Pak Bombers Raid Bombay; Indians Recognize Rebels

By THE ASSOCIATED PRESS

Pakistani jets attacked Bombay, India's largest city, United News of India reported today.

It said the attack came just after nightfall. Earlier in the day, India recognized the Bangla Desh rebels as the legal government of East Pakistan and claimed victory in a major tank battle

United News of India said Indian antiaircraft guns and coastal batteries opened fire as the Pakistani planes approached Bombay.

LETTERMAN, the nation's only high school sports maga zine, announces its 1972 High School Basketbali All-Americans. Like the magazine, this year's top stars cover the nation and show high school sports at its best.

The list of America's best includes a Top Ten, twenty Honorsble Mentions and dozens of "Challengers" from 44 states. -Biggest of the Top Ten is Bob Parish of Woodlawn High School in Shreveport, Louisiana. A 7-footer, Parish is the star at the school best known for producing football quarterbacks Terry Bradshaw of the Pittsburgh Steelers and Joe Ferguson of Arkansas University. Parish brought basketball prominence to Woodlawn High, which began for him when he averaged 26.9 points a game as a freshman in 1969.

In Illinois, he's called "Win" Buckner and moving toward the top of the list of the state's finest athletes ever. He's Quinn Buckner, who as a junior catapulted Thornridge High School into the state's premier position last year by leading both the football and basketball teams to state titles.

Many honors came to Quine Buckner because of his athletic success, including dual all-state recognition, but none is greater than the one he received November 30 at a special assembly in his honor at the school. That day Quinn received the first LETTERMAN Magazine High School Athlete of the Year Award. It was given to Quinn because in the opinion of LETTERMAN Magazine he is the best high school athlete of 1972. He was chosen from 21/2 million high school athletes.
