HAPPENINGS DURING THE WEEK

Here the Readers Will Find a Brief Historical Spring Flowing

Merial law in Mexico. City owing to the tense situation existing throughout the country, has been declared. It was revealed to-day that the revolutions have been tampering with the standing army and wholesale military arrests are being made. Mexico would hardly be able to muster 26,000 troops in case of revolutions, because of dissatisfaction in the army.

Dr. Hawley H. Crippen, murderer of his actress wife, Belle Elmore, paid the death penalty on the gallows Wednesday in London, England.

The new battleship Florida, now being built at the Brooklyn navy yards, will be the flagship of the powerful Atlantic fleet when placed in commission. The vessel is now 82 per cent completed and the work is being pushed with as much rapidity as possible. The Florida's displacement will 21,925 tons and the magnificent dreadnaught will be in every way worthy of the honor of being the flagship of the fleet.

The population of the city of Augusta is 41,304, according to the count taken last Sunday by 300 volunteer enumerators composed of all classes of people, including many of the most wealthy and prominent business men. This compares against the official count of 37,826 sent out by the Census Bureau last week, and 39,441 as the official census ten years ago. The city's count shows that the Federal enumerators misread 3,469 people in the city, and, in substantiation of this a member of the council, acting as a voluntary enumerator, reports an entire district in the ward wherein he was working which had never been visited by the Federal enumerators. Every ward in the city shows an increase over the Federal report.

Judge Landis will not try the beef trust cases. What judge will preside over the coming trial of the ten Chicago packers indicted recently by the special Federal grand jury impaneled by Judge Landis last June is yet to be determined.

The twenty-first annual meeting of the Trans-Mississippi Commercial congress has attracted to Santonio the largest gathering of distinguished men ever assembled. Page after page of the registers at the leading hotels filled to-day with the names of United States senators, governors of states, diplomats, financiers, railroad officials and other persons of prominence in public affairs and in the world of commerce and industry.

The funeral of Count Leo Tolstol, who died early Sunday morning, will occur at Yasanya Pollana, his boyhood home, on Tuesday. It was Tolstol's desire that the funeral be held there, and that the ceremonials be as brief and inconspicuous as possible. The will of the late reformer will be carried out in every detail.

Corner Stone of New Church

The corner stone of the People's Congregational church is to be laid at 3:30 next Wednesday afternoon, Nov. 30, at the northwest corner of the building and on Park avenue. A general invitation is extended. Following is the program:

Doxology by the congregation.
Scripture Reading—Rev. N. P. McQuarrie.

Report of Building Committee—Dr. C. E. Walker.

Contents of Box—Mr. C. R. Walker.
Laying of Corner Stone—Pastor.
Prayer—President W. F. Blackman.
Anthem by Chorus.

Address—Rev. Hubert C. Herring, D. D.
Address—Rev. Frank E. Jenkins, D. D.
Anthem by Chorus.

Address—Rev. R. Lee Kirkland, D. D.
Address for City Pastors—Rev. J. F. McKinnon.

Hymn, "Coronation," by the congregation.
Benediction.

Methodist Church

Rev. N. H. Williams, editor of the Florida Advocate will preach morning and evening. Subject for the morning—Missions. All are invited.

City Council Meets

Council convened in regular session Nov. 21st, 1910. Members present: D. L. Thrasher, W. D. Holden, B. A. Howard, A. T. Rosseter, H. R. Stevens and H. P. Driver. Members absent, G. R. Calhoun. Minutes of last regular session and special sessions read and approved.

Treasurer's report for October, 1910, approved and ordered filed.

Marshal's report for October, 1910, approved and ordered filed.

Mrs. J. D. Parker appeared before the council and presented a petition from the ladies of the west side, asking for assistance from the city to help them in beautifying streets, parks, etc., on the west side of the city.

That the sanitary committee be empowered to employ a man to take a force and clear up streets and parks on west side as they see fit.

Petition asking for an arc light at intersection of Main and Cross streets, referred to street committee with power to act.

The matter of placing light on west Third street referred to street, with power to act.

Moved and seconded that the street committee hereby grant permission to the Virginia-Carolina Chemical Company to construct a third track to their fertilizer plant. Carried.

Communications from F. W. Mahoney, Miss Vesta Weeks and J. M. Stumon asking for reduction in tax assessments. No action taken.

Bids were opened in view of letting contract for scavenger, garbage and street cleaning work. Moved and seconded that all bids, except that of Mr. J. W. Dickins, be rejected, he being the lowest bidder, in proper form, and his bid is held pending further investigation. All bids to be returned in accordance with notice. Carried.

Moved and seconded that vouchers as per bills attached, and signed by the president of the city council and approved by the finance committee, be paid. Carried.

There being no further business it was moved and seconded that council adjourn. Carried.

Your grape vines are at the Herald.

Honor for Sanford Girl

At a recent meeting of the Federation of Women's Clubs at Ocala Miss Charlotte Keelor of this city was elected Recording Secretary, an honor worthily bestowed. Miss Keelor is a member of the Welaka Club and the Wednesday Club of this city and a member of several clubs in New York city, where she has gained fame as a contributor to magazines and journals. The Welaka Club is the youngest organization in the state to join the Federation and the members are justly proud of Miss Keelor's election.

Mrs. J. W. Dickins of the Wednesday and Welaka Clubs was also honored by an important office during the proceedings at Ocala.

We are justly proud of our representatives at the Federation meeting. Sanford usually takes a place at every meeting of importance in the state.

Lyceum Number

The Alkahest Ladies Quartet will give in the Auditorium of the New High School building on Friday, Dec. 2nd, at 8:30 p. m., the second number of the High School Lyceum Course. This quartet is now beginning its 8th year of public work, and is known everywhere as one of the best on the lyceum platform.

Tickets will be on Sale at Newlans Thursday Dec. 1st at 1 p. m. Those who have season tickets will take their tickets there to have seats reserved.

This reservation will hold for the other numbers of the Course.

The prices of admission to the concert will be 50 cents, and 35 cents for school pupils. This includes reserved seats.
N. J. PERKINS, Mgr.

Irving Literary Society

The Irving Literary Society of the Sanford High School held their first meeting since the opening of school Monday afternoon last. The following officers were unanimously elected: Ernest Betts, president; Miss Hoskins Jones, vice president; Miss Margaret Davis, secretary; Karl Roumillat, treasurer.

Notice To Dog Owners

All dogs not having a tax tag by December first will be killed by the police whenever found.
GREEN SMITH, Marshal.

IN FAVOR ROAD BONDS

Citizens of Sanford Held Meeting Tuesday Night

ACTIVE CAMPAIGN TO BE MADE

Question Will be Put Before the Voters in Plain Statement Before the Election

A citizens' meeting was held in the parlors of the Sanford House Tuesday for the purpose of formulating ways and means to stimulate interest in the approaching bond election to be held on December 7th for the purpose of voting a bond issue of one million dollars, said money to be used in the construction of a system of trunk lines of brick highways through Orange county.

Addresses were made by Hon. J. N. Whitner, D. L. Thrasher, W. D. Holden, D. A. Caldwell, George H. Fernald, Norman DeForest and others who are prominently identified with the movement. It was clearly shown that this issue of one million dollar's worth of bonds invested in hard surfaced roads as projected would prove a splendid business investment, in that it would make accessible, now isolated sections of the county, would bring the various portions of the county into a closer commercial relation, would cause the sections now passed up by the settler to become valuable as farms and groves, would increase the population, increase commerce, increase taxable values on now isolated land and decrease the taxes on the lands now easy of access and which are practically bearing the entire burden of taxation.

It was further shown that by an equitable system of taxation throughout the county that the funds necessary to care for the interest account in connection with the bond issue, and to also care for the construction and maintenance of a complete system of clay laterals to connect with the brick trunk roads, could be constructed. It was further shown that the clay roads now on the main thoroughfares were put to such several usages that it was next to impossible to keep them in repair and that by relegating the clay to the portions of the county that are practically without a road of any kind would not only furnish those sections with a splendid convenience but would place the clay roads where they would last many times longer than they now last.

The meeting then went into executive session and committees were appointed to further the interests of the bond issue. The executive committee is composed of Hon. J. N. Whitner, B. A. Howard, Chas. H. Lefler, George H. Fernald and Thomas K. Bates. A sub-committee was appointed to draft a letter showing the fallacies of the arguments presented by the small number of citizens who do not favor the bonds. The members of this committee are Harry Ward, W. D. Holden, J. N. Whitner, D. L. Thrasher and Thomas K. Bates.

This letter will be mailed to each voter in the district covered by this committee which comprehends Sanford, Paola, Longwood, Upland, Lake Mary, Monroe and possible Oviedo. The third committee was appointed to circulate a petition in favor of the bond issue and secure the signature of every voter in the above districts who are in favor of good roads and the natural development of Orange county. The members of this committee are D. M. Robinson, Norman DeForest, C. H. Lefler, J. O. Packard and F. F. Dutton.

At the close of the meeting a call was made for funds to carry on the campaign of education until the election and every person present subscribed liberally to the movement.

The county commissioners are now constructing a piece of brick road on Celery avenue, in the edge of Sanford, similar to the roads they propose to build throughout the county. There will be about fifty yards of this sample road and it is earnestly hoped that every voter in the district will give it a thorough inspection before passing a derogatory opinion as regards the bond issue.

Seamstress Wanted

Madame Josephine wants help in her dressmaking parlors over Yowell's store. Experienced seamstresses and young girls who are anxious to learn the arts of dressmaking. 15-p

The reception given by the Women's Exchange in the Herald building last Saturday was largely attended despite the inclement weather.

Doudney-Vaughn

The marriage of Mr. Alexander Vaughn and Mrs. Bessie Downing Doudney was solemnized in the Episcopal church Tuesday morning at nine o'clock, the Rev. B. F. Brown officiating. The altar was pretty decorated, with cut flowers, chrysanthemums and star jessamines being used very effectively. Though no invitations were issued and the wedding was a very quiet one, a large number of the friends of the contracting parties assembled in the church to witness the interesting event. Mrs. Fannie Munson presided at the organ and promptly at the appointed hour to the strains of the beautiful bridal chorus, "The Church is the wedding party entered the church. The groom was unattended and entered from the vestry room, the others from the entrance and down the center aisle. The first attendants were Miss Flora Vaughn and Mr. Arthur Vaughn, daughter and son of the groom, coming in together followed by little Miss Abbie Doudney. Next came the bride leaning on the arm of her oldest son, Mr. Guerne Doudney who gave her away. The bride wore a very becoming going away gown of blue voile, with silk trimmings and a stylish hat of the same pretty shade; the hat having a touch of white. The beautiful and impressive ring ceremony of the Episcopal ritual was used, and the bride and groom knelt at the altar where they plighted their troth, receiving the blessing from the minister who pronounced them man and wife. Immediately after the ceremony the happy couple drove to the depot and left on the East Coast train for a short wedding trip. After their return they will be at home to their many friends at their home at the south end of Park avenue. Mrs. Vaughn has resided in Sanford for many years and is much liked for the many charming traits that makes her a very attractive woman. Mr. Vaughn is an old resident of Sanford, and is one of the best known and most highly esteemed men in Orange County. At present he is on the board of county commissioners and a large land owner. Mr. and Mrs. Vaughn have many friends who will extend to them every good wish for joy and happiness in their wedded life.

Get your grape vines at the Herald.

Anti-Saloon Organization

At a large mass meeting held in Orlando, Wednesday Nov. 23rd., of representative citizens from over the entire county, the Anti-Saloon organization was continued intact with a slight change of the personnel. W. P. Watson, of Orlando, was elected county chairman and E. A. Curtis, sec'y and treasurer. N. P. Yowell, L. G. Starbuck, of Orlando, and D. L. Thrasher, and C. H. Lefler, of Sanford, as county executive committee, with power to add to such committee as many as necessary. The meeting was largely attended by Orange County's best business men, who are earnest and enthusiastic over keeping out the saloon. Hon. W. L. Palmer, made a very fine address outlining the situation from a sound business standpoint, which should be adopted in our coming campaign. We should by all means conduct our campaign with sound reason, and love and good will towards all men. We can all fight under this command, with victory assured.

Rev. J. F. McKinnon has returned from attendance upon the meeting of the Synod of Florida, which was in session at DeFuniak Springs last week and will fill his engagements at the Presbyterian church next Sunday morning and evening. While away Mr. McKinnon visited the home of his boyhood near Monticello and preached at Thomasville, Ga., last Sunday. He reports a most delightful time at Synod and with friends at Monticello and Thomasville.

People's Church

"Corner Stones and Some Others" at the Congregational church next Sunday night at 7:00. In the morning the subject will be "Yeast." The pastor, Rev. Geo. B. Waldron will preach both morning and evening. Everybody is welcome.

A. C. Sowers and family will locate with us if he can find an empty house. This tells how our Lucky Sanford is growing.

The meeting of the Musical Club for Saturday last was postponed and will meet tomorrow with the President, Mrs. Martin at 3 o'clock.

You can get copies of the special Herald edition at the newstand and Herald office.

ALL AROUND FLORIDA

The General News of "The Land of Flowers."

CULLED FROM THE STATE PRESS

An Epitome of the Week's Most Important Happenings in the State's Domain.

Dade's county commissioners are very busy improving old road and planning and working out new ones. The total length of the roads in the county have been let, is about eighteen miles, and this will be of immense advantage to the people of the county. Sections not reached by hard roads will not be long in noting and demanding the convenience for themselves.

The Atlantic Coast Line Railway is about to erect a handsome brick station at Clearwater, on the Gulf Coast. The cost will be about \$10,000.

Jacksonville's city fathers are considering the proposition of putting underground all public utility wire service, including telegraph, telephone, streetcar, fire alarm and power wires. The change is to be made in the center of the city within three years and in a much larger area within the next five years.

Bradford county is to have an automobile association and the members, who will be among the auto owners and promoters of good roads, and help along the good work of making possible the highways of Florida.

The Supreme Court having refused to reverse the findings of the Circuit Court in the case of D. M. Davidson, convicted, with James M. Kelley, of the murder of Special Agent W. C. Sellars, of the Atlantic Coast Line at High Springs, and sentenced to hard labor for life by Judge Willis at the special term of court at Palatka some twenty months ago. Davidson will soon enter upon serving his sentence in the State prison.

Miami's newest hotel, the Plaza, will open for the season on the 1st of next month. The hotel will accommodate 400 guests. The dining room alone contains 3,000 square feet of floor space, and one of the most attractive features is the roof or palm garden.

Secretary Powell of the Tampa Board of Trade is preparing to send broadcast 50,000 maps of Hillsboro county and the city of Tampa and prominently placed in bright-colored ink, appear the statements taken from the United States census showing the growth of Hillsboro county to have been 117 per cent in the past ten years, Tampa growth 143.2 per cent, and St. Petersburg's, 163 per cent. Those maps are to be given the widest distribution and cannot fail to be of advantage to the county and state.

Ocala, it seems, is not only to have one new banking institution, but two. Application has been made for a charter for the Citizen Bank of Ocala, and the men to compose its directorate are among the leading business men of that city. Capt. T. H. Johnson is to be president of the Citizens bank and Mr. S. H. Martin will be cashier. The Citizens bank will have ample capital and with the addition of this institution and the new national bank, Ocala will have four fine banks—a number sufficient to finance the many projects and enterprises and make easier the thousands of daily transactions by business men in the growing and prosperous city of Ocala.

B. F. Dillon, general superintendent of the Southern district of the Western Union Telegraph Company died in Atlanta on Tuesday. Mr. Dillon was a veteran in the service of the Western Union, starting in when a lad as messenger boy and working up through all the intermediary positions to that of general superintendent of the Southern division. He was at one time manager of the Savannah, Ga., office, being promoted thence to superintendent of the Florida division with headquarters at Jacksonville.

Don't Leave Sanford

To have your dresses made. Madame Josephine of New York has opened a first class establishment over Yowell's store and is prepared to create the finest and latest designs for the ladies. Styles are the latest New York and Paris designs but the prices are very reasonable and the ladies are invited to call and talk over the subjects which are dear to every feminine heart. Repair work will also receive prompt attention. 16-p

A Chief Is Among Ye Taking Notes, and Faith, He'll Prent 'Em"—So Says Saunterer.

Special Correspondence to The Herald, Orange County

On sunny heights between the seas, Where blends the green and gold, Ripe hangs this region's countess grain, Whose sweets have oft been told, And yet 'tis scarce in man's confines, His feeble tongue must fail, Nor can his pen of poet fame, But sketch the scene too pale, Green fields on winter morns awake Refreshed by balmy dews, Each peary drop on petals any Lends taster to his hues.

Comfort sweet in climate rare, 'Tis that semi-tropic green, October is but April days, And violets a winter scene, Untold when force of winter's quest, 'Tis but a name of mill, Nor none can know but he whose brow This saphyr balm has kissed, Then in a kindly, last appeal, To those mild-frodden sights, You can but travel wisdom's ways To seek these sunny heights, —James Holley, Jacksonville, Fla.

Now is the time for the planting of trees and even the children should be taught to make Sanford beautiful.

Many years ago it was a custom when a child was born to commemorate the event by planting a tree. Today there are many trees scattered about because they were planted by or for some one whose memory it was desired to perpetuate. Every reader of this article no doubt recalls one or more trees with which are associated pleasant recollections. It may be the one in the yard under which you were accustomed to play. It may be the one that sheltered you when overtaken by a storm on your way to and from school. It may be the one on the river bank under which you sat with fishing pole in hand. It may be the one under which you and your lover exchanged vows, or it may be made dear to you by any one of the many incidents of life. When your child is grown, give it an opportunity to possess a living tree which it can call its own. Mary's and John's trees will always be cared for with tender hands, and when their namesake has forsaken the old homestead, there will always be a yearning to see "my tree" again.

What is the matter with city politics? Not a chirp from any one, and even Dick Calhoun is silent and only strokes his beard when you ask him about the city election. Does this silence portray a deeper mystery and one not to be revealed until the midnight hour before election day?

DeLand is boasting of a haunted house infested with spirits, etc. Sanford also has a haunted house infested with spirits, wherein a tiger walks with one eye shut. This certain house is selling liquor and carries a government license, so I am told, and a tourist the other day stated to me that during a crap game last Sunday liquor was handed out by the pitcher full and all hands were gloriously juggled. I endeavored to make this man go with me to the officers and have the place pulled, but he refused and left town soon after, to "keep out of trouble," as he expressed it. Now, if such a place is allowed to exist we can account for it by several reasons. Either the officers are lax in their duty, the wot people are trying to belittle the dry town or the keeper of the den must be a white man and has a pull with the officials. There is no reason for any blind tigers existing in Sanford and yet such statements must bear a semblance of truth. It is difficult to get any one to bear witness against a white man who sells liquor and this makes the work of the officers all the harder, but it will be a feather in the cap of the city marshal if he can run this tiger down at once. There are several drunks in town every Saturday night and Sunday and they do not get their liquor from Jacksonville either. Mayor Lake always soaks a Sunday drunk for the limit, but a statement of where the liquor comes from would result in a cessation of the jag.

There are eleven or twelve different fraternal organizations in active operation in Sanford. They range in membership from a dozen or two individuals to over two hundred, all men of good standing, and the majority of them comparatively well to do. Undoubtedly the membership of these bodies overlap each other. That is, one individual may belong to more than one of these societies and be counted in each; but it is safe to say that in the various secret, beneficial and trade organizations there are at least one thousand different men. Add the ladies who have their lodges, chapters and clubs and the number of all members would increase to a somewhat larger figure. Some of the lodges own expensive furniture and paraphernalia, but they all pay rent to some landlord or other. With as fine a body of men as compose

the organizations, with the means at their command, there should be no reason why they cannot combine and erect in this city a fraternal building that would be of immeasurable convenience to themselves, and an ornament and an honor to the city. Such a combination, wisely handled, could raise the necessary money in a very short time to purchase a good business lot and erect thereon a building that would afford accommodations for every secret society, as well as give room for stores and offices that would return a perpetual and profitable rental. Every dollar put into such an enterprise, wisely administered, could be returned to the membership with a small interest, and eventually every lodge would be receiving its rent free.

Well, I am on deck again with my little hatchet and this time I will take a chop at the city fathers about the fire department. Several months ago we had all the plans laid for a new jail and fire department and I shook hands with myself and decided that now was the time to get even with the fire insurance companies. But say when it came time to pay premiums again there was no fire department. The city fathers, so moving and so all bow our necks to the fire insurance companies and they walk on them. Now why don't somebody start something? Every merchant in Sanford would give at least ten dollars a year toward a paid department. They are giving it up now for premiums and would gladly give up for a good fire department. This is one of the most important steps in our future and should receive the attention of the city council at once.

Never can we have a real city without a good fire department, and we ought to have it before the winter season, for that is the time of most danger from defective flues.

The following from the American Press about moving is too good to be overlooked:

"Speaking of moving—or would you rather not think about it? Noah was the gully man who started the habit, if we remember our Bible correctly.

We thought of Adam and Eve as being the first people to move, but this is a mistake. They were dispossessed.

The American Press has just moved. We are installed in a new home by the grace of huge giants in the form of moving men, who picked up our most cherished bits of knickknacks and let them go crashing to the stone sidewalks.

"Would you mind putting that desk in this corner?" we would ask of one of the hairy giants.

If the desk was heavy they suddenly failed to understand English. By some wonderful foresight all the moving men—and they made a small army—could ask with marvelously clear tones, "Can't we get a pint of beer?"

There are two things to try the souls of man—viz, shopping and moving. Both go for a man's knees.

Your most important papers, the papers you wrapped up with care because you wanted them at a minute's notice, by some strange freak of nature showed up in the midst of a paste pot.

You grow weary of waiting for a carpenter to tackle a box, so you snatch your own fingers and wonder why a man wants to be a carpenter.

You find the choice spot in your office captured by one of your fellow men and you give vent to your feelings. You grumble at dust and dirt—that is, if you are the office grouch.

The man who can go through a moving and come out smiling is worthy of a place in the hall of fame.

Some people can do it because they are not burdened with the alleged troubles of the world.

There's no such thing as trouble in moving. It's an event; that's all. Certain things are bound to happen—and they happen.

We moved, and we are happy. Yes; we got the choice corner.

—THE SAUNTERER.

Florida Game Laws At the special request of many non-residents and those unfamiliar with the game laws the same are published again:

It is unlawful for any person or persons to hunt, chase, kill, molest or have in his, her or their possession any wild deer in the state, except during the months of November, December and January of each year. For violation of above persons shall pay a penalty of not less than \$50 nor more than \$200 or from three to six months in jail.

The same penalty attaches to the offering or exposing for sale either venison or a deer hide.

Turkey, quail or partridges can be killed from November 1st to March 1st, but no person dare kill more than two turkeys and twenty quails in one day. Parties of two or more are limited to four turkeys and forty quail. Selling or exposing for sale constitutes an equal offense, and is punishable by fine of from \$25 to \$100 or imprisonment from thirty to sixty days.

Shipment of game or hide to any point outside the county in which it was killed is prohibited, but the hunters may carry such game or hides with them to any point within the state.

Non-residents of the state must apply to the clerk of court of the county in which they propose to hunt, who will issue a license good until March 1st for

a fee of \$10. Failure to procure such license subjects the offender to a fine of not more than \$100 or imprisonment not exceeding ninety days. Ducks may be killed between the first days of October and April. A fine of not more than \$50 or imprisonment not exceeding thirty days, or both, attaches to hunting ducks out of season.

Thinking Of Building? In planning and building your house or in remodeling, use the same business method that you would apply to any of the more familiar operations. For instance, if you were buying a pair of shoes that were to cost you \$2,000 and which you couldn't send back if they were unsatisfactory, would you buy them sight unseen, or from an entirely verbal description? You can not of course, see the house before it is built, but you can have plans and specifications which will thoroughly cover every detail of the construction, and put you in position to know when your house is completed, whether or not you have received the house you paid for. Do not think of this as an added expense, as it is an actual saving when the construction of your house is started.

I am prepared to furnish plans and specifications for anything you may want in the building line and should I not build your house, the plans and specifications represent a small expense only that is more than made up for in satisfaction to you when your work is under way.

S. O. SHINDLER, Garner & Woodruff Bldg. 15-2tc

Ingraham—Gibbs

Several Sanford people have received invitations to the marriage of Miss Kathleen Ingraham to Mr. George W. Gibbs the ceremony to take place at St Augustine on December seventh. Miss Ingraham is well known in Sanford where she passed her girlhood days.

Mr. Gibbs is well known inventor of gas engines and has achieved fame in the mechanical field.

Special Edition Is Out

The special Herald edition recently compiled by E. T. Woodruff has finally reached Sanford and is now ready for distribution. Mr. Woodruff had trouble enough with the edition to discourage an ordinary man but now feels good over the fact that he has one of the best editions ever published.

Correct Prohibition Figures

To the editor of The Herald:
Correspondence has just been sent out from Tallahassee giving the vote in all counties except Dade and Monroe on the prohibition amendment. Presumably the figures are correct. But some comments on those figures are incorrect and do our cause a grave injustice.

It is stated that the net dry majority in the counties now dry by local option is 238, and that 18 counties now dry gave majorities for the amendment while 18 such counties gave majorities against the amendment. The fact is that there are but 32 counties in the state that have voted dry under our local option law. Three more have no saloons but no wet and dry election has ever been held in those three counties, so that they are actually wet territory.

The dry counties and the majorities they gave for the amendment are as follows:

Alachua	315
Bradford	51
Brevard	18
Clay	35
DeSoto	571
Gadsden	80
Hernando	32
Lake	117
Lee	78
Levy	27
Madison	140
Manatee	423
Osceola	47
Pasco	82
Polk	589
St. Lucie	76
Sumter	189
Volusia	135
Walton	26
Total	3,030

The dry counties and the majorities they gave against the amendment are as follows:

Baker	213
Citrus	3
Columbia	172
Hamilton	294
Holmes	4
Jackson	206
Jefferson	89
Leon	134
Orange	281
Putnam	28
Santa Rosa	188
Suwannee	234
Washington	117
Total	1,963

Amend't majorities in dry counties 3,030
Amend't minorities in dry counties 1,963

Net dry majority in dry counties 1,067
The wets must be mighty hard run for thunder to let such a fragrant misrepresentation of the facts get out when any one can figure out the actual conditions for himself from the face of the returns.

A very strange thing in the Tallahassee story is the fact that Lafayette county is counted dry, in spite of the fact that saloons have been open there for nearly two years. One correspondent advises that the state comptroller's office has no record of a saloon there. Is it possible that no state license is paid by the Mayo saloonists?

Calhoun, Liberty and Wakulla counties have never had wet and dry elections and so are wet territory. Saloons may be opened in them at any time. Their majorities, therefore, must not be charged up to dry counties against the amendment.

Feeling that the above information will be of value to you, I hasten to forward it and request that you give your readers the facts, so that they may have the encouragement those facts afford.

CHARLES L. COLLINS,
Sup't Fla. Anti-Saloon League.

Compliments for Eastern Star

To the Officers and Members of Seminole Chapter, No. 2, O. E. S.:
It gives me great pleasure to inform you that I have been directed by the "Five States" to extend the sincere thanks of every member of the party to Seminole Chapter No. 2, the Masonic brethren and all who so generously contributed to our entertainment, pleasure and comfort during our stay among you. There are many reasons why we shall long remember Florida and her people.

If our light illumined any dark places within your borders, so may your light enkindle other lights until their blinding rays shine on all the dark places of the earth. For "As our lamp lights another, nor grows less, so nobleness enkindleth nobleness."

Again thanking you in behalf of the party and myself, I am

Yours sincerely and fraternally,
C. A. WATTS,
For the N. E. Party,

Wetaka Club

The house committee for the present month gave a very pretty progressive bridge party at the club rooms Tuesday afternoon. A large number of the club members and invited friends were present and one of the most delightful games of the season was enjoyed. It was found at the close of the game that Mrs. George Dickenson and Miss Lillie Fair Smith had made highest scores and they cut for the prize a handsome locket. Mrs. Dickenson drew the lucky card and received the prize. The pretty consolation prize was awarded to Mrs. DeForest. Dainty refreshments were served. Those present were Mrs. R. J. Holly, Mrs. Forrest Lake, Mrs. Samuel Puleston, Mrs. Geo. Dickenson, Mrs. Robert A. Newman, Mrs. Geo. Fox, Jr., Mrs. Kent Rossetter, Mrs. W. O. Brady, Mrs. S. O. Shinholser, Mrs. Wm. Keeler, Mrs. A. W. Brown, Mrs. W. A. Welton, Mrs. R. H. Marks, Mrs. J. S. Smith, Mrs. Keelor, Mrs. Raaser, Mrs. H. L. DeForest, Miss Alice Caldwell, Miss Mell Whitner, Miss Margaret Roberts, Miss Ward, Miss Gelsie Butt, Miss Mabel Bowler, Miss Lillie Fair Smith, Miss Belle Smith, Miss Linda Lefler, Miss Charlotte Keelor, Miss Hawkins, Miss Fish and Miss Savage.

YOUR PERSONAL APPEARANCE
 Is Capital in business Or Trade

IN pioneer days when life was new and the world was young, blue jeans and hickory shirts were all the rage

But Now "Appearance" Counts

It means attention, acquaintance worth while. A chance to display the personal accomplishments of the individual. Great men in all lines wear "GOOD CLOTHES".

It is an "entree" into the select circles. Shabby garments keep their wearer always on the fringe of big things, but externally barred from the high places. Young men, middle-aged men, every one of you, wants to look 100 per cent of your worth. Don't put yourself in the market of the world below par, because if you do you lose.

Let us explain what we can do toward helping you dress well, so that you will look dressed up all the time for less money (we may suggest) than it has cost you before.

Efficient Staff of Reporters Weekly Covers the Territory for The Herald

OVIDO AND LAKE CHARM

Special Correspondence to The Herald: Ovido and Lake Charm are one... We sometimes wish that there were not that intervening mile...

We had hardly unpacked our trunks when a pleasant invitation came to assist the ladies in serving lunch on election day. To be out of doors all day long from the opening of the polls until the going down of the sun was a delightful...

The Ladies' Magazine Club of Ovido had their first fall meeting with Mrs. T. W. Lawton Friday, Nov. 19th. Our hostess, this ideal evening, entertained the club on the large verandas of her new bungalow home...

I. L. Mead, who has lately arrived in Lake Charm to be his guest this winter. She is a remarkably vivacious lady of considerably over eighty and made the trip alone from New York. Like many another traveler bound for Lake Charm she reached Sanford too late for the connection to Ovido...

And speaking of Sanford, we could not but note the number of improvements since we left last May. We had a little electric thrill of delight as we saw the trolley cars standing on the track and could but wish we might have the same service way through to Lake Charm.

Sanford has the most convenient lunch counter between New York and Tampa. It is a veritable Mecca to the travelling public, this twenty minutes of rest and recreation—this promenading up and down the platform and refreshing the inner man with a cup of good coffee.

Mr. and Mrs. J. F. Allison and daughter, Miss Frances, have come to take up their permanent abode in the property purchased a year or more ago of Mrs. Prentice Wait of Ithaca, N. Y.

Mr. Allison has been connected for many years with the Pension Bureau in Washington D. C. and returns again in a few weeks after settling his family with their house hold goods in this new home.

Mr. and Mrs. G. L. West are young married people who have recently come to Lake Charm, they are occupying the Crouse home and conducting a chicken farm on the West grove, a property that has long been in the family.

to Lake Charm, they are occupying the Crouse home and conducting a chicken farm on the West grove, a property that has long been in the family. A very valuable acquisition to Lake Charm and Ovido society Mr. and Mrs. West are proving themselves.

Rev. and Mrs. M. D. Kinney arrived at Lake Charm early in November and on Tuesday November fifteenth were "at home" informally to Ovido and Lake Charm friends in celebrating the fiftieth anniversary of their marriage which possibly they might never have celebrated had it not been for their coming year for nearly a quarter of a century into your warm, genial climate and Florida friendship.

Miss Anna Leinhardt of Lake Charm is spending several weeks with her sister Mrs. Clark Harvey of Waldo Florida. One of the surprises awaiting us on arriving at Ovido was the new Post-office built by Postmaster B. G. Smith. Mr. and Mrs. Smith established themselves in the office with its modern improvements early in June.

Dr. C. C. Thayer and daughter of North Dana Massachusetts arrived at Lake Charm Friday November nineteenth and will be guests of Mrs. Foster in the parsonage during the winter. Dr. Thayer has an orange property near Winter Park. Later Dr. and Mrs. Adams are expected at the parsonage from Clifton Springs, N. Y.

FLORENCE E. KINNEY Lake Charm Nov. 21, 1910.

GENEVA JOTTINGS

Special Correspondence to The Herald: Mr. Cook of Sanford was in Geneva last week in the interest of the new railroad.

Mrs. Stevens of Sanford is in our community, looking after her interests here. She has had as her guest, Mrs. Anderson, also of Sanford.

Mr. and Mrs. Hilly Grant are pleased over the arrival of a baby girl in their home.

The missionary society of the Methodist church, sent quite a large box of Thanksgiving remembrances to the orphans' home at Enterprise.

Mrs. Maggie Etheredge and son visited Sanford last Saturday.

Miss Kate Flynt, who has been suffering very much with her hand, is reported as some better since having it lanced last Sunday.

John Holder returned to Geneva from Forsyth, Ga., where he usually spends his summer.

Gordon Flynt is again welcomed home by many friends after a stay of several months in Georgia.

W. L. Sieg made a business trip to Sanford last Saturday.

The condition of Fred Ballard grew so serious last week that he was carried over to Sanford on Saturday for an operation which, we trust, will prove very beneficial.

The young folks had quite an enjoyable evening at the hall last Friday night at a pillau, which was cooked to a turn.

Want Dr. Housholder Again

A minister is lucky to be called twice by the same congregation and extremely fortunate to be called three times. At the fourth quarterly conference at the Methodist church last Thursday night the presiding elder was requested by the unanimous vote of the full board to use his influence with the bishop for the return of Dr. A. E. Housholder to the Sanford church next year.

The conference will be held in December and the board is afraid that Dr. Housholder will be called to other fields where his services are demanded. But Sanford needs him and Sanford ought to have first claim on his service and the service and The Herald adds its voice to that of the board for a return of Dr. Housholder to Sanford.

Surprise Party

As Monday was Ruth McDaniel's thirteenth birthday a few of her young friends decided to give her a surprise party and assist her in celebrating the event. They succeeded in making it a complete surprise, which added greatly to the fun of the evening. Games were played and refreshments served, after which the merry crowd left for their homes, saying they had spent a delightful evening. Those present were: Anna Stiles, Kate Underwood, Martha Miller, Muriel Harrold, Douglas Abernathy, Margaret Wight, Harland Stiles, Fred Wight, and Merck Davis.

Congregationalists to Meet

The South Florida Association of Congregational churches meets with the Sanford church next week, beginning at 3 p. m. Tuesday. On that evening there will be an address by Rev. Hubert C. Herding, D. D. of New York City, General Secretary of the Home Missionary Society. The Wednesday night meeting will have for speakers Rev. Neil McQuarrie, Admiral of the Florida Navy, and Dr. Frank E. Jenkins, president of Piedmont College, Demorest, Ga. The sessions close Thursday morning with a sermon by Rev. T. E. Lewis, pastor of the Winter Park church. Wednesday afternoon until 3:30 is given to the women. Then comes the laying of the corner stone of the new church. There will be interesting talks and discussions at all the day sessions and inspiring addresses at night. All meetings are open to the public, who are most cordially invited to be present.

Telephone Notice

The damage done by the recent storm to the telephone service was very great. All over the state the loss was more than in any other line of business. In Jacksonville over 4,000 phones were put out of service. The Sanford Telephone Co. has had as large an extra force as it could employ to repair the damage. The service is now practically restored, and the company hopes to begin the installation of new telephones on Monday, Nov. 28th. We take this occasion to thank our patrons for the patience and consideration shown us.

The Mapes Fertilizers AGAIN THIS SEASON, 1910 The Vegetable Growers had splendid results all over the state, from the use of our Mapes. In our Circulars we enclose enclosures that we have received. We Give You Perfect Safety and Quick Maturity Better shipping quality, larger crops and can make you more money than any other BRAND on the Market. Not An Idle Boast We have been doing it for over thirty years in Florida, and were never more successful than now. Why? Hear What We Have to Say About That J. R. Tysen, Agent JACKSONVILLE, FLORIDA

To a Half Brother in Hillsboro County
Orlando, Fla., Nov. 14, 1910.

Dear Brother, Sister and Children:
Having finished by piece, an article for a Kansas paper, moralizing on the late election, I thought to pen a few lines to you, not necessarily on the same subject, but by way of entertainment. Succeeding the hurricane, of one order, was that of one, seemingly little less strenuous in its shake up of another order. But, out of all the smoke of battle will loom up, many a hopeful star, and some, that were not visible before. Hillsboro, Dade, Marion, Polk, Manatee, Lee DeSoto; what buds of promise! But, poor, degraded Orange; better perhaps, says one, to have left well enough alone; and yet, if Columbus had never left Spain, we should not have such American, not to say Florida privilege and blessing. However, now the viper is turned loose in Orange and is restless, till he has another, and other, awful trouncing. We did not know how degraded and wicked we were, till we had our picture taken, on Tuesday. And now, we must go and wash our face sure enough, and not our face only. To say that we have imperative need of there being imported, or raised up, a train of missionaries, would be putting it very mild, indeed.

And "Uncle Sam!" Who ever had such an uncle. He, long ago, looked after the American Indian, and now, he is pouring whisky down many a Southern white man's throat, all, at the behest of vicious other white beasts, having it in their power, to stuff the ballot box and overpower both white and blacks, with the depravity of perdition itself. Well, judgment is sometimes slow, but it surely seems to be coming apace, in these United States.

It may be said, as touching the American Indian, that Uncle Sam, did that, then, not through love, but through fear. However, it is to the nation's credit, that it then had, and enforced, the power; neither of which seems to be present now.

Well, we can pray; and which lack, I fear, was the chief deficiency latterly; the ice that is hammered to pieces, is still, ice; or ice, still. It all, I believe, will bring the people to their knees, to ask God, in great to melt the hearts of stone. As it is, we are, all but, a nation of desperadoes.

I must close.
Your Brother in C,
JACOB SHANIBARGER.

THE SANFORD HERALD

Published Every Friday Morning at Sanford, Fla.
R. J. HOLLY, Editor and Proprietor

Subscription-Price, \$2.00 a Year in Advance

Entered as second-class mail matter August 22nd, 1908, at the Postoffice at Sanford, Florida, under Act of March 3rd, 1879.

Office in Herald Building
Telephone No. 148.

Sanford lettuce is bringing the best prices and the people are jubilant over the bright prospects.

The sentiment in favor of the bond issue is growing in this section and many are now advocates of the bond issue who did not understand the situation at first.

The Tampa Times has just given the Sanford Herald a puff that is worth a lot of money. Editor Holly deserves every word that The Times has spoken in his behalf.—Pensacola News.

Sanford needs a hospital as badly as any city in the United States and it seems that our physicians are unable to get together on the subject and interest our capitalists in the project. Every day our physicians receive patients and perform operations in which they are handicapped by the absence of a first class hospital.

The Booster Edition of the Key West Citizen was a good one and deserves special mention. The edition of 15,000 copies was printed four pages at a time on the Citizen press and a printer knows just how much good, hard work was put in on the Booster edition. Editor Darnell is to be congratulated upon the edition and it ought to be productive of much good to his paper and the Island City.

Sanford people had many causes for giving thanks yesterday. There are few communities that are so blessed with everything that makes life worth living as Sanford and we are grateful for them and thankful and pray for a continuance of same during the days that are to come. We are entering into an era of prosperity that will exceed all former years and every citizen of the Celery Delta reflects that prosperity by an optimistic spirit. The Herald joins the throng of happy and contented people and the song of thanksgiving.

A SPLENDID EXAMPLE

The Sanford Herald has moved into its new building and is now issuing a regular sixteen-page paper, filled to the brim with interesting and valuable matter, accompanied by a voluminous trimming of advertisements that indicate prosperity. The Herald is a splendid illustration of what The Times wants to see: every Florida weekly paper become—alert in both editorial and counting room, clean and wholesome in every point and line, courageous to almost a fault, upstanding and going ahead every moment, proud of its community and blowing a melodious horn in its behalf with much skill, getting the concrete expression of the community's approval. Long may Editor Holly and his paper and his "Saunterer" wave together in triumph over the battleships of Sanford.—Tampa Times.

We pause for reply, overwhelmed with blushes. Thanks, awfully.

SANFORD'S TRACTION RAILWAY

The traction cars now carry a precious freight each day. In the morning and evening the cars are laden with school children and over sixty of them are transported from the celery delta to the splendid schools of this city. Such a sight brings forcibly to our minds the glorious possibilities of our favored section, where the people can reside six miles from Sanford, happy and contented on their farms and yet give their children all the benefits of the finest schools in the entire south. In the next twelve months the traction line will be built to Orlando, taking in Rollins College at Winter Park, and then our children can take a college course, attending college during the day and spending each night at home.—Sanford Herald.

Bring it along, brothers. Orlando is not above becoming tributary to Sanford's enterprise. The Golden Age is dawning for the county. Sanford and Orlando "will beat their swords into plowshares," and "Trolley Holly" and "Feather Duster Howard" will lie together in a bed of roses.—Orlando Citizen.

SOME LANDS ARE GOOD AND—

That Hon. Frank Clark struck the prevailing and popular opinion of all true Floridians in his speech before the Turpentine Operators in Jacksonville recently, passed without fear of contradiction.

The Floridaian, in discussing the address of the distinguished Congressman, says:

"Mr. Clark hit straight out from the shoulder against the 'land sharks' now

infesting the state. He drew a graphic and effective picture of the swindles of these companies imposed upon unsuspecting immigrants. He showed that thousands of acres of absolutely worthless land in the state has been unloaded on these 'new-comers' at extortion rates.

"We want settlers, but we do not want to allure them into Florida to be swindled."

"As Mr. Clark stated, everyone in Florida knows that there are hundreds of thousands of acres in the state that would not grow a 'cow pea.' And it is this kind of land that these fake land companies are unloading on those seeking homes in Florida.

"We have an abundance of fertile soil within the confines of the state, and we want to see it yielding the fruits of labor of the farmer, no matter from whence he comes or what his political creed.

"With the reclamation of the Everglades, the largest body of fertile lands anywhere in the world will be placed upon the market, and success will surely crown the labors of the man who tills them. There are innumerable smaller tracts almost if not quite as productive.

"But there is no language too strong for these unscrupulous land speculators who unload worthless tracts upon their victims.

"For these thus victimized ruin is as inevitable as the tides of the ocean. Then and there we will find a mad man. A man with the bitterest of indignation harrowing his heart.

"It is wrong to say that this victim is only to blame. The topography of Florida is unlike that of any other state in the Union, and the unsuspecting is easily fooled. In many of the interior counties a 'pocket' of the most fertile soil will be entirely surrounded by vast areas of 'sand-hills' that are worse than worthless for farming purposes.

"We want farmers, and for those who possess the requisite judgment and discretion to select soil and make a success of farming, our latch-string will always be found on the outside of our doors. But we do not want to see swindling concerns locating settlers upon their worthless lands, when we too well know such settlers are doomed to disaster and despair."

FACTS ABOUT THE BOND ISSUE

There are many people who are against the bond issue for brick roads simply because they do not understand the situation. The statement made in last week's Herald that an increased taxation would be made in case the bond issue was not carried opened the eyes of many to the fact that in opposing bonds they are simply standing in their own light. For the further enlightenment of the voters a few facts about the bond issue are given below:

The brick roads must be built by the county commissioners according to the lines laid out and on which the call for the election is made. These lines are on file in county records and run throughout the county.

The clay roads will not all be torn up at once if bonds are voted. Where the clay roads now down are good they will be left and when they give out they will be repaired by placing down brick.

All the bonds will not be sold at once. Bonds will be sold as the money is needed in building the roads. No interest will be paid on money until it is received upon sale of bonds to meet expenses as the roads are put down.

The bonds can't be sold for less than par, that is one hundred cents on the dollar. The interest can't be over four and one-half per cent. The call for the election provides for this.

The bond money will be received and paid out by three bond trustees to be selected from the best business men of the county. They will be under strong fidelity bonds. Every cent will be paid out on vouchers to be filed where every citizen can examine them.

The voting of the bonds does not necessarily mean the entire one million dollars will be raised. If any calamity should come to our people the sale of bonds can stop if found necessary or desirable by the people. The voting of bonds by the people simply provides the means for funds to carry on this county improvement. If no bonds are sold, no debt is incurred by the county and only such bonds as are sold will be a liability of the county.

The figures show the tax rate will not be raised to meet the payments under the plan of a bond issue. We now pay in round figures \$50,000 per year for the clay roads. This is five per cent on one million dollars and we haven't got the million dollars either. The bonds, if voted can't bear over 4 1/4 per cent, so we are now paying out more than the bond rate.

Sanford will get a generous share of the brick roads and this end of the county will be well provided for by the allotment. The bonds will have to be voted before provision for certain roads can be made.

SEED POTATOES

To all growers, who contemplate planting potatoes, whether they be members of our Association or not. We want you to know that we can and will furnish you with **Spaulding No. 4, Rose' and Polaris Seed Potatoes.**

These potatoes were purchased by us direct from the largest seed potato growers of Aroostook County, Maine. They will be shipped direct from there to us at Sanford, Florida.

They are guaranteed to us to be absolutely pure seed and true to name, and entirely free of disease, frost and rot, and well graded for seed. We make the same guarantee to you, and when these potatoes arrive here, first shipment about December 10th, second shipment about December 25th, it is understood that you have the right to reject any purchase, if upon examination of the potatoes you do not find them entirely as represented. We have a low price on them, so call and see us and talk the matter over.

A VOTE FOR GOOD ROADS IS AN INTELLIGENT VOTE

It's an unselfish vote

- " a vote for progress
- " a vote for expansion
- " a vote for more homes
- " a vote for more schools
- " a vote for more business
- " a vote for better business
- " a vote for more churches
- " a vote for more population
- " a vote for more orange groves
- " a vote for more general farms
- " a vote that will give you more wealth
- " a vote to make Orange County famous
- " a vote for constant work the year through
- " a vote to increase the deposits in our banks
- " a vote to place our untilled lands in cultivation
- " a vote that will relieve in part the burdens of your children
- " a vote to emancipate us from the ranks of the poor road counties
- " a vote to reclaim for settlement lands in isolated parts of the county
- " a vote to bring all parts of Orange County into closer commercial relations
- " a vote that your wife should make you cast if you will not cast it of your own volition

A Vote For Good Roads Is An Intelligent Vote

At 3:30 p. m., Saturday, November 26th

the Hon. J. N. Whitner will speak on the relative merits of GOOD ROADS vs POOR ROADS. The address will be given in front of the First National Bank and it is earnestly requested that every voter in this end of the county be there and take part in the meeting. There are a few persons who are not in favor of the bond issue, from the fact that they are not in possession of a complete understanding of the question and Mr. Whitner will take pleasure in answering and clearing up all these questions

A Vote For Good Roads Is An Intelligent Vote

WHAT ABOUT THE CITY

Little Happenings—Mention of Matters in Brief.

PERSONAL ITEMS OF INTEREST

Summary of the Flooding Small Talk Succinctly Arranged for Hurried Herald Readers.

The Herald is giving away a fine \$500 piano. Go to it.

John V. Denton is busy this week circulating among the lettuce growers.

Misses Higgins and Brady who are attending Stetson spent Thanksgiving with home folks.

Ed Lane spent Thanksgiving at home and expects to return to Stetson on Monday.

See that lovely piano at Crippen's and then vote for your young lady in The Herald contest.

Dr. Kelly, of Ga., is spending sometime in Sanford, the guest of his uncle, G. W. Venable.

Mrs. E. L. Marshall has returned from visit in Macon, Ga., much improved in health, her friends are pleased to note.

Grover Sperring has resigned his position with Newlan's drug store to enter upon another line of business.

Mrs. T. F. Evans returned to the city last week, after an absence of several months. She is stopping with Mrs. F. L. Woodruff.

Mrs. J. J. Pardon returned to the city last Thursday, after a visit of six weeks or more in Jacksonville.

Arthur Dickina, the young son of Mr. and Mrs. J. W. Dickins has been quite sick for ten days or more.

The Sanford High School foot ball team went to DeLand Friday to play the DeLand High School team. Score 10 to 0, in favor DeLand.

LaVerne Hurt was called to Richmond again last week by the critical illness of his father.

Lettuce is bringing \$2.00 per basket in tee field. What do you know about that? Sanford growers will clear \$1,000 per acre on lettuce. Can you beat it?

Mr. and Mrs. A. B. Brock and Mr. and Mrs. Chas. Brock have arrived home after a visit to friends at Loveland, Ohio.

H. Ploeger of Birmingham is in the city and expects to dispose of the old Foster orange grove ere his return.

A. H. St. John and wife of Jacksonville were on our streets last Wednesday and Thursday.

Capt. E. Hausmann and daughter of Jacksonville are the guests of Mr. and Mrs. S. Runge this week.

On Thursday November 24th, A. D. Whiteman and wife, Mrs. D. W. Whiteman, P. F. Unser and wife and Warren Butts of Mt. Dora, all took dinner at the Bye-Lo Hotel.

W. N. Pike of Floral Park N. Y., and E. D. Perkins of Washington D. C., paid Sanford their respects by stopping over a day on their way to Winter Garden.

Miss Mabel Bowler sings at the Cecilia Music Club Saturday, Nov. 26, 3 p. m. Studio of Mrs. Fannie Munson. Piano selections. Paper, "Musical Instruments." Miss Hoskins Jones.

The Woman's Exchange in The Herald Building is meeting with well deserved success. Saturday afternoon the Misses Whitner cordially received the Sanford ladies who called in large numbers to purchase from the stock of fancy articles and dainty eatables, as well as to linger over the social cup of tea. Miss McIl Whitner presided at the tea table, and was assisted by Mrs. Frank H. Caldwell, Miss Alice Caldwell and Miss Alice Whitner.

Mrs. George Kirk, of Jacksonville, and her niece Mrs. Wharton, while on their way to Miami, stopped a day in Sanford visiting Mrs. M. M. Stewart.

Miss Edith Stewart, who is teaching at Minneola, came home to spend Thanksgiving. She was accompanied by Mrs. E. V. Pullan.

James Harbrough and sister of Eaton, Ohio, spent part of the week with us and were well pleased with our city and predict a bright future for it—his head is level.

Rev. and Mrs. J. W. Wildman and J. D. Jinkins have been attending the Wekiva Baptist Association at Umatilla this week, returning yesterday.

Mr and Mrs. G. Brackett of New Haven Conn., are spending a few days in the city. Mr. Brackett is connected with a large printing firm of New Haven and is taking a well earned vacation in Sunny Florida.

Mr and Mrs. John S. Makin and son, of Philadelphia are in the city to spend the winter months. Mr. Makin is President of the Makin Heating Co., and an authority on mechanics and heating apparatus.

L. P. Harris of Gifford, and Mrs. Pearl of Thonerville, were united in marriage by Justice of the Peace Dickenson in his office, Monday afternoon. The happy couple left on the afternoon train for a trip to South Florida.

Mr. and Mrs. W. S. Burnett have returned from South Carolina, where they went on the sad mission of burial of their infant daughter. They have the sympathy of their many friends in the hour of bereavement.

Mr. J. T. Langley, who has recently built him a neat cottage near Celery avenue supplied the pulpit of the Presbyterian church last Sunday in the absence of the pastor. Mr. Langley preached a most excellent sermon which elicited many expression of appreciation.

Jolly Party at Harrold Grove

Mr and Mrs. J. A. Harrold entertained a few of their friends at a spend-the-day party at their beautiful country place at Upsala last Thursday. Some went out on the train in the morning, others by private conveyance, returning in the evening. The day was most delightfully spent; inspecting the splendid little orange grove incidentally sampling the luscious fruit posing for kodaks and at the noon hour partaking of a sumptuous dinner served in picnic style. Mr and Mrs. Harrold are well known for their hospitality and their guests on this occasion will not soon forget the delightful day spent at "Camp Easy". Those who went besides Mr. and Mrs. Harrold were: Mrs. Hill, Mrs. Abernathy, Mrs. Harrold, Mrs. McDaniel, Mr. and Mrs. Anderson and Mr. Lynn.

Resolutions of Respect

Resolutions of respect passed by Sanford Lodge No. 27, I. O. O. F., on the death of Brother J. S. Ellis who was drowned on Oct. 24th at McGirt's Creek when an engine on the A. C. L. Railroad, jumped the track and plunged into the St. Johns river.

Whereas, Our well beloved Brother J. S. Ellis has been removed from our midst in a startling and terrible manner:

And whereas, by his death we have each lost a faithful friend and brother who by his life exemplified the teachings of our beloved Order.

Therefore be it resolved, That we as a body sincerely regret his untimely end and while we humbly submit to the will of Him who doeth all things well. We mourn his loss.

Resolved, That we extend our heartfelt sympathies to his bereaved family in this their hours of grief.

Resolved, That our Charter be draped in mourning for thirty days, and that a page in our minute book be dedicated to his memory and these resolutions be inscribed thereon.

Resolved, That these resolutions be printed in the Sanford Herald and a copy be forwarded to the Brother family.

J. H. FERGUSON,
J. N. BARLOW,
E. B. RANDALL, JR.,
Committee.

Preamble and resolutions submitted to Sanford Lodge No. 27, I. O. O. F., on the death of Brother W. B. Mix, who died in Albany, N. Y., on May 15, 1910:

Whereas, Our brother, W. B. Mix, has been removed from our midst by the inexorable hand of death; and

Whereas, Brother Mix has always been a faithful and consistent member of our fraternity since his admission thereto; therefore, be it

Resolved, That while we humbly submit to the divine will we mourn the loss of a true friend and brother.

Resolved, That our charter be draped in mourning for the space of thirty days.

Resolved, That a page of our minute book be dedicated to his memory and that these resolutions be inscribed thereon, and that they shall be printed in the Sanford Herald and a copy sent to the family.

J. H. FERGUSON,
JAS. N. BARLOW,
E. B. RANDALL, JR.,
Committee.

Fades Are All Right

Had a good time in their fine aerie in the Welborn Block last night. A fine feast had been prepared and a large number of guests were present. At the close of the feast a collection was taken up for the Orphanage at Enterprise and G. R. Calhoun carried the purse over to them today. The Eagles of Sanford are a representative body of men and the aerie has accomplished a vast amount of good in the community.

There is no better, safer investment than selected real estate.

Improved transportation is the forerunner of increased values.

JOHN STOCKTON'S SPACE

A Little Journey to the Understanding of Laymen
BY A NON PROFESSIONAL

IT IS well known to all men to whom these presents may come (this, I believe, savors somewhat of legal phraseology) that lawyers are good and handy to have around what a man is trying to keep out of trouble—also when a man is trying to make trouble for the other fellow.

Lawyers are useful to law-making bodies, and no one will deny the advantage of having a goodly number of good ones in the United States Senate.

They keep the laymen (meaning just ordinary folk, innocent of close association with Blackstone) from felonious assault and battery with or without malice aforethought (as the law book say) on the Constitution, mand and provided by

the revolutionary Fathers—and they (the lawyers) come out strong on oratory—when the galleries are crowded.

BUT—

We are told, by no less an authority than the New York Evening Post, a real nice and conservative paper, that—

THERE ARE 42 LAWYERS IN THE UNITED STATES SENATE RIGHT NOW—

And that a majority of the forty-two are attorneys for Trusts and Corporations.

It plainly appears from these plain figures that the lawyers have the big bulge on the rest of mankind when it comes to representation in the higher branch of the country's law-making body.

Proportion is not a good rule to apply in figuring labor and hire, income and outgo, and all other things, but it is THE PARTICULAR rule most particularly applied to representative government.

Leaving the other states to manage things for themselves, we will apply this rule to TRIS STATE, and see how we stand—

Florida, according to R. G. Dunn & Co., has 9,800 business men. There are probably some that Dun has overlooked, so, let's call it ten thousand.

We have in our midst some twelve hundred lawyers belonging to the State Bar Association. There are some who don't belong, and to show a liberal spirit we will put the number of layers in Florida at two thousand.

2,000 is 1-5 of 10,000.

So there should be 1-5 as many lawyers as business men in the United States Senate from Florida.

At present there are half as many lawyers as business men representing Florida in the United States Senate.

Thus is the equitable rule of proportion broken or badly bent. Florida is not allowed but two senators, and there should be 1-2 business men and 3-10 of a lawyer to preserve the law of proportion from violation.

But, the people of Florida are not satisfied with the 3-10 of a lawyer to serve them in the United States Senate, they demand a whole lawyer, and an extra good one, too. They have him in the person of Duncan U. Fletcher, whose senatorial term runs until 1915.

To save this acutely proportionate situation at home, and to help cut down the professional preponderance in the Senate—where the lawyers now have nearly fifty per cent of the vote—the people of Florida must act wisely, and with judgement whetted to keep discrimination by the pending emergency.

True to the professional habit of keeping the legal eagle eye on the main chance, TWO lawyers are now trying to get the seat of ONE business man no in the Senate from Florida.

JOHN N. C. STOCKTON IS NOT ONE OF THESE

HE IS A CANDIDATE FOR UNITED STATES SENATOR.

HE IS A BUSINESS MAN.

He is well qualified to act as the representative of the people of Florida in the United States Senate.

He knows as much about governmental affairs as either of the two lawyers, who want to increase the legal population of the Senate.

He has been more in touch with the people by means of his 22 years on the firing line of the people's fight for their rights, than either one or both of his opponents.

Now, this cause coming on to be heard, and evidence submitted, and briefs presented, and arguments listened to, and law of proportion considered—

Judgment is hereby given that this shall be the slogan for this campaign—

"LET'S PUT STOCKTON IN THIS TIME."

Done and ordered by popular uprising in open conclave this dresent time.

The People's Will JUDGE.

LETTUCE MARKET OPENS

H. Woods Co. Starts f. o. b. Market With Good Shipment

The lettuce market opened up this week with several small shipments, most of which was bought outright by The H. Woods Co., for \$2.00 per hamper. There will be car load shipments the last of the week and the first of the next. The H. Woods Co., were the largest f. o. b. buyers at Sanford last season, and through their local manager Mr. K. R. Murrell, expect to do even a much larger business the coming season.

Several lots shipped on consignment brought a fair price.

Wednesday Club

The Wednesday club met in Mrs. Chase's parlors Wednesday afternoon. After the usual business before the club was disposed of the pleasure that the members anticipated, in hearing the report of the delegates to the federation convention in Ocala, last week; would have to be postponed as Mrs. J. W. Dickens, who was to make the report was detained at home by the illness of her son. The members are preparing such excellent instructive and interesting course as per program, that a request was made that the papers after they are read, be turned over to the secretary, to be preserved for the benefit of the club or for future reference if the need should arise.

"The Marvelous Land", (Chandler) read by Mrs. S. O. Shinholser, was an interesting description of the wonders to be found in this land of delights, as America and particularly Virginia, appeared to those early home seekers.

Mrs. C. R. Walker gave to the minds of her listeners a real historical feast, in her carefully prepared and interesting review of the original Lords, of the soils; Powhatan and His People.

The members of the club who were present are certainly Mrs. Key's debtors, for having so successfully, cleverly and charmingly, brushed all the possible vague memories of their early school history of Captain John Smith; the "Hero of James Towne", whose life, adventures and undoubted contributions to the history making epoch of those early days of Virginia.

Under Mrs. Key's magical touch John Smith was elected several degrees in opinions of her listeners and can be no longer considered a myth.

Mrs. Chase's instructive and unique (map study) of Virginia; was made very clear and entertaining, by a very creditably executed map of Virginia; by Miss Annie Whitner.

Following is program for November, 30th.

The Travail of the Nation Mrs. L. R. Phillips.

Reading "A perfect Description of Virginia 1649", Mrs. Cruse Barnes.

"The Coming of the Cavaliers"

"There can be little doubt that these cavaliers were the men who made the greatness of Virginia" Mrs. C. E. Walker.

Historical Lessons in Names of Virginia Counties, Mrs. D. L. Thrasher. Value of Genealogy, Mrs. M. Martin.

Week of Prayer

The week of prayer of the Home and Foreign Missionary Society of the Methodist church, was observed Monday and Tuesday afternoons and Wednesday evening.

Monday afternoon, the Foreign Society had a program that was made interesting by the talk of the president, Mrs. Perry, on the great need of the help of the home organization, in sending both missionaries and money to their stations in the foreign fields. There were several very helpful leaflets read by members of the society.

The Home Mission Society Tuesday afternoon reviewed the situation nearer home. Mrs. H. H. Chappell, president of this society, was very enthusiastic in her instructive talk about the needs of the schools for foreigners in Tampa and Key West. There were some interesting leaflets read by members of the society from teachers in some of the schools.

Wednesday evening the two societies held a combined meeting. The work that is being done in both home and foreign fields was set forth in one or more interesting papers. Mrs. Henry Wight entertained the meeting by a talk on the Vashli Home located at Thomasville, Ga., of which she has the privilege of being one of the founders.

The thank offerings for the week are to be divided between the Ruth Hargrove Seminary at Key West and the pledge that is a feature of the Foreign Missionary Society.

New Store at Monroe

P. D. Cobb has purchased the store of J. W. Bell at Monroe and will carry a line of groceries and general merchandise. Monroe is growing rapidly since the Title Bond & Guarantee Co. has started a campaign of advertising that favored section and the multitude coming in must be fed, hence the necessity of a larger store.

Statement of the Condition of the Sanford Building & Loan Association September 26th, 1910

ASSETS	LIABILITIES
Loans on Real Estate Secured by Mortgage \$21,050.00	Common Stock Paid in \$13,562.07
Cash on Deposit First National Bank 290.28	Preferred Stock Paid up 3,000.00
	Accumulated Interest on Preferred Stock 110.82
	Bills Payable 4,000.00
	Common Stock Paid in Advance 58.00
	Net Surplus Credit to Stockholders 609.39
\$21,340.28	\$21,340.28

The Finance and Loan Committee on examination of the books of the Secretary and Treasurer, declared a dividend for the six month's period, ending September 26th, 1910, of a little more than 4% per cent.

The Association is in a very flourishing condition. We have applications for twenty-five thousand dollars more than we can furnish, but with the assistance of the people of Sanford, we could easily furnish this money within a few months.

A. P. CONNELLY,

Secretary and Treasurer

CASH AND INSTALLMENT **10 REASONS** **CASH AND INSTALLMENT**
Why you Should buy From
JONES-McLAUGHLIN FURNITURE COMPANY

FLORIDA

FLORIDA, THE GREATEST STATE IN THE UNION

E. ROY MELCENY, IN COSMOPOLITAN

I have been all over the great State of Florida. I have been up one coast and down the other. I have seen all the famous show places of the state. I have dipped into the amethyst waters of Biscayne Bay, and I have slept all night at a turpentine still close beside stockade of a convict camp. I have seen the mighty results of Florida's wonderful and incomparable soil. Last year I saw the trend of the human tide of travel that was pouring over the borders of Florida like a great army of invasion. I have seen land values rise several hundred per cent in only a few months because of this tremendous demand for Florida land. I know the beauty of her exquisite climate, her growing verdure, her draped trees festooned with the dreamy moss, her pines, palms, and palmettos, her wonderful streams unlike those of any other region in the world, and I have felt the gripping charm of her "Out of doors" that seems to hold one entranced as though in a spell.

All the wonders of Florida it has been my peculiar pleasure to have visited and viewed during the past two years. I am wholly and completely subdued and infected with the index finger on the right hand of the World. Here are soon to come the tireless greyhounds of the sea carrying full cargoes to all parts of the universe on their way to and from the Atlantic and Pacific Oceans through the Panama Canal. This entire State is one gigantic field of activity. Development is in the air everywhere. The madness of money and opportunity has grasped Florida the peaceful in its unrelenting hands. The Government has appropriated many million for the improvement of Florida water ways. This points to the nearby future when Florida shall stand forth to the world with the most important ports of call for the thousands of ocean vessels which will have directed their courses towards the Panama Canal and Florida. There are more stupendous undertakings in this great state than in any other section of our Union.

Florida has been known heretofore as the "rich man's playground," but it has now become "the poor man's paradise." We people of the North and East and

the West do not really know what life is until we have some time in Florida.

The beauty of the sky and landscape, the bounty of climate and health, the voluptuousness of foliage and farm, are nothing to be compared with the great and limitless opportunities for the man of ordinary means to establish himself upon just a few acres and make those acres give him all there is in life to own.

I have seen ten acres of Florida land produce at the rate of more than \$800 per acre. The man who owned this garden patch of ground came to Florida to die, after he had sickened his body bending over a dirty desk for fifteen years in a northern city, and mark you, this man knew nothing of farming when he came. Today he is rich beyond his wildest dreams of youth. He can go out any day of the year and pick growing things for his table. His wife and babies are simply bubbling over with generous health, and this man is every bit as much a prince as though ages of royal blood flowed through his veins. I have visited the many successful colonies which have sprung up over Florida, and I have seen there more peace, pleasure, and profit to the square inch than has ever been my good fortune to behold before.

Mind you, these Northern men and women who are filling up Florida are not a few hundreds in numbers but they can be seen by the thousands and scores of thousands. You many talk with them from the windows of your Pullman as you travel along, and the universal answer to your question is, "I would not go back home for anything in this world."

Now, when the whole North is settling down to six months of ice, idleness, large coal and plumber bills, and the Northern farmer is doing nothing but chop wood and mend fences, the Florida farmer is tilling his fields, planting his third crops which he will send to market in mid-winter and sell for prices that would set a Northern farmer by the ears with envy. This is the beauty of Florida. You buy the land and pay your money for it according to the number of acres you contract for, the climate, the sunshine, the

ability to walk around every day in your shirt sleeves, these things belong to the land and come to you free from nature. Prof. Knapp of the Department of Agriculture once said, in speaking at a banquet in Jacksonville, Fla., from an agricultural standpoint it may be reckoned in this wise with respect to the values of her lands: Ten per cent soil, eighty per cent climate and ten per cent man; and the more you put into the question the greater will be the result.

A Live Brotherhood

The new Congregational Brotherhood is right on hand for business. Next Wednesday they will assist in laying the corner stone of the new church. Two weeks from this coming Sunday night, on Dec. 11, they will take charge of the church services. Invitations for that night are to be issued by the Brotherhood to all the labor organizations of the city, and Mr. Waldrom will be asked to speak especially to workmen.

Organization of the Brotherhood was effected last Monday night by the adoption of a constitution and the election of officers and heads of committees who are to serve till the annual meeting in January. Mr. C. R. Walker was made president, Mr. Frank R. Kent, vice president; Mr. Edwin Randall, secretary; Dr. C. E. Walker, treasurer. Mr. Mac Lash heads the membership committee. Mr. E. T. Woodruff the program committee and Mr. Harry Kent the social and athletic committee. Funds are to be raised only by voluntary subscriptions.

One of the institutions of the Brotherhood is the Pastor's Bible Class every Sunday morning at 9:45. Here will be an open parliament for all the live questions of the day. Drop into the last seat on the east side of the church next Sunday morning and see for yourself. The subject will be: "What constitutes a hero?"

New Telephone Directory

The new directory for 1911 will be published by the Sanford Herald about Dec. 1st. This directory will contain about 500 names. As an advertising medium it is the best offered to Sanford merchants. In some cities the space in telephone directories is sold by auction. Sometimes one leading business house will control all of the advertising space. This directory will be complete and have a circulation of one thousand. The rates are very low. Mr. Joe DeMont will solicit advertisements or same may be sent to The Herald office.

THE SUB-IRRIGATOR AND FLORIDA TRUCKER

The Howard-Packard Land Company is incorporated under the Laws of Florida. Paid-up capital \$100,000. The company differs from the many companies exploiting Florida lands in that it's a home corporation with an established high-grade home and foreign reputation to maintain. We cultivate many acres of land in our home territory.

"A Newspaper Within a Newspaper."

Published in the interests of the Intending Investor and Settler by the Howard-Packard Land Company, Incorporated, Sanford, Florida

Get Out Of The Rut

Wake up, Mr. City Workman, Wake up. Get back to the land while there is land to be bought at little prices. Who that has seen the fat fields of early vegetables or the groves of golden fruit here in Florida, ripening and harvest under a winter's splendid sunshine, can help wishing some one would lead an exodus of those city men who have a precarious tenure on a few dollars a week, fear to face the rent collector, and who raise a literally half-starved generation in the progressive denigration of the city bred.

Wake up, Mr. City Workman, Wake up. Within a few months you can be a substantial independent man living in your own home—altho it may be only two rooms and a lean-to to start with. Within two crop seasons on Volusia Farms you can own every acre of your farm—just a dollar per acre per month—producing three, four and more crops a year with intelligent cultivation and diversification of crops.

Wake up, Mr. City Workman, Wake up. Not any of you but can get the things you yearn for and infinitely improve your present lot by not more than a two days train journey to Florida, and a determination to endure the temporary discomfort of adjustment to new surrounding and new acquaintances. What comparison is there truly, between our hundreds of settlers on our Sanford, Cameron City, Eureka Hammock, Black Hammock and Volusia Farms tracts and yours? What comparison between your outlook across the street to other houses as like yours as two peas, and the outlook of our intelligent farmers as they look across their rapidly ripening crops richly potent of wealth in the harvesting? Of course he has his worries and his moments of vexation, but he doesn't lead the harried life you are leading today. Wake up to your opportunities. Stir up your ambition. Get back to the land, the basis of all wealth. Join in the production of the country's bumper crops. Act on your initiative and self-help.

Your local newspaper or magazine tells you very little about the new Florida—the new South because the tangible development of Florida has been in process only about five years. During these five years the development has been wonderful. Crops have been taken off these Florida sands of ours which make them the greatest wealth producers per acre of any lands in the country. Northern people did

a post card. Strike out for that new destiny today by mailing your request for such information as we can give you. Strike out NOW. Come back to the land. Come to Florida. Leave the cold and cheerless north—let the sunshine stir up the ambition that is in you. Get next to nature. Build your own house with your own hands—there's lots of fun in it. Come and be a man in the new Florida.

SELF-HELP

An Editorial Condensed from Collier's Weekly.

If in every one of the elections the best man had won, if all the progressive measures had been adopted, if even the dream of perfect brotherhood should win approval at the polls, not all these things combined would be as potent for the happiness of any man for whose help they are intended, as the simple exercise of individual qualities that are within the boundaries of his own soul.

The efforts of thousands of philanthropists during two score years were necessary to get statutes which should guarantee a certain amount of sun and air to dwellers in city tenements—and not one of these dwellers but could have got these things and infinitely improved his lot by a two days' walk into the country and a determination to endure the temporary discomfort of adjustment of new surroundings and new acquaintances.

In the early part of March, 1855, a native of Ireland arrived in New York with eight dollars in his pocket. He struck off into the country, asking at every farm for a steady job and paying for a meal and a night's lodging with a few hours work. He finally found a place at fifteen dollars a month, board with the farmer's family and a room in the garret. Out of his pay, in the course of time, he bought a hundred acres of land at a hundred dollars an acre. It was practically new land. He built a house with his own hands, a barn with the timber on the land, and, with the help of his neighbors, dug the ditches and built the fences. He raised nine useful sons and daughters and led a happy life. Only one-fourth the period of saving and waiting is required of the man who makes the effort today. What comparison is there between that Irish farmer's corn-fields, the cattle on his hills, his peaceful Sunday afternoons, and the harried life of the underfed city workman? No laws helped the immigrant except harsh ones which caused an economic situation that pushed him from his home and put him upon his own initiative and self-help.

not believe this at first. Thousands came to investigate first-hand and found it true. Thousands settled here. Thousands are settling here now. They are coming into Florida, and into Sanford and right into our head-quarters every day. They are going back to the land because the land we handle are proving their worth visually—our settlers can see for themselves what others have done.

Not all lands, however, prove themselves thus. And therein care must be exercised in selecting the people with whom you deal.

We are at present developing three tracts of splendid lands. Two within the irrigible belt of the Sanford Celery Delta on which we guarantee flowing wells, and a large tract of rich agricultural land just across the river from Sanford known as Volusia Farms.

If you can afford our Eureka or Black Hammock land at \$150. per acre you should unquestionably settle with the Celery Delta proper. If not, the widely diversified opportunities of Volusia Farms make these lands exceedingly desirable at only \$30.00 per acre. Many people have asked us why we are selling lands in Volusia County at the same time we are selling lands in Sanford's Celery Delta. It is because our advertising and our methods have brought us in touch with thousands of people who have expressed a desire to come to Florida, to get back to the land, to get out of their present rut. Some of these people candidly admit they cannot afford the higher priced Celery Delta lands but will settle on cheaper lands if selected and handled by us—the company, thousands remember, long before the "Back to the Land" movement. This is why we decided to throw open our valuable holdings across the river and market them at only \$30.00 per acre for the present.

We have separate booklets describing and illustrating each tract and the Sanford Celery Delta in general. Any or all these booklets are yours for your name on

Mr. City Workman, Wake Up Get Back to the Land!

Note: Italics Are Ours

Grafters Are Arriving
 Every year, as soon as the snows begin to fall in the North, a certain class of "live easy" individuals turn their faces southward, living on their wits and by every scheme imaginable, concocted by very fertile brains. Every scheme is resorted to that they may live easy at the expense of others and strange to say, a great many business men, who have reputations for far sightedness fall into their traps. One of the most frequently worked and one that usually meets with success, is some sort of a directory, hotel, barber shop, depot, telephone or something of that character, where a dollar or two is asked for space, promising several thousand copies to be distributed all over the face of the earth, when in reality a few hundred are really put out and in many cases the rascals decamp without even making an attempt to come up to their part of the contract. In many of the larger cities the merchants have signed an agreement to decline any form of advertising unless the solicitor bears a card from the board of trade giving him the privilege of soliciting in the city. This of course does not apply to home companies and home papers, but puts a censor over all kinds of "fakes" and saves the merchant much unnecessary worry. Let the merchants get together early in the season and save themselves, not only much bother, but many dollars.—Reporter Star.

Frierson-Deane
 Saturday evening the resident of Mr. and Mrs. Henry H. Deane, 129 East Adams street was the scene of a pretty, quiet home wedding when their daughter, Annie Louise Deane was united in the holy bonds of matrimony to Mr. Manton Rodgers Frierson.

The house was profusely decorated with growing palms and ferns, and the drawing room was adorned with quantities of pink chrysanthemums.

From the chandelier, twined with plumes, was suspended a wedding bell and beneath this the young couple stood during the ceremony. Mrs. James F. Turner presided at the piano and rendered Mendelssohn's wedding march as the bride party entered the room, and during the ceremony, the Flower Song was sweetly played.

First came the matron of honor, Mrs. James B. Dodge, the sister of the bride becomingly gowned in white silk lansdown, and wore a corsage bouquet of white carnations.

The bride entered with her father, Mr. H. H. Deane, who gave her away. The bride, who is a lovely woman, was exceedingly pretty in her traveling suit of brown broadcloth, with which was worn a dainty white lace waist, and hat and gloves to match. She carried an arm bouquet of roses. Her only ornament was exquisite brooch, the gift of a relative.

The bride was met by the groom and his best man, Mr. James B. Dodge. The impressive ceremony was performed by Rev. W. H. Dodge of Ocala, assisted by Rev. J. W. Graybill of Jacksonville.

Immediately after the ceremony a most informal reception was held and the young folks received the hearty good wishes and congratulations of their intimate friends who were present at the ceremony. The bride's mother, Mrs. H. H. Deane was charmingly gowned in old rose silk, and her sister, Miss Nell Deane, wore a beautiful white lingerie gown lavishly trimmed with lace.

During the reception dainty refreshments were served in the dining room which was done in a green and white color motif. The table which was laid with a set of china lace mats was centered with a cut glass electric lamp placed on a reflector. White tulle twined with asparagus plumosa was draped from the chandelier to the four corners of the table. The ices, and mints were in the dainty white and green motif. Assisting in serving were Misses Nell Deane, Addie Tomlinson and Eloise Hall.

Immediately after the ceremony the young couple left for a short wedding trip. After Thanksgiving they will be at home to their friends at 129 East Adams street.

The bride is an exceedingly lovely young woman and her many friends here and throughout the state will extend best wishes for her future happiness.

The groom is the son of the late Rev. E. O. Frierson of South Carolina and is prominently connected with the L. C. Toole Clothing Company of this city.—Times Union.

Sanford Farm Items

Mr. Burke has the timber on the ground for his residence and has let a contract for clearing land.

Captain R. B. Smith and Richard Ting'e of Georgia, both of whom have purchased in Sanford Farms division, have arrived at Monroe and will proceed to get busy on their places. They brought a fine pair of mules and wagon with them and are prepared to do teaming, plowing and harrowing for any one who may need their services.

Look out for the real estate man who has his office in his hat. He has a package for you in the shape of a gold brick and if you dicker with him you will make the discovery after the "Hot" one has made his getaway.

If you want to dispose of your improved property, drop us a line or call in and list with us. We have a large correspondence and will be able to place properties that we can commend.

Agent J. W. Bell, now has a fine launch which he uses to come to Sanford when the mule is too tired to get about.

Some fine brands of knocking going the rounds now. If you are a new comer here and want to find out the status of the business from a losing viewpoint go to a man who has made a failure and he will string you a tale of woe that will do you for several moons. But if you want to hear of the other side go to the man who has made a success of growing vegetables and he will tip you off a few things that will do your heart good.

There is an element who do not want to see new settlers coming in. They take the narrow minded view that additional acreage will be cause of over production and over production is their ruin. This is a narrow selfish way to look at the matter, but those who do look at it in that manner never fail to make a hoot that can be heard some distance away.

Remember this is a vegetable growing community. Our whole town and the activities in the entire Celery Delta are based upon the growth and marketing of vegetables. No factories here to amount to anything. Just vegetables. We have hundreds of farmers, 2500 acres of land tilled, 2700 flowing artesian wells, a refrigerating plant with a hundred tons capacity per day, facilities for handling 4000 solid cars of vegetables per season and the lusty boys who get out and do the biz. Sissy Willies had better hike from the Celery Delta if they expect to find the dough hanging on the trees awaiting their august arrival. Get around and do things and you will make good. The Celery Delta is no place for a grouch or a liver that is out of whack.

Title Bond & Guarantee Company sold three of its five acre tracts last week. They come here, look the ground over and then go to Monroe to buy the farm.

Mrs. J. W. Bell received news this week that her brother who formerly resided in Belfast, Ireland, had died quite suddenly. Stress of circumstances are such that Mrs. Bell will not be able to go to the country of her birth at this time. She has the sympathy of the entire community.

Mr. Larry Vorce, red hot hustler from Omaha has his eight room house up and is now placing the finishing touches on it. Mr. Vorce is going ahead with his crops and the seven and one-half acres Title Bond & Guarantee Company cleared for him is looking fine.

We are having a great many calls for improved property of all kinds. If you want to sell or rent your house or land list it with us. We do things.

Remember, we have a place especially fitted up in our office where you can write your letters or drop in for a few moments rest. The pleasure will all be ours by your comfort. When in Sanford, make your headquarters with us.

We have renters for some houses and for rooms, furnished and unfurnished. Let us know what you have and we will send you tenants.

From the vast number of inquiries received by this company, Sanford surely will be the Mecca of half of the population of the North this winter.

For Rent

We have desk spaces for rent in our offices. Light, telephone and other conveniences. Title Bond & Guarantee Co.

IN SANFORD—Life is Worth Living

Number 16

SANFORD, FLORIDA, FRIDAY, DECEMBER 2, 1910

Volume III

ALL AROUND FLORIDA

The General News of "The Land of Flowers."

CULLED FROM THE STATE PRESS

An Epitome of the Week's Most Important Happenings in the State's Domain.

Thomas C. Pasteur, Marlon county's popular and efficient treasurer, died suddenly Sunday morning of heart failure at the Carlton House in Orlando where he boarded. He was found about six o'clock in the morning sitting in a chair dead and he had probably been dead for several hours. Mr. Pasteur had been county treasurer for six years or more and had made a splendid official.

Capt. W. R. Denham has resigned as manager of the Tampa Northern railroad, and it is announced that he has accepted a similar position with the Gainesville Midland, a branch road running from Gainesville, Ga., to Athens in the same state. Captain Denham has been identified with the Tampa Northern railway almost from its very beginning. He has been an active and prominent factor in the railroad affairs of south Florida for many years, coming to this section with the advent of the Plant System, of which he was at one time the general superintendent south of Charleston.

Mrs. Birdie Dillon Hartridge, wife of Augustus G. Hartridge, a well known lawyer and former State's Attorney was found dead in the bathroom of her home in Jacksonville shortly after noon Sunday. Her head was close to a gas heater from which the fumes were escaping, and across her forehead was a deep gash. A smaller wound was also found on her neck.

The Taft Weekly Messenger is the latest candidate for favor in Orange county, published in the prosperous colony town of Taft.

Tampa has its honored guest this week Governor Albert W. Bitcher, who is there in response to invitation asking him to investigate the conditions with reference to the present cigar strike.

R. Hudson Burr, N. H. Blich and Royal C. Dunn, members of the Florida Railroad Commission, were in Lakeland on Wednesday, for the purpose of inquiring into the rates and service pertaining to the shipment of strawberries from this section. The complaint made by the growers is to the effect that strawberries are held in Jacksonville sometime twelve to twenty-four hours, which puts them into the northern markets in bad condition and unmarketable. The express connection in Jacksonville has been very unsatisfactory, as has been the handling of the refrigerator boxes, which have been delayed in transit.

The high school eleven of Hillsborough and Duval will contest for supremacy on the gridiron at Rollins College Saturday, afternoon and a hot game is promised.

The Wekiva Baptist Association met last week in session at Umatilla. The meeting proved very interesting and harmonious, all of the officers being elected unanimously.

On the first of January the convicts of Hillsborough county will work the county roads, instead of being leased to the naval stores operators, as formerly.

It is understood that Governor's Day at the Marion County Fair proved a record-breaker from every standpoint. According to the records nearly seven thousand people passed through the gates on that day.

New Richmond in the Field
The race for Clerk, Treasurer and Assessor promises to warm up some before election day. H. C. DuBois in this issue announces his candidacy and will be a strong factor in the contest. Mr. DuBois is a prominent Alabamian who has made Sanford his home for several years, being identified with the Marks Real Estate Agency. He is an expert accountant, competent book keeper and a young man of sterling worth and character. He is able to serve the city faithfully and well, and has had years of experience in this line of work.

Notice of Meeting
The annual meeting of the stockholders of the First National Bank of Sanford Florida, will be held at the office of the bank, in Sanford Fla., on the second Tuesday in January 1911 at 10 o'clock a. m.
F. P. Forster, Cashier.

The New Sanford Herald Building

PERUCHI-GYPZENE CO

Will Be At The Imperial Next Week

The announcement of the engagement of the Peruchi-Gypzene Company at the Imperial Theatre on next Wednesday and Thursday is interesting to the theatre goers who will welcome this popular Company back to Sanford. The engagement will begin on Wednesday night, Dec. 7th, with the presentation of that high class comedy drama, "The Ruling Passion." This excellent play easily ranks among the best of the modern dramas and the production is splendidly staged and acted by the Peruchi-Gypzene Co. "The Ruling Passion" is a play that elevates, entertains and never fails to please. One leaves the theatre feeling brighter and better for having seen it. On Thursday night, "A Woman of the Hour" will be the attraction and a better selection could not have been made. The beautiful story of the play holds the attention of the audience from first to last and the comedy is plentiful and very amusing. The offering at the matinee on Wednesday afternoon will be "A Game of Hearts." This play is decidedly cleverer than the average comedy drama and has been selected by Mr. Peruchi as being specially suited for a matinee attraction. Both Mr. Peruchi and Miss Gypzene have excellent parts in each of the plays and their supporting company is above the average. Every part will be in experienced and capable hands.

Wednesday and Thursday nights and matinee.

Get your grape vines at the Herald.

Order of Eagles

At their regular meeting last Tuesday night Celery City Aerie, added three new members to their list and elected the following officers for the coming year:
W. D. Holden, Past W. President.
Geo. A. DeCottes, W. President.
T. W. Briggs, W. Vice President.
C. H. Walsh, W. Chaplain.
S. Runge, Secretary.
G. R. Calhoun, Treasurer.
E. M. Bell, W. Conductor.
J. H. Mahar, Inside Guard.
E. L. Jones, Outside Guard.
G. B. Frank, A. R. Marshall, J. F. Hoohehan, Trustees.
O. W. King, Aerie Physician.

Special Services at Catholic Church

Beginning Sunday evening there will be special services at the Catholic church every evening at 7:30 in preparation for the feast of the Immaculate Conception which will be celebrated Thursday, Dec. 8, with mass at 7, 8, 9, 10 and 11 a. m. All are invited to attend these services. Catholics are reminded that on Sunday there will be mass at 8 a. m., as well as at 10 a. m.

Remembered The Printers

The Herald acknowledges the receipt of a plate of fine apples from Mrs. J. D. Davison. The apples were of the Baldwin variety and came from New Hampshire, the old home of Mrs. Davison. They were fine and disappeared like magic as soon as the force used their lunch grabbers on them.

For Clerk, Treasurer and Assessor

I hereby announce my candidacy for the position of Clerk, Treasurer and Assessor of the city of Sanford subject to the city primary to be held in February. I promise if elected to serve the city to the best of my ability.

Respectfully,
H. C. DuBois.

Your grape vines are at the Herald.

LETTUCE IN SANFORD

Car Loads Are Sold To Highest Bidder

GROWERS WILL REALIZE PROFIT

Price is Higher Than Ever For Lettuce And Cash Sales Are Made In The Field

At last Sanford, the Queen of the Vegetable Section of Florida, is coming into her own and the buyers are here in force eager and anxious to get the lettuce and other crops that make Sanford famous. Lettuce last week brought \$2.10 in the field and a car load sold on the street last Saturday for \$2.05 per basket. J. E. Pace acted as auctioneer and knocked the lettuce down to Manager Smith of the Florida Vegetable Growers Association.

The Times-Union has the following regarding the sales of lettuce.

"The Florida Vegetable Growers' Association of Sanford made a big dent in the opening of the vegetable shipping season Saturday by purchasing at auction one solid car load of lettuce at \$2.05 per crate, this being the highest bid offered. The association also took all other shipments offered, sending them North by express. The independent purchasers who are here as representatives of Northern commission houses could not reach the prices offered by the association and had to stand by and see the stuff pass from their reach. The association was in position to offer as much as \$2.50 per crate for the lettuce, but did not have to go that high. The shipments were grown by persons who had not joined the association, but if they had been members of the association they would have realized \$2.50 per crate instead of \$2.05. This sale will have the effect of causing some of the growers who have been a trifle dubious as to the ability of the management of the association to serve them, to join at once, thereby being assured of top market prices for their products.

The vegetable fields of Sanford, of which there are several thousand acres never looked better than they do today. The lettuce along very nicely as is also celery, cauliflower, onions and strawberries. There is much activity in the movement of real estate here on account of the productivity of the soil and the actual demonstration now being made by growing the crops. Those who come here after visiting the various portions of the state claim that the sights they see in the Sanford celery delta are nearer like business than anything shown them in any other part of the state."

Bonding for Brick Roads

Believing that nothing will advance the interests of Orange county more than the building of good roads we hereby pledge our votes and support to this object:

NEWS OF THE WORLD

Items of Interest Gleaned From Various Sources

HAPPENINGS DURING THE WEEK

Here the Readers Will Find a Brief Historical Spring Flowing For Hurred Readers

Almost a year after the crime was committed, Joseph Wendling, charged with the brutal murder of little Alma Kellner, of Louisville, is being tried this week. Harvey Crippen killed his wife months after the Kellner tragedy, and the English courts have already forced him to pay the penalty of death. The Mother Country can teach America many things, and especially is this the case in the matter of speedy justice.

The Mexican revolution was chiefly confined to the inflammable imaginations of the press dispatchers. The most needed reform of the day is the punishment of liars who have access to the press wires.

No death recorded recently has caused more universal sorrow than that of Count Leo Tolstoy. His kindness of heart and love for humanity will be felt throughout the ages.

The Wednesday Club.

A large number of the Club were present Wednesday afternoon, in Mrs. Chase's comfortable parlors, to hear and enjoy the very fine report Mrs. J. W. Dickens gave them of the convention proceedings in Ocala; and which was postponed from last week. The report was so very interesting, clear and comprehensive, that I doubt not, those present almost felt as if they had enjoyed the delightful occasion so graphically described.

"The Travail of the Nation," a paper by Mrs. L. R. Phillips, was a very realistic pen picture of the many difficulties, hardships, trials suffering starvation and death of so many of those brave souls, among the earliest settlers of Virginia, who risked their lives in the efforts they made to lay the foundation stone of this great nation.

Reading—"A Perfect Description of Virginia 1649," read by Mrs. Bowler in Mrs. Cruse Barnes's absence, was an enthusiastic description by a writer so eulogistic in his praise and enumeration of the many good things abounding in that marvelous land, that the listeners must have been convinced that no other country could have excelled Virginia, but our own loved Florida.

It was a disappointment not to have the paper on "The Coming of the Cavaliers" by Mrs. C. E. Walker, but her absence necessitated its postponement until next Wednesday. "Historical Lessons in Names of Virginia Counties," a paper by Mrs. D. L. Thrasher and read by Miss Mabel Bowler as Mrs. Thrasher could not be present, was a most interesting and memory refreshing lesson in colonial history and the origin of some of the rather peculiar names given to some of the counties in Virginia and "expressing the loyalty still in the hearts of some of those subjects of royalty who had crossed an ocean seeking freedom and to throw off the yoke of royalty." "Value of Genealogy" a paper by Mrs. M. Martin, was interesting and instructive as well as appreciated and must have found an echo in every heart. Although we live in democratic America there are many worshippers who still bow down to the family tree.

Program for December seventh:
Colonial Prose. Col. Norwood—"An Indian Princess." Mrs. C. R. Walker.
Robert Beverly—Select readings (1722), Mrs. M. H. Bowler.
Hugh Jones—"Virginia Traits" (1624), Miss Gertrude Speer.
William Byrd—Select readings (1728) Mrs. S. O. Chase.
William Stith—"Captain John Smith," Miss Alice Whitner.
Phillip Vickers Fithian—Select reading. (1770)

Don't Leave Sanford

To have your dresses made. Madame Josephine of New York has opened a first class establishment over Yowell's store and is prepared to create the finest and latest designs for the ladies. Styles are the latest 'New York and Paris designs but the prices are very reasonable and the ladies are invited to call and talk over the subjects which are dear to every feminine heart. Repair work will also receive prompt attention. 15-
