### LOCALS

Great weather and fine crops.

Do we say it with bricks or asphalt?

Now is the winter of discontent when politics means something for somebody.

Have you seen L. P. McCuller in his new golf tugs? He is setting the pace for the rest of the boys.

There will be some forty cars or more of celery shipped from Sanford this week and next week movements will be larger.

The concrete mixer has been moved from the Meisch building to the new Milane theatre building and the work started on the foundations.

Chamber of Commerce will not hold the night meeting until Friday night, January 19th. Remember the change in dates.

Chamber of Commerce will not meet Thursday night of this week as planned on account of other events. The meeting will be held Friday night, January 19th.

### THE WEATHER

For Florida: Fair tonight and Wednesday; cooler in extreme north portion.

### Elks Lodge to Hold Their Smoker Tomorrow Night

Papous Card Expert Will Entertain the Crowd

E. F. Housholder, secretary of the local Elk lodge is today notifying the members of the smoker to be held tomorrow night at the Elks Club at which time Rufus B. Steele, famous card expert, will be the principal attraction. Steele is noted for the large number of clever card tricks he can perform and has the reputation of being able to entertain for ten hours without repeating a single trick. The entertainment will be for members and visiting Elks only. Every member of the antlered herd in Sanford is urged to be present. Those who cannot attend can be assured that they will miss an evening of real entertainment.

### THIS WEEK IN SANFORD

Miss Katherine Tengeue, of Orlando, spent the week end here with her uncle and aunt, Dr. and Mrs. W. T. Langley.

Mr. and Mrs. Virgil R. Boozer, of Tampa, arrived in the city yesterday and are stopping at the Montezuma. Mr. Boozer is a prominent photographer.

Mr. and Mrs. G. I. Loucks left this morning for Dunedin, where they have a fine grove. They will be the guests of the latter's sister, Mrs. Hope, while in Dunedin.

Dr. and Mrs. W. T. Langley spent Sunday in Lakeland as the guests of Mr. and Mrs. F. B. Langley. They were accompanied home by Dr. Langley's father, W. T. Langley, who will spend some time here. Dr. and Mrs. Langley and their guest will motor to the East Coast and places of interest in Central Florida this week.

### Lasky Corporation Buys Lynch Theatre Holdings in South

ATLANTA, Jan. 9.—S. A. Lynch has reached an agreement with the Famous Players-Lasky Corporation to surrender control of his holdings in the motion picture business in the South, according to information received here recently from New York.

The deal involves an exchange of \$5,700,000, it is said, for which Mr. Lynch will relinquish his control of Southern Enterprises, Inc., and subsidiary corporations, represented by 200 motion picture theatres in the South and five Paramount film exchanges, located in Atlanta, Dallas, New Orleans, Charlotte and Oklahoma City.

Big Smoker, Elks' Club, this (Wednesday) night, 8 o'clock. Rufus Steele—card wizard—will entertain. 245-2tc

Rufus Steele with cards and story at Elks' Club Wednesday night. Local and visiting Elks invited. 245-2tc

LEGION RECEIVES SHARE WORLD'S SERIES MONEY FROM JUDGE LANDIS

INDIANAPOLIS, Ind., Jan. 9.—American Legion national headquarters has received a check for \$20,352.00 from Kenesaw Mountain Landis, commissioner of organized baseball, as the Legion's share in the proceeds of the tie game in the last world's series in New York. Similar checks have been sent to the Veterans of the Foreign Wars and to the Disabled Veterans of the World War, according to a letter from Mr. Landis.

The gift from organized baseball to the ex-service organizations represents one-half of the proceeds of the third world's series game. It was made with the understanding that it would be expended in the relief of disabled world war veterans. Legion national headquarters has announced that its share of the money will be used solely for sick and wounded veterans and that the machinery for its distribution will be authorized at the next meeting of that organization's national finance committee.

### Swithman Killed at Rand's Siding, Badly Mangled

Parr Fell Between Cars and Was Instantly Killed in Yards

A switchman named Parr, was killed while cutting cars at Rand's Siding last night. It seems that he was switching and missing his signals the train crew went to look for him and found his mangled body on the tracks. It will never be known just how the accident happened but it is thought he fell between the cars in some way while switching and the whole string of cars probably passed over him before he was missed from the train and was found.

He was originally from Ohio but had been living in Miami and came to Sanford about three weeks ago with his wife and family and took the position as switchman on the Atlantic Coast Line. The remains will be held pending the wire from his home folks in Ohio.

The sympathy of everyone is extended to the wife and two sons in their bereavement.

TO PRESENT TREATY

LONDON, Jan. 9.—A draft of the Near East treaty will be presented to the Turks at Lausanne within a fortnight, it is declared in official circles. The Turks will be told to sign the document or to tear it in pieces and take the consequences.

### DEBT FUNDING COMMISSION SPENDS DAY IN HOTEL SUITE GETTING DATA READY FOR TOMORROW

(By The Associated Press)

WASHINGTON, Jan. 9.—The British Debt Funding Commission locked itself in its hotel suite this morning to spend the day preparing data for tomorrow's joint session with the American commission in second conference on funding arrangement for Great Britain's war debt.

Enjoy yourself and help the Men's Club. Hear Kamaka's Hawaiians, at the Parish House, Tuesday and Wednesday, Jan. 9th and 10th. Admission 35c and 50c. 244-3tc

Engineers and wives and families are cordially invited to attend the initiation of officers of G. I. A. Wednesday evening at 8 o'clock at Masonic Hall.—Committee. 244-2tp

#### A FINE SINGING SHOW

This verdict at all times of J. A. Coburn's Minstrels who appear at the Princess Theatre on Thursday, Jan. 11th is one of Manager Coburn's hobbies good music, fine singing first, clean comedy next, novelty and old-time darkey fun to round out an evening's performance with snap and pep, keeping Minstrelsy close to the hearts of Americans. "Cob" is a capable musician as well as manager, and gives close attention to solos ensemble and harmony numbers. This attraction is one of the few big shows who retain a singing act in the Old-time along the lines of the old "Male Quartette or Sextette" which from requests indicates the majority demand for "more singing" with minstrel attractions.

Among the soloists this year: Edward Clifford, robust baritone; Jos. McAnalon, Irish tenor; Carlos Jones, basso; Norbert Lion, baritone; Thos. Bradley, Lyric tenor; Dave Yahn, yodler, and song writer; Karl Denton, male soprano and others indicate the best male choir ever engaged for this attraction. Hark the Minstrel sings—should be worth while on Thursday January 11th at the Princess Theatre. Seats on sale at Roomillat & Anderson's Drug Store.

### OUR BAND IS AN ASSET

Sanford has one of the best bands in the state and the credit is due to Bandmaster Ball who has had an uphill fight to get the band in shape and have it financed. In this support he has the Chamber of Commerce and the Convention and Tourist committee and the citizens behind him together with the Rotary club and the Kiwanis club and other organizations. We feel that in the band we have a great asset and one that while it may not bring visible returns is certainly advertising the city as nothing else would do. A city without a band is a dead one wherever you find them and on the other hand the city with a good live band is a good live city. The idea that other cities should send their bands here to play during the winter season when our band plays in their city is a good one and the visit of neighboring city bands will instill a friendly feeling among the cities and will also help the various bands in these cities. Our band is touted among the tourists and visitors as being one of the best in the state and our band is doing good work and deserves the support of the people of this city in every way.

### WE ARE BUILDING A CITY

We are building a city here and the results are not in the buildings alone but in the great feeling of optimism that pervades the life of the city in business circles and in club circles and in home circles. There is a different atmosphere in this city, the getting together of the clans, the feeling that credit is due where it belongs and the spirit of "knocking" is a thing of the past. In this busy city of Sanford we have no time to criticize our neighbors and spend our time in knocking. We are all too busy building up and have no time to tear down. This is the time to get together on the big projects that must be put over in 1923. We have no time for any petty stuff, small town stuff or back-biting stuff that characterized the "small town" in every book and the movies. Sanford is a real city.

### FLORIDA IS DISGRACED

Rosewood, the negro town up in Levy county is reported to be "quiet" again, but it is the quiet of death. In the past week two white men and five or six negroes have been killed. The town has been reduced to ashes and a foul and lasting blot has been placed on the people of the county, and the one guilty negro, whose crime caused all the disturbance has not been apprehended. We have visited the crime of one of the members of the race, and now that the senseless passion has been gratified, and an awful revenge has been taken we are content to settle down to a period of quiet. But we will not admit we are anything but a Christian and civilized people.

While not excusing or justifying the outbreak in any way, we do feel it right to correct the exaggerated accounts that are being circulated regarding it. For instance New York papers are reading that 20 negroes were killed, and a number of white men. Nothing of the kind. The facts are as we have stated them above, and they are bad enough. For heavens' sake, do not make them any worse.—Tampa Times.

### "DANGEROUS" CARD PLACED ON CARS OF SOME SPEEDERS

San Diego has put into effect a plan proposed by F. H. Bacon, mayor, for checking speeders, which is to be adopted by other cities in California. The plan is to attach to the front and rear of the speeder's car a large red placard bearing the word "Dangerous" printed in black. The judges give first offenders the option of carrying this placard for a certain number of days or going to jail for a similar period. Second and third offenders get the jail sentence, without the option of being tagged as dangerous.

We move the adoption of this plan for Eustis, with an amendment to the effect that the road hog who refuses to dim his lights when he meets another car at night be compelled to wear on his breast a placard which is printed in conspicuous letters, the character of his offense.—Eustis Lake Region.

### SCANDAL

A certain party here who ought to know better said that the Herald should publish all the scandal that occurs in the city. In other words to delve into the secrets of the homes and bring them to light and cater to the depraved taste of a few readers. Suppose the scandal was in the family of the person who said this. Would she want the scandal given to the public and paraded before her very face to make her and her family forever bear the scars and the burdens and the sorrows of one who had gone wrong. The Herald is not a scandal sheet. If it was a bunch of people who now criticize the paper would have to leave Sanford. We have the scandal stuff locked up in our safe where it stay. Some day, maybe, when these

few people who want to read scandal will stay. Some day, maybe, when the and we will then publish it under the head of "What We Know." But it will be in book form and not in the Sanford Herald. And it ought to make good reading that will change the attitude of these people who are so anxious to read about sorrows of their neighbors. But not in the Herald—not in the Herald.

### FOUR-FLUSHERS

A friend of the writer who has unusual opportunities to observe people says mankind naturally divides itself into two parts: Four-flushers and those who are honestly trying to perform. Everyone falls into some division of one of these classes, he states.

Is he correct? I think so. The people who are trying to give service in return for a living far outnumber the four-flushers, but the latter are decidedly more conspicuous.

The four-flushers congregate where they can be seen and heard. They are quick to adopt new titles and new nomenclature to describe activities. They are the deadweight of industry, and the ball and chain of politics.

They thrive in those professions and activities where the service rendered is intangible. Gifted with an easy flow of language and a prepossessing personality, they wiggle their way into jobs where they stick until they are asked to move on.

Every trade organization and every professional group have to waste a lot of valuable time and effort cleaning out the four-flushers. Detecting and fighting them is a continuous process—like keeping one's shoes clean.

You can never say, "That job is done for all time."—Bartow Record.

### WORTH CONSIDERING SERIOUSLY.

Figures announced from the comptroller's office show that automobile licenses collected by the state last year amounted to \$1,531,399.83.

This money is used as follows:

"Fifteen per cent shall be set aside for the maintenance of the state road department, and 85 per cent shall constitute a state maintenance fund for the maintenance of state and state-aid roads and bridges, and shall be apportioned to the several counties in proportion to the TOTAL STATE TAX paid by each county into the state treasury. Where no state, or state-aid roads or bridges exist in any county at the time such apportionment is made . . . then the whole . . . may be used for the construction of state-aid roads and bridges."

There are 61 counties in Florida. Of these, 11 South Florida counties which have built their own hard-surfaced roads with their own county bonds

money, contributed over half the entire sum thus reported by the comptroller. These 11 counties and what they paid last year in automobile licenses, are:

Dade	\$174,645
Hillsborough	162,490
Polk	107,233
Pinellas	95,177
Orange	84,266
Volusia	72,007
Palm Beach	59,295
Lake	38,458
Manatee	30,167
Seminole	25,502
Lee	21,857

Total \$871,007

Here are 11 counties in South Florida paying more by over \$10,000 for automobile license tax than all the other 50 counties of the state, including Duval with its \$197,533.62!

The state road department is now completing a state-aid road of the finest kind, between Jacksonville and Lake City, at a cost of far exceeding two-thirds of the state, including Duval with its \$197,533.62! The state road department is now completing a state-aid road of the finest kind, between Jacksonville and Lake City, at a cost of far exceeding two-thirds of the state, including Duval with its \$197,533.62!

Those two counties paid into the automobile license fund of \$1,531,399.83 for 1922, the following amounts:

Baker	\$ 8,209
Columbia	8,913
Total	\$17,122

Which is not even the interest on the amount spent in the two counties for that one piece of road alone.

Hillsborough county, on the other hand, which has built three million dollars, and more, of roads out of its own pocket, and is now building three million dollars more from the same financing source, pays into the automobile license fund \$162,490, and gets back for its soon-will-be more than 300 miles of roads, \$19,596.63.—Tampa Tribune.

The above editorial is enlightening. According to the figures, Volusia county paid into the state road department the sum of \$72,007 last year in auto licenses, making it the seventh county in the state in the amount of money collected in this means.

Of this amount 15 per cent is to go towards the support of the state road department organization. Twenty-five per cent, under a new ruling, is returned to the county. Last year Volusia county received from the department a total of \$12,345.62. Payments started in April and the balance of the \$18,000 due under the ruling was presumably used during the first three months of last year by the department in maintenance of state road is made . . . then the whole . . . may be used for the construction of state-aid roads and bridges."

Money derived from auto licenses in fourth larger this year than was the case last. The state road department is building a stretch from DeLeon

EDW. C. CLIFFORD  
Minstrel's Premier Baritone with Coburn's Minstrels, at the Princess Thursday night, Jan. 11

north to the county line and the bond issue of \$200,000 will about pay for the base and if it is surfaced as it should be, the state road department will have to pay for that.

What worries this county most, however, is the stretch of road thru the Orange City district. This was taken over by the state road department, and for a while they kept a maintenance crew at work. If the state road department can't or won't do anything for this stretch it seems as if the citizens of that district will have to decide on putting over a bond issue for it is an important link in what is destined to become the heaviest traveled main highway in central Florida.—DeLand News.

### RIVER RISES 25 FEET

PORTLAND, Ore., Jan. 10.—Driving with resistless power, the Willamette river at Portland yesterday had risen to more than 25 feet above normal, flooding the docks and lower streets along the water front, causing great damage.

The huge body of water fed by tributaries running back fall and over, pouring down the Willamette, bore great quantities of lumber and timber of all kinds which lodged against the piers of the city bridges and rendered them unsafe for traffic. They were closed by city authorities.

Reports from southward of the Willamette valley show that rivers tributary to the Willamette had begun to fall.

A Real Pirate Picture at Princess Friday and Saturday Nights Pirates being thrown headlong from towering decks; sword-fights while cannon boom and a thrilling swing for life 130 feet across and over the deck of a rakish corsair craft—such are the thrill features of the sea-sequences in "To Have and to Hold," George Fitzmaurice's new Paramount picture with Betty Compton and Bert Lytell in the featured leads, aided by Theodore Kosloff and W. J. Ferguson in strong roles. The picture will be at the Princess Theatre, Friday and Saturday. The "pirate stuff" was taken in the ocean off Balboa, California, aboard the old South Sea trading schooner, "William G. Irwin," specially rebuilt by fifty carpenters who worked for three weeks to transform it for pirate purposes. A hundred tough looking pirates with swords, pistols, bandanas and all the other ear-marks of their calling, form a vivid background against which the principals play out their thrilling parts. THAT MINSTREL BAND While J. A. Coburn does not claim the biggest Minstrel organization nor again the biggest band in America it's a well conceded fact that his company is one of the best in quality, his band a real feature in popular and full of pep numbers for minstrel purposes, and under the direction of Bandmaster Bert Forrester, pleases the thousands of friends of that organization each year. They are welcome visitors and will be seen at the Princess Theatre on Thursday, Jan. 11. PUBLIC AUCTION One Cadillac, 4 cylinder automobile with new Speedster body will be sold at public auction on Saturday, January 13, at 3 p. m. in my shop, Chas. Stein, cor. Oak ave. and Second St. 24614tp Rufus Steele with cards and story at Elks' Club tonight (Wednesday). Local and visiting Elks invited. 246-1tc

DO NOT FOLD YOUR HANDS AND ACCEPT ILL HEALTH There is absolutely no excuse in this day and time for anyone to be classed among the weak (anemic, half-sick, drifting, miserable and worn-out specimens of humanity who get no pleasure out of life. Every human being is entitled to health, happiness and success. It is positively wrong to be satisfied with less. Do not fold your hands and accept ill-health as the decree of fate. Nature intended you to be well and strong and has provided a way. If human testimony is to be believed at all, the natural iron tonic Ferraline has a power, a virtue and a merit that bring startling results. Those who take it testify that after a short course of Ferraline, they feel a buoyancy and vigor in every part of the body. They are able to eat any and everything without feeling the slightest discomfort afterwards. They take on new life, new energy and have a feeling of capacity and a strength to do things never thought of before. As one grateful user expressed it, "I feel twenty years younger, twenty years stronger and twenty years healthier." This is because of the natural iron and other invigorating as well as pleasing ingredients of Ferraline. For those who have indigestion, whether acute or chronic, rheumatism, backache or other symptoms of disordered kidneys, biliousness, headaches, and nervousness, Ferraline is uniformly beneficial. Doctors endorse it because the ingredients of Ferraline are known to be of the highest medicinal value. Ferraline has no alcohol to weaken the kidneys and impair the liver or the heart. It is indeed nature's tonic. If your local dealer does not handle Ferraline, send \$1.00 to Ferraline Distributing Company, Tampa, Fla.—Advertisement

## CHASE & CO. MAKE IT A LITTLE MORE INTERESTING FOR MERCHANTS

### Merchants Win by 183 Pins, Purdon Bowling High, Only One Rolling Over Four Hundred

CHASE & CO. 21 DC Sport  
For a time it looked as if the Orange Packers were going to stage a comeback and win a game. At the start they kept the Merchants on the go and held a slight lead until the latter part of the first game. Then the Merchants gradually forged ahead and nosed out of the first game 38 pins ahead. They increased this small lead throughout the next two games and ended 183 to the good.

Purdon was the only bowler of the evening that rolled better than 400. Burdick and Randall were next best with a slight average better than the "dead" man, while all the rest bowled under the "dead" man's average.

This game was the play off of the postponed game of last week, being the second game that Chase & Co. played this week. The Merchants are scheduled to play tomorrow night against the Men's Club, but according to some of the early morning dope this morning these two clubs have swapped dates with the Congregationals and Farmers and will play tonight

instead, the Congregational-Farmer game to be played tomorrow night.

The score for last night follows:

Merchants				
Rive	109	123	125	357
Burdick	115	150	130	395
Randall	129	109	143	381

## ORLANDO BASKET BALL QUINTET WILL PLAY HERE FRIDAY NIGHT

### Come to Sanford Undefeated and a Good Game is Promised the Fans

It is the report this afternoon that Friday night will find the Orlando basket ball team in Sanford to do battle with the Sanford boys, and inasmuch as this Orlando team comes here undefeated, with the Sanford team in the same class, it means that a good game is promised as both teams will fight to hold their record.

Nothing has been learned as yet, whether or not the girls will play at home that night, but it is expected that they will in order that the Sanford fans will be given the chance of seeing a double bill, one that should prove to be the best of the season.

Tomorrow's issue will carry the probable line-up and more concerning the different teams. In the meantime mark your plans so that you will be sure to turn out to the Parish house Friday night and see this Sanford-Orlando game.

## WEATHER AND CROP CONDITIONS IN FLORIDA WEEK ENDING JANUARY 9, 1923.

Temperature—The mean temperature ranged from 3 to 6 degrees above the seasonal, although minima were unusually low on the 4th and 5th in the western and interior of northern divisions, where killing frosts occurred at a number of stations; and light, local frost in the upper portion of interior central counties. Other than damage to tender truck the change to cooler weather was beneficial.

Sunshine—There was a high percentage of sunshine, especially in the south and west; it was generally above the normal for the period.

Rainfall—The heavy rain during the last days of the previous week together with the precipitation during the first days of the current week, resulted in low lands becoming too wet over portions of the northern and central divisions. In the south, however, the rainfall was light, which was favorable for the division. The following weekly rainfall, inches and tenths, was reported: Jacksonville and Palatka, 1.0; Lake City, 2.9; Monticello, 2.1; Bradentown, 2.8; Tarpon Springs, 1.8; Brooksville and St. Leo, 1.2; St. Andrews, 1.2 and Carabelle 1.5. The weather was driest along the

east coast from Titusville to Long Key.

Crops—A general improvement took place in the condition of the soil which, with the mild temperature stimulated the growth of all truck. Citrus trees made good progress, and the work of fertilizing groves made headway. The planting of Irish potatoes is nearly completed in some localities of the northern division, al-

## CELERY SEED

The fans anxiously await the outcome of the Florida State League meeting Friday.

And they anxiously await the report on the baseball park.

As it may mean some new life in an athletic way in Sanford this coming season.

The Orlando Sentinel advances the idea that some college teams could be imported to furnish some real baseball. Sanford should be given an opportunity of getting into it, does not need a whole team imported.

Four or five players would be the most at best. With Amanns, Chapman, Burdick, Rive and Spencer right on the ground they would be better than the average college players if they are given the opportunity of consistent workouts.

And then we have a coming player in McLucas. He is showing up well as an all round athlete. His swimming, football and basketball records of course, do not make him a baseball player, but his past record shows that a little practice with the ball would class him as good as the average college player.

Why not some of you baseball managers get this thing working through your beans now while the chance is good and furnish Sanford with some baseball this summer instead of riding miles to see a game.

A town of the size of Sanford should have a team regardless of whether a league is organized or not. There are many semi-pro teams around the state that are good and that could make the old game interesting.

The Orlando basketball team is expected here Friday night. Any kind of a game between Orlando and Sanford draws a good crowd and the Parish House will no doubt be packed for this game. The price will not be advanced for this game.

Why are we always busy, when others are idle? Answer: Because we give SERVICE and the people all know it.—Lossing's QUICK SERVICE TRANSFER. Phone 498. 239-Mon-Tue-Wed-Th

## FOR THE MOVIE FAN

Richard Dix tonight in "Fools First."

Followed by a two-part comedy.

"Fools First" is one of Osborne's best pictures of the week's program, and Richard Dix playing in this picture makes it so.

Tomorrow night, our old friend Coburn.

There are but a few choice seats left for this minstrel show, better get yours today.

Coburn's Minstrels this year is known as what one might call a fine singing show.

This show will be chuck full of fine singing, good music, clean comedy, novelty and old time darkey fun.

Edward Clifford is still with Coburn and the many Sanford friends of Mr. Clifford will be glad to gaze on his countenance again.

One of the best male choirs ever intended to will be heard at the Princess tomorrow night when Coburn's Minstrels play their annual engagement here.

Get your seats reserved today—tomorrow may be too late.

Big Smoker, Elks' Club, this (Wednesday) evening, 8 o'clock. Rufus Steele, card wizard, will entertain. 216-11c

though such work is just beginning, as a whole Celery and lettuce are in fair to good condition, but cooler weather is needed for both crops. The strawberry shipments in car lots began during the week. Cabbages are doing well, and the work of setting plants continued in some localities. Seed beds for tobacco were planted in Gadsden and adjoining counties; this is largely for the shaded tobacco. Oats made good growth and the crop is generally doing well. Plowing for general crops, such as corn and cot-

ton, is being advanced. A large part of the citrus crop has been shipped, although work in that line continued. The fruit is now excellent. Colder weather is needed, however, to stop rapid growth of trees. Some English peas, Irish potatoes, beets, snap beans, onions, lettuce, celery, cauliflower and other truck made favorable progress. Premature peach bloom is quite common.

STANOCOLA  
**Polarine**

Is Made In Four Grades

but in only one quality. Different types of motors require different weights of lubricating oil, and in order to supply the finest quality of oil for every motor, Polarine is manufactured in the following weights: "Medium," "Heavy," "Heavy X," and "Heavy XX." The only difference between these grades is in their "body"—all of the oiliness found in the Heavy XX is also to be had in the Medium and other grades. There are two ways of being sure to get the right grade of oil for your motor—first, demand Polarine; and second, consult the chart of recommendations (on display at filling stations) so that you may be sure to get the proper grade for your car.

MEDIUM HEAVY HEAVY X HEAVY XX

One Of These Grades Is Particularly Suited For Your Car.

**CROWN Gasoline**

is a superior motor fuel; never varying in its quality and to be had wherever motor cars, trucks and tractors are operated in this State.

INCORPORATED IN KENTUCKY

HISTORY OF ROBINSON'S SPRING

BY ONE OF THE PIONEERS OF OLD ORANGE COUNTY

Orlando, Fla., Jan. 9, 1923.

Mr. R. J. Holly, Editor Sanford Herald, Sanford, Fla. Dear Sir: I have read with much interest the announcement that the enterprising ladies of Sanford will take over the ground around Robinson's Spring and convert it into a park, which is highly commendable.

In this connection it has occurred to me that a little history in connection with the location of the spring may not be amiss at this time.

The old time road ran from Sanford to Lake Mary, and from there to Longwood, nearly parallel to the A. C. L. R. R.

In 1896 preparatory to the construction of the clay road from Sanford to Orlando, I was ordered by the Commissioners of Orange County, to endeavor to locate a route for a road, from the south end of Sanford avenue to Longwood and Maitland and avoiding as much as practicable any line running parallel, and near to the railroad.

At that time the face of the country presented quite a different appearance than it does at present, owing to the want of drainage. Upon arriving on the ground for preliminary work, I naturally sought the oldest resident of the region, Mr. Miles Tanner, who was a man of more than ordinary intelligence, living about one and one-half miles northwest of the Spring. Mr. Tanner at once informed me that it would be impossible to make a good road thru Soldier Creek Swamp, owing to the frequent overflows from the Creek. I then began preliminary work on my own hook, and by good fortune I met that jolly good man, Charles Humphrey, who was thoroughly familiar with the country.

As a result he showed me the place to cross the creek with but a small amount of swamp, and the only place fit for a roadway for a half of a mile on either side. In running the preliminary lines, I found the spring. No one seemed to know of its existence before this time. The natural beauty of its environment so attracted me, that I deflected the route for the road some distance, so as to have the Spring near to it. At that time Frank Karel (now the efficient sheriff of Orange county) was managing the road work of the Sanford district, and recognizing the beauty of the place, he cleared the ground around the spring, and named it Robinson's Spring.

Subsequently I employed a chemist to make an examination of the water from the spring and the report of the analysis showed a high degree of purity, and medicinal properties as well. Respectfully submitted, SAMUEL A. ROBINSON.

Bert Lytell was prominent feature 'Joe' to name and to hold. A George Fitzmaurice production.

JOE COBURN'S MERRY MINSTRELS

In their twenty-third consecutive year of music, mirth, clean comedy and Yaudivelle Novelties will be seen at the Princess Theatre on Thursday, January 11 in what is said to be the newest and best attraction ever offered by this popular organization. Dan Holt, the Georgia Cotton Blossom, Hank White, the oldtime Mammy and endman; Nate Mulroy, that rapid fire singer, dancer and funny party from West Virginia; Joe McGee, Harry Ray, Wilson & Gardner, Tom Shea among the fun folk. Edward C. Clifford, Minstrel's premier haritone and Interlocuter; Jos. McAnolan, the Irish tenor; Price Jenkins, tenor; Thos. Bradley, Lyric tenor Carlos Jones, Bass; Norbert Lion, high baritone; Dave Kahn, yodler; Denton, male soprano, and splendid chorus. DeVaro & DeCarlo, a Keith Vaudeville comedy; herohatic blackface act of most, Mussy's Savophone Sextette, a fine singing Sextette in society presentation and a stage specialty with the entire company special costumes and scenery. A. R. Romero of the Minstrel's special artist, comedy, and solo numbers should offer a real treat for all patrons on Tuesday.

CHARGE MURDER

SALISAW, Okla., Jan. 10.—Charges of murder were filed here today against Charles Wright, Turner, 12, and James Mack, negroes, in connection with the wreck of a Mississippi freight train near Van Hook, Okla., on December 23 last. The charges were charged with the deaths of two men, and the injuries to the engineer and fireman.

HUNT & CO., 1107-8 Westminster Bldg., 110 S. Dearborn St., Chicago

Dealers' stocks all over the country are low—there are no reserves to draw upon to meet the demands for delivery— There is no way in which dealer reserves can be built up, as deliveries have been made to customers as fast as Cars could be manufactured since last April. The only way you can protect your desire to obtain prompt delivery of a Ford even at this time is to place your order immediately. This emphasizes more strongly than anything we could possibly say the necessity of your making prompt arrangements with a Ford Dealer for the listing of your order, particularly if you are contemplating the purchase of a Ford Car or Truck for use this Spring or Summer.
