VOL. 59 NO. 146 - AP Leased Wire - Established 1908 - MONDAY, MARCH 13, 1967 - SANFORD, FLORIDA - Price 10 Cents

City Ready To Negotiate On Lakefront Facility Bldg.

The City Commission tonight is expected to negotiate with the Shoemaker Construction Company to construct a community facility building for the Freedom of Choice forms is Thursday. Some 16,000 returned out of 20,000.

Early Trial Expected In Chamber Suit

An early trial presided over by three circuit judges is expected in the lawsuit filed by the Leonard Munson against the County Commission.

Tuck Challenges Sanford's Plea

Sanford's plea to be included as a defendant in the court-house injunction suit will be challenged by Harlan Tuck, attorney for the plaintiffs.

Midway Woman Murdered

A 22-year-old Midway man is in custody today after he shot to death a woman on Sipos Ave. last night.

'Great Society' A Flop--Gurney

Although President Johnson has been quiet of late, and talking less, the Great Society still is active, with the same goals, with the war on poverty going "full steam ahead" becoming world-wide.

The Death Of An Infant

The use of filmy plastic on a baby bed took another life Sunday when a four-month-old James Robert Simpson of Longwood suffocated after he pulled the filmy material over his face.

'Donny Battern Drill Field' Dedicated At SHS

Ceremonies were conducted at 10:30 a.m. Saturday to officially dedicate the Seminole High School Band Drill Field as "The Donny Battern Drill Field."

900 Measles Vaccine Shots Given Here

More than 900 measles vaccine shots were given Friday at Sanford and Seminole High Schools for the measles.

Demo 2nd Primary Tomorrow

Democrats in trickles will go to the polls in Orange and Seminole Counties Tuesday to cast their ballots for the race to fill the House seat in district 43 in the State Legislature.

By LARRY YERSHEL
Poor Tom Mooney! The Asher crowd is spreading the word. Money is tied in with the ultra-liberals... They must be getting worried over OUR candidate.

Deadline for turning in those Freedom of Choice forms is Thursday. Some 16,000 returned out of 20,000.

An Orlando reporter called officials here on Friday on what we think of combining Orange and Seminole... And the giant monster spreads its wings.

Anyone for the unification hasn't any pride in Seminole.

The school board will be crying "poor mouse" come the fall but watch it cause they are gonna expand their administrative offices to the tune of \$36,000.

Why did the school board completely ignore Eoghan Kelly when they gave out those handsome, rich architectural prizes to two out-of-town firms?

One school official told us something in the Swiss firm lives in South Seminole... We checked into it and tax collector says he pays about \$300 in taxes... The other firm, Watson and Co. doesn't even have an architect in the office.

Nobody asked me but I wish more people who are "full time" residents here cared about Sanford the way John Paulucci does.

You'd better believe that something is going to happen with the Teezie building on 25th Street, because this fellow Paulucci, who just bought it, doesn't acquire property just to sit around it.

Look for a major company to start a survey soon on utilizing NAR after the city takes it over.

Oh, before I forget, how will the city finance purchase of the lease from GSA. Government bonds are out... Thanks to the Florida Constitution. Legislation?

A little sparrow from South Seminole swooped down on Fulton St. today and told me Joe Davis is drawing up legislation to help municipalities to get some of that road and bridge fund.

It sure is good to see policemen back on the Church beats again.

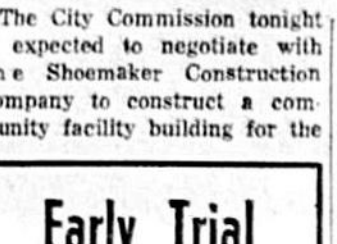

Now you probably think I just wrote that so you'll know I went to church Sunday.

When is the city going to do something about a curfew for youngsters... Parents don't seem to care how late they stay out at night.

Democratic Women's Club claims a membership of 252. Club held a rally for party candidates last week. I'm ashamed to tell you how many showed up.

The Republicans goofed at their political rally Friday evening. Everyone at the speakers table was introduced to the assembly... except the wife of the principal speaker, Congressman Ed Gurney.

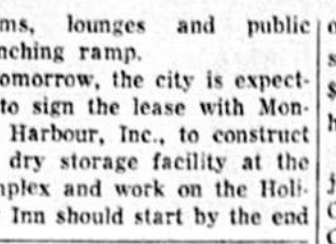

City and county getting together this afternoon on City dump basic benefits at first the county said they would add a unit facility (7' for 10 cents a cubic yard and then backed off... Can't tell what will happen... I've been told to stay out.

ROBERT L. BROWN

Leesburg Team Men's Bowling Tourney

HURRY, HURRY FATHER TIME... seems to be the thoughts of the ultimate winners of the Jet Lanes Men's Doubles Handicap Tournament. William Taylor (left) and Harry Stanley, both of Leesburg, took the first place lead in the second week of competition and anxiously awaited the results of the final squad at 10:30 last night. The victorious duo beat the clock and their competition and pocketed the first place prize worth \$500.

Actions always speak louder than words and Sanford made giant strides towards state-wide recognition this past weekend with the conclusion of the Jet Lanes Men's Doubles Handicap Tournament.

A total of 479 teams from all parts of the state made the trip to Sanford to compete in the huge \$2,500 prize jackpot with \$500 of it going to the first place team and another \$250 for the second position.

In spite of various city-wide bowling tournaments in cities such as Orlando, Ocala, Daytona Beach, Satellite Beach, the Professional Bowler's Tournament in Tampa this week, the local tournament gained in prestige as a result of the large response of bowlers from cities as distant as Miami Beach, Jacksonville, Tampa and others.

Perhaps the most significant aspect of total participation was the number of local bowlers who entered the competition this time. A reflection of which will sit well with the state bodies considering Sanford as a potential site for a men's state bowling tournament.

A goodly portion of the riches go to a pair of newcomers to bowling, Bill Taylor and Harry Stanley of Leesburg for shooting

a 138 series, including handicaps. There were many who made valiant last gap charges at overtaking the combination of Stanley-Taylor, but fell short with one of the members not connecting on his game.

In the last squad at 10:30 p.m., it was another pair of kieglers from Leesburg who made it into second place via a single pin. Jim Towne and Bill Russ rolled a 133 series nudging Wise-Smith out of second with their 132 set.

Softball Loop Readies Play

Sanford's Recreation Department reminds all those interested in entering a team in the Men's Metro and Church Softball Leagues that entry fees and rosters must be in the Recreation Office before 5:30 p.m. on Wednesday, March 29.

For additional information, you are urged to call Joe Williams at the Recreation Office in the Civic Center or call him at 323-2161, extension 68.

League play will begin on Monday, April 10.

Three place Hal Wise (184 avg.) and Walt Smith (181 avg.), airmen stationed at Orlando A.F.B., were split by the top spot with their 132 series, good for \$300.

One of the most stimulating exhibitions of bowling was offered on the final day's events by Lt. Thomas of Orlando, a bowler with a 188 average. Thomas, who works at a bowling establishment in Orlando, started with a string of five strikes, and his partner, Norm Behn of Orlando came in fourth with a 1350 series, worth \$110.

The bowlers of Sanford now are busy preparing for many of their local events starting with representation of three men's teams in the National ABC Tournament in Miami this week, and the Sanford Women's Bowling Association Annals Tournament this coming weekend, March 18 and 19.

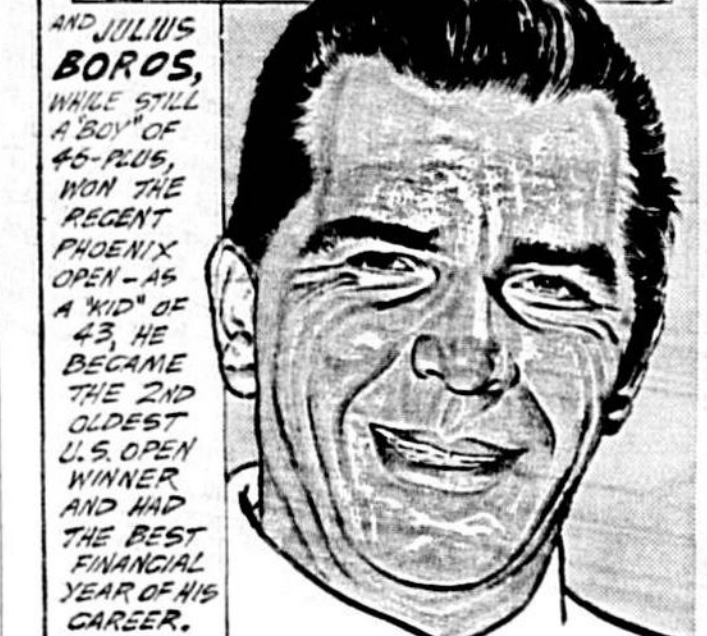

Directly on its conclusion will be two weekends for the men's tournament and then the Annual Junior Bowling Tournament the third week of April.

The complete listings with prize winnings will be published in tomorrow's Herald. The tentative top ten positions, with their prizes are as follows:

Stanley-Taylor	1388	\$500
Towne-Russ	1333	\$250
Wise-Smith	1332	\$200
Thomas-Behn	1330	\$110
Schuler-Lee	1340	\$100

New Faces Shine For Mets, Braves

By THE ASSOCIATED PRESS

New faces shown over the Atlanta and New York Mets exhibition baseball games while revitalized old arms brightened the outlook at the Baltimore and New York Yankees camps.

One Yankee looking like a Yankee of old, played his first game with the Atlanta Braves and he felt right at home Sunday after slugging three singles in Atlanta's 4-2 victory over Los Angeles in West Palm Beach, Fla.

A pair of pitching acts from Florida, driving in a run, climaxed a two-run seventh inning that took the advantage from the Yankees, who led all the way 5-2 until Ernie Smith started the Sanford pitching.

Eddie Padgett pitched five innings, giving up one hit with five strikeouts and one free base. Glenn Burns worked only two innings and recorded five strikeouts and is used only one free base.

Brian Smith was his big gun at the plate, collecting three hits and two runs in four times at the plate and also was credited with two runs batted in. Tommy Gracey, Mike Krekel, Scott Harris, Dana Yrebeck, and Eddie Padgett also played despite a sprained right hand and smacked two doubles including one that drove in two runs against the St. Louis Cardinals and broke a scoreless tie. The Mets went on to beat the Cardinals 7-1 at St. Petersburg for the second straight time.

Steve Barber lit up Baltimore's already high hopes of another world championship when he tested his arm against the Yankees and turned in three stout innings in a 7-2 Orioles victory at Miami.

Barber, who won 18 games for the Orioles in 1961, 20 in 1962 and 15 in 1963, was sidelined much of last season with a sore elbow. But the 29-year-old ace of the youthful Baltimore staff showed no effects of soreness as

open with a split in the sixth frame and went the strike route up to the last box in the game to settle for a 276 game.

This was the highest single game rolled throughout the entire tournament and came at an opportune time as Thomas also pocketed an additional \$25 each for the high game and series, which he had with a 639 for three games. Thomas and his partner, Norm Behn of Orlando came in fourth with a 1350 series, worth \$110.

The bowlers of Sanford now are busy preparing for many of their local events starting with representation of three men's teams in the National ABC Tournament in Miami this week, and the Sanford Women's Bowling Association Annals Tournament this coming weekend, March 18 and 19.

Boros--Not Quitting Yet

ORLANDO, Fla. (AP)—Julius Boros says he won't quit the Citrus Open golf title to "pay off the mortgage and retire," but the cagey campaigner isn't quite ready to call it quits.

Off to his fastest start in 17 years is a pro, the 47-year-old father of seven is determined to win a spot on the Ryder Cup after picking up a \$2,000 check for winning the Citrus crown, his second title payoff of the year.

"There's not much money in the Ryder Cup, but it's worth a lot in prestige," Boros added after picking up a \$2,000 check for winning the Citrus crown, his second title payoff of the year.

"There's not much money in the Ryder Cup, but it's worth a lot in prestige," Boros added after picking up a \$2,000 check for winning the Citrus crown, his second title payoff of the year.

Dope Addiction In Young Girls Appalls Britons

LONDON (AP)—Schoolgirls turn to vice to get narcotics—fashionable London church is scene of dope pushers—18-year-old girl dies after drug party.

London newspaper headlines tell the sad story.

Suddenly the British have awakened to an appalling problem in their midst—teen-age narcotics addiction.

Prime Minister Harold Wilson's government, concerned over the soaring drug addiction figures, is drafting amendments to existing laws.

In British family doctors are allowed to prescribe heroin and cocaine for addicts.

An independent committee on taking drugs says the main source of illicit drugs is a factory who prescribe excessive quantities of drugs to addicts.

Under proposed legislation, addicts will be able to obtain supplies only at special drug centers in hospitals.

There are 1,000 narcotics addicts recorded through the system of voluntary registration and prescription records. The unofficial figure is put at 2,000-3,000.

This compares with 532 in 1962. The Vera Institute of Justice in New York, engaged in a joint study with the British, says Britain will have at least 10,000 addicts in the 20-year age range within five years.

The accident on youth is worrying the British. Ben Parkin, Laborite, told the House of Commons that he knew of cases where schoolchildren were peddling pills—called purple hearts—in the classrooms and playgrounds of their schools.

"The tragic situation is that the children who become addicted to purple hearts are unable to find the money to purchase more supplies except by acting as agents themselves," he said.

Until recently the British were proud of their permissive attitude toward addicts. Authorities relieved they were striking the right balance with humane treatment of addicts as sick people needing medical attention.

In 1960 a government committee reported that the scale of drug addiction was so small and so well controlled that "we see no grounds for suggesting further statutory control over habit-forming drugs."

Now it is generally admitted that the system has failed. It works only if doctors do not over-prescribe and if addicts do not get their surplus to people not yet addicted. Both practices have become common.

Abernathy Sets Pace For SOKC Title

The Don Abernathy Kennel held onto the lead for the track championship at Sanford-Citrus-Kennel Club last week despite another surge by the Cecil Austin runner.

Abernathy now shows 73 wins to the lead for the track championship at Sanford-Citrus-Kennel Club last week despite another surge by the Cecil Austin runner.

Junior High Rolls Over Oak Ridge

Sanford Junior High opened its baseball season Friday, playing the Oak Ridge High school's junior varsity team in Orlando. The Braves won handily, 6-3, but were humbled Saturday by Seminole High's 3-1, 6-1.

The Braves collected their first run on eight hits, with four coming in the seventh inning to take the advantage from the Yankees, who led all the way 5-2 until Ernie Smith started the Sanford pitching.

Eddie Padgett pitched five innings, giving up one hit with five strikeouts and one free base. Glenn Burns worked only two innings and recorded five strikeouts and is used only one free base.

Brian Smith was his big gun at the plate, collecting three hits and two runs in four times at the plate and also was credited with two runs batted in. Tommy Gracey, Mike Krekel, Scott Harris, Dana Yrebeck, and Eddie Padgett also played despite a sprained right hand and smacked two doubles including one that drove in two runs against the St. Louis Cardinals and broke a scoreless tie. The Mets went on to beat the Cardinals 7-1 at St. Petersburg for the second straight time.

SHS Golfers Win Again

The Seminole High Golf team stretched its win streak to six straight without a loss Friday as they downed Bishop Moore and Lyman in a three-way match at the Mayfair Country Club. Seminole scored a 172, Lyman a 167, and Bishop Moore a 186.

Alan Clark, a sophomore at Lyman High took the low honors in the match, coming in at 36.

Mike Utz again led the Sanford duellers to their win with 42. Irs Abramson and Steve Leach shot 47's and Mike Rudd came in at 44 for the second best Seminole score. The birdied number two and Rudd got feathers on number eight.

Seminole Scoring: Utz 42, Abramson 45, Leach 47, Rudd 45.—Total 172.

Lyman Scoring: Clark 39, Walter Shepard 45, Floyd Williams 49, Charles Hickey 54, Total—187.

'Downs' Preps For April 21 Opener

When Seminole Downs opened its inaugural meeting of the thoroughbred racing April 21, it will bring to Central Florida a new conception of the Sport of Kings.

Offering night racing for the first time in the state's history, the new management has assumed the operation of the track with vigor, and as the action promised the fans, all efforts have been made to provide the type of attraction one should be proud of.

During the next month, Seminole Downs invites the potential patrons to view the "New Plant."

You will see:

- (1) A revitalized grandstand, with the type of attraction one should be proud of.
- (2) New windows in the back of the stand overlooking the paddock area.
- (3) A new and colorful walking ring, saddling area, and winners circle, its colored panels honoring the great stallions and great horses of the American Turf.
- (4) A brilliantly illuminated course, insuring safety for both horse and rider.
- (5) A newly resurfaced parking lot, featuring a widened entrance way.
- (6) A completely new running strip, proclaimed by the horsemen presently on the grounds, as one of the finest and safest in the country. A new seven furlong chute to the stretch, and a three and one-half furlong chute to the back stretch provide a wide variety of distances for the equine colony to enter the aprit of competition.

Warplanes Make Heaviest Strike

The Sanford Herald March 13, 1967 - Page 5

SAIGON (AP)—U.S. warplanes made their heaviest strikes against North Vietnam in four months Sunday, covering 800 feet in the air and visible to an electric power attack on a northwestern of Hanoi.

Seizing upon breaks in the weather, the American fighter planes made their heaviest strikes against North Vietnam in four months Sunday, covering 800 feet in the air and visible to an electric power attack on a northwestern of Hanoi.

Gls In Saigon Lose Allowance Of \$21 Million

SAIGON (AP)—American servicemen in Saigon reacted with groans, sighs and occasional screams today to the news that they've lost \$21 million a year in living allowances. The guys out in the boonies couldn't care less — they were getting it.

Short-timers whose tours in Vietnam are nearly over took it usually. Others said the Pentagon was fabled up blind, cranky or an unprintable combination of these and other things.

The Pentagon announced Wednesday that on May 1 it is ending the cost of living allowances paid to some 21,200 servicemen in the Saigon area. The allowances — ranging from \$27 a month for privates to \$84 for generals — were intended to help men who had to live partially on the badly inflated civilian economy.

Many men drawing the allowance were actually living in military quarters and eating at military messes. But others told a different story.

"Look around this town," said one Army sergeant who didn't want his name used. "There are hundreds of guys who miss meals and have to grab taxis and pay for all kinds of things they wouldn't have to if they were working on some regular base. It'll cost me about \$2 a day and I will really miss it."

Air Force Maj. Lewis Haines, with a wife and four kids in Colorado Springs, Colo., is one of those who will be hurt.

He rents a civilian house and works in a downtown Saigon building. His allowance has been \$7 a month.

"It's a dirty shame," said Marine Lt. Col. James Williams of La Jolla, Calif., who also works in downtown Saigon.

"The people who will be hardest hit though are the enlisted men who are forced to live in an area known for its high cost of living."

The U. S. Command has announced that almost all American military personnel will be moved to bases outside of Saigon this year. About 1,000 troops have been moved since Nov. 1966, officials said, and they hope to complete the movement by the summer.

Perfect Form... almost produced a perfect game for Lieutenant Thomas of Orlando.

MISSING BY ONLY TWO STRIKES, Thomas had ten X's in one game for a 276 including an open split in the fifth frame.

We Support Mooney

Tom Mooney is our choice in the Democratic primary scheduled tomorrow.

To be candid, the Herald feels Seminole County should and must support the underdog in this race for the 43rd House seat.

There is no doubt that Orlando real estate Man Don Asher is the heavy favorite. He has the support of most of Orlando and Jaycee organizations in both counties are actively working for him.

So why do we support Mooney? Because we feel if Mooney should be able to "sneak in" he will be obligated to the voters of Seminole County.

In other words, without Seminole County, Mooney has little chance whatsoever.

So we support him. And that is the way of politics. This is not to demean Mr. Mooney at all.

A man we respect very much, A. B. Peterson Jr. has gone on record endorsing Mr. Mooney.

May we quote from Peterson's letter of March 8, to Mooney:

"Dear Tom:

I want to congratulate you on your recent success in making the run-off in the House of Representatives, District 43, representing Orange and Seminole Counties. As you know, I entered the race at a very late date in a last minute attempt to maintain some representation for Seminole County. I believe that it is apparent by the results that the people of our county feel that they should have local representation. Now that this phase is past and it is no longer possible for us to have more than one (1) representative from our county seat, and after having interviewed both you and your opponent, it is my very strong conviction that Tom Mooney can best represent the interest of Seminole County and Sanford in Tallahassee. This was not an arbitrary decision. It was ex-

Analysis Of The News

WASHINGTON (AP) — The argument over Vietnam is at a dead end.

In this country the Johnson administration and its critics are simply repeating what they have long been saying. The only sound like a record with the needle stuck.

But so is the North Vietnam case and the Communist world.

Unless President Johnson yields to his critics here, which is unlikely, and unless the North Vietnamese make concessions which seem unlikely, this war is probably destined to continue indefinitely.

Johnson again Thursday at his news conference stated this government's position.

I want peace, he wants to get peace talks started. Five times it stopped bombing North

Vietnam, hoping the enemy would use the pause to give some sign they wanted to talk. They didn't.

The bombing will continue unless the North Vietnamese make concessions. Johnson made two other points: He doesn't think the North Vietnamese can win; and he said in effect he thinks the North Vietnamese believe that if the criticism continues the American position will weaken and they will wind up ahead.

Johnson made two other points: He doesn't think the North Vietnamese can win; and he said in effect he thinks the North Vietnamese believe that if the criticism continues the American position will weaken and they will wind up ahead.

Two distinguished men, Sen.

Robert F. Kennedy, D-N.Y., and Arthur Schlesinger, Jr., who was an assistant to both Johnson and President John F. Kennedy, pretty well represent the criticism Johnson gets.

Although the five bombing pauses didn't induce the Communists to move towards peace, the senseless Johnson should order another pause just to see what happens. He didn't know how long the pause should last.

Schlesinger was harsher. He doubts the administration is sincere, in saying it wants peace. This is the only interpretation which can be placed on a statement he made this week.

He said he has concluded the administration "does not wish to negotiate now" and that the urgent need is to "explore every opportunity to slow down the war." He suggests this country scale it down.

Meanwhile the Communist world — meaning North Vietnam and the Soviet Union — have said they have a "definitive" pause in the bombing before anything can be done toward peace. And one North Vietnamese diplomat in Cairo said the pause must be "permanent."

Unless Johnson, of course, announced a "definitive" or "permanent" pause, more bombing ever, how long would it take the North Vietnamese to decide it was forever? This point has never been discussed in public.

There has even been argument over "definitive" and "permanent" and whether definitive means permanent.

Johnson said, so far as he is concerned, whether the Communists mean, no matter how they put it, is a permanent pause.

Now all sides are locked in their stated positions. But one thing is always overlooked by those who are arguing for more time and concessions for the North Vietnamese: see if they will be willing to talk peace.

It's this: Johnson has had plenty of time, and various outlets, for making it clear they will discuss peace if the Americans do so and so. So far they have never made any of this clear.

Meanwhile, month after month, Johnson has protested he wants peace and is willing to go a long way out of his way to get it. Yet, he is the one who gets the criticism.

While he didn't really wish his critics Thursday, he did take one crack at them in answer to a direct question. He said some of them don't have enough information before they sound off.

WASHINGTON (AP) — Those who argue for the "black or draw" lottery—a blind-fold man pulling out names or numbers by chance or a roulette wheel approach—forget Selective Service has a "lottery" now. Liability is based on date of birth. This is as much a matter of chance as anything you are likely to get in this world. It is almost impossible these days to falsify a birth date.

Since the system calls basically for inducting liable men in a straightforward fashion, beginning with 25 and moving down, oldest, first, no one can juggle the order of call.

(Removed of course, are the exempt, the deferred and the men who don't pass the tests. Delinquents, men whose deferments have run out, some married men without children and other cases in special categories.)

Some lottery men argue against so many deferments. But whether there are more deferments or fewer or none at all has nothing to do with a lottery. All Congress would have to do would be to change the qualifications for deferment.

There is more fairness and certainty in this lottery by date of birth than in any other system of chance. The young man where he stands in line because he can check at what

age men are currently being called.

Of course, the young man doesn't know whether he will be called or not—or at exactly what age—well in advance. But he would still have as much certainty under the present system as under a lottery by draw of the youngest liable men were called first instead of the oldest.

The problem of what age to call first is a separate problem. The Defense Department, Congress and the people of this country will have to decide what they want. It has nothing to do with whether there is a lottery.

If Selective Service drew capsules out of a fish bowl and picked the 24-year-olds first, there would be the same uncertainty as now among the 19-year-olds.

Whatever system is used, there won't be certainty. War and peace are uncertain things. These days there's a great deal of fuzziness between cold war, hot war, little war, and guerrilla war periods. From year to year it is exceedingly difficult to predict how many men the armed forces will need to call.

Again this assumes the Pen-

lagon will know its needs years in advance. A lottery won't determine how many men the Army or the Navy or Air Force will have to have.

So that as it may, men over 19 would still have as much certainty under the present system as under a lottery by draw of the youngest liable men were called first instead of the oldest.

The problem of what age to call first is a separate problem. The Defense Department, Congress and the people of this country will have to decide what they want. It has nothing to do with whether there is a lottery.

"Candid Chatter"

See opposite page for fashion lay-out.

Speaking of beauty—masterpiece is the word—for those who appreciate quality handwork, two Afghans featured in the window of Bill Brannon's Art and Hobby Shop are a genuine work of art.

The magnificent Afghans were made by MRS. EVE DICKSON of Portland, Me., who has been a frequent visitor to Sanford for several years. She currently is visiting with her daughter, MRS. DONNA HUDSON, whose husband, FRED, is aboard the U.S.S. Americana.

Mrs. Dickson, who resided in the Panama Canal Zone for 30 years where she was employed in the Port Captain's office, spent over 400 hours on the Afghans and used 5,677 yards of yarn. After completion, the Afghans tipped the scales at around seven pounds for one and eight and one-half pounds for the other.

The fringed Afghans are crocheted with a basic solid Afghan stitch with the colorful

flowers and designs worked in with a tapestry stitch to present an overall picturesque tapestry.

Eve is a petite, charming and modest woman who confided that she was going to give her prized work of art to two friends. She presently is dreaming up a new project to keep her hands busy in her spare time.

The interview was ended by Mrs. Dickson stating, "It has been rumored that LIBERACE would pay \$1,000 for one of the Afghans, but I wouldn't make another one for much more than that amount."

Two Seminole High School seniors, MARY SUE MAKIN, daughter of Rev. and Mrs. T. H. Makin, and LAURA ANN CARLSON, daughter of Mr. and Mrs. R. K. Carlson, recently applied for scholarships to Florida Presbyterian College, St. Petersburg.

Both girls were invited to participate in the annual Scholarship Weekend, March 24, with 40 top scholars from 12 states. Awards were based on the results of competitive tests, high school records and interviews by faculty members.

Would you believe—both seniors won honor awards, the highest award given, and are the recipients of four-year scholarships.

TO J. RICHARDS — Where yuh been? Jus' wondering if you're in seclusion, exile or just plain FIRE!

TOWARDS MORE SERIOUS THOUGHT — Everybody think seriously of the illness of little DAVID DEKLE.

IMPERSONALLY YOURS — The spring convention and annual meeting of the Florida Federation of HUMANE SOCIETIES will convene this weekend in Winter Park.

The main item on the agenda will be a mass proposal and discussion on the possibilities of training a homing pigeon to talk, to be used in Sanford for the convenience of a newshawk variety of the LARRY VER-SIELEIS species.

The majority of members of the society consider it extremely unjust and cruel that the conscientious good — Samaritan type animal has to tread in the dirt and mire on Fulton Street while awaiting the arrival of a certain sparrow each day to convey choice news tid-bits.

Initiation of this service would also allow the newshawk to send his messages direct to "MOM" and would expedite her replies and sound advice towards proving Seminole County with better and more accurate news tips.

Yvonne Susan Oppelt, daughter of Mr. and Mrs. Martin L. Oppelt, of Winter Park, celebrated her sixth birthday by attending the Fair with her parents on Saturday.

Sunday afternoon the traditional birthday cake was cut and enjoyed by her parents, maternal grandparents, Mr. and Mrs. Lewis G. West, of Altamonte Springs, paternal grandparents, Col. and Mrs. Joseph Oppelt, of Winter Park, and her aunt and uncle, Mr. and Mrs. James Mathis of Orlando.

The DeBary Women's Club will hold its monthly meeting March 17 at 2 p.m. at the Community Center. Mrs. Rose Beck will preside and greeters at the door will be Mrs. Cecil N. Ogg and Mrs. A. E. Spokes.

Miss Elmer Johnston of DeBary will review the book, "Frontier Eden" by Gordon E. Bigelow and Marjorie K. Rawlings.

Mrs. Donald Middleton will be chairman of refreshments, assisted by Mrs. William Lakeman, Mrs. Charles Cressney and Mrs. George Zeller. Presiding at the tea table will be Mrs. Walter Black and Mrs. Robert Kaufman.

Men of the Tauwag tribe of the Algerian desert wear blue-black veils over their faces; the tribe's women go unveiled.

Ever serve squares of chocolate cake with a topping of applesauce flavored with orange? Interesting and delicious combination!

Men of the Tauwag tribe of the Algerian desert wear blue-black veils over their faces; the tribe's women go unveiled.

Have a FIRST AID KIT? A first aid kit is a handy emergency supplement to the medicine chest should you run out of needed items. It is complete, inexpensive and perfect for home use as well as travel.

PERMANENT FROM \$3.95 "Seek the industry's newest and best!"

Festival Of Fashions Fabulous

IT'S "OLEA" for Libby Cox, ready for that festive occasion in a black and white spring favorite of waffle embossed texture complemented with a bolero, wide-brimmed straw hat.

A FASHION FIRST is depicted in the sleeveless white dress with black piping and low belt line which Joan Ward wears well. Complementing the high fashion number is a black and white straw hat.

VI SHOEMAKER shows a lemon polka dot vogue two-piece frock, a girl's best friend for summer, fashioned with the scooped neckline and half sleeves accented with fluffy white ruffles.

WITH EMPHASIS, on loveliness, local models joined Miss Florida, Christine Torgeson, in a fabulous festival of Florida Fashions presented Thursday night at the J. C. Penney Co. in Sanford Plaza. The season for femininity is "in" as is revealed in accompanying photos made by Doris Williams. (See Candid chatter.)

MISS FLORIDA, Christine Torgeson, appears on platform at Penney's in a celanese arnel shift of black and off-white print, guaranteed washable. The sleeveless and form fitting frock will be suitable for the most fastidious of spring and summer affairs.

THIS ICE BLUE shift with a cotton lace cape, modeled by VI Shoemaker, is a "must" for that very important after-five event. Add blue accessories and any girl would be in the fashion lime-light.

PAD STANDING AREAS! It's not your arms but your feet that make ironing seem like such a weary chore. Try standing on a three rug padded with an underlayer of foam rubber! You'll whip through a basket of laundry like a breeze.

Ever mix pork sausage with ground beef for burgers? Just make sure you cook these meat patties thoroughly.

Are you becoming a nation of collectors in spite of a tendency to pack up and move every five to seven years?

Part of the collecting habit is encouraged by antique shops cropping up cross-country. These line highways that bring brief awareness of the many small towns they intersect.

"Antiquing" is a favored vacation activity for many. The big question for the serious antique buyer is whether the object is an antique or just merely old.

Those who like poking around the shops find just as much pleasure in going through "junk." Many shop owners have a special box for odds and ends of little value. This gets the most play. People love to sift through, thinking they will find something valuable, it seems.

But, back to real antique buyers, perhaps young couples who allow room in their decorating budget for a truly good piece of furniture, china or crystal.

Because of amendments to the 1930 Tariff Act now in effect, a whole group of educational, scientific and artistic items are relieved of import duties.

According to a lobbyist for antique dealers, Nathan H. Mager, director of the National Antiques Show, this is significant.

WORLD'S MOST BEAUTIFUL forest of trees are the Amazon valley of South America and the Congo valley of Africa.

Oregon contains the largest body of standing timber in the United States, according to the Encyclopedia Britannica.

Anna Miller Group To Deliver Gifts For Easter

The regular business meeting of the Anna Miller Circle was held March 7, at 8 p.m., at the Elks Club.

Mrs. James Wehry, president, presided over the meeting. At this time it was announced that all Easter gifts had been purchased for the children at the Harry Anna Crippled Children's Home. Umattie Members of the circle will go over to the home, March 25, to visit the children and deliver the gifts.

Present were Mrs. Delbert Gross, Mrs. Clayton Smith, Mrs. J. E. Hoolahan Jr., Mrs. Ester Lansing, Mrs. Charles Stafford, Mrs. Don Linck, Mrs. Helen Hale, Mrs. Christine Blanken-ship, Mrs. Harry Adair Jr., Mrs. Wade Snyder, Mrs. Guy Neville, Mrs. John Brown, Mrs. Herman Eplin, Mrs. Ruby Gin-ger, Mrs. Clyde Ellison, Mrs. Ralph Wright II and Mrs. James Walsh.

Mementos Of Civil War Are Now Legal Antiques

Important is the fact that the law creates a new definition for the word "antiques" Section 481 defines antiques as articles made 100 years prior to the date of entry.

According to Mager, "Until the new law went into effect the definition of an antique was unique for Americans. It conferred status on furniture, porcelain, silver, etc., made 100 years prior to the 1930 Tariff Act—that is, made before 1830."

The new law gives legitimacy to memorabilia and craftsmanship of the Civil War era — Frisco paperweights, Civil War weapons, old iron toys, Sevres vases, Louis XV furniture and other items formerly not legally considered antiques.

Choose now from a beautiful, fresh selection of flowers, plants and cuttings. For home or for the altar.

Place out of town orders now and save!

MAKE A BIG DIFFERENCE IN PEOPLE'S LIVES

Yvonne Oppelt Guest Of Honor On Birthday

By JULIA BARTOS

Yvonne Susan Oppelt, daughter of Mr. and Mrs. Martin L. Oppelt, of Winter Park, celebrated her sixth birthday by attending the Fair with her parents on Saturday.

Sunday afternoon the traditional birthday cake was cut and enjoyed by her parents, maternal grandparents, Mr. and Mrs. Lewis G. West, of Altamonte Springs, paternal grandparents, Col. and Mrs. Joseph Oppelt, of Winter Park, and her aunt and uncle, Mr. and Mrs. James Mathis of Orlando.

The DeBary Women's Club will hold its monthly meeting March 17 at 2 p.m. at the Community Center. Mrs. Rose Beck will preside and greeters at the door will be Mrs. Cecil N. Ogg and Mrs. A. E. Spokes.

Miss Elmer Johnston of DeBary will review the book, "Frontier Eden" by Gordon E. Bigelow and Marjorie K. Rawlings.

Mrs. Donald Middleton will be chairman of refreshments, assisted by Mrs. William Lakeman, Mrs. Charles Cressney and Mrs. George Zeller. Presiding at the tea table will be Mrs. Walter Black and Mrs. Robert Kaufman.

Friendly Crowd Greet 'Mr. K' On Election Day

MOSCOW (AP) — Two old men who once were among the Soviet Union's most powerful politicians — Nikita S. Khrushchev and Vyacheslav M. Molotov — emerged from obscurity Sunday to vote in a legislative election.

Assigned to what Khrushchev used to call "the dust bin of history," the two former adversaries have been living in the secluded retirement of the Kremlin's post-Stalin leadership reserves for its political losses.

Their public appearances are rare, and they are seldom mentioned in the Soviet press.

Khrushchev drew a friendly crowd of at least 1,000 at a polling station near his Moscow apartment. It was his biggest public turnout since he was ousted in 1964.

Thin, subdued and looking his 72 years, Khrushchev smiled back at his greeters, touched his forehead with a familiar gesture, and said of his reception, "It's very nice."

Asked if he had any message for the world, he said simply, "Let there be peace."

Molotov was virtually ignored as he voted at a polling place near the Kremlin. Once Stalin's right-hand man, Molotov was premier in 1939-40 and foreign minister in 1939-40 and again in 1953-56. Khrushchev ousted him 16 years ago.

Molotov, 77, smiled thinly and walked slowly. He wore his customary rimless glasses, a hat, white muffer and gray coat.

They both said they were in excellent health.

Asked how he liked retirement, Khrushchev answered, "At my age it is impossible to work."

Khrushchev's 20-minute appearance was not announced in advance. But he had voted at the same place last June, and people expected him again.

"Hello, Nikita Sergeevich," they called. "Maloyets, maloyets" (good man) was heard from some. "May you live many more years," one said. "I read, I rest," Khrushchev said when asked how he spent the days. He spends most of his time at a country home outside Moscow.

AROUND THE CLOCK

By LARRY VERSHEL

... NOT WITH A BANG BUT A WHIMPER ...
"THE WASTELAND"
T. S. Eliot

In the merry old land of Seminoles there's a road called Sand Lake. At 8:33 p.m. in the year of 1967 on March 13 some one on the north side of the road shouted over a loud speaker "Get the kids off the street our guns are trained on you."

One guy said "I've been trying to fix this road for 15 years and you all are stopping me," he shouted to the people on the south side. . . . Deputies were called and peace resumed again. . . . for the moment.

On April 9 of 1965 General Robert E. Lee surrendered 27,802 troops to a guy named Grant.

On March 13, 1967, it looks like the civil war has started all over again.

No, Johnny, it is not true just because the pigeon population in the zoo is increasing so much that they are about to take over their cage, it is not true that squab on toast is being served to the tenants of the city pokey just to stay abreast of the upsurging number.

The Clock carried the item a LONG time ago that nothing, but NOTHING would be done about the cases made against some local purveyors of beer for selling to minors. "Entrapment" was said to be the reason for not pushing for punishment last month as well as to a young fellow accompanied by police makes the same type purchase that others were known to have made when the officers were NOT with the minors?

Ho-Hum Department — THE WEEK OF FEB. 13 —

Police crackdown on alcoholic sales to minors.

City plans "Get Tough Policy."

THE WEEK OF MARCH 14 —

Care against sellers of beer to minors thrown out of court. City backs down on ordinance prohibiting the possession of alcoholic beverages by minors.

Attorney Gordon Frederick wanted to do his share to get people out to vote today. He put a massive sign in his window. . . . urging people to vote. . . . regardless of party affiliation. He had to take the sign out of his window. . . . Tenants in the building complained.

Every month or so I get a nice letter from the Florida State Bank telling me about a stockholders' meeting. Well, now they want me to turn in any one stock and send in \$1.99. Now if you saw my checking account you would know my feelings about this but I checked with my financial adviser (Howard Hodges) and I'll have to sign the stipulation they keep sending me letter after a month. Heck, it's the only nice letter I get.

Everyone agrees we have to fix up the downtown. . . . The city says it's a must if we are to survive. The merchants are 100 per cent for it. Everyone sez fine. . . . that is except the property owners. . . . and some are 1,000 miles away.

Don't be surprised if the Industrial Board recommends City hire William Brock of Little Rock, Ark., as industrial consultant for the board on a fee basis. "If I don't deliver, fire me," Brock told board members yesterday.

Look for Supt. of Schools B. T. Milver to file a civil suit against engineer William Leffler sometime this week claiming damages in their civil war. . . . A move is on to have the criminal case transferred to another court in another city.

Awfully back the city had a chance to get a two-hump camel. . . . They jumped at the chance. . . . However, the next day zoo director said no. Too much to feed and no place to put it. . . . Commission last night told city manager "Make plans to get that camel." It will take about two years to get the animal. . . . It probably will take two years to get a new zoo.

U.S. Court To Hear Case Thursday

Seminole Split In Congress Plan

A new proposal to equalize Florida congressional districts in point of population to be heard Thursday by the U. S. Fifth Circuit Court of Appeals. It was met with pessimism today by U. S. Rep. A.S. Herlong Jr.

Presently the Fourth Congressional District—represented by Herlong—includes St. Johns, Flagler, Volusia, Marion, Seminole, Lake, Sumter, Citrus, Hernando and Osceola Counties.

Herlong, by long distance telephone from Washington this morning, said he had just written Sen. J. Bennett Johnston of Jacksonville on Paul's proposal appears on page 2 today.

... ten a letter to the court that for fair, equal representation—should the court decide on reapportionment now—it should accept the U. S. Department of Commerce's census figures for 1963, and not the 1960 census figures, since further "distortions" may come in 1971 from the 1970 census.

He pointed to Florida's "population explosion" that 1960 census figures are far out of line, as compared to 1965 estimates, and the outlook for 1970.

Stenstrom said he would have to study the entire Paul plan before reaching any definite decision but "from what I read about it I am not impressed."

Set Special Meet On Zoo Proposals

The City Commission will meet in special session next Monday night to hear two architects present proposals for relocating a new zoo facility for Sanford.

The commission, last night, agreed to hear proposals from Architects John Burton and Eoghan Kelley on land use and design of new cages. It has been estimated that the relocation and cages would cost in the neighborhood of \$75,000.

At the same time, the board heard Kelley present a massive \$1 million project to beautify the downtown area. Kelley projected some 250,000 square feet of commercial area under his future downtown plan.

Among the features of his plan are two large competing streets of approximately 25,000 square feet each constructed in the intersection of First and Oak, a child care center, ball boxes and landscaping.

Burton had presented a plan to commissioners at an informal meeting last month as well as to the "We Care" merchants earlier in the week.

The cost of Burton's plan has been estimated at \$250,000. Burton's plan calls for an air conditioned mall while Kelley favors an "open" project.

The city has emphasized they will not give any funds to improve the downtown area but put it squarely to the merchants and property owners.

Tough Policy On Young Drinkers Fizzles Out

The city's proposed "Get Tough" policy with youngsters caught in possession of alcoholic beverages fizzled out last night.

A motion by commissioners Al Wilson for second reading of the ordinance which would levy a maximum fine of \$200 or 90 days in jail or both, was apprehended with an alcoholic beverage did for a lack of a second.

Commissioner Earl Higgins motioned to table the ordinance as he vehemently argued the move saying he wanted to hit hard at the seller and not the buyer. "It's a mistake," Dr. W. V. Roberts and M. L. Ralston emphasized that if a kid could get killed in Vietnam he should be allowed to get a can of beer if he is over 18.

Last month, the city agreed to have the attorney draw up the ordinance after police cracked down on nine establishments and made three arrests on selling beer to minors.

The city let the motion die despite pleas from outlaws that something must be done to bring juvenile drinking. Urging city action was Ralph Cowan and Art Harris.

School Holiday

Seminole County school children will have holidays Thursday and Friday in order that teachers and delegates may attend the state-wide meeting of Florida Education Association in Jacksonville.

Schools also will be out March 24 for Good Friday and April 7 for local parent-teacher conference day. Schools will be in session Easter Monday.

Adam Brags

BIRMINGHAM (AP) — John Clayton Adams, who announced plans to return to New York next Sunday, says if he is arrested the "people in Harlem" will not let him remain in jail.

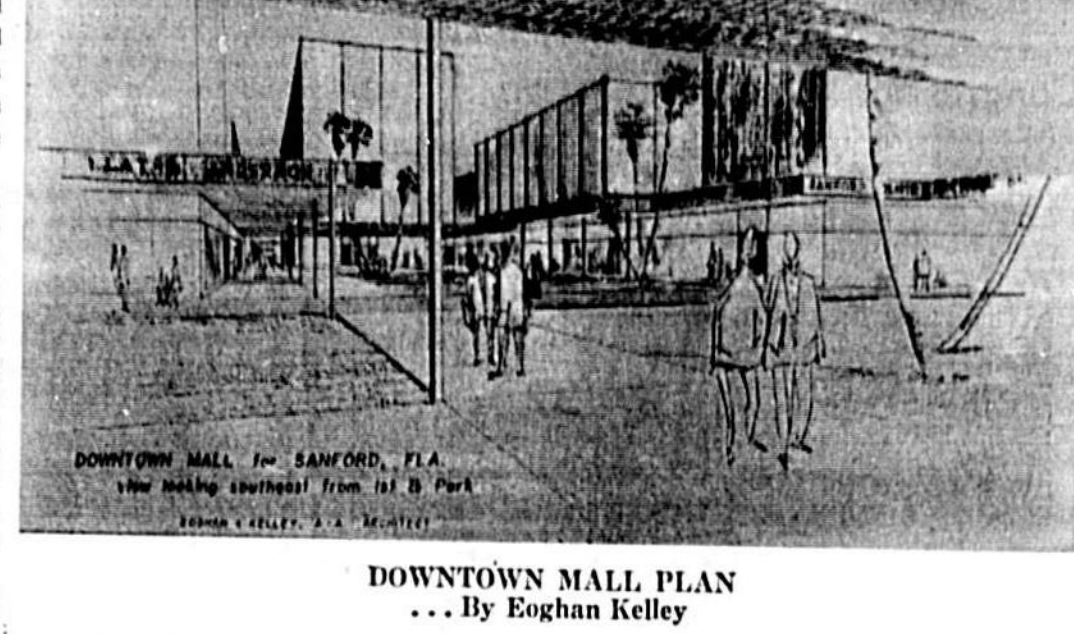

LEASE SIGNING—Harold Stenstrom, left, Mayor Joe Baker sign the lease for construction of the dry storage facility at the Lakefront project this morning. (Herald Photo)

NAS Survey OK'd On Training School

The Florida Industrial Space Association was given the okay last night to conduct a survey of the Sanford Naval Air Station on the possibility of establishing a massive training school at the base.

Mayor Joe Baker, at the city commission meeting last night, put an end to rumors and speculations about a training school saying "they have definitely expressed an interest in using some of the barracks and classrooms there."

Baker said he and chamber officials toured the base Friday with members of a large manufacturing firm and FISA officials on the utilization of the facility once the base is phased out next year.

The training school, which would be called Florida Technological School, would train from 300 to 1,000 persons in skilled industries, Baker stressed. A. K. Shoemaker, representing the Industrial Board, told Commissioners his group endorses the plan saying "there hasn't ever been a school like this anywhere in the south." He elaborated that the federal government would aid in supplying funds for the facility.

JP Told: 'Pay Up'

The State Comptroller's office this afternoon informed the County Commission to take immediate steps to get overcollected funds from Peace Justice W. Hugh Duncan returned to the county.

In a letter to the board, the state auditing department asked the county to proceed by "administrative or legal" means to clear up any alleged discrepancies in the Peace Justice's office.

On Feb. 8, the state audit reported that Duncan, as well as former JP Elmer Ashley and L. L. Cox had "exceeded their jurisdiction" in cases and overcollected some \$841.97. The biggest share was Duncan who according to the audit was \$7,946.

On Feb. 10 Judge Duncan denied he ever exceeded his jurisdiction and promised to fight in the Circuit Court. He was not available for comment today.

On Feb. 10 Judge Duncan denied he ever exceeded his jurisdiction and promised to fight in the Circuit Court. He was not available for comment today.

Lakefront Building Underway

Work started this morning on the dry storage facility of the Lakefront project. At the same time the City Commission last night agreed to meet next Monday night to award a contract for the Community Facility building.

This morning Mayor Joe Baker and Harold Stenstrom of Monroe Harbour signed a lease to let the ball rolling on the dry storage facility. Cost of the facility will be in the neighborhood of \$100,000.

The board tabled action of the structure last week. Educators are commissioners will negotiate with the Shoemaker Construction Co. for the facility. The apparently low bid was turned in by McCall Construction Co. of Matland with a bid of \$131,945. The local firm turned in a bid of \$1,000 more.

The commission last night agreed to award a contract for the Community Facility building. This has no lease or plans have been submitted to city fathers.

Contractors Board Planned By Sanford

A move to eliminate the plumbing and electrical boards for Sanford was underway last night as the City Commission setting up a central contractor's licensing board.

At the same time, the commission agreed to draw up a new ordinance liberalizing the present trailer ordinance in the city.

In other action, the commission honored Al Lee who resigned from the zoning and planning board after 15 years. The board commended Lee for his many years of "faithful" service to the city.

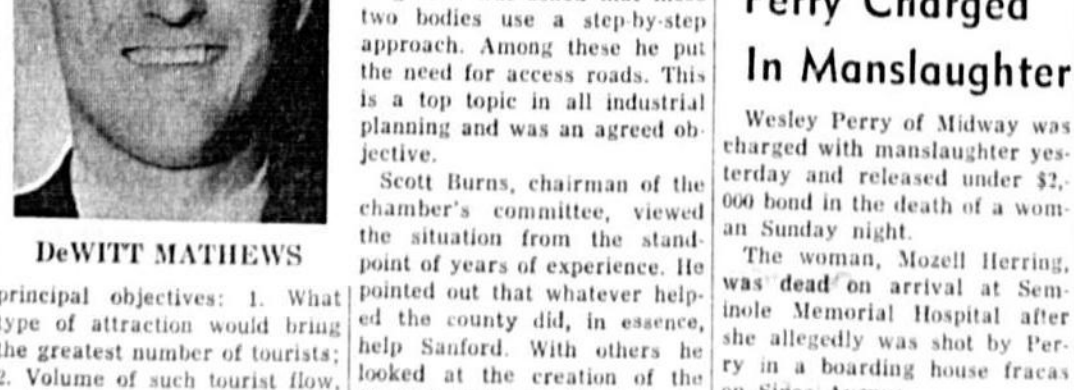

All Out Push Here For Tourist Trade

More tourists in Seminole County to increase the economic activity of all allied businesses is the end result sought by a contract with the First Research Corporation signed by DeWitt Mathews Jr., president of the Seminole County Chamber of Commerce today.

The study, as outlined by the FRC, would have three major objectives: 1. What type of attraction would bring the greatest number of tourists; 2. Volume of such tourist flow; 3. The economic results for Seminole County.

Mathews made the announcement of signing at the first meeting of the chamber's Industrial Committee and the newly created Sanford Industrial Board here last night.

In a wide-ranging and off-the-cuff discussion there emerged two general shared convictions: 1. The immediate need to attract industry by the erection of industrial buildings—about 20,000 square feet—which could be shown and related to prospective Seminole County enterprises. 2. The less urgent but essentially more important need to plan for the use of the Navy Air Base by aviation industry.

DEWITT MATHIEWS, Jr., president of the Seminole County Chamber of Commerce, today announced a study to increase the economic activity of all allied businesses in the county.

'Steak-Out'

Arthur Beckwith's winning team will eat steak and Kenneth McIntosh's losing team will eat beans (figuratively) at the Chamber of Commerce members and their wives this evening at the Florida Power and Light Company's restaurant.

Beckwith's team topped the McIntosh aggregation in the recent membership drive of the chamber.

Warn Parents: Deadline Nears On 'Choice'

Parents of Seminole County children were warned today that only two more days are left to return "freedom of choice" forms to the school administration office.

The deadline for returning the forms is Thursday, according to Tom Ritchey, school administrator.

Ritchey said that thus far, 16,000 forms were mailed out. "We are still some 4,300 short," Ritchey said.

Ritchey explained that under the 1964 Civil Rights act a choice form must be executed for every child who expects to attend school in the county system next year.

Perry Charged In Manslaughter

Wesley Perry of Midway was charged with manslaughter yesterday and released on \$2,000 bond in the death of a woman Sunday night.

The woman, Mazell Herling, was dead on arrival at Seminole Memorial hospital after she allegedly was shot by Perry in a boarding house fracas on Siles Avenue.

A Record Low

Indications as The Herald goes to press today are that voting will hit a record low in the runoff election to name a Democratic nominee to fill the House seat in district 43 in the State Legislature.

Candidates, both from Orlando, are Thomas Moorey, attorney, and Don Asher, insurance broker.

In a spot check around the county shortly before noon, only two precincts had more than 20 voters, precinct 5 in Oviedo with 33 and precinct 33 in Longwood, 27.

Polls are open until 7 p.m.
