

How come 44,000,000 people are insured by Metropolitan Life —more than by any other company in the world?

Mostly it's because our customers like the way we treat them—and their money. Big as Metropolitan is, we've never lost the personal touch.

With 31,000 field representatives across the continent—a staff of 64,000 in all—Metropolitan always has someone nearby to give personal attention to every claim or question.

These advisers are specially trained to give Metropolitan's famous Family Security Check-Up. This is a clear-eyed analysis of your family's financial security that often turns up assets you never even knew you had.

Your Metropolitan adviser can also show you a number of ways to stretch your coverage far beyond what you thought your budget would allow.

For example, take a simple Metropolitan income rider. This can make a \$10,000 policy pay off as much as \$50,000 to your wife and kids. Something to look into.

Also, be sure to ask how you can start collecting from Metropolitan while you're still around. One way

is an ingenious plan that lets you turn an ordinary policy into a retirement fund any time you feel like it.

These are a few of the facts and figures that explain why Metropolitan advisers are asked to give thousands of Family Security Check-Ups every day. And why one out of every five people in the U.S. and Canada is insured by Metropolitan. And also why one out of every two Metropolitan life policies bought, is bought by one of our present policyholders.

Now—here are some other reasons why more people choose Metropolitan:

- We pay policyholders and beneficiaries an average of a million dollars an hour every business day. Last year, that added up to over \$2 billion. And two-thirds went to living policyholders.

- Metropolitan offers an unusually wide range of life and health plans and annuities. This permits your Metropolitan adviser to tailor a program specifically to your needs. We can insure you for any amount from \$500 to a cool \$5 million—or even more.

- Nearly half the 100 largest U.S. industrial corporations (plus 42,000 other companies large and small) insure their employees with Metropolitan.

- Metropolitan has more life insurance in force than any other company—more than \$107 billion.

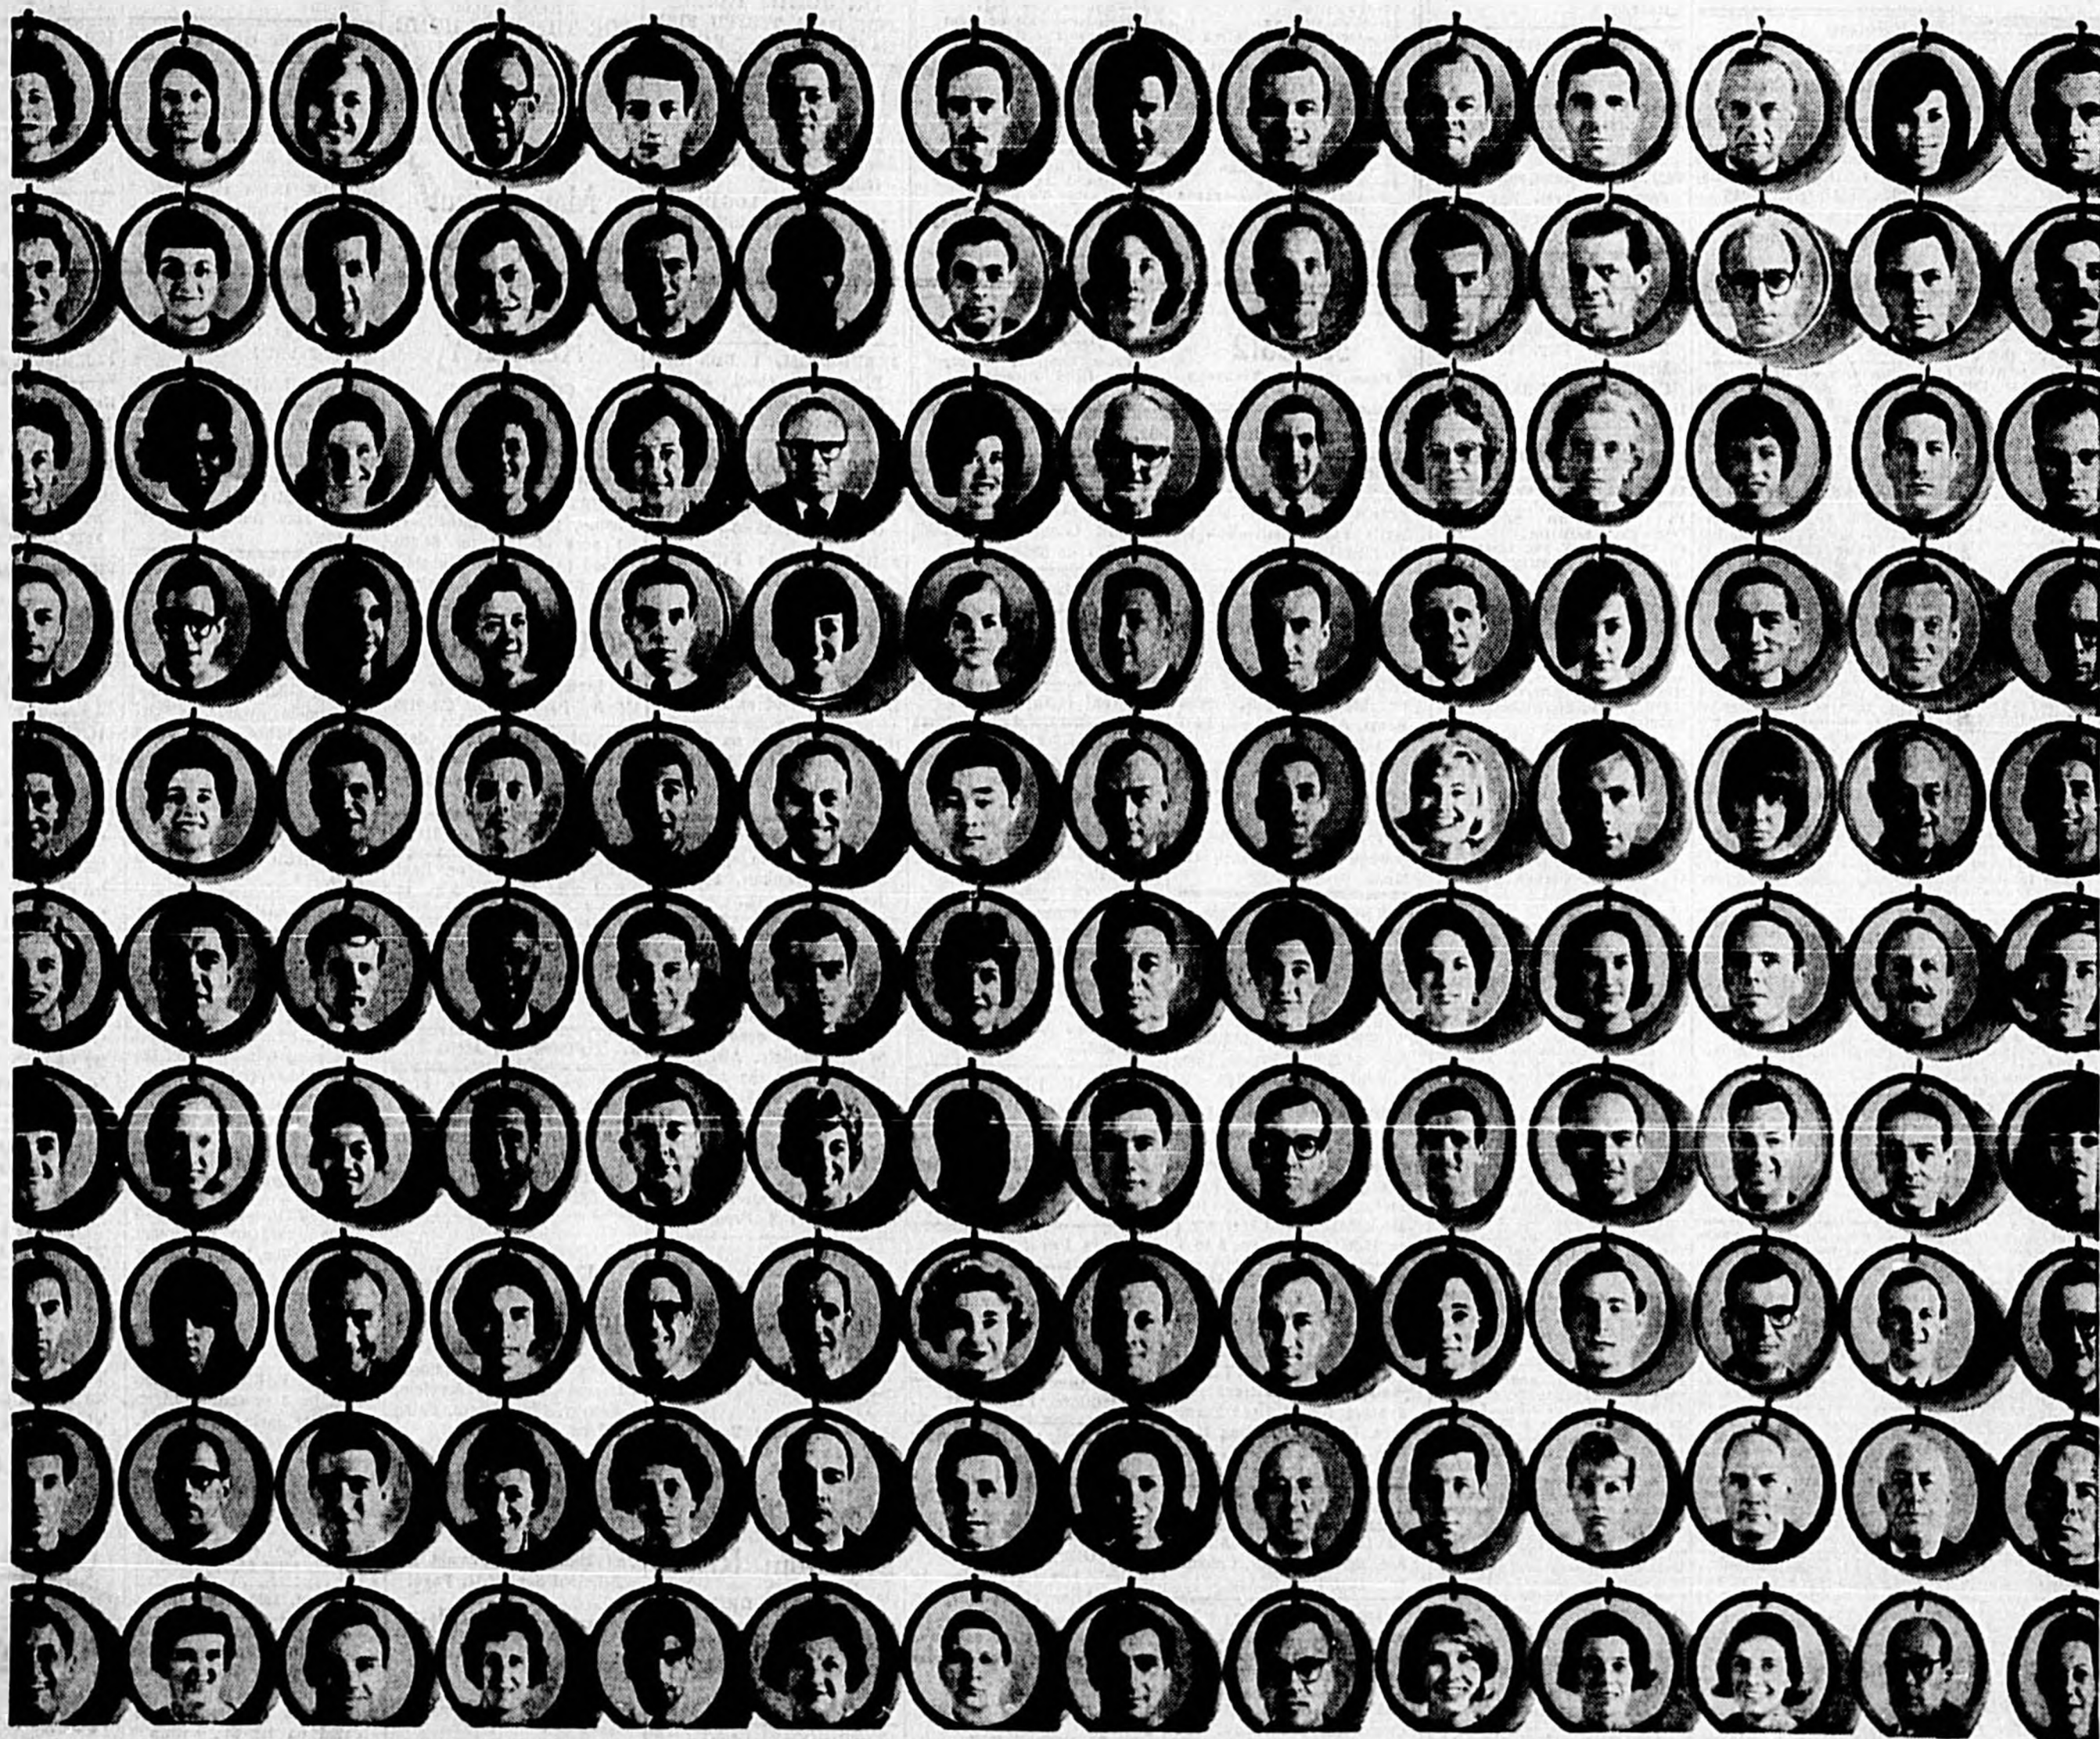

- A pioneer in health education, Metropolitan has given away 1.8 billion pieces of health and safety literature.

- Metropolitan invests an average of \$8 million every business day in U.S. and Canadian communities—spurring new ventures such as jet aviation and modern housing—stimulating jobs for millions—and getting a good return for our policyholders at the same time.

Remember, after the three basic necessities, food, clothing and shelter, the Fourth Necessity is enough life insurance. And the company you get it from can make a difference—a very big difference in the security you provide for your family.

Why not call your local Metropolitan adviser? There's no obligation...except to those you love.

More choose Metropolitan Life
millions more than any other company

Metropolitan's local office: William J. Warnicke, Agency Manager. Sanford Det. Off., Florida State Bank Building, 200 W. First St., Sanford, Florida, 323-0934

A DeBary woman has complete faith in the younger set. And with good reason. She tells The Herald the other day she was shopping at the Winn-Dixie store on E. First Street when her grandson tossed her wallet out of the shopping cart.

The shopper continued shopping and reached the checkout counter still not knowing the wallet was missing. Standing there while the clerk was tallying up the amount, the store manager came up to her, asked if she'd like to have her wallet.

A bagboy had found it, he explained, and given it to the manager. The shopper got her money back and the bagboy is quite a bit richer too.

"If I'd hit the dogs I'd have enough money in the bank to cover it." That's the answer given to County Judge C. Vernon Mize the other day when a man was arraigned on a funny-money check writing charge. It wasn't quite good enough for the judge. As a result the check artist now will come up with \$100 or spend 30 days in the county clink.

Another man, arraigned in the same session, was charged with cashing five worthless checks, three for \$3 each and two for \$5 each. His reason: "I've got two checks coming in the mail but I can't get them for a couple of days." The judge suggested he run them through again, if the writer thought they would be good, and then he'd have his bond reduced. Meanwhile, back to the county jail.

Those new traffic lights at Oak and First are ready to be switched on. Just a reminder.

Notice the lakefront yesterday morning? Reminded of the way it looked some time ago when we had hurricane visitors. The strong northerly wind pushed the still-high Lake Monroe over the seawall in some points. The Mellonville Avenue area was under water.

The story The Herald carried Oct. 2 about the County widely investing funds awaiting later expenditure brought up the question of who instituted the procedure.

The story indicated that County Clerk Arthur Beckwith instituted the policy during the 1961-62 fiscal year which has since earned \$69,537.78 for the county's bank account. However, it has been called to our attention that perhaps the story should have indicated that Beckwith instituted this procedure upon the authorization and direction of the County Commissioners.

The Geneva Volunteer Fire Department Turkey Shoot will not be held Saturday as erroneously reported, but on Saturday, Oct. 17, at the corner of S.R. 426 and Highway 46.

Ferrin Resigns Council Post

By Donna Yates
The written resignation of Councilman Arthur Ferrin was read and accepted at the regular meeting of the North Orlando Village Council Tuesday night. In his resignation he explained that he has sold his home in the village and has moved to Orange County. Councilman Arthur Rhoades was appointed by Mayor Irene Van Espoel as alternate on the bank records in Ferrin's place. She announced that persons interested in filling his unexpired term may submit their name and qualifications to any member of the council.

Speeder Jailed Here Reported Escapee Under U. S. Sentence

'Book' Thrown At Suspect In Lake Plunge

Additional charges have been lodged against a young Jacksonville man nabbed by city and state police last Friday after a high speed chase ended in Lake Monroe. The youth who at the time of his arraignment before County Judge C. Vernon Mize identified himself as Donald B. Reynolds, 24, of Jacksonville, now faces charges of: Being a federal prison escapee. Driving a car which was stolen from Jacksonville. Using a fictitious name. Driving without a license. Resisting arrest.

The defendant is already serving his 60 day sentence on a reckless driving charge, having been sentenced last Friday by Judge Mize.

Sheriff's deputies said a fingerprint check showed the youth is in reality Oliver Lee Harness and that he was born in Clinton, Tenn., Feb. 8, 1942, making him 22 years old instead of 24.

Harness, alias Reynolds, was serving concurrent sentences of 18 months on federal and state charges. Deputies said they did not know the nature of the arrests and convictions.

He was lodged in the Division of Correction, Gainesville, at the time of his escape, police added.

Harness was chased on Highway 17-92 Friday morning from a point in South Seminole County and at speeds up to 110 miles an hour when his car failed to make a left turn off French Avenue near the lake, headed straight into the lake and the car was completely submerged except for the radio antenna.

Harness, a woman passenger and her six-month-old child struggled to safety on the seawall. None was injured.

Florida Highway Patrolman J. L. Sikes reported he clocked the car at top speeds and summoned aid from city police. Two local patrol cars joined in the predawn chase.

Arraigned later that morning before Judge Mize, Harness said he had driven from Jacksonville to Lake Wales to pick up the woman and her baby after getting off work the night before.

He turned around, he said, and started back and when nearing Sanford "blacked out" and did not remember anything until just prior to heading into the lake.

He denied resisting arrest, claiming the blackout, and said he had a driving license but his wallet was in possession of his girl friend.

Those three charges, resisting arrest, reckless driving and the license count were lodged shortly after his accident.

Racist Arrested In Bank Robbery

McCOMB, Miss. (UPI)—A wealthy McComb man's son, already charged in connection with recent racial violence in this area, today was arrested on bank robbery charges. Authorities said Sterling Lewis (Bubba) Gillis, 35, who had been released on bond on the earlier charge, was picked up at his home here this morning and charged with robbing the Monticello bank at Monticello, Miss., last March 2.

GOLDWATER BACKERS are getting ready for a rally this Thursday at 8 p.m. at the Civic Center when the guest speaker will be Rep. William V. Chappell, former Florida House of Representatives speaker. Davis Raps GOP At Demo Rally

By Julian Stenstrom
Associate Editor
"The tea party is over and the fight is on," declared Joe Davis, Democratic candidate for re-election to the state's House of Representatives, during a rally last night opening the party's headquarters at Alamo Springs. Davis lashed out at Seminole County Republican candidates who he said have "inferred that present Democratic office holders are not capable of good government and lack integrity."

"They've been holding coffees and teas all around the county," said Davis, "and make no mistake about it—they're working hard. They're hoping to ride into office on the coat tails of their national leader."

"But I resent these inferences about Democratic candidates," said the usually mild-mannered Davis who began to sound more like a preacher on the last night of a revival meeting.

He charged that none of the Democratic opponents had to fight their way through primaries and that they were hand-picked by GOP leaders, "and no doubt influenced by Orange and Pinellas county Republicans."

On the other hand, Davis stated: "We ought to put up with party opponents in tough primary elections."

"The Republican candidates have nothing to offer and I'm confident the voters in Seminole are intelligent enough to vote for the candidates of the party with a program."

"My opponent, for example," said Davis, "is an Orange County physician who says that there are too many lawyers and real estate men in the legislature. He says that seven per cent of the state budget deals with welfare and that a medical man is needed."

"But," said Davis, "I'm not concerned with just seven per cent of the budget. I'm concerned with all 100 per cent of it, particularly the 63 per cent which is expended for education."

Davis concluded that Seminole will have only one voice in the House starting in 1965 and that "The County will need a voice that will be heard."

He listed the seven committee assignments he had in the last session and enumerated his efforts on behalf of the St. Johns Indian River Canal, the College land amendment, a junior college for Seminole, vocational-technical training facilities and his position on state issues.

Other speakers included Lawrence Swafford, candidate for county commissioner; Mrs. Mary Earle Walker, candidate for re-election as county tax assessor; Al Davis, candidate for justice of the peace and Jim Birkenmeyer, candidate for the school board.

Sanford Man Dies In Orlando

Hiram Wesley Shannon Sr., of 2900 French Ave., died early today at the Florida Sanitarium and Hospital in Orlando at the age of 83. He has been a resident of Sanford for the past forty years and is a retired farmer and school teacher. He is survived by his wife and 12 children.

Note Rejected MOSCOW (UPI)—The United States and Britain today rejected as "unsatisfactory" a Soviet note accusing three American military attaches and a British officer of spying in Siberia.

Sanford Demo HQ To Open This Week

The Democratic Committee Headquarters will be located later this week at the site of the former Silver Dollar shoe store, First Street and Magnolia Avenue.

The announcement was made this morning by Dr. Vincent Roberts, Seminole County chairman of the Citizens for Johnson Committee.

Dr. Roberts said the building will also house volunteer workers for all Democratic candidates in the county.

He said telephones will be installed shortly and the number will be announced in The Herald. He called for volunteers to work in the offices, manning telephones, answering queries of visitors to it and distributing literature and other campaign material.

Additional material has been ordered from Democratic Headquarters in New York City and other points and will be available shortly after the offices are open.

Dr. Roberts says he will attend a workshop panel session Monday at 7 p.m. at the Robert Meyer Motel, Orlando, at which time top Democratic leaders will prepare for President Johnson's visit to this state.

Among those attending will be Parks Rusk, brother to U. S. Secretary of State Dean Rusk; Tom Fleming, state campaign chairman for LBJ for FLA Committee; and Tom Adams, Florida's secretary of state.

Chilly Weather Ups Fire Calls

Chilly weather has started the calls to fire headquarters when defective heaters cause trouble.

Firemen report they received a call at 7:10 p.m. Tuesday to 126 Country Club Dr. when a heater was found defective. The home is owned by H. J. Hutchison.

Exile Welcome MIAMI (UPI)—Miami's Cuban exile colony, which rolled out the red carpet for President Kennedy here in 1962, is expected to give another blue-ribbon welcome Wednesday night, this time to GOP vice presidential candidate William Miller.

Young O'Connor was given emergency treatment at the Sanford Naval Air Station Dispensary and transferred to Orlando. The other two youths were not seriously injured.

Fire Prevention Week Observed

Fire Prevention Week is in full swing in the Sanford area, with a full slate of educational programs planned for each day of the week, Fire Chief Mack Cleveland has announced.

Monday, Chief Cleveland spoke and showed a film at the Rotary Club, at the Little Red Schoolhouse and also at the West Side Grammar School.

Tuesday, fire prevention programs were carried out at All Souls Parochial School and West Side Elementary.

Today, Chief Cleveland was slated to speak to the South Side Elementary School at 9 a. m. and to the members of the Kiwanis Club at noon at the Civic Center.

Thursday, Goldsboro Elementary School and the Sanford-Seminole Jaycees will hear about fire prevention and on Friday talks and films are scheduled at Pinecrest and Hopper Elementary Schools.

The growth and development of the local fire department has been under the leadership of Chief Cleveland for the past 40 years and he began his service at the fire department 41 years ago.

Development Firm Shows Fast Growth

By Harry I. Johnson
Managing Editor
Seven directors of the Sanford-Seminole Development Co., Inc., were unanimously re-elected Tuesday night at the annual stockholders meeting in the Seminole County Chamber of Commerce rooms.

Chosen to serve for another year are Clifford W. McKibbin Jr., Francis E. Roumillat Jr., George Touhy, T. E. Tucker, Jack I. Greene, S. J. Davis Jr. and W. A. Patrick.

Stockholders requested the secretary, Teuby, to cast one vote in electing the directors. Following the meeting, the directors re-elected McKibbin as president for the fourth consecutive term.

Stockholders were told of the rapid, steady progress made by the Development Company in the past four years; how it was instrumental in assisting industries to locate here and how it has several other "prospects" for this area.

The corporation was set up primarily to attract new industries to Seminole County and it works in close cooperation with the Chamber's Industrial Committee headed by Scott Burns.

Since its start four years ago, the corporation has paid a six per cent dividend to stockholders and that was declared last June 30.

Burns cited the work of the corporation and compared it with other communities which have "Committees of 100" driving to do the same work. "They are floundering," he said and pointed to the positive steps taken by the local group.

Other communities have obtained information on the local setup and patterned similar ones after it. Such corporations, almost without fail, stockholders were told, have made virtually immediate advancements in obtaining industries.

Touhy praised the efforts of the corporations executive vice president, John Kridler, and called for a "suitable recognition" of his work. The president, McKibbin, said he would appoint a committee in the near future to obtain such a tribute for Kridler.

The newly-elected directors chose officers for the ensuing year. All re-elected, they are: President, McKibbin; vice president, Roumillat; executive vice president, Kridler; secretary, Touhy, and treasurer, Roy F. Mann.

Wounded Boy Still Confined

Billy O'Connor, 10-year-old son of Mrs. Joseph O'Connor, 408 Mellonville, is still confined to Holiday Hospital in Orlando as a result of being hit in the eye with shotgun pellets last Saturday morning.

Mrs. O'Connor said today that it had not yet been determined if his sight will be impaired.

Billy was riding on a trailer with two other youths Saturday near Golden Lake when a hunter, unknown to local authorities, fired in the direction of the trailer. All of the youngsters were peppered by the pellets.

Young O'Connor was given emergency treatment at the Sanford Naval Air Station Dispensary and transferred to Orlando. The other two youths were not seriously injured.

Reds Shoot Down 3 U. S. Planes

SAIGON, Viet Nam (UPI)—Communist Viet Cong guerrillas today shot down three U. S. Army aircraft and overran a government district headquarters in the Mekong delta.

A U. S. military spokesman said at least three, and possibly all five American crewmen, were killed when their HU1B combat helicopter was shot down only 12 miles west of Saigon. He said the helicopter went down in flames and exploded on impact.

Dinner, Awards End National 4-H Club Week

By Mrs. H. L. Johnson
National 4-H Week in Santa Fe County was climaxed Saturday night with the awarding of pins and certificates to a large group of boys and girls at a covered dish dinner held at the Civic Center in Sanford.

County Agent Cecil Tucker, Assistant Agent Ernest Lundberg and Home Demonstration Agent Miss Myrtle Wilson were in charge of the Achievement Night.

Guest speaker was Jack Dodd, outstanding young farmer, who got his start as a 4-H'er, who toured the Soviet Union last year as one of a group of American farmers. He explained some of their customs and different ways of farming. Following his speech there was a question and answer period.

Sandra Mikler, Girls' President of the County Council had charge of the program, which began with the singing of 4-H songs.

The pledge to the Flag was led by David Jabubain; the 4-H pledge by Cathy Cammack; and the devotion by Jonathan Lucas.

Special guests for the evening were Mr. and Mrs. W. L. Swofford of Altamonte Springs, General and Mrs. J. C. Hutchinson, and County Ranger Al Harris.

Miss Wilson introduced the 4-H leaders for the girls and Lundberg introduced the leaders for the boys, and read a letter from Gov. Farris Bryant.

Highest awards of the evening went to Cathy Cammack and George Bradshaw, Jr. Awards were also given for food preservation, foods and nutrition, home economics, home improvement, entomology, clothing, safety, recreation, achievement, child development, dairy, health, automotive, agricultural, electricity, forestry, gardening, public speaking, home grounds, citrus, herbs, dyes, soil and water conservation, and wildlife.

Tables were covered with white and the centerpieces were bowls of live greenery and green streamers.

Many proud parents attended the event with their children and as each 4-H'er prepared to go home, they were making plans for a bigger and better project year. A brand new project and record book will be started and kept with great care so it can be judged for next year's Achievement Night.

Parents Invited To Have Lunch

Homemakers Probe Medical Quackery

By Donna Estes

Mrs. Ralph Newcomer was in charge of a program on "Medical Quackery" at the regular meeting of the Longwood Extension Homemakers Club held last week at the Civic League Building on Church St.

Talks explaining medical quackery were given by Mrs. E. P. Richards and Mrs. Arthur Putman. Mrs. M. L. Tinsley spoke about machines employed by these charlatans and Mrs. W. J. Hartley exposed some of the fraudulent claims in the field of nutrition.

A skit illustrating the differences between quacks and legitimate doctors was presented by Mrs. Frank Steudle and Mrs. Charles Pierce.

Miss Myrtle Wilson, county agent, in a short talk urged the women to set high goals of personal improvement and community beautification during the coming year.

A birthday cake was given to Mrs. Steudle and the members extended their good wishes and sang "Happy Birthday."

The meeting was conducted by the president, Mrs. Felix Mege and the opening devotion was led by Mrs. Putman on the subject, "Our Hands and How We Can Use Them to the Glory of God." The closing prayer was given by Mrs. Tinsley.

Following the business meeting a covered dish luncheon was served. Chairman of the hostess committee, Mrs. B. R. Gray was assisted by Mrs. Hazel Rutherford and Mrs. R. D. Wesley.

P. O. Test Set At Casselberry

Postmaster Edgar R. Sitter announced today that applications for the civil service examination for the positions of substitute clerk and substitute carrier at the Casselberry Post Office are being accepted. Substitute special delivery messenger positions will also be filled from this examination. Appointments to these positions will be career appointments, unless otherwise limited, and the first year will be a probationary period. Career appointments become permanent upon satisfactory completion of the probationary period. The beginning rate of pay is \$2.45 per hour.

The minimum age limit for these positions is 18; 16 for high school graduates. They may be appointed when they reach their 18th birthday. However, persons under 18 may not be appointed to positions requiring the operation of a motor vehicle. Applications will be accepted from male and female. All qualified applicants will receive consideration for employment without regard to race, creed, color, or national origin.

No experience or training is required. All applicants will be required to take a written examination designed to test aptitude for learning and performing the duties of these positions. Test subjects will be of the following types: (1) general abilities, (2) following instructions, and (3) address checking.

Postal employees are entitled to liberal employee benefits including paid vacations, sick leave with pay, an excellent retirement system, and low cost group life insurance and health benefits.

Further information and application forms may be obtained from the post office.

Daytona Paper Backs Johnson And Humphrey

The Daytona Beach News-Journal, in a recent editorial, declared it is "imperative" that President Lyndon B. Johnson and his vice presidential candidate, Hubert H. Humphrey, be elected in the November balloting.

The neighboring newspaper declared "both men have proved they are capable of uniting the nation in times of turmoil and dissension" and "have exhibited their awareness of the great problems of our society."

The editorial pointed to the "take charge" attitude of President Johnson within minutes after the assassination of President John F. Kennedy and how, after taking the oath of office, Johnson quietly said:

"Now, let's get airborne." "What might have become a crisis in national confidence . . . did not materialize . . ." the editorial stated.

Mrs. Smart Talks At DeBary Garden Club

By Mrs. Frank White
Guest speaker at Friday's meeting of the DeBary Garden Club at the Community Center was Mrs. Alice F. Smart of Leesburg, noted author and lecturer on gardens, who narrated and showed colored slides of shade trees and blooming plants suitable for landscaping patio or garden. She was introduced by Mrs. C. E. Butler.

Beautification chairman,

Mrs. William Lakeman, reported that 24 native palms will be planted along the main highway through DeBary in the near future. Palms will be planted about 200 feet apart on both sides of the highway. A \$200 donation has been received by the club to help defray some of the expenses. As this is a community beautification project, members were asked to hold card parties in their homes to help raise funds.

Mrs. Preston McBean, president, welcomed the members after the summer recess and led in the Collect and called for a moment of silence in memory of Mrs. Leady Watt.

Mrs. Lynn Reed stated that members have been asked to

decorate the tables at the DeBary Mansion House during the convention to be held by the Florida Federation of Art, Inc., in November.

Horticulture chairman, Mrs. James V. Richard, urged members to get started on their projects; the president asked help in making plans for the Spring Flower Show, and Mrs. Gregory G. J. Kessenich reported on the recent convention, which she attended as delegate.

Mrs. James Sims spoke on conservation and Mrs. Clyde V. Woodward, flower show chairman, stressed the need

to get started early on cuttings and entries; and asked Mrs. Angel Diaz, chairman of artistic arrangements to speak to the members.

Miss Elmer Johnston recommended a book by Peter Lakes and Mrs. Herman Babson gave a membership report. Refreshments and social hour followed the meeting. The buffet table was overlaid with a white cloth, centered with an arrangement of fall berries by Laura Arrington, flanked by white frosted candles in crystal holders. Silver and crystal appointments completed the table.

\$400,000 For Bar Building

TALLAHASSEE — Florida Bar president Chesterfield H. Smith, Lakeland, announced today that \$400,000 has been pledged toward construction of a headquarters building for the Florida Bar in Tallahassee.

Smith said the Bar Center Campaign Committee plans to conclude the drive to raise \$500,000 in pledges from Florida lawyers and judges by the end of the year. The campaign was begun in December, 1963.

The Florida Bar Center, which will house the headquarters offices of The Florida Bar, statewide organization of lawyers and judges, will be constructed on a tract adjacent to the Apalachee Parkway (U. S. 27).

About Sports Thinking Out Loud

By Julian Steinberg

White Seminoles Coach Jim Pigott can't complain about the performance he's getting out of ends Larry Nopper, Larry Watson, Andy Love, Eddie Griffith and Mike Gray, there's no doubt but that he misses one towering youngster who two days before pre-season drills opened moved to Newport News, Va.

We're talking about six-foot-five and a half-inch Mike Fordham who last year as a soph turned in some outstanding work for Pigott's tribe.

Due to eligibility rules, Mike was unable to play football this season for the Newport News Typhoons but that doesn't mean the 185-pounder isn't busy.

"Mike," according to the Newport News Times Herald, "is giving Coach Charley Nuttycombe of Newport News High plenty of assistance on the football field this fall."

"Fordham, a junior transfer student, isn't eligible to play for the Typhoons until the 1965 grid season. However, the talented grid-star has been a big help in working out with the team."

"He's tough, real tough on defense," said Nuttycombe. "We just can't wait to get him at end next year," added the Typhoon skipper.

"During the break season Nuttycombe hopes to have Fordham highjumping."

This information comes from a clipping sent to us by L.L. and Mrs. W. J. Fordham who also said they "missed the city and their friends very much. We'll never be happy until we can return, and this time as permanent residents."

"If you have a spare line some place in one of your columns give our regards to all our friends in your fair city."

L.L. and Mrs. Fordham renewed their subscription to The Herald so they could keep up with happenings here and following the season as they coach the Newport News Typhoons in their first season as a member of the league.

By the way, the Fordhams reside at 812 15th St., Newport News, Va. We'll be happy to have them back in Sanford, too, and — as we said — we imagine Pigott would like to have them back right now.

Wonder who those nine judges are that will pick this year's winner of the Peter Schaal award? One thing's sure: they're going to have a rough time of it with so many Seminoles — backs and line-men as well — getting into the act. This year's Seminole edition is anything but a one-man club.

Here are the winners to date: Edentfield, 1928 and 1929; George Mory, 1930; John Courier, 1931; Hendrix Lyles, 1932; Quillian Jordan, 1933; George McClelland, 1934; Elwyn Squires, 1935; Leland McClelland, 1936; Robert Stoinoff, 1937; the late Capt. Darrell Ferguson, 1938 and Jim Riser, 1939.

Also, Robert Altman, 1940; Bill Brannan, 1941; Fleming, 1942-1943; Fouts Brumley, 1944; Willis Anderson, 1945-46; Wally Tyne, 1947; Richard Bass, 1948; Charles Anderson, 1949; Mike Whelchel, 1950; Ed Gordon, 1951 and Junior Metta, 1952.

Also, Rosa Hannum, 1953; John Jones, 1954; Jim Hawkins, 1955; Brantley Schirard, 1956; Eddie Barbour, 1957; Cecil Dandridge, 1958; Ray Lundquist, 1959; John Whelchel, 1960; Bill Phagan, 1961; Butch Riser, 1962 and the late Buddy Lawson, 1963.

GIBSON HONORED

NEW YORK (UPI) — Bob Gibson, St. Louis Cardinal right-hander, was named National League "Player of the Month" for September by a committee of 50 baseball writers and broadcasters.

The oldest record in the 19-year-old Gator Bowl football event is held by South Carolina's Charlie Brembs. The 90-yard return of a pass interception by Brembs is the lone mark still standing from the first annual GB battle in 1946.

Braves And Hurricanes Battle To Scoreless Tie

Sanford Junior High JV's Grab 27 To 0 Victory

By David Higginbotham

Sanford Junior High's Braves and South Seminoles Junior High's Hurricanes both failed to accomplish Tuesday night what they had set out to do.

The Braves were intent on whipping the Hurricanes and splitting even in their two games this season. The Hurricanes were determined to make this the first season they had defeated the Braves twice.

The result: A scoreless tie. The only consolation Sanford has got last night was a victory over the Baby Hurricanes in a JayVee contest. The Braves won 27 to 0.

At the beginning it looked as if the Hurricanes would blow the Braves off the field. They took the kickoff and rushed up four first downs and 55 yards but a penalty stopped the drive. Sanford came right back and started a drive of their own but a 15-yard penalty stopped that one, too.

In the second half a fumble broke up a Braves effort. The Hurricanes got a drive going but a Sanford interception ended the threat. The Braves immediately drove to South Seminoles' 11-yard line, sparked by a 45-yard punt return. But on the next four plays Sanford could penetrate only two yards deeper into Hurricane territory.

In the final seconds South Seminoles moved deep into Sanford's territory but the Braves' defense stopped it. Neither club's passing attack counted for any yardage. Fred Weber, Phil Smith, Mark Cook and Mike Long stood out for the Braves.

In the preliminary encounter, Bobby Lundquist, Met Morgan, John May and Bill Bracken all tallied touchdowns. May added two PAT's and Morgan came up with one. Darrell Vodopich rushed up 30 yards and Morgan got 42, including a 10-yard TD run and 18 more yards on a pass from Lundquist. May's TD was on a 77-yard punt. Bill Day got 18 yards.

The Little Braves passed four times for 31 yards and a touchdown.

Evans Tops In Bowlerette Loop

After three weeks of play Evans Builders leads the Bowlerette League with a record of 11 wins and only one loss. In the number two spot is Cut 'n Curl with a record of nine and three.

In the third position in league standings are the Lil' Buggers with a total of eight wins compared to four losses and tied for fourth-place with seven wins and five defeats are Team Nine and Senkarik's Paint and Glass.

The balance of standings reflect Karns Insurance, Play Girl Fashions, Inland Materials, Johnny Walker Realty and finally Team Seven.

High single game honors went to Joan Every with a 194, barely nudging Elaine Kostival's 191. Not to be outdone for individual honors, Elaine Kostival did take series with a 812 set. Second-high three-game series was that of Jane Spolaki—485.

Other high games rolled by the Bowlerettes were Dot Schalton, 176; Elsie Oldham, 173 and Jane Spolaki's 177. In the split-conversions department, the popular 2-7 baby split was made by quite a few of the gals: Ginny Chadwick, Helen Marchesano, Toni Powell, Elsie Oldham and Fran Wells.

On the other side of the boards, the 3-10 (also a baby split), was made by Eva Blatz, Elaine Kostival and Nancy Salyers. The 5-6 by Tina Parker and the 5-7 by Elaine Kostival.

The only two turkeys rolled this week were by Joan Every and Jane Spolaki.

Roger Sigler of Louisiana State holds several records in the Gator Bowl basketball tournament. He scored 34 against Georgia for a one-game mark in 1955. He set the two-game mark of 64 the same year.

FROM THIS PHOTO OF LYMAN Coach Dick Copeland you would figure his Greyhounds were 14 points behind, 58 seconds were left on the clock, and his club has just fumbled the ball. And you're right! That's exactly what happened when Herald Photographer David Brown caught the dejected Copeland with this shot. Apopka went on to score again and beat the 'Hounds 20 to 0 in an OBC encounter. Yanks Say Yogi Was Top Skipper

By Harry Grayson

Newspaper Enterprise Assn. NEW YORK (NEA)—When named manager of the Yankees, Yogi Berra asked for nothing more than a one-year contract.

By that time I'll know whether I can or care to manage," said Berra, the squat catcher who read himself out of comic books into a certain niche in baseball's Hall of Fame.

What kind of a job has Berra done as a resident genius? "Real good," said general manager Ralph Houk, whom Yogi succeeded as field general.

The Yankees feel the same way. Whiskey Ford pointed out that old battery mate Berra got the Yankees back on the pace after holding them together under somewhat distressing circumstances.

"Our infield is great defensively," said Ford, the pitching coach who is his own best performer. "But (Joe) Peplone, (Bobby) Richardson, (Tony) Kubek and (Clete) Boyer have hit from 22 to 68 points below what they're capable of."

"What saved us was young Mel Stottlemyre. Pete Ramos coming from Cleveland to give us a finishing touch didn't hurt."

How does Berra feel about managing now? "For one thing," said the Italian who came off the hill in St. Louis to set major league and World Series records, "I know a lot more about managing than I did when I started."

With three clubs in serious contention right down to the pay window, was this the flag to win in Berra's 18 years' toughest American League with the New York Club?

"I wouldn't say so," replied Yogi. "Joe McCarthy's Boston club took us right down to the final inning of the last game in 1949. Detroit took a real run at us in 1950."

Was there ever a time Yogi felt that this might be a year in which the Yankees did not win the pennant? How about

when they lost six straight and the freshman pilot clamped down on harmonica playing, among other things?

Yogi Berra

"Nobody on this club ever thinks quit," snapped Berra, his dark eyes flashing. "It was Aug. 22 when we dropped the sixth straight in Boston. There was plenty of time left. Things had to straighten out. 'I felt lowest after we lost two of three in Los Angeles. We won the first one, then lost to Dean Chance. What hurt was losing the final game in which Ken McBride pitched the first five innings before being relieved by Bob Lee. McBride had absolutely nothing, yet we couldn't do a thing with him."

"The defeat dropped us three games behind and it was Sept. 3."

Berra no longer is as funny unintentionally as Joe E. Lewis in a night club.

Builder Sets Up Scholarship

Norman R. Sandler, a Winter Park home builder, has established an awards system whereby one Seminole or Orange county high school football player will end the current grid season with a \$500 scholarship.

Each week high school coaches will send their nominations for the outstanding player on their team to a special committee which will choose the "player of the week." He will be given an engraved trophy by Sandler.

At season's end the coaches will submit nominations for the outstanding "player of the year" and the \$500 scholarship winner.

Sandler told a meeting of the coaches he was dismayed that in most cases only teenage problems were publicized and that he thought this program might counteract this tendency.

Since schools have already played several games it was agreed that awards for games already played would be made to bring awards up to date.

Passing Major Factor In SHS Win Over Evans

By David Higginbotham
Herald Sports Writer

Each week something different plays an important role in the way the football bounces for the Seminoles. This past week in the Seminole-Evans tilt it was passing.

Co-captain Ronnie Hinson passed for Seminole five times and completed two, one of which was for a touchdown. Hinson threw six yards to Mike Gray for a first down which was the only Seminole first down via the airline. Hinson's other completed pass was to Chuck Scott for 28 yards and a Sanford TD.

Frank Whigham threw one pass for 19 yards to Scott and another Sanford TD. Whigham showed his running ability by going for two touchdowns only to have them called back on penalties.

Evans QB Larry Wood passed 22 times for 144 and three first downs. Wood's best pass of the tilt went 40 yards in the air and 37 more on the run for 77 yards and the only Evans touchdown. Wood's biggest misuse of the tilt was when he threw a pass in the direction of Sanford end LeRoy Nopper. Nopper went 40 yards for a Sanford score. Wood also threw one unintentionally to Bill Kuykendall and one to Bernie Barbour both of which Sanford needed at the time.

The Seminoles have passed 27 times in three tilts completing 15 with three going for touchdowns and a total of 151 yards.

Sanford's opponents have passed 44 times and completed 12 for 218 yards and one TD. Lee Sparkman carried nine times for 39 yards to bring his season total to 204 yards. Buddy Burton also carried nine times for 29 yards making 106 in three games. Sonny Messer went 32 yards on nine plays. Hinson carried 11 times for 68 yards giving him 66 thus far this year.

Sanford's rushing yardage was 196 yards for a total offensive yardage of 349. Kuykendall kicked off six times for a 46-yard average with his best one going 57 yards, his best this season.

Hinson punted twice for 41 yards which is what he usually gets per punt. The Seminoles have posted 31 first downs in three games, 20 by rushing, seven by passing and two by penalty. Seminole's opponents have 22 first downs, 13 by rushing, six by passing and three by penalty.

Co-captain David Noell led the defense with 12 tackles and Co-captain Joe Farless and David Gollober and Joe Purdy making 11 each. Al Boniface pulled down five and Sonny Messer and Brad Pruden each got four. Rick Walstrom and Kuykendall got three each while Nopper, Barbour and Sterl Weber got two. Burton, Scott, Danny Tillis, Whigham, Tony Gonzales, Steve Ballint, Eddie Griffith and Tommy Cason were all in on assists.

Turkeys were rolled by Helen Padgett, Margaret Price and Ulla Ganderton. Dot Buttons bowled a 197/491 but not quite enough pins to beat Rose Patrick's high series of 495.

Many splits were converted with Amy Henson of Lake Monroe Inn picking up the 5-6-10 along with Helen Altman and Thelma Unger. Beverly Kreek got the 5-8-10; Millie Nichols and Faye Roberts each picked up the 5-7; Connie Ringo the 5-7-9; Vera Hines the 2-7 and Libbie Whitehead topped the 3-7-10.

THE ONLY PLACE TO GO WAS UP, or get snowed under! And up he went. Here's Seminole High's Chuck Scott (20) apparently hemmed in by Evans' John Jarrett (32), George Clark (80) and Steve Keener (88). Scott—who scored two Sanford touchdowns in the 32 to 6 Metro victory—hurdled out of the jam and picked up 11 yards. (Herald Photo)

Sadecki And Ford Start Initial Series Contest

By Steve Sailer

UPI Sports Writer ST. LOUIS (UPI) — Hot-shot Ray Sadecki and old pro Whitey Ford matched left-handed pitching strength today when the St. Louis Cardinals set out to prove that upsetting the New York Yankees in the World Series could be easier than winning

the National League pennant. With scalpers getting \$50 for tickets priced at \$8, a capacity crowd of 31,000 turned out at tiny Busch Stadium to see the teams with the best World Series records of all major league teams face each other for the fifth time. The Yankees are 20-8 in overall series competition, the Cardinals are 6-3 and they stand 2-2 against each other.

The odds remained stable, favoring the Yankees at 13-10 in the first game and 17-10 in the series.

The possibility that the momentum that carried the Cardinals to the pennant may still be favoring them was suggested when slugging third-baseman Ken Boyer and slick-fielding second baseman Julian Javier were in today's starting lineup while shortstop Tony Kubek is lost to the Yankees for the series.

Kubek was replaced by Phil Linz, a .250-hitter who is capable at many positions.

Indians To Wait 10 Days Before Making Decision

CLEVELAND, Ohio (UPI)—The city of Cleveland has received a 10-day reprieve on the decision whether the Indians baseball franchise will remain here.

Gabe Paul, president and general manager of the Indians, said after a four-hour closed meeting Tuesday that the board of directors will wait until Oct. 16 to see the results of an advance season ticket sales drive for 1965.

"The board recognizes the Indians cannot continue to operate on the same basis as in 1963 and 1964," he said in a statement. "However, they feel that Cleveland officials and civic groups should be given an opportunity to stimulate sufficient support to enable the club to remain here."

"The board, therefore, voted unanimously to postpone action pending further study, investigation and consideration and directed the officers to report their findings and recommendations to the board."

Paul presented the officials of three other cities, figures on the club's finances and attendance, and promises and commitments from the city of Cleveland.

CHICAGO (UPI)—Charles O. Finley apparently is preparing another request to move his Athletics from Kansas City to a more profitable locale. Finley said major stockholders and board members would gather in his Chicago insurance office at noon Friday.

One of the nice things about owning it is selling it.

A new Volkswagen doesn't depreciate wildly the minute you turn the key. In a sense, the older it gets the more valuable it gets.

So that in 5 years, the same VW will be worth more than some 5-year-old cars that cost twice as much to begin with.

Old VWs are worth a lot because a lot of people want them.

For one thing, it takes a real car nut to tell a clean used one from a new one. VWs always look like VWs.

Another reason is that they hold up. A VW is put together so well, it's practically airtight. (It helps to open a window to close a door. Even on old ones.)

And, new VW or old, there's all that nice money you keep saving on gas, oil, tires, insurance, and repairs.

Which means you can get a nice price for it, if, for some strange reason, you'd want to sell.

It's the kind of economy that people are willing to pay an arm and a leg for.

FOREST CITY twins, Jo Anne and Mary Lu Krenner, daughters of Mr. and Mrs. Alfred Krenner of Causeway Drive, hold their unusual pets, "Robin Rabbit" and "Bandy Squirrel," who are being raised together in the same cage. The two pets enjoy playing together and are still fed with a doll baby bottle. Robin was found in the yard when the grass was mowed and Bandy was a victim of Hurricane Dora.

DeBary Post 259 To Help Get Out Vote

By Mrs. Frank White
The Herbert D. Gobb Post of the American Legion, DeBary, voted at the regular meeting last week to do their part in getting out the vote. Six post members have volunteered to provide transportation for voters to the polls on election day. Three cars will go to the Republican Headquarters and three to the Democratic Headquarters. Anyone desiring transportation to and from the polls may call either headquarters and a legionsaire will come and pick them up.

Four legionsaires are going to make a bicycle rack to hold 15 bikes, which will be placed at the east end of the Plaza. School children, who ride their bikes to the Plaza to catch the school bus, will now

have better protection for their bikes, as some have been damaged after being left in the parking area.

The Post and Auxiliary will have their annual picnic at Alexander Springs, Saturday, Oct. 17. The group will meet at DeBary Plaza at 10 a.m. Those needing transportation may call Commander Williams or President Mrs. Rose Williams. If you have never been to the springs, it will be a treat for you as there is good swimming, nature trails, and a fine picnic area.

At the Nov. 5 meeting, medals of heroic effort will be presented to Renaldo Biondi, a post member; Bernie Wilford, and Walter Braunle for saving the life of a man trapped in his car after it went into Lake Marie.

On Oct. 26, the Volusia County Executive meeting of American Legion will be held at the Community Center in DeBary. Commander Virginia Harrison will have charge of the meeting.

The Post Colors were draped in black mourning for 30 days and the members stood in silence for 30 seconds for departed Comrade John Gillie, a former member of Post 259.

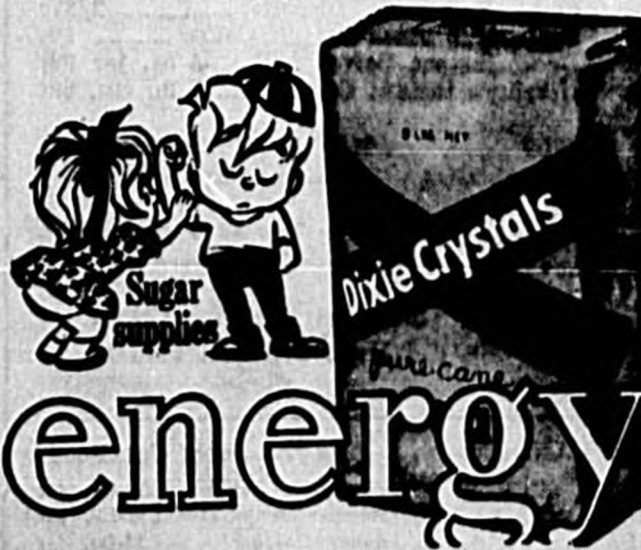

The Rev. Hubert M. Thomas, pastor of the First Baptist Church of DeBary has invited all veterans to attend the church service on Sunday, Nov. 8, at 11 a.m. Each year the veterans attend church in memory of departed comrades on the Sunday prior to Veterans Day.

Letters of thanks are being sent to Ed Redman for donating 175 paper back books to the Lake City Veterans Hospital and to Mrs. Eleanor Johnquist, president of the DeBary Library, who gave 125 good books to the library at the veterans hospital.

Autos Burning More Gasoline

WASHINGTON (UPI) — American motorists are expected to burn \$7.3 billion gallons of motor fuel this year, or about 4.3 per cent more than in 1963.

The estimate was made Sunday by the Bureau of Public Roads. It predicted a consumption of 63.8 billion gallons of gasoline and 3.8 billion gallons of special fuels such as diesel and kerosene.

"Candid Chatter"

By Doris Williams
Society Editor

THIS WEEK is being dedicated to the business women of America as National Business Women's Week. Sanford has scores of highly successful business women, so dozens of roses to all you gals who are out in the business world.

LOIS HOUSHOLDER

A business woman around town, who is dear to the hearts of all who know her, is Mrs. Lois Housholder, assistant vice president of the Sanford Atlantic National Bank.

Mrs. Housholder could just as easily have been an empress the day of a pop in interview and informal tete-a-tete. She sat behind her big desk in her private office with grace and charm radiating in all directions. She was wearing a stunning white knit dress and looked absolutely regal.

Anyone around town who has ever had any financial problems, either large or small, has no doubt conducted transactions with our veep. The gracious manner in which she handles her clients is amazing, and her engaging personality completely dissolves all tensions and complexities, and in nothing flat, the client is relaxed and completely at ease.

Lois is the widow of the late Judge Ernest Housholder. She has been in Sanford for 13 years, and 11 of them has been in the employ of Sanford Atlantic National Bank. She started out at the bank in charge of installment operations, and has worked herself up to the present position. She loves her work and all the people with whom she comes in contact daily.

When asked what she liked to do, she replied that anything as long as it was loaded with fun and gaiety. She likes to cook and entertain, and is game for almost anything. She has two grandchildren whom she adores, and loves doing for them.

Now this gal is multifaceted with wisdom and philosophy, and has a zest for "living it up." She revealed she has a ball no matter what she is doing, even alone at home reading a good book, which she likes to do occasionally, as well as out on the town.

So any of you widows or

other women who feel sorry for yourselves with nothing to do, suggest you call on Lois Housholder for a few pointers. She appears never to be lonely a minute. She revealed a few of her little secrets for all this vim, vigor and vitality, and must agree, our veep makes sense, so we'll go along on her side. Ahai I've got a secret.

AFTER CONFERRING WITH our fiancier, Mrs. Housholder, ventured into another part of the bank building also dealing with funds, the United Fund office. Here we found Margaret Ganas amidst boxes of literature, etc., in preparation for the "kick-off" campaign scheduled for next Monday.

MARGARET GANAS

astic over the big campaign, and feels confident that Seminole County will have no trouble in raising the \$40,000, which is the goal this year.

As executive secretary to the United Fund, Margaret explained this will be her third campaign. The office is now open year round, rather than the two months when the United Fund opened in Seminole County. This arrangement proves beneficial in keeping up with the various pledges, therefore collecting more funds.

Margaret is another interesting gal, effervescent with energy, personality and initiative. Any detail assigned her in any capacity is successfully executed. She is a native Sanfordite, so consequently "in the know" of local events and people. Mrs. G. always seems so complacent and relaxed without a worry in the world. Heard her tell a gal some time ago that she needed to relax and to come on out to her home and she would show her how.

The Ganas clan lives on beautiful Banana Lake in a spacious split level home which has all the requisites of complete relaxation, including stereo music piped out to the lake. The grounds are perfectly lovely with plenty of "yelling room." The Ganas girls, Sharon, 15, and Julie, 11, have their own private beach, and love the gracious living.

Margaret is an avid gardener and is very interested in ceramics. She has created some elegant pieces, and would love to do more as time permits. Hubby, B. F., is superintendent of the air conditioning control of Sanford Naval Air Station, and also teaches Vocational School in the evenings at Lyman High School. For a number of years

he has been a leading figure with the Boy Scouts, and Margaret has been in there pitching.

So if you see a striking lady wearing a broad smile and a white straw hat with red feathers around town, you will know this Margaret Ganas, who has generously given of herself, and has had loads of fun while conscientiously working for the United Fund.

BREAKING AWAY FROM the money gals, finds another native Sanford business woman engaged in legal work. Martha Vihlen celebrated her 10th year Oct. 1 as deputy clerk of Seminole County Circuit Court.

Martha is another "live wire" who is carrying on successfully in the business world as well as maintaining a home for friend husband and the younger Vihlens, Rolph, who is a senior at Seminole High School, and Duane, who is a "senior" at Sanford Junior High.

MARTHA VIHLEN

Our deputy clerk has a most interesting career in the law department of the county. Chances are that if you want a divorce, she will process it; if you are being booted out of your home, foreclosure comes under her "jurisdiction," and civil suits are also handled by her. She confided she formerly attended court and took the minutes, but there are too many other duties now.

Martha evidently has a normal teenage household. When asked what she did for diversion, said she didn't have time for anything, except trying to keep up with the family activities, and that was a full time operation. We'll go along

South Seminole Young Women To Meet Thursday

By Jane Cammerly
The Young Women's Club of South Seminole will meet at the South Seminole Elementary School cafeteria on Thursday, promptly at 8 p.m.

Refreshments will be served by the hostesses, Mrs. J. W. Huggins and Mrs. J. D. Shultz.

The club held a successful card and game party with 63 persons attending at the Land o' Lakes Country Club at Casselberry Saturday night.

Continuous refreshments of punch or coffee were served and table prizes of jeweled sachets were given to high scorers at each table. Favors were presented to all who were present.

There was a drawing for door prizes from Morse's Dress Shop, Joella Gift Shop, Wes-Key Washeteria, Seminole Cinema, Land o' Lakes Country Club, Dominick's Sausages, J. Phillip Jewelers, Freddie's Steak House, Winn-Dixie, Longwood, Kentucky Fried Chicken, Maryland Fried Chicken, Cressy's Esso, Fern Park, Medallion Lanes and The Remnant Shop.

with that.

Congratulations are definitely in order to Martha Vihlen for her faithfulness and efficiency in handling her job as deputy clerk so capably.

FOR THE BENEFIT of you readers who are confused, not "in the know," or who are generally concerned, Dottie Austin is not leaving the Herald. Dottie Austin was in the hospital for a week. Dottie Austin is back in full force this week. Dottie Austin is City Editor, and has a full time job on that desk. Dottie Austin will see to it that any news any of you readers care to contribute, will reach the proper desk for publication. Dottie Austin is a great gal, a great columnist, and one gentleman reported she was the best newspaper man he ever saw. The Dottie Austin above mentioned is the Dottie Austin of the Herald, and she is around to stay. So long, Dottie.

Enjoying the festivities are seated from the left, Lynn Hasley, Jeff Krenzer, honoree, and Jo Anne Krenzer. Standing from the left are Cathy Lashley, Tim Bowser, Doug Krenzer, Cheryl Lashley, Mary Lu Krenzer and Patrick Rhodes.

Household Hints

Vacuum bottles and picnic containers develop a stale odor when closed and not used. To eliminate it, wash the containers in hot soapy water, then rinse with a solution of soda and warm water. Rinse in clear hot water. Let bottles air dry before closing.

Holzmanns' Discard Parkas In North Orlando Sunshine

By Margaret Conby

Would you like to hear about the largest State of the United States? Technical Sgt. and Mrs. Charles Holzmann recently arrived in North Orlando from our 49th State of Alaska — from Eielson Air Force Base, in Fairbanks, to be precise, and they have many interesting stories to tell of their experiences during their more than two-year stay.

Although both Ruth and Charles are natives of Cincinnati, Ohio, they have called many places "home" and, of course, some have more significance than others, especially California, where ten-year-old Susanne was born; Newfoundland, birthplace of Charles, Jr., now seven; and how could they ever forget a tour of duty in the fabulous Pentagon, in Washington, D.C., where their youngest daughter was born. Cathy is now four.

Ruth speaks of Alaska glowingly, with enthusiasm for its beauty — the lovely summers with lush vegetable gardens and beautiful flowers — more beautiful for the long, cold, dark winter. She tells of going down to the town of Valdez in the summer and taking pictures of the youngsters playing on the glacier. Incidentally, Valdez was wiped out by the tidal wave following the devastating earthquake. Fortunately, the Holzmann family only felt a pretty good jolt from the quake.

Sanford Garden Club Announces Circle Meetings

Especially unique, Ruth recalls, was the June 22 baseball game played at midnight without any artificial lights — the sun shines all night and no floodlights are necessary. On the other hand, winter days are dark as the winter and Christmas trees are more symbolic and radiant because of it. Christmas is eagerly awaited by adults and children alike, and there seems to be more ado about it than in other places they have lived — perhaps because there are fewer diversions. Ruth, with the help of her husband, made three complete ceramic sets of the Nativity — sending two to their parents, and we hope to see the third one displayed under their Florida palm this year.

Although the temperature in the summer only goes up

PATIO BARBECUE SAUCE
 1/2 cup (1/2 stick) butter or margarine
 1/4 cup tomato juice
 1/4 cup vinegar
 1 tbsp. Worcestershire sauce
 1/4 tsp. salt
 1/4 tsp. pepper
 1/4 tsp. dry mustard
 1/4 tsp. cayenne pepper
 1 bay leaf
 2 cloves garlic, crushed
 Combine all ingredients in saucepan; simmer 15 minutes.

The number of marriages in the United States and Canada was greater in 1963 than in the year before, according to statisticians at Metropolitan Life Insurance Co.

Beauty after Forty
 EDYTH THORNTON MCLEOD

"I am always exhausted, miserable and wish that I were twenty years younger. How could I get myself in a better frame of mind? I am also ten pounds overweight and am five feet tall—Nan."

I suggest a visit to your doctor. If you should follow a special diet, he will advise you can so easily get rid of ten pounds excess weight. I also suggest that you should have a copy of "Memo on the Menopausal" it is helpful reading. Send me a long, self-addressed, stamped envelope and enclose TEN cents in coin. Read and learn. You should not be so exhausted and blue. Do something about this and do it now. Confide in your doctor; modern methods are so wonderful. Also get a new hair-do, color your hair, and get a new makeup. Get some new interests. Give a party. Do something!

"Whenever I dress up and go to the beauty parlor (it's not often), my husband and grown son make fun of me. I never go out because of this, and they go places almost every evening. I am fifty, not old looking, keep a nice house and

make money at home. Have you any advice for me?"—Disquieted."

Yes, go often to the beauty parlor, have on makeup every day, and look as pretty as possible. Your husband and son will get used to seeing you looking attractive. Get some interests, go out, meet people. You will be happier and, maybe, so will they!

"Would a sleeveless, black wool sheath be suitable for a hotel dinner in November? The man are not going formal. What should I wear with this? My hair is gray. Must I wear a hat—Mary O."

A black wool sheath will be very smart. Wear pearls, gray or white ones, have long black gloves and a little culture cap (small pillbox). This would add greatly to your fashion-right appearance.

"I have a dress of orange-red. I am fifty, have white hair, and my husband likes the dress on me. It seems awfully gay to me. Would you wear it?"—B. B."

Yes, why not; and especially if your husband likes it. Flatter his taste and his interests. Be sure to get a matching lip-stick.

Dear Abby:

By Abigail Van Buren

Two Commandments for wives:
 1. Deify not thy body neither with excessive foods, tobacco nor alcohol, that thy days may be long in the house which thy husband provideth for thee.
 2. Putteth thy husband before thy mother, thy father, thy daughter and thy son, for he is thy lifelong companion.

3. Thou shalt not nag.
 4. Permit no one to tell thee that thou art having a hard time of it; neither thy mother, thy sister nor thy neighbor, for the Judge will not hold her gullible who letteth another disparage her husband.
 5. Thou shalt not withhold affection from thy husband, for every man loveth to be loved.
 6. Forget not the virtue of cleanliness and modest attire.
 7. Forgive with grace, for who among us does not need forgiveness?
 8. Remember that the frank approval of thy husband is worth more to thee than the admiring glances of a hundred strangers.
 9. Keep thy home in good order, for out of it cometh the joys of thy old age.
 10. Honor thy Lord thy God all the days of thy life, and thy children will rise up and call thee blessed.

DEAR ABBY: We have recently moved to a new community where it seems to be the custom for the married men to have "a night out with the boys." Milton and I have never gone anywhere in the evenings without each other and we don't intend to start now. When Milton was invited to join this "night out" group, he politely declined and now it's all over town that he is "hen-pecked."

Milton says that such remarks do not bother him. But they bother me a lot. I'd like people to know that my husband is NOT hen-pecked, and he could go if he wanted to, but he doesn't care to. How can I get this across without sounding holier than thou? I don't want to make any enemies.

ANNONYMOUS

DEAR ABBY: I've been married 12 years and have four lovely children. My husband travels and we have nothing in common anymore. We've only stayed together because of the children.

One night three months

ago, due to car trouble, some friends and I went into a night club about 35 miles from home. A band was playing there. I took one look at one of the musicians and my heart did a flip flop. At intermission he came right to our table and started talking to me. He said he saw me come in and he liked my looks. Abby, I've gone back there almost every night. I drive 70 miles just to sit and talk to him for the few minutes he has during breaks. For the first time since my marriage I haven't been able to get another man out of my mind. We've talked about our marriages. His isn't any good either, and he is just sticking around because of his children, too. I've only seen him at this establishment, and all we've done so far is talked. I know this sounds crazy, but I am very much in love with him. The craziest part is that I've checked up on him and I've found out that he is a liar. I hate liars, but it doesn't seem to change my feelings for him. I know he's no good but I love him. I can't help how I feel. It doesn't make sense. Is there something wrong with me.

NEEDS HELP

DEAR NEEDS: There is

Jacoby On Bridge By Oswald Jacoby

Newspaper Enterprise Assn. In "Bridge Writers' Choice 1964," Harrison Gray of England chose a routine four-spade contract in which declarer had to adopt one plan after another to counteract good defense. The trump lead was most unwelcome. He won it in his own hand and led a heart toward dummy's king. West might hold the ace, but no such luck. East put the ace on the king and led a second trump.

A second heart lead lost to East's jack and East led the third round of trumps. South was back in his own hand. He led a low club and finessed dummy's ten. Finally, something had worked. He led a low heart from

the heart and led a second club to dummy's ace. When the queen of clubs failed to fall, it looked as if South would have to depend upon a club break, but he had another arrow in his quiver.

He cashed dummy's king of spades, discarding a diamond from his hand. Then he led the eight of hearts. East won with the queen and South discarded another small diamond.

At this point West was squeezed. He had to unguard the queen of clubs or discard either the king or queen of diamonds. Either discard would give declarer the rest of the tricks and his contract.

We The Women: By Ruth Millett

Newspaper Enterprise Assn. "Can you think of anything 'mean' enough to say to people who rudely ask if your child is your 'grandchild'?" "Grandchild!"

A reader of this column poses the question, and adds: "The frequent question has spoiled many an otherwise enjoyable occasion for me."

"In fact, I am about to decide to stay home altogether, even though I am very proud of my lovely 12-year-old daughter, whom I wanted very much. I'm afraid that when she enters her teens she will be ashamed to have an 'old woman' for her mother, if she continues to hear such remarks."

"I have tried very hard to keep up my appearance—but evidently I took my age, and more."

"Of course, the gray hairs are starting to come and the wrinkles. But I enjoy children, and young people and try to think young."

"Will you, please, discuss this touchy problem in your column soon? I'm sure there are many other women who have had children late in life, who have had the experience of repeatedly being asked, 'Is this your grandchild?'"

I won't even try to think up a mean retort to that unfortunate question, because

the person asking it isn't being mean or catty. She's simply tactless.

It is always tactless to assume a relationship, instead of waiting to be told what it is. Your letter ought to make a lot of people think twice before asking such questions.

But don't let such tactlessness rob you of any of the joy of being a mother. Just smile sweetly at tactless questioners and say proudly, "No, indeed. This is my very own daughter."

And don't worry your head about your daughter ever being ashamed of having "an old woman" for her mother. To a child, a mother is never any particular age. She is just "mother." Wrinkles and gray hair don't make a bit of difference. To her child, a loved and loving mother is always beautiful.

Highlights

TV Time Previews

7:30-8:30 p.m. CBS. CBS Reports "Gideon's Trumpet: The Poor Man and the Law." One of the most fascinating shows of its kind ever aired is this study of how one convicted felon had been sentenced unjustly led to a major overhaul in the legal structure of the United States.

7:30-9 p.m. NBC. The Virginian "The Hero." (Color) Ninety minutes of politics, love and intrigue in the West.

8:30-9 p.m. CBS. The Beverly Hillsbillies. If you don't mind the utterly ridiculous situations, some good laughs arise in this one. Casting of Granny in a movie as Cleopatra will give you a rough idea.

8:30-9 p.m. ABC. Shindig. If you're young in heart or just enjoy the big beat, this is a must, a half hour taped in London and starring the Beatles who will introduce their newest song just prior to recording it for their millions of fans.

9:30-10 p.m. CBS. Dick Van Dyke Show "The Lady and the Baby Sitter." No blockbuster as far as the laughs are concerned, but a sweetly pleasant outing.

9-11 p.m. NBC. Wednesday Night Movie. "See How They Run." (Color) John Forsythe, Santa Berger, Jane Wyatt, Franchot Tone and Leslie Nielsen star in this first full-length color film ever made expressly for TV.

9:30-10 p.m. CBS. The Cara Williams Show. Off to a lukewarm start, this series picks up laugh steam here, thanks to its first plot with real comedy substance.

9:30-10:30 p.m. ABC. Burke's Law "Who Killed the Horse of Plenty?" No deviations from this series' highly successful formula.

Octet To Sing Here In Concert Sunday

By Robert E. Thomas Jr.
223-3734

Almost twenty years ago, five youngsters formed an octet, and named it the Gospel Singers. They were Cleve Gibson, Thomas Lawson, Raleigh Lee Sutton, Don Edwards, and James Davis. George Evans was their manager.

These aspiring youngsters sang incessantly at programs in various churches, and in school.

A few years later, the name of the group was changed to the "Singing Kings of Joy." Gibson, Lawson, and Davis are the only original members of the octet.

Other persons who were formerly a part of the octet are Emanuel Johnson, Cannon Deboe, and Andrew Perry.

"I will never forget that Easter Sunday when we organized," said Gibson. "You know," he added, "We began singing over WTRR a few months after it began operating."

Presently, the members of this octet are Cleve Gibson, Thomas Lawson, James Davis, Henry Deboe, and Odell Hunt. They have performed in most of the southern states, and practically every city in Florida. In March or April, they will celebrate their 20th Anniversary.

Always willing to contribute to worthy causes, these men dedicate themselves to any task they undertake. Many individuals have been helped by them. They have raised funds for the poor and needy, church building funds, and other projects.

Sunday this group will appear at Second Shiloh Missionary Baptist Church. Once again they will indicate that they are humanitarians by donating the funds from this program to the Bethune College Alumni Fund. This money will assist needy students in their quest of a college education.

To the best of this group, you have made and are continuing to make a wonderful contribution to our community.

You have brought happiness to many, I am sure. As you began your broadcast every Sunday morning, many of us await the voices which say "I am so glad I got my religion in time," which indicates that you are about to render 30 minutes of fine spiritual music. Keep up the good work.

Every Sunday morning from 10:30 to 11 they can be heard blending their voices in harmony over radio station WTRR. Yes, they are the "Singing Kings of Joy" formerly the Gospel Singers.

Mrs. Jessie McGill of 1824 Blackstone Avenue has been a resident of Sanford since 1914. She has been confined to a wheelchair since 1918. Last week, through the efforts of a voter registration campaign by the A. C. L. Club registration committee, she was able to go to the registration office and register. "This is one of the happiest moments of my life," she said.

The A. C. L. Club registration committee consisted of the following persons: Rev. James Hagin, D. C. McCoy,

Mrs. Grace Haynes, Mrs. Theresa Dixon, Mrs. Frances Collins, Mrs. Mildred Godfrey, Marva Hawkins, Mrs. Annie Alexander, Paul Dixon, Gary Gibson, Sebron Lanier, Mrs. Ethel Steele, and Mrs. Alena Watson.

This committee made a door-to-door campaign in an effort to get every one registered. You are to be commended for a job well done.

Seminole Children's Advisory Council met Monday Oct. 5. The Rev. Nathaniel A. Watson, who is chairman of the organization, stated the purpose of the meeting. Items discussed were: Plans for a program to raise funds, increase in the membership, and the possibility of entering a car in the Homecoming parade.

Anyone interesting in helping this group in any form is welcome. Please contact the following persons if you are desirous of becoming a member: Mrs. Alma J. Hurston, 1101 Pine Avenue, L. R. Edwards, 1101 Bay Avenue, or Rev. N. A. Watson, 1208 West 12th Street.

L. Johnson announces the Boy Scout meeting will be held today at 8:30 p.m. at Hopper Elementary School. They will host a visiting troop. Any child who is affiliated with scouting usually makes a good citizen. Let your child become a scout. You will be glad that you did.

Students identify with their teachers; football players do the same with their coaches etc. H. L. Douglas of Croombs High School, is a former coach. He is well remembered by most of the fellows he taught and coached. Many of his products have gone into the world and took their places in this most challenging and complex society. These men were influenced in a large degree by their former coach.

Following is a few of them and what they are doing: David Black, who was a fine football and baseball player, is a truck driver. Just the thing he wanted to be when he was in high school. When Black was in school, he was asked by Mrs. W. R. Croombs what he wanted to be. His answer was "I want to be a truck driver." He is a good one too. This fellow was a fine end for the Croombs Panthers. I believe he could have gone to the major leagues.

Rev. Z. Grady, a pastor of a church in Wilmington, S. C. He delivered the Baccalaureate Sermon at Croombs last June. Jerome W. Dixon, is a television repairman. He lives in Philadelphia, Penn. with his wife and their four sons. Ernest Johnson teaches on the faculty at Alabama State College; Lewis A. Jones teaches health and physical in Philadelphia; Leon L. Roberts, helps guard the U. S. Mint in Washington; Rufus C. Brooks, is principal of Eccleston Elementary School in Orlando; Willis Hill is a Medical Technician in Utah. There are many more, but space is not available. Note: Children also identify with their parents.

THE SINGING KINGS of Joy will appear at the Second Shiloh Missionary Baptist Church at 7 p.m. Sunday. Appearing will be Thomas Lawson Jr., Cleve Gibson, James Davis, Odell Hunt and Henry DeBoe.

DORSEY MIMS, center, district supervisor for Swift & Co., shows cuts of Tru Tender beef to Alec Mathews, left, and Angus Simpson, market managers of the Tip Top Supermarkets. Mims congratulated Simpson and Mathews on the success of the first week of the Tru Tender Beef Promotion.

REGISTERED TO VOTE is Mrs. Jessie McGill of 1824 Blackstone Ave. Confined to a wheelchair, Mrs. McGill was assisted to the registration office by these four persons. Shown standing are, from left, Robert Jones, Mrs. Grace Haynes, Willie Ransom and Walter Curry.

4-H Club Philosophy, Objectives Discussed

4-H Club work grew out of a situation and a need in rural America. It had roots in many places, and many persons guided the movement in its formative years. At the turn of the century, rural young people began to get together to learn-to-do-by-doing centering around improved agriculture. Agricultural leaders began discovering one of the best ways to get scientific methods used on farms and in homes was to start with youth.

The organization and programs developed until they became the 4-H Clubs and programs we know today. As in the democracy in which they live 4-Hers themselves largely run their clubs, elect their officers, help plan and hold their own meetings, and select their projects. Each club drafts its own programs to suit its members and the localities in which they live. All voluntary—freedom of choice, freedom to drop out—even freedom to fail.

It all comes down to a basic fact—the most precious thing in the world—the boy and the girl. Dr. Steven L. Richards of the Latter Day Saints Church of Salt Lake City, Utah says "Remember that no contribution that you can ever make to

your community, state or nation will in any way be comparable to your having started a boy or girl on the right road to becoming a useful, effective, righteous citizen."

How widespread are 4-H Clubs? The idea now circles the globe and covers more than 10 countries.

4-H work is a nation-wide education program, second only to the public school. Its purpose is to teach boys and girls the latest and best practices in agriculture and home economics, including the fine and significant things in life.

In addition to skills and the practical knowledge acquired in the friendship and self for living which it stimulates. It helps young people to learn to take responsibilities and to learn leadership.

U. S. Is Losing Viet Nam War, Editor Says

WASHINGTON (UPI)—A newspaper editor who recently visited Southeast Asia reported today that "we are losing the war in Viet Nam."

The warning was sounded by Burton A. Chardak, assistant city editor of the Philadelphia Bulletin, at the annual conference of United Press International Editors and Publishers.

Chardak took part in a panel discussion which featured reports by traveling editors on world trouble-spots they have visited during the past few months. Harry Burnham, managing editor of the St. Paul Minn. Dispatch, presided as panel chairman. Other participants were Miles H. Wolf of the Greensboro N.C. news; John Strohmeier of the Bethlehem Pa. Globe-Times; and Otto Zauser of the Boston Globe.

On the final day of the two-day meeting at the Statler-Hilton hotel, the editors and publishers also were to hear an address by Democratic vice presidential nominee Hubert H. Humphrey, join in a panel discussion reporting and attend a concluding banquet. Their wives were guests of cabinet wives at a White House reception.

Chardak said U.S. military men risking their lives in Viet Nam were "the best this country has." But even their heroism has not been sufficient, he said, to cope with the "Alice-in-Wonderland" complexities of a struggle in which the unstable, coup-prone government is beset on all sides by hit-and-run tactics of the Communist Viet Cong.

One-Woman Art Show Features Mrs. Crowell

A "one woman art show" is being held this month at Senkata's on Magnolia Avenue.

The "one woman" is Gretchen Lewis Crowell, who, although she is a native of North Carolina, has spent most of her life in Sanford and is more than well known in local art circles.

Mrs. Crowell attended Sanford schools and was graduated from Seminole High in 1922. She is a member of the Sanford-Seminole Art Association—an organization she dearly loves.

Gretchen's artistic talent was obvious at an early age and her classmates all through the Sanford schools remember her clever drawings while she was a student. She resides with her mother, Mrs. Piona Lewis, and her 16-year-old sons—Chal and Bill—at 1800 Palmetto Avenue, a home they recently purchased when the old Lewis home of 40 years at French Avenue and 23th Street was removed to make way for a commercial building.

The name "Gretchen Lewis" in the corner of her paintings is a familiar one to people who have been in Sanford for any length of time.

Her art show this month reflects her love for her native North Carolina in vivid Indian summer scenes and wild life.

She is equally as good in putting on canvas the beauty of a rose, a hibiscus or any of the other lovely Florida blossoms.

Her love for antiques and early Americana is also reflected in her paintings and in the articles on display in her spacious, new studio.

Eagle Award To Be Presented

Boy Scout Troop 507 sponsored by Grace Methodist Church, will present its first Eagle Award to Scout Dick Mamele Monday, Oct. 12, at 7 p. m. at a Court of Honor at the church.

Guest speakers for the evening will be Tom Albert, District Scout Executive, and County Judge Vernon C. Mize, who will speak on "The Values of Scouting."

A covered dish supper will be held at 6:15 p. m. preceding the ceremony. All parents and interested friends are urged to attend.

Cattlemen To Meet Saturday

The Seminole County Cattlemen's Association will hold its annual meeting at 4:30 p. m., Saturday, at Charles Lee's Ranch near Chuluota, Cecil A. Tucker, association secretary announced today.

Tucker said that officers and directors for the coming year will be elected at this meeting.

Marina Need Is Great

The Sanford Herald supported the so-called bankers' proposal for a Sanford marina, based on an engineering study to develop a master plan.

The Herald again commends the City Commissioners of Sanford for their initiative in employing engineers to develop the plan.

All the ramifications have required a great amount of discussion to accomplish this first step.

Apparently, however, the current race for a seat on the City Commission has given rise to the question of who was for or against the master plan.

The Herald is quite jealous of the integrity of its reporters. Two Herald staff writers were present during the City Commission's July 13th meeting in question — in addition to a full audience of bankers and businessmen.

Commissioner Joe Baker did support a proposal to lease to a private group for a marina and was quoted in the July 14th edition of The Herald as follows:

"Commissioner Joe Baker insisted that he could not see how leasing to one of the smaller groups would be

deleterious, but this aroused a storm of protest from the packed auditorium."

This position of Commissioner Baker was in opposition to the bankers' proposal to withhold approval of all leases until the master plan was developed.

The Herald is convinced now — as it was then — that the development of Sanford's lakefront properties must be carried out without delay and in accordance with a master plan.

The future economy of the downtown section in particular, as well as that of the general Sanford area, in the next decade could very well depend upon what the City Commission does now.

Thought For Today

And I shall give them eternal life, and they shall never perish, and no one shall snatch them out of my hand.—John 10:28.

We know not what the future holds, but we do know who holds the future.—Willis J. Ray.

Letters

To The Editor

The Herald welcomes letters from its readers on public affairs. The writer may use a pen name provided the letter also carries the writer's true name and address. Letters of fewer than 50 words will be given preference. Letters addressed to others are acceptable provided they do not deal in personalities. Poetry is not published by The Herald.

Editor, Herald:

The letter to the editor by Hibbard Casselberry of Sept. 30 on area drainage by Gee Creek and of Jim Avery's efforts for the past two years on the Lake Kathryn-Gee Creek outfall is very interesting. Especially so when all pertinent matters of record are considered.

Practically all of the areas mentioned in the letter being in Commission District No. 4, I am quite familiar with the conditions, proposals, what has transpired and the reasons therefor. Some of which include the Board of County Commissioners' agreements during 1960 and 1961 to participate according to law on Seminole Boulevard, Lake Drive, Concord Drive and Winter Park Drive. Road and Bridge funds retained by the County may be used within a municipality only under specified conditions.

Also, a drainage canal from Grassy Lake at U. S. 17-92 eastward to Lake Triplett, eliminating the small ditch across part of the golf course and along the south side of Overbrook Drive, the only outfall for the area. To all of which the Board agreed a joint County-Municipal purpose would be served. However, these proposals were not

accepted by Casselberry. All matters are of official record. Gee Creek, Soldier Creek, Howell Creek among others, for example, are privately owned by abutting property owners who may not lawfully obstruct or divert these natural drainages in a manner detrimental to other abutting property owners up and down stream.

Recent flooding of the Gee Creek drainage areas was mainly due to inadequate size of culverts in Casselberry and North Orlando which had to be removed. Replacement of which is not a County obligation unless a County-Municipal purpose is shown and agreed to for participation.

Otherwise, adequate drainage of these creeks is not County responsibility except in cases of emergency and when the Board should have discretionary powers, such as after "Donna" in 1960 when Civil Defense funds allocated to Seminole and Orange Counties were used in Howell Creek and Little Wekiva River.

On the drainage of Grassy Lake eastward from U. S. 17-92 to Lake Triplett: On July 6, 1961, three of the property owners involved agreed to donate their parts of the right-of-way provided Mr. Casselberry did likewise. In addition, Seminole Plaza owners further agreed to contribute the cost of construction. Mr. Casselberry refused and subsequently two other property owners rescinded their agreement. Then because of com-

bined opposition, the proposal was dropped.

Subsequently, Seminole Plaza was annexed into Casselberry by petition dated Feb. 13, 1963. Stipulation No. 3 of the petition provides that the town shall appropriate \$5,000 toward construction of the canal. It is also interesting to note that this annexation is contiguous only by a strip of land 31 feet wide on the east and 38 feet wide on the west. For some purpose, six isolated acres of low land on the north along the proposed canal were left as County area.

The purpose of this letter is to clear a number of misunderstandings by statements of fact that are matters of official record.

Vernon W. Dunn

Editor, Herald:

Congratulations to The Sanford Herald and The Orlando Sentinel for endorsing our President Lyndon Johnson for reelection. I am 76 past and I have never in my life heard the candidates for President and Vice President call their opponents such horrible names as Mr. Goldwater and Mr. Miller have been calling our President.

This week I was talking to a prominent business man in DeLand and he stated that he was a Republican and has always voted a straight Republican ticket but every time he hears either Mr. Goldwater or Mr. Miller speak he becomes disgusted at the type of campaigning they are doing and at Mr. Goldwater's voting record.

Also congratulations to our great senator, the honorable Spessard Holland, supporting President Johnson for reelection. Florida has been very fortunate in having had Senator Holland in Washington the last several years.

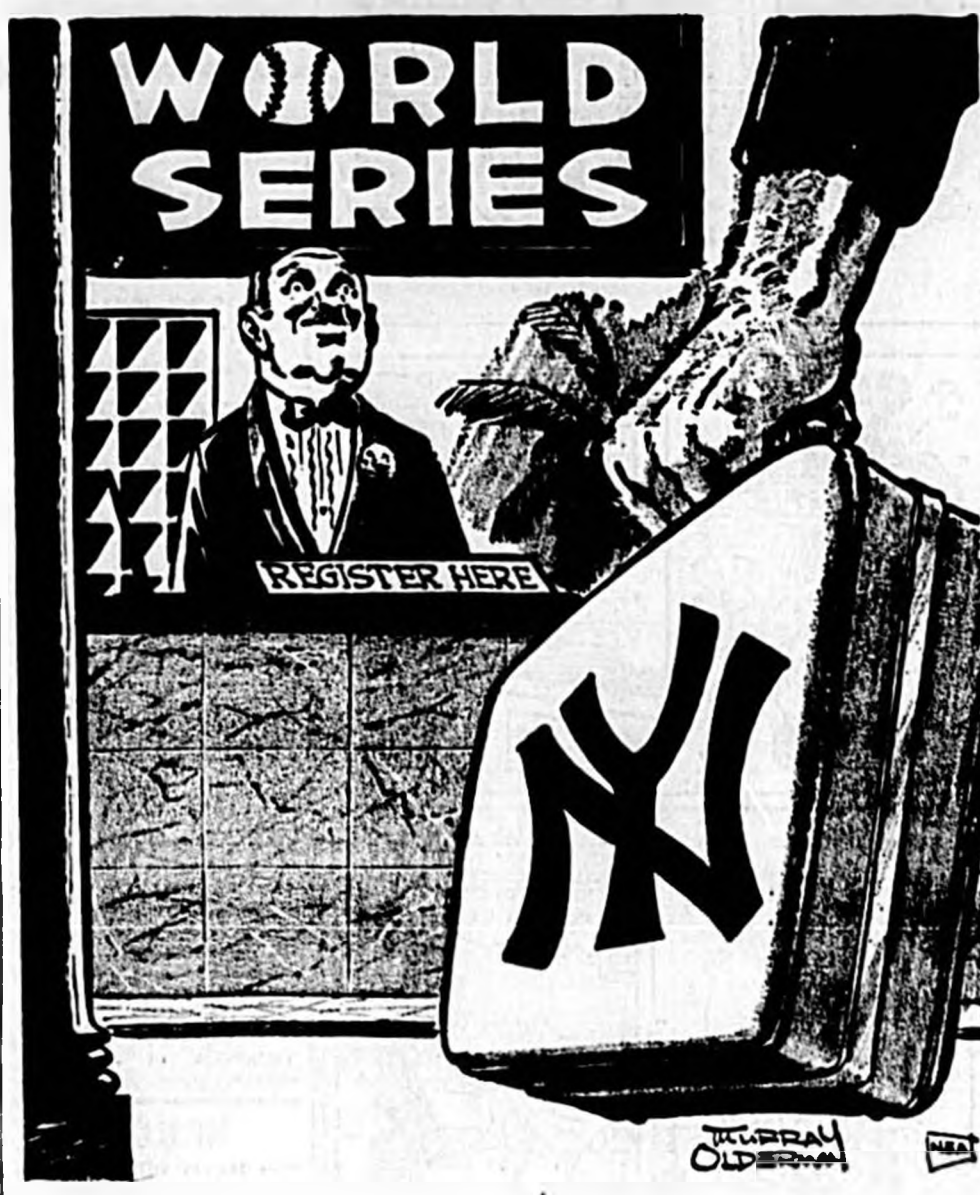

H. J. Finch

Editor, Herald:

Your newspaper's editorial endorsement of Lyndon B. Johnson's candidacy was a gratifyingly noted here at Florida State Headquarters. It will mean much toward achieving the victory we all look forward to on Nov. 3. I am forwarding a copy of your splendid editorial to Mr. Johnson at the White House.

Again thanking you and looking forward to serving you in any way possible in the future, I remain, Thomas F. Fleming Jr., State Campaign Chairman

THE USUAL RESERVATION

Helen Fuller Says

Discreet Security Eyed

WASHINGTON — President Johnson's disregard for his personal safety increasingly disarms reporters who accompany him on his flying visits around the country.

Last week in New England Mr. Johnson seemed especially careless, diving into crowds, standing up alone in an open car for moments at a time during parades — an open target for a murderer had one been present.

Ironically, the Johnson New England tour took place on the same day the Warren Commission published its report on the assassination of John F. Kennedy, containing recommendations for stricter protection of our Presidents.

On his return to Washington, Johnson met with the committee of four he has appointed to implement this and other aspects of the Warren report. Treasury Secretary Douglas Dillon, chairman of the follow-up committee, said after the session that the President has no intention of changing his habit of handshaking and back-slapping wherever he finds two or more Americans gathered together.

Mr. Johnson knows and accepts the personal risk that goes with being President and looks upon that risk as part

of the job. He neither desires nor intends to cut himself off from personal, physical contact with his constituents. The gates between him and the public will be thrown open whenever he can persuade the guards to go along in safety. He and the general public seem to understand and accept the situation, if professional commentators on his actions do not unanimously approve.

Still, if the election campaign passes without violent incident and Johnson is elected to the White House in his own right, stricter security rules are likely to go into operation, particularly in the planning of overseas journeys bound to occur.

The Warren Commission criticized the press and the Dallas police for the inexcusable pandemonium that prevailed before and after Jack Ruby's murder of Lee Oswald. Hopefully, the press and the police will take steps to cleanse themselves.

More important, the Warren report pointed out shortcomings in the performance of the FBI and the Secret Service. It is reassuring to

hear from Secretary Dillon that some improvements have already occurred. He tells us that the President is already "far better protected now" than when John F. Kennedy fell under Oswald's gun.

There is today more advance preparation for Presidential trips, including search of buildings along the route. There is new attention to keeping watch on individuals who might threaten a President's safety — like Oswald. The FBI and the Secret Service are working closer than before.

It is still true, however, as the Warren Commission pointed out, that the President will never be perfectly protected. The greatest room for improvement, Secretary

Dillon — as boss of the Secret Service — tells us, lies in keeping careful watch on potential assassins in advance. But there can be no ultimate protection for the Chief of a democratic state. He needs to see and touch the people and they want to see and touch him. The only possible precautions are prudence and discretion on both sides.

Dr. Crane's

Worry Clinic

Lois thinks she is a grown woman but is actually retarded emotionally. For the true index of adulthood is not your calendar age but your emotional maturity. Many people above 31 react with temper tantrums and peevish behavior typical of kindergarten tots. So send for the test below.

CASE T-493: Lois G., aged 14, is a behavior problem in school.

"Dr. Crane," her principal began, "Lois has matured faster than most girls so she looks like an 18-year-old."

"As a result, she has become so interested in dating that she now is in danger of failing in her school subjects. She paints her nails and adopts the latest cosmetic styles, and she spends much of her time reading movie magazines."

"How can we get her to snap out of her worship of Hollywood stars and direct her attention back to her studies?"

Narcissus Nitwits Many teenagers get the notion that adults are just kill-joys, always trying to boss

them around and run their lives for them.

When a girl like Lois becomes a sister of Narcissus, always preening herself in front of mirrors and infatuated with her own face or figure, she is idolatrous.

For she worships her own anatomy.

But anatomy doesn't get you far in Hollywood! You can have the body of Aphrodite but still be a moron in I. Q.

For top stars require brains, plus education to supplement a good figure.

Good looking girls are figuratively a dime a dozen in Hollywood, yet thousands of teenagers like Lois think they can win top TV or Hollywood contracts by their face, bust and legs!

They imagine that perfect anatomical measurements will land them a star's role in the movies or TV.

So one of the quickest ways to jolt a young person out of the notion that parents and teachers are trying to regiment him, is to use the "Behavior Tests for Teenagers."

It includes dozens of Merits as well as dozens of Demerits, with a chance for the young person to rate himself and then find out precisely how mature he really is.

For example, does he brush his teeth regularly without mama's prodding? And make his own bed in the morning?

Is he on the honor roll at school (this counts 5 points)? Does he attend Sunday School or church regularly (20 points)?

Is he an officer of any school organization? Does he earn his own money?

There are 60 of these Merit items. Offsetting them are

also 50 Demerit items, such as:

Crashes parties. Tell lies. Sticky fingered (steals). Often tardy.

Accepts foolish dares. Tosses coat on chair instead of hanging it in closet.

Afflicted with "B.O." or halitosis. Cheats on exams. A chronic buck-passer.

Every high schooler can thus total his Merits vs. his Demerits. Then subtract the Demerit score. The result is his "raw score," to be interpreted as follows:

0-29—Kindergarten, emotionally
30-46—Junior High, emotionally
47-68—Senior High, emotionally
69-84—College level, emotionally
85-100—Mature adult emotionally

So send for that "Behavior Tests for Teenagers," enclosing a long stamped, return envelope, plus 20 cents and let children see how mature they really are.

(Always write to Dr. Crane in care of this newspaper, enclosing a long stamped, addressed envelope and 20 cents to cover typing and printing costs when you send for one of his booklets.)

Horoscope Forecast

Thursday, October 8, 1964
GENERAL TENDENCIES:
 Your day to drive deeply into whatever you do not fully understand, for there is now a chance to see much better where you are headed, and the means by which to gain your intimate desires with a confidential plan that is very apt according to your particular circumstances. Be astute.

ARIES (March 21 to April 19)
 Don't just dash about—have a concrete plan in mind and follow through on it. Be sure to get work behind you, keep promises, meet deadlines. Make the future for more progress.

TAURUS (April 20 to May 20)
 If you don't combine your efforts directly with associates, there could be a serious rift between you now. Many things break into the open. Jump all hurdles, even if they are passing.

GEMINI (May 21 to June 21)
 Instead of dashing about here and there, get into work at hand with purpose and order, enthusiasm and it is done. Show colleagues that you are devoted, peaceful. Get on the beam.

MOON CHILDREN (June 22 to July 21)
 Your desire for recreation could lead you to associate with wrong persons, if you are not careful. Take time out from work if necessary. But don't let one who has power over you.

LEO (July 22 to August 21)
 Many conditions need changing at your house, but be sure you handle them singly, methodically. Don't prefer arguments to those coming under your roof. Be helpful, instead.

VIRGO (August 22 to September 22)
 Most modern systems, newest data is available from your newspaper, other fine media today. Keep appointments. Stay out and shop. Success is only as far as you want it to be.

LIBRA (September 23 to October 22)
 Fine business deals can be swung today, provided you first confer with wise persons in the field of finance. Learn to economize, get taxes paid promptly. Then income can be increased appreciably.

SCORPIO (October 23 to November 21)
 Although in the mood to make radical changes, it is wisest not to, since these could not help matters very much. Get about socially. Much can come thereby to your benefit.

SAGITTARIUS (November 22 to December 21)
 If you confer with some reliable advisor, you get the right ideas for gaining your most personal desires. Be gentle and romance comes easily. Show you have serious faith.

CAPRICORN (December 22 to January 20)
 Don't endeavor to get your way by some negative approach with a friend—separate instead. Determination there is greater than yours. Be about socially in PM.

AQUARIUS (January 21 to February 19)
 You have to be very accurate where civic matters are concerned, so be sure to conduct affairs wisely. Confer with higher-ups. Get credit affairs on a mere even keel.

PISCES (February 20 to March 20)
 Map out early into the business world and make the fine contacts possible today. Be intelligent in your approach. Success is comparable with the effort you put in.

IF YOUR CHILD IS BORN TODAY, there will be a great deal of determination in this nature and for that reason you must early see to it that good spiritual training is given so that efforts are directed in the proper channels. Any profession that deals with finances, such as banking, trust, and the like, as well as any of the fine arts are fine for this interesting chart.

"The Stars Impel, they do not compel." What you make of your life is largely up to YOU!

Soviets Reject Protest From Washington

MOSCOW (UPI) — The Soviet Union admitted today its agents searched three U.S. military attaches and a British colleague in a Siberian hotel raid. But it said it acted because the men were spying while traveling on the Trans-Siberian railroad.

A Soviet Foreign Ministry note rejected U.S. and British protests against the forcible nighttime search of the attaches in their hotel rooms in Khabarovsk last month.

A strong Soviet counter-protest charged the Allied diplomats engaged in espionage. It warned they may be declared persona non grata and be expelled from the Soviet Union.

The four U.S. and British attaches are now in Tokyo.

The men involved were U.S. Army attache George A. Aubrey of Annapolis, Md., assistant Army attache Lt. Col. Karl R. Llewellyn of Omaha, Neb., Maj. James P. Smith of Moore, Okla., and British assistant naval attache Lt. Cmdr. Laville.

They said Soviet officials burst into their hotel rooms at Khabarovsk the night of Sept. 28-29 and searched their possessions, seizing cameras, film and a translator radio. All four men are now in Tokyo.

The Soviet news agency Tass today said the Moscow Foreign Ministry replied to the Allied protests in notes to the U. S. and British embassies here charging that the Allied attaches "engaged in spying." The incident was the seventh known time that Soviet authorities have interfered with or mistreated Western military attaches since 1963.

Loyalty Oath Called Vague

TALLAHASSEE (UPI) — One of four Democratic state representatives who are supporting Republican Barry Goldwater for president charged in a circuit court suit Monday that the Democrats' loyalty oath is vague and, in some cases, unfair.

State Rep. Julian Bennett, who says he wants to vote for Goldwater, claimed in the Leon County suit, that although the party oath requires that a candidate vote for only 90 per cent of all opposed Democrats on the ballot, it deprives many candidates of their rights of choice.

In Bay County, for example, Bennett said he would have to vote for Johnson, since there are only six contests on the ballot and a vote for a Republican would break the 90 per cent rule.

Bennett asked the court to invalidate the oath.

Rep. Ray Mattox of Polk County, another Democratic Goldwater backer, has said he will vote for the GOP nominee despite his oath.

Missing Boat Is Located

ST. PETERSBURG (UPI) — The Coast Guard cutter Vigilant located a disabled Tarpon Springs shrimp boat early Tuesday wallowing in heavy seas in the Gulf of Mexico. The 42-foot boat was the object of a search since Monday morning.

The "Little Greek" was found anchored about 50 miles northwest of Tarpon Springs. Four men were aboard.

Queen Brushes Off Threats

CHARLOTTETOWN, Prince Edward Island (UPI) — Queen Elizabeth, who appears ready to brush aside with charm threats from Quebec separatist extremists, today had another danger to her Canadian tour removed — by the weather.

The Queen who made her first public appearance in this island capital today, got the good word from the Maritime Weather Office that Hurricane Hilda will not strike here in any force.

When a Herald reporter contacted Bob Besserer of the Seminole Memorial Hospital and told him that the federal government had approved the institution's request for a \$650,000 grant, Besserer said: "Thank you."

"We want more comment than that," said the reporter. To which Besserer replied, "What more can I say and mean it any more sincerely."

Jaycees President Clyde Long underwent surgery at Orange Memorial Hospital this week and is reported to be making satisfactory progress. He is expected to be there about another week or 10 days. While Clyde is out, VP Frank Finch will handle the reins.

Speaking of the Jaycees, don't forget the Christmas Parade theme contest for kids in grades one through six. Deadline is Oct. 23. Put your thinking caps on, kids, and come up with a good one.

Next week is National Newspaper Week and The Herald will be bringing you some special features. Watch for it.

Rotarians will entertain their District Governor, Chauncey McIntyre, at their Monday meeting next week. Mrs. McIntyre will accompany him and will be entertained by the Rotary-Azua on her visit here.

This is National Fire Prevention Week and one of the important ways you can prevent fires is by having your home heating equipment checked out before it turns cold, you light it up and everything goes "boom."

Now's a good time to give the whole house a good going over and get rid of all those fire hazards—piles of papers, old paint cans, frayed electric cords, and all those other things you have been meaning to take care of, but just "haven't gotten around to it."

Sign in a Sanford shop: "We collect federal, state and local taxes. We also sell a little merchandise as a sideline."

C. M. Harp, principal of South Seminole Elementary School reports two pupils were bitten in a classroom Tuesday by a stray dog, which had to be forcibly removed. He points out the desperate need for a county animal shelter as county law enforcement officers are helpless in these cases at present. Indignant parents are demanding action by the county. Another child was bitten by a dog in the town of Casselberry this week.

The annual membership meeting of the Sanford Chamber of Commerce will be held tonight at 8 at the County Courthouse.

Our mayor, A. L. Wilson, entered Seminole Memorial Hospital Wednesday for a series of tests.

Miller Talks To Retirees On Security

SARASOTA, Fla. (UPI)—Republican vice presidential candidate William E. Miller said today Social Security was intended to be a "floor under disaster, not a ceiling on opportunity."

Miller, taking note in two speeches of the large number of retirees in the Sarasota area, said retired persons should be allowed to earn as much as they can and still collect Social Security benefits.

"The Social Security was intended to be a floor under disaster, not a ceiling on opportunity," he said.

Check On Arson

Police and fire officials are checking on a double arson attempt at the Castle Brewer Court apartments. They said fires were set in two apartments yesterday but damage was slight.

Blast Kills 6

PORT APRA, Guam (UPI)—A fire and an explosion aboard an American Navy dry dock repair facility in this Pacific naval station killed six men and injured 25 others today.

Strike Continues

DETROIT (UPI)—A top General Motors executive says the end of a 14-day strike by more than a quarter million workers is not in sight until at least the end of next week.

Tshombe Still Held

CAIRO, U. A. R. (UPI)—Congolese Premier Moise Tshombe remained under Egyptian house arrest for the third consecutive day today in a diplomatic war of nerves with President Gamal Abdel Nasser.

Bolivian Feud

LA PAZ, Bolivia (UPI)—A bristling exchange of messages between President Victor Paz Estenssoro and Vice President Rene Barrientos made it appear today that a new political crisis may be brewing here.

NEW YORK (UPI)—Accused Russian spies Alexander Sokolov and his wife, whose trial was dropped because it would not be in the interests of national security, informed the government Wednesday they wish to be deported to Czechoslovakia.

Courier Missing

WASHINGTON (UPI)—A Pentagon courier, Sgt. Robert L. Johnson, 43, with access to top secret documents, has been missing since Friday. Officials say no documents have been stolen and there was no reason at present to think a security breach is involved.

'Face-Saving' Plan Reported

MOSCOW (UPI)—The United States is considering a plan that would "save face" for three American military attaches accused as spies by the Soviet Union, informed sources said today.

The plan would have the three officers stop off briefly in Moscow on their way back from a trip to Tokyo, then leave a short time later.

The sources said the move also would serve to soften adverse Western publicity about the incident and avert possible damage to efforts to improve East-West relations.

Six SNAS Men Held In Theft

Six men from Sanford Naval Air Station are in Orange County jail charged with pilfering the Country Club of Orlando.

Tennis equipment was taken and the six are charged with breaking and entering and grand larceny.

They were identified as Clinton M. and Quinton J. Holland, 21-year-old twins; Robert D. Hall, 20; Albert Thompson, 20; Thomas Traynor Jr., and Mike Griffith, 21. All are enlisted men.

Immigration Law Changes

EAST CHICAGO, Ind. (UPI)—President Johnson, barnstorming the Midwest and bidding for an election day landslide said today immigration laws should be revised because they "discriminate on the basis of national origin."

He made the proposal in Indiana's steel-making Lake County, where the Polish vote is powerful. Johnson was on a cross-country campaign tour which started with enthusiastic crowds in the Midwest's corn belt Wednesday. He went on to Indianapolis and Cleveland, Ohio, for more speeches today.

MUTUAL CONCERT ASSOCIATION President, Judge Vernon Mize and his wife were honored at a reception give by Mr. and Mrs. Frank Mebane, Tuesday, signaling the beginning of an intensive two week membership drive for the 1964 concert season. 1964 Mutual Concert Campaign Under Way

The Seminole County Mutual Concert Association kicked off its 1964 membership drive Tuesday night with a reception for President, Judge C. Vernon Mize, and his wife.

Mr. and Mrs. Frank Mebane were hosts to the reception at their Loch Arbor home, and joining the hosts and honorees in the receiving line were Mrs. B. W. Bartholomew and Mrs. Troy Ray, co-member-ship chairmen for the season. Judge Mize announced that the season's series will begin in November with "Comedy and Conflict," a drama of theater through the ages, featuring Jo Demmond and Frank Whitlow, stars of radio, television and theater.

This will be followed in January with the nationally famous Stetson Concert Chorus, and in March with the Burke Family Singers.

"If the membership drive is as successful as we hope it will be and we reach our quota of 600, a fourth program, probably the Florida Symphony Orchestra, will be added to the schedule," Judge Mize said.

Memberships are available for adults, students and family rates, with the campaign drive ending Oct. 22. No memberships will be sold after this date and no individual tickets will be sold to any one concert.

Reward Offered For 'LBJ Signs'

MIAMI (UPI)—Lyndon Johnson's campaign headquarters here offered \$1,000 Wednesday to find who has been plastering racist stickers on traffic signs while a Republican official denounced the signs as a "kook's work."

City officials said at least 300 of the black and white stickers were glued to signs early this week. They read: "Integrate your neighborhood, support LBJ."

At Johnson's campaign headquarters, Don Pettit, assistant to Tom Fleming, state campaign chairman, said "you can eliminate most printing firms in this town on this kind of item. But we're checking."

"We'll pay \$1,000 to find out."

State GOP committee deputy chairman R. W. Rickenbrouse said "we wouldn't sit still for anything like this for two minutes." He said he suspected "kooks."

Firemen To Hold Dinner Tonight

Fire Chief Mack Cleveland announced today that the Sanford Fire Department will be host to a chicken pilau dinner at the No. One Station at 5:45 p.m. today. Invited to partake of the dinner are members of the City Commission and the Civil Service Board.

ACL Sends \$275 To Seminole UF

W. Thomas Rice, president of the Atlantic Coast Line Railroad Company, has defined United Fund giving as follows:

"We believe that United Fund giving is one of the best ways that we can participate in the many worthwhile causes in the towns and cities which we serve and I am, therefore, most happy to enclose this company's check in the amount of \$275."

G. Troy Ray Jr., UF campaign chairman for Seminole County, received this contribution during the pre-campaign period with gratitude and appreciation for the sentiments expressed.

For what Rice said was in essence, the substance of the campaign and defined what every gift to the United Fund does. Every institution, business concern, or individual who takes this opportunity to give does, in this one action, support the approved agencies and discharge a moral obligation.

In these pre-campaign days—

By Julian Stenstrom

A delegation headed by Mr. and Mrs. James E. Wagner, Robert Tope and Philip Tope Wednesday night appeared before the Altamonte Springs Town Council and called for an investigation on why they were not permitted to inspect certain municipal records.

Citizens were reported to have visited the Town Council's offices on Oct. 6 and 7 and asked to see 1963 tax records, tax receipts, records of delinquent fines collected and water receipts.

They were reported to have inspected the tax roll but last night complained that they were not allowed to see other records. They were, however, advised that they could inspect the town's financial statements.

They also complained that during their visit to the town's offices they saw political literature being displayed on behalf of Mayor Lawrence Swordford, a Democratic candidate for County Commissioner.

The Council referred the matter to Attorney Joe Davis and requested that he provide a legal opinion.

The Council authorized a request to the Housing and Home Finance Agency for a feasibility study on a proposed sewage system and authorized Davis to close out the purchase of the Malibu Shores water system which will be tied in with Altamonte's municipal system.

In other action the board agreed to clean a drainage ditch adjacent to Pryor Lake, sit at a Board of Equalization Oct. 26, rezone seven lots on Maitland Avenue on which a building there will be converted into a day nursery and awarded four road projects to the Orange Paving Co. of Altamonte Springs.

Trusly Does Quick Change And Escapes

A county jail trusty clothing to civilian garb early this morning while working in the jail and walked away in a clean break.

Sheriff's deputies said this man is identified as Harold Dean Baker, 30, and he gave an address in Christmas, Fla.

They reported he was serving a light sentence on a no driver's license count and had been interrogated on other matters prior to his escape. Baker was discovered missing at 5:30 this morning and area authorities were asked to assist in the search.

It's A Woman's Privilege

LONDON (UPI)—Mrs. Jean Stewart, who married her husband, Hugh, in 1940, divorced him in 1956, and filed for divorce this January, has changed her mind again.

Wednesday she asked a judge to rescind the last divorce decree, which was not finalized. The judge agreed when he was told the Stewarts are living together again.

New Police Dog Helps Catch Suspect Here

One of this city's new police dogs is credited with an assist in the arrest of a disgruntled former employee of Mayfair Inn who was charged with grand larceny.

Police identified the man as James C. Bowlin, 28, and said he was spotted by Police Lt. Earl Bourquardier's German Shepherd dog crouched beneath the Inn's stairs yesterday afternoon.

They said Bowlin had ransacked the room of the Inn's assistant manager, A. Lawrence Berberick, and made off with a number of items.

Lt. Bourquardier and Sgt. John Rumbley replied to the theft report and the dog located the suspect.

Berberick told police Bowlin had been dismissed from duties at the Inn but had not turned in his key and returned to make the theft.

No Denial Of Report From Washington

WASHINGTON (UPI)—The United States and West Germany appear to be applying psychological pressure on Allies reluctant to join the proposed NATO nuclear fleet.

At least that is the reaction of some Western diplomats to German reports, which Washington has not denied, that the two countries may "go it alone" if necessary.

Most Western diplomats seriously doubt that the United States would be prepared to launch the force as a two-power operation because this would intensify Soviet fears of eventual German control of nuclear weapons.

It would give the Russians added ammunition in their battle against the proposed Multilateral Nuclear Force (MLF), which they claim is a device to give the West Germans a finger on the nuclear trigger.

Such a bi-lateral force almost certainly would raise a storm in NATO, too, because of general reluctance to see the former enemy get a preferred position in the West's nuclear defense strategy.

Even the suggestion that the United States might consider establishing the force with Germany alone may seriously jeopardize a major effort the United States wants to make to improve East-West relations after the Nov. 3 election.

The Johnson administration wants to push the proposed "non-proliferation" pact with Russia—an agreement to prohibit spread of nuclear weapons or know-how to countries now without them.

The Russians have resisted such a pact unless the United States abandons the MLF. American officials have explained repeatedly that diffusion of responsibility among at least five or six participating powers in MLF—with the U. S. President holding a veto on use of the weapons—would eliminate any possible danger posed by the Germans.

Copter Victim Of Own Troops

SAIGON, Viet Nam (UPI)—One of two U. S. Army helicopters shot down Wednesday by supposedly Communist gunfire was actually brought down by friendly troops, Vietnamese military sources said today.

In one of the classic mistakes of warfare, the helicopter had killed 25 Vietnamese militiamen and wounded 27 of them before the survivors turned and fired on it in despair to stop the slaughter, the sources said.

The story was not confirmed by the U. S. military establishment here. An American spokesman first said there was "no substance" to the report, but later modified this to "cannot confirm or deny."

The militiamen wear the same black pajama-type clothing that the Communist guerrillas do.

Cancer Society Meets Tonight

The annual meeting of the Seminole County Unit of the American Cancer Society will be at 8 p.m. today at the Seminole County Health Department Building, 900 S. French Ave.

The program will include the election of officers, committee reports, plans for future activities. Guest speaker will be Dr. Margaret Waid, well known pathologist and chairman of the Leukemia Committee of the Society's Florida Division. The public is invited.

Bryant Unsure On 'Poverty'

TALLAHASSEE (UPI)—Gov. Farris Bryant told top state officials working on the administration's anti-poverty program Wednesday "I'm not sure all the problems of men can be solved by government action."

"We must identify the problems," Bryant said, and he added that Florida officials should not take the word of outsiders about poverty problems in the state.

Signal Checked

City police were asked yesterday to check the "Oviedo" railroad crossing on 25th Street near Orange Avenue in Sanford after some children had cut a "bond wire" which switched the warning light on at the crossing.

MEMBERS OF THE CENTRAL Florida Council of the Navy League will hold their annual observance of Navy Day at a dinner meeting Oct. 27 at the Orlando Air Force Base. Vice Adm. J. S. Thach, deputy chief of Naval operations (nir), of Washington, D. C., will be the principal speaker. Guests will include some military officials in this area.

Democratic Women To Attend Meeting

Three Sanford members of the Seminole County Democratic Women's Club will attend the state convention of the Democratic Women's Club of Florida at the Hotel Alcazar in Miami Beach this weekend.

Mrs. Katherine Gehr, local president left today. Mrs. Florence Gilmartin, vice president and Mrs. Kathleen Reynolds, past president, who is now state committeewoman and local precinct committeewoman will leave Friday.

The list of speakers at the convention includes the major Democratic political figures of the state and some from the national scene.

Scheduled to speak to the convention are the Hon. Hale Boggs, majority whip of the House, (Cong. La.) Cong. Claude Pepper and Cong. Dante Fascell, Warren Gaudrich, chairman of the State Democratic Executive Committee; Elliot Roosevelt, national committeeman from Florida; Mrs. India Edwards, former vice chairman of the National Democratic Committee; Professor Paul Douglas, political science professor from Rollins College, Tom Fleming, state chairman of the Johnson campaign and Mrs. Annette Baker, of Clearwater, president of the State Democratic Women's Club and national committeewoman from Florida.

New officers of the state organization will be elected at this meeting with three Florida women nominated for consideration. They include

High Seas Pound Dora Weakened Florida Coast

JACKSONVILLE BEACH (UPI)—Small craft warnings fluttered along the Northeast Florida coast early today and beach residents waited warily for high tide and pounding surf which caused extensive damage Wednesday.

Winds slackened off slightly today, but weathermen forecast winds of 10 to 20 knots and heavy ground swells.

The seaway was broken in three places along stretches of private beach here Wednesday and about 100 feet of wall collapsed leaving a private home in danger at Atlantic Beach.

Many beachfront properties were undermined by the ocean when it broke up protecting seawalls during vicious hurricane Dora last month. Dora swept ashore here and at St. Augustine Beach to the south with winds of 110 miles per hour and higher.

Army engineers and private firms — under special contract—have been working to restore the walls before cold weather. Last winter, stormy weather caused severe damage to seawalls along the northeast coast.
