

English Speed King Travels 207 Miles An Hour To Set Record

**Terrific Speed Made
In Tests Held This
Morning On Ocean
Beach Straightway**

**Large Crowds Cheer
Racer To Victory**

**American Auto Association Will Check
For Discrepancies**

DAYTONA BEACH, Fla., March 29.—(INS)—New world automobile speed records for the kilometer, mile and five kilometer distances were written into the records this afternoon when the officials in charge of clocking the efforts of Major H. O. D. Segrave in his British-constructed "Mystery S" formally approved the following figures:

North: Kilometer, not time 11:20.4, 119,726.9 miles per hour; mile, 1:24.4, 150,068.8 miles per hour; five-kilometer, 1:10.0, 347,144.4 miles per hour.

South: Kilometer, not time 11:34.4, 106,558.6 miles per hour; mile, 1:29.4, 127,615.5 miles per hour; five-kilometer, not time 1:12.0, 372,070.7 miles per hour.

The "Mystery S" was towed on the beach for the test at 9:25 o'clock this morning and the first start was made at 10. A wire from the wife in England just before the start seemed to make Segrave anxious to get under way. The thorough lined the dunes along the beach and cheered the take-off.

Segrave made one trip north and returned south on the course, topping on the second trip for a five mile change. The wind velocity was estimated at 18 miles and to greatly hampered his speed. Segrave said, tending to throw the car off the course and making control of it very difficult.

On the first north bound trip Segrave was clocked for the kilometer at the rate of 119,726.9 miles an hour, and for five kilometers at 138,061 miles an hour.

The average speed was estimated for the north and southbound at 207.841 miles an hour for the kilometer, 201.711 miles an hour, and for the five-kilometer, 204.913 miles an hour.

Segrave's face was wreathed in smiles when he was informed of his records he had made up and he expressed immeasurable pleasure at the apparent success of his mission in America.

It was expected that official confirmation of the figures would be forthcoming from the A. A. A. contest board shortly after noon. Segrave, born in Baltimore but taken to England by his parents when only four years old, plans to return to his native land to members of his staff who had that tentative arrangements for the departure of the party to England around April 4.

Immediately after he was apprised of his achievements, Segrave made known his intention of talking with England over the telephone this afternoon. His next trans-continental conversation will be with his wife in London following which he will speak with London newspapers.

MOVE FOR PEACE MADE BY MINERS IN WAGE DISPUTE

**Workers Would Dicker For
Separate Wage Scales In
Each Of Four Districts;
Lewis Hands Out His Views**

INDIANAPOLIS, Mar. 29.—(INS)—The United Mine Workers today held out an olive branch to the operators in the bituminous coal wage controversy in the form of a proposal to negotiate separate wage scales for each of the four districts of the central competitive fields.

The policy committee of the union unanimously adopted a resolution authorizing the officers of the four districts to enter into separate negotiations with their respective operators. "While we are talking over the situation, let's don't fight,"

"It will not be necessary for anybody to suspend work under this policy," Lewis said. "There will be no walkout of miners unless the operators provoke it."

President Lewis indicated a number of operators in the central competitive field and already expressed a willingness to enter into separate negotiations with the district unions. Separate agreements have already been negotiated in central Pennsylvania, Michigan, Wyoming, Montana and Kansas and shared the take-off.

Negotiations are now under way with the southwestern operators, thirty-one independent operators in Iowa have come to an agreement with the union.

U. S. Intervenes In Dispute Between France And Britain

GENEVA, Mar. 29.—(INS)—The American delegation to the League of Nations preparatory disarmament conference, headed by Hugh Gibson, minister in Switzerland, intervened today in an effort to break the deadlock between Great Britain and France on the matter of land disarmament.

Vincent Cecil, for Great Britain has insisted that land disarmament proposals should include reserves as well as active soldiers.

M. Boncour, for France, has demanded that land disarmament should include only peace time soldiers under arms.

Gibson today offered a compromise suggesting that liquidation be placed upon men under arms and also upon a certain proportion of younger reservists.

Arthur Zachary Is New DeMolay Head

Arthur Zachary was elected Master Councilor of the Seminoles Chapter Order of DeMolay, at the annual meeting of the organization, held in the Atlantic Temple building last night. H. C. Waters was named senior councilor and Charles Knight was elected junior councilor. Merlin Barnes was elected scribe and John Estlin Leeger, treasurer.

The retiring master councilor Russell Mitchell, received much praise for the work he has accomplished during his tenure of office.

Formal installation ceremonies for the newly elected officers are to be held in the near future.

Shoe Salesman Is Charged With Killing

HICKORY, N. C., Mar. 29.—(INS)—Tight-lipped save for an intermittent "I didn't do it," J. Pierce, youthful shoe salesman, occupied a lone cell in the city jail here today, awaiting preliminary hearing tomorrow for the killing of Luther theologist.

Pierce today was unable to raise \$5,000 bond to be charged with driving the automobile which struck and killed the retired industrialist near here Sunday night.

Sapiro Fees Provoke Row In Court Today

FEDERAL BUILDING, DETROIT, March 29.—The \$1,000,000 in fees that American farmers paid to Anson Sapiro and his associates to prevent a tow in the Ford-Sapiro suit today.

With Sapiro on the stand, Senator James A. Reed, chief of Henry Ford's counsel, prevented the "Copper-king" from giving the jury a personal explanation of his fees. Reed

CAMPAIGN FOR Y.M.C.A. FUND IS OPENED TODAY

**Ten Teams Take Field This
Morning In Active Appeal
For \$14,500 With Which
To Operate Organization**

**Team Heads Pledge
\$2,357 On Monday**

**Executive Committee Gives
\$950 While Division Of
Wells Pledges Nearly \$800**

With pledges totaling the sum of \$2,357 turned in by members of the teams participating in the formal opening of the Y. M. C. A. campaign for \$14,500 was made this morning at 9 o'clock, following a meeting held at headquarters of the drive, in the office formerly occupied by the firm of Higgins Smith and Wright.

The subscription drive, in reality, was made by members of the teams and there was no official center of local efforts, according to Merrill E. Brown, state organizer for the Y. who is in charge of the campaign. The national campaign was started this morning and the results of the first day will not be known until it is closed, this evening, when the teams are to give their reports.

The largest amount of subscriptions was made last night by H. E. Whitmer, Jr., chairman of the executive committee, who announced a total of \$950. The division headed by Major Wells, led the field with a total of \$795 while Major J. G. Hall reported \$347 for his division. Captain Clyde Boyd led in team reports with \$270.

The results of the first day is being awaited by Y. officials with optimism, as the team captains have reported that many citizens are making larger contributions than expected. Favorable reports have been received from several sources.

Following are the subscriptions handed in by members of the teams:

ORANGE DIVISION
No. 1 Captain C. C. Dulles \$175
No. 2 Captain Clyde Boyd \$750
No. 3 Captain L. C. Belmont 165
No. 4 Captain Walter Hayes 162
No. 5 Captain Warren Smith 85

Total \$1,377

CELEERY DIVISION
No. 1 Captain J. W. Speed 500
No. 2 Captain R. F. Whitner 100
No. 3 Captain Fred Wilson 250
No. 4 Captain L. Hart 180
No. 5 Captain Ed Wallbank 135

Total \$1,165

Three Liquor Cases Bring \$600 To City From Police Court

Charges of illegal possession of liquor, placed against Chris Loumas, Grace Coleman and Sam Lomar yesterday netted the city the sum of \$600. Each of the defendants, raided by the police, failed to appear in court and their bonds were ordered forfeited. Each is said to be an old offender.

Will Johnson faced Judge W. E. White on a charge of driving an automobile while under the influence of intoxicating liquor and was fined \$200 or given the option of serving 30 days in jail. The fine was suspended to \$100 and the jail sentence to 30 days. Lela Atkinson was fined \$75 and John Mingo \$15 on charges of being drunk and disorderly.

Fines and bonds of from \$5 to \$10 were placed on alleged drunkards on Henry Walker, Robert Thomas, Albert Ratliff, W. E. Lee, J. M. Chaney and George Hall. Lou Berta Glover was fined \$50 and given 30 days on a charge of assault.

Disorderly conduct counts cost Magna Williams, Bonnie Brown, Clement Johnson sums ranging from \$5 to \$15, with jail sentences in lieu of payment. Alleged to have been found with concealed weapons in their possession, James Waldron and Billy Grant were each fined \$20, or 30 days.

For alleged reckless driving Leroy King was fined \$40, or 10 days. L. Williams and Aaron Gray each drew \$7 fines on similar charges. Minor traffic charges, such as parking violations and lights, cost Charles Harlow, George Sanders, Charles Mayhew, Eugene Slappey, John Wagon and I. H. Kanier, and J. C. Campbell each \$4.

Speeding charges brought sums of from \$5 to \$15 from Kenneth Brewer, E. W. Kasperowicz, J. B. Pook, R. L. Mitchell, J. B. House, Hurter Brown, Robert Williams and W. L. McCuller.

De Pinedo Reaches New Orleans Today

NEW ORLEANS, La., March 29.—(INS)—Marsheles Francesco De Pinedo, commander of the Santa Maria, arrived here shortly after 1 o'clock this afternoon from Havana.

De Pinedo arrived over the Inland canal and before landing circled the city several times. An elaborate celebration for the Italian god arrived and it is stated that he will probably stay here until he has departed for Galveston and then to Hot Springs.

Collins Is Charged With Miami Slaying

MIAMI, Fla., Mar. 29.—(INS)—Following the finding of the automobile in which the slayer of Mr. and Mrs. Edward Nevers was believed to have escaped, Deputy Sheriff Good showed out warrants charging murder against J. H. Collins, friend of the couple, and search for him was renewed by police today.

Rewards Totaling \$17,000 Offered For Capture Of Abductors Of Girl

CHATTANOOGA, Tenn., Mar. 29.—(INS)—Rewards totaling \$17,000 were posted Tuesday in an effort to apprehend the kidnapers of two-year-old Virginia Josephine Frazer, daughter of city commissioner and Mrs. Fred H. Frazer, who was returned to her parents Sunday night on payment of \$3,253 ransom.

Monte White, Frank Haskett, former police officer, whose position was obtained through the influence of Commissioner Frazer, was being held in jail at Nashville under guard.

Haskett was taken to Nashville by automobile and a crowd began to form around the city hall.

In addition to Haskett, Mrs. Anna Miller Thompson, and little Johnnie Mae Pook, 17 year old ward of the Frazer's, were being held for investigation.

It was brought out in the investigation that Haskett was at the Frazer home on Saturday night when the first ransom note

Road Department To Be Asked To Pay For Road Widening In City Limits

The State Road Department is to be asked to assume the expense of widening State Road number 1 within the city limits of Sanford. Plans launched by the City Commission are expected to be approved by the State Road Department. The expense to the property owners within the city limits would make it impossible to have the road widened by the local government, it is said, and the effort to have the State Road Department assume the expense is to be made on the condition that the board of supervisors of Sanford and Seminole County equalize the tax with other counties.

Since connections to the number of 125 remain to be made in Sanford, after years of progress has been made, to have the road widened in the city limits, the City Commission was told and a committee was formed to study the matter at the regular meeting of the Commission yesterday afternoon.

The expense to the property owners within the city limits would make it impossible to have the road widened by the local government, it is said, and the effort to have the State Road Department assume the expense is to be made on the condition that the board of supervisors of Sanford and Seminole County equalize the tax with other counties.

CELERY FEDS ARE NEARLY ALL HERE FOR '27 TRAINING

Barley, Allen and Withrow in Camp For Second Workout Of Year; New Men Arriving In Squad Almost Normal

The second training session of the Celery Fed's was held at Sanford Field this morning with almost every member of the 1927 squad in uniform. New arrivals in the past 24 hours were Lee Withrow, Frank Bailey and "Ginny" Allen. Manager Lee Grove and his co-trainer, Bill Meyers, put their men through the usual season paces, with the aid of a hot sun, which is expected to remove all traces of rust from the muscles of the veterans and those who are in regular berth.

Herbman Ayer, left-handed pitcher and Tommy Walker, backstopper, are not expected to arrive in camp before next Sunday. They had to secure permission from their employers of the winter months before leaving for the season's pasture.

The largest amount of subscriptions was made last night by H. E. Whitmer, Jr., chairman of the executive committee, who announced a total of \$950. The division headed by Major Wells, led the field with a total of \$795 while Major J. G. Hall reported \$347 for his division. Captain Clyde Boyd led in team reports with \$270.

BOARD MEETS TO STRAIGHTEN OUT CHAOS IN THE AIR

Federal Commission To Reduce Number Of Stations, And Make Drastic Changes In Present Regulations

WASHINGTON, Mar. 29.—(INS)—Radio was turned inside out here today, when technical, political and industrial experts met to unravel the chaos that is the nightly rule of the air.

The Federal Radio Commission prepared to lay down government policy of control, the fundamental principles of which are expected to prevail for many years.

Before a large gathering of engineers, broadcasters, manufacturers and other experts three sessions were discussed:

(1) Reduction of the number of stations now on the air.

(2) Widening of the present 250-345 meter broadcast band.

(3) Changing the minimum 10 kilometer division between stations.

Unless overwhelming necessity for a shift from the policy as set forth when Secretary of Commerce Hoover relinquished control of the radio last July, is shown, the commission will let within the broadcast band, after the war, a 100-division or materially reduce the number of stations on the air.

All three positions will be challenged by radio experts, although the commission anticipates an equal force of argument to support the present system. The expansion of the broadcast band and the length division are engineering problems, while that of station licensing combines engineering, social, political and legal issues.

Commissioners feel that virtually all the 123 stations on the air can be accommodated in the new 100-division wave length.

More than half of these stations use low power and need principally a local field. These and many others will be satisfied to obtain license for part time operation, according to the information given today.

Cash To Assume New Duties In Short Time

TALLAHASSEE, Fla., Mar. 29.—(INS)—W. T. Cash of Perry, who was just appointed secretary of the state library board, will assume his post within a short time, it has been announced by Otto W. Kennedy, Miami chairman of the board.

Cash is an instructor in the Perry public schools at present and is an ex-legislator. An exam of his file shows he will assume the duties of the board, which will be held on Friday night in the last, it is expected that the Lamm, Klagsbrun and Rotary clubs, sponsors of the Forum, will attend en masse.

County Court Is To Convene On April 5

Preparations for the opening of the April term of County Court are being made this week by Judge J. O. Shanon, Prosecuting Attorney John Leonard and Sheriff C. M. Hand, who are making up the calendar which will be called from the clerk's office Tuesday morning, April 5.

The jury summons for 13 men has already been sent out by Sheriff Hand and an additional 20 will be called before the end of the week. All jurors relative to the docket will probably be served up to the time court opens.

Rioting Occurs In Southwest District

LONDON, Mar. 29.—(INS)—Riotous disorders occurred today in the southwest district, following the announcement that E. A. Marceau, Liberal, had won the Southwark by-election.

Afterwards the rival candidates including many Conservatives, gathered before the Southwark town hall and after exchanging epithets began to open fighting when the constabulary attempted to raise the red flag over the town hall. Women and children were caught in the mad whirl of the fighters and several were injured.

COOLIDGE WILL BE CANDIDATE, LEADERS THINK

Appointment Of Hayes As Dry Chief Indicates That President Will Make Bid For Support Of The Dry

Chief Executive Is Remaining Silent

Action Of President Linked With Hatch's Appeal For Support Of Same Element

WASHINGTON, March 29.—Congressional politicians here in the capital in hopes of ascertaining something of President Coolidge's political intentions toward 1928 are constantly some observations that he intends to be a candidate.

They have it not upon anything Mr. Coolidge himself said, for he has said nothing, but rather upon what his friends say, and upon his own actions, which may show the direction of the political wind.

The latest of these, in the political world, is the appointment of Ray J. Hayes, the anti-saloon league's pet candidate as prohibition commissioner. Hayes' appointment is credited to Mr. Coolidge personally, for it is widely known in Washington that neither Secretary Mellon nor Vice President C. Andrews wanted the Ohio prohibitionist named. They had another candidate, J. H. Pennington, an ex-naval officer, who has never been in politics.

President Coolidge had seldom abrogated the secretary of the treasury in the matter of appointing officers. Yet in this instance he will be forced to name Frank R. Williams, the anti-saloon league's spokesman in the senate, in Wayne H. Woodcock, the league's general manager in the capital, and elected to succeed their respective offices that of William and Andrews, the officials directly responsible for prohibition enforcement.

To the politicians, the refusal of a willingness on the part of Mr. Coolidge to accept the dry support for 1928, rightly or wrongly, has been regarded as an indication that the president is not so much a supporter of the anti-saloon league as he is a supporter of the moderate wing of the party, and with the apparent headway which Governor Al Smith is making toward the Democratic nomination next year.

Newspaper Editor To Speak At Forum Meeting On Friday

James Abernethy, for many years the editor of the Detroit Times and one of the most sought after banquet speakers in the United States, is to speak before the anti-saloon league at the 100-division meeting in the Women's Club building. The occasion is to be the final one of the present season, according to W. R. Smith, president.

Mr. Abernethy, said to be one of the most eloquent and brilliant speakers in the country, will speak on the subject "Editorial We and the Auditory You," a subject that has made him popular in many cities all over the country.

As a young man he attended West Point and had to resign before graduation to assist in publishing his father's newspaper, a country weekly in Michigan. Since that time he has been identified with several of the largest newspapers in the country, including the Detroit Times, which he has edited since 1910.

Death Penalty To Be Asked For Slayers

NEW YORK, Mar. 29.—(INS)—District Attorney Richard S. Nevins, of Queens county, will demand the death penalty upon Henry Paul Gray, counsel salesman and Mrs. Ruth Snyder for the brutal murder of the woman's husband, Albert Snyder, set aside of a magazine, he intimated today.

"Both Gray and Mrs. Snyder are equally guilty," said Nevins. "We can force Gray to move out perfectly both before and after the crime. We have evidence that both Gray and Mrs. Snyder entered into the crime of the murder. There is evidence that both Gray and Mrs. Snyder were a direct party to the murder. Further more we are fully prepared to combat and in any case."

Nearaguans And U.S. Fliers Have Fight

WASHINGTON, Mar. 29.—(INS)—An air-to-air battle between U. S. Marines corps aviators and Nicaraguans has been fought in a dispatch to the navy today from Rear Admiral Lattimer, commanding the American occupational forces.

A liberal detachment estimated to comprise several hundred planes and several hundred men, engaged in a series of air-to-air combats with Nicaraguans. The Nicaraguans were seen to be flying a plane carrying Capt. H. B. Campbell and Lt. F. H. Lamson-Cribber, who were on a reconnaissance trip. Although the ship was 1200 feet in the air, it was struck twice, seriously crippling it, but not wounding the flyers.

Americans Leaving Yangtze Section A More Trouble Looms

Effort Made To Finish Hankow Evacuation Before Further Disorders By Cantonese

Cantonese Chief Visits U.S. Admiral

Shanghai Quiet, Precautionary Moves Are Reduced Some

WASHINGTON, Mar. 29.—(INS)—The bulk of farewell talks, the number of troops and the cheer for departing flyers was brought back to a touch of the stirring times of the World War today as the marines started for China. The 1,300 "leathernecks" ordered to Shanghai were leaving from Philadelphia, Quantico, Va., and Paris Island, N. C.

Carrying full equipment and armed with machine guns and the latest death-dealing rifles the marines said they had been prepared for a long stay from home shores. During the period of the international settlement in Shanghai, the word spread through the service that the American forces in China had a "stiff job" and a long one ahead of them.

With the marine force of less than 30,000 already depleted by losses in China, Nicaragua and elsewhere, the navy's leathernecks were expected to be the last of the army's doughboys to go to sea about the prospects for some time.

So smoothly did the mobilization machinery of the marine corps work after the first rush of organizing a new regiment, creating regiments, preparing records and accounting equipment, that the headquarters here was back to normal today.

The new marine regiment was hand-picked. Every man taken along has had a year's experience in the service of the army in the Central American legs.

Four troop trains were scheduled to leave Philadelphia carrying the bulk of the regiment, two from Quantico and one from Paris Island.

Y.M.C.A. Ball Team Is To Practice Today

The first practice session of the Y. M. C. A. baseball team, which is to represent Sanford in state amateur circles, is to be held this afternoon at 3:30 o'clock on Municipal Field, according to "Pop" Larkin, physical director of the team.

Craig Thompson, who was manager of the "Y" baseball team during the past winter, will probably hold the reins for the baseball team and is also expected to take his turn on the mound for the club.

Games with other Y. M. C. A. teams are to be arranged and every ball player of amateur standing in the city and county, has been asked to appear today for the initial practice period. The team is to be carried on the club this summer, it is said.

Golden Beats Farrell For Prize Of \$4,000

ATLANTA, Mar. 29.—(INS)—John Golden, Polignac professional, beat Johnny Farrell, world champion, in the play-off of the \$4,000 prize of the southern tournament which ended in the Saturday. Farrell takes the second prize of \$1,750.

Golden played a steady game, whereas Farrell was in trouble from start to finish and only a steady ship shot and unflinching play prevented the Irishman from being higher.

Rhineland Lanes In Annulment Suit

ALBANY, N. Y., Mar. 29.—(INS)—Leonard Kip Rhineland, in a wealthy New York family, asked for his fight in the court to annul his marriage to Alice Jones Rhineland, a socialite.

By a unanimous decision, the state's highest tribunal refused to annul the marriage on Rhineland's charge that his wife had seduced him that she had been bound in her veins.

THE WEATHER
Fair tonight and Wednesday, hills cloudy; heavy showers Thursday; mostly cloudy Wednesday in these north portion.

You Are Invited To Attend
 Sanford's Annual
Flower Show

At The Woman's Club Building

*Under The Auspices Of
 Sanford Woman's Club*

Wednesday and Thursday,
 March 30 - 31

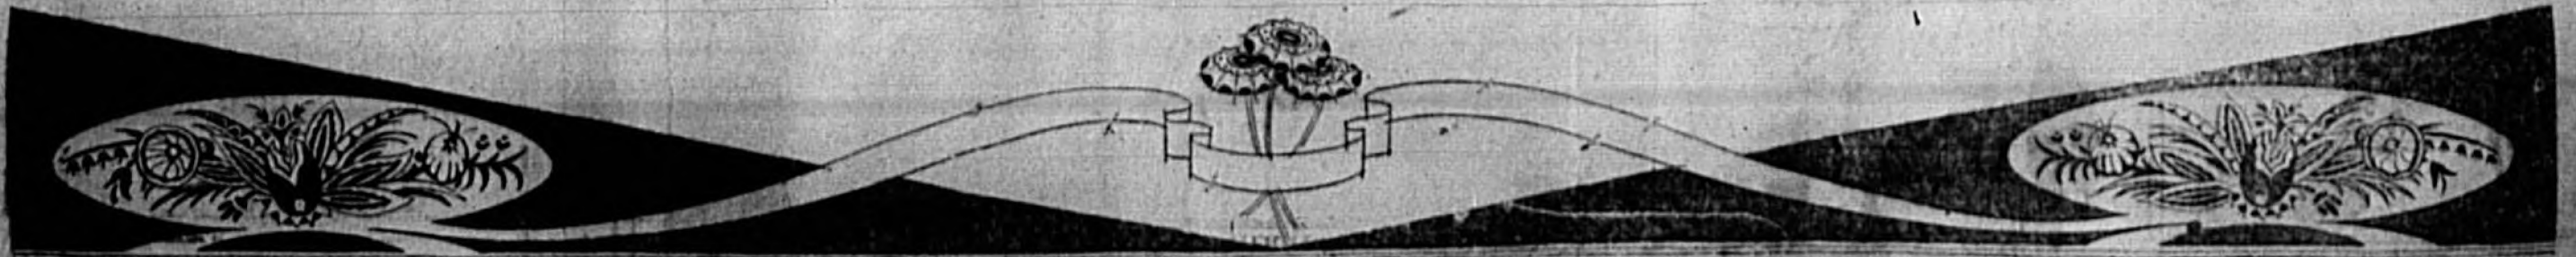

The Sanford's Woman's Club is staging its eleventh flower show, on Wednesday and Thursday. The first show was meagre in appearance but the determination of those sponsoring this type of community development was not daunted. The success that the flower shows have met with each year has shown that the women of Sanford and the County are taking a greater interest in flower raising. The Woman's Club deserves everyones support.

fronting north, south, east, west

or any direction in between,

you can get it in HIGHLAND PARK.

If you want a lot of ordinary size

or three times as large, you can get it

in HIGHLAND PARK.

If you want a lot with 50 feet frontage,

or one with two or three times that frontage,

you can get it in HIGHLAND PARK.

If you want a very deep lot or one not so deep

but with a very wide front, you can get it

in HIGHLAND PARK.

If you want a building site overlooking a park,

there are a large number of such lots in

HIGHLAND PARK from which to make your

selection.

If you want a building site on which your new

home will show off to the best possible advantage,

facing the beautiful winding drives,

everywhere and planted with the best of

HIGHLAND PARK is just the place for you.

If you want to economize on the price of the

lot so that you can put in the house what you

want on the lot, and still establish your home

in the highest class environment, where the

best houses will be built and the best

life of the city will center, you have an

opportunity now to obtain concessions in

price and terms if you are prepared to

live in conformity with Highland Park ide-

als that are sure to appeal to you, and that

will not be able to obtain at any other

building in HIGHLAND PARK is well un-

derstand.

If you want a cellar under your house, you

can have it in HIGHLAND PARK.

If you want a location high and dry, with

ter flowing from it in all directions, open

everywhere that blows, free from the

maria and mosquitoes of the low lands, the

place for you is HIGHLAND PARK.

If you want to be close to the High School,

and yet far enough away to be free from the

inconveniences of close proximity, that is

HIGHLAND PARK.

If you want a building site with big trees

already there, you can find many such in

HIGHLAND PARK, pines, palms and oak-

wood.

If you want to be sure that you are protected

by careful restrictions so that no neighbor

and no one on your street, and no one in the

entire development, can put up a building

of any kind that in its use or its appearance

or even in the way it is placed on the site

occupies will detract from the value of your

property, you can be assured that every

effort to build sites in HIGHLAND PARK

will be such that protection. There can

be nothing but a snug, family dwelling

and a garage appurtenant thereto on any

lot in HIGHLAND PARK, no garage apart-

ment to be occupied by other than the

various of the owner, no other apartments,

hotels, no business houses. The plan-

ting along the parkway bordering the drive

will be uniform and artistic. The archi-

tecture must not only be attractive in itself,

but must harmonize with its entire environ-

ment.

If you want to live in an "exclusive" neigh-

hood, in the snobbish sense in which the

term is often used, HIGHLAND PARK

is not just the place for you. It is

planned primarily to be a rich man's

neighborhood, but is designed to attract

to the beautiful. In course of time

there can be no doubt that many high

borns will be attracted there, but there

will be many of moderate cost that will

be as attractive in design and in their sur-

roundings. Restrictions as to the cost of

houses do not interest me so much as their

appearance and how the grounds about

them are planned and kept up. I have

hundreds of building plans for all styles of

houses in HIGHLAND PARK, with

costs many cases figured, that are at your

pos-

al.

If all these things appeal to you, you will

be happy in HIGHLAND PARK. But if

you do not appeal to you, it is better

that you should not build in HIGHLAND

PARK. You will build somewhere else.

If you have planned to build somewhere

and have a lot already paid for, but had

not been in HIGHLAND PARK, come to

Sanford and see what we can do for

you. We will be glad to show you the

land, and to show you the many

advantages of HIGHLAND PARK. We

will be glad to show you the many

advantages of HIGHLAND PARK. We

will be glad to show you the many

advantages of HIGHLAND PARK. We

will be glad to show you
