Tito Returns Today From Russian Visit

BELGRADE Yugoslavia — President Tito returned today from an eight-day visit to the Soviet Union. Authoritative sources here express the opinion that Tito and Soviet Communist party boss Nikita Khrushchev failed to settle whatever policy row may exist between the two governments and Communist parties.

A Sign Your Life is in DANGER

You're driving on a dark-surfaced highway. The sky becomes overcast. It begins to rain. Traffic bunches up. You strain to see. "Slippery" warnings keep you tense. Then—suddenly you pass onto light-colored concrete. What a relief! Traffic moves out. No "slippery" signs. You know you're on a safer pavement.

Yes, the difference between a sickening swerve and a safe, quick stop often is the pavement. Concrete grips tires—helps you avoid accidents. Wet or dry, its gritty texture provides uniformly high skid resistance.

Remember, no driver expects trouble but if it comes your chances are much better on concrete pavement.

Conning The News

By VIRGINIA CONN

The weekend activities of the Navy seemed to center around the departure of VAH-11 for the Mediterranean. Between the packing and last minute advice, most of the officers found time to attend at least one of the many parties given in their honor. The class of '46 and '47 gathered together to bid farewell to Bob Metzger, who will be leaving in a few days with VAH-11. Rosemary and Cliff Duncan were the delightful hostesses and hostesses were Camille and Bob Metzger. Marty and Lew Millspaugh, Mike Stone, Virginia and John Johnson, Anita and Bob Hadden, Sally and Howie Weigle, Ollie and Mildred Loper, and Mollie Marlow.

Alice and Ernie Mills entertained thirty-six guests with a cocktail party October sixth at their lovely home on Grandview. Alice was stunning in black crepe with ropes of pearls. In the living room her unusual decorating scheme of blue, black and white was enhanced by lavender and white gladioli while varicolored hibiscus framed the silver punch bowl. Ernie leaves this week with VAH-11, and the party was a combination celebration of his making Lt. Cdr. and farewell for a few months. Alice will plunge into plans for "High Fever", the review to be presented this coming winter by the Hospital Auxiliary.

Officers and their wives descended upon the B.O.Q. Friday night for still another farewell party. A delicious buffet dinner was served to 100 guests and music for dancing was provided by the Melodeers.

Faxson and The HATTWING staff were guests at the HATTU square dance held Saturday night.

Mrs. R. Hatchett New Secretary Of Circle No. Ten

Mrs. C. R. Bowers asked to be relieved of her duties as secretary and Mrs. R. T. Hatchett volunteered to take the office, at the regular meeting of Circle Number Ten of the W. S. C. B. of the First Methodist Church on Oct. 2.

Mrs. J. H. Nicholson, chairman, presided over the meeting, which was held at the home of Mrs. W. B. Kirby, 1019 S. Magnolia Ave.

Mrs. Lila Chorpennig gave the devotional and Mrs. G. G. Myers presented a study on "Paul's Idea of the Church."

After Mrs. Kirby gave a report on "Home Missions", Mrs. R. C. Duncan gave the members some ideas for items to make for the bazaar in November. Several of the members also exhibited things they have already made.

The meeting was adjourned with those present singing a hymn, after which refreshments were served to the following members: Mrs. C. W. Brantley, Mrs. C. L. Butler, Mrs. Hugh Carlton, Mrs. Lila Chorpennig, Mrs. W. M. Colbert Jr., Mrs. R. T. Hatchett, Mrs. C. O. Jones, Mrs. G. G. Myers, Mrs. J. H. Nicholson, Mrs. W. F. Petach, Mrs. Robert Bennett, Mrs. R. C. Duncan, Mrs. A. O. Roberts, Mrs. Ernest Southward and Mrs. W. B. West.

Lyman Starting Lineup Struck By Injuries

The Lyman Greyhounds are in their season's worst shape after dropping last Friday night's game to Tavares 23-8. The Greyhounds held Tavares and M looked like the Lyman eleven would take their third straight victory at the half. But all that Lyman's head coach, Jim Payne, feared came true. His first starting lineup is shattered with injuries, Lamar "Moose" Helms, the Greyhound fullback with superb running style hit the sidelines with a broken leg. Payne sent in a capable replacement to fill up the gap. The replacement was Harold Stone, hard-running transfer from Alabama. Result: Stone received an injured knee and will see limited action for many weeks.

What Makes Winners

(This is the first of several writeups concerning football at Seminole High School. It is a critical analysis designed to find the problems of this highly competitive sport, and once the problem is discovered, pointed out to the community educational leaders and the interested public so that these problems may be solved.)

What do you think would happen if there were no grade schools in Sanford? Would these high school students who reach the proud age of fourteen be able to go into the classrooms and successfully complete with transfer students in algebra, biology, modern foreign languages, rhetoric or any of the various multiplicities in the channels of knowledge. Only those outstanding individuals with a good home background would even be able to spell their name!

The Florida-Rice three-game series over a four-year span was opened with a nip-and-tuck contest, won 23-18 by the Owls in 1953. The following year the Florida-Rice game drew national attention when half the lights went out in Rice Stadium during part of the second quarter and throughout the second half.

When will the Seminole produce a winning ball club? When the outstanding material that is being realized in the 12th grade begins to blossom in the seventh grade.

Uoff, Rice Battle Saturday

GAINESVILLE, Fla. — The third game in a football series established in 1954 will be played between Florida's Gators and Rice's Owls on Florida Field, Saturday, Oct. 13.

Considered a sparkling, aggressive ball club, coach Jess Neely's Rice team has 19 lettermen returned, 12 of whom are seniors. This compares to 19 Florida lettermen, eight of them seniors.

The Florida-Rice game drew national attention when half the lights went out in Rice Stadium during part of the second quarter and throughout the second half.

Comment of the sportswriting world was that "The Owls, naturally could see better in the dark than could the Gator." It even looked at the half, 7 to 6, before the Owls quickly rang up three third quarter TD's and finally won, 34-14.

Not meeting last year, the two teams are now each considerably changed from the squads that met in 1954. King Hill is now the number one quarterback, for Rice. Among the speedy backs are left halves Virgil Mutschink and Lanny Fife and right halves Paul Zipperlein, Ken Williams and Bryant Stone, all veterans. Fullback is bolstered by two senior letter-

Committee Named To Select State's All Southern Team

Bernard Kahn, sports editor of the Daytona Beach News-Journal and state selection chairman, has named a committee to select Florida's All Southern high school players. The All Southern selection will be announced in December.

State committee members are Pete Bratager, Miami Herald; Howard Kleinberg, Miami Daily News; Nick Robertson, Sarasota Herald Tribune; Bob Bassine, Orlando Sentinel; Byron Hollingsworth, Tampa Tribune; Ray Crawford, Florida Times-Union; Sam Flowers, Jacksonville Journal; Bill McGrotha, Tallahassee Democrat; Bodie McCroxy, Pensacola News-Journal; Bill Beck, St. Petersburg Times; Bob Balfe, West Palm Beach Post-Times; Joe Kolb, Fort Lauderdale Daily News; Norman Froescher, Ocala Star-Banner; and Jack Slayton, Lakeland Ledger.

men, Jerry Hall and Jack Throckmorton. In the line senior center Don Gillis and junior tackle Larry Whitmire are proven first-string returns.

Lady Politicians Are Pigeon-Holed Into Six Classes

Don't get Marion Sanders wrong. The loves politics, is a self-confessed "insular battle ax" and is not in favor of taking the vote away from women just because of their performance at recent conventions.

"But," adds this woman politician, "there is evidence to indicate that after 36 years women are still treated as a separate class of voters. Numerically, women voters are in the majority but in practice politics is still pretty much a male monopoly."

Mrs. Sanders' baptism in politics occurred four years ago when a couple of politicians asked her to run for Congress against the veteran incumbent, Mrs. Kahner-

ing St. George. Though losing, Mrs. Sanders did quite well, picking up one vote for every two St. George ballots in an opposition stronghold.

He is more important, it married a witty, Wellesley-educated woman thinking about politics and a woman's place in it. In an almost nonpartisan manner, these thoughts are distilled in a book, "The Lady and the Vote."

"Female politicians," says Mrs. Sanders, "are a diverse and mercurial lot although our faces may look familiar. Our standard posture is defensive; we plant one foot high above grubby practical politics and the other on a rock inscribed 'in our aspirations and capacities we are identical with men.'"

Mrs. Sanders has pigeon-holed lady politicians into six handy categories:

1. The grandes dames—"Creatures like Alice Longworth, Perle Mesta or Helen Gahagan Douglas, endowed with special gifts of wit, opulence or glamour."
2. The great battle axes—"Lineal descendants of the suffrage leaders" who burn "with a pure white flame and are the stars and prickly conscience of the party."
3. The lesser battle axes—She includes herself, most women leaders of local political organizations, wives of several senators and, as a group, women "who take a cautious view on the question of women in public office."
4. The yes-women—"Cheerful, contented and generally tongue-tied" women whose docile compliance makes them ideal choices for public office and party posts.
5. The operators—"... Driven by a Napoleonic preoccupation with their own careers. In America this rather frightening similitude is masked by the arts of our beauticians and couturiers."
6. The ardent amateurs—"They are wonderful and they abound. Usually they work as part of a regular campaign organization."

Residents To Voice Tax Assessment Complaints Oct. 26

ALTA MONTE SPRINGS—Altamonte Springs Town Council set Oct. 26, 7:30 p. m. for tax equalization and paving assessment meeting, at its Monday night session. Anyone wishing to register complaints of their tax assessments is invited to be present at this meeting.

Also, plans for renovating the Community House to include new men's and ladies rest rooms complete with powder room for the ladies, are underway. Councilman Hugo Wolf was authorized to submit plans for this project at an early date, to be enacted upon by the Town Council.

Robert Berry Ferritte, 21, of Cooco, was present at the Monday night meeting, to hear his application read, which he submitted for the job of Police Chief. This vacancy was created by the resignation of former Police Chief, Paul Herold, who resigned to return to his post as fireman in the state of Pennsylvania. No action was taken on Ferritte's application, awaiting further applicants to be received.

In other action, plans for moving the town's administration offices from the Community House to the fire house annex, were being discussed.

The town of Altamonte Springs received \$414.18 in arrears for the month of September, according to the clerk.

Funeral Services Are Set Tomorrow For D. C. Stafford

Denzel C. Stafford died very suddenly yesterday at Seminole Memorial Hospital at 12:40 p. m. Mr. Stafford was born in Norfolk, Va., but had made his home in Sanford for the past 45 years. His residence was at 321 Magnolia Ave.

Mr. Stafford owned and operated the Stafford Electric Company of Sanford.

He was a member of the Episcopal Church, a member of the Electrical Contractors Association, and a veteran of World War I.

Survivors include his wife, Mrs. Denzel Stafford; three children, Denny Stafford and Frank Stafford, both of Sanford and Mrs. Richard Healy of Atlanta, Ga.; three grandchildren; one sister, Mrs. Carley Cutlaw of Mount Olive, N. C., and one aunt, Mrs. Ellen Proctor of Greenville, N. C.

Funeral services will be held at 4 p. m. tomorrow (Thursday) at the Holy Cross Episcopal Church with the Rev. Littleton Zimmerman officiating. Burial will be in Oaklawn Memorial Park.

The family has asked that flowers please be omitted and give to the Heart Fund.

Industrial Survey Of City To Be Made

Herlong To Address Inter-Club Luncheon

Plans for the appearance of Congressman A. S. (Syd) Herlong Jr., originally scheduled for an address before the Sanford Rotary Club on Monday, Oct. 22, have been changed to include members of every civic and service club in the city.

The large inter-club luncheon will be held at noon at the Holy Cross Episcopal Church Parish House and will be attended by groups from the following organizations who have already accepted Rotary's invitation to join in hearing the congressman from the Fifth Congressional District: the Pilot Club, the Business and Professional Women's Club, Lions, Kiwanis and Junior Chamber of Commerce.

In order that the serving of the meal to be prepared by Mrs. Roberta Gatchel may be expedited, the committee in charge of the event asks that reservations be made through the regular club channels by noon Friday, Oct. 19. The luncheon fee will be the same as charged by the respective clubs.

It is anticipated that one of the largest crowds yet seen in Sanford will hear the Congressman tell of the recent accomplishments of the Congress.

Bostwick To Conduct Area Study

An Industrial Survey will be made of Sanford in the near future, according to H. H. Coleman, District Manager of the Florida Power and Light Company who made the announcement this morning.

W. M. Bostwick, head of Bostwick, Inc. of Daytona Beach, an industrial engineering firm, will make the survey, said Coleman.

The first Industrial Survey for the Sanford area was made by Bostwick in 1930 and plans have been recently made to bring the old survey up-to-date.

Bostwick will be in Sanford tomorrow to meet with John Krider, Manager of the Seminole County Chamber of Commerce, and his committee, to complete plans for the survey which is expected to get underway immediately.

Coleman, whose company is financing the survey, said that the first survey provided much material to project into the future but Sanford "has already exceeded the original estimates projected in the 1930 Industrial Survey."

Krider, in Tallahassee meeting with the Florida Development Commission today to determine the status of Central Florida's picture, could not be reached for comment.

With added interest being focused in the Sanford and Seminole County efforts to obtain industry for this area, it is expected that the Industrial Survey will provide material for suggestions into the future.

It is expected that Clifford McKibbin, president of the Seminole County Chamber of Commerce, will meet with Bostwick relative to planning the Industrial Survey for this area.

254 Auto Accidents Reported In County First Half Of Year

In its monthly summary of reported vehicle accidents, the Florida Department of Public Safety, headed by Col. H. N. Klemon, it was pointed out that there were 254 automobile accidents in Seminole County during the first six months of 1956, reported to the department.

Three persons were killed in that period, the report stated, with a total of 110 persons injured.

Breaking down the location of automobile accidents in the analysis and summary of accidents, the Department of Public Safety, shows that 140 of the reported total occurred in the rural areas of Seminole County.

The three fatal accidents were in rural areas, said the report. However, there was no analysis of the number of injuries occasioned in automobile accidents outside of the municipalities of the county.

There were 114 accidents in the urban areas of Seminole County, the report lists, in comparison to the 140 which occurred in rural areas.

The death rate, according to the report, per 100 million vehicle miles traveled in Seminole County was 4.3.

Drugs, Surgery Are Forming New Team For Cancer Cure

SAN FRANCISCO—Drugs and surgery are forming a new team in hopes of winning more cures of cancers.

Anticancer drugs are given when a cancer is removed in operations. The aim is safer killing of cancer cells which might become seeds for regrowth.

This new technique was described Tuesday to the American College of Surgeons by Doctor Gerald O. McDonald, Ernesto P. Cruz and Warren H. Cole, University of Illinois College of Medicine, Chicago.

When a cancer is removed, there might still be microscopic—and completely invisible—cancer cells remaining. Or some malignant cells might escape into the bloodstream and wander off to fire up new cancers elsewhere.

To hit at this possibility, the surgeons spread anticancer drugs right in the wound during surgery. Then for three successive days anticancer drugs are given by vein. Three months later, anticancer drugs are given again, aimed at killing any such cancer seeds.

Some 45 patients since June have had this two-pronged treatment for cancers of the breast, stomach and colon, the surgeons said. Whether it actually does produce better results will take several years to determine.

The anticancer drugs used to date are nitrogen mustards, relatives of wartime poison gas. Others may be used.

Lund Describes Herlong As 'Man Who Wasn't There'

DE BARY—Speaking before the De Bary Republican Club this morning, Arnold Lund, Republican candidate for Congress in the Fifth Congressional District described his opponent A. S. Herlong Jr., as the "man who wasn't there."

A "standing room" audience packed the De Bary Community Center to greet Lund who made his initial visit to the Volusia County village. Lund's visit was simultaneous with the announcement of the candidacy of Harry Sellers who will be a Republican write-in candidate for the office of Justice of the Peace.

Arnold Lund was introduced by George Percy, vice-president of the De Bary Republican Club.

"My opponent wasn't there when President Eisenhower needed his support on important legislation," Lund declared. "He wasn't there when he missed 97 important roll calls on significant legislation. He wasn't there when he failed to introduce and pass any district wide legislation for the people in the entire 8 years he was in Washington."

He is now making speeches everywhere in the district. He is attempting to defend his record and he boasts that it isn't what he did that counts, it's what he didn't do. That's a splendid admission of a "do-nothing" congressman and a poor excuse for failure," Lund stated.

He calls his present political campaign an annual "visit to see the people." He stated, "Either Webster defined the word 'annual' wrongly or my opponent has a calendar of his own making because this is the first 'annual' trip in 8 years."

Lund also accused Stevenson of having different speeches for various parts of the country.

"A few weeks ago Stevenson told the Iowa farmers that it was his fault that their prices were too low. Then, a week later he told the city people in Jacksonville that it was to blame because their commodity prices were too high," he said. "Stevenson has adopted the same style of speech-making Truman used to have except that he has added a 'Princeton Accent'."

County's Growth Rapid

The population of Seminole County is growing at the rate of 41 per month, according to the seven-month statistical analysis released by the Florida State Board of Health.

In the January-July report, the State Board of Health listed deaths in Seminole County, including infant deaths, as 539.

However, in the seven-month period there were 326 births, in the breakdown, births were listed as 372 white and 54 colored.

The 230 death total was analyzed in the report as 113 white deaths, 105 colored deaths, eight white infant deaths and 12 colored infant deaths.

According to the tabulation, just released, there were 120 divorces and annulments in Seminole County in the January-July report which were offset by 202 marriages.

In the Seminole County deaths, reported in the Florida State Board of Health's release, 71 deaths were a result of heart disease, 27 from cancer, 14 from cerebral vascular disease, 14 from miscellaneous accidents, eight from chronic nephritis, seven from influenza and pneumonia, and four from motor vehicle accidents. The report lists only two from diabetes, one from syphilis, one from maternal death and one from anemia.

The seven cerebral vascular disease deaths are reported to include vascular lesions affecting the central nervous system. In another column of the tabulation seven deaths were attributed to "all other C. V. R. disease."

There were no deaths reported from typhoid fever. However, the statistical report stated that "The number of reported cases of typhoid fever in Florida has diminished from 485 in 1919 to 36 in 1955."

"The vast improvement in our standard of living," states the State Board of Health report, "during this century is largely responsible for the decrease in incidence of this former infant death."

Auxiliary Holds Supper, Stunt Party Last Week

ALTAMONTE SPRINGS—Ladies of American Legion Auxiliary Unit No. 182 enjoyed a Turkish supper and stunt party at the Legion Home Thursday night.

Everyone was instructed to come dressed as a little girl for the occasion, with a prize being awarded to the lady receiving the greatest applause from the group.

This prize went to Mrs. Roy Pope of Casselberry, who was dressed as a typical little girl, wearing a two piece dress, shoes, socks and straw bonnet and was carefully cuddling her baby doll.

Each person present was requested to perform by exhibiting her greatest talent. Mrs. James McGrath of Longwood acted as emcee for the show. Dinner hostesses were Mrs. D. T. Warren, Mrs. Frank Russell and Mrs. L. L. Cox.

Weather
Generally fair through Thursday; low tonight 57-62.

HARRY SELLER this morning, announced his candidacy for Justice of the Peace in the De Bary District. A Republican, Ralph Witherell, president of the De Bary Republican Club and George Percy, vice president, were with him when the announcement was made this morning at a meeting of the De Bary GOP Club. Yogi Berra Stars In Record-Breaking Home Run Assault

BROOKLYN—The New York Yankees overwhelmed the Dodgers and Don Newcombe with a record-breaking home run assault today and won the World Series, four games to two, with a 9-0 victory.

Yogi Berra hit two homers and Bill Skowron smashed a grand slam homer to back up superb 3-hit pitching by 21-year-old Johnny Kucks.

Robbins Winner In Marksman Class Of Rifle Contest

CAMP PERRY, Ohio.—Marine Sgt. Kenneth W. Robbins Jr., fired 608 points, with 41 "V" five's, out of a possible 650 to win first place in the marksman class in the 1956 Open Rifle Championship Match here recently.

Using the National Rifle Association match rifle (bolt), the sergeant was competing with over 2,000 of the top civilian and service shooters of the nation, who have assembled here for the National Rifle and Pistol Matches—established by an act of Congress in 1933.

Robbins will receive an N. R. A. sterling silver award for his proficiency. He enlisted in the Marine Corps three years ago; began competitive shooting last March.

Competing in the Eastern Division and Regional Matches earlier this year, Robbins fired accurately to take four individual awards. He has never fired here in the "world series" of rifle shooting until this year.

Stationed at Marine Corps Air Station, Cherry Point, N. C., with Marine Transport Squadron 153, the sergeant is a member of the Second Marine Aircraft Wing rifle and pistol team.

He is the son of Kenneth W. Robbins Sr., of Palatka and formerly of Sanford.

Rattlesnake Killed In Lake Mary Area

A six-foot diamond back rattlesnake was killed in Lake Mary recently when it attempted to kill a pet cat.

Mrs. Bess Armbruster reported that a terrific noise was heard and on investigation found that the rattler was attempting to kill their cat. The snake had already killed a kitten before trying to corner the older feline.

Mrs. Armbruster went after the diamond back which later found had eight rattlers, with a garden shovel.
