

Municipal Court Revokes License Of C. P. Martin

A penalty of \$200 and costs or 90 days in jail, and revoking of his driver's license, was given to C. P. Martin, for driving while drunk, when he appeared before Judge F. L. Miller in City Court Friday evening.

The case of Nelson Jacobs, alias Charles Lutz, escaped convict from Utah, was continued, pending orders from that state, to send him back there. Other white cases were Roy Tindall, drunkenness, from whom \$11 bond was untaken; and O. J. Lally, disqualification, following a charge of reckless driving.

A number of cases of negroes charged with disorderly conduct included: John Henry Hamill, who was given a penalty of \$10 and costs or 15 days; Robert L. Manning, \$15 and costs or 15 days; Binger Fennas \$15 and costs or 15 days; Ethel Brown, \$10 and costs or 30 days; Leo

FOR THE SECOND successive year, Rita Hayworth, Hollywood beauty, has been tabbed as America's "Number One Redhead," in a poll at the International Beauty show in New York. (International)

Florida Growers Face Future With More Confidence

JACKSONVILLE, March 23. (Special)—The Florida Vegetable growers are facing the future with more confidence as a result of the sympathetic and understanding attitude exhibited by OPA officials at the vegetable price ceiling hearing held at the Pompano State Farmers Market last Tuesday. While the growers were almost unanimous in opposing any price ceiling, they were assured by OPA officials that the ceiling placed would be high enough to offer them sufficient protection to encourage them to continue in production," said William L. Wilson, Director of State Farmers' Markets.

In Mr. Wilson's crop and market review this week, he said, "The vegetable movement is slowing down as the winter season nears its end and the Spring season is preparing to open."

Conditions at specific markets he reported as follows:

Florida City offerings are limited to tomatoes, and activities are low. Unless present dry weather is broken by rain soon, the late crop will be short. Tomatoes will be light this week, and are bringing about \$1.50 per field box. A few squash are expected at from \$6.00 to \$10.00.

Demand for cabbage at Pahokee is strong and offerings are limited. Growing conditions are reported to be excellent. Strawberries continued to slump at Plant City last week, with sales totaling 1,000 crates, or 36,200 pounds. Average prices ranged from 31 1/2 cents to 36 7/8 cents per pint. A very light pickup is anticipated this week.

Palmetto expects no activity in the market until a small way about April first.

Sanford will have celery, cauliflower and carrots this week. Offerings of other vegetables will be in smaller quantities. Demand is good for all vegetable. Growing conditions are reported as favorable.

Potatoes will have a good supply of cabbage and moderate amounts of collards, turnips, and turnip salad. Demand is heavy. The potato crop this Spring will be about thirty days late as a result of damage suffered from the recent frost.

The egg market at Pensacola is building up well, but fryers are scarce due to heavy buying to compensate the meat shortage. Growing conditions are good with sufficient rain and warm weather. Irish potatoes are just coming through the ground, and green crops are still being planted.

Mormon Missionaries Working in Sanford

Miss Alberta Williamson and Miss Annie Sue Young of California and South Carolina, respectively, are missionaries of the Church of Jesus Christ of Latter Day Saints now working in Sanford, S. C. Cornwall, an active worker in the local parish, announced this morning.

"About one year ago, Elder Brown and Elder Bowman spent several months here as representatives of the church," Mr. Cornwall said.

He continued, both women here this year have been very active in missionary work of the church and have had much experience in that line.

"Most of the missionaries who have been in Sanford in the past are now in the armed forces because of the war time conditions there are no more young men being called by the church. However, they are still able to be engaged in the work and they are accepting their part of the responsibility in spreading the message of the restoration of the gospel," Mr. Cornwall said.

"Their work consists of calling from door to door and becoming acquainted with the people and giving free gospel literature to those people who are interested. They do not accept donations nor take up collections in the work and they are not paid a salary but they finance themselves. Whenever the opportunity is afforded they also hold meetings with the people of the town. Mr. Cornwall concluded.

A LONG LINE OF WAVES HANG ON to the edge of the pool at Hunter College in New York City and learn the proper kick to be employed in doing the crawl. Each member of the class taking the indoctrination course at the college must be able to swim at least fifty yards before she completes her training and receives an assignment. (International)

Soviets Hold Own Against Nazis In Donets River Area

Northeast Of Bryansk 7,000 Dead Germans Are Piled Up In Five-Day Battle

(By Associated Press) Soviet dispatches today reported Red armies were beating off every German attempt to storm across the upper Donets River in the Kharkov Belgorod sector and had piled up 7,000 German dead in a five-day battle northeast of Bryansk.

The Russian front line troops smashing a German advance which also included some 40 miles west of the German base.

In addition, prisoners taken and much Nazi equipment following the Red Army's success was stated in the Midnight communique as recorded here by the Soviet monitor.

The Russians in their own offensive west of Moscow toward the big Nazi base of Smolensk captured an additional number of prisoners, and the Mid-night bulletin indicated that the Red Army was threatening to flank the German position at Yartovo, next big Soviet objective on this front.

The Russians also reported successes above Kharkov and in the Caucasus, but in all cases they made it clear that fighting was heavy and the Germans both in attack and defense were packing a heavy punch.

The German command also reported that "a large scale" Russian attack mounted in January "cut off the Orel area has collapsed, and it listed an eight-week Soviet toll of 10,504 prisoners taken and more than 150,000 fatalities.

Jinkins Reports \$99,872 On 1942 Unpaid Tax Roll

Penalties Effective Unless Amount Is Paid By April 1

Some \$99,872 on the 1942 County tax roll still remain unpaid and there is but one week left in which to pay these taxes without penalty and interest, Jim Jinkins, County tax collector, announced this morning, adding that on April 1, penalties under the new law go into effect on all unpaid taxes.

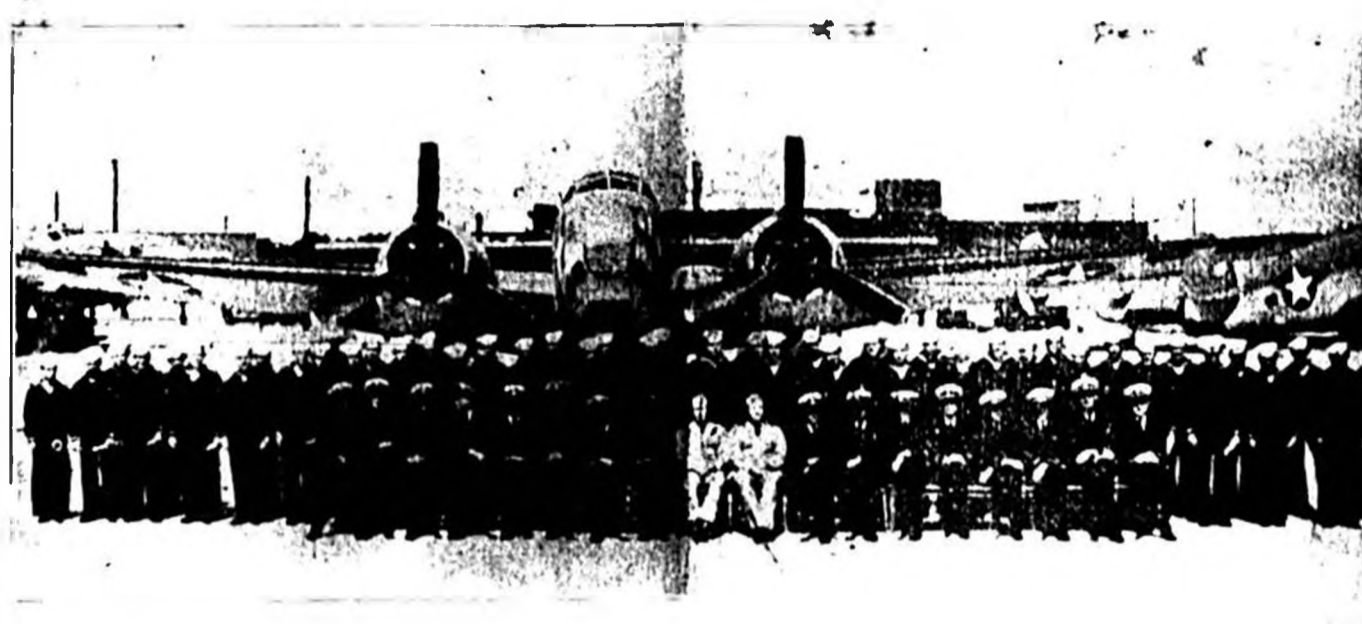

The unpaid individual personal property taxes the penalty is 10 percent plus interest at the rate of 24 percent per year. On real estate the penalty is 4 percent plus interest at the rate of 24 percent per year. All unpaid taxes are required to be advertised as delinquent and the cost of advertising added to the tax bill.

The amount of taxes collected to date on the 1942 tax roll is \$292,800 with discounts allowed for early payment of \$1,126,922, making a total of \$210,873.08 or 67.78 percent of the total roll of \$309,830. Mr. Jinkins stated that the percentage of collections was 69.91 percent and showed a slightly better collection this year. Mr. Jinkins explained.

However, he disclosed, many more persons have paid taxes for 1942, as evidenced by the fact that up to date 4,140 tax receipts have been issued, while for the same period only 4,550 receipts had been issued. This increase in the number of receipts issued is largely about the cost of advertising all delinquent taxes to make return of personal property to the tax assessor for taxation, and it has been found that most citizens have returned personal property that is subject to taxation.

The 1941 legislature made drastic changes in the laws relating to the collection of taxes. Failure to make a return to the tax assessor of personal property subjects the taxpayer to a penalty of 10 percent plus interest at the rate of 24 percent per year until the tax is paid. Mr. Jinkins concluded.

First Class Graduates At Exercises Last Week

Members of the first class of pilot school at the Sanford Army Airfield are shown in their military uniforms. The group includes graduates of the Sanford Army Airfield, who completed their training last week. The photograph shows a large number of young men in uniform standing in rows on a grassy field.

OPA Ceiling On Florida Cabbage Is Effective Now

Zone 1 Price Set At \$6.15, Zone 2 At \$6.35 100 Pounds

Local growers have been advised by the Federal Office of Price Administration, through A. W. Phipps, State price officer, that the new ceiling on cabbage effective at once is as follows:

Zone 1, East of the Chattahoochee River in Florida, 60 cents per pound.

Zone 2, all of the State of Florida west of the Chattahoochee River, and including South Carolina, Alabama, Mississippi, Georgia, and Florida, 60 cents per pound.

Zone 3, all of the States of Virginia, North Carolina, South Carolina, Alabama, Mississippi, Georgia, and Florida, 60 cents per pound.

Several commission men, participating in the new ceiling, stated that the price is going to be a change of cabbage in some areas because in other zones, particularly in the Eastern States, prices are placed as high as \$8 per 100 pounds.

Lawton Speaks To Kiwanians On Necessity Of Sportsmanship

Pilot Club Makes 150 Bandages At Regular Meeting

A total of 150 bandages were made by the 15 members of the Pilot Club who met at the Kiwanis Club last night for their regular business meeting. The second bandage night in each month has been designated as Pilot Night at which the club will combine its business meetings with the making of bandages.

During the short business session the club voted to give a gift to the Red Cross and Mrs. W. J. Smith, who has been very active in the Red Cross, for their contribution of bandages to the club. The gift consisted of a set of bandages and a box of bandages.

Mr. Lawrence B. Smith was elected by the club to be an advisor to the Pilot Club. It was also voted to give a gift to the Red Cross and Mrs. W. J. Smith, who has been very active in the Red Cross, for their contribution of bandages to the club. The gift consisted of a set of bandages and a box of bandages.

Wickard Seeks Farm Payments

Secretary Wants Plan Replacing Stymied Incentive Program

WASHINGTON, March 23 (AP)—The Agriculture Department today announced a plan to replace a stymied farm payment program.

The plan, which would provide for the payment of farm income taxes, was announced by the department's secretary, Charles Wickard.

Wickard said that the current program, which was designed to provide for the payment of farm income taxes, had been stymied by the failure of Congress to appropriate the necessary funds.

The new plan, which would provide for the payment of farm income taxes, would be a more comprehensive program than the current one.

Robb Takes Over Post Of Training Officer

First James W. Robb, Jr., Named To Post

First James W. Robb, Jr., of the United States Army, has been named to the post of training officer at the Sanford Army Airfield.

Robb, who is a graduate of the United States Military Academy at West Point, has been in the Army for several years and has held various positions of responsibility.

He is being transferred from the 1st Cavalry Division at Fort Benning, Georgia, to the Sanford Army Airfield.

Seven Ensigns, Lieutenant Are Station Nurses

Lieut. Janet Craig McAdie, a veteran of more than 20 years' service in the United States Navy, has arrived with seven other nurses to report for duty at the Naval Air Station.

A native of Brooklyn, Lieut. McAdie entered the Navy at the Brooklyn Navy Yard in 1922 after completing her training at Kings County Hospital in Brooklyn. During her tenure in the Navy, she served on various stations, including the Naval Air Station at Sanford, where she spent five years at the Naval Department Dispensary in Washington.

Other nurses in the group recently completed duty at the Great Lakes Naval Training Station. They were welcomed on the station by Captain Walter P. Day, senior medical officer.

Ensigns Donna June Angle of Nebraska, Eileen Marie Barney of Kansas, Estaline Louise Akerman of Nebraska, Evelyn Gelfund of Michigan, Hannah Rose Erickson of Nebraska, Lois Margaret Hagg of Ohio and Bertine L. Alvord of Michigan, are the other nurses now stationed here.

No Authority Given State To Kill Dogs

TALLAHASSEE, March 24.—The state board of health has no authority to order the death of unattended dogs that roam the streets and highways of Florida, Attorney General Watson ruled Tuesday.

He gave his opinion to Governor Holland, who said the board has "recently inaugurated an anti-rabies campaign and has ordered a sheriff to shoot all dogs found running loose. The governor asked whether the health board has such power.

The board has authority to order all dogs quarantined and to require them to be on leashes or in the care of some person, the attorney general said, and the owner who violates the quarantine may be arrested—but dogs at large may not be ordered shot.

CITY BRIEFS

Approximately 300 home owners have as yet failed to file for Homestead Exemption, and only one more week remains in which to do this, City Clerk H. N. Sawyer stated today.

The Sanford Outboard Association, meeting yesterday evening at the City Club, elected as president Roy T. Tullis, and as secretary, James G. Gowan, and as treasurer, E. A. Dymon, and as directors, Lieut. John Clark of 422 Lexington Street, was the navigator of the plane. Henley said.

"As we came in on the perfect target, we sprayed her with 40 caliber, clearing the deck and penetrating the fuselage."

A naval officer riding in Henley's cockpit told the writer.

"If the bombs had not landed, those 50 caliber alone would have been enough to finish the job."

Such submarines as these have been troublesome since the Japanese attack on Pearl Harbor, when Bura was supplied by them as well as by air-dropped food stuffs. But Japan has now paid dearly for her endeavor to feed and give fighting equipment to her forces holding Lae and Salamaua against Australian pressure and the Mambare River area against American cleanup troops.

Mitchell Bombers Pounce On Enemy Sub Just Off Lae

(By Associated Press) Slowing slightly what the U.S. Navy's attack on the Japanese submarine I-175, which was spotted off Lae, New Guinea, several Mitchell bombers pounced on the enemy sub just off Lae, New Guinea, today.

The bombers, which were flying at low level, dropped incendiary bombs which penetrated a ventilation machine gun turret on the submarine, directly on the bridge.

The flight was led by Capt. John Henley of Plainfield, N. J., and another Chicagoan, Lieut. John Clark of 422 Lexington Street, was the navigator of the plane. Henley said.

"As we came in on the perfect target, we sprayed her with 40 caliber, clearing the deck and penetrating the fuselage."

A naval officer riding in Henley's cockpit told the writer.

"If the bombs had not landed, those 50 caliber alone would have been enough to finish the job."

Such submarines as these have been troublesome since the Japanese attack on Pearl Harbor, when Bura was supplied by them as well as by air-dropped food stuffs. But Japan has now paid dearly for her endeavor to feed and give fighting equipment to her forces holding Lae and Salamaua against Australian pressure and the Mambare River area against American cleanup troops.

Allied Airmen Strike At Northern France

(By Associated Press) Trade union leaders in London today announced that they had urged Allied airmen to strike in northern France.

The union leaders said that they had urged the airmen to strike in order to disrupt the German war effort.

The airmen, who are based in the United States, are being urged to strike in order to disrupt the German war effort.

Chinese Coolies Found By Marines Tell Story Of Mistreatment By Japs

(By Associated Press) BANGALORE, India, March 23.—The story of the mistreatment of Chinese coolies by Japanese soldiers in the Philippines was told today by two American Marines who had been with the coolies.

The Marines, who were part of a search party, found the coolies in a camp in the Philippines. The coolies had been mistreated by the Japanese soldiers.

The Marines said that the coolies had been kept in a camp for several months and had been mistreated by the Japanese soldiers.

John L. Lewis Issued Subpoena By Senate

WASHINGTON, Mar. 24 (AP)—Chairman Truman (D., Mo.) of the senate war investigating committee issued a subpoena directing John L. Lewis to testify before it Friday, after the mining union leader had said word that he would not make a "definite commitment" to appear.

Truman said Lewis had been requested by the committee counsel, Hugh Fulton, to testify concerning manpower at hearings in which AFL President William Green and CIO President Philip Murray are to testify also.

It is expected that John L. Lewis will testify at the hearings on the coal operators' cooperation.

Truman announced at a committee session this afternoon.

Relatives And Friends Of Service Men Invited To USO "Open House Day"

Relatives and friends of service men are invited to visit the Sanford USO building on the lake front Sunday afternoon from 1:00 to 6:00 o'clock, said William Weiskopf, director, yesterday, and added that this program, "USO Open House Day" will be observed in more than 1,800 USO centers in 47 states.

"This is your USO. Come and see it," the USO's invitation to the public, said Mr. Weiskopf, adding that the purpose of this open house day is to enable the American people to observe at first hand, the USO club, and to become acquainted with the work it is doing.

By way of illustration, Mr. Weiskopf pointed out the snack bar, with plenty of hot thick sandwiches, large pieces of apple pie, soft drinks etc., which are available to servicemen for a small sum. Home-made cookies, provided by the ladies of Sanford, are served free.

The main room presents a cozy, home-like appearance, with soft chairs for tired soldiers, writing and bridge tables, and to the left, the radio lounge, comfortably furnished to relax and listen to programs.

In the rear is the game room, with several ping-pong tables, a new Commando game, tables with checker games and other recreational facilities. Available are also shine boxes for use of the men.

"Invitation is also extended," said Mr. Weiskopf, "to meet the business who make the men feel at home, give them information concerning their service, and to visit an apartment when his bride comes down, where to get a box of oranges to send the folks back home, and advise them what to get for the girl friend's birthday."

"Sanford soldiers, will also be introduced," he said. These young ladies act as partners in games, dancing, and help make the USO club a home away from home."

Panama City Herald Raises Subscription

PANAMA CITY, Mar. 23 (AP)—The Panama City News Herald, afternoon daily, announced Monday that on April 4 it will increase its subscription rate to 25 cents a week, five cents more than at present.

The increase was made necessary by the growing cost of everything connected with publishing a newspaper, the management said.

Rommel Wipes Out British Advances Along Mareth Line

L.B. Mann Thanks Local People For Seining Opinions

Representative Will Give Information To Fish Authority

Thanking the people of Sanford for their interest in the Mareth River, L. B. Mann, U.S. Representative for the district, today announced that he will give information to the Fish Authority regarding the river's condition.

Mann said that he had received many letters from the people of Sanford regarding the river's condition, and that he would be glad to give information to the Fish Authority regarding the river's condition.

Mann said that he would be glad to give information to the Fish Authority regarding the river's condition.

Situation In North Is "Confused" As U.S. Forces Push On From Mankassy

(By Associated Press) The German Rommel has been pushed back with a series of counterattacks and the British have advanced along the Mareth River. The situation in the North is "confused" as U.S. forces push on from Mankassy.

Operators Accept Coal Union Terms

NEW YORK, Mar. 24 (AP)—A threat of immediate stoppage in coal production was averted off today as coal operators accepted the terms of a coal union agreement.

The operators, who had threatened to stop production if the union's demands were not met, have now accepted the union's terms.

Women Would Be On War Peace Committee

(By Associated Press) NEW YORK, Mar. 24.—Women would be on the War Peace Committee, it was announced today.

The committee, which will be formed to study the war and peace situation, will include women as well as men.

Convicts Injure Feet To Get Out Of Labor

TALLAHASSEE, Mar. 24.—Florida Commissioner of Agriculture Nathan Mayo yesterday told the Board of Commissioners of State Institutions that six white prisoners of State Road Camp 23, Duke City, recently cut their heels with razor blades in order to escape work and be returned to the State Prison.

The said investigations have uncovered no signs of mismanagement at the camp which might be the cause of the self-mutilation by the prisoners.

Gov. Spessard L. Holland commented that all camp superintendents have been discharged as the first indication of inhuman treatment at the camp which might be checked up at the Duke City camp.

Movie Capital Is Getting Frantic Over Man Shortage

By ROBBIN COONS
HOLLYWOOD, Mar. 24.—When Mickey Rooney's studio first appealed for his draft deferment as a vital employee he was later deferred after taking a physical

exam) it may have put Mickey in the middle but it also brought out in the open—and dramatically—Hollywood's increasing jitters on the actor shortage.

The airing should be healthy. Hollywood had been kidding itself (not without encouragement) that it might enjoy some sort of exemption as an essential industry.

Some of its technical workers indeed, had been given deferred status, indicating that motion pictures were held in some esteem as war-important. Nothing had been said about actors, other than the official word of the Screen Actors' Guild, which protested against blanket deferment.

So we had an industry, whose propaganda and morale value was lavishly praised, whose work in bond-selling and camp-enterainment was acclaimed, left in a most peculiar position. It should go ahead and make pictures and get its actors, a prime ingredient of same, where it could.

The result? Through enlistment or draft, Hollywood has lost these stars and featured players—Clark Gable, Robert Montgomery, Douglas Fairbanks, Jr., Melvyn Douglas, Tyrone Power, Alan Ladd, James Stewart, John Payne, Lew Ayres, Gene Raymond, Wayne Morris, Gene Antrim, Ronald Reagan, Victor Mature, Tim Holt, Eddie Albert, Bill Holden, Burgess Meredith, Lee Tracy, Robert Sterling, Jeffrey Lynn, Dan Dally, Jr., Tony Martin, Douglas McPhail, Richard New, Ray Middleton, Lee Frederick, Richard Denning, Jack Briggs, Lee Remick, Macdonald Carey and others of more or less prominence.

Robert Taylor, George Montgomery, and perhaps George Sanders are making their last films before departure. And the new leading men? There are some, but the increased drafting of married men leaves scant hope that they will amount long enough to become names.

There are stars still around (as of this writing, at least) the older character people, the

TOUGH GUY ALAN LADD is not only a two-gun man, he's a two woman man! In Paramount's spy thriller, "Lucky Jordan," shown today and Thursday at the Ritz Theatre, he makes love to the blonde duo, Helen Walker and Marie McDonald.

Flight Signals Of Birds Are Mystery Not Yet Explained

By H. W. BLAKESLEE
AP Science Editor

NEW YORK, Mar. 24.—There is evidence of a signal system between birds in flight. The signal operates with extraordinary speed. For thousands of feet, a bird is enough time for a bird to receive the signal and alter its course of flight.

R. W. Gerard, University of Chicago, gets the story in a new issue of the journal of American scientists. He was driving in Vermont when about 50 birds in a flock flew alongside his car. They were only 15 feet from his window.

Car and birds were doing exactly 25 miles an hour. After a few seconds the flock wheeled away from the car. They did not follow the leader. They did not change course. Every single bird headed at exactly the same point.

Had a bird taken even 100 yards to the right of the flock, the flock would have broken up at that point. It is not clear from the report whether the signal is something connected with the my-

terious thing that enables homing pigeons to find direction. The bird signal and maneuver works faster than anything human columns can do.

There are 6,350 registered hospitals of various types in the United States.

One automotive company has built a giant motor bus with a capacity for 250 soldiers.

LEGAL NOTICES

THE SANFORD HERALD is designated as the newspaper in which this notice shall be published for four consecutive weeks. WITNESSE: My commission expires on the 25th day of February, 1942. J. P. HENNINGSON, Clerk of Court.

...You can spot it every time

THE fashion magazine, "Harper's Bazaar," publishes two pages showing a row of young models... each in an original dress creation. Each is drinking an original creation in refreshment... ice-cold Coca-Cola. Thumb the pages of magazines and you see Coke in picture after picture. Note how shops and stores feature "Coke-Bars" for their customers' refreshment.

Coca-Cola had to be good to get where it is. The finished art of 57 years' experience is in its making. The result is a different kind of refreshment—all the difference between something truly refreshing and just something to drink.

The only thing like Coca-Cola is Coca-Cola, itself—the trade-marked product of The Coca-Cola Company. There's no comparison.

It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called Coke. Both mean the same thing... "coming from a single source, and well known to the community".
