BIBLE VERSE TODAY

NO SINGLE FORCE HAS DONE SO MUCH TO MAKE HUMANITY DECENT AS THIS TEACHING OF CHRIST SPENT HIS LIFE HELPING PEOPLE WHO WERE POORLY THOUGHT OF.

We suppose it might be a good idea for President Truman to have a talk with Joe No stone should be left unturned in the search for peace. But the last time our President talked with the Russian dictator, we got the Potsdam agreement which nobody has seemed capable of understanding yet.

Herbert Hoover, head of a "non political committee" is preparing recommendations for Congress which he says could save several billion dollars a year of taxpayers' money without eliminating any government service.

From Governor Caldwell comes good advice in all of whatever race or geographical section, if you would eliminate prejudice and intolerance, quit talking about it. This nation has made many a gigantic effort to legislate morality into people and all have ended in failure, perhaps the most notable was the "noble experiment."

The argument over whether it is the newspaper's job to mold public opinion, or to reflect it, is as old as the hills. Actually it is neither, as the results of the recent election will show, unless you want to conclude that the newspaper is not doing its job, in which case more people than ever believe in the nation's history are paying for something they are not getting.

Washington Merry-Go-Round: medicine dire things for Governor Burnham, but John O'Donnell writes in the New York Daily News says, "Don't expect that Truman's civil rights program which cracked up his party at the Philadelphia convention will be given serious consideration. It will be thrown into the hopper, a heavy fight with the outcome strictly in the bag will be staged. Come next March it will be buried so deep in the dust of a committee pigeon hole that it couldn't be rescued with a vacuum cleaner."

Domestic Sugar: Domestic sugar price of \$9.16 would be fair to both producers and consumers.

Florida Airways

Realizing the importance to this community of the Florida Airways, and fearful of the results upon our future growth and development if the CAB "death sentence" is carried out next March, the directors of the Seminole County Chamber of Commerce went on record last week as favoring an extension of the Florida Airways' temporary Certificate of Public Convenience and Necessity and as recommending that its individual members write the Civil Aeronautics Board in Washington to this effect.

Since January, 1947 the Florida Airways has been serving Sanford and some 20 other cities and towns in Florida with safe, efficient, and convenient mail and passenger service within the state of Florida. They did this under a temporary certificate issued by the Civil Aeronautics Board due to expire next March 23. Florida Airways had petitioned for an extension of this certificate but this was turned down on Sept. 1, meaning in effect that the Florida Airways would have to go out of business.

Unfortunately, air lines do not operate under the same system of free enterprise as do most other business concerns, but have to struggle under the weight of a heavy handed government which tells them how many miles they can fly, what communities they can serve, and how much business they must generate in these communities if they are to be allowed to continue in operation. The CAB has refused to allow the Florida Airways to extend its flight mileage and has decided there isn't enough business in its present mileage to justify its continued operation even though Florida Airways thinks there is and wants to keep on trying to make a success of its business.

The excuse given by the CAB is the cost of air mail payments, but overlooked entirely is the fact that the government is spending millions of dollars in every state in the union to develop airports for similar service while in Florida the airports already exist. These Florida airports are bound to deteriorate, if not disintegrate altogether, if they are not used, and from the standpoint of national defense alone it is vital importance not only to maintain the airports but to keep the planes flying and pilots flying them.

Most feeder airlines such as Florida Airways have been given three years to prove their ability to justify their existence. The Congressional Air Policy Commission has recommended that they be given five years. Florida Airways, because of delays encountered in securing equipment and filing necessary incorporation papers in the hectic days immediately following the war, got only two years. It officers feel that given reasonable time they can prove their worth.

The Herald joins with the Chamber of Commerce in urging that everything possible be done to convince the Civil Aeronautics Board that the Florida Airways' petition for an extension of its certificate to March, 1950 should be granted.

Teaching Tolerance

The attitude of most people in the matter of race prejudice and intolerance is colored by emotion. Those whose emotional leanings are toward tolerance are sometimes convinced that the problem can be solved by laws.

An experiment in another line has been carried out in California for a year. The project, an educational one, is sponsored by the Pacific Coast Council on Intercultural Education, and is directed by Dr. William Vickery. The three-year course is a form of teacher training which aims at the formation of the proper attitudes in those who will in turn inculcate them in young people. Dr. Vickery believes that legal measures may be necessary in stamping out racial discrimination, but that they "only make prejudice illegal," while "education will eventually make it unpopular."

This has been proved true in the experimental course. Students talk over their attitudes and thus clarify their thinking. The influence of group thinking was found to be important in the formation of proper attitudes.

These teachers will not teach tolerance as such. It is intended that in their presentation of routine subjects, especially the social sciences, the principles of fair play and friendly fellowship may be embodied in such a way as to be effective.

This kind of indication seems likely to be more effective than imposition of ideas by law or other pressure.

Children's Home Society Makes Annual Thanksgiving Appeal

JACKSONVILLE, Nov. 15, (Special)—Having given its aid and care to over 1400 of Florida's most pathetic and destitute children, old and young, of every creed and from every portion of the State, the Children's Home Society of Florida (generally known as "Florida's Greatest Charity") is making its annual Thanksgiving appeal throughout the entire State for money, foods of every kind and children's wearables of every kind and size.

This important and greatly needed service, which during the past forty six years has aided over 55,000 orphans, homeless, neglected and pitifully neglected children from every county in the State, is supported entirely by voluntary gifts of money, food and clothing, and has no collectors anywhere.

Margie C. "Daddy" Fagg, the State Superintendent of the Society, which has Receiving Homes in Jacksonville, Pensacola, Lakeland and Miami, is pleading in all earnestness for immediate aid. He says, "The year 1948 has been a year financially for our Society and its hundreds of helpless little ones. The storms, floods, high prices, and uncertain economic conditions everywhere have reduced our income tremendously. In fact, had it not been for some bequest funds we would have been sunk completely."

"We need \$25,000 to meet the big deficit incurred during recent months and are in desperate need of additional funds to provide a good Thanksgiving dinner for the scores of 'less-blessed' children in our five Receiving Homes."

Mr. Fagg says, "Every dollar, every bit of food, all children's wearables will help us feed, clothe and shelter our huge family of little tots, who must be kept alive and happy."

Contributions of money should be sent to our Treasurer, R. V. Covington, 403 Consolidated Building, Jacksonville. Foodstuffs and wearables will be welcomed at our Receiving Home, 2566 Riverside Avenue, Jacksonville, or at our Homes in Lakeland, Pensacola or Miami.

THE WAYWARD BUS

Inside WASHINGTON

Believe President Planning To Retain Present Cabinet | State Department Frowning On American Colonies Talk

WASHINGTON Never before, perhaps, have so many political plans been kicked into a cocked hat by an election upset. President Truman's surprise victory makes temporarily vacant the space in Secretary of State George C. Marshall's office which John Foster Dulles was expected by many to occupy.

The same goes for the niche in Defense Secretary James Forrestal's office, which was expected to become the quiet quarters of Harold E. Stassen. Also, Herbert Brownell, Dewey-Warren campaign manager, who had been ticketed for the postmaster general's job, will now return to his law practice in New York.

In some Washington circles, political observers insist that President Truman is determined to carry on with his present cabinet. Although Secretary Marshall in Paris has declared that he has "long desired to retire from public life" and will resign after Jan. 30, there are some who insist that he may keep his post.

Objection to it is that it may cause friction among the western allies since Britain, France and Holland are the nations which would suffer if the colonies are taken over by the American states.

There also is the suspicion that economic rather than moral factors prompt some of the Latin countries to seek to shed off some of the highly-developed European colonies which are ahead of many smaller American powers.

HIGH COST OF PRESIDENTS—Just to erect a speaking platform on the Capitol steps and set up some bleacher seats for President Truman's inauguration next Jan. 20, is going to cost \$50,000. This is the cost, even though the contractor retains title to the lumber and can knock down the structures after the show. The high cost of labor and materials makes the price of the inaugural construction more than double what it was the last time FOR took the oath of office.

President Harding suggested that everyone could stand at his inaugural and he would take the oath on the Capitol steps. However, he was overruled by supporters who threatened to take up a collection to build a platform.

NEW STYLE FINANCING—Americans accustomed to regarding Marshall Plan funds as a handout may think little of it, but old-style economists are turning over in their graves at the loan agreement the Economic Co-operation Administration is making.

For instance, the British 310-million-dollar loan agreement provides that interest payments of two and one-half per cent shall begin in 1952 and that semi-annual principal payments shall begin in 1954. However, it then provides that the loan payments may be postponed if Britain is unable to meet them, "because of adverse economic conditions or for any other reason."

This provision was included even though top government financial officials pointed out that Britain would be the only judge as to whether she is able to pay.

This country most certainly is not in a position to question such figures as the British chancellor of the Exchequer may present.

Detroit Names Red Rolfe As Manager

DETROIT, Nov. 15—(AP)—The Detroit Tigers today named Robert A. (Red) Rolfe manager of their baseball team.

A former Yankee star, Rolfe in 1914 was named director of the Tigers' minor league farm system. He succeeds Steve O'Neill, whose contract was not renewed.

No salary details were revealed by General Manager Billy Evans as he announced that Rolfe had received the managerial assignment.

Rolfe, a 40-year-old native of Pembroke, N. H., left the Dartmouth University campus in 1901 to break into the Yankee lineup. He played one game that year before being sent to Albany of the Eastern League.

In 1932 and 1933 he was with Newark of the International League. Then he went back to the Yankees for good.

He left the Yankees in 1942 to become basketball and baseball coach at Yale University, a post he held through 1945.

Vegetable Demand

field crates of tomatoes returning a revenue of \$3,341.41 moved over that market during the past week. A few other items were sold over this market and volume of all products are expected to increase with continued favorable growing conditions. Quality of tomatoes is excellent.

"Florida City reports bean growers in that area are planting and tomato farmers are setting plants in the fields. This area has been under water since the hurricane and wet fields have caused considerable hardship on the growers."

"Hoffman State Farmers' Market reported the sale of 27,432 pounds of pecans. Prices weaker than a week ago, with an expected advance next week. Season should last about four more weeks.

"Frank E. Conner, Manager, Wauchula State Farmers' Market reports sale of 22,516 field crates of cucumbers at an average price of \$1.64; 380 of pepper, averaging \$2.82; 1,175 eggplant, averaging \$2.82; with a light supply of squash, tomatoes and beans. The peak of the cucumber season was reached on Saturday, Nov. 13, with 1,183 bushels, supply expected to last several weeks.

"The second pecan auction of the season in the Bradford County area was held Nov. 4 on the Starks

Truman's White House Balcony To Be Pictured On Nation's \$20 Bill

WASHINGTON, Nov. 15, (AP)—President Truman's White House balcony, celebrated in controversy, is going into the nation's favorite picture gallery—its paper money.

Secretary of the Treasury Snyder said today that the \$20 Federal Reserve note has been modernized to show the present-day appearance of the White House's south front and grounds.

The \$20 notes circulating now show the same general scene. But the scene dates back to 1929 when Herbert Hoover was President and the great economic bubble was blowing up to the bursting point.

Snyder said the Bureau of Engraving and Printing, which made up the new design, has begun turning them out already.

They will go to the 12 Federal Reserve Banks and gradually supplant the Hoover day notes. However, the old ones will not be called in and probably will continue circulating for a long time. The reserve banks now have a good stock of the old notes on hand.

Snyder said he expects the public to find the new \$20 note more attractive and pleasing, which made up the new design, has begun turning them out already.

They will go to the 12 Federal Reserve Banks and gradually supplant the Hoover day notes. However, the old ones will not be called in and probably will continue circulating for a long time. The reserve banks now have a good stock of the old notes on hand.

The balcony is the chief difference showing in the \$20 notes but there are three other changes.

There are four chimneys now compared with two in 1929. The grounds include more trees

and lush foliage; a deeper green color. An engraving twist makes the White House windows appear to be open. But this is an odd twist. The Hoover day engraving had the windows appear closed. Actually the windows were open far more frequently in 1929 than now, even in the hottest weather, because the White House has been air-conditioned since.

The White House flag hangs at an angle from its pole in the new engraving. In the Hoover day portrait it blew straight out.

Lettering beneath the building now reads "The White House" instead of simply "White House" on the old notes.

No change has been made in the portrait on the other side—that of Democratic President Andrew Jackson.

In a single year, more than 100 billion container units of all kinds are made in the United States for packing goods sold at retail.

The first regular transcontinental mail service by air began between New York and San Francisco in 1920.

Children's Group

by Miss Mary Rawlins. The children were brought to Fernand Laughton Memorial Hospital Thursday morning at 7 A. M. where they were placed in a specially prepared ward, assigned beds, and given a final physical check-up.

On duty in the children's ward from Thursday morning until Thursday evening were Mrs. Frances McDougal, Mrs. Mabel Brown, Mrs. Hulda Kibbee, Mrs. Grace Cole, Miss Boots Appleby, and Mrs. Elizabeth Daniels. On duty through the night were Mrs. Dorothy Kayser Herben, Mrs. Muriel Knox Maulding, and Mrs. Carl Chorning.

Mr. Kader expressed the appreciation of the entire membership of the Seminole County Children's Committee to all who assisted in making possible the needed removal of the tonsils of these underprivileged children.

State Farmers' Market, with quality and quantity increasing, 58,153 pounds passed over the platform with average price, 12 cents per pound. The first strawberries of the season were sold at the Starke Market last week when a grower brought in two punts which sold for \$9.00 each. Manager R. Alvarez reports about 500 acres of strawberries in that section, in good condition, but needing rain.

### Feds Defeat New Smyrna High 20-0 In Conference Encounter

By ARTHUR BECKWITH, JR., Herald Sports Editor

The Seminole High School Celery Feds scored a 20 to 0 victory over the New Smyrna Beach Hurricanes in New Smyrna Friday night as right wingback Fred Cooper showed his heels to the large 'Cuda aggregation three times in score all of the Fed touchdowns.

The two teams played on fairly even terms during the first period, but as the second stanza opened, Cooper raced over his own left tackle for 37 yards and the first score of the game. Richard Bass converted the extra point from

placement. Before the first half ended, Cooper skirted left end for a 67 yard touchdown jaunt, and Bass again converted to place the Feds out front by a 14 to 0 margin. Midway the third period, Don Deal passed 34 yards to Charles Thomas at the 'Cuda six. Cooper latched the ball over from the one yard stripe two plays later. Bass missed the extra point.

Couch Carl Kettles sent in many of his reserves in the final period, but the Hurricanes were unable to penetrate the Fed defenses for a score.

### SEC Race Shows Georgia, Tulane And Old Miss Are In Title Scrap

By STERLING SLAPPEY

ATLANTA, Nov. 15, (AP)—The 1948 Southeastern Conference football race already is the finest lesson imaginable in "don't pick your champion until the race is over."

A glance at the standings which show Georgia, Mississippi and Tulane fighting it out for the championship is enough to make the spines of experts curl and the gamblers go to church.

Neither of the three was considered a championship contender last spring and early fall by coaches and athletic directors, but now that the season is almost done, only those three have a chance.

And to make the experts look even worse there is a chance for a tie for the championship which verbally was awarded to Georgia Tech without dissent before the season started.

Just before the leaders in Georgia Tech, losses on successive Saturdays to Tennessee and Alabama.

Next are the Vanderbilt Commodores, a team which probably would be a major contender if the season lasted long enough.

The rest of the positions are taken by Mississippi State, Tennessee (the experts pick for second best), Alabama (their pick for third best), Kentucky, Florida, LSU, and Auburn (the only team they pegged properly, No. 12).

The Georgia Bulldogs, unbeaten after five Southeastern games, was ranked fourth by coaches. In second place are the Mississippi Rebels, the September pick for eighth place. In third is the Tulane Green Wave, rated ninth two months ago.

Saturday's games did much to wreck the experts' rankings. But when coupled with what happened during the previous few weeks the last faint chance that things would turn out normally disappeared.

Using coaches' and athletic directors' rankings as a ruling stick, here's what happened that wasn't supposed to:

Georgia was supposed to lose to Alabama but Georgia didn't by 25-0.

Mississippi defeated Tennessee, Kentucky and Vandy when they shouldn't have, the coaches said. The Rebels were supposed to defeat Tulane but they didn't.

Tulane whipped Alabama, Mississippi and Mississippi State, all by itself without any help from the coaches except its own Henry Frka.

Tulane's only loss was to Tech, which for one of the coaches picked. Tech was thought powerful enough to run through the schedule, receive a bowl bid and then win in the bowl. Everything was fine until Tennessee came to Atlanta Nov. 8. Tech didn't win from Tennessee and neither did the Jackets defeat Alabama Saturday.

Vandy was named the sixth ranking team in the conference and they now hold fifth place. Mississippi State was picked for seventh and they beat sixth.

But Tennessee was named second and the Vols are in seventh. Alabama is in eighth place instead

of third as the coaches said.

Fifth place was reserved for Kentucky but instead the Wildcats are in ninth. Kentucky's dismal season features a gloomy Saturday the one against Mississippi and Vanderbilt. Last week's victory over Florida was Kentucky's first conference victory of the season.

The Auburn Platoon is coming the 12th rung, the season not selected for them in September.

This week's schedule is the weakest of the season. The only conference games are Alabama at LSU, (Gibson Rouser and Kentucky at Tennessee, Knoxville). Probably the top game of the week is Maryland at Vanderbilt (Nashville). Other games are Tulane at Tech (Atlanta), Florida at Georgia (Athens), Miami at Florida (Gainesville), and Tulane at Cincinnati.

Auburn, Mississippi State and Mississippi have an off day.

### Penn State May Not Play In Bowl Contest On Jan. 1

STATE COLLEGE, Pa., Nov. 15, (AP)—Chances that the powerful Penn State football team will not play in a bowl game New Year's Day.

This information came from a source close to officials of the college who declined use of his name. He said the chief reason the players at the school were reported in the Penn State team before the Cotton Bowl game last season.

Penn State and Southern Methodist played a B-B-I tie in the game at Dallas on January 1.

At that time the Penn State players were quartered at an un-named Navy base.

The source said the Cotton Bowl is "virtually" the only bowl open to Penn State since the Sugar Bowl at New Orleans and the Orange Bowl at Miami are not receptive to the Lions.

Penn State has beaten six teams this year and played a 14-14 tie with Michigan State. The Nittany Lions have not lost in their last 17 games.

### Furman Game Meets Georgia Saturday

GREENVILLE, S. C., Nov. 15, (AP)—Furman's hard luck football Hurricane will be out of its conference and, very probably, out of its class against the University of Georgia at the Saturday game.

Furman has lost three and won two in the Southern Conference this season. It has tied a non-conference foe and was beaten soundly, 20-14, by Florida in its only run-in with a Southeastern Conference team.

Georgia's Bulldogs, meanwhile, scored their fifth straight Southeastern league victory by dumping Auburn 12-12 last week. They need only a victory over Georgia Tech to claim the current crown.

Furman probably will throw a single size offense at the Bulldogs. Coach Fred Smith discarded his former winged T formation prior to a 11-0 posting at Clemson two weekends ago.

The Hurricane defense and passing offense is built around Tom Whelan, a tight end, and quarterback George Pruitt, a junior, who does most of the tossing. Both are from Greenville.

Paul Stombaugh, an Avon, Pa., junior, is the Hurricane's consistently effective punting specialist. He has been averaging about 40 yards a punt this season, can and does pass and run on occasion.

### Hunters In Fifth District Will Have Good Game Supply

TALLAHASSEE, Nov. 15, (Special)—Hunters in the Fifth Congressional District can look forward to a "much improved game supply" this season, the State Game and Fresh Water Fish Commission said today.

The commission reported that a statewide survey of game conditions indicated that the game outlook in the 12 central Florida counties ran from "as good as last year" to the best in years. No county in the area, the report said, showed any noticeable slump in wildlife stocks.

Commission warden and biologist said quail and turkey had shown the greatest gains. In Orange County wildlife officers reported both species were more plentiful than they have been in "many, many years." An excellent turkey crop was also reported in St. Johns, Sumter and Brevard counties. The commission also declared Brevard was "probably the best quail county in the East Coast" this year. Other counties listed for plentiful supplies of quail were Ocala, Lake, Putnam, Flagler and Seminole. The latter, warden said, would offer the best squirrel and quail shooting since 1914.

The survey also indicated a marked increase in deer.

"The best bet for deer," said the report, "appear to be Orange, Georgia, and, of course, the 'big woods' of Marion county."

Biologists in the Florida National Forest reported the deer population there was up an estimated 20 percent over last year.

Though the commission predicted a good game crop for the Fifth District, it pointed out that hunters in many parts of the district would be hampered by "poached" signs. Ocala, Orange, Marion, Volusia and Seminole, the report said, were particularly short on public hunting territory.

Below is a breakdown of deer, squirrel, quail and turkey in the 12 counties of the Fifth District.

Brevard—Turkey and quail, plentiful; deer and squirrel, fair.

Citrus—All game fair.

Flagler—Quail, plentiful; deer and turkey, fair; squirrel, scarce.

Lake—Quail, plentiful; deer and squirrel, fair; turkey, scarce.

Marion—Deer, plentiful; squirrel, quail and turkey, fair.

Orange—All game plentiful.

Ocala—Deer and turkey, plentiful; quail, fair; squirrel, scarce.

Putnam—Quail, plentiful; squirrel, fair; deer and turkey, scarce.

Seminole—Deer, quail and turkey, plentiful; squirrel, fair.

Sumter—Quail and turkey, plentiful; deer and squirrel, fair.

St. Johns—Turkey, plentiful; deer and quail, fair; squirrel, scarce.

Volusia—Deer, quail and turkey, fair; squirrel, scarce.

### Southeastern Conference Lures "Yankee" Griders From North

By STERLING SLAPPEY

ATLANTA, Nov. 15, (AP)—The decision in the war between the states still may rankle a little in Dixie but down here there's nothing but love for those Yankee football players.

These football tourists who carry ripkin carpetbags are down in numbers—113 of them at Southeastern Conference schools alone—and about of them are among Dixie's most beloved.

Who did the coming which brought them south is a question too hot to argue here. Some no doubt proposed football employment themselves and others no doubt were prompted to come South for fame, fun, funds and football—to say nothing of a free education.

The money attraction to come South was shut off last winter when the Southeastern Conference became pure and all the rest under the NCAA code.

However, the other attractions still must be strong as freshmen squad rosters bristle with names of states and cities a long way from the States Rights country.

In one case a northern star, Pennsylvania—has more football players in the Southeast than Kentucky, a state in the conference. Pennsylvania has 39 loyal sons in Dixie doing well while Kentucky was only 31.

Ohio is the second ranking producer of Yankee football talent in the South—24 Ohioans played in the South State, Miami, Clemson and the universities. The University of Illinois, Northwestern, et al. missed 16 players and Indiana missed ten.

Six each from New York and New Jersey, five from Connecticut, two each from Rhode Island and faraway Minnesota, and one each from Nebraska, Michigan, Massachusetts and Iowa complete the 113 yards.

The status of West Virginia as Northern or Southern is debatable but meanwhile — varsitymen are South.

The Georgia Bulldogs lead the conference, but only 25 of the 51-man squad are Georgians. Pennsylvania and Penn State could use Georgia's Joe Geel, leading South.

modern scores with 60 points. Geel's home in Philadelphia, Pa. Johnny Rauch, one of the nation's best passers, is a Georgia back-bone from Yeonon, Pa. The Reid brothers, Floyd and Bernie, came from Hamilton, Ohio.

Dan Braden Tech's front running tackles, are from Centralia and Streator, Ill. Kentucky's best passer—George Blanda—comes from Youngwood, Pa., and the Wildcat's ace soph end, Ben Zank, headed Dixie from East Chicago, Ind.

Chuck Hunsinger is a top candidate for All-Southeastern for the Florida Feds. He's from Harrisburg, Ill. Alex Gardiner of McDonald, Ohio, is second string fullback.

Auburn's best sophomore runner—Ray Pelfrey—played high school football at home in Painesville, Ohio. Pittsburgh gave up George Baltaris to the Tennessee Vols and Norman Meseroll, also a volunteer Vol, came from New Brunswick, N.J. Ray Elkas, first string guard, entered Tennessee from Pawtucket, R.I. Tom Drost from Scranton, Pa., and Russ Dohelstein from Bridgeport, Conn. The village of Mingo Junction, Ohio, is interested in Dixie football because Al Dorio and Steve Fortunato play for Alabama. Winchester, Ill., and Uniontown, Pa., sent Glen Walsh and Charley Lewis to the Crimson Tide. Another Ohioan, guard Jim Frank, comes from Yorkville, and Howard Pierson registered from Succasunna, N.J.

Vanderbilt's Carl Copp, a giant junior tackle, slipped away from Ohio State. He's from Dayton, John Anderson is a sophomore end from Duluth, Minn.

### Bill Walsh And Chuck Bednarik Rated Top Centers In Football

By JIM BECKER

AP Newsfeatures Sports Writer

Strength up the middle is as important to a football squad as it is to a baseball team.

A T formation team requires a hard-driving fullback, a clever, passing quarterback and a center who can rip apart opposing lines. The pivot post must be equally as well guarded under the single wing set-up.

Two of the nation's top centers hold down the middle for two of the country's better gridiron aggregations. Bill Walsh, who operates for the T-playing Notre Dame Irish, and Chuck Bednarik, who performs for the single-winged Pennsylvania Quakers.

Bednarik was All-America last season and his play this year has been more spectacular, if possible, than last. The 23-year-old senior, who towers six, three and weighs 230 pounds is one of present day football's rarities—a 56-minute player. The Bethlehem, Pa., native is an offensive and defensive standout.

Notre Dame's awesome legions feature Walsh at the starting center slot for the second straight year. An Irishman from Phillipsburg, N. J., Walsh is playing his fourth season with the South Bend, Ind., team. He is six, three and three and carries 205 pounds.

He played ahead of George Strohmeier last season, which is quite a recommendation in itself. Even in these free substitution days, Walsh saw more than 800 minutes of action—more than half the total time—last season to top the club in the "iron man" department.

Bednarik, after his selection last season on the AP dream eleven, is in the position of champion who must be dethroned. But Walsh is going to make All-America selectors think hard and long before they fill the center slot.

### 18 Senior College Grid Teams Continue To Be Undeclared

NEW YORK, Nov. 15, (AP)—Eighteen senior college football teams remain undeclared and untold in the nation with the season rapidly drawing to a close.

Two of the clubs—Alma (Mich.) and Michigan Tech—already have finished their schedules. Alma won eight games and Michigan Tech seven.

Five major schools have untarnished records—Michigan, Notre Dame, California, Army and Clemson.

Washington University of St. Louis and Lewis and Clark of Portland, Ore., were knocked from the perfect ranks Saturday. Washington lost, 19-6, to Western Michigan. Pacific University whipped Lewis and Clark, 11-0.

### Caldwell To Speak At Blue Key Dinner

GAINESVILLE, Nov. 15, (Special)—Governor Millard E. Caldwell will be the principal speaker at Florida Blue Key's Silver Anniversary Banquet to be held during the University of Florida Homecoming weekend November 18-20, McL. Christie, Blue Key President, announced this week.

Spotted along with Governor Caldwell's address, entitled "Florida Faces the Future," will be the initiation of new members who will be tapped November 10. The banquet, which is scheduled for the 12th at 8:00 P. M., will celebrate Blue Key's twenty-fifth year on the Florida campus. It will be the University's forty-first Homecoming.

### Celery Feds Showed With Encouragement At New Smyrna Tilt

Sanford businessmen, clubs and organizations showered the Seminole High School Celery Feds with telegrams at 7:30 o'clock Friday evening in New Smyrna just before the Sanford-New Smyrna High School football game, it was announced this morning by H. E. Morris, principal of the local high school.

"The telegrams popped the boys up, and they greatly appreciated the backing given them by the Sanford people," Principal Morris asserted today.

Those sending telegrams included Seminole High School "B" squad, Seminole County Chamber of Commerce, William E. Kader, John Senkavik, Joe Saunders, Crumley and Monteith, Evans Restaurant, A. J. Peterson, Dr. L. T. Doss, Celery City Printing Company, Don Camp, Kiwanis Club and the Miller-Bishop Company.

"We surely appreciated those words of encouragement, and I think they did a lot to help us win the game," Coach Carl Kettles declared today. Sanford defeated New Smyrna 20 to 0 in an East Florida Conference game.

### Outstanding Fight Card Is Scheduled At Armory Tonight

An outstanding fight card, sponsored by the Negro Welfare League of Sanford, will be held at the Sanford Armory tonight with Candy McDaniel and 'Tiger' Oden mixing it up in the feature event.

One of the outstanding fights on the card will be a battle royal with six participants. "This fight will be worth the price of admission," J. W. Knowles asserted this morning.

'Sugar' Chiles Washington and 'Gravyard' Murphy will meet in the six round semi-final match. The fights are scheduled to start at 8:00 o'clock.

### Sanford-Leesburg 'B' Clubs Vic Tomorrow

The Seminole High School Celery Fed Junior Varsity football team will meet the Leesburg Yellow Jackets at the high school field tomorrow evening at 7:30 o'clock. The game will be sponsored by the Pilot club of Sanford.

Funds derived from the game will be placed in the milk bank account to furnish milk for needy families in the county. It has been reported by Pilot Club officials.

ROBINSON TO FIGHT PHILADELPHIA, Nov. 15, (AP)—Welterweight Champion Ray (Sugar) Robinson trades punches with Bobby Lee, Baltimore, tonight in a featured 10-round event of an arena boxing program. It will be a non-title match.

THE LONE RANGER

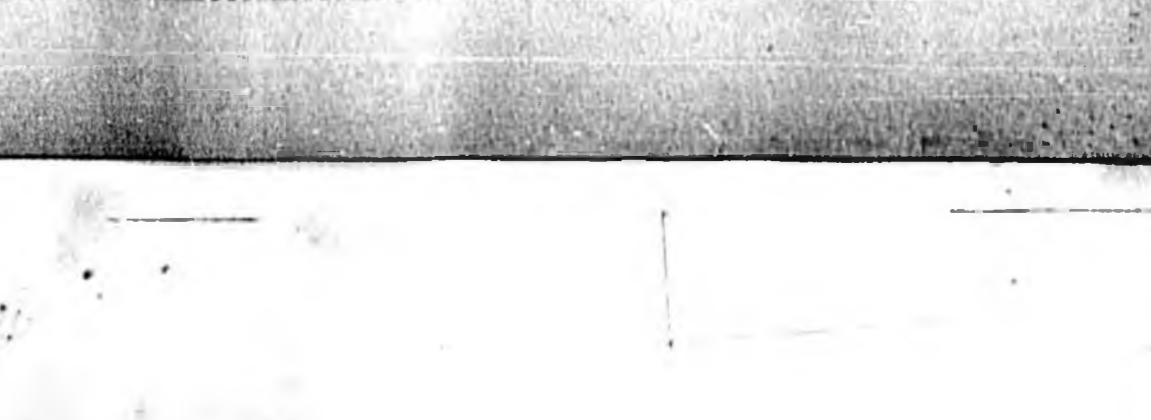

BY FRANK STRIKER

ETTA KETT

BY PAUL ROBINSON

Tiny Prince

(Continued From Page 1) factory condition. The U.S. Warship Columbus and Hamul joined British naval craft at Plymouth in firing a 41-gun salute to the royal child. The Royal Horse Artillery, King George's own troops, wheeled six guns into Hyde Park and fired tumultuous rounds in honor of the child and his mother. Elsewhere trumpets and bands blared; bonfires flamed and fireworks snapped. The baby was born six days before the first wedding anniversary of Elizabeth and Philip. Philip, who had rushed to his wife as soon as the doctors told him he was the father of a boy. Wearing flannel slacks, an open-necked shirt and a sweater, he opened a bottle of champagne and with 81-year-old Queen Mother Mary and members of the Royal household, toasted his wife and son. Queen Mary, now a great grandmother, was the first visitor to the palace after the announcement. She inspired a tremendous ovation as her car glided through Buckingham Palace's gates. Tears filled her eyes then, and again when, as she left, the crowds swarmed over her car, yelled good wishes and were reluctant to let her go home. Princess Margaret, spending the weekend with the Earl and Countess of Scarborough in Nottinghamshire, was given the news by telephone. Philip sent messages to his mother, Princess Alice of Greece, and to his three sisters, in Germany. Sir Alan Lavelle, the King's secretary, telephoned the news to Home Secretary James Chuter Ede and filed telegrams to the governor general of the overseas dominions. Congratulatory messages, many from overseas, poured into the palace all through the night. Philip had a special cable from his uncle, Carl Mountbatten, who is commanding the First Cruiser Squadron at Malta. There had been an air of expectancy at the palace throughout yesterday afternoon and evening. The physician saw Elizabeth before dinner. Miss Margaret "Bobs" MacDonald, who has been Elizabeth's personal attendant since childhood, remained close to the Princess all evening. When the expected time of the birth came, Elizabeth was sitting with her lady-in-waiting, Lady Mary Strachey, and her midwife, Helen Howe. Sister Rowe called in Sir William Gilliat, Elizabeth's obstetrician, who examined the Princess and then called Sir John Wain, the royal family physician. The proud parents of the 22-year-old Elizabeth, King George and Queen Elizabeth, recovered the felicitation of their household in the royal suite. Although the crowd outside the palace shouted "we want Philip" and "we want Grandpa"—the King, no members of the Royal family appeared on the palace balcony to greet the crowd. It apparently was not considered appropriate for Philip to make a public appearance. WESLEYAN REFUSES MIDDLETOWN, Conn., Nov. 15 (AP)—Wesleyan's athletic department today turned down a bid to play in the New Year's Night Tangleing Bowl football game at Orlando, Fla. There are at least two goals in the average automobile steering system.

2 Witnesses

(Continued On Page Eight) "Whenever I sold a car I expected something as a tip," Manuel said he never asked for a tip but accepted "whatever they gave me." John T. M. Reddan, committee counsel, asked Manuel if he kept a record of his "tips." Manuel replied that he did. Reddan asked how he reported his "tips" on his income tax statements. Manuel wanted to know if he had to answer the question. Reddan said yes unless the reply would incriminate him. Manuel then testified, "I reported everything I made." In answer to other questions, Manuel said he did not know what he reported for income taxes for 1947. Reddan asked if Manuel's employer knew he was accepting "tips." Manuel replied "he certainly did not." The witness said he thought the practice of car salesmen taking tips was general all over the country, and that none of his customers ever objected to paying tips. Asked if he didn't think \$500 was a big tip, Manuel replied: "I don't think \$500 is a lot of money." Carl Mohrstedt, a Washington bartender, testified that he was the man for whom Cohn purchased a new Oldsmobile from Manuel and authorized a \$500 present. Harry Snider, owner of a Washington restaurant and bar, testified that he paid \$500 to Manuel. He said he got a few extras for the \$500 including one additional spotlight and two bumperettes. He said he didn't pay "much attention" to what he received for the \$500.

Supreme Court

(Continued From Page One) opposed a high court ruling, contending it would "remove the sole purpose of an advisory opinion" in favor of another strike threat in the future. The background on the port-to-port case is this: In 1946, the Supreme Court held that under the Wage-Hour act, workers are entitled to pay for time necessarily spent in preparing for their jobs after reporting to work. A flock of suits was filed for back pay, based on time spent in changing clothes at the plant; time spent going from the plant to working places, etc. Congress stepped in and in 1947 passed a law barring existing and future claims for port-to-port pay unless the claims were covered by employer-worker contracts or were recognized as valid by tradition or practice. Questions were raised at the time whether Congress had the right to make the law apply retroactively. The case coming before the high court was brought by employees of B. H. Hubbert & Son, Inc., who filed suit in U.S. district court in Baltimore. They asked overtime pay on the basis of the federal Wage-Hour Law. While their suit was pending Congress passed the "Port-to-Port" Act. The district court then dismissed the pay claims on the company's contention that the new law barred them. The U.S. Circuit Court in Richmond upheld the district court, causing the employees to appeal to the high tribunal. The appeal was filed by Pietro

Canada Asks

(Continued From Page One) posed action under Article 40, Chapter Seven of the U.N. Charter. The section permits the council to call upon the Jews and Arabs to "comply with such provisional measures as it deems necessary or desirable" in order to avert a threat to peace. The section makes no mention of measures to force compliance. Sir Alexander Cadogan of Britain said he is willing to discuss the Canadian resolution and the British suggestion at the same time. The British plan asks the council to extend its Negey truce resolution to Northern Palestine.

Shipping Strike

(Continued From Page One) The 67th annual convention of the American Federation of Labor was reviewed the work of the federation in contributing to President Truman's victory in the recent election and helping bring about a Democratic House and Senate. "Labor came through, met the issues bravely and won the greatest victory that labor has ever won," Green said. "We do not meet here in a vindictive mood, but rather with a feeling of tolerance and a desire to cooperate with all classes of people to work together to make America a freer, more democratic and just society, and to perpetuate our American form of government."

Police Question

(Continued From Page One) Main sculptor, also was questioned and later released. A civilian jeep owned by the slain couple was found parked across the street from the Florida East Coast Railroad station at West Palm Beach. A purse belonging to Lazzari's second wife, Mrs. Louise Debra Lazzari, was on the floor of the vehicle with its contents scattered about.

Caldwell Tells

(Continued From Page One) The report, by Harold Cole, executive vice president, showed that Florida had 62 business failures in 1947—68 percent less than in 1946. The national figures were 3,476 and 75. Cole listed 33 various gains in his report including: Income to individuals in 1947: \$2,671,000,000, a gain of 186 percent over 1946; cash income to farmers in 1947: \$346,476,000, a gain of 198 percent since 1946; income from livestock and products: \$91,967,000, a gain of 282 percent since 1946. Tourist trade, \$790,000,000; specialized crops possible only under Florida's climatic conditions, \$160,000,000; industrial products dependent on Florida's specialized crops, \$126,000,000—total \$1,065,000,000. Bank resources in 1947: \$1,820,290,494, a gain of 204 percent since 1946; estimated retail sales in 1947: \$1,993,000,000, a gain of 224 over 1946; passenger car registrations including taxis in 1947: 633,019, a gain of 34 percent over 1946. Value of commercial fish catch in 1946: \$36,863,990, a gain of 616 percent over 1946; value of total mineral production in 1946: \$31,357,680, a gain of 109 percent over 1946; estimated value of manufactured products in 1946: \$781,698,000, a gain of 223 percent over 1946; value of new construction in 1947: \$467,100,000, a gain of 142 percent over 1946. Assessed property value in 1947: \$3,107,725,727, a gain of 291 percent since 1946. Florida's percentage gains in many of these categories were above the national average gain and in one the advantage was very marked. This was in the number of business concerns. There were 34,419 listed for Florida in 1946, a gain of six percent over 1940. The national figure was 2,141,807 with a loss of one percent.

Rotary Meet

(Continued From Page One) Presbyterian minister from St. Louis, Mo. now living in Winter Park, also told of the fine work being done by some of the Rotary Clubs he has known. The Kansas City Club, he said, is sending 6,000 packages of food and clothing to needy Europeans every year, and another club of only 33 members is paying all the expenses to educate a blind boy to school and to educate him in medicine. Dr. Thomas paid tribute to Sanford as a fine town in which to live and to its enterprises in getting the New York Giants to train here. "The thing that makes a town is the people who live in it," he said, "and on my frequent visits to Sanford it has been my pleasure to meet many of the fine people who live here." He also said that he wished more in the North could understand the South and its problems as he did, and although he said he had lived in Florida for only four months he declared, with respect to civil rights legislation, that he could already see where there is much to be said for the South's point of view. He mentioned Calvin Coolidge as the only President in his life time to leave the White House still "sitting on top of the world." All the rest, he said, had made many enemies for themselves by their opposition to certain interests or certain classes. Coolidge came out without an enemy in the world, he continued, because he didn't do anything. Andrew Stine announced that the Merchants Association will hold a dinner at the Mayfair Inn next Monday night. Dr. C. L. Persons introduced the visitors as Gerald Fryerson and Elbert Thompson of DeLand and Charles Marlon of Lakewood, N. J. President George Stine presided.

Legal Notice

NOTICE UNDER EIGHTH SECTION OF THE NAME LAW TO WHOM IT MAY CONCERN: Notice is hereby given that the undersigned, pursuant to the "Fictitious Name Statute," Chapter No. 112, Chapter No. 20877, Laws of Florida, 1931, will register with the Clerk of the Circuit Court in and for Seminole County, Florida, a certain receipt of proof of the fictitious name to-wit: FICTITIOUS NAME: I am engaged in business located on 132 S. Dixie Highway in the Town of Casselberry, Florida. That the party interested in said business enterprise is Pauline F. Gibson. PAULINE F. GIBSON, Dated at Casselberry, Florida, Sem. Co., Florida, November 10, 1948.

New York Court

(Continued From Page One) means rendering it otherwise" and that the New York system is free from such elements. The U. S. Supreme Court decision in the case of McCollum vs. District 71 Board of Education of Champaign County, Ill., held that the public school systems may not be used to assist religious groups in giving instruction about their beliefs. Mrs. Vashli McCollum of Champaign had contended that a system of religious teaching in Champaign schools violated the principle of separation of church and state. Lewis' petition, filed last May 28 in Albany County, was based on the U. S. Supreme Court's decision in the McCollum case. Elsworth said that a reading of the opinions in the McCollum case leads to conclusion "that the constitutionality of a released time program is to be tested by a consideration of the factual aspects of the particular program under scrutiny." He said also that "it appears that at least five of the nine justices of the United States Supreme Court were in agreement upon the proposition that 'released time' as such is not unconstitutional."

Shipping Strike

(Continued From Page One) each Legionnaire in the States will donate a dollar, the drive can be had greatly enjoyed his work in completed. He revealed that he handled Boys State this year. Frank Caton, immediate past commander of the Department, introduced the speakers and the guests, among whom was Mrs. Sybil Routh of Sanford, Department Auxiliary historian, Al N. Tisher, commander of the 7,000 member Post No. 1 of Atlanta, revealed that he got behind the speaker in the drive for the children's hospital. Department Adjutant A. Reid Mann predicted that Legion membership in Florida would exceed that of last year, and urged Post No. 1 to get behind the crippled children's hospital drive.

## Truman Says Reds Must Lift Blockade To Resume Talks

### U.S. Stands Pat On Refusal To Reopen Negotiations Over German Problems

KEY WEST, Nov. 16, (AP)—President Truman said today that the United States is standing pat on its refusal to resume four-power negotiations on Germany until Soviet Russia lifts its blockade of Berlin.

KEY WEST, Nov. 16, (AP)—President Truman said today that the United States will not resume four-power negotiations on Germany until Soviet Russia lifts its Berlin blockade.

At the same time, he told a news conference that he will review the entire international situation with Secretary of State Marshall and serving ECA Administrator Harriman at the White House Nov. 27.

Mr. Truman made it clear that:

1. He has no plans for a meeting with Premier Stalin.
2. He will not leave Washington for such a conference, but that his invitation to Stalin to visit Washington still stands.
3. He has no plans to send an emissary to Moscow to talk with Stalin. He considered sending Chief Justice Vinson on such a mission during the closing days of the election campaign, but Marshall talked him out of it.
4. He is asking the bipartisan commission on organization of

## Truman Promises Enlargement Of Labor Department

### President Messages Legislation Program To Meeting Of AFL

CINCINNATI, Nov. 16, (AP)—Secretary of Labor Hubert H. Humphrey today promised 16,000 new workers were nine per cent behind the cost of living in earnings reported by the Bureau of Labor Statistics.

CINCINNATI, Nov. 16, (AP)—The administration side of the election campaign is playing an increasingly important part in shaping the nation's domestic and foreign policies.

Mr. Truman made no mention of the recent election or the part played by organized labor in it.

However, he sent his congratulations to President William Green and expressed regret that he could not attend the inauguration.

## Dade Liquor Dealers Rap Club Licenses

### Leon County Court Is Asked To Enjoin Director To Halt More Permits

TALLAHASSEE, Nov. 16, (AP)—Dade County retail liquor dealers today charged more club liquor licenses are being issued in their county than the law allows.

The South Florida liquor board, composed of 150 retail dealers, asked the Leon County Circuit Court to enjoin State Beverage Director James F. Vucelle from issuing any more licenses in Dade County.

No date for a hearing in the suit has been set.

The suit also charged that in some instances, gambling activities and law, lascivious and obscene shows that carried on within the confines of such clubs under the cloak or disguise of "benevolent, charitable or fraternal projects."

The dealers contended that they are required to pay over \$100 for consumption of the premises and \$1.25 for consumption of the premises.

Vucelle said the 1947 legislation also passed a special law for the City of Miami which removed the limitations on the number of club licenses.

Neutral observers, however, concluded to see the reports with considerable reserve and planning ahead for evacuation of American civilians and some others.

More than 100 British and other foreigners are expected to join Americans this week and when the second evacuation ship leaves Norfolk.

The government's return to regular rationing of rice has considerably eased the food problem.

Lee is found guilty on lottery charge.

Lee was found guilty by a jury in Circuit Court of a charge of selling lottery tickets, commonly known as Cuba or Bolita. No sentence has yet been pronounced by Judge M. B. Smith.

Lee's wife was released on bond, said G. P. Herndon, clerk of the court. The prosecution was conducted by State Attorney Murray Overstreet and George A. DeCottis. G. W. Spencer was attorney for the defense.

John Hendrix yesterday morning pleaded guilty to a charge of theft of Nov. 11 of a County owned Dodge pickup truck. He had been arrested after a chase by Sheriff P. A. Afro from the Municipal Airport.

The case of Vesta Lee Jones, colored, charged with breaking and entering, was held pressed.

New clues found in murder of Lazzari.

WEST PALM BEACH, Nov. 16, (AP)—Five cartridge cases definitely established as having come from the weapon used to kill sculptor Leno Lazzari, 48 and his wife, Louise, 45, have been found on the highway at Delray.

## Nationalists Claim Suchow Battle Victory

### U.S. Embassy Warns Americans To Move Out Of China Or Face Large Risks

NANKING, Nov. 16, (AP)—The Chinese government claimed a major victory on the Suchow front tonight to climax a confused day which still left the final outcome of the battle for the approach to Nanking in doubt.

The government news paper explained their buildings with red posters and exploded firecrackers to call attention to placards announcing the Communists had been driven northeast of Suchow and were withdrawing northward.

The news, circulated by the government's official military news agency, was in direct contrast to the generally accepted reports from other sources that the government control of the whole area was still in doubt.

The U.S. embassy warned some 7,000 Americans to get out of China now or risk "large-scale" evacuation.

Government spokesmen, including Foreign Affairs, said Suchow had fallen to the Communists. The city is firmly in our hands and the Reds are withdrawing to the northward.

The Associated Press, quoting the Communist Daily News, said the Chinese government had announced a general Communist withdrawal northward from the Suchow front.

Neutral observers, however, concluded to see the reports with considerable reserve and planning ahead for evacuation of American civilians and some others.

More than 100 British and other foreigners are expected to join Americans this week and when the second evacuation ship leaves Norfolk.

The government's return to regular rationing of rice has considerably eased the food problem.

New clues found in murder of Lazzari.

WEST PALM BEACH, Nov. 16, (AP)—Five cartridge cases definitely established as having come from the weapon used to kill sculptor Leno Lazzari, 48 and his wife, Louise, 45, have been found on the highway at Delray.

Deputy Sheriff Jack Blimins, head of the Palm Beach County sheriff's identification bureau, said at least one of the cases matched identically with a slug taken from Lazzari's body.

Delray is about six miles north of the murder scene on the highway to West Palm Beach.

## Lie-Evatt Move On Berlin Blows Up In Council Meet; UN Orders Israel Armistice

### Resolution By Canada, Supported By Belgium, France Is Adopted In Meer

PARIS, Nov. 16, (AP)—The United Nations Security Council ordered Arabs and Jews today to establish an immediate armistice in Palestine.

The council's order said an armistice would "facilitate the transition from the present time to a permanent peace in Palestine."

The council voted on the resolution in a session that Russia and the United States abstained.

Previously the council rejected a Russian proposal calling for the immediate establishment of a federal government.

The resolution adopted was supported by Canada, Belgium and France. The council rejected a Soviet attempt to amend the resolution to include the United States.

The United States, abstained from voting. A general peace in France, Canada and China supported the resolution's original text after the Soviet amendment failed.

## More Witnesses Tell Of Making Auto 'Bonuses'

### Critics On Used Lots Marked \$700 Over Last Group Told

WASHINGTON, Nov. 16, (AP)—Another series of witnesses told a House committee today that "bonus" payments to get new automobiles. They ranged from \$300 to \$400 on Hudsons obtained from the New York Avenue Motors Co.

The House group is inquiring into automobile trade practices in the District of Columbia. Headed by Rep. Mervyn Dymally, it is a special committee on unfair trade practices.

Joseph Curran, president of the District of Columbia Automobile Dealers Association, has estimated that such payments are costing new car buyers across the country millions of dollars.

The committee opened hearings yesterday with testimony about \$400 "tips" paid by buyers who got new cars from the Keeney Oldsmobile Co.

Among today's testimony was that of a New York Avenue Motors Co. salesman who said he had paid \$400 extra to obtain quick delivery of a new Hudson sedan.

John A. Raskin, a GI student, said he got one-day delivery on a new Hudson sedan February by paying a \$100 bonus to the New York Avenue Motors Co.

Arthur J. McCarriek, Arlington, Va. government employee, called the extra payment of \$300 for a new Hudson a "bonus payment."

Raskin told the committee he had paid \$400 extra to obtain quick delivery of a new Hudson sedan.

Under questioning, Raskin said he did not tell committee investigators about the "overpayment" when he first questioned him. He said he was told by George F. Adkins, salesman for the New York Avenue Motors Co., to pay the \$400 markup as a "happy ending."

Some cars on used automobile lots, Raskin commented, were marked as high as \$700 above their actual value and were sold at that price.

Under questioning, Raskin said he did not tell committee investigators about the "overpayment" when he first questioned him. He said he was told by George F. Adkins, salesman for the New York Avenue Motors Co., to pay the \$400 markup as a "happy ending."

## Rail Workers Are Laid Off As Ship Row Spreads

### CIO Chieftain Offers To Help Striking AFL Dock Workers

NEW YORK, Nov. 16, (AP)—Approximately 1,000 railroad workers were laid off today as the longshoremen's strike tightened its grip on east coast shipping.

The queens of the American and British passenger fleets were dock-bound.

Joseph Curran, president of the powerful CIO National Maritime Union, offered his help to the striking AFL dock workers.

He asked for a meeting to discuss problems in connection with the walkout, and said NMU seamen had been instructed not to perform duties ordinarily handled by longshoremen.

The New York Central laid off 720 employees and the Central Railroad of New Jersey 250 workers. Those affected are engaged in handling import and export freight.

Other railroads said they would have to take similar action if the strike last very long.

Canadian ports were sealed off as haven for ships which normally dock at New York. Canadian officials of the AFL International Longshoremen's Union refused to handle such ships at Halifax, Montreal and St. John.

The strike of 65,000 longshoremen which has tied up east coast shipping is continuing on Page Six.

## Fuller Warren Names Members Of Road Department

ORLANDO, Nov. 16, (AP)—Governor-elect Fuller Warren today named his appointees to the State Road Department. They are:

Alfred A. McKethan, 41, of Brooksville, president of the Herndon State Bank, immediate past president of the Florida Bankers Association, a citrus grower, president of the Brooksville Citrus Growers Association and a member of the State Democratic Executive Committee.

John Taylor, 55, Jacksonville, real estate and insurance executive, veteran of World War I and native of Gainesville.

Morton G. Nelson, 34, of Panama City, operator of a large automobile agency, president of the Commercial Bank of Panama City, director of Gulf Power Co. and Atlanta and St. Andrews Bay Railroad Co.

Merrill P. Barber, 33, mayor of Vero Beach, president of the Indian River Citrus Bank, president of a cattle and horse raising business, a native of Lake County and active in the state guard during World War II.

Warren, who announced the appointments while here attending sessions of the State Chamber of Commerce, is continuing on Page Six.

## Russians Request 4 Power Session To Discuss Question On All Of Germany

PARIS, Nov. 16, (AP)—Russia, replying to the peace appeal of top United Nations officials, held firm to her previous position today and the western powers also were reported standing pat.

Russia rejected the still insists on taking up the question of all Germany in any negotiations on Berlin.

Representatives of the United States, Britain and France met with the Russian reply was made public. A statement later said "their discussions showed a complete identity of views" which could mean only that the western powers were standing pat on the question that the Berlin blockade is a negotiable issue.

The Russian position was made public. A statement later said "their discussions showed a complete identity of views" which could mean only that the western powers were standing pat on the question that the Berlin blockade is a negotiable issue.

## Salmagundi Given All American Title By Scholastic Press

Salmagundi, Seminole High School year book, has again brought credit to its editors and sponsors by being given All American honor by the National Scholastic Press Association. It was announced this morning by Miss Rebecca Stevens, who with Mrs. Mae Fort, was a faculty sponsor of the year book.

Margaret Partin served as editor. Seminole High School was classified in the competition among 101 schools with enrollment of 300 to 499, and of these only 12 high schools throughout the whole United States had year-books with All American rating.

Miss Stevens, Seminole, said among the 97 out of 728 schools with enrollment up to 2000 to win the honor.

Section by section Salmagundi was given excellent rating, said Miss Stevens. The year book had as its central pictorial interest and theme the great "Life Begins at 82" which is humanized to the extent of revealing the students activities and frivolities that occurred during the year under its spreading boughs.

This morning the students enjoyed a play directed by Mrs. Boyd Coleman, and given under PTA sponsorship in the school auditorium and entitled, "A Woman's Wedding."

Four students and two faculty members, who left for Mobile Ala., Wednesday to attend the

## Junior High Hears Talk On Recreation

The need of good, wholesome recreation for adults as well as for youth, was emphasized last evening in a talk given at the Junior High School to members of the Seminole County Teachers' Club by J. H. Boswell, physical education department head of the University of Florida.

In addition to athletics, other activities such as art and craft work, dramatics and music can be enjoyed in a community, Mr. Boswell pointed out. All children should be taught how to spend leisure time, he said.

An interesting message was shown, depicting how a community can work out a recreational program by being the facilities that are now available, while working on plans to promote leisure activities for all ages, and for all seasons of the year.

## U. S. Builds Field

JACKSON, Miss., Nov. 16, (AP)—The United States is building a field behind the Sahara Desert for the European continent, the Senator O. Eastland of Mississippi says.

In a speech to a civic group yesterday, he warned that Russia is preparing offensive war machinery.

## USDA Says Fall Truck Crops Will Show Big Increase

ORLANDO, Nov. 16, (AP)—The USDA experiment station said in its mid-November bulletin that prospective fall production of truck crops was indicated as one-third larger than the 1947 tonnage.

For Florida, indications were for 2,370,000 bushels of early fall crop beans, 16 per cent larger than the about average crop of last year while late fall indications were for a heavier harvest than a month ago.

The late fall cucumber crop was improved and a higher production than a month ago is seen. The 408,000 bushels expected is below last year but more than double the 1937-40 average.

The indicated egg plant crop of 240,000 bushels is 46 per cent larger than in 1947 but only five per cent above the 1937-40 average.

Green pepper prospects have improved with Florida and Texas production seen as 649,000—two per cent smaller than 1947 and 18 per cent smaller than 1937-40.

The Florida-Texas late fall tomato crop is seen as 2,047,000—10 per cent larger than last year and a little more than double the 1937-40 average.

## Judges Are Selected For Jaycee Contest

TAMPA, Nov. 16, (AP)—Five Floridians were named today as judges in the statewide "I speak Democracy" high school speaking contest sponsored by the Florida Junior Chamber of Commerce.

Woodrow Jones, Tampa, Chairman of the Jaycees' Americanism Committee which is promoting the contest, said the judges will be Mrs. J. Floyd Griffin, of Tampa, chairman of the Florida Junior Chamber of Commerce; former Governor Doyle E. Carlton, local attorney; E. D. Lambright, editorial director of the Tampa Tribune; Dr. E. C. Nance, president of the University of Tampa, and Herbert T. Anderson, manager of radio station WTSP, in St. Petersburg.

## BECOME CATHOLIC

NEW YORK, Nov. 16, (AP)—Elizabeth T. Bentley, self-styled "Soviet spy queen," has embraced the Catholic faith.

## Lees Is Found Guilty On Lottery Charge

Andrew W. Lees was today found guilty by a jury in Circuit Court of a charge of selling lottery tickets, commonly known as Cuba or Bolita. No sentence has yet been pronounced by Judge M. B. Smith.

Lees was released on bond, said G. P. Herndon, clerk of the court. The prosecution was conducted by State Attorney Murray Overstreet and George A. DeCottis. G. W. Spencer was attorney for the defense.

John Hendrix yesterday morning pleaded guilty to a charge of theft of Nov. 11 of a County owned Dodge pickup truck. He had been arrested after a chase by Sheriff P. A. Afro from the Municipal Airport.

The case of Vesta Lee Jones, colored, charged with breaking and entering, was held pressed.

## New Clues Found In Murder Of Lazzari

WEST PALM BEACH, Nov. 16, (AP)—Five cartridge cases definitely established as having come from the weapon used to kill sculptor Leno Lazzari, 48 and his wife, Louise, 45, have been found on the highway at Delray.

Deputy Sheriff Jack Blimins, head of the Palm Beach County sheriff's identification bureau, said at least one of the cases matched identically with a slug taken from Lazzari's body.

Delray is about six miles north of the murder scene on the highway to West Palm Beach.

"This is a very important development," said Chief Deputy Walter I. Minton, in charge of the case.

## GETS BOWL BID

MEMPHIS, Tenn., Nov. 16, (AP)—William and Mary has been extended an invitation to participate in the New Year's Day Delta Bowl football game at Memphis.

## J. B. Keith To Be Speaker At Meet Of City Merchants

J. B. Keith, president of the Orlando Chamber of Commerce, will be the guest speaker at the annual meeting of the Sanford Merchants' Association to be held at the Mayfair Inn on Monday night, Mrs. C. E. Ginn of Sanford, announced today by President W. A. Morrison.

The management of the Mayfair Inn has made it possible for Keith to speak at the meeting. Keith will give Sanford people the first opportunity of a luncheon in the hotel since it has been taken over by the Morrison family.

Keith is being mailed to members of the association for the election of officers for the organization for the coming year.

Tickets for the dinner may be obtained from Andrew Stewart, special events committee chairman, or any director of the Merchants' association, Mr. Morrison said.

## North Dakota Dentists Are Using Psychosomatic Sleep As Anesthetic

FARGO, N.D., Nov. 16, (AP)—Seven North Dakota dentists are successfully using psychosomatic sleep, generally known as hypnosis, as an anesthetic leaving patients with no discomfort or pain.

The technique was reported 97 per cent effective in trials on 250 patients since last February. The "suggestive anesthesia" was developed with the aid of Dr. Thomas R. Burgess, director of the psychology department at Concordia College, Moorhead, Minn.

In their first report on the development, six Fargo dentists had made up offices at Enderlin, N.D. made these major points:

Psychosomatic sleep is safe and will in no way affect a patient's mind, character or general health; a patient cannot be placed into the sleep against his will, nor can he be made to violate his moral, religious or ethical code of life; a subject has complete control of his own will while in the trance, will always awake from it on an order from the operator or at a time previously set by the operator, and the operator need not be present at the awakening.

The dentists made their findings public last night at a meeting of the southern district of the North Dakota Dental Society. They said only 11 of the 250 patients failed to go into trances at first sittings. Four of these were put asleep in later sessions. Subsequently, four more of the 11 were placed into deep sleep but were unable to produce anesthesia. The remaining 235 were completely asleep.

The practitioners said every type of dental operation was performed, including filling of teeth, extractions, removal of live nerves from teeth and maxillary surgery. Bleeding was controlled and there

## Resolution By Canada, Supported By Belgium, France Is Adopted In Meer

PARIS, Nov. 16, (AP)—The United Nations Security Council ordered Arabs and Jews today to establish an immediate armistice in Palestine.

The council's order said an armistice would "facilitate the transition from the present time to a permanent peace in Palestine."

The council voted on the resolution in a session that Russia and the United States abstained.

Previously the council rejected a Russian proposal calling for the immediate establishment of a federal government.
