lesser reputation, but this year they have been knocking off some of the big ones. In conference play, they have defeated Wildwood and Apopka and tomorrow night they travel to Winter Park where they get their biggest test of the season. The Wildcats are also undefeated as the winner of the game should be rated one of the "top dogs" in the area.

Here's an example of the interest that has been created by the Seminoles this season:
 Usually it has been hard to get a good

handful of folks out for a home game, but Tuesday there was a fine crowd which made the trip to Apopka.

This is one of the biggest factors in the success of the team because the boys have found out that they are supported in Sanford and therefore they are willing to give it all that they have.

If you are interested in seeing a fine high school ball team plan to follow them tomorrow night to Winter Park and see what they have to offer. The Wildcats are tough, with big Mike Mosher as the key but the Seminoles can't be counted out.

Around the baseball loop I see where our old friend Al Dark has been traded to the Phillies. This deal probably pleases Al because he surely likes the golf courses down here and he will return from Arizona to Florida for spring training. He told me a couple of years ago that he had played so much golf during the off season that when he first got into the batting cage down at St. Petersburg he grabbed the bat with an overlapping grip.
 Alvin will be seeking his fourth baseball players' golf championship at the Miami Springs course next month and is almost a sure bet to take it.

Only Two Unbeaten Cage Teams Left Charity Night Set For Track

United Press International
 And now there are two—Cincinnati and Villanova.

They stand alone as the nation's only unbeaten college basketball teams after Syracuse's 81-84 double overtime upset Wednesday night ended LaSalle's nine-game winning streak. Texas A&M, which started the week as a fourth major unbeaten, was whipped Tuesday night by Southern Methodist.

But Cincinnati and Villanova, both of which have tough schedules this week—kept rolling with relative ease.
 Cincinnati, the nation's top-ranked team, led by only five points at halftime but roared to its 13th straight victory with a 79-57 conquest of 10th-ranked St. Louis. Oscar Robertson was held to 27 points, far below his 33.2 per game average, but poured in 19 during the second half when the Bearcats solved St. Louis' sticky slow-down game.

Villanova stretched its winning streak to 10 games as John Driscoll and George Raveling controlled both backboards against the smaller Temple Owls in an 81-60 victory.
 Syracuse (6-2) pulled out a sensational triumph over LaSalle in

the nightcap to the Villanova-Temple game at Philadelphia's Palestra on the strength of eight points by 5-10 senior Ed Goldberg in the second overtime period. Goldberg and Dick Conover led Syracuse with 21 points each.

Third-ranked West Virginia ripped Virginia, 109-81, avenging a 75-72 upset loss last season, fifth-ranked Bradley downed Drake, 84-57, and sixth-ranked Georgia Tech scored an easy 80-64 triumph over Georgia for its 12th win in 13 games.

Jerry West scored 40 points for the second highest total of his career as West Virginia raised its record to 14-7.
 Bradley went on a 23-3 whirl that opened a 41-25 halftime bulge and erased any Drake hopes for an upset. Dan Smith collected 21 points for Bradley.
 Georgia Tech rested to a 43-39 halftime advantage and never led by less than 12 points in the second half. Capt. Roger Kaiser led the Yellow Jackets with 22 points.

Boxer Tours Europe
FRANKFURT, Germany (UPI) — Heavyweight Pete Rademacher is scheduled to open a European boxing tour here Feb. 4 against Germany's Ulrich Nitschke.

Charity Night Set For Track

More than a dozen charitable organizations of Seminole County will receive a chunk of every dollar bet tonight at Sanford-Orlando Kennel Club, as the fifth annual Charity Night writes local racing history.
 General Mgr. Jerry Collins plans to give all profits from the action to the various groups, and a total of more than \$5,000 for charity is predicted by Asst. Mgr. Jack LeGoux.
 Highlight of the special evening of competition will be the Charity Handicap, 8th event of a 10-race slate opening at 8:10 p. m. with a swift Grade-B encounter.

Worry Clinic

Fred Giesel has a well track containing what he has labeled as "Weapons of the last great war." Also, few newspapers are any possible in this modern age, except for wars against ignorance and crime. For the newspaper now functions as a great "University in Print," with unbridled educational influence.

BY — GEORGE W. CRANE, Ph. B., M. D.

CASE D — 48: Fred W. Giesel, aged about 58, is Business Manager of the POST & TIMES STAR in Cincinnati.

Prior to the merger of these two great evening papers, there had been a constant battle between them for dominance in the evening field.

When I was in Cincinnati a few months ago for a YMCA address, I stopped by Mr. Giesel's office. He had been close friends for over 20 years.

"As I was admiring his swanky new car in the former TIMES STAR building, I spotted several dollars, plus some unused car keys, in a rack on the wall.

"And under them was this peculiar statement:

"Weapons of the last great war." Fred Giesel laughed when he read my comment. I spotted several dollars, plus some unused car keys, in a rack on the wall.

"We used these as premiums in our bitter election fight just before we merged," he added.

"The POST was battling to stay on the lead in Cincinnati and the TIMES STAR wanted to upset us. We promised several thousand dollars as a reward for new subscriptions. And we beat the pants off our opposition, so they surrendered and we combined them into the POST."

DEVELOPER'S JOURNALISM

Consequently, few cities now have rival newspapers, for competition exists far from mere news in New York and Chicago.

But 50 years ago, newspapers fought each other and we often

'Wind' Still Tops At Box Office

NEW YORK (UPI) — Many untold and costly movie pictures made their bow during the 1950's but none of them pushed "Gone With the Wind" from its position as the No. 1 celluloid money-maker.

A 1939 report by Variety, the show business newspaper, listed GWTW as the top grosser of all time, with earnings exceeding \$33,000,000. The 1939 epic will be re-issued again soon in connection with the 10th anniversary of the Civil War.

Running a close second is "The Ten Commandments," which was released in 1956 and within a year had grossed \$32,000,000. Some industry observers believe the Biblical film produced by the late Cecil B. DeMille will eventually surpass "Gone With the Wind" in earnings.

CHICAGO (UPI) — Police and other first-aid groups which deal with winter emergencies have been urged to adopt the so-called quick-thaw method of treating frostbite.

Writing in the Journal of the International College of Surgeons, Dr. John T. Phelan said current methods are inadequate and that "a quick-thaw at approximately 110 degrees Fahrenheit is the best first-aid treatment because it shortens the time the frostbite tissue is exposed to cold."

Dr. Phelan, a professor at the University of Wisconsin Medical School, warned that time is crucial in frostbite cases.

"Depending on the person and which part of the body is affected," he said, "there is a point at which part of the body is affected, irrespective of the treatment afforded."

Quick Thaw For Frostbite Urged

Writing in the Journal of the International College of Surgeons, Dr. John T. Phelan said current methods are inadequate and that "a quick-thaw at approximately 110 degrees Fahrenheit is the best first-aid treatment because it shortens the time the frostbite tissue is exposed to cold."

Dr. Phelan, a professor at the University of Wisconsin Medical School, warned that time is crucial in frostbite cases.

"Depending on the person and which part of the body is affected," he said, "there is a point at which part of the body is affected, irrespective of the treatment afforded."

It's A Dog's Life In The AF When He's Too Old To Serve

FRANKFURT, Germany (UPI) — German side army, soldiers' clubs, horses are put out to pasture.

But when a U. S. Air Force guard dog gets old, he has to die.

The Air Force has some 300 German shepherd dogs, or Alsations, guarding lonely posts throughout Europe.

When a dog gets too old or unfit for duty, it is painlessly put to sleep.

Some airman, however, don't give up their dog without a fight. According to officials at the Air Force dog training school in Wiesbaden Air Force headquarters in Europe.

One such airman was A/1C Tom Rhodes, who was based in France.

When the time came for Rhodes' dog "Billie" to be put to sleep, the airman took his fight to the dog's life all the way to the Pentagon.

Now, on orders of Air Force Chief of Staff Gen. Thomas D. White, "Billie" lives in retirement in Wiesbaden.

But he is an exception. Officials explain that disposing of the guard dogs is unpleasant, but necessary.

They are trained to attack and kill. They are also trained to take the chains of prisoners from the civilian Mr. when they are sent to the garage ways called into them in a truck.

They are trained to take, and they are trained to take, and they are trained to take.

They are trained to take, and they are trained to take, and they are trained to take.

Men's Heads Getting Bigger

NEW YORK (UPI) — The National Cap and Cloth Hat Institute reports that the heads of American men are getting bigger.

Twenty years ago the average man's head size was 6 1/2, according to the institute. Nowadays, most of the headwear purchased is 7 1/2 and larger.

Medical authorities attribute the trend toward bigger heads to the general physical growth of Americans as they take advantage of health and nutrition developments.

Declare Crew Dead

TRIPOLE, Libya (UPI) — All 10 men aboard a U. S. Army UH-1 "Huey" aircraft that crashed on a flight from Wheelus Air Base to Benghazi Jan. 4 have been officially declared dead. The Army said Tuesday the plane probably fell into the Mediterranean.

The Sanford Herald

WEATHER: Fair and continued warm through Saturday. High today, 76-80. Low tonight in the mid-50's.

OL. XLIX United Press Licensed City Established 1908 FRIDAY, JANUARY 15, 1960 SANFORD, FLORIDA NO. 608

Circus Site Story Sets Off Flurry

Last week's announcement that the Cristiani circus family had reached an agreement with Circusland which would move the circus from Sarasota to Seminole County has started a flurry of activity and announcements at Sarasota.

The flurry started after it was announced in The Herald that Circusland had reached an agreement with the Cristiani circus family which would result in the troupe managing the show area of Circusland and moving the winter quarters of the circus here.

The wire service reported the same thing the following day. So did the Sarasota newspapers - one of them using red ink for the headline.

One Sarasota newsman told The Herald later that the Chamber of Commerce there had called a special meeting to discuss the matter of trying to persuade the Cristiani from moving.

From that point, the announcements mostly disagreed on everything and all the principals said they were being misquoted.

The Sarasota newsman finally telephoned The Herald to "get the thing straight." He was advised to talk to both Paul Cristiani of the circus and Maurice Marshall of Circusland, who originally announced their agreement.

That's what The Herald did, he was told.

A Herald writer will be in Sarasota Monday to follow developments there.

Moore Agrees To Be Extradited

Escaped convicted murderer Melvin Moore signed extradition papers today to return to North Carolina State Prison.

Carolina prison authorities told Sheriff J. L. Hobby they would send a transport to pick up Moore. They will take the 47-year-old escapee back by car.

Moore admitted Thursday that he escaped from a North Carolina road gang in 1955, while serving a sentence for killing his wife, Deputy W. R. Bonberger arrested Moore for vagrancy after he became suspicious of the man's boasts.

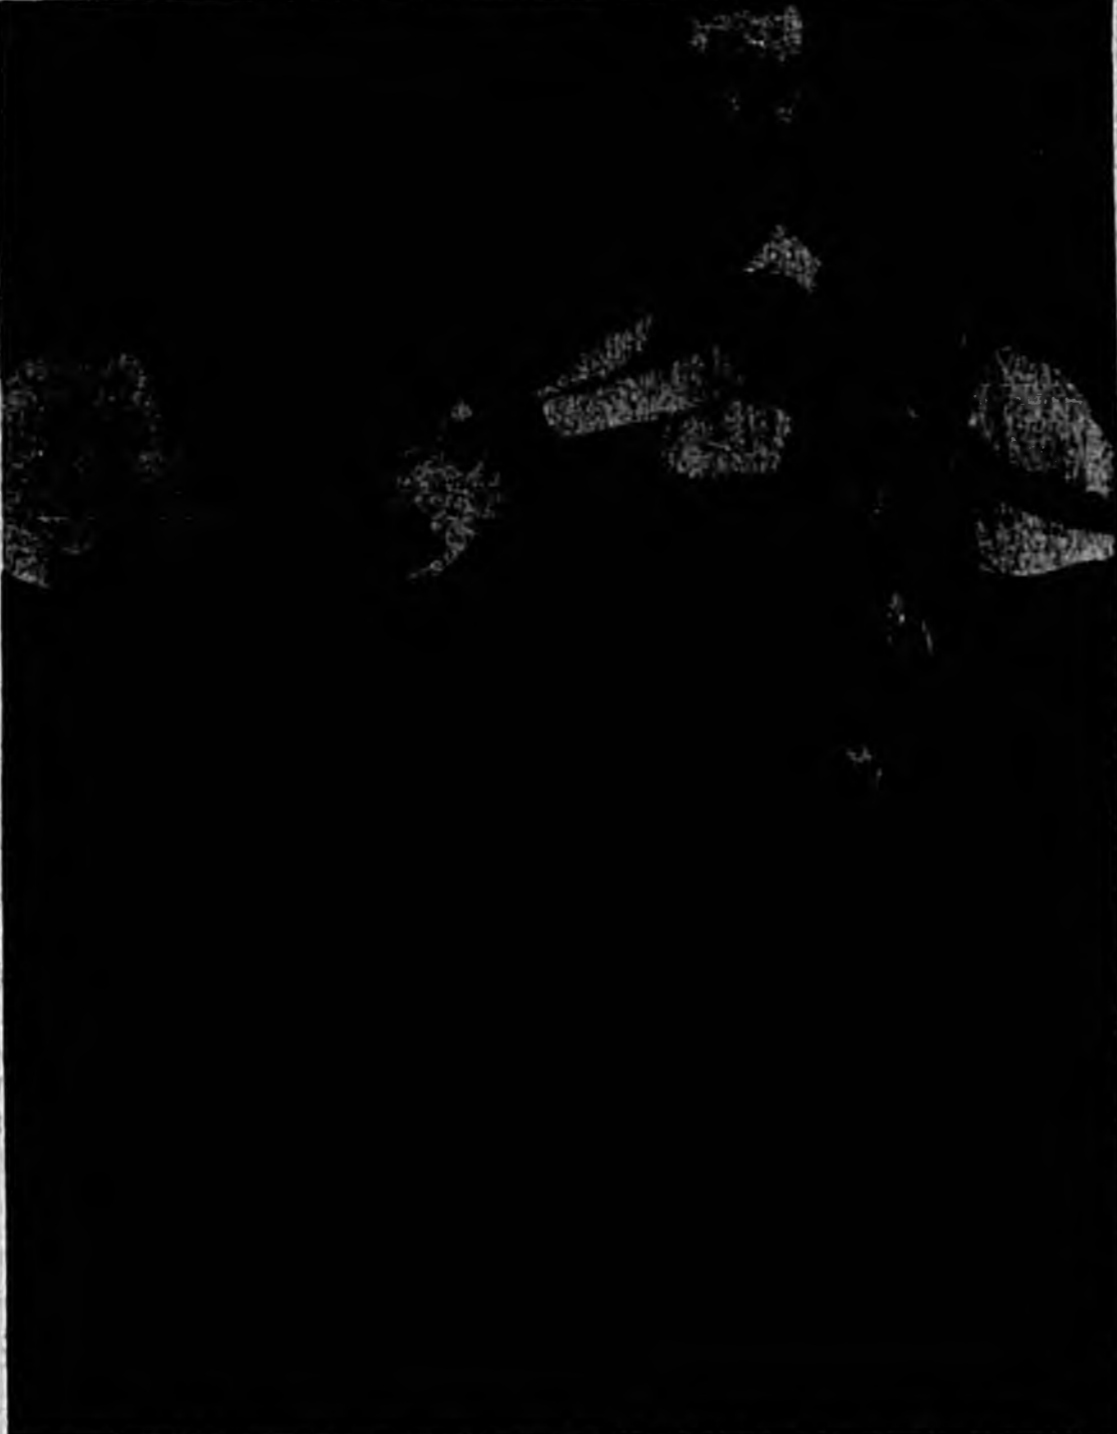

Planning Session Slated For Group

The Monday meeting of the Seminole Association for Retarded Children will be a planning session for parents of the children and volunteer workers in the organization. The 8 p. m. meeting at the Little Red Schoolhouse will not be open to the public.

Installation Set For Oddfellows

Sanford Lodge #7 of the Independent Order of Oddfellows will hold an installation of officers meeting at 8 p. m. Monday.

The installing officers will be James Tomovic, district deputy grand master and his staff of officers from the St. Cloud chapter.

DIG THAT LEATHER DESK, as 'Circusland' gets the signature of Paul Cristiani, business manager of the Cristiani family circus, on an agreement that includes managing the show area of Circusland and moving the circus quarters here. Maurice Marshall, developer of the attraction, and the trainer of big Oscar the oblong elephant, witness Cristiani's signature at Sarasota.

Asian Flu Outbreak Hits Nation

By United Press International
Fresh outbreaks of Asian flu swelled across the nation today, causing high absenteeism from schools, jobs and in the entertainment industry.

The Asian bug, which is a wide-eyed foreigner to U.S. shores two years ago caused scores of deaths and laid millions on their backs for a few days, was not nearly as widespread as in 1957.

But it had caused a "low grade epidemic" in Southern California and threatened serious outbreaks in the Detroit area, where anti-flu vaccines were running low.

Some states reported a higher than normal incidence of influenza-type cases and across the country the damp, cold season was taking a heavy toll of school children, teachers and civic officials.

An estimated half-million Los Angeles area residents were stricken with Asian flu and other viruses. Dr. Malcolm Merrill, state health officer, identified the disease as Asian influenza, but county health officer Roy O. Gilbert said half a dozen viruses probably were involved.

As a result, actresses, crew members and even producer-director Alfred Hitchcock were laid low with bloodshot eyes and fevers. Work on more than five TV shows and Hitchcock's movie, "Psycho," was delayed or postponed by flu attacks.

Three Injured In Head-On Crash

A head-on crash on route 436 sent three persons to the hospital Thursday night.

Mrs. Alma Tolhurst of 1222 Vio Estrella, Winter Park, was driving on the wrong side of the road when she plowed into a car driven by Walter Park resident Edward J. Smith, near the Turkey Farm, Highway Patrol Trooper J. L. Sikes said today.

Mrs. Tolhurst was taken to Winter Park Hospital with a possible fractured kneecap, several teeth knocked loose and chin cuts. Smith had a deep nose cut. His wife, Mrs. Joyce Elaine Smith had possible head injuries, a cut over her left eye and bruises. Both were treated at Florida Sanitarium.

Mayor Proclaims Polio Month

Mayor Earl Higginbotham today proclaimed January 1960 as March of Dimes Month in Sanford.

The proclamation signed by the mayor asked for help in a new offensive against birth defects and arthritis as well as polio. The National Foundation has begun to fight these diseases since "arthritis cripples more persons than any other disease and more than a quarter of a million infants are born each year with various birth defects."

Correction

Mr. August Stuch, father of Mrs. R. D. Priest of Sanford, also is survived by his widow, Mrs. Sarah M. Stuch; sons Wallace C. Stuch of Clearwater, William B. Stuch of Jacksonville and T/Sgt. Fred A. Stuch of Maryland and another daughter, Mrs. Virgil Greene of Pompano, and 14 grandchildren. Names of some of the survivors were omitted and Mr. Stuch's name was misspelled in the report of his death.

Pleasant Taxes

"Pleasant taxes" will be Jack LeDoux's subject when he speaks at the Sanford Rotary club meeting Monday. LeDoux, who is assistant manager and director of public relations at the Sanford Orlando Kennel Club will also show a film on taxes and conduct an open forum at the Civic Center luncheon.

Break-In Reported

An attempted break-in was made at George Reek's Heating and Plumbing Co. on 17-92, Frederick J. Reek told Sheriff's deputies Thursday. Reek said that entry wasn't gained but that three sprints took away were taken from outside the building.

Open House To Start Jaycee Week

Approval by the Navy of inclusion of an Outstanding Young Sailor selection in the awards list has completed plans for Jaycee Week which starts Sunday.

Each squadron at the Naval Air Station will select its candidate for the honor and a panel of judges will name the winner of the award, being made for enlisted Navy personnel for the first time this year.

Jaycee Week will begin Sunday at 1 p. m. when the public is invited to open house at the Jaycee Building on French Ave. Dr. Lee Kerwin is chairman of the open house, during which will be exhibited current and past Jaycee projects. Refreshments will be served from 1 to 5 p. m.

The public is invited to view another Jaycee function Tuesday at 1:30 p. m., when the Junior

Crash Probers Check Possibility Of Planted Bomb

WASHINGTON (UPI) — Government agents conducted a mammoth investigation today to determine whether a bomb caused last week's National Airliner crash which killed all 84 persons aboard.

Part of the inquiry centered on a passenger who was covered by about a million dollars worth of recently-acquired insurance.

Julian Andrew Frank, suspected of killing himself and 23 other airliner passengers with a suicide bomb, was under investigation for a series of alleged swindles which may total over a million dollars, it was revealed here today.

Blood Bank Work To Start Monday

Construction of the Seminole County Blood Bank will start Monday. County Bank Director Ralph Wright said today.

Carroll Daniel Construction Co. will build a 1,000 sq. ft. bank on the southwest corner of the Seminole Memorial Hospital grounds. The bank's architecture will blend with the hospital's.

Chicken Pilau

Sanford's American Legion Campbell-Lossing Post 83 will hold a chicken pilau supper Monday at the post headquarters on Hwy. 17-82. The 7 p. m. supper will be followed by a regular business meeting at 8.

Plaza Addition

Casselberry Industries is putting up a building which can be divided into four stores in Casselberry Plaza. Ben and Miller Evans are supervising the construction. Paul Bates is developing the unit which will have Casselberry Realty in one of its offices.

Book Project

Longwood Civic League members are cataloging the 3,500 books in the town's library in the Civic League building. League members have typed cards for about one fifth of the books in the Church St. building.

Get Acquainted Dance Slated

The Sanford Moose Lodge is sponsoring a get-acquainted party and dance Saturday night in the Wade Market building across the street from the lodge hall.

Tickets On Sale Monday For Bette Davis Show

The general sale of tickets for the Bette Davis show will begin Monday in the Woodruff Bldg. at the corner of First St. and Park Ave.

Humane Society Drive Underway

Mrs. Harriet Conley was elected president of the Sanford Humane Society last night and said "we are pleased that our meeting was a success and hope to enroll a large membership to carry on the work."

NAS Chief Killed Aboard Independence

A VAH-1 Chief Petty Officer was killed while the group was on a carrier attack exercise aboard the USS Independence.

Navy officials reported that Patrick James Lyons, aviation boatswain mate, received fatal injuries when he was struck by a falling flight check cable.

Three other VAH-1 men were injured in the accident.

NAS authorities said a plane coming in for a landing on the carrier struck the cable wire on the deck and the cable parted, hitting Lyons.

Injured in the accident were Rudolph Irving, John Washington, and David E. Edmonds.

The group returned today from the cruise.

Merchants

The retail merchants division of the Chamber of Commerce has called a special meeting at 2 p. m. Monday in the USO section of the C of C building to discuss downtown shopping problems. All downtown merchants and others interested in the discussion are invited to attend.

U.S. Takes 'Show Me' Attitude On Red Boasts

WASHINGTON (UPI)—There is plenty of reason for America's "show me" attitude toward Russian Premier Nikita S. Khrushchev's announcement that he will slash the Soviet armed forces.

And there is little room for comfort. Even if Khrushchev carried out the 1,200,000-man cut, he still apparently would have the largest military establishment in the world.

The Supreme Soviet unanimously approved Premier NIKITA Khrushchev's proposal to cut Soviet armed forces by 1,200,000 men, thus putting it into effect.

Both houses of the Russian Parliament approved the new law after Khrushchev again took the rostrum to note that "all people who spoke on my report and on the draft law expressed their approval."

Behind U. S. skepticism over the new cut were Allied intelligence reports that Russia has not made anything like the cuts in armed manpower that it previously has announced.

Moreover, in telling the Supreme Soviet Thursday that he would reduce military forces by one-third, Khrushchev gave himself two years to carry out the promise.

During that time, he could capitalize on the propaganda value of the promise even if later he found some reason not to make good on the reduction.

Another reason for U. S. skepticism is Khrushchev's statement that Soviet military forces now total 3,223,000 men. The North Atlantic Treaty Organization estimates Russia's armed manpower at 4,500,000.

The newest promised reduction brings to 2,040,000 the number of men Russia has said it would cut from its armed forces since August, 1958.

All evidence indicates Russia probably has adopted the massive reduction concept originated by the U. S. Air Force after World War II. But militarily the Soviet Union has continued its preparations for all kinds of wars and has built flexible forces for the purpose.

Humane Society Drive Underway

Mrs. Harriet Conley was elected president of the Sanford Humane Society last night and said "we are pleased that our meeting was a success and hope to enroll a large membership to carry on the work."

Also elected were Gene Rankin, first; Ethel Williams, second; and Diane Cudebec, third vice president; Robert Johnson, secretary; Elaine Miller, corresponding secretary; and Mrs. Gene Rankin, corresponding secretary.

Named to the board of directors were Sheriff J. L. Hobby, T. K. Tucker, John Krider, Ralph A. Smith, Dr. R. L. Bassi, Bob Crumley and David Gatchel.

Mrs. Mary J. Garrison and Marvin Heltman, both active in humane society work for many years, were speakers at the meeting.

Mrs. Garrison stressed that "it is important that the community understand that we do not only protect animals, but also take action to prevent cruelty to children."

Heltman outlined all aspects of the society's work and answered questions of members and prospective members about the organization.

Members are being sought and interested persons are asked to write to Sanford Humane Society, 100 Church Club Dr., or phone SA 8-7899.

Longwood Mayor Cites Town Gains In 1959

Longwood Mayor A. R. Lormann reported that his town saw \$611,546 worth of building, reorganized its fire department and had two acts passed by the legislature in 1959.

The state approved staggering the terms of town councilmen and gave the go ahead in an act letting Longwood extend its limits by annexation.

The 118 permits issued for \$611,546 worth of new buildings had developers selling their houses as fast as they built them, Lormann said. A fire marshal was appointed to command the reorganized fire department. The firefighters now have weekly drills and mutual aid agreements with Casselberry and

News Briefs

Help Asked
BLOXI, Miss. (UPI) — Negro leaders called on the FBI today to reveal the names of 23 men suspected of the lynch-murder of a young Mississippi Negro. The demands came after a federal grand jury here refused Thursday to indict anyone for killing Mack Charles Parker.

Unemployment Down

WASHINGTON (UPI) — Unemployment fell "significantly" last month although it usually climbs in December, informed sources said today. The number of jobs also rose to a record high for December and average factory workers' weekly earnings increased to a new peak.

Circus Land Disputed

SARASOTA (UPI) — The dispute over who owns a 19.6 acre tract of land sold by Ringling Bros. and Barnum & Bailey Circus to the Arvida Corp. has gone to the courts. Sarasota County claims it owns the land since it specified in 1937, when it gave the land to the circus that it must revert to the county if the circus decided to dispose of it.

Congressmen Rapped

HAVANA (UPI) — The rebel organ "Revolucion" has charged that two U. S. congressmen and a State Department official are members of a "crime syndicate" which is waging a campaign against Cuba. An editorial Thursday denounced Rep. Daniel D. Flood (D-Pa.) and Sen. J. William Fulbright (D-Miss.) and State Department spokesman L. I. G. White as "international gangsters."
