SANFORD RICH'D H. MARKS FLORIDA

IN THE SOCIAL WORLD

Items of Interest Concerning Society People.

POINTS PURELY PERSONAL

How Celery City Vanity Fair While Away the Golden Hours—Social Gossip.

The Magnolia Bridge Club is the newest social organization in Sanford. Mrs. J. W. Dickens entertained the club on Wednesday afternoon. There were three tables of players and a very enjoyable game of bridge was played, highest score being made by Mrs. C. O. McLaughlin.

Mrs. S. O. Chase was the charming hostess of the Auction bridge club Monday afternoon. Mrs. B. W. Herndon was the fortunate one to make top score and receive the prize.

The Welaka club kept open house as usual on Tuesday afternoon, with Mrs. J. W. Dickens, Miss Mable Bowler, and Mrs. S. O. Shinholser receiving. With an informal musical program and bridge the afternoon was pleasantly spent. Miss Flossie Frank, Miss Mable Hand, and Miss Linda Leffler added greatly to the pleasure of the afternoon with their musical selections.

Mrs. C. E. Morrow entertained the Home Mission Society of the Methodist Church at her home on Palmetto Avenue last Tuesday afternoon. In the absence of the President Mrs. M. H. Bowler presided. After the business session adjourned, a very pleasant social half hour was spent. The hostess assisted by Miss Jessie Stumon and Miss Genie Wicker, served dainty refreshments.

Home Mission Society Meets
 The Home Mission society of the Methodist church chartered two cars last Friday evening and gave a moonlight car ride. The destination was H. H. Chappell's beautiful country home, where the evening was spent. A splendid musical program was rendered, refreshments served and the whole affair proved most pleasant. About two hundred people took advantage of the opportunity to spend a pleasant evening and to help a worthy cause.

Sanford Music Club Meets
 The Sanford Music Club met at Comfort Cottage last Saturday afternoon at which time the annual election of officers took place as follows: President, Mrs. M. Martin; Vice-President, Mrs. Fannie Munson; Secretary and Treasurer, Mrs. R. E. Tolar; Choral Director, Mrs. George L. Hoy. Interesting plans were made for work next year.

Music for the Star
 The Star will have good music guaranteed to the patrons having secured Messrs. Witherington and Mahoney. A new large electric sign will also be installed to guide the footsteps of the pleasure seeker at night.

Sanford Hospital Association
 The following persons have agreed to become life members paying one hundred dollars each providing ten or more life members join.

- ALFRED S. FOSTER,
- M. F. ROBINSON,
- MRS. H. L. DEFORREST,
- S. O. CHASE,
- MRS. GEO. H. FERNALD.

Anyone willing to become a life member is requested to please send their name to the president.

M. F. ROBINSON.

Notice to Public
 Until further notice my office will open only from 2 p. m. to 3 p. m., to take effect May, 20, 1911.

M. W. LOVELL,
 Clerk Treasurer and Assessor.

The Hum of the Hive.

The principal products—honey and wax—were never in greater demand than at the present time, and bee-keeping bids fair to soon take a higher rank among the productive industries than as hitherto been accorded it.

There is but one kind of honey for the farmer to produce for his own use, and that is "chunk," comb honey cut out of the frame and put into jars to be kept.

When a queen is no longer young some instinct teaches the bees that they should look ahead and prepare for future contingencies. The doctrine so frequently enunciated, "Keep only young queens," is simply a lesson taught us by the wisdom of the bees.

The long nights may be turned to good account by the handy man in the mending of supers, etc., that may not be in use. The work can be done thoroughly, as there is no hurry as in the summer when the whole of the parts and fitting are upon active service, so to speak.

Don't set the hives in neat rows, with the entrances all facing one way. They can be placed in pairs, but the pairs should be scattered as widely as possible. This is an important point, but it would take a page to explain all the whys.

It is well to open up and ventilate the bee cellar occasionally for an hour or two after dark and to sweep and gather up any dead bees that may have accumulated on the cellar floor.

Why be content with ten or twenty pounds of surplus honey per hive when a little careful manipulation will mean seventy-five or even 100 pounds from every prosperous colony in a good season?

THE FARM HEN.

Mr. Bryan surely knows a good hen when he sees her. Listen to his flight: "I went out to the barnyard and took off my hat to the American hen, for her product is all over the world." "That's what!" cackles Biddy. "You're not like those city farmers at Washington who have hatched the fake that we rural cluckers lay but sixty eggs a year, sit most the time and don't know an egg from a door-knob."

Hats off, gentlemen, to the farm hen. She is Uncle Sam's chief poultry asset, does the most to make him a billion richer a year and would do even better if Farmer Cornfossil didn't let her forage in the corncrib, visit the grain mow, stuff on the thrashing floor and raid the granary.

She thus often gets too fat, doesn't lay so well because her egg machine is crowded with fat and doesn't lay so many winter eggs because fat makes her molt late, and she spends most of the winter growing a new gown. Most farm flocks are pure bred and well cared for notwithstanding certain cushion pressing poultry editors put the farm flock in the bum class and call the farmer a bughouse poultryman.

We advise such a city farmer to get the kink out of his think by a tour of the farms, to tickle his palate and astonish his inner man with chicken as only a farmer's wife can mature it and cook it.

Then, with his constitution full of pully bird, let him take the platform and pose as a poultry star at a farmers' institute, tell what he knows about poultry science and be cross examined by the "Rubes" present.

Will his think machine get a hot-box? Will he be knocked into the middle of next week? Yea, verily.

He shall finally return to his cushion a sadder but a wiser man.

WHEN TO DRAG.

Begin in the spring when the frost has left the ground and the road begins to dry, but while yet muddy.

Drag immediately after very prolonged rain throughout the season.

Drag in the fall just before the ground freezes.

Drag in the winter if the frost leaves the ground. It will freeze smooth.

Do not drag a dry road.

Best grade preserves and pickles just in, call and try them. W. W. Long. 26-11

ALL MY PIMPLES GONE

Girl Tells How a Blotchy Skin Was Cleansed By a Simple Wash.

"I was ashamed of my face," writes Miss Minnie Pickard of Altamahaw, N. C. "It was all full of pimples and scars, but after using D. D. D. Prescription I can say that now there is no sign of that Eczema, and that was three years ago."

D. D. D. has become so famous as a cure and instant relief in Eczema and all other serious skin diseases, that its value is sometimes overlooked in clearing up rash, pimples, blackheads, and all other minor forms of skin impurities.

The fact is, that while D. D. D. is so penetrating that it strikes to the very root of Eczema or any other serious trouble, the soothing Oil of Wintergreen, Thymol and other ingredients are so carefully compounded there is no wash for the skin made that can compare with this great household remedy for every kind of skin trouble.

D. D. D. is pleasant to use, perfectly harmless to the most delicate skin, and absolutely reliable. A 25-cent bottle will give you positive proof of the wonderful effectiveness of this great remedy.

COLE 30

The Car You'll Be Proud To Own

You Must See These Cars To Appreciate Them.—It is so easy when one is thoroughly enthused about such a magnificent car as the Cole 30 to say that "nothing like it has ever been sold at anywhere near the price of the 1911 Cole 30"—to say that "it's the classiest car of them all"—that "it's the car you'll be proud to own"—"you will marvel that such a car can be sold at the price."

We can write volumes and present argument after argument to prove to you that these statements are merely absolute facts—but after it is all said our crowning argument must always be "see the car—have it demonstrated—compare it with other cars selling at the same price." When you have done this, we are willing to abide by your judgement.

Carload Just Received of Latest Models

THE SANFORD HERALD

IN SANFORD—Life is Worth Living

Number 41

SANFORD, FLORIDA, FRIDAY, MAY 26, 1911

Volume III

ALL AROUND FLORIDA

The General News of "The Land of Flowers."

CULLED FROM THE STATE PRESS

An Epitome of the Week's Most Important Happenings in the State's Domain.

By rushing unfinished business through and shortening the time given to speakers, the Southern Baptist Convention, which has been in session in Jacksonville since last Wednesday, adjourned Monday afternoon, to meet in Oklahoma City next May.

It is reported that the Seaboard Air Line will shortly extend its tracts from Mulberry to Bartow, a distance of some 12 miles. This will be a continuation of the trackage which the road recently extended from Nichols to Mulberry, the heart of the rich phosphate mining section in Polk county.

The meeting of the Florida fertilizer manufacturers, which was held at the Tampa Yacht and Country Club Saturday afternoon, came to a conclusion in the evening and resulted in the forming of a state organization, electing L. R. Woods, president of the Gulf Fertilizer Company of Tampa as its head, while R. B. Thomas, who is president of the Independent Fertilizer Company of Jacksonville, was made secretary-treasurer.

Mrs. William Shields and Mrs. John D. Cannon, members of prominent Palatka families, were drowned while bathing at South Beach on Tuesday. The ladies were among the large crowd on the beach today on the Red Men's annual excursion. Practically all of Orlando's business men have signed an agreement to close their establishments on Thursday afternoons until October 1.

The report of the municipal light and water plant at Lakeland for a period of a year and nine months, including the whole of 1909 and nine months of 1910, show a profit to the city of \$7,623.93 on a total business of \$24,363.87. This exhibits a clearing of 31 per cent, which would seem to be doing pretty well.

An Afternoon of Music

Mrs. W. T. Johns assisted by Mrs. Addie Foote Homrighous, entertained the Ladies Chorus, in her charming home last Friday afternoon. Several of Mrs. Homrighous's vocal pupils and other friends of both ladies, were invited to enjoy the afternoon of music with the chorus.

Mrs. Geo. L. Speer, contributed to the pleasure of the ladies by two bright lively songs. Misses Flossie Frank and Mabel Bowler, sang two duets; Mrs. H. C. Maitland, two sweet solos, and Miss Helen St. Johns, a well rendered Italian solo. The chorus sang two of their selections.

A very pleasing feature of the afternoon's entertainment, was a most cleverly arranged musical contest, by Mrs. Homrighous, who had made a number of copies of a short history, of an imaginary musical trip—leaving blanks to be filled by names of songs or music, by the bright ones; who were up to date with all the popular songs and music; the correct names of which, made stay of the trip continuous and complete.

This very interesting trip, was made more so, by the ingenious use of the names, of each member of the chorus, who were served as a luncheon, for the narrator, before the trip was concluded.

To prevent brain fog, which might be occasioned by deep thought over the unique contest Mrs. Johns served delicious cream and cake which, with the refreshing punch partaken of during the afternoon saved the ladies from any danger of serious results.

Dainty souvenirs of the occasion were beautiful sprays of roses painted on white cards with a fine picture of Mrs. Homrighous on the reverse side.

The invited guests, were the Ladies' Chorus: Mrs. C. E. Walker, Mrs. G. D. Waldron, Mrs. J. C. McDaniel, Mrs. Greenman, Mrs. Witte, Mrs. M. H. Bowler, Misses Laura Flab, Helen St. John, Madge Ward, Flossie Frank, Mabel Bowler, Gladys Gardner, Jessle Stumon, Joale Stumon, Mel Whitner, Alice Whitner, Mrs. Wight, Mrs. Munson, Mrs. Overman, Mrs. Jessie Speer, Mrs. Maitland, Mrs. Geo. L. Speer and Mrs. Cuet.

Underwoods for harness, saddles, horse and mule jewelry. 17-11

THE COLONEL'S MAID

Play By Literary Society Was Well Received Tuesday Night

The Colonel's Maid, a comedy in three acts, played at the High School Auditorium Tuesday evening by the Literary Society of the Sanford High School was one of the best amateur performances ever witnessed in Sanford, and from the rise of the curtain the gifted young people were greeted with applause from a very large and appreciative audience.

The play given annually by the Literary Society, which is the opening of the High School Commencement exercises, is always one of the most pleasing features of the week. The Colonel's Maid, a bright sparkling little comedy proved unusually well suited to the histrionic powers of the performers, and each one is deserving of special mention. Karl Roumillat played the part of Colonel Rudd, a widower of North Carolina and Abie O. Kanner a widower of South Carolina, and were mortal enemies, having fought a duel in their youth, owing to the fact that both were in love with the same girl. They were still laboring under the delusion that the other had won her, when in reality she had married neither, and was at this time the charming widow Mrs. John J. Carroll, Miss Carrie Lovell acted the part of this attractive widow most admirably and Miss Clarissa Starling, as Julia Carroll her pretty daughter was greatly admired. Miss Sadie Williams made quite a hit as Marjorie Byrd the cute winsome little maid as also did Clarence Mahoney as the handsome Rob Rudd. They were not as antagonistic as their respective fathers' were, but the principals in a very pretty little love affair that culminated in a wedding. Osborne Herndon played the part of Ned Grayson the young man with a falling memory and and was continually in the trouble on account of it, furnishing much amusement.

Mr. James Baskom was Colonel's lawyer, and the part was nicely taken by Harry Kanner. Cling-al-Ling, the Chinese cook and though somewhat impertinent was by far the most important individual in the cast. This was a difficult role, but was well played by W. Vail Lovell.

Between acts excellent music was furnished by Miss Carrie Lovell and Mr. Witherington.

The whole play went off without the delays usual in amateur performances, and much credit is due the performers as well as those who have so skillfully trained them.

"Carmena Waltz" sweetly sung by the High School Chorus brought to a close an evening's entertainment of real pleasure.

Growers Making Money

The late crops in this section are making money for the growers and many of them are recouping their losses on other crops. Several growers who lost their potato crop by frost planted the ground in tomatoes and are now receiving \$2.00 per crate f. o. b. Sanford.

The movement of vegetables of the tomato, cucumber, pepper, green corn and other varieties has been very active during the week. One grower will market \$3,000 worth of green corn from a 10 acre tract, from which he secured two crops of lettuce and one of celery during the season. The corn crop has not cost him \$5 an acre to produce.

There is considerable activity in city and farm property. Several transactions in building lots were made during the week and the building prospects are fair for the summer. Considerable farm property is being sold and some new lands are being cleared and made ready for fall planting.

High School Publication

The High School publication, Salamagundi, has made its appearance and is better than ever. The work is in pamphlet form of 48 pages and cover and is replete with good stories, small chats of school life, half tone cuts of the school buildings and pen and ink drawings by the scholars. The printing was done by Chas. L. Wing and is a credit to him in every way. Salamagundi is a good advertisement for our schools and every one should purchase a copy and send it to their friends.

Palmto Avenue Improving

Palmto avenue is receiving a new impetus since the High School building has been erected. Several new homes have been constructed on this avenue in the past six months, among them being a fine double apartment house belonging to W. R. Gardner.

ORGANIZE ELKS LODGE

Antlered Herd Has a Gay Time In The City

STARTS WITH FINE MEMBERSHIP

Fifty-Three Names are Enrolled Upon Charter List and Lodge has Good Prospects

Sanford Lodge of Elks organized Friday night with a membership roll of fifty-three. For several weeks past the boys had been on the qui vive over the organization of what promises to be one of the best Lodges of Elks in the state. The city presented a gala day appearance, every store being decorated with bunting and the colors of the Elks. The visiting members were met at the afternoon train by the Elks and fauns and the procession headed by the string band of a drum and fife paraded the principal streets. The candidates were grotesque in mother Hubbard and harem skirts and were led by the attendants carrying pitch forks. A real lion's cage carried no less a personage than Mayor Lake himself, who had left his duties as representative at Tallahassee to become a member of the Lodge. The procession halted at the temporary quarters in the Stone-Gore block where the festivities began, eight candidates being led over the burning sands to the edification of the jargo crowd present. The Lodge was instituted by the Grand Lodge of Emergency from Orlando composed of B. C. Abernathy, Leading Knight; M. O. Overstreet, Loyal Knight; Joseph H. Jones, Lecturing Knight and W. T. Sims, Esquire, District Deputy Browne occupying chair of Grand Exalted Knight.

About fifty members of the Orlando Lodge were present and put through the candidates as only the Orlando boys know how. The officers for Sanford Lodge were elected as follows: W. D. Holden, Exalted Ruler; C. M. Brodwater, Esteemed Leading Knight; W. H. Underwood, Esteemed Loyal Knight; Harold Haskins, Esteemed Lecturing Knight; O. L. Taylor, Secretary; W. L. Morgan, Treasurer; Felix Frank, Tyler. Among the prominent Elks present were Hon. Jefferson B. Brown, District Deputy of Key-West and Hon. H. N. Hunt, Past District Deputy of Tampa, Fla.

The Elks will fit up temporary quarters in the Stone-Gore block, but like all good Elks expect to erect a handsome home in the near future. The Sanford Lodge will do much more toward benefitting the city socially and the membership is composed of some of the most prominent citizens of Sanford.

SANFORD WILL CELEBRATE

Big Time in The Old Town On The Fourth of July

Sanford just can't help keeping before the public and when our Natal Independence day arrives the people will flock to Sanford just as they have always done in the past. This Fourth of July we will not go broke on the proposition but our good citizens will give the visitors a jolly good time.

Our ball team is being licked into shape and Sanford and Orlando will play two games that day. There will be field events, a grand fish fry, street parades, tournaments and fireworks for the evening.

The ball games will be enough excitement but the other events will help some. There will also be sack races, climbing greasy pole, potato races, catching greasy pig and other events too numerous to mention. But prepare to come to Sanford on the Fourth of July—the town that treats you right. Watch for future announcements in The Herald.

Childrens Day Exercises

Childrens day exercises that is an annual feature in the Methodist church was beautifully celebrated in this church last Sunday. The church was beautifully decorated with ferns and quantities of cut flowers and the sweet bright faced children never appear to better advantage as they sang the sweet songs and took part in the lovely exercises.

One very pretty feature of the program was the "greeting to the babies" by the Supt. J. K. Mettinger as the cradle roll was called and withal there was a touch of sadness, as a little empty chair decorated with white roses was brought out, calling attention to the fact that one of the number, little Esther Spencer, had passed away. Voices of children under our flag brought the pretty exercises to a close.

EIGHTH GRADE ENTERTAINMENT

Large Class Graduates This Year From Grammar School

The graduating exercises of the eighth grade were held in the High School auditorium Wednesday. Long before the appointed time for the exercises to begin large numbers of the friends and parents of the graduates as well as others who are interested in the work of the schools repaired to the High School building. The time was well spent inspecting the splendid display of school work of the different grades that adorn the walls of the Auditorium. It was deemed advisable this year by the faculty to concentrate efforts in making this display of school work, and to have it all in one place, instead of the individual class exercises as has been customary. Exhibits from the first to the eighth grades are shown in each line of study, and has to be seen to be fully appreciated. There are many who are deserving of special mention for the excellence of their work. If space would permit. Too much cannot be said in praise of the art display and what has been accomplished by some of the little folks along this line under the teaching of Miss Savage.

Promptly at the appointed hour the graduating exercises began. To the strains of a beautiful march the girls entered from the right, led by the principal, Prof. N. J. Perkins, and Miss Flora Walker and Miss Gertie Speer, the eighth grade teachers. The boys came down the left aisle and were led by the school board, C. R. Walker, B. F. Whitner, L. R. Phillips and D. L. Thrasher. They marched on the stage, and took their places, the graduates in the center, the teachers on the right and the school board on the left.

The invocation was by Rev. G. B. Waldron. The first number was a chorus by the class entitled "Forest Warblers." Ethel Hickson read a splendid historical essay on Osceola, the Florida Indian Chief, who is always an interesting subject. "Mexico Yesterday" was the subject of Albert Fry's splendid essay. "Wanda," Carl Bohn, was a piano selection beautifully rendered by Muriel Harold and delighted the audience. "Mexico Today" was discussed in a very clever manner by Randall Chase. A bright little recitation by Annie Whitner entitled "New Hat" came next on the program. Wedding chorus from Ermine was sweetly sung by the class.

The address to the graduates was delivered by D. L. Thrasher and was a masterly effort, being full of wisdom good thoughts and kindly advice which it is needless to say that if the girls and boys will take unto themselves and profit by it they will doubtless fill places of honor as they go through life.

The presentation of certificates made by Prof. Perkins came next. He congratulated the class on what they had accomplished and urged them to push on to greater things and higher learning.

The following received diplomas:

Muriel Harold, Igera Stout, Mary Lou Price, Ruth Vaughn, Annie Whitner, May Holland, Margaret Wight, Nellie Lough, Ethel Hickson, Laura Lee, Mattie Clark Knight, Daisy Betts, Phillip Allen, Randall Chase, Albert Fry, Fred Wight, Nirgil Clark, Maunsell Gabbott, Vivian Speer, Robert Deane, Harry Cobb, Willie Wynn, Sherman Routh, John Hunter, Joe Field, Howard Arnett, Billie Witherington, Eugene Singletary and Sanford Doudney.

Confirmation at Sanford

The Right Rev. W. J. Kenney D. D., Bishop of the Catholic diocese of St. Augustine visited Sanford May the twenty first, as the guest of Father Breenahan the local pastor at the beautiful new parochial residence, erected recently by the resident catholics, who have spared no expense to make their new pastor as comfortable as possible. On Sunday, night Bishop Kenny confirmed a large class composed principally of children but quite a number of adults were notable among the candidates. Before the confirmation Bishop Kenny spoke eloquently to the large congregation that was present notwithstanding the inclemency of the weather. His explanation of the ceremony was specially lucid and the audience was well repaid for the inconvenience they suffered in going to the church.

Building More Houses

E. H. Herndon has so much faith in the future of Sanford that he has built one handsome residence and started another this week. His own home which was badly damaged by fire some time ago has been put in first class shape and the lot will soon contain three fine residences.

NEWS OF THE WORLD

Items of Interest Gleaned From Various Sources

HAPPENINGS DURING THE WEEK

Here the Readers Will Find a Brief Historical Spring Flowing For Hurried Readers

May 21—France paid a terrible toll last Sunday for her magnificent endeavor to attain supremacy of the air when an aeroplane the driver of which had lost control, plunged into a group of members of the cabinet who had gathered to witness the start of a race from Paris to Madrid, killing the minister of war and injuring the prime minister, his son and a well known sportsman.

One hundred thousand dollars for one season's crop of onions is what Mrs. Edwards C. Dodd, who is known as the Bermuda onion queen, will receive from the yield on 225 acres of her land near Laredo, Texas, this year.

Mrs. Alice Webb Duke, former wife of Brodie L. Duke, the multi-millionaire tobacco king, and six years ago mistress of a fortune of nearly \$25,000,000, is dying a pauper in the Illinois State Hospital for the insane at Kankakee.

The deadlock in the United States Senate over the election of a president pro tem, to succeed Speaker Fry, who resigned because of ill-health, continues. The chief candidates are Senator Gallinger on the Republican side and Senator Bacon on the Democratic side. The Senate is Republican, but owing to a factional fight in the party the members cannot combine upon the caucus nominee, and the result is the leading candidates are tied in the vote, while ten votes are scattered among minor candidates.

Export from the United States in the fiscal year 1911 will probably exceed by about 300 million dollars the figures of last year, and cross the two billion dollar line. The figures of exports of the Bureau of Statistics, Department of Commerce and Labor, for the seven months ending with April, show an excess of \$288,000,000 over those in the corresponding months of last year, and for the single month of April, an excess of \$25,000,000 over April of last year, thus indicating that the growth in exports in 1911 will approximate \$300,000,000, and the total exports of the year probably exceed two billion dollars.

Bills are pending in the Illinois Legislature to require the hotels to have sheets 100 inches long and 81 inches wide and to provide their guests with at least two clean towels a day.

Birmingham, Ala., has just floated \$300,000 municipal bonds at 31-2 per cent, the lowest rate the city has ever secured. This is said to be because it is under commission government and capitalists impressed with the business administration are not afraid to invest in the bonds.

George B. Cox, the Cincinnati Republican boss, having demonstrated that he owns the courts of his city, has again retired from politics.

A press report of the battle of Juarez says that 250 soldiers were wounded on both sides. It would seem bad enough to be wounded on one side.

Charter Bill Passed Senate

Advices from Tallahassee are to the effect that the Sanford Charter Bill passed the Senate with the following changes:

The Clerk and Assessor will be elected by the people; the Treasurer and Collector will be elected by the people; the Marshal to be appointed.

No person holding a franchise shall be elected to the office of Mayor or Council. No grant or contract or franchise can be made with the Mayor and Council.

Regarding the changes in the lines of the city extension the last line drawn on the west side seems to prevail which excludes the ice factory and several farms.

Saturday night May 13th, Mrs. Homrighous gave a song recital at the 1st Congregational church. The program was carefully arranged and all the parts were ably rendered. The house was filled, the entertainment was splendid, due to the careful training of all who participated by an able teacher. All seemed well pleased with the entertainment. No fee charged, but the free will offering was \$23.25, after deducting expenses the Congregational church received \$20.25.

CURBSTONE GLEANINGS

A Budget of Opinion "Just Between You and Me"

EVEN THE GATE POST NOT IN IT

A Chiel is Among Ye Taking Notes and Faith, He'll Prent 'Em'—So Says Saunterer.

Special Correspondence to The Herald.

A potato went on a mash
And sought an onion bed;
That's pie for me!" observed the squash,
And all the beets turned red.
"Go away!" the onion, weeping cried;
"Your love I cannot be—
The pumpkin be your lawful bride—
You canteloupe with me."

But onward still the tuber came,
And lay down at his feet,
"You cauliflower by any name
And it will smell as sweet;
And, I too, am an early rose,
And you I've come to see;
So don't turnip your lovely nose
But epinachat with me."

"I do not carrot all to wed,
So go, Mr. If you please!"
The modest onion meekly said,
"And lettuce, pray, have peas!
Go, chiel, that you have never seen
Myself, or smiléd my slah;
Too long a maiden I have been
For favors in your eye!"

"Ah, spare a cuss!" the tuber prayed;
"My cherrished bride you'll see,
You are the only weeping maid
That's current now with me!
And as the wily tuber spoke
He caught her by surprise,
And giving her an article,
Devoured her with his eyes."

¶ "Keep to the right" is the law of the road, which, when obeyed, saves one a world of trouble.

Society is a public highway on a grand scale—a great turnpike whereon a hurrying, jostling, wrestling crowd of badly assorted humanity is ever thronging. Here is life in all its better phases—childhood with its golden hair and wondering eyes; youth with its widening, thoughtful outlook; manhood with its firm step and earnest purpose; old age with bowed form and whitened locks. Here, too, are thickly strewn the wrecks of life—misguided childhood, headstrong and wayward; erring youth rioting in frivolity and dissipation, and sowing the seeds of physical decay and moral death; vicious manhood; treading the downward road; and decrepit old age, sinister and sore, with its painful memories and hopeless future—all commingling in the one great journey from the cradle to the grave.

How much discord, inharmonious and jostling would be avoided in this journey if

each traveler would only keep to the right. There is a pitfall before you, young man; a temptation to do evil; a snare for your feet. You are forming habits of idleness, dissipation and extravagance, which will stick to you like the shirt of Nessus, hampering your noble efforts, and eventually dragging you down to the gateway of despair. Keep to the right and avoid it.

¶ The tennis girl goes out to play her nerve producing game; the flippant girl goes out larking because her life's too tame; the reading girl betakes herself into a world of books; the scheming girl to the seaside goes to fish with artful hooks; the flirting girl goes anywhere she thinks there is a man; the dressy girl goes to Paris to buy a dress and fan, the beauty goes upon the stage to show her handsome looks; but the girl that gets the husband stays right at home and cooks.

¶ Graduated? Yes, nearly every hamlet, village, town and city at this commencement season of the institutions of learning, welcome home those who have spent years in hard study and with honors have graduated; and many are the hopes and expectations centered in you—hopes that society will be elevated, many immorals corrected, wrongs righted and places of importance better filled. Do you ask, where is your place? The world is before you and though it may seem crowded, there are still many wants that it does not advertise, to avoid a rush of applicants, but these wants exist, and are, indeed, very pressing and very real, and your compensation will be as ample as you have brains, pluck and energy to earn it. The world wants graduates who are men enough to search out these places and make room for themselves; it wants young women of sufficient self reliance to bear the disappointment of not securing the first position for which they apply; most of all it wants character, and it very wisely declines to accept a college or school diploma as conclusive evidence of that. Therefore we silently whisper, enter into your life work with right motives, earnestness, zeal and honesty of purpose, and thoroughness that will satisfy yourself; then others will be satisfied. Realize the responsibilities which have come to you, and assume them in great humility, and yet, in true meanness, and bear in mind, by your fruits ye shall be known.

¶ What an awful price people pay for the determination to "get square" with

those they fancy have injured them! No matter what others do to us, every bit of injury we do to them, every blow intended for another really wounds ourselves, says Success magazine.

A bitter, revengeful thought is a boomerang which is hurled back to the thrower. It is impossible to injure another either in thought or deed without receiving the blow ourselves.

What a terrible price many people pay for their revenge—a price which often staggers their advancement, kills their efficiency, ruins their character.

No one can carry a grudge against another a hatred thought, a revengeful determination, a desire to injure others, without a fatal determination of character as well as serious impairment of his getting on ability and his happiness. People little realize what they do when they harbor these happiness-destroying, success-killing thoughts toward others. Such feelings kill spontaneity, blight the character, and stifle self-expression.

No one can do his best work while he harbors revengeful or even unfriendly thought toward others. Our faculties only give up their best when working in perfect harmony. There must be good-will in the heart or we can not do good work with the head.

Hatred, revenge and jealousy are rank poisons, as fatal to the physical life.

Just think how unmanly it is to be waiting for an opportunity to injure another, or to "get square" with some one. If you wish to make the most of yourself, and have peace of mind, never retire at night with an unkind feeling toward anyone in the world. Forget, forgive. Let not the sun go down upon your wrath.

¶ I see by the paper that the Elks organized a lodge here last week and start off with a fine membership. The Elks are good fellows wherever you see them and their coming to Sanford will help our city in many ways, provided the boys do not get too gay.

¶ The near beer saloons of Sanford are in the limelight again this week about the case of Joe Fernandez in the Criminal Court, all of which brings to my mind the action of the city council in imposing a license upon these institutions. Why should a near beer saloon be allowed to operate at all and if allowed to operate why should they be licensed? If there is no harm in near beer then it should be sold just as any other dope is sold. The

granting of a license gives the dealer a right to sell. The right is bound to be violated and before the public is aware of the fact other concoctions will be sold.

There may be whiskey on the premises that belongs to other parties because the fellow who wants to mix up a drink occasionally can find no better place than a near beer saloon where the environments are just right to take a drink.

I do not blame the near beer saloons any more than the city council. I forget the granting of a license for the sale of near beer simply took down all the bars of restrictions and all kinds of beer is sold openly.

If we license the near beer saloon then

I am in favor of having Sanford go back to the real article and establish a barrel house where the real beer can be purchased.

You can't trifle with the stuff in any manner and the near beer concoctions are ten times worse than real beer. Orlando is not selling any near beer and I can go on and mention a hundred Florida cities that have absolutely prohibited the sale of any of these vile concoctions that pander to the taste of the man who tries to fool his stomach and is badly fouled in return.

—THE SAUNTERER.

THE ARTESIAN WATER SUPPLY

Steps Taken to Prevent the Waste of Nature's Gift

Hon. J. N. Whitner has been in Tallahassee for several weeks in the interest of several bills, among the most important being the bill to prevent the waste of artesian water. Being a resident of the great Sanford section and perfectly familiar with the geological features of his subject, Mr. Whitner proved of great assistance to the gentlemen who were desirous of pushing this bill. Will Bauskett, the Tallahassee correspondent of the Times-Union has the following respecting the bill:

Among the important bills before the present legislature is one just introduced in the house by Mr. Watson, of Dade, to prevent the waste of water from artesian wells. This bill is in accordance with the recommendation of Dr. Sellards, state geologist, who has been for some time studying and investigating the water supply of Florida. In his letter of transmittal to the governor Dr. Sellards has this to say: "In connection with the report on water supply I would respectfully call attention to the evidence of the loss of flow in some of the artesian wells, and to the danger of a material reduction in the artesian supply in some localities, if the waste of water is not prohibited by law."

It is unfortunate that this bill was not introduced sooner, but its importance should cause its passage without opposition. There was a long delay in employing a state geologist and now that there is one it is the part of wisdom to heed his recommendation. It will be too late to "miss the water when the well runs dry."

The purpose of the Watson bill is not to prevent sinking artesian wells nor the free use of the water flow for domestic or irrigation purposes, but to stop the flow of wells when not in use, especially the stopping of abandoned wells constantly wasting millions of gallons annually.

It is not believed that there is or ever will be any failure of an ample supply of this artesian water, as evidenced by the great springs of the state. But this water is not in lakes or river but in the limestone and coquina rock underlying the state. How rapidly this water finds its way by percolating this porous rock to any given point is impossible to determine. It is probable that well defined currents have been established in the lapse of time to the great springs, which may be lacking at some points where large numbers of wells are being put down and used. If this be true the stopping of the wells when not needed would allow the gradual accumulation of a full supply of water and do away with any possibility of interference with the supply. The value of the artesian water to Florida is absolutely inestimable.

Sunday Blue Laws

The height of absurdity has probably been reached by Gainesville, Fla., in the Sunday observance law which is now in force in that unfortunate village.

Drug stores are allowed to be open on Sunday only from 8 to 10 a. m., and from 2 to 4 p. m. News stands, only from 12:30 to 2:30. Restaurants must close except from 5:30 to 8, from 12 to 2 and from 5:30 to 8.

The person who is unfortunate enough to be caught in Gainesville on Sunday must conform his health, his habits and his appetite to these hours. If he needs medicine at any time outside of the prescribed hours, he must die for the lack of it. If he wants to buy a newspaper or a magazine at any time except between noon and 2:30, he must do without his reading. If he gets hungry or if by any combination of circumstances, he requires his meal outside the usual meal-hours, he must continue hungry until the law permits the restaurants to throw open their doors and feed him.

And yet, we are told, that this ordinance was a "modification" of another and that even this does not meet the demands of the ministers' association.

Such mawkish intolerance makes the average man sick at the stomach. To put medicine and reading matter on the list of Sunday violations is to write down the promoters of such a law as human varieties of these animals which run to ears rather than brains.

We are really sorry for Gainesville, which naturally, is a real nice little city; out to be throttled by such a sanctimonious gang of numbskulls as that which seems to have charge of its affairs at present, is more than any town can survive. No self-respecting stranger will permit himself to be caught in Gainesville over Sunday and if we are not mistaken in the sort of people who make up a considerable portion of its population, all of its citizens who can get out of town will hunt other places for at least one day in the week.—Tampa Tribune.

12—BIG ACTS—12

MAY 29

MONDAY ONLY

MAY 29

We have spread ourselves this week for our Monday specials, having had a large shipment of new and pretty Summer Goods to arrive this week, and all are to take a prominent part in our **Big Show** for Monday

Store Closes Every Thursday at Noon

<p>Calicoes First Act—Our entire lot of Columbia and Algonquin calicoes will be seen on our center tables in all their beauty. Light ground with neat dots, figures and stripes, in pink, blue, red and black, while the dark grounds in navy, garnet and black are printed in a neat design with white figures, dots and stripes. They are regularly sold at from 6 1/4 to 8c. Show price Monday.....5c</p>	<p>F R I S B I E</p>	<p>Linene Second Act—This is not a new material, but a new shipment. Every one know the wearing and washing qualities of Linene; the material that looks and answers every purpose as the more expensive linenene; it is evenly woven and comes in two weights medium and heavy. This linene is sold, regular price, at from 12 1/2c to 15c, but can be bought for Monday only, per yard.....9 1/2c</p>
<p>Swiss Third Act—Monday will be the time to replenish the worn curtains for new and crisp SWISS; it is 36 inches wide and when made cannot be bought for less than \$2.50 or \$3.00 per pair. This is not our regular 10c swiss but the entire lot at 15c per yard; large embroidered dots, figures and floral designs will be sold Monday only for, per yd...10c</p>	<p>COLLARS 2 F O R 2 5 C t s</p>	<p>Khaki Fourth Act—When thinking of a few weeks' camp life, riding, driving, fishing and hunting, one naturally wonders what can we wear that's serviceable and not so easily soiled. The question is easily solved when you make a habit of a suit of our 8-ounce Khaki cloth, the material that has the wear, washing and good looking qualities. Our special price for Monday will be only.....17c</p>

Slightly Soiled Under-Garments for Ladies

Fifth Act—These garments are made perfect and have been our **LEADERS** at from 98c to \$2.00, but in showing and handling have gotten slightly soiled. They consist of petticoats, gowns, chemise, princess slips, drawers, corset covers, etc., and will go at about **HALF PRICE**. Special.....79c

<p>Straw Hats Sixth Act—A new and large shipment of Men's Straw Hats—all the newest blocks, as well as all the standard shapes, are shown in this Big Show sale. They are in the most popular weaves and braids—a hat to suit every face. These hats are on special sale for Monday Only. See middle window display. Only.....\$1.39</p>	<p>F R I S B I E</p>	<p>Shirts Seventh Act—Ten Dozen More of These Distinctive Shirts will be on sale here Monday Only to meet the demand started a week ago by our shirt announcement. They are all \$1.00 shirts—so far as we know—not selling for less than that anywhere except here. Fine percales in the favored light grounds with neat figures and stripes; Plaited Bosoms, Monday only.....79c</p>
<p>Pillows Eighth Act—A limited number of these full-size, all Feather Pillows, weighing full 3 Pounds, will be a new actor in our Monday's show. They come dressed in the best known ticking, (A: C. A.) absolutely feather proof, and would be a great value at twice the price. These pillows will be on sale Monday only for the small sum of, special.....89c</p>	<p>SHIRTS E A C H 9 7 C t s</p>	<p>Matting Ninth Act—Twenty-five new-rolls matting arrived this week, and to those who have not yet bought their new supply, it will pay you to investigate this department. These are 25c and 35c values; China or Japanese matting in very pretty designs. If prices and quality mean anything to you then you had best see these Monday. Very special for show day.....21c</p>

CHINA

Tenth Act—In passing our store this week, suppose you have a look in our **BIG SHOW WINDOW** and see the many useful things offered for our **Monday Show**. It consists of plates, bowls, cups and saucers, dishes, etc. A chance to replace the broken set pieces at a little cost. It will be **any piece in window for Monday only**.....9c

<p>Soaps Eleventh Act—A full assortment of Colgate's highly perfumed toilet soaps; they come three cakes to the box, and to make a big show for Monday, we say per box 12 Cents</p>	<p>Hosiery Twelfth Act—Just before the curtain falls we'll announce a special showing of ladies' hosiery in all colors including black and a good value at 10c. For Monday only, we say per pair 6 Cents</p>

COUNTY HAPPENINGS

A Budget of Interesting Items From Correspondents

THE EVENTS OF ORANGE COUNTY

Efficient Staff of Reporters Weekly Covers the Territory for The Herald

LAKE MARY MELANGE

Special Correspondence to The Herald.
Mrs. Aubrey Moran and children, Helen and Aubrey Evans, have returned to their home in Geneva after spending several weeks here with Mrs. Moran's parents, Rev. and Mrs. J. F. Sundell. They were joined in Sanford on their way home, by Mr. Moran who has been visiting in Miami and Lemon City, he returned much improved in health.

Mrs. Henry Wood is up from Tampa spending a few weeks with Mrs. J. G. Martin, before going on to Savannah, Ga., where she expects to locate.

A. L. Smith had the misfortune of running a lead pencil into his arm while indulging in athletic sports the other day.

J. G. Martin is having his roof covered with the good old fashioned hand drawn cypress shingles. If the rain continues to fall as it has been doing for the last ten days, we think there are others who will have to follow his example.

Mrs. J. A. Nyland and daughter Julia of Upsala spent the day here last Sunday visiting friends.

We are glad to note that Mr. McWaters is recovering his health after quite a serious illness.

On account of rain there was a very poor attendance last Friday at the monthly picnic of the Lake Mary Social and Industrial League. We hope the weather will be more settled by the time for the next picnic and that all members will turn out in full force.

MOORE'S STATION

To the editor of The Herald:
Mrs. Georgia Walker and son, Leone, are on their way to their old home, North Anson, Maine, for the summer and will return in September.

Mrs. Geo. Mitchell spent last week at Cow Creek, the guest of her sister.

F. E. Mow of West Lebanon, Ind., was here last week, looking after his Beardall avenue place.

J. F. McClellan sold his orange at Fort Reed to Kissimmee people and was in that city last Tuesday to finish the deal.

A. E. Beale left here Sunday for his home in North Anson, Maine, to remain until September.

The McClellan children visited their Grandma Prevatt at Geneva last week.

The Moore's Station Sunday school joined the Cameron City Sunday school for a picnic supper Tuesday evening at Beck Park, which is certainly one of Nature's beauty spots.

A jolly party journeyed into town last Tuesday evening in a farm wagon to enjoy the High School play.

CAMERON CITY CLIPPINGS.

Special Correspondence to The Herald:
We have been having some fine rains lately and are happy to see that the water that falls all drains away from our little town so quickly, and when we hear of the extreme heat and continued dry windy weather north and west we are all glad we are here.

Mr. Powell is having the west five acres of his farm tilled and made ready for cultivation and has rented his land for the coming year. He and Mrs. Powell will soon return to their former home in New York for the summer.

Miss Minnie Bellows leaves Wednesday of this week to spend the summer in Rochester, N. Y. She will visit at several places on the way. We will miss her greatly and be glad when it is time for her to return for the winter.

Mrs. Lewis who has been keeping house for Mr. Jones on Beardall Ave., has returned to Wichita Kansas for a visit with her daughter.

Mr. Randall who has been visiting his son at their farm west of town is returning this week to his home at Paducah Kentucky. Mr. Randall has proved himself an interesting and interested visitor.

The young people of Cameron City will spend Wednesday evening with Miss Aileen Minnick. Conversation, music and games make the evening very pleasant ones.

Guy Ellsworth and Earl Gormly have bought the grocery stock from Mrs. Stevenson and will be known as the Cameron City Grocery Co. They are making many changes, enlarging the stock etc., and all planning to "do business". They are taking orders and delivering goods twice a week which will certainly be a convenience to many peo-

ple. You may call them over the phone at any time. They will carry a line of feed and hay also. We have always been proud of our store and are more than to see the business grow. These two young men, Ellsworth and Gormly, are favorites in our community and with their push and energy and cheerful disposition we predict for them a large measure of success in their new undertaking.

GENEVA JOYTINGS

Special Correspondence to The Herald:
Miss Bobbie Nicholson is in Sanford attending commencement.

Harold Pattishall is at home for the summer months from Nashville, Tenn., where he attended a dental college the past term.

Miss Mabel Daniel attended the commencement exercises at Daytona Beach this week.

Misses Annie and Olie Peters left last Tuesday for Seattle, Washington on a lengthy pleasure trip.

Young Mr. Holmes and wife have recently moved to Geneva from Sanford. Mr. Holmer is engaged in boring deep wells and has already put down several. We extended a hearty welcome to this young couple and hope they will be permanent residents.

Mrs. H. H. Pattishall and son, Harold attended Mrs. Munson's musicale Monday night in Sanford.

E. N. Sutton is attending court in Orlando this week.

We are sorry to learn that Mr. Adams is not doing quite so well this week.

Miss Lydia Geiger is home for the summer vacation after teaching an eight months school very successfully at Enterprise.

On last Thursday afternoon Mrs. Fultz, the ex-president, entertained the M. M. S. Society in a very pleasing manner at a "measuring party," at which some of the members paid the penalty of "towering" over their neighbors, two cents being charged for every foot grown. The measuring created quite a good deal of merriment and a neat little sum was realized for the improvement of the hall. Dainty and appetizing refreshments were served in three courses. Mrs. Fultz was assisted in entertaining by her daughter, Mrs. Roberson.

INTO A HOME OF YOUR OWN

The Average Increase in Population of cities and towns everywhere is 35 per cent in ten years. This means that new homes will have to be built and more stores provided. This will increase the value of land at the edge of our city.

We Have Some Choice Property that can be bought on easy terms. It will make you a beautiful home and will continue to increase in value.

IT GROWS HAIR.

Here Are Facts We Want You to Prove at Our Risk.

Marvelous as it may seem, Rexall "93" Hair Tonic has grown hair on heads that were once bald. Of course, in none of these cases were the hair roots dead, nor had the scalp taken on a glassy, shiny appearance.

Rexall "93" Hair Tonic acts scientifically, destroying the germs which are usually responsible for baldness. It penetrates to the roots of the hair, stimulating and nourishing them. It is a most pleasant toilet necessity, is delicately perfumed, and will not gum or permanently stain the hair.

We want you to get a bottle of Rexall "93" Hair Tonic and use it as directed. If it does not relieve scalp irritation, remove dandruff, prevent the hair from falling out and promote an increased growth of hair, and in every way give entire satisfaction, simply come back and tell us, and without question or formality we will hand back to you every penny you paid us for it. Two sizes, 50c. and \$1.00. Sold only at our store—The Rexall Store.

ROMAN IMMORTALITY DIVINE IMMORTALITY

The Difference Between These
In the Bible.

The One Only a Provisional Gift,
the Other an Inherent
Quality.

Lynchburg, Virginia, May 14.—Pastor Russell, of Brooklyn Tabernacle, N. Y., preached twice here today to attentive audiences. We report one of the discourses, which was preached from the words of the Apostle,

"Christ brought life and immortality to light through the Gospel." The speaker said:

We have a number of times mentioned the glorious exaltation purposed of God for the New Creation. St. Peter tells us that these will attain the divine nature; and this attainment will be through, or by means of, the power of God working in the heart as the result of faith in "the exceeding great and precious promises" (II Peter 1, 4).

Seeking For Immortality.

The Apostle writes concerning the Church, the elect "little flock" of called, chosen and faithful ones. He tells us that by perseverance in well doing we are to attain glory, honor and immortality; and that this reward, to the faithful, will come in the First Resurrection, when mortality shall be clothed upon with immortality; when the new body, glorious and of the divine nature, will be granted to each of the faithful, as instead of the fleshly and imperfect bodies of the present trial time (Romans 8, 6, 7; I Corinthians xv, 54).

The immortality for which the Apostle declares the Church is to seek is of a different kind entirely from that which the world may expect. It is a different kind even from that which the angels possess. It is the immortality which is a feature or quality of the divine nature. This immortality, the Scriptures assure us, was originally possessed by the Heavenly Father alone.

We read, "The Father alone hath im-

mortality, dwelling in the light which no man can approach, whom no man hath seen nor can see." The only Begotten of the Father, the Logos, when made flesh, revealed the Father to mankind (John 1, 18).

The faithfulness of the Logos as the Man Christ Jesus was rewarded by the Father with glory, honor and immortality—the divine nature.

And this great privilege has been given to an elect "little flock," the Bride class, to become associated with Jesus in the sufferings of this present time and in the glory to follow.

Our Lord Jesus corroborates the Apostle, saying, "As the Father hath inherent life (immortality in the highest sense of the word—deathlessness), so hath He given unto the Son that He should have inherent life," and that He might give it unto whomsoever He would—the Bride class, the overcomer, "more than conquerors."

Everlasting Life For Humanity.

The immortality enjoyed by the angels, otherwise spoken of in the Scriptures as everlasting life, is not inherent immortality, but an eternal maintenance in life by the Creator, subject to the condition of obedience and righteousness.

In this same sense of the word Adam was immortal, but his immortality was dependent upon his obedience. When he disobeyed, Divine provision for his sustenance was withdrawn. He was expelled from Eden that the sentence of death might take effect, "dying thou shalt die." Similarly, Satan and others of the angels, because of disobedience, will be destroyed, hence their immortality was conditional, as was that of humanity (Hebrews 2, 18).

Life and Immortality.

The Scriptures, as we have already intimated, use the word *immortality* in a more restricted sense than is common in our general usage.

Thus the Scriptures explain the twofold work of Christ: (1) The work for the world; in providing for all the willing and obedient of mankind, everlasting life; (2) the work for the Church, in making possible for the willing and obedient of the Bride class, glory, honor and immortality, the divine nature.

The Scriptural expression is that "Christ brought life and immortality to light through the Gospel" (II Timothy 1, 10). Everlasting life was intimated in the remote past, but not specifically stated. The declaration that "the Seed of the woman should bruise the Serpent's head" implied a recovery from sin and death; a victory over the Adversary, a release of mankind from the death penalty.

But it was not specific. The promise of God to Abraham, that in his Seed

all the families of the earth should be blessed, contained an intimation of a Divine provision for the restoration of humanity from death and the present fallen condition, a restitution to eternal life conditions. But there was nothing specific in it. The Prophets also gave intimations of coming blessings through a great Messiah, but failed to say that eternal life would be the grand result.

RESULTS WITHOUT STONE.

Good Roads Being Built by Using Drags and Concrete Culverts.

There isn't a perch of surface stone in Scotland county, Mo., but its inhabitants do not despair of getting good roads. Not only have the county commissioners voted for a poll tax of \$8 this year, but many farmers have volunteered to drag the roads.

In the county are 1,200 miles of dirt roads. Concrete culverts are replacing the plank bridges which have been in use since the county first was organized. Big crops have been raised in the county this year, and many farmers have paid their poll tax in cash rather than work on the roads. Nearly all of the money which has been received from this source is being spent by the county commissioners in building modern concrete culverts.

More than half of the roads in the county lie flat. The roads have been built with good drainage and are in condition that is good compared with what they were before they were graded. It has been estimated by merchants of Memphis, the county seat, that the new effort for good roads has added \$5 to the value of every farm which adjoins the improved roads.

In His Line.

"He charges me with adulterating my foods," said the indignant grocer. "It is an insult. You must demand an apology or a meeting on the field of honor."

"And, should worst come to worst, what would you suggest for weapons?" "How would adulterated canned goods do?"

Had It In For Him.

"He is a finished musician." "Finished?" "Yes." "I am glad he got what was coming to him. Where did he run across his finish?"

Provident Youth.

"He doesn't pay his bills." "He doesn't?" "No." "Why? What does he do with his money?" "Uses it for things he likes."

T. COLEMAN DU PONT MAKES \$1,000,000 GOOD ROAD OFFER

Proposes Highway 103 Miles Long and a Hundred Feet Wide.

T. Coleman du Pont of Wilmington, Del., has offered to advance \$1,000,000 to the state of Delaware for the construction of a modern highway the entire length of the commonwealth. The distance is 103 miles.

Mr. du Pont wants the road to be 100 feet in width, but his advisers have urged him to make the width either sixty or eighty feet.

The matter is the greatest that has ever developed in this state in con-

T. COLEMAN DU PONT.

nection with good roads. It means that the legislature will not be compelled to authorize the issuance of bonds for the purpose.

Mr. du Pont, it is stated, will agree to be reimbursed by having the difference in taxation between the existing assessment of farm lands and the assessment that the improvement will create turned over to him. He figures he will be repaid in a few years.

Mr. du Pont is a cousin of United States Senator du Pont of Delaware and was formerly Republican state chairman.

There Are Others.

"Do you believe" in long engagements?" "Not very long." "About how long?" "Well, the girl ought to have a chance to look around to see if there is any place she can better herself."

Jacksonville's Leading Specialists Coming

SECOND VISIT TO SANFORD

At The Robbins Nest,

TUESDAY AFTERNOON
WEDNESDAY TILL 10 O'CLOCK

MAY 30-31

WILL RETURN IN FOUR WEEKS

WE NEVER USE THE KNIFE

RHEUMATISM—Our cure for Rheumatism is the most successful known. Young and middle-aged men who suffer from youthful indiscretion and nervous debility, may call with confidence.

DISEASE OF WOMEN—After years of experience, we have found the greatest cure known for diseases peculiar to the sex. Painful Menstruation, Sterility, Barrenness, Leucorrhoea, Puritis, Ovarian and Forbroid Tumors, in the early stages, etc., positively cured by our method. Our treatment is perfectly harmless and easily applied. No humiliating exposure on examination. Try it, and you will exclaim, like hundreds of others: "Oh, I feel like a different woman!"

The Chief Examining and Consulting Physician of the Staff of United Specialists was unable to see more than one-half of those that called on him during his last visit. At the urgent request of many he has graciously consented to return on the above date for this special visit. Consultation FREE and strictly confidential. Are you suffering from any disease, weakness or disability, why not consult an experienced, educated specialist, one who is thoroughly equipped with all necessary appliances known to modern medical science?

References—Best Bank and Leading Business Men of Jacksonville.

Specialists in Chronic and Pelvic Diseases

OUR PHYSICIANS ARE EXPERTS in the diagnosis and treatment of Stomach, Bowel and Liver Diseases, such as Dyspepsia, Constipation, Piles, Diarrhoea, etc.; cured in the shortest possible time without the use of injurious drugs.

THROAT, LUNG AND NASAL DISEASES, such as Catarrh, Bronchitis, Consumption, Asthma, successfully treated by our own special method of treatment.

HEART, BLOOD AND SKIN DISEASES, such as Scrofula, Ulcers, Eczema, Pimples, etc., especially cases that have baffled the skill of other physicians.

BRAIN, SPINE AND NERVE DISEASES, such as Paralysis, Locomotor Ataxia, Epilepsy, Fits, Neuralgia, Sciatica, Headache, Sleeplessness, Dizziness, Brain and Nervous Exhaustion, etc., successfully treated by our method.

RUPTURE AND VARICOCELE permanently cured without the use of knife, truss or suspensory. Be sure and consult us before taking treatment elsewhere.

KIDNEY AND BLADDER DISEASES, Bright's Disease, Inflammation of the Bladder, Enlarged Prostrate, frequent and dripping Urination. It costs no more to employ an expert than to risk your life with an inexperienced physician.

STRICTURE and all forms of diseases of the Urethra and Prostrate Glands cured by our medical Bougie, a method of treatment without pain or detention from business.

SYPHILIS OR BLOOD POISON cured without the use of injurious drugs where others fail.

Not necessary to attend expensive sanitariums, hospitals or health resorts; our medicines and treatment can be taken and applied at home. Each person applying for Medical Treatment to our visiting physician, or at the home office, should bring from two to four ounces of urine, which will receive careful chemical and microscopical attention. Consultation and Examination Free and strictly confidential. No names published.

Entered as second-class mail matter August 22nd 1908, at the Postoffice at Sanford, Florida, under Act of March 3rd, 1879.

Office in Herald Building
Telephone No. 148.

The city council could revoke the license of the near beer saloons and avoid the unpleasant features of the near beer saloons in the future. There is no valid reason for the near beer saloons having a license.

The Sanford Charter Bill has passed the Senate and will become a law. The proposed changes have been made and the charter should suit everybody. Now get down to business and be united on the subject of a Greater Sanford.

The legislature should pass the McWilliams bill making provisions for life-saving apparatus at every bathing resort on the beaches of Florida. Two ladies were drowned this week at St. Augustine and each season chronicles the death of one or more persons whose lives could have been spared if the bathing places were protected.

PUBLIC UTILITIES

Orlando is having trouble at present over the inefficiency of the water works to supply sufficient pressure in case of fire. The water works company attributes the poor pressure to the patrons having the faucets turned on the yards while a fire is in progress. Meantime the city council of Orlando declares the present contract with the water works company null and void, and the war goes merrily on.

This question of service from the water works company is an old one and each city is up against the same proposition. The remedy seems to be in public ownership or in the city council having backbone enough to force the water company to furnish pure water and plenty of it at all times.

The plan of allowing the pressure to go down to nothing and then attempt to get up sufficient power to fight a fire successfully in almost a moments notice is not a good one and wherever a city council allows any one man to dictate terms for a public service, that city council ought to step down and out and give way to a body of men who would serve the people.

Public utilities are for the benefit of the people. Every consumer usually pays an exorbitant sum in order to use a little water or gas or light and the consumer expects to get the best at all times. If the water is not fit to drink and the pressure is too poor to have water in the second story, then the consumer has good cause for complaint and there is no reason why the individual should pay a cent for such service. On the other hand when a water company receives pay from a city for furnishing fire protection and when the crucial moment arrives and the pressure is not there, the negligence is criminal and the water company should be brought to terms or lose the franchise.

The city council of Orlando has the proper amount of nerve to back their opinion and seem to be able to think for themselves. Out of their action will come good results and the individual will have his rights respected.

THE DIFFICULTY OF LIVING

The grower receives a low price for his stuff, the middle man receives a trifle more, the next man receives some more and the consumer gets it at a good big price and thereby hangs the tale of the high cost of living.

A farm paper recently told of a farmer in Michigan selling a barrel of apples for 75 cents at his home. Before closing up the barrel he wrote on a piece of paper the price for which he sold the apples per barrel and asked the person who finally bought and consumed the apples should write and advise the price that was paid for the fruit. The grower of the apples signed his name and address to the paper, placed it on top of the fruit and shipped it away. Some weeks afterward he received a note from a man in Cincinnati, saying that he had purchased the barrel of apples and on opening had found the note. The consumer wrote to the grower that he had paid \$4.75 for it. It's a rough and rugged road from the producer to the consumer. The writer verily believes that just this same condition is to blame for the high cost of living that we hear so much about.

It is the consumer who gets squeezed every time, whether in apples or peanuts. Between the producer and the human hopper there are a lively set of fellows who have made careful and practical study of the endurance of the consumer while under the squeezer, and the work goes on to music by the band and often the church choir takes a hand. Endurance

is the handmaid of vitality and when dollars are involved, as they continually are, the strain on both is something great. If you would feel a genuine sense of sorrow these days, look upon the purse of the wage earner when he returns home from a tour of laying in home supplies. It is a pitiable presentation of the work of the squeezer.

In Memoriam

Mrs. Lilly Masch Gatchel born in Ohio August 5th, 1887, died at Sanford, Fla., May 23rd, 1911.

Mrs. Gatchel was the wife of our fellow citizen and brother, Mr. M. D. Gatchel, they being married Mar. 22nd, 1884, in Ohio. They moved to Sanford June 5th, 1907, from Springfield, Ill. During her residence among us she quickly drew to her the warmest of friends, the number growing with almost every new acquaintance.

Her death is peculiarly sad and strange, in that she is the third one of her family to pass home to the better life almost within the past twelve months. As will be recalled her son, Dave, died May 17th, 1910, and Frank, the next older son, following him Sept. 22nd, 1910, and now the mother goes to meet them May 23rd, 1911. So we cannot but feel something of the mysterious ways of our Heavenly Father in the midst of such rapid changes as these.

She leaves behind a loving husband and faithful father, two daughters, Miss Gladys and Miss Mary, and three sons, Charles of Springfield, Ill., Forest and little Arthur, who have the deep sympathy of their many friends in this their great bereavement.

We are all anxious to be of help and comfort to them, but at such times human aid avails but little. She, the wife and mother, though, has left to them and to her friends a rare legacy in the pure, simple, helpful life she lived among us, and the fond memory of a mother's love and care she has left in the hearts of husband and children. Her strength was her faith and trust in her Heavenly Father. May the lesson to each of us be such as will lead us closer to Him and help us to become more like Him.

After the funeral sermon at the house, 3:30 Thursday morning, by Rev. J. W. Wildman and a service at 12:30 o'clock by the Woodman Circle, the remains were taken to Springfield, Ill., by her son, Charles, where they were laid to rest by the side of her two boys, who so recently preceded her. May the Heavenly Father's tender mercies and care be abundantly with the husband and children who are so sorely bereaved is the sincere prayer of all their friends.

The beautiful ritualistic ceremony of the Woodman Circle was held over the remains of Sovereign Lilly M. Gatchel by Celery City Circle at her home at 12:30 p. m. on Thursday, May 24th.

Sovereign Gatchel had only been a member of the Circle a few months. She was a willing worker and never missed a meeting unless from unavoidable cause. She never murmured at any duty that was put upon her. Her heart was in the work. Our Circle is broken and we will miss her. Our loss will be her gain. May her name be ever green in our memory.

Rest on, rest on, in peaceful rest. Eternal life God gave. Here mortals yet unborn will stand beside her lowly grave.
A SOVEREIGN.

Library Association Meeting

At a called meeting of the Sanford Library and Reading Room Association the following resolution was introduced by M. F. Robinson, seconded by N. J. Perkins and after discussion was unanimously adopted.

Whereas, the Sanford Library and Reading Room Association (in whose name the books have been bought and distributed) only have sufficient funds to keep the library rooms open except a few hours twice a week, and

Whereas it is desirable to have the library rooms open every day, except holidays and Sundays, during business hours, and

Whereas the library is really a city institution and not confined to any sect or class, and should be under the control and management of the city officials, therefore.

Resolved, That if the city council will consent to undertake the control and management of the library, the trustees in whose name the library lot on Park avenue is deeded, will be requested to at once convey the said lot to the City of Sanford, and the librarian will be instructed to turn over to the city all books, periodicals and furniture.

Mrs. Dickins moved and it was seconded by Dr. Walker, that the president appoint a committee, of which he, the president, shall act as chairman, to attend the next regular meeting of the council, carried.

President Walker appointed M. F. Robinson, F. P. Forster and S. O. Chase on that committee.

The president of the city council, D. L. Thresher, was present at the meeting and said he would make a report of the action of this meeting to the city council and see what action could be taken.

Memorial Services

Memorial services for the departed brothers will be held in the Congregational Church on Sunday, June 11th, at 9 p. m., by the Brotherhood of Locomotive Engineers. Rev. Waldron will deliver an address and the public is cordially invited to attend. The law of the order requires these memorial services to be held each year; although this is the first one held at Sanford.

Division No. 789 was organized in 1903 with a membership of 40, since which time it has increased until there are 90 members in good standing. The memorial services will be interesting and instructive and a large gathering will be in attendance. 40-2-p

Are You An Up-To-Date Farmer?

If so get in touch with an up-to-date firm which understands how to move truck on short notice. We handle small lots or car lots. Nothing too small or nothing too big for us. We want only the best truck so kindly don't waste our time or yours without your vegetables will stand inspection.

The manager of this concern is a practical experienced farmer as well as a business man and knows where to place your products.

Bars The Crooks

The way in which the United States assay office in Wall street keeps itself from becoming a "fence" where thieves and crooks may bring their stolen wares to have them melted and receive cash for the same was recently explained by the superintendent.

The federal statutes make it difficult for those in charge to refuse any gold or silver handed in. The statute reads in part that "any owner of gold and silver bullion shall be entitled to deposit the same, and it shall be melted and assayed immediately." It does not designate that only the rightful owner may apply for service, and inasmuch as possession is nine points of the law of rightful ownership the assayer is not allowed to be a doubting Thomas.

"Several years ago," said the superintendent, "there was a city detective stationed in the building to watch for jewelry and gold and silver pieces that were presented for assaying to determine whether or not they were stolen goods. He remained here for eighteen months, and during that time he did not catch a single thief. The reason was that the news undoubtedly went out to every 'fence,' crook and thief of every description in the city that a guard was at the assay office and to watch out for him.

"After the city detective was withdrawn it became more necessary to secure some other means to prevent our office from really becoming a 'fence' for stolen articles.

"The one provision we finally incorporated into our rules that has kept away from us the greatest portion of stolen goods that might otherwise be headed in our direction was that we refused to accept any bullion that will assay less than \$100. In this way we are able to refuse any ordinary quantity of rings, watches and other trinkets that would be stolen and which we know will not contain pure metal to that amount. Of course sometimes we will accept stuff, and it will turn out to be worth a few dollars under the amount, but we cannot always guess correctly when looking at goods.

"We have many other ways of determining whether goods presented to us have been stolen, but it would not be wise to let every crook in town know what they are. Sufficient to say that every time we have suspected things were not right we have secured immediate co-operation of the New York detective bureau, and I believe we have secured better results than when a man from the central office was constantly on watch. Then the stuff did not appear. Since then we have been of assistance in tracing down several burglar mysteries.

"When goods are stolen that value or would assay over \$100 it is much easier for us to keep the lists of the same which are furnished by the police department and to be on the lookout for what is wanted.

"Then when the value of the articles is over that amount we are in much safer position to put a few questions to our customer, to discover who he is and why he wants to get money for the articles. If we are still suspicious that all is not as it should be it is a simple matter to make a few investigations before we complete the transaction.

"I am perfectly aware that the idea is prevalent in many quarters that the United States assay office is a 'fence' for thieves to bring their wares. This may have been the case in New York in the old days, and it may be so now in other places, but I feel that it is a pity that such feeling still exists in New York. It may be that there are cases where stolen articles get by us, but we are constantly on the lookout for crooks and what they have looted, and I feel safe in saying that there is less justice to the term 'fence' being applied to us now than at any other time in the history of the office."—New York World.

BURGULARS AGAIN

Light Fingered Gentry Succeed in Getting by With Bunch of Cash
 Second story men and other kind canvased Sanford in the early morning hours last Monday and made their visit to the city pay. Mr. W. H. Williams left his pants torn near an open window and the burglar fished \$85 from the pockets and left the papers and receipts which was very considerable as he might have carried out the furniture. At Mrs. Murphys on First street the burglar secured a watch from Mr. Edge and at Sol Harpers he secured money and other valuables. Several other homes were entered and small sums secured as the burglar wished to be friendly and not play any favorites. Several suspicious characters were rounded up but proved their innocence and as yet the guilty one has escaped. Seems that the work was done by an expert as the methodical manner did not bear the ear marks of an amateur. At this time of the year when these light fingered folks are hiking north there are robberies reported in every part of the state and it would be well for the police to be on the lookout for suspicious characters of all kinds.

Killing at Arcadia

Fletcher Ingram of Venus, DeSoto county, was fatally shot Saturday night by Henry F. Wild, a merchant of Arcadia, and died a few hours later. Wild was immediately arrested, but was released, following the report of the coroner's jury, which acquitted Wild, because of testimony which, it is alleged, was given by Dr. Simmons, who attended Ingram, and which was in the nature of a dying statement, and apparently absolved Wild under the "unwritten law." The jury was in session from noon until midnight. The cause of the tragedy, it is alleged, was suspicion on the part of Wild that Mrs. Wild and Ingram were intimate.

After the grim tragedy at the Wild home, Mrs. Wild attempted suicide. She took two ounces of bromidia, and her life was saved only after heroic work on the part of physicians, who used a stomach pump and got most of the poison out of Mrs. Wild's system. She is still very ill, but out of danger.

Resolution of Respect

At a meeting of the Pythian Sisters on May 15th the following resolution were adopted:

Whereas, Our Heavenly Father in his infinite wisdom has deemed it fit to take from our midst, John Lindsay, only son and brother of our Sisters Rose,

Resolved, That the sympathy of our order be extended to the sorrowing friends and relatives.

Resolved, That these resolutions be spread upon the minutes of our order and that copies be sent to our sisters and also published in the Sanford Herald.

CARRIE S. DAVISON,
 LUCILLE RICHARDS,
 Committee.

COMPOUND CALLOUSES

Tell's Splendid Cure for Them and All Foot Troubles.

A compound callous is the secondary stage when it grows inward and presses on the nerves, causing intense pain. Callouses never cure themselves but always get worse, sometimes irritating the whole nervous system. The following is a most effective and speedy cure "Dissolve two tablespoonfuls of Calocide in a basin of hot water. Soak the feet in this for full fifteen minutes, gently massaging the sore parts. (Less time will not give the desired results.) The soreness will disappear immediately and the callous can be easily peeled off. Repeat this for several nights. A little olive oil rubbed into skin is very beneficial."

This Calocide is a very remarkable preparation for all foot ailments. Bunions, corns and ingrowing nails get instant relief and are soon cured. Bad smelling and sore feet need but a few treatments. Calocide is no longer confined to doctors' use. Any druggist has it in stock or will quickly get it from his wholesale house. A twenty-five cent package is usually enough to put the worst feet in fine condition. It will prove a blessing to persons who have been vainly trying ineffectual tablets and foot powders.

Notice of Incorporation

Notice is hereby given that the undersigned, Joshua C. Chase, Sydney O. Chase and L. D. Chase, intend to apply to the Governor of the State of Florida, at Tallahassee, Florida, on the 24th day of June, A. D. 1911, for letters patent to be issued to "Isleworth Grove Company" under the following proposed articles of incorporation:

ARTICLES OF INCORPORATION
 We, the undersigned, hereby associate ourselves together for the purpose of forming a corporation under the laws of the state of Florida, and do hereby adopt, declare and subscribe the following as our articles of incorporation.

ARTICLE I.
 The name of this corporation shall be "Isleworth Grove Company" and its business shall be conducted in the State of Florida and in other states of the United States of America and in foreign countries wherever necessary and convenient. The principal office of the corporation shall be in

the city of Sanford, Orange County, Florida, with such other offices and places of business as said corporation shall establish.

ARTICLE II
 The general nature of the business shall be to buy, lease or otherwise acquire lands and in the State of Florida and elsewhere, and to dispose of the same by sale, lease or otherwise; to purchase, plant, improve, maintain and operate groves of citrus and other fruits, to grow produce of any kind or kinds, to construct, own, lease, or otherwise control packing houses and to operate the same for packing fruit grown by this Company or by other persons; to ship, market and otherwise dispose of the fruit and other products so purchased or grown, to operate tram roads as may be found necessary or expedient for the purpose of transporting the property or products owned, held or controlled by said corporation, but not to use said means of transportation for the purpose of doing the business of a common carrier, to sell, mortgage, sublet, pledge, hire, lease or convey the property of said corporation, or any part thereof, at the discretion of the board of directors; to borrow money, issue bonds or other obligations, and to secure payment of the same by deeds, mortgages, pledges of any other kind of instrument; to make contracts of any kind whatsoever for the furtherance of the purposes of business of the Company, to deal in merchandise, to do all acts and things which may be necessary or proper, or which the board of directors may deem to be advisable or expedient to be done in the transaction of its said business and generally to have, exercise and enjoy all the rights, powers and privileges incident to corporations for profit organized under the laws of the state of Florida.

ARTICLE III
 The amount of the capital stock of this corporation shall be ten thousand dollars divided into one hundred shares of one hundred dollars per share. All or any part of the capital stock may be purchased by property, labor or services at a just valuation thereof to be fixed by the incorporators at a meeting for the organization of the Company, or by the directors of the Company at a meeting to be called for that purpose. All stock when issued shall be fully paid and non-assessable.

ARTICLE IV
 The time for which said corporation shall exist shall be perpetual.

ARTICLE V
 The business of this corporation shall be conducted by the following officers: a president, a vice president, a secretary and a treasurer, and a board of not less than three directors or more than five. Any two or said offices except those of president and vice president may be held by the same person. The number of directors shall be changed from time to time by the by-laws. The board of directors shall be elected by the stockholders at the annual meeting to be held on the second Tuesday in May, 1912, as the by-laws shall prescribe, and thereafter on the second Tuesday in May of each year. The board of directors shall elect the officers of the company. The president and vice president shall be elected from among the members of the board of directors. The date of the annual meeting may be changed by the by-laws. A meeting shall be held on the 30th day of June 1911, at 10 o'clock a. m. in the city of Sanford, Florida, for the purpose of adopting by-laws and completing the organization of the company, fixing a just valuation upon the property, labor or services which may be offered in payment for shares of capital stock of the company, and for transacting such other business as may properly come before the meeting. Until the officers to be elected by the directors at the first meeting in 1912 shall be qualified, the business of this corporation shall be conducted by the following officers: Sydney O. Chase, president; Joshua C. Chase, vice president and treasurer; and L. D. Chase, secretary; and Sydney O. Chase, Joshua C. Chase and L. D. Chase shall constitute the board of directors.

ARTICLE VI
 The highest amount of liability or indebtedness to which this corporation shall at any time subject itself is One Hundred Thousand Dollars.

ARTICLE VII
 The names and residences of these incorporators and the subscribers hereto and the amounts of stock subscribed by them severally are as follows,

and said shares of stock are hereby subscribed by them respectively:
 Sydney O. Chase, Sanford, Fla. five (5) shares
 L. D. Chase, Sanford, Fla. one (1) share
 Joshua C. Chase, Jacksonville, Fla. five (5) shares

TO THE NEATEST CORRECT ANSWERS TO THIS HISTORICAL PUZZLE . . .

2,000 Pairs of Cuff Buttons Will Also Be Given Away

CAN YOU FIND SEVEN FACES?

(Write Plainly)

Name

City or Town

Street and No.

- 1st-1 Diamond Ring
- 2nd-1 Diamond Set Locket
- 3rd-1 Diamond-Set-Scarf Pin
- 4th-1 Silver Sugar Bowl and Pitcher
- 5th-1 Cut Glass Salad Bowl
- 6th-2.18-K Gold Inlaid Ladies' Back Comb
- 7th-2 Fancy Gold Plated Clocks
- 8th-3 Ladies' Seal Rings
- 9th-3 Gentlemen's Seal Rings

DIRECTIONS

Trace the outlines of at least SEVEN FACES on this or a separate sheet of paper, write your name and address plainly, and send or bring to our store.

To the fifteen neatest correct answers will be given the fifteen prizes, in the order named above.

Each person who sends in a solution will receive a pair of cuff buttons absolutely free, and each person sending in a correct solution will receive, also, a special discount offer on a new piano. Remember that neatness and correctness will be taken into consideration in making awards.

Winners will be notified by mail.

HOWARD - PACKARD LAND COMPANY

Bulletin

Some Observations On Florida Lands

DO Not come to Florida if you have not made up your mind to stay, to stick at it, to achieve something. The temporary pioneer is not desirable. There is nothing so damaging to this splendid section, and to Florida in general, as the reports of the merely tentative settlers who come here in the expectation of making a large fortune within a year, and, failing, return to their old homes depleted in purse, disgusted with the soil and the unaccustomed methods necessary to secure crops, with the climate,—disgusted with everything, in fact, and who use all their eloquence to dissuade others from investing or undertaking to establish their homes here.

There is Always a Reason for a Man's Failure. Before you are influenced by what a returning settler says about Florida, investigate why he failed to make good.

We do not encourage the tentative settler. It is not the kind of pioneering that benefits us or our section. It never promotes the best interests and progress of any country and never will in Florida.

Don't expect to get rich quick here in a day or two. Dollars do not grow on trees; and do not come here without money. The more accustomed you have been in making a dollar go a long way, the easier will be your first months on Volusia Farms.

Volusia Farms needs sturdy men and women, mentally and physically able to conduct farming as it is done here under Florida's sunny skies. Volusia Farms needs the permanent settler with small capital, large determination and industry who will not beat a retreat at the first disappointment. To such people Volusia Farms offers opportunities practically without limit.

WE Have never advocated the purchase of any of our lands sight unseen. While we have sold hundreds of acres to people who never saw the land before purchasing and have always given satisfaction, yet we prefer not to sell an acre without the purchaser personally makes a selection. The excursions running to Sanford from northern and central western states every first and third Tuesday of every month during the summer, afford every facility for coming to Sanford and Volusia Farms and making personal selection of a tract of this rich agricultural

land.

See What You are Buying. Come here and investigate what we are offering you. Talk with the many people we have been instrumental in bringing here from all over the United States. The larger the number of people we can induce to come here on a tour of inspection, the more quickly we shall close out our Volusia Farms, for the closer you know this tract the better it becomes.

HAS

It ever occurred to you that there must be some sound fundamental reasons for Florida lands to be priced so low compared with lands in the north and west and even in the deserts where irrigation companies plan to supply water AT A PRICE!

The principal reason is, I take it, that Florida is only just beginning to come into her own. For many, many years she has been neglected. Development has just about begun, and developing a State as large as Florida, whose shore line is long enough to extend from Jacksonville to Boston, takes time. It takes people, too, and money. Development could not take place were our lands priced on a basis of their earning capacity to start with, but that time is coming. In the development of any country there must be inducements for people to come in and cultivate the soil.

Florida's Inducement to You Today is the Low Price of Her Good Lands

The development of the past three years has been wonderful. Immense wealth has been taken from the soil—TAKEN, mind you, not WRESTED as you wrest with the hard, heavy soils up north—and now the natural tendency and the natural law of supply and demand is toward higher prices for these income bearing lands.

For years lands were almost given away simply because the Floridian HAD NO IDEA OF THEIR PRODUCING POSSIBILITIES; diversified farming was unknown. Witness now, the transformation of a few years. Even the day of twenty dollars an acre land has passed, and the time of thirty dollars an acre land is passing everywhere. If I am any judge of the Florida land-situation and the purchase of large tracts consummated during this Spring are any criterion of coming events, I believe the coming fall and winter will see Florida lands retailing for \$50 an acre and upward according to locality and transportation.

Volusia Farms is worth every cent of \$50 an acre today and those who invest in the development stage are the people who will make the best turn-over. We have sold quite a large number of farms and the territory is opening up in an immensely satisfactory way to our settlers and to us.

SEVERAL times in these columns I have spoken of the apparent hindering of the development of Florida by the large financial interests, and the reasons why the Howard-Packard lands are good investments. I have just been reading an article in "Moody's Magazine" (a financial authority) relative to the large earnings of banks and trust companies who hoodwink the small depositor by ever saying 4 per cent is the utmost dividend to be expected consistent with safety.

In the face of this legend, the banks themselves are declaring dividends as high as 40 per cent made with YOUR money. Compilation of the profits of sixty-seven banks in the borough of Manhattan, New York city, after showing earnings of 17.19 per cent, declared dividends of 10.33 per cent. The dividends of the Liberty National amounted to 25 per cent for the year, the Chase National 20 per cent, the First National 40 per cent, the Mercantile Trust Company 25 per cent, and so on, these figures being for the fiscal year ending last June, according to Moody's.

Unquestionably to influence a depositor not to draw from the savings bank for wild speculation is sound advice—very sound and commendable advice, but an investment in Volusia Farms at present price is NOT a speculation. Not one of the tracts of land offered by this Company has ever been a speculation. The VALUE was there in the beginning and higher value is there today. There has been more speculation in the stocks of the Northern Pacific and other railroads by the financiers than there ever can be with our lands, because our lands and prices are RIGHT. Our methods of doing business are RIGHT. We invite the strictest investigation of ourselves and of our lands. Our business has a better non-speculative foundation than thousands of business you yourself could mention.

Investigate for yourself the advisability of your Volusia farm investment remembering that good real estate in an advancing country is the basis of wealth.

Sanford Music Club
Saturday afternoon in Mrs. Fannie Munson's studio a most interesting meeting of the Sanford Music Club was held, Mrs. J. C. McDaniel leader for the afternoon. Beethoven was the composer whose life and works furnished the subject of an excellent program. The first number was a well prepared paper read by Mrs. T. A. Neal on Beethoven as Pianist and Composer. Beethoven in art was next portrayed in an interesting sketch by Mrs. Geo. Fox Jr. The instrumental numbers were sonnets from Beethoven, beautifully rendered by Mrs. R. E. Tojar and Miss Ruth Abbott.

At Mrs. Keely's
Thursday and Friday afternoons Mrs. Paul Merrill Keely was the gracious hostess at two lovely bridge parties, given at her charming home on the Heights. The artistic taste of the hostess was displayed in every detail of these lovely affairs, and the rooms were most attractive with decorations of palms, ferns and exquisite hydrangeas. In the sun parlor, also prettily decorated with ferns, was located the punch bowl, charmingly presided over by Mrs. W. W. Prather. On Thursday afternoon highest score was made by Mrs. R. S. Keeler, to whom was awarded the prize, a lovely vase of Royal Worcester ware. The consolation prize was a china tea strainer and went to Miss Charlotte Keeler. The top score was made on Friday afternoon by Mrs. Cruse Barnes and the prize was also a handsome vase. The consolation a china mayonaisse dish and awarded to Mrs. B. F. Whitner. At the close of the games the card tables were spread with lovely linen covers and a delicious salad courses served. Those invited for Thursday afternoon were Mrs. W. R. Anno, Mrs. Forrest Lake, Mrs. W. W. Prather, Mrs. C. O. McLaughlin, Mrs. Cruse Barnes, Mrs. O. W. Brady, Mrs. S. O. Shinholtz, G. P. Smith, Mrs. W. D. Holden, Mrs. O. W. King, Mrs. R. S. Keeler, Mrs. Robert Newman, Mrs. Frank Miller, Mrs. S. Puleston, Mrs. H. P. Driver, Mrs. F. J. Gonzales, Mrs. B. W. Herndon, Mrs. R. J. Holly, Mrs. J. L. Hurt, Mrs. A. Brown, Mrs. Ralph Hamilton, Mrs. D. L. Thrasher, Mrs. E. R. Curtiss, Mrs. W. A. Fitta, Mrs. F. Munson, Mrs. Claud Herndon, Mrs. Arthur Yowell, Mrs. Roy Sims, Mrs. A. P. Connelly, Mrs. Kent Rosseter and Miss Charlotte Keeler. Those invited for Friday were Mrs. Cecil Gabbitt, Mrs. G. H. Fernald, Mrs. Laughlin, Mrs. H. L. DeForest, Mrs. R. L. Hugh, Mrs. Cruse Barnes, Mrs. W. W. Prather, Mrs. Davis Foster, Mrs. C. Putnam, Mrs. M. Martin, Mrs. J. C. McDaniel, Mrs. T. A. Neal, Mrs. M. F. Robinson, Mrs. J. M. Dickens, Mrs. Geo. Fox Jr., Mrs. Deane Turner, Mrs. George Spoor, Mrs. S. O. Chase, Mrs. B. F. Whitner, Mrs. Sammis, Mrs. Henry Wright, Mrs. Kate Butts, Mrs. Geo. DeCottea, Mrs. Ed Smith, Mrs. May Dickens, Mrs. A. Vaughn, Mrs. T. E. Wilson, Mrs. E. R. Curtiss, Miss Beale Shumpert, Miss Nona Wylly and Miss Laura Fish.

Attention Blue And Gray
Sunday May, 28th there will be Memorial Services at the Congregational church. Rev. Geo. B. Waldron, the pastor officiating. All survivors of the late civil war, who reside or are visiting here are urged and requested to meet at the post-office at 10:40 a. m., and all march together to the new church on Park and 3rd street. All friends are invited.

Respectfully,
CHAS. F. HASKINS.

Just received a new line of Art squares, prices reasonable. Sanford Furniture Co. 35-11

NEARING CLOSE OF SESSION

Legislature Under Full Head of Steam and Turning Volumes of Work

Working with tiring regularity and undyr high pressure the senate and house are doing their utmost to act on the more important measures before the constitutional limitation of their labor expires.

Last week the temperance measures were considered in the house and it is in that branch that the main fight on these had to be made. The senate is composed of members the majority of whom are decidedly in favor of temperance legislation and almost every bill submitted on that line in the senate was passed. But in the house the sailing was not so easy. The bill which caused the most discussion was the Davis Sealed Package bill. A peculiar condition of affairs surrounded this bill. It was not favored by the Anti-Saloon League but

was recommended by the W. C. T. U. Some prohibitionists and some local optionists favored it, while other prohibitionists and local optionists opposed it. It was finally killed in the house. The house, however, passed the bill providing for early closing hours and prohibiting the sale or giving away of liquor on Sundays.

The senate and house passed the circuit court bill over the Governor's veto this week. The Governor asked that it be done after he saw that there was not much opportunity to get through another bill along the line he recommended. The bill provides for eleven circuits instead of eight as it now stands and was passed in accordance with the constitutional amendment adopted by the people at the last general election.

The bill providing for the abolishing of certain legal technicalities as grounds for appeal has finally been passed, though it was a hard fight. The bill that passed was the one introduced by Gray of Gadsden in the house and by Senator Williams in the senate. The house bill was sacrificed in order to get a test vote and after several days working on the matter the senate bill was called up and passed. The main opposition came on in the house. The fight there was led by Gray of Gadsden and was also championed by Floyd of Franklin. The opposition was led by Reeves of Manatee and was championed by Bullock of Marion.

Singleton of Jackson has one pet measure and that is the fee bill. He has been compelled to abandon the original draft of his bill and consent to an amendment which makes the bill not applicable to offices paying less than two thousand dollars. If the bill passes at all it will be in the amended form.

Watson of Duval has introduced a measure submitted by Comptroller Croom which makes a radical change in the manner of assessing and collecting taxes for 1912. It is to be used (if passed) only in 1912 as an experiment. It provides that Railroad and telegraph taxes are all to be turned in to the state and that all other taxes will go exclusively to counties.

The house and Senate have placed the five minute rule on to expedite the business of the legislature.

West of Santa Rosa has a bill in to do away with the second primary. It is the plan of the first and second choice ballot.

The Senate has killed the measure which sought to permit the bonding of cities and sub-districts for school purposes.

The Senate has passed a bill reducing the supreme court to five justices instead of six. The house committee has reported the bill unfavorably.

Stringer of Hernando is urging the passage of a Joint Resolution to change the constitution so that each county will have a senator and a representative for each ten thousand population or major fraction.

\$162,000. For the Florida State College for women \$136,500.

The governor has made the following appointments of judges and state attorneys for the circuit courts. Judge: 1st, J. Emmett Wofe; 2nd, J. W. Malone; 5rd, Ira Carter, Live Oak; 4th, R. M. Call; 5th, W. T. Bullock; 6th, F. M. Robles, Tampa; 9th, W. H. Price; Marianna; 11th, L. W. Bethel, Key West. State Attorneys: 5th, L. W. Davis, Ocala; 6th, H. T. Phillips, Tampa; 8th, A. N. Long, Starke; 9th, C. L. Wilson, Marianna; J. C. Gramling, Miami. Other appointments pending.

Some men are born fighters, others learn to fight, and some fight because they are kicked into it.

If a woman would only face all situations in life with the courage with which she faces a new fashion, no matter how outlandish, the world would be hers.

She Wondered.
"Am I the first man who ever kissed you?"
"Say, do I look as green as that?"

Open Up.
When opportunity comes knocking. Its promised date to keep. You should be in to hear the din, But do not be asleep.

Wanted the Latest.
"Have you any parlor Socialists?" asked the young woman who was wandering through a large furniture store. "What's that?" asked the dazed clerk, not real certain that he could believe his ears. "I don't know just exactly what it is myself, but I have heard so much about parlor Socialists that I thought I would like to look at one. We are furnishing our new parlor, and as I understand it no modern parlor is complete without one."

Bench and Bar.
Sir Edward Carson is noted for his ready Irish wit. On one occasion in court when the judge, with whom he had had more than one passage of arms, pointed out to him the discrepancy between the evidence of two of his witnesses, one a carpenter and the other a saloon keeper, he answered: "That's so, my lord. Yet another case of difference between bench and bar."—London M. A. P.

WHY HESITATE?

An Offer That Involves No Risk For Those Who Accept It.

We are so positive our remedy will completely relieve constipation, no matter how chronic it may be, that we offer to furnish it free of all cost if it fails.

Constipation is caused by weakness of the nerves and muscles of the large intestine or descending colon. To expect a cure you must therefore tone up and strengthen those organs and restore them to healthier activity.

We want you to try Rexall Orderlies on our guarantee. They are eaten like candy, and are particularly ideal for children. They act directly on the nerves and muscles of the bowels. They have a neutral action on the other organs or glands. They do not purge or cause any inconvenience whatever. They will positively overcome chronic or habitual constipation and the myriads of associate or dependent chronic ailments. Try Rexall Orderlies at our risk. Two sizes, 10c. and 25c. Sold only at our store—The Rexall Store.

Humor and Philosophy

By SUNGAN M. SMITH

PERT PARAGRAPHS.

If a young man is handsome and wears swell clothes he can generally find some nice girl who will take these as an outward and visible sign of an inward nobility.

The man whom his friends call the good fellow usually cultivates his grouch in the home garden.

Sometimes a woman tells her age just to show how brave she is.

Every time a man slips down on a polished floor he says uncomplimentary things about the woman's page in the home paper.

When a woman buys a new hat she searches a week for a novel style, but when a man buys a hat he asks the salesman for one just like this.

When a man gets a new overcoat all the women in the street just know his wife made him do it.

A pretty girl can always get a laugh out of any old joke.

A man's idea of emancipation is telling his wife nix on the hook up.

Starting Badly.
"Look here," exclaimed young Mr. Cotter Tarter in desperation, "is this or is it not a wedding tour?"
"Why, of course," snapped young Mrs. O. T. "It's our wedding tour. What on earth did you think it was?"
"Well, I'm beginning to think it's a lecture tour. Now cut it out, see?"—*Melode Blade.*

SANFORD RICH'D H. MARKS FLORIDA

IT IS REALLY A HUGE ROCK.

But to Vessels Passing Through the Strait of Le Maire It Appears to Be a Bark Running Under Short Sail. Other Rock Ship Formations.

The "phantom ship" seen in the vicinity of Cape Horn is, as has been proved by the investigation of various hydrographic bureaus, nothing more or less than a rock which under certain atmospheric conditions bears a deceptive resemblance to a ship.

Very often vessels coming from Europe to the west by way of Cape Horn have been started to see what appeared to be a derelict with the water washing over her deck. If the sailors were of an imaginative turn they would invest the unknown ship with ghostly qualities and call her the Flying Dutchman or sometimes the "ghost ship" of Le Maire, from the strait of that name, where she was usually seen.

One of the stories which have been longest remembered is that of the ill-fated Crown of Italy, which sighted the supposed derelict and subsequently went ashore. The Crown of Italy was standing close to the jagged black rocks at the entrance to the strait of Le Maire when she sighted what seemed to be a waterlogged bark drifting on the rocks of the strait. Many other ships rounding the Horn have seen a similar apparition, and the various hydrographic offices of the world have received many reports to that effect.

Some years ago the Norwegian bark Servia got into Seattle with the tale of a phantom ship that almost exactly corresponded to that given by the Crown of Italy. The second officer of the Norwegian vessel declared that he had seen a derelict with sails set and decks awash drifting in through the strait. It was this report that led our government officers to make public the declaration that the phantom ship was nothing but a combination of rocks and shadows.

The numerous reports of derelicts or ghost ships always appearing in the same place led even the Argentine government to look into the matter. A tender was sent out from the nearby lighthouse with the object of making an investigation, and it was found that the apparition was due to a strange freak of nature. Among the black jagged rocks that line both sides of the strait of Le Maire there is one in particular which, under certain atmospheric conditions, bears a deceptive likeness to a ship. The formation of the rocks and the shadows they cast combine to produce the effect of a bark running under short sail.

The passage through the strait of Le Maire is not often made. Steamers shorten the route by going through the strait of Magellan, while sailing vessels usually prefer to be entirely on the safe side by going still farther south and rounding the Horn itself. Only under the most favorable conditions of weather do they slip through the strait of Le Maire on the outward trip, going toward the southwest, but never when bound for the north. For this reason many old sailors have never met the ghost ship or the rock ship.

Those who have seen it give a minute description of the rock and testify to its striking resemblance to a ship. It seems to be standing head on, pointing to the south and low in the water. The sails are shortened as they would be in what sailors call half a gale. The whole formation is very dark, as if the hull were painted black and the sails weather beaten. It has three masts and is higher on the fore than on the main. Upon coming on the side of the vessel the illusion vanishes and the whole thing resolves itself into a conglomeration of black rocks. The perpetual fog of these regions helps, of course, to befuddle the vision.

The rock looking like a ship is by no means a rare natural formation. Almost every sailor has seen one in some part of the world. In the Clipperton islands there is a great white rock looking like a three masted schooner leaning on the wind with her royals set and the sun shining on her white walls.

About six or seven miles west of

Honolulu there is a rock known as French Frigate rock because once upon a time a French frigate went ashore on it. The cliffs looked so much like a ship that the frigate was deceived and thought she was meeting another vessel.

St. Paul island, in the middle of the Atlantic, is said to look very much like a ship when approached from a certain direction, but it is a place that mariners prefer to give a wide berth.—Harper's Weekly.

Her Unalterable Decision.

To the new cook Mrs. Cross elaborately explained a certain method of preparing potatoes greatly approved of by the family. The cook listened to the directions with apparent attention.

"And now, do you quite understand, Delia?" asked Mrs. Cross in conclusion.

"I do, mum," was the response, and then, in a firm tone that admitted of no contradiction, she added, "But it's boiled potatoes ye'll eat."

"Happy the man who learns the very wide chasm that lies between his wishes and his powers."—Goethe.

Humor and Philosophy
 By DUNCAN M. SMITH

PERT PARAGRAPHS.

THE crook never puts off until tomorrow the man whom he can do today. This is a case where an old saw works against the good of society instead of doing what it was invented for.

It takes a bright man to keep a woman in the dark.

The man who is gone on himself always has his love returned.

The downward path is easy for the man who wears skates.

When the dog howls all night we can't help wondering how anybody ever got the idea that the dog is man's best friend.

Strange, but men don't seem to take to long hatpins any more kindly than woman takes to cigar smoke.

It always seems like a waste of energy for a pretty girl to be clever.

The small boy is beginning to wonder whether he had better go to the future show or save his money against the opening of the ball season.

Fashion's Latest.

Folly
 Off its trolley!
 That's the latest
 And the greatest
 Thing under the sun—
 The hobble skirt outdone,
 This former saucy gown,
 Told to go away back and sit down.
 Enter the trouserette.
 On a bet?
 No; on the fair, how shall we express
 It? Yes,
 That's the word.
 We knew we had heard
 It somewhere,
 On the fair—
 Lower extremities—don't crane your
 necks—
 Of the fair sex.
 At last
 The die is cast
 And woman has a chance
 To wear the pants.
 Rumors
 Of bloomers
 Are in the air.
 Take home a pair
 To the loved one
 And watch the fun.
 Paris has tried 'em.
 The small boys eyed 'em,
 And the whoop they hurled
 Forth sounded twice around the world
 And is still going, with the echo to
 come.
 Which is going some.
 How would you like to flirt
 With a harem skirt?
 The chance will soon be here.
 Clear
 The way!
 It will be some display.
 The circus parade
 Will be thrown in the shade,
 Business will stop,
 Men with weak hearts will drop
 Dead, and there will be some din
 When the first bisected skirt drifts in.

BAD ROADS AND COST OF LIVING.

Bad roads are now classed by the experts as one of the contributory causes to the high cost of living and the migration of the farmer boy to the city. The United States government estimates, for example, that in the state of Indiana transportation costs 25.5 cents per ton for each mile. Over a bituminized road between Philadelphia and Atlantic City it is estimated freight can be transported for less than 1 cent per mile, and over some of the good roads in New York state the cost is 5 cents per mile.

LIQUID CURES ECZEMA WHERE SALVE FAILS

In regard to skin diseases medical authorities are now agreed on this: Don't imprison the disease germs in your skin by the use of greasy salves, and thus encourage them to multiply. A true cure of all eczematous diseases can be brought about only by using the healing agents in the form of a liquid. WASH THE GERMS OUT. A simple wash: A compound of Oil of Wintergreen, Thymol, and other ingredients as combined in the D. D. D. Prescription, penetrates to the disease germs and destroys it, then soothes and heals the skin as nothing else has ever done.

A 25-cent trial bottle will start the cure, and give you instant relief.

COLE 30.

The Car You'll Be Proud To Own

You must see these cars to appreciate them. It is so easy when one is thoroughly enthused about such a magnificent car as the Cole 30 to say that "nothing like it has ever been sold at anywhere near the price of the 1911 Cole 30"—to say that "it's the classiest car of them all"—that "it's the car you'll be proud to own"—"you will marvel that such a car can be sold at the price."

We can write volumes and present argument after argument to prove to you that these statements are merely absolute facts—but after it is all said our crowning argument must always be "see the car—have it demonstrated—compare it with other cars selling at the same price." When you have done this, we are willing to abide by your judgement.

HIGH SCHOOL CLASSES

Successful Term Added To Sanford's Good Record

LARGE CLASS AND GOOD RESULTS

Commencement Exercises Were Interesting and Brought Many Visitors to the City

School commencements are always events that are eagerly anticipated by people in general as joyous, happy ones, but to teacher and pupil alike they are usually occasions of mingled joy and sadness. There is happiness because of a finished task and the opportunity to rest from labors, but there is sadness, because of the severing of the ties and pleasant associations that make the school days the very happiest of all.

The commencement exercises of the Sanford high school that took place last week at the high school building brought to a close one of the most successful school terms that our people have been privileged to enjoy.

The present graduating class is far the largest that has ever gone forth from this school, and owing to the careful, conscientious training given them by an excellent faculty, the class of 1911 will doubtless reflect much credit on the high school, an institution of which all Sanford is now justly proud.

GRADUATING CLASS 1911

classmates. She saw something bright and interesting in store for each of them, though they were following a variety of vocations. Another number "Kentucky Babe" given by the Glee Club greatly pleased the audience.

To Able O. Kanner was given the honor of speaking the farewell words which he did in a clear, manly way to teachers, classmates and audience. To the school board he paid an eloquent tribute, thanking them for the splendid school facilities that had been obtained through their

tastefully decorated with potted plants, ferns and palms, and from the chandeliers drooped lovely bunches of white and lavender crepe flowers, the clever handiwork of the juniors. A committee of juniors met the guests at the door and ushered them to the dressing rooms, from thence to the receiving party, standing in the library, to whom they were presented.

In the receiving line were Prof. and Mrs. N. J. Perkins, Miss Hoskins Jones, junior class president; Miss Sadie Williams, senior class president, and Misses Martha

Refreshments were also served on the second floor, the dainty class colors white and lavender being prettily carried out in the decorations and refreshments.

The hospitable juniors were everywhere in evidence, proving themselves equal to the occasion, and deserve much credit for the success of the beautiful affair.

No effort was spared in making the reception the brilliant success that it really was.

Commencement Exercises

The event of the week around which more

bers of the large graduating class.

The following young ladies of the juniors class acted as ushers and handled the large crowd admirably, Misses Mildred and May Hoskins, Ruby Betts, Hoskins Jones, Bertha Packard, Lillian Higgins, Ruth Stewart, Ethel Sharpe and Elizabeth Munson.

After the overture played by Stumon's orchestra, a march was begun and the classes entered. The procession was led by Marshall Clarence Mahoney of the junior class, followed by the trustees, C. R. Walker, D. L. Thrasher, L. R. Phillips, and B. F. Whitner. Next were Dr. J. A. Thackston of Gainesville and Rev. J. F. McKinnon. The faculty came in together Prof. Perkins and Miss Guild, Miss Tetherly and Miss Savage. Then came the graduating class, Miss Sadie Williams, president of the class, alone, then the young ladies and gentlemen by twos, Mable Cowan and Eugenia Pope, Willie Singletary and Gussie Tillis, Ruth Mettinger and Mary Chappell, Martha Fox and Carrie Lovell, Vail Lovell and Able Kanner, Seth Woodruff and Henry Carlson, Ernest Betts and Earnest Householder.

These were led by the marshal down the right aisle to the rostrum, then taking places on the left; the faculty on the right and the graduates in the center. The high school pupils entered in a body forming into two lines, ushered by Ray Maxwell and Robert McKlin, of the junior class. At the main door the lines separated, one going down the right aisle and the other, the left, taking places in the front row of seats. The young lady

BUILDING OF SANFORD HIGH SCHOOL

GRAMMER SCHOOL BUILDING

Class Day

Class day that is set apart for the exercises conducted chiefly by the graduating class is always one of the most pleasing features of commencement week. One of the prettiest events of this kind took place last Wednesday afternoon at half past five o'clock on the grounds, just north of the high school building. The orchestra was stationed just inside the north entrance where all the high school pupils were formed in line and to the strains of inspiring music, marched out on the grounds, going through some very pretty and intricate figures.

The graduates then took their places at the entrance to the building, which served as rostrum on this occasion, and here the interesting program was carried out.

The boys and girls made a very pretty picture as they were grouped, the boys in the back ground and the girls in front. The girls were daintily dressed in white, wearing large white picture hats trimmed with lavender flowers. The boys wore black suits and badges of lavender and white ribbon, the class colors.

The address of welcome came first on the program and was charmingly given by Miss Sadie Williams, the class president. In behalf of her classmates, Miss Williams, in a few well chosen words presented to the high school, as a parting gift from the class, a slab from the northern frieze of the Parthenon. In behalf of the school board Mr. C. R. Walker responded and thanked the class most heartily for the highly appreciated gift, which hangs on the wall in the auditorium.

"The Rose Gatherers", a chorus, was sweetly sung by the glee club, composed of members of the high school class.

As class prophet, Miss Caroline Louise Lovell cleverly forecast the future of her

earnest, persistent efforts. The speaker noted the rapid development of the school in Sanford during the past few years, growing from one small building to three large ones that are splendidly equipped for school work.

The closing song was sung by the class, the words and music both being composed by members of the class.

Reception

Thursday evening the high school was the scene of a brilliant reception, given by the junior class in honor of the seniors. The spacious rooms were beautifully and

Fox, Carrie Lovell, Ruth Mettinger, Willie Singletary, Gussie Tillis, Mary Chappell, Mable Cowan, Eugenia Pope, Messrs Vail Lovell, Harry Carlson, Abie Kanner, Seth Woodruff, Ernest Betts and Earnest Householder.

Across the hall from the library, in the principal's office, a group of charming juniors, Misses Ruth Stewart, Ruby Betts and Lillian Higgins, served refreshing punch during the evening.

Stumon's orchestra, was stationed on the second floor and furnished beautiful music for the happy occasion.

than ordinary interest was centered was the graduating exercises on Friday evening at the high school auditorium. The beautiful auditorium was brilliantly illuminated and decorated for this, the first graduating class from the new high school. The rostrum was made very pretty with palms, ferns and plants and on the high arch was suspended the class banner of white with the lettering S. H. S. in lavender.

The large auditorium was filled to its utmost capacity at an early hour by the host of relatives and friends of the mem-

graduates were exquisitely dressed in pure white and carried arm bouquets of lovely white carnations. The young gentlemen were very handsome in conventional black and wore button hole bouquets of white carnations.

At the conclusion of the march played by the orchestra, the invocation was made by Rev. J. F. McKinnon, after which a beautiful chorus entitled Morning Invitation—"Yeazie" was sung by the school the other pupils marching on the rostrum and taking their places with the seniors. The accompanist was Miss Margaret Davis. Miss Mable Cowan was the first of the graduating class to read. With a sweet voice, she read a most interesting essay on "An American Favorite" who proved to be the inimitable Mark Twain; following the career of this unique American in a most charming manner from start to finish.

The Grand Opera was the subject of the next splendid essay, written by Miss Martha Fox and read by Miss Sadie Williams. The subject was well handled, showing familiarity with the classics, also much research and deep thought.

A lively selection was played by the orchestra at this time, after which William Vail Lovell read his excellent essay on A Decade of Electrical Progress. The paper was well read, and was carefully prepared, showing the young man's superior knowledge and interest in all affairs pertaining to electricity.

At this time Mr. L. R. Phillips in behalf of the county school board and the local trustees congratulated the principal, teachers and graduates on their excellent work and thanked them for co-operation and support of the board. Mr. Phillips then introduced the speaker, Dr. J. A. Thackston, Dean of the Department of
