

Second Bonus Offer a Fine Opportunity For the Candidates

NO ONE HAS WON THE PLAYER PIANO YET
Candidates Who Failed to Take Advantage of First Extra Vote Proposition Should Make Up For Any Lost Time Now

It has been decided to give EXTRA votes on OLD subscriptions in the Herald's contest from now until Saturday noon, March 1st.

Under the terms of the bonus offer today, both OLD and NEW subscriptions will count in making up these clubs.

For every \$14.00 worth of subscriptions, old or new or both, turned in before the expiration of above mentioned date, a certificate good for 25,000 EXTRA votes over and above the regular schedule will be given.

In order to make this offer absolutely fair and impartial, it will include all old business already turned in, as well as all new business upon which no bonus votes have been issued.

This is the first and will be the only offer of extra votes made for old subscriptions. Every possible old subscriber should be seen during this time. Collections count as well as renewals.

In many respects this offer is more important than the preceding one, because the clubs will be much easier to secure, and those candidates who secured no clubs under the first offer should make up for that loss by securing several clubs between now and March 1st. The difference in the votes can be made by securing a greater number of clubs.

There are several Herald readers scattered in and around the Celery Delta whose renewals will be gladly given to those contestants who approach them first and in the proper way. Ultimately all of these subscribers will renew anyway, and it will not cost them a single cent to renew now and give some contestant the benefit of the vote.

Twenty-five thousand extra votes will be given for every \$14.00 worth of subscriptions, either old or new, or both, turned in before noon Saturday, March 1st, and there is NO LIMIT to the number of clubs any one candidate can turn in.

No Prizes Won And Won't Be Until March 21 1918

No one has won the piano, or any prize, and will not until the last vote is polled. No one has such a lead that can't be overcome. The leader today may be thousands of votes behind you

at the close of this second bonus offer if you put the ENERGY into your efforts. It's up to you.

Voting Power of Subscriptions
Payments on all subscriptions will earn votes according to the following schedule. Renewals and back subscriptions count the same as new subscriptions:

1 year \$ 2.00	2,000 votes
2 years' 4.00	7,000 votes
3 years' 6.00	12,000 votes
4 years' 8.00	18,000 votes
5 years' 10.00	25,000 votes
10 years' 20.00	75,000 votes

The list of candidates and their vote exhibit as counted up to noon Thursday Sanford, Fla.

Clean Sweep Sale
The Sanford Shoe & Clothing Co. of this city will have what is known as a Clean Sweep Sale starting next Wednesday morning and it will be a clean sweep straight through. There will be nothing reserved or laid back, but the entire stock will be sold at prices that will make the average customer gasp with surprise, and the general public will sit up and take notice. The man who is assisting in making this sale possible is one who has been starting the south with his reckless daring

in putting on sales that bring the business and leave very small profits, but clothing Co. has an up-to-date line of goods. These goods were purchased last fall and owing to the very warm winter season did not move fast enough to suit the owners, so they have decided to force the sale by almost giving them away. Their big spring stock is on the way and room must be made for the same, consequently the stock on hands now must move. Their loss on the goods will be your gain and by reading

their big advertisement in this issue you will be convinced that never before were such values offered in up-to-date clothing, furnishings, shoes, hats, etc. Read the offer of gifts given to the buyer of these goods during the sale and also those who buy during the ten days that the sale will last. Look for the Big Blue Front.

WANTS

All Local Advertisements Under This Heading, Three Cents a Line Each Issue

For Sale—Two story house and small barn, four acres, forty orange trees, other fruit. Three thousand dollars. One thousand cash, balance to suit purchaser. Mrs. E. R. Curtis, Sanford. 48-tf

REBELS TAKE MEXICO CITY A FEW PERTINENT FACTS ABOUT COUNTY DIVISION

Part of Army Rebels and Turns On Madero

DIAZ RELEASED TAKES CHARGE

Other Short Wires About the World in General and Then Some

The federal army rose in revolt in Mexico City today, took possession of the public buildings, shot down federal adherents in the streets, released General Felix Diaz, leader of the Vera Cruz revolt, from prison, and, falling into line with his banner, practically captured the Mexican capital. Francisco Madero, President of the republic, and members of his cabinet, took refuge in the National capital, where they were besieged but, with some loyal troops, at their backs, succeeded in defending the palace from the assaults of the revolutionists. Madero's family has taken refuge in the Japanese legation and to night the President is making a fight desperate in its efforts, against what happens to be enormous odds for restoration of his power. General Diaz, who is the nephew of the deposed President Porfirio Diaz, is now at the head of the majority of the capital troops, including most of the artillery, and is in possession of the arsenal in the city and powder works nearby. Madero is relying on the loyalty of General Blancoquet, who has been summoned from Tulsa, forty miles distant, but Blancoquet has only a thousand men under his command and the rebels are confident of defeating him should he refuse to join the revolt. The day was marked by four separate engagements, the most sanguinary of which took place in front of the National palace, but the most important was that which terminated in the formal surrender of the troops in the artillery barracks.

Attorney General Wickham today announced that he had reached an agreement with the representatives of the Union and Southern Pacific railroads by which the dissolution will be carried out. The Union Pacific agrees to sell its 1,266,500 shares to the Southern Pacific stock to its own shareholders at the present market price, and the Southern Pacific will assume the present obligations of the Union Pacific, giving it an extension from Ogden to the Pacific Coast.

Congress has reached the "squeezing" stage of the session. Important legislation that has accumulated during the last two years must be considered in the work of the next three weeks, and many bills have a slim chance of passing. The House of Representatives has passed appropriation bills and to be considered Active managers of the 60th House who bear the responsibility of "getting things through" consequently are wearing troubled looks and wondering how much actual business can be transacted in the few remaining working days before March 4.

Some light is beginning to be shed by the brief official dispatches which contain almost all the available news upon the military tactics in the Balkan campaign. Reports of attempts on the part of the Turks to land troops along the coasts of the Black Sea and the Sea of Marmora, which heretofore were based only from unofficial sources, are now officially admitted and it looks as though Enver Bey's mysterious and desperate move, of which there has been some rumors, was an attempt to effect a landing at Charkeui, about thirty miles to the southeast of Rodosto, with the intention of relieving the pressure of the Bulgarians attack on the Bulair line.

Clover Club
The Clover Club were entertained by Miss Albine Frank Friday afternoon at her pretty home on Sanford Heights. Eleven members of the club were present. The special feature of the evening's entertainment was the dish towel shower for the benefit of the West Tampa Mission. Fifteen towels were received and while one member of the club read an interesting story about the others hemmed the towels. When this kind task was completed the hostess served a delicious salad cheese sandwiches, cakes and chocolate.

STATEMENT

The following facts are given for the information of those residents of Orange county who will become citizens of THE NEW COUNTY when the next Legislature passes the bill creating THE NEW COUNTY out of the north portion of Orange county. The facts and figures are correct and will stand the closest scrutiny without disruption.

- FIRST:—Orange county comprehends 1,250 square miles. The New County will comprehend approximately 450 square miles. After dividing, Orange county will have more square miles of territory than TWENTY-ONE other Florida counties.
- SECOND: The population of Orange county is 19,107. The New County will have 8,500 population. After dividing, Orange county will have more population than TWENTY other Florida counties. THE NEW COUNTY will have more population than SEVENTEEN other Florida counties.
- THIRD: The U. S. Census 1910 shows that there were 81 new counties created between 1900 and 1910. There are now 2,953 counties in the United States all of which goes to show that creating NEW COUNTIES is not a new venture. There are now Twenty Six counties in the United States with less than 1,000 population and there are 77 counties in the United States with less than 2,000 population.
- FOURTH: There are now 566 counties in the United States that have less than 8,500 population. The NEW COUNTY will have 8,500 population.
- FIFTH: The total assessed values of Orange county for 1912 amounted to \$6,948,798. The NEW COUNTY will take \$2,747,815 of this amount leaving to the Old County \$4,200,983. The Old County will have left, more assessed values than are now possessed by THIRTY-FOUR other Florida counties. The NEW COUNTY will have more assessed values than are now possessed by EIGHTEEN other Florida counties.
- SIXTH: The total income for the school fund of Orange County for the fiscal year 1911-1912 amounted to \$87,577.56. There were 1,250 pupils in the county during that term. This would make a per capita charge of \$20.51 per pupil. The NEW COUNTY had 1,745 pupils which cost the county \$29,068.06 or \$16.66 per capita. The area to be comprehended in the NEW COUNTY paid in to the school fund the sum of \$1,100.71. There was returned to us \$29,068.56. We paid \$2,242.48 more than was returned to us. The NEW COUNTY will get all it pays in for school or other purposes.
- SEVENTH: The enemies of county division have circulated the report that the NEW COUNTY when created will be a Wet County and the HIGH OR TRAFFIC will flourish in all its rottenness and corruption. In order to get straight on the question we wrote to the Attorney General and herewith print his reply and official opinion on this matter of a WET COUNTY.

State of Florida, Office of the Attorney General, Tallahassee, January 28th, 1913.
Mr. Thomas K. Bates, Secretary County Division Committee, Sanford, Florida.

Dear Sir: Yours of the 27th has been received and noted. MY OPINION is that if two counties are formed from one county which is ~~THE NORTH PORTION OF THESE COUNTIES WOULD CONTINUE TO BE DRY~~

Of course elections could be held in either of them after the change was made and this situation changed.

No fair minded man can question the attitude of the North End of Orange county in the matter of selling liquor and running down and convicting those who attempt to barter in the stuff contrary to our laws.

EIGHTH: The report has been printed and circulated that all the New County would be taxed to pay the \$200,000 road bonds voted by the Sanford Special Road and Bridge District in the building brick roads. This is not true. The payment of this \$200,000 will be made by the district as outlined in the call for the election and as voted by a four-fifths majority at that call. There will be 450 square miles of territory in the New County and there is only 76 square miles in the road district. The citizens of the 374 square miles in the NEW COUNTY which is outside of the Special Road District will have the use of these brick roads and will not be taxed one cent to assist in building them. The millage for the payment of these bonds will be assessed against the property in this Special Road and Bridge District ONLY and this Special Road District will have to pay its proper portion of the general road fund in addition to taking care of this \$200,000 bond issue. The funds gathered in this district in the ordinary way do not have to be expended in the district unless the county commissioners should elect to do so. The ordinary funds can be spent in any portion of the county as they are now spent, reports to the contrary notwithstanding. As the Sanford Special Road and Bridge District will construct permanent roads, using BRICK as the material, the cost of up-keep and repairs will be reduced to the minimum, thus allowing the major part of the ordinary road funds paid in by the Sanford section to be used in road construction in other parts of the new county.

NINTH: Orange county for the last three years has contributed sums amounting to Seven Thousand Dollars to the Orange County Fair. Four Thousand Dollars of this money is to be returned to the county if the fair should be discontinued. This money will come from the sale of the fair grounds. The NEW COUNTY will save on purchase of the county subscription to the Orange County Fair for the next three years. The fair grounds have been \$1,000 per year for the past two years.

TENTH: The Tax Assessor has been allowed to work in any county at \$400 per year. This amount will be saved to the NEW COUNTY because the Assessor will be able to handle the business without help.

ELEVENTH: Orange County now employs a Road Superintendent at a salary of \$125 per month and also employ guards to look after and work the county prisoners. The NEW COUNTY will eliminate the road superintendent and save this amount to the tax payers.

TWELFTH: We will not favor the establishing of a Criminal Court in the NEW COUNTY, thus working a great saving to the tax payers each year.

THIRTEENTH: The NEW COUNTY will favor the building of good roads to all parts of the county.

FOURTEENTH: We will favor the conservative, economical conduct of the NEW COUNTY'S business, eliminating all waste effort, surplus salaries, and useless expenditures of the tax payer's money.

FIFTEENTH: We will not favor an increase in property valuations unless improvements be made upon it sufficient to justify such increase. In case property has been under valued we will favor an equitable valuation.

SIXTEENTH: It is contrary to the laws of the State to issue warrants when there are no funds to pay them. We will not favor the issuing of warrants so as to make warrants below par.

SEVENTEENTH: We are in favor of no bonds being issued outside of the Sanford district unless a majority of the voters outside of the Sanford district should so elect.

EIGHTEENTH: When a man presents himself for office from other than the Sanford district and he is competent and capable we will favor his election.

NINETEENTH: We will favor giving the rural schools of the NEW COUNTY as many months of school as the town districts have.

TWENTIETH: We will not favor the creating of any great bonded indebtedness for the purpose of erecting a Courthouse or Jail but will agree to use our influence so as to conserve the resources and available monies of the NEW COUNTY to the very best advantage.

TWENTY-FIRST: We favor the monthly publication of the transactions of the Board of County Commissioners for the NEW COUNTY, for each month in the year. These statements to show the expenditures itemized and the income specified, and published in such way as to be easy of comprehension.

TWENTY-SECOND: We do not favor increase of taxes for the NEW COUNTY and will do all in our power to reduce the rate of assessment rather than to increase it.

After a meeting of our Executive Committee it was decided that in order to supply the constant and ever increasing demand for information as to the dividing of Orange County and the creation of a NEW COUNTY from its northern portion, that it would best serve all purposes to issue a general statement covering the entire question. We have done our best to make every clause of the statement absolutely correct and in harmony and accordance with the views of our Committee of 150 on County Division and with the idea of justice and right as our guide, we respectfully submit the above statement to the citizens within the area to be comprehended in the NEW COUNTY for their information and consideration.

Respectfully,
Thomas K. Bates, Secretary. Frank P. Forster, Chairman.

GREEN FRUIT LAW UPHELD

Supreme Court Declares the Law Constitutional

MAY BE TAKEN TO HIGHER COURT

Other Matters of Interest Taking Place in the Land of Lotus Eaters

The following interesting information is from the Orlando Reporter-Star. A telegram from Tallahassee, received Saturday morning, announced that the Supreme Court of Florida, in a decision handed down Saturday, had upheld the constitutionality of the green fruit act passed by the legislature in 1911. The decision was the outgrowth of the S. J. Sligh case. Mr. Sligh, of this city, having been arrested early in the fall for an alleged violation of the green fruit act. The decision sets at rest a mooted point, which has long been a drawback to the enforcement of the law ever since it was enacted. Carl B. Robinson, attorney for Mr. Sligh, was seen this morning immediately after the telegram announcing the Court's decision was received here and asked whether or not the case would be appealed to the federal courts. Mr. Robinson replied that he would be unable to say what his course would be until he had conferred with his client. Mr. Sligh is in Kissimmee for the day. It is understood that if the case is appealed it will go directly to the Supreme Court of the United States. In case it is not appealed the Sligh case will be appealed here for trial before the criminal court. Such trial was begun here in the fall, but was deferred pending the determination of the constitutionality of the law under which he was being tried.

This date, eighteen years ago, the thermometer in Orlando stood at eighteen degrees above zero. This morning it was cloudy and there was a cold, damp atmosphere that sent a slight chill to those who were moving about the streets in their light wearing apparel. Some one mentioned a change in the weather, which was overheard by the "Oldest Inhabitant," who proceeded to tell of the days gone by. "Eighteen years ago today," said he, "Orlando was passing through a stage of winter weather, the mercury being down to eighteen degrees below zero. Cold times those were, and by a by passed on Monday, the farmers, wondering if there was really going to be some wintry days." Reporter Star.

Among the prizes to be awarded at the coming regatta and carnival to be held here on February 2nd will be the pretty cup to be presented to the best decorated boat from outside of Eustis. This cup is the New Oklawaha Hotel and the yacht which presented the donors is so commensurate as to entitle them to our warmest praise. They are thus doing for Eustis a splendidly generous act which outsiders will instantly perceive and appreciate. Eustis Lake Region.

An enthusiastic meeting of the De-Land Business League was held a few nights ago and officers for the new year were elected.

Next fall Chipley is going to have a sweet potato cannery. This will be installed by one of Chipley's progressive citizens.

Ward Foster
C. E. Ward and Miss Eva Foster were united in marriage last Saturday in the presence of the immediate family and a few friends. Not wishing the publicity of a church or home wedding the young couple stole a march on their friends and were married in the office of Dr. J. N. Robson by Capt. R. H. Marks, who in his usual cheery manner made them one in record time.

The bridegroom is a well known grower of prison clothing on the O. W. Brady place on Celery avenue, where the couple will make their future home. The Herald joins in congratulations.

Mr. and Mrs. J. B. Lawson are rejoicing over the arrival of a little daughter.

CURBSTONE GLEANINGS

Budget of Opinion "Just Be-

EVEN THE GATE POST NOT IN IT

A Chiel is Among Ye Taking Notes and Faith, He'll Prent 'Em"—So Says Saunterer.

My old friend, Charlie Jones of Dixie has the carnivals placed in the same category that I have and does not see wherein they will get the city anything. He expatiates upon them as follows:

"Many times I have taken occasion to criticize the carnivals which yearly invade southern cities, and I hear that another carnival is coming to the city, or the same carnival that operated in Dignan park is coming back. The council should prohibit it. Every merchant will tell you that business suffers when a carnival is pulled off, and Jacksonville has had as many of these fakes as it can stand.

A carnival of cheap shows might interest a backwoods town, but Jacksonville has outgrown them. The people here have always been faked by grafters, who work the carnival stunt."

I note by the papers that the Doyle boys are making good in the commercial world and that they have reached the top notch among the branches of the Burroughs Adding Machine Co. The announcement that Fred and Arthur would attend a meeting of the general office forces of the world at the main office made me think that the old idea of the southern boys being lazy would be exploded when the Doyles reach Detroit and show their sales record for the year. Among the immense organization these Sanford boys have made a fine record and even the fast moving Yankees will have to doff their cheapens to the Sanford brothers who have certainly showed them some ideas in selling goods. I am always glad to see the Sanford boys making good and having watched the Doyle boys grow up from infancies here it helps me to see them doing higher things in the business mart of the south and to know that even in the southern territory they made a better record than the men who had the big business centers of the north for their field. The Land and City play Dixie when the Doyles strike Detroit.

bricked, and if they are not quick about it some of our city council will be bricked by the people who have to ride over some of these up and down roads that now lead out of the city in several directions. My good friend, the council tell me to be patient and that in a few months all will be well, but I am really afraid that in a few months it will not be well for me but will be over, or just a few more trips over those roads will put me in Miller's beautiful cemetery and my last ride will be over that fine road that leads hence. My only consolation is that the cemetery would be that I would not have to take the return journey.

ing of the... current number of a popular magazine is the story of a woman who started things by first finding out facts. She went to her grocer, for example, and was asked 50 cents for fresh eggs.

Finally, under cross examination the dealer admitted that they were cold storage eggs and still he wanted 50 cents, whereas the lady showed him the price in Chicago and found that 33 cents was the going price in the larger cities for such eggs, and finally when the grocer remarked "you seem to know, madam," he put his price at 33 cents for eggs, which originally he would sell at 50.

The story is carried into detail in various directions and it is shown that women who are the best housekeepers are studying market prices and reports and returns until they find out for themselves what things are really worth in the market, and, when they with their utter fearlessness as buyers show the figures to the dealers who would impose upon them, there is dismay, confusion and final surrender.

In some communities they have organized meetings where women address each other on the subject of market prices and impart information such as they have learned and so equip themselves to get the most for their money when they go shopping.

"Knowledge is powerful," is the adage that has come down from former generations and certainly knowledge is power as much in buying as in rendering service.

When a merchant gives his paper to the bank for a loan, it may not be saleable outside the merchant's community,

because the merchant's standing may not be widely known. That is why so much of the paper our banks deal in is of strictly local character, and is valueless as an asset when the bank needs funds to accommodate customers. If a system for giving such paper a national market, as it has abroad, this difficulty would be removed. At present our banks prefer stocks and bonds to commercial paper as security, because they can more readily convert stocks and bonds into funds when in need. No reform of our banking system will be fair to the merchant or to the whole business community which does not put commercial paper in the place it deserves, as the very best basis of credit.

A great many jokes have been written about running an automobile with brandy in the gasoline tank, but in Yorkshire, England, the brewers are extracting a liquid from beer that serves admirably for gasoline as a means of operating an automobile engine.

The discovery did not come about by means of an investigation looking for such a fluid. Instead an effort is being made to reduce the amount of alcohol in beer. It was believed by some experts that a better tasting beer could be produced by first brewing it the usual strength and then extracting a part of the alcohol than by making an entirely different brew, such as would result in a small amount of alcohol.

The ordinary so-called "two per cent beer" does not taste like the regulation beer, but is claimed by these Yorkshire brewers that they can make ordinary beer into two per cent beer, meaning to contain only two per cent of alcohol, that will have the same taste as the four per cent beer, which is the amount of alcohol the average beer contains.

To extract this the beer was heated to 120 degrees Fahrenheit and a current of carbonic acid gas was forced through it. The gas, it was found, extracted much of the alcohol really reducing it by one-half, leaving the same good beer with the same good taste and yet containing only two per cent of alcohol.

The alcohol thus extracted comes out in minute bubbles, and three gallons of it is extracted from each hoghead of beer. Instead of being waste it forms an excellent liquid for driving motor cars.

The Roller Towel Must Go. A few years ago Kansas banished roller towels. Many people laughed at the idea then, but now other states, especially transportation companies, many hotels and other institutions have followed suit.

Recently some scientists made an examination of some of the ordinary roller towels such as are found in cheap hotels, railroad stations, and other public places. These tests show a bacterial count in some instances as high as one and one-third million bacteria to an area one-third of a square inch in extent.

The test further showed that in 25 per cent of the towels examined bacillus coli was found. This is the germ which shows that water or milk has been contaminated and whenever found it serves as warning that typhoid fever is lurking near.

Thousands of skin scales were found on each towel, showing how the scales of minute particles, whenever the face and hands are wiped thoroughly. While no actual disease germs were found in the scales, it can be readily seen how skin diseases can be carried in this manner.

One man in Kansas has lost one eye and another has been permanently impaired on account of infection traced directly to the roller towel in hotels.

A case of smallpox has been traced to a towel of this kind in a hotel. The smallpox germ was found on the towel and demonstrated how serious might be the result if a cut finger was rubbed on the towel. A light case of blood poisoning might be caused.

The movement for the abolition of the roller towel is meeting the old argument that it would be an inconvenience to the public and an infringement on personal liberty. It might work a slight inconvenience but inconvenience is preferable to exposure to contagious disease. The question of personal liberty is not a good argument when the liberty which will be granted to a few is likely to prove detrimental to more than it will benefit. —Pensacola News.

Valentine Party. The Social Service Department of the Missionary Society of the Methodist Church will give a Valentine Party at the home of Mr. and Mrs. W. W. Abernathy Friday evening, February 14, to which the members of the church and congregation and also the public are cordially invited to be present. An entertaining program and a good time are promised to all.

THE SANFORD HERALD

Published Every Tuesday and Friday Morning By THE HERALD PRINTING COMPANY

Subscription Price, \$2.00 a Year in Advance

Delivered in the City by Carrier \$2.00 per year in advance or 20c per month.

Payments in advance must be made at office. Entered as second-class mail matter August 22nd 1908, at the Postoffice at Sanford, Florida.

Office in Herald Building Telephone No. 148

HARNEY COUNTY WILL BE DRY

For the benefit of our good friends at Orlando who have been circulating the report that Sanford wanted county division in order to have saloons here again The Herald will remark that Attorney General West has decided that when Harney county is created the new county will be born dry.

Sanford does not need to resort to such base tactics to win the fight and we are charitable enough to state that Orlando would never have circulated this report had the anti-divisionists not been on the losing side.

Honestly the editor of The Herald feels sorry for those anti-divisionists in Orlando. It is pitiful to see their weakness and to know that in their last gasp they should bring in the wet and dry question and especially attempt to use it on Sanford when this city has been dry all the time.

Orlando and the head of the wet crowd lived at Orlando and Orlando was forced to get help from Sanford to swell the dry vote in Orlando, and in the last election on that subject Orlando showed up such a poor report in the dry column.

Why don't they stick to the truth and confine their attention to facts on this question?

FLORIDA LAND SHARKS

Unquestionably land schemes have hurt Florida—unquestionably, hundreds of people have been robbed by land fakirs and misrepresentations relative to Florida lands.

for twenty-five years—it has ruined many other cities. There is hardly a day but some one calls at Dixie's office to ask about some land proposition—some town lot in a supposed "addition to the city."

YOUR NEWSPAPER

The people of the county of Orange, whether they live in the northern or southern end of the county, are discovering that in the Herald they have a plain spoken newspaper that is safeguarding the interests of the people at all times.

You will get it in The Herald if it is fit to print.

COURT HOUSE QUESTIONS

The whole question is: Will we continue for five or six years to help Arcadia pay for its courthouse and then set up housekeeping for ourselves, or divide the county now and let Arcadia's county pay for its own courthouse.

Our advice to you, Bro. Goolsby, is to build your own courthouse now, even if you have to build it small. There is no rhyme or reason in a county that expects division to rush into the new courthouse question, forcing the whole county to build a big court house and the whole county paying for the same when division is contemplated.

This Week at the Imperial

Many good things are in store for the patrons of the Imperial Theatre at regular five and ten cent prices this week. Commencing Monday the St. Gotthard Duo of Tyrolean Warblers and Instrumentalists will present their unique foreign act of singing and music.

Tuesday night the performance at the Imperial will begin promptly at 7:00 o'clock and but one complete performance will be given. This is because of the Sanford Band concert which will be at the High School Auditorium.

Wednesday night another of those most interesting two reel Feature Films of special subjects will be exhibited. "The Torment of the Tropic," in two reels, is a picture of thrilling interest, and shows some very beautiful scenery of foreign countries.

Thursday night, in addition to the regular picture show, The Aerial Winnies will present their most novel and artistic gymnastic act, using original novelty apparatus different from any

other in the world. This act is out of the ordinary and will please the ladies and children. It is different each night. Saturday a special program has been arranged for. The pictures will be of particular interest in as much as a local picture of the Orlando Air Parade will be shown.

West Side Improvement Assn. Meeting

Thursday afternoon last there was a splendid meeting of the West Side Improvement Association at the Robbins Nest, at which Mrs. John Dickins was the guest of the association.

The meeting was an enthusiastic one and the federation idea was received with cordial interest and will be generally discussed at a called meeting of the association Thursday afternoon, Feb. 13.

Mrs. May Dickins will lead the discussion, which will embrace both sides of the question. It is worthy of note that the association members present wanted it to go on record as favoring the affirmative; however, the subject will be discussed in all its phases and will be open to every one.

Not only the members but all ladies of the West Side are invited to be present Thursday afternoon at the Robbins Nest.

At the close of the meeting last Thursday, Mrs. Parker, president of the association served refreshments and a social hour was enjoyed.

Episcopal Church

Services at the Church of the Holy Cross, Episcopal, until further notice will be as follows:

Sunday school at 9:45 a. m.

Morning Prayer with sermon at 11 o'clock, and

Evening Prayer with short sermon at 7:30 every Sunday in the month.

On the first Sunday in the month there will be a celebration of the Holy Communion at the 11 o'clock service, and on the third Sunday of the month there will be an early celebration at 7:30.

The mid-week services during Lent will be as follows:

Tuesday afternoon at 4

Wednesday evening at 7:30

Friday afternoon at 4:30 o'clock

The Guild of the Holy Cross will meet Friday afternoon of each week during Lent at 2:30 at the Rectory, adjourning in time to attend the evening service at 4:30.

Strangers in our city, as well as our resident friends will be cordially welcomed and shown to seats, which are all free.

REV. ARTHUR S. PECK, Rector

Band Concert

The Band has generously and cheerfully contributed to the pleasure of every citizen of Sanford by their excellent music for a number of years, especially in the Sunday afternoon concerts. And now, "Turn about is fair play."

The citizens of the town owe it to the Band to see that they have a house full tonight.

Brick Are Rolling

Word has been received here that the brick for the city paving has been shipped from Tennessee and will arrive later in the week, when this great work of finishing out several streets and the paving of Ninth street will take place.

AT FRANK'S DISCOUNT SALE THURSDAY FRIDAY AND SATURDAY

Celery and Lettuce

The Kind That Brings The Money It's those big bunches of crisp, tender celery the people want—and will pay big prices for. And fresh, healthy lettuce leaves that make the rest of the dinner look good—They are the ones the housewives look for.

Armour Top Dressers

Celery Grower and Lettuce Special are especially prepared to make this kind of lettuce and celery. Both brands have plenty of the quick-acting ammonia that makes the plants large and tender, and they contain enough phosphoric acid and potash to make this growth healthy and crisp.

Call at our warehouse and see our goods—we make fertilizer for every purpose—goods to suit YOUR requirements. Ask for our representative, Mr. Schumpert.

BICYCLES — ACCESSORIES — REPAIRING THE SANFORD CYCLE CO. New Stock of Columbia and Rambler Bicycles. Also Hartford and Ideals and other cheaper makes. We sell them on easy payments. We carry a complete line of Bicycle Sundries. We do all kinds of Bicycle Repairing. See us for anything in the Bicycle line. Have a set of New Rubber Tires put on your Go Cart or Baby Carriage. THE ONLY BICYCLE STORE IN SANFORD L. V. BRYAN, Mgr. 108 Palmetto Opp. City H

EPWORTH INN, Enterprise, Fla. Located on Lake Monroe, opposite Sanford, affords a delightful winter home for those seeking the balmy air of our Southland away from the rigors of the Northern winter. Many improvements over previous years newly furnished rooms and the old patrons now present say that the cuisine was never so good. Rates \$40 and \$56 per month, and special rates to season patrons. J. B. MARTIN, Manager.

For the County Fair The committees are hard at work getting the Sanford exhibit in shape for the county fair at Orlando and word comes from every section of the celery delta that the farmers are greatly interested in the exhibit and will accept every way to make our exhibit one of the best ever made. If you desire any information on the subject see the editor of The Herald or any member of the committee, Geo. H. Fernald, J. N. Whitner, A. T. Rosseter, Robt. Newman or Frank Miller. The premium lists are at The Herald office. Get busy.

West Side Attention There will be a called meeting of the West Side Improvement Association at the Robbins Nest Thursday afternoon at 6 o'clock, for the purpose of discussing the proposed union of the Woman's Clubs of Sanford. Members are urged to attend this meeting and anyone interested is invited to attend. Charges of incompetency and maladministration of the reclamation service are made and an appropriation of \$25,000, is requested for a congressional inquiry that will deal broadly with reclamation projects in a report which will be sent to the House tomorrow by the committee on Interior expenditures.

Welaka Club Notes
 The ladies of the Welaka Club had their business meeting on Tuesday in the club rooms. Different business matters were discussed. A called meeting of the club has been called for Feb. 18, at 3 o'clock sharp. There is to be an adjourned meeting of the club on Mar. 4. All members are urged to be present, as these are to be of special interest to the club.
 On Tuesday, Feb. 11th, is to be Literature Day. The Literary Committee is to be assisted in their entertainment by a number of ladies from the

DeLand Club and from Sanford.
 The Musical for Feb. 18th has been called in. There will be a called business meeting, followed by a bridge party.
 On Feb. 25th there will be a Colonial Reception and Library Shower given in the evening, to which the gentlemen will be invited.
 Mrs. R. A. Newman is hostess for February.
 The old fashioned candy pulling given on Jan. 28th was one of the jolliest, most informal meetings held in the Welaka Club. There was only a small crowd present, but they made up in fun for those absent. Those present were Mrs. T. E. Wilson, Mrs. B. A. Howard, Mrs. R. A. Newman, Mrs. S. Puleston, Mrs. Mary Symes, Mrs. S. O. Shinholser, Miss Beulah Phillips, Miss Mabel Bowler, Miss Mell Whitner, Mrs. F. W. Miller, Mrs. Geo. DeCottes, Mrs. J. H. Roumlat.

Mrs. Adams Entertains
 Mrs. J. Q. Adams entertained most pleasantly at luncheon Saturday at her attractive home on Buck Lake, Geneva, at 1 o'clock, in compliment to Mrs. L. C. Eichner and Mrs. A. J. Fry of Baltimore, Md.
 A dainty appointed table was arranged for the guests, covers being laid for ten. A mound of yellow jessamine and roses centered the table and seated here the guests enjoyed a delicious several course luncheon, perfect in each detail.
 After luncheon the guests repaired to the parlor. Mrs. Adams is a talented entertainer and the afternoon was thoroughly enjoyable. Those enjoying the occasion with Mrs. Adams were Mrs. L. C. Eichner, Mrs. A. J. Fry, Mrs. E. Curlett, Mrs. H. Burley, Mrs. G. T. Peters, Mrs. H. H. Pattishall, Miss Nanie Harris of Winter Park, Miss Belle Eichner and Miss Blanche Pattishall.

Ladies' Aid Society
 The Ladies' Aid Society of the Baptist church met last Friday evening with that charming hostess, Mrs. J. W. Wildman at the parsonage. A large number of the ladies were present. In the absence of the president, Mrs. M. M. Stewart, the meeting was presided over by Mrs. E. E. Cox. Several matters of business were attended to and plans made, after which delicious beaten biscuit, home made cookies and tea and a social half-hour were enjoyed by the ladies present.

FLORIDA ON CASH BASIS
 State is in Excellent Shape According to Late Reports
 Men and Business is the title of a new publication in Jacksonville. It is a weekly journal devoted to the resources of Florida, and its main purpose is to claim the almost unparalleled financial condition of the state, as follows:
 "According to the annual financial statement just issued by Hon. J. C. Luning, State Treasurer of Florida, the state finances are in excellent condition. The state's debt amounts to only \$600,000, represented by outstanding bond of that amount. But as the bonds are all held by the state school fund, the situation is in reality no indebtedness at all. In a word, the state is on a cash basis, all its legal obligations being promptly met and the state treasury having a cash balance at the close of the year of \$1,011,595.19. It is necessary to maintain a substantial fund in hand in order that the state may promptly meet its obligations, which at certain seasons of the year are exceedingly heavy.
 A brief epitome of the general sources whence the state derives the chief revenue, and the several amounts received during the past year, are of general interest and are as follows:
 From taxes of 1912, 2 mill tax, \$325,166.00; general license tax, occupational license, \$326,099.78; from insurance companies, \$186,758.01; corporation charter tax, \$64,529.00; interest on state funds from banks, \$20,015.73; sale of feed and fertilizer stamps, \$82,820.55; automobile registration tax, \$4,050.00; tax certificates and proceeds from comptroller, \$84,720.40.
 Other items, of course, go to make up the total of receipts. One item not above mentioned is that of receipts from the hire of state convicts, which last year amounted to \$397,132.38, and which is distributed directly to the counties on the basis of the assessed valuation of property in each county. Likewise, the interest on the state school fund, which last year amounted to \$49,454.59, is apportioned to the several counties on the basis of school attendance in each.
 It is most gratifying to the people of Florida, and especially the tax payers, that the state is able to present such a satisfactory showing of its financial condition."
 More County Division
 Senator F. M. Cooper has put the public on notice that he will introduce a

bill in the state legislature within the next sixty days to divide DeSoto county on the township lines dividing townships 38 and 39. This would bring the northern boundary of the proposed new county about two miles north of Fort Ogden.
 Mr. Cooper also says that he will introduce a bill to create a new county for Wauchula, to be composed of fifteen townships cut out of the north-west corner of DeSoto county.—Arcadia Enterprise.
 Music Club
 The Music Club will hold their regular meeting at the home of Mrs. Frank L. Woodruff, corner Oak avenue and

Sixth street Saturday afternoon, February 15th, Mrs. Deane Turner League. Come promptly, at 3 o'clock as there will be a chorus practice after the meeting. A full attendance is desired.

... NOTICE ...
TO
HORSE AND MULE OWNERS
 Have you tried Dr. Semple's Hoof Ointment? A Preventative and Cure for Hard, Dry, Brittle Hoof. It Prevents Thrush, Contracted Hoof. Will heal up Old Sores and it will positively keep flies and mosquitoes from tormenting the animals. Every Farmer, Liveryman and Turpentine Operator or anyone owning Horses or Mules should not be without this Valuable Remedy.
QUART FIFTY CENTS
 The cause of numerous diseases and disagreeable habits heretofore ascribed as "constitutional" have been traced to the teeth. Turning head sideways in eating, frothing at the mouth in harness, blindness caused from wolfe teeth, loss of flesh, weak eyes and cribbing are always due to diseased and irregular teeth. Rough edges and sharp corners of the teeth lacerate the mouth and produce nervousness and irritability. Uneven, elongated molars and incisors prevent the proper mastication of the food, producing indigestion and general debility. Decayed molars cause necrosis of the bone, abscesses, nasal gleet, fistula of the jaw, etc.
 In the care of horses and mules probably no one point is more neglected by the ordinary horseman than the care of the teeth.
 "Again, when the teeth become so deranged that the animal cannot properly masticate its food, what it eats does not do it as much good as it should, because when the food is not properly ground it cannot be properly digested, and when it cannot be properly digested more or less of it passes off as waste material."
 If your Horse, Mule or any other Animal is Afflicted in any way, you may not know the cause. Consult

RATES ON ALL RAILROADS

WORK FOR HILLSBOROUGH

Main Roads From Tampa Will Be Made of Brick

A special committee from the Tampa board of trade appeared before the board of county commissioners of Hillsborough at the meeting of that body and presented the tentative proposition of the board of trade that the commissioners rebuild certain trunk lines of roads leading out into the county from the city with brick pavements, in place of the present macadam and shell.

It was pointed out to the commissioners, which proposition the commissioners affirmed, that these roads need a thorough overhauling that amounts to a practical rebuilding; that the county road fund is not sufficient to renew this paving and at the same time keep up with other road work.

It is quite probable that the legislators from this county will be asked to get a special measure through the next legislature allowing the issuance of special road certificates bearing 5 per cent interest, to be retired gradually within ten years' time.

News From Island Lake

As a subscriber and reader of your valuable paper, I hope you will grant me just a small portion of space.

Now, as this is a very beautiful spot on the Atlantic Coast Line, by way of Trilby to St. Petersburg, and has been since the year 1890, as far as I have been given proper recognition for its rail, it is nine miles, and by road eight from Sanford, and only 2 1/2 miles from the beautiful little town of Paola.

At Island Lake, we have two well filled cottages. The guests of Sunshine Cottage are Mrs. Wm. Bullock, Stouffville, O., Mrs. W. A. Clark, Stouffville, O., Mr. and Mrs. L. E. Lee, night Miss Ella Imbriehright, Mt. Perry, Ohio. Those of Magnolia Cottage are Mr. and Mrs. T. H. Kirk, Stouffville, O., Mr. and Mrs. Washington Caldwell, Miss Margaret Caldwell, Miss Grace Swively of Verona, Pa., Mrs. T. F. Huddlefield and daughter, Dorothy of Hopken, Pa.

Very Respectfully, T. H. KIRK, Paola, Fla.

THE WOMAN'S PHYSICIAN

Reno's New Health Will Cure or Your Druggist Will Return the Cost

Reno's New Health may be truthfully called the Woman's physician. It is the discovery of an eminent physician and has made the reputation of several famous specialists on female diseases who have found it perfect.

It may be used with safety by the most delicate, young and old, for it is composed of vegetable remedies only - Nature's remedies.

There is no other remedy as good as Reno's New Health for Scanty, Profuse, Painful, Irregular or Suppressed Menstruation, Sickly Periods, Constant Weariness and Weakness, Depression, Cramps, Dizziness, Violent Headache, Palpitation of the Heart, Pain in the Back and Groins, Leucorrhoea and all Inflammation, Ulceration and Discharges of the Vagina and Uterus.

It has saved thousands of women from surgical operations and will save thousands more if they will only give it a chance. Many a woman is today a nervous wreck, but if she uses Reno's New Health there will be no need of an operation, and in a natural way the organs will be restored to their natural conditions and functions.

your health and strength it has to be had. Do not let pass such an opportunity to get well.

Sold by Wm. G. Aldridge, Sanford, Fla.

Notice

Notice is hereby given that after ten days from the date hereof we intend to have a bill introduced in the Florida Legislature at Tallahassee, asking for the division of Orange county on the township line dividing townships Twenty-one and Twenty-two, except that portion which will not be included as per the map which will be attached to the bill, the object and purpose being to make and create a new county out of that territory lying north of said division line in Orange county and separate it from that portion lying south thereof.

Dated this 30th day of January, 1913. COMMITTEE 150 ON COUNTY DIVISION. Frank P. Forster, Chairman. Thomas K. Bates, Sec'y.

City Officials Go Fishing

Thursday morning about 7 o'clock the chief of police, sanitary inspector, fireman, the city clerk with his small son left Sanford, behind a spanking 1 I think that it is the right word, as we had to spank them a good deal team of mules, bound for Gee Creek on a fishing expedition. We arrived on the ground about 8:30 and after wading in the mud for a distance began fishing. It was fine. Up to lunch time we had caught one hundred and thirty-five perch of different sizes. We then returned to camp and cooked dinner. The inspector acted as cook and certainly did them up brown. There was very little fishing done after dinner, as they did not bite very well and we had enough anyway. The honors of the day belong to the inspector, as he caught and ate the most fish.

GREAT PIANO AUCTION

SALE

SANFORD FLORIDA

Friday and Saturday - Feb. 14-15 - 2:30 P.M.

IMPORTANT INFORMATION --- I ASK YOU TO READ THIS

The selling of pianos at auction is an entirely new proposition. I have been led to this method by the experience I have had in selling them in the regular way.

In January, 1912, I was appointed distributor in the state of Georgia for one of the large piano manufacturers and since that time have sold their goods throughout the state. Soon after going into business I found from actual experience that the principal cost to the purchaser of any make of piano is made up of the selling expense and the larger margin that is tacked on for bad accounts. For instance, it costs any dealer doing business in Florida \$100 to sell a piano. If he sells for cash he wants \$100 profit, and if the payments are deferred for one, two or three years, as in nine cases out of ten they are, he wants in addition to his cash profits from \$50 to \$100 more.

So that a piano costing any dealer in the state the sum of \$150 would cost you, Mr. Purchaser, from \$350 to \$450 according to the terms upon which the purchase was made. Let us suppose that John Doe & Co. are maintaining a retail store in Jacksonville and are doing business through their salesman in various sections of the state.

This firm would pay \$10,000 a year rent, and their fixed charges would be as much or more making a total of \$20,000 a year to maintain their show rooms.

Their best salesman will not average over three pianos a month and will cost his firm from \$100 to \$150 per month salary and \$100 per month travelling expenses. Of course, all this vast expense must ultimately be paid by the consumer. This expense can be saved to the consumer by our Auction Plan.

I maintain no office, I have no office force, I have no salesmen, I sell for cash or its equivalent. I buy for spot cash, and with one salesman can sell fifty pianos per month. I am just as anxious to sell you a good piano as any dealer in the world for I expect to have a sale in your city once each year, and a reputation for selling good goods is just as valuable to me as any other dealer.

In my native state (Georgia) I have had splendid success with my proposition. In the last six months I have sold over 400 pianos there, and I expect to sell a thousand in that state this year.

I have found that the people have looked upon my method as being fair and that they have been willing to examine my pianos, and when they have done this they have generally bought.

Of course, my pianos may not please you, but they are worth your consideration, and in order that you may inform yourself as to their real value I have them open for your inspection in the First National Bank Block. A young lady of Sanford is in charge and I trust that the public will feel free to call and give them a most careful examination.

So come to my auction. You don't have to buy, but you can secure a piano from me at less than half the price you would have to pay any other dealer in the world. And remember, my pianos are just as good as his, and have the same guarantee.

GUARANTEED TO BE NEW These pianos are guaranteed to be absolutely new, from the factory to your city. All are 1913 styles. They are made by three of the largest manufacturers in the United States, and each piano carries the guarantee of the manufacturer. Thousands of the identical pianos that I offer you are in use throughout the South under different brands, and numbers of them have been sold in your city and county at prices ranging from \$300 to \$500.

REMEMBER THE SALE STARTS DAILY AT TWO-THIRTY O'CLOCK SHARP
Friday and Saturday - February 14th and 15th

I WILL HAVE NO BY-BIDDERS

UNCLE SAM GETTING READY

May Be Forced Into Mexican Revolution

SHIPS AND TROOPS PREPARED

United States Will Protect Citizens at All Hazards in War-Ridden Country

The first brigade of the first division of the army, 3,000 strong, is resting on their arms ready at once to proceed to Newport News to board transports for Mexico. It is composed of the Third Infantry, the Fifth Infantry and Twenty-ninth, all in New York state. Twenty-five hundred marines from Atlantic fleets and the Guantanamo station, are prepared to sail for Vera Cruz to go to the relief of the foreign legations should they become besieged at Mexico City. Four dreadnaughts of the battleship fleet steaming at top speed to Tampico and Vera Cruz and two others rushing on the Pacific side to afford American and other foreigners succor. The United States government is firm in its determination not to land a trooper in Mexico unless the conditions force it. These are the developments of the day in the preparations of this government to protect foreigners in Mexico.

Kirby Home Burned

At an early hour on Wednesday morning the inhabitants of the west side were awakened by pistol shots and the tooting of engine whistles, and after some time by the fire alarm, that eventually brought the fire department to the home of Kirby on Eleventh street. By the time the department arrived and pressure could be had, the fire had gained too much headway and the house and part of the contents totally consumed. It seems that the alarm was not turned into the fire station soon enough, those first discovering the fire waiting to attempt to extinguish the flames and save the furniture.

The house was a new one, having recently been built by Mr. Kirby for his residence, and was partially insured. The loss of home and furniture is a serious one, but Mr. Kirby, with his customary energy expects to rebuild at once.

Band Concert Was Great

The concert given by the Sanford Military Band in the auditorium of the High School was both a brilliant and delightful success.

The selections on the program were very pleasing, and each number was delightfully rendered both by the Band and also the ladies who assisted the Band in entertaining the audience so charmingly.

The unexpected but pleasing interlude furnished by Mr. Karnatz of the Imperial, in sending the pair of Tyroliann singers to assist the Band in their entertainment was thoroughly enjoyed by the audience.

Another very enjoyable feature of the splendid entertainment was the triple performance of Mr. W. L. Harvey, who played "Yankee Doodle" with his left hand, "Dixie" with his right hand on the piano, and whistled "Fisher's Hornpipe" at the same time.

The concert was superior in every respect to a large number of the concerts given by companies who yearly visit the city, and the Band is to be congratulated upon the brilliant success of their first concert.

Missionary Society

The Missionary Society of the Methodist church held their regular meeting Tuesday afternoon in the church. Mrs. M. M. Chappell, president of the society presided over the meeting. After the minutes were read by the secretary, Mrs. C. R. Smith the business of the society was transacted.

Reports of the various officers of the society and committees were read, which she is particularly qualified to fill most satisfactorily.

Mrs. L. R. Phillips invited the Reading Circle of the society to make her home their regular meeting place during the year.

After a short discussion of several important matters the meeting adjourned.

WILL MEET AT LEESBURG

The Young People's Missionary Conference Programme

A splendid programme is ready for the Young People's Missionary Conference. It meets at the Winter Bible School Auditorium in Leesburg, commencing Friday afternoon and closing Sunday evening, Feb. 14th-16th.

Bishop Morrison of Leesburg leads the opening devotional service, Friday afternoon.

Rev. R. V. Bingham, Toronto, secretary of the Soudan Interior Mission, delivers an address on "The Church's Great Opportunity."

Mrs. Julia B. Greenwood from Tampa, has two addresses with the following themes, "Experiences of a Missionary's Daughter in India," and "The Great Christian Opportunity in West Tampa," meaning the Latin-American missions.

Mr. W. R. Newell, the well known teacher of the Bible will have several parts on the program and they alone will be worth coming to hear.

The International Sunshine Society is taken in charge by an organizer from New Haven, Conn., and the superintendent of Sunshine work for Florida Christian Endeavor.

There will be a conference, "Foreign Missionary Work," led by Mr. and Mrs. E. E. Strother, General Secretaries of Christian Endeavor in China. Mr. Strother gives another missionary address and a stereopticon lecture will be furnished by Mrs. Strother.

The Young People's Baptist Union led by their pastor, Dr. Golden, takes a devotional service.

The Epworth League of Leesburg, with help of their pastor, Rev. S. Grady, have a part on the program.

Dr. Mary Newell, Shanghai, China, gives an address on "Medical Missions."

Mrs. G. R. Alden, or "Lacy," the loved wife, will tell of Missionaries I Have Known.

Rev. Geo. Marsh of Mt. Dora, an evangelist before he settled down to the work of a pastor in Florida, will lecture on "St. Paul, the Missionary."

Mr. Marcus C. Fagg, of Jacksonville tells of the Children's Home Society and the Conference of Christian Workers and Retirees held in Tampa, of which he is secretary.

Rev. I. R. Deat, pastor of the Tabernacle Church, Toronto, Canada, has an address Sunday evening, and he and Mr. Newell that afternoon tell of "Our Gospel Trip Around the World in 1901."

Sunday afternoon, Mr. H. R. Todd, a prominent church layman from Birmingham, Ala., lead the devotions, and on Saturday evening that portion of the program is taken by Endeavorers of the Weirsdale Endeavor Society.

In all it will be a splendid time. Other good speakers besides those mentioned will be present and take part.

Reduced rates for entertainment are on the dollar a day plan at the first class Hotel Heights, close to the auditorium. Write its manager, Miss L. A. Orr, just when you are to arrive and how long to stay.

Remember that this is an interdenominational conference for young and young hearted people of all church denominations.

GRACE A. TOWNSEND

Interscholen, Feb. 10th, 1913.

The J. H. Eschman Shows

Among the feature attractions that will be seen at the J. H. Eschman Shows when they come to Sanford on February 24 and 25 are the Arabian trained ponies and the Spanish trick rules. These animals have been trained to such a degree of perfection, that it would seem as though they had human brains, the feature of the trained animal performance, however, will be "Little Nemo," the smallest trained elephant in the world.

"Little Nemo" does nearly everything except talk and has created a vast amount of enthusiasm, wherever she has appeared. Last one gain the impression that the Eschman Shows had nothing except trained animals, we wish to state that the program consists of many numbers, some of which are some of the world's best and most sensational circus acts and comedies.

Two performances will be given each day, one at 2:00 o'clock in the afternoon and one at 8:00 o'clock at night. Free attraction on the show ground before each performance.

Mrs. W. R. Wood of Dalton, Ga., is the guest of Mrs. T. J. Miller.

SPEEDY HORSES AT FAIR

Some Fine Stock Will Be Shown at Orlando

TROTTING AND PACING HORSES

The Racing Events Will Be the Best in the History of Orange Co. Fair

The best racing since the days of the old fair grounds south of town is now assured at the forthcoming Orange county fair, February 18th to 22nd, inclusive. For the past month horses have been dropping in from the north until every stall is filled. Not with green colts and harness and saddle horses, but with hardened trotters and pacers, and if reports are true some of them can "step some pretty fast quarters." No owner or driver ever tells you how fast his horse can step a mile, but leaves you to make a rough guess as to his chances of winning when the bell sounds on the first day of the coming meet.

Then, too, the thoroughbred has not been overlooked. Several good ones have arrived and are taking their daily workouts, and while their owners style them "plugs," there is every indication that they have faced the barriers before and will be there with the goods when the all important day arrives.

C. A. Forth of Jacksonville, dropped in one day last week with six. All of them look good and act better but he tells us they are all green. They may be, we don't doubt Mr. Forth's assertion, but it's dollars to doughnuts the horse that beats 'em will have to "go some." His string consists of a pacer by Novelist, said to be very fast. He is a good looking and is the property of R. O. Moore of Jacksonville. Rex Riley, a bay gelding by Tennessee Riley, the property of George H. Sprague of Jacksonville, looks good. He is said to be a green pacer. Frances Logan, by Nut Wilkes, a three-year old trotter, also the property of Mr. Sprague, is in this stable. Wade Linton, by Lord Linton, a four year old bay gelding is learning fast. Billy Melson, a seven year old bay gelding, the property of Jake Crossant of Jacksonville is another in this string, and while he is registered as "green," looks mighty good. Polly, the property of V. Aragus, occupying another stall. Polly has a record of 2:21 1/4 and has been here before, so needs no introduction to the public. Altogether this is one of the best strings of horses seen in Orlando in many years.

In the same barn Dr. Price of Indiana, has Hal Pulsaki, 2:16 1/4, by Adna Hal, while in the next stall is Ravenwood, a black gelding by Allanwood 2:09 1/4, the property of Dr. Plummer of Jacksonville. Ravenwood has a record of 2:09 1/4.

F. McDermott of Jacksonville is training a number of good ones, and promises to show the boys before the meeting is over. In his barn are: A green 6 year old chestnut mare, the property of Mr. James H. Baughman of Stanford, Ky., a green three year old pacer, the property of Mr. E. H. McNell of this city; J. D. McDermott, a yearling pacer by Searchlight, 2:03 1/4, dam Pearl Hal 2:09 1/4; Miss Heine Thompson, 2 year old pacer by Argot Wilkes, 2:11 1/4, dam Pearl Hal 2:09 1/4, dam Pearl Hal 2:09 1/4; Cassie L., a green pacer, handsomely bred, and a black gelding by Pahrain Toodles, 2:18 trotting.

Charlie Hand of Sanford has four and all of them are doing good. Elwood D., a bay gelding with a pacing record of 2:19; Ephraim Toodles, bay stallion with a trotting record of 2:18, but has been out to pacing and is going fast; Tiny Bird, a pacer with a record of 2:24 and Tom Riley, a bay gelding with a record of 2:19 1/4 as a side wheeler. Charlie isn't saying much, but from the way his string is working out, there will be something surprising when the gong sounds.

C. H. Sprague has been here some time and is fast sounding his string into the ears of those that promise to be good when called upon are: Honner, bay gelding, 2:18 trotting.

Clay Cecil, 2:22 1/4, by Wilton Carrie Woodcut, roan mare with a record of 2:19 at the pace, by Holly Woodcut 2:18 1/4, by Nutwood, dam Birdie J., 2:13 1/4, by Jaybird. Joe Douglass, black stallion 2:29 1/4, pacing, by Joe Patchen 2:01 1/4, dam Maggie Wilkes, 2:13 1/4, by Gambetta Wilkes. Doris Patchen,

black filly, a green three year old trotter by Joe Patchen 2:01 1/4, dam Maggie Wilkes, 2:13 1/4, by Gambetta Wilkes.

Ban Star, Dr. Weinanga's good chestnut gelding, is being given his daily workouts and promises to be good when called upon. This is a splendid thoroughbred and should be heard from later.

Miss Madeline Hill of Narcoossee is the charming house guest of Miss Mabel Hand.

Modern Italian Composers. Paper, Mascagni, Miss Martha Fox Violin Solo, "Cavalier Rusticanna," Mascagni, Mrs. O. W. Brady, accompanied by Miss Brady.

Paper, Puccini Vocal Solo, From "Madame Butterfly," Puccini, Miss Dameron.

Discussion, Modern Italian Opera.

The Music Club will hold their regular meeting at the home of Mrs. F. L. Woodruff on the corner of Oak avenue and Sixth street, Saturday afternoon, Mrs. Deane Turner, leader.

The members are urged to come early, as the chorus will practice after the meeting.

Dr. Plummer of Jacksonville has Hazel Thorpe, an 8 year old by mare, thoroughbred, in the upper barn. All of his horses are in charge of A. J. Battista, who has his own mare, Verino Queen, a 6 year old thoroughbred also with this stable.

BRICKS HAVE ARRIVED

Ninth Street Will Be Paved to New A. C. L. Depot at Once

Three car loads of brick for Sanford's new streets have arrived on the scene and the work of paving Ninth street will begin at once. The brick are coming from the Southern Clay & Tile Co. of Chattanooga and will continue to arrive all this week. As soon as the brick can be placed along the streets to be paved the street gang will get busy and the brick will be laid. Ninth street has been surveyed and all is in readiness for the brick to be placed in position. The A. C. L. will be ready to furnish the brick paving around the new station and Ninth street will be one of the principal thoroughfares of the city. The large steam roller is expected to arrive from Jacksonville today and the workmen will get busy on the paving some time next week.

Anti-Saloon League of Florida

The annual state convention of the Anti-Saloon League of Florida will be held in Jacksonville, Thursday, Feb. 27, in the Snyder Memorial M. E. Church, corner Laura and Monroe streets, beginning at 10 a. m. Sessions will be held in the afternoon and evening also.

Prominent temperance workers from all parts of the state will be present and deliver twenty-minute addresses. A resume of the state work will be given by the state superintendent, Rev. C. W. Crooke, Prof. Alvin M. Thatcher, the finest temperance soloist in the United States will sing several of his temperance songs.

Friends of temperance all over Florida are urged to attend this convention. The program will repay the effort and cost of attendance. The convention is held especially in the interest of the work of the Anti-Saloon League in doing down in wet and dry county fights, law enforcement, and several much needed measures which must be passed at the next session of the Legislature.

Remember the date and the place and arrange to attend.

Japanese Radishes

When talking about large radishes it becomes necessary to talk about Japanese radishes, because no other kind ever obtain the mammoth size that these from the Flowery Kingdom do. Mr. Toyama, who has a fine farm on Beardall avenue and grows a bit of everything, brought in two specimens of white radish yesterday that weighed 8 and 10 pounds respectively and are firm and of fine flavor. He also has some very fine cabbage and expects to compete for The Herald prize for the largest head. The white radishes are creating a mild excitement on Herald Square as few people ever saw such big ones.

Music Club

The Music Club will hold their regular meeting at the home of Mrs. F. L. Woodruff on the corner of Oak avenue and Sixth street, Saturday afternoon, Mrs. Deane Turner, leader.

The members are urged to come early, as the chorus will practice after the meeting.

Modern Italian Composers. Paper, Mascagni, Miss Martha Fox Violin Solo, "Cavalier Rusticanna," Mascagni, Mrs. O. W. Brady, accompanied by Miss Brady.

Paper, Puccini Vocal Solo, From "Madame Butterfly," Puccini, Miss Dameron.

Discussion, Modern Italian Opera.

FELL FROM MOVING TRAIN

Prominent Indiana Lady Killed Near Kissimmee

TRAGIC END OF DOCTOR'S WIFE

Other Items of State Happenings That May or May Not Interest You

The body of Mrs. Dr. Kime, who disappeared from No. 85 Wednesday night was found at 7:30 Thursday morning near Loughman, after an all night search.

From the best information obtainable, it appears that Dr. Kime and wife, and Mr. Bradley, were all passengers on 85 last Wednesday night, bound it is said for Tampa. When a point near Loughman had been reached, it was discovered that Mrs. Kime was missing from the train. A careful search of the train failed to reveal her whereabouts. Capt. Barton, of No. 82, northbound, made a search of the roadway from Haines City to Orlando, and on reaching this point, sent the following message to the husband and Mr. Bradley, who had returned to Kissimmee: "Advise Dr. Kime and Mr. Bradley we found nothing of Mrs. Kime.—Barton, 82." In the meantime a motor car had been sent out over the road from Kissimmee in search of Mrs. Kime, it having been surmised that she had probably fallen from the train en route. The searchers passed the body two or three times, but failed to find it till after daylight this morning as above stated. It is thought that Mrs. Kime attempted to pass from one coach to another and was hurled to her death. Trains were thrown very much out of their time last night in the fruitless search for the missing woman.

Plans are now under way for a large soap factory in Ocala, which, if carried out, will give employment to from forty to seventy men within six months after the plant is completed. A substantial part of the capital will be raised by citizens there, judging from the support pledged to the new enterprise. The plant in all probability will be in operation within the next six months, and the payroll which will come with the enterprise will prove another factor in the trade channels of Ocala.

Unless something is done at once to remove the silt from the river, and prevent the further shoaling of its mouth, Miami may lose its water transportation, as it has become exceedingly difficult for the Morgan to enter. On her last voyage the steamship ran hard aground, opposite the Royal Palm dock, and remained for several hours stuck fast in the mud, and could not make her way to the Van Steamship Company's wharf until high tide.

John E. Stillman, a well known attorney, Republican leader and former collector of customs of Pensacola, killed himself in that city Monday morning by firing a bullet into his brain. Bleakness and mental derangement is said to be the cause of his rash act.

0 0 0

After having worked quietly on the proposition for several months, it is now given out that the business men of Miami and Palm Beach have perfected plans for the building of a trolley line to connect the two cities.

Sale Is Great Success

The sale put on this week at the Sanford Shoe & Clothing Co. is a great success from every standpoint. At the hour scheduled for the opening of the doors on Wednesday morning an immense crowd had congregated in front of the store and when the doors were opened the small army of clerks were kept busy waiting on the crowds and the buyers have not diminished any time during this week. J. H. Cole, the manager of the sale deserves a medal for the good work in getting the buyers. Not only does he know how to manage a sale but he believes in plenty of printers' ink and advertising is his hobby. The success of all his sales lies in the fact that publicity in the newspaper pays and the sale at the Sanford Shoe & Clothing Co. is no exception to the rule. Get them today, before the big bargains disappear.
