Preparing Land for Next Season

If You Want the Best Results

With the least outlay of time, now is the time to begin to prepare your land for cropping next fall.

Fruitification is Better Poised

If the land is turned over and the sun allowed to get to it during the spring and summer. This allows the **Evaporation of Tonic and Umic** acids, which are usual to tropical soils and are injurious to growing crops. The sooner preparations are made to rid the soil of these **Injurious Constituents** the better it is for the land, the better it is for the **Grower of Crops**.

If you have not secured your land for next fall planting we would advise that you make ready at once to take one of our five-acre vegetable farms on payments of

\$5 an Acre Down and \$2 an Acre Monthly

Without interest on deferred payments, our company paying all taxes until you begin to improve the property, at which time you pay your own taxes. This plan of payment gives you **Six Years in Which to Pay Out Your Contract**.

And we give possession of the farm upon payment of the first installment of \$5 per acre

You are Allowed to Make the Land Earn its Own Payment

If you purchase land from our company. This is an advantage that will be appreciated by many of those ambitious persons who are afflicted with swollen fortunes.

Write for Our Thirteen Yellow Reasons

Showing why our land is better than that which the Sand Dune dealer and Colony Fakir is offering you at nothing an acre and making you all kinds of presents in order to get you to accept his Fasting Tract.

TITLE - BOND - & - GUARANTEE - COMPANY, - Inc.

Sanford, Florida, U. S. A.

P. S.--We are preparing a list of Improved Property to send to 20,000 of our correspondents. If you want your land to go on this list come in and give us your descriptions.

CULLED FROM THE STATE PRESS

An Epitome of the Week's Most Important Happenings in the State's Domain

It has been learned that Senator-elect Nathan P. Bryan has appointed Lauch Kelley, one of the most popular young men of Marianna and Jackson county, to be his private secretary during his term as United States Senator, and that Mr. Kelley, in company with Senator Bryan, has left for Washington to assume his duties.

Pass-a-Grille will adopt a commission form of government for that city as soon as it is incorporated. Steps are being taken to present their charter and petition to the Legislature, and they propose to have an ideal plan of government for the island.

Ormond, Daytona Beach and Sea-breeze have been visited by thieves who seem to be looking for valuable jewelry.

The Power Boat Club of St. Augustine, through Secretary Hopkins, has arranged with the force at the government wireless station on Anastasia Island to erect a small station of their own at the head of the club pier and to flash from this station to Jacksonville the news of the races as each lap is run, so that the Jacksonville admirers who cannot attend will be kept in constant touch with the standing of every entry in the contest.

That Ocala mad bull story has gone the rounds of the press. After terrorizing a number of people and putting them to flight, the bull was killed by a one-legged man. The incident furnished Ocalans more excitement than anything that has happened there recently.

Following the destruction of the big machinery and foundry plant of the Gainesville Foundry and Machine Works by fire at 1 o'clock Saturday morning, William B. Durst, president of the company, issued the announcement of his intention to replace the plant immediately with one of the most modern and best arranged structures of its kind to be found in Florida.

While attempting to extinguish a lamp the clothing of Miss Ella Ruff caught fire and she was so seriously burned until death relieved her sufferings. Saturday night, Miss Ruff was alone in her brother's house on an island near Inverness when the accident happened and before her brother could smother the flames, every particle of clothing was burned from her body.

The Fourteenth Annual Dade County Fair opened this week at Miami. A large attendance is reported and the fair is better and bigger than ever.

Baker County will now have a system of good roads if the present plans of the county commissioners are carried out. The roads have been laid out and work will commence soon.

Welaka Club Meeting

An interesting business meeting of the Welaka Club was held in the club rooms, Tuesday afternoon. The retiring president, Mrs. Forrest Lake, addressed the club, calling attention to the fact that the club's third birthday, and thanked the members for interest and co-operation during this time. The new president, Mrs. R. S. Keeler was introduced, and in a few well chosen remarks paid a worthy tribute to the retiring president, and spoke words of cordial greeting to the club.

The club was favored with beautiful musical selections. Mrs. H. C. Mattland of Enterprise gave vocal numbers, and Miss Ruth Abbott, instrumental.

At the conclusion of the meeting Mr. A. S. Thompson of the Mississippi, Atlantic Inland Waterway Association, addressed the ladies most interestingly on the object of this organization, and mentioned the fact that Women's clubs in many places were co-operating and lending valuable assistance in the movement.

Will Have to Clean Up

The new street committee of the council is actively engaged in cleaning up the city streets and alleys. The committee will keep right after the merchants who are in the habit of littering up streets and alleys.

The Wednesday Club

A large attendance of the club members with one visitor were present Wednesday afternoon last in Mrs. Fernald's charming home, which through her kindness is also the club's home for the month of March.

Mrs. B. F. Whitner read some very interesting articles on recent discoveries and successful experiments that are being made "In the Scientific World," with plant life and flowers. Also the newer discoveries and tests which have reduced the cost of aluminum to a living basis and the wonderful achievement of making lumber from straw.

Mrs. Henry Wight read a very interesting paper on "Civic Improvement." Mrs. Wight elaborated on the primary interests and purposes of civic improvements and offered many valuable suggestions as to what well directed and concerted action on the part of the woman's clubs and the city authorities could do towards making Lucky Sanford beautiful, especially when the unsightly billboards and all the other multitudinous street advertisements are done away with. From the Century Magazine Mrs. Wight read a portion of an article stating that public sentiment had done with the defacement of public highways, by advertisements, in the states of Massachusetts, New Hampshire and Vermont. The writer of the article stated that a prohibitory statute existed in Massachusetts forbidding the defilement of the face of nature by such offensive business methods.

Mrs. Wight requested the members present to write on a paper the civic improvement each deemed the most needed in Sanford. The responses were very interesting and are appended hereto, and are valuable suggestions to the municipal authorities, the Commercial Club, the women's clubs and the citizens at large, who have the welfare of Sanford at heart and who feel an interest and pride in the appearance of their home town.

There were five suggestions that the parks and streets be improved and kept cleaner, free from grass, trash and paper. Three wanted the lake front improved and beautified. Two thought a library and reading room, stocked with books, and funds to keep it going, most necessary. Two wanted the removal of railroad blemishes, coal chute, etc. Two more wanted the cemetery improved. One, unsightly fences removed. Another, empty lots and sides of streets kept neat and free from weeds. One, roads improved, not necessarily brick. More shade trees. Barrels and boxes removed from vacant lots and the postoffice kept cleaner. If all these desires are faithfully carried out by the authorities and citizens acting in unison Sanford will ere long become a "thing of beauty and a joy forever." The Wednesday Club instructed the secretary to send a request to the mayor to publicly announce a municipal cleaning day for the first week in April.

Mrs. Bellows of Rochester, N. Y., visiting Mrs. C. C. Worthington, was present and told the club of the many beneficial changes wrought and the great work that is being done by the women's clubs in her city; in the substantial improvements in the lives of many and the universal uplift of the needy. When the Wednesday and Welaka Clubs, the S. I. A. aided by the Commercial Club and authorities determine an civic improvements for Sanford and all bend their energies in that direction, it will as surely come as the fact of its need is now apparent.

The Wednesday Club has about forty volumes, the property of the club. A set of Guizot's History of France and Greene's History of the English People were presented by them on Wednesday, to the Sanford High School. All their other books are to be loaned to the Sanford Library for the benefit of the people of Sanford.

Hereafter the club will meet promptly at 3 p. m.

Program for March 15th: Jefferson and his Family, Mrs. S. O. Shinholser.

Jefferson in Fiction, Mrs. Geo. H. Fernald.

Reading, "Monticello" (M. B. Smith), Mrs. B. F. Whitner.

Tag Day a Success

The ladies of the Hospital Association had a great day last Saturday. From early dawn till late at night the ladies and young girls were out in their dainty Red Cross Costumes tagging the people right and left. A neat sum was realized and our hospital fund received another good addition.

CONVENES AT SANFORD

Woodmen of the World Will Capture City Next Week

CITY MUST ENTERTAIN VISITORS

Citizens Should Arrange to Take Care of Number of Guests While in the Celery Delta

The Woodmen of the World of the state of Florida will hold their annual convocation in this city next week. There will be about 250 visiting Woodmen here and the city will be turned over to the chop-wood and the city authorities should make preparations to entertain the visitors and it behooves every citizen to assist in the work. At present there are few rooms in the city, and every one who can spare a room to the Woodmen should do so. Sanford is laying claim to be the convention city of Florida on account of our central location, but in the matter of accommodation the city is lacking. The Woodmen may decide to make Sanford the annual gathering place and in that event the city should strive next week to give the visitors a good time.

ELECTION FIGURES

Vote of Different Precincts in Late Wet and Dry

At the earnest request of a number of readers the detailed report of the late wet and dry election is given by precincts.

ACCIDENTS THIS WEEK

Horses Seem to Have Speed Bee in Their Bonnets

Two runaway accidents this week happily proved to be of no serious consequence.

While Mrs. H. P. Driver and Miss Charlotte Keeler were driving on Tuesday the horse became frightened and dashed from the road. Miss Keeler had the lines and bravely tried to stop the horse, with the result of being dragged a considerable distance, sustaining several bruises and a black eye. Mrs. Driver was uninjured. Miss Keeler has almost recovered and is able to be out again.

Dr. Denton had an accident on Tuesday afternoon, his horse throwing him out of the buggy and bruising him considerably. He is all right now and attending to business.

Has Purchased Bottling Works

J. B. Pope has purchased the plant of the Pepsi Cola Bottling Works and wishes to announce to the public that the plant has been put in first class shape and he is now prepared to furnish the best of everything in soft drinks. Pepsi-Cola is the leader but lemon soda, sarsaparilla, strawberry and every other kind of soda will be bottled as well as the finest kind of ginger ale. Everything is clean and sanitary and only the best and purest of fruit flavors used. The public is cordially invited to inspect the plant and see how these drinks are made.

W. C. T. U. Meeting

The regular monthly business of the W. C. T. U. will be held Tuesday afternoon at three o'clock, at the residence of Mrs. C. H. Laffler. In connection with the business meeting there will be "comfort Bag Social", and it is hoped that all the members will be present.

CONTEST APPROACHES CLOSE

Get into Line Quickly for Your Favorite Contestant

With the closing week of The Herald's Popularity Contest almost here, indications point to an exceedingly exciting closing. Through all this contest the greatest friendly feeling permeated while spirited rivalry exists to gain first place. Woman's suffrage has been consuming the public's mind for years and the leaders in the Popularity Contest manifests executive leadership. Everybody loves a winner and the lady who wins the Herald's Popularity Contest will worthily be considered a leader.

Organization ability is also developed and the friends of each popular leader are rallying around their favorite with determination. Up to date the majority of the subscriptions have been for one or two years. But of late the ten year subscriptions are rolling in until the Sanford Herald is on a ten year basis. You therefore run no risk in sending in your name for ten years. Every citizen in Sanford will receive the benefit by doing so, for a larger paper will then be given you. What is more natural than to do so by all those interested in Sanford's future interest than to send in for a ten year subscription. What is home without a mother, Sanford would be without the Herald. It will not cost you one cent more than to do so by the year. It is business judgment to get a larger paper for the same money and surely you will not wait longer to have your name on the ten year list and help some worthy lady win.

A \$400 Piano

Get into line and test your ability as a booster to advertise Sanford. This contest is nothing more than advertising every citizen's interest in this city. It is woman's most popular exponent of suffrage and at present the only method which they have to illustrate their right to vote. Get your name on the ten year list and get votes for your favorite.

The following is the standing of the contestants up to date:

| | |
|-----------------------|---------|
| Miss Mildred Potter | 166,850 |
| Miss Maude Harris | 128,500 |
| Miss Gladys Gatchel | 104,380 |
| Miss Jessie Stinson | 14,875 |
| High School | 2,875 |
| Miss Kate Underwood | 2,183 |
| Miss Mae Leonard | 2,000 |
| Miss Lucille Richards | 1,925 |
| Miss Helen Rowland | 1,000 |
| Mrs. Mabel Johnson | 1,000 |

| OUT OF TOWN | | |
|---------------------------------|-------|--|
| Miss E. Armstrong, Orlando | 6,500 | |
| Cameron City Church | 4,625 | |
| Miss Florence E. Kinney, Oviedo | 3,200 | |
| Miss Nellie Amick, Orlando | 1,500 | |

The following schedule will be effective until the close of the contest:

| Terms | Price | New and Renewal Subscriptions |
|---------|---------|-------------------------------|
| 1 Year | \$ 2.00 | 2,000 |
| 2 Year | 4.00 | 5,000 |
| 3 Year | 6.00 | 10,000 |
| 5 Year | 10.00 | 25,000 |
| 10 Year | 15.00 | 50,000 |

Write your name plainly and address The Herald's Contest Editor, Mrs. M. F. Keyes, Sanford, Fla.

CELERY MARKET IMPROVES

Receipts Florida Lighter—California Receipts About Over

New York, March 3.—Florida celery showed considerable improvement this week probably due to lighter receipts of both Florida and California stock. Monday there were only four cars of Florida celery on the dock here and some days there were none at all. It seems that Sanford shipped practically all of its stock to the west during the week, cutting out New York until better conditions could be established. It is the general opinion here that present Florida prices will improve providing cold weather does not interfere with getting the stock from the docks. Former low prices are largely attributed by many to the severe cold weather during the past few weeks which affected stock.

The largest shippers of California celery announce that their season is over as far as New York is concerned and it is expected that only a few stragglers will arrive from now on.

Colder weather here beginning Tuesday had a good effect on the demand for celery. California stock sold well to prices ranging from \$4 to \$4.50 for the best. The bulk of Florida receipts realized from \$1.50 to \$2.00, with fancy stock bringing up to \$2.25 in some instances.—The Pecker.

Nearing Completion

The new Congregational church is rapidly nearing completion and this week the tower is assuming shape. The church when finished will be one of the finest in the state.

NEWS OF THE WORLD

Items of Interest Gleaned From Various Sources

HAPPENINGS DURING THE WEEK

Here the Readers Will Find a Brief Historical Spring Flowing For Hurried Readers

Ninety persons, many of whom were children, were burned to death and forty others injured in a fire that destroyed a moving picture theater in Russia last Sunday, but reports of the disaster were only received to day. Flames broke out while an exhibition was in progress, quickly enveloping the building and cutting off every avenue of escape.

Attorney General Wickersham is eagerly awaiting the decision of the Supreme Court in the case of the Turpentine Trust. Not even the decisions in the Standard Oil and Tobacco cases outrank this in importance, for it is in the case of the Turpentine Trust that Mr. Wickersham has, for the first time in the history of the Sherman act, secured the imposition of jail sentences against trust officials and made practical application of the Administration's dictum that "guilt is personal".

Rear Admiral Hutch L. Cone, chief of bureau of steam engineering, Navy Department, Washington, D. C., will address the Navy League convention at Los Angeles and will be in a position to advise the west coast delegates of the attitude of the Navy Department toward naval questions involving the Pacific coast. He goes with the full approval of the naval authorities as one qualified to speak with authority of the department. Admiral Cone is a Florida Cracker.

Enrollment in the Methodist Church Sunday school at Brazil Indiana reached 3,960, which makes it the largest Sunday school in the world, according to official statistics. The next largest school is in Brooklyn, with an enrollment of 3,500.

A cross current of air struck the planes of the aeroplane which W. H. Mattery was operating at Valdosta in the presence of a thousand people and he plunged downward into a fence, wrecking the machine and injuring himself to such an extent that he was at once rushed to a hospital for treatment. He has a broken collar bone and may be injured internally, although the latter is doubtful.

The rules committee, one of the most powerful of the house committees of the Sixty-second Congress, with Representative Robert L. Henry, of Waco, Texas, at its head, was formally created by the new House Ways and Means Committee at its first meeting Tuesday. The following were announced as the seven Democratic members of the committee. Robert Lee Henry, Texas; Edward W. Pou, Smithfield, N. C.; Thomas W. Hardwick, Sandersville, Ga.; August O. Stanley, Henderson, Ky.; Finis J. Garret, Croden, Tenn.; Martin D. Foster, Olney, Ill., and Matthew R. Denver, Wilmington, O.

An abortive attempt on the life of General Manuel Bonilla, leader of the recent Honduran revolution, was made in Ceiba one week ago, according to associated Press mail dispatches received at New Orleans from Puerto Coriez.

Government investigation into alleged Alaskan coal land frauds involving approximately 48,000 acres of land, valued at more than \$50,000,000 resulted in the issuance of an indictment by the local Federal grand jury, charging seven individuals with conspiracy against the United States. The defendants are Wilbur W. McAlpine, Albert H. Roehm, George W. Ross, Frank D. Andrus, Arthus L. Hones and McCurdy C. Lebeau, all of Detroit and John M. Bushnell, of Chicago. The foregoing are officials of a company known as the Michigan-Alaska Development Company.

Coming to Sanford

A. M. Hart of Wheelock, North Dakota sent in his subscription for our big 4 offer this week. He also informs us that he and his family, H. E. Rinehart and family of Boone, Ia., A. J. Ballorff and family of Plymouth, Ind., Mrs. Nina Hayden and family of Anamosa, Ia., J. L. Ingram and family of Marion, Ia., Mrs. Minnie Hess of 881 Fourth Ave., E. Cedar Rapids, Ia., H. H. Hull and family of Viola, Ia., are all looking up the possibilities of the Sanford farms with a view to locating in Sanford in the near future.

To decide where is best to buy such important items as his general wearing apparel. A good deal of money could be saved in the course of a year or two if every time a man bought an article of dress he got his money's worth. Think it over. Give us a trial. We are showing a fine line of spring **Trousers** semi and full peg top, made up in striped worsted, fancy blue and black serges, every pair guaranteed and from one to two dollars cheaper than you can buy the same quality elsewhere.

Prices \$2.00 \$2.50 \$3.00 \$3.50 \$4.00 \$4.50 to \$7.00 the pair

Turn over. You've been sleeping on your back if you haven't tried our clothing and furnishings. Best quality and the best prices you needn't take our word for it either, in fact we rather you wouldn't, but would prove it for yourself by a trial of the goods. We have a fine line of spring clothing all the latest styles and newest patterns, it will pay you to look them over.

PRICES \$10.00 to \$35.00

A full and complete line of **Straw Hats** for men and boys, we have just the one you are looking for.

Prices 50c to \$5.00

CURBSTONE GLEANINGS

A Budget of Opinion "Just Between You and Me"

EVEN THE GATE POST NOT IN IT

A Chief is Among Ye Taking Notes and Faith, He'll Prent 'Em'— So Says Saunterer.

Special Correspondence to The Herald.

Andrew Carnegie, speaking to some young women in New York the other day, made these interesting observations:

"Most millionaires' wives are not happy. They have too many luxuries and have no mental resources to fall back upon. Don't refuse a man simply because he is a millionaire. I would rather be born poor than a millionaire, and I have had experience in both directions. I have made forty-two or forty-three millionaires in my time, but I want to say the only right a man has to wealth lies in his acquiring it by some useful labor. The great trouble with the wealth of today is that the sons of millionaires do not realize this very necessity of being of use to the community.

If there is any Sanford young woman to whom a millionaire has proposed and who is in doubt about marrying him, she may be disturbed by these thoughts of Mr. Carnegie, and may refuse him merely because he has a million or because most millionaires' wives are not happy. Then again, there may be those who would willingly take a chance.

I do not like the spirit of adverse criticism that seems to prevail in certain quarters. No matter how profitable the season may be there are some people who spend twenty six hours a day knocking every form of city improvement. Incidentally it might be a source of information to the people to learn that a few of us know they have never done anything for Sanford and never will.

I hear that the people residing in Sanford Heights and property adjacent expect to incorporate a new and distinct commonwealth in the near future. This course was taken upon information that Sanford expected to embrace them in her arms shortly and in a loving embrace squeeze out some more taxes.

Now I do not think these good people are showing a good spirit in thus staying outside the city limits. Neither, do I think the city of Sanford has any use for

more territory at the present time and like every question there are two sides to it. The fact remains that no city can grow and expand unless every one it assists in every way. This new corporation precludes the growth of Sanford on the south and will prove detrimental in many ways. A better idea for both parties to the controversy would have been to meet each other half way and compromise. I am sure the people in the new territory have the best interests of Sanford at heart and have no wish to dodge taxes as supposed. But like all free born Americans they do not like to be forced and in their case they had due warning that they would be forced—I do not believe the city of Sanford has need of new territory at the present time and this matter could have been adjusted later. Just at this time in our existence we cannot afford to have internal warfare and backing and filling.

Sanford never needed a united effort of the people more than at the present and I for one am certainly sorry the question has arisen.

Dr. Elliot of Harvard College thinks that every wife should be the mother of eight children. I asked a Sanford mother about it this week and she replied that the only trouble with Dr. Elliot was that he had never been a mother. I have nothing more to say.

At the meeting of the Commercial Club several weeks ago, W. D. Holden made an address upon the needs of Sanford and among other things mentioned the fact that Sanford should offer more inducements for tourists. I fully concur in this and have always contended that our city could be made the Mecca for tourist travel. We have every inducement and our only drawback is the absence of a lake front and better hotel facilities. Of course there are many satisfied tourists here every year but Sanford ought to take care of at least two thousand every year. I really think the tourist crop is better than the celery crop and much more certain.

My old friend, M. M. Smith has again been honored in the banking world by being elected president of the Orlando Bank & Trust Co., a position recently made vacant by the death of Judge Beggs. This is a honor worthily bestowed and no man in Orange County can carry it more easily than Mr. Smith.

He is president, vice-president and

every other kind of officer of several banking institutions throughout the state and his latest honor will rest lightly upon his shoulders. His many friends in Sanford are proud of his record.

I never say a word after election no matter whether it goes my way or not, but in passing I just want to thank the members of the Local Option committee for so ably assisting the Anti-Saloon League in placing the county in the dry column again. The great buncombe handed out about Orlando going wet was rich and changed many votes over to the dry column. Both sides are to be commended for conducting a nice, quiet, lady-like campaign and the result is probably satisfactory to more people today than it was last week. And what a relief to have it over and out of our systems. The man who says election to me for the next six months will get soaked with a stuffed club.

I wish to commend my friend DeCottes upon securing a good Grand Opera Co. for Sanford. When I say good I mean mighty good for this part of the country, for no one expects a company from the Metropolitan to come to Sanford at a dollar a seat. An opera company is a risky venture for an opera house manager to put on, but Manager DeCottes has a city of music loving people and can be assured of a good support as long as he assures them of good attractions. Mr. DeCottes also requested the audience to keep as quiet as possible during the selections of the orchestra and those who want peaceful enjoyment of superb music appreciated his request.

—THE SAUNTERER.

Railroads Back Down

The eastern railroads, following the lead of their western confreres, have decided to withdraw by March 15 from their plan for increased rates of freight tariffs and accept as final the recent ruling of the interstate commerce commission, which refused to allow the eastern and western roads to increase their rates on freight shipments. This course was decided upon after due consideration, at a meeting of eastern railroad representatives, which was called together to receive a report from a committee of presidents of the road concerned and which heads of the railroads recently appeared before the interstate commerce commission in behalf of their increased rates which had been promulgated.

IDEAL FERTILIZERS

BEST AND CHEAPEST

Celery, Lettuce, Cauliflower, Beans Tomatoes, Cantaloupes, Potatoes

Send for our booklet, FLORIDA VEGETABLES. It contains directions for raising all the principal products of the State, carefully revised and brought up to date by our most successful growers. No publication on this subject contains such practical advice. All gardeners should have it; from the owner of the small home garden to the largest shipper. In it will be found the special IDEAL formulas that have been constructed by careful study of actual field results. They are invaluable, being perfectly balanced and from the RIGHT SOURCES. Get the BEST and make MONEY.

Published in the interests of the Intending Investor and Settler by the Howard-Packard Land Company, Incorporated, Sanford, Florida

THE REASON WHY THE
HOWARD-PACKARD LANDS
ARE THE BASIS OF SOUND INVESTMENT

Written by B. A. HOWARD, President

I spoke some time ago of the apparent concentrated effort on the part of large financial interests in the east and central west to hinder the buying of Florida farm lands in order to keep the money in the home State. Such advice in certain instances is unquestionably sound, but in the case of proven lands, the motive is purely selfish.

The man intending to buy the right kind of Florida farm land usually has several hundred dollars on deposit in his local bank drawing 4 per cent. interest. This money is used by the banker for loans. Depletion of the savings account is a serious matter and must be prevented by the banker if at all possible.

The magazines carrying investment advertising editorially advise against investments promising more than from 4 per cent to 5 per cent. In the face of this the banks themselves are paying dividends of from 4 per cent to 100 per cent as printed in the January, 1911, issue of "Investments."

The Fifth Avenue bank's dividend was 100 per cent. Bronx Borough bank paid 20 per cent; First National bank paid 32 per cent; New York County National bank paid 40 per cent; Union Trust Company paid 50 per cent as did the United States Trust Company. Out of a list of twenty-seven banks and trust companies only one paid as LOW as 4 per cent and only one paid 50 per cent.

The marked effort to make the South finance her own development is but another move to concentrate capital where it is most handy for the financing of the plans of the money power.

The lands handled by the Howard-Packard Land Company are suitable for sound investment. Our lands are proving themselves. You have only to drive through and around the Celery Delta to see that for yourself. The danger in buying land arises from buying land sight unseen—a policy we have never advocated and never will advocate. We want every purchaser to see and to know what he is buying.

But the main reason why the Howard-Packard lands at Sanford, at New Volusia, at Lake Charm and at Pinecastle are a sound investment lies not alone in their productive possibilities but in the fact that the United States as a whole is approaching the END OF LAND—the end of GOOD land.

Ten years ago, for instance, you could hardly sell Western prairie land for \$1 an acre. Horses that would not sell for \$20 now average up to \$150 and \$200. Potatoes that rotted at 15c now sell up to \$1 and as for Sanford land it was supposedly high priced at \$2.50 an acre.

Today if you buy Sanford irrigated land for intensive farming you'll gladly pay \$150 or \$200 per acre. If you buy land set out with oranges or grapefruit you'll likely pay \$800 to \$1,500 per acre. Up in the middle West you will not get good wheat lands under \$100 an acre. Or, in the Northwest—lands that formerly sold for \$2 now sell for from \$40 to \$70. Even semiarid lands in Missouri bring from \$14 to \$20 an acre.

With the gradual occupation of available GOOD lands, the price for them is bound to increase and with the increase in price is bound to come an increasing demand. This is as logical and as plain as the print on this paper.

Lands in Florida vary as do lands elsewhere, that is why I say see your land before buying. Some lands are remote from railroads. Some lands are swampy, while others are just sand. There is absolutely no need to "get stuck" (to use the parlance of the day) in buying Florida farm land if the prospective purchaser will go about it in the same way as he does his other business.

At the prices we are offering our lands I consider them much lower than their productive capabilities warrant. Every acre we are handling will prove itself, under intelligent cultivation, a larger income earner than any interest earned in any bank, stocks or bonds.

Even if not cultivated, these lands will prove satisfactory by reason of the unearned increment—the greater the number of settlers on any tract the greater the increase in value of the remaining tracts.

By the natural law of supply and demand alone, the Howard-Packard lands are the basis of sound investment.

Why shouldn't any man who makes up his mind; make money on any of our lands? Dollars do not grow on any of the trees neither do dollars sprout from the ground in a literal sense. But any man who looks forward to anticipating the temporary inconveniences of settling in new territory and prepares to meet them for the sake of the greater future, can do better here than he can on a weekly salary.

When I was in Chicago recently, I was struck with the difference in the position of the average Chicago toiler and the settlers our company had located in sunny Florida. I saw thousands of families whose total earning capacity is sufficient only to provide for their necessities day by day. They had no surplus. Poor food, poor housing, accidents, occasional non-employment kept them on the margin. Likely some of them had neglected their opportunities. Like enough some of them were on the margin because of their own folly, but in any case, living in a mere shack and cultivating enough to live on in Florida is far better than the wearisome round of toil up there.

The point is to seize your opportunity NOW.

Now—TODAY, while good lands are low priced and while you can buy them for a little down and a little each month with no taxes or interest to bother you.

I want to get in touch with the man of some means—even if limited. I want him to write me how much money he can get together. How many members there are in his family—if they are working, how old they are. I want to help the deserving man who has been careful to save money for such an opportunity as starting in business for himself in Florida. I want to hear from him before he comes here, so that I can plan part of his arrangements. If he has a wife and can afford to bring her to Sanford on the next Homeseekers' excursion, so much the better. I want to show both of you the splendid successes now being achieved by people who come here just as we are asking you to come here.

In getting in touch with this company you are placing your confidence in people who have settled hundreds of farmers around Sanford. We go among these good people every day. We talk with them. We advise with them. We are on a social as well as business footing with them. Could we remain in business were our methods not above reproach?

We have several interesting publications I wish to send you. One deals with the Sanford Celery Delta and the wonderful sub-irrigation system. Another deals with the "Resources of Volusia Farms." Other literature tells you actual facts about the lands as related by our settlers. In fact, if you are endowed with ambition plus common sense there is everything in the Sanford and near Sanford situation that should look mighty good to you.

The next Homeseekers' excursion leaves northern and central western points March 1 and 15th, so you had better write me about yourself today. Address plainly:

THE EVENTS OF ORANGE COUNTY

Efficient Staff of Reporters Weekly Covers the Territory for The Herald

CELERY AVENUE NEWS

Special Cor. to The Herald.
Mrs. A. S. Lund of Chicago is visiting Mrs. Carl Wood on Cameron avenue.

The writer has a friend—a traveling man. This party is at present traveling through the South Atlantic states. Here are some of the cities and towns he has visited since leaving Sanford twelve or fifteen days ago: Palatka, Ocala, Lake City, Valdosta Ga., Americus Ga., Albany Ga., Macon and Augusta, and Columbia S. C. Now this friend is mailing me, as per agreement, a postal card from each town with the price that celery is selling for per bunch at the retail stores. Each card bears the day, year and price per bunch for celery and the name of town and firm offering the celery. This I wish for my own information and possibly for Comrade Holly to use in his great paper, to get the non-union farmers to line up with the union, and I possibly will write it all up in a comprehensive way and show some people the difference between what the consumer pays for celery and what the grower gets. I shall lay these statistics before Mr. R. J. Holly and Mr. Harry Ward. This party mentioned will in the near future or about the time Sanford celery is on these markets visit Wheeling, W. Va., Pittsburg, Pa., and cities throughout the central and middle west states. So you can get ready for some accurate statistics.

Misses Annie and Madeline Miller of Shelby, N. C., who have been visiting Mrs. Bell on Celery avenue, have returned home. They expect to take in St. Augustine and Jacksonville on their trip. They are delighted with Sanford and the celery delta, and we learn they expect to return next winter.

PAOLA POINTS

Special Correspondence to The Herald:
Spring weather, lacking only rain, but the oaks are fast coming into leaf and the air is sweet with the odor of orange blossoms. "In the spring," you all know the rest and apropos.

The many friends of Miss Frances Leake of Orlando will be interested to hear of her marriage on Feb. 21st to Mr. L. F. Blankner of Baltimore, Md.

B. H. Hagan, now of Cassia and also well known in this neighborhood was married Sunday, Feb. 28th to Miss Lela Pennington, also of Cassia.

Mr. and Mrs. Chadderton are making a few weeks visit in the Lake region, M. Dora and Eustis.

Mrs. E. A. Curtis returned to Sanford Friday last, after a stay of nearly two weeks in her Paola home.

Oscar Pearson has lately gone to the East Coast.

Dr. J. N. Bishop of New York City has been spending a week in Paola.

Mrs. W. W. Long of Sanford is the guest of Mrs. C. F. Cooley.

Mrs. C. A. Potter and little daughter returned to her home in Coconut Grove last week.

Miss Mayme McLain spent Saturday and Sunday at her home in Geneva.

Mrs. May Foster has returned from a prolonged visit in Georgia and Alabama.

OVIEDO AND LAKE CHARM

Special Correspondence to The Herald:
Miss Daisy McClanahan left Oviedo last Monday for Atlanta where she will spend ten days and more in selecting spring goods for her millinery business.

Dr. and Mrs. Adams of Clifton Springs, N. Y., who have been guests at Lake Charm for several weeks, left this week for Alton, Ga.

Mr. Farnell, an honored, respected citizen of Oviedo and a deacon in the Baptist church for forty years was laid away to rest Monday evening just as the sun was setting, after weeks and years of suffering from a cancerous growth.

Mrs. Walter Carter and little son of Sanford are guests this week of her parents, Mr. and Mrs. J. H. Lee of Lake Charm.

The Magazine Club was entertained by Miss Ella Belle Jones last Friday. We were especially favored in the music program in listening to Mrs. G. A. Hankinson of New Jersey, a winter guest at Lake Charm. The other numbers rendered were by Mrs. B. C. Brannon and Miss Mary Ann. In addition to the two piano solos given by Mrs. Hankinson were two duets by Mrs. Hankinson and Miss Frances Allison.

Mrs. Mary E. Foster had a delightful

"at home" Thursday. Lake Charm and Oviedo friends learned long ago to anticipate and enjoy Dr. and Mrs. Foster's generous hospitality on occasions like these. The ladies assisting Mrs. Foster in receiving on the large, ideal verandas were her winter guests, Miss Margaret Evans and Miss Louise Manning Hodgkins. We were charmingly entertained in a half hour talk on Spain by Miss Hodgkins.

CAMERON CITY ETCHINGS

Special Correspondence to The Herald.

We have organized a Farmers' Club for purposes of mutual pleasure and benefit. The meetings will be held in the church—the next on Tuesday evening, the 14th. The meeting on last Tuesday was well attended and after a permanent organization had been effected the club listened with interest to the reading of a lengthy and comprehensive list of questions prepared by a committee appointed at a previous meeting and regarding the management and workings of the Florida Vegetable Growers' Association, and to the answers to these questions prepared and submitted by the officers of the association.

Mrs. J. W. Powell and Miss Powell arrived from New York last Friday evening. Mr. Powell, Jr., with his wife and Miss Powell have gone camping for a few days.

Mr. Beck's brother and family left for their Indiana home last Saturday after a visit of a month at Cameron City. They were pleased visitors and we shall miss them.

On Thursday evening of last week Miss Grace Rith entertained a number of our young people in honor of her friend, Miss Trego. A jolly, enjoyable evening was reported by those present.

Mr. and Mrs. O. E. Walker of Topeka, Kansas, who have spent the winter in Sanford leave for Kansas today. Mr. Walker, who has large land interests here will return later and look after his potato crop. They have many friends in Cameron City who are glad to know that they expect to return in the fall.

Misses Mabel and Bessie Anderson, Miss Bessie Schumpert, Mrs. Bell, Miss Robertson, Mr. Wakefield and Mr. Clendening were out from Sanford Sunday afternoon calling on Miss Aileen Minnick.

Mrs. Dutton and her friend, Mrs. Middleton, will spend Thursday with Mrs. Minnick.

Mrs. Hancock spent Tuesday with Mrs. Stevenson and in the afternoon several ladies called on her, at Mrs. Stevenson's request.

The Cameron City Congregational church has been organized with about twenty-five members and nearly as many associate members and have called Mr. Joel Swartz of Pennsylvania to be their pastor. The congregation is an enthusiastic one and looks toward the future work of the organization with eager anticipation. Sunday school and preaching service each Sunday morning and all are cordially welcomed.

T. P. Warlow Recommended

Since the death of Hon. James D. Beggs, who had served Orange county as Judge of the Criminal Court for many years, speculation has been rife regarding his probable successor to be appointed by Governor Gilchrist to fill the unexpired term. Fully a half dozen, competent, capable men were suggested, the names of several going before the executive committee of Orange county at whose suggestion the Governor had signified his intention of making the appointment. Yesterday morning, pursuant to a call, the committee met and after earnest consideration, named Hon. T. P. Warlow as their choice for the position. Mr. Warlow is one of Orange county's most able lawyers, is honest, just and conscientious and his selection has met with the universal approval of the citizens of the county. His commission will arrive in a few days.—Reporter-Star.

Pastor Causes Sensation

At a meeting of the Knoxville Church Federation Dr. J. J. Taylor, pastor of the First Baptist church caused a sensation by the following declaration:

"The church has no right to make a man go to church if he prefers to go to a baseball game and it is an individual matter what a man shall do with his Sundays. If persons play golf or base ball or eat ice cream the church has no right to call a policeman and have them locked up. It is not the church's business nor that of the state."

Many Visitors To Sanford

Every hotel, every boarding house, every apartment house, every private dwelling is filled to overflowing with visitors. Never in the history of the city has there been so many people here. The real estate firms are busy as bees taking out customers and showing them the lands. There were many purchases made this week and it is predicted that more Sanford land will be sold this season than ever before.

THE DOCTOR'S QUESTION.

Much Sickness Due to Bowel Disorders. A doctor's first question when consulted by a patient is, "Are your bowels regular?" He knows that 98 per cent of illness is attended with inactive bowels and torpid liver, and that this condition must be removed gently and thoroughly before health can be restored.

Rexall Orderlies are a positive, pleasant and safe remedy for constipation and bowel disorders in general. We are so certain of their great curative value that we promise to return the purchaser's money in every case when they fail to produce entire satisfaction.

Rexall Orderlies are eaten like candy, they act quietly, and have a soothing, strengthening, healing influence on the entire intestinal tract. They do not purge, gripe, cause nausea, flatulence, excessive looseness, diarrhoea or other annoying effect. They are especially good for children, weak persons or old folks. Two sizes, 25c. and 10c. Sold only at our store—The Rexall Store

The Mapes Complete Manures

Where seems to be great dissatisfaction throughout the State generally as to the results obtained from most of the fertilizers used last season.

Many growers are now beginning to see clearly what we have been suggesting for some time, they might expect to have happen from the continued use of the Acid Phosphate (rock) goods.

A curiously large number of those of our old customers who were gotten away from us by the inducements of the so called "cheap goods" "Just as good as Mapes," are coming back to us this season to have their groves and fields restored.

The Mapes Fertilizers are evidently considered a refuge in extremity when help is needed and hope almost gone. You certainly get the benefits of over thirty years experience in Florida and over fifty years in the manufacture of fertilizers generally. If we cannot help you the case is indeed hopeless.

COUNTY COMMISSIONERS MEET

Matters of Importance About Roads and Bridges and Elections
Tuesday, March 7, 1911.

Board met. Present chairman Overstreet, commissioners Woodruff, Dillard, Brown and Merrill.

The following applications for pensions were approved: Mrs. Annie Rinaldi, widow of A. Rinaldi. Mrs. E. L. Gray, widow of Jas. T. Gray, and Mrs. Elizabeth M. Terry, widow of Alex. P. Terry.

The report of the following county officers, Supt. Co. Home Auditor's Statement Co. Physicians, polls collected, treasurer, pay roll of road camp, report of licenses, Clerk's report of tax redemptions, Supt. of roads, and bridges.

J. W. Nixon, J. T. McLain et al. presented petitions to straighten the Chuluota and Geneva public road, upon motion, petitions were laid over and subject matter referred to Messrs. Brown and Supt. Branham to investigate.

Messrs. Whitcomb and McLain appeared before the board in reference to the condition of crossing at the Geneva Ferry, upon motion the subject matter was referred to Messrs. Woodruff, Branham and Brown.

E. T. Cushing, representing the Oviedo Board of Trade appeared before the Board with petition on the subject in reference to establishing the main road west into Oviedo, upon motion the petition was granted.

The petition of H. B. McCall, Mrs. D. R. Pearce et al., was presented upon motion the subject matter was referred to Messrs. Branham and Overstreet.

Surveyor Fries appeared before the board in reference to obtaining and issuing a new map for the County, upon motion action was deferred until the April meeting.

The Board upon motion proceeded to elect the attorney of the Board; W. L. Palmer was elected as Attorney, with a salary of \$300.00 per annum.

Upon the Chairman was instructed to appoint a committee to draft resolutions in reference to the death of Judge Beggs, committee composed of Messrs. Woodruff, Overstreet and Robinson.

The Committee representing the inland waterway appeared before the board, and after presentation of the subject the matter was taken under advisement.

It was ordered that the comptroller be requested to allow the redemption of 1/2 cert., No. 855 of 1894 (5/4 of NE 1/4 of SE 1/4 of NW 1/4) Sec. 26, Tp. 20 S. R. 29 E., be redeemed at the flat sum of \$10.00 not including Clerk's costs, by R. J. Piatt, within 60 days, on account of accumulation of taxes, the poor condition of the land and the wish to restore it to the tax roll.

Bond of L. J. Dolline as Notary Public, H. A. Vivian and N. P. Yowell as sureties approved. The check of F. H. Davis was upon motion accepted, and the attorney of the Board instructed to draw the proper release from the marl contract heretofore entered into by the County with Mr. Davis.

Upon motion it was ordered that a warrant be drawn payable to T. W. Mathews and held until the building is accepted by the architect and Mr. Overstreet.

Letter from Jenkie King in respect to payment for right of way over the King heirs land received, and the matter referred to the Attorney of the board to have deed properly executed and upon receipt of deed the warrant for \$50.00 will be issued in payment thereof.

Petition of C. F. Russ, J. L. Hill et al., for the extension of the right of way of Orlando and Apopka Public road through the flat woods portion of this road making the right of way 60 feet wide was received; matter referred to Commissioners Overstreet, Merrill and Supt. Branham with power to act.

Board proceeded to canvass the returns of the election held on March 1, 1911 and found the result to be as follows: For selling 1104, against selling 1231, the majority against selling being 127.

The petition of O. W. Connor, Edw. W. Bonyng et al., received; upon motion then Clerk was instructed to notify the petitioners if they wish to have the road established, and they bear the expense thereof, the board will instruct the County Surveyor to make the survey thereof.

Petition of Geo. Swartz, A. H. Crippen Jr., A. H. Crippen Sr., et al., received upon motion the County will appropriate \$20.00 per mile the same to be used with the approval of the Supt. of roads and bridges.

It was ordered that the painting of the County Home be left with commissioner Overstreet with power to act.

Letter from S. Florida Sentinel received and read, laid over until next meeting.

Communication of A. F. Odlin in respect to the Orlando Florida Farms Company received; Clerk instructed to notify Mr. Odlin that the board decline to act.

Painting of the Drawdy iron bridge and the legs of the school bridge East of Oviedo referred to Supt. Branham and Commissioner Brown.

The following accounts were examined and warrant issued in payment of same and board adjourned to next regular session.

D. A. CALDWELL & SONS

CASH DEPARTMENT STORE

Two Stores No. 121--123 East First Street

Sanford,

Florida

THE SANFORD HERALD

Published Every Friday Morning at Sanford, Fla. H. J. HOLLIV, Editor and Proprietor

Subscription Price, \$2.00 a Year in Advance

Entered as second-class mail matter August 22nd, 1908, at the Postoffice at Sanford, Florida, under Act of March 3rd, 1879.

Office in Herald Building Telephone No. 148.

Sanford will never become a large city unless every individual in it pulls together and pushes for a greater city.

Senator Lorimer retains his seat for the present but he will take an extra pair of asbestos trousers to hold it for another term.

Any one reading Frank Mayes' recent "erudition escapement", on the country editor would imagine that Frank had been there himself.

If the Commissioners and road men of this county do not do something for the road to Apopka soon, Orange county will lose her reputation for good roads. Bad holes are numerous and are getting larger and larger daily. A stitch in time save nine. Let those whose duty it is to keep up the roads get busy and repair them before they get beyond redemption. Reporter-Star.

The Sanford-Orlando road is in the same condition and there is no relief in sight. Maybe our friends who voted against the bond issue can tell just how to make more roads without any expenditure.

SANFORD'S POST CARD DAY

The Herald suggests that Sanford make April first the Post Card Day and every business man, every lady, every child and all the visitors to the city mail one or more post cards descriptive of Sanford to some friend in a distant state. In order to help the movement along The Herald will print several thousand cards and sell them at cost and no doubt the stationers of Sanford could make a special rate for one day. This would advertise our city as no other one plan could do.

The cards will carry photographic views of attractions in the city and surrounding section, and will bear a motto inviting investigation of the city by the capitalist, the farmer, the man looking for locations for manufacturing enterprises, by everyone wishing to come to the best section of the entire United States.

Los Angeles Cal., held an annual Post-card Day on March 1, and one firm printed and caused to be mailed 4,000,000 post-cards describing the advantages of the city. It estimated that about 10,000,000 postcards were sent out on that occasion from the entire state, Los Angeles alone sending out more than 2,000,000.

Millinery Opening

The ladies of Sanford are always on the qui vive awaiting the millinery openings. In this respect Mrs. Allen's well known emporium is always a popular place, for here the latest styles and creations can always be found. Especially is this true of the Spring Openings where there is so much dainty headgear to be shown. This season Mrs. Allen promises many surprises and the two days of the opening will be red letter days. On Saturday, March 11 and Monday, March 13th Mrs. Allen invites the ladies to come to her millinery parlors in the Bishop block. A look at the swell stuff will convince you that Mrs. Allen has the finest line ever shown in the city.

The Ladies Aid Society

The Ladies Aid Society of the Baptist church met at the home of Mrs. M. M. Stewart, on Union avenue last Friday afternoon. The meeting was well attended by the members, and there was also present a large number of visitors from other states, among them being Mrs. Whaden, of New York, Mrs. Williams of Michigan, Mrs. Hawkins, Mrs. Baird, Mrs. Ogden and Mrs. Hamilton of Virginia, and Mrs. Fitch of Kentucky. After an interesting business session light refreshments were served and a social half hour enjoyed.

Miss Agnes Bothamly Entertains

Miss Agnes Bothamly delightfully entertained some of her young friends at her home on Park avenue last Friday afternoon to celebrate her birthday. The affair was held on the lawn where games were played and where dainty refreshments were served.

New Officers Elected

At a recent meeting of the stockholders of the Orlando Bank & Trust Co., at Orlando, M. M. Smith was elected president and W. M. Davis, vice president. Both gentlemen are connected with the Peoples Bank of Sanford and have property interests here.

Notice

I understand that several U. S. mail boxes on R. F. D. No. 1 have been tampered with by removing locks, etc. As the parties are known, action will be taken if this practice is continued. CHAS. F. HARRIS, P. M.

SURPRISED THEIR FRIENDS

Popular Young Couple Quietly Married Last Night

Not wishing the ostentatious display of a church wedding two of Sanford's most popular young people stole a march on their friends last night and were quietly married.

Miss Johnelle Garner and James B. Lawson have been betrothed for several months and it was understood that the affair would culminate in a grand church wedding, but the young people are both of a retiring disposition and not wishing the display or expense of a grand wedding decided to dodge and were quietly married at the Baptist church parsonage last night by Rev. J. W. Wildman. The first intimation of the marriage the parents had was when the young Benedict walked in with his charming bride and announced, "Mr. and Mrs. Lawson."

They were forgiven of course and amid tears and the parental blessing left for Tampa and other southern points for a week's honeymoon.

The bride is a Sanford girl, having resided here for a number of years and has a large circle of friends. She is the daughter of Mr. and Mrs. N. H. Garner and formerly resided at Dade City.

Mr. Lawson has made Sanford his home for several years and is a native of Georgia. He is engaged in business and is looked upon as one of the solid young business men of Sanford.

The happy couple have a large circle of friends who wish them all kinds of happiness, in which The Herald joins.

High School Notes

The Boy's Debating Society held its regular meeting Monday afternoon. The subject was: Resolved: that the United States should annex Cuba. There were many fine arguments made by both sides but the judges decided in favor of the affirmative.

The Irving Literary Society held its meeting Monday. The program consisted of musical numbers and several papers on architectural beauties of the old world.

Friday afternoon at 3:15 the High School baseball season will open. The local boys will meet the DeLand High School nine on the diamond at Holden park. This will be the first game played by the Sanford High School team in two years and the boys expect to make up for past negligence.

The Horace K. Turner art exhibit has gone and the many students who saw it were glad to get the chance to see the copies of famous masterpieces. The proceeds of this exhibit will be used for purchasing pictures and other decorations for our new building.

The enrollment in the High School Department has now reached one hundred. This fact will make it easy to compute the attendance percentage.

Methodist Church

Sunday school 8:45 a. m., John K. Mettinger Supt. in charge, A. R. Chappell assisting. Sunday is special missionary day. Subject of lesson, Elijah Restores a Child to Life.

Preaching 11 a. m. by the pastor. Subject, Man's Whole Duty, Micah 6:8. Sunday night, 7 o'clock, sermon by the pastor. Subject, Sin's Legitimate Sequence, 1 Cor. 3:17, text.

Remember Sunday is the day set to make your offerings to Home Mission work and the taking care of our superannuated preachers and the widows of deceased preachers. Make offerings in separate envelope for ahead from salary of pastor and presiding elder.

Wednesday night at 7:30 o'clock prayer meeting. A study of the 2nd chapter of Jonah.

Thursday at 3:30 p. m. Junior League meeting. Mrs. E. R. Phillips in charge.

Friday night 7:30 o'clock, teachers S. S. lesson study at the parsonage.

A cordial welcome awaits all who will come. The public are cordially invited. There are many lonely, hungry hearts in this community. Sin will not satisfy them though they eat all sin has. Come to the house of the Lord and get strength for thy burdens.

People's Church

Mr. Waldron will give the last of his series of evening talks to young women next Sunday night, subject "The Girl Who Works". The pastor will also preach Sunday morning. All comers are cordially welcome to both services.

Admiral Neal McQuarrie will be here one week from Sunday night and tell about his Florida Navy.

Has Not Sold Out

In the Moore's Station Items in the Herald several weeks ago was a notice of the sale of J. F. Turner's store at Beck Hammock. Mr. Turner states that the item was a mistake, as he has not sold out and does not expect to sell. He is doing a fine business at Beck Hammock and has no intention of selling. We make this correction for our correspondent who was probably misinformed on the subject.

IRRIGATION SYSTEM

Sanford Method Pronounced the Best in the World

SUB-IRRIGATION AND DRAINAGE

Recent Drouth Demonstrates the Value of Irrigation in Florida—Our System

By Thos. H. Bates

We residents of Florida, and especially of the Sanford Celery Delta, read of the three or four cuttings per season of alfalfa, as obtains in those irrigated sections of the West where alfalfa is worked as a specialty and lauded as a winner, with much interest. But those cuttings of alfalfa as compared with the possibilities of a Sanford acre, subirrigated and properly cultivated, is a comparison destined to make the alfalfa acre writhe and twist in uncomfortableness at its own inertness.

When we began the business of growing vegetables out of season we wetted our fields from the surface by a system of trenches between the rows. Our plants were scorched, our crops ruined and our profits small and losses almost total by the use of this system. No person who understands conditions in Florida ever attempts to grow vegetables on a commercial scale now without irrigation.

The accompanying diagram shows how the system is laid in the field. A is at the flowing well which discharges into an 18 inch tile. C is the standpipes along the supply main, the latter being made of 6-inch tile. By plugging the hole in standpipe any single line of tile can be shut off from the water and any other line of tile can be supplied at will. This allows the planter to apply the water to the exact portion of the field he wants it in within wetting portions that do not need moisture. D is the rows of 8-inch tile through the joints of which the water seeps and wets the field from the bottom up. The joints are covered with sawdust, paper or fiber to keep the sand and dirt from working into the lines of tile. O is the controlling box. It has a partition in the center with a hole through the lower end where the tile is connected to it, another hole in the partition 12 inches above the first hole and a V shape slit in the top of the partition. E is the ditch at the side of the road which carries off the surplus water.

The system is installed by laying rows of tile D 18 inches beneath the surface; 10 to 35 feet apart, running the short way of the field, there being a fall of about 1/2 inches in 330 feet, which is sufficient to allow the water to trickle through without loss by friction. These rows of tile are connected water tight at the 6-inch feed main, which is in turn connected with the stand pipes. The open ditch E is on the lower side of the field and receives the surplus water from the stand pipes D. Two feet back from the ditch is the controlling box O, which is used to turn the water back in the field. This box has three outlets, one on a level with the ditch D, which when open permits all excessive rainfall to drain into ditch E. The next higher outlet is 12 inches above the first, and when the first outlet is clogged permits a level of 12 inches of water in the field above the tiling. The third outlet is 2 inches below the surface. When the first and second outlets are closed the water will then gather in the field to within 2 inches of the surface. By opening and closing the outlets in the controlling box the quantity of water applied to the plants can be measured with accuracy.

During periods of rain the well is shut and the lines of tile D are left open, thus draining all surplus water out of the field once. We can cultivate our fields 24 to 30 hours after the hardest rains. The controlling box is made of cement, 22 inches high, 12 inches wide and 4 inches thick, with a cement partition in the center. Cement bottoms are made in the intake pipes C and the direct connections with the intake pipes, controlling boxes and feed main are made water tight. Iron nipples of various sizes are used in making these connections. The joints in the controlling boxes are also made with iron pipe lining.

The following is a list of materials needed for tiling one acre:

| | |
|---|---------|
| 2000 3-inch drain tile 12 inches long | \$22.50 |
| 7 8-inch stand pipes 2 1/2 feet long | 2.45 |
| 1 18-inch intake pocket at well 2 1/2 feet long | 1.50 |
| 7 22-inch controlling boxes | 5.25 |
| 24 2x5 inch iron nipples | 1.68 |
| 2 sacks cement | 1.10 |
| 100 ft. 4x24 inch cement main | 7.00 |
| 1 load of fiber or sawdust | 1.50 |
| Wooden plugs | .50 |

Total cost of materials for one acre... \$63.98

The labor necessary to install the system on one acre will cost about \$40.00, making the total cost about \$105 per acre. An artesian well will cost from \$50 to \$75, and so far as we know will flow forever. We have wells here that have been flowing for the past thirty-three years. There are now 2,700 wells in Sanford celery delta, not all of which are used for irrigation purposes, however. No perceptible decrease in the flow has so far manifested itself.

There must be a subsoil of clay or hardpan at from 2 to 5 feet beneath the surface before this system is available. If the subsoil is, say, 3 feet below the surface and the system is installed and the water turned on, no moisture will begin to come to the surface until the 18 inches of earth between the lower side of the tile and the subsoil has become wholly saturated with water. When this is done the moisture is then drawn to the surface by capillary attraction.

The water being applied at the roots of the plants acts as a sort of vaccination against all root diseases, and as an evidence of this fact we have grown the same crops on the same acres for ten years, the acres becoming more productive each year. Few or no surface pests are encountered when this system is used, as the fields can be flooded at any time desired, thus drowning them out. The system is not a success where there is no subsoil.

The item of good drainage is just as essential as an inexhaustible supply of water, the system of tile acting for this purpose when there is an excessive rainfall. Air is also necessary to the life of healthy plants, and our irrigation assists us in applying air at the very roots of the plants. This subaeration also is a protection of considerable importance in times of cold. The frost line, which those who are unacquainted with conditions in Florida talk about so glibly, can be found four inches under the sod in any part of the state. It does not show on the surface, as freezes have occurred in the southern portion of Cuba and all over Florida.

To prepare an acre of land for growing vegetables by installing an irrigation system which costs \$105 may seem a foolish waste of money, but the productivity of that irrigated acre when in good tith and fructifies properly is so many times more than it would be otherwise that the owner is fully justified in going to the expense. For instance, such an acre here has produced seventy tons of vegetables in a single growing season of nine months which sold for \$4,064, paying the railroad \$735 to haul them to market. A fairly good acre? One of our growers last spring marketed \$32,300 worth of lettuce and cucumbers off of 22 acres. One thousand, \$2,000 or \$3,000 is not an unusual output for a single acre.

The little unimproved irrigable land left in the Celery Delta sells at from \$150 an acre up. Last season 10 acres of cultivated land, well irrigated and scientifically drained, passed from the ownership of one old resident of Sanford to another old resident of Sanford for a consideration of \$17,500, being \$1,750 an acre, and the high water price ever paid in this section of the country for farming land. The buildings on this property were not worth \$1,000. It is not unusual for land that has been in cultivation one season to sell for \$1,000 an acre. Three years' cultivation brings it up to its maximum in production and each succeeding year adds to its value on account of its high state of tith.

The experts from the Department of Agriculture at Washington who have investigated the Sanford system of sub-irrigation have pronounced it the best poised method of applying moisture in plant growth that has ever been devised or brought to the attention of the Department.

City Council Meets

Council met in regular session, March 6, 1911, at 7:40 p. m. Present D. L. Thrasher, president; W. D. Holden, J. D. Davidson, S. Runge, H. R. Stevens, B. A. Howard. Absent H. Ward.

Minutes of last meeting read and approved. Marshals report for February read and ordered filed. Treasurers report read and ordered filed.

G. H. Fernald made a final report of bond trustees moved and second that an accountant be employed to audit the accounts of the bond trustees and of R. C. Maxwell carried.

Moved and seconded that the city pay 1/2 of the cost of sidewalk in front of the Garner-Woodruff-Yowell Building at the rate of 13 1/2 cents per foot.

C. H. Leffler asked that the assessment on property foot of First street be reduced, taken under advisement. Moved that vouchers as signed by the president and approved by the finance committee be paid carried. Moved and second to adjourn carried.

M. W. LOVELL,
Clerk.

Council met in regular session Thursday evening Feb. 20th, at 7 p. m. Present, D. L. Thrasher, President.

D. L. Thrasher, W. D. Holden, B. A. Howard, S. Runge, J. D. Davidson, H. Ward, absent, H. R. Stevens. Minutes of last regular and special meeting read and approved. The following committees were appointed.

Street—W. D. Holden, S. Runge, B. A. Howard.

Sanitary—S. Runge, J. D. Davidson, W. D. Holden.

Ordinance—H. Ward, H. R. Stevens, S. Runge.

Fire—B. A. Howard, H. R. Stevens, J. D. Davidson.

Building—J. D. Davidson, W. D. Holden, H. Ward.

The matter of additional hydrants as to the number and location referred to fire committee.

Petition as to the grading Laurel Ave. referred to street committee.

Petition of C. Brown and others asking that a light be placed near the Baptist church on Pine Ave, received and the clerk was instructed to notify the Electric Light Co., to place an incandescent light at that front. The clerk was instructed to notify the Electric Light Co., that if the service was not improved so that it would come up to the specifications in the contract that the vouchers would be held up. On motion the resignation of E. W. Stevens as street commissioner was accepted carried. Moved and seconded that the street committee be empowered to employ a street foreman. Bond of M. W. Lovell as Clerk, Treasurer and Assessor accepted and ordered filed. Moved and seconded that the chair appoint a committee of three who shall be authorized to employ council at a compensation not to exceed \$500 to draft a new charter for the city. The chair appointed W. D. Holden, B. A. Howard, H. R. Stevens. Moved and seconded that the vouchers as signed by the president and approved by the finance

committee by paid carried. Moved and seconded to adjourn carried.

M. W. LOVELL,
Clerk.

The Waterways Meeting

The Mississippi-Atlantic Ways convention was held in Sanford Friday evening last under the auspices of the Sanford Commercial Club. The meeting was first addressed by S. A. Thompson, who is the field secretary of the National Rivers and Harbors Congress. Mr. Thompson's address was one of the best and most interesting that has ever been heard in this city. He has made a thorough study of his subject and was familiar with it in detail. After his address Mrs. Maude W. Henry, field secretary of the association, spoke briefly along the same lines. The matter of a local organization was taken up and perfected. W. L. Palmer of Orlando was placed at the head of it and the committees were left unfilled, to be named later.

Marshal Smith on The Job

Marshal Smith has again proved his efficiency by making an arrest and returning stolen goods.

For some time past articles have been missed from Brady's general store on the West side and Marshal Smith was notified to look up the matter. A still hunt divulged the fact that a negro, Will Jennings, formerly employed at the store had disposed of quantities of tobacco, cigars, hams, etc, to small stores on Sanford Avenue.

Marshal Smith immediately placed Jennings under arrest and confronted with his guilt he broke down and confessed. The stores on the avenue were then searched and the greater part of the goods recovered. The negro will get a term and if the store keepers who bought the goods do not get one they can consider themselves lucky.

Music Club Meets

A meeting of the Sanford Music Club was held in Mrs. Fannie Munson's studio last Saturday afternoon. Miss Peachea Leffler was leader for the afternoon and arranged a very pleasing program. Mrs. D. L. Thrasher read a splendid paper on John Sebastian Bach; Miss Leffler's excellent paper related to Bach and his music. Miss Ellen Mahoney played a short two part fugue by Bach, illustrative of his work. Mrs. Munson's talk on the Christmas Oratorio and Prelude from Bach were pleasing numbers of the program. "A Dream" was beautifully played by Miss Helen St. John.

Elks Lodge For Sanford

It is rumored that Sanford has applied for permission to establish an Elks Lodge, the recent census of 5,262 people entitles the city to a lodge. There are already about forty Elks in the city and a fine Elks Home could be erected.

H. Woods Co. Fails

The commission firm of H. Woods & Co., of Chicago has failed according to reports and their office in this city will be discontinued. K. R. Murrell who has had charge of the office here will continue in the commission business.

PERSONAL ITEMS OF INTEREST

Summary of the Floating Small Talk Succinctly Arranged for Hurred Herald Readers.

Mrs. R. J. Holly and children are visiting Mrs. Holly's mother and sister in Tampa. G. R. Calhoun spent several days of this week in Gainesville on business and pleasure. Mr. and Mrs. D. L. Thrasher visited Mrs. Thrasher's parents at Eustis last Saturday. W. H. Williams, W. L. Milteer, P. M. Elder and J. K. Mettlinger spent the day on the Wekiwa. Mrs. G. E. Granger and daughter, Miss Mabel, have returned from a short visit in Jacksonville. Will Stringfellow spent several days of this week in the city. He is making his home in DeLand. Mrs. J. H. Bruton is in Atlanta this week where she will buy a large stock of spring millinery. Joseph Zapf of Jacksonville was in the city several days of last week shaking hands with old friends. Frank Miller's new house on Magnolia avenue, is assuming stately proportions, as it nears completion. Remember that on April 1st you should send your friends a Sanford post card and advertise the city. W. A. Morse, representing the Stevens Engraving Co., of St. Louis called upon the local trade this week. Miss Sarah Cooley sings at the Cecilia Music Club Saturday, Mar 11, 3 p. m. Studio of Mrs. Fannie Munson. Mack Moyer and family have moved into the Check house, on the corner of Magnolia avenue and fifth street. A large party of Maitland people chartered the good boat Wekiwa on Wednesday to make the trip to the Springs. Quite a number of Sanford people were in Orlando last Friday attending the aeroplane flight of Mr. Beachley. Miss Emma Houston of Kibler, West Virginia, is the guest of Mr. and Mrs. L. A. Brunley on Celery avenue. The Foreign Missionary Society of the Methodist church held their regular meeting Monday afternoon, in the church. J. H. Ragdale left last Saturday for his home in Pulaski, Tenn., after a successful sale of lots in Sanford Heights. W. Gwynne Fox is home for a few days this week and reports the most favorable conditions in the land of the Manatee. Mr. and Mrs. J. H. Overman are in Atlanta this week on business and pleasure. Mrs. Overman is purchasing her spring millinery. The many friends of Mrs. John Z. McDonald, will regret to learn that she continues quite ill, in the home of her niece, Mrs. Will Hand. The Herald office has just received a new line of swell invitation stock and visiting cards. Ladies are especially invited to call and see it. S. T. Lewis, sales manager of the Consignees' Favorite Box Company of Chattanooga, Tenn., visited Sanford last week in the interest of his firm. J. T. McLain of Geneva spent Tuesday in the city enroute home from Orlando, where he attended the meeting of the County Executive Committee. The ladies of the Congregational Church wish to thank the auction committee and all others who helped them prepare and serve the fish fry dinner on Sanford Heights, Feb. 21st. C. C. Coffee of Jacksonville, and so many years connected with Cohen Bros. dry goods store, is now in Sanford and is connected with the Boston, the popular dry goods house of this city. Mr. Geo. D. Grant of Rochester, N. Y., is the guest of his uncle and aunt, Mr. and Mrs. M. W. Lovell, at their home on 4th street. He is much pleased with the country and may settle among us. L. B. Howery, F. J. McConnel, W. H. Blalodell and Dr. Lebukering of Darlington and Thos. Pagil of Mineral Point, Wisconsin are visitors to the city this week. Mr. Howery is a newspaper man and the whole party expects to purchase land in Florida. A Tithing Exchange will be held all day on Friday March 17th, in Mr. Crip's home store, Railroad avenue. Under the direction of the Women's Missionary Society of the Congregational church contributions of farm products, jelly, bread, cake, etc., are solicited. Come and supply your household before going elsewhere.

B. M. Tench, the popular representative of the Godman Shoe Co. of Columbus was in the city on Monday calling on the local trade. Mr. Tench makes his home in Gainesville and is well known all over Florida. Mrs. W. W. Hamilton of Lynchburg, Va., who has been the guest of relatives at the Baptist parsonage during the past week left Wednesday for Tampa, where her husband, Dr. Hamilton is conducting a meeting in the First Baptist church. Hon. Dave Adams, mayor of Oakland, was in the city on Monday and was shown over the city by Messrs. Culbreath and Widor. Mr. Adams was greatly impressed with the sights, especially the Eagles' Hall. He is the representative of the commission house of G. H. Rivenburg & Co., and is said to be of Irish extraction. New tiles at Yowell's. 30-11 Crushed and pulverized Limestone, car load lots. R. H. Whitner. 21f Remember that Mrs. Allen wants to see the ladies tomorrow and Monday. Seed Potato Cutters and Planters at Fernald's. Call and let us show you. 22tf 18 Pounds of best granulated sugar for \$1.00 at N. O. Garner's. 24-1f Free demonstration in Mexican Cut Work and Stenciling, for few days only, at Yowell's store. Don't miss it. 30-11-p Handsome china cabinets just in. Sanford Furniture Co. 22-1f Fresh peanut butter in bulk, 20 cents a pound at N. O. Garner's. 24-1f Mrs. Allen invites the ladies to her excursion in the Bishop block tomorrow. Gas engine repairs. Sanford Machine & Garage Co. 48-1f If your aim in life is to economize and to have for your everyday use dependable goods at the lowest possible prices we ask you, not for our sake, nor for this town's sake, nor for the sake of anything but your own pocket book and your bank account, to aim for our store and hit the centre of economical buying. Sanford Furniture Co. 22-1f Keep your eye on what's going on at our store. We ask you to carefully compare our prices with anyone's quotations. Look them up and we will get your business. Sanford Furniture Co. 22-1f Millinery Opening at Mrs. Allen's tomorrow. The best line ever shown in the city. Get your Easter dress and trimmings at Yowell's if you want a nice dress. N. P. Yowell & Co. 30-1 Watch N. O. Garner's window displays each week for new and big bargains in groceries. 24-1f Autos and carriage painting at Underwood's. First class work. 1f All kinds of repair work. Sanford Machine & Garage Co. 48-1f You can get yellow corn meal at Long's Grocery. 26-1f Underwoods for harness, saddles, horse and mule jewelry. 17-1f We are equipped to handle your repair work. Sanford Machine & Garage Co. 48-1f Straw hats—the Knox make—the highest grade hats made. At N. P. Yowell & Co's. 30-1f Spring time is here and the ladies turn to thoughts of new hats. UNDER PRESSURE OF LEATHER TRUST MANIPULATION Today, in the United States, more than one hundred leather tanneries are closed down. WHY? In order to reduce the available leather now on the market and thereby force the manufacturer to pay an increased price for leather, who, in turn, is compelled to make the retail merchant pay an increased price for shoes, or slight the shoes in their quantity and construction. The retail merchant protects himself in turn and the consumer pays the price put on the shoe. If you buy your Shoes from us, you are not at the mercy of the Leather Trust. We can save from 10 to 15 per cent. on every pair of shoes you buy of us. We are the SOLE agents in Sanford for the ONLY Shoes made in AMERICA, INDEPENDENT of the Leather Trust. D. L. THRASHER Sanford, Florida PHONE 104

A PROPHET or the son of a prophet are not required to predict that farm lands in Orange County will never cost less. Desirable cheap government land has decreased so rapidly the past few years that improved farming land in this section have felt the law of supply and demand and are rapidly increasing in value. Don't delay. See us today. N. H. GARNER Sanford, Florida

MORE DEAD FLIES IN THE PRECIOUS OINTMENT.

Pastor Russell Points Out More Descriptive Additions to the Word of God Contained in Our Common Version Bible, but Shown to Be False Because Not Found in the Oldest Greek MSS.—One of These "Flies" Has Moulded Accepted Theology—Dead Flies Cause the Apothecary's Ointment to Stink.—Ecclesiastes 10:1.

Not long ago I pointed out that the last twelve verses of St. Mark's Gospel, in our Common Version, are spurious—so recognized by all scholars, because these verses are not to be found in any of the oldest Greek MSS. and were evidently added to the Word of God in the Seventh Century or later. Moreover, we gave proofs of the untruthfulness of this addition. Is it true that whoever believes the Gospel of Christ may handle serpents with impunity and may drink deadly poison without harm? Surely not. It is nothing short of a sin for those who know better to acknowledge these verses and to use them to bolster up theories of Divine Healing. It is as much a crime to add to the Word of God as to take away from it.

Today I invite attention to some other "dead flies," some other additions to God's Word, which have had much to do with twisting the theology once delivered to the saints. Take, for instance, the closing words of the Lord's Prayer:

"Thine is the Kingdom and Power and Glory."

These words, if uttered by our Lord, should be found in the old Greek MSS. But they are not found therein. They are, therefore, to be rejected as additions made by people centuries after Matthew's Gospel was written. These words were introduced when the faith of the Church respecting the Kingdom of Messiah was changed or changing from what it was originally.

All through the New Testament the second coming of Christ in power and glory to establish His Kingdom and to glorify the Church, His Bride, is set for the end of this Gospel Age. But as the time grew long a change of sentiment came into the Church. It became popular and rich. Its bishops were respected. Finally the theory prevailed that God did not intend to delay the establishment of the Kingdom until the second coming of Christ, but did intend to establish it in the hands of the Church during this Age and to use the Church for the conquering of the world and the fulfilling of all the promises of the past.

In line with this the most prominent bishop of the time was recognized as divinely appointed to represent Christ in the world and to reign over the nations in his stead and to bring about the Messianic reign, etc. This was the Bishop of Rome, who subsequently was styled the Pope and who claimed and was accorded the honorable title, "Vice-gerent of the Son of God." It is said that the equivalent of this title was worn to this day by the Pope on his Mass, or three-crowned hat—Vicarius Dei Fili.

"Thy Kingdom Come on Earth." The Lord's prayer was already in the Scriptures, and was known to many. It could not be eliminated. But some zealous person, fully believing that God's Kingdom had come, felt justified in amending the prayer to correspond to what he supposed were the facts. Hence the prayer which begins, "Thy Kingdom come," is made to end by saying, "Thy Kingdom has come in its glory and power."

How glad we are to see the Truth on this subject; that the Kingdom of God's dear Son has not yet been set up in any sense of the word—that it is still future. It cannot be set up until this Gospel Age ends and the "elect" saintly few of every nation, Jew and Gentile, shall be changed from earthly to heavenly nature by the First Resurrection, which will qualify them to be kings and priests unto God and unto Christ and to reign with Him a thousand years (Revelation xx, 6).

It is well that all Bible students should mark this "fly" and extract it from the Precious Ointment and notice how much sweeter and fresher the Lord's prayer is to them forever.

"Oh, What a Whopper!" Who cannot sympathize with the great infidel, Thomas Paine, who when reading the last verse of St. John's Gospel, exclaimed, "Oh, what a whopper!" It reads, "And there are also many other things which Jesus did, the which, if they should be written every one, I suppose that even the world itself could not contain the books that should be written" (John xxi, 25).

Surely anyone of reasoning mind should see the absurdity of such a statement. Surely all Christian ministers should have informed the Lord's sheep under their care respecting what is and what is not the Word of God, the Bible, as it was recognized by the Apostolic Church and written down

in the original Greek MSS. Why any Christian minister should assail me because I endeavor to do for the people what he has neglected to do I cannot understand. I must leave it to the Lord to judge between us.

I resent Higher Criticism and accept the Word of God in full. I reject nothing because of my own or other men's surmises, but merely go by the facts. If the oldest Greek MSS. do not contain certain passages of Scripture, how could they get into later MSS. except as spurious additions?

Velvet Bean Seed

It is important that all velvet bean seed should be tested for germination this year before planting. The early frosts of last October and November injured a large amount of the seed before it was ripe. As a result, there is likely to be much shriveled and immature seed put on the market this spring. Under exceptionally favorable conditions some of this shriveled seed will germinate. Under ordinary field conditions only a small percentage of it is likely to grow. Those injured seeds that do germinate and grow cannot produce strong and healthy plants. They yield small and sickly plants that are unable to combat successfully with any adverse conditions.

Take any shallow box, which need not be more than three inches deep, two feet long, or one and a half feet wide. This will be large enough to hold about 500 velvet beans. Place about two inches of sand in the box. Then count out 500 velvet beans. Distribute them evenly over the surface of the sand, and cover the seeds with sand to a depth of about an inch. Moisten the sand thoroughly. Set the box in a warm sunny place.

It should be looked at every day to see that the sand is kept moist, but not soaked with water. Ten days after placing the seed in the box, count all that have sprouted. Divide 100 times the number of sprouted seed by the number of seeds placed in the box, the quotient will be the percentage of germination. For instance, if 500 seeds are placed in the box and 400 germinate, divide 30000 by 500, the quotient is 60, or 60 per cent. of the seed germinated.

When taking the sample of 500 seeds to put in the tester, care should be taken to get a uniform sample from the bulk of seed to be tested. That is, do not choose only large pump seeds, but take them as they come, broken, shriveled, or immature.

The testing of the seed before planting may mean the difference between the failure and success of the crop. It will the extra labor of replanting. As a rule, replanting is not satisfactory, because if the land is not plowed before replanting, it gives the weeds the start of the crop. If only the missing places are filled in, the crop is uneven in growth; while if the missing places are not filled in, a full crop will be secured.

The results of testing 1000 velvet bean seeds at the Experiment Station, taken just as they came from the huller, gave 58.3 per cent. germination. The sample included broken, shriveled, immature, and also good plump seeds. Of 1000 seeds placed in the tester, 583 or 58.3 per cent. germinated and made strong healthy plants. A further small percentage germinated but soon died. Had this seed been re-cleaned, and all broken and shriveled seed thrown out, the percentage of germination would have been considerably greater.

A test of 500 shriveled and immature seed showed that only 215, or 43 per cent. germinated, and these for the most part weak plants.

Velvet-bean seed that shows less than 50 per cent. germination should not be used. Seed that shows from 50 to 80 per cent. germination and gives that amount of strong healthy seedlings should be re-cleaned, throwing out all faulty seed. If that seems impracticable, 30 to 40 per cent. more seed to the acre should be planted.

JOHN M. SCOTT,
Experimental Station
University of Florida.

Citrus Southern Railway Company
The Citrus Southern Railway Company now laying out a traction road to connect Sanford, Orlando and Kissimmee, is desirous of interesting financially every property owner and citizen near these points, believing that a greater number of resident investors will proportionately increase the benefits to themselves, the company and the entire community. The capital stock is made up of 5,000 shares of the par value of \$100 each, from which the road is to be built without issuing bonds or mortgages.

Ten monthly payments on account of stock subscriptions accepted, beginning with the incorporation of the company.

The officials of the company will gladly call on intending subscribers.

Subscriptions in any amount are invited at the principal office of the company, Church street and Orange avenue, Orlando, Fla., and for the convenience of persons in the vicinity of Sanford will be received until further notice at the Peoples Bank of Sanford.

PERUCHI-GYPZENE COMPANY

Will Appear At Imperial Wednesday And Thursday Nights

The announcement of the return of the favorites Peruchi-Gypzene Co. will be welcome news to the amusement lovers of Sanford. This time they bring to us two new plays. On Wednesday night March, 15th, that brand new and up-to-the-minute comedy success in three long acts of but one long laugh. With Mr. C. D. Peruchi in the title role and you all know that he is really funny when it comes to comedy roles. The play is entitled "Hello Bill" and if you don't laugh you better see a doctor because your liver is certainly out of fix.

And on Thursday night March, 16th, the most beautiful costumes and scenic production you have ever witnessed in your city at any fancy prices you might have paid.

The second night price is entitled, "Dorothy Vernon of Haddon Hall". Mr. Peruchi has leased this complete New York production including all special scenery and electrical effects and over \$5000.00 worth of silk and satin costumes covered over with expensive jewels. This play has been rightly named when it was called the "Sweetest Story Ever Told", you have all read this book now see the play. Miss Mable Gypzene will be seen in the part of "Dorothy" surrounded by a clever cast and Mr. Peruchi guarantees these plays to his friends to be the best he has ever produced during his many years in the theatrical profession. Popular prices will prevail.

Park Trammell For Governor

Throughout the State there is already considerable speculation as to who will offer as candidates for the office of Governor. There have been several gentlemen suggested as potential candidates most of those thus mentioned being men of unquestioned ability and character. But reviewing the situation from an impartial standpoint, it appears to us that the one man who stands out among the aspirants to the office, as a peak upon the plains, is Park Trammell, at present Attorney-General of Florida.

There are men fitted for high office whose opportunities have not been such as to secure for them the knowledge of their worth by the people essential to political success. There are other men who enjoy a wide acquaintanceship, but who do not fully measure up to gubernatorial standards. But Mr. Trammell has the advantage of a splendid record of public service which has not only made him a familiar figure in the affairs of the State, but has demonstrated that he has the capacity to fill the high position of governor with ability equal to any of Florida's illustrious executives.

His natural ability is supplemented by experience in both the legislative and administrative branches of State government, having served in both branches of the legislature, a total of three sessions, and now rounding out a four-year's term as Attorney-General. His record, extending over these important positions is such as to give an earnest of faithful and competent public service if called to the position of Chief Executive.

A self-made man who has risen from comparative poverty and obscurity to honorable position, a man of irreproachable private life, splendid mental endowments, ripe experience, and broad grasp of public affairs, he is the logical candidate for Governor—and if he offers as a candidate, other aspirants had as well decide to post their ambitions.—Lakeland News, March 3, 1911.

BIRDMEN AT DAYTONA

McCurdy Will Compete With Automobiles on the Beach

Sensational aeroplane flights are promised at Daytona, March 28, 29, 30, when J. A. D. McCurdy, one of America's pioneer aviators, will make a series of flights in his Curtiss biplane.

Aviator McCurdy will give a series of five flights in the two days, two of the most interesting of which will be a race with the fastest automobile on the famous Daytona Beach, noted as the fastest automobile speedway of the world, and a flight at high altitude from the beach over the towns of Seabreeze, Daytona Beach, the broad Halifax river and the city of Daytona.

The series of flights is being arranged by the Hotel Men's Association of Daytona and the Daytona Board of Trade, which are extending a cordial invitation to all persons to visit Daytona, the prettiest winter resort in the world, at that time to witness the exhibitions. There will be no charge to witness the aviation exhibitions and welcome signs will be hung everywhere about the city.

In signing the contract for a series of exhibition flights the Daytona people stipulated that the services of McCurdy should be given because he has had a longer experience in handling flying machines than any other person now in the business, with the exception of the two Wright brothers and Glenn H. Curtiss himself. McCurdy was one of the first men to make a public flight in the United States and the first man to fly an aeroplane in Canada, where he still holds the records for distance and altitude.

McCurdy's recent attempt over the sea flight from Key West to Havana has made him the most talked of aviator in the world at the present time. His most important work was undoubtedly his wireless experiments carried on with H. M. Horton, a wireless expert, and McCurdy has the distinction of having sent the first wireless message ever sent from an aeroplane in flight.

The exhibitions at Daytona the last week in March will give the people of this section a splendid opportunity to see this famous aviator in actual flying feats, to witness the fast automobile race on the most famous beach in the world and visit what is acknowledged to be the prettiest winter resort in the country.

Praise For Caldwell

A well known travelling man here this week stated that the department store of D. A. Caldwell & Sons of this city was the best concern of the kind in the state and that their goods and prices would equal any department store of New York or Chicago. Sanford people ought to feel proud of the fact that a store with such a reputation is in our midst.

Investigating Land Deals

There are several U. S. Secret Service men in the state at present investigating the land deals. Several large land companies have been making statements that could not be substantiated and they will probably have to face the U. S. Court and explain how to raise vegetables in Florida without irrigation.

HENRY IS A POLITICKER YET

A Former Mayor of Sanford Makes Good in Washington State

The following clipping from the Spokane (Wash.) Chronicle will be interesting to the many old Sanford friends of Henry Lillenthal, who was a citizen of Sanford some twenty years ago:

"Henry L. Lillenthal, candidate for city commissioner, is a pioneer of Spokane, and during his twenty-one years of residence here has been a prominent figure in local politics and municipal affairs. Mr. Lillenthal is a student of civic and municipal problems.

From 1902 to 1904 Mr. Lillenthal was city commissioner, and during that term was directly responsible for the rebuilding of the then practically ignored street department. Besides being a power of the street department, Mr. Lillenthal had direct charge of the police and fire departments and was responsible for a number of important moral reforms of this city. He is credited with abolishing the closed box saloons and the "cleaning up" of a number of dives on Front street.

Mr. Lillenthal came to Spokane in 1890 from Sanford, Fla., where as a young man, he was active in civic affairs. He served two terms as mayor of that town. Since he has lived in Spokane he has been a successful contractor and real estate dealer. He is now retired from the contracting business. Mr. Lillenthal says that he has no interests to serve and no friends to reward."

Auto Trip to Beach

A merry party of young folks made the trip to Daytona Beach last Sunday in Joe DeMont's red caboose. They thoroughly enjoyed the trip and everything went merrily until Enterprise was reached on the return trip where part of the machinery dropped out and the whole party was obliged to take a launch home. Joe DeMont states that the magnetó was all right but the auricular valve became entangled in the appendix and caused the trouble.

In the party were the following:

Blanche Biggers, Maude Biggers, Reba Stringfellow, Maude Harris, Mary Walker, Vance Douglas, Dan McCalister, E. Pilley, Stanley Walker and Joe DeMont.

The Art Exhibit

The Horace K. Turner exhibit of art photographs and photogravures of famous paintings at the high school Wednesday, Thursday and Friday of last week was one of the finest displays in this line that has ever visited Sanford, and well deserved the large patronage that it received. A large number of people availed themselves of the opportunity to see these pictures.

School Improvement Ass'n Meeting

There will be a meeting of the School Improvement Association in the New High School Building Monday, Mar. 13th at 3:15 p. m. A special program will be rendered and business of importance discussed. This Association and these meetings can be made of incalculable good to our schools, therefore all parents, friends and patrons of the school are urged to be present.

Ballinger Resigns
The resignation of Richard A. Ballinger, of Seattle, as secretary of the interior, was accepted on Wednesday by President Taft and Walter L. Fisher, of Chicago, was appointed as his successor. It appears in the correspondence between Mr. Ballinger and the president, which was given out in full by the White House,

that the secretary's resignation has been in the president's hand since January 19 last, that it was held in suspense at the urgent request of the president, and that the latter at last accepted it only at the urgent request of Mr. Ballinger. In his letter of resignation Mr. Ballinger gives the condition of his health as the reason for retiring.

Capt. Tarver Wants to Know

There are problems in this busy world To solve are mighty tough; Pray tell us why the smallest girl Should tote the biggest muff? Or why the very smallest maid Puts on a fearful "rat" And staggers down the street beneath A flower garden hat.

One and two horse wagons with celery flared side bodies at Underwood's. 17-11

Diagram showing system of sub-irrigation. See article on insert.

Henry J. Aufgang was a prosperous farmer. He saved money and got to be well off. He bought his stuff at the store in town and so did his neighbors. Almost every day Henry drove to the store with a load of something which he sold and then "visited around" with his neighbors in town and his brother farmers who, like him, drove in often. The women folks came sometimes and it was nice and sociable and everybody grew to know everybody else. Henry J. Aufgang had a telephone in his house and a rural free delivery carrier brought him a daily paper from the Big Cities every day. He could call up the doctor in town if his folks took sick or he could ask the store keeper the price of eggs over the phone and take some in if the price was right. One day he got a catalog from a "mail order house" and read what it said about saving money by buying of the big concern (which was many stories high according to the picture on the cover of the catalog and employed thousands and thousands of people). Henry thought as he read the catalog. "Business is business," he said and sent in an order for a stove—not to his friend, the store keeper in the town, who in the past trusted him and credited him when he was hard up, but to the man he had never seen—the man who ran the mail order house in the Big City. "Business is business," Henry got his stove. One of the legs was loose—wouldn't fit. His friend the blacksmith in town fixed it. He ordered his clothes and his hats and his shoes and his wagons and his furniture and his carpets and his crockery and his boots and rubber boots and shoes from the mail order house. "Business is business." Many of his neighbors followed his example—"business is business." Henry had been so busy getting in the crop and sending orders to the mail order house that he forgot all about going to town for some months. One day he thought he would take in some dressed poultry and fresh eggs and visit 'round. He called up the store keeper to find the price of his stuff. Central said "line disconnected" and Henry wondered. Finally he went out and hitched up. Went to town; didn't seem to be much doing there. Drove to the store—it was closed! Went over to the furniture store—closed, too. So was the dry goods store; also the millinery store and the hotel and restaurant didn't look prosperous. "Nobody makes the town now," said the hotel man

to Henry. "Business-town poor—town going back—stores all closed." Henry sought his friend, the blacksmith—yes, he was doing business at the old stand. "What's the matter with the town?" inquired Aufgang. "Nothin'," said the blacksmith, "except a lot of crazy people around here have taken the notion that they don't need any town and are sending all their money away to millionaires who run the catalog houses. Course they've got to come to me and I'm here yet just because the catalog fellows haven't devised way and means for shoeing horses by mail. But when they do I'll have to flit to." Henry was astounded. "Why, I'd no idea—" he commenced. "Course you hadn't," rejoined the blacksmith. "Course you hadn't, you hadn't an idea. You don't think. Well you had better do so now. Where are you going to sell your butter and eggs? Can you sell 'em to the mail order houses? You can get rid of your wheat at the elevator, but you won't have any fun any more in this town visiting with your neighbors 'cause there isn't any town and the people you used to know have all gone away to some place where they can make a living. "Pretty soon the town will be all gone. Then your good roads will be gone, too. And you can't bring your mail order jewelry and castings to town to be repaired. If your mail order shoes don't fit you'll just naturally have to squeeze your feet and bear it. If your mail order clothes which you buy "sight unseen" aren't what you want, what are you going to do about it?" The blacksmith paused. It was a long speech for him and it had got to Aufgang. "Business is business," finally said Henry. "Yes and foolishness is foolishness," answered his friend. "You may think it's business to kill of your town, but I don't. Think it over Henry, think it over." Henry did "think it over" as he drove slowly homeward with the dressed poultry and eggs which he had intended to sell to his friend, the store keeper. As he neared the house his lips moved. "Business is business," he said to himself, "and self-preservation is nature's first law. We've got to preserve our town and our neighborhood and our good roads. That's business." The next day he called a meeting of his brother farmers for miles around and they all came. After the meeting Henry invited them all to stay to supper and after supper there was a big bonfire out in Aufgang's yard near the well. In that bonfire were consumed all the mail order catalogs in the county! Moral—Don't wait for it to get too bad.

Number 31

SANFORD, FLORIDA, FRIDAY, MARCH 17, 1911

Volume III

Grand Head Camp Convention of Woodmen of the World

Jurisdiction V, of Florida—State Convention of the Circle Ladies' Auxiliary of the Woodmen of the World

Monday was a busy day in the Celery City on the borders of that grand old lake, Monroe. Every train that arrived in the city was loaded with delegates to the State Head Camp Convention, Woodmen of the World, and the State Convention of the Woodman Circle, the ladies' auxiliary to the Woodmen of the World.

This dual convention, in the Celery City has completely filled the city to overflowing. The reception committee of the Sanford Camp and Celery City Grove met the train and escorted the visiting delegates to their hotels, which were reserved for them.

At 8 o'clock Monday evening the delegates to the Circle and visiting sovereigns, jointly with the delegates to the Camp, were informally received at the fraternal hall of the order, the Eagles, by the Celery City Circle, No. 10. A delightful time was spent with the flow of wit and humor and fraternal greetings dispensed with the necessity of introductions.

This reception at 9 o'clock was called to order by Mrs. J. D. Parker, Guardian of Celery City Grove, No. 80, Woodman Circle, and impromptu talks were made by Sovereigns Steed, DeLand; Wood, Deputy Organizer; N. W. Sheets, Lakeland, Col. T. W. Mitchell, Jacksonville; Dame, Ocala; Joe Andrews, Jacksonville; Epps Lakeland.

The delegates were then treated to that delightful drill by the Tampa Degree Staff, under the direction of Mrs. Mary E. Henry, Capt. of the Staff of Gate City Grove, No. —, Woodman Circle. During the evening a delicious punch and cake were served by Celery City Grove, of Sanford, and they proved themselves accomplished hostesses.

At 10 o'clock Tuesday morning the sound of State Head Camp Council Commander J. M. Towne's gavel called the State Head Camp convention of Woodmen of the World to order at Sanford. One of the first things on the order of business was the appointment of a committee to carry the greeting of the state head camps to the convention of the Woodmen Circle, inviting them to take in the opening convention, about 75 of the ladies being present. The convention was called to order and head camp honors were given the ladies, and then the presiding officer called on Rev. Sovereign Green, pastor of Baptist church, for the opening invocation. The address of welcome was given by Hon. D. L. Thrasher, president of the city council of Sanford, in lieu of the absence of the mayor of the city. Sovereign Adams responded in behalf of the convention, Mrs. Alice Wall of Apalachicola, Grand Guardian of the Woodmen Circle of the state of Florida, responded to the address of welcome in behalf of the Circle. Mrs. Mary A. Gardner of Miami gave a brief history of the Circles in the state of Florida, she having spent about fifteen years in the work of Woodcraft. Sovereign Mrs. M. Florence Keyes gave a delightful address of welcome to the conventions in behalf of the Sanford press and extended them an invitation to make the offices of the Sanford Herald their headquarters during their stay in the city, where two rooms had been fitted up for the convenience of the conventions and the individual members.

At 2 o'clock Tuesday afternoon The State Headcamp was called to order and the Committee on Credentials reported and the delegates were seated and the order of business proceeded the following committees were appointed. Committee on Mileage and Per Diem, Committee on Resolutions and Laws, Committee on Press, Committee on Greetings. The reports of the State Head Camp Officers were read and approved a resolution was received from J. C. Roat, Secretary Commander of the Woodmen of The World. At 5:30 the convention adjourned to meet Wednesday morning at 9:30.

Elections of Officers

The election of officials for the ensuing year was held Thursday and the following selections made: Head consul, Dr. T. S. Anderson, Live Oak; head adviser, F. E. Brawner, Pensacola; head banker, C. K. Sage, Ocala; head clerk, W. W. Anderson, Jacksonville; head escort, J. A. Quince, Lake City; head watchman, E. Henderson, Altus; head sentry, W. R. Anderson, Key West; representative to sovereign council, Hal W. Adams, Mayo;

alternate, George F. Cook, Miami; head managers, L. B. Sparkman, Tampa; G. R. Calhoun, Sanford; C. L. Leggett, Greenville; R. J. Hamrick, Monticello; C. E. Shaw, Graceville.

At the election of officers, the convention in a body was invited to attend a banquet tendered them by Celery City Grove, Ladies' Circle, at the Eagles' hall, where covers were laid for 300 delegates, who were served with delicious delicacies and everyone who partook of the hospitality of the ladies went away with a feeling of good will to all men. After the banquet the delegates returned to the convention hall to witness the initiatory work of the Woodmen of the World which was exemplified by the degree team of Palmetto Camp No. 3 of Jacksonville under the auspices of Palmetto Guards Uniform Rank W. O. W., under the command of Capt. Purdy. This team came down for special work and returned the same night, and to say that it was enjoyed in expressing it in small terms, as there were at this convention many delegates, who had never seen this work put on before and the scenes presented to them caused them to open their eyes to perfected Woodcraft.

Good old Tallahassee down in the West Florida, among the clay hills of Leon County the capital of Florida and the home of our state officials was selected as our next city to hold the convention of the Head Camp Jurisdiction V, two years hence in 1913.

RETIRING OFFICERS

R. H. C. Lake City, R. T. Boozer, H. C. Tampa; L. M. Towne, H. A., Live Oak, Dr. T. S. Anderson, H. B., Pensacola, C. J. Oerting, H. Cl., Pensacola, J. F. Davis, H. Esc., Lakeland, Epps Tucker, H. Wat., Arcadia, J. J. Simmons, H. Sent., Sanford, G. R. Calhoun, H. Man., Ocala, C. K. Sage, H. " Apalachicola, W. C. Sharit, H. " New Smyrna, A. W. Shattuck, H. " Greenville, C. L. Leggett, H. " Tampa, C. W. Smith.

As to the members of the Sanford Camp the committee did themselves proud, and this would not be complete without making mention of this fact, and every delegate left Sanford with reluctance and only wished that their stay could have been prolonged.

COMPLETE LIST OF DELEGATES

1 Pensacola—W. H. McCurdy, B. A. Davis, B. F. King.
2 Tallahassee—J. F. Dorman, H. F. Gauding, T. S. Humphress, R. B. Carpenter, Jr., W. N. Keith, P. L. Boatwright.
3 Jacksonville—C. D. Mills, F. H. Hanne, F. E. Killam, J. A. Bowen, Faunce McCully, A. L. Bennett, G. W. McClellan, W. W. Anderson, W. D. Purdy, Al. Bosenberg, F. P. Lord, J. A. Bowen, W. M. Stanley, T. W. Grace, A. J. Hobbs, W. F. Forbes.
4 Orlando—L. L. Hunt, P. F. Lauback.
5 Gainesville—Joe Manasse, Joe. B. Brocks, R. A. Maines, M. R. Beck.
6 Sanford—T. W. Mitchell, J. J. Dickenson, W. H. Underwood, A. R. Key.
7 Palatka—Howard Dutil.
10 DeFuniak Springs—
12 Portland—H. Jernigan, S. S. Kelly.
13 DeLand—John G. Dunbar, Chas. G. Klicker, Wm. J. Keown, J. O. Gentry.
14 Ocala—C. H. Dame, J. F. Thompson, R. N. Nash, J. P. Galloway.
15 Lake City—W. J. Roebuck, J. O. Quince, H. B. Cason.
18 High Springs—A. E. Adams, H. G. Pedrich.
19 Punta Gorda—T. B. Pitts.
21 Pensacola—F. E. Brawner, Chas. Crooke, W. L. Vermillion, Fleming Brawner, Alex McKinley, E. Motta.
23 Key West—W. R. Anderson, D. J. Bethel.
28 Carabelle—J. C. Saunders, Thos. Everett.
27 Daytona—W. G. Hobbs, J. S. Robinson.
28 Apalachicola—O. P. Rhoad, P. R. Shelgrove, S. J. Johnson, W. A. Roberts.
30 Miami—Geo. F. Cook, W. H. Peoples, A. E. Bogue, P. L. Ryan.
31 Quincy—J. H. Sparrow, P. S. Thompson, J. S. Gee, E. B. Woodbury.
35 Milton—L. M. Rhoda, H. S. Laird, P. M. Gay, W. J. Williams, Jr.
37 Tampa—T. Byrd Sparkman, L. B. Sparkman, W. H. M. Boehning, T. C. Folsom, J. W. Simmons, L. D. Stafford, J. D. Crumpton, Joe. Kribell, H. J. Auglin, J.

W. Dyke, H. S. McGovern, H. O. Malone, J. E. Jackson, A. D. Townsend, 40 Warrington—J. S. Hughes, F. Langley.
41 Arcadia—T. D. Powell, J. H. Jones.
44 St. Petersburg—R. F. Taggart, W. H. Hibbs, W. H. Parker, W. W. Plunket.
45 Palmetto—L. P. Thomas, Geo. E. Roons.
46 Ponce de Leon—
46 Live Oak—J. E. Wood, F. M. Green, T. A. Bailey, J. E. Harris.
48 St. Augustine—L. S. Turbyfill, H. W. Guyon.
49 Fernandina—
51 Jasper—J. W. Duncan, W. R. Jackson.
53 Ft. Pierce—H. B. Paxton.
54 Millville—J. S. Gray.
55 Century—J. L. Mayo, E. L. McGee.
56 Aucilla—O. J. Clayton, N. W. McLeod.
57 Benhaden—C. J. Ferrell, R. W. Ashmore.
58 Bradentown—
59 Sopchoppy—J. J. Simmons.
60 Bristol—
61 Blountstown—T. A. McIver, L. T. Fields.
64 Cypress—H. M. Fulghum, B. F. Williams.
65 Marianna—J. B. Campbell, Eli Braxton.
66 Greenwood—W. T. Burkett, Thos. Matthews.
67 Freeport—H. D. Donaldson, A. D. Stanley.
68 Bascom—J. M. Westbrook, G. R. Davis, J. H. Tidwell, E. B. Smith.
69 Bartow—H. L. Finney, T. B. Davis.
70 Woodville—
71 Bonifay—
74 Plant City—D. J. Parks, R. R. Tomlin.
75 Crawfordville—
78 Lakeland—W. N. Sheets, C. F. Kennedy, W. J. Estridge, J. H. Smith, Jr.
80 Concord—T. N. Barsey, E. L. Maxwell.
84 Mulberry—F. M. Bray.
85 Clearwater—
86 Havana—W. W. Nicholson, O. P. Duggar.
88 White Springs—P. M. Moore, W. M. Bennett.
89 Southerland—J. W. Mills, C. G. Jones.
91 Coleman—A. W. Nelson, L. H. Caruthers.

THE WOODMAN CIRCLE

The convention of the Circle was called to order 2 o'clock by the Grand Guardian Mrs. Alice Wall, Tampa Degree Staff seated the officers in their respective chairs. The following committees were appointed: Resolutions, Mrs. M. Florence Keyes, Tohopekaliga Grove No. 83, chairman; Mrs. Any E. Cook, Royal Palm Grove, Miami; Mrs. Lousia A. Smith, grand banker, Punta Gorda. Committee on Credentials, Mrs. W. B. Olesen, chairman, Pensacola; Mrs. Mary E. Henry, Tampa; Mrs. Mary Douglass, Lake City; Committee on Greeting, Mrs. Mary A. Gardner, Miami; chairman, Mrs. Mary E. Henry, Tampa; Mrs. J. D. Parker, Sanford. Committee on Mileage and Per Diem, Mrs. Mary A. Gardner, Miami, chairman; Mrs. Mahony, Tampa; Mrs. Mary E. Needles, Riverview. The Grove then adjourned to meet Wednesday morning at 9 o'clock.

After supper the delegates from both conventions enjoyed a beautiful ride in launches on Lake Monroe by moonlight, those who did not partake of this pleasure visited the moving pictures and enjoyed a promenade around the city.

The morning and afternoon sessions Wednesday will be cherished in the memory of the large assembly of delegates and visitors for the fraternal love which permeated through all the questions requiring heated arguments to settle.

The greatest work accomplished was the decision of accepting the magnanimous offer from Gate City Grove, Tampa, of five acres with \$500 cash, with which to form a fund for the erection of a home for the orphans of the Woodmen of the World and the Woodman Circle. Tampa has the largest membership of the order in the state. Mrs. Mills of Jacksonville ably represented her beautiful city for this home. Mrs. Lousia A. Smith's eloquent appeal and offer for Punta Gorda was received with applause. This home will be erected from funds given by Woodcraft, and will be one more monument of what women can do for the development of American life to the highest attainment in home development.

The election of officers was without caucusing or wire pulling, and women once more can "show you" how to pull off an election with rapidity. The result was as follows:

Grand Guardian, Mrs. Martha B. Olson, Pensacola.
Grand Advisor, Mrs. J. D. Parker, Sanford.
Grand Clerk, Mrs. Hattie N. Bugg, Plant City.
Grand Banker, Mrs. Amy E. Cook, Miami.
Grand Chaplain, Mrs. Winifred McDonald, Jacksonville.
Grand Attendant, Mrs. Ida Long, Bascom.
Grand Inner Sentinel, Mrs. Mary N. Alexander, Palmetto.
Grand Outer Sentinel, Mrs. Laura Mahoney, Carabelle.
First Manager, Mrs. Mary E. Neld, Riverview.
Second Manager, Mrs. Merch Phillips, Lake City.
Third Manager, Mrs. Hattie Applewhite, Greenwood.
Delegate to the Supreme Convention at Rochester, N. Y., June, 1911, Mrs. Mary E. Henry, Tampa.
Alternate Delegate, Mrs. M. Florence Keyes, Tohopekaliga Grove, No. 83.

Promptly at 7:30 the entire convention convened in Fraternal Hall when the Tampa Drill Team under the proficient Captain Mrs. Mary A. Henry gave the Memorial Services of our departed Sovereign of the Circle. Words are inadequate to express this sad but beautiful service.
The Tampa Drill Team by special request gave an exhibition of the floor work, receiving loud continued applause and have won the recognition of being The Banner team of the state. Council Commander ordered his Sovereigns to fall into rank file and follow the ladies and they soon found themselves in Sanford's largest hall which had been transformed into a

(Continued on Last Page)
