

SPECIAL WAR TAXES ARE NOW IN EFFECT AND EFFECT IS FIERCE

LUXURIES AND NECESSITIES ARE HIT ALIKE

Washington, D. C., Nov. 1.—Yesterday was the last day of grace from many new war taxes.

With the exception of increased letter rates and tobacco taxes which go into effect Friday, the special stamp taxes on documents, legal instruments and parcel post packages went into operation today. They include:

One cent on each dime paid for amusement admissions; 3 per cent on payments for freight transportation; 8 per cent on passenger fares; 10 per cent on payments for Pullman and similar accommodations; 1 cent for each 20 cents or fraction paid for express packages; 5 cents on each telegraph, telephone or radio message costing 15 cents or more; various taxes on cigars, cigarettes, tobacco and products; 10 per cent on club dues; eight cents on each \$100 of new life insurance and 1 cent on each dollar of premiums paid on fire, marine, casualty and other insurance policies.

Although the tobacco taxes do not become operative until Friday many dealers have already advanced retail prices in anticipation of the tax. Other taxes of the new law, including those on hard and soft drinks, incomes and war excess profits have been in excess since the law was approved October 3, but in indirect form.

On Dec. 1, the new stamp taxes, including those on parcel post packages will be payable, putting the entire law into complete operation, except for increased rates on second class mail, postponed until July 1 next.

Increases in first class mail rates probably will be most generally felt by the people. The law provides that the postage on letters, except "drop" or local letters, shall be three cents; and that on post cards, including private mailing cards, shall be one cent more than heretofore. This increase includes so-called picture post cards. The advances were made effective 30 days after passage of the law, and are controlled by the post office department to begin with letters and postcards postmarked Nov. 2.

The increases also have been extended by departmental order to first class mail to many foreign countries, which, under postal conventions have enjoyed the domestic rates. The new 3-cent letter rate, therefore will apply to letters to Canada, Cuba, Mexico, Panama, England, Ireland, Scotland, Wales, the Bahamas, Barbados, British Guiana, British Honduras, Santo Domingo, Dutch West Indies, Leeward Islands, Newfoundland and New Zealand. The postcard increase will extend to Canada, Cuba, Mexico and Panama, the only countries which have enjoyed the domestic post card rate.

For consumers' convenience, books of postage stamps containing three-cent stamps are in readiness for sale and the department has had printed thousands of two-cent postcards. First class mail postmarked tomorrow or any time prior to 12:01 a. m., Nov. 2 regardless of time taken for delivery will be transported at the old rates, but that postmarked thereafter must pay the increased toll.

Amusement admission taxes become effective tomorrow at places charging more than 10 cents. They are one cent for each ten cents or fraction paid for such admission, payable by each person admitted but collected by the government from the amusement proprietor, required to make sworn returns to the treasury.

A flat rate of one cent for each child under twelve admitted when children are charged also is provided. Passes also are taxed, except those to bona fide employees, municipal officers and children under 12, at the regular rate, which also is extended to cabarets or other entertainments in which the admission is included in the price paid for refreshments, merchandise or service. Persons leasing theatre boxes must pay 10 per cent of their rental.

The new rates on cigars range from 25 cents to \$7 per thousand

The new rates on cigars range and on cigarettes from 80 cents to \$1.20 per thousand. Five cents a pound is the new tax on tobacco, snuff and other manufactured tobacco, while cigarette papers are taxed from one half cent to one cent per hundred. As the taxes are now reaching the ultimate consumer, the raises mean about one cent more on five cent tobacco packages, from two to five cents on cigarette packages and from one to ten cents on cigars.

The taxes on freight and passenger transportation are also extended to motor vehicles, competitors of steam and electric railways and water lines. The passenger transportation tax is not applicable to fares costing 35 cents or less or commutation tickets or season tickets for trips less than 30 miles. Payments for services rendered the federal and state governments are exempt from taxation.

The 10 per cent tax on Pullman accommodations is applicable to payments for seats, berths and staterooms in parlor and sleeping cars in vessels.

The 5-cent tax on telegraph, telephone or radio messages costing 15 cents or more applies only to those originating in the United States.

Clubs whose dues are less than \$12 a year and fees to lodges are exempt from the 10 per cent tax on club dues.

The new insurance taxes are imposed on new policies issued, with re-insurance policies exempted. Industrial or weekly payment policies are taxed 40 per cent on the first premiums on policies for \$500 or less.

1917-1917

Celebration of the Great Reformation Sunday

In keeping with the action of Protestant churches everywhere, the Sanford Congregational church will celebrate this Sunday, November 4, the 300th anniversary of Luther's nailing to the door of the church at Wittenburg his theses attacking the theory and practice of indulgences.

In the morning there will be a statement of the fundamental principles of Protestantism; in the evening, the story of the Reformation will be given by question and answer, and there will be special singing. The evening service will begin at seven o'clock. A general invitation is extended to all interested to share in the observances of the day.

The special music will be as follows: Morning prelude, "Berceuse in A," Dalltruck; anthem, "Stand up for Jesus," Brazley; offertory, "Andante Sostenuto," Batisse. Evening: prelude, "Melody in E," Rockwell; anthem, "How Down Thine Ear, O Lord," Hughes; offertory solo, Mrs. Takach; "Lay Thine Hand Upon Me," Franklin.

Protestantism is democracy in religion.

Fire This Morning

The fire department was called out about eight o'clock to the home of Ed Higgins on Myrtle avenue. There was a small blaze in the roof which was quickly extinguished by the department.

Death of Mrs. Preston

Mrs. A. A. Preston, mother of the late Mrs. George A. DeCotte died Monday morning in Fernandina and was buried there Tuesday afternoon. Mrs. Preston was a noted authoress and a very brilliant woman. Her "Uncle Bob" was one of her most delightful stories. She was a very charitable woman, being interested in prison work for many years and many a convict owed his release to her. Mrs. Preston was Laura Fitzhugh of Virginia, a descendant of the Lees and Fitzhughs. She is survived by her husband, Mr. A. A. Preston and three daughters.

Notices

Regular meeting of Seminole Rebekah lodge Tuesday night, Nov. 6, at 7:30. Everyone come prepared for the Thanksgiving offering to the Home at Gainesville. Degree staff requested to be present for practice. Visiting Rebekahs always welcome. Sec'y.

DISTRICT MEETING OF MASONS

HAD BIG GATHERING HERE LAST TUESDAY NIGHT

Masons in Sanford have had many, many interesting meetings, but according to many of the fraternity there never has been a meeting in Sanford like the one held by Sanford lodge No. 62 on last Tuesday night.

The occasion for the gathering was the big district meeting of the year, in the home town of the District Grand Master, F. L. Miller. This district comprises the lodges at Sanford, DeLand, Barberville, Cocoa, New Smyrna, Daytona, Titusville and Oviedo. Most of these lodges were represented at the meeting.

The work of conferring the Third Degree upon E. F. Lane of this city was put on by the lodge from DeLand under the able direction of Prof. Carson of Stetson University assisted by the regular team from that lodge. The work was exemplified by this team was pronounced by those present as perfect.

After refreshments the meeting was turned over to the visitors and for over an hour these present were entertained by speeches, songs, stories and readings by the local and visiting talent present, among whom were Dr. Hulley, president of Stetson University, Prof. Stover and Prof. Carson of Stetson, Cary D. Landis of DeLand, Rev. Gutteridge of Oviedo, Silas B. Wright, Past Grand Master of DeLand, T. S. Self of DeLand and many others.

At a late hour all departed for their homes wishing for many returns of the evening. Such gatherings live long in the hearts and minds of all Masons.

The Buckeye Nurseries

In this issue of The Herald is an advertisement that every reader interested in horticulture should read. The Buckeye Nurseries, located with offices in Tampa, under the management of D. C. Gillett and M. E. Gillett had anything purchased from the Buckeye have a personal guarantee of the quality of same. The Buckeye Nurseries have been in the business of supplying Florida growers for forty years which is a record that can be trusted by those who are now in the state and have never had any dealings with nurseries. Forty years in business means forty years of success in giving the trade what it demanded.

This is the year for the planting of citrus stock and you should get only the best. The Buckeye Nurseries have just what you want with the Buckeye guarantee that it is right. Send now for the catalogue and a copy will be sent free. Also read their advertisements from time to time in this paper.

U. S. Transport Torpedoed

Washington, D. C., Nov. 1. The transport Finland was recently torpedoed while returning to the U. S., but was able to return to a foreign port under her own steam.

This official announcement was authorized:

"The navy department has received dispatches stating that transport Finland was torpedoed while returning from foreign waters. The damage to the ship was slight and she returned to port under her own steam. The Finland was under escort, but no sign of the torpedo or the submarine was seen."

Wanted to Make Peace

London, Nov. 1.—The Lametropole, a Belgian newspaper published here, said that the Germans had attempted to make peace with Belgium, but that it was defeated by the Belgian Foreign Minister.

Stock cannot roam at large hereafter in Pinellas county, the county voting on the 23rd for the "no-fence" law by a vote of 867 to 481. The law will now become effective and a property owner need not fence against stock, which must be kept in the lots of the owners. A three-fifths majority was needed to make the law against stock effective. Leading citizens at St. Petersburg made a determined fight for the law.

GERMANS STRAFING ITALIANS

FORCING THEM BACK, CAP- TURING MEN AND ARMS

Reports from the Italian front are not encouraging, although England, France and America are giving assurance that help will be given to Italy at once, and Rome reports the Italian army making a stand.

One thousand square miles of territory has been overrun and one hundred and twenty thousand Italians captured, and in excess of one thousand guns have been taken in the Teuton invasion of Italy. The enemy are now within range of Tagliamento river where it has been presumed that the Italians will make a stand. The retreat continues, however. Berlin reports successful engagements on the Tagliamento plain. Rome announces fighting on the hills of Saint Daniele del Friuli, northwest of Udine. Meanwhile the allies are rushing preparations to aid the Italians. The new Italian premier has assured General Cadorna that all classes of Italians will stand by the army until victory is won. A similar message was sent to the British prime minister.

On the other front no big operations are reported. The Germans have not attempted to force the Canadians from the positions captured in the region of Passchenseale.

In the Verdun sector intensive bombardments continue.

German troops in Belgium have mutilated and wounded their officers.

Washington, Nov. 1.—All export restrictions will be waived by the government in forwarding supplies to Italy to meet the Teutonic invasion. Italy will be permitted to take needed material to the limit of the tonnage capacity regardless of prospective shortages here. The situation has been discussed by Secretary Lansing and the Italian ambassador.

New York, Nov. 1.—The President was urged to call a special session of congress at an early date to declare war on Austria, in a resolution adopted by the board of trustees of the American Defense Society at a special meeting. The resolution urges the transportation to Italy of a special contingent of American troops and war material, using all ships possible including the seized Austrian vessels. "The complete defeat of Italy's armies will endanger her national existence and imperil her use in the war for democracy," the resolution sets forth.

Today's War News

Gen. Cadorna's forces retreating to the line of the Tagliamento river have suffered another crushing defeat.

Berlin today reports the capture of two bridgehead positions from Italian troops which made a stand east of the middle Tagliamento and the cutting off of an Italian force which was retreating toward the lower course of the river.

In the latter operation 60,000 Italians were captured, according to the German claim, bringing the total of prisoners reported taken by the invaders to 180,000, and the number of guns to 1,500.

Great Work of Y. M. C. A.

Work is being done to complete the plans for the campaign to be carried on in this state November 11 to 19, both inclusive, for the purpose of raising \$100,000 for the soldiers by the Y. M. C. A. The matter is now in charge of the state war council of the Y. M. C. A. This organization works in connection with the National War Council of the same organization. The funds to be raised will be used for the soldiers. The Y. M. C. A. does not get any of the money. No large salaries are paid.

The buildings which are erected in every camp and cantonment in America and France for the American soldiers will contain one Y. M. C. A. building for every 6,000 soldiers. These are among the first to be erected in all camps and serve as a sort of community center for the men in camp. The value of this work is praised by the men in position to know the value of the work.

SANFORD BOARD TRADE TO MEET AT GENEVA IN GENERAL GET TOGETHER

REGULAR MEETINGS AT VAR- IOUS POINTS IN COUNTY

One of the most interesting meetings of the Board of Trade Governors was held at the Carnes Hotel Tuesday evening, Oct. 30th, and other than the governors present were Messrs. L. M. Rehblinder and M. E. Dooley of Geneva, O. P. Swope and A. L. Hatch of Oviedo and L. A. Brumley, H. C. DuBois, E. A. Douglass, R. H. Bronson, Schella Maine, B. E. Squires, Norris Lewis and Ed. Putnam of Sanford.

In addition to reports on the activities of the Board of Trade in connection with the establishing of a Government Gun Training School in Seminole county in the Oviedo and Geneva section, and the proposed North and South Highway passing through Seminole county, general business was gone into. The Board of Trade proposes to enlarge its activities in local ways. Without question this organization is doing things for Seminole county that have never been undertaken. One of the coun-tilers.

Interest. The Board of Trade has already successfully defended the producer and shipper in matters of traffic and must do it again in the near future and will do it if the producer or shipper who wishes to save money will cooperate with that organization. All over the country boards of trade and commercial organizations that have been allowed to go by and fall are now being rejuvenated and brought back to existence in order that citizens may have some center of concentrated action.

Conditions demand it and the little man of today, so to speak, must, through some form of organization be prepared to protect his own interests in a business way. Every town or city that today is progressing lays its access to a board of trade or chamber of commerce. The work of such organizations are endless and one will always find of the highest class. Natural advantages are added to, new methods of greater success are established, trade is expanded and above all, the county attractiveness and value is told thousands who in time will search out the advertised sections as residents.

The Sanford Board of Trade is growing every day because it is accomplishing something. People are daily calling on the organizations for assistance and always the attention and aid desired is forthcoming. Sanford is now finding prominent mention in papers all over the south that heretofore said nothing and always the names Seminole and Sanford are quoted together.

To further the general interest monthly meetings will be in future held at various places throughout the county. The first out of town meeting will be held in Geneva, Tuesday, Nov. 13th, at 7:30 p. m. On this occasion numbers of Sanford people will be present and Geneva requests that representatives from all over the county be present. At this meeting it will be decided at what point the next monthly meeting will be held. It is proposed to make a county union and where one benefits all must be left.

Each of these buildings is provided with an outfit that comprises ninety different articles, varying from pianos and moving picture machines to pens, ink and letter paper. At the present time the association buildings are consuming 1,000,000 sheets of stationery every day to enable the soldiers to write letters home. And this cost, the men not a single cent.—Times-Union.

At the present time the association buildings are consuming 1,000,000 sheets of stationery every day to enable the soldiers to write letters home. And this cost, the men not a single cent.—Times-Union.

Agitators Will Be Arrested

Atlanta, Ga., Nov. 1.—Secret service men have gone to Dade county, Georgia, to arrest certain parties who have lately been advising the people not to sign the Food Pledge card or cooperate in any manner with the Food Conservation campaign. These self-constituted advisors were evidently not aware of the fact that the Food Conservation campaign is a campaign of the United States Government, the same as the Liberty Loan campaign, and when they undertook to interfere with the movement they were meddling with Uncle Sam. This is the only county in the state where traitors of German spies have been active against the Food Conservation campaign and their activities have been very promptly nipped in the bud.

The object of the Food Conservation campaign is to secure the signatures of housewives to the Food Pledge Card, which is simply a promise to use the practical means at their disposal to aid in conserving the nation's food supply. The campaign is being conducted simultaneously in all the states of the Union. In order to secure signatures, volunteer workers have been organized in every state and county and city. These workers launched the canvass of housewives Monday morning in all the states and territories of the United States. The majority of housewives will be visited today, and those who are not visited today will be visited on subsequent calls during the remainder of the week.

The object of the Food Conservation campaign is to secure the signatures of housewives to the Food Pledge Card, which is simply a promise to use the practical means at their disposal to aid in conserving the nation's food supply. The campaign is being conducted simultaneously in all the states of the Union. In order to secure signatures, volunteer workers have been organized in every state and county and city. These workers launched the canvass of housewives Monday morning in all the states and territories of the United States. The majority of housewives will be visited today, and those who are not visited today will be visited on subsequent calls during the remainder of the week.

Washington, D. C., Nov. 1.—Profiteering by retail dealers in foodstuffs will be made impossible after Nov. 1, the food administration announces, under a plan to cut off supplies to those not satisfied with reasonable margins. Manufacturers, wholesalers and other handlers of foods whose business will go under license, will not be permitted to sell to distributors who seek undue profits.

Washington Dry

Washington, D. C., Oct. 31.—At midnight the national capital goes dry. Among the establishments going out of business today under the terms of the Sheppard prohibition law are several which served during a historic existence of more than half a century as familiar meeting places for prominent political figures of past generations.

Washington is planning a farewell celebration and the usual carnival scenes will mark the closing hour approaches.

Private John Allen Dead

Jackson, Miss., Oct. 31.—Private John Allen, member of congress from Mississippi for sixteen years, until his retirement in 1901, and one of the picturesque figures of that body, died at his home in Tupelo, Miss., early today according to a dispatch received here. He has been ill about two weeks.

Resolutions

At a regular meeting of the Wesley Brotherhood Class of the First Methodist church, Sanford, the following resolutions were unanimously passed:

Resolved, That we, the Wesley Brotherhood Class of the First Methodist church of Sanford desire to hereby express our thanks for the assistance given us in entertaining the Wesley Bible Class Federation and carrying out our plans for this occasion, by our own church people, both in the Sunday school and all of both in the Sunday school and all other departments, and we wish especially to express our heartfelt appreciation of the splendid, liberal and cheerful cooperation of our friends and brothers and sisters of our sister denominations, the Board of Trade, our city and county officials and the business men who contributed so liberally and cheerfully to our needs, thus helping us to make this one of the most successful meetings of its kind ever held in our midst.

H. H. Peabody, Pres't.
R. H. Bronson, Secretary.
October 14th, 1917.

That Dutch scientist who built a room with vacuum walls to give him quiet, went to unnecessary trouble and expense. Most any business house that doesn't advertise could meet his need.

There is nothing strange in the claim of an European scientist that he can make diamonds from chips. Many a chip off the old block has turned out to be a diamond in the rough.

When a neutral country decides to enter the war on the side of our allies, the next thing to be decided is the size of the loan we are to grant her.

It seems all of the colonels are getting promoted except our old friend, Col. John Barleycorn.

That Kissimmee will come to the front as a center for the production of potatoes is now practically certain, and more than one thousand acres of this staple crop will probably be planted in the vicinity of the city by the 15th of January. Last season only 250 acres were planted there, and these brought at a conservative estimate something over \$50,000. This section has never turned its attention seriously to the trucking possibilities, but one lesson which was impressed upon the people was, that they can raise potatoes profitably.

One of Leesburg's big industries is threatened. The Southern Express Company is notifying fern growers that an embargo on ferns is probable. There are four big ones in this part of Lake county.

Dade county has taken steps to establish a rigid quarantine against unvaccinated hogs from other sections. Regular inspectors will be put on any roadmasters and bridge-keepers will be appointed as assistants. The railroads and steamboat lines will cooperate.

Forget the Traitors
Our idea of the treatment of LaFollette is to forget him. Let no mention of the man or his deeds ever be uttered by an American citizen. Let no word be published which even indirectly refers to "the Hun within our gates." Let his very name be stricken from American history and he will go down to the oblivion he deserves.—Kissimmee Gazette.

America's Real Discoverer
The Knights of Columbus cannot make us forget that Lef Ericson discovered America about 1000 A. D. which was some years before Kit was born. But we gladly recognize Columbus as the practical discoverer of us because poor Lef didn't find anything but New England and returned home in disgust with everything on this side.—Times-Union.

Daily Optimistic Thought.
Private interests must yield to public good.

OR HE MIGHT WANT TO WIND 8-DAY CLOCK

Memphis, Tenn.—A young farmer from Arkansas walked into the federal building here, went to the engineering department and made application for a job as night watchman. He explained that he wanted to be sent to one of the cantonment camps to "guard the soldiers." He was told the soldiers were able to guard themselves, both day and night.

Beavers Doing Damage.

Helena, Mont.—Rev. E. J. Stanley reports that the beavers are doing considerable damage in damming up the water in the White Tail Deer creek on his ranch north of the town. Every day it is necessary to send someone up the creek a couple of miles for the purpose of removing the obstruction placed in the channel every night by the busy beavers.

Girl Wears Live Snake.

Los Angeles, Cal.—A brilliant colored yellow and black gopher, 40 inches long, is being used as a necktie by Miss Nellie Bradley of Los Angeles, who is now at Switzer's Camp in the Arroyo Seco. Miss Bradley thinks a great deal of her pet and cannot understand the aversion to her tad.

MEN WITH DRAFT NO. 258 TO ORGANIZE

Milwaukee, Wis.—"The Loyal Legion of 258" is to become a permanent fixture. Fifty years from now it will be of no less importance than the Spanish war veterans and the G. A. R. and similar kindred organizations.

This is the declaration of Eugene J. Parent of Menominee, Mich., who launched the organization.

Every man holding the draft number 258 is eligible for charter membership in the organization if he does not claim exemption.

Easy to Do.

"He's already gone through two fortunes."

"Well, I'm not going to criticize him. Judging from the judgment I've shown in investing what little money I've ever had, I'd have gone through two fortunes, too, if I had had them."

Woman's Affections Infinite.

What's most prize in woman is her affections, not her intellect. The intellect is finite, but the affections are infinite and cannot be exhausted.—Long fellow.

Notice of Application for Discharge to Whom It May Concern:

Take notice that on Wednesday, December 5th, 1917, or as soon thereafter as convenient, at DeLand, Florida, I shall present to the Judge of the Seventh Judicial Circuit Court my final accounts and vouchers as assignee of Seminole Co-operative Mercantile Company, and ask for their approval, and my final discharge as such assignee in accordance with law.

HENRY WIGHT, Assignee Aforesaid.

COUNTY HAPPENINGS

A BUNCH OF INTERESTING ITEMS FROM CORRESPONDENTS—EVENTS OF SEMINOLE COUNTY—EFFICIENT REPORTERS FOR THE HERALD

GRAPEVILLE AND UPSALA
Mrs. Swanson and Mrs. Magnuson were callers at Mrs. Borell's Monday.

Margaret Ericson spent Tuesday at the home of her aunt, Mrs. Magnuson.

Mrs. Borell took Woodard Bertelson in to the doctor and they say his eyes will have to be operated on. Mrs. Ballinger was a supper guest.

at the home of Mrs. Ebba Lee on Wednesday.

We are all pleased to see Mrs. Stedt at the Bible readings again and to know she is some better in health. Her husband, who has been employed for some time on the Haines grove is at home for the present with his grove work.

Clarence Bergquist happened to a painful accident caused by an iron splinter flying in his eye Tuesday, and had to see the doctor about it. Mrs. Borell was a visitor one day last week at Mrs. Stedt's.

Mrs. Wanita Letson, a niece of Mrs. Hilmer Lundquist has been a guest at her home this past week, making a welcome addition at the church services. We shall hope to see her often as she is staying at her Grandfather Lord's at Ebenezer.

We were all pleased to welcome Mrs. Jack Thompson and Miss Edna with her friend, Miss Martin from DeLand, coming over in their car for the services, Mrs. Thompson being our first superintendent and much loved.

Mrs. Magnuson was a caller Tuesday at the home of Mrs. Roy-Hodgins and later with Mrs. Ballinger called at Mrs. Collier's in town.

Mr. and Mrs. Hilmer Lundquist and niece, Miss Letson spent a pleasant evening at H. G. Lundquist's.

Mrs. Chase and Mrs. Stone of Sanford were calling at the different homes here this week, in the interest of food conservation. In this frugal, industrious settlement we are sure all will be done that is possible to prevent waste.

The ladies young and old gathered Wednesday at the pleasant home of Mrs. H. L. DeForest in response to

her kind invitation to show those who would like to learn to knit or to do other work in the Red Cross line for our soldier boys. We found her very patient and considerate at our blunders and though we don't know all we are glad if we may help even a little bit.

Sunday school will begin at two o'clock and the patriotic and rally day exercises at three next Sunday. This is also the third annual Go to Sunday School Day for Florida. We hope as many as possible will join and help us to make it a day long to be remembered in this and the surrounding locality.

EAST SANFORD

A daughter was born to Mr. and Mrs. T. W. Bryden Sunday night, October 28.

A son was born to Mr. and Mrs. Lionel Sykes Sunday night, October 21.

Mr. and Mrs. G. C. Chamberlain and Mr. and Mrs. Ira Martin visited Daytona Beach on Sunday.

Howard Swartz was an over Sunday visitor at the Marshall home in Cameron City. Mr. Marshall accompanied Mr. Swartz on a trip of Lakeland and elsewhere this week. Christine McClelland has returned to her grandmother's, Mrs. Jennie Prevatt in Geneva after a visit with her parents.

Miss Lillian Wait of Longwood was a week end guest of Mr. and Mrs. Irving Estridge.

E. A. Mitchell has gone to Port Orange to take a position guarding convicts.

Mr. and Mrs. Irving Estridge were delightful host and hostess to a gay party of young people last Friday evening. About twenty boys and girls were there.

Emil Scholl has bought an island near the new Geneva ferry bridge and is building himself a home. Mr. Scholl together with his daughter, Miss Emma, recently came from Willoughby, Ohio.

Mr. and Mrs. B. E. Squire and Mrs. Susie Squire spent Tuesday in DeLand.

C. M. Stawe and son, Edmond of Cameron avenue have the sympathy of every one—their Ford car was stolen last Saturday evening while parked on Park avenue near First National Bank.

LAKE MARY ITEMS

W. H. Evans was a visitor to Sanford Monday.

Richard Carter of Winter Park was a visitor here last Wednesday.

Mr. and Mrs. C. M. Berry of Sanford were in our midst last Wednesday afternoon.

Mrs. W. H. Evans spent last week in DeLand taking the state teachers examination, returning home Friday. Mr. Evans, having taught in her place during her absence.

Mrs. T. H. Humphrey and children of Arcadia are our latest arrivals here and expect to remain during the winter. Mrs. Humphrey being connected with the extra gang of the A. C. L. between Sanford and Lakeland.

H. D. Durant dug one hill of dasheen this week from his low land garden that was the possessor of fifty-one tubers, and made with very little attention, and has more from the outside appearance that will do better than the one mentioned above. This article was cut and planted the same as Irish potatoes, and if there is any virtue in dasheen for hog feed it is the most prolific product one can plant, being also ornamental as well as useful.

LONGWOOD PICK-UPS

Mrs. J. N. Searcy spent Friday in Orlando, guest of Mrs. Langenbach. Mr. and Mrs. W. R. Healey were transacting business in Sanford Friday.

Miss Evelyn Waits spent the week end in Sanford guest of Mr. and Mrs. Irving Estridge.

Mr. and Mrs. Dinkel and Miss Dinkel were shopping in Orlando Tuesday. T. P. Lewis accompanied them.

Miss Ruth Allen returned Monday from Gainesville where she has been visiting.

Miss Maud Entzlinger gave a Halloween party at the hotel.

Mrs. Geo. B. Upchurch of Birmingham, Ala., is visiting her mother Mrs. Geo. Lewis.

Mrs. J. S. Dinkel spent Thursday afternoon for the benefit of the Red Cross.

The Ladies of the Red Cross Auxiliary met Wednesday afternoon and are willing and anxious to do their bit.

Order of Music

Church of Holy Cross Sunday, the 22nd after Trinity, November 4th: Organ prelude, Scotch Carol, arr. by Guilmar; processional hymn, "Hark the Sound of Holy Voices," Introit, Psalm "Praise the Lord;" Kyrie Eleison, Guilbert; Gloria Tibi, Anon; Hymn, "Who are these in Bright Array;" Offertory Solo, "If with all your Hearts" (Elijah), Mendelssohn; Holy, Holy, Holy, Cooper; Blessed is He, Morley; O Lamb of God, Adams; Glory be to God on High, Old Chant; Recessional Hymn, "Ten thousand times ten thousand;" Organ Postlude, March, Petral. Mr. Chas. L. Polk, soloist.

Evening: Organ Prelude, Agate; Processional Hymn, "Brightly gleams our banner;" My Soul Doth Magnify the Lord, Clements; Lord, Now let us Depart in Peace, Clements; Offertory Organ, Chopin; Hymn, "I Heard the Sound of Voices;" Vesper Hymn, "One sweetly solemn thought Hymn, "One sweetly solemn thought;" Recessional Hymn, "The Church's one Foundation;" Organ Postlude, Jubilate Deo, Clement Lorey.

NOT A FAIR FOR PROFIT

Every City and County in State Represented on Membership List

An emphatic statement to the effect that the great Florida State Fair and Exposition that will be held in Jacksonville from February 26th to March 9th, inclusive, 1918, is not a proposition for profit to any individual, and that not a single individual has a lot of financial interest in the project has been issued from the headquarters of the association. The officers of the Florida State Fair and Exposition Inc. are all prominent business men of the state, and every city and town and county in Florida is represented on the membership list.

The purpose of the State Fair and Exposition is purely to place Florida at the head of the progressive states of the Union and to demonstrate to the world the fact that Florida is capable of supplying to the balance of the United States, a large part of their necessities of life. Contrary to the general impression in some sections of the state, there will not be any race track at the fair grounds, nor will racing be countenanced in any way; the State Fair and Exposition is not being held purely for pleasure, but for increased agricultural development; advanced education and intensified conservation, however the amusement features of the Exposition will be far ahead of any ever before brought south.

Send for free literature on HOME MIXING also all SPRAYING MATERIALS **THE NITRATE AGENCIES COMPANY** JACKSONVILLE, (Heard Bldg.) FLORIDA

The Citrus Industry of Florida of Greater Importance Than Ever

All good things develop their full measure of usefulness through periods of stress and struggle. Even civilization itself attains its advances by means of trials and tribulations. Today the world is wrung with the misery of war that tomorrow mankind may enjoy the blessings of freedom.

Florida has had her share of troubles. Like the fabled Phoenix which rose triumphant from its ashes, the State has emerged from every catastrophe stronger than ever before. Today she is greater and of more usefulness to humanity than at any previous period of her existence, contributing to the welfare of the Nation in more ways than is the privilege of any other State.

The citrus industry has been of greater importance than any other in the development of Florida. Oranges and grapefruit have brought vast sums of money into the State and have given full value received to those who have bought and consumed them, in food value and health conservation. Never was there a time when citrus culture deserved more consideration.

Soundness and Stability Demonstrated—the Future of Citrus Growing is Assured

From every temporary reverse that has visited the citrus industry of Florida, it has come forth bigger and better. And as there has come about a diversification of the production of the State, benefiting her people by widening the field of their usefulness, the dominant importance of the citrus grove has been made more evident.

There has been in the past few years greatly increased planting of staple crops and much attention to livestock raising. All of this is of vast benefit to Florida as a whole. But let us not overlook the past performance of the citrus industry, which has brought into the State untold millions of dollars. The orange and grapefruit grove still offers a most promising form of investment. Buckeye Nurseries have grown and prospered for forty years in a business founded on faith in this industry. This faith today is stronger and more pronounced than ever before, not as a matter of sentiment, but as a business proposition based on existing conditions. We shall be only too glad to give "reasons for the faith that is in us" to any person who will write us.

D. L. THRASHER'S CASH STORE

OLD STAND, 105 East First Street

Why Buy for Cash? Because you will buy only what you need, and the cash will buy more of what you buy. Pay Cash; for the merchant who sells for cash can sell cheaper, because he has no losses in bad accounts, and because not having any accounts to carry, can do business on less capital. In other words, all of his capital is active, and it is reasonable to suppose that business can be done on a much closer profit margin, than under the opposite condition. Besides, quick sales and small profits keeps the stock fresh and clean. Let "Safty First" be your motto. "Pay as You Go" your business slogan, and the high cost of living won't be so expensive.

PUBLICITY PULLS PROGRESS

"PRODUCING NOT PROMOTING" BOARD OF TRADE RESULTS (BY THE SECRETARY)

Mrs. P. G. Irwin of Stamford, Conn., was an interested visitor to the Board of Trade and Woman's Exchange yesterday. Mrs. Irwin is an enthusiastic worker in the Woman's Club of her home city and naturally sees the good and bad in such circles where she goes. In Sanford Mrs. Irwin complimented the advantages and advocated upon request of the secretary changes that would mean much to the city and community. Mrs. Irwin has gone to Palm Beach but will write an article in the near future, giving her impression of Sanford; its progress and non-progress. The article will appear in The Herald in the near future.

To knock your Board of Trade is a straight out knock to your town and your county because the Board of Trade is 100 per cent for city and county betterment and when you knock one you knock the other—figure it out.

On Tuesday, Nov. 13th, Sanford will be flooded with undertakers and Mr. F. L. Miller, state secretary of the Undertakers Association is the cause. On this date, the Osceola will bring fifty undertakers and their wives to Sanford. Messrs. Miller and Holly and Taylor will meet them at DeLand landing and continue the trip to Sanford. Arriving Sanford, the Board of Trade is arranging an forty mile automobile ride for the guests. They will be carried over the farm district and will be shown the hundreds of acres now growing lettuce, celery and winter vegetables and will also be given a glimpse of tropical Florida on the shores of Lake Jesup. After lunch at the Carnes Hotel, the autos will carry the guests through DeLand and on to catch the Osceola at the DeLand landing. Those booked for the trip are: Mr. and Mrs. John F. Martin, Elizabeth, N. J., Mr. and Mrs. Chas. B. Moke, New Brunswick, N. J., Mr. and Mrs. Clark B. Rogers, Bordenstown, N. J., Mr. and Mrs. James E. Murphy, Newark, N. J., Mr. and Mrs. R. C. D. Legg, Patterson, N. J., Timothy C. Lucas, Hoboken, N. J., Irvin D. Applegate, Passaic, N. J., James J. Higgins, Elizabeth, N. J., James H. Sexton, Ashbury Park, N. J., John A. Maxwell, Somerville, N. J., William Morris, Long Branch, N. J., John V. Burken, Jersey City, Herman E. Frommelt, Patterson, N. J., Mrs. Fulton, Long Branch, N. J., Robert J. Wigger, James N. Conboy, Thornton B. Burns and Miss Conboy, New York City, William J. McCaw, Mr. and Mrs. John T. Gallagher, Mr. and Mrs. Max Huntke, Mrs. Mary F. Ehlenberger and Miss Bayha, Brooklyn, N. Y., Mr. and Mrs. M. J. Dockray, Canton, Mass., Mr. and Mrs. P. J. McArdle, Charleston, Mass., Henry S. McCrea, Worcester, Mass., David H. Curtis, Boston, Mass., Mr. and Mrs. Geo. J. Smith, Milford, Conn., Mr. and Mrs. W. M. Woerbach, South Bethlehem, Pa., Mr. and Mrs. H. J. Oppliet, South Bethlehem, Pa., and Mr. and Mrs. J. B. McIntyre, St. Catharines, Ontario, Canada.

Need Band Music Patriotism without music is like soup without salt. It lacks the sipp, the tang, the flavor. Music, especially band music, arouses national enthusiasm in the souls of Quaker as it does in the ardent volunteer—and enthusiasm is akin to patriotism. The boys left behind because they are too young to fight and the men because they are too old to bear the contemplated burdens of the firing line will use none of their American spirit. They will rehabilitate the bands that are all shot to pieces because the nation needed the services of a goodly portion of their membership. The demand for music must increase instead of diminish.

It is not at all improbable that all the bands put out of business through the temporary depletion of their membership will re-organize with the best talent available and strive to contribute to the patriotic spirit of the times and be ready to give their returning heroes a joyous welcome. It is certain that many towns which never had a band will feel more keenly than ever that they need and must have one. Without a band it will be impossible to properly celebrate the frequent victories which American valor will achieve somewhere in France or mayhap on the eastern side of the Rhine. So; let there be no period of idleness. Do not let the band "fade away"—keep it moving. Let those towns without bands mobilize their local musical talent and get busy. It is easy once a nucleus is formed to organize a band.

If such measures are adopted we can and shall drown out the Swan song with "Hail Columbia" and the Star Spangled Banner." Long may she wave.

Triumphant Trumpet Jones, Elkhart, Ind.

One half of the gasoline used in the United States (1,250,000,000 gallons) is used in pleasure riding. It is estimated that the United States army will need 350,000,000 gallons for airplanes, trucks, automobile tractors and other machines. There is no way of obtaining this in this country except by saving from the existing supply, and this economy may be procured by voluntary cutting down of pleasure riding (for instance, the man who takes his family out on Sunday for a fifty mile ride can cut this in half). It has been estimated that by economical use enough gasoline can be saved to supply not only the Unkited States but also its allies for war purposes. —Scientific American.

Now cometh the time of year when the south calls the crook from the cold north as well as the tourist. It also calls that particularly canny "Sky Pilot" who finds that the south needs his evangelistic ministering—when it is time for a new overcoat in Yankee land.

Messrs. Jules M. Bingimers of West Palm Beach, C. W. Marsh, Hibernia Bank, New Orleans and W. S. Taylor, Wilmington, Del. were Board of Trade visitors Monday.

Tourist visitors since Monday were H. G. McCall, Providence, V. M. Drennan, Montgomery, H. L. Case, Norfolk, Ben M. Godfrey, Little Rock, Samuel Jacobs, Baltimore, Arden Thomas, Saratoga, C. L. Spiers, Harrisburg, Pa., and Mr. and Mrs. L. Quincy, St. Paul.

WHEN the first pay day arrived for Pershing's boys in France—the greatest demand was for BULL DURHAM TOBACCO

—cabled the war correspondent of the N.Y. Tribune.

Stearns' Paste for Rats and Roaches

Stearns' Paste is ready for use

Three feet more and the large three masted schooners that frequent the Gulf and Atlantic ports would soon find business in our section and open a trade valuable beyond our dreams. Remember it will only take three feet more of water to get this very thing. Beside this, if the inland waterways from Boston to Miami is established via the St. Johns river, hundreds of yachts that now work inland and outside on their way south to the far south would come our way. These yachts represent the builders of industries, the people make and build even cities. Nature has provided us with a wonderful, navigable stream, it is as little as we can do to work and boost for it's cause and enlarged purpose. This question will be thoroughly gone into at the Geneva meeting, Tuesday evening, Nov. 13th.

Practically all the newspapers in South Florida are going right after all the outside advertising they can get, having jointly placed a solicitor at work in Tampa. They urge that the home merchants do not advertise sufficiently to support the home newspapers, and that the latter are justified in offering to merchants of other cities the privileges that their home merchants will not avail themselves of.

The Seminole County Guards are not asking the government, the state or the congressman for guns and supplies. The county commissioners will supply the equipment to the Seminole Guards just as the law says they shall and they will be used for Seminole county just as the law says they shall, all reports to the contrary notwithstanding.

REAPING THE WHIRLWIND
Widespread plots to destroy the food supplies of the United States are reported, this dastardly work being credited to the German agents in this country.

It is probable that the German agents will succeed in destroying certain properties that are too small to justify a guard, but the government will have no difficulty in coping with the situation.

Regardless of the success or failure of the German agents, the methods used render it difficult to discern.

The Herald Printing Co., Office Supply Dept. PHONE 148

cover the guilty parties. Suspicion and rage are aroused among those whose food supplies are destroyed and this may lead to reprisals on innocent people. It may bring every German resident under suspicion and they may become the victims of an outraged populace.

For their own protection the German and German American residents should report those whom they know to be engaged in plots against the United States. This does not apply to United States. This does not imply that all German Americans in this country have knowledge of such plots, or of disloyalty to the country of their adoption, but that there are some who are in sympathy with such a plot.

As yet the American people are not fully aroused to the war. When sons, husbands and brothers are reported among the slain, the human passions, peculiar to all peoples will come to the surface, and they will be in no mood to stand for Prussian propaganda in their midst.

FOOD REGULATION

Government action in food price regulation has had some splendid results. No careful observer of events can doubt that without such action prices would now be at a prohibitive height.

But the abuses have not all been eliminated. True the big sharks have had their teeth effectively extracted, but there are still a multitude of smaller fry whose activities are as strenuous as ever.

For instance, reports come from various cities that prices of vegetables and perishable fruits have been exceptionally high, while in these same localities farmers have had these same commodities to spoil on their hands for want of a market.

There can be but one reason for this—collusion between the retailers. This collusion is greatly aided by the average city marketing regulations. In most cities the restrictions placed on hucksters and peddlers are very stringent. These restrictions virtually protect the retailers from all competition, so that the "gentlemen's agreement" is easily maintained.

In the present emergency it is a question if it would not be the part of wisdom for all our cities and towns to entirely abolish peddlers' licenses, at least so far as food stuffs are concerned. This would institute a healthy competition that would have a very salutary effect on food prices.

AIDING THE ENEMY

Aiding the Enemy—just now this is a familiar phrase in American life. Exactly what is intended to be conveyed by the phrase many do not seem to understand. It might be well to study it closely if we are to be loyal citizens as our government expects us to be.

First, it is not at all necessary that we actually minister to the enemy's material wants, in order to come under the heading of the term. There are a thousand and one ways indirect ways—of aiding an enemy. Our present enemy is fully aware of this fact, and his knowledge is shown in his extraordinary activity in our country.

One of the most effective ways to aid a cause is to destroy the morale of its opponents. If dissension and strife can be sown in its ranks, these of themselves will soon bring about its downfall without much effort on the part of its opponent.

Unfortunately, there seems to be current in this country an idea that any course of action is permissible that is not directly prohibited by statute law. Acting on this assumption, opponents of the government claim the right to criticize this government's actions because our constitution guarantees to all freedom of speech. Such people profess to be unable to see wherein they can be accused of disloyalty in exercising a plain right guaranteed by the constitution.

Fortunately, however, this same question has arisen before in this country. In the war between the states, President Lincoln had the same difficulty to contend with, and he went directly to the root of the matter and defined for all time the rights of citizens as to freedom of speech in times of national peril. Hear him:

"He who dissuades one man from volunteering, or induces one soldier to desert, weakens the Union cause as much as he who kills a Union soldier in battle. Yet this dissuasion or inducement may be so conducted as to be no defined crime of which any civil court would take cognizance." President Lincoln went farther and asserted the indisputable right of the

government to suppress all action and speech that had for its object, or tended to, the weakening of the morale of the government forces.

Men of America, our sons and brothers will soon be on the firing line, defending the honor of a people that know no master. They will be shedding their blood to make permanent the liberty bequeathed them by other fighters of another age. Can we stand and see them stabbed in the back by professed friends, while they are baring their breasts to our country's foes?

The man who in this emergency opposes his country's course through ignorance should be reasoned with and enlightened. He who by such action would give aid to the enemy should be sent to join that enemy—at once. He's a misfit here.

NEW DEAL IN FOOD REGULATION

LICENSE LAW IN EFFECT TO BLOCK SPECULATION

Washington, Nov. 1.—One hundred thousand manufacturers, wholesalers and other distributors of staple food will be placed under license by the Food Administration for the duration of the war. No licenses have yet been mailed but it was announced that those who have sought licenses need not be apprehensive unless they violate the food control act.

Nearly fifty thousand application blanks have already been called for by dealers and requests are pouring in at the rate of 4,000 a day. Thousands of licenses have been filled out and will be mailed to affected dealers as soon as booklets containing complete rules and regulations for the guidance of licensees have been received by the printer.

The Food Administrator estimates that when the lists are complete there will be about 100,000 licenses, including importers, packers, wholesalers, commission men, brokers, auctioneers, storage-warehouse men, together with retailers doing more than \$100,000 business annually, which embraces mail order firms and chain stores.

Small retailers will not be licensed but they are subject to the provisions of the food law itself, which forbids speculation, hoarding and excessive profits. They will also be controlled through the licensing regulations controlling wholesalers, who will be required to cut off the supplies of dealers of any size, and in any branch of the trade, who exact exorbitant profits on the necessities of life.

The licensed foods include: beef, pork and mutton, fish, poultry and eggs, milk, butter, cheese, flour, sugar, cereals, lard, beans, peas, fruit, vegetables, several lines of canned goods and other products.

The purposes of licenses are stated as follows:

"1—To limit the prices charged by every licensee to a reasonable amount over expenses, and forbid the acquisition of speculative profits from a rising market.

"2—To keep all food commodities moving in a direct line and with as little delay as practicable to the consumer.

"3—To limit as far as practicable contracts for future delivery and dealings in future contracts."

"With few exceptions," said a Food Administration statement tonight, "those engaged in the handling of food have shown the utmost patriotism and a desire to go even beyond the requirement of the law itself in supplying the public with necessities at moderate prices. The exceptions are being noted and vigorous use will be made in these cases of the powers conferred by congress.

"For the most part, however, the Food Administration anticipates the full cooperation and voluntary support of all licensees without resort to compulsion."

THE FARM CONSERVATION

Some Excellent Ideas Upon This Timely Matter Advanced by a Practical Man

By A. T. Cuzner, M. D.

Seeing that the world's production of food—especially of animal kind, and as on the farmer rests the burden of relief from this threatened calamity, it becomes a primary necessity for him to have at his disposal the knowledge and means in order to meet successfully this food shortage. Hence, this paper of suggestions.

One principal reason for this lack of sufficiency of food material is that ground is not made to yield a proper quota. Owing to the high

Make Your Resolution An Accomplished Fact
Many people regularly resolve to save money—they are honest in the resolves, but some stronger desire overcomes them, and they do not put their surplus money aside.
An account here, steadily working for you at Compound Interest, will give you the incentive to carry out your good resolution.

price of commercial fertilizing material and farmers not keeping sufficient stock to meet the wants of the soil, it does not produce as great returns as it is capable of doing. Below we give an analysis of blood, from which is obtained all the nutrition the body requires. Now blood is composed of two principal substances, viz: globules and the serum or plasma, in which they float as this combined fluid circulates throughout the bodies of man and animals.

Composition of Blood Corpuscles in 1000.00 Parts
Water 680.00
Globulin 282.22
Haemaline, containing the iron of blood making for color 16.75
Fatty substances 2.31
Extractive matter 2.60
Chloride of Sodium (common salt) 8.12
Phosphate of Potassium 8.12
Phosphate of Soda and Potassa 8.12
Phosphate of Lime 8.12
Phosphate of Magnesia 8.12
Total 1000.00

Composition of Plasma or Serum in 1000.00 Parts
Water 902.90
Fibrin 4.05
Albumen 78.84
Fatty matter 1.72
Extractive matter 3.94
Chloride of Sodium (common salt) 8.55
Chloride of Potassium 8.55
Phosphate of Soda 8.55
Phosphate of Lime 8.55
Phosphate of Magnesia 8.55
Sulphate of Soda 8.55
Sulphate of Potassa 8.55
Total 1000.00

From whence does the ox obtain these ingredients of the blood and tissues? From the grass of the fields!

The above ingredients reappear in animals; hence, it is an all-round fertilizer and has been known as such from time immemorial. Yet, notwithstanding this, it is material most largely wasted on the farm. Nature is so beneficent and prodigal of her favors; that when the agriculturist will not grow the best fertilizing material, or conserve that which grows spontaneously, such as crabgrass, then she produces weeds—the best friend of the poor farmer.

That portion of manure most wasted is the urine of animals. To conserve this most valuable of excrement heavy bedding should be provided as a sponge to absorb it.

Again, it is a common practice to clear fields of grass and stubble by burning such off the land. Now the writer on his little farm makes a compost heap of grass, corn-stalks and weeds—to this is added the excrement from the toilet, keeping the same place in a sanitary condition. Land plaster or plaster of paris is also added. This material breaks down the composted material quickly. The only commercial fertilizer we have purchased and used during the past two years has been ground phosphatic rock. For our supply of potash we rely on the ashes we obtain from wood, of which we have an abundance on uncultured land.

With regard to the exhaustion of potash from our soil, we would state as a fact, that it being a mineral can never be destroyed. It can be rendered available in surface soil by persistent cropping and not returning to the earth an equivalent to that abstracted in the shape of manure containing it, or by imparting to it potash as a mineral. Now, potash as a mineral is too high priced at present for a liberal use of it. Plans cannot do without it to any great extent and flourish. Humans likewise often suffer from disease due to the want of a sufficient supply of potash. Fruits and fresh vegetables contain a liberal supply of potash, and were such partaken of more freely by people in general,

there would be less use for the aid of the doctor.

The greatest drain today of the land is in the sewerage system of our cities. Take New York, for instance, of 4000,000 inhabitants, or little Jacksonville of less than 100,000. It is safe estimate that \$20,000,000 of fertilizing material passes into the ocean every year, contaminating the water of the bay and poisoning the fish. From Jacksonville at least \$500,000 of manure passes into the St. Johns river each year, all of which comes from the farms in the first place.

One of the slogans of our beloved country is "CONSERVATION OF FOOD." Our motto is "PRODUCE MORE FOOD." To this end, keep more stock, grow more feed for the same, and thus add to the fertilizing of the land.

Another thought. Potatoes brought fabulous prices this year. In Florida we can raise two crops of the same each year. Our crop of fall Irish potatoes are in bloom. We ate green peas for our dinner. Between the spring and fall crops of Irish potatoes cowpeas can be grown to the enrichment of the soil, or a crop of corn, or some other summer crop.

In conclusion, let our farmers cease to be obsessed with the idea that we cannot raise good crops without the use of commercial fertilizers. Our sandy soils need humus more than the mineral elements. Humus has the power of rendering latent mineral elements of the soil available to plant growth. Hence, grow something, if only weeds. Pigs, goats and sheep will feed on most of these and fertilize the land by their droppings while grazing. Gilmore, Fla., Oct. 22, 1917.

Presbyterian Church
The teacher training class of the Sunday school, composed of teachers and those in training for teachers met at a very pleasant luncheon Wednesday afternoon at 5:30 in the dining room of the church. This was the opening of the winter's work by this group of workers. The book studied and discussed for the night was "A Manual of Missionary Methods."

The prayer meeting was a Sunday school prayer meeting, and reports were received from all departments and a brief study of I. Timothy was given as a book designed to help Sunday school teachers. The services Sunday will be at the usual hours. The subject at night services will be "The Power of the Holy Spirit."

FEDERAL RESERVE BANKING SYSTEM BUSINESS
The Modern Spirit
of cooperation, the spirit which animates all successful business, prevails in the organization of our Federal reserve bank.
We own stock in it. We keep our reserve cash in it. We have a voice in electing its directors and through them in choosing its management. It is our bank, and its resources enable us at all times to meet the legitimate banking requirements of our community.
You, in turn, can cooperate with us in maintaining the Federal Reserve Banking System, and at the same time share in its benefits and protection, by becoming one of our depositors.
First National Bank

IN AND ABOUT THE CITY

Little Happenings—Mention of Matters in Brief—Personal Items of Interest

Summary of the Floating Small Talks Succinctly Arranged for Hurried Herald Readers

The ladies of Mrs. McKinnon's circle Ladies Aid of the Presbyterian church will hold a towel sale in the near future. The ladies have been working on these towels for many days and they are beauties, being of the finest material and all hand embroidered. Watch for the announcement of the date of this sale.

And just as you say you will not change your style of living a starving baby dies in France. Your plans for dinner, Mrs. Houswife, are just as important in their way as Gen. Halg's plans for a night attack. Halg aims to get the maximum of results with the minimum of material. He uses plenty, but he doesn't waste any. So should you. That's the way you and help win this war.

The many friends of Mrs. S. E. Barret will sympathize with her in the recent death of her brother which occurred in an auto accident in Detroit. Mr. and Mrs. Barret expect to be in Sanford in a few weeks.

Peabody on Halloween night. The little boy had on a costume with a false face of whiskers and while carrying a jack lantern around the yard his whiskers caught fire and before the flames could be extinguished his face was badly burned. It is hoped that his life can be saved but one of his eyes is injured and his face a mass of burns.

Sport Hats, Felts & Velvets. A Beautiful Assortment embracing the Latest Shapes and Colors in Trimmed and Untrimmed Hats. Satisfaction Guaranteed. The QUALITY SHOP

Value Above Everything. THATS our idea at this store; to give you the greatest possible values in clothes—value in the style, value in the fit, value in the quality, tailoring, and in the long wear. And because we feel this way, we've arranged to take care of you in Hart Schaffner & Marx clothes.

Young Business Men. Every young man who starts a Bank account and maintains it, is doing something that will surely raise his standing in the community and will show that he is "making good."

LION SHIRTS. REGAL SHOES. Sanford Shoe & Clothing Co. HOME OF HART SCHAFFNER & MARX CLOTHES

Remember the Daughters of Wesley bazaar and turkey supper Saturday, Nov. 24th. Place to be announced later.

Germany is striving to fasten her system on Europe and the world, through starvation. You can't help thwart Germany's ambition by enrolling as an active member of the Food Administration.

Notice. The registration book of the city of Sanford, Fla., is now open and will be kept open from 9 a. m. to 12 m. and from 2 p. m. to 5 p. m., from Oct. 16, 1917 to Nov. 16, 1917, at the clerk's office, city hall.

Pay Cash and Save Money. In this issue of The Herald is the advertisement of D. L. Thrasher, which contains some truths about the virtue of paying cash for your goods and saving money.

Preserve your corn, kill the weevil and feed the people by treating your corn with Bi-Salphide. We have it for sale. The L. Allen Seed Co., R. R. Ave. 20-2tp

Mr. and Mrs. P. M. Hunt, who have been the guests of Mrs. Hunt's brother, Chas. M. Hunt for several weeks leave today for their home in Berkeley, California.

Dr. Scheibe who is in charge of the Cuban Mission at Tampa was in the city yesterday and addressed the missionary societies at the Congregational church.

Germany is striving to fasten her system on Europe and the world, through starvation. You can't help thwart Germany's ambition by enrolling as an active member of the Food Administration.

Remember the Daughters of Wesley bazaar and turkey supper Saturday, Nov. 24th. Place to be announced later.

That pound of wheat flour YOU save every week will weigh very heavily on the Kaiser's mind.

It is impossible that anything but benefit can come to the American family which signs the Food Administration pledge.

The boy you cheered when he marched away will stand knee deep in trench mud; he will face poison gas and deadly flame. He will endure all the terrors of modern battle. That's his bit. Your bit, perhaps, is to save one slice of bread a day in order that he may not fight in vain.

Millions of women and children of Europe—our allies—can be saved from bitter hunger if you will eat one slice less of wheat bread each day.

Germany is striving to fasten her system on Europe and the world, through starvation. You can't help thwart Germany's ambition by enrolling as an active member of the Food Administration.

Freshman Class—Helen Chorpenging, Vivian Crosby, Veima Venable, Georgia Walker.
Sophomore Class—Mary Howard, Gladys Adams, Rose Gallagher, Alberta Aycocke, Francis Gonzales, Mildred Huston.

Junior Class—Theodore Runge, Mary Robinson, Helen Peck, Nellie Long, Katherine Lewis, Lela Hutchinson, Gladys Dieterich, Mollie Abernathy.

Senior Class—Muriel Rhodes, Zeta Davison, Alice Vaughn, Mary Belle Lynch, Clifford Walker.

REAL MIDDLEWEIGHTS PROMISE GOOD SPORT

Various Contenders for Title Likely to Get Together.

With Champion Al McCoy ready to retire from the boxing game, the middleweight division promises to be unusually active this fall and winter. McCoy has declared his unwillingness to battle outside the Empire state and as the game is doomed in New York various contenders for the 158-pound title will assert themselves in an effort to succeed the Brooklyn southpaw as wearer of the crown.

Prominent among the real middleweights are Jack McCarron of Allentown, who became famous as the "450,000 Beauty," in the hands of Philadelphia Jack O'Brien; Mike Gibbons, who is now in the middleweight division; Kayo Brennan, of Buffalo; Jeff Smith of Bayonne, N. J., who claims to have defeated the late Les Darcy; George Chip, entry from the stable of Jimmy Dime, and former title holder, and Harry Grebb of Pittsburgh, Pa., the latest sensation, who is being handled by "Red" Mason.

There is a flock of second raters knocking at the door just below the above named group, but the men named are undeniably the pick of the 158-pounders.

Let us have a real middleweight champion. A champion who can and who will do 158 rounds, or, at least, within three or four hours before entering the ring.

We have had too many title holders who refused to reveal their poundage on the scales and who, if forced to do so, would register several pounds over the class limit.

Johnny Kilbane could always do 122 pounds. Benny Leonard can make the lightweight limit without trouble. But it is doubtful if Al McCoy has weighed 158 pounds in the ring since he swung an unexpected knockout blow to the jaw of Champion George Chip.

There are any number of 100-pound middleweights, but not many who will do 158 at six o'clock, and enter the ring at nine or ten. If McCoy is to retire, why not create a new champion by elimination, confining the contenders to boxers who will meet the weight requirement and fight at it afterward?

Look at Yourself. It takes courage and strength of mind to be honest with ourselves, to look ourselves straight in the eyes, and own up to what we really are. It is an upward step toward genuine betterment. Even if we succeed in deceiving ourselves, we cannot be insured against loss, by mistaken estimates. "He is most cheated," says the Danish proverb, "who cheats himself."—Exchange.

That Was Easy. A little boy was sent by his mother to the grocery with just enough change to pay for her order. Seeing some candy in the showcase, he ordered what he wanted of it and started out. When the clerk called him back, saying, "Here, you forgot to pay for the candy," he stopped, looked at the clerk, then at his sack of candy, and coolly said, "Oh, make a check for that."

Daily Thought. All material questions are of little importance in comparison with the sole object of our life; to preserve love amongst all men with whom we come in contact.—Tolstoy.

Ask Your Grocer For CHEEK-NEAL'S COFFEES Best By Every Test

Over 40000 Satisfied Users Endorse DELCO-LIGHT. Over 40,000 owners of farms, country homes and stores, throughout the world, representatives of over sixty different lines of business, are finding DELCO-LIGHT to be a dependable and trustworthy electric light and power plant. F. F. Dutton, Prominent Fruit Grower Sanford, Florida, says of Delco-Light: "The best recommendation I can give Delco-Light is that so far as we are concerned, we had forgotten it was in our residence, SO PERFECTLY DOES THIS SYSTEM WORK. The operation of the plant is left to my 14-year old son." Complete in 2 sizes, \$350 and \$120 (f. o. b. Dayton Ohio). See Delco-Light exhibit at your Fair—or write J. R. YEABBY, Salesman Orlando, Florida. CLAUDE NOLAN, Dealer 216 Main St., Jacksonville, Fla.

Don't put on the roof until you investigate. It is poor economy to save money by substituting something inferior but wouldn't you like to save on cost if you could get something better? You can get a better roof for less money if you put on Certain-teed Roofing. Before its merits were recognized, roll roofing was regarded as a more or less temporary roof—but now CERTAIN-TEED has demonstrated that it is not only a most durable roof, but also the most efficient roof. It is economical to buy, inexpensive to lay and costs practically nothing to maintain. It is light weight, clean, sanitary, fire-retardant and weather-tight. It is now used as the preferable type of roof for office buildings, factories, hotels, stores, warehouses, garages, farm buildings etc., where durability is demanded. CERTAIN-TEED is guaranteed for 5, 10 or 15 years, according to thickness (1, 2 or 3 ply). There are many roll roofings on the market, but only one CERTAIN-TEED. It pays to get the best. It costs no more to lay a CERTAIN-TEED roof than it does to lay a poor roof, but there is a vast difference in the wear. You can't tell the quality of a roofing by looks or feel. Your only safety is the label. Be sure that it is CERTAIN-TEED—then you are certain of quality and guaranteed satisfaction. Certain-teed Slate-Surfaced Asphalt Shingles are supplanting wood and slate shingles for residences. They cost less, are just as good looking, wear better, won't fall off, buckle or split. They are fire-retardant, and do not have to be painted or stained. Certain-teed Paints and Varnishes are the best quality paint materials, ground and mixed with mechanical accuracy. Made for all uses and in all colors. With paint, as with roofing, the name CERTAIN-TEED is a guarantee of quality and satisfaction. CERTAIN-TEED PRODUCTS CORPORATION New York, Chicago, Philadelphia, St. Louis, Boston, Cleveland, Pittsburgh, Detroit, Buffalo, San Francisco, Milwaukee, Cincinnati, New Orleans, Los Angeles, Minneapolis, Kansas City, Seattle, Indianapolis, Atlanta, Memphis, Richmond, Grand Rapids, Nashville, Salt Lake City, Des Moines, Houston, Dallas, London, Sydney, Havana.

ORANGES Sealdsweet GRAPEFRUIT. Your Higher Cost of Growing Fruit and Truck. This year the growers of Florida will find that their producing costs have been increased. Labor is scarce and must be paid high wages, fertilizer costs more, crates are more expensive. These higher producing costs are not confined to Florida but prevail all over the United States, as well as abroad. There was no escaping them when the whole world became involved in the war for the "safety of democracy." There is compensation in the fact that if properly marketed the products of farm, garden and grove may be sold for prices enough higher than previously have been secured to cover at least the increased producing costs. But this can not be hoped for from shipments sent to glutted markets or offered to the consuming public without the identifying marks of a selling agency with which it is acquainted and in which it has confidence. A public paying higher prices for its goods demands assurance of their quality. The Florida Citrus-Exchange can market your products so as to obtain maximum prices for these. It has the confidence of the fruit and produce trade and its name and trade-marks are looked to as their protection by hundreds of thousands of housewives. It has its own dependable men in every important market center and, keeping in touch with them by wire, is able to avoid gluts. It is conducted with due regard alike for economy and efficiency, and returns growers every cent it nets for their produce. For further information consult the manager of the Exchange packing house or sub-Exchange nearest you or write the business manager of the Florida Citrus Exchange at Tampa, Florida. FLORIDA CITRUS EXCHANGE. L. A. HAKES, Manager Sub-Exchange, Orlando, Fla.

Diversify Your Fruit Growing. This is just as important as to have several farm acres. The fruit grower who makes most money doesn't depend upon any one thing. If some crops fail for a year or soil for low prices, he has others to market which yield well and bring good returns. Plant Jewell Peach Trees. They thrive in all the high blue lands of central and south Florida. Early maturing, rich and juicy, the Jewell is a favorite market sort. Every farmer and fruit grower should have an orchard of these peaches. Plant them this season and you can sell peaches from them in two years. Send Today For Griffing's Catalog. This new book describes our splendid stock of Jewell and other good peaches, Japan persimmons, plums, etc., peaches and nut trees, roses and a varied assortment of trees, plants and shrubs for home-grown planting. You should have the book and plan to raise greatly diversify your fruit growing. Copy mailed free on application. C. M. Griffing & Co. Inter-state Nurseries, R.F.D. 1-Y Macclenny, Fla.

CAMP TO SUPERVISE SPORTS OF SOLDIERS. Walter Camp, Yale's old-time foot ball player and coach, has taken up the voluntary task of looking after the physical welfare of some 6,000 young men in training in various branches of the naval service in and near Boston. Camp offered his services to Capt. William R. Ruah, commandant of the First naval district, who said he would be delighted to have him undertake the work. Camp immediately set out to organize physical training classes and athletic competitions in all the camps.

"IT'S SUPERIOR TO ANY LIVER MEDICINE SOLD" In Common Gratitude Col. W. A. Terrell Expresses His Approval of Martin's Liver Medicine—No One Will Again Take Calomel After Once Trying It. The following unsolicited letter was recently received by the manufacturers of Martin's Liver Medicine: In the absence of any other reason, common gratitude calls for an expression from me of the wonderful merits of your health-giving Liver Medicine. With a large experience in trying and using various Liver Medicines, I have never found any remedy that so completely "hits the spot" and tones up the dilapidated feeling and makes a fellow feel that life is worth living. Martin's Liver Medicine relieves gently but effectively constipation, starts the liver on its active function, creates a healthy and normal appetite, and at night sleep is sweet and restful. I have used three bottles of this splendid remedy and am prepared to say it does all and more than you claim for it. W. A. TERRELL, Decatur, Ga. Every bottle guaranteed to please or your money back on return of empty bottle to your druggist: 50c per bottle. B. E. BOWER, Sanford, Fla.
