The committee heard evidence for weeks and never succeeded in having anyone tell us any difference between kinds of secondary boycotts."

Third, there is a serious jurisdictional vold in labor disputes. One effect of the Taft-Hartley law - which its framers and Congress certainly did not intend - has been to take all authority away from state courts in many situations. Delays and uncertainties have resulted. What amounts to a legal no man's land exists. This void must be eliminated if business is to be given a source of legal relief from coercion and intimidation.

Only Congress has the power to cure these grave ills.

THE CARD OF THANKS Very often a Card of Thanks in The Sanford Herale meets a need which is difficult to fill in any other way Not only in it a gracious expression of gratitude to those who have sent florest tributes but also courte-ously acknowledges the services and histonesses of the many to whom a personal note of thanks cannot well be mailed.

be mailed.

Newspaper Cards of Thanks are accepted as socially correct.

Emily Post, the noted authority on cliquette, feels they serve many good uses. There is no prescribed form for a Card of Thanks, it can be as brief or as detailed as you desire. When the occasion comes you will find a sympathetically understanding member of our staff to

assist you. THE "IN MEMORIUM" NOTICE It is the custom of many families in this country to commemorate a bereavement by an "in Memorium" notice in newspaper classified columns. They find a real solace therein Preparation of selection of a suitable verse brings back to them tender, pleasant recollections. As Eliza Cook, the English poet has so beautifully

expressed it:
"How cruelly sweet are the echoes

that start

What memory plays an old tune
on the heart."

Most frequently an in Memorium is inserted on the anniverzary of death. However, other dates, which it is felt are appropriate or meaningful are also selected. The birthday of the departed, the wedding anniversary, Memorial Day, even Christmas
are among other significant occasions chosen.
If you are hesitant to express your tender thoughts in posticform, you may avail yourself of the Herald's collection of original
verses. These express in poetic beauty the emotions of the heartstrings. Among them are verses appropriate to any circumstance.
