JOHN LEIH... President of the Seminole Management Company, purchasers of Seminole Downs, plans on taking an active part in the new enterprise.

Reconstruction To Start May 1

By JOHN A. SPOLSKI
Herald Sports Editor

Just as soon as the ink dries after tomorrow's signing, there'll be about one and a half million dollars changing hands. Along with the monetary change, the new owners are hoping for a change in fortunes for the presently unprosperous Seminole Downs. And that takes us to still another one of the many coming changes, the name for the track, itself.

The Sanford Herald has learned that the three principals representing the Seminole Management Company — Lou Keller, John Leih and Rudolph Mathey — will probably get the actual reconstruction underway around the first of May.

It is expected that a new general manager also will be appointed and residing in the area by that date.

Keller, chairman of the board, is a resident of Virginia Beach, Va., and a successful home builder in that area. Leih, of Glen Head, N.Y., will serve as president of the SMC, and is also the vice president of Blyth and Company, a New York Stock Exchange company.

Mathey is an Orlando attorney handling the legal transaction and also will serve as the secretary for the newly formed business group.

A number of names are being considered for the track including Dixie Downs, Swanee, Mid Florida Downs. However, it may be presumed that the eventual selection will be neutral in not favoring either Seminole or Orange County.

The present location started as a private track back in 1924 as the personal favor of R. J. Reynolds, giant of the tobacco industry. Included were 12 bedrooms located directly above the field house and used for the Reynolds' family.

In this same year, it was operated as a thoroughbred track, but shutdown two years later in '26.

Another try in 1928 as the winter training site for harness horses provided a ray of hope for its investors, only to see their dreams crash along with the national depression.

On intermittent occasions of big build-ups and short seasons, attempts were made hoping for it to become a financial success.

The 'jinx' showed itself again as late as 1966, when it tried unsuccessfully for one season of trotting, and has remained closed until the present time.

Survivors are one daughter, Mrs. Martha Bishop Ashby, a son, Don Bishop, 10 grandchildren and two great-grandchildren.

Funeral services will be conducted at 10 a.m. Saturday at Holy Cross Episcopal Church with Rev. Leroy D. Soper Jr. officiating. Burial will be in Evergreen Cemetery.

Brison Funeral Home is in charge of arrangements.

Want to see a one-in-a-million photograph? Take a gander at the exclusive picture shown on sports page 7A in today's Herald. It shows three — count 'em three — dogs winning the ninth race at the Sanford-Orlando Kennel Club last night. Learn how, Jeanie Rock and E. L.'s Royal Mixer nosed the finish line in a dead heat.

Two members of Seminole Community Action voted against the resolution calling for a unitary school system using all existing school facilities at the SCA general membership meeting Tuesday evening. The resolution was adopted overwhelmingly, however, and left no doubt the group is opposed to having any of the county schools closed.

Congressman Bill Chappell is spending two weeks in the Fourth Congressional District during the Easter recess of Congress. Daytona Beach office — serving Seminole County — will be at 523 North Halifax Avenue and will open with an open house from 4 to 6 p.m. April 9.

County Attorney Harold Johnson did it again. He lit up his cigarette and leaned back to enjoy it at the County Commission meeting Tuesday before individual members of the Board indicated what he put it out. Smoking is banned at the Commission meetings.

Two familiar faces appear in the Sunshine Service News house organ of the Florida Power and Light Company. Pictures show James E. Grant, executive vice president, receiving a plaque for service to the Sanford Kiwanis Club from Arthur Beckwith Jr.

SIC Director Don Rathel is in Jacksonville today talking over local financing for base industry with Small Business Administration.

Police Chief Don Brumley at Casselberry had a most unusual complaint: A prisoner complained of being LOCKED OUT of jail. Seems the jailhouse was fully occupied and a trusty had to give up his cell and sleep in the rear end of a cruiser. (Sounds like the old kangaroo court, wherein a new prisoner was charged with breaking into jail by the other prisoners, and subsequently fined \$1 for the common-to-becco fund.)

Good Friday Rites Slated

By JULY WELLS

Annual Good Friday services conducted under auspices of Seminole Area Ministerial Association will be from noon to 5 p.m. at the Church of the Salvation Army, 113 Maple Avenue. Participating ministers will speak on "The Seven Last Words From The Cross."

Scheduled words and times are: "Word of Forgiveness," Rev. Charles Warner of Free Methodist Church, 12:05-12:25; "Word of Penitence," Richard Marshall of Sanford Christian Church, 12:25-12:45; "Word of Lamentation," Rev. Thomas H. Makin of Presbyterian Church of the Covenant, 1:30-1:45; "Word of Human Need," Rev. William Norris of Church of the Nazarene, 1:45-2:05; "Word of Fulfillment," Rev. William Burke of African Methodist Episcopal Church, 2:10-2:30; and "Word of Trust and Surrender," Rev. Fred B. Chance of First Baptist Church.

Special music during the three-hour service will be presented by Mrs. William E. Moore, Cliff Sumner, Dave Heron, Miss Sherri Rogers and Mrs. B. B. Ryan, soloists, and by the A.M.E. Church Choir.

Offering received will be used for the varied ministries of the ministerial association, which in the past have included work with the mental health program, the Florida migrant ministry, and furnishing the chapel at Seminole Memorial Hospital.

The service will open with two organ preludes, "I Cry To Thee, Lord Jesus (Reverent and Communion (Private) with Mrs. George Tully at the console.

Following a hymn sung by the congregation the choir will be heard in the anthems "Into The Woods My Master Went (Rowley), Drop, Drop Slow Tears (Graham), Kyrie (Shubert) from Mass in G major, Blessed Is The Man (Marshall), How Lovely Is Thy

Sixth Graders To Hear Concert

After six years, the hopes and plans of many music-lovers in Seminole County have borne fruit.

Two concerts are scheduled for the 54 classes of sixth graders in the Seminole school system. Some 1,712 students will have the opportunity to hear the famed, all-professional Florida Symphony Orchestra in a live symphonic concert on April 11 at the Civic Center. To accommodate all the students of grade six, two performances are scheduled at 10 a.m. and 11:15 a.m.

Six years ago, efforts were made, but plans failed due to lack of sufficient interest and funds.

According to Mrs. Colleen Pope, public relations director of the Florida Symphony Orchestra, time almost ran out for the scheduling of the concert this year. However, when she called George Tully, Chamber of Commerce president, and executive vice president of First Federal Savings and Loan, he pursued the matter.

Tully called bank presidents throughout the county and they agreed with the cooperation of the School Board to sponsor the program.

The concert is called "American."

Selections scheduled to be performed by the orchestra under Hermann Herz, music director and conductor, include Overture to "Candide" by Leonard Bernstein; Symphony No. 9 in the minor Opus 96 ("From the New World") by Mendelssohn; Second Movement (Largo) by Antonin Dvorak; Huedown, from "Rodeo" by Aaron Copland; Crossword Puzzle by George Gershwin; String Orchestra by Kent Kern; "Theme from 'Happily Ever After'" by Jerry Andrus; and Trail from "Grand Canyon Suite" by Ferde Grofe; The Walking Cat by Leroy Anderson and Selections from "Overture

George Bishop Dies; Retired Civic Leader

George Donald Bishop, 85, prominent Sanford civic leader and a former city commissioner for a number of terms, died Wednesday night at Seminole Memorial Hospital following a long illness.

Born in Norwich, Conn., he came from California to Sanford in 1915. He was president of the Crown Paper Company until its dissolution in 1947; was instrumental in founding First Federal Savings and Loan Association of Sanford and served as its first president; was a director of Sanford Atlantic National Bank since 1935, and at time of his death was director emeritus.

He also played an instrumental part in securing the channel deepening of the St. Johns River from Jacksonville to Sanford.

Survivors are one daughter, Mrs. Martha Bishop Ashby, a son, Don Bishop, 10 grandchildren and two great-grandchildren.

Funeral services will be conducted at 10 a.m. Saturday at Holy Cross Episcopal Church with Rev. Leroy D. Soper Jr. officiating. Burial will be in Evergreen Cemetery.

Brison Funeral Home is in charge of arrangements.

3 Win Top DCT Honors

By DONIS GOHRLY

Awards to three outstanding participants in Seminole High School District's 13th annual DCT (Diversity, Creativity, Teamwork) Training program were presented by Louis Girard, coordinator, last night at the group's 13th annual DCT Employer-Employee Banquet in the school cafeteria.

Lynn Smith, an employee of United States Bank of Seminole, received the superior performance award. Ronald Beatty, Florida State Bank employee, was given the most interesting award and Wanda Chesser, employed by Gator Luncher Company, received the academic achievement award.

Mrs. Mae Fort was presented an honorary membership in the DCT.

Girard was presented a plaque and a poem, written by members of the club, was read to him by Bobby Polanski in "appreciation of his work for the group."

Program for the evening was presented by Dr. Philip Westgate of the Agricultural Experiment Station, who showed slides and described his trip to Alaska.

Introductions of guests was made by Kathy Augusto and invocation was given by Rev. Austin Phillips of First Southern Methodist Church.

The buffet dinner was prepared and served by Mrs. Lucille Fessler and her lunch room staff. Floral arrangements were done by Mrs. Elizabeth Morris and Mr. and Mrs. J. H. Lee furnished terms.

L. E. Williams, area supervisor of Winn-Dixie Stores, spoke briefly, praising the DCT program.

Entertainment was provided by Richard Carver and William Griffiths, who sang and played guitar, and Elizabeth Priest, pianist, and Louise Taylor, soloist.

Employees were presented certificates of appreciation by the students.

Fish Deaths Spreading

Val Hobbs, Seminole County sanitarian, reported this morning that an investigation is continuing into the search for a cause of the fish deaths in Lake Dot, located in the Sunland subdivision south of Sanford.

Hobbs said that the Florida Game and Fresh Water Fish Commission will continue its investigation and results of what is causing the contamination probably will be known tomorrow morning.

Seminole County officials are also investigating fish deaths being reported in Lake Mary, one of Seminole County's purest lakes. Hobbs told the Herald that at this time there is nothing to be alarmed about unless the deaths continue in the huge fresh water lake.

U. S. Blasts Commies For Using Laos, Cambodia

PARIS (AP) — The United States charged North Vietnam today with violating the sovereignty of Laos and Cambodia by using them for transportation routes and operating bases in attacks on South Vietnam.

The U.S. declaration was made by Ambassador Lawrence Walsh, deputy U.S. negotiator, at the 11th full-scale session of the Vietnam peace talks. The meeting was the first since the exchange of charges between the two sides without any sign of progress.

The spokesman for the Viet Cong's National Liberation Front denied the talks had produced any gain since they began. He said that reports of progress were "nothing more than propaganda on the part of President Nixon's administration."

Walsh, speaking in the absence of Ambassador Henry Cabot Lodge, pressed once more for a mutual withdrawal of troops but the North Vietnamese and the front insisted on their previous demands for an unconditional withdrawal of U.S. and allied forces.

The exchanges also touched on proposals for private talks, but North Vietnam and the front continued to criticize the offers without actually rejecting them.

Tran Van Kiem, leader of the National Liberation Front's delegation, told the 11th weekly session of the enlarged talks: "The key to the settlement of the present South Vietnamese problem is that the United States must withdraw its own and satellite troops from South Vietnam without any condition."

It is a demand that the Viet Cong and North Vietnam have made for years.

Kiem not only accused the United States of stepping up the war in South Vietnam. He charged it with violating Cambodia and shelling the territory of Cambodia and of increasing air attacks on Laos, "surpassing even the tonnage of bombs dropped on North Vietnam in the fiercest bombing period."

Referring to the recent flurry of American statements about progress in the Paris talks, Kiem said:

"The Nixon administration is trying its best to make people believe there has been progress in the negotiations and that everything will be settled within a certain time. This is a position of strength on the battlefield and at the conference table. That is why the Paris conference on Vietnam has made no progress at all."

He repeated his charge that the American ordered South Vietnamese President Nguyen Van Thieu to put forward his offer for private talks with the NLF. Once again, however, Kiem stopped short of clear-cut rejection.

North Vietnam's Yuen Thieu made a declaration similar to that of his Viet Cong ally. He accused the Nixon administration of following the policies of President Johnson and of intensifying the war throughout the area.

Mideast Peace Talks Open

UNITED NATIONS, N.Y. (AP) — Like the Vietnam peace talks, the Big Four sessions on the Middle East are expected once a week, but options on the prospects for progress differ.

The Middle East talks were to begin today with the U.N. delegation from France, the Soviet Union and the United States meeting behind closed doors at the headquarters of France's U.N. mission.

Well placed sources expected procedures to be decided at the first meeting and predicted the Soviet Union and the United States might attempt to get a Big Four conference on the Middle East failed before the six-day Arab-Israeli war in June 1967. They offered the proposal again last Jan. 18, asking that the Big Four—all of them permanent members of the U.N. Security Council—meet in the conditions for implementing the council's November 1967 resolution setting forth principles on which the war should be settled.

The United States made a counterproposal Feb. 1, asking that the session's U.S. ambassador first seek a preliminary understanding in bilateral talks. These discussions began six days later, and the United States finally consented March 24 to four party meetings.

Both the United States and the Soviet Union, which submitted a proposal for Big Four talks last Dec. 26, said the discussions should be aimed at helping Gen. U. Thant's special Middle East envoy.

Jarring has covered the Middle East, seeking a settlement in line with the 1967 resolution, which calls for Israeli withdrawal from territory seized in the six-day war, Arab recognition of Israel as a sovereign state, a just solution for Palestinian refugees and freedom of navigation in international waterways.

The French were hosts to the first meeting because they initiated the idea.

One French attempt to get a Big Four conference on the Middle East failed before the six-day Arab-Israeli war in June 1967. They offered the proposal again last Jan. 18, asking that the Big Four—all of them permanent members of the U.N. Security Council—meet in the conditions for implementing the council's November 1967 resolution setting forth principles on which the war should be settled.

The United States made a counterproposal Feb. 1, asking that the session's U.S. ambassador first seek a preliminary understanding in bilateral talks. These discussions began six days later, and the United States finally consented March 24 to four party meetings.

Both the United States and the Soviet Union, which submitted a proposal for Big Four talks last Dec. 26, said the discussions should be aimed at helping Gen. U. Thant's special Middle East envoy.

Airport To Open

J. S. (Red) Cleveland, airport manager, said he had talked with Lee Harvey Oswald, Florida Development Commission's aviation director, today and was informed that an interim permit to allow airport operations at Sanford Airport was being typed for sending here to allow air landings by Saturday.

Cleveland said the big X-15 plane was being used for sending here to allow air landings by Saturday.

The airport manager said no service of aircraft will be done at the port until a fixed base operator can take over the duties involved with running a complete department.

A public hearing will have to be held later to allow nearby residents to voice their objections to the base operation before a final approval is given by the state.

Representatives of all the U.S. armed forces were among the 59 business and professional people who spoke before groups of students at Seminole High School this morning in the "Career-In" program. Jackie Edwards, student guide, (second from right) examines one of the medals awarded by speaker, S/Sgt. Richard Evans of the Marine Corps while two other speakers, Miss Emma Spencer, recreationist, and Bert Hollingworth, accountant, look on.

Teen Dies In I-4 Crash

By TOM ALEXANDER
A 17-year-old Seminole High School student died today in a head-on collision with a truck on Interstate 4 near Sanford.

The Florida Highway Patrol today reported that the crash occurred at about 10:30 a.m. on the eastbound side of I-4, about 10 miles north of Sanford.

The teen-ager, identified as James Earl Smith, was driving a 1968 Ford Mustang coupe. The truck involved was a 1967 Chevrolet.

Smith was pronounced dead at the scene. The driver of the truck, a 45-year-old man, was uninjured.

The cause of the crash is still under investigation.

Moscow Threatens Czechs

PRAGUE (AP) — Moscow today threatened Czechoslovakia's leaders to prevent further anti-Soviet demonstrations or Soviet occupation troops would step in, foreign newsmen have been told.

The message was brought to the Czechoslovak government by Soviet Defense Minister Andrei Grechko and Deputy Foreign Minister Vladimir S. Semenov who arrived on Monday.

The Soviet news agency Tass said the two were sent "on instructions of the Soviet government." Since their arrival they have met several times with the leaders of the Czechoslovak Communist party.

Foreign newsmen were told the ultimatum they brought gave Czechoslovak authorities a choice between halting further anti-Soviet demonstrations on their own or asking for help from Soviet troops.

It is the first time since the invasion last August that Soviet tanks would run down the streets of Prague.

Area Deaths

MRS. HERMINIA BURNELL, 76, of 1105 E. Fourth Street, Sanford, died Wednesday afternoon at her home.

Survivors are a brother, J. Hugh Brown of Sanford, and a sister, Mrs. A. M. (Peggy) Shubert of Sanford.

Funeral and burial arrangements are under direction of Brown Funeral Home.

S/SGT. HERBERT F. MOORE, 31, of 1105 E. Fourth Street, Sanford, died Wednesday afternoon at her home.

Survivors are a brother, J. Hugh Brown of Sanford, and a sister, Mrs. A. M. (Peggy) Shubert of Sanford.

Funeral and burial arrangements are under direction of Brown Funeral Home.

MILLARD F. COMSTOCK, 70, of Hilley's Fish Camp, Oviado, died Wednesday.

A native of Buffalo, N. Y., he came to Oviado four years ago. He was a retired mechanical engineer and was an Episcopalian.

Survivors are one son, Millard F. Comstock of Winter Park, and 12 grandchildren.

Nilback Funeral Home, Casselberry, which is in charge of arrangements, advises the family requests no floral offerings be made.

CARL C. BRISTOW, 60, of 807 W. Second Street, Sanford, died at 9 p.m. Wednesday at Sanford Hospital.

A veteran of World War I and World War II, he had made his home in Sanford for the past 20 years and at time of his death was commander of the Sanford Campbell-Loring American Legion Post 83. He was a past commander of World War I Veterans Burial Home.

Oviado School Pact Let

An agreement between Seminole County District School Board and Dick Holland, Inc., an Orlando general contracting firm, for the construction of Oviado Junior-Senior High School second phase was signed today at the school administration building.

The \$1,200,000 facility will be completed by Aug. 10, 1970, with a ground-breaking set for April 15.

The project was announced by Dick Holland, Inc., which is architect for the project, which will contain an administration, library, expansion; activities center, which includes a combination cafeteria and auditorium; a music building; a remodeling of existing science building, with additions to include basketball courts, a gymnasium, a swimming pool, a tennis court and a bus drop-off area.

Switzer Associates, a Winter Park firm, is architect for the project, which will contain an administration, library, expansion; activities center, which includes a combination cafeteria and auditorium; a music building; a remodeling of existing science building, with additions to include basketball courts, a gymnasium, a swimming pool, a tennis court and a bus drop-off area.

Quick Thinking Saves Life

An Orange County man lives today due to the quick thinking and action of one of Sanford's summer heroes and he is not even aware of the Sanforite's name.

Don Knight, of 2541 Magnolia was over at Port Canaveral this past Sunday enjoying his family's company and waiting for his father to come off the water with his shrimp boat.

While waiting at the end of the jetty, he noticed a man in a flailing boat. He was 50 yards away, so out of sight. He went quickly to the site, found the man's foot sticking out between the rocks with his head submerged in about two feet of water.

Knight found the fisherman, applied first aid to a severe wound on his head and helped him to a friend's car who, in turn, transported the injured fisherman to the hospital.

"He was barely conscious when I got him to the car," he had begun to turn blue but he didn't require any artificial respiration, I guess because I got him out in time.

"I was just the thing to do at the time. The first aid I received with the Seminole Squadron of the Civil Air Patrol was one of the best," Knight declared. Knight is commander of the local unit.

Knight also did not take the time to inquire the name of the man whose life he saved.

U. S. Launches Drive Against Giveaways

WASHINGTON (AP) — The Federal Trade Commission, under attack as a do-nothing agency, has called on its final take action on gas station giveaways — the giveaways do not give away anything of value, but are given away for free.

The commission, ending six weeks of hearings on the matter today, was asked on one hand to ban the games entirely. On the other hand, the FTC has been asked to regulate the games by requiring the gas station operator to disclose the true odds of winning.

The commission, ending six weeks of hearings on the matter today, was asked on one hand to ban the games entirely. On the other hand, the FTC has been asked to regulate the games by requiring the gas station operator to disclose the true odds of winning.

REA Office Shut Down

Sanford's Railway Express Agency at 600 West Ninth Street has closed its doors, Clarence Collins, who has worked at the office for the past eight years, reported.

Collins said the local agency has been consolidated with the Orlando office. However, it is planned in the near future to open an Orlando and Orlando office with a local merchant.

Only REA office, which is a branch of the Orlando office, is located in Altamonte Springs.

Bridge Winners Named

Fifteen tables in two sections were in play at Tuesday's 1 p.m. games of the DelBery Bridge Club in the Plantation Room of the DelBery Restaurant. Play was directed by Miss Ethel Johnson.

Section A winners were NS, first, Mrs. Abby Richardson and Mrs. Gloria Arcadi; second, Mrs. Frank A. Beason and Mrs. O. N. Lasky; third, a tie, Mrs. A. G. Beason and Mrs. Frank Holder with Mrs. William Woodcock and Mrs. Edwin Wacker.

EW, first, William Stone and W. G. Lutz; second, Mr. and Mrs. John Deavers; third, Mrs. Edna Bally and Arthur Wheatley.

Section B winners were NS, first, Don MacNaughton and George Keller; second, Mrs. Alvin Fashin and Mrs. Norman Meyer; third, Dr. E. R. Beasborough and Fred Boston.

EW, first, Milton Sauer and Carl Schmidt; second, Mr. and Mrs. Frank Matheson; third, Mrs. Virgil Motz and Mrs. George Fetz.

6th Graders Concert Set

(Continued From Page 1)
Hymn of the Republic.
Immediate plans are being made to include other bands next year, subject to the latest school board action.

Seminole County buses will be used to transport the students to the hall.

Ernest Cowley, music supervisor, is working closely with all music teachers to prepare the children for the music which the orchestra will play. Recordings are used as well as special solos to assist and assist on the life of each composer. They are taught how to recognize certain instruments — the strings, brass and wood — the conductor's role, the purpose of the podium and baton, 12-3-4. Conductors' duties, when to applaud, etc.

The students are trained in concert manners as well. Usually, a secretary is given by the conductor and gets to the beginning, all sponsors are recognized as the children will know that the music which they hear was made possible by generous sponsors.

Any child interested can examine the instruments and talk with the musicians.

S Spolski on Sports

Although I was again most pleasantly surprised... I really shouldn't have known whenever I put Cassius' name into my column, I knew full well that it's going to cause a reaction.

As a matter of fact, there isn't any other subject which stirs you up like old C.C.B., dear readers. Would you believe that when I was trying to write an appropriate heading for that story about Clay, they had to apply artificial respiration on yours truly.

Well actually, this one was not mailed in to me. Bill McLaughlin of Celery City Printing came in and dropped off a telephone call memo. He sez it was NOT designed for SOS...

While you were... () Drinking Coffee () "Visiting an Aunt" () Reading the Paper () At the Ball Game () In Conference () Calling the Office Girls

And Then Dizzy Dean Wrote Howdy Podner: I'm throwing an over a new way now. We hope to have one of our new eating places in your town real soon.

Chamber Appreciation Night Seminoles Chamber of Commerce Director John Krieger has been scurrying around-town, making all kinds of advanced preparations for the Seminoles Junior College "Night" on April 10.

NOTEBOOK SCRIBBLINGS... Understand that arrangements are being negotiated between area Kiwanis Clubs and Orlando Panther star quarterback Don Jones to schedule a special "N" Night on Sept. 6.

Rupich Throws A Swifty... No-Hitter Sparks Seminole JC...

By TOM ALEXANDER Herald Sports Staff Jim Rupich, one of Seminole Junior College's ace hurlers, got his "Easter Eggs" a little early yesterday, as he flipped all "Goose Eggs" at Daytona Beach JC, in the first no-hitter recorded in Seminole County this year.

Rupich, a sophomore at the Seminole County school and graduate of Bishop Moore in Orlando, pitched his first no-hitter by striking out five and overpowering the rest of the visiting Daytona Beach team.

Retirees A Winner ARGADIA, Calif. (AP) — William H. Perry's Presidential campaign made her final race a winning one when the 62-year-old boy made a comeback by taking the Santa Margarita Handicap at Santa Anita.

Spoilers Keep Lead In Cobia-Cobra Lg. The Spoilers hold a two-point lead in the tight standing of the Cobia-Cobra weekly league after this week's round of play.

STANDINGS... SANDRA FASHIONS LEAGUE... Over in Cypress Gardens, this weekend, it'll be the first time they have three national champions pitted against each other in the Dixie Water Ski Tournament.

MEMORIAL services for former President Dwight D. Eisenhower were conducted on the campus of Forest Lake Academy, with Bailey Winsted, assistant principal, as speaker. Choir was led by Martin Sotola and Elder Stephen Yost, principal, led prayer. Honor guard was made up of Bruce Gohde, Orvin Fillman, Ted Bosarge and Bob Fox. (Photo by Maryann Miles)

C Of C Seeks 200 New Members

By JANE CASSELLBERRY
Mrs. Betty Cass, Cassellberry, is chairman of the Midland-South Seminoles Chamber of Commerce membership drive to be held next week. Members of the M-Squad will be contacting all businesses in the area not now members of the chamber. They have a goal of 200 new members.

In the first year Midland C of C has incorporated the South Seminoles area into its ranks, there were 125 members from the South Seminoles business community in a total of 515 members.

"Efforts to have a separate C of C in South Seminoles had not proved successful in the past," Mrs. Cass stated, "and we were fortunate to affiliate with an established Chamber of Commerce with the services of a professionally trained executive secretary, such as Driscoll Green."

The Midland-South Seminoles C of C is self-sustaining and does not receive financial support from either Orange or Seminole County.

She points out that Midland and South Seminoles have many common interests with residents of both often shopping or owning businesses in the other.

All interested residents are welcome to join the C of C under a residential membership, which costs only half that of a business membership.

One of the chambers latest services is a "Hot Line" to alert member merchants when "bad check" artists or other schemes to defraud are operating in the area. The C of C will be working closely with area law enforcement agencies.

The chamber is also working up a fact sheet which will contain many valuable statistics and information about the area. It also issues a directory

Lake Sylvan Residents Fighting Campground

Lake Sylvan Association came into being when formed by area residents alarmed over the "possible pollution brewing trailer campground" on the lake. Mrs. Pat Thomas, one of the residents, reported in The Herald to day.

Mrs. Thomas said the association will present a united front against a plan by W. C. Newsome, who has secured a special exception which would permit building of a campground for travel trailers and weekend campers on the eastern side of the lake.

The county Board of Adjustment has labeled action on the request until April 21.

Area residents also have a petition campaign against the plan. Mrs. Thomas said, "Such a campground would destroy property values and ruin the lake," the petition declares.

The residents insist Sylvan Lake is one of the few remaining completely pure lakes in the county and that it should be preserved as a wildlife and bird refuge. The lake is much too small, they maintain, for any heavy concentration of people.

Mrs. Thomas points out that Newsome has said the campground would include a launching ramp for boats and that motor boats would soon destroy fish spawning ground in the lake.

Officers of the new group are: Mrs. Thomas, temporary chairman; Mrs. Billy Ryan, secretary; and Mrs. William Marsh, treasurer.

The group conferred with County Commissioner Dan Peiham last night to outline their position on the proposal.

Cancer Drive

Annual drive for funds conducted by the American Cancer Society is underway this month in Deltona. Newcomers to the community who are not yet listed in the directory may send contributions to Mrs. O. F. Connell, chairman, 949 S. Bartley Avenue, or the American Cancer Society, 120 1/2 W. New York Avenue, P. O. Box 778, Deltona, Fla., 32720, West Volusia Unit.

Quake Kills 43

ISTANBUL (AP) — A wave of strong earth tremors jolted Turkey's Aegean region today, leaving 43 persons known dead. More than 2,000 homes were reported to have collapsed or been seriously damaged.

Not all birds make nests; a few lay their eggs on the ground and incubate.

Former Miss America Serves As Consumer Affairs Commissioner

By JURATE KAZICKAS, Associated Press Writer

NEW YORK (AP) — For a woman who once said that it's only the little frustrations that etch wrinkles on a face, Bess Myerson Grant has assured herself an unlined brow in her new role as New York's Commissioner for Consumer Affairs.

"People recognize me from my years in television," Mrs. Grant said. "This eliminates the necessity of introducing myself. I want the consumer to know that somebody will be working actively on his behalf."

Gone is the old cliché that beauty and brains don't mix because, as Mrs. Grant pointed out, "There have been too many attractive women who have contributed effectively to the community."

When pressed about her qualifications for the job, Mrs. Grant replied that Mayor Lindsay thought she was qualified and added, "I grew up in a low income area and have always been concerned with prices and exploitation of the poor. Even now I'm very frugal."

Wearing a white, wool, long-sleeved dress with a gold pin at the waist, Mrs. Grant addressed a luncheon of the Better Business Bureau and drew hearty applause even though some of her comments should have made those business men squirm.

Mrs. Grant voiced her suspicions that sometimes businessmen lobbied against the interest of the consumer. She is eager to do something about the installment plans that are often unfair to people in the ghetto.

"My greatest satisfaction as a woman is that I have been able to use it effectively in those fields that concerned me."

Lawyer Arnold Grant said that his wife's decision to accept the \$15,000 position was strictly her own and he hoped that she would be happy. He added that her new role wouldn't disrupt the household any more than her previous commitment did, but that now he'll come home to a slightly exhausted wife rather than a fresh one.

FORMER MISS AMERICA joins City Hall — Bess Myerson Grant begins career as consumer's friend.

Design Clues

—Make slipcovers for books and periodicals with excess wallpaper or upholstery material to give a room a coordinated look. Small scraps can be used and the effect is well worth the effort.

—Use complimentary fabric choices and wood finishes throughout your home to make redecorating and furniture rearranging easy.

—The use of decorative moldings, painted to match or contrast, can add new life to a large, drab wall area. Moldings can be used to create panel effects or "frame" picture collections.

—Freshen your kitchen by covering old cabinet doors and counter tops with easy-to-clean plastic in a bright pattern.

Program On Fire Prevention Sparks UDC Chapter Meet

The Magnolia Avenue home of Mrs. J. H. Truluck was the site of a recent meeting of the Norman deVere Howard Chapter of the United Daughters of the Confederacy. The meeting was opened with the pledge to the American flag and salute to the Confederate flag.

Speakers for the afternoon were Sanford Fire Chief G. M. Harriett and assistant Chief William Galley, who gave informative talks on fire prevention and explained the Fire Department operation. They stated that Sanford has 27 Fire Department personnel, each on 24 hour duty shift as a team dealing with phenomenal situations.

Being professional people they practice good fire tactics and try not to do any more damage than necessary especially in residential areas. They count it a privilege to work with the city schools to promote "Fire Prevention" programs.

Some statistics given by Chief Harriett revealed \$38,261.70 worth of property loss and only 50% was covered by insurance in 1968. There were 261 fires in Sanford during that period, 21 false alarms, nine emergencies with no fires involved, and three fatalities. He stated that "Fire is a pleasant servant but a tragic hazard and to save lives and property are the Fire Department's objectives. A film entitled "Condemned" was shown which revealed the most alarming cause of fires was individual carelessness.

An appropriate memorial service honoring Mrs. Frank Adams, a devoted and faithful member was conducted by the chapter with eulogy read by Mrs. F. E. Rounhill.

During routine business conducted by president Mrs. H. B. McCall, Mrs. Victor Green was appointed chapter chaplain to fill the vacancy created by the death of Mrs. Adams. Mrs. W. B. Wallace reported 11 new subscriptions to the official UDC magazine. On behalf of the group Mrs. Call thanked the fire officials for their program and stated that each one was grateful for the fine service rendered by the Sanford Fire Department.

A delicious salad course was served by the hostess to the 19 members and two guest speakers present.

DISTINGUISHED GUESTS attending the recent banquet at Sanford Civic Center honoring the president of Rebekah Assembly of Florida are, from left, Mrs. Georgia Baldwin, secretary of L.A.P.M.; Mrs. Marie Norman, musician of Rebekah Assembly; Mrs. Esther Delano, vice president; Mrs. Lorien Heitz, state president; Mrs. Helen Heitz, assembly marshal; Mrs. Hazel Robinson, assembly warden; and Mrs. Henrietta Zorn, chaplain of assembly.

Folkson Fanciers Set Festival

New sounds in contemporary folk music will again attract music lovers and collectors on Easter holidays to the Fifth Annual Florida Original Folkson Competition honoring the Festival of State celebration. The gala music festival is slated for Easter Sunday, April 8, from 12 to 5 p.m. at Seaside Arts Gallery, 7711 6th St., Pinellas Park.

"There is no fee for composers to enter original songs and instrumental compositions in the various categories of the folk tradition. Composer or lyric writer of new compositions must be present. Either the authors or other entertainers may present the new music.

"Creativity, originality and togetherness is the heart of this world-unique music festival," says Doug Lebeck, Sanford chairman of the sponsoring Florida Folkson Society and senior at the University of South Florida.

Constants are admitted free.

All Teenagers Invited To Teen Dance

Zeta Xi Chapter of Beta Sigma Phi will sponsor a teen dance, Friday, April 6, from 8:12 p.m., at Sanford Civic Center. Tickets are available at the door and refreshments will be available.

The Sky Guys will provide the music for dancing and all teenagers are cordially invited.

Proceeds from the dance will benefit local charities.

If you search an article while ironing, wet it, apply cornstarch to the green pepper with a swivel blade vegetable peeler.

Eula Davis Observes 90th Birthday

MRS. EULA V. DAVIS... on her 90th birthday, April 1, 1968

Mrs. Eula V. Davis, of Cowan Moughton Terrace, was guest of honor on her 90th birthday, April 1 at a family celebration at her home.

The honoree received many lovely gifts and her special cake was beautifully embossed in white with pink roses.

Born in Coffee County, Ala., upon her marriage to the late V. W. Davis, the family moved to Hollyday. They resided here until 1924 when the family moved to Sanford where Mr. Davis was engaged in the lumber business.

A member of the Church of God of Prophecy where she has been very active, Mrs. Davis has seven living children, 18 grandchildren, 45 great grandchildren and two great, great grandchildren.

Her children are Mrs. R. T. Williams, Bonifay; Harvey Davis, Tampa; and Newt W. Davis, Mrs. J. C. Siler, Mrs. E. M. Cain, Mrs. C. T. Swagerty, Mrs. O. W. Hall and Mrs. Ted Jones, all of Sanford.

Sanford Personal

Sally and Roy Green "did their own thing" — and in a very unique manner — on their 25th wedding anniversary, Sunday, March 30. They accompanied their daughter, Cathy, to Tampa where she is a student at University of South Florida. En route home, they dined festively on that good old American favorite, hamburger.

You can make an excellent salad from salad greens, grapefruit sections and strips of green pepper. If you like, you can add the green pepper with a swivel blade vegetable peeler.

Migrane Headaches Could Be An Outlet For Intense Rage

The person who suffers from migraine headaches may really be the victim of intense rage and tension headache is often the result of anticipating a "stab in the back."

This is not to say that one's own headache may not have a real, physical cause. But there is psychiatric evidence and opinion to support the supposition that anger, envy, resentment are frequently if not always involved in headaches.

Why, then, do headaches so often strike the mild and unaggressive person? The answer, psychiatrists and neurologists suggest, lies just because they are mild and unaggressive. It isn't that they do not harbor the emotions that lead others to attack their enemies. They repress them, bottle them up, and then express them as a pain in the head or the back of the neck.

Through psychotherapy, such persons have been enabled to understand themselves and the emotions they reject and have been helped to taper off on the drugs on which they formerly relied.

Dr. H. H. Garner, who heads the department of psychiatry and neurology at Chicago Medical School, employs a variety of drugs to relieve the pain—from Gynergen and Cal-sberg to codeine and others—at the beginning of treating a headache patient.

But he concentrates on finding with the patient's help the source of the "frustration, annoyance, resentment, anger, rage and envy" which cause it.

In a recent medical article describing his manner of treating headaches and referring to similar experience by others, he suggests:

"Brief psychotherapy principles can be utilized with unusual results in many patients."

An empty tuna fish can, from which the top and bottom have been removed, makes a wonderful gadget for poaching eggs. Place can-rim in skillet with water and drop egg in center.

Wekiwa Chapter Plans Musical Program

Wekiwa Chapter DAR will meet April 16, at 2:00 p.m., at the home of Mrs. Robert N. McGee, 313 Alexander Ave., DeBary, with Mrs. Daniel Fugh as co-hostess. A musical program will be given by Mrs. Harry Brown.

On April 20, at 1:00 p.m., Wekiwa Chapter will hold their annual desert card party at the Civic Center, DeBary. There will be table and door prizes. It is requested that players bring their own cards.

Once a person decides to kill himself, he begins to act differently. Drawing up a will, settling affairs in order, giving away prized possessions and other drastic changes in personal activity.

Bank Welcomes Easter

THE SPIRIT of Easter reigns at Sanford Atlantic National Bank this week. Colorful eggs, ornate baskets, dancing bunnies and even pretty bunny girls are featured in the decor. Marjorie Helms, left, and Hazel Cash abandon their busy posts to pose for Herald photographer.

LISA MICHELLE VINCENT, daughter of Mr. and Mrs. Bill Vincent of Sylvan Lake celebrated her third birthday with a party at her home.

CHRIS TSCHIEDER, son of Dr. and Mrs. John Tschieder of Altamonte Springs, celebrated his fourth birthday, March 16, with a gala party at his home. (Phyllis Branson Photo)

Nixon's 'Other Pat' Is Now His No. 1 Government Girl

By NOEL GROVE
NEA Staff Correspondent

WASHINGTON (NEA) — It may be written some day in political manuals that for women the march up the federal ladder begins in a den mother's uniform.

From there you graduate to the PTA until your son complains you're breathing down his neck. Then you hit the sidewalk and punch doorbells for a candidate. You also live in Whittier, Calif.

Freezed to barnstorming at the state level and end up in a carpeted office in Washington with a big desk and laptop of urban riddles. The formula worked for Mrs. Patricia Reilly Hill, now the highest placed woman in government as assistant secretary of Health, Education and Welfare.

She said, "I was never much for sitting around home. I never could get excited about housework. And I never cared for bridge."

The only alternative was national politics and high position.

"I was always active in civic and community affairs, because I have always had lots of energy," she said. "While my boys were growing up (John and Patrick, now 27 and 23), I spent a lot of time close to home and in a den mother and active in PTA until John came home one day and said, 'Why are you always around school so much?' That was my signal to start looking elsewhere."

"I never had any interest in politics until Mr. Nixon was a candidate. I didn't know him well when he first ran for office because he was five years ahead of me in school, and Whittier is a pretty big system. But I knew him because of the recognition he had brought to the school as a debater."

"That first campaign was a real shooting operation—mostly just Pat and Dick Nixon and a station wagon."

I ran doorbells and distributed handbills in the neighborhood. I worked on a broader scale in 1952, but didn't work directly with Mr. Nixon until 1956."

By 1960, she had climbed to national committeewoman for California and headed the women's division of Sen. George Murphy's 1964 campaign. In 1966 she was co-chairman of Robert Fink's race for California's lieutenant governor, in which he outpolled Gov. Ronald Reagan, and in 1968 she was co-chairman of Richard Nixon's presidential campaign, which also worked out quite well. Old friends Fink and Nixon did not forget her contributions.

"Senator who?" says Mrs. Hill as the interoffice phone announces an outside call. "Oh, him. Yes, I'll take it." And she handles the call with warm efficiency.

"I think government is a great field for women to enter," she says later, "and I think the nation suffers when they don't."

Dear Abby:

By Abigail Van Buren

DEAR ABBY: I am really worried about my son in Viet Nam. He's been there nearly a year and has four girls waiting for him back in the States. He writes them all that he "loves" them and is going to marry them when he gets home. All these girls have sent him cigarettes, goodie, stationery, radios, watches, tapes, etc. (He tells them he wants, and they send it.) These girls do not know each other, but they ALL love my son in particular is lovely. She's asked me to help her with her "wedding" plans. Should I tell the girl what he's going on? And should I tell my son I know what he's doing?

SOLDIER'S MOTHER: Don't tell the girl. Do tell your son that not only do you know, but four girls waiting for him, he may have four sets of parents waiting for him. But don't be surprised if he decides to sign up for another hitch.

DEAR ABBY: I am a woman in my late forties who has kept company for three years with a man of about 60. We had a sort of "understanding,"

Horoscope Forecast

FRIDAY, APRIL 4, 1969
GENERAL TENDENCIES: You have a real chance now to see clearly whatever has been mysterious or difficult for you to understand. You must take the initiative from now on if you are to get full benefits. Don't hesitate to investigate all phases of official, business or personal matters until you get the right answers.

ARIES (March 21 to April 19) Get into association, tax, insurance and other pertinent matters with a vim and vigor today. Get much accomplished easily. Do not neglect loved one because of pressure, either, or there could be regrets later.

TAURUS (April 20 to May 20) Important you must get your true position in with partners, so listen carefully to whatever they have to say. Be sure you explain those plans to one who doesn't understand them very well. Be explicit, kind.

GEMINI (May 21 to June 21) With all that work ahead of you, if you devise some wise plan, it can be handled well. Plan little rest periods that revitalize you. Show that you can stay with one thing until it is finished.

MOON CHILDREN (June 22 to July 21) This can be a particularly happy day for you provided you get out of those doldrums. Plan some recreational early, also. Buy some nice gift for the one of whom you are most fond.

LEO (July 22 to Aug. 21) Look about you and see where you can make improvements, add beauty, cleanliness to your surroundings. See to it that everything operates smoothly. Give more attention to some foundational debt.

VIRGO (Aug. 22 to Sept. 22) Think over how to make your daily living more efficient and efficient, have more comforts. Talk over with associates how to have more happiness at routine work. Be a more successful person.

LIBRA (Sept. 23 to Oct. 23) Now you understand how to get into some new color that gives you more abundance. Why don't you do it? Listen to ideas that a good associate with a business head give you.

SCORPIO (Oct. 24 to Nov. 21) Stop being so inactive and join in the studies and recreation that give you a chance to get ahead in life. A social evening would be very good for you, too. Meet with persons who are progressive and sagacious.

SAGITTARIUS (Nov. 22 to Dec. 21) Why do you always have to tell others exactly what you plan to do? I will not have time in which to do it! Get out of this habit. Start accomplishing things. Then help one who is upset.

CAPRICORN (Dec. 22 to Jan. 20) Seek out those friends socially who mean a good deal to you and get their addresses.

AQUARIUS (Jan. 21 to Feb. 19) Matters of credit and career are very important now so make the finest impression on hirings who have power over your affairs. Get into that civic matter that compels you to appear. Be manly.

PISCES (Feb. 20 to March 20) Anything that needs a different slant is fine now and be sure you get precise data on whatever is important to you. Planning for a trip? Get into the details of it now. Expansion possible in this way.

IF YOUR CHILD IS BORN TODAY . . . be, or else, will be one of those young people with a clever and deep-thinking mind and will gather information in a different and more artistic fashion with or without. Take time to teach about the facts of life yourself so that your progeny will not be misled. There can be fame in this chart provided you understand your son or daughter and do not lose your temper when he, or she, studies a craft or asks for some expensive but necessary item to further his knowledge. College a must here.

Carroll Righter's Individual Forecast for your sign for April is now ready. For your copy send your birthdate and \$1.00 to Carroll Righter Forecast, c/o The Sanford Herald, Box 629, Hollywood, Calif. 90022.

Highlights

THURSDAY, APRIL 3, 1969
7:30-8 p.m. ABC: The Flying Nun. "Cosmos By The Dozen." (Color) Once again, faith wins the game, even for the man professing no faith. Sister Bertille arrives to have the relative of her do well. Carlos take up residence in his home while he is waiting after a new girlfriend. Only the abiding trust in him shown by his uncle Antonio (Henry Gordon) saves the day, and the show.

8-9 p.m. CBS: The Jonathan Winters Show. (Color) A better than average Winters outing, with guests such as John Davidson, Alice Ghostly and a real, live, full-blooded wildcat, Pat Whitehawk. Davidson is okay doing "Hello, Young Lovers." Whitehawk impresses with his version of "This Train," but the best bits are left to Jonathan as racing driver Maude Fricker, Queen of the Road, and Cliff Arquette with another comic monologue from M. I. D.

8:30-9:30 p.m. NBC: Ironside. "A Man of Love and Death." (Color) A good one, in which the chief is out to nab a criminal abortionist, suspected of being the cause of more than one girl's death. His main detection weapon is Officer Eve, who, disguised as a brunette, signs into a girl's residence, pretending to be an unwed pregnant girl looking for help.

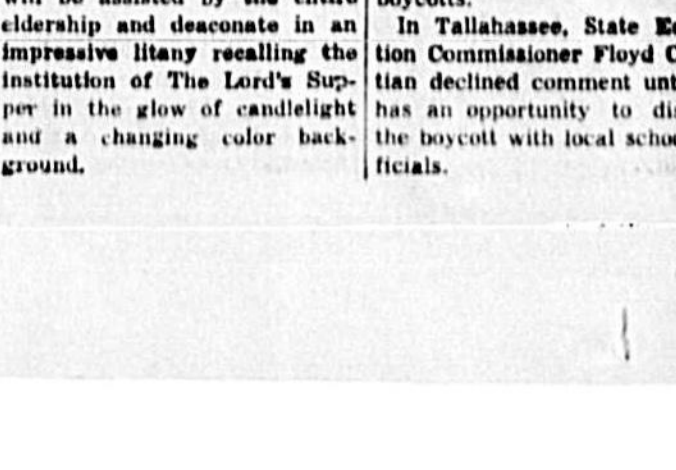

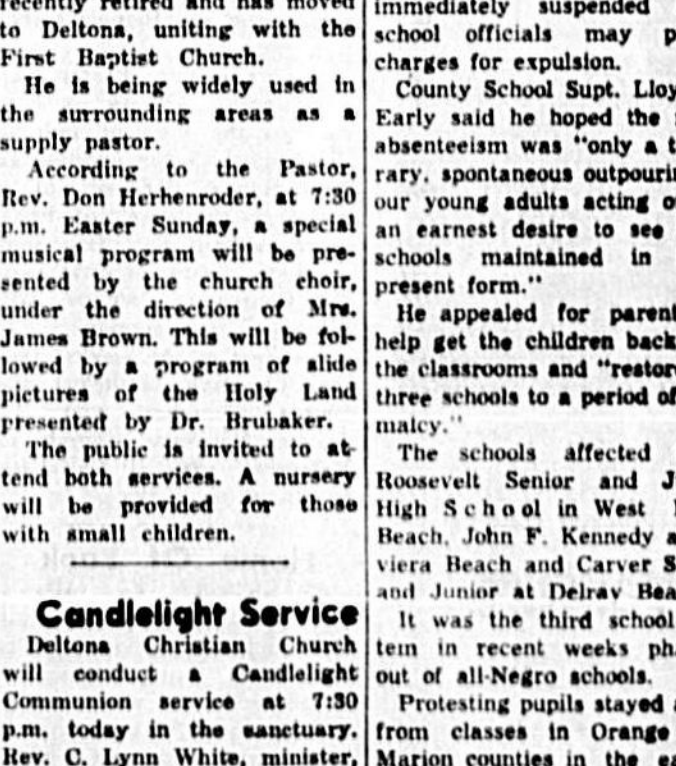

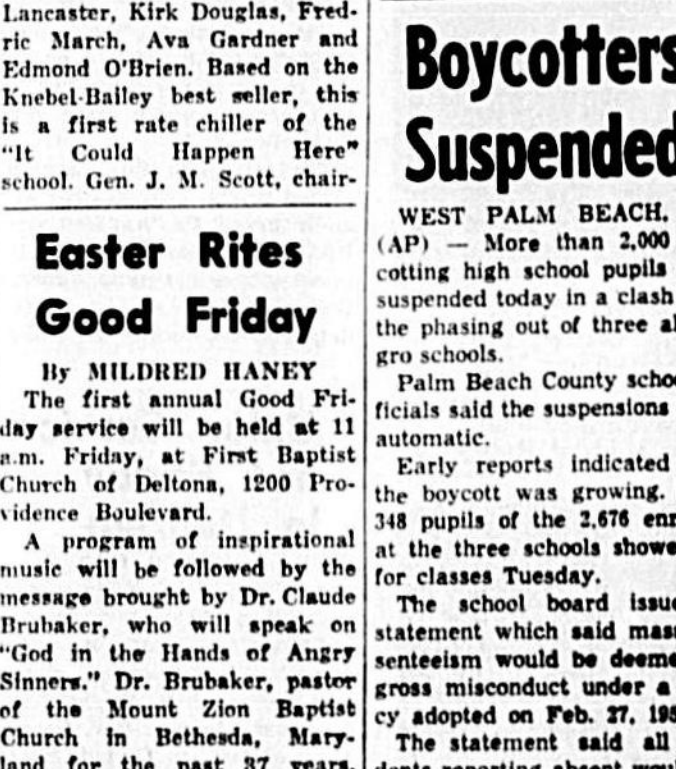

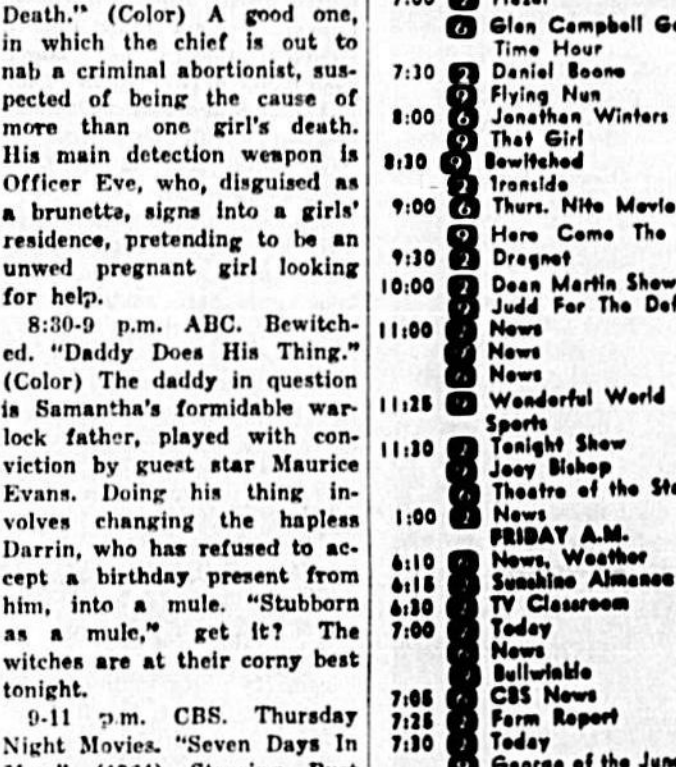

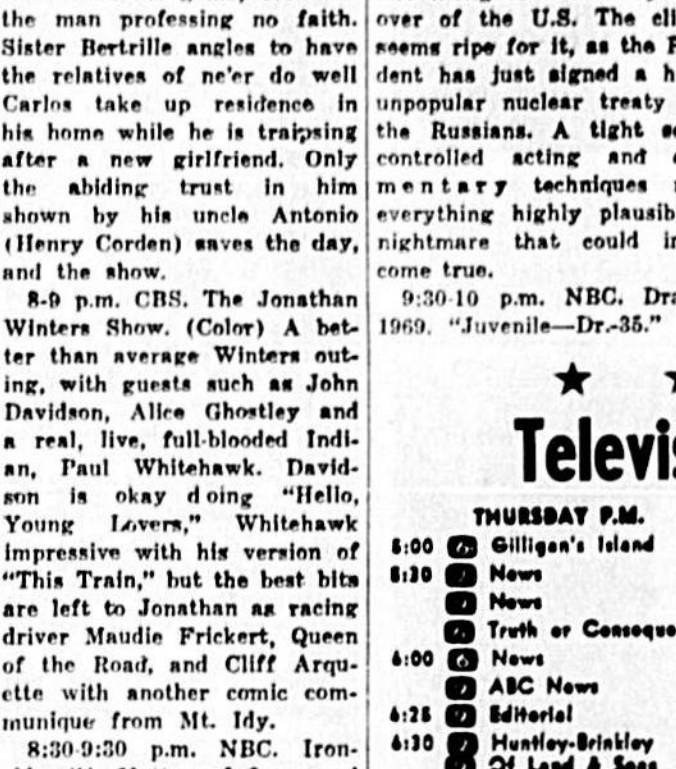

9-11 p.m. ABC: Bewitched. "Daddy Does His Thing." (Color) The daddy in question is Samantha's formidable warlock father, who, as a result of a birthday present from him, into a mule. "Suburban" as he is called, got hit by the witches as at their corny best tonight.

9-11 p.m. CBS: Thursday Night Movie. "The Great Escape." (Color) Starring Burt Lancaster, Kirk Douglas, Fredric March, Ava Gardner and James Cagney. Directed by the Kubel-Bailey best seller, this is a first rate chiller of the "It Could Happen Here" school. Gen. J. M. Scott, chair-

Boycotters Suspended

WEST PALM BEACH, Fla. — More than 2,000 boycotting high school pupils were suspended today in a clash over the playing out of three all-Negro schools.

Palm Beach County school officials said the suspensions were automatic.

Early reports indicated that the boycott was growing. At least 2,676 pupils of the three schools showed up for classes Tuesday.

The school board issued a statement which said mass absenteeism would be deemed as gross misconduct under a policy adopted on Feb. 27, 1961.

The statement said all students reporting absent would be immediately suspended and school officials may prefer charges for expulsion.

County School Supt. Lloyd P. Early said he hoped the mass absenteeism was "only a temporary, spontaneous outpouring of young adults acting out of an earnest desire to see their schools maintained in their present form."

He appealed for parents to help get the children back into the classrooms and "restore the three schools to a period of normalcy."

The public is invited to attend both services. A nursery will be provided for those with small children.

Not His Day

SANTA FE, N.M. (AP) — State Sen. Alfonso Montoya found frustration in a recent session of the New Mexico Legislature.

The senate in the space of a minute adopted adverse committee reports killing six bills sponsored by the Democratic legislature.

New Mexico's senate rarely has killed six bills in one day, let alone six by one senator.

Montoya is the brother of U.S. Sen. Joseph M. Montoya, D-N.M.

The Majority Line was started in 1929 under War Minister Andrew Maginnis. The fortifications stretch more than 200 miles through eastern France from Switzerland to Belgium. Maginnis vowed, "We must build a wall the devil himself cannot get through."

Vietnam War Claims 33,641 American Lives

SATON (AP) — A total of 332,000 American soldiers were killed in Vietnam last week, an increase of 18 per cent over the week before, and the U.S. Command confirmed today that the Vietnam war is now the fourth costliest in American history.

The total number of deaths will be considerably less than the 1918 total. The toll announced for last week raised to 33,641 the number of Americans killed in action in eight years and three months of fighting in Vietnam. This is 12 more than the 33,629 American combat deaths during the three-year Korean war.

In only three other wars have American battle deaths been higher than Vietnam—282,131 in World War II, 140,414 in World War I, and 74,525 in the Civil War. U.S. headquarters also reported that 1,593 American were wounded in action last week, raising the total number of American wounded in the war to 210,628.

Nixon Reviews Domestic Policy

By FRANK CORMIER
Associated Press Writer
WASHINGTON, D.C. (AP) — President Nixon, while seeking Easter holiday relaxation at his home here, plans to spend part of the weekend reviewing domestic policy proposals.

Flying with him to Florida Wednesday were John D. Ehrlichman, White House counsel and a key figure in domestic policy planning, and Bryce N. Harlow, special assistant for congressional liaison.

Their presence underlined the weekend emphasis on home front matters. However, Press Secretary Ronald L. Ziegler said there was a possibility that Nixon's assistant for national security affairs, Dr. Henry A. Kissinger, might fly down from Washington at some point in the next few days.

Mrs. Nixon and daughter Tricia accompanied the chief executive to Kansas and Florida. A light drizzle fell from the sky as the Nixon family flew from the service to David's grandfather's home. They are expected to spend part of the weekend reviewing domestic policy proposals.

The Nixon family is expected to return to Washington Sunday night on Monday morning. A light drizzle fell from cloudy skies as the Nixon family flew from the service to David's grandfather's home. They are expected to spend part of the weekend reviewing domestic policy proposals.

Available for the use of the President and his family was the 64-foot cabin cruiser "Julia," which caught Nixon's fancy on his last visit here in March. The cruiser is a government craft.

Ziegler also said upon the plane that he will be in Miami on his last visit here in March. The cruiser is a government craft.

This was Mrs. Nixon's first public appearance since the assassination of her husband. The home she and her husband are using as a residence—decorated and she is expected to contribute to that undertaking during her stay.

The Nixon family is expected to return to Washington Sunday night on Monday morning. A light drizzle fell from cloudy skies as the Nixon family flew from the service to David's grandfather's home. They are expected to spend part of the weekend reviewing domestic policy proposals.

Within moments after she stepped out of the subway she was surrounded by hundreds of men. Traffic stopped in the street.

The delighted answered questions, shook hands and kissed one man who told her, "Francine, I waited every day for you."

She said later in an interview that she has turned down more than \$400,000 in offers to strip or dance tonight.

"I don't need that kind of attention," she said. "It is more than I can handle. I am just a girl from the neighborhood, providing it's in good taste."

last week. South Vietnamese government losses were put at 357 troops killed and 1,386 wounded. The 312 Americans killed in action last week were 46 more than the number who were killed in the second lowest toll in the first five weeks of the Viet Cong's spring offensive.

The offensive, now in its sixth day, took the lives of 1,718 Americans in the first 35 days. U.S. headquarters said allied forces killed 4,314 North Vietnamese and Viet Cong troops. Another 8,743 U.S. troops were wounded in that period.

U.S. officers say the goal of the enemy offensive is to inflict as many American casualties as possible in the United States will force the Nixon administration to grant concessions in the peace negotiations in Paris.

But according to U.S. reports, the offensive is costing the enemy heavily. Last week's reported toll of 4,314 enemy killed raised North Vietnamese and Viet Cong casualties to 23,292.

In the biggest ground action since the offensive began Feb. 22, according to official U.S. figures, a total of 474,375 enemy troops have been killed in the war.

The U.S. Command also announced that an American F4 Phantom fighter-bomber was shot down Wednesday 38 miles southwest of Da Nang, but the two crewmen bailed out and were rescued unharmed. It was the 322nd American warplane reported shot down in combat over South Vietnam.

The spokesman said although considerably fewer enemy attacks had been reported in recent nights, the U.S. Command does not consider the enemy's 40-day-old spring offensive over.

"It's too early to make any evaluation," he said. "There are plenty of light and scattered contacts in all four corps areas."

Intelligence officers believe the Communist command is now reassessing the offensive while its troops are receiving replacements and supplies.

Officers in the field said there were no casualties among the dozen or so American advisers working with the South Vietnamese. The U.S. Command said there were about 20 rocket and mortar attacks during the night on allied bases and towns, including one on the headquarters of the U.S. Army in Vietnam, at Long Binh, 17 miles northeast of Saigon. A spokesman said casualties and damage overall were light.

MAJORETTES of Seminole High School, winners of a "superior" rating in district beauty contest, will participate in the state contest in May. Majorettes are Phyllis Mitchell, Jackie Jones, Natrina Woods, Lydia Luke, Wanda Rummey and Jane Wakefield. (Gary Lyda Photo)

Manhattan Blasts Stymied

NEW YORK (AP) — Midtown Manhattan might have rocked to explosion today if police raiders hadn't headed off a conspiracy by 21 members of the Black Panther party to bomb five department stores crowded with Easter shoppers, the district attorney says.

Seven of the 21 Panthers indicted Wednesday on charges of conspiracy to murder, arson and weapons violations were in jail at large. The 12 defendants pleaded in court before Supreme Court Justice Charles Marks, who held them in \$100,000 bail each.

The 21 Panthers indicted Wednesday on charges of conspiracy to murder, arson and weapons violations were in jail at large. The 12 defendants pleaded in court before Supreme Court Justice Charles Marks, who held them in \$100,000 bail each.

Police said they confiscated a number of guns, three homemade bombs, a five-pound can of blasting powder, bomb parts, a knife and a dagger.

None of the 22 arrested offered resistance, police said, but one man escaped by jumping 35 feet from his apartment window and running off.

Police officials said agents had infiltrated the Panthers three years ago.

Diversification Needed For Airport

By BILL SEXTON
Despite the differences in size, Sanford and Jacksonville have something in common. Both cities are trying to diversify their economies to locate on the St. Johns River.

Sanford has the old Ineson airport and Sanford has just recently received the 1,451-acre site, which that city has been trying to peddle to substantially small firms with enough financial backing to enable them to survive in their chosen fields.

Because Ineson could not get enough stable industry for the bits and pieces of the property, officials there are now concentrating on large concerns preferably from one to four substantial firms.

Speaking by telephone, Cook said only one potential firm has expressed interest in the property but nothing has happened thus far.

Whether the city should diversify the situation to four and the expected announcement of nine base industries employing approximately 200 by Don Rathel, Sanford Industrial Commission director, is a question that has arisen in the minds of many local persons.

Small, micro firms if they employ from five to 25 workers or concentrate efforts on the acquisition of larger firms with employment from 100 to 500 persons or perhaps undertake to find a plant in the area to provide jobs for 1,000.

Manufacturers of food products, textiles, plastics, and other products are financially sound and presently minded, could also be located in buildings now suitable for their use.

In addition to the industrial concerns, has been officially operating at the base, Florida Marine Manufacturing, Inc. has leased Building 143 for the manufacture of food products.

Plastics Firm Leases Plant; Will Hire 200

Howe Industries, Inc., a new firm to manufacture plastic business cases, expects to begin a Sanford operation within 30 days, employing from 40 to 45 local people with an estimated first year payroll of \$250,000.

Reginald Howe, president of the newly formed business, said today at a special news conference his firm had completed a lease agreement with Lake Monroe Industries, Inc. for locating equipment in a 20,000 square foot shell building on Grapeville Avenue in a rural area of Sanford.

Howe plans to use raw materials from Seminole Plastics in the local plant but also will be producing Ponderosa Pine wood and a close supplier is being sought.
