

Pro Football Faces Big Test In Tilt With College Heroes In Chicago Tonight

CHICAGO, Aug. 21.—(AP)—Professional football will face its greatest challenge ever situated by collegiate heroes tonight when the Chicago Bears tangle with the College All-Stars of 1936 under the hot lights before a throng of 75,000 to 80,000 spectators.

The game will be the first preview of the 1936 season. The professional players will be divided into two teams. During the last few years, the professional players have consistently scored less than the college boys in the professional brand of play in the strength of the two. Defeat for the Bears, champions of the National Professional Football League, tonight would give the college boys a big morale boost and a big talking point in their favor.

The tilt-off is scheduled for 8:00 P. M. If it rains this afternoon or in the early evening, however, the game will be postponed until Saturday night.

A picked squad of 36 college stars, selected in a nation-wide

Annual Citrus Inspection To Start Saturday

(Continued From Page One) will continue until Nov. 2, will be changed down on immediate oranges and lemons, which do not meet the state's marketing laws, to prevent their shipment. Shipments of oranges and lemons which have been treated with arsenic sprays also will be prohibited, but this will not be extended to grapefruit, the department said.

An injunction granted by Judge H. C. Peterson of the Fifth circuit court restrained the commission of agriculture or his agents from interfering with shipment of grapefruit from trees sprayed with arsenic.

Because of this injunction, during the past citrus season, Commissioner Shipe announced the Department of Agriculture would not enforce the state's anti-arsenic laws against grapefruit from other sections not included in the injunction. His office yesterday said the same policy would be followed this season.

"My hands are tied by the court injunction in the Fifth circuit court, and there is nothing I can do about the arsenic-sprayed grapefruit," Commissioner Shipe said last week.

A temporary injunction which Judge Peterson granted was affirmed by the supreme court in an evenly-divided opinion. A majority of the court was necessary to overrule it.

After this decision by the supreme court, the Fifth circuit court granted a motion, to nullify the injunction government. This order has been appealed to the supreme court and will be awaiting decision.

The inspection will involve approximately 200 men when the citrus shipments reach a peak, said S. Taylor, supervising inspection.

Taylor said some shipments from this year's crop already are under way from the lower peninsula.

A state law requiring the citrus inspection service provided for its enforcement from Sept. 1 to Dec. 1 of each year.

A bumper crop of citrus has been forecast for this year. In total, estimates placed the crop at 12,000,000 boxes of oranges, 12,000,000 boxes of grapefruit and 1,000,000 boxes of lemons.

Veterans' Aide Is Visitor At Local Employment Office

Gen. E. English, Veterans' Representative of the U. S. Employment Service for the State of Florida, visited Sanford and the local National Employment office at 200 Magnolia Avenue yesterday in the interest of Veterans' placement with private employers as well as in local work projects.

Veterans' registration at the local Employment office total 250 active and inactive, white and colored, and Mr. English had a good word for the work being done by this office in having been able to place 100 or over 20 percent of the total Veterans' registration, in regular and improved private employment during the past 12 months.

The high point was reached last January when employment was found for 25 veterans and again in June with the placement of 24.

As the best available figures show a total of 1,435 Veterans registered at U. S. E. O. office in Florida and that of this number over 5,700 or 38 percent were listed as employed, it is seen that the local office is keeping step with placements over the state as a

Total Of New Deal Laws Exceeds All Since Revolution

CHICAGO, Aug. 21.—New Deal laws in Washington have put out more legislation in one year than previously had gone into the federal statute book since the Revolutionary War, the American Bar Association's committee on administrative law points out in a report to be submitted to the 57th annual convention of the association in Milwaukee next week.

A review of the committee findings was made public by Walter E. Miller, Chicago lawyer and chairman of the committee's committee on publicity. The report objects to the sheer bulk of the laws put in force since President Roosevelt took office, and they object more specifically to the "mass of provisions leaving the effect of law" which President Roosevelt has been empowered to make.

"Under these circumstances," the committee reported, referring to the large mass of regulations, executive orders and new legislation, "even lawyers are unable to ascertain the law applicable to a given state of facts, and the practical result is that every citizen knows that law becomes, to him it will be, more than void."

Great doubt is expressed in the report as to the wisdom of authorizing the President of the U. S. to create and designate administrative agencies, and attention is called to the fact that under Title No. 1 of the N. E. A. when thirteen agencies and four corporations already have been created by executive order.

The mass of laws and executive orders put into effect during the year led the committee to express the opinion that the judicial branch of the federal government "is being rapidly and actively undermined."

"On committee expresses apprehension," the report states, "that federal administrative agencies' encroaching judicial is constituting a serious danger to the

SAILORE BURNED AT SEA

MIAMI, Aug. 21.—(AP)—The smoke-choked body of Capt. Victor Hope, 45, retired naval officer, was consigned to the great off Port Miami Wednesday morning after chrysothym of three faiths pronounced the final rites.

Since becoming an independent state in 1831, Belgium has had but four kings.

Sir William Blackstone, great English legal authority, was firm believer in witches.

KEY WEST TRAFFIC PICKS UP

KEY WEST, Aug. 21.—(AP)—Administrative tribunals with judicial power are courts in fact," the report stated in discussing the "provisions" of the President.

"Without adequate judicial review of their decisions they are, potentially at least, courts controlled by the executive or by the legislature."

SLAYER SENTENCED

LAFAYETTE, Ga., Aug. 21.—(AP)—J. L. Morrison was sentenced to life imprisonment Wednesday after pleading guilty to a charge of killing two men and shooting a third at Chamocoma last Aug. 11. The jury fixed his punishment at life imprisonment in the shape of Deputy Sheriff D. C. Alexander and A. C. Abernethy and added 10 years for the slaying of James Perry.

use

KAL-CITE

MADE IN MICHIGAN UNDER PATENT TO BE REPRODUCED WITHOUT PERMISSION TO OTHERS

A POTASH-CALCIUM MIXTURE

Now is the time to correct and improve soil conditions in your vegetable fields and citrus groves. Use KAL-CITE for this purpose. It is safe, desirable and economical for this purpose. It is a soil corrector. KAL-CITE is twice as efficient as commercial fertilizers. It contains twice as much potash as bone-based fertilizers and also furnishes many additional and valuable secondary plant foods that have been found to be indispensable in plant nutrition. KAL-CITE is a hard and fast fertilizer that has steadily increased in popularity throughout Florida. When KAL-CITE is used under the same conditions and for the same purpose as other fertilizers an application of one-half of the amount of other fertilizers will result in equal crop yields.

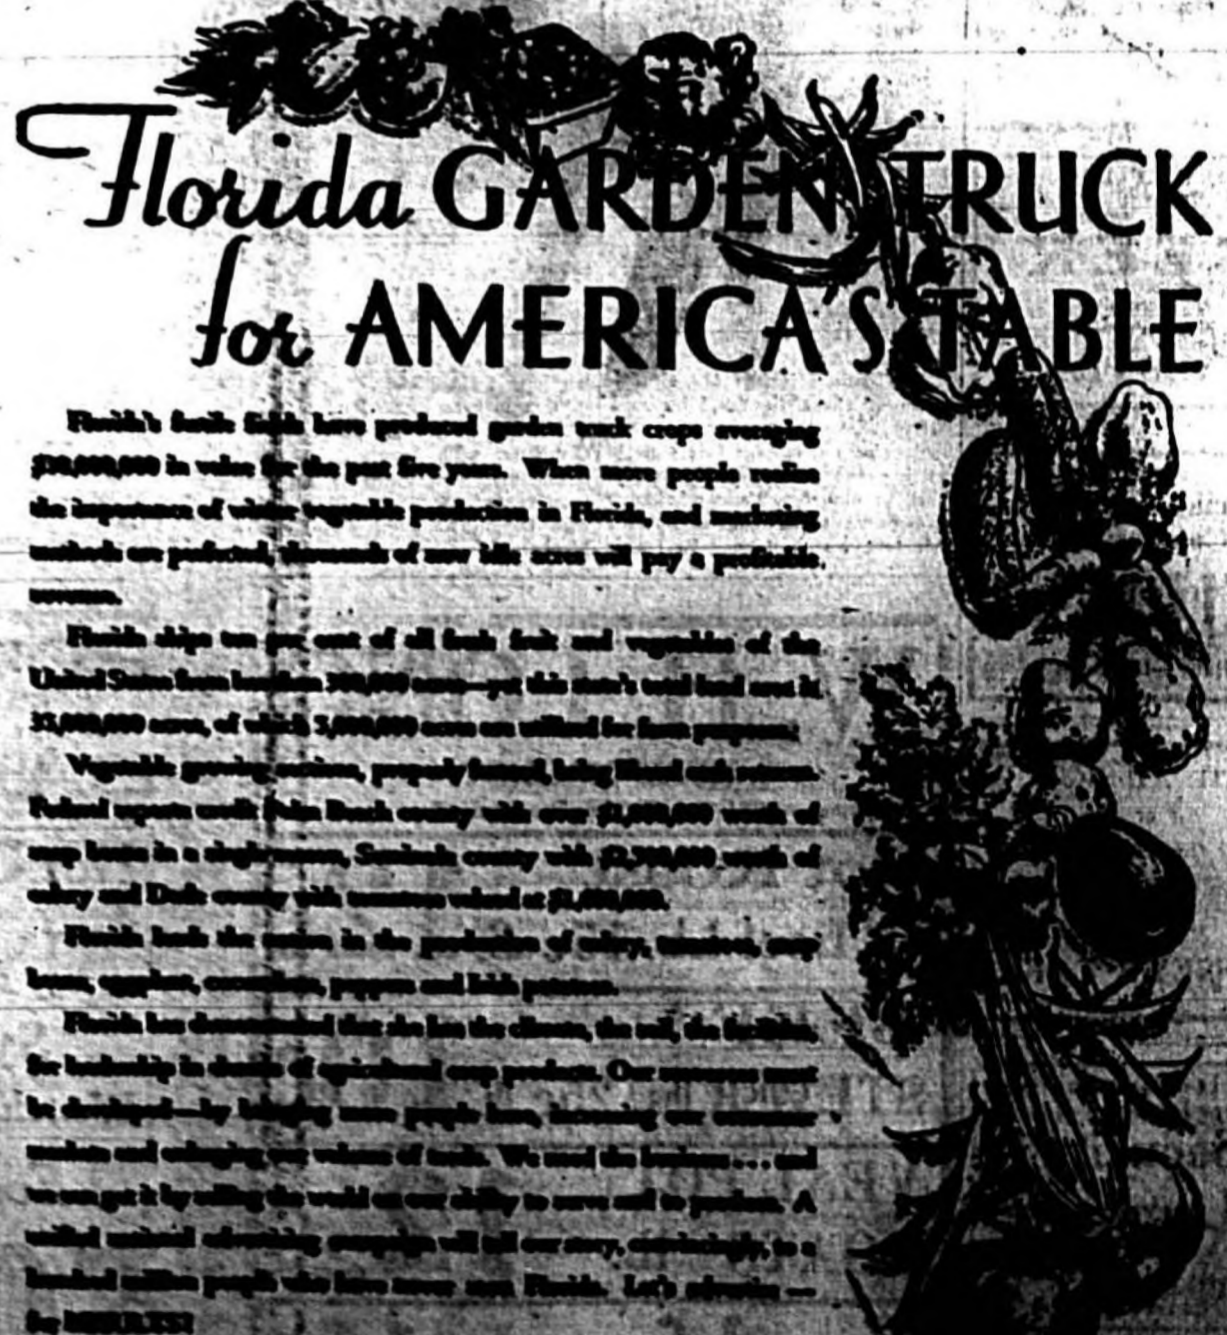

Use KAL-CITE to correct acidities and deficiencies in citrus trees. It is an excellent tonic for both soil and the tree.

To obtain the best possible results for growing vegetables, grow your crop in very good soil.

Florida GARDEN TRUCK For AMERICA'S TABLE

Florida's fertile fields have produced garden truck crops averaging \$20,000,000 in value for the past five years. When more people realize the importance of winter vegetable production in Florida, and marketing methods are perfected, thousands of new life acres will pay a profitable return.

Florida ships ten per cent of all fresh fruit and vegetables of the United States from her own 30,000 acres—yet this state's total land area is 21,000,000 acres, of which 1,000,000 acres are utilized for farm purposes.

Vegetable growing sections, properly drained, being found on numerous Federal reclamation units. Palm Beach county with over \$1,000,000 worth of crop lands in a single season, Seminole county with \$2,000,000 worth of celery and Dale county with tomatoes valued at \$1,000,000.

Florida leads the nation in the production of celery, cucumbers, egg plants, snap beans, sweet corn, peppers and high potatoes.

Florida has demonstrated that she has the climate, the soil, the facilities for leadership in domestic agricultural crop production. Our resources must be developed—by bringing more people here, increasing our summer population and utilizing our winter months. We need the business... and we can get it by selling the world on our ability to serve and to produce. A united national advertising campaign will tell our story, convincingly, to a hundred million people who have never seen Florida. Let's advertise — by MERCH.

The All Florida Commission is a non-profit organization for the promotion of Florida's winter and summer crops. It is a joint effort of the State and the various county agricultural associations. Only one dollar membership fee. It is a national organization. It is a national organization. It is a national organization.

ALL FLORIDA COMMISSION

DILLINGERS' FACE LIFTERS NABBED BY U. S.

2 Chicago Physicians, Attorney, 4 Others Held For Harboring Noted Gang Leader

CHICAGO, Sept. 1.—(AP)—Two Chicago physicians, named by federal agents as the surgeons who performed the face lifting operations and tried to change the fingerprints of John Dillinger and Homer Van Meter, main outlaws, were held under arrest by Department of Justice agents today, with Louis Pigott, attorney, and four other persons. All are accused of harboring and concealing the notorious gangsters. The physicians held are Dr. Wilhelm Loeber and Dr. Harold Bernard Casady. Pigott, a criminal defense attorney, was the man who planned the escape of Dillinger on a murder charge at Crown Point, Ind., before Dillinger talked his way out of the jail with a wooden gun. At the time of the escape, Pigott said Dillinger "walked out" on his toes. The other four, all on charges of concealing the fugitives are Arthur W. Gurney, employe of Pigott's law office, William and Elie Flannery, and Marie Conarty, a recent friend of Van Meter.

Roosevelt Decides On Refinancing Of Debt Due Sept. 15

HYDE PARK, N. Y., Sept. 1.—(AP)—President Roosevelt and Treasury heads yesterday decided upon the government's regular quarterly refinancing operation coming due Sept. 15 and also considered the extent of participation of banks in the Recovery effort with loans. The only work from the conference between the President, Secretary Morgenthau and financial experts was the statement that announcement would be made Sept. 10 of the refinancing program and its extent. Observing closely the trend of national affairs from his summer white house, Roosevelt offered no comment on the textile strike and there was no intimation of his immediate intention. No request for such has been received, it was stated.

Big Strike Depresses U. S. Cotton Market

WASHINGTON, Sept. 1.—(AP)—The cotton strike hovering over the general textile industry already has placed a depressing finger on the cotton market. The cotton market review of the Department of Agriculture yesterday said that prices closed Thursday 20 points below those of Aug. 29, although 20 points above the season's low reached on Aug. 2. The slump was attributed to a week's uncertainty over the strike threat, culminating in the actual strike call issued Thursday.

BURNS PROVE FATAL

WAHACHEE, Tex., Sept. 1.—(AP)—James A. Bose, self-styled renegade who was critically burned when several bombs exploded Friday as he tested them over the side of a plane in an effort to bring rain to this drought-stricken section, died late last night.

New Storms Arising Off East Coast

WASHINGTON, Sept. 1.—(AP)—The Weather Bureau announced a disturbance developing about 100 miles off Cape Cod and which might move westward into the Gulf of Mexico during the next 24 hours.

Herald, Postoffice, Will Close Monday

The Sanford Herald will not be published on Monday, Labor Day, and the Herald office will be closed all day, as will practically every business house in the City. As it is Labor Day, the Court House will open for attorneys and others interested in the usual tax sales. The City Hall will be closed all day. Acting Postmaster R. J. Holly, Sr., has announced that there will be no rural or city delivery of mail on Monday, and that post-office windows will be closed. Only special delivery and parcelable mail is to be handled, he said.

HITLER TERMED BIGGEST MENACE TO WORLD PEACE

Tiger Sees New War Being Hastened By Events In Germany

GAINESVILLE, Fla., Sept. 1.—Dr. John J. Tigert, president of the University of Florida, in an address here Thursday said Adolf Hitler is the "greatest menace to the peace of the world anywhere today" and the "inevitable result of the events transpiring in Germany is the hastening of another great war." The rise of Hitler to power in Germany, Dr. Tigert asserted, was not a very different sort of process from that used by Napoleon Bonaparte to make himself supreme ruler of France. "Hitler had an armed force (the Nazi storm troopers)," he continued (Continued On Page Two)

Volume Of Retail Trading In Sixth Region Declines

ATLANTA, Sept. 1.—The Atlanta Federal Reserve Bank reported yesterday that the volume of retail and wholesale trade in the Sixth Federal Reserve District declined from June to July but remained greater than a year ago. The June to July decline was attributed to seasonal influences. Department store sales were 22.4 percent less in July than in June but were 12.8 percent greater than in July of 1933, the bank reported.

Lampoon On New Deal Destroyed By Naphtha

FARREYTOWN, N. Y., Sept. 1.—(AP)—The lampoon on the New Deal under President Roosevelt, drawn by the mysterious "Jere Mah, II," was ruined yesterday by an uncontrolled explosion which burst into flames, which burst into flames, on the painting. "I did not like the idea of holding up the Roosevelt family to ridicule," said John Thompson, who was sentenced to six months in Westchester penitentiary after his arrest for ruining the picture which hung in the Westchester Institute of Fine Arts.

Sadye Predicts Real Estate Boom In State This Winter After Trip North

"You can see me as saying that the 'big show' of the North, people who have money, are coming to Florida this winter and from all indications real estate throughout the state will certainly go up," stated Mrs. Sadye Moore, Sanford business woman, who arrived here last night after spending the summer in New York City. Mrs. Moore, who operates the Sadye's Shop on East First Street, closed her store during the early part of July for the summer, and although it was her original intention to re-open next week, she said that she decided at 9:30 o'clock this morning to re-open at once today. After

BATTLE LINES ON NEW DEAL CLEARING UP

Roosevelt's Plea For Support Regardless Of Party Clarifies Prospective Debate

WASHINGTON, Sept. 1.—(AP)—The prospective field of battle between the New Deal and the American Liberty League shaped up more clearly yesterday in the light of President Roosevelt's latest appeal for support regardless of party. Pending the league's scheduled statement of its case, the stand of Nathan L. Miller before the American Bar Association that American institutions now are in jeopardy was taken to point the conflict. The Republican former governor of New York is side by side with Alfred E. Smith, John W. Davis and James W. Wadsworth in the "ATL."

NEW DEAL AGAIN CRITICIZED BY BAR ASSOCIATION

Program Held Riding Rough Shod Over Legal Principles

MILWAUKEE, Sept. 1.—(AP)—The American Bar Association yesterday closed its 87th annual convention with an assault on the New Deal. Without opposition the convention followed routine of previous years, accepted the nomination of Alfred by its general council, suspended all rules and unanimously elected Scott M. Loftin, of Jacksonville, Fla., as president. All other nominees also were unanimously voted into office.

AAA Takes Steps To Poll Farmers On Recovery Views

WASHINGTON, Sept. 1.—(AP)—Preliminary moves in a nationwide quiz of 3,000,000 farmers as to their views on crop adjustment in 1935 were drafted yesterday at the AAA, but the actual method of conducting so huge a poll caused officials some puzzlement. Chester C. Davis, farm administrator, who insists that "the farmers run their show," told reporters it was unlikely an individual ballot system would be employed. The exact plan for gathering the farm views, he explained, has not yet been devised.

Hardee May Succeed To Crouch's Post

WASHINGTON, Sept. 1.—(AP)—Carey Hardee, former Florida governor, was reported in informed quarters yesterday to figure prominently among those considered to succeed Harvey Couch, resigned RFC director. Senator Fletcher, chairman of the Senate banking and currency, has recommended Hardee for the post. The Floridaian now is receiver for the Federal American National Bank & Trust Company of Washington and has had considerable banking experience.

State-Wide Meet To Discuss Screw Worm

TALLAHASSEE, Sept. 1.—(AP)—Reports of spreading infestation of cattle screw worm yesterday caused the Governor's office to call a conference of members of the legislature and other interested persons here next Wednesday to discuss methods of control and eradication of the pest. A letter announcing the meeting was sent by J. P. Maxwell, executive secretary in Governor Sholtz, to all members of the legislature, to members of the livestock sanitary board, cattle growers, county farm agents and others.

Storm Ridden Plane Crashes, Killing 5

OREGON, Sept. 1.—(AP)—Twisted and charred wreckage marked a roadside spot today where a woman and four men crashed to their death last night in a storm-ridden transport plane. Low hanging clouds that loosed rain and lightning over northwest Missouri blocked the path of a trimotor ship of the Rapid Airlines, Inc., on its way to Omaha, and it reared into an embankment, bursting into flames. The dead: Mrs. Maude Schiffmacher, Edwardsville, Kans.; Frank Mahan, taking his first plane ride, W. W. Trivette, vice-president of the Corn Belt Farm Dallas Co., and Dallas Lettick, of Omaha, and Don Bontzger, pilot.

SOUTHERN MILL OWNERS SILENT ON POSITIONS

Some Workers Refuse To Participate In Tonight's General Textile Walk-Out

CHARLOTTE, N. C., Sept. 1.—(AP)—Southern textile manufacturers stood silent tonight on the rapidly-forming strike front, while a definite cleavage made itself felt among the employes. Sticking to their decision to remain silent as long as the strike threat hangs over code revision negotiations, employers said nothing, but from town after town came reports of majority votes by workers opposed to the general walk-out which has been ordered by the United Textile Workers of America.

HUEY 'CAPTURES' NEW ORLEANS AT HEAD OF TROOPS

Senator Takes Uphill Residence Prior To Opening Of Probe

NEW ORLEANS, Sept. 1.—(AP)—Huey P. Long's investigation into alleged graft and corruption in the city government opened today on the 16th floor of a downtown bank building, with 25 National Guardsmen, heavily armed, barring all newspapers and the public. All newspapers were requested to leave by Long who claimed it was the will of a committee and not his. He said the entire proceedings will be broadcast by radio.

Politicians Look To Maine Election As New Deal Test

WASHINGTON, Sept. 1.—(AP)—Maine, offering the first conclusive fall elections test for the New Deal, yesterday stood as the early center of September's political winds that will blow through 18 other state primaries and conventions. First of all the states to elect, Maine on Sept. 10 chooses a senator, three representatives and a governor. Republicans hold the senate and one of the house seats to be filled. Democrats control the governorship and two house posts.

Truce In Chaco War Appears Imminent

BUENOS AIRES, Sept. 1.—(AP)—A truce in the Chaco war seemed near last night, after four years of bitter, bloody jungle fighting. Paraguay had accepted and Bolivia was considering the proposal made by three big friendly nations, Argentina, Brazil and the United States, to cease hostilities while terms for peace are discussed at Buenos Aires.

Views On Homestead Act Are Conflicting

By The Associated Press
City commission of Ft. Lauderdale has voted 3-0 in favor of the proposed homestead exemption amendment. Clearwater's council by a vote of 3-0, disapproved. St. Augustine's commission has decided not to take a definite stand. At Winter Haven Mayor E. B. Walcott announced the commission has adopted a stand that they, as a body have no right to express an opinion that a majority of voters might oppose.

725,000 Workers Set To Walk Out Of 2781 Mills Late Tonight

Sloan Of Employers, Gorman Of Strikers Explain Their Stand In Face Of Strike

Statements explaining their stands in the textile strike situation were issued today by George A. Sloan, president of the Cotton Textile Institute, spokesman for the mill owners, and Francis J. Gorman, chairman of the Special Strike Committee, spokesman for the United Textile Workers of America. The statements follow:

SLOAN
"Inevitably, through arrousement, through the loosening of the forces of disorder, through the crippling of whole communities in an industry wide strike of the kind threatened in our present situation, the bitterest injury will be inflicted on the public. The American public is now face to face with the proposition of lawmaking by strike, not only lawmaking by strike for the cotton textile industry but for all industry. At the best it is industrial warfare and it almost inevitably runs into intimidation and physical warfare. One of the labor organizers in this (Continued On Page Two)

GORMAN
"We have exhausted every resource in the direction of peaceful settlement. We have been met, I am sorry to say, by an arrogance on the part of the employers that is amazing in this day and year. There are, we know, many employers who disagree with the policy of the Cotton Textile Institute almost as much as we do but they are powerless for the present. This telegram will call a half million workers to the strike lines. Not all of those are new employed. The strikers, which adds to the machine load per worker (Continued On Page Two)

Force Of Order Won't Be Felt In North Until Next Tuesday; Peace Plans Fail

By The Associated Press
The scheduled walkout of workers in the textile industry became general today with 200,000 silk workers deciding to join the strike. The action of the latter swelled the ranks of workers ordered out under the union banner to 725,000. The deadline in the walk-out call is 11:30 o'clock tonight, but the force of the order cannot be felt in textile mills of the north until Tuesday, Sunday and Labor Day intervening. Mills in the South where Labor Day is not everywhere recognized as a holiday will offer their employes facilities for work on Monday morning. Workers affected in other textile groups are 425,000 in the cotton textile industry and 100,000 in the wool and worsted goods mills. The estimated mills involved are 1000 silk, 1,281 cotton textile, and 500 woolen and worsted. Chairman Lloyd Garrison and (Continued On Page 3)

Full Moratorium Demand By Schacht Replied To Quickly

By The Associated Press
Dr. Hjalmar Schacht's demand for "full moratorium" on Germany's foreign debt brought swift rejoinders Friday from governments whose citizens hold Germany's promises to pay. Great Britain pointed politely to figures showing England was buying more from while selling less to Germany and said this should make it easier for Germany to pay British bondholders. France was reported desiring to seize enough of Germany's favorable trade balance with her to pay the annual interest due French creditors—some 150,000,000 francs. Washington glumly perused another German note politely regretting her inability to pay, and the state department again wondered what it could do about collecting approximately \$9,250,000 due American bondholders annually.

E. M. Essex, 72, Dies After Brief Illness

Edward Milligan Essex, 72, photographer who has lived in Sanford for the past 13 years, died at the Fernald-Laughton Memorial Hospital this morning after a two weeks' illness. Funeral services will be held from the Erickson Funeral Home tomorrow afternoon at 3:00 o'clock, with burial in Evergreen Cemetery. Rev. J. B. Root of the First Congregational Church will officiate, and pallbearers will be F. E. Rossmill, A. Wieboldt, H. C. DuBois, Harry Kent, Henry Nickel, and J. K. Smith. Mr. Essex was born in Iowa on Jan. 10, 1862. With Mrs. Essex, who is his only survivor, he came to Sanford from Effingham, Ill., in 1921. The couple have been residing at 108 North Park Avenue for many years.

FERA Regional Beautification Head To Address Big Crowd Here Tuesday

Indications today pointed to a large number of persons being headed by Mayor J. H. Menick, and it is understood that this group will use its influence in an effort to bring about the early completion of a state park around the Big Tree near Longwood. Orlado, Altamonte Springs, Lake Mary, and Fern Park also will be represented at the meeting, it was learned. Mr. Harno stated while here this week that a plan is now under way to beautify major points of interest in the Sixth Region. He said that the Big Tree would lend itself to beautification work such as projected (Continued On Page 4)

In a previous depression, just at the time when almost everyone was beginning to believe that technological improvements had just about created a condition of permanent unemployment...

Later in another depression the same thing happened again. Millions were unemployed and because machines had been invented which could be operated by one man and do the work of ten...

And yet we hear every day of new inventions which offer prospects of putting millions of men to work. We notice that in France a program has been started which has for its purpose the installation of television devices in connection with every telephone...

"Air conditioning," says the Orlando Sentinel, "not only works but it pays." Ask the Seaboard Air Line railroad which has increased its travel to New York 273 percent. Or ask the Pennsylvania railroad, which pioneered the field and which has more of its trains air-conditioned than any other railroad...

And it will take millions of workers to supply the demand.

FLORIDA COLONIZATION MIAMI DAILY NEWS

Our government has allotted \$300,000,000 for rural colonization. They are many places in this section of the New Deal...

Florida may confidently expect consideration from the national government in its selection of colonization lands. There is every reason to believe on such projects...

Sloan Of Employers; Gorman Of Strikers Explain Their Stand In Face Of Strike

(Continued From Page One) GORMAN

He can bear no more, has robbed thousands of their chance to work. But every man and woman will rally to the strike lines and the great cotton textile industry will not move a wheel or a thread after the hour set to stop the mills...

Wobbling Ink Bottle Did You Ever Hear of Them? But Look What's Climbing Out of Mine!

HELLO MR. ARTIST YOU INDEED LOOK MURDERED. WAIT UNTIL I GET OUT OF THIS INK BOTTLE AND I'LL TELL YOU ALL ABOUT IT.

MY NAME'S RIVERBEE AND I'VE BEEN IN THE INK BOTTLE FOR A MONTH OR SO. THAT'S WHY I'VE GOT SO GRALZED UP.

BUT WHEN YOU BROKE THE LOCK OF THE INK BOTTLE YOU ALSO BROKE THE MAGIC SPELL THAT WOULD HAVE HELD ME A PRISONER IN THAT RISKY BUSINESS.

WHAT A CHANGE LITTLE LIVERBEE!

WHAT'S HIS NUMBER, BOSS? RIVERSIDE H-2-O.

RIVERSIDE H-2-O H-2-O H-2-O GOSH — HE MUST LIVE IN A HOUSEBOAT.

GET ME MR. WISH WATERWET ON THE WIRE.

OH-RED OH-RED COMIN ON THE RUM, BOSS!
