CHANGES IN MONEY BILL ARE OKEYED

Administration Shows Willingness To Give In On Chief Revisions Made In Senate

WASHINGTON, Jan. 24.—(A.P.)—Administration willingness to accept some vital committee changes in monetary legislation made the going easier for it today in the Senate but it was not too easy at that.

While the House devoted a third of the day to the navy strengthening bill preparatory to passing it late this afternoon, Democratic leader Robinson took into the Senate debate the news that President Roosevelt would accept the three year time limitation put by the committee yesterday on his dollar devaluation powers, and on the \$2,000,000,000 stabilization fund.

All was not so serene however, inasmuch as the Senate simultaneously learned of Administration opposition to having a board of five instead of the treasury secretary operate the stabilization fund.

Vice-President Garner gave the monetary measure the right-of-way as soon as the Senate met, and it was hoped that the spirit of compromise would make a vote possible this week.

Congress probably soon will grant another \$50,000,000 for relief, of which \$35,000,000 is to carry on the CWA until May. The money is advocated by the President.

Administration quickstep was placed behind the newly arrived \$50,000,000 bill to carry the treasury and postoffice departments through the year beginning in July. The President plans early discussions with the Merdita government at Havana on sugar, the Platt Amendment and other questions.

A Senate subcommittee heard a municipal bankruptcy bill advocated by Representative Wilson of Florida who said 2019 municipal and county governments are

Believe 25,000 Died In Indian Earthquake

CALCUTTA, Jan. 24.—(A.P.)—An appalling toll, beyond any previously hinted, may be reached in India's earthquake dead. It was indicated today when the Rajah of Monghyr said deaths in Monghyr alone have reached 25,000. It will be weeks he added, before the ruins can be removed to reveal incalculable bodies buried by the quakes of last week. One engineer said a survey showed that the names of Monghyr and Muzaffarpur might as well be erased from the map.

BILLION DOLLAR START MADE ON BORROWING JOB

Two Types Short-Term Treasury Notes Are Offered To Nation

WASHINGTON, Jan. 24.—(A.P.)—A billion dollar start was made by the Treasury yesterday in its giant task of borrowing \$10,000,000,000 to meet recovery costs and maturing debts between now and June 30.

Two types of short term issues were offered by Secretary Morgenthau in a routine financial statement.

One was a \$500,000,000 issue of Treasury notes, paying 2 1/2 percent interest, dated Jan. 29 and maturing Mar. 15, 1935. The other was \$500,000,000 of certificates of indebtedness bearing 1 1/2 percent interest, dated Jan. 29 and maturing Sept. 15 of this year.

Announcement of the first borrowing, which was planned carefully in conference between President Roosevelt and Federal Reserve bank officials for the first half of the 1934 fiscal year, showing total payment of \$1,215,547,550 as compared with \$744,457,385 for the corresponding 1933 period.

Big contributors to the increase were \$10,561,000 in agricultural processing taxes which were not effective last year, and boosts of \$98,000,000 in manufacturing excise taxes, \$94,170,000 in liquor and beer, \$79,339,000 in capital stock taxes, \$27,081,000 from dividends and \$34,021,000 from estates.

In December the first month of legal liquor, distilled spirits paid the Treasury \$8,651,000 as compared with \$697,921 in December, 1932.

Morgenthau's financing announcement opened the current period of huge government borrowing. President Roosevelt has estimated the Treasury must sell \$10,000,000,000 of obligations before the current fiscal year.

CWA END IS DEFINITELY SET AT MAY 1

Time May Be Set Up If Private Industry Is Not Ready To Absorb Most Men Now Busy

WASHINGTON, Jan. 24.—(A.P.)—The Administration hopes that the workers of the Civil Works Administration can stack up their shovels and go into private industry before May 1.

This expiration date was fixed definitely yesterday by Harry L. Hopkins, director of the agency, as he emerged from a conference with President Roosevelt. There was attached to the deadline date, however, a reservation that if private industry could not find jobs for a good share of the 4,000,000 workers by that time, Mr. Roosevelt would consider extending the life of the agency.

Shortly before Hopkins entered the executive office, William Green, president of the American Federation of Labor, left Mr. Hopkins' office.

Miamian Will Address Teachers On Saturday

H. H. Filer, chairman of the Board of Public Instruction for Dade county and recently elected president of the Florida Education Association, will be the principal speaker at the monthly meeting of Seminole County teachers, to be held at South Side Primary School auditorium on Saturday afternoon at 3:00 o'clock, it was announced today.

Mr. Filer is making a tour of the state, addressing civic leaders and school groups in the interest of the League for Better Schools. The announcement of his appearance here was made by Mrs. Pearl H. Bahitt, principal of the Sanford Grammar School and president of the Seminole County Teachers' Club.

Mrs. Bahitt stated today that "I am anxious that every school official, parent teacher member, and all friends of education be present to hear Mr. Filer's message. It promises to be of interest to all persons, whether teachers or not."

Local Men, Women To Be Judges At Fair

Leaders in many branches of the business and professional life of this city have been asked to participate as judges in the first annual Seminole County School Fair and Carnival which is to be staged at Seminole High School auditorium on Friday night, starting at 8:00 o'clock, and all of them have accepted.

Judges, as announced this morning by Mrs. Elizabeth Buchanan, class president, are as follows: Art and handicraft, Art and Home Economics, Mrs. Rex Packard, Mrs. C. R. Mason, commercial E. F. Leno, English, T. W. Lawson, math, sciences, foreign languages, G. F. McKay, Latin, Mrs. Wallace W. Bell, history, R. F. Cooper, science, C. R. Mason, handwork and needle, Paul Stin, and Herman Morris; pet show, Peter Thompson, physical education, Dr. J. N. Taylor and Dr. R. D. Smith.

Opening Of 75 Jobs Under CWA During Next 10 Days Is Announced By Local Council

That probably 75 white and negro men whose names have been registered at the Federal Employment Office on Magnolia Avenue for many weeks, may be called to work under the CWA within the next 10 days was a view expressed by Mrs. Helen T. Morse, director of Social Service at the Court House office of the local CWA this morning.

It was pointed out that because many wash and packing houses are opening for the spring season at the present time, and because of increased activity in other lines of local business and industry, many men have resigned their positions as CWA employees, and have gone into other lines of endeavor.

13 NEW PROJECTS CWA ASKS MORE GIVEN APPROVAL OF LOCAL GROUP

Thirteen proposed projects received the approval of the CWA Project Committee of the Seminole County Chamber of Commerce which met for its first session at the City Hall yesterday afternoon with H. B. Pope, presiding as chairman.

Each project will be recommended to the Seminole County CWA if and when additional Federal appropriation is made for projects of the kind proposed.

Each project approved was presented by one or more persons who explained why the project was important, and the committee, after giving approval, requested proponents of the project to prepare the necessary data, to be submitted to the CWA Advisory Board.

The projects okayed are: A community house at Fair City, proposed by the Seminole County Progressive Association through Fred Leonard and J. I. Curtis.

A tuberculosis sanatorium annex at the County Home, proposed by the Seminole County Medical Association through its secretary, Dr. J. T. Denton.

Improvement of the road in Atlantic Springs, beginning at the postoffice and running eastward to State Road No. 1, and from the Atlantic Springs hotel to the Orange County line, proposed by H. J. Hames.

A recreational camp project for the local Boy Scouts of the county near Cuba, proposed by A. T. Wagner.

A school project for training at facilities in the school of the county proposed by Frank Evans. A road from Lake Mary through to the Lake Martin bridge, proposed by Frank Evans, and seconded by Harry Parsons.

An extension of Sanford streets (Continued On Page Four)

HAS LOTS OF NUMBERS

WASHINGTON, Jan. 24.—(A.P.)—Harry L. Hopkins, who runs the civil works and federal emergency relief administrations for President Roosevelt, said today that the number of unemployed men in the country has increased to 12,000,000.

CUBAN SET-UP IS APPROVED BY ENGLAND

U.S. Turns To Method In Which It Can Aid In Stabilizing New Island Government

LONDON, Jan. 24.—(A.P.)—The British government today recognized the new government of Cuba under President Menéndez.

With recognition of Cuba as a Republic and its advisors at Washington last night learned of the new ways and means by which the United States can assist in thoroughly stabilizing President Carlos Menéndez's government.

Abrogation of the Platt Amendment, admission of 1,200,000 to 2,000,000 tons of Cuban sugar, and lowering of the tariff on Cuban products, are expected to be among the first questions to be decided by the President and his secretary of state, Cordell Hull.

35 Unemployed Men Stage 2nd Meeting To Discuss Relief

A round table discussion based on ways and means of securing employment or other forms of relief through the local Civil Works Administration was staged at the City Hall last night by a group of about 35 unemployed men, gathered in the second session of its kind during the past week.

With George A. Jones presiding, the group learned that because it was not possible for a committee of four men who had been appointed last Tuesday, to report on a visit it was scheduled to pay to the CWA office in search of information, a postponed discussion of the next steps to be taken in an effort to secure employment or other relief must be delayed.

During the meeting numerous questions were raised similar to those which were asked at CWA officials last week and discussed through the columns of The Herald.

The meeting was adjourned shortly after 9:00 o'clock with the participants expecting to be invited to another meeting within the next few days, which is the report of the committee, headed by A. Jones, R. P. Waldron, E. A. Allen, and T. F. Powell, who acted as president.

Truck Lines Cannot Cut Minimum Load Is Rule

LALAHASSE, Jan. 24.—(A.P.)—The state railroad commission today denied the application of a group of truck lines to cut their minimum load to 100 pounds in order to meet the needs of the citrus industry.

Companies which made application were the Central Florida Lines, Inc., Jacksonville Terminal, Aiken's Transportation Company, & L. L. Taylor, Inc., and the Jacksonville Terminal Company, Inc., Jacksonville, Fla.

The commission, which met with the trucking group in the following order: J. S. Reed, S. H. Wilson, Major S. Cherry, David Hoover and A. J. Coulter.

Back-To-Land Movers Given Another Boost

WASHINGTON, Jan. 24.—(A.P.)—Projects that would cost more than \$4,000,000,000 have been proposed to the Federal substance homestead corporation and the organization in which Mrs. Franklin D. Roosevelt is keenly interested may get an additional appropriation to carry on its back-to-land movement.

California Labor Squabble Ends In Abduction Of Four

LABOR PROBLEM IS DISCUSSED AT CITY HALL

Offering complete co-operation in the interests of the general farm condition which was pictured to them last night by a group of local growers headed by Fred F. Dornier, 10 negro men, most of them pastors of the largest congregations in this city, will convey this message to the negro laborers of this city as quickly as possible.

The meeting during which they offered their services as "missionaries" was held at the Chamber of Commerce office, convened through the courtesy of Harry M. Dunworth, who was among those present as a speaker.

Mr. Dornier was the principal spokesman for the group of growers and shippers represented. He explained that the present confusion among colored laborers as to the wages which are paid them is based solely upon a misunderstanding of the true picture of conditions existing here today.

He pointed out that it has been suggested that leaders of the negro life of this community could best explain this situation to the laboring class, and it was with this in view that Mr. Dornier launched into a picture of the difficulties besetting local growers and shippers.

He traced conditions in Sanford beginning with the collapse of the boom, through bank failures, bank receivers' requirements, and other events which have reduced farming of any kind to a practically unremunerative occupation today.

He explained that a minority of growers this year are operating with money furnished them by the government itself, so critical had the situation become and that despite this assistance and the fact that one of the finest berry crops in years is now nearing a harvest, the berry market is at one of the lowest points since 1915 in years.

Mr. Dornier asked the negro men to make every effort to convince their friends that there is no intention on the part of growers to hold wages at a low level; that the present struggle exists as a result of circumstances over which they have no control.

It was indicated during the meeting that there is a possibility that it may be necessary to halt harvesting of berries within a few weeks unless market conditions improve.

The committee which met with the negro group included Mr. Dunworth, Mr. Dornier, Frank Meach, Perry N. Whitcomb, J. E. Waldron, and T. W. Jones.

The negro group included the following names: J. S. Reed, S. H. Wilson, Major S. Cherry, David Hoover and A. J. Coulter.

French Cabinet Given Vote Of Confidence

PARIS, Jan. 24.—(A.P.)—The French cabinet wrestled a vote of confidence from a riotous chamber of deputies yesterday evening while all available police battalions with street mobs shouting, "Stavisky, stab, stab!"

A vote of 360 for and 201 against was given Premier Camille Chautemps after a bitter struggle over opposition charges of official corruption in connection with the \$10,000,000 collapse of the operations of its founder, the late Serge Stavisky.

SINCE JAN. 1 IN FLORIDA
28 KILLED
141 INJURED
Because of unnecessary auto accidents.
"It isn't how good a driver you are—it's how careless the other fellow is."

MELVIN TRAYLOR BETTER
CHICAGO, Jan. 24.—(A.P.)—The condition of Melvin A. Traylor, banker and Democratic leader, seriously ill with pneumonia, was reported last yesterday as "definitely better." His physicians, however, said there still was possibility of a relapse and continued to administer oxygen.

ARMY AVIATOR KILLED
RIVERSIDE, Calif., Jan. 24.—(A.P.)—Lent John P. Donlin, 21, San Francisco, pilot attached to the 95th pursuit squadron at March Field, was killed yesterday in the wreck of his light combat plane, six miles east of Riverside.

WESTBERRY CONVICTED
VALDOSTA, Ga., Jan. 24.—(A.P.)—Allen Westberry today was convicted for a second time by a Lowndes County Superior Court jury for the murder of Mrs. W. H. Browning, and sentenced to life imprisonment.

PEANUT AGREEMENT REACHED
WASHINGTON, Jan. 24.—(A.P.)—A marketing agreement and a lease for the peanut mill in Louisiana, establishing a schedule of minimum prices to be paid to peanut growers, was approved and signed yesterday by Secretary Wallace. Both the agreement and the lease became effective at midnight Jan. 27.

WESTBERRY CONVICTED
VALDOSTA, Ga., Jan. 24.—(A.P.)—Allen Westberry today was convicted for a second time by a Lowndes County Superior Court jury for the murder of Mrs. W. H. Browning, and sentenced to life imprisonment.

The Importance of CWA

As far as Sanford is concerned, the federal organization which has been of the greatest benefit to the unemployed and to business generally is the Civil Works Administration. The NRA helped a few, but it hurt more than it helped. The Public Works program has not touched Sanford. Farm and home loans have been a big help to some of our people burdened with mortgages, but they have not affected our business or unemployment situation.

The CWA on the other hand has furnished jobs with living wages to more than 700 persons since the middle of November. The people who received these jobs had previously been destitute to a very large extent. The CWA has adequately provided for them, while the \$7,500 to \$10,000 a week payrolls have proved an excellent stimulant for business.

It is now proposed to discontinue the CWA work on the first of May. As a matter of fact, unless Congress comes through with additional appropriations the work must be stopped by the middle of February since the original grant of \$400,000,000 will be fully exhausted by that time. Congress is now considering an Administration measure calling for an additional CWA appropriation for \$350,000,000 which is designed to last until the first of May.

By that time the President believes that the Public Works program and business recovery will have reached the point where most of the men now holding CWA jobs can be absorbed in more normal pursuits. Billions of dollars have been allotted by the PWA to various communities throughout the country for purposes of more permanent construction than CWA undertakes. This work is expected to be well under way by Spring, but none of it is planned for this county.

We do not know how well the President's expectations may be realized in other parts of the country. It is possible that the PWA and the normal channels of business employment may be able to furnish jobs to most of the 4,000,000 men now doing CWA work, but certainly this is not true for the 700 men on the CWA lists in Sanford. We do not believe it is true for the 80,000 or more CWA workers in Florida.

As a matter of fact, unemployment is bound to be more acute in Sanford next summer than it is now. During the winter and early Spring months, our farmers, who provide the bulk of employment in this section, are planting, cultivating, and harvesting their crops. During the summer these farms lie dormant and the men who work them in winter have nothing to do.

The same thing is true to large extent of all Florida counties. Those sections which depend upon vegetables, citrus, or tourists find their heaviest work to be done during the winter months. Florida is a winter season state. All of its crops are marketed during the winter. All of its hotels and resorts do their principal business during the winter. Summer finds everything more or less at a standstill.

Now if it has been necessary to find federal employment for 80,000 men in Florida during the months of November, December, and January. If it is necessary that Congress appropriate additional funds to keep these men busy during February, March and April, it is a hundred times more essential that the CWA work be continued, in Florida at least, during those bleak months of July, August, and September.

We believe if the situation were properly presented to the President, if he were made thoroughly conscious of purely local conditions, which always make Florida's summers a time of crisis, just as the winter months are critical in the north, that he would recommend an exception to be made in the case of this state and insist that the CWA work be continued here throughout the summer.

If it is not, we fear there will be serious trouble here before Fall.

A Glittering Illusion

Jimmy Walker, prosperity mayor of New York and principal character in the famous Seabury investigation, is being boomed for the leadership of a so-called rejuvenated Tammany Hall, while Al Smith, once the idol of the sidewalkers of New York, was booted and hissed when his name was mentioned at a Tammany dinner. But it was Jimmy Walker who gave the followers of Tammany their greatest era of graft. Now that they are down and out, they long for his return.

"Few could have imagined six or eight years ago," says the New York Herald Tribune, "that they would live to see the day when the name of Smith would evoke boos and hisses from a Tammany speakers' dinner, when the mighty strains of 'East Side, West Side' would fade and die beneath the sad, nostalgic pipe of 'Will You Love Me in December As You Did in May?' or when the Wigwag would rally to pin its shattered hopes upon the slight and distant figure of Jimmy Walker. 'Men may come,' Mr. Dodge declared in the old, the resonantly familiar, style, 'and men may go.' But Jimmy goes on forever!" broke in a voice, and the revealing cheers resounded. As they cheered the name, however, it was not a man that evoked their enthusiasm, but an illusion.

"It was an illusion of the irrevocable past, when the market was booming and money was easy, when taxpayers did not trouble and voters would rise to the unbalanced hook, when the budget was an ever-growing Christmas tree, with jobs and contracts glittering upon every branch, when the proper reception of Channel swimmers was a serious civic issue and the 'wise cracks' bubbled nightly among the elect at the Casino. It was the past they cheered, rather than the individual now left to them to symbolize that gone but not forgotten era. For what else was there to which they might attach their loyalties? They have no future, and nothing to offer it.

"In their sixteen years of power they had no vision of any statemanship higher than the Walkerian variety; they had produced no giants, they had evolved no policies, they had made no record except the lamentable one enshrined upon the books of the Seabury investigation, and they were hissing the one capable leader who had arisen from their ranks. So they dedicated themselves to the mission of carrying New York City again for Jimmy Walker. The kindly will draw the veil; no further comment is necessary.

SANFORD, TWENTY YEARS AGO

Word was received here Wednesday that Guy Randall, a physician on the A. C. L., had been killed by the engine turning over on him near Brimley's shop last night. Development showed that he had been injured but was expected to live.

Congratulations, Seminole County

Congratulations, of the most sincere character, and by every true Floridian, are due to Seminole County, which has just completed its annual campaign for membership in that county's Chamber of Commerce. The mark was set for surpassing 900 members. At the victory supper, held at the conclusion of the campaign, on last Thursday night, it was reported that the goal had been exceeded, the membership roll standing at \$48 for the current year, with hopes that later returns would make the total number of members 900. Even with 840 members the Seminole County Chamber of Commerce maintains its rank as the second largest body of its kind in any county in Florida. This is an enviable position for Seminole County to attain and to hold.

There is very much of genuine and significant meshing in what Seminole County has been doing in the past year or two. Seminole County has been designated as the smallest big county in Florida—smallest in point or area, but big in undertakings of a forth-while character—big in the desire of those fortunate enough to be residents of that county to take full advantage of the many opportunities that exist, naturally, in that county.

Numerous of these advantages are of an agricultural character. It is only in recent years that these advantages have come to be appreciated as they should be. They are mainly in the soil of that county, which is noted for its productivity, but which needs to be cultivated intelligently and more or less intensively, in order that the utmost of benefit, in the way of worth-while benefits may be derived by its owners and cultivators. The sort of cultivation that needs to be done, the methods to be employed in order to derive the utmost of benefit, in the way of income, both require the utmost

CHANGES IN MONEY BILL ARE OKEYED

(Continued From Page One) now in default on debts of over \$2,000,000,000 and the number is increasing. The House passed the navy bill and sent it to the Senate.

Administration leaders decreed the death sentence last night for an amendment attached to the Roosevelt monetary bill by a rebellious Senate banking committee under which a board would be put in charge of the \$2,000,000,000 stabilization fund asked by the President to steady the foreign value of the dollar.

The fate of two other changes voted by the committee, which would impose a three-year limitation upon the operation of the fund and upon the President's power to devalue the dollar, was less certain. Senator Robinson, Democratic leader, said he was studying the proposal but would not yet say what the attitude

company.

The attractive house of Dr. and Mrs. T. A. Neal was the scene Monday evening of a delightful party given in honor of Mrs. H. M. Papworth, of New York City, and Col. A. M. Thrasher, who has just returned from an extended trip abroad. Mrs. Neal wore a beautiful evening gown of blue charmeuse with dainty trimmings of lace and pink rosebuds while Mrs. Papworth wore an exquisite gown of blue velvet and charmeuse trimmed with lace and fur. Those enjoying the hospitality of Dr. and Mrs. Neal were: Capt. and Mrs. R. H. Marks, Dr. and Mrs. S. Paleston, Mrs. W. D. Holden, Mrs. A. P. Connelly, Miss Annie Hawkins, Mrs. H. M. Papworth, Mr. and Mrs. R. W. Herndon, Mr. and Mrs. R. A. Newman, Miss Laura Fish, W. E. Watson, Mrs. Forrest Lake, Mr. and Mrs. G. F. Smith, Mr. and Mrs. Barrett, W. J. Thigpen, L. P. McCuller, Col. A. M. Thrasher, Mr. and Mrs. R. R. Deas, Mr. and Mrs. C. O. McLaughlin, and Dr. and Mrs. C. Butt.

Mr. and Mrs. Herbert Lyman, of Forest City, were in the city several days of this week.

The revenue law passed by the first legislature requiring saloons to pay double license by reason of the separate bars for white and colored patrons was declared invalid in a ruling handed down by Judge W. E. Bullock late this afternoon. This is the first time that the validity of this act has been tested before the courts of this state.

CWA END IS DEFINITELY SET AT MAY 1

(Continued From Page One) Roosevelt's room expressing a belief that "everything will work out all right."

Mr. Roosevelt planned to send to Capitol Hill today a budgetary request for a \$350,000,000 appropriation for the Civil Works Administration, an amount he estimated would be sufficient to carry its efforts to May 1.

Meanwhile, reports sprang up that efforts might be made to raise the appropriation to two billion dollars and continue the work for another year. Some House members were reported to be contemplating such an effort.

The Administration was predicting its action to end the civil works by early Spring on the belief that at least three of the four million workers would find jobs elsewhere by then, either in private work or in the Public Works Administration projects that are expected to be well under way with the passing of freezing weather.

It was pointed out elsewhere tonight it would be.

Nevertheless, there were strong indications that these, too, would be stricken from the bill by the Roosevelt following in the Senate. Republican leaders, although anxious that the three changes be retained, conceded they had not sufficient votes to keep them in the measure if President Roosevelt should send down word that they must go.

"Best In The South"
And to enter painting of this time will prove costly, for the price of well skilled labor and of painting materials are mounting rapidly.

STANLEY DOUGER, BIRMINGHAM, CO.

that a pick-up in employment by May might be the result of either of two factors, a natural upswing resulting from an increased demand for goods or an increase of the number of workers in private industry by virtue of legislation.

In this latter connection, it was recalled that the National Recovery Administration will hold a code revision conference soon and also that the Connery 30-hour labor week bill had made its reappearance in Congress. Either was potential of forcing an increase in the number of employed.

FINLAND TREATY ORDERED
WASHINGTON, Jan. 24.—(AP)—President Roosevelt yesterday authorized Secretary of State Hull

to sign a treaty of friendship and commerce with Finland. The treaty has been under consideration for several weeks.

Social Calendar

FRIDAY
The pupils of Miss Margaret L. Davis will have a piano recital at 11:30 o'clock at the Woman's Club.

The annual meeting of the Geneva Garden Club will be held at 1:00 P. M. at the home of Mrs. L. A. Sheldon. Election of officers will take place.

MONDAY
The Woman's Missionary Society of the First Baptist Church will spend the day at the church annex to study and take an examination on the mission study book. A covered dish luncheon will be served at noon.

TUESDAY
Mrs. E. F. Housholder and Mrs. Ralph E. Wright will be hostesses at weekly "ladies day" at the Sanford Country Club.

PASSION PLAY FILM

The famous "Passion Play" of Oberammergau will be reproduced in this city tonight at the City Hall at 8:00 o'clock through the medium of a motion picture film taken in Europe, the Holy Land, Egypt. Recorded organ, orchestral and choral music will be played in accompaniment. Tonight's performance will include a gospel service, and the public is invited. A silver offering will be taken up to assist in defraying expenses.

Mrs. Walter Bach Is Bridge Club Hostess

A Valentine motif was used for all party decorations and appointments at the bridge party given last night by Mrs. Walter H. Bach at her home on Holly Avenue in honor of the members of the Sandspur Club and a few other guests. Red and white sweet peas and bouquets about the tables and other bridge accessories bore designs in red and white.

(After several progressions of bridge high score prizes, a novelty dish, was awarded to Mrs. Roy G. Williams while low score prize, two old-fashioned china figures, was presented to Miss Margaret Cox. Miss Perry Lee Bell won cut prize, a cloisonne ash tray. Each prize was wrapped in white tissue paper with red heart designs and tied with red satin ribbon.

Late in the evening a sweet course, further accentuating the chosen color scheme of red and white, was served by the hostess, assisted by Mrs. D. C. Hodgkin, Mrs. Edward S. McCall, and Miss Jean Maxwell.

Those present were: Mrs. James A. Wright, Mrs. Edward S. McCall, Mrs. Roy G. Williams, Mrs. J. L. Bull, Jr., Mrs. E. A. Londenberg, Mrs. D. C. Hodgkin, Mrs. W. A. Pitts, Jr., Mrs. Dick May, Mrs. Hugh C. Wheelchell, and the Misses Perry Lee Bell, Margaret Cox, Sara Warren Easterby, and Jean Maxwell.

Mrs. Wallace Wright Entertains At Bridge

Mrs. G. I. Loucks, Mrs. L. F. Boyle, and Mrs. Joseph A. Meisch won high score prizes at the bridge party given yesterday afternoon by Mrs. Wallace W. Wright at her home on Mellonville Avenue in honor of the members of the Tuesday Duplicate Club and a few other guests.

Throughout the afternoon bridge games were enjoyed and at a late hour refreshments were served by the hostess. A profusion of radiance roses in shades of pink was used to decorate the rooms where the guests were entertained.

Those present were: Mrs. H. B. Lewis, Mrs. Walter E. Coleman, Mrs. Wallace W. Bell, Mrs. John L. Galloway, Mrs. J. C. Benson, Mrs. L. F. Boyle, Mrs. Joseph A. Meisch, Mrs. Wynn W. Potter, Mrs. F. A. Everhard, Mrs. F. H. Bailey, Mrs. A. C. Fort, and Mrs. G. I. Loucks.

Mr. and Mrs. Bolt Give Dinner Party

Honoring the members of their bridge club, Mr. and Mrs. T. C. Bolt entertained with a bridge and dinner party last night at their home on Park Avenue. High score prizes were awarded to Mrs. C. E. Rawson and D. L. Harper.

Immediately after the arrival of the guests dinner was served in courses from the dining room table which was overlaid with a linen cloth and centered with a bowl of pink roses and ferns.

Those present were: Dr. and Mrs. H. W. Rucker, Mr. and Mrs. D. L. Harper, Mr. and Mrs. C. E. Rawson, Mrs. T. P. Wallace of Tampa, and Mr. and Mrs. T. G. Bolt.

Personals

Jack Duren of Brocksville, formerly of this city, is spending a few days here.

Judge and Mrs. James G. Sharon and family have moved from West Tenth Street to 918 Magnolia Avenue.

Miss Mary Ann Cobb of Cedar town, Ga. is the guest of Mr. and Mrs. T. C. Carlson at their home on North Jessamin Avenue.

Walter Wells of Sparks, Ga. is the guest of Mr. and Mrs. F. N. Whitehurst at their home on South Sanford Avenue.

Mrs. W. Mac Jordan of Orlando spent yesterday here as the guest of Mrs. T. R. Mellig at her home in Mayfair.

Mrs. W. B. Stovall returned Monday morning from Monroe, Ga. where she attended the funeral of her sister, Mrs. R. A. Bally.

Mrs. Ashley NeSmith of Moultrie, Ga. is spending a short time here as the guest of her sister, Mrs. P. N. Whitehurst, South Sanford Avenue.

A. E. Young, A. C. Cobb, and J. E. Halle of Cedarown Ga. were the guests Monday of T. C. Carlson at his home on North Jessamin Avenue.

Mr. and Mrs. Warren King, who were married recently, are residing at 217 East Third Street instead of 317 Palmetto Avenue as announced in yesterday's paper.

Mr. and Mrs. D. L. Thrasher will spend Thursday afternoon and evening in Jacksonville where Mr. Thrasher will attend a meeting of the directors of the Children's Home Society.

Word has been received here by friends that Mr. and Mrs. Claude Ogilvie are announcing the birth of a daughter last Friday at their home in Jacksonville. Mrs. Ogilvie will be remembered as the former Miss Ethel Henry.

Mrs. L. B. Calhoun of Eustis is spending a few days here with her mother, Mrs. W. L. Clark, 207 French Avenue. Mrs. Calhoun will be remembered as the former Miss Elizabeth Clark.

After spending a short time here with Mr. and Mrs. S. M. Schwartz, Golden Lake, Mr. and Mrs. Thomas Appyle of Johnston, Pa. have gone to Palm Beach and Miami.

Mrs. Peter Schaal and her daughter, Casandra Ann, have returned to their home in the Central Apartments on Park Avenue after having spent the past two weeks with Mr. and Mrs. Hugh Torrance. Miss Margaret Herndon Levi, of Charlotte, N. C. accompanied them, to spend several weeks.

Eugenia Ann Caswell's Birthday Is Observed

Honoring her daughter, Eugenia Ann Caswell, who celebrated her eighth birthday anniversary recently, Mrs. B. D. Caswell entertained with a party Monday afternoon at her home on Magnolia Avenue with about 20 girls in attendance. A Valentine motif was carried out in party decorations and appointments.

Throughout the afternoon games and contests were enjoyed by the little guests under the direction of Miss Carmita Barber. Miss Angela Meisch was awarded a prize for finding the largest number of peanuts in the peanut hunt. Each guest received a Valentine favor.

At the tea hour refreshments were served by the hostess from the dining room table which was centered with a large birthday cake bearing eight lighted red candles. Assisting the hostess in serving were: Mrs. Lee A. Conley, Mrs. A. B. Johnson, Mrs. E. J. Holly, Jr., Mrs. Edmund Meisch, and Miss Carmita Barber.

CUBAN SET-UP IS APPROVED BY ENGLAND

(Continued From Page One)
Hull yesterday afternoon after Jefferson Caffery, Mr. Roosevelt's personal representative in Havana, had reported a stable government had been set up.

Caffery will become ambassador to Cuba upon representation of his credentials. The Cuban envoy to Washington will be Manuel Marquez Sterling, former Cuban secretary of state, who has been acting in an unofficial capacity here.

The President has announced on several occasions that the United States was willing and ready to revise the commercial convention and permanent treaty between the two countries whenever a government was established in Cuba "which through the popular support it obtains and which through the general co-operation it enjoys shows evidence of genuine stability."

Recognition of the Mendicta government as a government with popular support, able to maintain law and order, and meet its international obligations, is considered by qualified observers as the first step to be taken toward treaty revisions.

Revisions of the commercial convention so as to permit increased sugar exports to the United States is considered one of the vital questions which must be decided as quickly as possible for the continued stability of the Mendicta regime.

Recognition also is expected to speed a settlement of the strikes throughout the island, including one which caused the seizure and operation by the government of the American-owned Cuban Electric Company.

Thrasers Entertain Evening Bridge Club

Golden gleam decorations and colorfulness, emphasizing a color note of yellow, were used to adorn the rooms of the home of Mr. and Mrs. D. L. Thrasher in Rope Court when they entertained the members of the Evening Bridge Club with a bridge party last night.

Bridge games were enjoyed until a late hour when scores were added and prizes awarded to Mrs. H. B. Lewis and W. C. Hill. Mrs. Lewis was given a guest towel and Mr. Hill was the recipient of silk socks.

Refreshments were served at the supper hour by the hostess, assisted by Mrs. E. A. Newman and Mrs. Samuel Puleton. Those present were: Dr. and Mrs. Samuel Puleton, Mr. and Mrs. E. A. Newman, Mr. and Mrs. E. F. Housholder, Mr. and Mrs. W. C. Hill, Mr. and Mrs. F. B. Roumillet, and Mrs. H. B. Lewis.

Mrs. Lee Ann West Entertains For Friends

Mrs. James Lee and Mrs. Charles West entertained a number of their friends with a bridge party on Friday evening at the home of Mrs. West on Lake Chasin, near Orivich. The rooms where the guests were entertained were decorated with large bouquets and vases of poinsettias and roses.

After several progressions of bridge scores were added and high score prizes, pieces of pottery were awarded to Mrs. A. D. Covington and Miss Annie Hawkins. Mrs. Harold Varn was lucky in cutting and received a vase while Mrs. George Morgan, who

WOMAN EDUCATOR DIES

CHICAGO, Jan. 24.—Mrs. Mary Lee Harkness, 62, 67, Ph.D., L.R.D., who for 21 years was professor of Latin at the Sophie Newman Memorial College, the women's department of Tulane University, died Monday night at the home of a brother, Dr. Carleton A. Harkness, after a six weeks' illness.

SEMINOLE HIGH TURNS IN 34-26 WENOVER APOPKA

5th Victory Of Season Final All Players On Squad In Contest

Seminole High School scored its fifth basketball victory of the season at the auditorium last night by taking a 34 to 26 game from the Apopka five.

Giving every man on his squad another chance at actual play, Coach McLucas saw all of them displaying fair to perfect form during the game which saw Seminole High out in front all the way.

Whitten, starting forward for Seminole High, was high scorer of the game. He turned in 13 points before being replaced by Bobbie Knight. Kelly, Miller and Jordan scored four points each.

The Apopka five presented a capable guard in Earl Anderson, while Bob Sheppard, a forward, demonstrated his ability time and again. Seminole High had trouble getting its passing attack started, but during the latter part of the game the machine clicked beautifully.

Line-ups and points scored:

Apopka	Points	Seminole
Whitten	13	Whitten
Knight	3	Knight
Sheppard	3	Kelly
Barker	2	Hernandez
Anderson	2	Miller
Minor	1	Hargrave
King	1	Parsons
		Kinlaw
		Hughes
		Jordan

In a certain raiser, the Sanford "B" team won a 15 to 6 decision from the Apopka "B" team.

Coach McLucas' varsity team will play Coach Pat Miller's Oviedo High School team at Seminole High School auditorium tonight at 8:00 o'clock.

Seminole High freshmen will play the Junior High team at 7:15 o'clock.

Negro Methodists Here For 18th Annual Meet

Scores of negro members of the South Florida Conference of the African Methodist Episcopal Church were gathered here today to attend the 18th annual session which convenes at Trinity Church on Cypress Avenue tomorrow morning at 9:00 o'clock, with Bishop F. T. Keepey, D.D., L. L. D., of the Atlanta area presiding.

While formal opening of the conference does not come until tomorrow, a brief session is to be staged tonight at 7:30 o'clock at Trinity Church. Mayor W. A. Lettler will extend a welcome on behalf of the city of Sanford, and T. L. Dumas will offer greetings from the A. C. L. railway.

Other speakers tonight will include Rev. A. A. Williams, pastor of St. James A. M. E. Church of Sanford, Rev. S. B. Wilson, pastor of Trinity A. M. E., Rev. L. M. Cherry, Prof. J. N. Crooms, and Mrs. M. E. Harris, and a response by Rev. J. A. Simpson.

Thursday's session will be opened by Bishop Keepey with a devotional and communion service at 9:00 o'clock. A memorial service, followed by the organization of the conference and pastors' reports will conclude the morning meeting.

The afternoon session includes an address by W. J. King, D. D., Ph. D., president of Atlanta, the official benediction of Gammon, while the night session will include talks by Rev. C. R. A. Bank and Rev. D. S. Belmont.

Opening Of 75 Jobs Under CWA Within 110 Days Announced

(Continued From Page One)
 Sixteen men were given work replacing those who had resigned or been retired.

Sixteen men were given jobs only yesterday, it was pointed out, and the average for the past 10 days has been about five new jobs open daily.

That fully 75 men now working under the CWA will quit to return to other jobs in the next 10 days is anticipated, and these men will be replaced until further notice.

It also was announced that during the next 10 days a large quantity of commodities will be distributed to all families who have a representative listed on an approved relief list.

These commodities include 1800 pounds of cheese in one-half pound cartons; 8,094 pounds of canned beef in two pound cans, 18,500 pounds of smoked pork in three and six pound packages; 8,094 pounds of butter in one pound cartons, and 80,294 pounds of flour in 24 pound bags.

Tickets indicating how much of each commodity is to be released are to be given to a member of each family eligible for these products starting about Monday, it was stated. The tickets are to be taken to the following retail grocery stores where the supplies will be released:

In Sanford: Weekly's Better Food Store; Triple S Grocery on 1st Street; Forrest Gatchel Grocery on Sanford Avenue.

At Lake Monroe: Norwood and

CITRUS GROWERS URGED TO STOP SHIPPING FRUIT

Jam In Market Costing Florida Thousands Daily, Says Yarnell

TAMPA, Jan. 24.—L. A. Yarnell, chairman of the Florida citrus control committee, appealed to growers and shippers yesterday to withhold fruit in an effort to break a market jam he said is costing Florida growers hundreds of thousands of dollars a day.

The committee rescinded shipping restrictions pending settlement of suits attacking its power at a federal court hearing here Monday, and Yarnell said the action released to market a tremendous amount of fruit of all sizes and grades with a disastrous effect.

"As was expected," Yarnell said, "fruit was rushed to market. All markets were demoralized, and in one week there was destroyed all the benefits that had been built up through months of effort."

"The control committee is for the time being powerless. It can only appeal to fair-minded growers and shippers of Florida to use every effort to reduce shipments and allow over-loaded markets to work out from under their present burden of over-supply."

"Unless this is done this deplorable condition can result in but one thing, and that is the worst market Florida has ever experienced in the history of the industry. We can only plead most earnestly with the shippers of Florida to hold back a fair percentage

LONG'S TICKET IS REPUDIATED IN NEW ORLEANS

Mayor Walmsley Gets Wide Majority Over Huey's John Klorer

NEW ORLEANS, Jan. 24.—(AP)—Senator Huey Long whose city ticket ran second to that headed by Mayor Semmes Walmsley in yesterday's Democratic primary said today he would have no statement until he has heard from some of the less important contestants as well as further returns from the majority race.

All but 22 of the city's 262 precincts gave Walmsley 41,000 to slightly less than 27,000 for John Klorer, endorsed by Long.

Francis Williams, independent, was running third, 2,000 behind Klorer.

Mayor T. Semmes Walmsley, incumbent, held a substantial lead over his opponents on early returns from yesterday's mayoralty primary election but lacked sufficient votes to avoid a second primary for the choosing of a winner.

13 New Projects Given Approval Of Local Group

Clear Up, Lies Now, By Taking Black-Draught

(Continued From Page One)
 Lake Jessup with a fill and a small bridge which would bring Oviedo and that section of the county from five to seven miles nearer to Sanford. Proposed by W. H. Tunncliffe.

Necessary improvements at the Fernald-Laughton Memorial Hospital, proposed by H. M. Papworth.

An agricultural building and grounds, including experimental station, trial grounds, including farmers market, office, laboratory, and space for equipment for State and Federal agricultural experts, proposed by F. F. Dorner.

Improvement of the yacht basin and municipal pier, proposed by H. M. Papworth, Fred T. Williams, and W. H. Tunncliffe.

A recreation project by the city of Sanford, including municipal recreation, baseball field, swimming pool, proposed by H. B. Pope and Mr. Papworth.

State aid on road No. 203 from Oviedo to the Orange county line, proposed by A. G. Wagner and Frank Evans.

A road from the Sanford Municipal Airport through to State Road No. 3, proposed by Mr. Tunncliffe and Mr. Evans.

Doctors Give Creosote For Chest Colds

For many years our best doctors have prescribed creosote in some form for coughs, colds and bronchitis, knowing how dangerous it is to let them hang on. Creosolium with creosote and six other highly important medicinal elements, quickly and effectively stops coughs and colds that otherwise might lead to serious trouble. Creosolium is powerful in the treatment of colds and coughs, yet it is absolutely harmless and is pleasant and easy to take. Your own druggist guarantees Creosolium by refunding your money if you are not relieved after taking Creosolium as directed. Beware the cough or cold that hangs on. Always keep Creosolium on hand for instant use. (adv.)

LEGAL NOTICE

NOTICE OF APPLICATION FOR TAX DEED UNDER SECTION 218 OF THE GENERAL STATUTES OF THE STATE OF FLORIDA.

Notice is hereby given that R. J. HILL, purchaser of Tax Certificate No. 211, dated the 15th day of July, A. D. 1928, has filed said certificate in my office, and has made application for tax deed to issue in accordance with law. Said certificate embraces the following described property situated in Seminole County, Florida, to-wit:

Lot 3 & 4, 18 ft. of Lot 4, 1/2, 1/4 & 1/8 of the Town of Sanford.

The said land being assessed at the date of the issuance of such certificate in the name of Unknown. Unpaid said certificate shall be redeemed according to law and deed will issue thereon on the 2nd day of March, A. D. 1934.

Witness my official signature and seal this 24th day of January, A. D. 1934.

E. DOUGLASS,
 Clerk Circuit Court, Seminole County, Florida.

Mothers!

In treating children's colds, don't take chances... Use VICKS VAPORUB.

CHEST COLDS

Rub on Mustero! Used by millions for 25 years. NOT just a salve, but a "counter-irritant." All druggists. Three strengths.

Clear Up, Lies Now, By Taking Black-Draught

"I have used Black-Draught off and on for about three years," writes Mrs. Maud Van Dusen, of Collinsville, Okla. "I have had dizziness and bad taste in my mouth. My complexion would get sallow, and I would be 'all down and out.' In such cases, I take a dose of Black-Draught every other night for about a week and it seems to clear me up and make me feel better in every way."

Children like the new, pleasant tasting SYRUP of Black-Draught.

\$5.00 Reward

will be paid for information that will convict parties guilty of cutting seats. Last Saturday five seat bottoms were maliciously ruined.

GLASS ATTACK ON MONEY BILL ONE OF SCORN

Administration Chiefs Pass It Off, Search For Opening To Get It On House Floor

WASHINGTON, Jan. 25.—(AP.)—Their confidence unshaken by the vented scorn of Glass of Virginia, Administration managers of the measure dwarfing the gold in a dollar looked for an opening today to shove it back to the House for agreement on Senatorial amendments.

Some held slender hopes that the monetary bill could be approved during the day or at least by tomorrow. Before a final vote, however, senators faced decisions on the Administration proposed amendments to enhance silver values, entrust the stabilization fund operation to a board, and possibly others. Making the bill of a temporary duration has been accepted by the President.

Another cheering message for Admirals was sent today by the House rules committee which voted legislative priority for the Vinson treaty navy bill with the intention that it be brought up on the floor tomorrow or next Tuesday.

The President found time today from his busy routine to discuss yachts and yachting with Dr. Albert Einstein, German scientist.

Galleries were thronged for yesterday's debate and an unusual large proportion of the members of the Senate listened. From the start it assumed a quiet tone which gradually in-

Rotarians Listen To Judge Sharon's Talk On Law, Order

"The basis of all law," Judge J. G. Sharon told Sanford Rotarians at their weekly meeting in the Valdes Hotel Tuesday noon, "is the Ten Commandments, and obedience to law is the most necessary part of government."

Judge Sharon discussed "Law enforcement" with the Rotarians, and in general terms based on his many years of experience, he propounded the theory that obedience to law is a vital element in government.

Through the activities of Rotarian R. F. Montalvate, "Florida Citrus Week" was brought to the attention of the club in a talk in which he depicted in detail, with the use of charts and graphs, the relative production of citrus fruits in America and other nations.

He pointed out that the United States produces about one-third of the oranges grown in the world, and that while Florida is considerably behind California in the production of oranges, it produces nearly all of the grapefruit. Importance of citrus products in the human diet also was stressed.

Those present at the meeting were Judge Sharon, as a guest, and Rotarians Paul Stine, who presided, H. B. Pope, H. R. Stevens, Leonard McCucas, H. H. Coleman, Martin J. Bram, H. M. Watson, G. W. Spencer, W. C. Hutchison, F. C. MacMahon, A. W. Epps, R. F. Montalvate, W. M. Haynes, S. F. Fuleston, George Harden, S. O. Shinkhouse, H. L. Maltbie, Karl Lehmann, W. A. Laffler, and B. F. Heines.

SINCE JAN. 1 IN FLORIDA 28 KILLED 141 INJURED

Because of unnecessary auto accidents.

"It isn't how good a driver you are—it's how careless the other fellow is."

French Navy Stronger Than Those Of Germany And Italy Combine Asked By Sarraut

PARIS, Jan. 25.—(AP)—Naval Minister Albert Sarraut answered Chancellor Hitler's inquiry as to where France stood on the navy question yesterday by advocating a French fleet stronger than those of Germany and Italy together.

During a secret session of the chamber of deputies' naval committee the former premier urged the speedy building of another Dunkirk to balance Germany's three Deutschland.

The proud French Dunkirk, a man-of-war of 26,000 tons and with 320 mm. guns and a speed of 29 knots, according to specifications, was rushed to the stocks after Germany brought out her 10,000-ton "pocket battleships" of her Deutschland type.

M. Sarraut said the French tonnage is now greater than the German and Italian combined, but inferior in quality because of the new Deutschland vessels.

He emphasized the need for superiority by proposing, as his own idea—not yet submitted to the French cabinet—an additional 250,000,000 franc (currently about \$15,000,000) two-year program of building floating airplane bases for the protection of Pacific possessions, Madagascar, and Indochina.

This would be in addition, he said, to a naval budget of 2,742,500,000 francs (now about \$164,500,000) already under consideration. Of this, 880,000,000 francs would be for new construction.

TOURIST TRAVEL INTO FLORIDA IS BEST SINCE 1929

35 Percent Increase Revealed In Survey Covering 1933, 1934

WASHINGTON, Jan. 25.—(AP)—Winter tourist travel to Florida and other southern resorts was reported by the American Automobile Association yesterday to be far ahead of any season since 1929.

A survey, based on reports from A. A. A. bureaus at key points of the North showed the Southbound trek—by highway, rail, air and water—ranging 35 percent above last year.

The association said it covered southern tourist travel as

Raynor Dies After
Several Weeks Illness

W. A. Raynor, 73, retired celery grower who had operated in Sanford for more than 30 years, died at his summer home at Hampton Bay, L. I., last Saturday night after a long illness.

Funeral services were held at that city yesterday afternoon.

Mr. Raynor, widely known in this area, had retired from active farming endeavors about five years ago. Since that time he had lived in Hampton Bay during the summer months, and at his large home near Sivan Lake during the winter seasons. He was an active worker in the First Methodist Church for many years.

He is survived by his widow, Mrs. Lulu Raynor, and three daughters, Mrs. Mary E. Benjamin, of Connecticut, Mrs. Donald Penny, and Mrs. Rays Carter of Hampton Bay.

FERTILIZER USE GAINS

Consumption of fertilizer in Seminole County slightly during December over November, it was revealed in figures released through the Department of Agriculture at Tallahassee today. This county used 1985 tons of the product in January, ranking ninth in the state.

SURPRISE RAID REVEALS GRAFT IN N. Y. PRISON

Prisoners Found Living In Style In Welfare Island Jail As New Inspector Pays Call

NEW YORK, Jan. 25.—(AP)—An assortment of narcotics and weapons was confiscated in a surprise raid yesterday on Welfare Island penitentiary, by the city's new correction commissioner, who said he found a group of prisoners living in "country club" style.

Commissioner Austin H. McCormick, heading an unscheduled inspection tour of the prison, discovered drugs, carrier pigeons and special foods at the disposal of many inmates.

Leading a squad of detectives, Commissioner McCormick descended on the island without warning, and, before he had finished, he had turned the place inside out to show that the prison has been ruled by gangster inmates who have fostered drug smuggling on a large scale, bootlegging, degeneracy and general corruption.

McCormick found that prison officials were little more than underlings in the administration of the place, that the inmates maintained a flock of some 300 highly-trained carrier pigeons for traffic in narcotics, and that many of the prisoners were equipped with dangerous weapons.

These incredible conditions have existed on an island in the

Voters To Lose Privilege Of Electing Judges, He Claims

PUNTA GORDA, Jan. 25.—(AP)—Representative T. W. Butler, of Charlotte county, speaking before the Kiwanis Club here yesterday, sounded what he described as a "warning against depriving the people of the right to elect their judges," in voting for circuit judges and state attorneys at the coming election.

"The state Democratic executive committee," Butler said, "is like-

Health Contest Draws Interest Of Students

The title of "Healthiest Boy" and "Healthiest Girl" in Seminole County is being sought by no less than 20 boys and girls, it was announced by Miss Elizabeth Brigham, president of the Sophomore Class of Seminole High School, as she stated that the contest for these titles will be among the features of the first annual Seminole County School Fair and Carnival which will be held at the high school tomorrow night.

Dr. J. N. Tolar and Dr. H. D. Smith will act as judges of this competition. The healthiest girl is to be awarded a mesh bag, while the healthiest boy will be awarded a pair of shoes, both articles developed by local merchants.

Scores of exhibits in various types of displays have been entered for other prizes totaling over \$100 in value, stated Miss Brigham, and from all indications, the first fair and carnival will attract a large throng. It begins at 6:00 o'clock Friday night.

216 ARE DROWNED

SHANGHAI, Jan. 25.—(AP)—Two hundred and sixteen men, women, and children were burned to death or drowned the night of Jan. 21 when the steamer Weitung caught fire in the Yangtze River, belated reports revealed here today.

Those attending the luncheon were Dr. and Mrs. E. H. H. Coleman, Mayor Lester, Mr. Hill, and S. D. Hishelwood as guests, and Kiwanians C. B. Mason, who presided, Howard Overlin, Bill Dufosse, L. Tharp, F. S. Lamson, R. A. Smith, Jno. D. Jinks, Peter Sehaal, Ray Fox, E. B. Randall, Jr., W. A. Cooper, F. R. Wilson, E. I. Hoy, A. B. Johnson, Karl Lehmann, S. F. Doudney, V. A. Speer, W. S. Coleman, C. F. Proctor, I. J. Rackin, H. C. Washburn, W. D. Hoffman, E. G. Harper, Arthur Bralley, Dave Doniske, Fletcher Bralley, J. G. Leonardy, Julius Dinger, T. J. Punn, S. J. Nix, B. D. Caswell, P. N. Whitehurst, J. G. Sharon, Howard Long, W. B. Zachary, and I. T. Doss.

MORE GASOLINE USED
The Department of Agriculture at Tallahassee reported today that Seminole County used 236,592 gallons of gasoline during the month of December, which consumption represented a considerable increase over the amount used during November. December consumption of kerosene in the county totaled 65,821 gallons.

NRA POWER UPHELD BY U. S. JUDGE

Limitation Of Working Hours, Returns In Lumber Mills Given Approval In Oregon

PORTLAND, Ore., Jan. 25.—(AP)—The power of the National Recovery Administration to limit working hours and production in lumber mills operating under a code was upheld in United States District Court here yesterday by Federal Judge John H. McNary.

Commenting that the NRA plan, although not perfect, was the most likely plan to prevent complete disaster to the lumber industry, Judge McNary said:

"When an emergency exists justifying the President, through an act of Congress, to assume supervision of the basic industries of the country, and when the President sets up the agencies by which this supervision is to be made effective, the courts are as far as the law permits, fully obligated to support the administration of these agencies."

The decision was written in the action brought by the Willamette Valley Lumber Company of Dallas, Ore. The company requested a permanent injunction restraining code authorities from enforcing the 30-hour week at the mill. The company, which for several years has operated two shifts, was warned by the West Coast Lumbermen's Association, the division code authority, that this working program must be reduced.

The temporary restraining order which was granted in favor of the Dallas Company last November, delaying the code authority the right to interfere with its operation, was vacated by the court, but Judge McNary held that the company might not be penalized for any violation of the code prior to yesterday.

Bloodless Duel Is Staged As Result Of Bayonne Scandal

PARIS, Jan. 25.—(AP)—Four pistol shots were exchanged without effect today in a duel between Deputy Andre Hesse and John Bonet, Paris lawyer, who met to settle differences growing out of charges aired in connection with the monumental Bayonne Bank scandal.

Hesse, lawyer for the late Stavisky, founder of the failed Bayonne pawnshop, regarded as an insult a newspaper article written by Bonet. They left the dueling ground unscathed.

The men fought in a secluded spot which formed the old fortifications of the city. The morning was freezing and cloudy making it necessary for them to wait for sufficient light.

Although honor had been satisfied according to an old tradition, the men refused to be reconciled, and they left the dueling ground without shaking hands.

Future Farmers To Be In Charge Of Display

John Senkark, Ed Tyler and Boyd Coleman, members of Seminole Chapter Future Farmers of America, have been named as those who will be in charge of a display of Seminole County meat in the Seminole County exhibit at the Central Florida Exposition in Orlando next month.

It was understood that boys of the Chapter are planning a novel display, exceeding that of last year in general interest, and aimed at capturing first prize for a meat display for the second consecutive year.

Quaker City Residents Targets Of Threats

PHILADELPHIA, Jan. 25.—(AP)—It was revealed today by George Harvey of the bureau of investigation, department of justice, that letters demanding money under threats of harm or kidnaping have been received by members of 15 prominent families here in the past two months.

Harvey said two of the letters were in the same handwriting. All of the recipients, whose names are undisclosed, turned them over to the bureau.

Nye-Johnson Feud Settled, Steps Are Taken To Listen To Little Fellows' Complaints

and Borah (R. Ida.), and Johnson, over what the senators called the monopolistic tendencies of NRA.

WASHINGTON, Jan. 25.—(AP)—NRA's administrator—Hugh S. Johnson—and Senate Republican Independents settled their differences for the time being yesterday and arranged for the creation of a special board of prominent citizens to hear code complaints from small businesses.

Johnson, accompanied by NRA's general counsel, Donald R. Richberg, conferred with Senator Nye (R. N. D.), at the capitol for two hours, after which Nye announced the Recovery Administration agreed willing to set up such a board, rather than one with senators on it, to serve as a liaison group between NRA and Congress.

Bitter words had been exchanged between Senators Nye

and Borah (R. Ida.), and Johnson, over what the senators called the monopolistic tendencies of NRA.

But Nye said the conference yesterday was "highly gratifying," and Johnson, after a visit to the White House, agreed the question could be worked out without new legislation. He said the special board plan was acceptable all around.

In a formal statement, Nye said there was "every indication that the administrator is ready to reconsider my original proposal that there be created in NRA a special board of outstanding citizens to which the small manufacturers and business men may present their complaints as to the operations of the codes which have been adopted."

LOAFERS TO BE FIRED OFF CWA JOBS, SAYS FAGG

TALLAHASSEE, Jan. 25.—(AP)—Reprints that "hundreds, perhaps thousands, of CWA workers are loafing and accomplishing practically nothing," yesterday caused Marcus C. Fagg, state executive officer, to instruct county administrators to dismiss foremen or workers who do not give a full day's work.

Fagg sent the instructions to county administrators after complaints were made by Wendell C. Henton, president of the State

Foremen, Others Who Do Not Put In Full Day's Work Must Go

Chamber of Commerce members who hosted Dr. and Mrs. J. W. Field of Kansas City yesterday noon on a brief motor tour of the surrounding area, a tour which included stops at the Jacksonville Fish Estate on the East side.

The party which acted as hosts for the Field's included Mrs. H. M. Papworth, Mrs. Walter Morgan, Mrs. W. L. Cooper, T. L. Dumas, Karl Lehmann, and J. J. Hesse.

Dr. E. H. Field spoke to students at Seminole High School this morning en route to Orlando. He is one of the state gathering in Tallahassee for lectures he will deliver throughout America.

3 WHITE MEN CHARGED WITH NEGRO'S DEATH

1st Lincning Of Year Brings Quick Arrest Of Kentucky Trio, Quizzing Of Another

HAZARD, Ky., Jan. 25.—(A.P.)—Three men were arrested today on murder warrants and another is held for questioning as authorities pressed their inquiry into the lynching late last night of Rex Scott, negro charged with fatally beating Alex Johnson.

More than a score of shots were fired into the negro body by the mob which took him forcibly from a jail and hanged him in a cemetery in an adjoining county.

The men arrested are Patie Carroll, Lee Gibson, and Andy Workman, charged with murder, while James Collins was questioned.

The removal occurred while about 800 spectators were gathered about the jail. Many of the spectators entered their automobiles and followed the men who had the prisoner, as they drove away from the town.

About 100 shots were fired into the air by the jail raiders as they left the city limits. The motorcade later was reported to have passed through Visco, 18 miles south of here.

The negro was charged with slugging Alex Johnson, coal miner, on a side street here Saturday night. Johnson is in a critical condition in a hospital, never having regained consciousness.

The body was found by a posse led by Sheriff Filmer McIntosh, Circuit Judge Sam Ward and Commonwealth's Attorney J. A. Smith. The posse arrived just in time to see a crowd of several hundred people scatter and run to nearby coal camps.

It was the nation's first lynching in 1934.

City License Sale Deadline Reached With Over 500 Sold

Today was the last day in which it was possible to purchase a 1934 city occupational license without being liable to arrest and a fine which would be double the amount of the cost of the license.

As an indication of how well local police have conducted a daily campaign during which they reminded all merchants and professional men that Thursday, Jan. 25 was the deadline, it was announced that 603 of a possible 600 licenses that may be sold, had been secured early this afternoon.

Last year on Jan. 25, only 318 licenses had been sold, and the city had received \$700 for the 318 licenses. Early this afternoon 603 licenses had been sold and the city had received over \$700. Incidentally the total collection for the 611 licenses sold last year was \$5681.80.

It was believed at the City Hall this afternoon that about 80 or 90 persons have yet to secure a 1934 license. It was understood that police will make the rounds starting tomorrow morning handing out tickets which will be a summons into police court next Monday.

Growers Pay Visit To Several Federal And State Farm Experiment Stations

Yesterday's motorcade of local growers to the various Federal and State field experiment stations located in Sanford proved to be one of the most interesting ever undertaken, according to F. E. Dorner, president of the Seminole Agricultural Club which sponsored the tour.

First stop was at the Court House office of T. R. Butts, local representative of the Federal-State Market News Service. Operation of this office was explained in detail, and the growers extended an official welcome to Mr. and Mrs. Butts on behalf of other growers in the area.

Second stop was at the municipally owned green house at Elm Avenue and 14th Street where Dr. M. C. Swingle of the Bureau of Entomology explained various steps which are being taken to replace arsenicals as destroyers of vegetable and citrus pests. J. F. Cooper, also with this department, offered many illuminating comments, it was reported by

STOCK EXCHANGE CONTROL LEFT UP TO U. S. CONGRESS

Problem Is How To Regulate Business In Scope Of State Law

WASHINGTON, Jan. 25.—(AP)—Congress was assigned the task yesterday by President Roosevelt of finding a way for the federal government to regulate a business operating largely within the scope of state laws—the stock exchange.

Mr. Roosevelt planned to send to Congressional committees tomorrow the report of a special commerce department committee on stock exchange control. There was coupled to it the request that Congress provide some kind of regulation in its present session to carry out the pledge of the

NEW YORK CENTRAL WILL FEATURE STATE CELERY

The New York Central Lines is the first railroad to reply to the request of the Seminole County Chamber of Commerce that it feature Florida celery on menus offered the public in their dining cars this season, and that it give particular attention to the fact that the week of Feb. 19-24 is Florida Celery Week.

V. M. Ossey, general agent of the NYC Lines, located at Jacksonville has replied on behalf of his company stating that his railroad will be glad to cooperate in featuring Florida celery this season.

MOTHER'S SLAYER FREED

CHATTANOOGA, Tenn., Jan. 25.—James Brock, 18, was freed by a jury in criminal court here yesterday on murder charges in connection with the death of his mother. During a fight with a brother-in-law on Dec. 23, evidence showed Brock hit his opponent with a loaded shotgun which broke and discharged as it fell to the floor, the load killing his mother.

VALLEE HEARING DELAYED

LOS ANGELES, Jan. 25.—(AP)—Hearing of the claim of Fay Wells for \$7,450 a month temporary alimony and \$30,000 attorney's fees in her separate maintenance case against Rudy Valle yesterday was continued to next week in the superior court.
