

TAX REFORMS ARE NEEDED IN FLORIDA IN OPINION OF COUNTY COMMISSIONERS

In Meeting Held at Tampa Yesterday and Today
PASS RESOLUTIONS

AUTO TAX, BANKING AND FINANCE, WORK OF EQUALIZER, ETC.

TAMPA, May 10.—Florida's long needed tax reforms received an initial and appreciable impetus yesterday at the opening session of the State Association of County Commissioners, when a committee of three was appointed by President E. C. Wilkinson, of Naples, to draft resolutions favoring special laws and to assist in putting them through the legislature. This action was taken after a lengthy speech by Perry G. Wall, Tampa, who was appointed by the governor several years ago to be a member of a committee to investigate the tax problems confronting the state, in which he outlined the pressing need for state tax reforms.

Other important matters coming before the commissioners during the first day of their annual three days session, included the automobile tax laws, an outline of the relation of the banker to county finances, a literal interpretation of the work which confronts the state equalizer, the "selling" of a county through publicity, and what good roads meant to Florida. Definite action was taken on but one subject, that of the tax reforms. State Tax Equalizer M. L. Dawson also spoke on tax equalization.

Forcefully attacking the system of taxation now in vogue, Mr. Wall stated: "If the taxation provisions were enforced according to the constitution, every bank in the state would be forced out of business." He was selected as a speaker on this subject in view of the fact that he is considered one of the foremost authorities on tax problems in the state and for many years has worked for the betterment of taxation.

Commissioner Oscar A. Ayala, of Hillsborough, made a motion that the president appoint a committee to assist in securing needed legislation, which was seconded by Commissioner A. Schultz of Orange county. President Wilkinson appointed Commissioners Schultz of Orange, W. E. Phillips of Lee, and Chairman C. T. Friend of Hillsborough, to confer with Mr. Wall giving him whatever assistance possible to secure the tax reforms and to draft resolutions favoring the measure. A moving vote of thanks was extended Mr. Wall.

Mr. Wall severely scored the lack of interest taken by Florida Democrats in their party and the failure to hold a party convention, stating:

"Either we Democrats haven't got sense enough or are afraid to get together." He urged that the Democrats of this state get together, hold a party convention, and take an active interest, as a body, in the affairs of the state.

Attacking the system of taxation now in vogue, Mr. Wall stated: "If the taxation provisions were enforced, according to the constitution, every bank in the state would be forced out of business. Between prohibition and taxation, there isn't an honest man living. It is the duty of every man, woman and child to contribute something to the government, but I want to say that the present system of taxation is all wrong. The government is not an abstract proposition—the every day man can understand it as a business proposition."

Valuable information regarding the relation of the banker to county finances was given the commissioners by President J. A. Griffin, of the Exchange National Bank of Tampa. He stated that in any county government the most important factors are the county commissioners.

One of the most interesting addresses of the day was that regarding the state automobile tax law given in detail by Ernest Amos, state comptroller. Interesting statistics were presented by Mr. Amos, to show the tremendous increase in automobile registration during the past five years. He stated that the majority of the states

MOOSEHEART HOME DECIDED ORANGE PARK

MUCH MOOTED HOME WILL
HAVE TWO YEARS LEASE
ON PROPERTY

(By The Associated Press)
WASHINGTON, May 10.—The Supreme Council Loyal Order of Moose authorized to lease for two years with agreement to purchase for \$50,000 the winter resort property at Orange Park, near Jacksonville, for use as a home for aged, it was announced here today by E. J. Henning, assistant secretary of labor, who is an officer of the fraternal order. Arrangements are being completed to transfer to a new location considerable number of elderly members of the fraternity who have been under care at Mooseheart, Indiana, where the lodge has a home for children. If the two year experiment in Florida is satisfactory the Supreme Council intends to enlarge the property and build a permanent establishment.

57 YEARS SINCE JEFF DAVIS WAS CAPTURED

One of Two Surviving Members of
Party Tells Story Today

(By The Associated Press)
SPENCER, Ohio, May 10.—Fifty-seven years ago today Jefferson Davis, president of the Confederate states, was taken prisoner by the Fourth Michigan Cavalry, near Irwinsville, Georgia. Today Thomas Hunter, 79, a Union veteran and one of the two living members of the capturing party, recounted reminiscences of the period. Davis was not attired in feminine apparel when troops surrounded him, Hunter asserted, historical statements to the contrary notwithstanding. He wore a gentlemen's morning robe over regular clothes, Hunter said, and had on no woman's belongings.

WILL HIT FLORIDA A HARD WALLOP IN POTASH TARIFF

(By The Associated Press)
WASHINGTON, May 10.—Senator Fletcher yesterday read and had printed in the Congressional Record telegrams from the Wilson & Toomer Fertilizer Co., of Jacksonville, relative to the tariff on potash, in which it is stated that an enormous burden will be laid on the Florida farmers if this duty remains. This telegram in part is as follows:

"This proposed duty will amount in dollars and cents, as far as Florida is concerned, for the period of five years, to \$2,850,000. Whoever pays the duty is going to be saddled with a bill for the five-year period of \$2,850,000. As to whether that bill is going to be paid by the Florida growers or be paid by the producers of potash, or somebody else, one cannot know in advance, but according to history such duties are usually paid by the consumer; hence the Florida grower is facing an increased demand on his resources in the next five years of \$2,850,000."

had adopted the weight system of taxing automobiles, it having been found to be more equitable than the taxing by horse power. Florida, he stated, has made more progress in registering cars than any other state.

Mr. Amos pointed out that motor vehicles registration in Florida had increased from 53,687 in 1918 to 107,052 in 1922. He stated that he expected the 1922 receipts would reach a sum total of approximately \$1,750,000. He made the suggestion that as a preventative of automobile theft, that the state of Florida conduct automobile transfers under the same process as the transfer of real estate. This, he said, would be an easy policy toward curbing thefts of cars and would be a simple and inexpensive system. Mr. Amos said he was making demands and imposing penalties upon gasoline dealers who are not paying the one cent tax on gasoline.

MAYOR'S PROCLAMATION— CLEAN-UP WEEK

Whereas: It appears that on May 27th, 1922, Sanford is destined to come into prominence as a convention city because of the Mystic Shrine ceremonial, when thousands of people will be our guests, and

Whereas: It is the desire of all Sanford that the city put on its best appearance at that time, and

Whereas: It is necessary to enlist the aid and co-operation of all the people to the end that the city be made clean and spotless,

NOW THEREFORE, by the authority in me vested, I, C. E. Henry, Mayor of the City of Sanford do hereby proclaim the week beginning May 15th, and ending May 20th, 1922, as 'Clean Up Week' and I do hereby call upon all citizens of

Sanford to lend every aid and assistance in their power, to the officials, in order that Sanford may present a clean and spotless appearance on the ceremonial day, as well as on all other days.

C. E. HENRY,
Mayor.

Sanford, Fla., May 10th, 1922.

ORDER.
It is hereby ordered that the week beginning May 15th and ending May 20th, 1922, be designated as Clean-Up Week, in the City of Sanford, and all officials and employees are hereby directed to help, aid and assist, in carrying out the spirit of the Mayor's Proclamation.

C. J. RYAN,
City Manager.

STATE CANDIDATES QUALIFY WITH SECRETARY OF STATE

Time Limit Expired at Midnight, May 6th—Two
for U. S. Senator; Seven for Congress

(By The Associated Press)
TALLAHASSEE, May 10.—Saturday, May 6, midnight, marked the time-limit for candidates to qualify for the coming Democratic primary, and the following list of candidates was compiled from the records in the office of the secretary of state, Hon. H. Clay Crawford.

For United States Senator: Park Trammell and Albert W. Gilchrist.

For congress: W. J. Drane, District 1; R. W. Davis, District 2; Frank Clark, District 2; Ben S. Hancock, District 3; J. H. Smithwick, District 3; W. A. MacWilliams, District 4; and W. J. Sears, District 4.

Supreme court judge: Jefferson B. Browne, and R. F. Taylor. These candidates, having no opposition, already and are nominated and their names will not appear on the ticket.

Circuit Judges: A. G. Campbell, for first judicial circuit; E. M. Magaha, for first judicial circuit; E. C. Love for second judicial circuit; M. F. Horne for third judicial circuit; Geo. Couper Gibbs, for fourth judicial circuit; Lacy Mahon for fourth judicial circuit; W. S. Bullock, for fifth judicial circuit; M. A. McMullen for sixth judicial circuit; J. J. Dickinson for seventh judicial circuit; A. V. Long for eighth judicial circuit; D. J. Jones for ninth judicial circuit; A. D. Clarmichael for ninth judicial circuit; H. F. Atkinson, for eleventh judicial circuit.

TWENTY-FIVE MILLIONS IN ROYALTIES ARE DUE GERMANY FROM AMERICA

Patents on Guns Made by Krupp's Firm Cannot
Be Touched

(By The Associated Press)
WASHINGTON, May 10.—American government finds itself under revived patent treaty with Germany, faced with the necessity of paying royalties which it is estimated may reach \$25,000,000 to Krupp's firm on patents based on discoveries of American engineers, Thomas S. Miller, Allied property custodian, declared today. Miller said two hundred German patents filed here since July 1919, none of which can be touched by his office. At least eight patents dealing with mobile artillery which Miller said embody many principles of American railroad artillery. In official circles the belief is held that the tracings of American plans surreptitiously removed from War Department and tracings made.

TWO POLICEMEN KILLED AND ONE WOUNDED IN RIOTS; CHICAGO BUILDING BOMBED

(By The Associated Press)
CHICAGO, May 10.—The police today raided the Building Trades labor headquarters and arrested three of Chicago's biggest labor leaders, Big Tim Murphy, Fred Mader and Cornelius Shea in connection with bombings and shootings which early today resulted in the death of two policemen and the serious injury of the third.

CHICAGO, May 10.—Two policemen were killed, another was wounded, two buildings were bombed today in disorders which the police attribute to labor warfare. The shootings were followed by a running pistol fight in which the killers eluded the police. Chief Fitzmorris immediately ordered every policeman on duty and directed all labor leaders of whatsoever calibre to be brought in.

SOVIET REPLY DELIVERED TODAY TO ALLIED NOTE WILL BE CONCILIATORY

WALLACE REID CANNOT DRIVE IN AUTO RACES

HOLDERS OF HIS CONTRACT FOR
MOVING PICTURES,
REFUSED

(By The Associated Press)
INDIANAPOLIS, May 10.—Wallace Reid will not drive his car in the Memorial day automobile race here it became known today. Holders of his long term moving picture contract refuse to permit him to compete.

FORD OFFERS DODGE JOB IN HIS FACTORY

(By The Associated Press)
KALAMAZOO, Mich., May 10.—Henry Ford has offered John Duval Dodge, probationer from Kalamazoo circuit court, a job in his Detroit factory, it became known Monday. The young millionaire was placed on probation Saturday for one year for possessing and transporting liquor and one of the provisions is that he go to work.

STUDENT KILLS STUDENT ON THE COLLEGE CAMPUS

(By The Associated Press)
STILLWATER, Okla., May 10.—Beckham Cobb, twenty-three, of Birmingham, Ala., student at the Oklahoma A. & M. college here was shot and killed last outside the campus yesterday by Earl Gordon, twenty-five, another federal student, while escorting the latter home at the point of a revolver to demand an apology to his pretty young wife for an alleged insult offered by Gordon. Gordon is held in jail pending an investigation but last night no charges had been filed against him.

Bertie Sue Cobb, eighteen, wife of Cobb, declared last night that several nights ago Gordon met her on the streets and insulted her. She had told her husband she said.

Recently, she said, Gordon followed her into a motion picture house and seated himself beside her. She immediately left, she said.

The story of the killing was told last night by Alvin Cannon, student friend of both men.

Cannon said he came to the chapel at noon and met Cobb, and Gordon talking. Gordon asked Cannon to go to his room, according to Cannon, Cobb walked with them. As they left the campus, according to Cannon, Cobb said to Gordon:

"Are you going down there with me?"

"No, I don't think I am," Gordon replied, Cannon said.

Cobb drew a revolver, Cannon said, and remarked:

"I guess you will."

Gordon then said:

"Put up your gun I'll go along."

Cannon declared he then said:

"Well that lets me out if there is to be gunplay," and turned and walked away.

Cobb and Gordon walked on about two hundred feet and Cannon said he turned just in time to see Gordon shoot Cobb. Cobb fell over a hedge into the corner of a yard and Gordon fired two more shots, Cannon stated. Cobb died instantly.

Witnesses reported that Cobb stepped out in front of Gordon just before the shooting began.

Mrs. Cobb said she thought her husband an ex-service man, had been gassed in France. She declared that he was not unduly jealous. Gordon did not make a detailed statement.

"Cobb was after me," he said. Cobb's home is at Birmingham, Ala. He is survived by his mother, Mrs. D. Cobb; two sisters and two brothers. He came to Stillwater with his wife about two years ago. Gordon's home is at Miami, Okla.

Differences of English and French Being Smoothed Over

BELGIANS SORE
GERMANS AND OTHER DELEGATIONS WANT RUSSIAN NOTE TONED DOWN

(By The Associated Press)
GENOA, May 10.—The Russian reply to the Allied memorandum handed to the Allied conferees here this morning. The reply, says the Central News, requests clause eight of memorandum be referred to an international committee of experts with Russia represented on it. Regarding war debts the allies are asked to state the exact discount that would be made if debts were acknowledged. On the whole, it is added, the reply is evasive.

GENOA, May 10.—The Russian reply to the Allied memorandum which was ready for presentation this forenoon was not delivered to the Allies as expected. At the last moment after a conversation between foreign ministers, Tchitcherin, of Russia, and Schanzer, of Italy, decided the reply would have to undergo some alterations. Tchitcherin left Genoa at 2:00 o'clock for Santa Margherita to consult other members of the Russian delegation. Not expected the reply now could be presented until tomorrow.

GENOA, May 10.—Genoa passed an uneasy day speculation on the effect the Russian reply to the allied memorandum would have on the future of the economic conference. The Russians were busily engaged last night in completing their reply which it is expected will be presented today.

M. Tchitcherin was in Genoa for only a short time; then he and the principal members of the Russian delegates gathered at Santa Margherita and began putting the finishing touches on the reply, which it is believed will be highly conciliatory and will open the way for a continuation of the negotiations.

The differences between Premier Lloyd George and M. Barthou have threatened to cloud the negotiations and there are many indications that the Belgians are less irreconcilable in their attitude, and may be persuaded to approve the memorandum to the Russians on condition it be made clear that Belgian property in Russia must be restored to the former owners if possible, and cannot in any case be transferred to others.

Mr. Lloyd George passed almost the entire day in difference with Sir Laming Worthington-Evans, Sir Phillip Lloyd-Greame and other advisors. The row between the prime minister and the Northcliffe press over statements published in London has simmered down, and the conference atmosphere is more pacific although extremely foggy.

The German and many neutral delegations joined in the negotiations with Signor Schanzer, the Italian delegate, to have the Russians temper their response in such a way as to avoid disruption of Genoa gathering which seems less likely than 24 hours earlier. There is less electricity in the air and a general feeling of confidence that the Russians will modify their response so as to make it impossible for the French and Belgian to bolt without further negotiations.

STEAMER ON ROCKS NEAR NEW FOUNDLAND STRUCK LAST NIGHT

(By The Associated Press)
ST. JOHNS, New Foundland, May 10.—An unidentified steamer is on Renewa Rocks, twenty miles north of Cape Race today. She struck the rocks during the night and fishermen went out to her at day-break.

The steamer proved to be the Abasco, bound from Liverpool for Quebec, without cargo. The crew landed safely. The vessel is believed to be a total loss.

The pulp mill at Leesburg is a very busy place these days. A gang of mechanics and laborers are at work installing the huge machinery and putting the finishing touches on its construction. It will not be long until the hum of the paper machines will be heard and the "grasshopper" will be turned loose on the sawgrass of the various lakes of this and adjoining counties. Each day brings the goal sought for nearer.

Of European design is a three wheeled motor street sweeper and sprinkler, its form enabling it to be handled around other vehicles easily.

OLD BUILDINGS ARE PASSING

Work of demolishing the old frame building at the corner of First street and Park avenue occupied by the pool room has begun and this building will make way for a fine three or four story brick building, the owners, Dr. Puleston and L. A. Brumley being undecided as to the height of the building until they can determine what the second and third and fourth floors will be best suited. The old Miller building on the other corner will be torn down at once and the First National Bank will build a five story building there. The old Star Theatre is almost down now and it is understood that a new theatre will grace this lot. Sanford is some building town.

PIPE ORGAN CLUB

The regular weekly meeting of the Pipe Organ Club met Monday afternoon at the home of Mrs. Gatchel on Oak avenue, with Mrs. Harper as hostess.

After a business session, during which interesting plans were made for new club work the members enjoyed a social half hour. Mrs. Harper assisted by Mrs. Gatchel served a most tempting ice course.

Club members present were Mesdames Schelle Maines, Tom Moore, Johnson, Estridge, Lynn, Haile, Farrell, Newman, Gatchel, Harper and Misses Martha Fox and Jeanette Loring.

The club meets next Monday afternoon, May 15, with Mrs. A. M. Phillips on Oak Avenue.

GLEANERS HELD THEIR LAST SOCIAL MEETING

The Gleaners of the Presbyterian church had their last social meeting the evening of the 8th. It was greatly enjoyed by all as Mrs. Alfred Lijja, the president, had arranged such a clever miscellaneous program, of which the first part consisted of poetical tributes to various members. Miss Hermina Lahman rendered several humorous vocal solos; at times we could hardly refrain from crying but just when that idea entered our minds we were shaking with laughter as some of the songs represented a boy and his boyhood trials. Delicious refreshments were served by Mrs. Alfred Lijja, Mrs. J. W. Mero and Mrs. F. L. Green.—Contributed.

FOR RENT—Two nicely furnished rooms, at the Temple Club. 37-6tc

IRISH PASTORAL PLAY TO BE PRODUCED BY DRAMATIC SOCIETY ALL SOULS CHURCH

In the near future will be presented to the public by the members of the dramatic society of All Souls Church a comedy dealing with present day life in Ireland. It has nothing to do with war or rumors of war and its scenes are laid in the peaceful plenty of the little village of Ballymore hidden away in the Wicklow Mountains. Joys are mixed with sorrows and both are spiritualized on the firm foundation of Irish Christianity. It has nothing to do with Red Coats or Green Coats or Orange Coats. It deals with a people who recognizes the good in all mankind and wishes to live and let live. It has its building humor, its dramatic climaxes and its big thrill when Dominic is thrown from the cliff. It may call a tear but laughter is assured. "The Return of Miles O'Rourke" is the title and the play was especially written to fit the new scenery of All Souls Hall by Father Hennessy the local pastor.

The following names insure capable handling: Mesdames O. P. Herndon, Ira W. Jones, Charles Woods and Gene Roumillat. Messrs Moses Jackson, C. V. Mahoney, J. Schirard, E. W. Stiles, M. Tarbell, M. Temple and L. Stone.

Business and professional men find Ferraline to be of peculiar value in restoring strength, relieving run down condition and building up the system.

INVITE U. S. CAPITAL

Bulgaria Wants Americans to Build Shipyards at Varna.

Believes Russia Before Many Years Will Emerge From Present State of Disorganization and Will Need Ships.

Varna, Bulgaria.—The Bulgarian government invites Americans to come to Bulgaria to build shipyards, grain elevators and harbor improvements at Varna on the Black sea, and to establish industrial enterprises at other points.

The government believes that Russia before many years will emerge from her present state of disorganization, and that she will require many ships which could be conveniently built at Varna.

Alexander Radoloff, Bulgarian minister of the interior, told the correspondent one of the greatest opportunities for enterprising Americans existed in the canning, sugar, fishing, forest and mining industries.

"We have enormous forest areas where it will be necessary only to build narrow gauge railways to produce some of the finest lumber and paper pulp in the world," said M. Radoloff. "We are prepared to give responsible Americans concessions in these regions. We feel the United States knows us better than any other foreign power."

ADOPTS CANNIBAL KID

When Lucie W. K. Sweezy, famous army aviator, and his wife arrived in San Francisco recently from the Philippines, they sprung a surprise by introducing their adopted son, an Igorrote of the cannibal head-hunting tribe of Luzon.

MANY JAPS QUITTING U. S.

Every Liner Leaving California for the Orient Carries Hundreds Back Home.

Los Angeles, Cal.—What appears to be a back-to-Japan movement of the Japanese in southern California, noted in Los Angeles newspapers at various times in the last six months, was continued from Los Angeles with the departure recently of a Japanese liner bound direct for the Orient.

Several hundred Japanese, mostly women and children, and among the latter many American born, were aboard the liner when it steamed out of the harbor, followed by a host of fishing boats, from which their fellow countrymen called farewells.

Virtually every liner leaving Los Angeles for the Orient in recent months has been crowded with Japanese.

Steals a Pest House.

Freeland, Pa.—The Freeland pest-house has been stolen again. A few months ago an enterprising citizen putting up a home carried off the building and was using its timbers in the bungalow, despite the chance that they carried smallpox germs in them, when the police arrested him.

Saved Employer From Suicide; Given Raise

Although John T. Lyons, a grocer, of Waterbury, Conn., recently decided he had enough of life, nevertheless he was so grateful to his clerk, Raymond Simonson, for frustrating his suicide attempt that he gave the clerk a big increase in salary and made him his store manager.

WHY HER WATCH GOES WRONG

Various Causes Given for Undoubted Fact That Woman's Timepiece is Generally Incorrect.

Punctuality is said to be the virtue of kings, but not of women. The latter will not, however, admit their lack of it. But when a lady has kept a mere man waiting for her an indefinitely long time her excuse, cynics declare, is really at hand: "My watch must be wrong."

An Englishman, Herbert Duke, who occupied himself with this problem in profound speculations, thinks he has traced it to its source. He has observed that the same watch, when worn by his wife, runs very irregularly, whereas when worn by him it is perfectly correct.

Certainly much is due to the fact that to women the watch is a less necessary tool of life than a beautiful adornment; that they care more for its looking elegant on the wrist than for its being right; that they handle carelessly and inconsiderately this delicate apparatus.

But there must be another more potent cause. It has been observed that the electricity contained in the human body exerts a direct influence on the delicate mechanism of the watch. It may be that the small form of a woman's watch renders it very sensitive to the electro-magnetic influence that emanates from the body.

SNAKES HAVE LARGE 'LITTERS'

Boa Constrictor, in Captivity, Gave Birth to Sixty-Four Living Young —Others Prolific.

The sixteen-foot Trinidad anaconda, or water boa, at the London Zoological gardens, not long ago gave birth to twenty-four young ones. The newborn snakes were twenty-six inches long and about an inch in diameter at the thickest part of the body.

That number of young had been exceeded by a seventeen-foot snake at the New York Zoological park, which produced thirty-four young. Still another anaconda has been known to produce thirty-seven at a birth, and a large specimen of boa constrictor gave birth to sixty-four living young.

Roosevelt a Bird Lover.

Roosevelt's first appearance in the editorial columns of a New York newspaper was probably that in the Evening Post of February 25, 1878. Roosevelt was then a sophomore at Harvard, eighteen years old.

Diamond Rivers.

The geological formation of the famous diamond region in the state of Bahia, Brazil, shows that at some time in the history of the world the mountains there were thrown up by a hot mass and the carbon in the stone crystallized into gems.

Exercise for Blood Pressure.

Certain vigorous exercises are distinctly beneficial in most cases of too high blood pressure. At a recent meeting of the New York Academy of Medicine Dr. C. Ward Crampton described his favorite treatment of this trouble, which included regular exercise.

In the earlier stages the following program was advised: 1. Morning exercise, 12 minutes; 2. Walk three quarters of an hour; 3. Vigorous exercise with sweating three times a week; 4. In the open half a day.

In advanced cases the exercise should be milder. Of course, exercise is only a part of the general treatment, and there are many cases in which it should not be given, especially those in which the heart and kidneys are seriously involved.

PROPOSE CANAL TO SEA COAST OF COCOA

The people of Cocoa, Florida, are now discussing the plans for the construction of a canal across the two narrow capes of land which separates the Indian river from the Atlantic ocean.

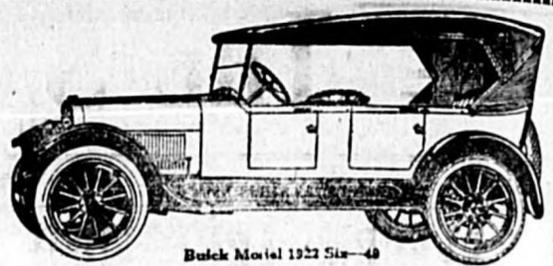

Ocean liners could then come in thru the canal to Cocoa, and fruit or truck could be loaded and shipped to various points where the price would be more favorable. Grapefruit have been shipped to Europe a number of times and proved successful.

This canal would help to open up east Orange county as it is near this port and the citrus growers could haul their fruit to Cocoa to be loaded on the boats.

That Alachua county will have the hearty cooperation of Putnam and Marion counties in securing improved highways from Gainesville to Palatka and from Gainesville to Ocala is assured.

The orange and grapefruit bloom this season is the heaviest that has been seen in the Winter Haven section in years. Not only is the outside of the trees covered with blossoms and buds, but there is an exceptionally large inside bloom in many groves.

The Moore Haven Sugar Corporation is turning out raw sugar at the rate of 30,000 pounds a day, and molasses to the amount of 10,000 gallons a week.

Buick Model 1922 Six-48

The Reliable Buick Transmission is a Feature of the Buick "Four"

The same quietly operating, dependable transmission that has been so pronounced a feature of the Buick Six, is employed in the Buick Four.

Every part of the remarkable line of Buick four-cylinder cars is distinctly Buick as if the name were stamped upon it.

And back of every Buick car is the skill and experience combined with unparalleled manufacturing equipment facilities.

Fordson TRADE MARK

\$3.95 F. O. B. Detroit

NOTHING LIKE THIS LOW PRICE HAS EVER BEEN KNOWN BEFORE

No farm tractor ever offered more money value, or more work value, than the Fordson Tractor at this astounding new low price.

No farm power unit you can possibly buy will do more for so little—and no farm, regardless of size or location can afford to be without a Fordson Tractor.

Place your order now—there is no time for delay or comparison. Price alone makes your choice the Fordson. After that, performance will prove to you, as it has to 170,000 owners, that this light, compact Fordson is the most efficient power plant ever hitched to a farm tool.

ORANGE PARK NAMED AS MOOSE HOME SITE

Announcement of the selection of Orange Park, Fla., as the site for the home for aged Moose, will bring forth protests from the Tampa Lodge, I. O. O. F., and probably from other lodges throughout South Florida, according to M. Henry Cohen, of the local lodge, in a statement last night.

Announcement of the selection of Orange Park has been made by Rodney H. Brandon, supreme secretary of the order, who declared the site was selected on its merits from among a number of other desirable sites offered.

"The Tampa lodge will draft resolutions immediately, deprecating the selection of Orange Park as the site, even temporarily," Judge Cohen said. Judge Cohen was appointed chairman of the committee to draft the resolutions. The committee includes: R. G. Alburn, J. A. Jones, T. C. Cotton, William Husband, J. Pasternack, and E. D. Hitchcock.

Other lodges in the state will be asked by the Tampa lodge to follow its example and to urge that the site be reconsidered, Judge Cohen said. South Florida's superior merits are reason enough for the action, it is understood.

Orange Park is located about twelve miles southwest of Jacksonville, on the St. Johns river. According to the announcement of its selection, work on the construction of the home would be begun at once. Approximately 1,500 applications from persons eligible for admittance to the home have been received.

Judge Cohen has taken a leading part in the fight of the Tampa lodge to have this city chosen as the site for the erection of the home. The fight was begun more than a year ago. Judge Cohen stated last night that the remonstrance would be delivered to the supreme head of the Moose order.—Tampa Tribune.

THE DOCTOR'S PAY

"A doctor is expected to be ready at any hour of the day or night, for a small fee or a large fee," says H. G. Wells in his "New Worlds for Old." "Existing conditions, however, require that whatever else the doctor does or does not do, he must secure his fee. He is competing in a crowded market for gain, and keeping his energies perforce for those who pay for them. "Whatever powers men want to exercise, whatever service they wish to do it is a preliminary condition that by earning something or selling something they achieve the opportunity. The gift of getting is the supreme gift—all others bow before it. This must go on until there shall come a change in the spirit of living—a change from the spirit of gain (which now necessarily rules our lives) to a spirit of service."

From the viewpoint of the public and especially the patient, the doctor's fees are considered high. It simply compares the minutes he spends in examination with the dollars of his bill.

Perhaps the art and practice and the traditions of medicine itself are in part to blame for this distorted view. The patient has no adequate idea of what he is receiving for his fee. The practice of medicine has not been "sold" to him.

He does not realize that in the hour of service of the doctor, who has given his whole life that he might now relieve and cure the one case before him; there is concentrated and applied all the medical knowledge of the ages and the surgical skill of the centuries. He does not appreciate that the doctor couples with his ser-

vice the discoveries and the achievements of science; that he is giving to one patient all that is known to the art.

If, in some way, all this could be measured in the bill, perhaps the patient would more gladly pay the fee.—Red Cross Magazine.

METHODISTS CHEER MENTION OF WILSON BEFORE CONFERENCE

(By The Associated Press)

HOT SPRINGS, Ark., May 10.—A demonstration in honor of former President Wilson; adoption of resolutions of greeting to Mr. Wilson, President Harding and Secretary of State Hughes; the reading of reports on the collection and disbursement of centenary funds; and the transaction of a quantity of routine business occupied the attention yesterday of delegates to the nineteenth quadrennial conference of the Methodist Episcopal Church, South.

Numerous committee meetings were held last night and leaders said a large number of reports probably will be ready for presentation today.

The outburst came with the introduction of special resolutions which lauded the former president for his efforts toward the establishment of international accord and congratulated President Harding and Secretary Hughes on the work done by the Washington conference. When the reading clerk spoke Mr. Wilson's name his succeeding words were drowned in the flood of cheers and applause from all parts of the hall. Presiding officers tried vainly to restore quiet but several minutes elapsed before the crowd would settle.

After stating that the campaign to obtain \$35,000,000 as a "thank offering" had resulted in a total subscription of \$19,611,160, the centenary committee's statement to the conference said:

"This is nearly two millions more than the amount asked for both in new money and the regular incomes of the boards for five years, which brings the total amount of incomes for that period up to about \$50,000,000."

All rights of republication of special dispatches herein are also reserved.

"The Bootleggers" are at the DeLand Theatre this week. Suppose they will visit Sanford also.

Greece will bottle up all of Turkey and we suppose the dealers in turkeys in the United States will use this propaganda for raising the price on the great American birds.

All Florida is divided into three parts. This is not part of the history of Gaul but is being done by the prohibition agents for the elimination of the bootleggers—so it is said.

The bridge across the St. Johns river at Jacksonville is making so much money for the county that the commissioners do not know what to do with it. All county commissioners could take a lesson from this and have nothing but county bridges instead of the private controlled ones.

I'm Going Right Back to My Dear Old Florida Home, is the title of a song now being extensively circulated, and with the words by Robert W. Pearman, Jr., and music by Will Donaldson, it will no doubt attract new attention to this favored land. The cover design is most convincing, for there is shown a sad-looking boy evidently just off the Florida special which has reached the land of snow and ice—and below his where his heart is evidently, is a most wonderful little bungalow, with coconut palms towering over the full-fruited orange trees quite near. The "words" are just what could be expected—a yearning for the land of sunshine and flowers, and the music is melodious and pleasing.—Times-Union.

Anthrax causes enormous losses in the watermelon fields of Florida every year. Spray yours with Bordeaux mixture, using a 4-4-50 solution, and prevent your share of this loss.

WATERWAYS ARE THE SOLUTION.

American Railroads is the name of a four-page paper which is published in New York City by the Associated Railway Executives of America and sent out to the newspapers of the country in the hope that there are enough easy marks to spread their propaganda to the public.

Just a few paragraphs from that sheet will convince Florida growers of the blindness and unfairness of these railroad executives who are even presumptuous in their contentions.

"The farmer will get no benefit from rate reduction." Under this head several columns are written around expert theories to show that freight rates have nothing to do with prices. Florida farmers are not talking from a theoretical hypothesis or expert reasoning. They have the absolute facts and figures to show that the profits of their crops are eaten up in exorbitant railroad rates. They have published the facts cover-

GROCERIES FRUITS AND VEGETABLES. Courtesy and Prompt Service Our Motto. DEANE TURNER. Phones 497-494. WELAKA BLOCK

ing specific instances so that the reading public will not be fooled by these "expert statements."

Another paragraph. "Railway investments, therefore, ought to be encouraged by a rate of return sufficiently above what could be expected in general industrial lines as to clearly constitute railway investments a preferred class." What offrontory. Why should railway investments be preferred over other industrial stocks and bonds? The burden of the argument presented by these railway executives is that the volume of their business must be greatly increased before they can reduce rates. Then why not encourage industry so that production may be increased? Instead of making railroad investments preferred, a position they have long enjoyed until they overreached and killed off traffic, let us reverse the process and make industrial investments preferred and farming profitable, and there will be a season of general prosperity in which the railroads will share. All will be glad to see the railroads prosperous to the exclusion of other industries.

Railroad executives are slow to recognize changed conditions. It is not so easy to exploit the public as once upon a time. Other means of travel and transportation are open to the people and they are taking advantage of them. It will be impossible for railroad companies in the future to speculate in railroad securities by their gambling methods of working the market up and down, nor can they water their stock and expect dividends on the water.

Florida's remedy is not in the water that is put into railroad stocks, but in the water that God put into the streams. The all-water route is an easy affair in Florida. Lakes and rivers seem to have been planted here against the evil of this day. People are making the most of these natural highways.

Over at Eustis a dredge is at work deepening the channel on the lake front, so that large boats can dock there, and dredging in a few places where rivers connect lakes and will give the people of a large and productive territory access to the sea. A dredge would quickly and economically connect the Orlando territory with the Indian river and the sea. A channel to the sea from Orlando would serve a vast territory of inland Florida. Then like California, co-operative companies should be organized to own and operate the water transportation. Railroad and boat companies are so closely associated and investors are so nearly identical that but little relief would come from present water transportation. The fruit growers of California, Oregon, and Washington are organizing their own transportation companies and will get the advantage of whatever profit there is in shipping.

It must be admitted that these railroad executives have an ugly job on their hands. They have built on a basis that will no longer stand up of its own accord and the people will no longer pay tribute. Competition by land, by water and by air has injected new problems for these executives that can not be solved by the old methods, and if they do not realize that fact now, some railroad employe, the source from which most of their best discoveries come, will discover their trouble to them and tell them how to remedy it. These big bore guns can shoot big shells, and these are no longer to be had.—Reporter-Star.

BUSINESS WOULD GO ON AS USUAL.

There are so many men who think the world is resting on their shoulders and if something should happen to them that the world would stop. You see them every day and you wonder just how and where they get that exalted idea—something that they alone seem to have. There is no man so great or powerful that his passing will ever cause much more than a ripple on the surface of the world's mill pond. The Jacksonville Metropolis quotes from the case of Babe Ruth as follows:

"The Grand Rapids Herald remarks that is Aesop were here he could immortalize Babe Ruth in a fable. And there is a lesson for us all in the case of the Great Bambino, son of swat, home run hitter deluxe.

Those who keep up with the great national pastime—who doesn't, at least with the number of circuit clouts marked up to Mr. Ruth's credit?—remember that Babe went on a barnstorming tour last year in defiance to the rules of professional baseball and the specific orders of Judge Landis, high commissioner of baseball. The trip wasn't as successful as the home run king thought it would be. The high commissioner, following out the authority vested in him, took down Ruth's sails considerably by imposing a fine on him and retiring him to the grandstand for a whole month.

This is the reason that The Herald draws from Babe Ruth's experience:

UNCLE HANK

A young fellow, contemplating matrimony, should remember that a young gal's nifty looking feet have nothing to do with th' making of digestible pie-crust.

Mr. Babe Ruth, the King of Swat, is more than a sporting note. He is an editorial. While he cools impatient heels upon the bench, waiting out the "sentence" of Judge Landis who is keeping him out of baseball temporarily to show him that he isn't bigger than the game, the Babe's team strides along at a pennant-winning clip just as though there never had been such a thing as the Bambino to tear off home runs for it in days gone by. Even worse—a young upstart down St. Louis way, Williams by name, usurps the headlines as heir apparent to the Home Run Crown. His eighth and ninth clouts for four bases went down on Saturday's scoreboard—while the Babe has yet to face his first panic-stricken pitcher for the season of 1922. How fleeting and ephemeral is the importance of mere man! Some of us rate ourselves as so utterly indispensable that we rather pity the poor old earth as we contemplate its trouble in worrying along without us when we are gone. For all such, the Babe is a sermon and a moral. But yesterday he was the eclipsing superdreadnaught of his team and league. Today without him, the Ruthless New York Yankees bowl along atop the list, and baseball finds another Hercules to whale the horsehide sphere out of the lot. It will be a chastened King of Swat who returns shortly to Home Plate. No man is so important in his profession that the profession cannot get along without him. This is the thought that would be submitted to Mr. Aesop for fable purposes were he still an inhabitant of this mundane sphere.

There is a newspaper publisher in Florida who boasts that if every man in every department failed to show up for work some morning the paper would come out as usual. The paper might not contain as much news as usual, the typographical appearance might be ragged, the editorials might be "scissored," but the paper would come out in time! So it is in every business, including baseball. No individual is so important that the earth would cease revolving if he happened to "wake up dead" one of these bright mornings. The world is in the habit of rocking along, enjoying life as comes, and Mr. Babe Ruth is discovering he hasn't a monopoly on the home run business."

LEADING FARM PAPERS CONDEMN CALAMITY TARIFF BILL

Here are the views of three leading farm papers on the Calamity Tariff bill:

The Southland Farmer (Houston, Tex.) calls the Senate Tariff bill "a betrayal of agriculture" and says "The promise for protection for farm products is impossible to bring about because we are an export nation for the main farm crops. This tariff will bring the farming regions of the West and South under still greater bondage to the industrial sections of the East and North. The Emergency Tariff showed the fallacy of any tariff helping prices for farm products to any extent worth considering. The bill is one written by special interests for such interests, with little regard to the plain people of the country, and it takes no prophet to foretell what its enactment will cost the Republican party responsible for it."

The Business Farmer (Mt. Clemens, Mich.): "Nearly all of the agricultural items are in terms of specific duties. Reduced to an ad valorem basis at current valuations and compared with the ad valorem rates on commodities of which the farmer is a large purchaser, we find that the agricultural schedules are actually among the lowest on the list. Of what benefit to the farmer is a 25 per cent duty on a world grain like wheat, of which we produce a large surplus, when he must turn right around and pay a 40 to 80

per cent duty on the majority of things he buys. * * * The duty on sugar is an affront to every American consumer. But three and a half million Michigan people are asked to add several million dollars to their sugar bill for the direct benefit of a few hundred sugar mill stockholders and a very small indirect benefit of a handful of beet growers."

American Agriculturist (N. Y.): "They (our legislators) must bear in mind that products basic to the proper production such as raw fertilizer salts, must be duty free so that production is encouraged as cheaply as possible."

HIT THE BALL

If I were in a game of golf, For health, or fun, or fame, I'd play to win; I'd do my best, I wouldn't even stop to jest— I'd play to win the game.

I might of course, make some poor drive And be compelled to stall, But I wouldn't quit—I'd get the lay, By sizing up my only play, And then I'd "Hit the Ball."

All through you life you're playing golf, Or, call it what you may, But do you really do your best, And make your business do the rest, To make life really pay?

There's one sure thing you've got to do, If you'd succeed at all; You've got to think—you've got to plan— Or else be classed an "also ran"— You've got to "Hit the Ball."

—R. J. Shoemaker.

By almost unanimous vote Lee-burg carried its \$38,000 bond issue for a new school building last week. A new negro school building will also be erected. A few years ago Lee-burg believed its present school house was sufficient for many, many years. The growth of the city has been marvelous.

The Lakeland Telegram is well pleased over the report that a "home company" had been awarded the contract for the mill work for the construction of Southern College. The Lakeland Manufacturing Company, of which W. F. Sneed is president, has secured the contract to supply sash, doors and other mill supplies. The Telegram says that the total will be something about \$33,000. Work on

the new buildings is going forward satisfactorily.

A Florida man has obtained a patent for a roadway, made of three strips of concrete, economy of material and labor being his object.

The Italian government has contracted for a telegraph cable by way of Spain and the Canary and Cape Verde Islands to South America.

The United States, Great Britain and France are the only nations able to send radio messages around the world with their own stations.

What is expected to be the best equipped laboratory in the world for testing iron ores is being erected at the University of Minnesota.

There are nearly 45,000 sheep in Argentina, where they are raised chiefly for meat, wool production being secondary consideration.

Overalls held in place by steel bands and which can be taken off in four pieces without being pulled over soiled shoes have been invented.

The shipping season for cucumbers at Wauchula is growing to a close, the dry weather having cut the crop short and caused much of the late fruit to be inferior. The Truck Growers' Association have loaded

their last car of cukes for the season and the other packing houses are there also.

According to the Orlando Sentinel, the postoffice building is to undergo a change soon, which will greatly facilitate the conduct of business at that important place. A balcony is to be erected which will add considerably to the space in the building, and two extra sections of lock boxes will be conveniently placed to accommodate as far as possible the growing demand for this service.

According to the Lakeland Telegram the Auburndale Citrus Growers' Association has decided to erect a new packing house at Auburndale. The old plant will be torn down and a modern, up-to-date structure, equipped with the best machinery and equipment will take its place. The new plant will cost about \$25,000, and be the best that can be secured. The capacity of the new plant at Auburndale will be four carloads a day.

NOTICE! Having sold out the book and periodical and magazine business to E. D. Mobley, all of our old customers will now find a complete line of all the magazines, papers and periodicals at Mobley's Drug Store on Park Avenue. T. J. MILLER & SON. The Herald, 15c per week, delivered.

SAFETY FIRST

Cleanliness is next to Godliness

We invite the public and all users of ELDER SPRINGS WATER to visit the spring and in our method of handling its product. Why take a chance? Your eminent physicians claim that this water in unexcelled and its purity makes it most beneficial for many troubles.

The Ford people of Sanford as well as the Western Union recommend this water for batteries.

Call phone 311 and have a bottle of this water sent you and protect your health.

AN MOTORCADE TO TITUSVILLE NEXT TUESDAY

The Orlando Chamber of Commerce appointed a committee to get up a motorcade to Titusville next Tuesday, the delegation to appear at the meeting before the United States engineer investigating the proposal to improve the inland waterways system of Florida, and debated the proposal to oppose the building of a movie picture studio here, at the noon luncheon today.

Judge W. T. Bland, treasurer of the Florida Inland Waterways Association, told the members of the chamber of the association meeting at Sanford last night, and made an appeal for a delegation to go to the meeting at Titusville Tuesday to enable to secure some advantage for Florida in the inland waterways development.

Judge Bland declared that the importance of this waterways project, being ignored by Orlando, was being mainly urged the importance of the deepening of the St. John's river to permit ocean tonnage to come to Sanford.

Subsequently S. J. Sligh, president of the Inland Waterways Association speaking on the same subject, and by showing some of the handling imposed on shippers by the inland, asserted that only this morning he was notified that he would have to give bond for every load of melons he would ship from the state, by way of guaranteeing freight charges.

President Yowell, of the chamber, appointed a committee of five members to organize the motorcade for Tuesday, the committee comprising the following: W. W. Rose, J. C. Lawson, W. H. Brokaw, T. E. Carter and Franklin O. King.—Reporter-Star.

GIRLS ATTENTION

The Girls' Friendly Society will have their second lesson in cooking tomorrow afternoon at the Parish House at 4 o'clock.

SEEK DISBARMENT OF WEST PALM BEACH AT- TORNEY, J. O. WATSON

WEST PALM BEACH, May 10.—Disbarment proceedings were instituted here Monday against Attorney J. O. Watson by Circuit Judge C. E. Davis, when four affidavits were filed with him concerning Watson's action in having a citizen arrested by the city police for vagrancy, and then failing to appear against him.

Judge Davis issued an order directing the state attorney to investigate and file such pleadings in the case as he deemed proper.

The affidavits were sworn to by Municipal Judge Joe Earnan, the chief of police and two policemen. They stated that the arrest was made on Watson's warrant, that he was verbally notified twice to appear in the case, that "he was drunk the first time notice was served on him," that he failed to appear after second notice and told the judge outside of court that he had never meant to appear, but had thought to force payment of a bill of \$50 by the arrest. The case resulted Watson's citation for contempt in the city court, the decision being reversed in circuit court on the technicality that Watson received only verbal notice and was not served with a subpoena.

A few days ago Watson filed suit for \$25,000 damages against Earnan but no bill of particulars have yet been filed.

VILLAGE BUILT TO MAKE LIONEL BARRYMORE FILM

The exact replica of an English village was built by Whitman Bennett, the producer, for use in the filming of "The Devil's Garden," in which Lionel Barrymore is starred and which will be the attraction at the Princess Theatre tonight. No expense was spared to inject the proper atmosphere into this production, which is based on the widely read novel of the same name, by W. B. Maxwell. In a rescue scene involving the burning of an orphanage, it was necessary to destroy a building. Lionel Barrymore, in going to the "rescue" of the children, was slightly burned.

SOCIETY

MRS. FRED DAIGER, Society Editor,
Phone 217-W
If you have any friends visiting you—if you are going anywhere or coming home, or if you are entertaining, write a postal card to this department, giving details, or telephone the item. It will be greatly appreciated.

CALENDAR

Wednesday—Mrs. B. F. Whitner will entertain the members of the Entree Nons Bridge Club at her home on Oak avenue, at 8 p. m.

Thursday—Mrs. F. L. Miller will entertain the members of the Duplicate Bridge Club at her home on Magnolia avenue.

Thursday—Mrs. R. J. Holly will entertain the members of the Merrie Matrons and one extra table, complimenting Mrs. Walter Wright.

Friday—Mrs. Emma Johnson will entertain the members of the Mothers Club at 3:30 p. m. at her home, 206 Laurel Avenue.

Saturday—Children's Story Hour will be held at Central Park at 4 p. m.

Monday—The Woman's Guild will give an illumination bridge party at the Parish House at 3:00 p. m.

Mr. and Mrs. Fred Daiger, Sr., left this morning for their home in Tampa after spending the past week with their son, Fred Daiger, Jr.

Mrs. Fred Daiger, Jr., and little son Frederick, returned last evening from Clearwater, where they have been the guests of Mrs. Fred McMullen.

Mr. and Mrs. Stanley Walker announce the birth of a daughter, May 8th. The young lady weighs 10 lbs., and has been given the name of Jeanne Elizabeth.

RESERVED SEATS

The commencement week piano recital, under the direction of Mrs. Fannie S. Munson, will be given in the High School Auditorium, Monday evening, May 29th at 8:15.

A nominal admission of 15c is for program expenses. Seats may be reserved in rows, center rows of nine seats each \$1.35; side rows, eight seats \$1.25. Phone 262 for reservations.

SOCIAL DEPARTMENT

The members of the Social Department of the Woman's Club were delightfully entertained yesterday afternoon at bridge, at the club rooms, with Mrs. G. D. Hart as hostess, assisted by Mrs. R. J. Holly, Mrs. Robert Hines and Mrs. Howard Overlin. There were eight tables of players.

Quantities of vari-colored cut flowers combined with greenery, adorned the tables and cabinets, forming a pretty setting for the party.

In the interesting game of bridge played during the afternoon, high score was made by Mrs. E. P. Morse, who was awarded a hand painted candle stick and candle.

At the conclusion of the card game, the hostess served a dainty ice course, the plates being decorated with pink rose buds.

RECITAL

The assistant talent for the coming commencement week, piano recital, will be Miss Sue Magruder, soprano, accompanist, Mrs. Roberta Beacham (Orlando).

Miss Magruder was a former Sanford girl, and in addition to the anticipation of her beautiful voice, is the added interest of many warm friends of the earlier years.

ST. AGNES GUILD

The annual business meeting and election of officers of the St. Agnes Guild was held Monday afternoon at the home of Mrs. Clifford Peabody on Myrtle avenue.

The president being out of town, Mrs. Archie Betts, presided. Reports were made for the past year, and the following officers elected for the coming year: President, Mrs. Archie Betts; vice-president, Mrs. Paul Biggers; secretary, Mrs. A. W. Lee; treasurer, Mrs. S. M. Lloyd; press reporter, Mrs. Fred S. Daiger, Jr.

The next meeting of the Guild will be Monday afternoon, May 22, at the home of Mrs. R. W. Pearman on West First street. All those who can not come please notify the hostess.

SANFORD ROTARY CLUB MAKES GENEROUS DONATION TO THE HOSPITAL.

As president of the Fernald-Laughton Memorial Hospital, I wish publicly to express my appreciation of the generous donation of \$72.50, given the hospital by the Rotary Club of Sanford. Such gifts as this, indicating a kindly attitude on the part of this worthy club, makes more pleasant the burden of the management of the hospital. With both the Rotary and the Kiwanis making frequent contributions the continued success of the institution is assured.

Respectfully,
T. W. LAWTON.

Let us do your Job Printing.

PERSONALS

Sanford is some busy place.

Buildings are being torn down and new ones going up.

Mr. and Mrs. J. St. Clair White, Jr., have as their guest, Mrs. H. Stevens White of Jacksonville.

Mrs. Fred Daiger has returned from Clearwater and the Society page of the Daily Herald will resume its accustomed brightness. Phone your society news to Mrs. Daiger as usual.

James Ward, of the Merchants and Miners Steamship Line is in the city today on business and his many Sanford friends are giving him a warm welcome.

Mr. and Mrs. William Berry, H. H. Witherington and Harry Witherington of Apopka were in the city yesterday the guests of Mrs. H. C. Waters, the daughter of Mr. Witherington.

F. L. Miller is in Jacksonville today attending the meeting of the Funeral Directors and Embalmers of Florida. Frank has been the secretary of the association for many years.

A. H. Goodwin of the Dodson Printers Supply Co., of Atlanta was in the city today calling on the local printing trade. Mr. Goodwin is a Florida booster and is now living in Miami having purchased a fine home there.

Mayor Henry calls for a Clean-Up Week in this issue and everyone should heed the call and clean up and get ready for the big Shriner's celebration here May 27th and thereafter for the many summer visitors who are coming here on the summer excursions.

City Manager Hines and his assistants are to be congratulated upon their good work in planting grass in Central Park and otherwise beautifying this part of the city. Central Park could be made the show place of this city.

S. Robbins has an advertisement in this issue calling attention to the fact that he is now in the new store on First street recently occupied by A. Raffeld and ready for the trade with a fine new stock of goods. New frocks, new suits and new hats at very low prices.

Will Stevens of Winter Park was in the city today passing through from Daytona Beach where he has been sojourning for several days. He has been with the Florida Post for some time but has severed his connection with that paper and is thinking of going to the mountains for the summer months.

The Clyde Line announces a special summer rate on the river trip between Sanford and Jacksonville of \$10 for the round trip effective May 15th and up to including September 30th. This is one of the finest trips in Florida and the round trip rate on the fine Clyde steamers is well worth the extra time it takes on the ships.

N. DeV. Howard Chapter U. D. C. of Sanford is one of the live chapters of the state and were well represented at the meeting in Orlando last week in the president, Mrs. L. G. Stringfellow, Mrs. B. W. Herndon and Mrs. J. D. Woodruff, the secretary. They reported a fine meeting in Orlando and great interest shown in the work of the Daughters in every part of the state.

B. F. Wheeler of Oveido was in the city today on business and calling on his Sanford friends. Mr. Wheeler is a candidate for county commissioner in the Oveido district and has no opposition as the people who know his best are well satisfied that he will make them a good commissioner and while the people in Sanford do not vote in that district they are glad that Mr. Wheeler will be the next commissioner as he is progressive, is well versed in the need of his county and is a successful business man.

B. Y. P. U. PICNIC TOMORROW

The Baptist Young People's Union will have a moonlight picnic tomorrow evening at Crystal lake, the party will leave the Baptist Temple at six o'clock, sharp, where conveyances will be on hand. The young ladies are requested to bring well filled baskets or boxes, while the men will see to the transportation. All members and their friends have a cordial invitation.

Post Cards at the Herald Office.

T. J. MILLER BUILDS ANOTHER BUILDING

T. J. Miller, the "town bulldozer" is putting up another one. He has been building so many buildings during the past six months that it is difficult to keep up with him. His latest is a fine two story building in the rear of his furniture store on Second street and west of his apartment house that fronts on Palmetto. This new building will be a two story brick the first floor to be occupied by Mr. Miller as a mortuary and funeral chapel temporarily and a small warehouse in the rear. The second floor will be a nice five room apartment with all modern conveniences. Mr. Miller will occupy the first floor until such time as he can construct a larger building for his

funeral and embalming business at the corner of Commercial avenue and Palmetto in the rear of the postoffice where he owns a fine piece of property. Verily, Sanford is growing and T. J. is doing a man's part in the building.

PEACE COMMITTEE OF DIAL EIREAN FAILS TO FUNCTION

(By The Associated Press)
LONDON, May 10.—The peace committee of the Dial Eireann failed to reach the basis for unity of factions in Ireland according to Dublin advices.

Drilling for petroleum and natural gas in Hungary so far has been unsuccessful although some wells have been bored to a depth of 600 metres.

A BANK IS AS STRONG AS THE MEN BEHIND IT

- Money, alone, cannot make a sound financial institution—
- Steel vaults and modern appliances do not insure the complete safety of your funds—
- It's your confidence in the MEN BEHIND THE INSTITUTION that impels you to put your money there.
- And when a strong and friendly personnel is backed up by ample resources to take care of the needs of each worthy customer, a banking connection becomes a real asset.
- It's on this basis of Confidence that we invite your account.

CHULUOTA INN

On the Okeechobee Branch of the Florida East Coast Railway, Chuluota, Fla., among the pines and lakes of Seminole county, an up-to-date modern brick hotel, with private baths and hot water heat. First class cuisine. Rates \$2.50 to \$2.50 per day; \$10 to \$18 per week, according to location of room.

MRS. CHAS. D. BRUMLEY, Manager

Discounting The Count

A Count used to be a man in charge of a count of 500 persons to whom he was a sort of overlord. This is not true today because of altered political conditions. We still have Counts, but the Count business has changed somewhat.

Business, of all kinds, has undergone something of a revolution. It was not so many years ago that pack peddlers were the sole distributors and transporters of many of the household articles of the day. Their legs set the limits for most distribution problems in those days.

Modern transportation, progressive sales methods—and advertising—have broken the shackles of time. They make a speedy job of what used to take years. Through advertising many an article has been introduced simultaneously in stores all over the country.

Advertising today is the method used by business to tell you why you should have certain goods and how to identify those goods. The advertisements you find here are a truthful catalog of needed merchandise.

Articles of all kinds and for all purposes are presented in a pleasant way through the medium of type and picture. The outstanding requirements of every member of the family are met by offers of good merchandise of proved value.

Use the advertisements for guidance and you will be a constant gainer

Hupmobile

The thing that people tell each other most often about the Hupmobile, is that it is almost impossible to wear it out.

We are still supplying parts for the first Hupmobiles ever built, 12 and 13 years ago; and these cars are in use today all over the world.

NOTICE OF FINAL ACCOUNTING BY ADMINISTRATRIX

Robert T. Humphrey, William L. Humphrey (sometimes known as L. H. Humphrey), and Ross L. Humphrey, Complainants,

Rosa L. Humphrey, Individually and as Administratrix of the Estate of William T. Humphrey, (sometimes known as W. T. Humphrey), Defendant.

Notice is hereby given that the undersigned as Administratrix of the Estate of William T. Humphrey, deceased, will on the 15th day of May, 1922, file her final report and account as Administratrix of the above named estate in the office of the Clerk of the Circuit Court of Seminole County, Florida, in accordance with an order of the Circuit Court of Seminole County, Florida, dated the 2nd day of March, 1922, in the above entitled cause.

ROSA L. HUMPHREY,
Administratrix of the Estate of William T. Humphrey (sometimes known as W. T. Humphrey)

(March 15, 22; April 5, 12, 19, 26; May 3, 10-2)

NOTICE OF ADMINISTRATOR (For Final Discharge)

In court of County Judge, Seminole County, State of Florida

In re Estate of W. T. Humphrey.

Notice is hereby given, to all whom it may concern, that on the 10th day of May, A. D. 1922, I shall apply to the Honorable E. F. Housholder, Judge of said court, as Judge of Probate, for my final discharge as Administratrix of the estate of W. T. Humphrey, deceased, and that at the same time I will present to said Court my final accounts as Administratrix of said estate, and ask for their approval.

Dated March 7th, A. D. 1922.
ROSA L. HUMPHREY,
3-7-o.a.w-9wc Administratrix.

NOTICE OF BOND ELECTION

Whereas, The City Commission of the City of Sanford, Florida, on the 10th day of April, A. D. 1922, duly passed and adopted a certain ordinance entitled,

"An Ordinance Providing for an Issue of Bonds by the City of Sanford, Florida, in the sum of \$625,000.00 for Municipal Purposes; the Proceeds Derived from the Sale Thereof to be Used for Building and Constructing a Municipal Building, for the Extension of Park Avenue Northward into the Waters of Lake Monroe, for the Extension of the Drainage and Sewerage System, for Constructing, Paved, Macadamized or Other Hard Surfaced Streets, and for Funding and Paying the Outstanding Floating Indebtedness of the City of Sanford Evidenced by Vouchers Heretofore Issued, and Authorizing the Mayor of the City of Sanford, Florida, to call an Election to Determine the Question as to the Issuance of Said Bonds for the Aforesaid Purposes."

and Whereas said ordinance provides for the issue of bonds by the City of Sanford, Florida, for municipal purposes in the total sum of \$625,000.00, the proceeds derived from the sale of said bonds to be expended in the following manner, to-wit:

\$15,000.00 for building and constructing a municipal building for housing the municipal library of the city.

\$67,000.00 for the extension of Park Avenue Northward into the waters of Lake Monroe to enable the public to avail themselves of the right of commerce and transportation afforded by water, and to furnish the means of access from the highway by land to the highway by water for the use of the public.

\$40,000.00 for the extension and enlargement of the drainage and sewerage system of the City.

\$468,000.00 for the construction of paved, macadamized and other hard surfaced streets in the City, and \$35,000.00 for funding and paying the outstanding floating indebtedness of the City of Sanford, Florida, evidenced by vouchers heretofore issued by the City of Sanford, Florida.

Said bonds to be of the denomination of One Thousand Dollars each, bearing interest at the rate of six per centum per annum, interest pay-

able semi-annually on the 1st days of July and January, said bonds to be numbered consecutively from 1 to 625, both numbers inclusive, said bonds to mature in the following manner, to-wit: bonds to be numbered from 1 to 300, both numbers inclusive, to be serial bonds; the maturity dates of bonds of this issue to be numbered from 1 to 300, both inclusive, to be as follows, to-wit:

Bonds numbered from 1 to 30 to mature July 1st, 1925.

Bonds numbered from 31 to 60 to mature July 1st, 1926.

Bonds numbered from 61 to 90 to mature July 1st, 1927.

Bonds numbered from 91 to 120 to mature July 1st, 1928.

Bonds numbered from 121 to 150 to mature July 1st, 1929.

Bonds numbered from 151 to 180 to mature July 1st, 1930.

Bonds numbered from 181 to 210 to mature July 1st, 1931.

Bonds numbered from 211 to 240 to mature July 1st, 1932.

Bonds numbered from 241 to 270 to mature July 1st, 1933.

Bonds numbered from 271 to 300 to mature July 1st, 1934.

Bonds to be numbered from 301 to 625, both numbers inclusive, to bear the same date of maturity, bonds numbered from 301 to 625, both numbers inclusive, to mature 30 years after the date of the issuance thereof; this entire issue of bonds to be dated July 1st, 1922, both principal and interest of said bonds to be payable at some bank in the City of New York, State of New York.

Whereas, prior to the issue of the bonds above described, under the charter of the City of Sanford, Florida, the said ordinance proposing said issue of bonds must be approved by a majority vote of the electors of the City of Sanford, Florida, who are qualified to vote as shown by the registration and tax books of the City, at an election called and held for that purpose.

Therefore, I, C. E. Henry, as Mayor of the City of Sanford, Florida, under and by virtue of the authority in me vested by the ordinances of the City of Sanford, Florida, and we, C. E. Henry, S. O. Chase and Forest Lake, as Commissioners of the City of Sanford, Florida, comprising the City Commission of Sanford, Florida, do hereby call an election to be held in the City of Sanford, Florida, on the 17th day of May, A. D. 1922, to determine the question by said election then and there to be held, whether the said ordinance proposing said issue of bonds shall be adopted, approved and confirmed by the electors of said City, and whether the bonds provided for in said ordinance shall be issued by the City of Sanford, Florida, in the manner and for the purposes in said ordinance provided and set forth.

And I, C. E. Henry, as Mayor of the City of Sanford, Florida, and we, C. E. Henry, S. O. Chase and Forest Lake, as Commissioners of the City of Sanford, Florida, do hereby call an election to be held in the City of Sanford, Florida, on the 17th day of May, A. D. 1922, shall be held and the ordinances and charter of the City of Sanford, Florida.

WITNESS the hands of C. E. Henry, as Mayor of the City of Sanford, Florida, and C. E. Henry, S. O. Chase and Forest Lake, as Commissioners, composing the City Commission of the City of Sanford, Florida, attested by L. R. Phillips, Clerk of the City of Sanford, Florida, and the corporate seal of the City of Sanford, Florida, on this the 10th day of April, A. D. 1922.

CHAS. E. HENRY,
As Mayor of the City of Sanford, Florida.

CHAS. E. HENRY,
S. O. CHASE,
FOREST LAKE,
As the City Commission of the City of Sanford, Florida.

Attest:
L. R. PHILLIPS, (SEAL)
City Clerk of the City of Sanford, Florida.

April 12-19-26; May 3-10-17.

ORDINANCE NO. 30

"An Ordinance Providing for an Issue of Bonds by the City of Sanford, Florida, in the sum of \$625,000.00 for Municipal Purposes; the Proceeds Derived from the Sale Thereof to be Used for Building and Constructing a Municipal Building, for the Extension of Park Avenue Northward into the Waters of Lake Monroe, for the Extension of the Drainage and Sewerage System, for Constructing Paved, Macadamized or Other Hard Surfaced Streets and for Funding and Paying the Outstanding Floating Indebtedness of the City of Sanford, Evidenced by Vouchers Heretofore Issued, and Authorizing the Mayor of the City of Sanford, Florida, to call an Election to Determine the Question as to the Issuance of Said Bonds for the Aforesaid Purposes."

Whereas, the City Commission of the City of Sanford, Florida, deem it expedient and to the best interests of the City of Sanford, Florida, to issue bonds of the City of Sanford, Florida, in the sum of \$625,000.00 for municipal purposes, the proceeds to be derived from the sale of said bonds to be used for the following municipal purposes, to-wit:

(a) Building and constructing a municipal building for the housing of the municipal library of the City of Sanford, Florida.

(b) The Extension of Park Avenue Northward into the waters of Lake Monroe to enable the public to avail themselves of the right of commerce and transportation afforded by water, and to furnish the means of access from the highway by land to the highway by water for the use of the public.

(c) The extension and enlargement of the drainage and sewerage system of the City of Sanford, Florida.

(d) The construction of paved, macadamized and other hard surfaced streets in the City of Sanford, Florida.

(e) The funding and paying of the outstanding floating indebtedness of the City of Sanford, Florida, evidenced by the vouchers heretofore issued by the City of Sanford, Florida.

Therefore, **BE IT ENACTED BY THE PEOPLE OF THE CITY OF SANFORD, FLORIDA:**

Section 1.—That a bond issue in the sum of \$625,000.00, for the municipal purposes enumerated and specifically set forth in the preamble of this ordinance, be, and the same is hereby authorized, provided, however, that before said bonds, or any part of said bonds shall be issued, this ordinance shall be first approved by a majority vote of the electors of the City of Sanford, who are qualified to vote as shown by the registration and tax books of the City, at an election called and held for that purpose, at such time and in such manner as prescribed by law and the ordinances of the City of Sanford, Florida.

Section 2.—That said bonds shall be of the denomination of One Thousand Dollars each, bearing interest at the rate of six per centum per annum, interest payable semi-annually on the 1st days of July and January, said bonds to be numbered consecutively from 1 to 625, both numbers inclusive, said bonds to mature in the following manner, to-wit: bonds to be numbered from 1 to 300, both numbers inclusive, shall be as follows, to-wit:

Bonds numbered 1 to 30 to mature July 1st, 1925.

Bonds numbered from 31 to 60 to mature July 1st, 1926.

Bonds numbered from 61 to 90 to mature July 1st, 1927.

Bonds numbered from 91 to 120 to mature July 1st, 1928.

Bonds numbered from 121 to 150 to mature July 1st, 1929.

Bonds numbered from 151 to 180 to mature July 1st, 1930.

Bonds numbered from 181 to 210 to mature July 1st, 1931.

Bonds numbered from 211 to 240 to mature July 1st, 1932.

Bonds numbered from 241 to 270 to mature July 1st, 1933.

Bonds numbered from 271 to 300 to mature July 1st, 1934.

Bonds to be numbered from 301 to 625, both numbers inclusive, to bear the same date of maturity, bonds numbered from 301 to 625, both numbers inclusive, to mature 30 years after the date of the issuance thereof; this entire issue of bonds to be dated July 1st, 1922, both principal and interest of said bonds to be payable at some bank in the City of New York, State of New York.

Whereas, prior to the issue of the bonds above described, under the charter of the City of Sanford, Florida, the said ordinance proposing said issue of bonds must be approved by a majority vote of the electors of the City of Sanford, Florida, who are qualified to vote as shown by the registration and tax books of the City, at an election called and held for that purpose, at such time and in such manner as prescribed by law and the ordinances of the City of Sanford, Florida.

Therefore, **BE IT ENACTED BY THE PEOPLE OF THE CITY OF SANFORD, FLORIDA:**

Section 1.—That a bond issue in the sum of \$625,000.00, for the municipal purposes enumerated and specifically set forth in the preamble of this ordinance, be, and the same is hereby authorized, provided, however, that before said bonds, or any part of said bonds shall be issued, this ordinance shall be first approved by a majority vote of the electors of the City of Sanford, who are qualified to vote as shown by the registration and tax books of the City, at an election called and held for that purpose, at such time and in such manner as prescribed by law and the ordinances of the City of Sanford, Florida.

Section 2.—That said bonds shall be of the denomination of One Thousand Dollars each, bearing interest at the rate of six per centum per annum, interest payable semi-annually on the 1st days of July and January, said bonds to be numbered consecutively from 1 to 625, both numbers inclusive, said bonds to mature in the following manner, to-wit: bonds to be numbered from 1 to 300, both numbers inclusive, shall be as follows, to-wit:

Bonds numbered 1 to 30 to mature July 1st, 1925.

Bonds numbered from 31 to 60 to mature July 1st, 1926.

Bonds numbered from 61 to 90 to mature July 1st, 1927.

Bonds numbered from 91 to 120 to mature July 1st, 1928.

Bonds numbered from 121 to 150 to mature July 1st, 1929.

Bonds numbered from 151 to 180 to mature July 1st, 1930.

Bonds numbered from 181 to 210 to mature July 1st, 1931.

Bonds numbered from 211 to 240 to mature July 1st, 1932.

Bonds numbered from 241 to 270 to mature July 1st, 1933.

Bonds numbered from 271 to 300 to mature July 1st, 1934.

Bonds to be numbered from 301 to 625, both numbers inclusive shall bear same date of maturity, bonds numbered 301 to 625, both numbers inclusive, shall mature 30 years after date of the issuance thereof; this entire issue of bonds to be dated July 1st, 1922, both principal and interest of said bonds to be payable at some bank in the City of New York, State of New York.

Section 3.—That it is the determination of the City Commission that the sum of \$15,000.00 will be required to pay the cost of building and constructing the municipal building for the housing of the municipal library of the City of Sanford, and that the construction of said library building is a necessary public improvement and will be of great benefit in its relation to the municipality of the City of Sanford, Florida.

Section 4.—That the amount of bonds required for the purpose set forth in Section 3 of this ordinance is the sum of \$15,000.00, and the sum of \$15,000.00 of said proposed issue of bonds is hereby appropriated for the exclusive use and purpose of constructing and building said municipal building referred to in Section 3, of this ordinance.

Section 5.—That it is the determination of the City Commission that the sum of \$67,000.00 will be required to pay the cost of the extension of Park Avenue northward into the waters of Lake Monroe to enable the public to avail themselves of the right of commerce and transportation afforded by water, and to furnish the means of access from the highway by land to the highway by water for the use of the public, and that the extension and construction of Park Avenue north-

ward into the waters of Lake Monroe is a necessary public improvement and will be of general benefit in its relation to the municipality of the City of Sanford, Florida.

Section 6.—That the amount of bonds required for the purpose set forth in Section 5, of this ordinance is the sum of \$67,000.00, and the sum of \$67,000.00 of said proposed issue of bonds is hereby appropriated for the exclusive use and purpose set forth in Section 5, of this ordinance.

Section 7.—That it is the determination of the City Commission that the sum of \$40,000.00 will be required to pay the cost of the extension and enlargement of the drainage and sewerage system of the City of Sanford, Florida, and that the extension and enlargement of the drainage and sewerage system of the City of Sanford, Florida, is a necessary public improvement and will be of general benefit in its relation to the municipality.

Section 8.—That the amount of bonds required for the purpose set forth in Section 7, of this ordinance is the sum of \$40,000.00, and the sum of \$40,000.00 of said proposed issue of bonds is hereby appropriated for the exclusive use and purpose set forth in Section 7, of this ordinance.

Section 9.—That it is the determination of the City Commission that the sum of \$168,000.00 will be required to pay the cost of constructing certain paved, macadamized and other hard surfaced streets in the City of Sanford, Florida, and that the said proposed paving and hard surfacing of certain streets in said City is a necessary public improvement and will be of general benefit in its relation to the municipality.

Section 10.—That the amount of bonds required for the purpose set forth in Section 9, of this ordinance is the sum of \$168,000.00, and the sum of \$168,000.00 of said proposed bond issue is hereby appropriated for the exclusive use and purpose set forth in Section 9 of this ordinance.

Section 11.—That it is the determination of the City Commission that the present outstanding floating indebtedness of the City of Sanford, Florida, amounting to the sum of \$35,000.00 should be funded by the issuance of bonds, and that said outstanding floating indebtedness should be paid, thereby improving the financial condition of said city, and that the payment of said floating indebtedness will be of general benefit in its relation to the municipality.

Section 12.—That the amount of bonds required for the purpose set forth in Section 11, of this ordinance is the sum of \$35,000.00, and the sum of \$35,000.00 of said proposed bond issue is hereby appropriated for the exclusive use and purpose set forth in Section 11, of this ordinance.

Section 13.—That, in accordance with Section 7, of the Revised Ordinances of the City of Sanford, Florida, the Mayor of the City of Sanford, Florida, is hereby instructed, authorized and empowered to call an election to determine the question of the issuance of the bonds provided for by this ordinance.

Section 14.—That the form of the ballots for said election shall be as follows, to-wit:

"For the Approval of that certain ordinance of the City of Sanford, entitled

"An Ordinance Providing for an Issue of Bonds by the City of Sanford, Florida, in the sum of \$625,000.00 for Municipal Purposes; the Proceeds Derived from the Sale Thereof to be Used for Building and Constructing a Municipal Building, for the Extension of Park Avenue Northward into the Waters of Lake Monroe, for the Extension of the Drainage and Sewerage System, for Constructing Paved, Macadamized or Other Hard Surfaced Streets, and for Funding and Paying the Outstanding Floating Indebtedness of the City of Sanford, Evidenced by Vouchers Heretofore Issued, and Authorizing the Mayor of the City of Sanford, Florida, to call an Election to Determine the Question as to the Issuance of Said Bonds for the Aforesaid Purposes."

Section 1.—That the Ordinance passed and adopted by the City Commission of the City of Sanford, Florida, on the 3rd day of May, A. D. 1922, being Ordinance No. 33, be, and the same is hereby renewed, revoked and rescinded.

Section 2.—That this ordinance is declared to be an emergency measure for the immediate preservation of public peace and property, and shall become effective from and after the date of its final passage.

Section 3.—That this Ordinance shall be published once within ten days after its final passage in a newspaper in the City of Sanford, Florida.

Passed by the unanimous vote of the City Commission of the City of Sanford, Florida, May 8th, 1922.

C. E. HENRY, Mayor.

S. O. CHASE, Commissioner.

FOREST LAKE, Commissioner.

Attest:
L. R. PHILLIPS, (SEAL)
City Auditor and Clerk.

Moved and seconded that the requirement of a second reading of the above and foregoing Ordinance at another regular meeting of the City Commission, not less than one week from date hereof, shall be dispensed with by the unanimous vote of the City Commission.

Carried by the unanimous vote of the City Commission of the City of Sanford, Florida, this 8th day of May, A. D. 1922.

STATE NEWS

back and they were leaving it to the trustworthy steeds to lead them right.

Suddenly the footing gave as so much quicksand and horse and pony sank deep in the muck. Both riders extricated themselves with some difficulty but the horses were badly burned before they could be gotten out.

WEST PALM BEACH, May 10.—C. C. Fish, operator of the "yellow" buses between West Palm Beach and Gus' Baths, had cause for reminiscence recently.

It was the occasion of the 36th anniversary of the Haymarket Riots in Chicago.

As a member of the Chicago police force, Fish was among the 175 blue-coats who matched ammunition with the irate anarchists. The police suffered 75 casualties, killed and wounded. The losses in the ranks of the anarchists probably will never be known.

Fish was attached to the Desplaines Street police station and was in the second contingent sent against the bomb-throwers. Although his comrades were shot down to the right and left of him, he escaped uninjured. He proudly exhibits a card, denoting his membership in the organization known as the Veterans of the Haymarket, May 4, 1886. Its membership is numbered very small now. Even when the organization was started some fifteen years after the riots, 40 of the original 175 had died.

GAINESVILLE, May 10.—The fourteen year old son of Wade Thomas, well known planter of the Monteccha section, was killed several days ago in a peculiar accident.

The farm has a small electric power plant and a falling tree had severed the wires. The boy had the two end sof the wire and was amusing himself by touching them together and making them spark. A discarded gasoline tank was nearby and a small quantity of gasoline remaining in it was ignited by the sparks from the wirts, the explosion of the tank killing the lad.

WATER TRAFFIC LEAGUE TO MEET WITH MAJOR LEMEN IN TITUSVILLE

The Florida Inland Waterways Association held a meeting last night at Sanford, at which arrangements were made for the hearing before Major William C. Lemen, United States Engineer Corps, at Titusville on May 16, to determine in what direction inland waterways improvements will take in the state.

Three members of the league were present from Orlando, S. J. Sligh, president; Judge W. T. Bland, treasurer, and W. M. Tarpley, secretary.

Mr. Sligh discussing the meeting with the Reporter-Star this morning deplored the lack of interest on the subject of inland waterways in this city.

As a result of last night's meeting representatives of the Sanford Chamber of Commerce, Mr. Sligh said, would start out this morning to learn the volume of tonnage hauled on the upper St. John's River, to report to Major Lemen.

Mr. Sligh was entrusted with the task of determining the amount of tonnage shipped from Orange county and the counties south.

These tonnage reports will be presented to United States engineer to show the importance of traffic in Central Florida, to the end in view of having the government dredge the St. John's River instead of confining its efforts to the East Coast. —Reporter-Star.

EUSTIS CITIZENS PASS BOND ISSUE FOR IMPROVEMENTS

The thriving city of Eustis, Lake county, is celebrating to the limit over the victory achieved yesterday when the taxpayers authorized the issuance of a \$110,000 bond issue for street paving and additional sewerage. The vote was 189 for and 61 against and its passage came after a campaign that was, to say the least, vigorous, especially on the side of those who favored the issue.

The last and biggest gun in the campaign was fired Monday evening when Mayor Eugene G. Duckworth, of Orlando, and Benjamin R. Cox, secretary of the Orlando Chamber of Commerce, addressed a mass meeting of Eustis citizens.

But the campaign was not over for those favoring the passage of the issue until the last vote was cast last yesterday afternoon, although the news had leaked out earlier in the day that an overwhelming vote was being cast in favor of the bonds. Well known citizens of Eustis who took an active part in the campaign informed a reporter for the Sentinel last night that other civic improvements will be made from time to time in keeping with the rapid growth of their community and Lake county as a whole.

Ninety thousand dollars worth of the bonds are to be used for paving, including a project around Lake Gracie. The remainder is for sewerage. The sewerage issue received 218 votes to 39 against.—Orlando Sentinel.

VICTIMS OF FLOOD BEING CARED FOR

(By The Associated Press) NATCHEZ, Miss., May 10.—With 7,000 persons already rationed in the flooded areas of Concordia, Catahoula and Tensas parishes, all of the 25,000 flood sufferers in this district will have been supplied with food by the end of the present week, W. P. Connell, chairman of the executive committee of the Louisiana state relief commission, declared after conferences with workers and planters yesterday. Fifty thousand rations were ordered Tuesday for distribution at Vidalia and points along the river south of Vidalia.

Distribution of rations will be through the Red Cross, Mr. Connell said. People will be allowed to stay in their homes where it is possible to reach them from barges and other points of distribution. When this is impossible they must come to the camps to get supplies, he said.

"From all our investigations, we could find no one who is actually hungry," said Mr. Connell. "When hunger impends, people have gone to the camps, according to reports."

MELON MEETING AT APOPKA TODAY

There will be a melon meeting at Apopka this afternoon at 3:30 o'clock which all growers in that section are urged to attend. Slide: on picking, packing and marketing of melons will be shown by F. C. Meier, who is connected with the United States Department of Agriculture. This will be in the form of a lecture and will be of particular interest to growers and will explain why growers some times pay the freight. C. D. Kime, Orange County agricultural agent, will also speak on melon diseases. The meeting will be free to the public.

I. C. C. SUSPEND NEW COAST WISE RATES

(By The Associated Press) WASHINGTON, May 10.—An interstate commerce commission order issued yesterday suspended until September 7, new coast-wise freight rates increasing the charges on boots and shoes moving from New England to Petersburg and Richmond, Va., by way of the lines of the Merchants and Miners transportation company. The new rates amounted to increases of 9 1-2 cents per hundred pounds of the commodities given, when originating in Boston or Providence, R. I., and would have become effective May 10. Their reasonability will be investigated in the interim.

NO WAR TAX

Effective May 8, 1922, the Excise Tax on United States Tires for passenger cars, both casings and tubes is absorbed by the makers and is not added to the selling price.

United States Rubber Company.

Never before could you get so much tire worth for \$10.90

AR-OWNERS who bought a 30x3 1/2 "Usco" for \$10.90 last Fall have discovered this by now—

Nobody before ever got so much tire value in the neighborhood of ten dollars.

They never had to question the quality—with the makers of U. S. Royal Cords behind it.

They couldn't help admiring the price—spontaneously made to meet the new economy times.

A tire that would be high value at more than \$10.90.

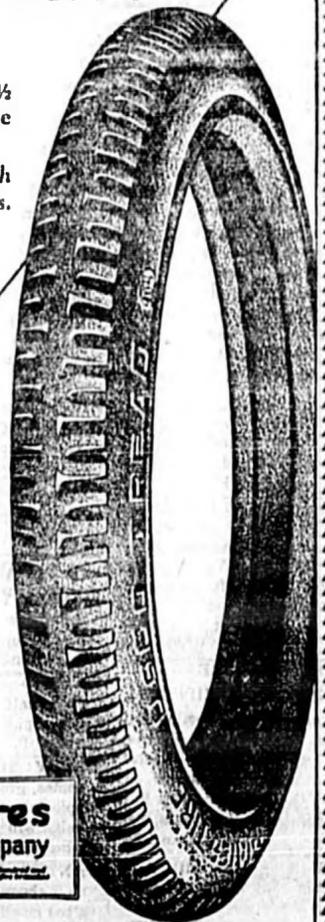

At \$10.90 it is unapproached.
