## SECOND ROUND BEGINS

PINEHURST, N.C. (AP)—A stubby retired Air Force colonel, C. D. McAllister of Orlando, Fla., was the favorite today as second round play began in the 4th annual North and South Seniors golf championships.

Col. McAllister downed L. G. Beatty, the local favorite, 4 and 3 in yesterday's first round.

Finals are set for Saturday over the Pinehurst Country Club's No. 2 course, shortened to 5,915 yards.

Chamber of Commerce told the Coffee Club this morning. "I want to express appreciation to the ladies and gentlemen who have worked in this drive. The entire population owes you a debt of gratitude, not only for bringing in the money but for telling the people and letting them know what we are doing. I think that most people are astounded at the amount of work that goes through this office. When we say we are grateful for the interest we are truly expressing the gratitude of the people."

City Commissioner John Krider, also at the meeting this morning of the Chamber of Commerce Coffee Club, said that "I think we are now showing interest now in the part the downtown terminals which has been an issue for a number of years. The Chamber of Commerce has done a remarkable job in gathering the information for such a project that will benefit the area as a whole."

The 1953 Annual Report of the Seminole County Chamber of Commerce activities was distributed to the Coffee Club members this morning. The report contains the 13-point program of work for 1954 along with a review of the public relations gained by the Chamber of Commerce and the various activities of the organization.

### Murray Announces Boy Scout Drive To Start Monday

A financial campaign to support the Central Florida Council, Boy Scouts of America, will get underway in Sanford Monday morning, said Fred Murray, chairman of the fund drive for this area.

Murray said today that the six-county council has a budget of \$12,000 to raise during the drive for funds to support the 11-unit organization within Seminole County.

The group of volunteer leaders in Sanford, Oviedo, Longwood, and Casselberry join hands with leaders in other sections of the Central Florida Council in the campaign to raise funds with which to bring Scouting to five thousand boys in the area.

Murray explained that the financial campaign is for funds to keep records of training, finance, advancement, membership and other like services of the trained staff serving the council. It also furnishes supplies such as literature, badges and program aids. Mail service is also a function of the council so that bulletins, notices, orders, court of honor material and registrations can be circulated freely among the volunteer leaders. Personal conferences for the volunteers so that trained personnel can guide the progress of advancement among boys.

The \$12,000 goal by the Central Florida Council, Boy Scouts of America will furnish for the growing boys of this area the full time service by a staff of four professional men who recruit, train, and guide 2,100 volunteers through work with District Committees, Commissioners, Staffs, training courses, round table and unit committees and leaders.

Sanford and Seminole County is increasing its share in the financing of the Central Florida Council, Murray said today. In 1954 local funds were three per cent of the total budget. In 1955 they were increased by local contributions to four per cent, and now, he said, the budget calls for an even greater increase.

### Cynthia Roumillat Receives Letter From White House

Mrs. Cynthia Roumillat, daughter of Mr. and Mrs. Frances Roumillat Jr., received a letter from the White House today.

Sometime back, 14-year-old Cynthia wrote Mrs. Dwight Eisenhower, wife of the President, asking for a gift for Sanford's All Soul's Winter Festival.

Today a large envelope printed "White House", arrived. With it came a letter from Ann Parsons for Mary Jane McCaffrey, secretary to Mrs. Eisenhower, who said, "I am enclosing an engraving of the White House for your All Soul's Winter Festival."

The engraving will be sold at the annual Winter Festival, but the letter will probably be among the keepsakes that are highly valued by Cynthia Roumillat.

### New Jersey Holds First Statewide Mobilization Today

TRENTON, N. J. (AP)—An official "well done" was stamped today on New Jersey's first statewide mobilization of Civil Defense forces and National Guard units following an air raid alert.

When the siren sounded at 8 p. m. yesterday during the commuter traffic rush period—the entire populace scurried for shelter.

Traffic halted, and bridges and tunnels linking this state to New York and Pennsylvania were closed during the 10-minute test.

Some 80,000 Civil Defense volunteers and National Guard units took part in the operation.

The drill was based on an assumption that enemy planes were intercepted by that some of them dropped nuclear and atomic bombs in the New York-New Jersey-Pennsylvania area.

The two candidates for the Board of Sanford City Commissioners in the Nov. 8 election appeared before the Seminole County Jaycees yesterday at the noon luncheon meeting.

Merle Warner, local filling station owner and operator, and David Gatchel, locker plant co-owner and operator, told the Jaycees how they felt toward the various issues to probably face the city in the immediate future.

Gatchel said that a four-point program on the part of the city commission should be adopted. They are, he said, "increasing the percentage of voters in city elections, encouragement of new industry in the city, an expanded city recreation program, and good relationships with the Navy."

Basing his talk primarily on the six questions submitted to each candidate by The Sanford Herald, Gatchel told the Jaycees and radio audience that "as to the question of a Florida Power and Light Company franchise, frankly, I do not know. My mind is open." He added, at the conclusion of his ten-minute talk, "I will not be a rubber stamp for any group."

Warner, very briefly, told the local Jaycee organization, "you know my views, you are familiar with the open stand I take on the questions before us, and I earnestly solicit your support."

Questions from the audience were answered by both candidates on a seaford disposal plant for Sanford, a port terminal, and the securing of industry for the area.

Also to come before the candidates was the question of fluoridation of the city water. Warner frankly told his audience that "I'm no doctor, and all I know about the question is what I read about it. If the doctors say that it is good enough for us, then I believe the doctors."

Gatchel, however, attacked the cost of the water processing. He said, "it's an awfully expensive process. Sanford being saddled with high debts I doubt if we could afford it."

### Innovation Given Yesterday Morning At Coffee Club

An innovation in Annual Reports was distributed yesterday morning at the monthly meeting of the Seminole County Chamber of Commerce Coffee Club.

The six-page multicolored report featured newspaper clippings arranged symmetrically so that they might reveal activities of the Chamber of Commerce during the 1955 fiscal year.

According to the report, created by Seminole County Chamber of Commerce Manager Forrest Breckinridge, the displayed clippings represented about one-fifth of the published news items concerning the activities of the local organization.

The report, divided into sections, included clippings displayed on Highway Action, Advertising and Publicity, Tourism Recreation and Entertainment, Waterways and Water Control, Agriculture, Navy and Armed Forces Activities, Industry, Civic Activities, Education, Baseball, and General Membership Activities.

Sinatra said she will appear in other films made by his company.

### Men Are Ordered 'Shoot To Kill'

CAMP HANFORD, Wash. (AP)—Orders of "shoot to kill" have been issued to soldiers guarding the Hanford Atomic Works from an elusive enemy that has been nibbling at the roots of the super-secret installation.

One man in each battery of the anti-aircraft group was issued a .32 caliber rifle and told to keep shooting until the enemy is destroyed.

The highly mobile intruder is the hungry jackrabbit—in fact, hundreds of jackrabbits. The bunnies have nibbled the past 100,000 rose bushes down to 10,000 and chewed away most of Hanford's grass and shrub.

## Details Are Completed Last Night For Gigantic Campaign

### Central Florida Hospital Council Convening Here

More than 50 representatives of the Central Florida Hospital Council are meeting in Sanford today.

The meeting began with a luncheon-business get together held at Jim Spencer's.

The meeting in Sanford of the hospital group is the first ever held here and it is for the purpose of taking the hospital leaders on a tour of the Seminole Memorial Hospital and the modern facilities soon to be completed and thrown open to the public.

W. C. McIn of St. Petersburg, president of the council will preside at today's business session. Purpose of the meetings, held every other month, is to find out what other hospitals are doing and to keep informed of state hospital affairs.

There are four councils in Florida with the Central Florida Hospital Council the largest of the state's hospital councils.

Harry Weir, administrator of the Seminole Memorial Hospital, is secretary-treasurer of the Central Florida Hospital Council.

### Mrs. Logan Dies In Masonic Home

Mrs. Mary R. Logan, 68, died at the Masonic Home in St. Petersburg last Tuesday after a lingering illness.

She was the wife of the late Rev. J. A. Logan and had lived in Geneva for many years. She had made her home in St. Petersburg for six months and was a member of the Seminole Chapter No. 2 OES of Sanford.

There are no survivors. Funeral services will be at 3 p. m. Sunday at the graveside in the Geneva Cemetery with the Order of the Eastern Star officiating.

Details were completed last night at a meeting of interested volunteers when the kickoff plans for the gigantic membership drive for the Seminole Mutual Concert Association were explained.

Mrs. Ralph Austin Smith, membership chairman of the music group, assigned prospective membership cards to the 12 team captains and then to each worker, so that the actual drive would get underway this morning.

The huge group of workers packed the Board Room of the Seminole County Educational Building on Commercial Ave. to hear final instructions for getting the drive started.

Francis Roumillat Jr., president of the concert association, emphasized to the group that there are a limited number of memberships available and that they would be sold in the order of their taking since there are only 500 seats in the auditorium where the concert will be held.

First reports from the 60-person committee will be heard Monday when workers begin calling in the results of their efforts.

William Egan, representative of the Alhambra Celebrity Bureau of Alhambra, Cal., was at the meeting of workers last night to explain the program and series.

He also outlined the contents of the kits distributed to workers.

Egan said that the opening concert will be in Sanford on Dec. 1 at Pinecrest School when Cornelia Otis Skinner will appear. He also told the group that each kit contained every necessity for completing a membership, down to checks on each bank in Sanford.

Appreciation of the Seminole Mutual Concert Association was expressed for the use of the Educational Building Board Room, which was granted by Superintendent of Schools, R. T. Milwee.

Representatives of practically every area in Seminole County was either at the meeting or appointed. Volunteers will contact prospects for membership in Lake Mary, Oviedo, Fern Park, Casselberry, DelBary, Longwood, and all other areas.

### K. Shoemaker Jr. Attending Confab Of Builder Dealers

The advanced styling and new materials and equipment featured in the 1956 National Homes are being seen in Chicago this week by K. Shoemaker Jr., of Ocala.

Weller Homes, Inc., local builder-dealer for the Nation's largest home producer, The Convention is being held Thursday and Friday at the Conrad Hilton Hotel.

Plans also will be revealed at the conference of more than 600 builder dealers for celebration of the production of the 100,000th house by National Homes Corporation. Beginning its operations in 1940, National Homes has quickly expanded into one of the nation's 500 greatest corporations.

This unique experience has provided the background for an interesting and significant study of home ownership in the United States. Results of the survey will be released to the public next spring when the 100,000th house will be built.

Produced by modern manufacturing methods that assure better quality at lower cost, National Homes are available in a wide variety of basic floor plans and exterior elevations. The standard line of homes ranges from 700 square feet to 2,200.

### Boat, Ski Club Gathers Tonight

Members of the Sanford Boat and Ski Club will gather in the CAP Hall above Touchton's Drugstore tonight at 8 o'clock for its monthly meeting.

The public is invited to attend the meetings and join in the many and enjoyable activities of this group of boat enthusiasts. All members are urged to attend.

## Courier Awarded Medal For Bravery

### Musical Program To Highlight Meet Of Rotary Club

A musical program featuring several top instrumentalists from the brass section of the Seminole High School Band will highlight the weekly meeting of the Sanford Rotary Club to be held Monday noon at the Yacht Club. A trumpet solo, "Cherry Pink and Apple Blossom White" will be offered by Sidney Vihlen, one of the solo players of the band. A horned solo, "The Fishbowl" will be played by Robert Armstrong, head of the horn section and Drum Major of the aggregation and J. D. Stone, drill master of the band.

Joyce Milan, first Trombone soloist will be heard in "Deep Purple" while a trumpet trio—"Bugler's Holiday" will be offered by Joe Fisher, Captain and solo player, Sidney Vihlen and Leslie Smith, drill master and field announcer. Robert Reedy Jr., Assistant Operation Officer in the band will play the piano accompaniment for all of the above while a short talk on the operation of the band will be given by Bandmaster E. H. Cowley.

The program will be the first appearance of this section of the group that has brought much acclaim to the school not only for the fine musicianship of the band but for the splendid behavior of its members on trips to other cities.

### Local Shrine Club To Entertain Nobles From Other Areas

The Sanford Shrine Club will entertain Nobles of the Sanford Area next Friday night, Nov. 4, with a barbecue.

The event will be attended by A. J. Thomas, Potentate of the Bahia Temple and for musical entertainment the Bahia Band will be heard, according to Harold Kestner, Joe Corley, and A. F. Ramsey, who are making arrangements for the gathering feast that will be staged at the new Shrine Building across from the Mayfair Inn.

The committee said that Nobles from every community in the area are invited to the free barbecue, and are asked to bring their ladies to the event.

Communities in the area are: DelBary, Lake Monroe, Lake Mary, Longwood, Casselberry, Fern Park, Altamonte Springs, Oviedo, Geneva, Mailland, Enterprise, Chulahoma, Forest City, and the Bear Lake section.

Joe Corley said that both pork and lamb will be barbecued for the celebration that will begin at 7 o'clock next Friday evening.

### Church Services Spark Violence

NICOSIA, Cyprus (AP)—Church services marking the anniversary of the Greek entry into World War II sparked violence in strife-torn Cyprus today.

A crowd of several hundred Cypriots of Greek origin formed after a service conducted in Nicosia's biggest church by Archbishop Makarios leader of the Union-with-Greece movement in this British colony. The mob tried to smash through barred wire barricades held by police and British troops. Three British commandos were hurt.

The jeering crowd hurled stones at the soldiers. The troops used tear gas to disperse it. No civilian casualties were reported.

In Famagusta, a crowd of several thousand people gathered after the local service and a bomb exploded. Police charged the crowd with batons and troops fired tear gas shells.

In Limassol, where the service was canceled on orders of the bishop, three British commandos were hurt after a mob formed and began stoning them.

Britain has rejected demands that it surrender the island colony to Greece.

### Wounded During Fight

#### Carnegie Fund Tells Recipients

PITTSBURGH, Pa.—The Carnegie Trust Fund commission announced today awards of honor medals to three Florida men for outstanding acts of bravery in 1941.

The recipients were:

John F. Conway, 39, of Oviedo, who was shot and permanently disabled as he attempted to save a woman from being harmed by a crazed gunman.

Gilbert A. White, 31, of 2008 Cherry Road, West Palm Beach, who drove his car into a canal in an unsuccessful effort to keep from striking a careless school boy on a bicycle.

Finley Kinkaid, 27, of 1041 20th St. South, 1 Petersburg, who saved a boy from being hit by a train.

In most cases, the commission does not reveal what, if any, cash award accompany the medal. In the case of Conway, however, it disclosed that he will receive disability benefits of \$80 a month.

On the night of April 9, 1941, Willie Carwise, a 25-year-old Negro, entered the home of Police Chief Robert Melton at Oviedo while the chief was on patrol duty. Carwise pointed a gun at Mrs. Melton and told her he wanted to kill his estranged wife, Augusta 21.

Carwise told Mrs. Melton to telephone her husband and tell him to bring Mrs. Carwise to the Melton home to be killed. Pretending to dial the police station, Mrs. Melton called the nearby Courier residence.

Conway, a sales manager, put a revolver in his pocket, ran into the Melton home and grappled with Carwise. In the fight, Conway was shot in the neck. The bullet lodged in his spinal column.

Summoned by Conway's wife, Melton drove home but was discovered by Carwise. Confronted by George Kelley, and another man, George Means, arrived shortly afterward and also were taken prisoner.

Carwise then forced Means to drive him to his wife's home where he shot and critically wounded her. Later, he was captured and sentenced to 10 years in prison. Conway and Mrs. Carwise both recovered but Conway suffered a permanent partial disability.

### E. Bud Avery Wins Dismissal

MIAMI BEACH (AP)—E. Bud Avery, 38, son of Chicago's Democratic boss Jacob M. Avery, won dismissal in municipal court today of charges that grew out of a "lovers' quarrel."

Avery was charged with breaking into and entering the home of an attractive divorcee, Mrs. Jane Aronson, creating arrest and breach of the peace by slugging his wife.

Mrs. Aronson was in court. She previously had told detectives that Avery came to her window at 3 a. m. Sunday, and when refused admittance slipped the screen off a back door and smashed through a glass pane. He stormed into her bedroom and demanded that she go to Georgia with him immediately to get married.

She refused and Avery ran to the bathroom and cut his left wrist, Mrs. Aronson said.

Avery told Judge Albert Saperstein today that he and Mrs. Aronson would be married soon. He had little else to say.

The judge lectured him and dismissed the charges.

DAVID H. MCCOY

### David H. McCoy Is Named VC-5 White Hat Of Week

Second men on a "Savage" bomber is the duty assigned to Aviation Machinist Mate 3-r, David H. McCoy, this week.

McCoy transferred to VC-5 in April 1951 from the operations department of the SNAAS thus extending his tour of duty in Sanford to 2 1/2 years.

McCoy 23, claims Martin-Ferry, Ohio as his home town where he lived with his family before joining the Navy almost four years ago. While in Sanford he attends the First Baptist Church.

"Sanford is a great duty station," says McCoy, "the people are exceptionally friendly and nice. It's close to Florida's finest resorts. A good place to build liberty time."

### Merchants Not Called On Asked To Contact CoFC

"Not hear all of our merchants, business and professional men, and interested citizens who should be members of the Seminole County Chamber of Commerce," were called on during our recent membership drive," said Clifford McKibbin, Membership Drive Chairman.

"So many of our merchants and other members, bring their memberships to the Chamber of Commerce office themselves each year," McKibbin said, "and to add their names to our list of prospects would have lengthened the drive and consumed so much valuable time of the businessmen who were volunteers during the campaign."

"We are sincerely hoping that those who were not called on will immediately get in touch with the Chamber of Commerce office relative to their membership," he said.

"Every attempt to contact all of the new businesses in our county was made during the membership campaign," the Membership chairman said this morning, "but we know that there are probably some that we missed." Those new business houses, merchants, and professional men that we did not contact will do us a favor by calling the Chamber of Commerce office and having their names on that someone can call and explain our Chamber of Commerce plan for the coming year, Clifford McKibbin said.

So far this year, he said, we have a total of 55 new membership units, with a total of 37 merchants or businessmen increasing their memberships over last year.

"We made a remarkable showing in our membership campaign this year," said McKibbin, "and we sincerely believe that with the renewed effort and interest created by the many contacts made during the membership drive, they will surely come some wonderful good."

Additional members to the names already reported are as follows:

Dr. O. L. Barke, Gordon E. Bradley, A. Constantine, J. E. Cordell, Jimmie Cowan, C. B. Dawson, Dr. A. W. Epps Sr., Gordon V. Frederick, J. Q. Galloway, Roy Holler, Hunter Lee & Ford Company, Ben Kals, W. E. Kirchhoff Jr., L. & I. Iron Works, George A. Maliet, R. T. Mc-

**THE BUILDER**  
A young fellow is having fun building a skyscraper tower. Most any minute now he'll reach its peak. Blocks will come tumbling down with a delightful clatter, and he'll laughingly pick them up and begin all over again.  
That's the fun of being a child. But when you're grown-up and things come clattering down, it's not so funny.  
Sometimes they're physical and material—a fence or a trellis that isn't quite right, or the paint you brushed on so carefully peels and flakes. So you go to an expert—a carpenter or a painter—for advice.  
Then again perhaps something goes awry with your inner life. Perhaps you feel you've made an awful mess of things.  
This tragedy too can be averted if you seek expert guidance. By going to Church regularly you will find the know-how to build within yourself a life secure and unshakable. Millions of men throughout the ages have found the Church a source of strength and stability; why shouldn't you?

## THE BUILDER

### THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## Social & Personal Activities

### DEBARY WOMAN'S CLUB

The Woman's Club of DeBary held its first meeting Friday at the Community Center. Mrs. James H. Valentine, president presided. A book review stated for their entertainment was delegated to a later date for all of the session was devoted to a discussion of by-laws and club procedure for the coming year. A social tea followed.

### Reception for Visiting Women

Seventy ladies of DeBary were entertained Wednesday noon at a coffee in honor of visiting guests. Mrs. Arthur Lambert with Mrs. G. J. Kessenich as co-hostess introduced the following guests: Mrs. A. L. Arrington, Mrs. Nathaniel D. Nottingham, Mrs. Jack D. Miller and Mrs. George Mason. Colonel and Mrs. Kessenich were taken by DeBary's charms that they are now building a home here. When their four friends decided to motor through Florida the Kessenichs welcomed them to this location for a stop-over. Delighted with DeBary hospitality two of the visitors are buying property here and the other two are interested in this interesting. The ladies of DeBary hope to be so convincing that it will be a 100M sale before the visitors depart.

### Touring Florida Party

On Friday next the Women's Auxiliary will hold a Touring Florida card party at the Community Center. At 7:30 p. m. dinner and coffee will be served and a festive evening started of cards and prizes; the games progressive so that newcomers will mingle with the senior residents and become acquainted.

The firemen have bought a engine and built a large entertainment and storage hall this last year. The Auxiliary has stood shoulder to shoulder with them; baked food sales, parties and social meetings to assist with money for the essentials. They are to be congratulated in their important civic contribution.

The committee for the Touring Florida party is: Mrs. Christopher Butler, chairman; Mrs. William Ogden, co-chairman; Mrs. F. Muller, Mrs. F. Denning, Mrs. A. Mednyk and Mrs. E. Livingstone.

## Grandmother Gives Birth To 16th Child

CHICAGO (AP)—A 41-year-old grandmother yesterday gave birth to her 16th child in St. Mary of Nazareth Hospital.

She is Mrs. Jane Weingart, whose husband, John 42, is a truck driver. They have three grandchildren and are expecting a fourth. A fifth grandchild died in infancy.

Four of Mrs. Weingart's children are married. Three are high school students and seven others attend grade school. One, Josephine, 17, is a part-time nurse's aide in the hospital where Mrs. Weingart's 16th child was delivered.

The new arrival, Susan Marie, weighed 8 pounds, 8 ounces at birth.

## Knighthood Won By Orlando Man

ORLANDO (AP)—An Orlando entomologist today was knighted from Queen Juliana of The Netherlands for his work in eradicating the screw-worm fly.

Dr. H. Baumbach, who is employed by the U. S. Agriculture Department's entomological laboratory here, was presented the medal by T. Van Eijk, Tamyh, the Netherlands vice-consul.

Baumbach headed a USDA experiment team which rid the Dutch West Indies island of Curacao of the fly that infests cattle and goats.

The team used screw-worm flies, sterilized by radioactive cobalt, in the experiment conducted early this year.

## Volcano Merapi Continues Erupting

JAKARTA, Indonesia (AP)—The Volcano Merapi continued today to belch out hundreds of tons of lava.

The volcano is erupting every five to seven minutes with rivers of lava racing toward central Java villages at a record speed of 250 feet per second. Forests were set ablaze and a wide area where there are hundreds of villages was declared a danger zone.

Provincial authorities mobilized transport to evacuate villagers who wished to leave. But most of the estimated 3,000,000 Indonesians living within five to seven miles of the foothills leading of Merapi's 11,300-foot glowing cone stuck to their homes.

## Body, Large Boxes Found In Plane

LINZ, Austria (AP)—The body of a man, several large boxes and contents were discovered today in the bulk of a German bomber plane salvaged from the bottom of an Austrian Alpine lake.

The plane, rumored to contain gold and documents of Hitler Germany, plunged into Lake Atter, Upper Austria after being shot down by U. S. fighters near the end of the war.

The contents will be taken out and examined in the presence of Austrian authorities after the bulk has been searched for explosives. Bodies of an Austrian salvaging company worked near the plane 120 feet down for several months after the crash, by which it was pulled to shore.

## Books Closed For Citizens To Become Qualified Voters

The books are closed for citizens, eligible to vote, to register with city officials and become qualified voters of the community. We've read incidents where 90% of various populations voted in as many kinds of elections. We've read about incidents where one vote swung an election to another candidate.

Intentions on the part of many citizens may have been good, and every moment was the one in which something came up to keep this one and that one from the city hall for the purpose of registering.

We'd like to see everyone in Sanford take part in their City Government to the extent of casting a ballot for their favorite candidate for the City Commission. It is the normal thing to do if office holders are to be named to their posts in the democratic sort of way.

### TODAY'S BIBLE VERSE

"I will lift up my eyes to the hills. From whence does my help come? My help comes from the Lord, who made heaven and earth."—Psalm 121: 1-2.

SAM DAWSON

## Saturation Point May Be Near

NEW YORK — Consumer durables saturation—three big words that mean: How many more autos, TV sets, kitchen and laundry appliances can and will the American people buy?

The stock of durable goods they now own is the largest in history. At present they are spending 35 billion dollars a year for more.

Some economists fear that the saturation point may be near. They argue that most folks who need these things have them by now.

The bank economists in the Chase Manhattan Bank in New York point out that "The American consumer, with his income rise, seems to possess an almost limitless capacity to use it."

But the bank economists say this doesn't mean that the market for these goods is drying up. They note that in 1954 two thirds of all refrigerator sales were for replacement. And 83 per cent of new

products with which to tempt the consumer.

Both the number of families already possessing these gadgets and the amount being spent a year for more is impressive.

About 70 per cent of all American families own an automobile, and 12 per cent of these own more than one. At the moment Americans are spending 14 1/2 billion dollars a year in buying cars.

The housewife is now spending more than \$100 million dollars a year on kitchen and household appliances and two billion for furniture.

But the bank economists say this doesn't mean that the market for these goods is drying up. They note that in 1954 two thirds of all refrigerator sales were for replacement. And 83 per cent of new

car buyers traded in an old car. (Economists at the First National City Bank of New York, estimate there are around six million prewar cars on the roads—candidates for scrapping.)

The Chase Manhattan men also point to new fields far from the saturation point: clothes dryers and air conditioners are owned by only four percent of our families, and dishwashers by three per cent.

The Vacuum Cleaner Manufacturers' Association says that this product is breaking records this fall. In September sales ran 30 per cent higher than the year before, and for the first nine months of this year sales topped the like period of 1954 by 25 per cent.

The Radio-Electronics-Television Manufacturers' Association's president, H. Leslie Hoffman, predicts that eight million TV sets will be turned out this year for a new record. Give Americans more spending money and offer them new or better gadgets—and you've got your self a sale.

## Some Cures Are Found For Morning Sickness

THE birth of a baby is a joyous event for all concerned. Those first three months of pregnancy, however, usually are not much of a joy for the expectant mother.

Of the more than 4,000,000 women who will become mothers within the next 12 months, more than half of them will suffer morning sickness.

It strikes most women during the first three months and then generally disappears or at least becomes more bearable.

Modern Drugs

With our modern drugs, though, most cases of morning sickness can be cured.

One of them, a tablet called Bonadonin, is reported to be especially helpful. However, it is available by prescription only.

Medical research has determined that if you suffer morning sickness you probably have a deficiency of, or an added need for, vitamin B-6.

Since 1945, many gynecologists and obstetricians have agreed that vitamin B-6 is important in the care of pregnant women.

And more and more of these doctors are prescribing this vitamin for their patients.

Each of Vitamin B-6

adequate supplies of B-6, it is believed, result in an excessive production of certain hormones.

These hormones, in turn, are believed to cause the vomiting and nausea which are the basis of morning sickness.

Dr. M. M. What is the cause of a terrible itching of the skin, especially down the back and arms?

Answer: Skin itching is difficult to cure, although it is possible to relieve the symptoms. The diet should be simple; plenty of water should be drunk, and the boric acid should be kept on hand. Itching in any water should be avoided. The use of plain cream, and not of cream, in bathing, and not of cream, in bathing, and not of cream, in bathing.

Citizens of other countries are not so fortunate as we in America. Citizens of other countries have no other choice but to place their X in just one space allotted for the purpose.

We do not want to find ourselves in the same predicament. And unless the citizens here, and in every other American city take advantage of the privilege, the well of freedom will begin to dry up.

It matters not who the candidate might be that you're voting for. The important fact is the one surrounding your getting to the polls and in privacy afforded you, cast your ballot as you see fit without the hand of force guiding your pencil.

Now that the qualified voters have been named, it is next most important that every one of those citizens take the time to visit the polls on election day, Nov. 8, and vote for the candidate of their choice.

According to the records at the Sanford City Hall, there are approximately 8,500 qualified voters in Sanford. There should be no less than 3,000 of those registered voters go to the polls on Nov. 8 to name their choice.

If you are a citizen, registered to vote, and you know of others who are registered and should vote, do your part in creating good citizenship and ask those others to go with you to the polls. You will do your City a good turn, you will do a special favor for your neighbors or friends, and you will be a good citizen yourself.

Certainly we don't want to let the candidates, giving their time, efforts, money and support, see a skeleton number of voters at the polls to support them.

Start talking now, and spread the word around, that Nov. 8 is a special day in Sanford.

## Supreme Court Moves Cautiously

WASHINGTON — The Supreme Court—in ruling on movie censorship by the states, just as in ruling on racial segregation by the states—has moved cautiously. It has not given a final decision on either issue.

So far the court has ruled on only pieces of both issues. So questions involving movie censorship and segregation no doubt will be thrown into the court for years to come.

For example: While the court has ruled public school segregation and segregation on buses crossing state lines is unconstitutional, it has never ruled that segregation of all kinds is unconstitutional.

Someday, in some future case, the court might rule that way. Before then, because of successive decisions of the court against various phases of segregation, segregation may have withered away.

Although the court has shaken its foundations the whole concept of segregation by its ruling against public school segregation, it cannot be said to have done the same to the principle of state censorship of movies.

It has given New York and Kansas setbacks in the way they attempted to carry out censorship. But it has not ruled that they, or any other state, has no right to censor movies.

Nevertheless, by its rulings in these two cases the court has pushed all states into a position of being both more specific and legally correct in their laws and reasons for attempting bans on motion pictures.

In 1952 New York state's censorship board banned a movie, "The Miracle" on the grounds it was sacrilegious. The court ruled against the state in this case, saying "sacrilegious" was too broad a reason for censorship since it is a word which means different things to different people.

In 1953 a Kansas censorship board banned a movie, "The Moon Is Blue", on several grounds under that state's laws, including a finding that the picture was obscene.

A state judge, Harry G. Miller of Wyandotte County, said the law and the board were constitutionally wrong since the Constitution guarantees freedom of press, speech and religion. Besides, he said, the board's use of the word "obscene" was so broad and vague as to make it unconstitutional as a basis for censorship.

The State Supreme Court reversed the judge's position, and the distributor of the film, United Artists Corp., appealed to the U. S. Supreme Court which gave its decision last Monday.

The opinion was given in a slim margin of words. It said simply: "Judgment reversed." This meant the U. S. Supreme Court decided the Supreme Court of Kansas was wrong in overruling Judge Miller and upholding the ban on the film.

But the federal court did not say a state censorship board cannot ban a film in the future. Nor

did it say no state board can ever ban a film on the grounds of being obscene.

It was asked by United Artists Corp. to rule on whether a state may ever censor a picture "under a clearly drawn statute designed and applied to prevent showing obscene films."

By its recently worded opinion the court avoided a direct answer to the broad question posed by United Artists. This is not unusual practice for the court.

## My New York

NEW YORK — The theater was the Elgland, only recently peddled by Billy Rose to TV interests (except for his apartment upstairs, complete with sliding-panel view of the stage), and it was an SRO audience.

The house lights dimmed, the pit orchestra played the overture and presently, as one might expect, the curtain went up and a skitful, funny, highly professional musical comedy was presented.

The only catch was, it was 10:30 a. m. When it was done, I walked out into the pleasant scene of Sixth Avenue in the 20s, with cars rushing to destinations for lunch, and discovered it wasn't far past high noon. It was a heck of a time to see a musical comedy.

Actually, the show was Merry Ch-b-b-l, and the only people seeing it were the dealers and salesmen, and their wives, for C-M-B-L is an automobile company which shall be hyphenated. The reason I was there was because somebody told me that nearly 5,000 actors, actresses, choreographers, musicians, set designers, etc., are finding work in these kind of productions. C-M-B-L, for example, is pouring money into the show, pouring money into the show, pouring money into the show.

The elaborate program was studied with familiar names—Peter Conley and Chita Rivera, of last year's Showboat Revue; Charles Cooper, who played Mr. Roberts in London; Billy Skipper, who danced in Annie Get Your Gun, et al. Not yet stars, but still pros, all members of Actors' Equity in good standing.

"This'll play to 30,000 people, all connected with C-M-B-L," a representative whispered to me in the darkness of the lobby. "After it leaves here, it'll go on a month's tour, starting with San Francisco. Why, two of the kids in the cast even quit Plain and Fancy to go with us."

"It's not all just to keep the dealers and salesmen happy during their convention here, either. If you'll notice, the show points out the features of the car, and graphically shows them how to emphasize the best selling angles."

And so it did. They even had two of the cars onstage late in the show, with the performers keeping around and virtually dancing under them to explain the virtues of power steering, transmission, rocket engines, and so on.

One grew a little uneasy when the talented children onstage posed and breathlessly mouthed plugs for the car, but otherwise

## M. Eisenhower In Embarrassing Spot

UNIVERSITY PARK, Pa. — How would you feel if your well-loved older brother suddenly were stricken ill, and people began to suggest that maybe you were the man to take over his job even though you were not at all to his liking?

This is the spot that President Milton Eisenhower of Pennsylvania State University finds himself in today. It is an embarrassing spot, and not at all to his liking.

With President Ike presumed by many to be out of the picture as a candidate in 1960, a quiet boom has developed in support of his younger brother for the White House post.

"Why not Milton?" is the question being asked by a number of high officials as well as ordinary party workers.

To all such questions Milton Eisenhower has responded with a "No comment."

"What else could he say?" a friend asked, plaintively. "If he said anything else — no matter what it was — it would be mis-

construed." His friends here seem to feel that any talk of his becoming a political candidate next year is at the worst a poor taste and at the best ill-timed.

Although Milton Eisenhower has a record of government service perhaps unmatched in its variety, he has never run for an elective office. He has never shown a desire to. He isn't going to now.

He is a man of deep personal and family loyalties. Those near him say he has been very lonely since the death last year of his wife, Helen Eakin Eisenhower, in whose memory friends are now erecting a campus chapel here. The heart attack suffered by his

deceased older brother, whom he has served as a close adviser, has brought him fresh concern.

Ties of mutual admiration knit the two men together a much as the more accident of kinship. President Ike once called Milton the smartest of the Eisenhower brothers. In 1913 he told a congressman:

"You needn't sell Milton to me. I think he's the greatest man in the United States. If it wasn't for his name, he would be in a high government position."

It is the magic of the Eisenhower name of course, that partly explains why some politicians are now looking yearningly Milton's way.

But he has more than his name to recommend him. Like Ike he has the gift of creating a happy team around him. While he lacks Ike's bonfire grin, he has a pleasant personality, and is regarded as a better writer and speaker than his older brother. He also has behind him an impressive record in education, government and business.

Never interested in government service on a purely factional level, he has served in high posts under every president from Coolidge to his own brother.

These posts have qualified him as an expert in fields ranging from soil conservation to labor-management disputes, psychological warfare to government reorganization, refugee work to international diplomacy.

Among other things he is a director of two business firms. "He doesn't just hold an office," someone once remarked. "He absorbs it."

What does such a man do for fun? A work day that sometimes runs to 18 hours a day does not leave him much time for hobbies, but Milton likes to relax by fishing, reading detective stories, gardening and playing the piano. Milton Eisenhower is 38 years old, a highly eligible age for a presidential candidate.

If President Ike voluntarily steps out of the political picture, would Milton head the pleas of his new "discoverers" and step in? The question is premature. But the presidential political lightning has struck twice in the same family several times before in American history. It conceivably could again.

Those near Milton Eisenhower feel sure of one thing. He would never consider taking a political step without at least the tacit consent of his older brother.

## Try and Stop Me

By BENNETT CURT

JACK BENNY picked up a stranger on the golf links of the Thunderbird Club in Palm Springs, and, much to his mortification, proceeded to blow the first six holes straight to him. Seeking consolation, he sighed, "I'll bet I can play the fiddle better than you, anyhow."

"That's possible," chuckled his opponent, "but I'd better warn you that I'm going with the Philharmonic Orchestra next Wednesday."

Meeting film star Elizabeth Taylor and Producer Alfred Hitchcock off on a new kick: imagining the consequences if other notables were to drop the first letter of their names. No came up with results like Rank, Sinatra, El Fairweather, Rosemary, Scar Hammerstein and Orgie Raft. Any additions you'd like to suggest?

The greatest man in Montgomery, Alabama, is also the most cheerful. "That's neither to it," he insisted. "The fact learned to cooperate with it."

### Longwood Women's Civic League Has Fashion, Model Show Wednesday

Library Hall, Longwood, was filled to capacity last evening when the Women's Civic League presented their first event of the coming year.

The Hollywood Shop of Sanford presented the Fashion Show under the very able supervision of the shop's manager, Miss Rose Levy. The fashions, latest to be imported, were exquisite and delighted the entire group. Among the models displaying the gowns were, Mrs. William Stemper, Mrs. Dan Capehart, Mrs. Verne Mierlith, Miss Marty Stepper, Miss Margaret Moore, Miss Elizabeth Woodruff and Miss Mary Rose Speer also little Jeri and Ceni Wheatland and Carol Stowell all of Sanford. Also Mrs. Ralph Hammond and Mrs. Charles Searcy of Longwood.

Following the Fashion Show, Mrs. Ruby Cotten, owner and manager of Ruby's Beauty Shop, Casselberry, presented her models showing hair styling and cutting for the different types as well as make-up. The winner of the free facial was Mrs. Robert Granger, Winter Park. The models were Mrs. Glen Payne, Mrs. John Reams and Mrs. Ralph Stevens.

During the intermissions the audience was entertained by Mrs. R. R. Gray, singing several musical selections, Miss Susan French, tap dancing and several accordion numbers by Barbara Gulickson, Dorothy Haynes and Freddy Wiederman, students of the Orlando School of Music.

Mrs. R. T. Milwee was piano accompanist for all and also played the background music for the Fashion Show.

Mrs. R. C. Carlson, president of the club, introduced the principals of the evening and presented the gifts and door prizes. Winners of the door prizes were Mrs. Herbert Hall, Cash Certificate, Hollywood Shop, and Mrs. Stine.

### Pilot Club Members Have More Guests

Guests other than Pilot Club members attending their Founders Day 24th Anniversary dinner were Mrs. Olga Hunter, president of the Business and Professional Women's Club of Sanford; Mrs. Mary Rawlins, a charter and honorary member; Mrs. Roland Dean, Orlando and wife of the guest speaker, Roland L. Dean; Mrs. Charles Hamill, Miss Kay Boyer, Harry Swanson, David McNab and George Stine.

## USO

A "Mary Frances" dance was held Wednesday night at the USO with Miss Mary Frances Henderson as junior hostess. Senior hostess was Mrs. LaFeta from Presbyterian church. Refreshments were served.

Announcement was made to the large crowd attending that there is to be a Masquerade Halloween Dance Saturday night. Costumes are to be judged for a prize.

## Personals

The friends of Mrs. Kirby Fite Sr. will be glad to know that she is home and is recovering nicely.

Mrs. Victor Greene will be confined to her home for a while because of a heart condition.

The friends of Mrs. Ralph Ray will be pleased to know that she is recovering rapidly after surgery.

A graham-cracker crust makes a fine base for your favorite cheese-cake mixture. To make the crust roll 14 graham crackers very fine; you should have about one cup of crumbs. Then mix the crumbs with a quarter cup of butter or margarine (that you have melted) and two tablespoons of sugar. Pat the mixture evenly over the bottom of a 9-inch spring form pan and chill thoroughly before putting in your cheese mixture and baking.

agreed to the operation. She remembered the nurse announcing the growths were not malignant.

"When I was making 'Somebody Loves Me,' I started losing my voice again," she said. "The doctor said the growths had returned."

A second operation was performed. She came through it all right, she said, knocking on wood.

The anguish over her health added to her other problems—the lack of movies for her, the breakup of her marriage to dance director Charles O'Curran.

She found out that only she could bring herself back. Now happily wed to record executive Alan Livingston, she has decided that the show world is for her after all. She's busting to wow 'em once more.

## John Wayne Plays Supporting Role In Son's Picture

**HOLLYWOOD**—By his own admission John Wayne was playing a supporting role in a TV drama, "Rookie of the Year," starring Pat Wayne.

No star has ever been happier taking a back seat to a younger actor. Pat, of course, is John's son. Both were appearing in a Screen Directors' Guild Playhouse show, directed by John's long-time mentor and Pat's godfather John Ford.

Between scenes, the proud father declared: "Yes, I certainly hope Pat wants to be an actor, though it's early for him to decide—he's just 16."

"But it would be so easy for him if he does want to act. You should see the fan mail he's getting already. Stacks of it! That's just from having his picture in the fan magazines."

"And acting comes easy to him. Shucks, he had a scene in 'The Searchers' that was a terror. He had to come bursting in and tell me and Ward Bond the whole story. We interrupted him with questions, but he kept on going. Ford let it run and the kid did the scene perfectly."

Besides "The Searchers" which the Waynes just finished, Pat has also appeared in "The Quiet Man," "The Long Gray Line" and "Mister Roberts." All were Ford pictures. Says the veteran director: "He's a fine boy, he does a wonderful job."

Pat's father agrees. But although he hopes for an acting career for his son, Wayne figures there's no hurry.

"Pat was up for the role of Gary Cooper's son in William Wyler's 'Friendly Persuasion,' he said. 'It was a fine role, but I didn't want him to take it. He would have had to miss the football season at Loyola High, as he did last year.'

"I think it's more important for him to play ball. If he's going to be an actor, it's important for him to learn athletics. By playing a good American game like football, he'll learn how to move, how to get along with other men."

"Pat's in no hurry. I don't want him to be a child actor. And a man can't really get ahead in this business until he's 30."

Stone gave a very inspiring talk on the Constitution of the United States.

Wednesday Mr. Penline, from Stetson, talked on Stetson University for those interested in attending.

The game with Winter Park tonight is being played here. After the game there is to be a dance held in the gym. It's a Halloween theme but no costumes. The price is 35 cents stag and 30 cents drag. Everyone be sure to come and have a "good" time.

Miss Ruprecht, Home Ec. teacher is teaching the students how to prepare hot cereal. Some of the questions that have come up are: "How may lumps be prevented in cereal cookers?" and "What use may be made of left-over cooked cereals?" The kids seem to be very interested and are learning a lot.

Big News: You now have a chance to buy personalized stationery at the school. Samples are in the library. The librarians will order them for you.

Oh, by the way, girls aren't the only ones that dress nice. Joe Davis has a beautiful red and black striped shirt that Mary Ann Wright is crazy over.

He credited State's No. 5 ranking in the AP poll to a greatly improved defense and quarterback Earl Morrall. Williamson called Morrall the best quarterback in the Big Ten. That put him above Ivy's own T formation engineers Jim Halusa and Jim Miller.

"We'll have to play better on defense than we have in the last two games," Williamson said. His statement followed a week in which the Badgers used up a big share of their practice time tuning up the defense that permitted nine touchdowns in losing the last two games.

Quarterback John Caruso, who ranked ninth among the nation's punters in 1964 with a 40.3-yard average for 38 punts, is back to do some more kicking for Tulane.

## ...tops for Teenagers!

On-the-go every minute. That's true of most teenagers. Between school activities and play they burn up energy fast.

The best way to build that energy back up is with milk—Borden's Homogenized Vitamin D Milk. Three big glasses every day helps to prevent fatigue, while aiding healthful growth in the young. Youngsters need most to build strong bones, sound teeth and overall good physical condition.

Try it! Start drinking this vitamin-fortified, richer-tasting, easier-to-digest milk every day. Tops in nourishment. Tops for teenagers!

# U Of M Leaves For Pittsburgh

MIAMI (AP)—The University of Miami football team leaves for Pittsburgh today and hopes it will be ready for the game against Pitt tomorrow afternoon.

The Hurricanes hoped end John Melwid fullback Paul Hefli and center Mike Hudock will be recovered from injuries and ready for action. Melwid seems certain to make it but the others are uncertain.

Until this week, the team looked good in practice but lost three out of four games.

They looked so-so in Wednesday's workout and even worse yesterday. Coach Andy Gustafson told the team a lot that to him the team didn't look ready to play anybody.

et alone Pittsburgh. Home town fans take hope from the fact that last year the Hurricanes played their best after they looked their worst in practice.

## Bill Englehardt Is Making Bid To Repeat Honors

By THE ASSOCIATED PRESS

Bill Englehardt, who piled up a total of 1,645 yards for the Omaha University football team last year as a freshman, is making a bid to repeat. But his principal rival for small college ground-gaining honors is one of the 193 freshmen, Hamline's Jerry Foley.

Englehardt won the small college total offense title last season with a strong finish. He was hampered by an early-season injury this year, but in his last two games he gathered 385 yards to move into fourth place with an 844-yard total. Ahead of him are passer Foley with just 1,000 yards, Joe Ortiz of the College of Emporia with 883 and Bill Hamilton of Florence

Ala. State with 846. Foley has two games to play and the others three.

You'll find comforting reassurance in Ford's exclusive new Lifeguard Design.

**It's a small thing to do for a "big feller"**

Give your family added protection against the major causes of accident injuries by cloaking them in the Lifeguard protection of the new '56 Ford.

No car before has taken safety so seriously: Ford for '56 makes the first major contribution to passenger and driver safety. It's Ford's new Lifeguard Design... and it includes a beautiful new deep-center steering wheel that acts as a cushion on impact—new double-grip door latches which give added protection against doors springing open under impact—new optional padding for instrument panel and sun visors—new optional seat belts.

New Thunderbird styling. No other car has quite the styling "touch" of this new '56 Ford with long, low lines inspired by the Thunderbird. In the looks department, Ford is truly a pace setter.

New 202-h.p. Thunderbird Y-8 engine. If you've longed to enjoy all that famous "Shakedown" of the Thunderbird, here it is—Ford's new 202-h.p. Thunderbird Y-8 engine. It's available in any Fordomatic Fairlane or Station Wagon model. It's quick—on hills, when starting, when passing.

It's quiet—wherever you drive—longer-lived, too—thanks to Ford's deep-block construction.

The fine car at half the fine-car price

## Hospital Heads Convene Friday

More than 50 Central Florida hospital officials gathered in Sanford Friday for luncheon and business meeting of the Central Florida Hospital Council.

The luncheon and business meeting was held at Jim Spencer's after which a tour of the Seminole Memorial Hospital was made.

The program for the year, according to Don Laurent, program chairman of the association, surrounds personnel problems and purchasing. An institute is planned for each year which consists mainly of a speaker, administrative problems for discussion and then a general session.

Speaker at Friday's meeting was Dr. M. L. White, pathologist at Memorial Hospital, Sarasota. Dr. White is also president of the Florida State Society of Pathologists. The subject of his address surrounded the subject, "The relationship between the pathologist and a hospital administrator."

T. L. Jacobson, administrator of the Morton Plant Hospital at Clearwater, presented the administrative problem which was relative to laboratory procedures. William Newman, Laundry (Continued on Page Eight)

## E. Swift's Report Is Given Approval By DeBary Citizens

DEBARY—The Citizens Association of Plantation Estates recorded an unanimous vote of approval to E. Swift's report on zoning Friday morning at the Community Center.

Swift described the eight months' work on the ways and whereof of protecting DeBary from factory intrusion, improperly inspected building and unsanitary conditions. He explained to newcomers that the Plantation Estates Owners Association had withdrawn from three civic groups, the other two being the Chamber of Commerce and the DeBary Civic Association. However, landowners who wished as private citizens to belong to this group seeking information on zoning had banded together and called (Continued on Page Eight)

## Ernest H. Cowley Speaks To Rotary Club At Noon Meet

Speaking on the subject, "Why a High School Band?" E. H. Cowley, bandmaster at Seminole High School told his listeners at the regular weekly meeting of the Sanford Rotary Club this noon at the Yacht Club of the increase in interest on the part of high school students in band work which actually developed citizenship to a greater extent than musicanship. Fifteen years ago there were probably 15 or 18 bands in the high schools of Florida. Today there are over 200, he stated. Much progress has been made in the use of (Continued on Page Eight)

## Screening Group Is Reactivated

An old committee has been reactivated by the Sanford Merchants Association because of the pressing need of the group to pass on a deluge of drives for funds. Because of the many drives for funds by various groups and organizations, the Sanford Merchants Association is reactivating the screening committee to help in the selection of drives for the community.

## Bracken To Speak At Kiwanis Club

The Sanford Kiwanis Club will get an inside view of the changes and improvements in our educational system to meet our changing social systems. Andrew J. Bracken, Assistant Principal of the Seminole High School, will address the local Kiwanis Club at its noon luncheon meeting on Wednesday at the Yacht Club.

This will undoubtedly be Mr. Bracken's first address before a local civic group. Program chairman for the day will be Al Collins, who heads the Young Men's Committee of the club.

## Chief Of Naval Operations Orders Squadron Redesignations

The redesignation of all squadrons under COMHATWING ONE will take place at the Sanford Naval Auxiliary Air Station, Nov. 1.

The four squadrons of Hattwing One under the command of Captain J. T. Blackburn, based here are due to receive official redesignation as VAW (Heavy Attack) squadrons. Formerly they were designated as VC (Composite) squadrons.

Squadrons affected by the change are: VC-3, VC-7, VC-9 and VC-8 will become VAW-3, VAW-7, VAW-9 and VAW-11 respectively. The purpose of this change ordered by the Chief of Naval Operations is to assign a designation more befitting the mission of Hattwing One, which is high altitude, long range atomic weapon delivery under all weather conditions. Flying AJ Savage aircraft, Heavy Attack Wing One's all-weather atomic bomber, the squadrons of Hattwing One stand in readiness to strike quickly and powerfully from the carriers of the Navy's Fleet. The AJ Savage is powered by three engines, two conventional reciprocating engines and one jet, is the largest carrier-based aircraft presently in operation, weighing about 18 tons.

In the event of an atomic attack against the United States, COMHATWING ONE would launch instantaneous retaliatory strikes from carriers of the Atlantic Fleet wherever they might be. Concurrently, with the redesignation, a new squadron, VAW-1, will be commissioned under COMHATWING ONE on Nov. 1, and the present will be based at NAS Jacksonville.

## Galloway Reports Tax Statements

John L. Galloway, county tax collector, announced today that the tax statements covering 1955 taxes have been placed in the mails and that the tax books will be open for payment of 1955 taxes tomorrow morning, Nov. 1.

Those paying their taxes in November will be allowed four percent discount. The discount then drops to three per cent in December, two per cent in January, one per cent in February and net in March. On April 1, all taxes not paid become delinquent and subject to penalties. It is therefore to the tax payer's advantage to pay taxes when due, Galloway said.

Generally about two-thirds of the entire tax bill is collected in November when the four per cent discount is allowed. This has been the rule for the past several years and is the same pattern followed this year about \$625,000.00 will be collected in November. The total tax roll including intangible personal property amounts to around \$840,000.00.

## Services Are Held For Mrs. McQueen

Mrs. Alfred McQueen, 62, died at her home at 2618 Sanford Ave., at 4:30 p. m. Saturday very suddenly.

Born Feb. 21, 1893, in Springfield, Mass., she had made her home in Sanford for the past four years. She came here from Chocoma Falls, Mass. Mrs. McQueen was a member of the All Souls Catholic Church here.

Survivors include husband, and one daughter, Mrs. John Sutherland; one brother, Russ McDonald of Ludlow, Mass.; two grandchildren and several nieces and nephews. Services were held at 9:30 this morning at the All Souls Catholic Church with the Father Richard Lyons, officiating. Burial was held at 2 o'clock last night and burial was in the Catholic Cemetery.

## Residents Want Petition Renewal

### Friday Is Slated As Circus Day For Local Children

King Bros. three ring Circus—the first and only big show to visit Sanford this year will be here for one day only this coming Friday, Nov. 4—afternoon and night—to be welcomed by children of all ages.

The big show, now the second largest in all the Universe—and now nearing the end of its 36th annual tour, will be sponsored for its one day engagement here by the members of the Seminole County Junior Chamber of Commerce and members of the Jaycees are making every possible effort to raise much needed funds for their various charitable activities.

General admission tickets and children's tickets for both the afternoon and night performances can be purchased now and up to Thursday night for any member of the club. A liberal percentage of the receipts from the advance sale of tickets will be received by the club. President A. R. Peterson Jr. reports a heavy advance sale at this writing and is planning a last minute drive.

The showgrounds will be located on Highway No. 17-92 adjacent to the (Continued on Page Eight)

### Accident Prompts Citizens Railroad Crossings Should Be Flagged

Residents of the area through which the Atlantic Coast Line operates a freight line to Ocala are up in arms over recent accidents and the outcome of a petition filed with the Board of Sanford City Commissioners earlier in the year.

According to several of the residents, a list of 80 names accompanying the petition which read, "We the undersigned citizens of Sanford ask that something be done to stop the ACL engineers from doing all the horn blowing and bell ringing at the various crossings in residential areas. We feel it is not necessary and very distracting to people trying to get a night's rest. Each crossing should be flagged by the Flagman, which each freight crew must have. This would eliminate the requiring the use of horns and bell ringing."

### Smathers Tells Speaking Schedule

U. S. Senator George Smathers announced today a schedule of speaking engagements taking him this week to Miami Beach, Fort Pierce, Delray Beach, and West Palm Beach.

He will address members of the Florida Trucking Association Monday noon in convention at Miami Beach. Monday night he will appear on WTVT, Miami, on a press panel program.

At noon on Tuesday the Senator speaks at a luncheon meeting of the joint civic clubs in Fort Pierce. He will be honored Tuesday afternoon at a reception for West Palm Beach newspaper, radio and television reporters, before appearing there.

The Senator will speak at the banquet of the Chamber of Commerce at Delray Beach Tuesday night and a meeting of civic clubs in West Palm Beach at noon on Wednesday. From West Palm Beach he will fly to Washington for conferences and appointments throughout the rest of the week.

### Local Music Lovers Respond To Drive With Enthusiasm

President Francis Roumillat, of the Seminole Musical Concert Association, this morning said, "It looks as if our membership drive will come to a close sooner than expected with the wonderful response on the part of our Sanford and Seminole County music lovers."

Prompting the remark by Roumillat was the first report from the membership drive headed by Mrs. Ralph Austin Smith. The members of the drive committee, so far, have sold a total of 181 memberships leaving only 359 more seats available for those who have not yet purchased theirs.

A telephone has been made available for those who would like to call their membership subscription in to the membership drive headquarters which is in the Strickland-Morrison Building. The number is 2836 and according to officials of the organization the office will be manned from 10 to 12 and from 2 to 5 each day.

President Roumillat said this morning that 30 memberships have been purchased by Navy personnel. "They have done a wonderful job."

### Mrs. R. J. Cushing Represents Herald At Weekend Meet

The Sanford Herald was represented at the annual Fall meeting of the Florida Newspaper Advertising Executives which was held at the Port Paradise Hotel and Villas Friday and Saturday.

Mrs. Evelyn Cushing was among the over 55 newspaper and six advertising agency representatives attending the meeting. Over 100 delegates registered for the event.

Group sessions to discuss the problems of advertising executives in Florida were held following a "call to order" by the group's president Harold Ward of Jacksonville.

Besides direct economic benefits, more jobs and a higher standard of living, advertising makes possible most of our news and entertainment," said Ward as he opened the meeting.

Reports from the president, secretary and treasurer were heard at the Saturday morning session, after which the group sessions were resumed and reports to the entire body heard.

Adjournment was announced following the Saturday night banquet. The spring session, according to announcements Saturday, will be held in Miami Beach.

### Frame Dwelling In Midway Burns To Ground Friday

A frame dwelling in Midway burned to the ground Friday, shortly after one o'clock.

The home, covered with composition roofing with a composition siding, over the outside portion, sent flames high into the air with billows of smoke following them.

The Sanford Fire Department answered the alarm, but with no water with which to control the blaze, the highly inflammable wood was soon consumed.

Also answering the alarm was a fire unit from the Sanford Naval Auxiliary Air Station. Information Friday revealed that the home was occupied by James D. Smith.

### Mrs. Mary Smith Dies Saturday

Mrs. Mary Agnes Smith, 72, died at a nursing home at 11 a. m. Saturday after an illness of two years.

She had been in Deland for twenty-two months in a nursing home and had lived in Sanford since 1921.

Her residence was 1112 Elm Ave., and she was a member of the First Methodist Church here.

Survivors include three sisters, Mrs. C. V. Hoover, Sanford; Mrs. Clara Frannan, Detroit; Miss Bell Cowley, Vine Grove, Ky. four nieces and six nephews.

Funeral services were held at 4 p. m. yesterday at the Briston Funeral Home with the Rev. Milton Wyatt officiating. Burial was held in Evergreen Cemetery.

### Services Are Held For Mrs. McQueen

Mrs. Alfred McQueen, 62, died at her home at 2618 Sanford Ave., at 4:30 p. m. Saturday very suddenly.

Born Feb. 21, 1893, in Springfield, Mass., she had made her home in Sanford for the past four years. She came here from Chocoma Falls, Mass. Mrs. McQueen was a member of the All Souls Catholic Church here.

Survivors include husband, and one daughter, Mrs. John Sutherland; one brother, Russ McDonald of Ludlow, Mass.; two grandchildren and several nieces and nephews.

Services were held at 9:30 this morning at the All Souls Catholic Church with the Father Richard Lyons, officiating. Burial was held at 2 o'clock last night and burial was in the Catholic Cemetery.

### E. Swift's Report Is Given Approval By DeBary Citizens

DEBARY—The Citizens Association of Plantation Estates recorded an unanimous vote of approval to E. Swift's report on zoning Friday morning at the Community Center.

Swift described the eight months' work on the whys and wherefores of protecting DeBary from factory intrusion, improperly inspected building and unsanitary conditions. He explained to newcomers that the Plantation Estates Owners Association had withdrawn from three civic groups, the other two being the Chamber of Commerce and the DeBary Civic Association. However, landowners who wished as private citizens to belong to this group seeking information on zoning had banded together and called (Continued on Page Eight)

### Ernest H. Cowley Speaks To Rotary Club At Noon Meet

Speaking on the subject, "Why a High School Band?" E. H. Cowley, bandmaster at Seminole High School, told his listeners at the regular weekly meeting of the Sanford Rotary Club this noon at the Yacht Club of the increase in interest on the part of high school students in band work which actually developed citizenship to a greater extent than music. Fifteen years ago there were probably 15 or 18 bands in the high schools of Florida. Today there are over 200, he stated. Much progress has been made in the use of (Continued on Page Eight)

### Screening Group Is Reactivated

An old committee has been reactivated by the Sanford Merchants Association because of the pressing need of the group to pass on a deluge of drives for funds.

Because of the many drives for funds by various groups and organizations, the Sanford Merchants Association is reactivating the screening committee to help in the selection of drives for the community.

### Bracken To Speak At Kiwanis Club

The Sanford Kiwanis Club will get an inside view of the changes and improvements in our educational system to meet our changing social systems.

Andrew J. Bracken, Assistant Principal of the Seminole High School, will address the local Kiwanis Club at its noon luncheon meeting on Wednesday at the Yacht Club.

This will undoubtedly be Mr. Bracken's first address before a local civic group. Program chairman for the day will be Al Collins, who heads the Young Men's Committee of the club.

More than 50 Central Florida hospital officials gathered in Sanford Friday for luncheon and business meeting of the Central Florida Hospital Council.

The luncheon and business meeting was held at Jim Spencer's after which a tour of the Seminole Memorial Hospital was made.

The program for the year, according to Don Laurent, program chairman of the association, surrounds personnel problems and purchasing. An institute is planned for each year which consists mainly of a speaker, administrative problems for discussion and then a general session.

Speaker at Friday's meeting was Dr. Millard White, pathologist at Memorial Hospital, Sarasota. Dr. White is also president of the Florida State Society of Pathologists. The subject of his address surrounded the subject, "The relationship between the pathologist and a hospital administrator."

T. L. Jacobson, administrator of the Morton Plant Hospital at Clearwater, presented the administrative problem which was relative to laboratory procedures. William Newman, Laundry (Continued on Page Eight)

### Cdr. E. C. Mildahn Is Relieved Today By Cdr. P. Stevens

In ceremonies at the U. S. Naval Auxiliary Air Station this morning, Cdr. E. C. Mildahn, USN, relieved Cdr. Paul F. Stevens Jr., as Commanding Officer of Composite Squadron Eight.

Cdr. Stevens, whose home is in Joplin, Miss., attended Naval War College, Newport, R. I., prior to reporting to VC-8 in October 1953. He assumed command of the squadron in April 1955. The commander and his family live at 2076 Grandview Ave., South; however they will be moving to Jacksonville in the near future where Commander Stevens will take command of Heavy Attack Squadron One.

Cdr. Mildahn, who this week completed the Plane Commander Course at the Heavy Attack Training Unit, is reporting from the Flight Test Division, Naval Air Test Center, Patuxent River, Md., where he was engaged in the acceptance tests of the ASD "Sky Warrior," Navy jet bomber scheduled to be delivered to the Sanford Squadrons. He is a native of Rochester, N. Y. Cdr. and Mrs. Mildahn have recently moved into their new home on Vinewood Drive in Loch Harbor.

Capt. R. W. Jackson, Commanding Officer of SNAAS, Capt. J. T. Blackburn, Commanding Officer of Heavy Attack Wing One, and Cdr. I. G. Peters, Chief Staff Officer of the Wing, were also present for the change of command ceremony.

### Resident Dies Last Night In Hospital

Mrs. Susan M. Thornton, 63, a resident of Sanford for only two months, died last night at the local hospital following a brief illness.

Mrs. Thornton lived in Sanford at 204 E. 18th Street. She came here from Kansas City, Kan.

She was born on February 13, 1892, and was a member of the All Souls Catholic Church.

She is survived by one daughter, Mrs. Frank G. Cassidy of Sanford, one son, Commander James C. Sanford, Sanford Naval Auxiliary Air Station, three grandsons, one granddaughter, and a brother-in-law, A. B. Delahoyde of Sanford.

Funeral services will be held tomorrow morning (Tuesday), at All Souls Catholic Church, with Father Richard Lyon officiating. Burial will be in All Souls Catholic Cemetery.

### Nine Cases Tried In County Court

Nine cases were tried in Seminole County Court last week, according to County Prosecutor Karlisle Hortholander.

The jury acquitted six "driving while intoxicated" cases, one of the DWI's was a mistrial. Two convictions were brought in for "assault and battery" and "no drivers license."

Three bonds were extracted, one for "driving while intoxicated," one for "selling alcoholic beverages without a license" and one for "following too closely."

The court also heard two guilty pleas for "reckless driving."

### Auto Is Total Loss After Smashing Into Barbed Fence

A 1950 automobile was declared a total loss by Florida Highway Patrolman Carl Williams Saturday morning, shortly after 6 o'clock, when it smashed into a barbed wire fence.

The automobile, driven by Ted Owensby of Chuluota, was apparently traveling at a high rate of speed when it left the highway for a distance of at least 600 feet, turning over twice, and then coming to a stop about 50 feet from the pavement.

The accident occurred on the highway between Oviedo and Chuluota, a half mile west of the Little Econlockhatchee River.

Owensby, a resident of Chuluota, was charged with driving the car "while licensed revoked." He received a slight abrasion of the head but suffered no other apparent injuries.

Those investigating the accident were Patrolman Carl Williams of the Florida Highway Patrol and Constable George Kelsey of Oviedo.

### Galloway Reports Tax Statements

John L. Galloway, county tax collector, announced today that the tax statements covering 1955 taxes have been placed in the mails and that the tax books will be open for payment of 1955 taxes tomorrow morning, Nov. 1.

Those paying their taxes in November will be allowed four percent discount. The discount then drops to three per cent in December, two per cent in January, one per cent in February and net in March.

On April 1, all taxes not paid become delinquent and subject to penalties. It is therefore to the tax payer's advantage to pay taxes when due, Galloway said.

Generally about two-thirds of the entire tax bill is collected in November when the four per cent discount is allowed. This has been the rule for the past several years and is the same pattern followed this year about \$625,000.00 will be collected in November. The total tax roll including intangible personal property amounts to around \$840,000.00.

### Oviedo Resident Killed In Accident

Mrs. Isabella L. Horton, 38, died Friday as the result of an accident on the Oviedo Road.

She had lived in Oviedo for six years coming there from Bessemer, Ala. She was a member of the Oviedo Baptist Church and past president of the P-TA there.

Survivors are John W. Horton, Oviedo; two sons, Gordon W. Horton, Oviedo; Billy Joe Horton, Oviedo; mother, Mrs. Grace Little, Bessemer, Ala.; a sister, Mrs. Florence Bessemer, three brothers, Willy Little, US Marines in Virginia; Jack and Calvin Little, Bessemer.

Remains will be taken to Bessemer for funeral and burial.

### Friday Is Slated As Circus Day For Local Children

King Bros. three ring Circus—the first and only big show to visit Sanford this year will be here for one day only this coming Friday—Nov. 4—afternoon and night—to be welcomed by children of all ages.

The big show, now the second largest in all the Universe—and now nearing the end of its 36th annual tour, will be sponsored for its one day engagement here by the members of the Seminole County Junior Chamber of Commerce and members of the Jaycees are making every possible effort to raise much needed funds for their various charitable activities.

General admission tickets and children's tickets for both the afternoon and night performances can be purchased now and up to Thursday night for any member of the club. A liberal percentage of the receipts from the advance sale of tickets will be received by the club. President A. R. Peterson Jr. reports a heavy advance sale at this writing and is planning a last minute drive.

The showgrounds will be located on Highway No. 17-92 adjacent to the (Continued on Page Eight)

### Smathers Tells Speaking Schedule

U. S. Senator George Smathers announced today a schedule of speaking engagements taking him this week to Miami Beach, Fort Pierce, Delray Beach, and West Palm Beach.

He will address members of the Florida Trucking Association Monday noon in convention at Miami Beach. Monday night he will appear on WTVT, Miami, on a press panel program.

At noon on Tuesday the Senator speaks at a luncheon meeting of the joint civic clubs in Fort Pierce. He will be honored Tuesday afternoon at a reception for West Palm Beach newspaper, radio and television reporters, before appearing there.

The Senator will speak at the banquet of the Chamber of Commerce at Delray Beach Tuesday night and a meeting of civic clubs in West Palm Beach at noon on Wednesday. From West Palm Beach he will fly to Washington for conferences and appointments throughout the rest of the week.

### Accident Prompts Citizens Railroad Crossings Should Be Flagged

Residents of the area through which the Atlantic Coast Line operates a freight line to Oviedo are up in arms over recent accidents and the outcome of a petition filed with the Board of Sanford City Commissioners earlier in the year.

According to several of the residents, a list of 80 names accompanying the petition which read, "We the undersigned citizens of Sanford ask that something be done to stop the ACL engineers from doing all the horn blowing and bell ringing at the various crossings in residential areas. We feel it is not necessary and very distracting to people trying to get a night's rest. Each crossing should be flagged by the Flagman, which each freight crew must have. This would eliminate the requiring the use of horns and bell ringing."

### Mrs. R. J. Cushing Represents Herald At Weekend Meet

The Sanford Herald was represented at the annual Fall meeting of the Florida Newspaper Advertising Executives which was held at the Port Paradise Hotel and Villas Friday and Saturday.

Mrs. Evelyn Cushing was among the over 35 newspaper and six advertising agency representatives attending the meeting. Over 100 delegates registered for the event.

Group sessions to discuss the problems of advertising executives in Florida were held following a "call to order" by the group's president Harold Ward of Jacksonville.

Besides direct economic benefits, more jobs and a higher standard of living, advertising makes possible most of our news and entertainment," said Ward as he opened the meeting.

Reports from the president, secretary and treasurer were heard at the Saturday morning session, after which the group sessions were resumed and reports to the entire body heard.

Adjournment was announced following the Saturday night banquet. The spring session, according to announcements Saturday, will be held in Miami Beach.

### Local Music Lovers Respond To Drive With Enthusiasm

President Francis Roumillat of the Seminole Mutual Concert Association, this morning said, "It looks as if our membership drive will come to a close sooner than expected with the wonderful response on the part of our Sanford and Seminole County music lovers."

Prompting the remark by Roumillat was the first report from the membership drive headed by Mrs. Ralph Austin Smith. The members of the drive committee, so far, have sold a total of 181 memberships leaving only 350 more seats available for those who have not yet purchased theirs.

A telephone has been made available for those who would like to call their membership subscription in to the membership drive headquarters which is in the Strickland-Morrison Building. The number is 2836 and according to officials of the organization the office will be manned from 10 to 12 and from 2 to 5 each day.

President Roumillat said this morning that 30 memberships have been purchased by Navy personnel. "They have done a wonderful job."

Unprecedented enthusiasm is being shown in this drive, said Roumillat, and those wishing to make reservations for their memberships should do so at the earliest possible time.

### Frame Dwelling In Midway Burns To Ground Friday

A frame dwelling in Midway burned to the ground Friday, shortly after one o'clock.

The home, covered with composition roofing with a composition siding, over the outside portion, sent flames high into the air with billows of smoke following them.

The Sanford Fire Department answered the alarm, but with no water with which to control the blaze, the highly inflammable wood was soon consumed.

Also answering the alarm was a fire unit from the Sanford Naval Auxiliary Air Station.

Information Friday revealed that the home was occupied by James D. Smith.

### Mrs. Mary Smith Dies Saturday

Mrs. Mary Agnes Smith, 72, died at a nursing home at 11 a. m. Saturday after an illness of two years.

She had been in Deland for twenty-two months in a nursing home and had lived in Sanford since 1921.

Her residence was 1112 Elm Ave., and she was a member of the First Methodist Church here.

Survivors include three sisters, Mrs. C. V. Hoover, Sanford; Mrs. Clara Frannan, Detroit; Miss Bell Cowley, Vine Grove, Ky. four nieces and six nephews.

Funeral services were held at 4 p. m. yesterday at the Briston Funeral Home with the Rev. Milton Wyatt officiating. Burial was held in Evergreen Cemetery.

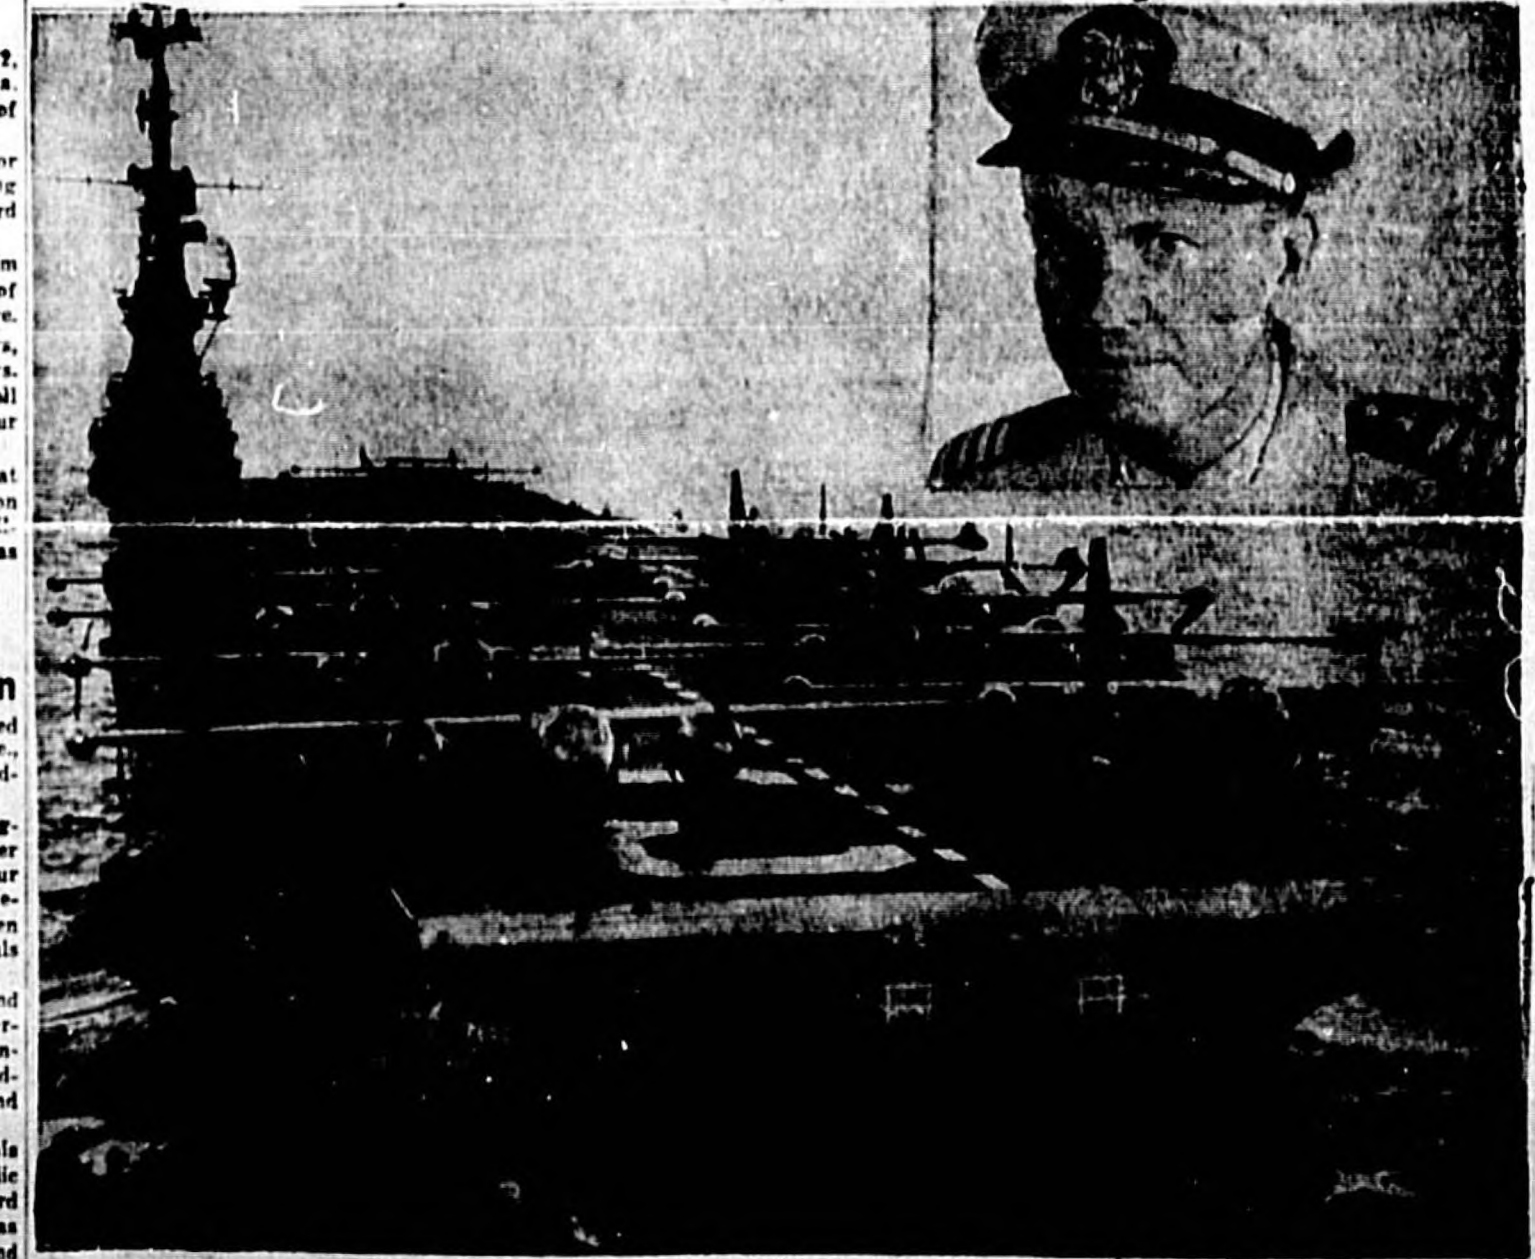

### Services Are Held For Mrs. McQueen

Mrs. Alfred McQueen, 62, died at her home at 2618 Sanford Ave., at 4:30 p. m. Saturday very suddenly.

Born Feb. 21, 1893, in Springfield, Mass., she had made her home in Sanford for the past four years. She came here from Chocoma Falls, Mass. Mrs. McQueen was a member of the All Souls Catholic Church here.

Survivors include husband, and one daughter, Mrs. John Sutherland; one brother, Russ McDonald of Ludlow, Mass.; two grandchildren and several nieces and nephews.

Services were held at 9:30 this morning at the All Souls Catholic Church with the Father Richard Lyons, officiating. Rosary was said at 8 o'clock last night and burial was in the Catholic Cemetery.

## Motorists - Make Our Community Safe Place To Drive, Live!

One dead.  
Two injured.  
That's an early toll in the Seminole County unsafe driving debauchery.

We haven't stopped to count up the amount of property damage. Neither have we an opportunity to count the tears, the heartaches, the hidden costs in countless ways.

To have lost a life in the mad race of cars on Seminole County roads and streets is just too much to take. Somebody must get mad about the situation. Nothing can replace the mother, wife, citizen, parent-teacher member, and the other myriad of tasks performed in the community.

A youngster is confined to the hospital, and a retired man is sharing his suffering too. How long they will suffer, the agony that they will endure, the hospitalization costs necessary, we can't estimate.

But we can say this, all of it is unnecessary.

Somebody is asleep at the switch. And we are not attempting to place the blame either.

No one realizes better than we do that automobile drivers have gone mad. We can also say that there are some others who are resting behind complacency and because of existing laws there's "no necessity to watch and be careful."

There's some laxness in law enforcement. There's apathy on the part of the public.

How do we add it all up? If one tries to get an answer there's only a jumble of figures. So, the only thing to do is everybody wake up at the same time and play their part in making Sanford and Seminole County a safe place to drive and LIVE.

Twice, we have warned taxi drivers, school bus drivers, and just plain motorists

about the regulations in school zones. And no sooner had the article come off the press, the ink wasn't even dry good, when a resident of the school neighborhood in question dashes by at a 35-mile-per-hour clip, weaves through three cars parked because of children unloading from them, and then easily rolls up into his yard and casually gets out of the car.

The only thing that would have stopped this driver is a DEAD CHILD. Too late then to slow up. Too late to say "I'm sorry".

Taxis are still zooming by our school zones at rates of speed too great for the safety of the hundreds of children on the way to their classes.

School buses are not observing the 15-miles-per-hour in school zones. And they're the ones that should be setting the example to other motorists on the streets and highways. Certainly a citizen is in the right when he follows a school bus at 30 miles per hour through a school zone, the citizen is right when he follows a law enforcement officer through the school zones at a greater speed than the signs designate.

Let's not fool ourselves Mr. Motorist, Bus Driver, Taxi Driver, or whoever you might be. We are all responsible for the safety of the people on our highways and streets.

Everybody's responsibility to do their duty. Including that of the law enforcement agencies, carefully and resolutely carried out will mean safe highways.

We don't have to call names, or cite license numbers, or designate agencies involved. The guilty persons know. That's the important thing. And if you're one of them, reading this bit of advice, may we ask you to observe the laws and ordinances of the City, County and State? You see, the reason we ask you is this, you might head for us sometime and we're not quite ready to be caught in the path of an oncoming car speeding across the streets and highways. Our children might be hit by one of you, and we respect the youth of our community and nation.

It's time to get up in arms and do something about the complete disregard of speed regulations!

If you're driving a car, remember this—the man driving a car just ahead of you, or behind you, has a life just as valuable as yours own. Don't take everybody's life in your own hands. You may have insurance, lots of it, but we're more interested in the lives at stake, the suffering that will be caused, the heartaches experienced, the unnecessary funerals, and all of the other sad things that come from "not observing the law."

Shall we call this a THIRD warning? The next one, YOU may not be able to read because of an accident or death.

## Many Problems Will Face Big Four

WASHINGTON (U)—For about three weeks, beginning today, the Big Four foreign ministers will meet in Geneva. They will discuss the efforts of the United States to get West Germany rearmament and into the North Atlantic Treaty Organization.

A great lack of accomplishment at Geneva should be no surprise. A look at just one of the problems the ministers intend to discuss—unification of West and East Germany—is enough to show why Russia and the West, now separated by an absolute gulf on that subject, are likely to remain apart.

For years, by various devices which included propaganda, Russia fought the efforts of the United States to get West Germany rearmament and into the North Atlantic Treaty Organization.

The Russian tactics were rough and tough. Suddenly this year they switched to a soft line. The switch came only after West Germany was finally admitted to NATO.

There were other reasons for the switch besides the German question.

But it seems obvious the Russians, having failed to keep West Germany out of NATO by bluster, could see that by a change in tactics they might still win their point, perhaps a double point.

They might, if they played it shrewdly enough not only get West Germany out of NATO but also even wreck NATO itself by softening up the other Western countries' fear of Russia. In this game the Russians have an ace in the hole.

The West Germans, and the East Germans who are under Communist control, want to be united. The Russians have put a price tag on unification: the Germans cannot be united so long as West Germany remains in NATO.

But the United States and the other Western allies want Germany unified too. They have asked the Russians to let the East and West Germans unite by electing their own government in free elections.

All the reports from Europe indicate that if the elections were held now the East and West Germans would vote for a government like that of West Germany's Chancellor Adenauer, who is a firm friend of the West.

The United States would hardly be urging the unification of Germany if it did not feel the results would be favorable to the West.

Since this is all obvious enough to the Russians, they have plenty of reason from their standpoint to block unification unless, or until, they can be sure a united Germany is out of the Western alliance and either neutral or teamed up with them.

The Russians can afford to stall. Chancellor Adenauer is old and sick. He may have to disappear from the picture soon because of age or health or death. When he goes, it is not at all certain what course his successor will take.

The West German—through the urge for unification or division of feeling about continuing a Western alliance—might be willing to make far greater concessions to the Russians than Adenauer's government seems willing to make.

Yet all this is only one of the complicated problems Secretary of State Dulles and the foreign ministers of Russia, Britain and France will either wrestle or waltz around with at Geneva.

"They are giving them into the control of a Congress of 435 members, of which the State of Oregon has four. They are giving them to the control of a United States Senate of 96 members, of which the State of Oregon has two. They are giving them to an all-powerful bureaucracy composed of people whom you in Oregon can neither vote for, nor can you hire, nor can you fire."

"Their program is truly the great proposed give-away of the century."

## Army To Lose Hero Next Week

NEW YORK (U)—The United States Army will lose a hero next week but keep a legend.

The hero is Maj. Gen. William F. Dean, one of the bravest and best-loved officers in American military history.

The legend this holder of the first Medal of Honor won in Korea leaves behind him is the epic story of the valor he showed on the battlefield and his fortitude during more than three years as a prisoner of war.

At 36, Gen. Dean, a onetime streetcar conductor and policeman, is winding up a brilliant 22-year military career. He will retire Monday as deputy commander of the 8th Army after a final troop review in his honor at the historic Presidio of San Francisco.

No man has better earned retirement, but thousands of veterans will hate to see him go. He has been truly "the soldier's soldier," exemplifying in both deed and manner the best that is taught at West Point, a school Gen. Dean never attended himself.

Although some of his men revered him almost as if he were a 49th star in the flag, the General shrank from being publicly labeled a hero.

"I'm just a dog-faced soldier," he always insisted.

He was too. His men liked him for that. But he was something more also. He was a general of the old type, a commander who, when the going got really tough, liked to go up front and lead his men in combat personally.

That style of leadership presumably went out of style after the Civil War but it never went out of style with Dean. Where his troops needed him most, there he was.

In World War I he won the distinguished Service Cross, the nation's second highest award for valor, for leading his men on foot through a continuous artillery barrage to knock out an enemy battery.

It was the same brand of courage that gained him the Medal of Honor in Korea. He became separated from his men while helping them fight a Red tank with hand grenades and bazookas during a desperate holding action.

As commander of the 24th Division Gen. Dean had been given the all-but-impossible mission to blunt the force of the entire North Korean advance until America could rush reinforcements from Japan and home ports and form a real battleline. That mission was accomplished.

Dean had for more than a month behind enemy lines—most of the time without food—until a Korean civilian betrayed him to the enemy.

The enemy kept word of his capture secret. Most of his men thought him dead. But the example of his courage lived on.

Soldiers rarely care much one way or another for a general officer. He is ordinarily remote from them. I came to Korea as a reporter shortly after Dean disappeared and I was amazed at the depth of feeling his men had for him. Some even broke into tears when they spoke of him. They felt as if somehow they had let him down.

During his long ordeal as a prisoner, kept in solitary confinement, Dean's reddish hair turned gray. He counted flies and worked mathematical problems in his head to keep from going crazy. Once, fearing he would lose his mind or

break under torture and reveal the secret of America's plan for the defense of Japan, he even plotted suicide.

Since his release, Dean has shown a remarkable sympathy and understanding of the problems of American war prisoners. With a rectitude painful to behold he, even implied he was a darn fool ever to let himself get caught.

All to no avail. He has proved himself a hero on many battlefronts, and whether he likes the idea or not, he will live as a top hero in his nation's annals. It is difficult for any honest man with a sense of humor to regard himself as a hero, but heroes are as necessary to the human race as food and water.

He was too. His men liked him for that. But he was something more also. He was a general of the old type, a commander who, when the going got really tough, liked to go up front and lead his men in combat personally.

That style of leadership presumably went out of style after the Civil War but it never went out of style with Dean. Where his troops needed him most, there he was.

The enemy kept word of his capture secret. Most of his men thought him dead. But the example of his courage lived on.

Soldiers rarely care much one way or another for a general officer. He is ordinarily remote from them. I came to Korea as a reporter shortly after Dean disappeared and I was amazed at the depth of feeling his men had for him. Some even broke into tears when they spoke of him. They felt as if somehow they had let him down.

During his long ordeal as a prisoner, kept in solitary confinement, Dean's reddish hair turned gray. He counted flies and worked mathematical problems in his head to keep from going crazy. Once, fearing he would lose his mind or

break under torture and reveal the secret of America's plan for the defense of Japan, he even plotted suicide.

Since his release, Dean has shown a remarkable sympathy and understanding of the problems of American war prisoners. With a rectitude painful to behold he, even implied he was a darn fool ever to let himself get caught.

All to no avail. He has proved himself a hero on many battlefronts, and whether he likes the idea or not, he will live as a top hero in his nation's annals. It is difficult for any honest man with a sense of humor to regard himself as a hero, but heroes are as necessary to the human race as food and water.

He was too. His men liked him for that. But he was something more also. He was a general of the old type, a commander who, when the going got really tough, liked to go up front and lead his men in combat personally.

That style of leadership presumably went out of style after the Civil War but it never went out of style with Dean. Where his troops needed him most, there he was.

In World War I he won the distinguished Service Cross, the nation's second highest award for valor, for leading his men on foot through a continuous artillery barrage to knock out an enemy battery.

It was the same brand of courage that gained him the Medal of Honor in Korea. He became separated from his men while helping them fight a Red tank with hand grenades and bazookas during a desperate holding action.

As commander of the 24th Division Gen. Dean had been given the all-but-impossible mission to blunt the force of the entire North Korean advance until America could rush reinforcements from Japan and home ports and form a real battleline. That mission was accomplished.

Dean had for more than a month behind enemy lines—most of the time without food—until a Korean civilian betrayed him to the enemy.

leisure time and much has been done to decrease juvenile delinquency by turning of youth interests into worthwhile channels.

"Fifteen years or so ago, three 'R's' were reading, 'fitting' and 'rhythmic'. Now there are six 'R's', he claimed. "In addition to the first three, responsibility and right relationships must be added. And the last three are particularly important in band work," the bandman emphasized. He concluded his remarks with a careful analysis of work of his department during the past four years and stated that he looked forward to another fine year as he starts his fifth at Seminole High.

He introduced the following program which was enthusiastically received: Sidney Vihlen in a trumpet solo; Robert Armstrong and J. D. Stone, Robert Horn Duet and a Trumpet Trio by Sidney Vihlen, Leslie Smith and Joe Fisher. The last number "Bugler's Holiday" literally brought down the house. Robert Reely Jr. was the accompanist for the instrumentalists and also offered a very difficult piano solo.

The program arranged by Gene Tucker was introduced by Charlie Morrison. The meeting was in charge of President William Bush. The Rev. Lucian Scott offered the invocation and introduced the visitors. George Touhy announced the three stellar attractions in the Seminole Mutual Concert Association headed by Francis E. Roumillat, a member of the local club.

## Residents Want

(Continued From Page One)  
E. P. Hair, operator of a Sanford Ave. filling station, said that he welcomed the renewing of interest in the petition.

No action was taken on the petition, was the apparent outcome of the filing of the paper with the city. However, it is understood that the Board of Commissioners were probably discussing new ordinances or a new ordinance that would require the flagging of street crossings.

An accident Friday, shortly after noon, prompted the renewal of the complaint by Sanford citizens.

One resident of the immediate area of 25th St. where the Friday accident occurred said, "I've helped pull two dead out of wrecks at this crossing and one that was critically hurt." He said, "Something must be done about the safety of motorists who travel this thoroughfare."

The accident involved a 65-year-old retired man, driving a 1946 Nash car, who smashed into the side of the Diesel engine traveling toward Oviedo. ACL officials, at the scene of the accident, said that the crossing was not a flag crossing and that signs were in evidence on both approaches to the street and railroad crossing.

Police Chief Roy Williams, this morning, intimated that the signs at the crossings were those that should be used outside of the city limits.

As a result of the accident, Friday J. K. Lane received a broken leg, abrasions of the face and head, and possible internal injuries.

A witness, who barely got across the ACL tracks without getting hit, and a nephew of the injured man, signed a statement at the scene that the whistle of the train blew only one time about 20 yards from the crossing in question. Chester D. Harper, said in his statement that the whistle warnings should have been two long and one short blast.

The crew of the train, Extra 58, consisted of: W. B. Brinson, conductor; G. P. Harkey, engineer; W. H. Bruce, fireman; B. Joseph, brakeman; and W. J. Crawford, flagman.

Another accident, involving the same train, manned by the same crew, occurred later in the afternoon, about 3:40 p. m., according to Florida Highway Patrolman Carl Williams, when a car driven by Mrs. Isabel Horton, 58-year-old Oviedo housewife, crashed into the train at a crossing on State Road 410. Patrolman Williams said that the car, apparently traveling at a high rate of speed, skidded 160 feet, most of the distance sideways, and crashed into the diesel engine with such an impact that the rail of the track was bent.

The entire side of the car was telescoped and completely destroyed. Mrs. Horton was dead on arrival at an Orlando Hospital. Her son, 12-year-old Billie Joe, remains in a critical condition from injuries received in the accident. He was enroute to Sanford with his mother, for a dental appointment.

Dr. Edward W. Stoner, of Oviedo, administered first aid to the accident victims until the ambulance took them to the Orlando Hospital.

Both mother and son were pinned in the wreckage, the mother under the wheel, the son in the front seat on the right side.

The real name of Tony DeMarco, welter weight champion until stopped by Carmen Basile in his first defense, is Leonard Liotta.

counsel of laziness. It has to do with anxious thought about the morrow and crossing bridges before we get to them and a failure to trust in God's care. We often lose the present through regrets regarding the past and anxiety concerning the future. It is our faith that the whole experience of life and death fit into an eternal plan of God which is concerned with our best interests and our highest good.

The Rev. David S. Carneff, pastor of the Christian and Missionary Alliance Church used as his subject yesterday, "The Earthly Reign of Christ."

Practically, without exception men of all races and ages have fancied a Utopian dream. They have thought of a place of plenty and prosperity and peace... of social and economic equality where no man must live in want... of unparalleled happiness and joy.

Thus, the Scriptural depiction of the earthly reign of Christ is not beyond the scope of human imagination. However, the total picture which the Bible presents of the World-wide Kingdom of Christ is an undisputable fact of Bible prophecy.

Only Jesus Christ can straighten out the tangles and clear away the mess into which this world has been engulfed by the futile efforts of human agencies. These agencies no matter how mighty the powers that be; no matter how influential the leaders; no matter how diplomatic the ministers; no matter how careful the international plans—can never produce a permanent and lasting peace in the world.

Is it any wonder that the Apostle Paul should exclaim: "Eye hath not seen, nor ear heard, neither have entered into the heart of man, the things that God hath prepared for them that love him." (I Cor. 2:9)

Pastor Perry L. Stone of the

First Christian Church preached yesterday morning on "Good News for All." In introducing his message he said, "Do you feel that your worth and dignity as a free human being is unappreciated and that you are treated as a pawn or cog or case or number? Then the gospel is good news to you that you are more precious in God's sight than the most sacred institution; that his Son out of love for you died on the Cross to save you from sin; and that the very hairs of your head are numbered. Is your life a rat race and your work pointless? Then the gospel is good news to you that there is a cause worth living for and dying for. Are you sad and bowed down by trouble? Then the gospel is good news to you not of ease or escape, but of joy in the midst of trouble, because of divine companionship and the assurance of ultimate victory. Are you victimized by moral weakness, frustrated by fear or discouraged by failure? Then the gospel is good news to you of power to enable you to live a godly and heroic life, whatever your past may have been."

The Rev. Phillip Schlessmann, pastor of the Lutheran Church of The Redeemer, chose his text from Psalm 46, and his sermon topic was, "The Lutheran Confidence Which Won the Reformation Victories."

He said "Luther's confidence sprang from the Word of God from this very Psalm (Ps. 46). The revelation it makes of God, God's Grace, God's Help aids so from countless other Scripture revelations, which Luther believed and accepted as they read, and refused to change for the notions of men."

"Luther's confidence was from his absolute certainty of God. Not with self-made, presumptuous, and thus false certainty, but with a certainty from God himself; for God never forsakes his Word nor those who cling to it. Luther was certain that God was his refuge and his strength.

"That certainty or confidence

Moderator A. L. Lincoln asked for questions but few were asked. Everyone seemed fully conversant with the report and satisfied with its findings. The treasury monies were voted over to the tri-committee to use as they might need. Blanks were distributed to those in the audience who were not yet members of this group.

was so strong that it defied all enemies of God and His Word though it should turn it into chaos. God was with Luther and made him know it; his enemies had to fail.

"Such was the power of the great reformer, not a power of his own making, but the power of faith, the power of confidence and trust. Luther knew from the Holy Word, that faith in Jesus Christ as the Savior was God's truth and carried that banner before the eyes of all. Even when death and respite faced him he would say let us sing the 58th Psalm for he knew that 'A Mighty Fortress is Our God,' said Pastor Schlessmann.

## W. Bush Resigns As Co-Chairman Of Education Group

A change has been made in the staff of officers of the local Cancer Society Unit, according to information released by the organization's president Mrs. Julius Dingfelder.

After accepting the resignation of William Bush Jr., as co-chairman of the public education committee of the American Cancer Society, Seminole County Unit, Mrs. Dingfelder appointed Andrew J. Bracken Jr., assistant principal of Seminole High School for the unexpired term. Dallas Loop, of the Florida State Bank, serves with Bracken as co-chairman.

Manager of the Mound Park Hospital at St. Petersburg spoke to the group on a "linen control system", by use of colored sheets in all areas.

Don Schroeder, administrator of Mease Hospital, Dunedin, was moderator of a short question and answer program.

Following the luncheon meeting, an inspection tour was made of the local Seminole Memorial Hospital. The general consensus of opinion, according to reports, was that "Sanford and Seminole County has a beautiful hospital with all facilities."

Harry M. Weir, administrator of the local hospital, and secretary treasurer of the hospital group, said that every visitor was completely thrilled by the hospital. One to such an extent, that while they're in the process of building a 200 bed hospital, wanted his architect to visit the Seminole Memorial Hospital for ideas.

Jack Monahan, of Orlando, executive secretary of the Florida Hospital Association, gave a brief report of hospital activities throughout the state.

H. A. Schroeder, executive director of Blue Cross and Blue Shield, of Jacksonville, gave a brief report on problems confronting both hospitals and Blue Cross.

Harry Weir, said this morning, that Friday's meeting was participated in by one of the biggest turnouts of the council, motivated possibly by the local hospital tour which was made.

The next meeting of the council will be held in Lakeland, said Weir. Jan. 20, The Morrell Memorial Hospital is located in Lakeland.

An election of officers will be held at that time, said Weir, because of the resignation of President W. C. McLain due to his leaving the State to assume a position in Indiana.

## Laramore Enas 55 Years Service

### Memberships Sold At Record Pace By Concert Group

Memberships in the Seminole Mutual Concert Association are being sold at a record pace, said president Francis Roumillat today as the second report was received from the more than sixty workers on the membership committee.

Mrs. Ralph Austin Smith, heading the membership drive committee, said that she anticipates in bringing outstanding artists to Sanford for the winter concert series, is the highest ever expressed in similar drives over the years.

The office of the association, located in the Strickland-Morris Building on East First St., is being deluged with telephone calls and visits by workers to make their reports.

An additional 32 memberships were sold yesterday afternoon, immediately following the first report, which brings the total membership sold to date up to 244.

Roumillat said this morning that there are only 204 memberships left for the series and he expects them to be reserved prior.

### Local Game Warden Retires Yesterday

One Seminole County Game Warden retires when new age and disability policies of the Florida Game and Fresh Water Fish Commission were put into effect yesterday with 11 wildlife officers and an area supervisor retiring.

Director A. D. Aldrich said the posts were being filled by nine younger men selected from a merit system eligible list.

The commission adopted a policy at its meeting in Daytona Beach last month fixing compulsory retirement of game officers at age 65. Aldrich said the charges are in line with a decision "to hire younger men, pay them more and expect more of them."

Retired were area supervisor J. E. Ahlstrom, Aradria, 65, and the following wildlife officers:  
A. B. Bauknight, Gretnada, 64;  
J. D. Warren, Longwood, 67;  
L. Langren, DeLand, 65; F. T. McDonald, Panama City, 67; J. C. Johnson, River Junction, 72; H. C. Pelt Crawfordville, 67; L. P. Asa, Clewiston, 69; W. B. Sparkman, Plant City, 69; J. A. Daughtry, Indian Town, 67, and Roy Ostrow, Holly Hill, 69.

Aldrich said Ed Richey, 54, wildlife officer of Fruitland Park, was retired because of his physical condition.

Named to probationary appointments as wildlife officers:

Francis W. Davis, Tampa; Franklin E. Jones, Eustis; V. G. Nouse, Valrico; Albert E. McLaughlin, DeLand; Jacob H. Parker, Bonita Springs; Ernest G. Perce, Clermont; Sam Pridgen, Wausatchia; Raymond C. Taber, Orlando; and V. D. Johns, Wauatchia.

The new men being hired are in the 21-35 age group.

C. C. Laramore stepped down from his engine at Rands Siding yesterday and was greeted by his friends and fellow workers as he completed 55 years of service with the Atlantic Coast Line Railroad.

"Larry", as he is called by his friends and acquaintances, began his work with the Atlantic Coast Line in Sanford with the roadway department in July of 1900. He started work as a fireman in 1904 and was promoted to engineer in 1910.

Laramore was born on Oct. 20, 1883. He looked serious, at moments yesterday, as he stood by his engine receiving the plaudits of railroad men in every department in Sanford. Once in a while though, he broke into a smile and pushed his cap way back on his head to get a few words in edgewise, so to speak.

Bearing gifts of all kinds, he reached for a check presented to him by W. I. Crabtree, General Yardmaster, on behalf of all of his fellow employees. The letter accompanying the check read, "While the amount may not be great, we assure you our esteem for you is great and we shall miss you in our daily labors. You have earned your rest."

General Yardmaster Crabtree said, "You've been one of the fellows that has made the railroad what it is today."

Searching for words for immediate answer, Laramore said, "It's been a pleasure to work here with all of you."

Just a little less than a year ago, Laramore was presented a diamond studded pin by the Atlantic Coast Line for his long years of faithful service. It was his 50 year emblem.

"He's going to be missed by us," was the general consensus of opinion among the railroad men gathered for the occasion and who were on their way to scheduled work.

Among those praising Laramore for his many years of devotion to duty were, in addition to W. I. Crabtree, General Yardmaster, H. V. Nelson, Road Foreman of Engines, L. M. Cornell, General Foreman, Mechanical Department, and C. P. Hixley, engineer.

Along side the engine, when "Larry" Laramore stepped down, was a sign which read, "Good luck to C. C. Laramore."

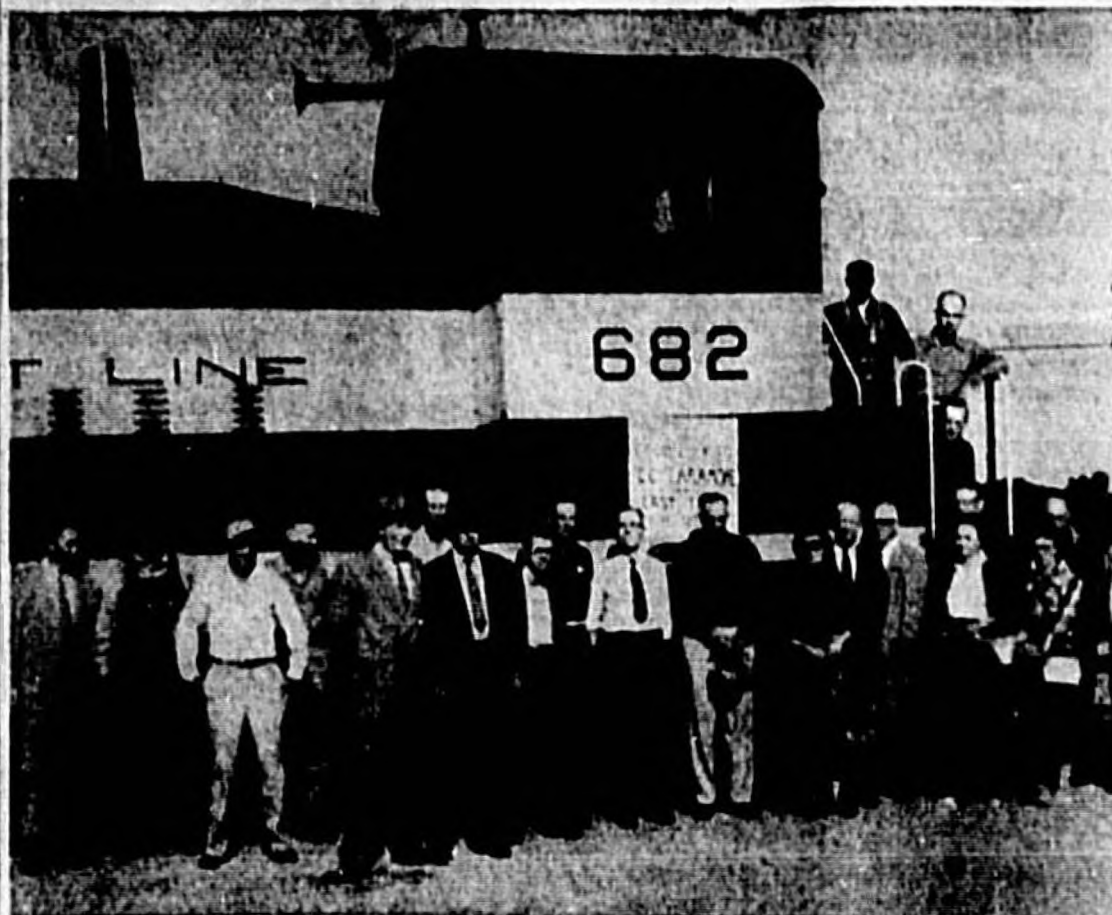

### Mrs. A. Sullivan Dies Yesterday

Attie Hunt Sullivan, 85, 1238 1/2 18th St., died yesterday morning in an Orlando hospital.

Mrs. Sullivan was born in DeKalb County, Ga., moving to Orlando 20 years ago from Live Oak. She was a member of the First Assembly of God Church.

Surviving are three daughters, Mrs. Pearl Byrd, Sanford; Mrs. Allie Thompson and Mrs. Thelma Thompson, Orlando; three sons, Thomas Thompson, Tampa; William A. Hunt, Orlando; and R. T. Hunt of Sanford; one sister, Mrs. J. E. Todder, Palatka; 20 grandchildren; 27 great grandchildren; and two great, great, great grandchildren.

Funeral services will be held tomorrow at 2 p. m. at the First Assembly of God Church with the Rev. J. M. Stallings and the Rev. John P. Hall officiating. Interment will be in Greenwood Cemetery with Fairchild Funeral Home in charge.

### Captain Roy Tillis Retires Last Night At Benevolent Meet

Captain Roy Tillis retired last night from his 41 years of service to the people of his community.

As a law enforcement officer, Captain Tillis served in every capacity possible in the local police department after being hired originally, he said, for one job just to try out for the job as a rookie patrolman.

However, the 43-year-old police captain didn't get to sleep down without a bit of fan fare from his fellow police officers and members of the Sanford Board of Commissioners and the Civil Service Board.

At a meeting of the Police Benevolent Association last night at Jim Spencer's, Captain was presented with a resolution from the Board of City Commissioners praising him for his outstanding work and long, faithful service. Along with the resolution, Mayor Denver Cordell, with fellow officers, city commissioners, civil service board members, and Mrs. Tillis looking on, presented Captain Tillis with a silver platter in recognition of his untiring efforts as a member of the Sanford Police Department.

Ben Butler, patrolman, and emcee for last night's dinner meeting, presented Captain Tillis with an unexpected gift. Wrapped in a huge silver-striped package, was a genuine Stetson sombrero, a black western shirt, trousers, and belt. Captain Tillis, eyeing the gifts, was speechless but his eyes glittered with pride. The outfit was a gift from his fellow officers.

Chief Roy Williams presented the retiring captain of his police force with a Smith and Wesson revolver, gleaming with silver plate and bearing his record with the Sanford Police Department engraved along the side.

Captain Tillis paid tribute to

### Russell Tongay Is Slated For Release To Treat Ailment

TALLAHASSEE.—Russell Tongay, serving a 10 year prison term in connection with the death of his 5-year-old son, is slated for release to the VA hospital in Atlanta.

The Cabinet agreed today to release Tongay after being told the Veterans Administration will accept him as a patient.

Parole Commission Chairman Joseph Cheney said he had been advised by Dr. T. J. Ready, chief medical officer of the Veterans Administration, that Tongay would be accepted as a patient and sent to the VA hospital in Atlanta.

Dr. Ready told Cheney the Veterans Administration would not be responsible for Tongay's custody or his return to the state prison at Raiford.

At Cheney's suggestion, the Cabinet will accept him as a patient.

### Ray Baldree, 14, Reported Missing

A 14-year-old boy is missing from his home on South Sanford Ave., according to reports of the Sanford Police Department.

Mrs. Leticia Baldree reported in the Sanford Police Department that her son, Ray, 14, has left home. He is about 5 feet 6 inches tall and weighs about 145 to 150 pounds. Ray has dark brown hair and wears a blue and white striped shirt.

Mrs. Baldree wasn't sure about the clothes he was wearing when first missed.

### Recent Additions To Library Told

Recent additions to the Sanford Public Library have been announced as follows: Apley, "Bridleways Through History"; Briggs, "Clever Introductions For Chairmen"; Bush, "The Case Of The Three Lost Letters"; Cadell, "The Dark Hall Sing"; Carey, "The Fatal Plink"; Cooper, "The Haunted Hacienda"; Containe, "The Tontine"; Cox, "Top As In God"; Ernst, "Lady Get Your signment"; Davis, "The Answer Gun"; Field, "Raddles To Santa Fe"; Finney, "The Mums Hang High"; Freyberg, "J. Evelyn April"; Gardner, "Case Of The Nervous Accomplice"; Grey, "Black Mesa"; Halliday, "The Poison In Paradise"; Hodson, "The Return To The Wood"; Holt, "Midpoint"; Jennings, "Chronicle Of The Calypso Clipper"; Kennelly, "Up Home"; Kill-er, "Two Kars Of Corn, Two Blades Of Grass"; Laird, "Practical Business Psychology"; and Lockridge, "Death Of An Angel".

### Volume Of Produce Is Anticipated

Manager Randy Anderson, of the Sanford State Farmers' Market, accounted for the past week with this report, "Business declined sharply due to depressed marketing conditions earlier in the week. The cucumber, squash, bean and fruit market showed quite an improvement toward the last of the week. Ideal weather conditions the past 10 days have improved quality and yield. We anticipate a good volume of beans, cucumbers, squash, eggplant, oranges and grapefruit during the current week."

Henry Witte Jr., formerly of Sanford and now manager of the Port Myers State Farmers' Market, advised, "The season started here the past week with cucumbers leading in volume and light supplies of eggplant, squash, and tomatoes following. With good weather conditions, crops are making rapid progress and volume of all commodities should show a decided increase."

BULLETIN  
NEW YORK.—Dale Carnegie author of "How to Win Friends and Influence People," died today in his home. He had been ill for some time.

The author and lecturer, who had sold approximately four million copies, had for years been giving courses in public speaking. Carnegie, 64, attained wealth and fame by stressing the value of public speaking in the social and business fields.

"How to Win Friends and Influence People," based largely on personal experiences, was published in 1936.

His tremendous popularity led him to describe himself as one of the "most satisfied" authors of his time.

Another of his popular books was "How to Stop Worrying and Start Living," published in 1948.

## Vandalism Reigns Here Last Night

### Merchants Urged To Help Make Yule Parade Successful

The 1955 Christmas Parade sponsored jointly by the Sanford Merchants' Association and the Seminole County Junior Chamber of Commerce, was officially announced yesterday in a letter to merchants of the county.

The letter, from E. D. Hunt, Chairman of the 1955 Christmas Parade Committee, asked for the cooperation of this year's gigantic event to make it the most successful presented by the merchants and citizens of Seminole County.

Hunt, in his letter, said, "Over the past few years the annual Christmas Parade has grown and has become one of the most looked forward to events of the winter season." It is because of your past interests and participation, the letter continued, that has made the event so successful.

The letter from the Jaycee Christmas Parade Committee offered help and assistance in obtaining trucks for floats with material and labor the responsibility of the merchant or the organization.

Hunt, explained in the official letter that, "In order to make this year's parade one of the most successful ever held here, that one of the themes named be selected." Those themes were: religious, manager, choir, wise men, (Continued on Page Eight)

### City Property Damaged Small Youngsters Cause No Trouble

Vandalism ran rampant in Sanford last night as older youths took over where the tiny tots left off.

Small youngsters, most times with parents, enjoyed Halloween "Trick or Treat" fun with caution and regard to property of others.

But as the youngsters left their modest fun, older youths took over with an eye bent on destruction.

An estimated damage could not be established as reports came in to the Sanford Police Station and the City Managers Office.

City Manager Warren F. Knowles, said this morning, that at least 18 stop signs were removed or damaged. "It will cost the city a pretty penny," said Knowles, "with each sign costing more than \$9."

The Sanford Police Department reported 13 school signs uprooted, torn apart, or damaged as the band of allegedly older youth, took the town in its stride.

### Princess Margaret Resists In Seclusion After Decision

LONDON.—Sad hearted Princess Margaret resists in seclusion today while statesmen, churchmen and commonfolk showered her with sympathy and praise for her decision to put duty before love.

The discreet man whose suit she rejected, Group Capt. Peter Townsend, tried to face reporters but suddenly turned away with shoulders drooping. He looked pale and downcast.

Margaret's mother stayed with her in Clarence House, half a mile from Buckingham Palace. Small clusters of curious gathered outside.

Queen Elizabeth II carried on usual duties, awarding medals and creating knights in the white and gold ballroom of Buckingham Palace.

Crowds cheered the Duke of Edinburgh when he arrived in York to unveil a memorial to war dead. He flashed a smile. He is identified in many minds as an opponent of the marriage.

### Two Post Bonds For Violations

Two Sanford men have posted bonds for violating the game law relative to the bag limit of fresh water fish.

According to the Seminole County Sheriff's office, Albert Williams of 1211 West 14th St. and Louis Wright of 218 E. 8th St. were charged with "exceeding the bag limit of fresh water fish." Bonds for each were set at \$50.

Harry Hersch, game warden in Seminole County, said that Williams had in his possession 45 speckled perch, while Wright was found with 50 of the fresh water fish.

### Hearing Aid Blues

KEY WEST.—"Some one is trying to break into my house, using an electric saw," a woman screamed into the telephone.

Police Sgt. P. A. Case rushed two squad cars to the woman's home. The officers approached quietly and surrounded the house.

There was no one, they went inside to question the woman.

"Why, they're still trying to get in," she said. "Listen to that saw."

The woman wore a hearing aid and officers asked to examine it. It was out of order, and making a noise just like a saw biting through wood.

### A. Woodward Says Noise Prompts Shot

ST. LOUIS.—Mrs. Ann Woodward, now says it was a noise rather than anything else, which caused her to fire shotgun blast which killed her wealthy sportsman husband, William Woodward Jr.

Earlier, amid soba shortly after the Sunday morning shooting, she had told officers she shot at a figure or shadow, fearing it to be a prowler and not recognizing it as her husband.

Meanwhile, an arrest today led credence to her statement that the Woodward's Long Island
