## Humphrey Sees 'Hair Curling Depression'

### Expenses Must Come Down

WASHINGTON (AP)—Budget Director Percival F. Brundage believes a tax cut still may be three to five years away.

Brundage also said he fears that government expenses will continue rising, despite efforts to reduce them. But unlike treasury Secretary George M. Humphrey, he foresees no economic recession if expenses are not cut.

Humphrey has predicted a "hair curling depression" eventually if federal expenses do not come down.

### Merchants Protest To Board Against Parallel Parking

Seventeen members of the Sanford Merchants Association, headed by its president, B. I. Perkins Jr., met with the Board of Sanford City Commissioners to discuss parallel parking in the downtown shopping district.

Perkins explained that the meeting was called at the request of several merchants—"We didn't know this was to happen," he said and added "We believe that parallel parking will not be used as much as angle parking."

## FP&L Official Reviews Florida's Progress At C of C Banquet

A capacity audience attending the Seminole County Chamber of Commerce Annual Banquet last night in the Mayfair Inn ballroom heard E. B. Roberts, Director of Economic Research for the Florida Power and Light Co. review the progress of Florida.

"We must look forward to the capabilities of what we can serve three years from now for it takes three years to look forward to a finished product," Roberts said. "I'm not speaking of the immediate future for it has already been spent."

Roberts declared "A growing economy is more stable and sound" as he reviewed Florida's growth during the past 20 years. "No other state has grown so steadily as Florida over the past 20 years," he pointed out.

Citing figures of population growth, Roberts predicted "We will have a population of not less than five million by 1960."

DR. WILLIAM RULE III

### Missionary Will Speak Monday At Rotary Club

The Rotary club Monday noon will have as its guest speaker the widely acclaimed Presbyterian medical missionary, Dr. William Rule, III of Lubumbashi, Belgian Congo, Africa. He now is in Central Florida as an ambassador of the Florida Chain of Missions, of fields of which graciously arranged the Sanford date.

Practicing clinical medicine in the Lubumbashi hospital, Dr. Rule also is Director of the Ecole d'Infirmiers (school for Medical Assistants). Since 1940 when Dr. Rule first went to the African hospital established by the Presbyterian church with the sanction of the Belgian government, his extensive experience with the treatment of tropical diseases and leprosy has made him an authority in these fields of medicine. In addition to his work at the hospital Dr. Rule is an excellent preacher and teacher in the Congo dialect.

After graduating from Davidson College and the medical school of the University of Pennsylvania, Dr. Rule did graduate work in tropical medicine at Tulane University so that he might be better prepared for the Congo assignment.

### Top News In Brief

MOSCOW (UP)—The Soviet government charged today the West is "evading a direct answer" to Russian disarmament proposals outlined in Premier Nikolai Bulganin's latest letter to U.S., British and French leaders.

NEW YORK (AP)—Howard East, former communist for the Daily Worker and a leading communist writer in the United States, has renounced his ties with the American Communist Party, the New York Times said today.

ALTO, Ga. (UP)—Four teenage prisoners at the State Boys Industrial Training School escaped into the North Georgia mountain country today after one of them knocked a guard unconscious with a length of iron.

VIENNA (UP)—Hungarian Communists urged today severe punishment for persons who incite or help others to escape from their Soviet-dominated homeland.

MIAMI BEACH (UP)—The AFL-CIO today ordered its unions to kick out suspected gangsters or Communists without waiting for them to be brought to trial. The announcement was one of the strongest pronouncements by the powerful labor group against racketeering in many years.

UNITED NATIONS, N. Y. (UP)—The United States sought today to line up support for watered down stopgap twin resolutions on the Middle East. Many Western delegates thought they were too weak.

NEW YORK (UP)—A strike of tugboat and barge crewmen today crippled the bulk of traffic in New York harbor and threatened to create a serious shortage of oil, coal and other vital materials within a week.

### C. G. Gross, 68, Dies In Hospital

John Charles Gross, 68, died at Florida Sanitarium in Orlando at 2:05 p.m. yesterday.

He had lived in Longwood for the past 15 months and came there from Highland Falls, N. Y.

He was for 25 years the gardener at West Point Military Academy and was a Lutheran by faith.

Mr. Gross was born in Brooklyn N. Y. Dec. 11, 1888, and had retired in 1932.

He is survived by one brother, Henry Gross of Middletown, N. Y.; two sisters, Mrs. Thomas P. Reilly, Highland Falls, N. Y. and Mrs. Henry Flickenschild, of Nanuet, N. Y.; a niece, Miss Edna Gross of Longwood and several nieces and nephews living in New York.

Funeral services will be held Feb. 3 at 4:30 p.m. at Brisson Funeral Home with the Rev. Philip Schlessmann officiating.

### Director Predicts High Fever Follies As 'Big Success'

Members of the Seminole County Junior Chamber of Commerce learned more about the High Fever Follies and its directors at yesterday's noon luncheon meeting.

Dean C. Reeder, a graduate of Minkingsham College, Ohio and Ohio State University, with additional training with the Philadelphia Little Theatre and the American Theatre Wing told the Jaycees about himself and the production that will be seen here next week under the auspices of the Women's Auxiliary of the Seminole Memorial Hospital.

"I'm with Cargill Producing Corp., Inc. of New York," said Reeder "which produces these shows all over the country for charitable organizations."

He described the local show as one of two hours length, a cast of from 100 to 125, with a variety of musical and specialty numbers.

"This is quite an interesting business—working with people—and I wouldn't trade it for anything else," he said.

"There's a little of everything to be done such as costuming, stage managing, makeup by the 15 or 20 directors all over the country during the four winter months," he said.

Reeder said it looks now as if the Women's Auxiliary will make about \$3,300 to go toward the orthopedic table for the hospital.

"It's going to be a big success," he said.

Ambrose Oliff, program chairman for the luncheon who introduced the speaker said "I wanted to find out what qualifications a man must have to walk into a town a stranger, take the cream of the crop and work with them practically night and day to produce a show."

### Mrs. Carola Dow Will Be Here For Dedication

The dedication of the General Henry Shelton Sanford Library will take place on Founder's Day, Feb. 8 at 5 o'clock. The library is situated in Fort Mellon Park, facing First St. The Seminole High School Band under the direction of Prof. Ernest Cowley will introduce the ceremonies. General J. C. Huthinson will serve as Master of Ceremonies while Dr. J. Bernard Root of the Congregational Church will offer the invocation.

Mrs. Carola Dow of Derby, Conn., daughter of General Sanford, will be present at the dedication and will have an active part in it. The books arrived from Mrs. Dow's home two weeks ago and will probably be arranged and catalogued at an early date.

Dr. A. J. Hanna of Rollins College will speak briefly on the value of such a library to the city. Mrs. F. E. Roumillat representing the Daughters of the American Revolution will speak on "The Preservation of Historical Memories." The Regent of the Daughters of the American Revolution will be introduced by Mrs. A. R. Key. "No one has done more, it was said, to bring this library to Sanford than Mrs. Fred T. Williams." Mrs. Williams will be recognized at this point in the program.

Other organizations which have had a part in making real a splendid vision are: The Chamber of Commerce, The Jaycees, United Daughters of the Confederacy, Kiwanis Club, Rotary Club, Lion's Club, Business and Professional Women, Pilot Club and the County Federation of Women's Clubs. The Seminole Historical Society has greatly helped. The school system will be represented by Superintendent R. T. Milwee, who will introduce J. D. Stone, a Senior of Seminole High School who will speak on "The Value of Libraries."

The Sanford Naval Auxiliary Station will be represented by Chaplain C. L. Arnold. It is the hope of the Program Committee to have Mrs. Vihlen and Mrs. Tyner present to represent one valued element in Sanford's population.

Several of Mrs. Dow's relatives it was announced will be present to assist in the dedication. When the different groups and societies have been recognized, the key to the library will be presented to Mayor David Gatchel who will unlock the door revealing the pictures of General and Mrs. Dow, which will be unveiled by Mrs. Panza, a niece of Mrs. Dow.

The service will be concluded by a Dedicatory Prayer and Benediction by Father Lyons of All Souls Catholic Church.

### Weather

Clear to partly cloudy and continued warm through Saturday; low tonight 69 to 85.

### Casting Finished For Follies

The program has gone to press, and casting is finished for the High Fever Follies, reported Mrs. Robert S. Stone, general chairman. A large cast has been revealed, under supervision of the Cargill director, Dean Reeder. Appearing in solo spots are Elizabeth Mathieux, Pina D'Abatti, Dottie Childs, Pankin O'Dea, Volie Williams Jr., Purky Oliver, Frank Mebane, Fred Petrazio, Jean Nunnelly, and Gerald Covington. Supporting in the skit, Love and Marriage will be Spook Hook and Bill Cumpson, Anna Mae and Giles Chapman, Hazel Rowell and John Bailey, and Evie Williams and Bob Stone.

The Cutting Out Party has as guests, Bill Bush, Joanna England, Harry DeWitt, Ronald Humes, Bill Eszar, Fred Anderson, Dr. Terry Bird, Helen McGrath, Sue Humes, Dick Morrow, Dot Fouracre, and Claude Michael.

Gagnet presents Bill Fleming, John Angel, Bill Thomas, Ronald Humes, Cathy Herdman, Gordon Frederick and Volie Williams Jr. Models in the fashion show with clothes by Yowell's will be Marge Hill, Marlene Donovan, Polly Brubaker, Lorraine Deam, Hazel Rowell, Millie Thomas, Cathy Herdman, Dot Childs, Betty McBratline, Marge Lemin, Dot Reiman, Ellie Morrow, Muriel Glidewell, Kay Dwyer, Catherine Stowell, and Priscilla Talley.

In follow The Fold skit, the stars will be enlivened by the constant procession of Ed Lane, Al Wilson, Floyd Palmer, Rupert Strickland, Sally Green, Gemmy Bruce, Hilda Powell and Georgia Ball.

Kicking up their heels in the Rockettes number will be Pat Hardin, Phyllis Chapman, Dickie Bratzel, Harriet Cowley, Janet Michael, Candy McClanahan, Elda Nichols, Pearl Denman, Polly Brubaker, Doty Childs, Cathy Herdman, Sara Suggs, Marge Fleming, Millie Thomas, and Ellie Morrow.

Too old for the front line, the girls in Shed a Tear mournfully bewail their lot. The girls in the back row are Marla Baborn, Helen Robson, Eileen Rector, Helen Cole, Florence Feyl, Agnes Crum.

### Public Is Invited To New Memorial Library Dedication

An invitation has been sent to the majority of the organizations in Sanford and a few individuals to attend the dedication of the General Sanford Memorial Library. It is now extended through The Sanford Herald to everyone.

The invitation reads:

"The General Henry Shelton Sanford Library and Museum Association requests your presence at the Dedication of the General Sanford Memorial Library, Friday, Feb. 8, 4 p.m., Fort Mellon Park."

It is hoped, officials of the association said today, that a large representation of the Sanford citizenry will witness the dedication of the beautiful General Henry Shelton Sanford Library Building and contents and the acceptance of this gift from Mrs. Carola Sanford Dow to the City of Sanford.

### Collum Home Is Named February 'Garden Of Month'

"The Garden of the Month" for February was announced yesterday by the Sanford Garden Club.

The home of Mr. and Mrs. A. F. Collum, 200 West 16th St. was chosen by the group of judges.

Basic point for judging the "Garden of the Month" said committee officials yesterday are (1) First Impression arrangement and color; (2) Planting suitable to the size of the house; (3) Maintenance, such as edging and trimming; and (4) The lawn.

Each month the civic beautification chairmen from each of two circles of the Sanford Garden Club, judge the Garden of the Month.

This month, A. F. Ramsay, local nurseryman, served as one of the committee.

## THE MEASURE OF CIVILIZATION

Some folks judge civilization's progress by the kind of houses they live in. Others point toward the giant strides of science or industry—or the striking advance of music, art, and literature. Yet civilization is perhaps best measured by the kind of people it produces. Picture a man who respects the dignity and rights of others, and who looks with compassion on human suffering. He is guided in all things by an abiding love for God. His moral stamina never ebbs. His spiritual courage grows stronger. Multiply this man by the thousands . . . by the millions . . . and you'll see a civilization higher and greater than has ever existed. The Church is the one great institution that devotes itself to the development of man's character and spirit. As long as it continues to thrive, we can expect our civilization to flourish and progress. Help extend the influence of the Church—give it your support, make it a part of your life!

**THE CHURCH FOR ALL . . . ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible, daily.

The bitter rivalry of brothers Charlton Heston and Tom Tryon is backgrounded by the rancher-carpetbagger wars in Texas in "Three Violent People," due Sunday at the Ritz Theatre. Anne Baxter, above, plays Heston's wildcat wife, Gilbert Roland also stars, Forrest Tucker and Bruce Bennett co-star in the large-scale outdoor drama.

### 'Love Me Tender Introduces Elvis

"Love Me Tender," a Twentieth Century-Fox CinemaScope production, co-starring Richard Egan and Debra Page; and introducing Elvis Presley, the singing sensation of the country today, in his first screen role will open Sunday at the Movieland Ritz Theatre. In the picture, which has been eagerly awaited by the millions of Presley teenage fans throughout the country, the young guitar-strumming singer plays a dramatic role, although it calls for his singing four songs in the course of the story.

In "Love Me Tender," which deals with the escapades of four brothers during the last days of the Civil War, Egan plays the role of Lt. Vance Reno, the oldest brother and leader of a Confederate cavalry troop. Presley has the part of the kid brother, Clint, whose age forces him to remain at home on the farm. A highly dramatic conflict between the two brothers develops when Vance learns that Clint, upon getting a false report of his brother's death, had married his girl while he was away. Debra Page has the role of Cathy, whose love is sought by the brothers. This tight, suspenseful story was written for the screen by Robert Buckner from an original by Maurice Geraghty.

Producers David Weisbart and Director Robert Webb combined the elements of this turbulent theme with action that befits a rip-roaring western film and the drama of a poignant love story to give it a high quotient of romantic appeal.

One of the highlights of this production is a picnic scene in which young Presley entertains by playing his guitar and singing songs. His numbers in this and other scenes in the picture include the title song, "Love Me Tender," "Poor Boy," "We're Gonna Move" and "Let Me." Each of the songs fits perfectly into the unfolding of the story line. Those who have seen advance showings of "Love Me Tender" have not only endorsed these four songs but also the natural acting ability displayed by Elvis Presley.

Robert Middleton, William Campbell and Neville Brand head the stellar supporting cast for "Love Me Tender," which includes Mildred Dunnock, Bruce Bennett, James Drury, Ken Clark and Barry Coe.

Engineers of the Dayton Rubber Co. say 42,000 tons of bead wire are used annually in the nation's passenger tires.

### '3 Violent People' Starts Sunday At Ritz

The Texas of 1866, seething under the ruthless pillaging of a Provisional Government, is the background for the story of a strange triangle in Paramount's brilliantly-cast outdoor drama, "Three Violent People," opening Sunday at the Ritz Theatre. A tale of the rancher-carpetbagger wars, the large-scale Technicolor picture stars Charlton Heston, Anne Baxter and Gilbert Roland, co-stars Tom Tryon, Forrest Tucker, Bruce Bennett and features Elaine Stritch.

Heston, Anne Baxter and Tryon are the explosive trio of the title, and around them is woven a triple-barreled story of love and hate.

Heston portrays a hotheaded cattle baron who returns to his ranch after a long absence, bringing with him the girl he has impulsively married and whom he knows nothing about. He discovers that the local Provisional Government, using savage tax laws, has almost stripped him of cattle and is bent on getting the rest; that his one-armed brother, a bitter and unpredictable rebel, may be in league with the carpetbaggers; and that his wife, as wild as both brothers, has hidden a not-too-respectable past from him.

The colorful Gilbert Roland is wise as Heston's flamboyant but wise top hand.

# Crackdown On Traffic Violators, Improvements Needed In Sanford

Members of the Board of Sanford City Commissioners have the right idea about the accident situation in Sanford. They suggested a crackdown on "speeders" and those who run stop signs.

Last month, the Sanford Police Department brought charges against 130 traffic violators, more than four each day.

However, the accidents continue to pile up, property damage figures climb to unheard of figures, and injuries are mounting.

The next thing we'll be hearing is that there are fatalities because of one or more automobile collisions.

A crackdown on motorists who are violating traffic ordinances because of speed becomes necessary—it's the only avenue left for law enforcement officers to curb the influx of accidents.

However, there's another problem that must not be overlooked. That of "blind" intersections.

How many of these intersections that are dangerous is not known at present. Some specific locations are known, however. There are intersections where hedges hide oncoming traffic from both directions, signs which prevent the motorist from watching approaching automobiles, buildings hiding the traffic flow and trees which should be removed to improve the motorist's vision.

These intersections should be improved immediately so that future accidents may be prevented for at present, motorists in many instances have to move their cars sometimes as much as six to eight feet beyond the safety line in order to see traffic from both directions.

Stop signs are a wonderful help to preventing unnecessary accidents at busy intersections—but when stop signs are erected they should be in plain view and at intersections where the through street can be seen at distances sufficient to keep from moving into the path of an oncoming car.

Not all of the blame should be placed upon the driver in many instances—and there are instances where accidents could have been prevented had the proper precautions taken in advance of a crackdown.

There have been times when motorists

have been blamed for running a stop sign when actually the car was stopped before moving into traffic—this should, of course, not be necessary.

Whatever is necessary to be done to prevent the daily upheaval in accident and property damage records should be accomplished as soon as possible for as long as we let these hazards exist there will be suffering—from injuries, from the loss of property, and from fines.

Our City Commissioners are right—a crackdown on violators is necessary and a crackdown on improvements is necessary.

We shouldn't wait on either of them—the time to get them underway is now.

## Scouting 47 Years Old

We find the Boy Scouts of America at its peak of membership as it celebrates its 47th anniversary during Boy Scout Week, February 6 to 12.

Today 3,400,000 boys are enjoying the "game of Scouting" through its three distinctive programs—Cub Scouting, Boy Scouting, and Exploring.

This great work is made possible largely through the active sponsorship of churches of all denominations, schools and other community institutions. Perhaps of greatest significance is the fact that 1,200,000 adults serve as leaders, all of them volunteers, except for the handful of 3,157 men who are full time career Scout Executives.

In no other country in the world do we find so many men and women of good character willing to share their time as volunteer leaders with the boyhood of their nation.

There is a devoted service. "Recognition Day" during Boy Scout Week has been designated as the time to honor the Cubmasters, the Scoutmasters and the Explorer Advisors and their assistants—who bring Scouting directly to the boys.

During Recognition Day ceremonies these leaders will be honored with presentations of the Freedom Foundations unit award plaques. These record the contribution Scouting has made to the nation last year through its Get-Out-the-Vote campaign.

"The tremendous task of distributing over one and a quarter million posters and thirty-seven million Liberty Bell doornob rangers," says Dr. Arthur A. Shuck, Chief Scout Executive, "fulfilled a responsibility of vital importance to our country and in doing, provided hundreds of thousands of young Americans with a citizenship training opportunity both challenging and worthwhile. There is probably no more important citizenship service than that in which our Cubmasters, Scoutmasters, Explorer Advisors and their assistants are engaged."

## POLITICAL HACK

# Propaganda Deficiency Is Seen

By LYLE C. WILSON  
United Press Staff Correspondent  
WASHINGTON — The Democratic assault on Secretary of State John Foster Dulles spotlights a serious propaganda deficiency in department defenses.

The department lacks a dependable and aggressive defender on Capitol Hill. Department agents have been nosing around for years seeking such an individual.

There are several aggressive and effective Republicans in the Senate who could do the job—if they would. Such men as Senate Republican Leader William F. Knowland (Calif.) and Sen. Styles Bridges (N.H.) and William E. Jenner (Ind.) would fit the pattern.

Jenner, however, is more often off the party reservation than on it. Neither Bridges nor Knowland has done any real slugging so far in defense of Dulles.

Dulles Has Rough Times  
Dulles, meantime, has been roughed up in public congress-

ional hearings beyond the experience of most men. The general trend of attack has been that the secretary is responsible for Middle East policies or lack of policies which brought the threat of World War III very close.

That is a serious indictment. Equally serious is the charge often now repeated that Dulles has lost the confidence of Congress and of the United States' major European Allies. Whether Dulles actually has lost the confidence of Congress remains to be seen.

More likely than not, the Eisenhower administration's proposals for stabilizing Communist penetration of the Middle East will be approved by Congress without destructive changes. Such approval would be an expression of confidence, at least in that policy. That is the one which has brought Dulles for days recently before the Senate Foreign Relations and Armed Services Commis-

The defense of Dulles in Congress is little defense. Dulles is spreading the attack. The belief is spreading here that President Eisenhower must shortly speak up sharply for his secretary of state if Dulles' prestige is not to be very seriously damaged.

Mr. Eisenhower did so privately Tuesday when he paid a surprise visit to the capitol to lunch with Republican senators. Bridges told reporters afterwards the President described Dulles as a "well-qualified, conscientious, hardworking, dedicated secretary of state" doing a "terrific job under handicaps."

Dean Acheson got rough treatment from Congress during his term as secretary of state, perhaps as rough as Dulles has been experiencing, but with a difference. The difference was Harry S. Truman. Mr. Truman who placed Acheson in charge of the State Department, was his aggressive defender.

# Russia May Pay Dearly For Help

Foreign News Commentary  
By CHARLES M. McCANN  
United Press Staff Correspondent  
Soviet Russia may pay dearly for the help it got from Communist China in framing a new policy for its East European satellites.

Chinese Red Premier Chou En-lai went to Moscow at the urgent request of the Soviet government to aid in re-shaping policy in light of the Polish and Hungarian revolts.

In Russia's behalf, Chou also visited Warsaw and Budapest to talk to Polish Communist leader Wladyslaw Gomulka and Hungarian puppet Premier Janos Kadar.

The result was a joint statement issued by Chou and Soviet Premier Nikolai S. Bulganin.

Chou and Bulganin said that Communist countries are "sovereign independent states" and that Russia remains the center of world Communism.

But it looks now as if the most important result of Chou's mission was to strengthen the prestige of Red China at Russia's expense.

Chou seemed to be the dominant figure in the Moscow talks—a sort of arbiter between Russia and its satellites.

He certainly strengthened his country's position as an influence in all Communist countries. He also greatly strengthened it as the leading Communist influence in the "neutralist" countries of East Asia.

There have long been signs of Russian-Chinese rivalry in East Asia. Russia has made a big bid to build itself up there, especially in India.

But Red China has moved in. Chou's present tour of Asia, which he interrupted to visit Moscow, seems almost openly aimed at giving China the No. 1 position in relations with India, Burma, Indonesia and other countries.

Another stage in the development of Russian-Chinese rivalry lies in the indefinite future.

Wants L. N. Seat  
Chou has shown, in speeches he has made recently in India and other East Asian countries, that he is looking forward to the day when the United States may recognize his government, and Red China may be admitted to the United Nations.

There has been no sign that the United States is even thinking of

recognizing the Red Chinese regime. But it may do so. The Communists are pretty firmly in control of their country of 600 million people, and they seem likely to remain in control.

If and when American recognition will be strengthened further at Russia's expense.

Russia loses no opportunity to demand Red China's admission to the U. N. But there is a strong suspicion that the Soviet government is well content with the present situation, in which its own position as chief spokesman for the Communist world is unchallenged.

## LAFF-A-DAY

# Businessmen Are Often Careless About Health

By HERMAN H. HORNSTEIN, M.D.

THEY say no one can tell the nation's executives have a heart boss what to do. But I'm going to tell all of you executives what to do right now.

If you haven't had a thorough physical examination within the last year, call your doctor—or the company physician—and arrange for one sometime later this week. Statistics indicate you probably need it.

I know a lot more about you executives than you might think. Physically Strong

For instance, I know that most of you young executives under 40 are physically strong, athletic, energetic and ambitious. You work from 10 to 12 hours a day because you enjoy the combat of business.

I also know that probably less than 10 per cent of you are in perfect health; the remainder have some sort of disease. And about half of you don't even know it.

Special Age Group  
Between the ages of 40 and 45, the executive's health may become even more of a problem, especially if he begins losing his hair, puts on excess weight and finally learns what it is to become tired.

Most of you executives in this age group are physically strong and you are able to work more than eight hours a day without strain. Still, you are no less ambitious than the younger man. Your preoccupation with your work continues—and you have a tendency to ignore the early signs of disease.

You may be a careful businessman, but you are likely to be careless about your health.

**BUILT-IN SUPERCHARGER!**

A Studebaker-Packard *exclusive*  
so good other cars will have to copy it!

It's like having two engines in one—an economical engine for normal driving, and, when you want it, a super-powered engine for acceleration... for safer passing, hill-climbing and high altitude operation.

Today, only Studebaker-Packard brings you an engine with a built-in supercharger which has been tested and proved in service. Already, its high efficiency and remarkable performance have shown it to be the power plant of the future. Here, graphically, is proof:

The acceleration curves shown on this chart were obtained by plotting miles-per-hour against time, in seconds. The solid line shows the performance of Studebaker's supercharged Golden Hawk. The dotted line is the performance curve for the average American family sedan. Notice how much steeper the Studebaker curve is. It's the direct result of the supercharger pouring pressurized fuel-air mixture into the engine.

You can see how much more power the supercharged engine has in reserve for instant acceleration—at any speed—when you need it.

See for yourself—test-drive a supercharged Golden Hawk or one of the Packard Clipper sedans or station wagons at your Studebaker-Packard dealer's today.

## New Silhouette Is Compared To Spiral Corkscrew By Dior

By BARBARA MILLER  
United Press Fashion Writer  
Paris (UP)—Fashion dictator Christian Dior decreed no more leg art, today with a new line of creations which cover the calf for street wear and drop almost to the ankles for dressy fashions.  
His 1937 "long free look" creates a silhouette which he compared to a spiral corkscrew. Dior's showing completed the Paris style previews for another six months.

Dior launched full long skirts in 1947, and to celebrate his 10th anniversary and 27th semi-annual collection today he introduced long styles as narrow as they once were wide. His sinuous and slinky designs closely resemble the corkscrew silhouette.  
**Rocked With Cheers**  
The jam-packed salon rocked with cheers for the mid-mannered 32-year-old designer.  
"Fantastic, Genius, Beautiful," cried admiring fashion experts. Baldish Dior "twisted" his new silhouette as follows: Wide stand-away necklines, raised slim bustlines, wrinkled and loose waistlines, and long slim skirts a good three inches longer than those of last year's day clothes—all slanted for tall, lean girls.

During the past several seasons Dior designed for short petite types.  
He added "various" blouses to the vocabulary of the fashion wardrobe. Cut like a hip-tipping middy blouse, Dior calls them "typical" of the new dress silhouette. They top slim skirts by day and bouffant styles after dark.

**Two-Piece Dresses**  
These two-piece dresses are, according to their creator, the equal to a suit for street wear. Reformer Dior's "new" full hemlines of 1936 turned out to be one of his few duds. These 10-inch up styles have yet to appear on the average woman, and espionage agents of the fashion world report they haven't even hit salesrooms.  
During the current haute couture fashion collections, no one designer has followed Dior's concept of feminine wear. Hemlines are creeping higher and higher, and Jean Patou reached a reported new high of 17 inches from the floor.

"This is not the time for a major change," the 32-year-old Dior said recently.  
A number of Navy Wives are taking advantage of the opportunities offered them at the Seminoles Co. Vocational School. It is a most worthwhile project to further their business education, either as a beginner or merely brushing up on typing, bookkeeping and all business subjects. The teachers are expert and most helpful and hours can be arranged to suit your needs. New classes in Business English and shorthand are beginning on Monday and classes in Typing and Bookkeeping may be started at any time. The fee is slight and the time spent is worthwhile and pleasant as well. So why not visit the school and talk it over.  
Among those attending the school since the term started in September are: Virginia Allen, Virginia Hatfield, Ruth King, Elizabeth Smith, Pat McClure, Pat Walsh, Juanita McKnight, and Vivian Coleman.  
Congratulations are in order to Chief Petty Officer Claude Walters on his recent rating. After only 7½ years in service.  
Mr. and Mrs. Walters are making their home on Ross Street outside the main base gate.  
The following are events you may not want to forget: EMWC Cake and Cookie Sale—Feb. 2 in Downtown Sanford. VAH-5 Squadron Party and Dance TONIGHT at 8:00 at the C. P. O. Club. EMWC Meeting Monday Eve., Feb. 4 at 8:00 at the U. S. O.

THE FINANCIAL COMMITTEE of the High Fever Follies reported today that expenses for the review have been made. The goal now is \$2,600 from ticket sales to pay for the orchestra table for use Memorial Memorial Hospital. Some of this has already been received, but if the Auxiliary is to achieve its goal, tickets must be purchased for the Follies. Members of the cast selling tickets are requested to call Mrs. L. A. Anderson at 2172 and report the number sold. All orders may report to their team captains. There will be a prize given to the person selling the most tickets. This will be presented Saturday night, Feb. 9, after the performance.

## Mrs. Beaula Thornton Honors Mrs. Mona Moyer With Party

Mrs. Nona Cowan Moyer of Jacksonville, house guest of Mrs. Beaula Thornton on South Magnolia Avenue was honored with a lovely party on Wednesday evening with Mrs. Thornton as hostess. Mrs. Moyer is a former resident of Sanford and has many friends and relatives here.  
Mrs. Thornton received her guests wearing a becoming new Spring gown of dark blue and white cotton with Mareschal Neil rose corsage. Mrs. Moyer's corsage was also Mareschal Neil roses and her dress was dark blue silk with red, blue and white trim. The corsages and beautiful bouquets of red and pink roses were a gift from Mrs. Sophie Went.  
Mrs. R. T. Humphrey gave many enjoyable piano selections and musical contests and other games were entered into. Prizes were won by Mrs. Eva Harkey and Mrs. R. T. Humphrey. Mrs. Jay Beck came to the party wearing her newspaper reporter's badge which she received when she attended the National Convention of Democratic Party in 1948 in Philadelphia. Penn. as a "Guest Reporter", being called a "Roving Reporter" from Sugar Creek, Georgia". Each guest was given a private interview and the combined story was presented to the honored guest as a souvenir of this happy occasion.  
Refreshments were served to the following: Mrs. R. T. Humphrey, Mrs. Minnie Evan, Mrs. Bertha Rhodes, Mrs. Charles Grieme, Mrs. D. C. Howard, Mrs. Mary E. Jameson, Mrs. R. G. Hickson, Mrs. J. E. Baker, Mrs. Jay Beck, Mrs. Mabel A. Brown, Mrs. Byron H. Squires, Mrs. Eva Harkey and Miss Vera Woodcock and Mrs. Lora M. Davis, who assisted in entertaining.

## April 2 Opening Of Shakespeare Theatre Program

NEW YORK — Those Americans of theater bent who are planning to visit Britain this year will be interested in the program available at the Shakespeare Memorial Theatre in Stratford-upon-Avon.  
The season begins April 2 and lasts 35 weeks, which is the longest in the 21 years of the theater. Bookings are now being made.  
Stars this season will be Peggy Ashcroft, Alec Clunes, Robert Harris, Joan Miller and Geoffrey Keen, all playing two or more roles in the repertoire, and John Gielgud, who will play only as Prospero in "The Tempest."  
The other plays will be "As You Like It," "King John," "Julius Caesar" and "Cymbeline." The first-tilated will open the season.

The top price for orchestra seats is \$5.25 during the week \$5.75 on Friday and Saturday evenings.  
The "subscription plan" provides for buying seats for the three productions (the third is still to be announced). For \$15, a subscriber gets a booklet worth \$16.75. Tickets in the booklet are exchangeable at the box office for seats, and owners of booklets may give mail or telephone orders only 48 hours before performance if desired.

Dramatic and singing star Alfred Drake has been signed by the American Shakespeare Festival Theater and Academy to play Iago in its production of "Othello" at its Stratford, Conn., theater next summer. He also will have a second role in another production there, but just what it will be has not yet been decided.

"Hunter's Moon," the new play by Marc Connelly which Rita Allen is producing in association with Milton Cassel will be embellished by incidental music and lyrics by "Paris 99" in 1932. Unlike most plays with music where a composer is sought after purchasing the script, "Hunter's Moon" was brought to Mrs. Allen by author-director Connelly with the brief musical accompaniments already integrated with the action of the play.

"Hunter's Moon" will open in New York April 3 after four and a half weeks in New Haven, Boston and Philadelphia.  
The Blackburn Twins have been signed by Cheryl Crawford to play FBI men in John Patrick's new comedy, "Good As Gold," which went into rehearsal under the direction of Albert Marre on Jan. 21. It's due here March 21 after trying out in Boston and Philadelphia.  
The two men will be making their Broadway debut in "Good As Gold" after gaining prominence as song-and-dance artists in night clubs and on TV.  
Roddy McDowell, Paul Ford Robert Emhardt and Loretta Levesee also are in the cast.

## Conning The News

BY VIRGINIA CONN  
Well coffee was given at the BOQ Thursday by the wives of IATU in honor of Sally Weigle and Virginia Johnston, who are going to VAH-5. Anita Hadden and Betty McClane were co-hostesses. The table was gay with yellow gladiolus in a silver bowl. Coffee was served from a silver service. Attending were Mollie Barlow, her mother, Mrs. C. E. Luken, Lib Cleveland, Rosemary Duncan, Mac Edwards, Lil Gray, Millie Loper, Treeta Michel, Marty Millsaps, Ruth Norvell, Ida Radtke, Polly Savage, Virginia Shaffer, Spook Hook, Ruth Spartz, Claire Lynch, Jean Tegfeldt, Jean Kahlo, and Edith Woodruff. Virginia and John Johnston have moved into their new house in South Pinecrest. John will go to Olathe around the fifteenth for his school. Howie Weigle leaves this weekend.  
A group of VAH-7 wives played bridge at the B. O. Q. Wednesday afternoon. Ruth Norvell won first prize, and Betty Meyer second. Enjoying themselves were Mary Libbey, Lou Johnson, Gretchen Hall, Ruth Norvell, Betty Meyer, Dot Mann, Terry Price, and Claire Lynch.  
The scenery committee needs help! The sets of the High Fever Follies are quite ambitious, so if you can swing a hammer or wield a paint brush, why not call Anita Hadden at 1916-R, and find out when they meet next. The committee is using the Patrie Fruit Corp. warehouse, behind a tennis courts at the Mayfair Inn, and will be there most any night from 7:30 on. Helping already are Bob Hadden, Bob Stone, Cliff Duncan, Ollie Loper, Betty McClane, Spook Hook, Polly Brubaker and Mary Muntz.  
Tried to get a banner the other day for the Follies, only to find that it was being painted for the return of VAH-11. Such as I would like to have one over head advertising the Follies, to have VAH-11 in town again is many millions of times better. It may not seem long to us since they left, but it seems years to the girls they left behind, and they have been a wonderful bunch. And everyone else thinks so too.

Latest news among the chiefs and from the C. P. O. Club are the transfers of several of the men. Chief Stanley "Ske" Adomaitis received his orders to Port Lays to a permanent transfer. He was formerly manager of the C. P. O. Club and has been attached to N. A. S. Mr. Adomaitis will be leaving in late February. Chief Robert Herdman, of VAH-5 has received orders for the latter part of February to report to Newport News, Virginia where Mr. Herdman will be attached to "U. S. S. Ranger" which as we understand is in the finishing stages.  
Mrs. Herdman and their two children, Debra and Beverly, will remain here in Sanford until the end of the school year. The Herdmans reside on De Cotte Ave.  
Tuesday evening, Jan. 29, was an eventful night for Chief Lou Brinn as he was then elected manager of the newly decorated C. P. O. Club. Mr. Brinn will replace Chief Adomaitis, former manager. Another officer elected at Tuesday's meeting was the president, Chief Petty Officer Cecil Hicks. The new addition of the club will have a color scheme of blue and gold and is complete enough for the use of club members now and at all times during open hours.  
Chief John Gettridge has been transferred to Patuxent River, Maryland. Mr. Gettridge was formerly attached to VAH-7. Mr. and Mrs. Gettridge and their four children will be leaving this week. While in Sanford they resided on Laurel Ave. in South Pinecrest.  
Mr. and Mrs. L. Krig and Mr. and Mrs. Ernest Leming were guests of Mr. and Mrs. Robert

THE FIRST DONOR to the Seminole Chiefs' auction to be held Feb. 16, Joe Baggerly, 210 Virginia, makes the first donation to the coming Seminole Chiefs Fish Fry and Auction. Baggerly gave a Maytag wringer type washing machine for the fund raising drive to pay for outfitting the local junior high schools with football uniforms. "It's a good machine," Baggerly said, "I hope the Seminole Chiefs will be able to realize something out of it." Baggerly was the first individual to donate an item to the drive. He also donated two concrete wash tubs.

## Baggerly First Donor To Auction

Joe Baggerly, who lives at 210 Virginia Ave., and is a member of the Seminole Chiefs Club, yesterday made the first donation to the coming Fish Fry and Auction to be held Feb. 16th at the Auction Mart on 17-92, south of Sanford.

His donation to the auction, a Maytag wringer-type washing machine, is in good operating condition. About five years old, the machine is the same model number as is in production today.

Baggerly was surprised that he was the first to donate to the auction. "Such a worthy cause should have people all over the city cleaning out their storage rooms," he said.

Baggerly, a downtown merchant, said he was not contacted in person by a member of the Seminole Chiefs Club to make a donation. "My daughter, Caroline, brought home a note Monday, and I started to clean out my warehouse to look

for something to give. I found one washing machine that ran pretty well, but I didn't think it was good enough to bring to the Seminole Chiefs auction."

Baggerly said he was prompted to donate because he felt the project undertaken by the Seminole Chiefs was a worthy one. "My son Tommy is in the fifth grade," he said, "and when he gets to the seventh and eighth grades he will be able to start learning something about football if he wants to. And the Seminole Chiefs are responsible for the opportunity. It's the least I could do."

Baggerly also contributed two concrete wash-tubs to the auction.

The Baggerly's also have two other children, Caroline, 12 years and Janis Kay, four. "I would like to see the present program expanded so that the girls could have an equal opportunity—that is, as soon as we have the boys sports financing completed."

Joe said he not only was glad to make the contribution, but "My whole family will attend the fish fry and stay for the auction. Where else can you get a whole meal for fifty-cents per person and watch Larry Jones, the auctioneer, in action at the same time. We hope to be able to buy some articles that will fit into the children's recreation room that we're presently building onto our garage, too."

Joe and his family are representative of Sanford people as a whole, Mrs. John Schirard Jr., chairman of publicity for the coming event said. "There are many people who are anxious to contribute, but who have just put things off—we all do," Mrs. Schirard said that those who would like to donate articles

large or small, could call 2431-W or 433 during school hours, and 2154 or 2014 during the late afternoon and evening and the articles would be picked up by members of the Seminole Chiefs Club.

## SEC Crown May Again Turn Out Kentucky 'Derby'

By JOHN GRIFFIN  
United Press Sports Writer

For the 12th time in the last 14 years the Southwestern conference basketball championship went out to be a Kentucky "derby."

Baron Adolph Rupp's Wildcats (11-1) won the grass hat to settle the second place a year ago in the SEC, but Wednesday night they went out front by a half-length in this year's race with a 4-53 triumph over Georgia.

Georgia was simply no match for Kentucky, falling behind 43-2 at halftime and struggling against the reserves throughout the second half.

Sophomore Johnny Cox led Kentucky scorers with 22 points as the Wildcats, ranked the nation's No. 3 team by the United Press Board of Coaches, gained their 14th victory in 17 starts.

North Carolina, the nation's No. 1 team, also saw action Wednesday night—but only in a "tune-up" 73-59 over Little Western Carolina to extend its perfect record to 16-0. Lennie Rosenblyth paced the Tar Heels with 24 points.

Otherwise, the spotlight Wednesday night was on free throw shooting as Dave Ricketts of

## Club Raises Money To Guarantee Boat Races; Funds Are Needed To Meet Miscellaneous Expenses

"We have raised the money to guarantee the boat races for the Sanford Outboard Regatta, but we still need money to meet the demands of miscellaneous expenses," Commodore Joe Nicholas told the members of the Sanford Boat and Ski Club at a special meeting and social get-together last night at the club-house in Fort Mellon Park.

"It was mandatory that we raise \$853 to even schedule the races here," Nicholas said, "and we have met that goal, but we have many expenses to pay as yet, such as public address system and printing of the programs."

Lt. Weaver, of the Florida Highway Patrol, told the group that their proposed plans for handling the traffic and parking was not only approved by the state agency, but highly commendable. "There will be two highway patrolmen at least one city policeman, and at least one deputy sheriff helping you handle your traffic and parking problems," Weaver said, "and there will be sufficient signs available to aid you also."

Boat regatta chairman Don Smith announced that plans were progressing well and that the racing program was nearly ready to go to press. "We are waiting to complete our fund raising before sending the programs to press," Smith said. "We need a little more money, and we want to mention the names of the people who are being kind enough to help us make this event possible."

After the reports were completed Smith assigned jobs to the various members of the committee. "This is going to take a lot of work on the part of every one of us," Smith said, "but we are doing it for the city of Sanford, at no gain to this organization, we are offering the entire event free to anyone who would like to watch the biggest names in the national boat racing world, and I personally feel that each of us will be happy with a job well done."

Nicholas said, "We would like to thank our sincere sponsors and individuals who have so generously made it possible to bring big time boat racing to Sanford and Lake Monroe absolutely free to the citizens of Sanford, Seminole County, and outlying areas."

After the meeting refreshments were served to the large gathering.

Big time boat racing comes to Sanford on Sunday, Feb. 17, beginning at 1 p. m., on Lake Monroe just outside the city limits toward the St. Johns River Bridge.

Dugone established a new major college record of 40 straight. The mark will be threatened to-night when Jackie Murdock of Wake Forest, who has canned 37 in a row, goes out against Virginia.

Ricketts, brother of former Duquesne All-American Dick Ricketts, hit 10-for-10 on free throws Wednesday night in a 71-57 victory over St. Francis of Brooklyn and so his streak is still "alive" for possible additions when Duquesne plays again next Monday against Niagara.

Fasces Parie's Mark

Ricketts, who had 2 points to take scoring honors for the game, thus passed the old major college mark of 38 straight free throws set earlier this season by Chet The Jet Forte of Columbia.

In other leading games Wednesday night; Connecticut extended its Yankee Conference conference scoring record with a 124-92 victory over Houston in the Missouri Valley Conference. Tulsa romped to a 72-59 win over Santa Barbara; Lehigh upset Penn State, 72-67; Army won over Boston U., 65-54; Temple ripped Navy, 70-58; Texas Tech nipped Baylor, 68-64; and Dayton nearly blew a nine-point lead before beating De Paul, 78-68.

## Big Question On Local Basketball Scene Will Be Answered Tonight

The big question on the local basketball scene that will be answered tonight is: Can the Sanford Seminoles stay together, show their vast improvement and upset powerful DeLand when they clash in the Seminole High School Auditorium.

Comparatively the Seminoles stand a good chance of realizing their hopes of "knocking off" the Bulldogs and the Seminoles, met again. This time the Seminoles went on the warpath as tiny Cecil Dandridge went on a scoring binge from beyond the free-throw line and it took all the Bulldogs could muster, plus a full-court-press for the last half to save the night and be contented with a 44-44 win.

Even though no longer members of the same conference, the Sanford and DeLand teams continue to be arch rivals and a huge turnout is expected for the event. All statistics are being thrown out the window and the game is rated as a toss-up.

Cage mentor Bud Leyer said this morning that there was still a lot more room for improvement. "The boys have a long way to go before being agile on the court," he said. "DeLand is well lined and are confident of their ability as a team. They don't rattle easily and we do. But then, they don't have the desire that we have. When we have an off night it is because the boys are unnerfed not because they don't want to win."

Assistant coach Dick Silvers had nothing but praise for the boys. "They're working hard every day and they understand that we have to be rough and demanding on them if we want to get the job done. There has been little back-biting and every man is intently working for personal and team improvement."

"We are gunning for a win to-night," Leyer said enthusiastically.

## Jr High B. Squad Suffers First Defeat Yesterday

The Sanford Junior High B squad suffered its first defeat of the season in Seminole County Junior High Basketball League action yesterday afternoon as the Oviedo Juniors topped them in a close 14-10 contest on the Sanford Jr. High courts.

Sanford Junior Wayne Evans was high man for the game with eight points for the losers, but Oviedo, sparked by John Wainwright, high man for victors with six points, played a defensive game that was too tight for the Sanford Juniors.

## Parochial Cagers Crash Win Column

Every man scored on the All Souls Catholic School team, as the Parochial cagers crashed the win column of the Seminole County Junior High Basketball League again, by whitewashing Lake Monroe 42-12.

Played on the all Souls courts, John Lake was high man for the game, scoring 12 points—the entire opposing score—for the victors.

Lake Monroe had a one man team in the person of Johns, who tallied all but two points for the losing visitors.

As each member of the All Souls team hit the basket, it was the first tally for both Fay and Mather, this year.

## Shuffleboard Team Beats Orange City

Tournament shuffleboard got underway again for the Sanford Tourist and Shuffleboard Club for the first time since the Celery Mixed Doubles Invitational with the local team making a road trip to Orange City and bring back a victory 21 games to 11 games.

The local team resumed their winning ways after a close watch with Orange City and returned to the local courts this afternoon at 2 p. m., hosting Mainland of New Smyrna Beach.

TAMPA Pa.—Mickey Mantle is baseball's new glamor boy but you can take it from the pitchers that Ted Williams still is the most feared hitter in the American League.

"I've talked to a lot of other pitchers," said one as the baseball clan began to gather for spring training. "Now I wouldn't want that Mantle bearing down on me, so don't use my name, but Williams has no exploitable weaknesses while you can quite often fool Mickey."

Strikeout statistics would seem to bear out this assertion.

Mantle last season fanned a total of 99 times. Williams, in only 14 less games, struck out but 39 times.

Master Mickey himself bemoans this swishing proclivity.

"Gives Away Points

"Williams told me that I was giving away a lot of points on my batting average," Mantle admitted. "I've got to learn the strike zone a lot better."

There are even more statistics which would indicate why Williams is regarded by the pitchers as more of a menace.

Mantle had a great season last year as he smashed 32 home runs and batted .351. But it was his first "big" one.

Since coming up in 1951, Mantle's previous best average was .311 and his overall average up to 1954 was only .29 for his career. Williams, on the other hand, has never batted under .317. His .406 average in 1941 made him the last man to reach the .400 heights and his lifetime average to last season was .348.

Musial High Man In N.I.

Over in the National League, the men who have to toes it up there to the hitters still rate Stan Musial of the St. Cardinals as pitching enemy number one.

"Stan doesn't rank with Williams or Mantle for my money," asserted the pitcher, who currently does his chucking chores in the American League, "but even in his 18th year he was still twice as tough to fool as such hitters as Willie Mays or Eddie Mathews."

And the pitchers, who discuss the hitters as naturally as ferrets

**Jr High B. Squad Suffers First Defeat Yesterday**

The Sanford Junior High B squad suffered its first defeat of the season in Seminole County Junior High Basketball League action yesterday afternoon as the Oviedo Juniors topped them in a close 14-10 contest on the Sanford Jr. High courts.

Sanford Junior Wayne Evans was high man for the game with eight points for the losers, but Oviedo, sparked by John Wainwright, high man for victors with six points, played a defensive game that was too tight for the Sanford Juniors.

## Parochial Cagers Crash Win Column

Every man scored on the All Souls Catholic School team, as the Parochial cagers crashed the win column of the Seminole County Junior High Basketball League again, by whitewashing Lake Monroe 42-12.

Played on the all Souls courts, John Lake was high man for the game, scoring 12 points—the entire opposing score—for the victors.

Lake Monroe had a one man team in the person of Johns, who tallied all but two points for the losing visitors.

As each member of the All Souls team hit the basket, it was the first tally for both Fay and Mather, this year.

## Shuffleboard Team Beats Orange City

Tournament shuffleboard got underway again for the Sanford Tourist and Shuffleboard Club for the first time since the Celery Mixed Doubles Invitational with the local team making a road trip to Orange City and bring back a victory 21 games to 11 games.

The local team resumed their winning ways after a close watch with Orange City and returned to the local courts this afternoon at 2 p. m., hosting Mainland of New Smyrna Beach.

THE REV. R. E. BRESSLER

Annual Missionary Convention Starts Monday At Church

The Rev. David S. Carnett, pastor of the Christian and Missionary Alliance Church, announced the Annual Missionary Convention to be held at the church beginning Monday, Feb. 4. Services will be held each evening, except Saturday, at 7:45 through Sunday, Feb. 10. The public is cordially invited to attend these "interesting and informative" services which mark the highlight of winter activities at the church.

The Rev. R. E. Bressler and Miss Pauline Roseberry will be the speakers for the week. Miss Roseberry was sent to the land of the fabled "Wild men of Borneo" in 1948. She has been teaching in the Bible School at Long Bia which trains Dyak converts to be pastors and teachers in the Dyak Christian Churches. Long Bia is centered in the area of one of the greatest miracles of modern missions. For more than a decade prior to World War II the conversion of these natives occurred at the rate of more than 1,000 each year. This man turning to God was uninterrupted until the Japanese invaded the land and some of the missionaries died as Christian martyrs.

The Rev. Bressler is a veteran missionary who began his missionary career in 1931. He was sent to Iran (Persia) where by conducting an evening school for men, instructing them in English, he was able to make valuable contacts for Christian evangelism. His work continued there for six years and proved valuable experience for a later assignment in the Philippine Islands. After working in the country where Mohammedanism prevailed, Mr. Bressler was well equipped for his ministry among the Magundano Moros in the Philippines where he and his wife were transferred in 1938. For three years they ministered to these Philippine Moslems, translating the Gospel of John into the local dialect, and traveling extensively to reach pagan tribes in the interior.

When the Japanese invaded the Philippines during World War II the Bresslers took refuge in the virgin forest but were captured and interned by the Japanese. After two and a half years in prisoner camps they were finally liberated by allied forces in February 1945. When rescued Mr. Bressler was confined to a military hospital and was very near death.

However, with less than a year on furlough in America, he returned to the Philippines with the responsibility of leading the rehabilitation of the mission and the development of the indigenous church. He and Mrs. Bressler spent their last year on the (with) visiting the churches to conduct conferences, Sunday School convocations, and youth rallies. An added attraction of the convention will be the display of native curios and the showing of pictures direct from the areas represented by these missionaries. They will be speaking nightly of the work on their respective fields.

Local Unity Study Class Affiliate Of Missouri School

The Unity study class, which meets each Tuesday night at the Valdez Hotel at 8 p. m. is affiliated with the Unity School of Christianity in Lee's Summit, Mo. "Unity School of Christianity is a religious, educational institution teaching the use of the Jesus Christ doctrine in every day life. Unity teachings explain the change of mind, the link between God and man. They show how the mind affects the body and how it brings man into an understanding of God," according to the Rev. Josephine Stuckie. "Unity is not a denomination or sect, but a school of right and constructive thoughts, words, action and reaction which can change illness to health and any situation, person or thing into peace, life, joy and prosperity," she said.

The Rev. Josephine B. Stuckie, Unity minister and teacher, says, "We extend an invitation to all who are seeking spiritual understanding."

Castings

(Continued From Page 1) Jey, Lillie Ruth Hardin, Anabel Fleming, Rosalie Jackson, Cora Johnson and Mae Lane.

Chorus for the Frankie and Johnny number are couples Annie Mae and Giles Chapman, Eida and Nick Nichols, Marge Leming and Buddy Howls, Ernie Williams and Bob Stone, Mickey and Mike Ives, Jane and Wally Phillips, Pearl Danman and Gerald Solinka, and Jane and Cliff McKibbin. Substitutes are Pina D'Abell and Chuck Fab.

A hot Charleston is danced by Dottie Malenowski and Bill Compton, Eida and Nick Nichols, Anna Mae and Giles Chapman, and Gretchen Kirchhoff and Gerald Covington.

The Gay Nineties beach scene will long be remembered. Playing in this chorus are Anna Mae Michael and Bob Stone, Marge and Ernie Leming, Eida and Nick Nichols, Gretchen Kirchhoff and Buddy Howls, Jane and Cliff McKibbin, Kathy Bauman and Bill Compton, Anna Mae and Giles Chapman, and Jane and Wally Phillips, who play the bathing beauty and the life guard.

Pantomime is offered in "The Beach Your Wink," by Pat Dwyer, Dick Mann, Monty Lillock and Hersh Commans. These boys will be remembered as the girls who sang Pistol Packin Mama on Talent Night.

Altogether it is taking some two hundred people to put on the High Fever Follies. This does not include a great many ticket salesmen who are not on committees. There are many who have worked morning, noon and night on the production in the past few weeks, and who are surprised to find that there's anything else going on. Your ticket will not only help pay for the orthopedic table, but will give you one of the most delightful evenings ever enjoyed in Sanford.

Merchants

(Continued From Page 1) "The City Commission is here to do what is best for the general public," explained the City Manager.

At the request of Chamber of Commerce President Clifford McKibbin, City Manager Knowles explained that the change from angle to parallel parking would give five apparatus a wider swing at intersections and provide a passing lane when cars roll over and park to one side.

Sid Richard explained that he had received only commendation for the change that motorists are in favor of the change and are glad we are doing this.

Mayor David Gatchel spoke at length to the audience of merchants and stated that "The National Safety Council has rated down Sanford because of its angle parking."

"We are enthusiastic about the growth of our city and as business increases our problems in traffic is growing," he said. "Cars are no longer nowadays you don't know whether they're pulling out, pulling in, or parked," he said.

Chamber of Commerce Manager John Krieger suggested that an extensive advertising campaign be instituted to direct motorists and shoppers to the Municipal Parking lot for free parking.

Chain Of Missions To Be In DeLand

The Florida Chain of Missionary Assemblies three-day series of programs will be held in DeLand beginning Sunday. Nine speakers will appear during the five programs which will end on Wednesday with a noon meeting.

The entire series will be presented in the First Methodist Church in DeLand with an evening service on Sunday, a morning and evening service Tuesday, and concludes with the morning service on Wednesday.

Those attending the morning services are requested to take their own sandwiches for lunch. Speakers for the series include: Dr. Robbins W. Barstow, Rev. Don Benedict, Rev. J. H. Breckman, Rev. M. Olin Burkholder, Dr. James A. Jones, Miss Sarah E. Perkins, William Rule, M.D., Rev. C. L. Spottswood, The Rev. V. C. A. Voegell.

FP&L Officials

(Continued From Page 1) comes down directly or indirectly from the tourist business. "The fact that this area has been chosen by the New York Giants indicates that it is an area which should and will merit the tourist business."

Half the people in the United States today want to take a vacation in Florida—people who are fed up—people have the time, he said.

"We are almost just beginning to grow," said Roberts for "we are only a few hours from the center of wealth in this country."

To illustrate how stable Florida's growth has been in 1936, Roberts pointed out, in the first eight months only two states increased its dwelling unit starts and Florida was one of them with six per cent increase while the country as a whole went off 17 per cent.

"There's no better index of the stability of our growth," he said. Roberts paid tribute to the leadership provided by Gov. LeRoy Collins as he cited the growth of industry in Florida and the location of trained people needed by industry.

"We have something no other state has to offer for scientists and engineers like good living and working conditions—what a wonderful thing we have in Florida to attract such people," said the Florida Power and Light Co. executive.

Illustrating the availability of power to attract industry and people, Roberts said "it is an important element." He said, "We have increased the availability of power 32 per cent in the last three years and in the next three years will go to 64 per cent."

"The power will be available to take care of the demand," he said. Roberts concluded with "These are the things that are challenging us today and we recognize that fact."

The Florida Power and Light Co. vice president was introduced by the Seminole County Chamber of Commerce President, Clifford McKibbin.

Prior to the guest speaker's address, George Touhy, immediate past president of the Chamber of Commerce outlined the achievements of the organization during his administration. He said, "We saw the widening of French Ave. completed, the Seminole Memorial Hospital opened and in full swing, four lanes of 17 feet underway, and the New York Giants dormitory building started."

These are progressive steps, said Touhy "They don't happen all at once for a great many people put their time and effort into their coming into being."

He said, "Isn't it nice that such a keynote of optimism permeates the atmosphere. "We have a very worthy cause with which we've let's put a lot of get behind our Chamber of Commerce and enjoy a lot of pleasure," said Touhy.

McKibbin, emceeing the evening program, introduced officers and directors of the Chamber of Commerce as well as new members who had recently come into the organization. Power and Light Co. and Al First vice president of Florida Also introduced was Robert Wright, who accompanied Roberts to Sanford for the occasion. Walter Kimble of WDRO furnished entertainment of organ music.

Planning Session Scheduled Monday

The presidents of the Christian Women's Fellowships of the Christian Churches of the Orlando District will meet at the First Christian Church, 11 a.m. Monday, for a planning session. Mrs. Evelyn Jordan, Ocala, will have charge. Women from seven or eight counties are expected. The ladies of the host church will serve refreshments. Mrs. O. T. Pearson announced today. T. Howard Oden, Ocala, state director of an effort to establish 20 new churches in three years, will speak on the afternoon program.

Lake Mary Resident Succumbs Thursday

Mrs. Mabelle H. Cole, 56, died at her home in Lake Mary yesterday morning at 9:30 following a lengthy illness.

She had lived in Lake Mary for 23 years.

Mrs. Cole was a member of the Lake Mary Presbyterian Church where she was a teacher of the Sunday School's beginners class and served as a church pianist for a number of years.

She was born in New Bedford, Mass. April 12, 1871.

Boys' Heroism Fails To Save Airman's Life

LANGLEY AIR FORCE BASE, Va. (UP)—The heroism of four teen-aged boys failed to save the life of an airman in a jet plane crash that killed two men here Thursday night.

The doomed flier ordered the boys away from the burning P3M Starfire jet fighter, shouting "Get away from me... I know I'm going to die."

The crash killed two New York National Guard fliers. Their two-seater plane crashed a mile short of the runway here.

The crash killed two New York National Guard fliers. Their two-seater plane crashed a mile short of the runway here.

Four boys ran to the scene and worked feverishly to remove one of the men trapped in the wreckage with his clothing afire. They retreated only when he ordered them away only moments before the plane exploded.

The other crewman's body was found about 20 yards from the plane.

The fighter was the last of three jets which took off from Syracuse, N.Y., at 5:18 p.m., on a navigational training flight to Pope Air Force Base, N.C. The other two planes landed safely here.

Davey Sharp, one of the boys, said they "formed a chain, with one of us pulling on the man's arm and the rest of us hanging on each other's belts. We pulled him free from the waist up but could pull him no further."

Firemen's Assn. Meeting Held In Longwood

A meeting of the Seminole County Firemen's Association was held in Longwood at the city's fire house.

Representatives from Sanford, Longwood, Lake Mary, Altamonte Springs and Casselberry attended the get-together.

President of the association, Fire Chief Mack N. Cleveland Sr., of Sanford explained that "The purposes of the organization is to assist the county in every way possible in securing fire protection in the various parts of the area."

"We are working toward approaching the Board of Seminole County Commissioners to ask that legislation be provided for the levying of a tax with which the protection can be provided," said Chief Cleveland.

At the present time, said Chief Cleveland, "we have a mutual aid agreement between the various fire departments of the county for assistance in emergencies."

MAN BRINGS FIRE TO DEPARTMENT ZWINGLE, Iowa.—When the fire department refused to go to the fire, Norman Fulmer had to take the fire to the fire department.

Fulmer called the first station and said his truck was on fire. Firemen said they couldn't help him because he was outside the city limits. Fulmer got back in the burning truck and drove it to the fire department.

### Legation Pictures From General's Collection Shown

Pictures of the U. S. Legation in Brussels, Belgium will be shown today in a downtown showwindow, according to a member of the General Henry Shelton Sanford Memorial Library and Museum Committee.

The 19 original photographs will be seen in the windows of Roumillat and Anderson at First St. and Park Ave.

Pictures of the Legation were taken during the years in which General Henry Shelton Sanford served as minister to Belgium for the United States.

Original photographs being shown are from the collection which will be seen in the new General Sanford Memorial Library which is to be dedicated Friday, Feb. 8 at 4 p. m.

The photographs were made by Hemar Brothers, Photographers to the King of Belgium and bear the coat of arms of the photographers.

Each picture is clear and distinct and where duplicate pictures of the same room are shown, they are of different views.

Photographs shown are of the Legation Building itself from the entrance side, of the Legation and of the street on which it was located, the dining room, drawing room, foyer to the drawing room, and the study.

### 33 Die In Eight Plane Crashes Since Thursday

At least eight plane crashes since Thursday have killed 33 persons—11 of them in Southern California and 20 in the flaming crash of a Northeast Airlines craft at Rikers Island in New York.

In addition, at least six other persons are missing in plane crashes.

Investigators still are seeking the cause of the airliner crash near LaGuardia Field Friday. Northeast Airlines has denied the wreck was caused by overloading. Eleven of the 101 persons aboard were children.

The string of air tragedies began Thursday with the collision of two planes over Pacoima, Calif., killing five airmen and three students who were struck by falling wreckage in a schoolyard below the crash point.

Reservations are being made and plans set for the meeting of the State Road Board in Sanford on Feb. 14-15 and 16, according to John Krider, Manager of the Seminole County Chamber of Commerce.

The list of members attending has been submitted with 28 members, of the State Road Board, members of the Road Department Staff, Engineers, District Engineers and other officials designating that they will attend.

Heading the Board will be Wilbur E. Jones, State Road Board Chairman, in addition to Albert L. Rogero, Earl P. Powers,

### Ordinance Adopted Setting Minimum Area For Building

**ALTIMONT SPRINGS**—At a special meeting of the Altimont Springs Town Council an ordinance was adopted upon its third and final reading, setting a minimum of 800 sq. ft. living area for all new buildings in Stewart's Subdivision, north of Grandview Ave. and the area south of Grandview Ave. known as Oak Park Subdivision.

Heretofore zoning for this property required only 500 sq. ft. for living area. However, prior to the Wednesday night action, permits for five houses had already been issued to Alfred C. Lawton, developer-builder under the existing ordinance for construction on lots 17 and 18 Grandview Ave. and lots 41-42-43 on Springs Lake Ave.

The Council also is studying the possibilities of hiring a professional appraiser to appraise real estate in the town limits.

Among the twenty or more persons sitting in on the meeting included Leslie T. Bryan and Mr. J. Robert Watson, members of the town's first Planning and Zoning Commission. Mayor Swafford serves as the third member of the Commission.

The committee Sunday night made public testimony by Dr. Raymond J. Saulnier, chairman of the President's Council of Economic Advisers, who appeared to take a somewhat milder view than does Humphrey on the dangers of a depression.

Saulnier, who testified before the committee last Monday, refused to interpret Humphrey's warning. But he said he did not believe the present government spending level, which does not exceed revenue, is "a factor likely to produce depression conditions—in the immediate run."

### 4-Day Civil Rights Battle Opens Today

**WASHINGTON** — The congressional battle over civil rights legislation opened today with the start of four days of hearings by a House Judiciary subcommittee.

The subcommittee, composed of seven northern congressmen, called Atty. Gen. Herbert Brownell Jr. as the first of about three dozen witnesses. He was to present the case for President Eisenhower's four-point civil rights program.

The subcommittee plans morning, afternoon and, if necessary, night sessions to complete its hearings by Thursday.

Rep. Kenneth H. Keating (R-N.Y.), sponsor of the President's bill, told the subcommittee it is a "moderate, realistic and progressive" measure. He urged that it not be weakened by limiting amendments or broadened "unrealistically" so that its passage would be jeopardized.

### Hobby's Trial Removed From Feb. 20 Docket

"The announcement that I will be retired on Feb. 20 in Federal Court in Orlando is not correct," said Seminole County Sheriff J. Luther Hobby today.

The judge William Barker removed the trial from the docket, the Seminole County Sheriff said. "I talked to Judge Barker during a five minute recess last Thursday," Sheriff Hobby told The Sanford Herald today, "at which time he stated that the trial would be removed from the docket for the time being."

"Information concerning the trial is incorrect," Hobby stated this morning, "since the date for the trial has not been set."

At the present time, one witness who appeared against Sheriff Hobby in the 10-day trial last year was recently killed in an automobile accident and another witness has not been located to answer federal charges for the violation of a moonshine still license to light last year in a raid near the Chuluota schoolhouse.

These two witnesses, it appeared in the trial last year were the chief witnesses against Sheriff Hobby.

### Flood Victims Start Clean-Up, Rebuilding Job

Thousands of victims of a flood over idle tracks and switches and then throws lever which operate switches and which give the waiting locomotive the green light.

### None Survive Disaster

**BISHOP, Va.** — An explosion deep in one of the nation's largest soft coal mines trapped and killed between 35 and 40 men today. An official of the company said "there are no survivors."

Searchers found the bodies of the miners some six hours after the blast at Pocahontas Fuel Company's Bishop mine on the Virginia-West Virginia border.

The company issued a statement saying there are "less than 40 men involved" in the disaster and that "of this number there are no survivors."

The blast trapped three 12-man crews 2,000 feet from the mouth of the mine at 1:53 a. m., the company said. The exact number of dead and their identity were to be released later.

The crews were digging coal from the face of the No. 3 seam of the Pocahontas mine field in the heart of the soft coal belt.

The statement, released by Pocahontas Vice President A. V. Sproles and West Virginia Mines Inspector Julius Oizer, said the section where the explosion took place was examined by a fire boss prior to the time the workmen entered the mine at midnight.

The explosion occurred 2,200 feet from the bottom of a new air shaft, the statement said. There were approximately 177 men inside at the time and most of them got out by way of another opening, the statement said.

Mine dispatcher Robert P. Meade said exploding gas apparently caused the disaster. Bad air and smoke hampered rescue workers as they tried to reach the scene.

### Dial Handling System Compared To RR Switching

Handling telephone calls in Sanford might be compared in many ways to switching railroad trains, after Southern Bell puts one of its most modern pieces of equipment to work here on March 17 at 7:01 a. m.

To telephone users, the new system—which employs what is known in the telephone business as the No. five crossbar for dial offices—will mean faster and better service, and ultimately may handle long distance calls, Gordon Rothemel, Group Manager, explained.

There are marked similarities between this system of telephone switching connecting telephones to that of the party a person is calling—and various phases of railroad switching, according to Rothemel.

A dispatcher ordered to move a locomotive from one track to another checks an elaborate control map which shows the various routes through the yard which might be used. The map shows also which tracks and switches are busy.

The dispatcher works out a route over idle tracks and switches and then throws lever which operate switches and which give the waiting locomotive the green light.

Crossbar control equipment in a central office takes the order as the person dials, checks to determine the terminal to which the called telephone is connected, finds an idle path between the terminals of the two telephones and closes the switches to set up that path.

### SHS Band Seen In Gasparilla Parade Today

The Seminole High School Band, colorfully attired in pirate regalia, left this morning at 7 o'clock to join a noisy band of some 350 businessmen "buccaners" who stormed the Gulf of Tampa just as Pirate Jose Gaspar was supposed to have done more than 200 years ago.

The Seminole High Band was one of 20 marching bands seen in the parade in which 60 floats added color and glamor.

The annual invasion of Ye Mystic Krewa of Gasparilla came up the Hillsborough River aboard a fully-ripped pirate ship at noon, setting off a week-long festival.

More than 600,000 persons were on hand to view the noisy antics of the pirates and their three-hour parade through the city to the Florida State Fair Grounds where they will receive the "surrender" of city officials.

Besides setting off a few cannons, the "playboy pirates" came armed with 75,000 rounds of blank ammunition.

The Gasparilla Krewa, founded more than 30 years ago by the city's business, professional and social leaders, annually commemorates the legendary exploits of Jose Gaspar, who was supposed to have terrorized the Gulf of Mexico for 11 years, sinking at least 34 vessels.

### Drive-In Theatre Robbed Saturday Night By 2 Men

The Prairie Lake Drive-In was robbed Saturday night when two men, apparently about 25-years-old and unmasked, walked into the cashier's office at about 8:30 p. m., and scooped up the small amount of cash.

Sheriff Luther Hobby said this morning that this is the third time the theatre has been robbed under similar circumstances.

The two men, after scaring the cashier, Mrs. Ann Rockwell, and scooping up the cash, fled in a two-toned car of unknown make in which a third man was waiting.

The car was headed east, said the sheriff, but could have turned almost any direction at intersections in the vicinity.

Only minutes before the hold-up, Theatre Manager Jim Parlin had removed most of the night's receipts from the cash drawer.

Search for the men is continuing, said Sheriff Hobby.

### Reports To Be Heard By Highway Planning Committee Thursday

The Long Range Highway Planning Committee of Seminole County announced today that a meeting will be held Thursday evening, Feb. 7, 6:30 p. m. at Jim Sperry's restaurant.

Chairman J. Bralley Odham, in calling the meeting, said today in a letter to all members of the group that full reports will be given by the various committees appointed at the January meeting of the committee.

It is expected that reports will be heard from as many as 20 committee chairmen on as many road problems in Seminole County.

Also to be revealed at the meeting will be a report on the progress made so far on State Road 46 and on the 17-92 section from Five Points to Sanford.

Eighty-of ways parcels on 11-92 are being secured by the county's right of way Agent John Fox. Recently, in a report by Fox, as much as 3,000 feet of rights of way property have been contributed by owners along the new four-lane project.

Plans will probably be made for the coming meeting of the State Road Board in Sanford on Feb. 14-15-16 at the Mayfair Inn.

### W. J. Mehaffey Succumbs Sunday

William J. Mehaffey, 61, passed away at the local hospital Sunday at 10:39 a. m. following a short illness.

Mr. Mehaffey was born Sept. 4, 1870 in Phoenix City, Ala. He had lived in Sanford four months, making his home at 310 Holly Ave. with his son and daughter-in-law, Mr. and Mrs. R. L. Mehaffey.

He was a member of the Baptist Church of Fieldale, Va., and was a restaurant operator in Pulaaki, Va.

Survivors include his wife, four children, R. L. Mehaffey, Sanford; Mrs. C. B. Ridd, Pulaaki, Va.; Mrs. J. C. Dixon, Ft. Pierce; Mrs. H. J. Tabor of Linkburg, Va.; 12 grandchildren and nine great-grandchildren.

Remains will be sent to Columbus, Ga., for services and burial. Brison Funeral Home is in charge.
