### Spring Is Theme Of T. E. L. Class Meet

Mrs. Lillian Vickery and Mrs. M. Cunningham were hostesses for the regular meeting of the T. E. L. Class of the First Baptist Church at the home of Mrs. Vickery on West Third Street last evening. A Spring atmosphere was created with quantities of sweet peas and carnations used throughout the room.

The business was presided over by Mrs. D. S. E. Starr and the devotionals conducted by Mrs. J. Calhoun. Mrs. F. F. Ekins, Mrs. Prudie Bennett, Mrs. E. W. Allen, Mrs. Starr, Mrs. C. E. Benton, Mrs. Edfield, Mrs. A. K. Rossetter, Mrs. W. L. Stoufferny, Mrs. W. W. Frazier, Mrs. Mary Willhite, Mrs. Cooper, Mrs. Cunningham and Mrs. Vickery.

## Personals

Representative J. G. Leonard plans to leave Sunday for Tallahassee, where he will remain during the legislative session.

Miss Mary Rivers underwent an appendectomy at the Fernald-Talighton Memorial Hospital yesterday morning.

Friends of Mrs. E. D. Chittenden will be sorry to know that she continues ill at her home on Magnolia Avenue.

Mrs. Nonye Huddleston visited in Tallahassee recently with her son and daughter-in-law, Mr. and Mrs. Mac Huddleston.

Representative E. E. Brady left yesterday for Tallahassee where he will reside during the 60-day session of the Legislature.

Miss Helen Glenn Merriday of Madison is visiting over the weekend with Mr. and Mrs. J. H. Untermyester at the Hotel Mayfair.

Mr. and Mrs. Clyde Tanner and infant son plan to return to their home in Jacksonville today after visiting with Mr. Tanner's mother, Mrs. Jessie Tanner.

Mr. and Mrs. T. C. Pitchford have returned to their home in Mount Vernon, Ill., after spending two weeks with Mr. and Mrs. A. J. Walker and other friends.

Mr. and Mrs. E. G. Hayes returned Monday from Perry where they attended the Taylor county singing convention which was held in the Methodist Church there.

Mr. and Mrs. W. F. Garner, Miss Helen Garner and Mrs. W. O. Burns, of Atlanta have left for Hollywood and Ft. Lauderdale where they will visit for a few days.

Word has been received that William Francis Herndon, a cadet at Fort Union Military Academy at Fort Union, Va., made the honor roll for the past term. He is the son of Mr. and Mrs. D. P. Herndon.

John Evans has arrived from New Hampton School in New Hampton, N. H., to visit with his parents, Mr. and Mrs. Frank Evans in Lake Mary during the Spring holidays. John was recently awarded his hockey letter.

Miss Dorothy Pope, Miss Carlin Palmer, Miss Lillian Adams, Mrs. Ruth Stewart, Mrs. Rodney A. Sh-down and Mrs. Mayme Moro Hodgkin plan to leave Sunday for Tallahassee, where they will remain during the 60-day session of the Legislature.

## Molly Register Heads Students At Southern

LAKELAND, Apr. 4.—(Special)—Molly Register, Perry, junior at Florida Southern College, has been elected president of the Women's Student Government Association for the coming year. She will be one of four senior members on the council which administers activities of co-eds living in the college dormitories.

Other council officers elected were: Mildred Sweeney, Gainesville, vice president; Lorene Cunningham, Lakeland, secretary; treasurer, Gilda Koenigs, New Port Richey; sergeant at arms, Peggy Edwards, Elkton; fire captain.

Also members of the council for 1941-42 are: Helen Woodard, Dunedin; Elizabeth Lord, Live Oak; Molly Ditty and Faye Anderson, Williston.

## Hintermisters Are Bridge Club Hosts

Entertaining the members of their bridge club, Mr. and Mrs. J. H. Hintermister were hosts at dinner and bridge at the Hotel Mayfair last evening.

The dinner was awarded to Mrs. Walter E. Coleman for entertaining best in the games and so many prizes were received by Mr. Hintermister.

Those dining were: Mr. and Mrs. W. A. Coleman, Mr. and Mrs. J. L. Bailey, Mr. and Mrs. C. E. Anderson, Mr. and Mrs. C. E. Benton, Mr. and Mrs. J. H. Hintermister, Mr. and Mrs. J. H. Hintermister, Mr. and Mrs. J. H. Hintermister.

## Citrus Growers Will Discuss Legislation

LAKE WALES, Apr. 4.—(Special)—Leo H. Kramer, a former president of Florida Citrus Growers, Inc., announced yesterday that a general meeting of growers will be held sometime next week to discuss the 15-point legislative program announced Monday night of this week by a joint industry committee.

Kramer charged the entire program had been worked out in secret "when it should have been thrashed out in the open."

## TO REPAIR SHIPS

MEXICO CITY, Apr. 4.—(Special)—A commission foreign office has been organized to repair and

Priscilla Lane

Her fresh, clean beauty has made screen actress Priscilla Lane the popular choice of the youth of America. In a recent poll of college campuses, she was voted the darling of the college boys.

## Music Club Features Renowned Composers

A recital on the "Lives and style of composition of the various composers" was given at the Cecilian Music Club on Myrtle Avenue last evening. The program was arranged by the instructor, Miss Fannie Reba Munson, for the special purpose of giving the students the opportunity of learning something of the lives and style of some of the more famous composers.

Taking the tune of "May I Had a Little Lamb," Edward Balantine arranged it according to the style of the various composers, thereby making an entirely new and different piece out of each number played by the pupils, yet with the familiar tune easily discernible.

The three parlors of the club were thrown open and decorated with quantities of gladioli, sweet peas and other Spring flowers which were furnished through the courtesy of Pippin Gardens. After the program a social hour was enjoyed by the large crowd in attendance and refreshments served by Miss Munson and the hostesses for the evening, Mrs. Fred Myers, Mrs. Agla Thomas, Mrs. Ira Southward and Mrs. John M. Kelley. Assisting in serving were Myra Ann Southward, Frances Mae Cobb, Mrs. R. A. Cobb, Miss Roberta Evans, Miss Mary Earle, Miss Jane Benson, Miss Ruth Stenstrom, Miss Catherine Clark and Miss Joyce Adams.

The program was given in the following order: Mozart... Herbert Morland Beethoven... Miss Gladys Pippin Schubert... Gertrude Gustavson MacDowell... Elsie McWhorter Tchaikovsky... Mildred Robson Wagner... Margaret Myers Grieg... Elizabeth Pippin Liszt... Fredie Fields

## Windoor's Grounded Yacht Is Refloated

NASSAU, Bahamas, Apr. 4.—(Special)—The yacht Rene went aground in heavy seas yesterday while taking the Duke and Duchess of Windsor on a tour of the eastern Bahama Islands, but was refloated a few hours later and proceeded toward Nassau under its own power.

The 234-foot yacht called for assistance yesterday morning, reporting it was aground off the northern part of Eleuthera Island, about 50 miles east of here.

Fast boats were dispatched toward the scene and the salvage tug Willet left Key West. But the yacht soon was refloated. The Rene stopped at Abaco Island on the way to the Bahama capital.

## Arms Plants Grow At Boom Time Pace

NEW YORK, Apr. 4.—(Special)—The United States is expanding armament factories at a rate matched in history only by the growth of all manufacturing in the 1929 boom, the national industrial conference board reported yesterday.

In the eight months ended Mar. 1, said the research organization, defense manufacturing expansion totaling \$2,052,000,000 were authorized. This compares with expansion for mining and manufacturing plant and equipment of \$3,596,000,000 in the full year 1929.

## Sergeant Arrested On Insult Charge

NEW ORLEANS, Apr. 4.—(Special)—Sergeant Egan Wednesday night beat Fred Kinkar, 40-year-old alias woman, expressing his uncomplimentary views on Kinkar's appearance, and promptly arrested him.

Kinkar was booked on charges of "insulting and abusing the people and residents of the United States." He was held in the city jail for the maximum term of 30 days in jail and \$500 fine.

## Florida Seen As One Of Greatest Military Sections

WASHINGTON, D. C., Mar. 31.—(Special)—"Florida is rapidly developing into one of the greatest military areas of the nation and the prospect is that there will be a considerable expansion of the current program of construction when the new fiscal year begins in July, Senator Claude Pepper said today.

As an indication of the extent of the present military establishment in Florida, the senator pointed out that construction of approximately 200 miles of "access" roads to camps and bases will be needed if the necessary are done.

Senator Pepper declared that it is expected the President may send to Congress during the present session a bill for an appropriation of \$250,000,000 for highway construction. Of this, he said, \$150,000,000 will be needed for construction of access roads and other highways incident to the nation's military establishment.

The remaining \$100,000,000 will be the regular Bureau of Public Roads fund which will be matched by the state. A part of this the senator said, will be spent on the improvement of existing main highways in the defense program and principally in strengthening weak links of roads and bridges.

Florida will gain three Civilian Conservation Camps, giving the state a total of 20, when the next quarter period is begun in April, Senator Pepper announced.

"Unfortunately," the senator said, "the camps heretofore located at Homestead will be transferred but four new camps will be brought into the state, two from Georgia and two from South Carolina. All to be assigned to Senator Pepper.

The Bureau of Yards and Docks of the Navy is expected to ask for bids within the next 30 days on the dredging of two mainline ways at Key West, each 10,000 feet in length and estimated to cost \$1,500,000, according to Senator Pepper. He said he was advised that "spoils" dredged up will be thrown west of the Key West Navy Yard to connect up two small islands which may be utilized by the dredging of two mainline ways at Key West, each 10,000 feet in length and estimated to cost \$1,500,000, according to Senator Pepper. He said he was advised that "spoils" dredged up will be thrown west of the Key West Navy Yard to connect up two small islands which may be utilized by the dredging of two mainline ways at Key West, each 10,000 feet in length and estimated to cost \$1,500,000, according to Senator Pepper.

"It is the intention of the Bureau of Yards and Docks," Senator Pepper said, "to ask for bids May 1 for the actual construction of the 135 miles of 14 inch main line to provide Key West a source of water supply for Navy and civilian needs.

"The necessary piping has already been purchased by the Navy and deliveries are expected to begin shortly. Work will be started from the mainland near Homestead and piping will be laid along the right of way of the 'Overseas Highway'."

"The plan is to rush the job to completion and when this is done some 3,000,000 gallons of fresh water will flow to Key West daily, enough to assure an ample supply for a greatly enlarged naval establishment at Key West and a vast increase in the population."

A greatly increased civilian pilot training program in Florida is in prospect in the immediate future because it is expected that Congress will without delay provide funds sufficient to step up the training to make possible the graduation of 30,000 pilots a year against 12,000 under the existing schedule, according to Senator Pepper.

"It is anticipated," he said, "that there may be several additional school contracts in the state as a result of this stepping up of the private training program. In order to provide 30,000 graduates a year it will be necessary to enroll about 60,000 applicants during the year, since only 50 percent of those who enroll are finally accepted as pilots."

Senator Pepper said that the expansion program in the Southeast will be under supervision of General W. R. Weaver, of Maxwell Field, Montgomery, Ala., so far as the Southeastern states are concerned.

Senator Pepper pointed out that by the end of December, 72,530 Florida property owners had benefited by the provisions of the National Housing Act. A total of \$98,047,583 had been advanced to them by private lending institutions in loans insured by the Federal Housing Administration.

"Of this number 19,117 families obtained FHA insured loans amounting to \$74,475,901 for the purpose of financing home ownership."

In addition, 53,415 families in Florida obtained \$25,571,682 to improve, repair, or remodel their properties under the provisions of Title I of the National Housing Act."

### Swartz Laid— Selective Service Means Enforcing Careful Judgment

By CHARLES F. STEWART  
Central Press Columnist

**SELECTIVE SERVICE'S** implementation is a somewhat arbitrary process, but the military officials who draft boards did at the time of Uncle Sam's entrance into the "hot world."

"It is a p. h.," says Maj. Joseph F. Battley of the system's headquarters in answer to this fault-finding. "The selective service is a service of honor and loyalty."

Major Battley is a specialist on the subject. He is occupational adviser at Selective Service headquarters, as well as chief of the assistant secretary office's Selective Service section. He is a distinguished military officer, a member of the National Honor Society, and a member of the National Honor Society.

### Horticultural Meet Will Draw Growers And Scientific Men

(Special) — **THE CITY** in Florida's great citrus belt will be the assembly point for growers and research men from all parts of the state on Apr. 15, 16, and 17, when the Florida State Horticultural Society holds its 54th annual meeting.

Recognized as one of the most important agricultural events of the year in Florida, the Horticultural Society meeting annually draws scores of growers of citrus and other crops, and its sessions this year are expected to attract the largest attendance in its history.

Governor Spessard L. Holland is slated to be the principal speaker at the opening session in the Orange County Hotel at 8:00 o'clock Tuesday evening, Apr. 15. T. Ralph Robinson, Terra Ceia, president of the organization, will also deliver his address at this session.

In conjunction with the Horticultural Society meeting, three affiliated groups—the Krome Memorial Institute, Florida Rose Society, and Soil Science of Florida—will hold their annual meetings during the three-day period.

Research in fertilization of citrus, control of insects and disease pests, grove practices, citrus fruit program of the Florida Citrus Commission, conservation and control of underground water, vegetable varieties, blight control, soil testing, leucorrhoea, citrus growing, and experiences with sub-tropical fruits.

In addition to its discussions on growing roses, which will be of interest to amateurs and professionals, the Florida Rose Society will hold its 16th annual Show on Wednesday, Apr. 16.

Prior to the opening of the Horticultural Society meeting, the Soil Science of Florida will hold its annual meeting Tuesday afternoon, Apr. 15. Major discussion topics will be soil reaction, acidity, nitrogen sources, and green manure treatment of the soil.

Dr. R. W. Allison, Gainesville, is president of the Soil Science Society, while Frank Stirling, Fort Lauderdale, is president of the Florida Rose Society, Dr. H. E. Wolfe, Gainesville, is chairman of Krome Memorial Institute.

Among speakers for the meetings of the Horticultural Society and its affiliated organizations will be Dr. J. E. Heller, T. J. Foran, B. B. Furr, F. F. Cowart, A. F. Camp, F. S. Jamison, R. W. Ruprecht, G. R. Townsend, and George R. H. Taylor, all of the State Experiment Station system; R. L. Lang, chief department of the Lake Worth drainage district; B. E. Clayton, Soil Conservation Service engineer; Dr. F. E. Gardner and Dr. William C. Cooper, United States Department of Agriculture; E. G. Todd, Florida Citrus Commission; J. G. Grossenbacher, Plymouth grower; and others.

### Legislators From Seminole Discuss Biennial Session

(Continued From Page One)

left early yesterday morning, and John G. Leonard, also a member of the House, will leave Monday. Accompanying Mr. Leonard will be his secretary, Miss Lillian Adams and Mrs. Rodney Ashdown. Miss Dorothy Pope, Senator Householder's secretary, left with him today.

All three members of the Legislature from this county have had previous experience in the law-making body. This will be Senator Householder's first term in the Senate, but he served in the House in 1927.

Mr. Brady was in the House in 1925, while Mr. Leonard has served two terms, in 1930 and 1931. In 1931 Mr. Leonard represented Volusia county and assisted in forming Seminole County from Orange county.

Senator Householder told The Herald yesterday that at the present time he is not supporting any new State legislation, saying he felt "we have too many laws now."

He added, however, that the changing of times would require the revising and correcting of many of our important laws, and that he would naturally support all measures that would be of a corrective nature and tend to strengthen the government.

The Senator stated that the question of the allocation of the gas tax is expected to be brought up at the coming session. He said it was the wish of the county commissioners of both Brevard and Seminole counties that no money be taken away from the counties, inasmuch as it would result in the levying of many additional mills of ad valorem taxes.

Senator Householder said that he favored any laws that would help the citrus industry, and the repealing of such laws that are detrimental. He stated also that he would not support any law that would require a person to wait until a person became 65 years of age before he was allowed a pension. He declared he thought 60 would be a good starting point for the pension.

Asked whether he considered this session more important than others in recent years, Senator Householder replied:

"Of course every session is more important than the previous one. A great portion of the legislation that will be submitted will affect this county, because a re-arranging of the tax structure in some form is being advocated."

The Senator urged the people of this district to keep in touch with what was being proposed and tell him their views.

Senator Householder said he may be reached by mail, telephone or telegraph at the State Senate, Tallahassee. During his absence his law office will be closed.

Prospects for any immediate local highway work are "poor," Senator Householder asserted, unless the federal government moves forward and builds its own defense roads or helps build them. If this is done, then the money for roads could be spread out over the state as it should be, as the money for such roads is derived from every section of the state."

Mr. Leonard, discussing legislation that is expected to be proposed at the term beginning Tuesday, said today he favored the bill providing that before any officer, appointive or elective, may be candidate other than to succeed himself in office, he must resign from his office.

Concerning the 90-day divorce law which has aroused considerable discussion over the state, Mr. Leonard said he could see both the advantages and disadvantages of this law, and had not yet formed an opinion as to how he would vote if the changing of the law is suggested.

In order to keep first offenders from being sent to prisons where they are associated with habitual criminals, Mr. Leonard declared he supported the bill to provide for a parole commission. He pointed out that if this commission were formed, that its powers might be abused, however.

In regard to a suggestion that a tax be put on salt water fishermen, the representative said he believed that a 15-cent license would not be unreasonable. He also said that the conflicting laws concerning worthless checks should be correlated and clarified.

Mr. Leonard favors the suggestion that candidates for office be designated on the ballots by their political affiliation.

Representative Brady left for Tallahassee yesterday after he had been contacted by The Herald.

### City News Briefs

Teacher salaries, amounting to about \$17,000, were paid by the school board today.

The Seminole Board of Public Instruction will meet next Monday night at 8:00 o'clock for the annual election of officers. Joel S. Lawton said today.

Daniel R. Wurthner and Miss Minnie Sanford, both of Orlando, were issued a marriage license at the Court House yesterday.

Campbell-Losing Post of the American Legion will meet Monday night at 8:00 o'clock for the election of officers. Joel S. Field, commander, said today.

The Sons of the Legion rifle team and the Majorettes will have their regular shoot Saturday afternoon at 1:30 o'clock at the range in the rear of the Legion Hut.

A building permit was issued to Frank Bauer at the City Hall yesterday to repair the porch of a building on Elm Avenue, between First and Second Streets, at a cost of \$50. F. M. English is the contractor in charge.

### Action Demanded By Roosevelt In Strike Situation

(Continued From Page One)

In Detroit, attorneys for striking C.I.O. unionists who have closed the Ford Motor Company's Rouge plant obtained subpoena today for Henry and Edsel Ford in a move to combat a federal restraining order obtained by the company.

A court order forbade members of the United Automobile Workers (U.A.W.) and of the C.I.O., from interfering with Ford employees entering or leaving the plant.

Federal Judge Tuttle last night enjoined the C. I. O. and the International Union, the United Automobile Workers, from interfering with workers wishing to return to their jobs in the strike-bound River Rouge plant of the Ford Motor Company.

The temporary injunction coincided with the rise of a back-to-work movement started by the American Federation of Labor, which claimed it represented a majority of workers at River Rouge and asked protection for those wanting to resume production at the huge factory.

The surprise move by the A. F. L. was directed by Homer J. Ladd, when president of the U. A. W., C. I. O., succeeded in directing the alleged strikes against General Motors Corporation in 1937 and now has close business relations with Ford officials.

The injunction was requested by the company, and was directed at the U. A. W., C. I. O., and the Communist Party of the United States. Judge Tuttle ruled that insufficient evidence was presented at the hearing to show the Communist Party was involved.

Tuttle said he would hear the case.

Reports of great numbers of German troops and squadrons of Luftwaffe planes massing along the Yugoslav-German frontier reached Belgrade.

The plane incident followed the sinking of two Yugoslav passenger steamers Wednesday in the Adriatic when they struck floating Yugoslav mines, disclosing that Yugoslavia has mined her coast against any surprise attack by sea.

Dr. Vladimir Matichak, leader of Yugoslavia's Croats and chief of the Croat peasant party which includes about two-thirds of them, announced yesterday he is joining the new Simovic regime "for the sake of the preservation of peace."

Dr. Matichak had hesitated in joining the new government in his previous role of first vice premier because of the traditional animosity between the Serbs and Croats and because of the Axis opposition existing among many Croats.

### Passengers Of Airliner Live To Tell Story

(Continued From Page One)

A Miami Herald reporter at Vero Beach informed the newspaper last night that all 16 occupants of the Eastern Airliner forced down in a swamp were unhurt, but none seriously.

His information was that the pilot and steward were most seriously hurt.

Dr. and Mrs. George W. Crile were first to be brought to the highway. Mrs. Crile said the plane was brought down in about three and one-half feet of water.

Water was up to the waist of the passengers as they sat in the craft, he said.

"It was so black outside when the plane landed," Mrs. Crile said, "that we did not know we had hit the ground until we were jarred from our seats."

"Everyone was very dazed. There was no crying."

"The captain was magnificent. O'Brien was hurt as the result of being thrown against the steering apparatus, but he strained to land the craft right side up."

The passengers were brought in flat-bottomed boats to a highway about six miles from the scene of the crash.

They were rushed to a Vero Beach hospital.

Elbert Knight of Vero Beach led the party which brought out the first passengers.

George Shaw, a passenger, was reported to have a broken leg. He was forced to sit with the injured limb under water.

Ernest Turner, the Miami Herald's Vero Beach reporter, was one of the first to reach the ship.

The scene of the forced landing was less than 100 miles north of West Palm Beach, from which point the plane took off at 8:15 A. M. in a routine one-hour flight to Daytona Beach.

U. A. W.-C. I. O.'s reply to the injunction this morning.

I. A. Capital company attorney, said the restraining order would not change Ford's production to attempt to repair the plant so long as mediation efforts continued.

Federal Commissioner Dewey, chairman of the automobile industry labor panel, conferred with Ford officials in an attempt to find a basis on which 25,000 workers again could man River Rouge plant production lines. The special three-man state labor mediation commission also was present.

### New Steps Taken By Yugoslavs For Country's Defense

(Continued From Page One)

night proclaimed Belgrade and the largest provincial centers to be "open cities" without military defenses after reports of a massing of German air force units just across the northern frontier.

(Cabled eye-witness reports from Balkan travelers said Germany has massed an army of more than 200,000 troops in Rumania close by the Yugoslav frontier, perhaps for an immediate attack.)

A government proclamation, broadcast by radio, proclaimed Belgrade, Zargob, and Ljubljana to be open cities and they were shrouded in complete blackouts beginning last night.

Last night's first blackout in Belgrade lasted only 15 minutes, but the people were warned that complete blackout "may come at any time now."

Yugoslav anti-aircraft batteries at Maribor on the northern frontier with Germany yesterday fired on and perhaps hit a foreign aircraft, perhaps a Nazi fighter or reconnaissance plane over Yugoslavia's frontier defenses, according to German consular and diplomatic officials hurried to Germany last night of Nazi orders, leaving only a skeleton staff in Belgrade, and the German consul general at Ljubljana was ordered back to the reich.

The government of Premier Simovic, having reached a common front with the nation's 4,000,000 Croats, resist any attempts to move swiftly in the preparations for war under a nation-wide state of full mobilization.

### Seminole Youths Have Opportunity To Enroll In CCC

JACKSONVILLE, Apr. 4 — (Special)—All young white men residents in Seminole County, who are unemployed and between the ages of 17 and 23 1/2 years, are offered another opportunity to enroll in the Civilian Conservation Corps.

The second quarterly enrollment of the year will be held on Apr. 15, according to an announcement today of Jack Horne, State Welfare Board director at Jacksonville, who stated that Florida's quota is sufficiently large to assure the selection of all eligible who apply.

Applications should be filed at the local welfare office.

Enrollees, in addition to an assured minimum income of \$30 per month, plus subsistence, medical and dental care, will have the opportunity to train themselves in useful skills.

Horne said. The Corps, he explained, is offering training to those with special aptitudes in a variety of skills, such as general agriculture, use of tractors and other automotive equipment, use of explosives, electric wiring, photography, painting, bricklaying, masonry, etc.

### Jakubcin Is First To Be Called From Seminole In Draft

(Continued From Page One)

West Frankford, Ill.

Some 25 or 40 young men were on the special bus that came through to pick up Mr. Jakubcin for the trip to Blanding. All were well dressed and in high spirits, laughing and talking about themselves and the life they expect when they reach camp and become "an adopted son of their Uncle Sam."

Interested in mechanics, the Seminole County draftee hopes to work along that line when he is finally placed at Camp Blanding, though he has no immediate intentions of staying after his year is up, he said.

Mr. Jakubcin's order number with the local draft board is 41, but that does not indicate that the first 40 men listed were turned down since a number of the volunteers who have gone had numbers preceding that one, the draft board said. Not a regular quota draftee, Mr. Jakubcin is a replacement for Elmer J. Sank, who was sent to Blanding as a volunteer last month but was rejected because of over-weight.

### During my stay in Tallahassee attending the Legislature my office in Sanford will be closed.

Sanford, Fla., April 2, 1941

Dear Sir:

I am pleased to hear from you and to learn that you are interested in the work of the Seminole County Board of Public Instruction. I am sure that you will find the work of this board very interesting and important.

I am sure that you will find the work of this board very interesting and important.

### Soldiers From Blanding Will Visit Overnight

(Continued From Page One)

shell at 6:30 o'clock.

Sgt. Stewart said the 167th Infantry is composed of the Alabama National Guards and was formerly the famous "Fourth Alabama" of World War fame.

No parade will be held, but Maj. O. E. Dupree has extended an invitation for Sanford residents to inspect the troops at their camp ground west of the Hotel Mayfair on the lakefront. After an overnight stay the soldiers will leave early tomorrow morning for Daytona.

### Headlines Show Evolution Of Hopes In State League During Five Months

By PETER SCHAAL  
 WINTER HAVEN, Apr. 4.—(Special)—The Class D Florida State League picture of today certainly has undergone a remarkable change in 90 days, it is revealed in a review of league highlights and headlines since last Oct. 27 when Directors in annual session re-elected all officers and sat back to await 1941 developments.

Summarizing the headlines since that date for the benefit of the thousands of loop fans who might have been out of touch with most of them, the league service bureau here today issued the following data:

Dec. 1: C. E. Brandshaw, "angel" of the Sanford club in 1939 and 1940, resigned as president of the club; Sanford and DeLand were listed as "question marks" in a Daytona Sun-Record summary inspired by Scribner Kahn.

Dec. 6: St. Louis Cardinals announce release of Dickie Kerr and selection of J. W. "Bunnie" Simmons, catcher, as pilot of the 1941 Daytona Beach pennant winners.

Dec. 9: P. Fitcher, Whitey Weigle named manager of Orlando club, with Jerry Tiemann, first sacker, chosen to head Fred Francis' St. Augustine Saints.

Dec. 10: League President Henry L. Gray ordered to report to Camp Blanding for a year's service as captain of the Judge Advocate General Department; Daytona Beach sells Herb Wayne to Charleston of the South Atlantic League.

Dec. 23: John Ganzel announced that the 1941 Orlando Nationals would be the best team ever to represent that city; Fred Francis and Herb Wolfe announce publicly that they will again back the St. Augustine Saints.

Jan. 2: Ocala Star says "Ocala likely to lose State League Baseball Franchise."

Jan. 14: Harold Irbv, Orlando Sentinel scribe, predicts that Lakeland will get Ocala franchise, admitting that Palatka and Cocoa also have a chance, while at DeLand the Sun News opines "Prospects for Coming Year Admittedly Dark, May Abandon Franchise."

Jan. 19: League directors met at Gainesville, voted to open 1940-games season on Thursday, Apr. 17, set Feb. 23 as the date for all clubs to have their franchise fee posted.

Jan. 31: Good News "Right field Wall at Orlando Moved In" screamed a Reporter-Star headline that reminded fans of what might have happened had the fence been pulled in when Johnny Frye, 1939 Nat first sacker, was around; Sanford was trying to peddle Jodie Howington, left hander, to some major league club.

Feb. 11: Kahn of the Sun-Record quotes a "prominent league director" as claiming that the "Florida State League is enjoying its last season of existence. DeLand outlook brightens, as it does at Gainesville. Leesburg and Ocala will be in the Sanford remains a question mark."

Feb. 19: A new face appeared in league circles when it was announced that Lee Hanover, Cincinnati, Ohio, new owner of the Silver Lake Country Club near Leesburg had been named president of that club, with Wilbur Good retained as playing and business manager of the Anglers.

Feb. 23: Sanford surprises league by posting \$600 franchise fee along with six other clubs at directors' meeting in DeLand. Ocala given one week's extension of time to raise its funds.

Mar. 2: John Ganzel, Orlando director named to help Ocala raise funds for 1941, reported that "Ocala will be in the league with Ocala President Wilson Turnipseed confirming the report publicly the same day when over \$2,500 was raised."

Mar. 5: Alan Mobley, the 1939 All Star team manager by popular vote, named manager of the Ocala club, while Dr. C. E. Tribble, prominent DeLand physician, sportsman, became president of the DeLand Baseball Association succeeding G. Medwick Peck. The next night Otto Caldwell was elected to head the Sanford club succeeding Bradshaw.

Mar. 21: League directors meet.

### Roller Derby Packs In Fans Loving Roughing

By SAM JACKSON  
 SAN FRANCISCO, Apr. 4.—(AP)—It's fast. It's exciting. It's somewhat ruddy.

It enjoys little of the prestige, publicity and general bulldoze that are accorded such other attractions as football, basketball or hockey.

Roller-skate racing is packing enthusiasts into the biggest indoor arenas in the country. In its somewhat form—the only one in which it has created much of a ripple—it is known as the Roller Derby.

The Roller Derby capitalizes on the appeal of fast, exciting competition such as that of the six-day bicycle race or the dance marathon. It adds—in fact it emphasizes—the constant falls and mauling that one associates with wrestling. For good measure, it has this rough us-up shared 60-50 between teams of men and of very pretty girls.

A Roller Derby lasts 21 to 28 days and competition goes on three hours each night. Men's and girls' teams usually skate alternately in 15 minute heats, but sometimes skate mixed.

Points are scored when a skater breaks out in the lead of the pack, signals that a "jam" is on, and manages to lap some member of the opposing team within a time of two minutes.

This sounds like a polite contest of speed and endurance, but actually the spectacle is about as rough as a football game. Skaters are allowed to "block" opponents and to use the privilege to cover almost any kind of roughhousing with arms, legs or body, since it is all done with the skates flying around a scattered track at dizzy speed, falls and even pile-ups of a big field are frequent.

To some spectators, these spills and the resultant heeling and fighting is a part of the excitement. To some it is a kind of "block" sport, and to some it is a kind of roughhousing with arms, legs or body, since it is all done with the skates flying around a scattered track at dizzy speed, falls and even pile-ups of a big field are frequent.

### Wood Takes 5 Stroke Lead In Master's Tourney

By BILL BONE  
 AUGUSTA, Apr. 4.—(AP)—The first round of the eighth annual masters golf tournament Thursday was the first chapter in a story which if carried through to a happy ending, will be one of the most popular in American golf.

For at the end of this first of four 18-hole rounds the lead was held by Craig Wood, who has come close to more major championships without winning any of them than seems possible, or fair.

Thursday afternoon, with the pins stuck in tougher spots on Augusta's carpet like greens than Wood ever had seen them, the 29-year-old blond veteran from Moorpark, Cal., put together a six-under-par 67, a score of the greatest rounds that ever been a time of two minutes.

This sounds like a polite contest of speed and endurance, but actually the spectacle is about as rough as a football game. Skaters are allowed to "block" opponents and to use the privilege to cover almost any kind of roughhousing with arms, legs or body, since it is all done with the skates flying around a scattered track at dizzy speed, falls and even pile-ups of a big field are frequent.

### ON HIS GAME

By Jack Sords

BOBBY JONES, ANY LOCALS APPROACHES TO THE PALM IS DETRIMENTAL TO HIS GAME. HE IS IN PREPARATION FOR THE ANNUAL MASTERS TOURNAMENT AT AUGUSTA.

### Second Elimination Derby Race Slated Tonight At Kennel Club

The second elimination race for the annual 1941 Florida Derby will go to the post tonight at the Sanford-Orlando Kennel Club, located midway between Sanford and Orlando on U. S. Highway 17.

Hambing 17, owned and trained by B. S. Skilton, is the likely post-time favorite over a field that includes Daisy, Red, Bob, Comin Along, British Train, Pleasant Sun, and Mormony.

Hambling 17, a 3-year-old, is the holder of the track 1/16th of a mile record of 31.3, set last season. This year she holds the fastest time of 32.1 on that track at least a 5/16th favorite in a field where the toughest competition will come from Pleasant Sun, Comin Along and British Train.

Grant Son, Ginter Laddie, Imperial Lady and Gay Johnny are already waiting for the four qualifiers in tonight's race. The first four qualified Wednesday night for the rich derby, finishing in that order:

### Rodeo Antics Liven Races At Tropical Park

MEANSVILLE, Apr. 4.—(AP)—The Tropical Park rodeo, which opened last night, is a big draw for the local crowd.

The rodeo is a big draw for the local crowd. The Tropical Park rodeo, which opened last night, is a big draw for the local crowd.

### Thousands Will View Show And Fair At College

GAINESVILLE, Apr. 4.—(Special)—Thousands of rural people from all sections of Florida are expected to attend the tenth Little International Livestock Show and Rodeo and Agricultural Fair to be presented by students of the University of Florida College of Agriculture on Saturday, Apr. 19.

Twelve thousand persons, or 24 times the attendance at the first show and rodeo 19 years ago, attended the events in 1940, and the students are expecting attendance to be larger than ever before.

The show and rodeo is sponsored by the Block and Bridle Club, animal husbandry students organization, while the fair is sponsored by Alpha Zeta, honorary leadership fraternity.

President Bill Atwater, of Block and Bridle, and Chancellor George Byrd, of Alpha Zeta, reported today that members of their organizations are busy preparing exhibits, and grooming stock for the big day, Apr. 19.

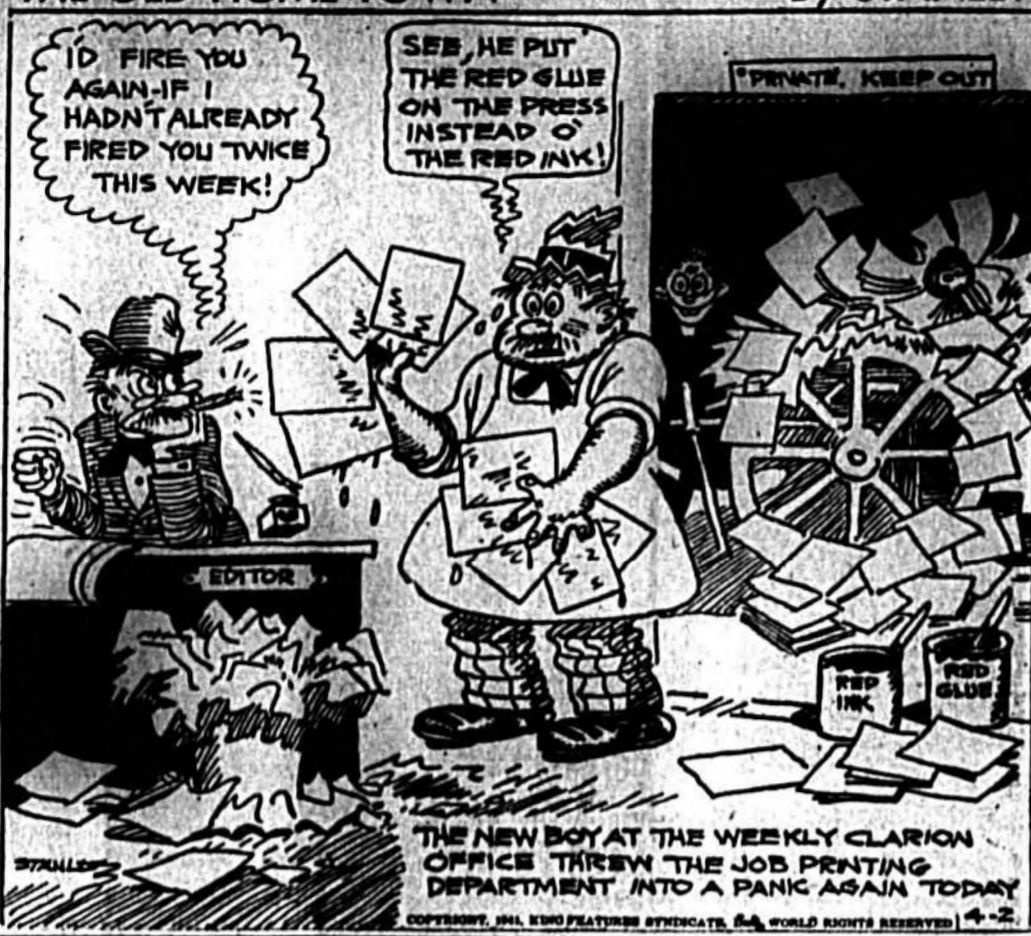

The day's activities will get under way at 12:00 o'clock with the opening of the Agricultural Fair in the University gymnasium. Exhibits representing all departments of the College of Agriculture, including an egg show and an animated drama of the Florida national egg laying contest, will be displayed by the students.

Led by the University of Florida Orange and Blue Band, the Block and Bridle Club will stage a mounted parade through Gainesville at 4:30 o'clock in the afternoon.

The curtain will rise on the Livestock Show and Rodeo at 7:00 o'clock in Florida Field Stadium, and for two hours the Block and Bridle Club members will show dairy and beef cattle, sheep, and swine, and perform in such exciting rodeo features as steer riding, steer wrestling, horse racing, (chair and barrel events), wild cow milking, and catching the greased pig. Exhibition of animals will alternate with rodeo events to keep the show moving at a fast pace.

The show and rodeo and fair are planned and presented by students. They are presented to

stimulate improvement in Florida agriculture and to show the general public some of the results of the training students in the College of Agriculture receive. Admission is free and everyone is invited.

### STOCKS CLIMB

NEW YORK, Apr. 4.—(AP)—The stock market Thursday caught some of the bullish spirit exhibited recently by speculative commodities and many leading stocks climbed \$1 to around \$2 a share.

Senator R. C. Horne of Madison has been named chairman of the Senate Finance and Taxation Committee by Senate President John R. Beacham for the coming legislative session.

### Hailstorm Causes Severe Damage To Citrus And Truck

LAKE WALES, Apr. 4.—(Special)—A freak hailstorm, extending from Waverly to Hesperides and on to the Kissimmee River, caused severe damage to citrus and truck in this section of the Ridge early yesterday morning. The hail was accompanied by rain and high wind, which blew down several trees and disrupted electrical service.

Citrus trees, many now in full bloom, were partially stripped of their foliage and blossoms were scattered all over the ground. Much fruit of this year's crop was bruised or shaken from the trees.

Over two inches of rain fell within less than two hours during the height of the storm. Much more damage was reported by property owners throughout Lake of the Hills and Waverly where hail stones, some as large as an inch in diameter, broke windows, neon signs, and defoliated flowers and shrubbery.

According to many persons, it was not an unusual sight to see the ground covered with a white blanket of ice from three to four inches thick. Late yesterday afternoon, a lake of ice still remained in one grove where tor-

### G. O. P. Chairman Calls For Unity

WASHINGTON, Apr. 4.—(AP)—Representative Martin, Republican national chairman, called on Americans last night to unite in making the nation invincible against assault from within or without and declared his own party must police and audit the Roosevelt Administration in the present emergency.

In an address prepared for broadcast over CBS, the Massachusetts representative declared that in the midst of a great national crisis there was a vital need for "a vigorous, virile Republican party."

### FUND FOR MISSIONS

ATLANTA, Apr. 4.—(AP)—Dr. J. B. Lawrence, executive secretary-treasurer of the Southern Baptist Home Mission Board said Thursday a special income of \$46,473 would be spent on Cuban missions, radio broadcasts and school work on the island.

Flots in the area reported winds of possibly hurricane force were experienced, along with turbulent conditions, at high altitudes, but the Weather Bureau found a ground wind velocity of only 35 miles an hour at Tampa and less elsewhere.

### FOR DEFENSE HOUSING

WASHINGTON, Apr. 4.—(AP)—The Senate voted Thursday to authorize expenditure of \$150,000,000 for defense housing in addition to \$150,000,000 previously provided by Congress. The new authorization now goes back to the House for action on Senate amendments, including a provision increasing the average maximum cost of housing units from \$300 to \$350.

Inspectors from the U. S. Department of Labor, wage-hour division, will begin a wage-hour inspection drive in the citrus and vegetable belts this week, it was announced.

**GROW YOUR OWN**

For several weeks the Agricultural News Service issued by the State Agricultural Extension Service in Gainesville has carried stories of successful farmers and their families in different counties. Some of these farmers have been general farmers, others truck growers, and still others engaged in various principal lines of activity.

But two points have stood out in all of the stories. Whatever their specialty, these successful farm families have had a diversity of products and all of them have followed consistently a policy of producing at home the greater part of needed food and feed products. In "good" times and "bad" times they have found these two policies to be advantageous and to contribute towards their success.

Now that this country is engaged in a tremendous national defense effort, attention has been focused on the necessity for better nutrition among both rural and urban residents, and the high desirability of each farm family growing its own needed foods and feeds. The largely self-sufficient farm family is in a better position now than ever, but particularly so when prices of purchased foods rise or when transportation facilities become clogged.

And so, as the national defense effort gets into full swing, farm families are being encouraged to provide themselves with more adequate gardens, more family milk cows, more home poultry flocks, and more beef to supplement pork in the diet. These things are needed not just part of the year, but as nearly as possible throughout the year. Gardens which flourish in Spring and are available in other times need to be made in flourish most of the year.

After the war, the surplus

## Rubinoff Will Present Two Violin Concerts At Seminole High May 6

Dave Rubinoff, whose lithe body has earned audiences a reputation for his violin, will present two violin concerts at the Seminole High School auditorium on the afternoon and night of May 6. It was announced today by T. W. Lawler, superintendent of schools.

## WPA Project For Airport Approved

The WPA project for an airport at Sanford, Fla., has been approved by the War Relocation Authority. The project is to build a 1,000-foot runway and taxiway, and a 100-foot wide road to the runway.

## Four Members Of Girls School End Visit In Sanford

Four girls and two teachers of the St. Anne's Episcopal Girls School of Lake Geneva, Wis., left the Hotel Mayfair yesterday where they had spent more than two months of their winter term.

## Lower Fresh Water Fishing Tax Is Urged

TALLAHASSEE, Apr. 5.—(AP)—Legislation to cut the fresh water fishing tax from 25 to 20 cents a day is being introduced in the Florida Legislature today.

## End Of Strike In Coal Mines Believed Near

Committee Named To Draw Up Contract To Take Place Of Expired Agreement

NEW YORK, Apr. 5.—(AP)—A sub-committee representing the management and the union in the bituminous coal negotiations was named today "to draw up a contract and present it to the full negotiating committee Monday morning."

The move indicated that the end of work stoppage caused by a disagreement among operators and the United Mine Workers (U. M. W.) over the terms of a contract to replace one which expired Mar. 31, was imminent.

Named to do the drafting were Percy Taylor, representing the mine operators, and Charles O'Neill for the operators.

The Ford Motor Company, delayed in \$185,000,000 in national defense work by the crippling three-day strike at its Rouge plant, sent an emissary to Washington last night to confer with Secretary of War Stimson.

A. A. Cephal, Ford attorney, flew to the capital bearing evidence, the company said, of "activities of Communists" in the strike of the C. I. O.'s United Automobile Workers, which now has tied up operations in all Ford plants in America.

There was no immediate announcement of Capizzi's plans. He left Detroit in the midst of a fresh exchange of charges by company and union that each was willfully obstructing defense work.

At the same time there was a somewhat optimistic statement from Federal Mediator Dewey on negotiations for a strike settlement.

"We feel that we are making some headway," Dewey said, "and the situation is more hopeful now than it has been at any time in the past."

## Yugoslav-German Relations Ebb As Balkan War Looms

Where "Lost" Airliner Was Found

The Eastern Airlines plane lost for hours with sixteen persons aboard is shown in the swamp, 10 miles from Vero Beach, where the pilot brought it down. None of the plane's occupants was critically injured. Arrow shows one of the wheels from the damaged undercarriage. The plane was enroute from Miami to New York when it flew into a storm.

## Andrews Declares Outlook For Fly Claims Improves

Senator Writes That Battle Remains To Recover Damages

That the outlook for payment of damages arising from the government's fruit fly eradication is much brighter now than it was before the committee went to Florida and held hearings was expressed by Senator Charles O. Andrews in a letter to H. M. Pappworth, given to The Sanford Herald today.

"Everyone should be advised that it is a long hard fight, even assuming that the committee will report favorably on substantial damages," Senator Andrews said.

Mr. Pappworth had written to the Florida Senator to find out the progress of the reimbursement committee in the nation's capital. The Sanford grower said that a number of farmers in this section had asked him as to the outcome of the hearings.

"I am sorry that the hearing in Sanford gave rise to the belief that payments in reimbursement for damages might be made right (Continued on Page Two)

The University of Santo Tomas, at Manila, Philippines, is the oldest university under the American flag. It was founded by Spanish Dominican friars in 1611.

Sanford To Meet Red Hats Sunday

Sanford's baseball team will play its first contest of the year when it travels to Deland tomorrow afternoon to meet the Red Hats in a pre-season game.

The Deland team is expected to play a return game here next Friday night and there is a possibility of games being scheduled against the Rollins nine before the season officially opens April 17, he added.

Richard Monroe and Miss Irene Johnson, both of Sanford were issued a marriage license at the Court House yesterday.

The Boy Scout Board of Review will hold a meeting at the Junior High School Monday night at 7:30 o'clock. E. L. Kelsey, chairman of the advancement committee of the Seminole District, said today.

Seminole Is Exempt From Selectee Call
