average of \$4.10 with sales of approximately 12,000 crates. During the coming week good supply of celery, cabbage, cauliflower, broccoli, beets, turnips, tomatoes and other vegetables will be available.

"Warm weather continues and crops are in good condition," states C. S. Phillips, Manager of the Florida City State Farmers' Market. During the last five day auction period, 45,510 field boxes of tomatoes averaged \$4.20 and brought to the growers a total price of \$193,000. High price for the period was \$9.10. Volume of beans and squash on the market is still light. Pole beans are selling for \$4.00; string beans from \$3.00 to \$3.75 and squash averaged \$1.25 for the best quality.

R. B. Alvarez, Manager of the Bismarck State Farmers' Market reports heavy rains for the past two weeks have damaged the strawberries badly but with proper weather conditions, a small volume will be available with two weeks and a heavy volume expected by March 1st. During the present season, 200,000 plants of strawberries have passed through the market, bring growers a total of \$80,000. Growers are well pleased with the returns and expect to increase their acreage next year.

G. E. Johnson, Manager of the Plant City State Farmers' Market reports the passing of 170,000 plants of strawberries through the market during the last week reported a cash total of \$10,000. This was an increase of \$1,000 over the previous week.

Almon Williams, Manager of the Bonita State Farmers' Market reports the sale of 3,000 bushels of onions during the past week for a cash total of \$2,000. Onions averaged 20¢.

Congress Roundup

(Continued from Page One)
men who are waging a bitter campaign against wiping out the filibuster, their traditional weapon against so-called "civil rights" legislation, drew tentative support today from two northern Democratic senators, Gillette of Iowa and Hunt of Wyoming.

With the Dixie legislators prepared to fight to the end, some Democratic leaders suggested that action be delayed on the filibuster until other pressing legislation can be cleared away.

Appropriations—the House Appropriations Committee voted new life for the Office of Housing Expediter and the War Assets Administration. The action, still subject to House and Senate approval, came in voting the first big money bill of 1949, a \$400,000,000 outlay. House debate opens tomorrow, with the storm clouds already gathering.

Meanwhile the Hoover commission told Congress that the government's multi-billion dollar "housekeeping" chores should be centered in a new agency, an "Office of general services," to eliminate waste, red tape and duplication.

Admitting — Senator Sparkman (D-Ala) said that within a year or two, Americans will be able to buy a good house for \$10,000 or less. That was his reaction after listening to two weeks of testimony on the government's vast housing program.

He said he feels "pretty certain" that housing costs are coming down.

The House will be the arena this week for some familiar battles. One centers around a bill to extend export controls, and two others are involved in the year's first big appropriation bill.

IN WASHINGTON. Reps. John A. Blatnick (D-Minn.), and Homer D. Angell (right), Republican of Oregon, meet with Dr. Francis E. Townsend (center) of Los Angeles to map strategy for action by the 81st Congress on Townsend's old age pension plan. It would establish a three percent tax on all gross incomes and the revenue from it would be distributed to all persons over 60 who have no set income. (International)

Net Peace, but Armistice

Another Attack on Scott

Special to Central Press

WASHINGTON. The narrow four-vote margin by which GOP National Chairman Hugh Scott defeated the move to oust him in Omaha repre- sents merely an armistice of warring factions within the Republican party.

A new attack on Scott already is in the making by Republican "liberals" who consider Gov. Thomas E. Dewey a "conservative."

This group is dominated by Harold E. Stassen and his backers. The Stassanites feel that their real chance of gaining control of the party lies just around the corner.

Moreover, they are hard at work on plans to win Stassen the Republican presidential nomination in 1952.

Openly critical of Dewey, the GOP's "two-time loser" in the White House race, the Stassan faction clamors for new blood in the party, with the accent on youth.

Stassen, now president of the University of Pennsylvania, will not seek the chairmanship himself but will pull plenty of strings in an effort to put one of his top lieutenants in the post.

• "WORLD CO-OP." — Government representatives soon may hush-hush conferences with industry officials on President Truman's "world co-op" program to aid underdeveloped areas overseas.

American businessmen are vitally interested in Mr. Truman's inaugural address proposal to extend the benefits of U. S. scientific and technological "know-how" to backward regions.

In point of fact, American technology always has been available to foreign nations. U. S. businessmen never show reluctance to invest abroad if conditions are right.

However, a number of old hurdles must be surmounted if Mr. Truman's program is to be effected.

The National Association of Manufacturers points out that industry's private efforts in underdeveloped countries have met only limited success. Reasons are:

Many countries want foreign private capital only on their own terms; many governments are socialist or semi-socialist and believe foreign private capital leads to exploitation; they refuse to guarantee transferability of legitimate profits or protection against expropriation.

Industry also wonders about the extent of the U. S. government participation in the program, since it feels there is not enough risk capital available to finance America's own necessary industrial expansion.

These are some of the problems to be solved, possibly by some top-level government-industry confab.

• ATLANTIC PACT.—The president's request for military aid to western Europe appears headed for almost certain approval by Congress.

The Senate is expected to give more than the required two-thirds vote for ratification of the Atlantic Pact when it is submitted by the chief executive.

Implementation of the treaty will require at least a billion dollars. However, only a smattering of opposition is expected.

Under the proposed treaty, American munitions and war supplies will be supplied to the nation's allies. This, of course, is designed to "discourage" any possible Russian attack. The treaty may also contain a pledge of U. S. military aid in the event of an onslaught by Communist armies against any signatory to the pact.

The pledge could not be made good without congressional action, since under the Constitution only Congress has the power to declare war.

House Group Okays Pension Plan For Vets

Proposed Bill Would Give \$90-A-Month To All Veterans Upon Reaching 65

WASHINGTON, Feb. 15.—(AP)—Several members of the House Veterans Committee today walked out of a stormy session at which the committee approved a veterans pension bill.

The bill would give \$90-a-month pensions to all veterans of World Wars I and II at the age of 65.

The story of the squabbling came out after the closed-door meeting broke up. The fight later spread to the House floor where cries of "dictatorship" were raised against Chairman Rankin (D-Miss.).

Some committee members told reporters after the meeting they did not see the final draft of the measure until today's meeting.

One member, who asked that his name not be used, said Rankin was defeated on one issue by a vote of 14 to 5, but demanded a roll call. The walkout followed.

The committee's measure was a compromise of a proposal by Chairman Rankin (D-Miss.) to start \$60-a-month pensions at the age of 60.

The bill also sets up pensions for non-service-connected disabilities ranging from \$20 a month to \$40 for total disability, and \$120 where an attendant is required.

The Truman administration previously had indicated it opposed the pension moves. Veterans Administrator Carl R. Gray, Jr., told the committee the bills could not be considered in connection with the program of the "problem."

Gray estimated that the cost would be around \$2,000,000,000 the first year and add costs would go annually thereafter.

Protesting landlords went to Capitol Hill and assailed rent control as "confiscation of property" and "un-American."

Sixty carried threats of mass evictions of their tenants—if Congress grants by President Truman's request for continued rent controls. Earlier at a downtown rally they applauded speakers calling for such evictions.

Mr. Truman has asked for strengthening, broadening and a two-year extension of rent controls.

The property owners opened their fight before the House Banking Committee, Housing expediter (Continued on Page Eight)

C. of C. Launches Annual Membership Drive With Appeal For More Funds

The Seminole County Chamber of Commerce launched its annual membership drive today with an appeal to the business and professional men of the county for additional contributions amounting to a little over \$3,000.

With a goal of \$12,000 this year as compared with \$8,827 actually raised from memberships last year, President John Ivey revealed that the directors have approved an increase in individual membership dues from \$5 to \$6. He pointed out that a number of contributions greatly exceed this amount.

The need for more funds to carry on the wide range of activities already initiated or planned by the trade body for this year was emphasized by Mr. Ivey who said that it costs money to send representatives to Tallahassee or Washington seeking approval of various local projects and that unless the county is represented at these important meetings, the in-

3 Bandits Steal \$30,000 From Baltimore Bank

Daring Daylight Raid Is Made At Branch Of Union Trust Co.

BALTIMORE, Feb. 15.—(AP)—Three bandits held up a Union Trust Company branch bank in a daring daylight raid today that netted more than \$30,000.

One gunman, wearing a mask, hurried an eight-foot partition to the inside of the cashier's cage and forced head teller Karl Yost to empty the cash drawers into a shopping bag.

A search by more than three dozen police cars shifted into nearby areas adjacent to the city after reports the escape auto had sped westward.

As one of the gunmen stood lookout and the second worked inside the cashier's compartment, a third went into the office of Shepard S. Pearson, Jr., holding him and a customer at bay with his gun.

Pearson, manager of the bank, said the exact amount of the loss would not be known until later but that several cash drawers had been overlooked by the gunman. Still, more than \$30,000 was gone.

Six women tellers were ordered to stand back at gun point—several becoming hysterical—as Yost, the robber's revolver against him, marched from drawer to drawer and emptied them.

Howard Singleton, 52, of Baltimore, who was making a deposit, claimed his wallet which he said contained \$400 under a writing shelf. When the men fled, he went outside to get the license (Continued on Page Eight)

Sun Tells Desire To Resign Post As China's Head

Li Is Reported To Have Asked Premier To Remain In Office

NANKING, Feb. 15.—(AP)—Premier Sun Fo asked permission today to "take a rest" the usual politico-Chinese form for expressing a desire to resign.

Control Yuan President Yu Yen said he took the request from the premier to acting President Li Tsung-jen. The premier, now of Canton, is reportedly opposed to Li on the question of peace with the Communists.

Yu would not say how he reacted to the request. But other sources said Li had messaged Sun asking him to remain in office.

Some sources here said Li hoped to give the post to former Defense Minister Ho Ying-ching in the event Sun insisted on stepping down. He several months ago refused Chang Kai-shek's request to head the Executive Yuan when Chiang was serving on (Continued on Page Eight)

Bailey Requests Support For Plan To Finance Schools

GAINESVILLE, Feb. 16.—(AP)—State School Supt. Thomas D. Bailey last night called upon school people to back any legislative program designed to support the schools. He termed it "a moral obligation."

In a single challenge Bailey urged some 300 school principals here to support a legislative tax program. "To show the people the progress we have made under the 1947 school law" and to work for the improvement of instruction in the schools."

The Florida school head did not suggest any specific tax program. "School people shouldn't initiate a tax program," he said.

"But when the Legislature lays down a program of taxation to support the schools we have a moral obligation to go out and support it, and help put it over in the local community," he declared.

Calling it "most critical year financially, for education and state services," Bailey said the money "just isn't there."

He expressed "deepest sympathy" for the Legislature. "They face the greatest tax problem of any legislature in many years," he said.

He called the Legislature's problem (Continued on Page Eight)

Wreck Averted By Quick Work Of Youth

SALINBURY, Conn., Feb. 15.—Quick thinking by nine-year-old Dick Kenney was credited with averting disaster when the driver fainted at the wheel of a bus with 30 children aboard.

The driver, George Dodge, 33, suddenly collapsed in a faint. His body, in falling, brushed against the wheel, and the vehicle headed toward a ditch and public utility pole.

Dick, a fourth grader, remembered what his father had taught him about driving, grabbed the wheel. He headed the bus straight down the road for about 400 yards, and then deliberately swerved it into a snowbank.

The boy said he knew the engine would stall when it hit the snow, and, sure enough, it did. No one was injured.

SMALLPOX EPIDEMIC

BATAVIA, Java, Feb. 15.—(AP)—Health authorities said today smallpox epidemic is sweeping Batavia and other parts of Indonesia.

Officials said 150 new cases have been reported in the past week. They said the victims will be moved to a provost leper colony at Cirebon Island.

Asthenites said some 14,000 persons are being vaccinated each day in emergency medical stations throughout Batavia.

ASKS INCREASED FEES

TALLAHASSEE, Feb. 15, (AP)—The Florida Industrial Commission is considering a request by dockers that they be allowed to increase fees for workmen compensation cases.

Representatives of the state medical association and the Florida Association of Industrial and Railway Surgeons said expenses of doctors have increased about 100 percent since 1938 when our fees were set.

The Captain Earl, ship's boat, was the object of a brief search by the Coast Guard as a "missing person," was safe here today after riding out head winds for several days that blocked return to her home port.

Capt. Sammy Yost said "we had found no going back into New York Beach Friday but the system the Communists impose their will virtually without restraint.

House Speaker Rayburn (D-Tex.) said today, "all probability we'll have to increase in taxes."

He made the statement shortly after a group of top Democrats left a White House conference with President Truman.

Rayburn told reporters he was making the statement to deny reports that his legislation has been prepared to force the House Way and Means Committee deadlocked in its efforts to pass Social Security legislation.

He said, "I expect that Social Security has been considered ahead of tax legislation."

House Speaker Rayburn (D-Tex.) said today, "all probability we'll have to increase in taxes."

He made the statement shortly after a group of top Democrats left a White House conference with President Truman.

Rayburn told reporters he was making the statement to deny reports that his legislation has been prepared to force the House Way and Means Committee deadlocked in its efforts to pass Social Security legislation.

He said, "I expect that Social Security has been considered ahead of tax legislation."

"WHAT do you think Ray?"

W said Al Blaun, sheriff of Columbus County.

The coroner, Ramon Borda, looked down again at the corpse.

"I figure she was not shot from behind while kneeling down," "My examination shows, he replied, "the bullet that penetrated her heart was the one that smashed into the mechanism of the vacuum-cleaner." He paused a moment, then continued: "I'd like to ask her husband a question."

Blaun and Borda found Juan Toledo in the kitchen, exhibiting all the evidences of grief.

"Didn't you hear ANYTHING that might have given a shot?" Blaun asked him.

"I reckon now I did," Toledo admitted. "I heard a sharp crack. I guessed it was boulders from a truck hit on the road, and didn't think anymore about it because I heard Maria's vacuum-cleaner start up a minute or two later. Then, 15 or 20 minutes later, I heard the din—din—din of the vacuum cleaner again."

Central Florida Exposition Will Open On Feb. 21

ORLANDO, Feb. 15 (Special)—The 37th annual Central Florida Exposition will be held in Orlando from Feb. 21 through 26, according to an announcement by Claude H. Wolfe, exposition president.

Monday, Feb. 21, has been designated Children's Day and Government Day. Children will be admitted to the exposition grounds free of charge until 12 noon. At 2:30 P. M., there will be a special children's matinee of "Ice Vogues of 1949" in the Orlando Municipal Auditorium at the fairgrounds. No seats will be reserved for this performance of the ice show, according to Crawford T. Bleckford, exposition manager.

Monday also will be Brevard County Day and Christmas Day. In the morning 4-H Club livestock judging teams from Marianna to Miami will compete for top honors.

Tuesday, Feb. 22, will be known as Agricultural Day. It will also honor Lake County and the communities of Conway and Lockhart.

Wednesday, Feb. 23, will be Oceola Day, Osceola Day and Union Park Day, as well as Winter Visitors Day. All visitors will be invited to register at the Orange County Chamber of Commerce booth and receive badges for their respective states.

On Wednesday there will be a miniature float parade on the streets of downtown Orlando.

St. Johns county and Winter Garden will receive special notice on Thursday, Feb. 24.

On Friday, Feb. 25, Volusia County, Winter Park and Zellwood will be honored.

Saturday, Feb. 26 and last day of the fair, will be Everybody's Day and 4-H Club Day, with judging by poultry teams from Pensacola to Miami.

"Ice Vogues of 1949" will give afternoon and evening performances each day during the fair, and the James E. Stratos Shows on the midway will open daily at 1:00 P. M., except Children's Day, when they will open at 10:00 A. M.

BIBLE VERSE TODAY

You are of more value than
many sparrows. Are not five spar-
rows sold for two farthings, and
yet not one of them is forgotten
in the sight of God.—Luke 12:6

Henry Wallace's Progressive
Party is meeting in Washington to
plan a "budget of abundance". He
does not think American taxpayers
at present are being soaked any-
where near enough.

There is such a thing as hollering
"wolf" once too often. When
a Quito, Ecuador, radio station
broadcast a modern version of H.
G. Wells' fantastic novel, "The
War of the Worlds", after the manner
of Orson Welles' famous broadcast
a few years ago, an infuriated
mob, humiliated by being taken in,
attacked the radio station and
wrecked the place.

Dr. J. Hollis Miller reveals that
the University of Florida is now
the second largest institution of its
kind in the entire South. It has
over ten thousand students and is
exceeded in size only by the Uni-
versity of Texas. The College of
Architecture at Florida's University
is the fifth largest and one of
the best in the United States.

George Lantz, a 55 year old
winter visitor to Leesburg, was
drowned the other day when the
boat in which he was fishing over-
turned on Lake Harris. Those who
go fishing should remember that
if they cannot swim, have no life
preserver handy, they are only a
few inches from death, a distance
which shortens rapidly if the
boat should turn over.

This is "Heart Week", when efforts will be made by the
American Heart Association to educate
the public on heart disease and to raise some \$5,000,000 to
carry on the work. Did you know, for instance, that in the state of
Florida alone, 6,438 persons died
of heart diseases in 1947, as compared
with 2,686 who died from cancer, 818 from pneumonia; 796
from tuberculosis; and 729 from
automobile accidents?

We don't suppose the time will
ever come when it will be more of
a distinction to be a private than a
lieutenant colonel, but if Governor
Warren keeps on increasing
the size of his staff, he may soon
have to go outside the ranks of
his supporters during last year's
campaign. The Associated Press
has just completed a census of 67
Florida counties and finds that the
Governor has appointed 1,493
lieutenant colonels. Fortunately
they draw no pay and furnish their
own uniforms.

Although there are still plenty of
jobs available in this country for
those who are willing to work, a
total of 1,707,351 persons last
week were receiving unemployment
compensation at an average rate
of \$21 a week, and another 348,
225 filed claims which are still
pending. How many of them, we
wonder, are like a former employee
of ours who last fall went on a
drunk, created such a disturbance
with his landlady that he had to be
locked in jail, and then quit his
job even though in our dire necessity
we were willing to give him
another chance, and is now collecting
unemployment insurance.

Malcolm Bingay quotes Franklin
Roosevelt when he was first running
for President as saying: "Tax
are paid in the sweat of every
man who labors. If those taxes are
excessive they are reflected in idle
luxuries, in tax-sold farms and in
the faces of hungry people tramping
the land seeking jobs. In
this country the workers may never see a
cent of what they pay. They pay it
and the rich get richer."

Reign Of Taggart

Old-time Democratic war medicine is recalled by the
death of Thomas Taggart Jr., who, like his father, was for
years Democratic national committeeman from Indiana and
proprietor of the French Lick Hotel.

The greatest achievement of the elder Taggart, in his
long period as head of the party in Indiana, was Woodrow
Wilson's nomination in 1912. Throughout the convention
deadlock Indiana had voted for her favorite son, Governor
Thomas R. Marshall. Finally Taggart switched to Wilson,
and soon brought over his partner, Major Sullivan, head of
the Illinois machine. As a reward Marshall became vice-
president on the Wilson ticket.

Taggart served briefly as senator by appointment from
the governor to fill a vacancy. When he ran for re-election
in 1916, he struck a bad year for Indiana Democrats, and
went down with all the other party nominees.

His last great fight was in 1924, at the Madison Square
Garden Democratic convention. While William G. McAdoo
and Al Smith battled vainly for many ballots, Taggart
worked to have the party choose for a compromise Indiana's
favorite son, Senator Samuel M. Ralston. He might have
accomplished this, for he got the Ralston strength up to
35 votes, with a landslide looming on the next ballot. At
this point the senator, who was in bad health, permanently
stopped the boom and withdrew from the race. The con-
vention then turned to John W. Davis of West Virginia
and New York.

The younger Taggart leaves no son to carry on the
family name, which will be long remembered in Indiana
and elsewhere.

Reading Figures

All excited by a note in the day's news which said the
average family was going to save \$1 to \$1.50 on the next
week's meat bill, a bread-winner took pencil and paper to
confirm it. He was sadly disillusioned.

Meat dealers were quoted as authority for the estimate
of such a saving, "based on the assumption that a family of
five buys between 20 and 30 pounds of meat a week." Perhaps
it is a petty point that the "average" family has
not five members but something less than four. Does the
family of five buy twenty pounds of meat a week? If it
did, the people of the United States would eat all of the
meat produced in the ten leading meat producing countries
of the world, except Russia, for which figures are not
available. It is a fair guess that there is not enough meat
in the world, including Russia, to supply the people of the
United States at the rate of thirty pounds a week for a
family of five. As a matter of fact the total consumption
of meat in this country, including what goes to restaurants,
canneries, and other commercial consumers, amounts to only
about thirteen pounds a week for a family of five.

It is possible to produce all kinds of exciting figures,
if one is not too fussy about the assumptions on which they
are based. Figures get kicked around quite a bit these days.
When reading them, it is necessary to take a thoughtful
look at the fundamental assumptions, as a help in judging
whether the figures are reliable.

III Health

There are times when bad health is a very convenient
possession. It can always be adduced as a reason for not
doing something which otherwise would be hard to avoid.
The latest instance is the Russian intimation that Stalin
would be delighted to confer with President Truman, only
it must be in Russia, Poland or Czechoslovakia. His health
forbids him to go farther.

President Roosevelt and Secretary Hull took the long
trip to Moscow when both were overworked and far from
being in the best trim. One way is no longer than the
other. But excuse for ill health is at least more polite than
a flat refusal. The Russians are preserving the amenities,
at times.

Included in the list of projects
to which the Chamber of Commerce
points with pride as accomplishments
of the past year are the successful negotiations
with the Mayfair Inn by the New York Giants, the completion
of the Wadsworth Creek cutoff and the 12 foot St. Johns

River channel after promotion of
the project by the Chamber of Commerce covering a period of
several years, and the actual puz-

by the trade organization.

For the coming year the Chamber of Commerce expects to see an
increase in tourist promotional activity,
the construction of terminal facilities
for St. Johns River transportation, the
construction of a new bridge over the St. Johns
River on Road 46 at Lake Jessup, additional housing facilities in-
cluding low cost housing, promotion of the St. Johns-Indian River
canal, and resurfacing and improvement of various county roads.

Manager Ed Higgins and his
office staff were busy today preparing
letters and literature which will be mailed tomorrow to all
prospective Chamber of Commerce
members. It is hoped that no direct
solicitation will have to be made, and
all those who want to have a part in the organization's work
for the improvement and development of Seminole County are urged
to mail their checks in at once.

The Key Club had a meeting this week and new officers for the club were elected. P. R. Bach is president, Clarence Clause - vice president, Alan Hetzel - vice treasurer, and Jack Spencer - treasurer.

Raymond Kuder, who is a charter member of the Kiwanis club, talked to them about the origin of the club and what it should mean to them. The local Kiwanis Club has invited the "Key Klubbers" to watch the Giants in some exhibition games out at the base next Thursday afternoon; afterward they will have dinner for the boys. The only trouble is, I know they will hate missing an afternoon of school!

Mr. Morris' mother is visiting him and his family from San Antonio, Texas. We hope she enjoys her stay in Sanford. Jean Sayer, who graduated from BHS in 1947, is in Sanford for a few days. She has been elected secretary of the student body at Florida State University--we are sure are proud of Jean!

Honor Roll--Seniors: Mary Alice Herndon, Payne Mae Coughen, Betty Ball, Bette Duncan, Barbara Ann Edenfield, Juanita Fleischman, Adie Adams, Beatrice Blaske, Ellen Driggers, Joanne Harriet, Margaret Malloy, Mildred Miller, Florell Miller, Jacqueline Sutherland, Shirley Thomas, Charlotte Wais, Ann Whittaker and John Wilhelmen. Robert Beckwith, Theodore Hodges, Bob Kilpatrick, El McKinley, Walter Ruth and Ronald Taylor. Betty Jane Young, a senior, has the highest average in the whole school, with 98%. Robert Beckwith has the next highest average, with 97 1/2%.

In the boys' gym classes they had the volley ball tournament. Stanley Brumley's team played James Manning; Brumley's winning. Horace Green's team was against David Russel; Green's team winning. Brumley's and Green's teams will now play two out of three games, the winner will challenge the faculty, and they hope to play in Chapel next week.

New water fountains have been installed on the school grounds. The Home Ec Club went down to the Sanford Electric Company, where Mrs. Bill Tyre showed them demonstrations of all general electric equipment. The girls enjoyed the talk and found the demonstrations very interesting.

In Chapel Friday the Orlando high school students gave an "Exchange" program. Dorothy Knight, the president of the Library staff, gave the Scripture. The students especially enjoyed one of the double quartette boys songs "Old Man River" and "Farewell Boy" and a cute pair give a tap dance to the tune of "Buttons and Bows"; to end a top performance some cowboy songs were sung by Jack Branham--students liked him so much that he came back for a couple of encores!

The basketball boys are getting ready for the District 3 State Basketball Tournament to be held in Orlando on March 2nd, 3rd, and 4th. The 1st game will be with Daytona Island at 8:30 in the afternoon. We have high hopes for our 8th boys to show the other teams what we are all

The Central Circle of the Sanford Garden Club met on Feb. 11 at 10:00 A. M. with Mrs. R. W. Turner at her home on Park Avenue. Mrs. B. C. Moore, president, presided over the meeting.

Reports were heard from various committees and Mrs. Moore told of the first board meeting held last Wednesday in the new club building. Mrs. F. E. Bolls, temporary courtesy chairman, requested volunteers to be in charge of five flower arrangements for the annual Garden Club luncheon to be held Feb. 17 at the Mayfair Inn.

Mrs. Moore and Mrs. Bolls were nominated as delegates to the state convention scheduled for April 21-22 in St. Petersburg. Alternates are Mrs. H. M. Papworth and Mrs. E. B. Clements. Plans were discussed for the third in a series of bridge parties being sponsored by the circle, the date and place to be announced later.

The date for the annual flower show was announced as Mar. 16 and 17 and all members were urged to participate. Mrs. A. J. Peterson was in charge of the program for the afternoon and presented Mrs. E. G. Kilpatrick, birds and conservation chairman, who outlined work of her committee. The circle voted to join the Audubon Society and Mrs. A. K. Rossetter described the albatross and many other birds on Bird Island.

Mrs. W. E. Smith of DeLand was the house guest of her sister, Mrs. J. B. Ray. Mrs. Ray recently returned from Tampa where she spent about a month with her daughter and son-in-law, Mr. and Mrs. Byron Stevens.

Mr. and Mrs. William Way have their guests at their home on Valencia Drive. Mr. and Mrs. John Bennett and daughter Joy and Mr. and Mrs. Bruce Westall and daughter Mary Alice, who are en route from a trip to Cuba to their home in Burnsville, N. C.

Mrs. C. A. Dutton has as her guests at her home on Palmetto Avenue, her sister Mrs. Parks Rusk and son Harl who have just returned from Brazil. Mr. Rusk is associated with a leading newspaper in Rio de Janeiro.

Those present were Mrs. Moore, Mrs. Francis Holtz, Mrs. G. S. Sellman, Mrs. Peterson, Mrs. J. M. Stimpfle, Mrs. Rossetter, Mrs. Holtz, Mrs. C. N. Thoroughbred Racing Association Is Not Alarmed Over Betting Drop

NEW YORK, Feb. 15—(AP)—Donald P. Ross, president of the Thoroughbred Racing Association, refuses to become alarmed over decreases in betting last year at most race tracks.

"We've been expecting after me three or four years," the head of Delaware Park and owner of the Brandywine Racing Stable, said in an interview.

Ross based his optimism on the fact that track attendance generally has been maintained, despite a falling off of per-capita wagering.

"This is a healthy condition, and shows people are not betting more than they can afford."

"It must be remembered that there are many commodities that can be bought today that have not been available for the past five years. To speak of a few, auto-mobiles, refrigerators and numerous other household articles that were not manufactured, and hence not on the market, during the war years."

"When it is taken into consideration that today the public can buy things with its money, it is easy to understand why revenue at race tracks has fallen off, just as it has in other lines of business."

Ross said race track owners, in spite of reduced betting, still must provide improved facilities for their customers. One example,

PHILADELPHIA — "Most creative and constructive track coach in the business" is the title Temple University claims for today he had been offered a cut in salary for the 1949 season.

"Cut?" he snorted. "It's an amputation."

Rickert said he had returned his third unsigned contract to the Boston Braves. The best figure offered to date, he said was \$1,500 less than he received last year with the Milwaukee Brewers of the American Association.

Rickert was pulled in by the Braves at the end of last season after Heath, an outfielder, broke a leg sliding. Commissioner Happy Chandler made a special ruling in the case so the Braves could use Rickert in the series with Cleveland.

The Tacoma, Wash., Cinderella player got the first series hit for the National Lancers—a safety off Cleveland's Hobby Feller in the opening game.

The players voted Rickert a full share in the Series split, but this was disallowed by the Commissioner. Rickert chuckled that he "got less than the bat boys out of the Series."

It had been reported from Boston that Rickert was lined up with the Braves for the 1949 season, but the outfielder said he had not signed a contract "yet."

He said he was anxious "naturally" to play for Boston but "not for less than I got in the minors."

"I'm not a rookie taking my first swing at the Majors," said Rickert who has won the uniforms of Cincinnati and the Chicago Cubs.

SEC Scoring Record Set By Vandy Ace

NASHVILLE, Tenn., Feb. 15—(AP)—The Southeastern Conference scoring record for a single game is taking a terrible beating this season. It has changed hands for the second time in two weeks.

Vanderbilt's Flashy Forward Billy Joe Adecock, who racked up the most points in the conference last year, dumped in 36 points against Mississippi State last night to take the honor.

Alex Gratz, lanky center of the University of Kentucky, took the seven-year record only a week ago when he scored 34 points against Tennessee.

Added by Adecock's sizzling shooting and 14 points by George Kelley and 13 by Captain Mike Grant, the Commodores mauled the Mississippians 90 to 45.

This victory was Vanderbilt's seventh in conference play this season against four losses.

Bill Kennedy of the St. Louis Browns was the only American League pitcher last season to participate in a triple play.

Cauliflower Ears Buzz As Five Champs Figure In Ring Activity

NEW YORK, Feb. 15—(AP)—Five world champions figured today in a rash of ring activity that had cauliflower ears buzzing.

These were the fast-breaking developments:

1. Heavyweight Champion Louis Willard agreed to meet Ezzard Charles in a bout to determine a suitable challenger.

2. Lightweight Champion Ike Williams and Cuba's Kid Gavilan prepared to sign for a Mar. 18 return bout—the winner to get a shot at Walter King Ray Robinson.

3. Charley Johnson, manager of Sandy Saddler, said he would go to the New York Athletic Commission with a complaint against referee Eddie Joseph's handling of last Friday night's fight in which Saddler beat the featherweight title to Willie Pep.

4. Tony Zale, boxing's rugged steel hand who refuses to wear trunks, predicted he'd win back his

Golf Pros To Be Shooting For Big Stakes This Year

CHICAGO, Feb. 15, (AP)—Golf's Tourney pros will be shooting for a \$265,299 purse in 16 meets on the summer schedule.

With the exception of the \$10,000 U.S. and Canadian opens, the minimum prize per tourney will be \$15,000.

Topping the money list are the \$300,000 National PGA at Richmond, Va., May 25-31, and the \$35,200 George S. May "world championship" at Tam O'Shanter in Chicago Aug. 11-14. May's All-American Tourney with a \$20,000 jackpot is Aug. 6-9.

The National Open will be June 9-11 at Chicago's Medinah Country Club. The Canadian Open is June 22-25 at Toronto.

The summer tour opens with the \$15,000 Goodall Round Robin Invitational at New Rochelle, N.Y., May 12-16; it closes earlier than usual with the \$15,000 Grand Rapids, Mich., Open, Aug. 18-21—last year's only new tourney.

Cabinet Okays Office Budget For Governor

\$214,480 Expenditure Plus \$59,000 In Contingents Is Approved For Next 2 Years

TALLAHASSEE, Feb. 16—(AP)—Governor Warren's budget, approved today by the Cabinet, calls for \$3,000 less total appropriation but about \$27,000 a year more in staff salaries than his predecessor's.

In two budgets—one for regular funds and one for a contingent fund—he set up salaries for a staff of 14, compared with seven that came with Caldwell when he left office Jan. 4.

The budgets, together, call for an \$8,000 a year assistant, a \$6,000 administrative assistant and a \$5,600 personal assistant. Caldwell had a \$6,500 executive secretary and one \$4,800 assistant when he ended his term, but at the beginning he too had a third assistant in his office.

As the Cabinet resumed its consideration of record fund requests, it sliced \$1,206,767 off the \$2,783,278 budget of Florida A. and M. College for Negroes. That is the same 33 percent cut that was made in University of Florida and Florida State University requests last week.

It would leave FAMC with a two-year general fund appropriation of \$2,496,081, which is 720,480 above what it has been allowed to spend for this biennium.

The University of Florida Extension Service request of \$947,580 was cut by \$260,000, leaving a two-year budget of \$685,940 compared with present expenditures of \$670,700 from the general fund.

The Florida School for Deaf and Blind request of \$1,006,520 was reduced \$24,103, leaving a recommended appropriation of \$1,072,417.

The governor's office regular budget calls for \$214,480, compared with a current appropriation of \$211,480. The contingent fund of \$59,000 is \$1,000 less than the present appropriation.

The regular budget is an item of \$8,000 salary for Frank Wright, assistant to the governor. That is the salary he now is getting from the contingent fund left to Warren by his predecessor.

Former Governor Caldwell's executive secretary and top aide, Ed Struglin, received \$6,500 a year.

The governor's budget lists a salary of \$4,000 for an administrative assistant, which is \$1,300 more than administrative assistant C. L. Clark now is getting and his predecessor.

World Federalists Seek New Members

Members of the United World Federalists met last night at the City Hall at 8:00 P. M. to make plans for a membership drive in cooperation with a national membership drive from Feb. 20 to Mar. 20. Climaxing the drive will be the World Government Week from March 6-12.

Mr. T. E. Tucker, secretary, stated this morning that national publicity during World Government Week will emphasize "the idea of world government rather than the actual organization of the United World Federalists."

The goal of the drive is to enlarge the national membership five times, increasing it from 40,000 to 200,000 persons.

The local organization hopes to have a total of 200 members and Mrs. Tucker added that since the last meeting of the group the membership has increased from 31 to 49 members. In charge of the membership drive in Sanford will be Joe McCalin and assisting him are Mrs. Helen Schultz, Frank Shames, H. C. Hatzel and T. E. Tucker.

PREDICTS QUAKE

TOKYO, Feb. 16—(AP)—Professor Saemontaro Nakamura predicted today the Japanese west coast would be struck by a major earthquake shortly.

The Tohoku University professor said his prediction was based on his observations of unusual changes in terrestrial magnetism along the Japan sea.

FARM VETERANS

Sandy Anderson, manager of the Sanford State Farmers' Market, will address members of the Veterans On The Farm Training Class Wednesday night at 7:30 o'clock in the Future Farmers' Building on the subject of grading, packing and marketing vegetables.

A motion picture, "Veterans at Work in Rural Communities," will be shown by John Stevens, instructor of the class. Wives of the veterans will prepare and serve a supper.

Figures In U.S.-Hungary Dispute

ANDREW SIK
LT. COL. PETER KOPCSAK

ALTHOUGH possibility of a break between the U. S. and Hungary were called off, the diplomatic conflict following the Mihalyk trial has continued unabated. Following the demand that the American minister be recalled, Washington circles speculated on whether this country would retaliate by declaring the Hungarian Minister, Andrew Sik (left), no longer welcome. At right is Lt. Col. Peter Kopcsak, American military attaché, whose recall from Budapest has been suggested following a recent incident with State security authorities. (International)

Violence Flares In Philadelphia Transit Strike

Three Motorists Are Hurt In Attacks; Business Hit Hard

PHILADELPHIA, Feb. 16—Violence flared on Philadelphia's strike front today as weary workers plodded to their jobs despite the walkout of subway, bus, trolley and taxi workers.

Police reported three motorists were attacked by roving gangs of men. Detectives said they did not establish who the assailants were but that in each case the victims said they were accused of hauling passengers for fare. The men attacked, one of whom was hurt seriously, denied the accusation.

The outbreak came on the second day of a strike by 3,000 AFL taxi drivers and the sixth day since (Continued on Page Eight)

CAB To Investigate Plane Disappearance

CORAL GABLES, Feb. 16—(AP)—The Civil Aeronautics Board Friday will open its investigation of the disappearance Dec. 27 of an Airborne Transport, Inc., charter airline with 32 persons aboard.

The aircraft, a DC-3, vanished on a flight from San Juan, Puerto Rico to Miami. It carried 29 passengers and a crew of three.

The CAB yesterday heard testimony from 31 witnesses on the crash landing of a Pan American Airways Convair which overran the Rancho Bayeros airport at Havana, Cuba and caught fire. None of the 40 passengers or crew of three was hurt. The accident occurred Dec. 9.

T. V. Schubert, pilot, and H. W. Brotherson, co-pilot both of Miami told the seven-member board of inquiry how vibration developed during the take-off.

STEALS SILVER COINS

MIAAMI, Feb. 16—(AP)—Police today sought burglars who put on a strong man act and escaped with \$5,000 in silver coins.

The money was stolen yesterday from the home of Sid Harris, negro grocer in the Hialeah section, who had the money in a box under a dresser.

Former 'Nazis' Furnish Brains Behind German Rebuilding Task

ESSEN, Germany, Feb. 16—(AP)—The keenest production brains of the Nazi reich are rebuilding Germany west of the iron curtain.

In Europe's mightiest workshop—the Ruhr—Germans who know how to dig coal and forge steel are in high authority.

Despite four years of Allied occupation, thousands of top flight managers and engineers, who helped Hitler from choice or caution, are intensely at work.

They vehemently deny they ever dabbled in Fuehrer politics, except to carry a national socialist Party card. That is their story. The Allies, who sponsored the de-Nazification which judged them, are stonewall it—for good or ill.

De-Nazification, grandly expanded by military decree in 1945, was to have turned German society upside down and washed it snow white of the stain of Hitlerism. Thirty million of the 60,000 Germans in the Western occupation zone were hit by the Allies' original definition of a Nazi.

Red Mission Ordered From German Zone

Organization Is Suspected Of Activities Other Than Repatriation Of Russians

FRANKFURT, Germany, Feb. 16—(AP)—General Lucius D. Clay has requested the official Soviet repatriation mission in the U. S. zone to leave American occupied territory, it was announced today.

The "request" virtually amounted to an order, it was said. Army authorities said Clay, U. S. military governor in Germany, had asked the Russians to leave, but they had contended the mission was "indispensable."

Following this, the Army announced:

"Because the voluntary repatriation of displaced persons who are Soviet citizens has virtually ceased, the Russian repatriation mission in the European Recovery Program without a clause forcing any nations to take part of their aid in loans."

Recalling that, at the insistence of Congress, about one-fifth of the first year outlay was in the form of loans, Snyder said:

"It would be better policy for Congress to make the total available in the form of an appropriation."

Then he said, the Economic Co-operation Administrator, "should be authorized, with the advice of the National Advisory Council, to determine when aid should be on a loan basis, and in what amount."

In his testimony, Snyder told the Senate Foreign Relations Committee (Continued on Page Eight)

Sun Denies He Offered To Quit As China Leader

Premier Also Halts Report He Will Go To Macao For Rest

CANTON, Feb. 16—(AP)—The breach between acting President Li Tsung-jen and Premier Sun Fo widened today as weary workers plodded to their jobs despite the walkout of subway, bus, trolley and taxi workers.

Police reported three motorists were attacked by roving gangs of men. Detectives said they did not establish who the assailants were but that in each case the victims said they were accused of hauling passengers for fare. The men attacked, one of whom was hurt seriously, denied the accusation.

The Premier rejected an demand that he and his cabinet resign or return to Nanking. Sun said also he was not going back to the government together.

Sun also squelched local reports that he and T. V. Soong, former Kwangtung province governor, would go to Portuguese Macao for a rest.

Departure for Macao at this critical period would be tantamount to yielding to pressure from Nanking for dissolution of the Sun cabinet.

Emerging from his third Cabinet meeting, Sun made his final decision that he had offered his resignation.

Pay Hike For School Board May Be Sought

DEPUYIKA SPRINGS, Feb. 16—(AP)—Salary increases for county school board members may be sought at the 1949 Legislature. Walton County Superintendent of Education John F. Budworth said yesterday.

The school board members from nine northwest Florida counties agreed a rest for increased pay at a meeting here this week.

The session was called to discuss proposed school legislation to be submitted to the 1949 Legislature. A similar meeting was held in Jacksonville recently.

ROLLING CLASS Visits State Farm Market

A class of 40 young men and women from Rollins College, under direction of William Melcher, visited the Sanford State Farmers' Market last night and heard Sandy Anderson, market manager, tell interesting facts concerning the growing, harvesting and packing of vegetables and the methods of grading for sale.

Mr. Anderson described the class as one of the most interested, tentative and orderly groups he has talked to since he became manager of this market. The students were from many states and asked many questions concerning Florida produce. They were especially interested in the loading of cabbage and other vegetables in the huge trucks from 11 states, he declared.

Each student was presented with a fancy stalk of celery, the gift of Standard Growers, Inc.

DINGFELDER HONORED

Simon L. Dingfelder, a sophomore at Cornell University, has been elected 2nd Lieutenant of Company E, Fifth Regimental Headquarters, Parachute Rifles, a national military honor society. Last year Dingfelder received the Dykstra medal as outstanding cadet of the year. He is a son of Mr. and Mrs. Julius Dingfelder of this city and graduated from Remond High School in 1947.

In 1948, most Allied officials seem as weary as the Germans of being resupplied that the nation was once mobilized in the Nazi party and its auxiliary organizations, which went so far as to include school children in the Hitler Jugend and the Bund Deutsche Maedel. The American attitude is still to repress Communism.

De-Nazification, grandly expanded by military decree in 1945, was to have turned German society upside down and washed it snow white of the stain of Hitlerism. Thirty million of the 60,000 Germans in the Western occupation zone were hit by the Allies' original definition of a Nazi.

WAKULLA STAYS DRY

CRAWFORDVILLE, Feb. 16—Residents of Wakulla County voted 588 to 577 to keep their dry, liquor election result showed today.

Bale of intoxicating beverages has been forbidden in the county since it was outlawed by an election two years ago.

West Allies Operate Huge Radar System

LONDON, Feb. 16—(AP)—Western European Union Allies are sending an air raid warning network across Europe from the British Isles to the Mediterranean.

First hint of the farflung radar system—similar to the Canadian-American warning network plan for northern Canada—was given in the British government's white paper on defense last night.

It said British ground radio equipment is being supplied to France, Belgium, Holland and Luxembourg "for an integrated early warning system."

An official source disclosed today a central warning control headquarters would be established and that RAF radar stations in the British occupation zone of Germany would be "tied into" the network.

ST. PETE COACH

JACKSONVILLE, Feb. 16—(AP)—Paul Jenkins, former University of Kentucky quarterback and widely known as a prep football coach throughout Kentucky and Ohio, has been elected head football coach at St. Petersburg High School. He is currently head coach at Vero Beach High School on Florida's east coast.
