ner. Samford people will receive this bit of news with a sense of pride that the State Comptroller should come to Sanford to find the man for so important a post, at the same time regretting that the appointment will cause the removal from this city, for the present at least, of so popular a man.

Mr. Tunnicliffe came to Sanford several years ago to reorganize the Peoples' Bank at a time when that institution American Historical Association was floundering o nthe proverbial rocks. He found its con- rich, scientific and other research dition most deplorable and worked night and day to save it is poor. from complete wreck. After years of conscientious struggle, That's true and natural. Sport coupled with practical banking methods, he left his bank a left how been using them and the practical banking methods. few weeks are one of the soundest in the state.

It is interesting to recall that the Sanford Bank and Trust Company of which Mr. Tunnicliffe was president, was one of bain. A few human beings have the few in the Manley chain, which did not crumble, or at the using that mechanism for least tremble, when dozens of others in the "system" began vast majority don't give it much to fail early last summer.

The Commercial Bank and Trust Company was one of these. It was one of the first to crash and has been one of the last to attempt reorganization. Indications are that its continues about Catholic annul financial condition, if any, is disreputable. Furthermore politics has contrived to become mixed up in the affair until it is all a grand mess. - Mr. Tunnicliffe will have a job on his that it is "impertinent intrusion" hands. That is why a man of his caliber was selected.

What Price Annulments

Much has been seen in the newspapers recently about he annulment of the marriage of Consuelo Vanderbilt and er. the Duke of Marborough, and many folks are wondering just how it is possible for the Rota Tribunal to nullify a marriage of over a quarter century's standing just as if Vanderbilt-Marlborough marriage, the ceremony had never been performed,

In 1895 the late W. K. Vanderbilt, ambitious for a title in his family, bought for his daughter the Duke of Marlborough at a reputed cost of approximately seven million but of Jewish and Mohammedan be established; believe dollars. The couple were married in St. Thomas Protestant marriages, if the grounds are sufhets, so shall ye prosper. Episcopal church in New York City and lived together un- ficient according to canon law. tel recently. Children were born of the union and apparently they were very happy.

But it seems that lately a rift has developed in the family and the principals in the contracting parties have been look- last. ing about for new hearts to conquer. Unfortunately their eyes fell upon those who happened to be members of the Catholic church, and of course, the Catholic church, disap- this country, the least important proving divorces, does not sanction second marriages.

Consuelo and the Duke didn't know what to do until it occurred to them that the church might annul the marriage. Usually annulments do not take place thirty years after a all religions all over the world. marriage but the length of the union seems to have been overlooked in this particular case. They worked up a great story anent duress and coercion, which has proved wonder- to continue the separation. One ful reading to a scandal-loving public, in order to show government for one country is grounds for annulment.

Apparently the Rota Tribunal felt sorry for what had been thirty years ago the poor little seventeen-year-old Consuelo, for the marriage was annulled. Now Consuelo of William the Conqueror, who and the Duke are free to marry their new and Catholic lovers, as free as if the Catholic church granted divorces.

But it seems that everyone does not believe that coercion honors for Arletta, humble daughwas used thirty years ago to get Consuelo to marry the Duke. Says Bishop Manning of the Episcopal Church:

"Many who were present at the marriage and were associated closely with the Marlboroughs at the time have in- father of a conqueror without that formed me that they saw no sign whatever that the bride tanner's daughter, whom he saw pendent pation for a century and American capitalists. In this case was acting under any compulsion, but quite of the contrary.

"I have the direct testimony of one who heard his statements that in view of the special circumstances attending tall bishop, all in white, killed hehoss roll from soul to soul, the marriage, the rector of the church, the Rey, Dr. John side him at the Battle of Hastings, bugle, blow, set the wild wesley Brown, took great care to assure himself that his a son of the same Arletta. She young parishioner was acting of her own free consent, and should have been made duchess and newer, echoes, answer, dy that he was entirely satisfied as to this."

> if Consuelo was forced into the marriage she took a mighty among the angels. long time to raise a kick about it. Probably the crux of the situation is just the simple fact that in the Catholic church, University of Chicago runs off the annulments are just as effective as divorces and are much university of Chicago runs of the more remunerative.

Sanford, Fla. Dear Ed: I see by the papers that Henry

Ford is learning to dance, and I guess the first thing you know will gladly reveal it to any mardegreed will hire him and he will be one of the regular attractions at "The Follies." Who would ever have suspected

that Henry Ford would hire a dancing teacher and try to train ton, 2020 Massachusetts, Kansas his dogs to cut the fancy capers? City, Mo. Correspondence will be dancing teacher and try to train But that's just what Henry is doing. He is learning to dance! with his feet. He doesn't approve was a superior of the superi It's the red-blood-cells that S. S. S. of the new dances where the feet helps Nature build that drive out of are kept still and the movement your system the impurities that is expressed from the feet up. He's

going to revive the old dances, where the couples separate occasionally and do not appear to be giving a demonstration for a glue

If you want to fully appreciate the meaning of the old Biblical expression, "Sticketh closer than a brother," just get a nister on a lot night and do a few jazz rounds

Now Henry doesn't like all this. It's too smooth running and easy going for him. There are not enough ups and downs and pars tism means—that's what S. S. S. and bumps in that sort of dancing orings to you. Get S. S. S. from to suit him. It may interfere with your druggist. The larger bottle is his business. He wants people to dance the virile, athletic dances of the past-the jigs, the flings, the ripples and dances of that type in which they jump up and down and shake down their dinners and their palates and their tonsils and everything.

> In other words he wants people to be in complete training, so when !! they do decide to buy one of the well known little articles which he manufactures, it won't go as hard with them.

You certainly have to hand it to Henry. He looks a far ways ahead. As a business man he makes the Wall Street bunch i ok like janktors in a business college where he is the head chrese and all of the grackers.

I'd like to see Henry dance. A few million dollar bills might shake out of his pocket and be kicked within easy reach.

A dance should be an expression of emotion. That's why people who buy Essex Coaches always dance with joy. They're so happy.

from entering the United States, have their eyes on Australia as a new promised land.

That Baby You've Longed For

Mrs. Burton Advises Women on Motherhood and Companionship

"For several years I was denied the blessing of motherhood," writes Mrs. Margaret Burton of Kansas City. "I was terribly nervous and subject to periods of tarrible suffering and melancholia, Now I am the proud mother of a beautiful little daughter and a true companion and inspiration to my husband. I believe hundreds of other women would like to know the secret of my happiness, and I ried woman who will write me." Mrs. Burton offers her advice entirely without charge. She has nothing to sall. Letters should be addressed to Mrs. Margaret Burstrictly confidential.

ONE reason for Frigidaire's overwhelming popularity is the fact that it freezes more ice, by actual weight, than other electric refrigerators of

Frigidaire Offers More for Less New Low PRICES

(Al people be b Britist .

The Frigidaire freezing trays are self-scaling. The white enameled fronts of the ice trays completely overlap the tray openings, thus scaling the intense cold of the frost coil within the freezing compartment. Frigidairs freezes ice quickly and solidly, regardless of room temperatures. Long ago, Frigidaire discarded the brine tank in favor of the more efficient frost coil. The frost coil

assures simpler, quicker temperature control, which is so accurate and stable that it never has to be adjusted once it has been properly set.

Frigidaire is superior in ice-freezing capacity, food storage space, low operating cost and quiet operation. Frigidaire corten unequaled sturdiness of construction with leastly of design. Frididaire offers a permanent said thoroughly trained and established assyics pregamination. It is the only electric refrigerator guaranteed by General Motors. 116 Magnolia Ave.
