CALIFORNIA OIL WORKERS DECLARE SYMPATHY STRIKE EIGHT THOUSAND MEN OUT

Kern County Strikers Reinforced by Thousands

ROADS BLOCKED AND AROUND STRIKERS SWORN IN AS SPECIAL DEPUTY SHERIFFS.

LOS ANGELES, Cal., Sept. 22.—All locals of oil workers International Union, in Southern California, voted a strike in sympathy with the Kern county oil field workers. Eight thousand men are involved.

Bakersfield, Cal., Sept. 22.—Armed strikers, who have been sworn in as special deputy sheriffs and constables, today picketed the great oil fields in this district.

The pickets formed a "law and order" committee and, with the apparent consent of the civil authorities, who are in sympathy with them, they blocked all roads leading in the oil fields.

The oil fields in this district are among the world's richest, covering several hundred square miles and containing hundreds of the most valuable producing wells in the entire country.

The strikers declare they will not permit any outside workers to enter the oil districts until the employers meet their demands.

The strike is directed principally at independent companies. About 8,000 men are on strike, of whom 450 are members of the "law and order committee," and about 8,000 are still at work for companies not affected by the strike.

Strikers' sentries halt all automobiles at the "dead line" on the edge of the oil fields and refuse admittance to them, if the passengers do not pass muster. The strikers have organized a court which examines strangers found inside the lines. If they can't give satisfactory explanations, they are "deported."

The strikers are well organized. They eat regularly at field kitchens supported out of strike benefit funds. Strict discipline is maintained. There have been no disorders, although all the arms within the district are said to have been taken by the strikers.

The result of the strike so far has been the ruin of a number of wells, which were being bored, owing to the tools being "frozen." Water and gas pressure threaten the ruin of other wells which are not being worked.

"No attempt is being made to get the government to intervene," said Walter Yarrow, head of the oil workers' union.

"There is no lawlessness, no situation such as existed in West Virginia. The government, however, is naturally interested in what we are doing because it owns much land in this district which it has leased to private interests on an oil royalty basis."

30 Bodies Recovered From Colliery Explosion in Australia

LONDON, Thirty bodies were recovered from Mount Mulligan Colliery in Queensland, Australia, gas explosion which occurred yesterday.

THREE MORE NATIONS ADMITTED INTO LEAGUE EARLY THIS MORNING.

GENEVA, Sept. 22.—Three additional nations were admitted to the League of Nations today. They were Estonia, Latvia and Lithuania.

FRUSH CLAIMS FOUL AND THE CHAMPIONSHIP.

CLEVELAND, Sept. 22.—Declaring he was deliberately fouled several times, Danny Frush, who was knocked out by Johnny Kilbane last Saturday in a contest for the featherweight championship, issued a statement today in which he claims the title. He claims foul in the first round when Kilbane hit him in the groin with his knee.

TWO MEN CHARGED WITH MURDER AT LAKE LAND AGED MAN WAS KILLED.

LAKE LAND, Sept. 22.—Mack O'Neill and Henry Smith, charged with the shooting to death of Levi McCullum, at his home here August 20th, and now in jail, at Bartow, will be formally charged with murder, according to Sheriff Logan. McCullum was shot to death from ambush in the early evening while sitting on his front porch. It is believed robbery was the motive.

JUDGE ANDREWS WILL PRESIDE AT BELCHER TRIAL

ORLANDO JURIST WILL SIT ON BENCH AT CLEARWATER

TALLAHASSEE, Sept. 22.—Governor Hardee has formally designated Judge C. O. Andrews, of Orlando, of the Seventeenth Judicial Circuit, to preside at the trial of Dr. I. J. Belcher, of Tarpon Springs, charged with manslaughter in connection with the death of Virginia Turner, Clearwater. The trial begins Monday at Clearwater. Judge McMullen was disqualified on account of his distant relationship to both Belcher and Miss Turner.

PERSHING ARRIVES IN FRANCE

HAVRE, Sept. 22.—General John J. Pershing, commander of American armies during the great war, returned to France today. The liner, Paris, on which General Pershing crossed the Atlantic, was escorted into the port at Havre this morning by the French battle cruisers Strasbourg and Metz, ten torpedo boats and ten destroyers. The general stood on the bridge of the Paris as guest of Captain Maurer of the liner, and received a noisy and enthusiastic welcome as the vessel steamed up the roads.

Every craft in the harbor from fishing smacks to palatial liners, dipped their flags and sounded their sirens while the batteries on Cape De La Heve boomed a salute of 21 guns, to which the escorting cruisers responded.

The French squadron met the Paris sixty miles out. A heavy, thick fog prevailed and the liner was picked up by means of wireless messages, the squadron falling in with the course of the liner and followed it by dead reckoning until sunrise, when the fog lifted.

Marshal Franchet d'Esperey and a numerous staff, and Colonel T. Bentley Mott, military attache at the American embassy in Paris, went down the roads in a French pilot boat to meet the general.

A regiment of infantry lined the quay and a great crowd cheered enthusiastically as General Pershing landed. He was presented with a bouquet of American Beauties by a delegation of school children and was welcomed in the name of the city by Mayor Meyer.

Man Will Hang Tomorrow; Wife Discusses Case With Board

TALLAHASSEE, Sept. 22.—The wife of Putnam Ponsell, sentenced to hang tomorrow with J. B. Martin for the murder of John Tuggle, discussed her husband's case with the Pardon Board at a special meeting of the board today. She was accompanied by two small children.

Winter Park citizens will vote the latter part of this month for or against \$25,000 bonds to be expended for modern fire fighting equipment.

Rain-Maker Hatfield and His Tank

The Wisconsin Society of Equity offered to pay C. M. Hatfield, the California "rain-maker," \$2,000 an inch for the rain he might cause to fall in the Florida state. He set up his tank, filled it with his secret chemical mixture, and 4.24 inches fell within the specified time. The photograph shows Hatfield and his tank.

MORE WORK AND LESS PLAY IS WHAT THE PEOPLE WANT, SAYS U. S. SENATOR HARRISON

WASHINGTON, Sept. 22.—The American people "want more work and less play," Senator Harrison, Democrat, Mississippi, declared yesterday in the senate in describing President Harding's recent trip to New York state on the presidential yacht Mayflower. The trip was taken, he said, "while millions of Americans were hanging their heads in shame," because men "who helped win the war were being offered on the auction block in Boston."

"What the American people want," the Mississippi senator said, "are more results and fewer recommendations; more meal tickets and fewer bread lines; more prosperity and fewer poorhouses."

Declaring that there were nearly 6,000,000 persons out of employment in the United States, Senator Harrison charged that the Republicans had failed to keep campaign pledges of increased prosperity in the country.

Body Found Floating in Lake Near Markham

Was Undoubtedly That of Adhurn Schripner

A body of a man believed to be Adhurn Schripner, who lived alone near here, was taken from a small lake near Markham, about five miles from here yesterday.

A coroner's jury returned a verdict of suicide. The body had apparently been in the lake for several days. It was badly decomposed and weighted down with a piece of iron. The probable identification was only made by his clothing.

Little is known here of Schripner, who had been missing for several days. Friends of the man said he seldom came into Sanford, remaining in his hut and working among the truck groves of his neighborhood. He is said to have deserted a British vessel before coming here because of harsh treatment and lived in constant fear of being arrested.

EXAMINATION OF VENIREMEN FOR POPE TRIAL

FOUR TENTATIVE JURORS WERE FOUND YESTERDAY AND FIVE TODAY

JACKSONVILLE, Sept. 22.—Examination of veniremen for jury to try Pope proceeded slowly this morning. Four tentative jurors were obtained when the court adjourned yesterday and the fifth was obtained this morning. Five jurors were accepted from the first fourteen men examined of the venire of seventy-three.

The examination of veniremen proceeded rapidly the last hour this morning's session and five more tentative jurors were accepted, making ten in the box when court adjourned for lunch. It is expected to box will be filled during the afternoon but regarded certain several will be excused on preemptory challenges by both the defense and the state.

A four-story Masonic temple will be built at Panama City in the near future. The first floor will consist of stores.

For office supplies, stationery, etc., come to the Herald office.

MORE THAN THOUSAND PEOPLE KILLED AT MAYENCE WHEN PLANT EXPLODES

THREE MEN MURDERED WORE ARMY UNIFORMS MET DEATH ON TRAIN.

ST. LOUIS, Mo., Sept. 22.—The bodies of three men, believed to have been murdered, were found within a few miles of each other in southern Illinois, late last night by the crews of the Missouri Pacific trains. Two of the men wore army uniforms. The police believe robbery was the motive, and assert that the triple murder occurred on the same freight train. The bodies are not identified.

Huge Chemical Works in Germany Proves Death Trap

WIDE DISTRICT COVERED BY CATASTROPHE WHICH IS ONE OF WORST IN HISTORY

MAYENCE, Sept. 22.—French troops and volunteer workers tolled through the night in ruins of chemical plant at Oppau where hundreds of workmen were killed in an explosion yesterday. Estimates of dead ranged as high as 1,300 but definite figures were obviously impossible. More than three hundred bodies have been recovered and it is known at least 1,500 persons were injured. Oppau virtually swept away and explosion hurled desolation over wide district on west bank of Rhine between Mannheim and Frankenthal. Investigation ordered but those who visited the ruins declare little open which finding can be based. Order being maintained in Oppau and vicinity by French soldiers, the district being within the French zone of occupation.

High Officers KU KLUX KLAN SUMMONED TO WASHINGTON FOR INVESTIGATION BY DEPARTMENT OF JUSTICE

WASHINGTON, Sept. 22.—High officials of the Ku Klux Klan will be summoned to Washington for interrogation by the Department of Justice Attorney General Daugherty indicated today. Director Burns, of the Department's Bureau of Investigation, Mr. Daugherty said, had been instructed to set his agents at work on the investigation of the Klan's organization in various parts of the country.

WITNESS GONE IN ARBUCKLE MURDER CASE

SAN FRANCISCO, Sept. 22.—The preliminary hearing of Fatty Arbuckle on a charge of murder was before Police Judge Sylvian Lazarus today. Men were excluded from the hearing under order issued last night, authorities ruling that as Lazarus court is women's court no men except witnesses, court officials and newspaper reporters should be admitted. The hearing is expected to last three days.

FLORIDA BETTER OFF THAN OTHER STATES BELIEVES TRAMMELL.

WASHINGTON, Sept. 22.—Senator Trammell has returned from Florida where he spent three weeks. "Conditions in Florida are good," he said, "On the whole, I think Florida is in a more envious position than any other state in the union."

TEN MILLION DOLLAR SUIT AGAINST TRIBUNE

CITY OF CHICAGO BRINGS SUIT AGAINST BIG DAILY NEWSPAPER

CHICAGO, Sept. 22.—The ten million dollar libel suit of the City of Chicago against the Chicago Tribune opened today with counsel for the newspaper asking the court to uphold the general demurrer based on the constitutional right of the freedom of the press. If granted the demurrer would have the effect of dismissing the suit on the grounds of insufficient evidence.

Landis and Heydler Discuss World's Series That Will Start Oct. 4

CHICAGO, Sept. 22.—Judge Landis, commissioner of baseball, met with President Heydler, of the National League and John of the American League today to draw up provisional schedule for the world's series. The series probably will open October four, two days after the close of the season, according to Landis.

SANFORD SHOE & CLOTHING CO.

EDITORS OF SOUTH FLORIDA TO MEET LAKE LAND, 2 DAYS

LAKE LAND, Sept. 20.—The meeting of the South Florida Press Association, scheduled to take place here October 14 and 15, should be a hummer, and as full oratory as an egg is of meat, and as interesting to the craft as a mint julep would be to a Kentuckian two years denied.

"Undivided," at least as far as showing how much of it will occur on the 14th, and how much on the 15th, the following program has been prepared:

The formalities and officers' reports.

"A Code of Ethics for This Association," George Hosmer, Manatee River Journal.

"What Shall We Do About the Publicity Bill?" J. E. Worthington, Lake Wales Highlander.

"How the Dailies and Weeklies Can Co-operate," Quimby Melton, Florida Metropolis.

"Readjustment of Wages and Prices—the Best Methods for the Owners' Interest," G. D. Leach, Leesburg Commercial.

"How About Subscription Rates?" A. D. Miller, Eustis Lake Region.

"Has the Time Come for a New Method of Handling Agency Commissions?" W. F. Stovall, Tampa Tribune; Wayne Thomas, Thomas Advertising Agency; Harry Brown, Lakeland Telegram. (Frank Anderson may also have a chance.)

"Bookkeeping: What is the Best Method of Handling Subscription Lists and Ad Bills?" C. G. Mullen, Tampa Times.

"How to Handle Travelling Advertising Fakers," J. G. Gallemore, Polk County Record.

"Making the Job Department Pay," George Goolsby, Wauchula Advocate; Hewitt Hill, Tribune Job office.

"What Do We Know About Our Own Business?" (a) "Our Advertising Cost per Inch and Our Method of Ascertaining What is a Reasonable Profit," R. J. Holly, Sanford Herald;

"How I Go About Getting Foreign Advertising," Mrs. C. V. S. Wilson, Sarasota Times; (c) "Does It Pay a Weekly Paper to Pay the Country Correspondents?" Mrs. C. H. Holderman, Cocoa Tribune; (d) "What Proportion of Advertising, Editorial, News and Feature Material Gives a Paper the Best Balance?" M. F. and Mrs. Hetherington; (e) "How Do Our State Papers Compare with Those of Towns of Similar Size Elsewhere in the Country and How Can We Improve?" Willis Ball, Florida Times-Union; (f) "Does it Pay to Exchange with Other States? Papers I Have Found Most Helpful," F. M. Prewitt, Plant City Courier.

"What I Know About My Business" Lew Brown, St. Petersburg Independent.

Report of N. E. A. Committee meeting, George Hosmer.

"The Tourist Outlook for the Season and What's to Be Done About It," L. P. Dickie, Tampa Board of Trade; W. P. Powell, Lake County Chamber of Commerce.

"Resolved that we, T. in T. are pulchritudinally superior to Rube and Lee." Ten minute debate. Thorn and Triplett vs. Rube and Lee. Judges, (three of Lakeland's loveliest (to be selected).

Front page contest (contents, style of heads, balance, display, etc.) Judges: Arthur Green, D. B. McKay, Chris Coddington.

Note: Each subject may be considered a la round table with the understanding that each volunteer speaker limit his remarks to three minutes. (Frank Anderson will hold the stop watch.)

INVERNESS WILL HAVE MUNICIPAL PLANTS.

INVERNESS, Sept. 21.—The city council has selected October 26th as the date for the election on a proposed bond issue of \$75,000 for the water works and sewerage system. Only owners of property within the corporate limits will be permitted to vote in the election. The bonds would mature at the end of twenty-five years and would bear interest at the rate of 6 1-2 per cent.

WHOLE FAMILY FOUND OPERATING "SHINE STILL."

CLEARWATER, Sept. 21.—F. S. Chapman, his wife and two sons, have been arrested for operating a still and selling liquor. Mrs. Chapman was released on \$200 bail while the others are in the county jail. Chapman and his son, Elmo, recently completed serving four months on the Hillsborough county roads for the same offense.

The big mill of the West Yellow Pine Co., located near Madison, will resume operation on October 1. This mill has been closed for several months.

Pasteur Institute Has An Antidote for Rattlesnake Poison

An Inexpensive Method Set Forth by a Jacksonville Man.

(By The Associated Press)

WEST PALM BEACH, Sept. 21.—An antidote for the bite of poisonous snakes, regarded as one of the most successful treatments is described by C. C. Shooten, of Jacksonville, in a letter to John B. Bench, of this city. The antidote is credited to Dr. Camette, of the Pasteur Institute, of France, and, according to Mr. Shooten is inexpensive, simple of application, and may be kept on hand easily for emergencies.

The necessary articles are a hypodermic syringe, a fifteen grain capsule of chloride of gold and a six or eight ounce bottle of distilled water. The chloride of gold should cost about eighty cents.

The method of treatment is not complicated. The chloride of gold is dissolved in the distilled water, the proportion usually being about six ounces of water to the fifteen grains of chloride. The solution should be tested with a common sewing needle. If it is too strong the needle will be discolored. Sufficient water should be added until the action of the solution is not strong enough to eat the needle.

The solution is injected with the hypodermic as near the snake bite as possible and ordinarily two or three injections at intervals of one hour should be sufficient to counteract the poison.

Mr. Shooten wrote that he had made extensive experiments to test the solution. In one case he injected the solution into a rabbit then exposed the animal to the bite of a rattlesnake. The bite had no effect upon the rabbit which Mr. Shooten allowed to be bitten once a day for three days. The animal then was turned loose apparently none the worse for its experience. Several dogs bitten by snakes were treated with the solution after they had returned home badly swollen. They were out hunting again within two or three hours.

Two negroes also were treated. One was in a serious condition when the solution was injected the first time but was virtually well the next morning, after having received three injections altogether. The other had a badly swollen leg. The first injection stopped the pain and swelling and the next day he returned to work.

CHANGE OF VENUE DENIED JOHN POPE JAX MURDER CASE

JACKSONVILLE, Sept. 21.—John H. Pope, attorney, charged in a joint indictment with Frank Rawlins of murder in the first degree for the slaying of George H. Hickman, Palace Theatre manager, was denied a change of venue by Judge Daniel A. Simmons at 12:33 p. m.

This ended the fourth attempt made by the defense to secure a delay in the trial of Pope. The denial is considered a big victory for the state.

In denying the motion, Judge Simmons declared he believed the defendant could procure 12 men who would give him a fair and impartial trial in this county and that a change of venue was not necessary.

Judge Simmons in making the denial said that there is considerable feeling aroused over the slaying of the theatre manager, but he believed it was no more than normal.

What the defense now plans to show when court convenes again at 2:30 p. m., was not made known. Immediately after Judge Simmons rendered his decision, he announced that court would recess for lunch.

During the hour allotted by Judge Simmons to Frank Wideman, state attorney, to examine the application for a change of venue and the affidavits submitted by Attorney Edgar Waybright for the defendant, William A. Hallows, Jr., assisting the state attorney, procured a number of business men to testify in the state's rebuttal of the motion.

Nearly a score of the most prominent men in Jacksonville, in all lines of endeavor, were secured by Attorney Hallows. They testified that they believed Pope would be given a fair and impartial trial in this county.

They stated they knew of no prejudice against the defendant and in their opinion if Pope is tried in the Duval county circuit court he would be given a just hearing and that the 12 men secured as jurors would not be made bias by the rumors circulated since the apprehension of Pope.

Atlanta Council Will Investigate K. of C. Rituals

ATLANTA, Sept. 20.—City council here late Monday adopted a resolution requesting that the New York World and other daily papers, especially the Columbus (Ga.) Enquirer-Sun, now engaged in the investigation and exposure of what they claim to be unpatriotic and un-American institutions, include in their investigation and exposure the secret obligations, oath and ritual of the Knights of Columbus.

"In our opinion there exists an unpatriotic and un-American secret order, with lodges throughout the country and known as the Knights of Columbus," the resolutions stated in their first reference to that order.

The resolution was introduced by Councilman Walter A. Sims, who later introduced an ordinance to forbid inter-racial worship in the city of Atlanta. He declared he acted on request of property owners on North Boulevard who, he said, asserted that both whites and negroes worshipped regularly at a Catholic church in that neighborhood.

The ordinance was referred to the committee on ordinances. Action on the request regarding the Knights of Columbus followed an effort by Councilman Hoffman to have it tabled. "We are simply lowering ourselves by getting into a squabble of this kind," he asserted. "I belong to neither order involved in this thing and certainly I have never heard of any such oath as that which has just been read."

Councilman Hoffman's motion to table was lost by a viva-voce vote and Councilman Sims declared that this oath which has been read is actually the oath which has been taken by fourth degree Knights of Columbus, their license to operate in Atlanta should be revoked and I will introduce a resolution revoking that license in any such eventuality."

TODDLING CLUB FOR BENEDICTS HOME WRECKER

KEY WEST, Sept. 21.—Girls can you toddle and are you young and pretty and unmarried? If you come up to these specifications you will fill the bill, for toddlers are in demand here because of a newly organized dancing club for married men, and to which the perfectly properly aforesaid of the male species hies himself twice a week to toddle.

No, not with the partner of his joys and sorrows does he toddle, but with the young and pretty maidens engaged to teach the staid and stately benedicts the steps. These pretty maidens are of the bobbed hair variety.

The wives of these toddling gents are not admitted and here the trouble rests. The entrance to this exclusive dancing club is closely guarded and tightly locked, and no amount of feminine cajolery will act as a sesame.

In comparison with this club as a house and home breaker the Florida reef is a downy couch. Several happy homes have tottered and crumbled on account of toddling and others are on the way.

The excluded wives hung around the club rooms hoping to catch a glimpse of their lords and masters toddling, and their perseverance is rewarded. There are the husbands with their arms about the slim waists of the bobbed haired maidens actually toddling.

Eight Reasons for Newspaper Advertising

Newspaper reading is a universal daily habit; newspaper advertising therefore reaches each day virtually all who buy.

Newspaper advertising is the life-blood of local trade because it touches all consumer sources in every community. It gives the national advertiser the same opportunity for complete consumer appeal in any locality.

Newspaper advertising cuts selling costs because it entails no waste in locality circulation. Manufacturers use it to cover markets where it is profitable to do business.

Newspaper advertising insures quick, thorough and economical dealer distribution and dealer good will, because retailers are willing to sell products advertised direct to their own customers.

Newspaper advertising enables manufacturers to tell where their products may be bought.

Newspaper advertising can be started or stopped overnight, can be prepared between days to meet sudden developments and to obtain immediate results.

Newspaper advertising enables manufacturers to check advertising results and costs in every market which they enter.

Newspaper advertising costs less than any other kind.

Progressive movements, fostered by progressive individuals, are invariably productive of results.

All progressive movements that have for their aim the creating of a GREATER SANFORD and SEMINOLE COUNTY are in accord with the progressive policy of this institution.

Identify yourself with this strong institution today by opening an account.

SOCIAL CALENDAR

FRIDAY—Mrs. R. C. Bower will entertain at bridge in compliment to Mrs. S. D. Sayams, of Brooklyn, New York.

Saturday—The Children's Story Hour will be held at the Central Park at 5 p. m.

Mr. and Mrs. G. D. Bishop and two children, left yesterday for Daytona Beach where they will spend some time.

Mrs. B. W. Herndon and Miss Norma Herndon, returned home last night from New York. Miss Herndon spent several months in New York with Mrs. McLaughlin, and was joined there last week by her mother.

Emile Pons and E. K. Nelson, Jr., of Tampa, motored here yesterday and are the guest of Alfred Robson. They will remain over for the dance at the Woman's Club tonight.

Mary Helen Morse has returned home after spending a week as the guest of Pearl Robson.

Mrs. J. O. Andes and son, John Oliver, returned yesterday from DeLand, where they attended the funeral of their aunt, Mrs. J. H. Sheddan. Mrs. Sheddan died at Bartow, Sunday 10th, while on a visit to her daughter, Mrs. McLin.

Mrs. D. C. Marlowe, Bobbie Marlowe, Mr. and Mrs. Fred Lovell and Master Frederick Lovell, of Tampa, Mrs. M. W. Lovell and Newton Lovell spent the day very pleasantly at Daytona Beach yesterday.

H. A. Spicer, of Louisville, Ky., is spending some time here at the Montezuma.

Mr. and Mrs. R. R. Strauss, of DeLeon Springs, were visitors in this city yesterday.

Newton Lovell has returned from Washington, D. C., where he has been attending a radio school.

DANCE.
Peter Schaal will give a dance at the Woman's Club tonight. All are most cordially invited.

MISS MARION KING WEDS.
Friends in Sanford of Miss Marion King, of Tampa, who nursed in the Fernald-Laughlin hospital in July, and who made many friends while here, will be surprised to learn of her marriage late in August, to Mr. Clinton N. Crabtree, also of Tampa. Mrs. Crabtree is a most attractive young woman, and while she will be greatly missed in her profession, her many friends wish for the happy young couple much joy. Mr. Crabtree is a son of Rev. H. M. Crabtree, of Asheville, N. C., and has made many friends in Florida, where he expects to make his future home. He is connected with the Merchants Transportation Co., of Tampa.

THE PEOPLE OF GENEVA ENTERTAINED ROYALLY

The Eighth Annual Session of the Seminole Baptist Association was entertained most royally by the people of Geneva; not only were homes opened to the delegates, but on Tuesday a fine dinner of barbecued meats and other delicious viands, and on Wednesday a dinner of fried chicken, and chicken pie and other delicacies, were served to delegates and visitors at the town hall.

The following resolutions were adopted by the Association:

RESOLVED, that the messengers, visitors and friends assembled in the Eighth Annual session of the Seminole Baptist Association in Geneva, express their gratitude to the pastor, the members and associated workers of the Geneva Church for the hearty welcome and generous hospitality accorded us during the entire session of the Association.

RESOLVED, that we express our most hearty thanks to the women of the Geneva church and community for the splendid meals, so thoroughly prepared, delightfully arranged and bountifully served.

RESOLVED, that we express to the authorities of the Town of Geneva our appreciation for the generous use of the public hall in which the meals were so attractively served.

RESOLVED, that we extend our thanks to the Methodist friends for the free use of their church building for the Women's meeting and other extra sessions.

RESOLVED, that we express our profound gratitude to Brother H. S. Sellie, of Sanford, for the splendid map of the Seminole Association, which he has prepared with such artistic work and painstaking care, and that we commend the map idea to other Associations.

RESOLVED, that these resolutions be incorporated in the minutes of the Association, and that we resolve to so work this year that our membership of nearly three thousand, shall each "win one" at least, during the coming Associational year.

The American Legion had an evening of sport last night at the Princess when they pulled off several good boxing bouts. They were fast and furious, and greatly enjoyed by all present.

BIG MEN TO ATTEND THE CITRUS SEMINAR.

GAINESVILLE, Sept. 21.—The twelfth annual citrus seminar to be held at the University of Florida, October 5th and 6th, should interest every progressive grower of the state. The agricultural extension division, State Plant Board, College of Agriculture, and the United States Department of Agriculture, have agreed to contribute toward making this a great success. A few topics of special interest are:

"Marketing Southern Fruits," by Charles J. Brand, vice-president and general manager of the American Fruit Growers, I. C. Mr. Brand was formerly chief of the Bureau of Markets.

"The Precooling of Citrus Fruits," will be discussed by M. J. Dactwyler, Orland. Mr. Dactwyler has operated a precooling plant in Orange county and has some valuable ideas that growers should know about.

"The Just Valuation of Citrus Properties" will be discussed by Hon. Marion L. Dawson, state equalizer of taxes.

"The Plans for the Lake Alfred Citrus Branch Experiment Station" will be handled by Director Wilson Newell.

"The Inspection and Transportation of Vegetables and Citrus Fruits" will be discussed by representatives of the Bureau of Markets, United States Department of Agriculture.

W. W. Yothers, entomologist, bureau of plant industry, will have two papers: First, "Some Fundamentals in Grove Pest Control." He will also present a paper by Dr. A. T. Spence on "The New Strains of Entomogenous Fungi." Dr. E. W. Berger of the state plant board, will also have a paper on this subject and it is expected that this subject will bring up some valuable and interesting discussion.

Other papers of equal importance are: "Spraying for Thrips," by Prof. J. R. Watson, Florida Experiment Station; "Quarantine Inspection Work," by Dr. J. H. Montgomery of the state plant board; "Causes of Fluctuating Markets," by Dr. L. M. Bristol, professor of economics, University of Florida; and there will be a timely discussion of "Melanose and Vvarious Causes of Fruit Dropping," by Dr. O. F. Burger, of the Florida Experiment Station, and Prof. H. E. Stevens, county agent of Lee county, the scheduled hour, 9:30 o'clock a. m.

The meeting will begin promptly on Oct. 4. The citrus growers of the state are cordially invited to attend the seminar and to remain for the livestock roundup and beekeepers' meeting, which are to be held the two days immediately following the Seminar.

SCREEN "FIND" OF 1921 COMING IN "DANGER AHEAD."

"Danger Ahead," a romantic drama of popular appeal, is coming to the Princess theatre on Saturday night, September 24th, introducing Mary Philbin, Universals' film find of the year, as the feature player. Miss Philbin scored a distinct hit in support of Frank Mayo, in "The Blazing Trail," and will be watched with interest in her first featured role.

The story is from Sara Ware Bassett's book, "The Harbor Road." The novel has been widely read by book lovers, and makes an interesting screen story.

The village life of New England is excellently portrayed by a capable cast. The settings of the story are decidedly refreshing. The characterizations given by many prominent screen people enhance the entertainment value of the entire production.

Tressie Harlow, a boarding house slave, in a New England summer boarding house, knows nothing but work. She tires of the irksome household duties, and more so, of the aunt, with whom she lives.

Summer brings the city people to the village, where they spend their vacations. There was always a full quota of maiden ladies between forty-eight and eighty-eight, but of young men there are few.

One day two handsome youths from the city stopped at the house. Tressie has few chances to appear at her best, but she steals an evening—and divides it between the two young men. Then scandal starts. Mary Philbin, in "Danger Ahead," is given an opportunity to endure herself to the American theatre-going public in this production. Her type of beauty and personality is well suited to the part.

There will be several women delegates to the conference on unemployment. It takes a woman to set a man to work.—Omaha World-Herald.

SIMPLE AND RICH

When coats are at once simple, rich and distinctive they answer all the requirements needed to make them a success. In the model shown here the designer has used the season's new ideas to the best advantage and has produced an original and conservative wrap, plain enough and trimmed enough to pass without criticism.

BANKRATES TO BE LOWER SOON, IS PREDICTION.

WASHINGTON, Sept. 22.—Lower bank rates at an early date were predicted today at the close of the quarterly session of the advisory council of the federal reserve board. New York and Boston federal reserve banks, both of which have a flat rediscount rate of five and one half per cent, will be the first to make rediscount rate cuts.

Other banks in the federal reserve system, notably Chicago and Cleveland, may be quick to follow the lead of Boston and New York officials of the federal reserve board refused to divulge details of the discussions of the council, except to say there had been a most extended canvass of the economic situation and that easier money conditions was an outstanding factor.

Drops in reserve bank rediscount rates will exert a healthy influence immediately upon credit. The strength of the federal reserve system, and its ability to meet future emergencies, is clearly indicated by the almost unprecedented reserve ratios, registered for some of the big districts of the east and middle west.

Boston is now leading the country with a huge reserve ratio of 70 per cent. Other high federal reserve bank ratios are: New York, 72 per cent; Chicago, 69 per cent; Cleveland, 69 per cent; Philadelphia, 64 per cent; San Francisco, 64 per cent. Other reserve banks range downward in lower percentages.

In the high reserve ratio districts, officials said, chiefly in the north and east, liquidation has been much more speedy and normal.

With special reference to the agricultural needs of the country, federal reserve board officials announced today that the reserve system now has more available credit facilities for the farm industry than at any time in its history. The prospect for the farmers is rendered even more encouraging by the movement now under way to cut rates, more in conformity to the easier money conditions which are in evidence.

Rediscount rate cuts, may or may not be represented by a corresponding reduction in rates in actual borrowers at banks in given districts. The federal reserve system lends to banks, and not the public, but it was also observed that recent financial developments have shown that drops in reserve rediscount rates, have generally been followed by substantial reductions in commercial rates at banks.

DICKSON OF MARIANNA CHOSEN FOR CLERK.

(By The Associated Press)
TALLAHASSEE, Sept. 22.—B. H. Dickson, of Marianna, former income tax collector for this district, has been selected by the board of commissioners of state institutions to the position of clerk and bookkeeper for the board. This position was created by the last legislature. Mr. Dickson is at the capitol today ready for his new duties.

TEACHING NIECE TO SWIM, DROWNS.

Mrs. Pauline Rosenstein, of West Apopka, formerly a resident of this city, was drowned in a lake on the Rosenstein property yesterday afternoon about 5 o'clock, while giving Miss Anna Quint, her niece, a swimming lesson. Mrs. Rosenstein stepped into a deep hole and was unable to make her way to the shore, only a few feet away.

W. T. Hamerick, of Orlando, who was visiting his mother, a neighbor of the Rosensteins, heard the cries of the drowning woman and rushed to the scene of the disaster. He arrived in time to save the niece but was unable to save Mrs. Rosenstein. Mr. Hamerick after rescuing Miss Quint rushed back to the lake and after diving several times managed to find the body and bring it to shore.

The body was brought to Orlando and will be shipped to the old home tonight on the midnight train, accompanied by Miss Quint.—Orlando Sentinel.

WOMAN'S AUXILIARY MEETING.

There will be a meeting of the Woman's Auxiliary of the American Legion, Friday afternoon at 3 p. m., in the woman's club rooms. There is to be some very important business to be brought before the members and plans for the winter's work to be discussed. Every member and every woman eligible to membership are urged to be present.

MRS. LOSSING, President.
MRS. F. L. ROPER, Secretary.

Notice of Application for Tax Deed Under Section 575, General Statutes, Laws of Florida

Notice is hereby given that E. H. Kilbee, purchaser of Tax Certificate No. 217, dated the 2nd day of June, A. D. 1921, has filed said certificate in my office, and has made application for tax deed to issue in accordance with law. Said certificate embraces the following described property situated in Seminole county, Florida, to-wit: Lots 1, 7, 8, 11, 14, 15 and 20, Sunshine Heights. The said land being assessed at the date of the issuance of such certificate in the name of J. H. Breez. Unless said certificate shall be redeemed according to law tax deed will issue thereon on the 20th day of October, A. D. 1921.

Witness my official signature and seal this 15th day of September, A. D. 1921.

In the Circuit Court, Seventh Judicial Circuit, Seminole County, State of Florida.

Special Tax School District No. 3, Seminole County, Florida, by O. P. Swope, C. L. West and T. L. Ling, Trustees, and C. F. Harrison, C. A. Dallas, and F. T. Williams, members of County Board of Public Instruction of Seminole County, Florida,

vs.
The State of Florida, ex rel Geo. A. DeCottes, State Attorney for the Seventh Judicial Circuit of Florida.

CITATION

To the Citizens and Tax Payers of said Special Tax School District No. 3, Seminole County, Florida:

Whereas: A petition has been filed in the above styled Court by Special Tax School District No. 3, Seminole County, Florida, setting forth the fact that an election has been called and held in said Special Tax School District No. 3, on the 9th day of August, 1921, to determine whether or not there should be issued by said Special Tax School District, bonds in the sum of \$20,000.00, to bear interest at the rate of six per cent (6%) per annum, interest payable semi-annually, principal to mature thirty years after the date of the bonds, and the said bonds to be dated July 1st, 1921, the proceeds of the said bonds to be used for the purpose of acquiring, building, enlarging, furnishing or otherwise improving school buildings and school grounds and for the exclusive use of the public free schools within said Special Tax School District No. 3; that a canvass of the returns of said election show prima facie that said election was in favor of the issuance of the said bonds as aforesaid by the said district.

Now, therefore, in pursuance to an order of the Court herein made and in conformity with law NOTICE is hereby given that the citizens and tax payers of the said Special Tax School District No. 3, Seminole County, Florida, are by the said order and by law required to be and appear before the Honorable Circuit Court of the Seventh Judicial Circuit, of Florida, on the 30th day of September, A. D. 1921, at ten o'clock in the morning, at DeLand, Volusia County, Florida, then and there to show cause, if any they have, why said bonds should not be validated and confirmed.

Witness my hand and official seal of office at Sanford, Seminole County, Florida, this 7th day of September, A. D. 1921.

(SEAL) E. A. DOUGLASS, Clerk, Circuit Court, Seventh Judicial Circuit, Seminole County, Florida.

Altamonte Springs, One of the Beauty Spots of Seminole's Wonderland

ALTAMONTE SPRINGS has an atmosphere, and so have other places in Seminole County, but Altamonte's atmosphere has the peculiar quality of a Lodestone—it's inhabitants may remove to other places in other climes, but they always return or have a very strong desire to do so, and of course there is that—not very mysterious reason—Altamonte's beauty—for all humanity is drawn to beauty.

Altamonte Springs is placed in such a favorable location, that her man-made beauty, combined with the natural beauty, forms the Aita-Monte that we know today. The Altamonte of George Frost of Boston, of Herman Westinghouse of the great Westinghouse Electrical Company—who were among its founders—is not the Altamonte of today. Founded as the home of rich men only, we now reach out for residents of humbler means also, as we realize that riches alone do not make a town livable.

It stands to reason that the state was scoured by these wealthy men to find their ideal before founding their town. Therefore Altamonte's location is the pick of the state.

Altamonte Springs has an altitude of 220 feet—thus getting pine filtered sea air from the Atlantic Ocean 30 miles to the East, and the Gulf of Mexico to the West, forming that wonderful ozone known as the "Atmosphere of Altamonte" and when combined with the odor of orange blossoms and jessamine in season, and this combination comes breezing into one's window 24 hours a day, it is bound to give the ailing their health, and the healthy more health and joy of living.

Altamonte Springs has in its territory hundreds of acres of orange and grapefruit groves in high state of cultivation, and has within her boundaries five beautiful lakes with clean, sandy shores, no marshy borders. Lake Orienta (upon which is located the "Altamonte Hotel", famous among tourists all

over the country for its wonderful cuisine and excellent management of its owners, George E. Bates & Son) is the largest of these lakes and is noted for its black bass fishing, which is jealously guarded by the owners of the land surrounding the lake, who welcome the true fisherman with sporting ideals.

The "Altamonte Hotel" is located at the east end of this lake, upon a bluff overlooking the full length of its waters. Lake "Adelaide" is across a park to the rear of the hotel, and upon this lake is the "Altamonte Spring" of absolutely pure water.

The paved highway from Jacksonville to Tampa and all South Florida passes through Altamonte. A day's ride in an automobile may encompass two hundred miles in any direction without leaving a fine paved road, making Altamonte an admirable location for automobilists, a fine large garage is under construction and will be open for business in a few weeks, two stores with filling stations are handy and every advantage enjoyed in a city at hand.

Altamonte Springs is located on the Tampa and Jacksonville Division of the Atlantic Coast Line Railroad and gives fine service, Western Union Telegraph office, Express and Third Class Postoffice, Electric Lights, beautiful shady streets of large oaks, within 14 miles on brick highway of Sanford; and 9 miles on brick highway to Orlando. Winter Park, with Rollins College, is on the same road just five miles to the South.

The hotel is the center of social life with card parties, dances, etc., and Altamonte's winter residents and home-folks are of a superior order and of a prosperous, enlightened class. Our surrounding country and neighboring towns of Longwood and Maitland are of the same order and are fine neighbors, and are only two miles away to the North and South.

The practical side of Altamonte Springs is not to be slighted in this article, for, aside

from her fruit industry, Altamonte is noted as having 40 acres in covered conservatories devoted to raising the beautiful Asparagus Plumosis fern used by florists. This is shipped in season mostly to the north, and the industry represents an investment of over a quarter of a million dollars and a payroll of hundreds of dollars a week. Hon. Charles D. Haines, ex-congressman from New York, heads the largest of these conservatories, The Royal Extension Fernery, Incorporated.

Mr. B. L. Maltbie, of the Maltbie Chemical Works, of Newark, N. J., is one of Altamonte's latest developers, and is planning a great future for us this winter.

Altamonte has a Chamber of Commerce, whose Secretary, W. B. Ballard, is always glad to give information upon request. Altamonte Springs has just recently been incorporated and is officered by unsalaried men of progressive ideas, but within keeping with a low millage.

George E. Bates and Son are men to whom Altamonte Springs owes much, as many coming as their guests buy property here and stay as residents.

Palm Springs, a noted resort, is only two and one-half miles through the pine woods to the Northwest of Altamonte. Here Mr. Lester Beeman has spent thousands of dollars to give a pleasure resort for the free use of the public; and one that is greatly appreciated. Mr. Beeman has a pretty little cottage at the Spring as have others from Sanford and Longwood.

Altamonte Springs has never been boomed or exploited, but is now on the verge of a growth that will not be sporadic, but steady and substantial.

A peculiar circumstance is the fact that there is only one "Altamonte Springs" in the world, and we are "IT". Numbers of "Altamontes" appear in the Postal Guide, but only one "Altamonte Springs."

SANFORD DAILY HERALD

Published every afternoon except Sunday at The Herald Building, 107 Magnolia Avenue Sanford, Florida

THE HERALD PRINTING CO., Inc. PUBLISHERS

E. J. HOLLY, Editor; N. J. LILLARD, Secretary-Treasurer; H. A. NEEL, General Manager; ROBERT J. HOLLY, Jr., Circulation Manager

Advertising Rates Made Known on Application; Subscription Price in Advance: One Year \$8.00, Six Months \$5.00, One Month \$1.00

The big 18- to 16-page Weekly Herald entirely covers Seminole County and is published every Friday. Advertising rates made known on application. Democratic in politics. \$2.50 per year, always in advance.

Member of The Associated Press

Fish and game will be protected in Seminole county this season as never before. And rich and poor, high and low, alike, will be prosecuted to the full extent of the law if caught.

Secretary Appleyard seems to have injected the proper pep into the Lakeland Chamber of Commerce and in the first day's drive for membership, the total was 266 members.

One week from today, Sanford will welcome the thousands of visitors to the city, feed them, amuse them, get acquainted with them, and after the big street dance, send them home happy, and with the feeling that Sanford wants them to come again and again.

A careful reading of the newspapers of Florida leads to the conclusion that a large number of the cities and larger towns of the state are unusually active in advance movements along the lines of progress and enterprise.

That idea of piping soft and pure lake water to Sanford, would be one of the greatest things that Sanford ever attempted. While the artesian water that is now supplied, is the purest in the world, with no chance for contamination of any kind, it takes soft water for many purposes, and with the ownership of a clear water lake, fed from springs and filtered, Sanford would enjoy privileges accorded to but few cities.

"I am through with booze," says Fatty Arbuckle. And that, as the after-dinner speakers say, reminds of an anecdote. An old before-the-war dandy, alarmed at the way a member of the white family to which he was attached was hitting 'em up, remonstrated with him.

SUGGESTIONS

Vary the usual vegetables by serving Flag Brand Succotash.

FOR DESSERT

Try Del Monte Pears cut half inch cubes, served in ice cold cantaloupe.

Deane Turner WELAKA BLOCK Phone 497-191

AN INTERURBAN LINE FROM SANFORD TO TAMPA

In this day of discussion of cheaper freight rates and better service it is well to rejuvenate the idea of building an interurban line from Sanford to Tampa and to work for it and to exploit it until sufficient capital can be attracted to Florida to build it.

Fifteen years ago when the editor of the Herald was the editor of the Orlando Reporter-Star he had this dream and even went so far as to have meetings called in all the cities and towns from Sanford to Kissimmee, interested the farmers and had options on much of the right-of-way and the lands adjoining the right of way.

We also had high hopes of the Sanford & Everglades Railway started in this city and built as far as Cameron City and operating trolley cars as well as freight cars, would some day be built to Oviedo and join with the Seaboard Railway and thence to Geneva and join the Florida East Coast Railway and give Sanford a wonderful system of railways and competition of the right sort to bring down the rates on freight and help to make Sanford a basing point.

The time is drawing near when this trolley line will be built from Sanford to Orlando and on to Tampa. The territory from Sanford to Tampa is now one of the richest in the state, is one of the most populous in the state and has more people and more revenue to draw from than many sections in the north that are now operating trolley lines.

Anyone who has lived in the big cities can see the possibilities of this line and it is only a question of time to interest the men of affairs who will jump at the chance of building this line. Prices on materials for this line are coming down every day, capital is looking toward Florida every day.

This has been the dream of the editor of the Herald for many years and we are not too old and the scheme is not too far away for us to live to see the consummation of our plans drawn fifteen years ago.

NOT FULLY SATISFIED

In noting the fifteen pardons granted by the Pardoning Board the other day one of the pardons was granted upon application of many citizens and the prosecuting attorney who said, "I was never fully satisfied with the guilt of this man."

A scientist says that in twenty-five thousand years we shall all be eleven feet high. However, most of us hope to land such good lives that we shall be considerably higher than that by then.—Tacona Ledger.

Post cards—local views—1c each at the Herald office.

GRAND JURY WARNING TO PARENTS.

Grand juries never, or very rarely, go out of their way to find matters for their investigation and presentation to the court of which they are a part. When, therefore, they take occasion to depart from the strict inquiry into matters presented to them by the prosecuting attorney, or the court, they must have good and sufficient reason.

The dispatch, from Decatur, Ga., telling of this grand jury report and warning, as published in the Atlanta Constitution last Saturday, is of sufficient importance to parents, and to the "younger set" everywhere to be entitled to reproduction, as follows:

We are living in a fast age and our sons and daughters are traveling at a pace which is much too fast for their own good. Automobile joy rides are the cause of many fatal steps, and the courts are unable to stop them. We urge the parents to throw a cloak of righteousness about their children and to use every possible means to influence them to be more modest in their dress and speech.

Here is warning that is both timely and important. The blame, by intimation at least, for conditions as they are, is placed where it belongs—on parents of children inclined to go to the giddy pace that too often brings moral disaster. Illustrations are sufficiently numerous and well known to need no citing here.

If the DeKalb county grand jury does no more than to bring parents to a sense of their responsibility for the care and conduct of their children it will have accomplished a world of good. It ought also have an influence for good on boys and girls, and older members of the "younger set," to make them desist from "going the pace that kills," morally if not physically, make them determine to be more careful of both their speech and their conduct.—Times-Union.

BANNING ARBUCKLE FILMS

The attorneys for "Fatty" Arbuckle make an appeal to the public not to prejudice the murder charge against their client, and seem concerned lest there be premature cancellation of contracts by theatres in which Arbuckle pictures are scheduled to appear.

The public will not prejudice the case. If of course cannot help the impression created by the developments at San Francisco—by the stories, for instance, which guests at Arbuckle's vile "party" have told concerning what transpired there. Nevertheless, the public will not, in advance of the court trial, make the mistake of assuming that Arbuckle's legal guilt of the crime of murder has not yet been established.

On the other hand, Arbuckle's attorneys are very much mistaken if they think that movie theatres should wait until Arbuckle has been tried to discontinue showing films in which he appears. Whether Miss Rappe's death is or is not proved to have been the result of a criminal assault made up on her by Arbuckle, even the admitted facts in regard to the affair are of such character that the exhibition of an Arbuckle picture under all the circumstances would be a violent affront to all decent people.

The movie theatres in all parts of the country, including Pittsburgh, which have announced the discontinuance of Arbuckle films (at least for the present) are doing the right thing. If Arbuckle suffers no more than a temporary financial loss, he will be an exceedingly lucky individual.—Pittsburgh Dispatch.

ANOTHER ROAD TO OKEECHOBEE CITY.

Under the caption of "Maintaining the Flagler Policy," the Palm Beach Post has the following bit of interesting news—"the people of the east coast and the lower end of the peninsula and even as far north in the central portion as Geneva, in this county:

There are reports—mere rumors as yet—that officials of the Flagler estate are considering favorably a definite proposal that the Florida East Coast Railway Co., participate in the project for the construction of a railroad westward from this city—not clear to Okeechobee City, as yet, but on the general route of that survey.

Rumors respecting railroad construction are notoriously unreliable; "switch-shanty talk" is synonymous with the statements that one is advised to tell to the marines, and authoritative information comes only from official announcements.

Construction of the Florida East Coast railroad did not wait on full development of the territory—it preceded and created it, and with such magnificent results that continuance of that policy may be expected to duplicate the success of that policy.

A sense of public duty must have been an animating motive of the Flagler policy rather than mere addition to wealth—an ambition to serve his land and his countrymen. His associates who survive him must have shared that spirit; probably it was their spirit as well as his, and it will be natural that the Flagler tradition be perpetuated in a new enterprise, or participation in it.

EMPLOYMENT DELEGATES TO MEET NAMED.

WASHINGTON, Sept. 21.—The list of participants having been virtually completed, who proceeded today toward the working out of a program for the national conference on unemployment which President Harding has called to meet next Monday in Washington.

The list now includes the names of Secretary Hoover, who has been designated by the president as chairman of the conference; Secretary Davis, Samuel Gompers, Chas. M. Schwab, the steel manufacturer; John L. Lewis, of the United Mine Workers; F. S. Carter, president of the Brotherhood of Locomotive Firemen and Engineers; Mayor Cagans, of Detroit; C. H. Murkham, president of the Illinois Central railroad, and Matthew Well, vice-president of the American Federation of Labor.

Wm. M. Butler, of Boston, manufacturer; President Buttler Mills, New Bedford cotton mills and the Hoosac cotton mills; Edgar E. Clark, ex-president of the Order of Railway Conductors; Joseph H. de Fries, of Chicago, president of the Chamber of Commerce of the United States; L. E. Edgerton, of Nashville, Tenn., president of the Lebanon woolen mills; John H. Kirby, of Texas, president Kirby Lumber Co.; Charles P. Neill, Washington, D. C., former United States commissioner of labor statistics; W. C. Proctor, of Cincinnati, president Proctor & Gamble; Col. Arthur Woods, of New York, former police commissioner of New York.

The three women who have accepted invitations to sit in the conference are Ida Tarbell, Mary Van Kleeck, of the Russell Sage Foundation, and Elizabeth Christman, of Chicago, an officer of the National Woman's Trade Union league.

President Harding was understood to have under consideration today a suggestion that he address the conference at its opening session.

The City**

THE WEATHER

For Florida: Generally fair tonight and Friday; no change in temperature.

Another graveyard day.

Q. P. Swope, of Oviedo, was among the visitors to the city yesterday.

J. E. McConock, of Jacksonville, was a business visitor here yesterday.

J. H. Edmondson, of Atlanta, was in the city yesterday transacting business.

Rod and Gun Club will shoot today on the lake front and the Oviedo Club will shoot as usual.

Examine the wedding invitations at the Herald office. Engraved or printed. We have all the latest styles.

Fren Hat Shop and Pressing Club also dye work. All work guaranteed. 109 Sanford Ave. 163-5tp

So many people who have been away all summer are returning and the city has taken on that busy air of early autumn.

Ralph Yearby, of Orlando, agent for the Delco Lighting System, was in the city today on business and called upon his many Sanford friends.

Have your watches and jewelry repaired at McLaulin's. Two first class watch makers. Prompt service. 140-tfc

Try the "Brush End" and "Over the Top" cigars when you ask for a cigar at the stands. They are made right here in Sanford by people who know how.

ROOFING, Red and green slate surface, 3-ply \$1.25 per square. Tiger brand, plain, 3-ply \$3.25; 2-ply, \$2.75; 1-ply, \$2.25. Free delivery. Address M. E. Ginn, Box 391. 139-20tp

Drs. Osenbach, Christ, Edwards, Ford, Ingram and Andrews, of Orlando, attended the Orange-Seminole County Medical Society meeting at the Valdez Hotel last night.

"EXIDE" BATTERIES, the Giant that lives in a box. We can now furnish six Volt Batteries at \$24.50. We buy, sell, exchange, recharge and repair all makes Batteries.—Ray Brothers. Phone 548. 150-tfc

The Sanford Shoe & Clothing Co., announce that Mr. Pearce, of the Schaefer-Wooden Tailoring Co., will be here Friday and Saturday of this week to take measures and orders for fall clothes.

TRUCK TIRES, Goodyear non-skids 32x1 1/2 \$27.50 34x1 1/2 31.00 All other sizes any make in proportion. Get our prices before you buy.—Ray Brothers. Phone 548. 150-tfc

Dr. and Mrs. Osenbach, of Orlando, came over yesterday and visited at the home of Mr. and Mrs. Ralph K. Gore, until time for the Medical Society to meet at the Valdez Hotel. Dr. Osenbach was one of the principal speakers at the meeting.

Many are the brides to be in Sanford, and we want them, one and all, to see the Herald wedding stock, before buying. We have them.

Miss Emily Lingle left yesterday for Rollins College at Winter Park after spending several days here the guest of Miss Gladys Wilson and other young friends. Miss Lingle has been spending the summer at her old home in Illinois.

Middy Wash Suits, \$2.50 to \$4.00 values, as long as they last at 98c.—Sanford Shoe & Clothing Co. 152-8tc

Jess Lantz, accompanied by his father and mother, came over from Orlando today to see the City Substantial. Needless to say they were very much impressed with our growing city. Mr. Lantz was a former employee of the Orlando Sentinel and while here paid this office a pleasant call.

**SANFORD'S
TEMPERATURE**

Dawgone, she dropped two points yesterday. That is certainly encouraging and if it keeps up that gait it will be snowing by Christmas. And the days are not bad and the nights are so delightfully cool that we are almost tempted to give old September a parting kiss. It is a good thing we did not open the schools until the 31st for it has not been good school weather. We will say it has been a hot summer everywhere and down here in Florida we have been extremely fortunate for it has been much cooler than in many other parts of the country. Let's drop again, Ben, old fellow. We like it.

5:40 A. M. SEPTEMBER 22

Maximum	94
Minimum	68
Range	72
Barometer	30.14
Calm and clear.	

SANFORD HAS SOMETHING NEW.

Jas. F. Magee, who recently sold his interest in Haight & Magee, has formed a new concern with W. D. Hofmann, who, for some time past, has been general foreman of Haight & Magee, and their predecessors. The new firm will incorporate and do a wholesale and retail battery business. They will also do generator and electrical automobile work, and to this end, are equipping a shop such as will have no equal in this part of the state. Delicate instruments that are to the electrical system of an automobile what a stethoscope is to a doctor, are just one of the features and one of many kindred things. They will also assemble a battery under their own trade name of Hof-Mac, and it will carry a two year guarantee with no strings attached. The price will be commensurate with the battery, and only slightly higher than what you pay for an ordinary battery. They will distribute a standard battery in a wholesale way, the name of which is to be added later and a further feature will put out a battery at a cut price to compete with the low priced batteries being put upon the market, and which will be constructed of standard materials. The electrical and welding experiences of W. D. Hofmann is well known around the "City Substantial," to need further comment here. Suffice to say, he will welcome his many friends at the foot of First street, where the new filling station just put in by this enterprising firm is already beginning to put forth a stream of gasoline and oils.

Jas. F. Magee, is a new comer, who arrived last May, and settled in Sanford after looking over the state for six years for a location of this sort. That he is a fixture is evidenced by the fact of his purchase of a home in Sanford Heights, which he will occupy as soon as it has been painted and some remodeling done. Mr. Magee is decidedly not a new man in the battery business as he had charge of the main office of a well known battery company some years ago and later was identified with the manufacturing battery trade in the east. His experience will be of benefit to his customers especially as to price as his buying experience will be passed along to the trade in the shape of attractive prices. And Sanford will have the addition of a small but complete manufacturing enterprise. The Hof-Mac Battery Co., will open their doors and welcome the public at their attractive filling station and new red front at the foot of First street, next Saturday morning.

**FLETCHER PRESENTS
COACHMAN FOR HARDING.**

WASHINGTON, Sept. 22.—W. F. Coachman, of Jacksonville, was introduced to the president yesterday afternoon by Senator Fletcher.

Mr. Coachman is here to confer with officials of the war finance corporation regarding his new duties. He has been appointed on the Florida committee which is to assist in administering the agricultural credits act. It will be his duty to pass on applications for Florida agricultural loans.

Post cards—local views—1c each at the Herald office.

**New Cigar Factory
Among Sanford's In-
dustries Past Month**

Sanford Will Soon Be Numbered Among Cigar Towns of the State

Florida in general is a cigar making state. Some sections make more than others but good cigars can be made anywhere labor and shipping conditions having much to do with the success of the venture. This city has several factories now but a new one has recently been established that promises to put the town on the map among the cigar towns of the state. The new factory was recently established in the third floor of the city hall, a location by the way that was fitted up for one of the biggest factories in Tampa during a strike in that city many years ago when several of the factories moved their men here to make cigars until the trouble could be settled.

The location is a good one and the factory starts off with the brightest of prospects being fostered by the Florida Produce Co., and the cigars to be distributed by the Wight Grocery Co., of this city—all home people and all with the best interests of the city at heart. C. R. Kirtley, the manager who is also the manager of the Florida Produce Co., and Hal Wight of the same company are the presiding forces in the factory and they are ably supplemented by Joe Menendez, one of the best cigar manufacturers in the state who literally grew up in the cigar business. He recently had the "Over the Top" factory in Orlando but was induced to come here and make the same fine cigar in the Sanford factory. "Over the Top" and the "Brush End" are the two brands being made now by the new factory but other brands will be put out later and as the business grows the owners expect to build a larger factory and help Sanford to grow in the manufacturing line. The makers of these cigars emphasize the fact that while the merchants pay more for these good cigars the smokers pay the five cent rate—pre-war prices—and they intend to make them and continue to make them the best five cent cigars on the market.

Read their advertisement in this issue and patronize your home industries by smoking the cigars made right here in your own city. Go up to the new factory and see how they are made and try one of these new cigars that are proving so satisfactory from the very start.

**TWO LIVE SANFORD MEN
EMBARK IN REAL ESTATE
BUSINESS IN THIS CITY.**

The sure sign of prosperity in Sanford is the real estate men getting busy and going in for a bigger campaign of advertising and selling and helping to put Sanford on the map. Among the new ones starting this week is C. A. Mathews and W. V. Wheeler, who have opened offices at 115 Park avenue in part of the room occupied by Haynes & Ratliff for a printing office. Charlie Mathews and Wallace Wheeler need no introduction to the public here. Both of them have been in the game before, Charlie having been with the A. P. Connelly Co., and Wallace with a big firm in Louisville, Ky. He has recently been in the automobile game here under the name of Bryan & Wheeler, but saw more opportunities in the real estate business and has returned to his first love.

Mr. Matthews starts off with an advertisement in the Daily Herald and he will have daily bargains in real estate.

The real estate men of Sanford could do more advertising and not be injured by it. Advertising is the breath of life to the real estate game, but few seem to realize it, and the more real estate agencies opening up will prove it. These young men are not associated together in business, but will each have their offices in the same place and are ready to serve you.

NOTICE.

The Royal Neighbors will meet for this week only, on Friday night, 23, instead of Thursday, on account of the Rebekah district meeting being held in the hall Thursday afternoon and evening. All the members will please be governed accordingly and make an effort to be there Friday night.

How Do YOU Find Business?

Moss-back says "Rotten," while the Live-wire says "By working like the devil for it!" And there you are! And we always keep our store in the "Live Wire Class!" And we work like the devil for it, and we know how to buy right, and we know how to sell right, and above all we know how to treat our customer right. We believe—

**IT GETS YOU NO WHERE TO GET UP A LOT OF
STEAM UNLESS YOU GET IT IN
THE CYLINDERS**

And by working as we have we have doubled our customer list in two years. And that is worth working for! Furthermore we couldn't keep hundreds of old friends and win so many new ones if our Service wasn't getting business for us.

**WE WILL BE GLAD TO TELL YOU HOW WE DO IT
—COME AND SEE US—**

**EAT LESS MEAT
IF BACK HURTS**

TAKE A GLASS OF SALTS TO FLUSH KIDNEYS IF BLADDER BOTHERS YOU.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and causes all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jnd Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders. Jnd Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease. —Adv.

REBEKAHS NOTICE!

Attention Rebekahs! There will be a district meeting of the Rebekahs of the Eighth District in Masonic Hall Thursday. A school of instruction will be held at 3:30, and another session at 8 p. m. at which time the Rebekah degree will be exemplified by the staff of DeLand Lodge. All visiting Rebekahs welcome.
