# TOUR of HOMES in the Sanford - Seminole Area

The Sanford Herald

Page 10 - Dec. 20, 1963

## Santa's Got That New Home

Christmas at home... this has been the dream of all of us who were at Anzio... Normandie... Guadalcanal... Coral Sea... Leyte... Pusan... Corregidor.

Most of us have been home for years now, and we appreciate Christmas at home!

Christmas — the word — comes from Christ Mass — a word which means simply that our Saviour —

the Son of God — was born to us and for us on this day. So we're actually celebrating a birthday that made the real difference in human destiny. The word mass signifies an occasion for worship.

So a Day like this belongs to the home — the family — the tree — the gifts — all follow the thought of loving your brother as yourself — and out of this love for another comes the greatness of our nation.

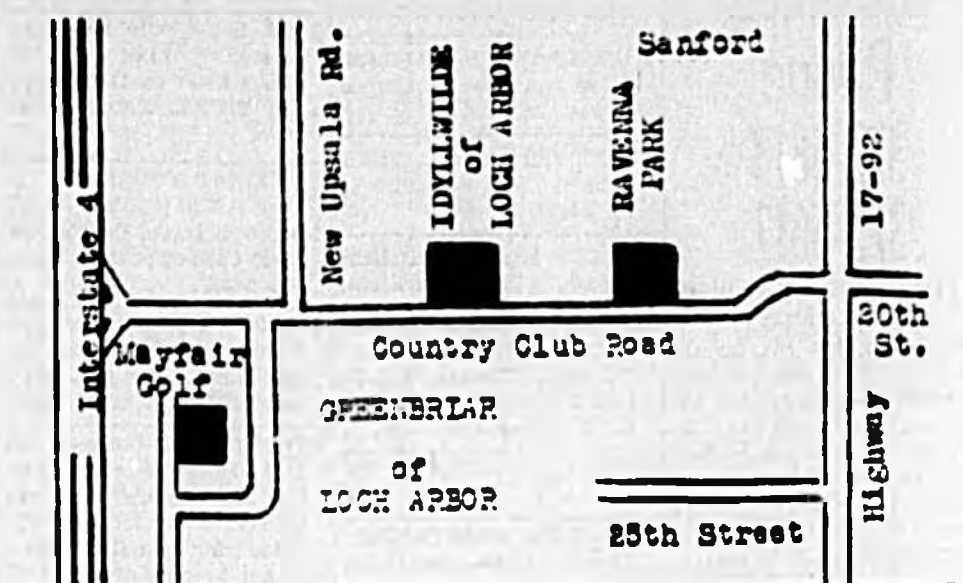

Kay Shoemaker's Idyllwilde is one of the most beautiful places where you'll find homes of distinction. See, and you'll agree.

Ride through Ravenna Park — that already established community of fine homes, and see the only home now available — at 411 Tangelo Drive — They seem to sell faster than Kay can build them! There must be a reason — so see 411!

Bobby Robbins of Kingswood

Builders is really ecstatic about "Lot 14" in Greenbriar of Loch Arbor. This is the new home in the big picture in their ad below. According to Bobby, one couple bicycled out to see it, and were glad they did.

If you had an inkling that a new home would be the greatest gift you could give your family, go see these, and make a move. And have a Merry, Happy, Joyful Christmas At Home!

### Courthouse Records

Real Estate Transactions V. Enos et ux, Sunland Estates \$10,950.

### THE FURNACE WITH A FUTURE

### GENERAL ELECTRIC OIL FURNACE

Here is a unit built for a future of service with G-E dependability an integral part... built for a future of comfort because it is easily and inexpensively converted to year 'round air conditioning.

"Vertifin" heat exchanger distributes more heat faster with oil.

Low lines... only 55" high.

Proud-to-show handsome styling.

CALL FA 2-6562 PLUMBING - HEATING AIR CONDITIONING Bill Halback, President 1007 S. Sanford Ave.

### Hospital Notes

DECEMBER 19

Admissions: Roseta Van Zant, Marilyn J. Smith, Janice Bennett, Alton Gerrin, Daffney Sippo, Ruby McWatters, Opal Robertson, Stephan Osborne, Terry Osborne, Louise Cora Potopinski, all of Sanford; Jeff Horton, Lake Mary.

Births: Mr. and Mrs. Edward L. Buckner, baby boy; Mr. and Mrs. Michael Potopinski, baby boy, Sanford.

Discharges: Sandra Bullock, Ruby McWatters, Sanford; James P. Avery Jr., Lake Mary; Ann K. Sutton, Julian Stenstrom, Casselberry; Lena Henke, DeBary; Delores Pine and baby boy, Titusville; Patricia Friend and baby boy, Lake Monroe.

### Nazarenes Set Special Service

The Lake Mary Church of the Nazarene will celebrate Christmas at special services and a program to be held Sunday during the 9:45 a.m. Sunday School hour under the direction of Mr. and Mrs. Berwin Peters.

Christmas treats will be distributed to the children at the close of the service.

A program of Christmas slides will be shown during the 7 p.m. service by Peters.

### CYF Groups Set Parties

The Junior High Christian Youth Fellowship of the Congregational Christian Church will have a Christmas Party this evening at the parsonage.

The program will include decorating the parsonage Christmas tree, carol singing at homes of shut-ins, dancing, games and refreshments.

Members of the Senior High group will have their party at the church on Saturday evening when they will decorate the Church Christmas tree, play games and have refreshments.

### Announce Dates

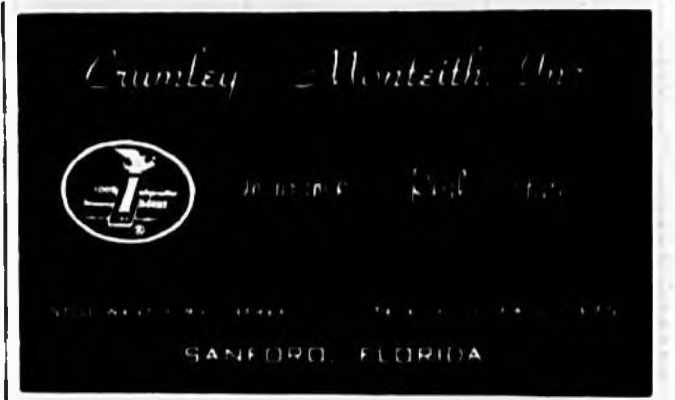

PHILADELPHIA (UPI) — Sponsors of the second annual Whitmarsh Open golf tournament announced Thursday the 1964 event will be held July 2-5.

While you are out driving this week-end, take this page with you. The map above will assist you in locating some of Sanford and Seminole County's outstanding real estate. Take a circle tour and see them all, you may find just what you are looking for in the way of a home.

### Sunday School Service

The Sunday School of the Congregational Christian Church will present its annual Christmas Service and party at 7 p. m. Sunday under direction of Mrs. Mary Schmah.

The program will include a Native pageant, carols by the Youth Chorus and Instrumental Ensemble, gifts from Santa Claus and refreshments.

Have a Merry Christmas at home -- in

# Board Of Control Plans Sanford Meeting

## Sarepta Home Forced To Close Doors

### State Board Denies License For Operation

**By Dorothy Austin**  
Despite many improvements paid for by public donations of citizens and organizations of the community, accompanied by untold hours of free labor in an effort to meet State Board of Health regulations, the Sarepta Rest Home has been denied a license to operate, Mrs. Tamaara Braden, assistant administrator of the home, said Friday.

In a meeting at the home to which County Commissioners, courthouse committee members and leading citizens were invited, Mrs. Braden informed the group present that she had received word from the State Board that no license could be approved, and regulations could not be waived.

Accompanying the denial was another list of omissions in the home's lack of specific items required for compliance with existing regulations.

The denial letter pointed out that the alterations and improvements which have already been accomplished during the year are in violation of regulations which demand that application for such alterations and changes be filed and approved by the State Board before they are undertaken.

"The rigid list of improvements that the board further specifies before a license can be issued is so expensive as to be prohibitive—we simply cannot meet these additional requirements and the would be involved expense that would be involved," Mrs. Braden emphasized.

The assistant administrator took issue with the State Board's statement that they have no discretion in waiving, or overlooking these specific regulations, in order to keep the home open.

Mrs. Braden charged that many of the existing homes for the aged in this county and in many surrounding counties cannot meet the state's rigid specifications for licensure, yet continue to operate.

"Why are others which do not meet specifications granted licenses to continue while we are singled out for denial?" she asked.

County Commission chairman J. C. Hutchison and County Home chairman John Alexander admitted that they had no answers for Mrs. Braden's questions and noted that they and the other commissioners had hoped that the Sarepta Home would be allowed to continue to operate, despite some disabilities, because of the great need for the home's service in the community.

"I am much concerned about the 25 people we have in the home," said Mrs. Braden. "I don't know where they will go now and it will be hard on these weak elderly people to move them into another environment when we have to close our doors," she said.

"There is one elderly gentleman here whom I will personally keep in my own home for free before I will permit him to be moved. He just couldn't take such a change," she added.

General Hutchison told Mrs. Braden that the Commission will do what it can to remedy the situation, even calling a special meeting of the commissioners to study the problem, if necessary.

Present at the meeting were General Hutchison, Alexander, Ford Cavanaugh, member of the courthouse committee, and Mrs. W. L. Gramkow, president of the Sanford Woman's Club, which spearheaded the drive to raise funds and assistance in order to keep the home open and accomplish the many improvements that have been made during the past year.

## news... BRIEFS

### Freighter Sinks

**HALIFAX, N. S. (UPI)**—A French freighter was reported to have sunk Saturday in the stormy Atlantic off the Canadian Maritime Provinces. The fate of its 29-man crew was unknown.

### Jumps Track

**COON RAPIDS, Iowa (UPI)**—The Union Pacific-Milwaukee Road's streamliner "City of Los Angeles," speeding to make up lost time, jumped the tracks in 14 below zero temperatures Saturday, injuring 25 persons.

### Additional Funds

**WASHINGTON (UPI)**—The Senate passed and sent back to the House a \$258 million catchall money bill providing additional funds for school districts with classrooms overcrowded by federal activities.

### Spending Study

**WASHINGTON (UPI)**—President Johnson Saturday ordered the heads of nine government departments and agencies to establish a high-level committee to study the impact of changes in defense spending and disarmament on the nation's economy.

### Freight Derailed

**JEFFERSON, Iowa (UPI)**—Between 15 and 20 cars of a Chicago and North Western freight train derailed here Saturday and damaged natural gas, propane gas and gasoline storage tanks alongside the tracks. No one was reported injured.

### Spy Confesses

**VIENNA (UPI)**—A top Bulgarian Communist diplomat at United Nations headquarters in New York has confessed in full to spying for the United States for \$200,000 he spent on an immoral life involving "many women." The Bulgarian news agency said Saturday night.

A VERY MERRY Christmas this will be for an old lady without relative or friends or money, through the generosity of G. C. Hearn, of Altamonte Springs, pictured here fitting a new hearing aid.

## Christmas For An Old Lady

This Christmas will be "one of sound" for an old lady who has been alone, without relatives or friends, in Seminole County for many years.

The "Santa Claus" for this (until now) friendless old lady is G. C. Hearn, of Altamonte Springs. He opened the "world of sound" for her last Friday afternoon.

Although it appears timely that it was a Christmas season, actually it is not. Which probably bears out that the "spirit of Christmas" should prevail all year 'round.

A month or more ago, Herald staff photographer Bill Vincent Jr. related to "R. E. Porter" that his father was interested in this old woman in an effort to obtain a hearing aid for her—that without relatives, or friends, or money, or her hearing, she was literally "cut off from the world."

A brief item was published in "Around the Clock," asking for a used hearing aid. There were a number of responses, including a call

from Hearn, who stated he is a hearing aid salesman and would donate a new one gratis. He was referred to Bill Vincent Sr. for the old lady's name and address.

Nothing more was heard until Friday morning when Hearn telephoned "R. E. Porter" to say he had fitted the old lady—best, exact and whatever else is necessary for a new hearing aid—and he was delivering it that afternoon. Bill Vincent Jr. was on the job and reported the following:

"It was wonderful to see her. Mr. Hearn placed and adjusted the hearing aid, and then flipped the switch. She looked amazed, looked around when she heard a noise in the room, then looked through the window when she heard traffic on the road. Mr. Hearn spoke to her, and she looked at him. 'Did you speak to me,' she asked. And he said he did. Then with utter amazement, she cried, 'Why I can hear you!'

"It's stories like these that make it a Merry Christmas for the so-called newspaper reporters.

**MERRY CHRISTMAS!**

### Quints Go Home For Christmas

**ABERDEEN, S. D. (UPI)**—The Fischer quintuplets—all five of them—were home for Christmas Saturday.

The last two quintlets to leave the hospital, Mary Ann and Mary Catherine, were taken home by their parents to join their eight brothers and sisters, including the three quintuplets who left the hospital previously.

The Fischer quintlets, born Sept. 14, are the only surviving set in United States history.

### Tax Upheld

**TALLAHASSEE (UPI)**—Florida's new wholesale tax on sporting goods survived its first legal test, winning a decision from Circuit Judge Hugh Taylor that it is not invalid on its face.

## Bitter Deadlock Scuttles Plans For Adjournment

**WASHINGTON (UPI)**—The 88th Congress — in a shouting mad temper—scuttled plans to adjourn for the year Saturday night and ordered sessions next week in an effort to end a bitter deadlock over the foreign aid spending bill.

A White House source and a top Democratic House leader accused Republicans of waging a legislative "sit down strike" against the \$3 billion aid appropriation.

After waiting all day on a stand-by basis, the Senate signalled the official end of attempts to adjourn by recessing until noon Monday.

An undoubtedly fighting mad President Johnson put off his scheduled departure Sunday to spend the Christmas holidays at his Texas ranch.

House Democratic leader Carl Albert (Okla.) and House Republican leader Charles A. Halleck (Ind.) engaged in a shouting match over the situation before the House called it quits for the weekend.

## Florida Economy Seen On Upswing

**JACKSONVILLE (UPI)**—The State Chamber of Commerce predicted Saturday steady and sound growth for the Florida economy through 1964 but said there has been no sign yet of the startling gains which had once been predicted for the 1960s.

In its weekly business review, the Chamber said the states economy has been on the upswing since late summer and is in position to wind up 1963 on the bright side, with enough momentum to carry over into the start of 1964.

By most business barometers the economic picture looks pretty good, the review said. However, it noted construction employment was below 1962 and house purchase mortgages were six per cent below last year.

## Russian Family Gets Acquainted

**PORTSMOUTH, Ohio (UPI)**—A Russian family, here for a Christmas week visit, toured the snow-covered hill country west of here Saturday, became more acquainted with their American hosts and planned an old-fashioned ice skating session.

The family of Viktor Pozdnev, a Moscow auto worker, received friendly interest and became accustomed to the American way of life during a week-long international goodwill stay in this small Ohio River city.

## Confidence Vote

**ROME (UPI)**—Premier Aldo Moro won a vote of confidence in the Senate Saturday—his second and last parliamentary hurdle.

## City To Ponder Annexation

Consideration of annexation and utilities at the new multi-million dollar Sanford Shopping Center, Highway 17-92 and Onora Street, will highlight Monday evening's meeting of the City Commission.

Also up for consideration are a proposal of an increase in the general employe pension system, revised rental rates at the Civic Center, second reading of ordinances for vacating of rights-of-way and for rezoning, and recommendations of the Zoning and Planning Commission.

## 17 Arrested

**ATLANTA (UPI)**—Seventeen Negro students were arrested Saturday night as they sat in a local restaurant.

## 'Work Conference' Set Monday To Review University Site Bids

**TALLAHASSEE (UPI)**—The board of control announced Saturday it will meet in Sanford Monday to review elements involved in selection of a site for a new university in east-central Florida.

Board Chairman Baya Harrison called the meeting a "work conference." It will be held at the Mayfair Inn.

It will climax a week-end inspection tour of the four proposed sites still under consideration by the board, the final inspection before the board's Jan. 10 meeting in Tallahassee when Harrison said "we will attempt to make a final decision on a site."

The four sites under study, two in Orange and two in Seminole County are:

Orange: The Bluestone site, 1,000 acres located 12 miles south of Orlando; the Desert Farms site, 3,000 acres located two miles southeast of Rocket City.

Seminole: The City of Sanford site, 1,200 acres bordering on the Sanford city limits; and the Lee Ranch site, 2,300 acres located north of Chuluola.

## Zero Weather Continues To Blanket North

**United Press International**  
Bitter cold continued through the last full day of autumn from the Rockies to the Atlantic Saturday, setting more low temperature records and coating much of Mississippi with up to five inches of snow.

For the ninth consecutive day the temperature dipped below zero in Chicago, a December record. It was 14 degrees below zero at Indianapolis, Ind., early in the day, eight degrees below the record for the date, set in 1901.

Temperatures hovered near the zero mark early in the day as far south as North Carolina, where Raleigh recorded a low of seven degrees.

It was 31 degrees below zero at Bemidji, Minn.; 28 below at Devils Lake, N. D.; seven below at Columbus, Ohio; 12 below at Des Moines, Iowa; 12 below at Omaha, Neb.; one below at Kansas City, Mo.; 21 below at Moline, Ill.; four at St. Louis, Mo., the coldest since last Jan. 11; and 19 below at Eau Claire, Wis., where the mercury has failed to climb above the zero mark since Tuesday.

## Strawder Enters Jail Thursday

**W. R. Strawder Jr., 35, of 1208 Park Avenue, will enter county jail Thursday to serve a 30-day sentence for contempt of court. And unless he pays a \$500 fine, he must serve a second 30-day sentence.**

Circuit Judge Volie A. Williams, in finding Strawder guilty of contempt of court in tampering with a jury, pointed out he was permitting Strawder to spend Christmas with his family because of his eight-year-old daughter, Strawder's and a Williams' daughters are classmates.

During an hour-long hearing Friday afternoon, Strawder was charged with approaching former Sheriff Percy Mero to request he intervene on his behalf, in the trial of C. R. Lowdermilk, who subsequently was found guilty on five counts of bilking the Hi-Acres Concentrate of \$200,000 in a citrus swindle.

## 40 Children Enjoy Navy Yule Party

Santa Claus arrived at the Sanford Naval Air Station Friday bearing gifts for more than 40 children and their families who might otherwise have found Christmas a rather dismal event.

The children, all from underprivileged homes in the local area, were guests at a Christmas party thrown by the station's first and second class petty officers and their wives.

The party included songs, movies and skits; ice cream and cake and bits of fancy decorations. There was also a tour of the Heavy Attack Squadron 3 flight line for a look at a sleek A-3A Vigilante. But best of all, Santa Claus joined the party — and he came bearing gifts for one and all.

He gave away model ships, baseball equipment, dolls and even a bicycle until every one of the young celebrants had received a present. Then St. Nick rounded out a merry Christmas for the children and their families by sending all the makings of a Christmas dinner—including turkey with the trimmings — into each one of their homes.

Some of the gifts were donated by Christmas-spirited merchants. Others were donated by the petty officers, themselves. Many of the toys were used items which the busy men had reconducted during off-duty hours.

The cost of the party had been covered by independent

fundraising ventures such as wives' bake sales and merchants' donations.

The children ranged from toddlers to teen-agers. Special arrangements had been made with their schools to let them out for this special event.

The party, held in the station's Aey Ducey Club, is an annual project of the NAS Sanford and Heavy Attack Wing 1 first and second class petty officers.

One of the sponsoring POs others less fortunate than we to have a Merry Christmas, we increase the joy of the Christmas season for ourselves many times over."

ANNUAL CHRISTMAS party for underprivileged children sponsored by first and second class petty officers of Sanford Naval Air Station was staged Friday afternoon. POs pictured entertaining some of the children, are, left to right, Harland Feeder, Ernest Hodge and Skip Guthrie.

R. E. Porter is assuming the license "to steal" nearly all of this week's Lion Pause, compiled by Editor W. E. MacLuehlin. It is much too interesting not to pass it on to The Herald readers, too.

**ONCE A YEAR**—How seldom Christmas comes—only once a year; and how soon it is over—a night and a day! If that is the whole of it, it seems not much more durable than the little toys that one buys of a fakir on the street corner. They run for an hour, and then the spring breaks, and the legs come off, and nothing remains but a contribution to the dust heap.

But surely that need not and ought not be the whole of Christmas—only a single day of generosity, ransomed from the dull servitude of a selfish year—only a single night of merry-making, celebrated in the slave-quarters of a selfish race! If every gift is the token of a personal thought, a friendly feeling, an unselfish interest in the joy of others, then the thought, the feeling, the interest, may remain long after the gift is forgotten.

Henry Van Dyke

A copy of the first Christmas card, etched by an English artist, is in the British museum.

The largest Christmas tree ever lighted was 304 feet tall. It was in California's redwood forest, and was first decorated on Dec. 21, 1945.

Incredible as it seems, the odds against a man getting a tie for Christmas are 7-to-1.

The peacock was the official Christmas bird in early England and was not replaced by the turkey until the 16th century.

**Verse 'n' Verse**  
Tis the night before pay day  
And all through my jeans  
I've hunted in vain for the  
Ways and the means.  
Not a quarter is stirring,  
Not even a bit;  
The greenbacks have left me,  
The pennies have quit.  
Forward, turn forward, oh,  
Time in thy flight  
And make it tomorrow,  
Just for tonight.

Christmas is the season when the kids want something that will separate the men from the toys.

Early Americans, especially those in New England, did not celebrate Christmas. They even looked on it as a day of evil, calling it "the multitude's idol day." In 1659 Massachusetts passed a law which read: "Whoever shall be found observing such a day as Christmas... either by forbearing of labor or feasting in any way... shall be fined five shillings." Gov. William Bradford sentenced three youths to jail for playing on Christmas.

Burning the Yule log was an old Teutonic custom. Druid priests celebrated the mid-winter solstice in honor of the turning of the wheel of time, called by them the "Hoult." At solemn gatherings, a large log was blessed and prayed over that it might burn forever. The superstition persists that the log must burn a whole night or bad luck will follow.

**Holiday Horror**  
The fellow I'd like to haul in oil  
Or happily have a python  
coil  
Is the lowly cad from whom  
our wives  
Are sure to buy our Christmas ties.

**MERRY CHRISTMAS TO ALL, AND TO ALL, GOOD SIGHT!**

## WAVE Dies Of Meningitis

**JACKSONVILLE (UPI)**—A Wave at Jacksonville Naval Air Station died Friday of spinal meningitis, the navy reported.

The victim was Dorothy Margaret Tobias. Officials said the type of meningitis she had was not highly communicable.

### Longwood PTO Harvest Carnival Nets \$662

By Miss Gehlsted  
Reports that the November Harvest Carnival sponsored by the Longwood Elementary PTO netted \$662.35 were given by Jerry Rhee, treasurer, at the month's regular meeting of the group held last week in conjunction with the school's annual Christmas program.

Mrs. Pat DeVillaggio, vice and mess chairman, and Mrs. Len Vanden, president, extended appreciation to all those who assisted with the event.

Charles McIntosh, membership chairman, urged that all parents take the opportunity after reporting that of the present time there are 35 less members enrolled than at the same time last year.

Mrs. Vanden announced that school board representatives will present a panel program for the next PTO meeting which will be held in February. Mothers of fifth grade students will be in charge of refreshments at this time.

Members were asked to give careful study to proposed by-law amendments which must be effected by a two-thirds vote of members present for a regular meeting providing the proposed changes have met with approval of the executive board.

### Horse Play(ers) In Settlement

MIAMI (UPI) — Four horse players who parlayed a \$2 bet into a \$34,126.80 windfall, then fled suit when the winning ticket holder threatened to sue on the payoff, have divided up the last out of court.

But Thomas Lee Miller, who threatened to sue his pals out of the payoff, wound up with the lion's share of the winning, \$14,126.80.

Frank Lee Smith, David McMillan and Ed Brown, who claimed along with Miller on that fateful Friday two weeks ago that they chipped in \$1.50 of the winning ticket, each got \$2,892.50.

### Junior High FHA Holds Tea For Faculty

By Jane Cassberry  
The teachers and staff of the South Seminole Junior High School at Casselberry were entertained Tuesday afternoon at a faculty tea given by the Future Homemakers Club in the Home Economics Room.

The girls served a delightful variety of cookies and party sandwiches with punch and coffee. Clever Christmas decorations and gifts made by the FHA members were displayed. The girls showed considerable ingenuity in creating their own designs. For example, lovely wreaths were made from just about every conceivable material including plastic bags, aluminum, macaroni, clothes pins, felt, and facial tissues.

Mrs. Thelma Mosholder is faculty advisor for the organization.

CHRISTMAS DECORATIONS and gifts made by the South Seminole Junior High FHA were on display at the Faculty Tea given by the group. Officers shown are, from left, Sandy Fetter, president; Gail Lincoln, vice president; Marilyn Jenquin, secretary and Marsha Hubbard, treasurer.

### France, Germany Hit Showdown In Common Market

BRUSSELS (UPI) — France and Germany reached the showdown point Saturday in their bitter wrangle over agricultural policy in the six-nation European Common Market.

The issue was forced by West German Foreign Minister Gerhard Schroeder when he faced the foreign ministers conference here with a virtual ultimatum.

He gave the conference until Monday night either to settle the highly technical negotiations or else call a postponement until the new year.

The German move brought an immediate strong reaction from French President Charles de Gaulle who has threatened dire consequences for the Common Market unless the agriculture policy is settled by Dec. 31.

In Paris, de Gaulle summoned German Ambassador Manfred Kläber and told him he insisted that Germany keep its word to see the community's common agricultural policy through by the end of the year.

At the same time de Gaulle asked the French ambassador in Bonn, Roland de Margerie, to deliver a similar message to West German Chancellor Ludwig Erhard.

The situation faced the Common Market with its gravest crisis since it was set up in 1957.

### LBJ Disciple Of Christ Member But Goes To Episcopal Churches

By United Press International  
In his churchgoing habits, President Lyndon B. Johnson exemplifies the "mobility" which is characteristic of U. S. Protestantism.

In the jargon of religious sociologists, "mobility" refers to the widespread American tendency to move casually from one church to another, ignoring denominational lines.

President Johnson has exhibited it to such a degree that it is difficult to pin an accurate denominational label on him, or to identify any particular local congregation as "the President's church."

Officially, he is still a member of the First Christian Church of Johnson City, Tex., a small white frame church near his ranch which he has attended off and on since boyhood.

It has a congregation of 70 members, all of whom Johnson knows by name. It is not a full-time minister, but services are conducted weekly by a lay preacher, Roy Akin.

"Mr. Johnson takes an active interest in our church, and contributes to its support," Akin told a UPI reporter. "He is a devout man with strong convictions."

### Agents Guard The Kennedys

PALM BEACH, Fla. (UPI) — Police Secret Service agents are seeing to it that Mrs. Jacqueline Kennedy and her two children are not bothered by anyone but Santa Claus.

Agents at the gates of a villa lent to the family by C. Michael Paul and on the telephones are kindly informing callers the family wishes seclusion for the holidays.

But Santa will be welcomed to the two homes to leave gifts for the Kennedy children, John Jr., 3, and Caroline, 6, will rip the wrappings off presents early Christmas morning and then will ride about a mile north to the home of their grandfather, former Ambassador Joseph P.

Store Held Up  
ST. PETERSBURG (UPI) — A lone gunman held up the main offices on the third floor of Mass Brothers Department Store in downtown St. Petersburg this morning of an undetermined amount of money.

Air Service  
PUNTA GORDA (UPI) — The first scheduled airline service for Charlotte County will begin Jan. 15 when South Central Airlines of Ocala begins operations at the Charlotte County Airport here, it was announced today.

AO/1cl JAMES K. Chambliss (right) is being sworn in for a six-year re-enlistment in Heavy A-1 Squadrons 7 at Sanford Naval Air Station by Cdr. LeRoy A. Heath, the squadron commanding officer. Chambliss has more than 21 years of active service. (Navy Photo)

### New Satellite Flashes Back Vivid Pictures

CAPE KENNEDY (UPI) — America orbited a sophisticated new weather satellite Saturday that quickly flashed back vivid pictures of a massive cloud and ice layer around the Great Lakes and a spectacular view of the Eastern Seaboard.

"This is really coming through great — much better than we had expected," said one scientist who viewed some of the initial pictures.

The Tiros-2 satellite is equipped with a new photographic system capable of sending "instant" weather pictures to forecasters around the world.

The new equipment eliminates the time-consuming job of earlier satellites had of sending their pictures to a few elaborate ground stations for processing.

With the new system, called "APT" for automatic picture transmission, weather stations using receiving facilities costing as little as \$25,000 can get a quick look at their weather as soon from more than 400 miles in space.

The first three-frame series of pictures from the new equipment was received at three stations in the mid-Atlantic coastal area. It showed the eastern coastline, its cloud cover and a frontal system moving into the area.

On the next pass over the U. S., three pictures were received. One of these was the frame showing the massive cloud and ice layer around the Great Lakes.

The second was washed out on the receiver at Cape Kennedy but the third showed a spectacular view ranging from Washington, D. C., to the mid-Florida area. It showed the outline of the southeast coast distinctly with layers of clouds off the Atlantic Coast and stretching across the Georgia-Florida border.

### Kennedy Assassination Leads By Far 10 Top News Stories Of 1963, Two UPI Polls Show

NEW YORK (UPI) — The assassination of President Kennedy — one of the top stories of the century — completely dominated a news year that ranked highest in drama and import of any year since World War II.

That was the consensus of editors who selected the "ten biggest news stories of 1963" compiled by United Press International.

The integration story in the U.S.A. was the overwhelming choice for second place on the list, announced Wednesday night. The annual poll of editors represents hundreds of UPI subscribers in the United States and Canada.

The Pope John XXIII — Pope Paul VI story and the Gordon Cooper space flight counted closely for third place. The papal death-and-succession took third, Cooper fourth.

Here is the 1963 list:  
1. Kennedy assassination.  
2. Integration, U.S.A.  
3. John XXIII dies, Paul VI succeeds.

Union, Air Line In Agreement  
WASHINGTON (UPI) — The International Association of Machinists union voted Saturday to accept a contract settlement with United Air Lines, ending a labor dispute that had threatened to curtail United operations at the height of the Christmas rush.

A spokesman for the IAM said the vote was nearly 2-to-1 in favor of a settlement worked out early Wednesday only hours before a strike deadline.

The agreement was on a contract providing for wage increases of 30 cents an hour, by stages, to reach a \$3.52 hourly rate for the ground crewmen by Jan. 1, 1964.

4. Cooper space flight.  
5. U.S.A.-Britain-Russian nuclear test.  
6. Assassination of Premier Zhou and brother in Viet Nam.  
7. Atomic submarine Theater lost.  
8. Profumo sex scandal in Britain.  
9. Supreme Court rules against praying Lord's Prayer in schools.  
10. Fischer Quintuplets.

The ban by the major powers on nuclear testing in the air held steady in fifth place throughout the balloting.

Fairly close to the quintuplets of Aberdeen, S. C., as runners-up but not quite big enough to make the list, were two stories of widely dissimilar news import: The 14-day ordeal and rescue of two buried coal miners at Shepton, Pa.; and the widening split between Red China and Russia.

Those two finished in a virtual tie for the 11th spot. Others close in the honorable mention list were De Gaulle's veto of British membership in the European Common Market and the Russian launching of "twin" astronauts, one a woman.

Many editors remarked that 1963 seemed the noisiest year since the war. Some said the list might have better included the 15, or perhaps 20, "biggest."

UPI submitted ballots containing 32 major events of the year for the consideration of editors. They usually base their judgments on significance, public impact, shock value, human interest, readability, and the amount of space the story occupied in the newspapers.

The "ten biggest news stories of 1963" list as voted by editors of UPI subscribers in Europe:  
1. Kennedy assassination.  
2. Pope John-Pope Paul.  
3. Nuclear test ban treaty.  
4. The Profumo affair.  
5. French veto of British Common Market entry.  
6. The German mine disaster and rescues.  
7. Valont Dam collapses kills thousands.  
8. and 9. (tie) Adenauer resigns, Erhard takes over; and Skopje Earthquake.  
10. Macmillan resigns; Lord Home takes over.

Edged by narrow margins were the first woman in space, Kennedy's European tour, Diem assassination, Britain's train robbery, Soviet grain purchases. Integration in the U.S.A. didn't place.

## Happy Hearts Beat Yuletide Greetings

BERLIN (UPI) — The hungry hearts of joyful West Berliners defeated bitter cold, snow and red tape Saturday for weekend pre-Christmas reunions with loved ones on the other side of the Communist wall.

Official estimates said 20,000 West Berliners were permitted to cross the anti-refugee barrier on this second full day of the Communist approved Yuletide silt in the Iron Curtain. Friday was a working day and only a few thousand crossed.

Communist police, standing guard at the holes they chopped through the concrete,

## 2 Turks Killed In Clash With Cyprus Greeks

NICOSIA, Cyprus (UPI) — Long-rankling enmity between Greeks and Turks erupted into violence here today for the first time since Cyprus became independent in 1960.

Two Turks were killed and two Greeks and a Turk were wounded in two clashes.

A huge crowd gathered at a protest meeting in the Turkish quarter, creating a threat of possible new disorders. There were reports the Turks might attempt a march through the city.

Greek shops and offices in the Turkish quarter closed their doors as a precautionary measure.

A police communique said the trouble started when a group of Turks refused to submit to a police search at dawn in a street between the Greek and Turkish Cypriot quarters.

The Turks began shouting and then the crowd charged the police. Someone in the crowd opened fire with an automatic weapon and the police returned his fire.

One Greek policeman was seriously wounded, and police later found a Turk who had been shot to death in the exchange. A Turkish woman who was seriously wounded during the gun battle died in a hospital.

## Liz Sez: 'We'll All Be Happy'

LAS VEGAS, Nev.—Actress Elizabeth Taylor's fourth husband, singer Eddie Fisher, looking ahead to his divorce so she could be free to marry Richard Burton:

"I'm sure it will be over very soon and everybody will be very happy."

### Pre-Christmas Cold Strikes Into Florida

By United Press International  
Temperatures skidded to near zero in the upper tier of Dixie Saturday on the first day of winter. A hard crust of frozen snow covered the mid-section of Mississippi and snow flurries swirled in Alabama.

The pre-Yule cold wave stretched all the way into the Florida Peninsula where temperatures were expected to approach the near freezing mark by Monday morning.

Eight persons died in Mississippi traffic accidents after the cold wave swept across the state with a mixture of freezing rain, sleet and snow. Four of the victims—two women and two children—died in a car-train collision near Piquette.

Temperatures fell to one degree above zero early Saturday at Bluefield, Va., and Norfolk had an 18-degree reading.

Predicted sleet and snow for the Carolinas failed to develop but sub-freezing temperatures hung on.

The U. S. Weather Bureau offered no relief from the early winter cold snap that produced a record breaking low temperature readings of the season in Georgia and a number of other points.

The Weather Bureau in Atlanta said late forecasts indicated mostly cloudy and continued cold weather in the southeast at least through Sunday. The forecast said rain, sleet or snow was likely by Sunday night or Monday.

Low temperatures ranged from 10 to 20 degrees in Tennessee early Saturday and from the 20s and low 30s in Georgia, Alabama and extreme North Florida.

A bright sun bathed Atlanta after an early morning low of 21 degrees. A low of 10 degrees two days ago set an all-time low record for the date.

Early risers in parts of north Louisiana found traces of snow still on the ground Saturday morning and New Orleans was warned of a possible low of 30 degrees by Saturday night.

### Couple Slain, House Burned By Killer

TRUMANN, Ark. (UPI)—An assailant Friday night shot to death Leonard Deaver and his wife, Martha, and then set fire to the house. Four other members of the Deaver family burned to death.

Poinsettia County Sheriff Ray Holmes said a suspect was arrested at Jonesboro, Ark., about three hours after the fire and that he would be taken to the county seat at Harrisburg later today for questioning.

Holmes declined to reveal the suspect's name or comment further on the investigation of the rural tragedy.

### Holy Cross Announces Services

Christmas Eve services at Holy Cross Episcopal Church will be opened at 11 p.m. with a program of special music by the Senior Choir under direction of Miss Beatrice Buck. The traditional Midnight Mass will follow at 11:30 p.m.

On Christmas Day a full Choral Eucharist will be conducted at 9:30 a.m. Music for this service will be provided by the church's Junior Choir.

### Hoffa Trial Ruling Due

NASHVILLE, Tenn. (UPI)—U. S. District Court Judge Frank W. Wilson Friday promised to rule on pre-trial motions in the jury tampering trial of Teamster President James R. Hoffa as soon as possible.

Wilson, of Chattanooga, a special judge appointed to sit in place of Judge Frank Gray Jr., heard arguments from defense attorneys in their bid to have the Jan. 8 trial delayed and moved to another city.

# Seminole, Oviedo Both Lose Double Headers

## Lowly Broncos Beat Chargers Four Straight

United Press International  
The lowly Denver Broncos, winners of only two games and plagued with nine injuries, are all that stand between the San Diego Chargers and the American Football League Western Division title Sunday. But the Chargers could not be more worried.

The Broncos have handed the Chargers four straight defeats, the last by a 50-34 margin, since co-Charger assistant Jack Faulkner took over the head coaching reins. The Chargers are 14-point favorites to win at home.

In other games the Oakland Raiders entertain the Houston Oilers and are six-point favorites to win their eighth straight. The New York Jets visit Kansas City, where the Chiefs are 9 1/2-point favorites to avenge a 17-0 setback handed them by the Jets earlier this month.

Denver, which suffered most of its injuries in last week's 52-31 loss to Oakland, promises to come up with an equalizer. The regular backfield of quarterback Mickey Slaughter, halfback Hewitt Dixon and fullback Billy Joe will not start because of injuries.

The replacements, Don Broux, Don Stone and Gene Mingo, could come up with a different type of attack. Coach Jack Faulkner is aware of the success George Blanda had against the Chargers with the shotgun last week and may go with it.

Quarterback Broux has averaged 4 1/2 yards on the ground this year as well as being a capable passer. Stone has been known to pass on occasion on the option play.

Charger coach Sid Gillman doesn't relish facing this second backfield. Broux is an ex-Charger looking to show up his former teammates; Mingo has scored 28 points in the last two games between the two; and Stone scored all three Denver touchdowns when the clubs met in San Diego last year.

## Wizard Passes South To Win

MIAMI (UPI) — George Mira, the passing wizard of Miami, hurried his Dixie comrades from behind a two-touchdown deficit Saturday to lead the South annual North-South College All-Star game.

Mira, voted the South's most valuable player, thrilled a sparse crowd of 19,120 in the Orange Bowl as he pitched for two touchdowns, passed for a pair of two-point conversions and set up the clinching touchdown in the final quarter.

Mira's touchdown tosses were to Clem Dellenger of Tulane and teammate Nick Spinelli, while his two-point conversion passes were gathered in by Spinelli and Duke's Stan Crison with Florida's Frank Lasky contributing the other point by placement. Dave Casinelli of Memphis State plunged over from the two for the final quarter score.

## MSU In 16-12 Win Over N. Carolina

PHILADELPHIA (UPI) — Mississippi State "saw something" in workouts before Saturday's Liberty Bowl game and it set the pace for the blocking of a first period kick and a 16-12 win in frigid Philadelphia Stadium.

Coach Paul Davis, in a quiet dressing room, explained how the pre-game tipoff started the Southeast Conference Cinderella team to its victory.

"We noticed that the North Carolina center seemed to have difficulty passing the ball in the pre-game warm-up," Davis said, "and we figured that if we put on a quick rush we might block one."

The observation paid off in the first six minutes.

## SHS Places 2 On All-Star Teams

MIAMI (UPI) — The unbeaten Orange Belt champion Seminole High School placed one man on the first team and another on the second team of the 17th annual Little All-State Florida High School football team, announced by the Miami Herald.

## First Federal Sponsor Of Shrine Game

College football stars from throughout the nation will match skill and brawn in the annual Shrine East-West game that will be played at San Francisco's Kesar stadium on next Saturday, starting at 4:45 p.m. EST. It is expected that some 30,000,000 television viewers will be watching this stellar attraction, co-sponsor of which is First Federal Savings and Loan Association.

The West went down in defeat last year, 19-25, but the high caliber of the game left fans across the United States praising the performances of the gridiron greats who took part.

More than \$3,000,000 has been raised to support the Shrine Crippled Children's Hospitals by means of these all-star classics, of which the S&L business has contributed about \$2,000,000 during six sponsored games.

The Shrine sponsors see to it that the players get a pre-game opportunity to visit one of the hospitals. The admiration of these youngsters who cannot run, thrill the football stars and give them a dedicated appreciation of their own physical blessings. The knowledge of the benefit that comes to these youngsters gives the college men added incentive to make the game an excellent one. They know that the kids whom they are trying to help will be watching on TV and will be expecting the best of each player.

## Miami Talks Two Prospects

CORAL GABLES (UPI) — University of Miami officials interviewed assistant head coach Walt Kichefski today but reached no decision on a replacement for head coach Andy Gustafson, now athletic director.

Kichefski was out of town on a recruiting trip and was not expected back until after the weekend. When he returned early, however, he met today with university president, Dr. Henry King Stanford, and a committee from the board of trustees and one from the faculty.

Dr. Stanford will make the final decision, a university spokesman said, but asked help from other officials in passing on a new coach.

The spokesman called the interview with Kichefski "pleasant and productive, but no decision was reached."

Georgia Tech Assistant Charlie Tate was interviewed earlier and Florida State University Coach Bill Peterson was reported scheduled for an interview during the weekend.

## Lions Beaten By Mt. Dora 62 To 39

By Joe Warden  
Oviedo lost Friday night's game to Mt. Dora by a score of 62 to 39, due to low percentage shooting, the average being 15.

The Mt. Dora team carried the advantage of height over Oviedo, resulting in the Lions having trouble throughout the game controlling the backboard and court.

High point man for Oviedo was Jimmy Courier with 15. Billy Mikler, Rex Brooks, Danny Gemmage and Dick Stewart each put in four points for Oviedo.

High point man for the entire game was Ron Mikell for Mt. Dora. Teammates Gottfried and Stewart both dumped in 10 points, three of which led to the winning score of 62-39 for Mt. Dora.

Mt. Dora and Oviedo ran an even score in the first and second quarters. Mt. Dora scored 15 points and Oviedo 11, in the first. In the second quarter Mt. Dora scored 17 and Oviedo 18, to put Mt. Dora ahead 32-29 at half-time.

In the third quarter Mt. Dora scored 11 and Oviedo three; in the fourth Mt. Dora scored 19, holding Oviedo to seven, giving Mt. Dora the lead.

In the preliminary Jayvee contest Mt. Dora squeaked by Oviedo 34 to 29.

High point men for Oviedo were Walter Beasley and Bobby Bealther. Frazier of Mt. Dora, high scorer, led the game with 12 points.

Scoring in the Jayvee game by quarters ran as follows: first quarter—Oviedo 6, Mt. Dora 4; second quarter—Mt. Dora tied up by scoring 10 points, holding Oviedo to 8, giving 14-14 at half; third quarter—Mt. Dora scored 9 points, holding Oviedo to 4, and in the fourth Mt. Dora scored 11 to Oviedo's 9, adding up to a final score of 34-29 for Mt. Dora.

Statistics on Oviedo Varsity:

## Falcons Hold First Practice

ORLANDO (UPI) — The Air Force Academy football team was nearly 12 hours late in arriving here to set up a practice camp for its Gator Bowl appearance but the coaches wasted no time in getting the practices started.

The Falcons landed at McCoy Air Force Base here early this morning after an earlier attempt to fly here was halted by plane trouble.

The team arrived shortly after midnight today but was on the practice field this morning for an hour and a half conditioning session with a lot of running. The Falcons have not practiced for about two weeks.

They returned to the field this afternoon for another hour and a half session of controlled blocking and contact work.

The Falcons will practice every day this week in preparation for the Dec. 28 bowl game against North Carolina in Jacksonville.

A practice session is scheduled for Sunday after church services, but the team will take a break in the afternoon to visit the tourist attraction at nearby Cypress Gardens. Full practice sessions are planned for Monday and Tuesday with light sessions on Christmas Day and again on Thursday. The team will go to Jacksonville Friday.

**Top TD Man**  
ST. LOUIS (UPI) — John David Crow led the St. Louis football Cardinals in touchdowns last season with 17. He gained 751 yards rushing and 246 yards on pass receptions.

**NANCY CASWELL SHOWS HER** favorite greyhound — Hypnotique. The black and white champion belongs to the Starlight Kennel and is trained by Nancy's father Henry Caswell. Hypnotique is a candidate for the Inaugural Handicap Christmas night at the Sanford-Orlando Kennel Club.

## Greyhounds Get Feel Of Track

The greyhounds are getting accustomed to the Sanford-Orlando Kennel Club racing oval and it showed up Friday night when the first four schooling races were run in better than 32 seconds.

Cecil Austin's Rare Sport clocked a 31.50 in the opening event to win over favored W. D.'s Ormael.

Tom Sweeney's Two Bears came right back to run a fine 31.64 in the second event, Fred Whitehead's Gary Tray won the third in 31.97 and Sweeney's Fleet Matron ran a 31.75 in the fourth.

It was the third straight victory for Fleet Matron and the triumph put the little 58-pounder in the picture for the 29th running of the inaugural handicap Christmas Night.

Several campaigners are sure to be tapped after tonight's events — the final

## Evans Scalps Tribe 81-54

By Mike Coole Jr.

Friday night a capacity crowd at the Seminole gymnasium saw Orlando champion Evans Trojans deal the faltering Seminoles a double basketball defeat as the JV's fell 63-47 and the varsity netters went down 81-54. This was the second night in a row that the Seminole basketball machine has been twice-wrecked. The JV's and varsity both now stand at 1 win and 4 losses.

In the junior varsity contest Evans immediately surged ahead of the smaller Baby Seminoles and were never threatened as the JV visitors constantly held a ten to fifteen point margin over Sanford. The JV Trojans' well executed plays with alert team play showed great superiority over the hustling but lacking offense of the Seminole JV's. At times the locals displayed the fine potential possessed by such sharpshooters as Ronnie Hinson and Al Boniface, but the taller and more accurate Evans team cut off every rally attempt and controlled the ball as the buzzer ended the game giving the Evans JV's the victory 63-47.

In the varsity battle the Seminoles showed a great deal of improvement from their loss to Mainland as they gave the Trojans a real run for their money before succumbing to the taller Evans team. Using a full court press, Sanford matched their opponents point for point in the first quarter until Trojan Dick Wiedenbeck hit three straight jump shots from the pivot to shoot Evans into the lead.

The backboards were all to the Trojans in the first half, but the Fighting Seminoles more than made up for that deficiency with their alert and fast-paced game-playing as they stole the ball repeatedly and dribbled through and around the Evans five. Only costly mistakes late in the game and a disastrous record at the foul line kept the Indians from taking a big victory from the Orlando champions.

Only a ten point margin separated the two teams as the second half started. From this point on the referees were as busy calling fouls as the players were playing. Both teams were at the foul line time and time again, and this proved to be the Seminole downfall as Evans sank shot after shot but the locals didn't.

Mike Bowers, showing his fine ability with a basketball, drove in under the Evans basket time and again to outmaneuver the defenders for 16 points. Berry Johnson proved his worth as a Seminole sparkplug hitting for eight points and setting up many shots for his teammates. Big Ken Tyre fired 10 big points for the Sanford effort and hauled in numerous rebounds from the taller Evans team. Other SHS scorers were McCleary with 8 points, Barks with 4 points, and Brown with 4 points.

Dick Wiedenbeck paced all of the scorers with 30 points to tie an Evans school record. Metro conference scoring leader Chuck Farrell followed with 19 points for the Trojans. Monday night the Sanford Seminoles travel to Davis Armory in Orlando to tangle with the Oak Ridge Pioneers at 8:30 in the Tangerine Bowl Basketball Tournament. The locals are now 1-1 in Metro conference play and 1-4 overall.

Sanford 54 13 12 14 15-54

## Giants 11-10 Favorites To Beat Bears

CHICAGO (UPI) — The New York Giants pit "the passing wizardry of Y. A. Tittle against the Chicago Bears' unyielding defense next Sunday in the National Football League's championship playoff.

The Eastern Division champions were slight 11-10 favorites over the Bears, surprise winners of the Western Conference, for the title game to be played at Wrigley Field.

The remarkable defensive record compiled by the Bears this season and the equally impressive offensive might shown by the Giants make this playoff game a "natural."

Chicago held its 14 opponents to an average of a fraction more than 10 points per game; New York's scoring average of 32 points is the fifth highest ever recorded in NFL history.

Although defense is the Bears' forte and offense the Giants', each team also is strong in the other phase of football.

The Bears managed to score points when they needed them in the defensively toughest Western half of the league. And the Giants had the best defensive record among the teams in their offensive-minded Eastern Division.

The 37-year-old Tittle is a free-wheeling passing master who completed a record 36 touchdown throws in 1963. He thrives on the long-bomb.

# Garden Club Board Presents Program

By Jane Casselberry

The South Seminole Garden Club met last week at the Casselberry Women's Club with the program and decorations keyed to a festive holiday note.

The executive board joined in the spirit of the occasion by presenting a humorous skit which poked fun at a business meeting of a fictitious garden club.

Those taking part in the skit were Mrs. H. T. Crittenden, Mrs. Ralph Newcomer, Mrs. Ken Green, Mrs. F. Heuberger, Mrs. Otis Lee, Mrs. Leota Putman and Miss Ella Cummings.

Mrs. E. P. Richards gave a reading called, "A Christmas Legend."

Inexpensive gifts were exchanged by the members and gifts were brought to be donated to the Lions Club Christmas basket project for the needy.

Refreshments were served prior to the meeting by the hostesses, Mrs. Elton Bennett, Mrs. Walter Krohne, Mrs. C. W. Holmes, Mrs. Ralph Hammond and Mrs. W. J. Hartley.

BOARD MEMBERS presenting a humorous skit for the South Seminole Garden Club were, from left, Mrs. Kenneth Green, Mrs. H. T. Crittenden, Mrs. Ralph Newcomer, Mrs. F. Heuberger, Mrs. Otis Lee, Mrs. Leota Putman and Miss Ella Cummings. (Herald Photo)

## Calls Jam Phone Lines

Bob Shelden, Southern Bell Manager, says the Telephone Company faces a tremendous problem in handling long dis-

tance calls beginning on Christmas Eve and continuing through Christmas Day.

"Florida's problem in handling the increased volume of calls," Shelden explained, "is complicated by the following factors:"

Geographically Florida is in a position of being at the bottom of a funnel in the routing of long distance calls. Calls going to or coming from California or Maine must go through the small part of the funnel before they can be completed.

Florida's tremendous growth has been mainly through the immigration of people from all over the country to our State. The large transferred population generate a larger number of long distance calls than is experienced in other states.

Calls made at Christmas tend to last for a longer period of time than during other times of the year.

"Despite the addition of Direct Distance Dialing and full coverage of our long distance switchboards, we realize that delays on calls from Christmas Day will occur," Shelden said. "Every effort will be made to handle calls as promptly as possible. Subscribers can avoid delays by placing their calls before Christmas Day."

Shelden said that just as the Christmas packages you

## South Seminole Newcomers Report Christmas Projects

By Jane Casselberry

The South Seminole Welcome Wagon Newcomers Club contributed \$25 for the group's charity work at a luncheon meeting held Thursday at the Villa Nova Restaurant in Winter Park.

New outfits have been purchased as Christmas gifts for the two girls sponsored by the club at Sunland Training Center and will be delivered by Welcome Wagon Hostess Nora Norris and Mrs. Maryann Miles, past president.

The club also will provide Christmas cheer for the patients at the Shaver Nursing Home in Casselberry. Mrs. Helen Green, who has been

asked to serve on the board of directors for the County Home Nursing Service, is in charge of this project.

Thursday's meeting was opened with the singing of "The Lord's Prayer" by Mrs. Agnes Williams and Mrs. Dottie Hearn accompanied the group on the piano for carol singing. Those attending enjoyed an exchange of 25 cent gifts.

Mrs. Norris announced that she has visited a total of 348 new families in the South Seminole area during the past year who had a total of 338 children.

New members joining the club at the meeting were Mrs. Vera Gifford, Mrs. Harriet Reis and Mrs. Jennie Fox. Guests included Mrs. Julie Hanes, Mrs. Esther Corzine, Mrs. Dorothy Bowker, Mrs. Grace Newell, Mrs. Gertrude Jarosch, Mrs. Bea Daggelt, Mrs. Betty Miller, Mrs. Dottie Hearn and Mrs. Mary Wigen.

Mrs. Sue Dice was winner of the door prize and card prize winners were: Mrs. Vera Christianson, pinochle; Mrs. Irene Blanchard, first bridge; Mrs. Evelyn Chapman, second bridge; Mrs. Helen Green, first canasta and Mrs. Sandy LaPoma, second canasta.

Mrs. Maryann Miles has been appointed publicity chairman and historian for the Welcome Wagon Council of Central Florida. Officers will be installed in Winter Park on Jan. 31 with 19 area Welcome Wagon Clubs participating.

The South Seminole Club will be represented by Mrs. Norris, Mrs. LaPoma, Mrs. Lucille Crowell and Mrs. Gilda Pettinati.

The South Seminole Executive Board will meet Jan. 13 at Aquino's Restaurant in Winter Park for a buffet luncheon. The next regular meeting of the club will be held at the Mid-Florida Country Club at 11:30 a. m. on Jan. 23.

## Ebenezer Announces Program

The annual Christmas program for Ebenezer Methodist Church will be presented at the 7:30 p. m. service Sunday with all classes in the Children's Division participating.

Bible scenes will be portrayed and songs will be sung by various other groups of the church and the congregation. The gifts to the Christ Child, which will be presented at the close of the service, will be received for the Church Building Fund.

Following the service a Christmas Caroling Party for Senior High and Junior High MYF members will be held. Rides home will be provided for the carolers.

## WOM Chapter Plans Party

Sanford Chapter 1404, Women of the Moose, will celebrate Christmas at a party meeting to be held at 8 p. m. Monday in the Lodge Hall in Lake Mary.

Mrs. Kay Gehr, chairman for the party, is being assisted in planning games and refreshments by Mrs. Lera Harris and Mrs. Florence McCarron. Those attending are asked to bring a \$1 gift for exchange.

It is hoped that all members of the Chapter will make it a point to attend this meeting.

## Church To Open For Prayer

On Christmas Eve the Community Presbyterian Church in Lake Mary will be open to the public until midnight following the Christmas Cantata to be presented by the Youth Department starting at 7:30 p. m.

Special musical recordings will be played throughout the evening and the cross on the church tower will be lighted in observance of the occasion. This year the church is stressing "putting Christ back into Christmas." All who desire to enter the sanctuary to worship, may do so.

Put the purchase date on food in your freezer. This will help you use the food in the right order.

## Mann To Speak At Rollins

Thomas C. Mann, recently nominated by President Lyndon B. Johnson for assistant secretary of state for inter-American affairs, will give the Founders Day address at Rollins College on Feb. 24.

The convocation will mark the 79th anniversary of the founding of Rollins, oldest institution of higher education in the state.

Mann, who had originally selected a subject related to Mexico in recognition of the college's emphasis on that country this year, is now expected to enlarge the scope of his address to include the entire Latin American scene.

## Christmas Night Service Set

By Jane Casselberry

A special Christmas Night service will be held at the Prairie Lake Baptist Church in Fern Park at 7:45 p. m. Following the service there will be an hour of fellowship with a Christmas tree and small gifts for the children. Refreshments will be provided by men of the Prairie Lake Brotherhood.

## Assassination Film Like A Nightmare

MIAMI (UPI) — The man who took pictures of President Kennedy's assassination says he wishes he had not been at the scene of the shooting.

"I could see much better because of the viewfinder," he said. "I thought (as he watched the president clutch his chest after the first shot) 'You got me—it's a joke'—just like a child might play."

"Then I screamed 'they killed him, they killed him!'" Abraham Zapruder of Dallas told a Miami Herald reporter while on vacation here that "I was just there. An

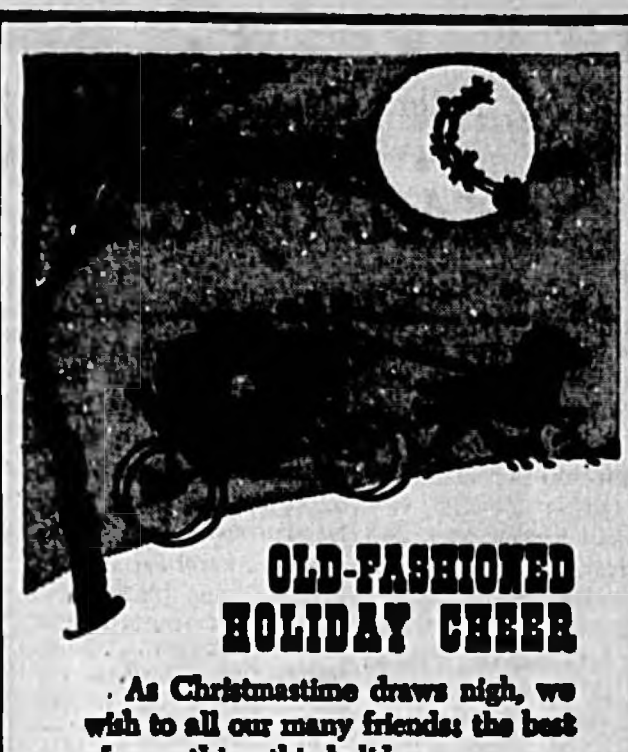

amateur. I wish I wasn't."

He said that a magazine publisher (Time-Life) paid and he gave it all to the family of slain Dallas Patrolman J. D. Tippit.

"I understand the film was flown to Washington with the body of the president," Zapruder said. "The FBI looked at it over and over and over."

But Zapruder refused to talk about the gift other than to acknowledge he gave it to the Tippit family.

As for the film, he said he didn't care if he ever saw it again.

# Socialights

This will be a busy and exciting week for most folks around town . . . even busier than usual, what with all the gay parties and weddings on the calendar. Peggy Jane Lundquist had an extra glow yesterday . . . Bill Tyre is due in tomorrow and they'll be finishing off the last minute details for the wedding Saturday. Lynn Jackson looked particularly pretty at the luncheon given for her by Marge Ebelberger, and her mother, Mrs. Robert Jackson, was as calm as a breeze even though she's surrounded by the multitude of little things to be done before a wedding.

Cadets James and Richard Furman, sons of Lt. Col. and Mrs. H. J. Furman, will arrive for the holidays wearing new stripes on their uniforms. Both boys have been promoted to the rank of cadet corporal at Castle Heights Military Academy where they are students.

We'd like to offer early congratulations to Mr. and Mrs. A. W. Hamill who live at 2834 Sanford. They will observe their 62nd wedding anniversary on Christmas Eve . . . 62 years, all we can think of is How Wonderful!

Christmas Day will be very special this year for Rev. and Mrs. William Ed Timms. They have been looking forward to this day for a long time . . . it will mark their golden wedding anniversary . . . 50 years of interesting and exciting events in their world travels. They have crossed the Atlantic seven times and traveled in seven countries in their church work. Rev. and Mrs. Timms will be guests at a reception this afternoon when Mrs. W. B. Kirby and Mrs. J. H. Nicholson entertain at the home of Mrs. Nicholson.

Most of the college crowd is back in town for the holidays . . . Buddy Kirk got in from Stetson last night and will spend his time working, then make a weekend trip to

Miami. Mike Costa has been home all week from Notre Dame—Jack will get in tonight from Annapolis. Bonnie Gielow, Mary Stemper, Johnny Phillips and Cheryl Chandler are here from Gainesville . . . Carol Sue and John Boniface, and Butch Riser from Tallahassee, Mutt Johnson from Carolina . . . Bubba Davis, Gary Davidson and Mike Roberts drove from Oklahoma, Judith Taylor—Brigham Young in Utah, Jeanne Robson from Florida Southern . . . Anne Crapps back home from Georgia, Sharon Riser from South Georgia and Doug Stenstrom from Wake Forest . . . Happy Holidays to all students!

Dr. Tom Largent's mother is here from Virginia for a visit with him, Pat and the two grandchildren, Susan and Jeff . . . The Largens are in the middle of some exciting plans which we hope we'll be able to tell you about before too long.

Lucille Pearson is a brave soul . . . but she enjoys entertaining so much she thinks nothing of inviting nearly 100 friends in for waffles and bacon Christmas morning . . . A delightful custom which has become an annual thing. Guests sign their names on the tablecloth and during the year Lucille embroiders them in red or green; alternating colors each year. She and Russell look forward to this event just as eagerly as the fortunate guests . . . and she does everything so easily . . . but we still say she's Brave!

Gordon Frederick was a delightful Santa Claus for the XI Beta Eta party the other night . . . Santa brings us right up to Christmas Eve . . . we'll be traveling to Pennsylvania for the wedding of our son . . . so right now would like to wish each of you a very MERRY CHRISTMAS and the best of everything during the new year . . . but most of all . . . PEACE ON EARTH!!!

## Holiday Dinner For Jacaranda Circle Members

Mrs. Bertha Snyder was guest speaker for the Jacaranda Garden Circle members and their guests at a dinner recently. Mrs. Snyder entertained the group with a Christmas story.

Hostesses for the event were Mrs. Irvin Pryor, Mrs. Stanley Polosky and Mrs. Boyd Gaines. They used Christmas decorations on the tables with favors for the 23 members and three guests attending.

## Christmas Home Judging In Oviedo Monday

By Bernice Kelsey  
Judging of homes in the Christmas contest in Oviedo will take place tomorrow at 6:30 p.m. Judges will be members of the Clubhouse Garden Club, and entries will be judged in four categories. A plaque will be placed in the winners yard with prizes to be awarded at a later date.

This announcement was made by Mrs. Ray Beasley and Mrs. John Eldenour at the meeting of the Oviedo Garden Club at the home of Mrs. C. T. Niblack, with Mrs. A. A. Myers and Mrs. Mae King co-hostesses.

Mrs. Niblack decorated her home for the occasion with camellias from her garden and Christmas arrangements. Following the meeting the members distributed gifts to the shut-ins. Refreshments were served to the 18 members attending.

## New Idea In Handkerchiefs For Men

The progress of male fashion is somewhat like the migration of the robins and swallows. You know, the swallows find their way south by following the robins, who look back to see where the swallows are headed.

It all may be true and there is no faulting the chap who is still wearing a slightly out-of-date suit. After all his opinion is valid, and few men are wealthy enough to throw away good clothing.

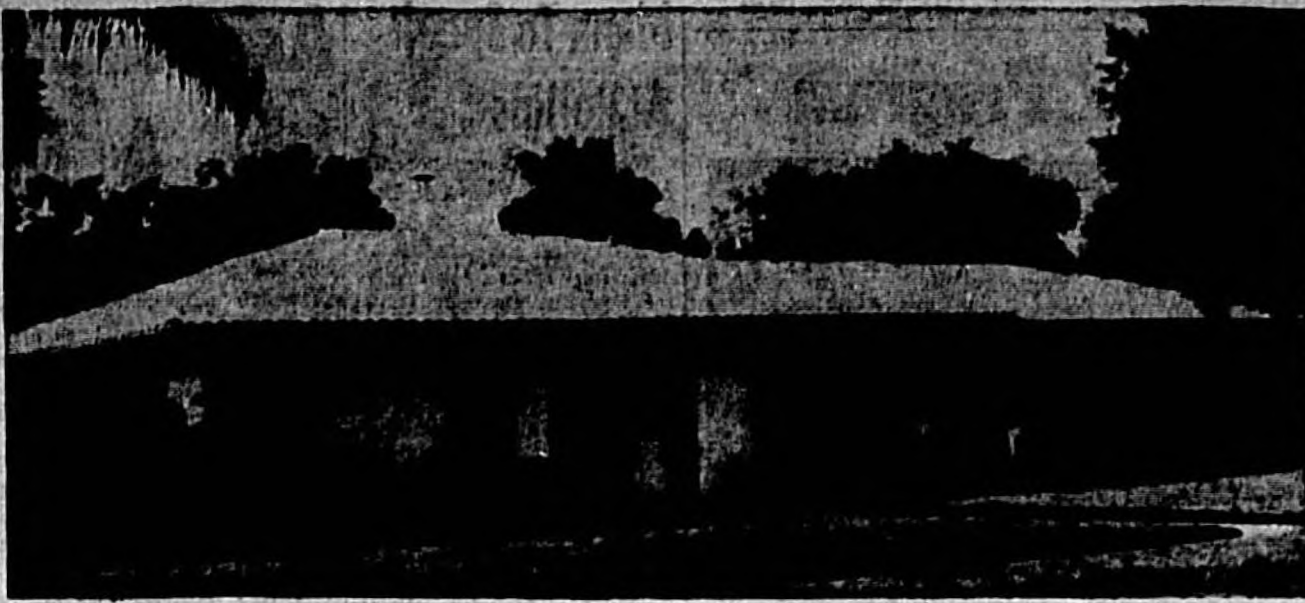

But when it comes to the little inexpensive touches there is no excuse for being out of step with the best of them. Our thoughts turn specifically to breast pocket handkerchiefs.

One of the surest ways to advertise that you are out of the ball game is to be seen wearing a white, ready-folded, store-bought handkerchief. Some men still wear their handkerchiefs folded into points; others wear them squared. The trend today, however, is to wear a handkerchief casually stuffed into the pocket—as though you just waved to a friend from the deck of the Corona.

Some of the tasteful numbers now available, according to the American Institute of Men's and Boys' Wear, include: classic paisley, border patterns, geometric or paisley designs.

Take along some of the children's favorite toys when visiting a childless friend. It's good vase insurance.

Soggy biscuits are the result of too much liquid, too little fat, or baking at too low an oven temperature.

NEAR THE FRONT ENTRANCE of 1407 East Second Street, the home of Mr. and Mrs. Reuel F. Robison, you will see the "garden of the month" sign proudly displayed. The yard was selected for the general principals of landscap-

ing, balance, color, scale and neatness, and a well kept lawn. When you drive by to see it you will also see some of the prettiest poinsettias in town.

## Christmas Wreath On Door

MRS. JOHN MORGAN demonstrates the first steps in constructing a Christmas wreath.

Mrs. John Morgan, one of the talented members of Ixora Garden Circle, demonstrated the art of making Christmas wreaths for the ladies of Lake Mary Woman's Club and has generously shared the information for the benefit of those who have not yet hung a wreath, or for reference in the future.

These directions are for a lovely wreath for over the mantle, anyplace in your home or to greet guests at the door. Truly, a do-it-yourself project that looks professional.

Cut several arm loads of podocarpus clippings and soak for several hours, then take a piece of chicken wire (small or large mesh), and wire sides forming a long five inch cylinder. Hook ends together and form into circle, crushing into shape if using the large mesh, or clipping inside curve if using small mesh. Insert clippings at bottom, leaving back flat, uncovered, then fill in until covered completely. Spray white, using a flaking kit (bought locally) or if you're in a real holiday rush, spray with a can of snow. Add a huge bow and Christmas balls of the same color.

## Hibiscus Members Donate Gifts To Korean Children

The Hibiscus Circle, Sanford Garden Club, met at the home of Mrs. J. M. Fahey on Lake Emma for the Christmas party and meeting.

Mrs. Fahey had her holiday decorations in place, and hung filled stockings by the fireplace. She was assisted in serving a dessert of branched assorted fruits and cookies, with coffee, by Mrs. W. H. Stewart and Mrs. J. A. Edwards.

The meeting was opened with a prayer by Mrs. L. E. Spencer. Mrs. Herbert Moreland, circle chairman, gave a report on the board meeting and asked the members to prepare plants now for the

flower show to be staged in April. Old Christmas cards, seeds, jewelry and garden magazines were requested for the world gardening project. Members voted to donate a pair of rabbits and "Care" packages to the Korean children. The ladies were reminded to collect and pay tax on any and all candy and nuts sold by the circle.

During the social hour gifts were exchanged and interesting and informative games were played. Mrs. Stewart was the winner of three prizes, which she shared with other members.

The next meeting will be at the home of Mrs. Byron Fox on Jan. 10.

## Casselberry Personals

By Jane Casselberry  
Mr. and Mrs. P. D. Wesley will spend the holidays in Miami as the guests of Mr. and Mrs. Roger Matheson.

Friends of Mrs. Elsie Vail will be happy to know she has recovered from recent surgery and is vacationing in Honolulu. She will visit Mr. and Mrs. Carl Osado, parents of former neighbors of Mrs. Vail's in Howell Park. After her return she will make her home in Winter Park.

Holiday guests of Mr. and Mrs. Lawrence Pettinati, 234 Wilshire Drive, Howell Park, will be her father, Basil Cerami and her sisters Ann and Mildred Cerami from New York. Their daughter Gilda will also be here from Gainesville where she is a freshman at the University of Florida. Miss Eleanor Zukowski, daughter of Mr. and Mrs. J. A. Zukowski, 831 N. Triplett

Drive in home from Florida Southern college in Lakeland for the holidays.

Mrs. Effie Sandron, Sunset Drive, has returned home from an extended vacation in the north. She visited her son, George, and his family in New England, she also visited her son, Norman, and his wife and four children in Detroit.

Darlene Shea, daughter of Rev. and Mrs. Darwin Shea, 31 Triplett Drive, arrived home from Emory, Va. where she is a student at Emory and Henry College.

Mrs. Russell Corwin, Lake Drive, has her arm in a cast as the result of a fall recently, when she broke her wrist.

An elderly relative in the home appreciates being included in the family social activities occasionally.

## Methodist Youths Will Have Busy Day

Today will be a busy day for the youth department of First Methodist Church. The members have scheduled a Christmas party and a session of caroling.

The party is at 2:30 p.m. A committee of young people will call for the children at the Salvation Army headquarters and return them there after the party. Festive decorations and tasty refreshments will add to the gaiety and each boy and girl will receive a surprise gift. Even Santa Claus has promised to stop by for an early visit to the youngsters.

Later in the day, following the evening service, the youth will visit the homes of shut-ins and sing carols. The carolers are asked to meet in McKinley Hall immediately following the worship service.

## Handle The Holiday Bird With Care

When you shop for your Christmas turkey, you'll probably select a frozen bird. And that will bring up the problem of thawing — how to do it, and how long to allow for the process.

Myrtle Wilson, Home Demonstration Agent says the refrigerator is the best place to thaw a frozen turkey. If kept at room temperature, the bird will warm up on the outside while the inside is still frozen. Bacteria then grow on the thawed areas and could cause spoilage.

Plan on one or two days in the refrigerator to unfreeze a small turkey, two to three days for a large one.

You can speed up thawing by placing the frozen bird (still in the plastic bag) in a pan of cold water. Change the water frequently. With this method, you can thaw a turkey in two to six hours, depending, of course, on the size of the bird.

A roommate who doesn't pay her share of the expenses should get the boot.

## Altamonte Personals

By Julia Barton

# Dear Abby: By Abigail Van Buren

**DEAR ABBY:** What do you think of an employee who arrives at her job promptly at 9:00 a.m., but spends the first half hour of her working day fixing herself coffee? (She sends out for donuts or rolls because she hasn't as yet had her breakfast.) There is a coffee-break at ten in which she participates. No one has the nerve to report her to the office manager because she is a nice person otherwise and we don't want to start trouble.

**CO-WORKERS:** DEAR CO-WORKERS: If she's so naive that she doesn't know she is chiseling the company, and incurring the resentment of her co-workers by being late, somebody should tell her. If she knows and doesn't care, it's only a matter of time when the office manager finds out. All offices have a little birdie, which sings occasionally.

**DEAR ABBY:** Do you think it is right for my mother-in-law to walk into our

bedroom when we are in bed? She has done this several times. We live in a house trailer in our in-law's yard, and she does my washing for me. I don't have a place to wash so I offered to take my things to her place and do it myself, but my mother-in-law insists on doing it herself. It is really a big help to me because I have a pair of twins two years old who take a lot of my time. Well, she walks into our bedroom to get the clothes and I want to know if I should tell her not to, or should my husband tell her, since it's his mother?

**DEAR WALKED:** It isn't necessary for anyone to tell her. Gather the clothes together the night before wash day and take them to your mother-in-law's house.

**DEAR ABBY:** I am a divorced man of 44. I have been practically married for the past two years (all but the legal formalities) to a divorcee. Neither of

**THE WHITE BEARDED**, jolly old fellow in the red suit getting so much attention these days visited All Souls Parochial School Tuesday. Shown receiving gifts from Santa are (kneeling) Pat Tolley and Robert LeFila, (standing from left) Jamey Sue Crowder, Kimberly Kincaid and Antoinette Farrow.

# Jacoby On Bridge By Oswald Jacoby

John E. Crawford of New York is one of the finest and most colorful players of all time. Almost anything can and does happen when Jacoby and he are at the table. Unquestionably his false-card in a rubber bridge game at Newport was the most sensational of the year 1963.

South was pretty proud of his restraint in opening with only one club. He had 23 points, but in addition he had better than six old fashioned honor tricks. So once North responded to that one club opening, South was on his way to a slam and would probably have gone all the way to seven had North shown a king in response to South's five no-trump Blackwood call.

Johnny was looking at a lot

# Lounge Chair Most Prized Possession

A really comfortable lounge chair is one of the most prized possessions of the senior citizen. And when chosen with forethought and care it makes a Christmas gift a Grandfather will appreciate every day of the year.

Here are a few pointers experts give on selecting a lounge chair for a person past the prime of life:

1. Tell the salesperson the height and weight of the person for whom the chair is intended. Older persons lose the ability to adapt to furniture that is not scaled for their dimensions. The proportions of the chair should permit the user to have adequate support for feet, back and neck without strain.
2. The chair should be styled to be gotten in and out of easily. Low sling loungers or molded plywood shells should be avoided as being too difficult to negotiate. It should be high enough off the ground to be slipped into without a sudden drop. And the seat should be no deeper than 21 or 22 inches. Arms should be high enough and forward enough for good leverage in rising.
3. Cushioning should give the user buoyant support without impeding circulation. Latex foam rubber cushions are recommended by many medical authorities as best suited for this purpose and they are used in many hospitals.

Let us pray together upon this great day that the Joy and Peace which was given to the world at His birth will forever abide in each of our hearts.

# Highlights TV Time Previews

6:30-7 p. m. (CBS) Mister Ed. An amusing lecture on the true Christmas spirit, but from the viewpoint of our talking horse, Mister Ed. Wilbur and new neighbor Kirkwood (Alan Young and Leon Ames) agree to limit expenditures for their wives' gifts to a paltry \$15, but they haven't reckoned with Mister Ed, who orders gifts by phone without thought of cost. Wilbur is calmed down with Mister Ed's fanciful story of how Santa Claus first started making his rounds—inspired, of course, by a children-loving horse.

7:30 p. m. (CBS) Lassie. (Part II). Still a guest at the Martin home is Mr. Nicholson (or is he really St. Nicholas?). The two wolves that had the countryside up in arms are finally shot, but Lassie is concerned about the orphaned wolf cub. In an effort to bring the cub out of a cave, Lassie Mr. Nicholson very well.

7:30 p. m. (NBC) "The Coming of Christ." (Color). (Rerun). You've probably seen it before, but if not, be advised that this is possibly the best half-hour film of its kind ever made. Alexander Scourby's reverent rendering of the Christ story in the words of the old and the New Testament, a rich musical background by Robert Russell Bennett and illustrated by masterpieces from the world of art, this represents an ideal usage of the television medium.

7:30-8:30 p. m. (NBC) Walt Disney's World. "From All of Us To All of You." (Color). Disney celebrates the holiday season in animated fashion, bringing you cartoon greetings plus film clips from a handful of his most popular features such as "Cinderella," "Snow White," "Bambi," "Pinocchio," etc.

8-9 p. m. (CBS) The Ed Sullivan Show. Highlight of the hour is Tessie O'Shea's

# Fashion Tip For S. Claus

Here's a tip for Santa: Put fashion at her finger tips this Christmas with a gift of lovely leather gloves.

Fashions in gloves go to every length this winter, so you can't go wrong no matter which length you select. And, you'll find hundreds of styles and colors in smooth or finely grained kid leather, soft suede and doekin leather and textured pigskins.

Since most coats end between the wrist and the elbow this year, your gift will be welcome whether it's a six-button kid gauntlet, an eight-button doekin musketeer or a 12-button elbow-length glove.

Though most leather gloves will depend on their soft, supple elegance for fashion effect, some styles feature a thin strip of fur at the wrists, contrasting leather lacing around the cuffs, or contrasting color stitching on the fingers.

If, after all these years, you still don't know her glove size, get her a pair of the new leather stretch gloves that fit most women.

The leather glove color range covers all the shades in winter's fashion spotlight such as cranberry, winter blue, bright gold, pine needle, and all tones of brown and beige from bitter chocolate to bone.

In the evening, when the full-length glove lends formal grace to an evening ensemble, leather gloves—smooth or suede—are smart in either white or black. Frequently, a white glove has black beading or other detailing and vice versa.

**'Hunting Season' Makes Husbands 'Fair Game'**

With Christmas almost here, the "hunting season" is in full swing, and husbands are fair game—especially if it's a family gift you're aiming at.

Here are a few "hunting" tips for a homemaker who has her heart set on a major item—an electric dishwasher, for example:

1. Collect dishwasher ads from local papers and national magazines. Show them to your personal Santa Claus and tell him what style and features you especially like. You might choose a built-in model, a portable, or a convertible that can be built in later.
2. Tell him about the choice of cycles for light or heavy loads, the easy-to-load rack designs, and the new powerful washing action that gets dishes really clean, and the hot-air drying that leaves them sparkling.
3. Explain how much time an automatic dishwasher will save your hands from that rough redness constant hand-dishwashing gives them. Explain that your hands won't have to do anything except brush food off the plates and place tableware and kitchen utensils in the machine.
4. Don't forget to say that an electric dishwasher uses water, much hotter and detergent much stronger than your hands could stand.
5. Explain how much time an automatic dishwasher will save—time you can spend helping the children with their homework or doing something else that's important to the family. If your children help with the dishes, get them to help persuade Daddy that an automatic dishwasher would be a wonderful Christmas gift.
6. Since men like to see how appliances work, get him to take a look at a friend's dishwasher. Let her or her husband show him how easy it is to use, how clean and bright it gets the dishes, and how neat the kitchen stays when dirty dishes go right into the dishwasher after every meal.

# Both Seminole College Sites Still In Running As Deseret Location Appears Eliminated

By Julius Stenstrom

It's good to get back at the ol' desk and typewriter after a two-week layoff due to some kind of an infection that damaged the left arm. We still can't fly very fast with this sore wing. But we're grateful we're able to be up and at 'em again.

Thanks to R. E. Porter for handling the Clock during our absence.

Thanks, too, to all of you who sent flowers, wrote cards, telephoned, and came to see us while we were at Seminole Memorial Hospital. We had so many flowers they were actually lined up around the room on the floor. The Pink Ladies at the hospital got a workout just keeping them watered.

By the way, this county can be proud of Seminole Memorial Hospital. We've seen some of the country's finest during the past several years. But Seminole Memorial compares very favorably with most of them.

If you noticed county employees smiling today there's a reason. At this morning's meeting of the County Commission it was decided that county employees would be paid today instead of having to wait until Dec. 31.

Seminole County JayCees are busy looking up past presidents of the organization—that is since the group was re-organized in 1945. The local junior trade body wants photos of all past presidents for a special display during open house festivities at the JayCee building for JayCee Week, Jan. 19-25.

The Seminole Timing Association has presented Sheriff J. L. Hobby with a check for \$500 for the Sheriff's Boys Ranch near Live Oak. The funds for the gifts for the ranch were raised during a recent benefit race at the Osceola Drag Strip.

Congratulations to Linda Post on winning the Bill Hemphill Motorettes League special tournament. Linda was presented a used car for her triumph over 63 other league members who competed for the prize. The car was presented by the loop's sponsor, Bill Hemphill.

The initial word today from the meeting of the State Board of Control at the Mayfair Inn seems to increase Seminole County's chances of landing the East Central Florida University.

With the virtual elimination of the Deseret site in Orange County, Seminole County now has two sites still under consideration with one site remaining in Orange.

Still another encouraging word was the fact that Board Chairman Baya Harrison reported at the start of today's parley, that the Board of Control is not considering any other sites at this time. Harrison further said that the board would not consider any other sites unless none of the three remaining sites is found practical.

Chamber of Commerce membership committee will have a new publicity gimmick for 1961—quite attractive, too. (Note to John Krieger: Save one for R. E. Porter.)

**House Rules Group Clears Aid Bill**  
WASHINGTON (UPI)—Democratic leaders, still struggling to adjourn Congress before Christmas, won a preliminary round today when the House Rules Committee cleared President Johnson's foreign aid bill for floor action.

The committee, which because of Democratic absenteeism and a Republican boycott could not produce a quorum needed to set Saturday, turned out all but three of its 15 members today. By an 8 to 4 vote, the committee cleared the measures for another test.

By Fred Van Pelt

Seminole County was in a 3-1 position today as the "home" of the proposed four-year state university for East Central Florida.

State Board of Control members, in a "work conference" session at the Mayfair Inn, virtually eliminated the Mormon Church's Deseret site of 3,000 acres southeast of Orlando.

There was practically no mention of that site during the four-hour conference and it was not referred to by staff members in their reports to the board, or in their charts and graphs.

Chairman Baya Harrison, of St. Petersburg, also "squelched" continued reports that the board was considering other sites in the two-county area when he announced at the outset of the meeting:

"We are not in any manner looking toward a any other than the four sites already chosen for consideration. We intend to concentrate every effort on the sites now under study. However, if they prove to be impractical then we will open the door and start all over again in the selection of a site."

Still under consideration and thoroughly discussed by the board members, its staff members, Seminole and Orange County representatives this morning were these sites:

1. Bluestone, 12 miles south of Orlando in Orange County and containing 1,000 acres.
2. Lake Ada, immediately south of Sanford city limits, and containing 1,200 acres.
3. Econlockhatchee, previously referred to as the Leo Ranch, north of Chuluota and east of Oriedo, containing 2-300 acres on the Econlockhatchee River and during this morning's session called the "Econ site."

The board members, excepting John Pace, Pensacola, who was absent, spent last weekend again visiting and inspecting Bluestone, Lake Ada and the Econ site.

Originally planned to be a closed session this morning, the board opened the meeting to the press and the public at the last minute.

Gen. J.C. Hutchinson, speaking for Seminole County, again outlined to the control board members how this county will "bend every effort" to bring about adequate roads, utilities and other desired improvements for either the Econ or Lake Ada site.

He said this county, over and above proffered free lands at the Econ site, will purchase necessary acreage to "square" the proposed site there. He pointed out the large frontage along the Econlockhatchee River. He also proposed an additional 1,000-foot frontage along Highway 17-82 for the Lake Ada site or, as an alternative, 250 acres south of Lake Mary Boulevard, which would give two frontages on Lake Mary.

City Manager W. E. Knowles told the board the City will build a new water plant, new sewage disposal plant and a new fire station to serve the Lake Ada site, should the university be placed there, and also to serve any housing development which may follow.

Others speaking for Seminole County were Sen. Mack Cleveland, Rep. Joe Davis, City Commissioner Joe Baker and Douglas Stenstrom, chairman of the Chamber of Commerce long range committee on education.

Orange County representatives also spoke for Bluestone, Don Evans, county commission chairman; Sen. Beth Johnson, Chamber of Commerce officials, state representatives and others.

Dr. Charles Foreman, board member from Fort Lauderdale, spoke for more than a half-hour in pointing to the benefit of Bluestone, in regard to student potential from Orlando and proximity to space industry.

Dr. Wayne McCall, board member from Ocala, "boomed" for the Econ site when he had General Hutchinson and others extol the merits of that piece of "beautiful rolling ground with its frontage on the Econ river."

Gert Schmidt, member from Jacksonville, boosted the Lake Ada site by outlining its closeness to Sanford, with future annexation, full utilities, adjacent to Seminole

High School and near the cultural centers of Orlando, Sanford, and DeLand, along with being "a beautiful site."

Dr. J. Broward Culpepper, executive director for the Board of Control, and Jack Sutton, research analyst, outlined details of road mileage and time elements between population points and the three sites.

Sutton pointed out the Econ site is in the "very center" of the Melbourne-Orlando-Daytona triangle both population-wise and geographically.

When the session adjourned at 1 p. m. this afternoon, Chairman Harrison announced the "board hopes to make its final decision at its Jan. 10 session in Tallahassee."

## B52 Trainer Explodes Over Mississippi

ABERDEEN, Miss. (UPI)—A Strategic Air Command B52 bomber apparently exploded in air and crashed in a snow-covered woodland south of here today, the Air Force said.

All six men aboard the plane were killed. The names of the victims were withheld pending notification of next of kin.

An Air Force spokesman said the huge jet plane went down shortly after taking off from the nearby Columbus Air Force Base. Witnesses said bits and pieces of the aircraft were scattered over an area of about three-quarters of a mile.

There was a large crater in the snow-crusted ground where one section of the plane plunged to earth. The scene of the crash was in a wooded area about 10 miles south of Aberdeen, located in northeast Mississippi.

Rescue units made their way to the scene over icy roads. Air police cordoned off the area around the wreckage. The plane apparently had taken off on a training mission. The Air Force declined to say whether it carried any nuclear weapons.

**Explosion Rips Huge Warehouse**  
HAMMOND, Ind. (UPI)—An explosion described as "something like an atomic bomb" ripped through a burning warehouse containing antifreeze early today. One fireman was killed and at least 16 persons injured.

Fire and police officials said a rig was caught in the rubble and they were not sure whether any firemen were trapped or not.

The firemen were pouring water on the Illiana Transit Warehouse when the explosion ripped through the huge building.

"The impact was something like an atomic bomb," policeman George Magurnary said. "It mushroomed out and was followed by a suction."

Windows were blown out of stores three blocks away. The warehouse, believed to be about three-stories high and about the size of a football field, was located in a complex of warehouses.

WEATHER: Partly cloudy with few showers likely tonight; high today in upper 70s; low tonight 45-55. VOL. 56 United Press Leased Wire Established 1908 MON., DECEMBER 23, 1963 SANFORD, FLORIDA NO. 89

## news... BRIEFS

**Gains Seen**  
LAKELAND (UPI)—Executive Vice President Robert W. Rutledge of Florida Citrus Mutual says fresh orange shipments from Florida will start gaining on last year in weeks to come.

**18 Rescued**  
PORT AUX BASQUES, Nfld. (UPI)—Eighteen sea French freighter Douala were reached from two lifeboats Sunday after surviving 30 hours adrift in the icy Atlantic.

**Shooting Renewed**  
NICOSIA, Cyprus (UPI)—Heavy automatic and rifle fire crackled again today in Nicosia, where at least four persons have been killed in clashes between Greek and Turkish Cypriots since Saturday.

**Stripper Seized At Ruby Hearing**  
DALLAS, Tex. (UPI)—Police today seized a woman with a gun in her purse at the entrance to the courtroom where self-appointed attorney Jack Ruby was asking for freedom on bail.

A sheriff's matron assigned to search women entering the court found the weapon. To protect Ruby from the fate he dealt to accused assassin Lee Harvey Oswald, police had ordered everyone entering the court searched.

Flanked by six defense attorneys, Ruby smiled and joked as he was slipped into the courtroom early under heavy guard. He posed for pictures.

When the hearing started before Judge Joe B. Brown, defense attorneys and Dist. Atty. Henry Wade began arguments.

Outside the door, a matron stopped Karen Lynn Bennett, a striptease performer at Ruby's Carousel Club who works under the name "Little Lynn."

STATE BOARD OF CONTROL members today, at the Mayfair Inn, heard all the "pros and cons" on the advantages and disadvantages of selecting a site for the proposed state university in Seminole or Orange County. From the left: Dr. Wayne McCall, Ocala; Chester Whittle, Orlando; Chairman Baya Harrison, St. Petersburg; Gert Schmidt, Jacksonville, and Dr. Charles Foreman, Fort Lauderdale. (Herald Photo)

**FEC Advised To Rehire Strikers**  
WASHINGTON (UPI)—A presidential emergency board recommended today that the Florida East Coast Railway rehire striking employees to fill all non-operating jobs on the line, including those held by workers hired since the strike began eleven months ago.

The railroad has refused to fire the more than 100 persons hired since the strike began last January 23. But the emergency board said these employees should be replaced by strikers taken back in nonoperating jobs on the basis of seniority.

The board also called for the railway to grant a wage increase of 10.28 cents an hour to its non-operating workers in conformance with a national pattern agreed upon in 1962 by all other Class I railroads.

But the board recommended that the unions involved in the strike withdraw their demand for payment of an estimated \$20.100 in retroactive pay.

The board said Florida East Coast should not have to provide the back pay "in light of the railroad's deteriorating fiscal position, due in part to the long and costly strike during the past year."

**Rescue Ships Save Hundreds At Sea**  
GIBRALTAR (UPI)—An epic rescue operation led by four small ships in the Atlantic saved hundreds of persons from flames and the sea today after explosions ripped the Greek cruise liner Lakonia with 1,036 persons aboard.

The coastal station at Santa Cruz de Tenerife in the Canary Islands reported this afternoon that about 900 survivors had been picked up and that rescue operations were "practically at an end."

A U. S. Air Force spokesman said in Ramstein, Germany, that rescue planes flying over the disaster scene reported all survivors apparently had been picked up by ships.

About 100 bodies had been spotted floating in lifejackets in the disaster area, he said. U. S. Air Force pilots reported the burning cruise liner was still afloat as of 9 a. m. EST.

The Canary Islands broadcast said the last person to leave the Lakonia was the Greek skipper of the luxury vessel, M. Zarbis. The ship was about 500 miles off the coast of Morocco.

Many of the survivors were believed injured or suffering from exposure after hours spent in a mercifully calm sea awaiting rescue.

## County OKs Talks On Use Of Old Airport

The Seminole Board of County Commissioners, meeting in an abbreviated session this morning, authorized County Attorney Harold Johnson to negotiate with E. J. "Bud" Moughton of the Sports Car Club of America for a blanket contract to permit the club to utilize the Ocala airport six to eight weekends per year.

The Commission also authorized a payment of \$150 which represents Seminole County's percentage of the loss sustained by several Central Florida Counties who joined in the sponsorship of the Salute to Space Science Fair which was held in Orlando during November.

In other Commission action, the board adopted a resolution which officially establishes the Big Tree near Longwood as the largest and oldest tree of its kind in the United States. The board authorized Commissioner John Alexander to spend up to \$300 to have the signs relating to Big Tree Park on U. S. 17-88 repainted.

**East Berliners Shot Escaping**  
BERLIN (UPI)—Communist guards politely welcomed West Berlin Christmas visitors through the wall today but apparently used their submachine guns on an East German refugee to halt his flight West.

West Berlin police reported hearing to bursts of submachine gun fire and screams during the fog-shrouded night at a point where the American sector touches East Germany.

The incident marked the first border "blood incident" since the Communists four days ago temporarily opened the wall for yuletide East Berlin visits by West Berliners—the first such visits since the wall went up in August, 1961.

West Berlin police said they heard cries of "halt, halt" mixing with the staccato gun blasts and the screams. They waited in the fog for a refugee to reach the Western side of the death strip. No one appeared.

**Burns Reports**  
TALLAHASSEE (UPI)—Jacksonville Mayor Haydon Burns reported today that he collected \$5,000 in contributions last week for his campaign for governor and had not spent any money campaigning.

**\$1,500 Bond Set In Strawder Case**  
Circuit Judge Volis A. Williams today fixed bail at \$1,500 for Ralph Strawder, convicted of contempt of court for jury tampering and ordered to county jail Thursday for a 30-day period.

Judge Williams fixed the superdeceas bond to allow Strawder to appeal his conviction of 30 days and \$500 fine or 30 additional days for allegedly trying to "fix" the C. H. Lowdermilk "citrus swindle" trial jury two weeks ago.

**Facilities For Legislature Hit**  
TALLAHASSEE (UPI)—Senate Secretary Ed Frazer told the Capitol Building Committee today that legislative facilities in the capitol are obsolete, outmoded and very bad.

Frazer met with the committee as it reiterated its recommendation that a separate building should be provided for the Legislature when the center portion of the Capitol Building, sagging badly, is rebuilt.

TWO SERVICE men overseas will hear their mothers' voices Christmas Day through the courtesy of the Communications Workers of America local 3108, who drew names from a hat Sunday evening at the USO. From the left: Mrs. Mary Waahburn, USO director; Mrs. Robert Getman, who will talk to her son, Ronald, at Okinawa; Mrs. Theodore LaTour, who will talk to her son, Dennis, in Japan, and Russ Kitner, of CWA.

## Pilgrims Still Visit Kennedy Assassination Scene

DALLAS, Tex. (UPI)—Snow, cold, flowers and contrite pilgrims today hovered over the spot where President Kennedy was slain 31 days ago.

An unidentified woman and her teen-aged daughter, dressed in black, knelt in the snow Sunday to lay a wreath near the spot. Many bowed their heads in prayer.

The weather has changed from a balmy, sunlit 68 degrees Nov. 22 to a sub-freezing, snowy pre-Christmas gloom.

Dallas, aware of the futility of grieving, braved the slippery footing that followed the tragedy and worked to redeem itself.

The Methodist churches of Dallas started a "100 days of love" campaign. Bishop William C. Martin urged citizens

in full-page newspaper ads to "carry the spirit of Christmas—charity, good will, love—into the new year."

This conservative, Republican city felt a political change. The Dallas Morning News said Sunday: "On Nov. 22, ironically, it suddenly became socially acceptable to be a Democrat."
