FALL IS DENIED CLEMENCY BY HOOVER ORDER

Reason Is Given That
None Of 3 Prosecu-
tors Or Judges Had
Been In Favor Of It

WASHINGTON, Aug. 13.—(A.P.)—Executive clemency today was denied to Albert Fall, former secretary of the interior, facing a sentence of a year and a day for accepting a bribe. Attorney General Mitchell announced the application for clemency would not be granted by President Hoover.

The reason for denial given was that none of the three prosecutors and judges whose opinions were asked on the petition advised clemency.

A recent executive order signed by both the president and attorney general provided "when none of the persons so consulted, advised clemency" papers shall not be sent to the president" except in exceptional cases.

The attorney general said he determined there was "no reason to make a special order submitting papers to the president" and thus the plea in behalf of Fall was automatically denied.

Walker Has Praise For Local Climate On Return To City

There is no comparison between weather or business conditions in Sanford and Louisville, Ky., was the observation of Howard Walker, local poultry factor and head of the Seminole Chamber, who returned to Sanford after a week's visit to that city attending the International Poultry Club convention.

"After a week in that warm oppressive climate, where hard times are based on all sides, it's a pleasure to be back home enjoying cool breezes, and finding that business here continues improving," he said.

His visit to Louisville was purely one of business, as he took an active part in each session of the conventional hundreds of delegates from every part of the nation and world were present, and prominent poultry men of international repute were heard as speakers.

Mr. Walker declared that he anticipated a large volume of business in this city during the coming months, particularly during the winter. He predicts a larger influx of tourists than ever before, and that they will be permanent of more than moderate means.

Governor Comments On Farm Board Plan

TALLAHASSEE, Aug. 13.—(A.P.)—Governor Carlen today said he considered the farm board's proposal for a one-third reduction in the present cotton crop "theoretically sound, but practically difficult to work out."

He made a comment on the farm board's proposal to withdraw from the market for one year three million bales of southern planters, about a third of their crop under cultivation in a drastic effort to restore a fair price for cotton.

"Without doubt," the governor said, "cotton growers will be better off if they had a third less cotton but I have no way to induce growers to do it. A third of their crop must be harvested and the economy of diversification has this cannot be forced upon them."

Overdraft Reported In City Of Pensacola

PENSACOLA, Aug. 13.—Overdrafts of \$100,000 in municipal current funds for 1931 was reported yesterday by Tom Finch to city commissioners. Tuesday as a further overdraft of \$100,000, making a balance of \$100,000 in the city's current funds, was reported.

Other overdrafts were from banks, \$100,000 at First National, \$100,000 at Second National, \$100,000 at Third National, \$50,000 in the First National Bank, \$50,000 in the Second National Bank, and \$50,000 in the Third National Bank.

Rains Delay Departure Of Lindberghs Now In Nome, Alaska, On Way To Orient

COOLIDGE SPURS INTERVIEW UPON SUBJECT OF BEER

Energetic Reporter Fails To Get "Silent Café" To Give Opinion

NEW YORK, Aug. 12.—(A.P.)—Calvin Coolidge lived up to his pseudonym of "Silent Cal" but demonstrated to New York reporters there can be "privacy" in his retired life.

The flying couple, on their way to Nome, experienced some of the greatest thrills since the 1900 gold rush by entertaining Col. and Mrs. Charles A. Lindbergh with a trip yesterday to the historic gold fields, where huge dredges are at work. Other points of interest in the famous mining town also were visited.

The flying couple, on their way to Nome, experienced some of the greatest thrills since the 1900 gold rush by entertaining Col. and Mrs. Charles A. Lindbergh with a trip yesterday to the historic gold fields, where huge dredges are at work. Other points of interest in the famous mining town also were visited.

They plan to take off today across Bering Sea for Kamchatka Peninsula, where gold was the subject about which they argued. They said Smith had a private record.

Carey Landis And State Secretary Gray Visit Sanford

Secretary of State R. A. Gray Jr., and Attorney General Carey D. Landis, of Tallahassee, Fla., visitors in Sanford today, stopping only long enough to shake hands with a number of their friends, and paying a visit to the Court House, where Mr. Landis inquired as to personal interests in this city.

Mr. Landis, glancing sidewise, saw him coming. His pace quickened a bit, his eyes narrowed, and his lips tightened.

The reporter stepped beside him. "Mr. Coolidge, a moment, if you please."

There was no chance of expression of the former president replied, "Nothing whatever to say."

"But, if you please, Mr. Coolidge, there is a report going about that you are about to declare your independence."

"Nothing to say."

"Please declare yourself in favor of—"

"Not a word."

"Four percent beer."

"Nothing."

"All right, Mr. Coolidge, that ends it."

And the former president moved on, turning a moment to smile at the reporter.

His visit was one of more than a score he has made in New York on the twelfth of nearly every month since his election to the presidency.

He understood it would be attacked on several grounds, one of which was that the measure was not properly passed in the House because several representatives failed to vote and many of them voted their roles.

Mr. Landis and Mr. Gray left the city shortly after luncheon. Mr. Landis will spend a few days in DeLand with relatives and friends, while Mr. Gray expects to continue to Daytona where he will spend the weekend with his family.

Celery Growers In Sarasota County Will Hold Meeting

SARASOTA, Aug. 13.—Both celery and strawberry growers of Sarasota and Manatee counties have been invited to attend meetings this week in Bradenton for the purpose of further discussing problems confronting growers.

There will be a meeting of all celery growers of the two counties Friday night at 8 o'clock at the Bradenton Chamber of Commerce auditorium on the city pier.

Saturday afternoon at 2 o'clock, growers of both counties interested in strawberry culture are expected to attend another strawberry meeting.

The celery meeting will be addressed by H. C. Thompson, professor of vegetable gardening at Cornell university. This meeting has been arranged through the cooperation of the Manatee county agent, the Manatee County Grower's association and the Sarasota County Chamber of Commerce.

KILLS SELF

SAN ANTONIO, Tex., Aug. 13.—(A.P.)—C. J. Haskell, 35, son of Oklahoma's first governor, C. S. Haskell, shot and killed himself in his suite in a downtown hotel here yesterday. Haskell had complained recently of business reverses.

MOBILE GETS FIRST COTTON

PITTSBURGH, Aug. 13.—(A.P.)—The Italian vice consul in the fashionable Oakland residential section was badly injured by an explosion early yesterday and police expressed the belief the glass had been broken.

CLUES FAIL TO AID SOLVING OF TORCH MURDER

2 Suspects Detained But Each New Bit Of Information Points To Other Directions

APOLANTO, Aug. 13.—(A.P.)—Herbert Smith, whom police believe owned the gun used to slay Harry Lore, one of four young persons whose burned bodies were found in an automobile near here Tuesday, was arrested yesterday by officials, authorities said, closely resembling the man reported seen in a restaurant early Tuesday with Harry Thomas, Avian Gold, and Anna May Harrison shortly before the bodies were found. They said Smith had a prison record.

The former president urged the city to keep the man as director of a life insurance company, and because a reporter who noted the quietness with which he arrived, was the subject about which he argued, the man was advised to leave. There is no privacy in this retired life."

Two suspects were held, but each in a case apparently pointed in other directions. The most important development of the day was the finding of a purse, identified as the property of Vivian Gold, one of the slain girls, and the discovery of a witness who saw the four young people in the company of a man about two hours before their bodies were found in a burning automobile.

An intensive search was begun for the fifth member of the party, described by Norman England, who said the man was with Miss Thomas. (Continued on Page Three)

Judge Sheppard Of Pensacola Scores Crime In New York

NEW YORK, Aug. 13.—(A.P.)—Curtis has been made a hero in New York, says Judge William B. Sheppard of Pensacola, Fla., who is sitting in federal district court at Brooklyn this month to help clear the calendar.

"Down in our country," he said, "as a rule, the men trial are smaller and more routine trials. Here, they seem to have more of a business of crime. They are harder to catch and harder to convict."

The Justic stirred up a controversy 18 years ago by remarking that New York did not calculate its freight rates to match those of the western railroads. It has since been referred to with apparent approval by the supreme court.

Commissioner Meyer, president of the railroad commission of North and South Dakota, Iowa, Kansas, Minnesota, Nebraska, and Wyoming, said yesterday that the railroads would continue to make a case notwithstanding the proposed increase might much easier than had been expected.

The western railroads, on behalf of the railroad commission of North and South Dakota, Iowa, Kansas, Minnesota, Nebraska, and Wyoming, said yesterday that the railroads would continue to make a case notwithstanding the proposed increase might much easier than had been expected.

THREE FACTORS GET CREDIT FOR CARDS' SUCCESS

Big Corps Of Pitchers, Reserve Strength, And Speed Are Cited

St. LOUIS, Aug. 11.—(A.P.)—Three things according to the experts, have put the St. Louis Cardinals out in front this year—a large corps of husky pitchers, reserve strength, and speed.

No doubt they are right. Manager Gabby Street has six starting hurlers who seldom need help, to back by dependable relief men. Despite numerous injuries, his team has managed continually to present a formidable lineup. And every man, in it, little or big, is out of his fee.

On the field, aggressiveness, hustle and push tell in brief the story. If the Cards Ready to seize every break and if necessary make a few of their own, they can depend on to fight from the first ball pitched until the final out.

Off the field they are as quiet and unassuming a group as the most finicky hotel manager.

With their new loud-telling ball player of the "old school" in the bunch. Their best time is special order of Sergeant Street, 11 o'clock.

Big Burleigh Grimes, the spitball tamer whose remarks from the mound have been known to rattle many a batter, loses his scornful men when the game is over. "Wild Bill" Hallahan, the club's only lefthander, at his name same seasons back from passes and wild pitches, not his preference in entertainment during his leisure time.

Even Eddie Rhem, victim of last year's sensational kidnapping episode, seems to have broken away from all associations capable of a dirty trick like that.

Frankie Frisch, peppy captain of the team, talks back to umpires on occasion and sometimes is chased for it, but after hours he is accounted an urban fellow, a fit running mate for the other guard, of the keyhole sack Charlie Gehrert. These two noted collectors incidentally, long have been close friends.

Frisch, veteran of many campaigns, is still regarded as one of the greatest players in the game principally because of his ability to deliver under fire. His performances as a "money player" have been compared to those of Walter Hagen in golf.

At first base B. T. Conley, the "Sunny Jim" who ready smile and innocent bearing won the hearts of fans, has been displaced of late by a rookie, "Rip" Collins, who bats a right or left hand. Collin's "came up" from Rochester, Card farm in the International league.

"Sparky" Adams, another veteran but as lively as ever, continues to hold down the hot corner of the infield and to bedevil opposing hurlers as lead-off man. It's hard to pitch between the shoulder and knee of a fellow 5 feet 4 inches tall.

Back of the plate Jimmy Wilson, who has played eight seasons in the majors, and Gus Mancuso alternate with almost equal effectiveness.

The sensation of the year among the outfielders is "Pepper" Martin, called the fastest man on the team—a rookie with tremendous shoulders and legs.

Pepper clouts the ball effectively and covers lots of ground. Once he "rode the rods" to V training camp, but now only occasionally experiences difficulty with the visible evidences of civilization, as when he severely hurt himself taking off his shoe.

Meantime Chick Hafey, rangy, quiet, bespectacled slugger, performs his usual share of the gardening labors.

Also seen in the outfield is George Watkins, long distance hitter, and at times Ernie Orsatti, who in the past during winter months has labored as a "double" in moton pictures.

Paul Derringer, giant rookie pitcher who stands better than 6 feet 3 inches, has made a place for himself among the regulars of the staff by clicking off a dozen victories in his first year in the big time. He also is a Rochester product.

Veterans and newcomers, old hands and young—all have come under the influences of the Old Sergeant, who knows tall players when he sees them, and appears to know what to do with them when he gets them.

Gabby has welded these diverse temperaments into a unit which in his own words, "contains no stars." The Cards, Street says, depend on no single individual. It's a machine which is interchangeable in every part, he says.

This figure does not include anything from the race tracks, which commissioners are not counting. Furthermore, the commissioners pointed out that none of the money to be received from the one cent gasoline tax, as they understand it, can be used for maintenance purposes. It will all go for bond interest and fund.

Each year the county received \$10,000 from the state, they said, used for maintenance.

According to an AP dispatch, Dubby Spencer, who yesterday scored a 70 to add to his 78 of the day before, giving him a 154 in the qualifying flight of the annual Biltmore Country Club Invitational Tournament at Asheville, finds himself right up among the leaders, only six strokes back of Jack Toomer who won low medalists. Spencer is a stroke back of Carl Dunn, Jr., Orlando ace, who recently won the Asheville County club open tournament.

As expected, the Florida State Racing Commission granted permits for the operation of the Sanford-Orlando Kennel Club and the Seminole Driving Club at Longwood. The next step is a referendum vote on the matter, with the chances rather slim that persons in this county will vote for racing unless the men back of the plants spend a few more dollars in and around Sanford. As those tracks have been run in past years, practically every cent made was spent in Orlando, with local merchants reaping but little profit. Possibly local merchants failed to realize the business of all the persons connected with the tracks, but, whether they did or not, the track owners and followers should have used a little more discretion in purchasing supplies and such, so that later in life they might have expected the support of Sanford and the country.

Nap Rucker, Brooklyn scout who was to have signed Q. L. Roberts, Palatka star infielder to a contract, returned north last night without doing so, reporting that he was unable to come to terms with the youth. The deal is not yet off, however, and chances are that Roberts will think twice before overlooking a chance to make the grade in such a jump. In the meantime, Rucker said he had his eyes on Shaw Buck, another Palatka ball player who is a pitching kind of plenty of merit.

Marion County To Get \$55,000 More Than In Year Of '30

OCALA, Aug. 12.—The county commissioners, who met recently to take up the budget for the new year, have done some figuring as to what might be expected in the way of revenue from the state. They concluded that the county would get only about \$55,000 more than was received last year.

This figure does not include anything from the race tracks, which commissioners are not counting. Furthermore, the commissioners pointed out that none of the money to be received from the one cent gasoline tax, as they understand it, can be used for maintenance purposes. It will all go for bond interest and fund.

Each year the county received \$10,000 from the state, they said, used for maintenance.

LOCAL DIAMOND BALL GIRL TEAM BEATS VISITORS

Seminole Laundry Aggregation Wins By Score Of 28 To 18

By E. H. CULLUM.
The Sanford Seminole Laundry Girls diamond ball team got the jump from the start on the Progressive Laundry team of Orlando last night and put over enough runs in the first two innings to win half a dozen ordinary games, securing eight runs in the first and nine in the second. They added one more in the third, and to make the rout complete, added 10 more in the fifth to bring the Sanford total up to 28.

Ethel Gates pitched for the Seminole Laundry, and while not near as effective as she has been in former games, due to a wet ball, she kept the Orlando score comparatively low and was never in any danger. The Orlando team secured one run in the first, two in the second, three in the fourth, one in the fifth, three in the sixth, for a total of 11.

Off the field they are as quiet and unassuming a group as the most finicky hotel manager. With their new loud-telling ball player of the "old school" in the bunch. Their best time is special order of Sergeant Street, 11 o'clock.

Big Burleigh Grimes, the spitball tamer whose remarks from the mound have been known to rattle many a batter, loses his scornful men when the game is over. "Wild Bill" Hallahan, the club's only lefthander, at his name same seasons back from passes and wild pitches, not his preference in entertainment during his leisure time.

Even Eddie Rhem, victim of last year's sensational kidnapping episode, seems to have broken away from all associations capable of a dirty trick like that.

Frankie Frisch, peppy captain of the team, talks back to umpires on occasion and sometimes is chased for it, but after hours he is accounted an urban fellow, a fit running mate for the other guard, of the keyhole sack Charlie Gehrert. These two noted collectors incidentally, long have been close friends.

Frisch, veteran of many campaigns, is still regarded as one of the greatest players in the game principally because of his ability to deliver under fire. His performances as a "money player" have been compared to those of Walter Hagen in golf.

At first base B. T. Conley, the "Sunny Jim" who ready smile and innocent bearing won the hearts of fans, has been displaced of late by a rookie, "Rip" Collins, who bats a right or left hand. Collin's "came up" from Rochester, Card farm in the International league.

"Sparky" Adams, another veteran but as lively as ever, continues to hold down the hot corner of the infield and to bedevil opposing hurlers as lead-off man. It's hard to pitch between the shoulder and knee of a fellow 5 feet 4 inches tall.

Back of the plate Jimmy Wilson, who has played eight seasons in the majors, and Gus Mancuso alternate with almost equal effectiveness.

The sensation of the year among the outfielders is "Pepper" Martin, called the fastest man on the team—a rookie with tremendous shoulders and legs.

Pepper clouts the ball effectively and covers lots of ground. Once he "rode the rods" to V training camp, but now only occasionally experiences difficulty with the visible evidences of civilization, as when he severely hurt himself taking off his shoe.

Meantime Chick Hafey, rangy, quiet, bespectacled slugger, performs his usual share of the gardening labors.

Also seen in the outfield is George Watkins, long distance hitter, and at times Ernie Orsatti, who in the past during winter months has labored as a "double" in motion pictures.

Paul Derringer, giant rookie pitcher who stands better than 6 feet 3 inches, has made a place for himself among the regulars of the staff by clicking off a dozen victories in his first year in the big time. He also is a Rochester product.

Veterans and newcomers, old hands and young—all have come under the influences of the Old Sergeant, who knows tall players when he sees them, and appears to know what to do with them when he gets them.

Gabby has welded these diverse temperaments into a unit which in his own words, "contains no stars." The Cards, Street says, depend on no single individual. It's a machine which is interchangeable in every part, he says.

This figure does not include anything from the race tracks, which commissioners are not counting. Furthermore, the commissioners pointed out that none of the money to be received from the one cent gasoline tax, as they understand it, can be used for maintenance purposes. It will all go for bond interest and fund.

Each year the county received \$10,000 from the state, they said, used for maintenance.

WHEN BRITISH AND GERMAN LEADERS MET IN LONDON

The question of the payment of Germany's war debt is a factor of world wide importance, and above you see Chancellor Brüning, left, when he arrived in England to confer with Prime Minister Ramsay MacDonald of England, center, on the subject. Right, Baron Von Neurath, German Ambassador to England.

Hindenburg Signs Emergency Decree In Regard To Press

BERLIN, Aug. 12.—(A.P.)—President Paul von Hindenburg yesterday signed a new emergency decree amending the previous decree under which the Prussian government compelled all newspapers to print its appeal against voting in Sunday's plebiscite.

The Prussian government's action was much resented in the country and was regarded as an unwarrantable interference with liberty.

Yesterday's new decree, submitted by the cabinet but on the request of Hindenburg's request, provides that such official statements hereafter must be approved by

the federal minister of interior and that regular speech rates must be paid for publishing them if they exceed 500 words.

The decree also grants facilities for entering appeals against suspensions of newspapers for printing opinions which are held obnoxious by authorities.

Further alleviation of the regulations affecting newspapers were discussed by the cabinet but were dropped because the members believed that Sunday's public disturbances made further concessions undesirable.

MISSING BOY LOCATED

CHIPPLEY, Aug. 12.—(A.P.)—Lehman Whittington, 16, was back home yesterday after causing a two-day search to be made for him in the belief he had drowned.

Exciting News Of a Daring Revolution in Prices

Woodruff & Watson Strike a Smashing Blow that Deals Disaster to Prices on Summer Merchandise Starting Friday

Clean-Sweep Sale

The Most Important Underselling Achievement of the Year in Sanford. The Merchandise Will Be Swept Away As If Before a Giant Broom Sweeping All in Its Path.

Join the Crowds!

Buying excitement will be at high pitch the few days ahead, while this amazing opportunity prevails. Let no thinking man or woman stand aside and let it go by forever! We are playing havoc, with merchandise and prices by slashing and cutting regular selling figures throughout, to make "Clean Sweep" of our Summer Clothing, and selling out to quit handling entire women's and Children's Shoe stocks.

Right now, in the middle of the season, we are presenting the acclaimed modes in merchandise, at prices never before known.

Closing Out to Quit Handling Our Entire Stock Women's Shoes

Also Children's Shoes

We are going out of Women's and Children's Shoes selling business and offer startling reductions to sell all and quit. You should lay in a supply for months to come at the amazing prices.

Women folks—believe your eyes! Come select any shoe in the house and get it at a sensational price in this Clean Sweep to quit at following prices!

Pumps, Straps, Ties, Blondes, Whites, Blacks, Browns, Etc.

1st Group Values to \$5.00

By PETER SCHAUER

The Western teams in both leagues certainly played havoc with the pennant aspirations of some of the Eastern outfits yesterday. The Cards, and Cubs took doubleheaders, the Tigers beat the Athletics, the White Sox beat the Senators, and the Indians and Pirates split double-bills with their opponents.

First in importance comes the Cards' two wins. Over the Robins, if you please. Those Robins who were supposed to go somewhere this year. Hinkey Haines shut them out 5 to 0 in the first game although he was reached for 11 hits. Jim Bottomley got a homer to help the cause. Flint Rhem had little trouble in subduing the Robins in the second game, 4 to 3. He got fine hitting support. Jimmie Foxx, who got two and 10 hits, Fredrichs got two and 10. Dickey hit a homer, but they weren't enough. Frisch got four hits in six tries, while every Card got one or more hits in that game. The twin loss puts the Braves within two games of fourth place again.

The Cubs went into second place after being in third for five days. They took a couple from Philadelphia, the first going 10 innings before a 7 to 3 decision was reached. Root pitched eight hit ball in that first game, and stayed off a 10th inning rally with fine skill. The Cubs put over five runs in that inning, to have the Phillies come back with one, after scoring the life out of the Cubs. Hurst hit a homer in that game. . . . In the second game, old Bob Smith had no trouble at all, holding the Phils to a 12 to 1 defeat. The Cubs got 18 hits off three pitchers, with Capler, Hartnett and Smith leading the attack.

Bill Walker saved the day for the Giants when he pitched three hit ball against the Pirates to shut them out 5 to 0 in the second game of a double header. The Pirates had won the first game 6 to 4 when they got to Ray Hubbell in the third for five runs. Kremey pitched great ball. He was picked for two homers by Mel Ott, who scored three of the four Giant runs. Grantham had a fine day at bat in that game too, getting three hits, one a homer. . . . Walker had everything his own way in the second game, coasting to an easy victory while his mates got a dozen hits off Meine and Swoboda.

Bon Cantwell, who was scheduled to pitch one of the two games to be played against the Reds, got a day's rest when a heavy rain spread all over the Braves' ball park, causing a postponement.

Mark Koenig doubled with Quillish on second in the 12th inning to give the Tigers a 7 to 6 win over the Macks after an intermission.

LOCAL DIAMOND TEAM LOSES TILT TO DELAND BOYS

Ten To Four Victory Chalked Up By University City Crew

By E. H. CULLUM

The White Sox turned the tables on the Senators, beating them 11 to 1 to get revenge for a similar defeat the day before. Frazier let the Sens down with six hits, none important with the exception of Cronin's homer. Three Sen chukkers gave up 17 hits in the lowly Sox, all of whom got a hit or more. Wonder how the Sox felt after the game. It was the first time in weeks that they had secured 10 or more hits.

Sammy Gray's wild throw past first base in the ninth inning of the Browns' game with the Red Sox, cost him a 6 to 5 victory as Rhyne scored. Kress had hit a homer to score three men for the Browns, but the Sox kept pounding away, getting 13 hits, and a ball game.

The Yanks and Indians staged a couple of burlesque ball games for the edification of about 10,000 fans. The Yanks won the first struggle by an 18 to 1 score, while the Indians earned around and beat the Yankees by 17 to 7 score in the nightcap. Gomez held the Indians to nine hits in the first game while J. Miller and Chapman, getting four hits in six tries, led the Yank sluggers to 19 hits, and victory. Dickey and Combs hit homers in that game. Dickey also driving in four runs. In the second, five pitchers saw action, none effective, although Connally got credit for the Indian win after Brown was shelled from the hill. Averill and Sewell hit homers in that game. The Indians scored 17 runs on 13 hits, and the Yanks made only two errors. They must certainly have been cutting the foot up there.

G. W. Spencer Wins His First Match In Asheville Tourney

ASHEVILLE, N. C., Aug. 13. (A.P.)—Jack Toomer, Jacksonville, Fla., who topped the qualifying field, swept through his first round match in the annual Biltmore club invitation golf tournament yesterday with a 6 and 3 victory over Tommy Aycock, also of Jacksonville.

Toomer played the sump steady, of golf that netted him the medal with a 36-hole score of 148 in the qualifying round, Aycock won the tournament in 1929. All the first round matches were run off without any startling upset.

Both of Augusta's first flight representatives passed out of the picture. W. D. Fondren, of Memphis, defeated Craig Barrow, of Augusta, 4 and 3, and G. W. Spencer, of Sanford, Fla., triumphing over B. Zimmerman, the other Georgia city entry, one up, one of the hardest fought encounters of the day.

Atlanta's two golfers won and lost. W. T. Healey moved up into the second round with a 7 and 4 decision over A. C. Ulmer, another Jacksonville star, but D. V. Sager, Jr., bowed to Henry Westall, of Asheville, one up on the 19th hole.

Other championship flights results follow:

S. P. Henderson, Charlotte, defeated Jon Adams, Asheville, 6

Martin, Shadburn, Wilkins, Three-base hits; Crawford, Home runs; Miles, Lake, Earned Runs, Sanford 4, DeLand 4; Struck out by Hodge 8, Carmichael 3, Bases on balls, off Hodge 6, Carmichael 1, Umphries Phillip and Wilkes.

Night the Seminole Dry Cleaners take on the Orange Lumber Company team of Orlando. Lineup probably as follows: Schindler, Palmer, Peters, Martin or Bender, Harrison, Pittman, H. Tillis, Bolly, Weaver, Ravenel. With Palmer in the box, backed up by these boys, another victory over Orlando is in sight.
