# The Sanford Herald

Wednesday, November 1, 1972—Sanford, Florida 32771  
65th Year, No. 52 Price 10 Cents

By John A. Spolski

I knew it! I just knew that if a man got onto a horse and handed-delivered a letter it would get to its destination ahead of the one going through the normal channels.

My vote... goes to James H. Boren, the gent who hopped onto a horse in Philadelphia Monday with six horses and eight other riders and arrived in Washington, D.C. shortly after noon on Tuesday.

The letters he "mailed" should (and I emphasize should) get to the nation's capital today.

Hey, what happened to all of the kids? Only two showed-up at our house last night, and as I understand it, that was the "norm" for so many other homes throughout the county.

Wait'll you see the cute story in tomorrow's Herald on this particular subject... Trick-Or-Treat!

Had a man call and invite me to read page 24 of the current issue of Newsweek... written by Bill Moyers and entitled, "My Turn."

There are some nice people around... like those who helped Mrs. Alice Best's son Bill last night. He's shown on the bottom of this page... lying on the ground after some "prankster" belted him with an object, causing him bodily injury.

All of a sudden... it wasn't so funny!

Mrs. Best doesn't know the names of those who stopped and offered aid to her son, but she did call and ask that I convey her heartfelt sentiments.

Yesterday was a special day for him... his 20th birthday! And he winds-up in a hospital...

Coulda been worse, I guess. Like those two kids over in Belfast... One was 6 and the other only 4. Dressed in masks and witches' hats they knocked on the door of Benny's Bar to ask for pennies.

Just then a 100-pound bomb exploded in a car parked outside the Roman Catholic bar. Paula died instantly, little Clare is in the hospital.

FTU College of Engineering, in cooperation with the National Park Service is seeking the help of the public in making an inventory of historic engineering works in the state, such as bridges, canals, water works, transportation or industrial complexes associated with the technological or engineering progress of the region. FTU's Professor John Paul Hartman is spearheading the project.

Well, Professor, we would like to be the first to nominate our own antiquated engineering nightmare known as the Osteen Bridge.

Another downtown Sanford face-lifting coming this Friday when First Federal Savings and Loan Association breaks ground for the high-rise addition to their present offices. Appreciate the reminder about this happy event, coming from Chamber Presy John Krider.

## By Paulucci Enterprises Rezoning Is Still Sought

By ANN SIECZKOWSKI

A request for rezoning from A-1 Agriculture to PUD (Planned Unit Development) property located on the Northwest quadrant of Lake Mary Boulevard and 14, was presented to the Board of County Commissioners Tuesday night by the Paulucci Enterprises.

A hearing has been set for November 9 at 7 p.m. despite the fact that commission chairman Greg Drummond

suggested it be held before the November 7 election.

This same request was before the County Planning and Zoning Board a few weeks ago and was denied, with the County Planner, David Farr, reported to have remarked that he did not feel that Seminole County is ready for this type of development.

Since that planning and zoning meeting, however, there have been many conferences with the developers and with the planning department and

other county officials and other area citizens, which resulted in a revised plan for the development which was presented to an overflow crowd (certainly more than the 150 which is the posted allowable number on that floor) during a three hour presentation.

Every Paulucci Enterprises expert, it seemed, who was in the area was present, in the interests of the development. They listened as the County Planner made his opening remarks which were tempered

by recent conferences with the developers. However, his general attitude and recommendations to the Board did not reflect approval of the project as it is currently planned.

Farr said that he had attempted to evaluate the project in light of all involved areas and persons. In his opinion, and using Hawthorn methods of projection, area schools, with its 1,128 usable desk spaces remaining now, would be filled

(Cont'd On Pg. 2A Col. 1)

## Sanford To Vote On New Charter

By DONNA ESTES

Question posed by City Commissioner Julian Stenstrom, on the status of the petitions to have a charter amendment requiring candidates for the city governing body to live within designated geographical areas, threw the City Commission into a slight tizzy last night.

The question was quickly shuffled-off by the other members of the board as it decided

on a four-to-one vote to place the proposed charter on the Dec. 5 municipal election ballot for ratification by the people of Sanford.

Nearly three hours was given by the Commission to settling last minute details in the charter ranging from minor wording to the major decisions of four-year terms for members of the Commission and the right of public hearing in event of disapproval of the charter.

Stenstrom voted "no" explaining that he believed more study should be given as to whether the city should continue under a city manager form of government. He said he might actively fight the charter's adoption by the people.

The City Commission meeting opened with remarks from Mayor Lee P. Moore's chastising the board for consideration of "11th hour" changes despite the fact the Commission had had the proposed charter, patterned after a model one, in hand from the charter revision commission for a year.

He said if changes continued to be made the city might well end up with a charter worse than the 20 year old one now in use. The mayor continued that every major change was shot at the city manager and then clarified the remark to point out he was referring to the job description and not the current manager W. E. Knowles.

Moore charged the commission with trying to extend its period of service, increasing its power and diminishing the office of city manager and insisted this was not a proper direction.

He suggested if the board were undecided about whether the city should properly have a city manager type government that it study the matter further.

## Railroad Sued For Accident

By BILL SCOTT

Seaboard Coast Line (SCL) Railroad and one of its engineers are being sued by the administrator of the estate and relative of a Seminole County woman, who was injured and later died after an SCL freight train struck the woman's car at a Sanford railroad crossing.

Joseph P. Hightshoe, administrator for the estate of Sylvia Johnson Hightshoe, has filed suit in 18th District Circuit Court requesting damages and alleging carelessness and negligence in the operation of a train, which on March 2, 1972 at 7:40 a.m. struck the Hightshoe auto.

The suit alleges "as a further direct and proximate result of the negligence of the defendants, the said Sylvia Hightshoe died."

The court action by Orlando attorney Michael Maher accuses train engineer W. H. Bruce and the railroad of negligence in:

"1. Railroad failed to properly maintain said railroad crossing.

"2. Failed to maintain proper lookout.

"3. Failed to properly sound horn of said locomotive.

"4. Failed to properly maintain and adequately warn of said crossing, and of said approaching locomotive.

"5. Operated said train at an excessive speed under circumstances.

"6. Failed to ring locomotive bell.

"7. Failed to properly and adequately illuminate said locomotive.

"8. Failed to yield right of way to said vehicle.

## Sunday Herald Coming

By BILL SCOTT

Beginning this week, The Sanford Herald will publish a great new Sunday edition to be delivered late Saturday afternoon. The Sunday edition will include many new features including an 8-page comic section in color, the Seminole Magazine, a Homes Section with county real estate transactions, and a Sports Section with last minute news coverage of national and area sporting events.

Cost to subscriber for six-day delivery including the new Sunday features will be only 55 cents per week.

## Petition Signers Needed

By DONNA ESTES

Petitions to include a districting amendment on the ballot at the December 5 municipal elections in Sanford will not be completed and certified in time, according to Rev. J. E. Connelly, a prime mover in the petition effort.

Connelly told The Herald today he and Rev. Amos Jones, executive director of Seminole Community Action, have determined slightly more than 100 signatures are needed to complete the petition of between 1,100 and 1,200 names. Persons are still working in the field collecting signatures, he said.

The minister added that field workers are finding many persons "reluctant" to sign the petition believing it will increase their taxes. "I believe if it were placed on the ballot, it would pass, however," he said.

## Council Approves Change PUD Is Modified

By MARION BETHA

WINTER SPRINGS — In a 3-2 vote, with negative votes being cast by Councilmen Herbert Fox and Victor Miller, City Council approved modification of Planned Unit Development (PUD) zoned property owned by Al Schacter.

The property is located west of the Sheoah golf course and north of SR 434, and no objections were voiced during the public hearing.

John Petty, representing a planning consultant firm, told council the original concept of

the development was approved 18 months ago for the 95 acres of land east of U.S. 17-92 between Florida Avenue and Shepard Road.

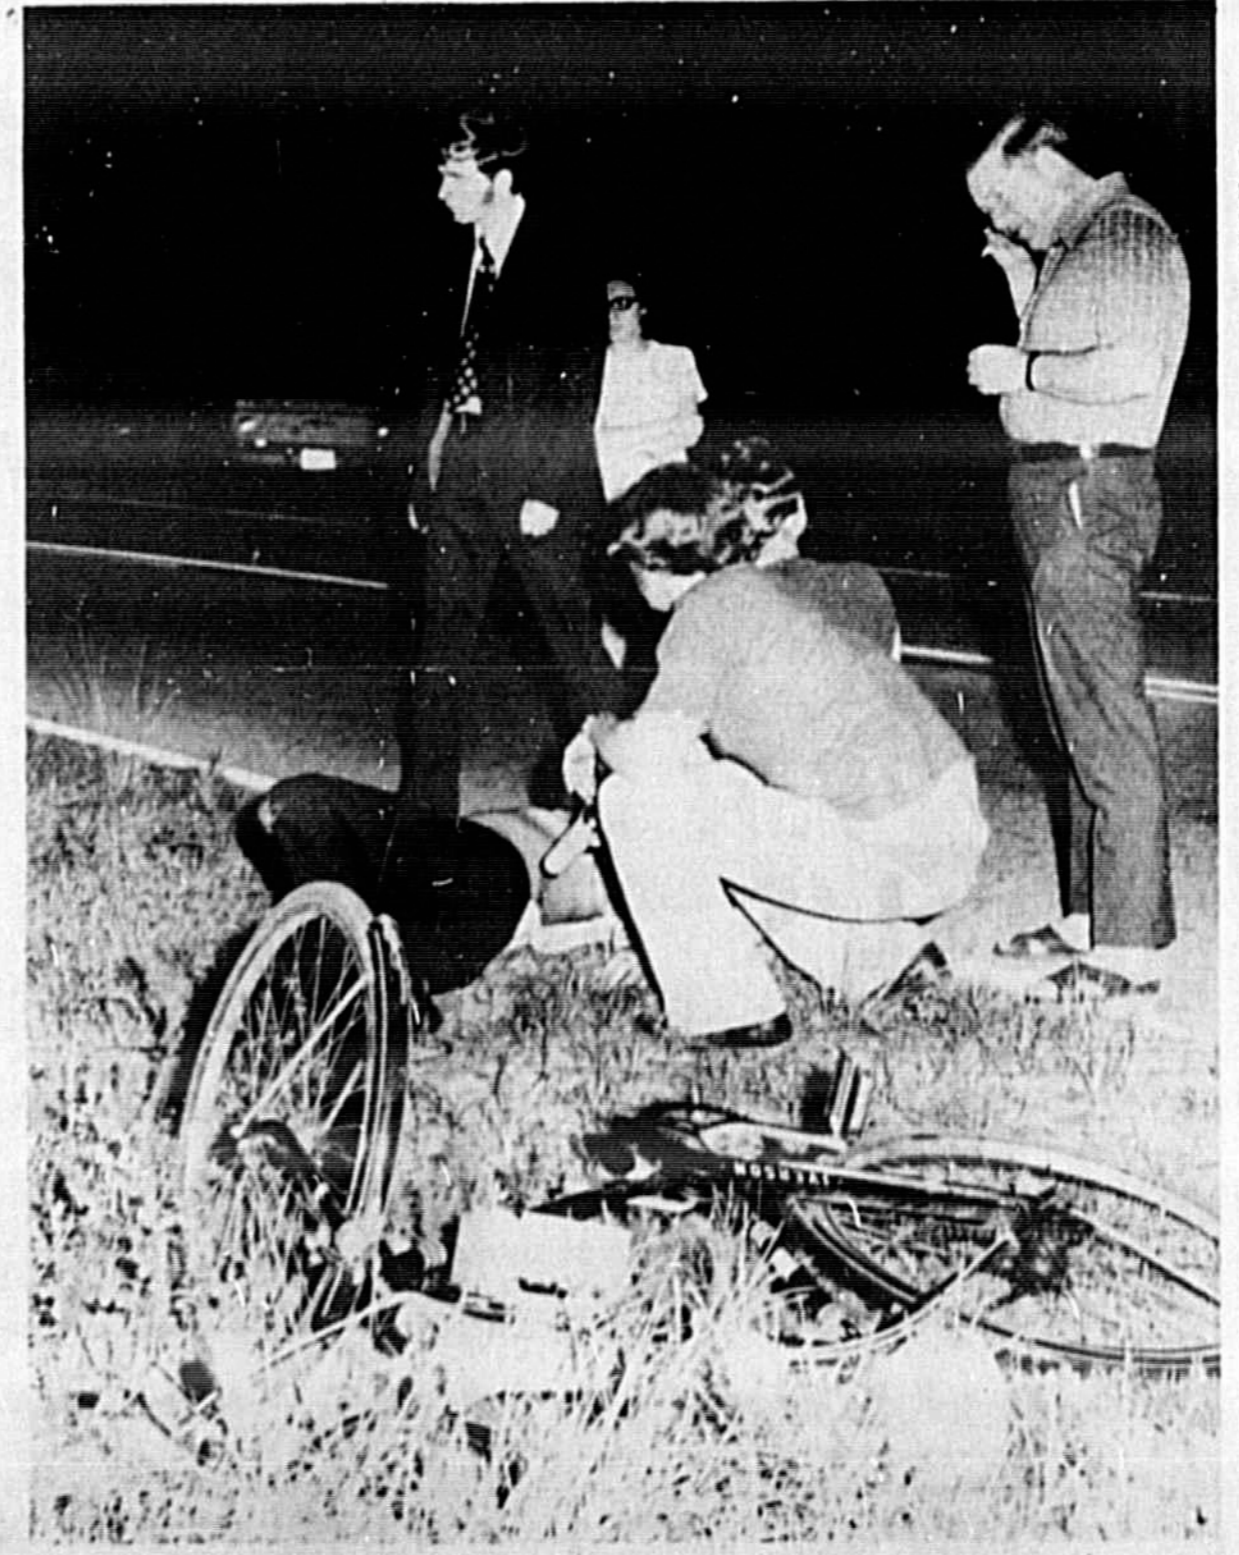

Petty mentioned the developer proposes a small service commercial area at the northwest corner of the property with modern stores.

A single family dwelling area is planned for the area east of the power line. City Attorney Thomas Freeman injected that these patio homes are nothing more than "double duplexes." He continued that eight families living together in an apartment is not a single family dwelling.

Councilman Herbert Fox stressed he cannot conceive of anything but a "horrible mess."

The development will entail 65-75 foot lots, with an estimated population of 2,200 persons. Some of the estimated population will be distributed as follows: townhouses, 190; single family, 116; patio homes, 186. Petty mentioned there will be a total of 722 living units, 60 more than the original plans called for with the 2,200 people distributed in a total of 100 acres.

Although Freeman had evidenced some misgivings concerning the "double duplex" concept of patio homes, nevertheless, in a tone of the future mushrooming growth of the central Florida area, he contended, "I don't think we should be scared of a new living concept. With the area developing as it is we must provide homes for persons who cannot afford to purchase \$30,000 — \$40,000 homes. While these units must be construed as apartments, still we must provide low cost housing for people moving into area."

VICTIM OF HALLOWEEN PRANK?

William G. Best, 20, 117 Azalea Lane, Sanford, was injured when someone in a passing car threw something at him as he was riding his bicycle on south Sanford Avenue. The sailor was taken to the Orlando Naval Hospital. Sgt. Eddie Sauls of the sheriff's department is investigating.

## Halloween Vandals Busy Around County

By GARY TAYLOR

Halloween vandals were busy last night, with incidents around the county. Items thrown included eggs, rocks, water balloons, and an old tire.

There were also incidents reported of people being shot by BB guns and of cars, houses and mailboxes being sprayed with paint.

Residents around the county reported car windows and windshields and house windows broken. Vandals also did a large amount of damage to houses under construction.

Four new houses in Country Club Heights were entered according to deputy Jim Hibbard. There was a large amount of damage in all four buildings, including broken door handles, cut screens, broken windows and writing on the walls.

John Shubert of Shubert Construction Company of Altamonte Springs reported \$500 damage to a home on Spring Street in Altamonte Springs. There was some copper tubing reported missing from the house.

Sanford Police Patrolman Mike Tindel reported about \$100 damage to houses under construction in the Hidden Lake subdivision.

The sheriff's department received reports of someone in the Canelot area passing out napkins full of stones to children "trick or treating" in the area.

A Sanford sailor was injured when someone threw something at him from a passing car causing him to lose control of his bicycle on south Sanford Avenue.

William G. Best, 20, of 117 Azalea Lane, was taken to the Orlando Naval Hospital after he fell on the pavement and injured his shoulder. Sgt. Eddie Sauls of the sheriff's department is investigating. He was assisted at the scene by Trooper Richard Shaffer of the Florida Highway Patrol.

# Rezoning Is Still Sought

(Continued From Page 1) with Heathrow children alone in 73-74 in the elementary grades. He said that the traffic situation would be unbelievable, with more than 12,448 trips a day generated by Heathrow alone through the intersection of 14 and Lake Mary Boulevard. A signal would be one of the first requirements following opening of the development.

The area involved is a prime recharge area for North Seminole County, completely surrounded by recharge area. Much of which would be covered over with housing and asphalt. Pollution problems to be overcome include surface drainage from the large sewage treatment plants which will be required on the site. Urbanized needs such as fire and police protection are to be considered. Farr said that the Paulucci interests have provided open space and recreational area, but felt that buffer areas should be utilized in single family areas.

In Farr's opinion, there would be an economic deficit of \$3.3 million for capital outlay for schools alone which might be a little less with the Paulucci contributions of land and buildings. He said that his analysis pointed out that no single family unit aside from an all adult mobile homes pay their way - that none offset the cost to the county to maintain them.

At the conclusion of presentations by the Developers and the opponents to the development, District Commissioner Al Davis suggested that because of the enormous amount of information which had been presented, he felt that the Board should continue the hearing to November 14 in order to have time to study the entire matter before coming to a decision.

Commissioner Chairman Greg Drummond accused him of wanting to delay a decision until after the election on November 7, and when Commissioner John Kimbrough suggested another hearing as late as November 21, Drummond said that both decisions were politically motivated, by one commissioner who was up for re-election and the other by a man who wished a new commission to be elected (even one who was for no growth at all in Seminole).

THREE MEMBERS of the combined Seminole County-Sanford Police vice squad were selected for Law Enforcement Officer of the Month awards by the Sanford-Seminole Jaycees. George Crossley is shown making the presentations to the undercover agents, whose identities will remain anonymous. Two are members of the Sanford Police detective force and the other is a county vice agent. (Bill Vincent Photo)

## Opposing Views Offered

By ANN SIECKZKOWSKI While the commission chambers were overflowing with interested persons there to hear both sides of the Heathrow question, objections were offered by few. Ample opportunity was granted to the opposition and a brilliant treatise against the development was presented by a group of residents on Banana Lake.

PART OF THE CROWD which attended the Seminole County Commission meeting yesterday at the courthouse, most of whom were on hand to hear the pros and cons of the Heathrow Development. (Ann Sieczkowski Photo)

Wendell Springfield, opening the presentation against the Heathrow development quoted from a prepared text. "In the approved plan for Land use and highways through 1990, the area with which we are concerned was to be maintained as a low density area with development of RC-1 or I-AA housing in order to retain a portion of the County in an natural a state as possible. In fact, the DOT in their road and highway plans, determined a total density of less than 1,000 in this area by 1990." He said that he did not question the right of Paulucci to develop his land resources for profit, but did question whether a development such as Heathrow is compatible with the long term economic and environmental objectives of Seminole County.

The Heathrow project indicates that there will be construction of townhouses, Village Clusters and condominiums with densities ranging from 7 to 13 units per acre, which is much higher than the established criteria. Springfield recommended that the proposed construction of the afore mentioned units be relocated onto portions of land owned wholly by the Developer, such as the Sawyer Lake Area and that a buffer zone designated RC-1 or RI-AA single family housing be designated for lands immediately west of Banana Lake and North of Island Lake.

# Burglars Are Busy Around The County

By GARY TAYLOR According to Kunkler, entry was gained through a rear window by removing window panes and cutting a steel bar. The theft occurred sometime between 3 and 6 a. m. Tuesday morning.

W. R. Meeke Jr., of Rt. 2 Box 1835, Oviedo, told deputies someone took a 18-foot aluminum boat valued at \$160. Steven Michael Palumbo, of 136 Tollgate Trail, Longwood, told authorities someone took his 1971 Honda motorcycle from the parking lot at Lyman High School while he was in class.

Edwin H. Johnson, of 102 Woodling Place, Altamonte Springs, reported a tape deck and tapes worth \$85 missing from his car. Steve Tyalls, of 154 Upsilon Road, Sanford, reported \$20 damage to his car and speakers and tapes valued at \$66 missing. Both cars were entered while they were parked at the Seminole Junior College parking lot.

Thirty fence posts reported missing by C. B. Littleton Sr. of Littleton's Nursery, Oviedo, were recovered by Det. Jerry Capshaw at the top of the Junior Class bonfire at Oviedo High School.

City Det. Karen Weber arrested two 16-year-old runaways. One was a girl that ran away from a state school in New Hampshire and the other was a boy that ran away from his Sanford home.

A cassette tape recorder taken from Goldsboro Elementary School over the weekend was recovered at a Sanford pawn shop Tuesday. The recorder was pawned by a person that gave a fictitious name and address. Det. William Lykens is investigating.

## Combined Vice Force Arrests Two In Raid

The combined Seminole County-Sanford Police vice squad raided a Casselberry residence Tuesday afternoon, seizing marijuana valued at \$400 and arresting two men on three counts each.

According to Sheriff John Polk, the agents executed a search warrant from Justice of the Peace Gerene Ewaldt and found a half pound of marijuana in the Lake Kathryn Circle home.

David Ross Kelley, 19, of P.O. Box 776, Casselberry and William Marion Albright, 17, of Hill Top Ranch Estates, Sorrento, were arrested inside the house for possession of cannabis sativa marijuana.

The agents also held two warrants on each subject, charging them with possession of cannabis sativa and sale of cannabis sativa. The two were jailed on a total \$7,500 bond each.

In another narcotics incident, Steven James Heffernan, 19, of Orlando was arrested on a circuit court capias by Det. Jerry Capshaw, charging him with possession of prohibited drug. Heffernan posted \$500 bond.

CURB SERVICE — Confined to a wheel chair due to an arthritic condition, Emma Jane Elliott was transported to the office of Elections Supervisor Camilla Bruce (left) to get an absentee ballot in order to vote in the Nov. 7 election. The Supervisor's office will be open for absentee voting on Saturday 9-5 and during the week from 8:30-5. (Staff Photo)

### Funeral Notice

### CORRECTION

In the legal label to the Sample Ballot published in the Tuesday Oct. 31, 1972 edition of The Sanford Herald, the election was referred to in error as "Primary." It should have read:

Pursuant to the provisions of section 101.20, Florida Statutes 1965, publication is hereby made of the Sample Ballot concerning the General Election to be held in Seminole County, Florida on Tuesday, November 7, 1972. CAMILLA D. BRUCE Supervisor of Elections Seminole County, Florida (Advertisement)

## Secret Report Accounts Monitored?

By JIM ADAMS Associated Press Writer WASHINGTON (AP) — A congressional staff report says a Nixon campaign official once talked elatedly of learning that Democratic congressmen's bank accounts could be monitored "to learn of any illegal campaign financing."

The 80-page report, released Tuesday, quoted an unnamed congressional staff member as saying Hugh Sloan Jr., then assistant Nixon campaign finance chairman, made the remark one day while the two were having lunch.

In response, the Committee for the Re-election of the President said Patman used his committee "to rescue the sinking campaign of George McGovern." "Their latest dishonest collection of innuendo and fourth-hand hearsay is nothing more than an eleven-hour attempt to save Mr. Patman's candidate for president from what may be one of the worst defeats in American political history," a committee statement said.

## Area Deaths

Jason Futrell, six-months-old infant son of Mr. and Mrs. Benjamin C. Futrell of 715 Wynn Dr., Sunland Estates, died Tuesday afternoon in Seminole Memorial Hospital. He was born in Sanford April 9. Other survivors include a sister, Kay, three brothers. Gramkow Funeral Home in charge.

## Area Deaths

Chuck, Mike, and Benny Futrell Jr., grandparents, Mr. and Mrs. Hayden W. Futrell, Soddy, Tenn., Mrs. Edna Woodward of Tavares, great-grandparents, Mrs. Jack Kilby, Sanford and Mrs. John Bethea, Tavares, and a number of aunts and uncles. Gramkow Funeral Home in charge.

## Fire Department Receives Honors

By BOB ORRELL ALTAMONTE SPRINGS — Four young men of the Altamonte Springs Fire Department received Certificates of Merit from Mayor Lawrence Swofford Tuesday in appreciation of their outstanding work.

These men, none of them over 22 years of age, of their own volition attended classes in emergency training and are now certified by the state as Emergency Medical Technicians. Their additional training has helped prevent tragedies in several cases in recent weeks. In one instance, they were en-route to Ocala to attend a meeting in conjunction with their work and witnessed a grinding automobile crash.

The technical training and coolness of these men in an emergency possibly prevented loss of life as they gave first aid until an ambulance arrived on the scene. When asked if the training was useful in their daily work, one of them replied, "About twice a day." Those receiving awards were Fire Chief Tom Siegfried, Captain Dennis Lawton, Lieutenant Garry Becker, and Lieutenant Scott Barnes.

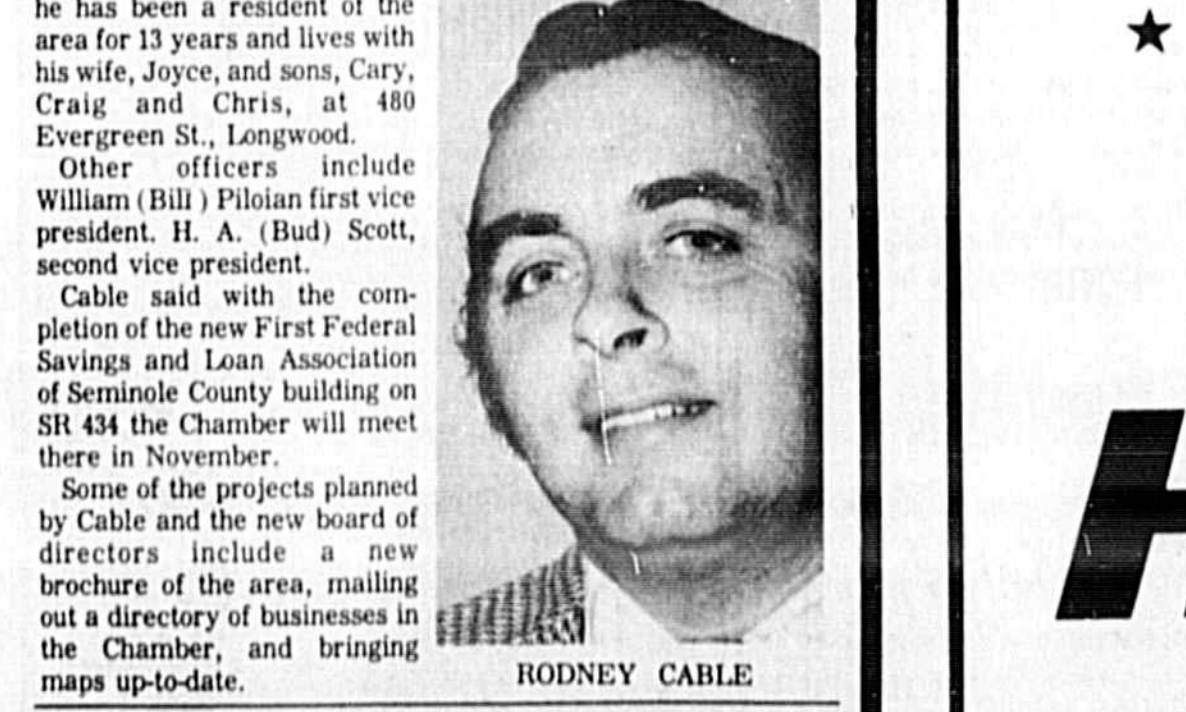

MAYOR Lawrence Swofford presents Certificates of Merit to members of the Altamonte Springs Fire Department in appreciation of the fine work these young men are doing. Left to right Mayor Swofford, Fire Chief Thomas Siegfried, Captain Dennis Lawton, Lieutenant Garry Becker, and Lieutenant Scott Barnes.

## Chamber Picks President

By JANE CASSELBERRY Rodney (Rod) Cable, insurance and real estate agent, has been elected president of Longwood Area Chamber of Commerce and will assume office at the Oct. 30 meeting which will be held at the Civic League Building on Church Street.

Cable stated the Longwood area Chamber of Commerce is not exclusively for Longwood, but reaches out to surrounding communities as well for its membership, such as Altamonte Springs, Casselberry, and Winter Springs. The new board of directors also has plans to increase membership, coordinate

businessmen's needs in the area with the people of the community, and improve communications.

# At Altamonte Council Meeting Approve Computerized Billing

By BOB ORRELL ALTAMONTE SPRINGS — Altamonte City Commissioners voted Tuesday to adopt computerized utility billings with the First National Bank of Maitland providing the service. Denver Baxter, comptroller, discussed various firms which are qualified to provide key punch billing and presented their suggested charges to the city.

The council accepted the Maitland Bank offer when a bank spokesman announced that they were willing to waive a \$900 conversion fee quoted last week and charge only 20 cents monthly for each account. According to Baxter, this will represent a savings of \$946 per month on the 3,300 current accounts.

Representatives from Leisure World attended the meeting, requesting a zoning change from R-MH to R-3 for their development. They indicated a desire to create a Planned Unit Development (PUD). Council approved a motion to grant the request and the City Attorney was advised to prepare the ordinance for adoption.

Bids were opened for a new pumper for the fire department. Seven bids ranging from \$38,000 to \$46,000 were read by City Clerk Jane Richards and were referred to Fire Chief Thomas Siegfried for a report next week.

Bids on the West Altamonte Water Line and Douglas Road sewer line and lift station were referred to the city engineer for further study. Donald Bundy, Superintendent of Public Works, told the council that a 100 foot tower and four radars were needed for communication, and tools were required for the maintenance shop. Purchase of the necessary items was okayed by council, and the police department was authorized to buy two mobile radio units. Other council actions

## Parade Entries Needed

All entries are now being accepted for the annual Sanford Christmas Parade by the Sanford Seminole Jaycees. Parade date is Nov. 30, starting time is 7:00 p. m. Those civic groups, churches, schools, and other organizations wishing to enter in the parade should contact the Sanford Seminole Jaycees at their earliest convenience. Entry forms may be obtained by writing the Sanford Seminole Jaycees, P. O. Box 1543, Sanford, or calling 322-8190.

Editorial Comment

Needed Constitutional Amendments

Stepping into the voting booth next Tuesday, the registered voter (and we hope this will be ALL registered voters) will be confronted with a ballot with a varied number of offices to be filled.

On the right-hand side, however, there will be five proposed constitutional amendments. We believe that all should be supported by "FOR" votes.

We have already dealt with No. 1 and No. 2 in comment last week. This referendum and constitutional amendment have such sound logic and such informed support to deny any credence to the opposition.

The following one: Constitutional amendment Article XI, Section 3 is a corrective move so that the original intent of the new constitution to provide a way in which Florida citizens may exert the right of amendment by petition is spelled out.

The need for this clarification was made obvious when the drive for such a constitutional revision so that the people could express their views on the adoption of a unicameral legislature was stopped. The Florida Supreme Court ruled that a single petition could change only one section of the constitution.

Adoption of this amendment would do away with this block and allow the people to make themselves heard when a constitutional change seemed wise to them and no longer wrap the "voice of the people" in a process which almost assured defeat from the start.

The League of Women Voters of Florida advises voters to "take the initiative and vote 'yes' on amendment 3" so that "the right of the people to initiate constitutional changes be restored."

The next amendment on the ballot is No. 4 which deals with the continuing problem of raising funds for educational purposes. Adoption would "continue the use of part of the revenue from the licensing of motor vehicles for public school and junior college capital outlay and debt service purposes and prescribing additional methods of distribution and use thereof."

Passage of this amendment is not as clearly desirable as the others. Opposition to the channeling of more funds into education which already gobbles up the major portion of the state budget, away from roads where the need is critical and urgent, is being voiced.

Yet a "yes" vote would be a move to satisfy some of the demands which the educational process is putting on the tax resources of the state. Indeed, it might well bring about a reform in administration which education must have.

The language of No. 5 could cloud what it will

do. In simple language, adoption of this amendment that the "homestead exemptions" would prevent injustice to the rights of widows and minor children when the head of the family dies.

Its adoption is a move which would assure minor children a home until they are 21 and protect the dower (homestead) rights of a widow as long as she lives.

There are sound reasons for Eddie's optimism. He has already played six professional roles, and behind him lie innumerable real life roles while he is a detective, in some of which his own safety was at stake.

Egan, now 42, stands 6 feet 11, weighs 225 pounds, has wavy brown hair and intense blue eyes, and looks like a retired pro football fullback. He said there was considerable difference between acting for the Police Department and for Hollywood.

"The pay is nicer now, but acting is literally a matter of survival when I was a detective. In some places, if they knew you were a cop, you'd end up with too many holes in your head."

"I think that I played everything but a midget. At every thing I was disguised as a blind beggar, a hunch, a priest, doctor, a bank teller, a college student, a movie producer and a hospital patient."

Yet, as indicated, even the most energetic efforts to manage political situations can go awry. And, in some measure, that happened on the President's "New York Day."

First off, it was Veterans Day, a holiday which turned thousands of school kids free. Maybe someone in the Nixon high command forgot that. In any event, one consequence was the appearance of far more pro-McGovern anti-Nixon and anti-war signs along the Westchester motorcade route than some observers evidently expected in such Republican territory.

The President did, of course, hear much friendly encouragement along the way from the reasonably good crowds. Still, they probably totaled only a fourth of the 425,000 officially estimated by various police chiefs. And there weren't all that many pro-Nixon signs. Talking later at Rockefeller's Tarrytown estate to GOP political leaders from 11 seaboard states, the President sought to make a good thing of that:

"What impressed me, incidentally, was the fact that there were not a lot of signs that all made and distributed in advance." At the big Nassau County Coliseum rally that night in Uniondale, L.I., the management of things seemed much better, on the whole. The building was packed with upwards of 16,000 people, many equipped with American flags and ready-made Nixon signs. Balloons drifted about like fleecy clouds. The pro-Nixon noise was big.

Even here, however, control was imperfect. Early in the President's speech, an ugly fist fight broke out in the balcony as infuriating antiwar youths unfurled a big peace banner and began shouting to drown Mr. Nixon out. They were hustled from the hall after taking some punches from the Nixonites nearby.

That wasn't the end of it. Scattered hecklers kept up a running fire of verbal assault throughout. Obviously, an American flag borne in hand gained them easy entry.

So, control never works perfectly. Why? Well, this President knows he is not terribly popular personally. But to expose this vulnerability too often, and in the wrong places, might be to weaken his evident strong campaign lead over Sen. George McGovern, himself none too popular.

There are sound reasons for Eddie's optimism. He has already played six professional roles, and behind him lie innumerable real life roles while he is a detective, in some of which his own safety was at stake.

Egan, now 42, stands 6 feet 11, weighs 225 pounds, has wavy brown hair and intense blue eyes, and looks like a retired pro football fullback. He said there was considerable difference between acting for the Police Department and for Hollywood.

"The pay is nicer now, but acting is literally a matter of survival when I was a detective. In some places, if they knew you were a cop, you'd end up with too many holes in your head."

"I think that I played everything but a midget. At every thing I was disguised as a blind beggar, a hunch, a priest, doctor, a bank teller, a college student, a movie producer and a hospital patient."

Yet, as indicated, even the most energetic efforts to manage political situations can go awry. And, in some measure, that happened on the President's "New York Day."

First off, it was Veterans Day, a holiday which turned thousands of school kids free. Maybe someone in the Nixon high command forgot that. In any event, one consequence was the appearance of far more pro-McGovern anti-Nixon and anti-war signs along the Westchester motorcade route than some observers evidently expected in such Republican territory.

The President did, of course, hear much friendly encouragement along the way from the reasonably good crowds. Still, they probably totaled only a fourth of the 425,000 officially estimated by various police chiefs. And there weren't all that many pro-Nixon signs. Talking later at Rockefeller's Tarrytown estate to GOP political leaders from 11 seaboard states, the President sought to make a good thing of that:

"What impressed me, incidentally, was the fact that there were not a lot of signs that all made and distributed in advance." At the big Nassau County Coliseum rally that night in Uniondale, L.I., the management of things seemed much better, on the whole. The building was packed with upwards of 16,000 people, many equipped with American flags and ready-made Nixon signs. Balloons drifted about like fleecy clouds. The pro-Nixon noise was big.

Even here, however, control was imperfect. Early in the President's speech, an ugly fist fight broke out in the balcony as infuriating antiwar youths unfurled a big peace banner and began shouting to drown Mr. Nixon out. They were hustled from the hall after taking some punches from the Nixonites nearby.

That wasn't the end of it. Scattered hecklers kept up a running fire of verbal assault throughout. Obviously, an American flag borne in hand gained them easy entry.

So, control never works perfectly. Why? Well, this President knows he is not terribly popular personally. But to expose this vulnerability too often, and in the wrong places, might be to weaken his evident strong campaign lead over Sen. George McGovern, himself none too popular.

Pause and reflect next time you bite into a watercress sandwich or run the mower roughshod over the grass. You could be brutally destroying what might have been a rewarding relationship.

Scientists everywhere in the world, amazed by the results of careful laboratory experiments, find themselves coming to the conclusion that plants have emotions similar to those of human beings, that they respond to affection.

Thus writes author and historian Peter Tompkins in Harper's magazine. He calls it "the most far-reaching revelation of the 20th century."

And indeed it would be, if even a fraction of recent reports are true.

The modern interest in the subject began about 1966, when Cleve Backster, a lie detector expert with the CIA, discovered by chance that plants react violently to danger or the threat of danger. Not only that, but he later found that plants are telepathically sensitive to human legions.

Earlier in the century, an Indian physiologist demonstrated that plants are stimulated by caffeine, get falling down drunk with alcohol and are tranquilized by chloroform.

As the ancients also observed, music appears to have an effect on plants. The over-30s will be happy to learn, however, that acid rock makes them cringe and kills 'em dead in a few weeks.

Plants, says Vogel, appear to have feelings quite as sensitive as those of human beings.

Political Notebook

Nixon 'Team' Not So Expert, Either

By BRUCE BOSSART

President Nixon's infrequent forays into the countryside this fall reflect a high degree of his attempt to practice what might be called "control politics." The trouble is, when ordinary people get involved, control is usually something less than perfect.

His trip to Republican Westchester and Nassau Counties outside New York City provided an illustration.

A politician can make a plausible argument that it is wise to visit places of maximum possible vote power in such areas.

But Mr. Nixon's campaigning in 1972 suggests also that, for the most part, he seeks out places thought to be secure, in the sense of being safe from strong visible evidence of hostility. Only his Oct. 28 visit to Eastern Ohio industrial towns might seem an exception.

Unintentionally, New York's Gov. Nelson Rockefeller, at the outset of the President's Westchester motorcade, put things in proper perspective when he laughed and told reporters:

"I've never spent this much time in Westchester before. Yet, as indicated, even the most energetic efforts to manage political situations can go awry. And, in some measure, that happened on the President's 'New York Day.'"

First off, it was Veterans Day, a holiday which turned thousands of school kids free. Maybe someone in the Nixon high command forgot that. In any event, one consequence was the appearance of far more pro-McGovern anti-Nixon and anti-war signs along the Westchester motorcade route than some observers evidently expected in such Republican territory.

The President did, of course, hear much friendly encouragement along the way from the reasonably good crowds. Still, they probably totaled only a fourth of the 425,000 officially estimated by various police chiefs. And there weren't all that many pro-Nixon signs. Talking later at Rockefeller's Tarrytown estate to GOP political leaders from 11 seaboard states, the President sought to make a good thing of that:

"What impressed me, incidentally, was the fact that there were not a lot of signs that all made and distributed in advance." At the big Nassau County Coliseum rally that night in Uniondale, L.I., the management of things seemed much better, on the whole. The building was packed with upwards of 16,000 people, many equipped with American flags and ready-made Nixon signs. Balloons drifted about like fleecy clouds. The pro-Nixon noise was big.

Even here, however, control was imperfect. Early in the President's speech, an ugly fist fight broke out in the balcony as infuriating antiwar youths unfurled a big peace banner and began shouting to drown Mr. Nixon out. They were hustled from the hall after taking some punches from the Nixonites nearby.

That wasn't the end of it. Scattered hecklers kept up a running fire of verbal assault throughout. Obviously, an American flag borne in hand gained them easy entry.

So, control never works perfectly. Why? Well, this President knows he is not terribly popular personally. But to expose this vulnerability too often, and in the wrong places, might be to weaken his evident strong campaign lead over Sen. George McGovern, himself none too popular.

One Man's Opinion

Even Ragweed Has Own Personality

By DON OAKLEY

Pause and reflect next time you bite into a watercress sandwich or run the mower roughshod over the grass. You could be brutally destroying what might have been a rewarding relationship.

Scientists everywhere in the world, amazed by the results of careful laboratory experiments, find themselves coming to the conclusion that plants have emotions similar to those of human beings, that they respond to affection.

Thus writes author and historian Peter Tompkins in Harper's magazine. He calls it "the most far-reaching revelation of the 20th century."

And indeed it would be, if even a fraction of recent reports are true.

The modern interest in the subject began about 1966, when Cleve Backster, a lie detector expert with the CIA, discovered by chance that plants react violently to danger or the threat of danger. Not only that, but he later found that plants are telepathically sensitive to human legions.

Earlier in the century, an Indian physiologist demonstrated that plants are stimulated by caffeine, get falling down drunk with alcohol and are tranquilized by chloroform.

As the ancients also observed, music appears to have an effect on plants. The over-30s will be happy to learn, however, that acid rock makes them cringe and kills 'em dead in a few weeks.

Letters To The Editor

Reader's Evaluation Of President Nixon

Editor, Herald: I wish to ask the residents of this community to stop and sit down and think of what they have received from the President received under the Nixon Administration. Perhaps some of the following will sound familiar.

The house payment has been raised to cover the cost of rising taxes to pay for schools. Nixon has twice vetoed Education funds for schools.

Utility rates of some companies seem to be forever rising. For example Deltona, Fla., pays much more for utilities than does Orlando residents. Nixon let companies increase prices without limit.

Prices of bread and milk are rising. Nixon has permitted massive grain sales to U.S.S.R. and China, thereby raising the cost of wheat for bread. He has also promised the dairy farmers to raise what they get for milk; and just guess who will have to pay for that raise.

Four years ago Nixon complained about the money being spent on the war. Though peace is near, one of the peace conditions is that the U. S. reconstruct North Vietnam. A country whose soldiers have killed so many of our men. And our tax dollars will be spent to rebuild it.

The cost of medical attention is rising. Yet Nixon has worked against a national health service.

Not the only thing Nixon did right was to raise Social Security benefits. But after having to pay for the increased cost of living for many years, we spend on well deserved leisure time. How many take trips without watching where every cent goes? They run short on your cash for food. How many of you act out to your neighbors that you're loaded with money yet go to bed hungry, or are cold because you can not afford to heat the house properly, or can not afford to use air conditioning in hot weather. And yet you can honestly say that Richard Nixon has given you so much that you can give him your vote on November 7, 1972. If you're like me and see what four more years of Richard Nixon's domestic policy will do to America, PUT ASIDE THE MAN AND VOTE THE DEMOCRATIC TICKET — STRAIGHT.

William R. Cavins Deltona

Editor, Herald: I don't get home in time to call you, so a letter will have to do. I read your column everyday and although I don't agree with everything you say, I respect your right to say them. I also hope you will respect my right. I agree when you say this is a lousy war, most are, but some are necessary. I don't know how old you are in 1941, but I was 15. Less than two years later I was in the Marines. I missed the Korean war because I was in the National Guards. Both wars were necessary for the U.S. Stop and think, where would England be if we hadn't stepped in? Or the Philippines or even Hawaii for that matter? You would probably be writing only what you were told to write.

I spent a year in China and in Communist were taking over there. If China and North Korea won, then what? Today you said you were for McGovern. That is your right, but think again. You know what you've got, but what are you going to get? I believe Nixon has done a good job, but he is only one man. Don't forget the Congress can say "no" anytime and they are mostly Democrats. So

By BILL SCOTT

Expulsion of an Oviedo High School youth is expected during the School Board's Oviedo meeting set for 7:30 p. m. tonight at the high school.

The expulsion will bring to six the number of county students removed from school for the remainder of the present year.

Five other male high school students, all from Seminole High in Sanford, have been expelled thus far in this the 1972-73 school term.

Another Seminole High student, scheduled for expulsion, was retained at school, when a victim of an alleged slapping incident told board members at a special hearing that she provoked the incident with the accused.

Another agenda item is the expected opening of bids for grading and fill work in connection with the building of sidewalks from Seminole High School to Lakeview Middle School.

The 2,400 foot long sidewalks, when completed, will allow the necessary school children traveling the road between the two facilities from having to

walk in the roads. The entire sidewalks project is expected to cost \$650.

Another school board item, regarding the expected presentation from various groups, advocating different forms of birth control from abortion to adoption before the board may have to wait until after the Nov. 7 general election, since there will be two new faces on the board, Seminole A. P. Bule Jr., and Ray Slaton, Democrats, will not be on the board after Nov. 20, since Bule did not seek re-election and Slaton lost in his bid for a

second term in the primary to Ken Patrick.

### Baptist Women

## World Mission Prayer Day Coming

MARVAY HAWKINS  
222-5415

The World Mission, Baptist Women's Day of Prayer, will be Nov. 6. All Baptist Churches should be open so that any person desiring to pray during the day may enter. The Day of Prayer service will be held at Zion Hope Missionary Baptist Church, 18th Street and Orange Avenue, Rev. J. L. Brooks, pastor, special service, 7:30 p.m. The public is invited to come and witness this great service, which is held all over the world by Baptist women. Theme: "World Mission of Reconciliation through Jesus Christ." 2 Corinthians 5:20; 1 Timothy 2:1; Revelation 2:4-8.

Usher Board No. One of Providence Missionary Baptist Church, Lake Monroe, will celebrate their 50th Anniversary, Monday at 8 p.m. Rev. W. M. Harris, pastor of Clearwater Missionary Baptist Church, will deliver the anniversary sermon. Tommie Holt is president, Rev. R. W. Wiggins, pastor.

Mr. and Mrs. Wesley (Show) Wright, of Hyannis, Mass., are in the city visiting his mother, Mrs. Margaret Wright, and other family and friends, the Wrights will visit Disney World while in the city.

"Citizen of the Week" Johnny Lee King, Scoutmaster, scout commissioner, self-employed masonry builder. King lives with his wife, Brownie Mae, and their three children at 107 Academy Avenue. He has lived in Sanford for 33 years or more. He is a member of the First Born Church of the Living God.

The New Mt. Zion Missionary Baptist Church, Usher Board No. one will sponsor the Faithful Gospel Singers, of DeLeon Springs, Saturday at 8 p.m. After the service fish and coffee will be sold. Mrs. Dessie Williams is president and Rev. James Lynn, pastor.

Pailbearers Society No. One, Midway, will celebrate their 30th Anniversary, Sunday at 2:30 p.m. at New Zion Primitive Baptist Church, Rev. O. D. Williams, will be the guest

community. He has organized many troops and troops he now works with are Boy Scout Troop 103 of Midway, Troop 117, Castle Brewer Court and two Cub Packs. He enjoys taking the troops on hiking trips and over night and weekend camping trips. On any weekend you may see him with a van truck full of eager boys on their way to enjoy a Scout outing.

In 1966 Mr. King and his troops planted flowers to help beautify the city of Sanford. This summer in the month of August the troops of which he is Scoutmaster dedicated a flag pole on the site where the troops hold their meeting. This occasion was a moment of great happiness to King, he presented the ceremony. He has received many awards in Scouting, Scoutmaster Trainer Key, Silver beaver award, a high award in Scouting Mr. King invites other boys of the community to become scout-minded and join the Boy Scouts.

Barbara Ann Walden and Bobby Lee Bradford were united in Holy Matrimony, October 8, 1972 at 4 p.m. at New Salem Primitive Baptist Church, Sanford.

Rev. Joseph Smith was the officiating clergyman at the double ring ceremony. The bride is the daughter of Mr. and Mrs. James Walden, 1209 West 8th Street, Sanford.

The annual Men's Day was observed at New Mt. Zion Missionary Baptist Church, Theme: "Achieving Our Christian Goal Through Unity and Brotherly Love in a World of Unrest." A tribute to men

was given by Sylvester Bouey, soloist, James Bouey, Rev. J. Edward Connelly, delivered the morning message. Offering, Dr. J. C. Ringling, and D. C. McCoy. The afternoon service was presided over by Robert Randall, prayer and scripture, Charles Rouse, soloist, John H. Liggins, Edmond Washington presented the speaker for the afternoon, Rev. Bernard Dinkins, St. Paul Missionary Baptist Church, Oakland. The committee, Derry McGill Jr., Augusta Brown Sr., Jessie Meuse, Henry Talton, and New Mt. Calvary Church family wishes to thank all who helped make this a success. Total raised \$1,631.00.

The bridegroom's mother was the bride's mother, a lilac lace satin dress with white accessories and a lilac corsage.

The bridegroom's mother was the bride's mother, a lilac lace satin dress with white accessories and a lilac corsage.

Immediately following the ceremony, the home of the bride was the site of the reception. The house was beautifully decorated with white gladioli. The bride's table was covered with a white lace cloth with candelabras on each side of the three-tiered wedding cake. Topping the cake

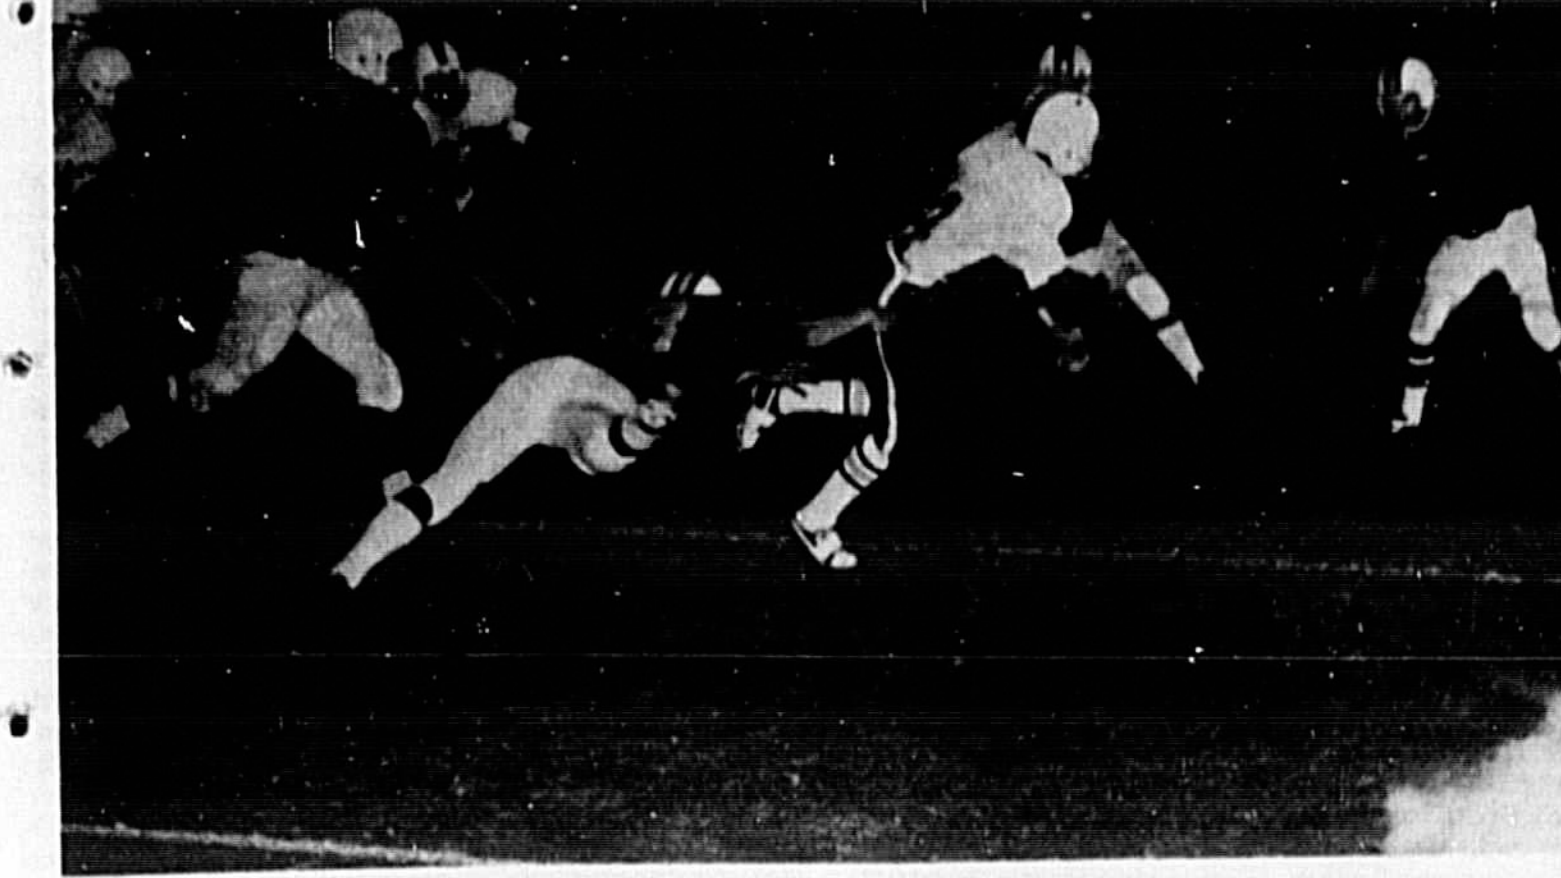

was a bride and groom. Mrs. Jackie Dix assisted at the bride's book. Serving were Mrs. Mattie Holt, Mrs. Beatrice Bradford and Mrs. Lenora Lester.

For her going away outfit the bride wore a purple and white two-piece knit suit with white accessories. Following a wedding trip to Daytona Beach, the newlyweds are residing at 1209 West 8th Street. Among the out-of-town guests were Mrs. Sandy M. Pope, Lexington, Ga., Mr. and Mrs. Bradford, Crawford, Ga.

However, the Lions should not be counted out. They broke out of their six game losing streak last week by defeating Ocoee 7-0 in a game which was not as close as the score might indicate. And going into this week's practice the Lions were in high spirits and they feel that they can beat Astronaut and the War Eagles can be nothing but overconfident.

The Lions have a new quarterback in Glenn Patterson this week. Patterson, who was moved from his split end position only a week ago has shown his ability. He threw a touchdown pass and led the Lions to victory against the Cardinals last Friday after taking over the quarterback position from Frank Gooch early in the second period. John Jackson and Greg Washington also broke out of their slumps in helping lead the Lions to the

win. Washington was Oviedo's leading rusher while Jackson caught several passes including

TOMMY THOMPSON, a Seminole High offensive back, is surrounded by black jerseys as the Bishop Moore Hornets move in for a tackle.

Bishop Moore stopped the Seminoles 15-6 in last week's play.

## Oviedo Homecoming Lions Prepare For War Eagles

By GREG SINDAD  
Herald Sports Staff

It is homecoming week in Oviedo this week as the Lions prepare to meet Titusville Astronaut in hopes of notching their second win of the year. But if the Lions win, it will have to be considered an upset considering the records of the two teams. The young team, example is found in the fact that the Astronaut War Eagles have beaten both Apopka and Rockledge in only their first year of existence while Oviedo was soundly defeated by both of these teams.

However, the Lions should not be counted out. They broke out of their six game losing streak last week by defeating Ocoee 7-0 in a game which was not as close as the score might indicate. And going into this week's practice the Lions were in high spirits and they feel that they can beat Astronaut and the War Eagles can be nothing but overconfident.

The Lions have a new quarterback in Glenn Patterson this week. Patterson, who was moved from his split end position only a week ago has shown his ability. He threw a touchdown pass and led the Lions to victory against the Cardinals last Friday after taking over the quarterback position from Frank Gooch early in the second period. John Jackson and Greg Washington also broke out of their slumps in helping lead the Lions to the

win. Washington was Oviedo's leading rusher while Jackson caught several passes including

## Trevino Is Texas Favorite

SAN ANTONIO, Tex. (AP) — Lee Trevino remained a popular but self-chastised favorite today as he awaited the start of the \$125,000 Texas Open Golf Tournament—and probable disciplinary action.

"I made a mistake," Trevino said Tuesday of his action in walking off the course in last week's Sahara Invitational in Las Vegas, Nev.

"An hour after I'd left I'd have given \$5,000 not to have gone to be able to back play it out."

The flamboyant, outspoken Trevino, the 1971 Athlete of the Year and current British Open winner, walked off in the course midway through the third round of the Sahara and then issued a strongly worded blast at slow play, charging that "the officials neglected their duties in allowing it to continue."

He left without speaking to a tour or tournament official, in violation of the rules of the 4-Tournament Players Division of the PGA, the governing body for tour performers.

"I should be fined or suspended," Trevino said. "I sent a wire to tournament officials apologizing after I got home to El Paso, but I don't guess that does any good," he said.

Trevino said he had no idea what—if any—action would be taken, or when.

"It's a suspension, I just hope it's after this week," he said, then grinned. "This is the last tournament I'm going to play this year anyhow."

GREG ROPE begins to circle the outside as his teammates try to block for him during Sanford Recreation Department Flag Football League battle. Rope helped the Bulldogs to a 6-0 victory in the City Playoffs which started last week.

## Cy Young Award Goes To Perry

PORTOLA VALLEY, Calif. (AP) — Cleveland Indians right-hander Gaylord Perry predicted in 1970 he would win a Cy Young Award to match the one his older brother Jim won at Minnesota that year. Now he has.

"It was my best season ever in baseball," Perry said Tuesday after learning he had beaten out Wilbur Wood of the Chicago White Sox 84-54 in the Baseball Writers Association of America voting for the American League's best pitcher.

Gaylord, 34, and Jim, 36, made baseball history two years ago by being the first brother act to win 20 major league games, but Gaylord, 23-13 with San Francisco that year, lost out to Bob Gibson of St. Louis in the National League Cy Young vote.

At the time, Gaylord said, "Our mantle is large enough for two. Jim's got it, I'll get mine."

The Giants, for whom he pitched 10 years, traded Perry to Cleveland last winter and he posted a 24-16 season for the

fifth-place Indians and had an earned run average of 1.92, the best of his career. Eight of his 16 losses were by one run, he noted.

At his hilltop home here, 40 miles south of San Francisco, Perry called the award "a great thrill" and said he was "very happy." He said big factors in his award-winning season were the American League's grassy infields and the skill of Cleveland catcher Ray Fosse.

"The big thing that helped me after moving to the American League is that they had only one Astro out infield and the rest are on natural grass. The National League has six Astrofields, and that made it a little harder."

"I'm a low ball pitcher and try to get them to hit on the ground. On Astrofield the ball moves through a little quicker. Grass helps out in slowing it down."

The style he used in the National League wasn't changed when he moved to Cleveland, Perry said. "I just wanted to pitch every fourth day, and I

## Greyhounds Favored In Clash With Seminoles

By HERKY CUSH  
Herald Sports Writer

What a difference a year makes. Last year at this time the Greyhounds of Lyman were having their problems on the gridiron while cross country rival Sanford Seminoles was having a great deal of success. Now the situation is somewhat reversed.

Although the Hounds are not having a great year, they are in comparison to their rival, the Seminoles. At present the Greyhounds have won four of seven while the Seminoles have dropped six straight after winning their opener over Oviedo.

The Seminoles and Hounds are set to clash in what should be another rough battle regardless of the season records of the two teams.

Last year the Greyhounds came into Sanford Stadium the heavy underdog but rallied for a fourth period score that brought them a 23-28 tie with the Seminoles.

This Friday night it will be the Seminoles who are the underdog and who'll be bidding for an upset of sorts. It will only be an upset when one compares the season records of the two clubs but as previously stated when two fierce rivals such as the two teams clash, the term "upset" should not be included when the description of the final score is made.

It's been an unusual campaign for the Greyhounds in night's game, but another junior, Steve Ferrell, is also expected to see a lot of action.

Ferrell, who was on the varsity squad for the first time last week after moving up from the junior varsity, connected on some key passes for the Seminoles late in the game last week.

But Ferrell didn't see much action and it was limited to passing. Young explained that this was because he hadn't been with the team long enough to learn all the plays. Seminole and Lyman both lost to Bishop Moore; Sanford by 15-6 just last

## Bulldogs Capture Playoff Contest

BULLDOGS 6 COWBOYS 0 The first game of the City Playoffs for the City Flag Football Championship was a close hard fought battle. The only score of the game came just seconds before the half ended. A pass play good for seven yards from quarterback David Stamm to James Edmonds resulted in the lone score. The Bulldogs will meet the Wildcats next Saturday.

The Jayhawks took advantage of the much penalized Packer team for the victory. The Packers had two touchdowns

## Abdul-Jabbar Is Honored

NEW YORK (AP) — Kareem Abdul-Jabbar, the 7-foot-3 star of the National Basketball Association's Milwaukee Bucks, today joined the group of sports stars who will receive the Dewar's Award of Merit at a luncheon here Thursday.

Jabbar is one of the personalities featured in the new book, "Sports Immortals," written by the sports staff of and published by Prentice-Hall, Inc.

## Police Residence Rule Is Deleted

By MARION BETHEA

WINTER SPRINGS—In sweeping changes in the municipal financial picture, City Council at a regular meeting Monday night considered recommendations set forth by Harold Hartsock, CPA.

Mayor Granville Brown said Hartsock had submitted a rough draft of an audit and had recommended pages of minutes be numbered in the future with the fiscal year and numeral (titles, fiscal year 1973).

Other recommendations include making daily bank deposits and establishing ledgers in five categories: general, building, road and bridge, general fixed assets and federal profit sharing. Relative to the latter, Mayor Brown said the city cannot accumulate and place these federal moneys in the general fund with discretionary spending, therefore, he said, the additional fund would be initiated in the ledger for government funds.

In addition the city will open a bank account for new funds. There will be a separate ledger

page for each budgeted item and there will be pre-numbered purchase receipt books. The police department also will see changes initiated with the change number and court docket, records kept on all bonds already deposited and collected in this session, and the amount refunded. Lastly the municipal judge must sign all court dockets.

In another area dealing with things that "ain't" what they used to be, Councilman Charles Rowell, long a staunch supporter of the police department, target of much public criticism, proposed a change in the police department rules and regulations, section 12, paragraphs one and two.

These deal with the proviso the police chief reside within the city limits, having six months to comply if not a municipal resident, and the patrolman reside within two miles of the city limits. Rowell termed the regulations "ridiculous." Council just moments before had hired a new patrolman Ted Hay, a resident of Sanford and a

member of the now abolished office of Constable Chester Boyd. Rowell said the entire ruling was "nothing but a bunch of crap," and moved for deletion of the section from the police rules and regulations.

Councilman Victor Miller contended that should the city lose the present chief, in the future it should be a requirement the chief live within the city limits. Nevertheless Council approved the deletion with Councilman Troy Pilland casting the only "nay" vote.

Chief Walter Bachelor is a resident of Rolling Hills, Altamonte Springs, and has been hired by the city since March, 1971. At the last hassle over the ruling Bachelor was given until the end of the month his residence into the city limits.

AMTRAK STARTS SLOWLY VANCOUVER, B.C. (AP)—Passenger rail service between Vancouver and Seattle resumed in July for the first time since Amtrak took over U.S. passenger train operations, but it was a slow start.

The first run of the Pacific International—Amtrak's first trip into Canada—ran almost one hour late.

have an effect on price of complete fertilizers. Commercial growers can often adjust their fertilizer formulas and leave out phosphate if a soil test shows it is not required. Home gardeners should generally rely on the standard fertilizer formulas available at garden supply stores and nurseries.

Girl Scouts To Assemble In Ocala Girl Scouts from the Heart of Florida Council, GSA, numbering some 2,000, will assemble at the Scout Campground at Florida's Silver Springs in Ocala the weekend of Nov. 10-12 for a weekend of outdoor living and self-sustaining camping.

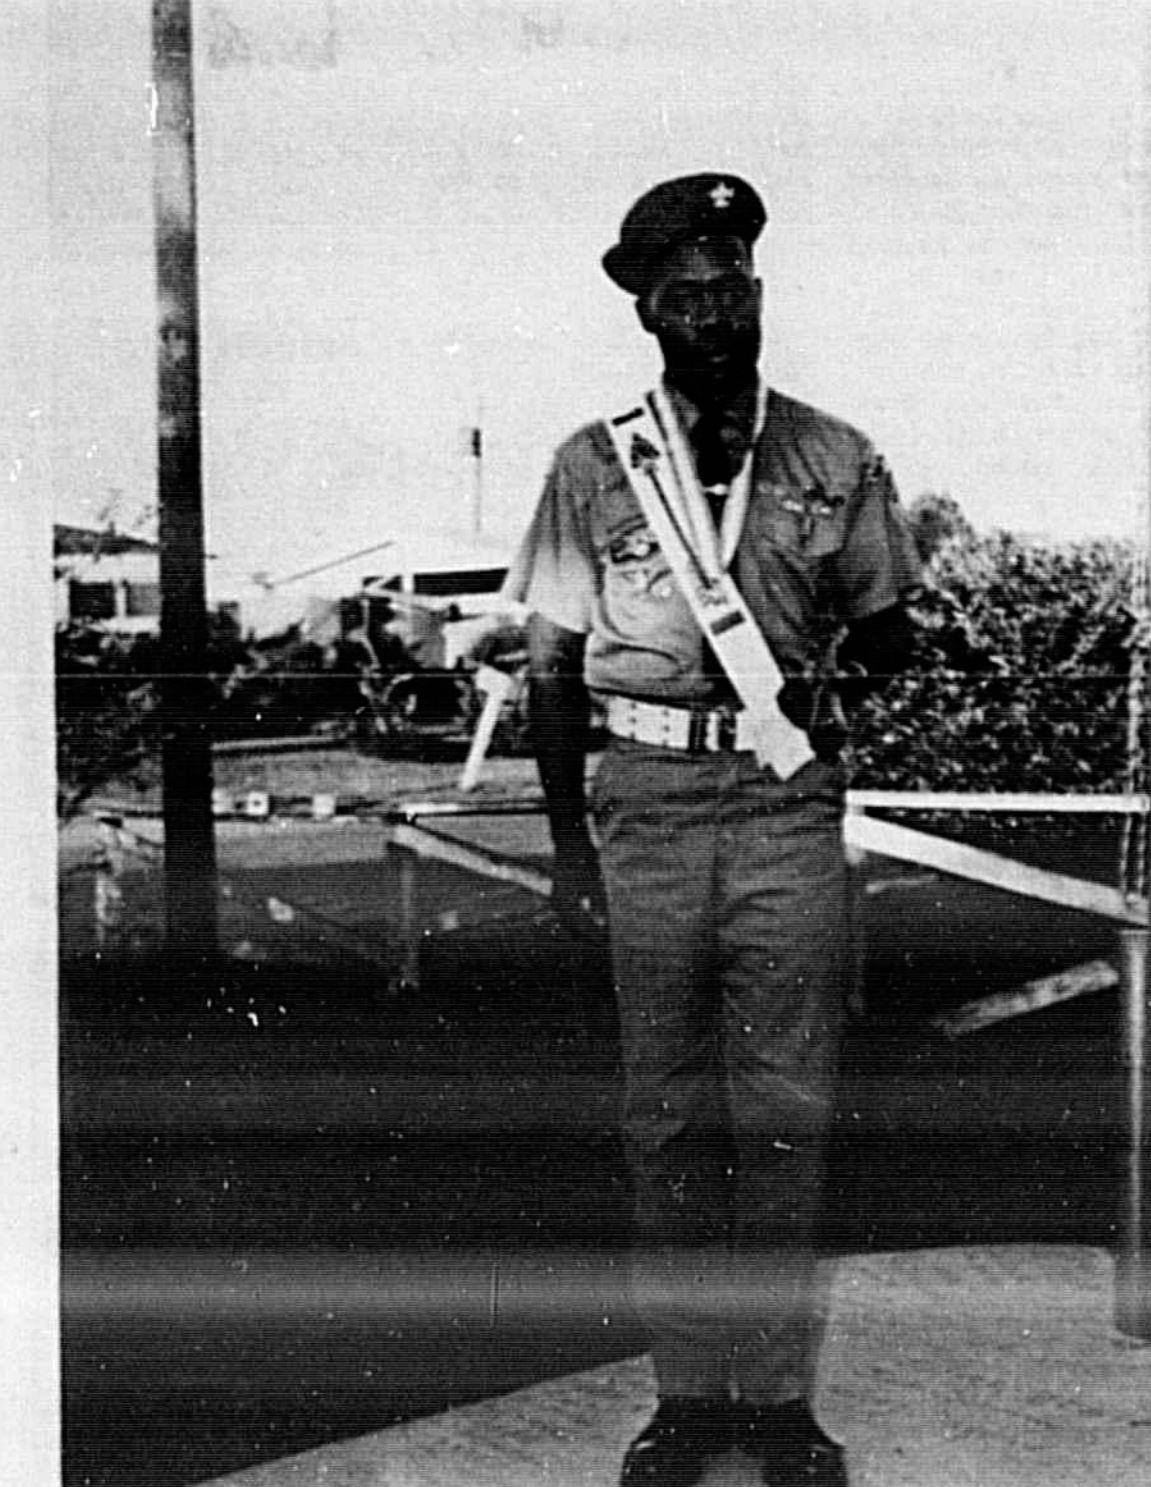

A highlight of the weekend will be the campfire program held at the campground at 7:30 p.m. Saturday, Nov. 11. All the attending Scouts will participate, and a feature of the evening will be a demonstration of reptiles by Ross Allen, director of the Ross Allen Reptile Institute at Silver Springs. The public is invited to attend the campfire.

Known as a "Florida," the camping weekend gives the Girl Scouts the opportunity to observe nature at first hand and to live within what it provides. A number of training activities, hikes and other program elements are scheduled.

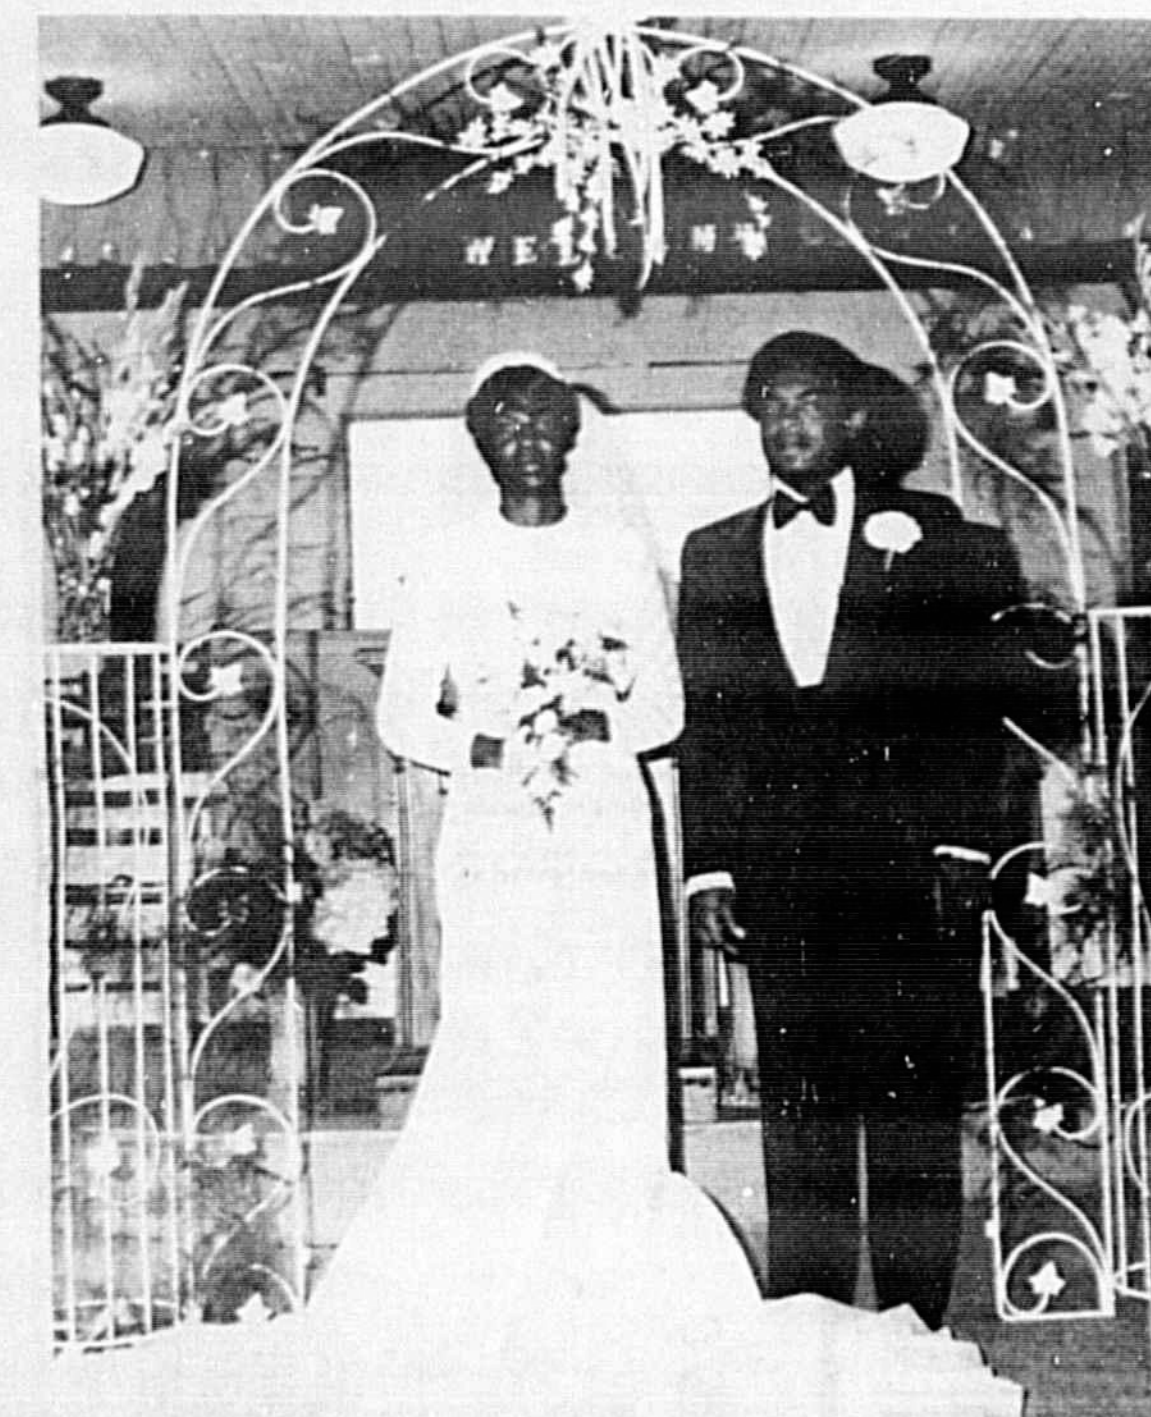

FOR A PROGRESSIVE, RESPONSIVE ELECTIONS OFFICE SERVING YOU THE CITIZEN AND VOTER... Vote Janice (Jan) Wihlen SUPERVISOR OF ELECTIONS Seminole County Republican

PEOPLE POWER WHO REALLY RUNS THIS COUNTRY? The state? This town? Is it really the politicians? The power groups? The lobbyists? In the end, as it has always been, the power comes from the people. PEOPLE POWER is measured every election day. We believe well-informed voters have the ability to select the best eligible elected officials. We try to help our readers by giving them the facts and information in black and white. NATIONAL CAMPAIGNS make headlines. But the state, county and local officials will make a big difference in peoples' lives. That's why we devote time and space in our newspaper to the contests closer to home. WE WILL TRY to do our job of keeping our readers informed of the issues, facts and candidates in the next weeks. We hope our readers will take time to inform themselves so that this election day will reflect People Power.

THE SANFORD HERALD Since 1909 Seminole County's Own Daily Newspaper. 322-2611 831-9993

Mrs. James Mason and baby girl.

Clara L. Lee, DeBary; Patricia M. Miller, DeBary; Guiliana Grasso, Deltona; Harry E. Gilmore, Lake Mary; Herbert M. Massey, Oviedo.

# WINNING TENNIS with DAVE KORNREICH U.S.P.T.A. Professional

**LOB IT TO 'EM!**

When you have perfected your lob, congratulate yourself. The lob takes a lot of finesse; a good lob is usually the sign of a good player.

The lob is a ball hit high in the air. It can be used either defensively or offensively. The defensive lob, hit with underspin, is frequently used when you've had to run wide for the ball. The very high return gives you time to get back in position in the center of the court.

The offensive lob is hit flat or with heavy topspin. The idea is to hit it just over your opponent's reach. The best time to use it is when he's crowding close to the net. Appear as if you are going to hit a low passing shot. Then, at the last minute, swing your racket down and bring it up over the ball. This will give you just enough height to put it out of his reach—and with the heavy forward topspin he will be unable to run back and get it!

# After 5 Road Games Saints Finally Play At Home

The defensive unit is the Pride Unit at Trinity. They have given up first downs the way other teams hate giving up TD's. What was a group of fairly good youngsters who had individual talent and skill at the season's start has become a well-oiled wrecking crew that thrives on stopping everything thrown at them.

When they break from their defensive huddle, the word comes across crisp and strong—"Pride," they growl.

First-team signal caller Steve Saxton, who sat out last week's contest, giving minor injuries time to mend may again watch from the sidelines as Junior underdog Greg Chandler has proved his worth at the helm of the running Wildhorse 1 attack.

In his own right, Chandler offers superb pass receiver possibilities along with a

standout job in the defensive backfield.

All-Stater Cleveland, jogging in shorts as the team practiced yesterday may also see only limited action time. He hasn't been able to get on the field for the last two games because of a pulled hamstring. He is expected to play a full four quarters.

He's also had five TD runs called back due to infractions, and Cleveland, who credits much of his success to the Saints' blocking and teamwork, both on the line and in the backfield, is what most coaches would call the complete player. When he doesn't run, he blocks. While admitting he likes to run "one-on-one" outside on sweeps and options, he can be devastating on power plays into the line. He also covers punts, kick-offs and is an excellent pass receiver.

Reserve backs Walt Morgan and David Terwilliger, injured last week during the rugged contest, place additional strain on the Saints situation. Both aren't starting regularly to spell the first-team offense. With the prior loss of halfback Larry Hernandez for the season, much of Trinity's precious depth has been whittled away, at least temporarily.

While going up against an "easy" opponent in Admiral Farragut for their Homecoming, Ruby foresees the possibility of trouble, especially if his team sustains any lasting injuries on the field or goes into the contest a little too cocky.

And for a team that's 6-0, cocky is a word that has increasing familiarity around the Saints. But when you're the best, you deserve to be a little bit cocky, the Saints say with Pride.

# Unpredictable Colorado Hosts Nebraska 11

The unpredictable Buffaloes, who seem to be involved in an upset in one way or another just about every week, entertain the third-ranked but onebeat Colorado Cornhuskers this weekend with a chance to a victory once and for all their dream of an unprecedented third consecutive national college football championship.

Colorado has been a puzzle, struggling past lowly California in the opening game, losing to underdog Oklahoma State and Missouri but defeating highly ranked Oklahoma and Iowa State.

Nebraska, on the other hand, has outscored its last six opponents 216-54 after dropping its opener to UCLA. In addition, the Cornhuskers are second nationally in total offense, third in passing, first in scoring, tops in total defense—including four straight shutouts—eighth in rushing defense, sixth in pass defense and third in scoring defense. Colorado isn't among the leaders in any of these categories.

Nebraska's Bob Devaney doesn't lose many games and he's never lost in Boulder. The pick—Nebraska.

Oklahoma at Iowa State—This one matches the Big Eight's other two bowl teams of a year ago. Oklahoma's statistics are almost as impressive as Nebraska's—No. 1 in total offense and rushing, third in scoring, eighth in total defense, seventh in rushing defense and tenth in first scoring defense with Michigan. Next for Iowa State is Nebraska. For the present, it's... Oklahoma.

Southern California at Washington State—Top-ranked Trojans are looking ahead to a week off, followed by UCLA and Notre Dame. Southern Cal. Mississippi at Louisiana State—Ole Miss has been in and

out and might catch the Tigers looking ahead to Alabama were it not for the Rebels' 24-22 triumph a year ago. LSU.

STANFORD AT UCLA—UCLA is the nation's No. 1 basketball school and Stanford's quarterback is Mike Barty, whose old man used to put the round ball through the hoop with regularity. Mike is the NCAA's No. 4 passer. Upset Special of the Week... Stanford.

Southern Methodist at Texas—Mustangs gave Texas a battle royal (no relation to Darrell) before losing 22-18 a year ago but were caught looking ahead by Texas Tech last week. It'll be SMU's fourth straight rushing defense against the eighth-ranked ground game of Texas.

Auburn at Florida—Tigers are the surprise team of the country. Auburn.

Tennessee at Georgia—Tennessee's defense has been super, Georgia's offense has been mostly nonexistent.

Air Force at Army—Ben Martin says the Falcons are "almost as good as some of our bowl teams." Army has no speed. Air Force.

# Jack Nicklaus Is 'Player Of Year'

PALM BEACH GARDENS, Fla. (AP) — Jack Nicklaus, who failed in his attempt to win the Grand Slam but did capture six championships in 1972, was named the Professional Golf Association's Player of the Year today.

The announcement of Nicklaus' selection by Warren C. Mack, PGA president, was not surprising since the Columbus, Ohio native won both the Masters and the U.S. Open titles and nearly \$300,000.

Nicklaus began the year by announcing his intention of trying to win professional golf's big four tournaments—the Masters, U.S. Open, British Open and PGA. He won the first two but was defeated on the last hole of the British Open by defending champion Lee Trevino, the 1971 Player of the Year. Gary Player from South Africa won the PGA, in which Nicklaus tied for 13th.

"I am delighted and most appreciative to the PGA for selecting me," Nicklaus said when informed of the honor.

"Looking back over the past year, I consider it the most satisfying I've had since turning professional in 1962.

The reason for the satisfaction is not only did I win six championships, but equally important was the enthusiasm and warmth displayed by the galleries everywhere I played in the United States and overseas."

# 'Gloom Prophet' Gives Seminoles More Bad News

TALLAHASSEE, Fla. (AP) — Dick Milner is becoming known as the "prophet of gloom" during his first year as Florida State University's head trainer.

Milner has gotten that moniker from the football coaches after 18 players missed one or more games for the Seminoles this season.

"It would be easier to give you a list of who's not injured," he said.

The bearer of bad tidings had more gloomy news Tuesday less than a week before a home game with the University of Houston. Senior defensive back James Thomas will be out for the rest of the season with a fractured ankle.

"We thought it was just a bad sprain until the second X ray revealed a crack in the bone," said Milner.

Buzzy Lewis, a junior, has taken Thomas' place the past couple weeks.

Hodges Mitchell, the 6-foot-10 running back, now the leading all-time rusher at FSU, will be sidelined for two weeks. He is receiving treatment for a dislocated shoulder suffered in the

# Developer Gets OK For Changes

By MARION BETHA

WINTER SPRINGS — Modification of the Planned Unit Development (PUD) project, owned by William Goodman and Associates, developers of Winter Springs subdivision, was approved by City Council following a one hour presentation.

The property is located at the eastern half of the municipal limits, and no opposition was voiced to the change from the public during a hearing.

Harlan Hanson, representing the developer, told council, illustrating from an impressive color layout of the venture, that in planning a 3,500 acre development, difficulties were encountered in which it was anticipated that, of necessity, there would be changes. The project, when completed will house between a population of 22,000—25,000 people.

Some changes, he said, were necessary in re-routing the golf course, and the company relied upon the architect for the best route.

Modifications were made in

location of condominiums since the land proved to be lower than desired for this intensity.

Another area of change is in the location of the water and sewer plant, which, in the preliminary plans, had been in the same location. Now, the water plant is over a mile from the sewerage plant, making an advantageous highway access and excellent buffer.

Hanson said the company desired to ascertain to a certainty that the water and sewer plant would have upstream outflow in order that there be no contamination.

Hanson went on to elucidate there is a need in the acreage for a central commercial area within the original core area. The developers, he noted, will provide a site for a city hall and fire station. Plans are to deed the city 1/2 acre for the fire station and one-half acre for the city hall.

The developers also agreed, Hanson said, to providing a 10

acre school site, but mentioned that the county school board, now requests a minimum of 15 acres. One of the two school sites has been moved along the access road of SR 419. The development also entails a commercial area that is a mile from the sewerage plant, making an advantageous highway access and excellent buffer.

The condominiums will house an estimated 4,332 individuals, and that the core area will be comprised of 1,000 acres, housing 12,000-13,000 people.

The population has increased 33 per cent over the original plans. Density will be 15 units per acre in one area, 12 units in the others.

The golf course area has been increased from 180 to 190 acres. The proposed two school sites will accommodate 750 students in each of the two.

Queried as to how the developer determined location of the school site, Hanson commented, "Well, I believe the neighborhood school concept will eventually win the battle. It is the only one which makes any sense." Some school sites, he said, are reserved for purchase by the school board, others are donated.

Again, Hanson was verbose in the school concept, maintaining, "It should be county-wide policy to have developers either donate land or cash for a school site with a development of any magnitude.

KEYS to old radio building on First Street, being donated to Seminole Drug Action Committee by Jenno Paucelli, are presented by Mickey Paucelli (center) to Jim Bannick.

STATE REPRESENTATIVE

But, said Stahl in an interview, "It's a building pattern to get them into the synagogues — then you've got a fighting chance."

Pub. Adv. Paid by John Fitzpatrick, Cam. Trust.

Is It Really Fresh?

By VIRGINIA KNAUER Special Assistant to the President and Director White House Office

How many times have you bought a carton of soured milk? A loaf of stale bread? Or wondered just how fresh those fresh eggs were?

Well, there is a way to determine the freshness of the food you buy. It's usually called "open dating."

Look for open dating. Many food products on your grocer's shelves have coded date information about their freshness stamped on their containers, but deciphering this information can prove next to impossible.

Open dating can help you to shop harder for the freshest products. It's freshness is your assurance that the product is of the same quality when you are ready to buy it as it was when it was processed or packaged.

While open dating is a good shopping tool, it is important to understand that a variety of systems are used by different neighborhood stores or food processors to convey freshness information.

Just the date printed on the package is not the full date—the date a product can be offered for sale.

Obviously, to get the most from open dating, consumers need to know which systems of dating is being used for a given product.

If your store is still playing the "open dating" game with its freshness information, or if it isn't telling you what the date means, urge the manager to do something—such as telling food processors and food trade organizations that consumers want and need simplicity and uniformity of freshness dating.

The food industry's interest in the standardization of open dating terms has increased in recent years, but the adoption of voluntary programs on behalf of consumers has historically gathered more momentum when you and other consumers have spoken out.

**WORLD ALMANAC FACTS**

**Fine China**

On Halloween eve, 1938, Orson Welles hosted the Mercury Theatre's dramatic "War of the Worlds," in which Martians reportedly landed at Grafton, N.J. The World Almanac recalls the program as a used-widely-remembered despite announcements as to its fictional nature. Realism was created by news flash interruptions.

# New Heart Line Cook Book Features Tasty Treats

Copley News Service  
Here are some sample recipes from the new Heart Line Cook Book:

**"HEART LINE" Basic White Sauce**  
2 tablespoons of polyunsaturated oil  
2 tablespoons of flour  
1 teaspoon of salt  
1 cup of skim milk  
This easy method will help you achieve a smoother sauce with less worry about the problem of lumps. Pour skim milk into a small jar with a tight lid. Sprinkle flour on top of the milk. Shake the jar until flour and liquid are blended. Pour oil into a one-quart heavy sauce pan and add the blended flour and milk mixture. Add salt. Heat while stirring constantly until mixture thickens. This makes a medium thick sauce.

**SOME SUGGESTED VARIATIONS**  
1) For a thin sauce, which is also lower in calories, use one tablespoon of oil and one tablespoon of flour to one cup of skim milk.  
2) For a thick sauce, use three tablespoons each of oil and flour to the one cup of skim milk.  
3) Wine may be substituted for part of the liquid.  
4) Fat-free broth may be substituted for all or part of the skim milk.  
5) Spices and herbs can be added according to the recipe or your taste.  
6) Other additions may include onions, chives, garlic, mustard, mushrooms, lemon juice, catsup, etc.  
7) Mayonnaise may be blended in for extra richness. Small amounts of mayonnaise are permissible on the modified diet.

8) To make a sour cream substitute for any hot dish, add lemon juice or wine vinegar to the thick basic sauce or use buttermilk instead of skim milk.

**MOCK SOUR CREAM**  
1 and one-third cups partially creamed cottage cheese  
one-third cup butter-milk  
1 Tablespoon lemon juice or vinegar  
1/4 teaspoon salt  
1/4 teaspoon onion powder

Combine all ingredients in a blender. Run at low speed for 3 minutes. Chill. Use any way you wish to use cold "sour cream." For a dip base, serve with vegetable sticks, melba toast, or bread sticks. Makes 2 cups.  
**NOTE:** This recipe is for use in cold dishes. For use of mock sour cream in hot dishes, see suggestion # of "Heart Line" Basic White Sauce.

**CHICKEN CURRY**  
1 cup of cubed cooked chicken  
1 cup of Heart Line Basic White Sauce  
1/4 cup chopped onion  
1/4 cup chopped green pepper  
2 cloves of garlic, crushed  
1 tablespoon curry powder  
Saute the onion, green pepper, and garlic in the oil. Add curry, ginger and salt to Heart Line Basic White Sauce. Add cubed cooked chicken. Pour into oiled baking dish or casserole. Bake at 350 degrees for 15 minutes. Sprinkle lettuce juice on top. Serve garnishes in 4 separate dishes. Serves 4.

**PAUPIETTES de Veau (VEAL BIRDS)**  
From France - an exciting and economical main dish. Thin slices of veal wrapped around a delicious filling and baked in a thick wine sauce.

1/2 cup (3 or 4 ounce can) chopped mushrooms  
1 tablespoon chopped onion  
2 tablespoons polyunsaturated oil  
3 slices bread cut in small pieces  
1/4 teaspoon dried parsley  
1/4 teaspoon thyme  
1/4 teaspoon salt  
1/4 teaspoon pepper  
2 1/2 pounds veal, round, sliced 1/4 inch thick and cut into 3 x 4 inch pieces  
1/4 cup polyunsaturated oil  
1 cup "Heart Line" Basic Sauce (Use 1/2 cup fat-free broth and 1/2 cup red wine instead of skim milk)

Preheat oven to 350 degrees. If canned mushrooms are used, drain well, chop and dry well in a paper towel. Brown mushrooms and onion

in 2 tablespoons oil. Combine bread, parsley, thyme, salt and pepper in bowl. Add browned mushroom mixture.

Divide bread mixture into 6 portions and place one portion on each piece of meat. Wrap each piece of veal steak

around the bread mixture to form a cylinder, overlap the ends and secure with a toothpick. Brown paupiettes in 1/4

cup oil, turning to brown all sides. While meat is browning, make Heart Line Sauce with wine and broth instead of

milk. Place browned paupiettes in suitable casserole dish and pour sauce over meat. Cover and bake 1 1/2

hours at 350 degrees. About 15 minutes before baking time ends, spoon some of the sauce over each paupiette to give

them a glossy appearance. Serve on a bed of fluffy rice. Makes 6 servings.

# Americans Favor Domestic Wine Instead Of Imports

By TOM HOGG, AP Newsfeatures Writer  
Foreign restaurants con-  
time to crop up in New York and other cities throughout the United States.  
with diners eagerly sampling dishes from faraway lands. But when the wine list is submitted, more and more patrons are passing up the imports in favor of a bottle from an American vineyard.  
Americans, who shunned table wine not many years ago, now consume a whopping 300 million gallons a year. And 75 per cent of it comes from California.  
Wine was introduced to California by Spanish missionaries in the middle of the 17th century. It was produced by vintners who had been trained for the most part in Europe and who imported their vines from France and Germany.  
For their red wines, they brought in the Pinot Noir and Cabernet Sauvignon from Bordeaux. For the whites, they chose the Pinot Blanc and the Pinot Chardonnay from Burgundy, the Semillon and Sauvignon Blanc from Bordeaux and the Sylvaner, Traminer and white Riesling from Alsace.  
Some experts contend that the principal virtue of California wines lies in the fact that the combination of weather and soil in that state produces wines of exceptionally even quality year in and year out. In contrast, the wines of Europe vary greatly from year to year, with some great offerings and some poor ones.  
It is an ironic fact that, whereas American wine-grape growers imported their vine cuttings from Europe in the first place, a plague struck the European vineyards late in the 19th century and the European vintners had to come to America for their cuttings.  
Not many California wines are allowed to mature in the bottle like their European counterparts, which is why we do not have any great vintages. This is largely because the vintners here have to pay a tax on their warehouse inventory every year and to keep a large stock on the premises becomes costly and boosts the price to the consumer. But even this is changing.  
In the Livermore Valley area, for instance, one vineyard is now offering a full bodied 1967 Mountain Zinfandel and a sturdy Pinot Noir. Other vintages aside, the robust wines of California's countryside are coming into their own like the simple but satisfying country wines of France. Examples are the fruity Vintoux and the crisp, golden Orobianco from the central coastal area of California. Such wines lend themselves to cooking as well as drinking, and are endorsed by this chicken dish.

- ★ **25th ST. & PARK AVE. STORE** 8:00 A.M. - 9:00 P.M.

**WEEKDAY LUNCH**  
Cream of Tomato Soup  
Tuna and Green Pepper Sandwiches  
Apples and Cheese Beverage  
TUNA AND GREEN PEPPER SANDWICHES  
Green pepper provides vitamin C  
1 can (6 1/2 ounces) chunk-style light tuna, drained  
1 small green pepper, seeded and finely chopped  
1 tablespoon pickle relish  
Mayonnaise, enough to moisten and flavor to taste  
8 thin slices bread  
In a small mixing bowl mix together all the ingredients except the bread. Use as a sandwich filling with the bread. If you like, you may add lettuce to each sandwich; in this case spread 1 slice of each sandwich with butter or mayonnaise and place the lettuce over this slice. Cut each sandwich into 2 triangles. Makes 4 servings.

#### Create A Fiesta In Your Home

While mullet are their delectable best, the Florida Department of Natural Resources suggests a festive affair featuring Mullet Mexicana. It is an easy-to-do, bake-in-the-oven recipe that will get you out of the kitchen in a hurry under the spirit of the occasion. Bake the mullet fillets under a buttery blanket of bread crumbs flavored with grated onion, a hint of thyme and chili powder for that South-of-the-Border flavor.

- Mullet Mexican**
- 2 pounds mullet fillets, fresh or frozen
  - 1/2 cup dry bread crumbs
  - 1/2 cup butter or margarine, melted
  - 1/4 cup grated onion
  - 1 teaspoon chili powder
  - 1/2 teaspoon salt
  - 1/2 teaspoon ground thyme
  - Dash cayenne pepper
  - Paprika
  - Lemon wedges

**APRICOT BARS**  
We adapted this recipe from the delightful "Cooking with Wine and High Spirits" by Rebecca Caruba (Cornerstone Paperback).

- 1/2 cup butter
- 1/4 cup granulated sugar
- 1 1/3 cups unsifted flour
- 1/2 teaspoon baking powder
- 1/4 teaspoon salt
- 2 eggs
- 1 cup firmly packed light brown sugar
- 1/4 cup apricot liqueur
- 1 cup dried apricots, rinsed in hot water and cut up small
- 1/2 cup chopped (medium-fine) walnuts

## Fit For A President Try Martha's Chicken Pie

By AILEEN CLAIRE  
NEA Food Editor  
History and food have a close relationship. Currently the United States is resolving the major election upheaval that comes every four years. We're soon into the Thanksgiving period which commemorates activities of our earliest settlers . . . and over

- AFTER-SCHOOL SNACK**  
Apple-grape Bounce  
Graham Crackers
- APPLE-GRAPE BOUNCE**  
Increase quantity as needed
- 1/2 cup chilled apple juice
  - 1/3 cup chilled unsweetened grape juice
  - 1/3 cup chilled ginger ale

Place chicken in large saucepan. Add water, 1 teaspoon salt, onion, celery and bay leaf. Bring to a boil, cover tightly. Reduce heat and simmer 1 hour or until tender. Remove chicken pieces. Strain broth. Remove skin and bones from chicken; cut meat into chunks. Heat butter in saucepan. Add onion and cook until tender. Blend in flour, remaining 1/2 teaspoon salt and pepper. Stir to a smooth paste. Gradually stir in chicken broth. Cook, stirring constantly, until mixture thickens and comes to a boil. Remove from heat; stir in lemon juice, currants, citron and sliced eggs. Turn into greased 1 1/2-quart casserole. Top with pastry. Brush pastry with beaten egg. Cut three slashes for steam. Bake in 425-degree oven for 20 minutes. Makes 4 servings.

## Seminole Staff Requests Mace

By BILL SCOTT  
Seminole County School Board Wednesday night authorized the Seminole High School administrative staff to carry mace in order to keep discipline at the Sanford 10-12 grade school.

On a motion by Jean Bryant, vice chairman and a second by Stuart Culppeper, the school board approved mace carrying, after a request from Seminole High principal Jack Redding, who advises The Herald that this request was based on the Monday incidents at the high school during a drug abuse assembly. Police reported two students were arrested after two girls were struck and another youth was beaten and robbed.

Redding said after the incident he determined that mace was needed to keep order at the facility and therefore had brought the suggestion to Mrs. Bryant, who introduced it at the board meeting for approval.

He indicated five or possibly six persons would be armed with the chemical spray used by law enforcement personnel to stun unruly persons.

These would be Redding, Richard Evans, C. D. Franklin and Wayne Epps, assistant principals; Harry Steinmetz, school security guard and possibly the dean of women, if she wants it, Redding added.

The Sanford High School has been involved in numerous incidents of student disorders since school began in September.

Seminole County School officials methods they used with the cooperation of the sheriff's department, located and hires trained personnel to walk the hallways to stop disorders.

Neighboring Orange County School District was questioned by The Herald relative to how that county handled its student discipline problems.

Richard J. Widely, administrative coordinator, speaking as an individual, said the carrying of mace or clubs by security officers or personnel might result in an open confrontation with students, since it could be interpreted as an invitation to violence.

Widely said Orange County would be willing, if asked, to discuss with Seminole County School officials methods they had used to control student disorders.

**AROUND THE CLOCK**

By John A. Spolski

Just a couple more days, neighbor and then you and I get a chance to exercise our thoughts on those whom we'd like to have representing us from the court house to the White House.

That smug feeling of a landslide is showing signs of eroding, isn't it?

According to the Harris Poll . . . the blue collar worker . . . that very important uncommitted percentage . . . is starting to return to the Democratic fold. And even this highly respected public opinion prognosticator admits that there's a good chance it isn't going to be a landslide.

Always, all reputable public opinion firms, refuse to commit themselves two weeks prior to an election . . . due to all of the last minute switching and changing.

And by the way, the "polls" were wrong in Canada just this week, remember?

expected to comment on the status of the Vietnam peace negotiations.

Nixon discussed urban programs in a radio address Wednesday, saying his administration has "doubled federal assistance to states and localities—to meet the crises of their treasuries." He said the administration has also "increased the sense of freedom and control in our communities—to meet the crisis of the spirit."

McGovern said at a rally in New York City's garment-workers district that "the American people in their own way are saying something that they sound old-fashioned but they want this country to follow higher moral standards."

"What I have heard,"

## McGovern In Midwest Nixon To Speak On TV

By R. GREGORY NOKES  
Associated Press Writer  
President Nixon will give his views on the future of America in a nationwide television address this evening, a day after Sen. George McGovern said he thinks Americans want the country "to follow higher moral standards."

The President announced plans for a closing blitz in his campaign for re-election. This will be nationwide television speeches this evening and Monday, and campaign trips on Friday and Saturday to six states—Oklahoma, North Carolina, Rhode Island, New Mexico, California and Illinois.

The President's speech is scheduled to be televised live from the White House at 7:30 p.m., EST. Besides discussing the country's future, he is also expected to comment on the status of the Vietnam peace negotiations.

Nixon discussed urban programs in a radio address Wednesday, saying his administration has "doubled federal assistance to states and localities—to meet the crises of their treasuries." He said the administration has also "increased the sense of freedom and control in our communities—to meet the crisis of the spirit."

McGovern said at a rally in New York City's garment-workers district that "the American people in their own way are saying something that they sound old-fashioned but they want this country to follow higher moral standards."

"What I have heard,"

Let me also compliment some of the students at Seminole High School . . . especially the Interact Club and the National Honor Society.

Interact has donated \$200 to the Glen Horton Jr. Fund and the NHS went out and painted "Flags" on the mail boxes as a fund raising event, and are contributing \$40 to this same fund.

Thanks for reminding us that because of the irresponsible few at the school, that's no reason to assume the remaining 99 per cent aren't the kind we can proud of . . .

Tonight at 7 . . . another chance to meet all of the candidates, and have a delightful chicken dinner, too.

Sponsored by the Lake Mary Chamber of Commerce and the Woman's Club, all of the candidates from both parties are expected to be at the Lake Mary Elementary School . . . to greet and meet the voters.

No speech longer than two minutes! (That ought to hold 'em, eh?)

NO NEED to worry about leftover Halloween treats anymore as "Grandma" Jenny Howard found plenty of takers among the Herald "Angels" Wednesday morning. Left to right Myrtil Chadwick, Carol Galloway, Mrs. Howard, and Tina Smith.

## S & L Starts New Building In Sanford

Downtown Sanford's skyline will have a radical change during the coming year with the construction of a new four-story home office addition to First Federal Savings and Loan Association of Seminole County.

Ground will be broken at 8:30 a.m. Friday for the multi-story building which will serve the rapid growth in savings and loan requirements for First Federal.

Gib Edmonds, Executive Vice President, said that more than one million dollars will be spent on this handsome new addition to Sanford's skyline.

Members of the Greater Sanford Chamber of Commerce, Sanford City Council, and the Seminole County Commission, as well as other Sanford area dignitaries will be on hand for the ceremonies along with the entire First Federal staff.

Designed by Gutmann, Dragash, and Matz, Architectural firm in Sanford, the home office will contain 41,000 square feet of space, some 90 parking units, and will be constructed by Williams Development Co. It is designed to ultimately support six stories, but this first stage will see four floors erected.

From the top of the first floor to the rooftop of the fourth floor, the building's facade will be gold-toned glass, mirroring the greater Sanford area in all directions. The existing main building will remain essentially as it is, with slight modifications to exterior

Det. Sgt. John Wright has arrested a Sanford woman for a Saturday night shooting at Henry Stevens Place in Midway, according to Sheriff John Polk.

Ada Cooper, 30, was charged with person engaged in criminal offense having weapons. Bond was set at \$5,000 on each charge.

According to Polk, Lewis Mims was shot in the left side of his back with a .22 caliber pistol. Wright arrested the woman shortly before noon Wednesday.

Det. William H. Hogan arrested Donald Warren Goodall, 21, of 281 E. Church Street, Longwood on the charge of violation of probation. Goodall was jailed without bond.

Ruth E. McPherson reported several items missing from her Oak Haven Drive Home in Forest City. Among them are a 12-gauge shotgun, valued at \$50; a television set, valued at \$90; and a motorcycle helmet, valued at \$18. Richard Balmer of Balmer Auto Service, Longwood, told deputy Scott Grant that two headlight aimers, worth \$100, were taken from his business.

Two 1972 Chevrolet trucks were reported stolen by E-Z Haul Rentals at Howell Branch Enco in Casselberry. The trucks, valued at \$30,000 are eight and 11 days overdue, and didn't come back. It was valued at \$2,300.

Cremons Chevrolet, 3790 South Highway 17-92, Sanford, reported 1971 Chevrolet truck stolen after a man took the truck out for a test drive and didn't come back. It was valued at \$2,300.

design will be eliminated to cut costs. There will be some slight changes in the architectural finish and some of the staffing will be different.

Grant that two headlight aimers, worth \$100, were taken from his business.

## Detention Center Costs Are Down

By ANN SIECZKOWSKI

"Well gentlemen, finally, we bring you good news," stated T. J. Popp of Environmental Design Group, which has been working with the County on the design for the Juvenile Detention Center for two years.

Last week, the Seminole County Board of Commissioners authorized Popp to go to Tallahassee to check out some of the proposed architectural changes with the Division of Youth Services, so that approval of the modifications could be moved up more quickly and the remaining procedures could begin.

Popp said that there was a complete meeting of minds on the slight changes, which will bring the construction costs down to \$247,245. Changes were necessitated because the bids submitted in September were far over the \$250,000 which was approved for the detention center in the 1970 bond issue.

Some items to be omitted, according to Popp, are outdoor recreational areas in easy access. Vandal-proof storm drains and extra plumbing lines which were in the original

of the American people, that we lift the vision of this country that we become a country more

in line with the great principles and great ideals with which we began some 200 years ago."

## It's Our Baby . . .

It's our baby and we're proud of it . . . the BRAND NEW SUNDAY HERALD that is! Delivery is scheduled for Saturday afternoon for the first edition as The Sanford Herald goes to press six days a week.

It will be crammed full of new features such as the 8-2 page section of color comics, the Seminole Magazine, sports, women's news and Real Estate sections, entertainment, more local photos, exclusive Copy and plenty of local, state and national news. Don't miss it!

## Grandma Unhappy After Halloween

Originally the Grandma's lament, which follows was intended as a letter to the editor, but since the trend seemed to be widespread in many parts of Seminole Tuesday night we decided to give it more prominence:

Has Halloween died? I sat by my kitchen table this morning, looking at the usually empty bowl of candy—It lay piled high with suckers, licorice sticks and goodies of all kinds.

Halloween was last night, too, I had 152 children last year on Halloween night and last night there were only 13. I checked with neighbors on my street and across town. The same thing happened to them.

This is a small for instance that has happened to our society in the last few years

since dope, cut razor blades in apples, etc. making the parents of the precious child of today suffer and soon to forget the real joy of Halloween.

Spooky nights, ghosts, goblins and grandparents renewing the joy of Halloween through watching the children all dressed up and yelling the familiar "trick or treat."

Well, last night was not only a disappointment to you children in the neighborhood, it was a letdown for this grandma, too!

Even though I don't blame the parents of the children for not daring to let them take a chance on getting hurt in any way—Halloween has changed as the world has changed. "The witches have won!"

An irritated Grandma in Sanford

**don't struggle he's running for you**

**SEMINOLE COUNTY COMMISSIONER DISTRICT 1 GOP**

**ELECT HUGH EVANS**

**A man you can turn to in the Florida Senate.**

As a Brevard County Commissioner, Hugh Evans worked closely with Congressman Lou Frey on matters that involved the federal government, including securing the Space Shuttle for Florida. Now Congressman Frey is supporting Hugh Evans for the State Senate. He feels the experience and integrity of Hugh Evans is what we need in the Florida Senate to get results. Elect Hugh Evans, your State Senator, District 16.
