WILL CUT TRAIN SERVICE BEFORE NOVEMBER SECOND SAYS RAILWAY UNIONMEN

Greatest Strike Ever Contemplated by the Railroad Men

TO RAISE WAGES

BUT R. R. EXECUTIVES WILL STAND PAT AND LET WORST COME TO WORST

(By The Associated Press) WASHINGTON, Oct. 17.—Official Washington's interest in the impending national railway strike centered today on reaction of the railway executives and labor leaders of the proposal of the public group of railroad labor board of one feasible plan to prevent the tie up. In brief the board proposed that the railroads immediately put into effect freight reductions equivalent to wage reductions authorized last July. That requests for further wage decreases be withdrawn; that employees withdraw their strike order pending action of the board upon any request for further wage reductions which the carriers subsequently might file. There was some expectation today of a statement from Postmaster General Hayes in reply to the announcement that mail trains would not be given special consideration in case a strike developed.

CLEVELAND, O., Oct. 17.—The first conference on the plans for carrying forward the general railroad strike was begun here today. Warren S. Stone, president of the engineers conferring with vice-presidents of that organization who are to be in direct charge of the strike within their various districts. W. G. Lee, president of the trainmen, already was on the job directing plans for the walkout of members of that organization. Three leaders of the other Big Five Brotherhoods are expected to arrive during the day for a general conference of the Big Five leaders tomorrow.

CHICAGO, Oct. 17.—Absolute cessation of train service, with a minimum force only sufficient to guard against fire and damage to railroad property on duty in shops and depots was indicated by the drastic regulations issued by the railroad brotherhoods in connection with their strike call Saturday.

The brotherhoods in explanations to members did not specify what skeleton service, if any, was to remain in operation after the last man walks out November 2nd. Under the list of "duties of members," number two says: "All men on strike will keep away from the company's property except such men as are designated certain duties to be performed by authority of the organizations." The extent to which the shop crafts' unions and others of the remaining organizations which will walk out, has not yet been decided. According to H. M. Jewell, president of the Railway Employees' Department of the American Federation of Labor, that is one of the questions to be determined at the shop crafts' meeting to complete their plans.

"I do not understand that the train service instructions allow for the operation of a single train," Mr. Jewell said, in pointing out the brotherhood clauses saying that employees had "identically the same right to refuse to perform service on a mail train as on a freight train. The public had better get its walking shoes on. It looks like an absolute tie up of all trains," he added.

The force permitted to remain on duty in past strikes, to protect property, depended on the circumstances of the strike, Mr. Jewell said. Usually a small force was left on duty around shops to prevent deterioration of equipment, he said, and a small force was kept at union stations and depots to guard against actual suffering on the part of stranded travelers. "The men allowed to remain at work in our organizations," Mr. Jewell said "will be decided on when we meet to complete the strike call plans. We can't tell yet how many that will be, but not many."

FIRST ROLL CALL TAKEN ON GERMAN PEACE TREATY TODAY.

(By The Associated Press) WASHINGTON, Oct. 17.—First senate roll call on the German peace treaty was taken today and resulted in seventy one to seven rejecting of the first amendment offered, proposal by Senator Walsh, Democrat, Montana, to have the United States join with other powers in pledge to protect Germany against unwarranted invasion.

NO ACTION TAKEN REGARDING BABE RUTH SAYS JUDGE LANDES.

(By The Associated Press) CHICAGO, Oct. 17.—No immediate action in the case of Babe Ruth will be taken by Judge Landes, baseball commissioner, he said upon arrival here today from New York. He has several questions to attend to before the matter of Ruth's defiance of his order concerning exhibition games, he said.

SENATOR M'KELLER INJURED AUTO RUNS OVER HIM ON WASHINGTON STREET.

(By The Associated Press) WASHINGTON, Oct. 17.—Senator McKellar, of Tennessee, was knocked down and run over by an automobile today while crossing Pennsylvania avenue, in front of the White House. He received cuts and bruises about the face, none of which, however, are serious.

A. C. L. MEN WILL BE OUT NOVEMBER 2ND

BELONG TO SECOND GROUP IN PROGRESSIVE STRIKE ORDER

(By The Associated Press) CHICAGO, Oct. 17.—The Atlantic Coast Line is among the railroads of the second group included in the progressive strike order. Employees of the second group walk out at 6 a. m. November 1. Other roads in the group include the New Haven; entire Frisco System; Louisville and Nashville; Erie; entire Santa Fe system; Lehigh Valley; Nashville, Chattanooga and St. Louis and several other small roads. The entire Burlington system; New York Central and Baltimore and Ohio are scheduled for a walkout at 6 a. m. November 3rd along with several smaller lines. The balance of the country's railroads in the fourth group are to go out November 6th.

SENATE HEARS LABOR'S SIDE OF CONTROVERSY

IN THE RAILROAD CRISIS THAT FACES THE COUNTRY.

(By The Associated Press) WASHINGTON, Oct. 17.—Presentation of labor's case in the Senate Interstate commerce committee's investigation of general railroad conditions was begun Saturday by Frank J. Warno, statistician for the railroad brotherhoods. Charges were made by Mr. Warno that misleading and incorrect figures regarding railroad operation receipts and net income had been presented to the committee during recent months by the railway executives. He executives, he said, had submitted "statistical fallacies."

A mass of information and detailed charts designed to prove inaccuracies in the executives' figures were presented by the witness, who denied that the railroads had suffered heavy losses from government control and said their revenues during the war were the largest in history. Mr. Warno declared that to secure rate increases from the Interstate Commerce Commission, the railroads had spent excessive amounts for maintenance without necessity and that the "land grant" railroads profited doubly during the war control period by receiving rates without any reduction for their land grants from the government.

In recent years, Mr. Warno stated, railroads had made large expenditures for permanent improvement, paying for them out of operating revenues and charging them as expenses of operation. He also charged that roads had manipulated maintenance accounts so as to affect favorably or adversely their net operating revenue and income results. These were depressed arbitrarily, he said, during periods when the carriers were seeking rate increases before the I. C. C. Mr. Warno will continue his testimony this week.

TOLL BRIDGE PAYS BIG MONEY.

JACKSONVILLE, Oct. 17.—The bonded indebtedness for construction of the toll bridge across the St. Johns river here, which was opened to traffic early in July, already has been reduced \$30,000, this sum having been taken from the \$42,635.27 of net earnings on hand October 1. Gross receipts in tolls taken on the bridge during its first three months of operation were \$53,825.78.

A traffic report for the period shows that 154,489 persons crossed the bridge either afoot or in vehicles. Automobiles and motor trucks crossing numbered 70,889 while motorcycles and horses with riders numbered 695. Three hundred and eighty eight sight-seeing busses used the bridge while horse drawn vehicles numbered 719.

SCHOONER PINE LIMPS IN.

NEWPORT NEWS, Oct. 17.—The American schooner Percy R. Pines, limped into port last night as a result of rudder trouble and went to a shipyard for repairs this morning. She was barely able to make port, members of the crew said.

RELEASED FROM JAIL SATURDAY

ROBBED JACKSONVILLE SHOW WINDOW THIS MORNING

(By The Associated Press) JACKSONVILLE, Oct. 17.—Sam Levine, of New Haven, was released from jail Saturday after serving 30 days sentence for vagrancy, smashed a plate glass show window at Neal Finkelstein's store with his fist this morning, seized two thousand dollars worth of diamond set jewelry and fled. A traffic policeman saw the robbery, pursued and captured Levine, and recovered the jewelry. The robbery was at 10 o'clock this morning and was witnessed by hundreds of a crowded street.

RAWLINS GUILTY IN FIRST DEGREE.

(By The Associated Press) JACKSONVILLE, Oct. 17.—Rawlings was sentenced today to life imprisonment this morning. Argument on Pope's motion for a new trial will begin tomorrow.

JACKSONVILLE Oct. 17.—Frank Rawlins was found guilty of murder in the first degree with a recommendation for mercy by a jury in circuit court here early Saturday night. Rawlins' trial grew out of the killing here September 4, of George H. Hickman, manager of the Palace theatre when Rawlins robbed the play house of \$800. The jury deliberated more than two hours. The verdict automatically carries a sentence of life imprisonment, the same sentence given John H. Pope, local attorney, upon conviction last week of having planned the robbery and being "constructively" present.

COTTON FIRE LOSS IN HUGE WAREHOUSE IN MACON IS ONLY \$50,000.

MACON, Oct. 17.—Fire, said to have originated in the offices of the J. J. Williamson & Co.'s cotton agency in the Willingham warehouse, one of the biggest warehouses in the southeast, late yesterday caused a loss estimated at more than \$50,000. The Willingham warehouse was formerly owned by R. F. Willingham, but since his financial collapse it has passed in to the hands of Jesse B. Hart. The only cotton in the warehouse was that in the sample room of the ten and twelve agencies occupying offices on the second floor. Thousands of bales were formerly stored there. Firemen fought the flames for three hours before getting it under control.

STORM OFF CAROLINA COAST HEADS NORTH.

WASHINGTON, Oct. 17.—The weather bureau today ordered an advisory northeast storm warning displayed on the Atlantic coast from Norfolk, Va., to Delaware breakerwater. A disturbance was reported central off the Carolina coast moving northeastward, attended by a strong wind. Southerly gales this afternoon and tomorrow were the forecast.

WATER TRANSPORTATION WILL COME TO THE FRONT IN THE RAILROAD STRIKE

FREIGHT RATE REDUCTION WOULD NOT WORK OUT SAYS WARREN STONE.

(By The Associated Press) CLEVELAND, Oct. 17.—The proposal of a public group of the railroad labor board to reduce freight rates to prevent the railroad strike would not prove feasible, Warren S. Stone declared today. A suggestion cannot be worked out, he said. By the time the reduction got to the consumer, it would not amount to one-half of one per cent. The middle man would absorb all of the difference.

BANK CASHIER EMBEZZLED BIG SUM FROM ILLINOIS BANK.

(By The Associated Press) DAVIS JUNCTION, Ill., Oct. 17.—L. N. Copeland, cashier of the Hanover Union State Bank, of Hanover, Ill., was arrested here today charged with embezzlement of more than one hundred and twenty thousand dollars of the bank's funds.

CALLS SECOND MEETING ARMAMENT CONFERENCE AMERICAN DELEGATION.

(By The Associated Press) WASHINGTON, Oct. 17.—Secretary Hughes issued a call today for the second meeting of the American delegation to the conference on limitation armaments, fixing the date as next Friday, subject to convenience of Senators Lodge and Underwood.

FINDING OUT WHAT WOMEN PREACHERS DO.

CHICAGO, Oct. 17.—Collection of data on what women preachers have done and the impression they have made in their church and community is a task that the International Association of Women Preachers has set for itself the coming year. Its aim is greater recognition by the churches of women preachers, according to the Rev. Miss M. Madeline Southard of Newton, Kas., its president.

MOTOR TRUCKS WILL TAKE PLACE OF RAILROADS

57,000 TRUCKS FOR NEW YORK CITY TRADE ALONE

(By The Associated Press) NEW YORK, Oct. 17.—A fleet of 57,000 motor trucks, or as many of them as are found necessary, will be mobilized in the event of a protracted railroad strike to bring New York its daily quota of 15,000 carloads of food stuffs, Commissioner Copeland announced today. Adequate supplies in storage, he said, to ration city through rail tie-up of three weeks but importation of milk by trucks would begin immediately.

METTS' CONDITION IMPROVED.

Sanford on the St. Johns River is Independent of the Roads

SHIP BY TRUCK

TO ANY PORTION OF THE SURROUNDING TERRITORY WITHIN 100 MILES OR MORE

Should the big railroad strike come the first of November as the press dispatches say it will, Sanford would be better off than many other communities. Sanford has the Clyde Line and can ship by water either North or South and the "ship by water" campaign will take on an added impetus now should the strike go any length of time.

It will be just another link added in the chain of evidence that the rivers of Florida should receive more attention from the government and make them the great arteries of trade and travel that they should be. In the early days before the advent of the railroads all the travel was by boat and there were dozens of steamers on the St. Johns river and now that the same situation faces us again in the rise of freight rates and the impending strike the people of this section should buckle on their armor and take up the fight for river traffic with renewed vigor.

Ship by truck and ship by river and the railroad strike will then have few terrors for the people of this section. And then Orlando and Eustis and all the other cities within a radius of 100 miles can also take advantage of our river. New York today is mobilizing 57,000 trucks and getting ready for the big railroad strike. They will now take advantage of the ship by water and ship by truck because the strike is bringing it to their attention. They need some such adversity to recognize the fact that the only competition to the railroads is the water and the good roads.

Sanford and Seminole county have good roads and the river transportation and this fact should be heralded to the world. Lucky Sanford again.

RETAIL FOOD PRICES OFF A CENT; BUT NO WHOLESALE CHANGES.

WASHINGTON, Oct. 17.—Wholesale prices in September remained unchanged from August levels, the labor department reported today, but retail food prices were found to have decreased 1.1 per cent.

The estimates are compiled from reports made to its statistical bureau concerning prices in fifty-one principal cities. The department's wholesale price index remained unchanged at 152, though minor up-and-down changes were noted in individual commodities, which were balanced in the composite return.

VETERAN'S BUREAU WILL TAKE HAND

WASHINGTON, Oct. 17.—The heads medical advisers and vocational training officers of the veterans' bureau will meet with Director Forbes of this bureau in a series of conferences here beginning today at which efforts will be made to complete the decentralization of the organization. It was announced last night that Colonel Forbes desired to frame new rules and regulations governing the disposition of all cases so that the regional officers might be able to pass on most of them finally without references to the headquarters here.

It is hoped that every angle of the rehabilitation, hospitalization, vocational training problems will be turned out in the conference. Colonel Forbes said. He added that the local officers thus would be able to save time for the former service men and women and more promptly meet all demands by settlement of the cases within their jurisdiction.

Newspapers Are But Public Institutions Says One Proprietor

HONOLULU, T. H., Oct. 15.—A newspaper does not belong to its owner, William Southern, Jr., owner of the Independence, Mo., Examiner, told the Press Congress of the world, in session here, today in the course of a speech on the "The Provincial Press."

"A newspaper is a public institution and is not fulfilling its highest functions if devoted selfishly. As a fundamental principle, it is agreed that the truth is the basis of all correct journalism. To go beyond the truth is a betrayal of trust. To suppress the truth when it probably belonged to the public is always to be condemned and never practiced."

"Control of news or comment for business considerations is unworthy. News should be written and interpreted wholly and at all times in the interest of the public."

"Not only are these principles to be applied to the news and editorials, but to the advertising columns. Deceptive or misleading advertisements or advertising disguised as news brings discredit to the newspapers which permits such tactics."

"It was a noted Frenchman who wrote 'Suffer yourself to be blamed, imprisoned, condemned; suffer yourself even to be hanged, but publish your opinion. It is not a right, it is a duty.'"

Small town newspapers, Mr. Southern told his audience, have come near or formulating a set of ideals for the newspaper profession into a code of ethics than has any other section of the newspaper world.

"These declarations have so far only come from the provincial papers, but have received the strong endorsement of the larger papers and world-wide comment and approval."

"The highest art in the newspaper business," Mr. Southern declared, "is to give the readers what they should have in such a way that they will think it is exactly what they want."

TEACHER SHOWED NERVE.

COCOANUT GROVE, Oct. 15.—Earl J. Henshaw, teacher in the public school here, has won the admiration of the students by the nerve he exhibited recently when in spite of painful injuries received when struck by an automobile he reported for duty and insisted upon conducting his classes. Mr. Henshaw was riding his motorcycle to school when the car knocked him from it.

He was splcked up and rushed to a hospital where it was found necessary to take fourteen stitches in a severe cut on his back. His arms and legs also were badly bruised and nearly one hundred feet of bandage was used in binding him. Mr. Henshaw, after being patched up, mounted his motorcycle, came to Cocoonut Grove and conducted his classes the remainder of the day.

Dinner Dance at Valdez Was Great Success Big Crowd Attended

The Valdez Hotel scored another success last night in the first dinner dance of the season. In fact the dinner dance really opened the social season for Sanford and from eight till twelve the merry diners alternately ate of the choice viands or danced between the courses as they pleased. The dining room of the hotel was beautiful in decorations of tissue paper and palms and vines and the palm room was also thrown open for the dancers giving them plenty of room between the tables and the whole of the palm room floor.

The celebrated Stetson University Five orchestra furnished the music and the evening was one continual round of pleasure. The Valdez Hotel celebrated for its social affairs and for its excellent cuisine reached the top of its reputation last night in the dinner dance. Every course was served with clock-like precision by a small army of waitresses and there were no delays or long waits between courses. Paper hats and balloons were among the favors given to the guests to enliven the scene.

Mr. and Mrs. Campbell were among the dancers to see that everything was all right and right up to the minute and after it was over the guests showered them with congratulations over the affair which was easily the best that has been offered to the public in Sanford in many years. Many out-of-town guests had reserved space—some of them being detained on account of the heavy rain which continued during most of the evening.

All those present are hoping that the Campbells will give another one soon. The following excellent menu was served during the evening and pronounced perfect:

- Oyster Cocktail Monte Carlo
- Consomme Celestine Salted Almonds
- Queen Olives Celery Hearts
- Fillet of Sole Normandie Pommes Julienne
- Long Island Duckling, Guava Jelly, Sage Dressing
- Snowflake Potatoes French Peas
- Asparagus Mayonnaise
- Neapolitan Ice Cream Petit Fours
- Cafe Noir

BEGIN WORK TUESDAY ON \$1,000,000 HOTEL.

ORLANDO, Oct. 15.—Work on the construction of the Orange Hotel Company's new million dollar, eleven story hotel at the corner of Orange avenue and Oak street here will begin Tuesday morning, President J. F. Ange announced here today. Excavation for the foundation is nearing completion, he stated, and the erection of the steel framing is about ready to begin. The hotel will cost \$850,000 exclusive of furnishings, which will run the cost past the million dollar mark.

The contract for the steel in the structure has been let to the Virginia Bridge and Iron Works, of Roanoke, on a tonnage basis, the total running to approximately \$300,000. The construction contract has been let to C. E. Hillyer, Jacksonville, on a percentage basis, estimates for his share of the job running to approximately a half million dollars.

The new structure will be an absolutely fireproof steel structure. It will contain 250 rooms and is being built 105 feet by 100 feet.

It will take about twelve months to complete the hotel, the name for which has not yet been selected, according to Mr. Ange.

29 Giants to Split \$131,625 Gate Coin

NEW YORK, Oct. 15.—The 1921 world series set new financial and attendance records. The total receipts for the eight games were \$900,288, contributed by 269,978 spectators.

This was \$177,810 more than the best previous gate collected during the 1919 series between Cincinnati and Chicago. The attendance in the series just closed was also 18,076 greater than the eight gatherings which witnessed the memorable Boston-Giants series played in 1912. The Giant players as winners collect 60 per cent of 75 per cent of the players' share of receipts for the first five games, amounting to \$131,625 which divided among some 25 eligible men gives approximately \$5,265 to each. Under the plan of distributing 25 per cent among the club players finishing second and third in both major leagues the Cleveland Americans and the Pittsburgh Nationals will divide \$49,874 equally while the two St. Louis teams as third place clubs share \$29,252. The Yankee players received \$3,510.

HOUSE KILLS AN EFFORT TO RAISE ITS MEMBERSHIP.

WASHINGTON, D. C., Oct. 15.—The house receded its opposition last night to any increase in its membership, recommitting to the census committee by a vote of 146 to 142, the Slegel bill to increase its size from 435 to 460 members.

The vote was taken on a motion to recommit offered by Representative Fairfield of Indiana, a Republican member of the census committee, after nine hours of debate and wrangling over parliamentary procedure.

Previous to recommitting the bill, the house rejected 140 to 146 an amendment by Representative Barbour, Republican, California, to authorize reapportionment without any increase in membership. Another amendment, offered by Representative Tinkham, Republican, Massachusetts, to decrease membership to 425 was smothered under an avalanche of "noes."

Eleven Southern states, which Mr. Tinkham, charged had disfranchised negroes, would have lost thirty-three seats in Massachusetts one under his amendment, while a gain of twenty-four seats would have been split among a dozen states which made considerable gains in population during the last decade.

ALICANTE, Spain, Oct. 15.—Albert, King of the Belgians, arrived here today by airplane from Casablanca, Morocco. On landing he was greeted by the city authorities. Thousands of persons visited the airfield where his machine landed. King Albert plans to leave later in the day for Barcelona, from which he intends to fly to Belgium.

KILLED BIG HAWK.

INTERLACHEN, Oct. 15.—Myrtle, twelve year old daughter of William Schaffer, this week killed one of the largest hawks ever seen in this vicinity, dispatching the would be chicken thief with a stick. The bird swooped down to seize a chicken and in some manner became entangled in a wire fence. The girl seized a stick, dislodged the bird from the wire then beat it to death. The hawk measured four feet from tip to tip of its wings.

FT. MYERS IS BUILDING.

FORT MYERS, Oct. 15.—Building permits issued in Fort Myers during September numbered forty-three, the aggregate estimated cost of new buildings, repairs and alterations, being \$20,067. Nineteen of the permits were for dwellings, the others being for store buildings, garages and repairs. Permits issued the first ten days of October had an aggregate value of \$20,075.

At Tuscaloosa, Ala.: Alabama, 59; Southern Military Institute, 9.

At College Park, Md.: Maryland-St. Johns.

At Birmingham: Birmingham Southern-Marion Institute.

On southern fields the University of Virginia, meets Virginia Military Institute; Auburn plays Clemson; Mississippi College meets Mississippi A. and M.; Georgia Tech faces Furman; Seawannee plays Oglethorpe, and the Universities of South Carolina and North Carolina hold their annual contest.

The three southern teams playing northern elevens tomorrow did not meet them last year, but both of the southern-southwestern contests were staged a year ago and each resulted in a scoreless tie. V. M. I., romped away with the University, 22 to 6, last season; Auburn beat Clemson three touchdowns to none, and the Mississippi Aggies beat the College 27 to 0. Georgia Tech did not play Furman last year, but Seawannee defeated Oglethorpe 27 to 3 and the Tarhees were victorious over the Palmetto State, 31 to 0.

FOOTBALL GAMES IN FLORIDA.

JACKSONVILLE, Oct. 15.—The University of Florida and Mercer at Gainesville, and Pensacola naval reserves and Rollins at Winter Park, comprise the heavyweight card for tomorrow's state football clashes while the high school elevens will wax warm at no less than five places.

The following high school games are scheduled: St. Petersburg and Hillsborough, at Tampa.

Plant City at Orlando. Tallahassee at Moultrie, Ga. Gainesville at Sanford. Ocala at Palatka.

St. Petersburg meets Hillsborough in their annual clash with one defeat chalked against her out of two games played.

Lake City, which gives indications of proving a formidable contender for state honors, snatched a 6 to 0 victory last Saturday although St. Petersburg was coming back strongly at the finish. Hillsborough received a surprise in being held to a scoreless tie by Summerlin Institute, after having defeated Palmetto the previous week, 38 to 0.

Orlando has two victories to her credit, both by close scores and Plant City won her first game of the season over Lakeland, 13 to 0.

Tallahassee with two wins goes to the Georgia city in an effort to repeat the drubbing given her by Duval here last Saturday.

Sanford, in her only game played this season, was a victim to the Orlando machine in a half game and her tomorrow's opponent, Gainesville, has had easy sailing so far, romping over both Ocala and Madison, the former to the tune of 69 to 0.

Ocala now takes on Palatka in the latter schools' debut for the season. Gainesville, incidentally, gleams strong in the consideration of the season's records.

Last Saturday she defeated Madison 13 to 0, crossing Madison's goal four times in all, but losing the count in two instances because of penalties. Madison, on the other hand, held Lake City to a scoreless tie, although the play was mostly in Madison's territory, and Lake City eased a victory from St. Petersburg.

DELAND WORKS OUT SOLUTION FOR FEE PLAN.

DELAND, Oct. 15.—One of Deland's main attractions to winter visitors is its schools from which it rightfully claims its slogan as "The Athens of Florida." The local school trustees faced a situation of an impoverished treasury when the public schools opened this fall and one of the steps taken to better the situation was to decide that children of tourists should pay tuition.

However, there has been an agreement in force a number of years whereby the city furnished water free to the city schools, providing tuition was free and this fact, that there was no tuition charge for tourists' children, has been advertised in all literature of the past few years.

At their meeting Wednesday night the city commissioners decided that the city would charge for water. As the situation now stands, the public schools would have to pay more for the water than they would probably receive from the tuition charged and indications are that it will be free tuition right on.

Miss Winnie Brown spent the week end with her mother and sister at Fort Christmas.

GIRLS FRIENDLY SOCIETY

The members of the Girls Friendly Society were most delightfully entertained Saturday afternoon by their leader, Mrs. John G. Leonard, at the Parish House.

The first part of the afternoon was devoted to a business session, and plans were made for a booth at the bazaar December 1 and 2 after the conclusion of business, a social hour was enjoyed.

MONDAY BRIDGE CLUB ENTERTAINED

Mrs. H. B. Lewis was the charming hostess Saturday afternoon, when she entertained the members of the Monday Bridge Club, at her home on Magnolia avenue.

The rooms where the card tables were arranged were effectively decorated with baskets and vases of cut flowers.

Of exceptional interest was the game of bridge played during the afternoon, and high score was made by Mrs. E. F. Housholder, who was awarded a beautiful vase.

After the card game Mrs. Lewis served a tempting ice course.

Members of the club enjoying this delightful afternoon's pleasure were: Mrs. E. F. Housholder, Mrs. F. E. Roumillat, Mrs. A. B. Wallace, Mrs. Claude Howard, Mrs. B. L. Perkins, Mrs. D. P. Drummond, Mrs. C. L. Britt, and Mrs. D. D. Caldwell.

NEW 1922 SPRING SEASON COLORS.

"With all the glitter and glory of a world-pageant the colors for spring of 1922 make their debut! The Textile Color Card Association of the United States—creators of America's fashionable hues—has just released for general distribution the 1922 spring season color card, containing eighty colors, sixty-six of which are portrayed in silk and fourteen in worsted fabrics. Under separate grouping are tan shoe leather and hosiery colors.

"Classic hues of ancient Rome; color schemes of old Spain; sumptuous chromatic tones of the Italian Renaissance—all of these have formed a background for inspiration, with the result that Dante Fashion is to have for her future use colors of tantalizing variety.

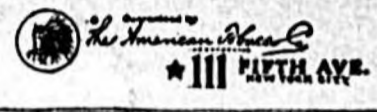

"The 'Voiline' colorings, in which brilliant fuchsias, rich violets and deep purples blend in perfect harmony, is one of the distinctive features of the new card. Persian rose, Rubellite wood violet, dahlia, and boladonna are among these enticing shades.

"For evening wear is offered a collection of twelve bewitching colors that suggest enchanted gardens. There is the soft pink of the lotus—the violet-rose of spring beauty—the cloud blue of Lupine and lilac-tinted Vervain. There's fairy green and bambino blue, the flesh-tinted pink of Cherub and Rosemary—that's for remembrance.

"Ragged Sailor—cornflower and periwinkle are beautiful blues with

violet undertones—Old Dutch tiles and Majolica blues, share honors with virile light blues called forget-me-not and lucky-stone—a talisman for good fortune.

"Odd greens called mistletoe and cactus presage the sounding of a new note in the green category, while serpentine and Verdigris are brilliant with exotic temperament.

"Flame and Bonfire are the new reds—Canary and Mimosa attractive yellows. The burnt orange and copper tones of the wild tigerlily and the canna are cleverly depicted also the gold orange of the pumpkin.

"Long Beach and Seaside are the latest sand shades. These with putty and pale greys are grouped together in graduated strength and form another interesting feature.

"Pimlicia violet, Saratoga yellow, Newport blue, Hollywood red and Meadowbrook green are the smart new sport colors introduced in the woolen group. These with hussar and peasant blues, adobe and alamo browns, cement greys and clay shades, offer an excellent selection for the woolen industry.

"Speaking of brown—three other new shades are taffy, maple sugar and fudge. That brown is still to be one of fashion's favored is stressed by the predominance of this color in the shoe, leather and hosiery group. Here are shown a variety of novel shades from light beige to deepest brown, among which are lark, bobolink, meadowlark and rembrant. The gold pheasant shade is prominent. Castor and dulcet greys are also shown."—Exchange.

UPSALA AND GRAPEVILLE

Mr. and Mrs. A. L. Campbell and their two children, returned home Sunday evening after a pleasant two weeks vacation spent with relatives at Munice, Ind. A. L., is the electrician at the A. C. L., shops.

Mr. and Mrs. Charles Cramer and their two boys, Glen and Curtis, moved out from Sanford, Monday, to their cottage in Grapeville as their things have come in from their old home near Nashville, Tenn.

The bride man is helping out his father in his agency for the Singer sewing machine, working for an Orlando firm. They have recently purchased a fine new delivery car. Mr. T. O. Tyner bought a machine through them.

Mrs. Westerdick returned home Monday from Orlando, her husband going down to get her and Mrs. Parkinson and granddaughter, Miss Helen, after eleven days spent at the conference. Mr. and Mrs. Cramer also attended for a few days.

We are so thankful for the needed rains which came on Thursday and Friday. We think this is the first to amount to anything since the middle of August, making it the longest drought in the twenty-six years we have been here. Unless God adds His blessings, man labors in vain. No doubt we needed to pass under the rod.

Mr. and Mrs. Edwin Lundquist and son, Raymond, with Mr. and Mrs. L. B. Hodgins, Mr. and Mrs. August Swanson, Archie Swanson, Mr. and Mrs. Elmer Lundquist, and their little ones, Mr. and Mrs. Foster and also a couple of cars of friends from Pierson, Fla., spent Sunday on the banks of Lake Harney, where they ate their lunch for dinner and then drove on through Oviedo, then to Palm Springs, where the rest of the day was spent going in bathing and eating their picnic supper.

Mr. and Mrs. Fred Krell are now living in Windermere, where Fred expects to pack oranges this winter.

Mrs. Maloi's sister and husband, have been here visiting at their home for some time.

CHIEF PAXTON RETURNS FROM BIG MEETING.

Chief Paxton has returned from the convention of International Fire Engineers at Atlanta, and reports a pleasant and profitable trip. There were about eight hundred in attendance, and many important subjects discussed.

He saw the type of machine purchased by the city, and feels that it will prove everything claimed for it. That the commissioners have made a wise decision in getting this machine.

AN OLD RECIPE TO DARKEN HAIR

SAGE TEA AND SULPHUR
TURNS GRAY, FADED HAIR
DARK AND GLOSSY

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick, and glossy and you look years younger.—Adv.

THE WEATHER

For Florida: Generally fair tonight and Tuesday, except probably showers in the extreme South portion.

W. H. Bruce, of Lake Wales, spent the week-end here with W. I. Adams.

D. C. Walker, of Augusta, Ga., spent the day here Saturday transacting business.

Messrs. Gillespie, Ridge, and Edmonston, motored to Orlando yesterday afternoon.

"Hof-Mac" the "buy"-word for better batteries for less money. 173-6tp

Thos. Adderley, of New York, with the Southern Utilities Co., is spending some time here on business.

J. B. Lawson and Will Rowe, have purchased the Post place on the west side, and go in for farming.

Why punish your battery with your generator out of order. See Hof-Mac Battery Co., "Foot of First Street." 173-6tp

Have your watches and jewelry repaired at McLaulin's. Two first class watch makers. Prompt service. 140-tfc

W. H. Bruce, of Lake Wales, and W. I. Adams, left this morning in the Adams car for Thomasville, Ga. Mr. Bruce will return in a few days, while Mr. Adams will spend several weeks with his family.

The Ladies of the Episcopal Church will hold their Bazaar and Supper, December 1st and 2nd in the Parish House. 171-tfc

N. J. Lillard and H. A. Neel and Mr. and Mrs. Ralph Gore, and Deane Treadwell, all of the Sanford Herald, attended the meeting of the Typographical Union at Orlando yesterday, and enjoyed the visit to Orlando and the meeting very much.

IF YOU WANT TO BUY, SELL OR Rent property, give us a trial.—C. A. Matthews, W. V. Wheeler, Real Estate, 115 Park Ave. Phone 340. 170-3tp

J. P. Hall, the popular manager of the Western Union Telegraph Co., is taking a well earned vacation of two weeks, and in his absence his place will be filled by Mr. Robertson, of Jacksonville. Asked where he intended to spend his vacation, Mr. Hall said, "right here in Sanford."

BATTERIES—America's first car was regularly equipped with starting and lighting Batteries in 1911, this battery was an "EXIDE", today the master battery of the world. Do not be misled by the so-called just as good.—Ray Brothers, Phone 548. 175-tfc

H. W. Cameron, of Bartow, representing the Auto Motive Supply Co., was in the city Saturday, attending to business.

W. I. Adams, of the Equitable Life Insurance Co., returned here Saturday after spending several days in Lake Wales on a business mission.

W. S. Jones, representing the Robinson Neckwear Co., of Atlanta, was in the city for the week-end mingling with friends and calling on his local customers.

Mr. and Mrs. Neel arrived home Saturday evening from Okeechobee City, where Mr. Neel has been for the past six weeks in charge of the Okeechobee News. He will be here for some time now, a sbusiness in the Herald has picked up to such a degree, that the summer force must be augmented by several men to keep up with it. Mr. Neel expects to go back to Okeechobee at intervals, but will not remain away from Sanford long, although he is love with the city on the big lake.

"EXIDE" BATTERIES—Our Pullman cars, airplanes, submarines, telephones and great 7,000 mile wireless stations are equipped with the master "EXIDE" Batteries, the battery is the life of your car, get the best. We recharge and repair all makes.—Ray Brothers, Phone 548. 176-tfc

The editor of the Herald was presented with a fine Italian velour hat today by the Raffeld-Honig Co., of this city. When Mr. Honig, of New York, was here a few weeks ago, he thought we needed a new hat and he and Mr. Raffeld decided to send us one with the result that we now have two hats, one old one, and one new one. We hereby acknowledge the receipt of same, and tender our thanks to the Raffeld-Honig Co. They are all right and recognize the power of the press and that brains must be covered by a nice head piece—especially when the head is bald, and the wind should be tempered to the shorn lamb.

MASONS ATTENTION

In order to correct an erroneous impression that seems to be prevalent it is announced that the Third Degree will be exemplified at the next meeting which will be held on Tuesday evening, October 18th, at Masonic Hall, corner Second and Magnolia avenue. Work will be conferred on several candidates.

**FIVE PLEASANT CLERKS
IN CITY OF SANFORD
NAMED LAST NIGHT**

Five of the most pleasant clerks in Sanford were named last night by the "Smile and Fellowship League" and Dr. George Hyman named them before the regular services, reading the following letter:

Dear Doctor Hyman: We wish you to announce to the congregation at the Baptist Temple the findings of the judges in the Smile and Fellowship League.

Our five judges, which were different from the judges in any other announcement have had pleasure in rendering the following decision.

Two noticeable features of the decisions that a Father and Son are mentioned and a Mother and Son. Smiles and fellowship must run in families. Also that the first named below received a unanimous vote from the five judges on the five most pleasant clerks in the city.

Tom Brotherson at McCullough's. Mrs. Harvard at Yowell's. Hodson Ball at Ball Hardware Co. Owen Stenstrom at Cash Grocery. Bruce Anderson at Bower & Roumillat's.

The decision next week will be as to the five most pleasant places of business in the city.

**VOCATIONAL CLASSES
TO OPEN NEXT WEEK**

The free vocational classes to be conducted by the Board of Public Instruction will open the coming week. These courses are free to men 16 years of age and older and who are engaged in the mechanical trades of the city.

These classes will probably be held in the high school building. In order that the men may help determine the most convenient nights for meeting, the date for enrollment has been set for Tuesday night, October 18th at 7:30 at the Sanford High School. The regular meetings nights will be determined upon at that time. The classes will be in session for two hours each of two nights a week.

The following courses are to be offered first: Blue print reading and mechanical drawing for men in the mechanical and metal working trades. Blueprint reading and architectural drawing for carpenters, masons and others in the building trades.

The size of these classes must be limited and those enrolling first will be taken care of first.

**ORLANDO IN DARKNESS
HAVE OUR SYMPATHY.**

The Yowell-Drew Co., and the stores south to Pine street went back to the days of real candle power last night for the second time in the month when the electric lights were extinguished with the stores filled with shoppers. It is getting to be a joke, this Saturday night electric failure, and if the same condition continues with increasing demands for "juice" this winter the entire business section may be in darkness some Saturday night with the subsequent loss of thousands of dollars in business to the merchants. In addition the use of candles might lead to a conflagration. The Chicago fire of 50 years ago was promoted by a bovine kicking over a lantern.—Orlando Sentinel.

**IF KIDNEYS AND
BLADDER BOTHER**

Take Salts to Flush Kidneys and Neutralize Irritating Acids.

Kidney and Bladder weaknesses result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in avoiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

**ELECTION RULES
AND POLL TAX
AND REGISTRATION.**

All those who are eligible to vote and have never registered in the city should do so at once. The men who are not registered and all those who expect to sign petitions should register before the 18th of October in order to sign the petitions officially.

Women do not have to pay poll tax according to a ruling of the legislature that states they pay their first poll tax in 1922. There have been so many inquiries at the Herald office that this statement is given to the public at large in order that all who wish to vote and who wish to sign the petitions can be governed accordingly. For any other information see City Clerk Phillips, at the city hall. But be sure you are registered now in the city. 171-tp.

Hit the Nail on the Head

It's getting up courage to drive the first nail that's the hard part about building. You can trump up dozens of reasons for postponing the job—but did you ever know anybody to be sorry he built?

Most building materials are low priced now. Not every thing is as cheap as lumber but by the time the other things have dropped probably lumber will rise. So all in all this is a good time for building. Hit the nail on the head!

Fine weather.

Rains are worth a million. We have not collected, yet.

Florida is the greatest State in the Union, and Sanford is the greatest city in it—or will be, in a few years.

Sanford would be all right if a railroad strike ties up the country for thirty days. We still have the water.

The railroad strike is another boost for the "Ship by Water" campaign. There is nothing like being on a navigable stream.

Everybody should get behind that movement to beautify the lake front, and make Lake Monroe the greatest asset to the city.

If the government will force the railroads to reduce freight rates, the railroad men will be satisfied with a reduction in wages.

Sanford people should back the athletic association of the high school to the limit. Other cities gave the football team their uniform. Our boys have received nothing.

The Florida Water Traffic League will meet at Leesburg tonight, and those Lake county boosters will be out by the hundreds. Sanford should send a large delegation to Leesburg, and show them that we have faith in this proposition.

Every citizen of Sanford should get behind the congressmen and senators to make the improvements in the St. Johns river that are needed, and the traffic figures will bring the burden right up to Congress and there can be no equivocation.

We are glad to note that city politics have slumbered down and people as a whole are willing to trust to the good judgment of the voters at the polls. It is merely a question of who the majority of the voters want for City Commissioner—that's all.

Sanford people are building some fine residences now, and many new store rooms are contemplated. Sanford people have faith in their home town. All that Sanford needs is more of the publicity spirit. We have a good business city, but no one knows it. It is advertising that makes any city great.

The South Florida Press Association had a fine meeting at Lakeland Friday and Saturday. Having a daily paper on our hands, prevented the editor of the Herald from attending. There are no slaves in any business that are such slaves as a daily newspaper editor.

Daytona is getting ready to sell the bonds floated for municipal golf. Some day Sanford will wake up to the fact that they have been overlooking a good bet in sidetracking the golf links for lighter things that spell nothing. Golf means pleasure and profit and some of our citizens who are down and out now would be rejuvenated by playing golf and the links would be worth thousands of dollars to them in the improvement of their health to say nothing of the tourists.

JUST IN PASSING

EVER ONCE in a while
A FELLOW GETS up in a meeting
AND SAYS SOMETHING for publication with a soft pedal
ON THE PUB BUSINESS and with the advice that nothing be said
ABOUT IT IN THE PAPERS, Don't you know. It might ruin him, etc.,
THE PAPERS ARE FUNNY things and funny people are running them.
FOR INSTANCE A BIG MAN in the newspaper business the other day
IN HONOLULU said that newspapers did not belong to the owners
BUT TO THE PUBLIC and in looking over the laws that are passed
TO MUZZLE THE PRESS we quite agree with him that the public owns us
AND WHAT THEY LEAVE the government steps in and tells us what to do
ALL FOR NOTHING as no money ever passes our hands
AND IF THE PUBLIC owns the newspaper we wish they would
TAKE POSSESSION of their property now
BEFORE SATURDAY night, at least,
SO THEY COULD pay off
AND SEE THE Ghost walk
AND OTHER things.
YASSUM!

Every business house in Sanford should have an advertisement in the Daily Herald. This paper is doing something for Sanford and it is not a question of "affording advertising."

Both Sanford and St. Petersburg want advertising, but not the sort they are getting from the charges that high officials are shooting up moonshiners and conducting midnight spears.

Guiltily of the first but not of the second if it please your honor. The Sanford officers will not drink "shine."

THE RAILROAD STRIKE.

According to the latest despatches the railroad men all over the United States have decided to walk out on October 30th or not later than November 2nd. It seems that the railroad men through their official heads made a proposition to the railroad heads that shorn of all useless verbiage meant if the railroads would reduce freight rates first, they would stand for a reduction in wages.

THE FUNCTION OF THE PRESS.

Like most other institutions, the press is now being subjected to a critical examination extending to its foundation and ultimate purpose. Men are inquiring why it exists, what is its true office, whether it is doing its duty, whether it is serving the common weal or the will of selfish interests.

responsibility not equal by any other agency dealing with the public. It has an influence, active or passive, whether it is conscious of that influence or not. The poorest little gutter-snipe, which is devoid of principles and cares nothing for a single one of the problems of civilization, nevertheless, exerts a tremendous force upon its readers.

To succeed either in a village or a metropolis, a newspaper must lead. It must have before it an ideal of some sort. It need not preach nor moralize. But there are sermons and moral lessons in every event that is recorded, and in its treatment of the news it puts the sermon or moral lessons in every event that is recorded, and in its treatment of the news it puts the sermon or moral lesson before the public.

If the press, as a whole, is not so potent a force for progress as it should be, the reason is that it is a human institution, subject to all the frailties of humanity, and with a multitude of temptations to which other professions are exempt. Three sets of interests are continually tugging at it. One is the public, which simply wants, or is supposed to want, the truth.

The lapses of the press, of which every critic has numerous examples, are all traceable to this triple force operating in opposite directions. To expect that any human being can constantly sit in judgment and pronounce a just and unbiased verdict on every question in the fact of these conflicting interests, is to expect more from an editor than from a judge, a minister or a law-maker.

FORT MYERS' NEW HIGH SCHOOL READY FOR OPENING.

FORT MYERS, Oct. 17.—Announcement has been made by Prof. W. D. Wilson, superintendent of city schools, that the new \$100,000 Fort Myers high school will be opened at ten o'clock Thursday morning, October 20.

GUILTY OF MURDER WITH MERCY RECOMMENDATION HARRELL CASE VERDICT.

MADISON, Oct. 17.—The case of State vs. J. C. Harrell, charged with the murder of Dossie Richardson in this city on September 7, went to the jury Saturday night at ten minutes to seven, and at 9 o'clock the jury returned a verdict of not guilty.

In circuit court Willis Straughter, colored, was convicted of murder in the first degree, with a recommendation to the mercy of the court. Straughter was charged with having slain James Stephens, also colored, in the Cherry Lake section of this county in 1910, after which he escaped.

PROTEST AGAINST BATTLE HYMN BEING USED IN ARMISTICE DAY PROGRAM.

FORT MYERS, Oct. 17.—At its October meeting Friday, Laetitia Ashmore Nutt chapter of the United Daughters of the Confederacy, protested formally against inclusion in the Armistice day program of The Battle Hymn of the Republic, on the ground that the sectionalism of the song, the time it was written, the purpose for which it was written, and the sentiments expressed in it, made it wholly unsuitable for presentation as a part of the program at an Armistice day celebration in any Southern community.

Miss Cordelia Jackson Nutt, president of the chapter, and Mrs. Katie Loyd Gwynne, its historian, were elected delegates to the twenty-eighth annual convention of the U. D. C., to be held in St. Louis in November.

W. M. SMITH APPOINTED SPECIAL STATE AUDITOR.

TALLAHASSEE, Oct. 17.—The governor has appointed W. M. Smith, of Tallahassee, to be special state auditor, under the provisions of section 15, chapter 8404 (No. 9), laws of Florida, 1921.

Mr. Smith has been for the past two years chief clerk for the state road department and in that position has rendered most efficient service. He is a competent and painstaking auditor and accountant and has been employed in a number of positions with the state government, all of which he has filled most satisfactorily.

IMPORTANT TRIAL IS SET.

TAMPA, Oct. 17.—Judge L. J. Gibson has adjourned the criminal court of record until October 24. On that date the trial of Phil M. Licata, Arthur Gill, DeWitt Adams, Andrea Reina and Gio Cacciatore are to be held. The men are charged with assault with intent to kill and attempted highway robbery. The first three are in jail here, but Cacciatore and Reina have not been apprehended.

MOVING PICTURES OF HUNTING AND FISHING SCENE.

The Men's Club of the Congregational church have arranged with the publishers of the Field and Stream to exhibit their splendid hunting and fishing motion pictures on the night of October 27th, at the Princess theatre. Watch for the big ad. and program soon to be published.
