ALBANY, N. Y., Oct. 5.—(AP)—  
Franklin D. Roosevelt and  
Herbert H. Lehman met  
and shook hands in a firm  
grip last night at the  
Democratic convention.  
Roosevelt smiled as a  
group of floodlights beat down  
on him.  
Smith turned to the speaker  
and said: "I am glad to see  
you here, but I am glad to  
see you here." He then

## OVER BILLION HAS BEEN LENT THROUGH R.F.C.

### Headquarters Employment Of Thousands, Opening Of Idle Plants As Among Benefits

WASHINGTON, Oct. 5.—(AP)—  
In its first seven months of  
life the Reconstruction Finance  
Corporation lent to private  
enterprises and state governments  
more than one billion two  
hundred million dollars.  
The grand total of its  
operations from Feb. 2 through  
Aug. 31 was announced  
yesterday by the  
corporation in a summary  
which showed banks, railroads,  
insurance and other financial  
companies borrowed \$1,118,838,989;  
farmers received \$44,301,285,  
and \$35,455,171 went to 25  
states and one territory for  
relief of destitution. The  
grand total was \$1,218,190,129,  
or approximately one-third of  
the \$3,500,000,000 allowed the  
corporation by Congress.  
In all 5500 banks, railroads,  
etc., received 7485 loans, while  
507,027 farmers, scattered through  
every state save Rhode Island,  
borrowed an average of \$126.47  
each. Rhode Island farmers  
made no application.  
The corporation's announcement  
placed emphasis on a steady  
decrease in applications for  
loans from banks since April,  
the peak month.  
It said also that financial  
and railroad borrowers during  
the seven months have repaid  
\$150,890,897, leaving a total  
outstanding on their current  
account Aug. 31 of \$907,642,071.  
In addition borrowers  
failed to draw out \$109,156,855  
of loans authorized and they  
repaid \$34,564,413 in loans  
approved.  
The corporation's statement  
presented these figures by  
classifying them without giving  
the identity of any borrower  
or size of individual loans.  
The farm loans were made by  
the Reconstruction Finance  
Corporation of \$75,000,000  
paid over him from the  
total allotment for crop  
production loans. Arkansas  
borrowed the most, with 46,855  
individual loans, while the  
farmers of Georgia, Mississippi  
and Louisiana took 44,158  
and 40,066 loans respectively.

## MAGUIRE SPEAKS TO DEMOCRATS ON 'GOVERNMENT'

Orlando Attorney Tells  
Local Club Nation  
Is Seeking New Deal

"Our nation needs a new deal  
and we want to get this deal  
through the Democratic Party,"  
said Raymer Maguire, prominent  
figure in Florida's public life as  
he concluded an address on "Good  
Government" before a group of  
members and friends of the  
Seminole County League of Young  
Democrats at the Valdes Hotel  
last night.  
The address preceded the  
election of the following permanent  
officers of the League: John  
Meich, Jr., president; Mrs. R. J.  
Holly, Jr., 1st vice-president;  
Clarence E. Adams, secretary,  
and C. J. Johnson, treasurer. The  
election of a 2nd vice-president  
will be made within a few days.  
A. Tate was elected chairman  
of a permanent membership  
committee, with A. M. Powers,  
Vern and Harold White assisting,  
and Hugh Laird, H. N. Sayer,  
and A. Duda, Jr., appointed as  
members of the Executive  
Committee from Districts No. 1, 2,  
3 and 15.  
The introduction of Mr.  
Maguire, who is immediate past  
president of the State Bar  
Association was made by  
Representative George W. McRory,  
a classmate at the University  
of Florida.  
"The Democratic party has  
weathered the storm in three  
different centuries," began Mr.  
Maguire as he told of the  
condition of the country during  
various trying periods of its  
existence, particularly at the  
end of the World War when  
the greatest world had ever  
seen. "Those had been trying  
times," he continued, "when  
billions of dollars had been  
expended in a common cause. To  
me, the (Continued on page eight)

## FOREST FIRES RAGE

PORTLAND, Ore., Oct. 5.—(AP)—  
Forest fires roared through  
Western Oregon and Southwest  
Washington today threatening  
to destroy three small towns.  
The flames have already left one  
town in ashes, and destroyed  
four dozen buildings in another.  
Although hundreds of lives have  
been imperiled only one has been  
lost. The damage in the Cochran  
area, where a town was burned,  
was estimated at more than  
\$2,000,000.

## R. J. Holly Denies He Has Resigned From Democratic Groups

Contrary to a report circulated  
recently, R. J. Holly, Sr. denies  
he has resigned from the  
Seminole County Democratic  
Executive Committee or the  
Seminole County Democratic  
Campaign Committee, either as  
chairman or member of either  
group.  
As secretary of the County  
Democratic Executive Committee,  
S. M. Lloyd this morning stated  
that after a telephone  
conversation with Mr. Holly, he  
was authorized to make this  
statement: "Mr. Holly, who is  
chairman of the Executive as  
well as the Campaign Committee,  
says he has not resigned from  
either committee, and that he  
will serve at the head of the  
committees during the campaign."  
The Campaign Committee  
headed by Mr. Holly was  
appointed by the State  
Executive Committee and is  
assigned to handle the campaign  
in this county. The committee  
is one of the Democratic  
nominating bodies, acting under  
the direction of orders sent out  
by state headquarters.  
Other members of the  
committee are: W. E. Mallon,  
of Sanford, state committeeman;  
W. E. Watson, of Sanford,  
congressional committeeman;  
Mrs. John G. Leonard, and W. F.  
Shelly, advisory members. The  
latter two were selected to take  
the place of H. J. Lehman and  
Mrs. W. T. Langley who had  
previously been appointed as  
members of the advisory group.

## REPUBLICANS PICK DONOVAN

### Noisy Acclamation Greets Mention Of Name Of Attorney Platform Is Okeyed

BUFFALO, N. Y., Oct. 5.—(AP)—  
New York Republicans fell  
into step behind Hoover, Donovan  
and Livingston yesterday and  
began a big parade which they  
hope will lead them to victory  
on Nov. 8.  
Col. William J. Donovan  
became by tumultuous  
acclamation the Republican  
candidate for governor of  
New York.  
Unanimously—the entire  
ticket was nominated.  
F. Trubee Davison, assistant  
secretary of war and himself  
a candidate for the gubernatorial  
nomination until he withdrew  
in favor of Col. Donovan, was  
nominated amid the thumping  
of bass drums for the office of  
lieutenant-governor.  
By acclamation also, and  
with-out opposition, the  
convention adopted a 2,000-word  
platform which included a  
14-word endorsement of  
President Hoover's stand  
on prohibition. New York  
state delegates in Chicago last  
June refused to endorse the  
prohibition plank written into  
the national platform.  
Declaring that he himself  
stood for repeal of the 18th  
Amendment and that he  
believed "President Hoover  
has met this issue squarely,"  
Col. William J. Donovan  
accepted last night the  
Republican nomination for  
governor of New York.  
"It is because of my belief  
that a straightjacket regulation  
is our fundamental law  
inspires the flexibility of our  
government and destroys  
repression itself," Col. Donovan  
stated, "that I am for repeal  
of the 18th Amendment but I  
am of the opinion that President  
Hoover has met this issue  
squarely."

license. Persons who pleaded  
guilty were: Sam Gray, colored,  
charged with profanity; Frank  
Cox, colored, charged with  
assault and battery; Jim Long,  
white, charged with intoxication.

upon request of Mr. Leonard  
were: Joe Bauer, white, charged

## Republican Policies Saved Nation, Hoover Tells Iowa Farmers

### HOOPER PICTURE IS BOOED DURING PROTEST PARADE

### HIGHLIGHTS OF HOOPER ADDRESS BRIEFLY STATED

DES MOINES, Iowa, Oct. 5.—  
(AP)—Sympathizers with the  
Hoover holiday movement  
paraded in Des Moines yesterday  
in protest against agricultural  
and economic conditions only  
a few hours before the  
appearing of President Hoover,  
here to make a major  
campaign address.  
After the parade police were  
called to the fair grounds to  
quell a minor disturbance  
caused by a group of men  
who tore Hoover banners  
from a caravan of 400  
automobiles from Missouri.  
The trouble was ended before  
officers arrived.  
More than 2000 men, women  
and children, dressed in  
overalls or working clothes,  
rode or marched through  
Des Moines streets, covering  
part of the route followed  
later by a parade welcoming  
the President. The farmers  
were greeted with cheers.  
Their trucks and cars bore  
signs calling attention to  
current farm prices and  
economic conditions,  
demanding relief and fixing  
blame on President Hoover.  
At one point the parade  
paraded "boos," a large  
painting of the President,  
under which trucks passed.  
Many of the paraders were  
from distant Iowa counties,  
including Des Moines, where  
the strike violence a few  
weeks ago. Woodbury,  
Plymouth and Cherokee  
counties in particular  
sent large delegations.  
Signs on some of the trucks  
read: "In Hoover we trusted;  
now we are busted."  
LABOR PARTY VOTES  
LIECESTER, England, Oct. 5.—  
(AP)—Sweeping aside the  
objections of its leader,  
Arthur Henderson, the  
Labour Party conference  
today carried a resolution  
declaring the establishment  
of a socialist state to be  
the main objective of the  
party. The program  
probably would include  
the nationalization of the  
Bank of England and  
joint stock banks, but  
will not effect the  
constitutional position of  
the Crown should the  
Labour Party come into  
power.

## President Promises To Bend Efforts To Aid Early Recovery Of Agricultural Life

DES MOINES, Oct. 5.—  
(A.P.)—President Hoover  
last night declared  
sponsorship for a dozen  
policies for the relief of  
agriculture, and naming  
the Democratic leadership  
directly, asserted that  
if the program proposed  
by members of that party  
in the last session of  
Congress had ever reached  
enactment "it would have  
been the end of recovery."  
In his first campaign  
address since accepting the  
nomination, the Chief  
Executive said he favored  
such proposals as radical  
revision of the agricultural  
taxing act, readjustment  
of land taxes, reorganization  
of the Federal loan banks,  
and the application of  
any annual payment on  
debts to "securing an  
expansion of the foreign  
markets for American  
agricultural products."  
As another major point  
he promised his farm belt  
program even higher tariffs  
than now, insisted on farm  
commodities "where  
necessary to protect  
agriculture."  
Then, quoting directly  
from criticism of the  
present tariff act by  
Democratic opponent  
Franklin D. Roosevelt, he  
asserted: "What the  
Democratic Party proposes  
is to reduce your farm  
tariffs. Aside from ruin to  
agriculture, such a  
policy in the midst of  
this depression will  
slay every possibility of  
recovery."  
"But," Mr. Hoover  
listed proposals he said  
were initiated by the  
Democratic controlled  
House of Representatives  
under the leadership of  
the gentleman who has  
been nominated the  
Democratic candidate for  
Vice President and  
thus these measures and  
policies were approved  
by their party.  
"One after another, the  
President named a program  
of people barrel legislation  
in the sum of \$1,300,000,000,  
the bonus bill, the  
creation of sheer fist money,  
a bill to "destroy the  
effectiveness of the  
Tariff Commission,"  
and a "price fixing bill."  
"All this," he asserted,  
"undermined public  
confidence and delayed  
all the efforts of the  
administration and the  
powerful instrumentalities  
which we had placed in  
action to save the country."  
These measures representing  
the dominant Democratic  
control brought discouragement  
and delay to recovery. That  
recovery began (Continued on page eight)

## Distribution Of Free Flour Again Delayed

Because of delay in transit  
of another carload of free  
government milled wheat flour,  
the sixth local distribution  
of flour, scheduled for  
next Friday morning at  
9:30 o'clock has been  
postponed indefinitely,  
according to Mrs.  
Linton E. Allen, of the  
local Red Cross Chapter.  
Persons who are partly  
dependent upon flour  
received during these  
distributions should  
watch The Herald during  
the next few days to  
learn just when the  
car arrives and another  
distribution will be made.  
They are also asked  
to communicate with  
friends and neighbors  
regarding the postponement  
of the distribution.  
PARTIES ON TICKET  
TALLAHASSEE, Oct. 5.—(AP)—  
The Communist Party, which  
is a candidate for  
presidential electors and  
a candidate for governor,  
and the Prohibition Party  
with a ticket of  
presidential electors and a  
candidate for state  
treasurer were given  
places on the general  
election ballot today.  
Secretary of State  
Grey notified the  
two parties after  
Attorney General  
Ladd had ruled that  
they were eligible for  
ballot. The only  
party which has  
previously been  
eligible for ballot  
was the Communist  
Party.

### LOCAL BOYS ARE MAKING GOOD ON COLLEGE TEAMS

#### Once McClucas Trained Football Players Are On 1st Teams

By PETER SCHAAL  
Former members of Coach Leonard McClucas' Seminole High football squads are making satisfactory progress as members of various college eleven in the South, according to advice that has been received in Sanford during the past few days.

At the University of Florida, press dispatches often mention the work of George Moys, powerful fullback of the 1930 eleven, who is now one of the contenders for a right-halfback berth on the Gators' 1932 varsity eleven.

Howard Lindsey, the tall blonde Geneva boy who played at and for Coach McClucas is also out for this varsity team, being mentioned as a likely prospect, and almost sure to see action this season.

The Gators' freshmen team has two former Calvaryites on it at present, Melton "Pats" Ware and Clifford "Mats" Howell. Ware, according to reports is on that first freshman team as a flutist, his style of play suiting Coach Cowell to a T. Young Howell is trying his best to land on that same team with Ware and from all reports, he will be given every chance.

Hendrix Lyles, who left here some weeks ago to enter the University of South Carolina, at Columbia, has landed a place on the first freshman eleven. He writes his father, John Lyles, he says that he is well pleased over his reception and the opportunity given to make the team. He enjoys the daily workouts under Coach Ed Norman, "one of the best ball coaches I've ever seen but one who is certainly making us into a real team."

Murray Kanner, Sanford's only All-Southern High School center, has also succeeded in landing on the first team during his first year as a college student. He is at the University of North Carolina where Don Jackson, one of the finest backfield men ever seen in Sanford has won a place on the varsity squad of the 1932 eleven.

Kanner writes his parents, Mr. and Mrs. A. Kanner, that after the hardest kind of work against competition from a former All-Southern and an All-State player, he has landed the place at center on the first freshman eleven. He will be in his first game on Oct. 15, he added.

And, from all indications, Coach McClucas' 1932 eleven has another group of players whose names will be high among those outstanding football stars at some college in 1933 and the three following years. Practice sessions this week will be devoted to a preparation for the very important game in Jacksonville Friday afternoon against Coach Rainey Cawthon's Robert E. Lee Generals. This is without the hardest game of the year, and is only the first of several to follow.

All of Coach McClucas' will be required to produce a win over the strong Jacksonville outfit that has so often won state titles and which always has at least four outstanding players who later become stars in college.

Many Sanford fans will go to Jacksonville on Friday in hopes of seeing a game as interesting as was the Sanford-Andrew Jackson game in that city last year. A second victory is not impossible at all, it's just a little harder than a victory over Orlando or Daytona or Ocala for instance.

CLEARWATER — New community house nearing completion.

### LUKE DORSETT IS OUT OF SEWANEE TILT SATURDAY

#### Stellar Quarterback Of Gator Nine Has Wrenched Ligament

UNIVERSITY OF FLORIDA, GAINESVILLE, Oct. 4.—Luke (Monk) Dorsett, regular Florida quarterback, will not play against Sewanee in Jacksonville next Saturday.

Dorsett wrenched ligaments in his knee while performing for the Blue team in the squad practice game last week, and, although Bachman does not expect to use the 190-pound signal caller because of the possibility of a worse development. The Tiger says apparently is not considered as important as some to follow, for the Gator coach wants to be sure of Dorsett's services in later engagements.

However, it was learned that Johnny Fountain, who also received a leg injury in the same encounter, will be on hand at the right halfback post when the opposing line backs blows. Fountain's legs have been susceptible to injury since his freshman days. The New Jersey boy was bothered considerably by injuries last season.

Yesterday, with Johnny Culler, second string quarter, directing the team, and Bobby Treadgold running in Fountain's position, the Florida team went through a long and laborious defensive and offensive session against the combined forces of the "B" squad and Coach Cowell's crew of Baby Gators. In the early part of the afternoon, the varsity went on defense against the reserves in a shadow scrimmage featuring the plays of the Sewanee Tigers.

Bachman worked an even hour, singling out the strong points of the Tennessee team and directing the best means of defending against the Tigers' attack. Then, reworking his lineup, the Florida coach sent the team down to Graham field to go on the offensive against the frosh.

Al Rogers showed a burst of speed and deceptive broken field running along with Treadgold and Jimmy Hughes. The trio gained almost at will against the Yearlings. Several times the big Gator halfback stepped through the line and scampered the length of the field before being dragged down by the freshmen. The offensive gestures of the regulars looked immeasurably better in yesterday's drill.

Coach Bachman made several changes in the roster of the varsity squad by sending Osgood, Eiter and Anderson to the "B" outfit, and calling Madigan, Lavine and Hancock to the regular squad. The Florida coach announced that such changes would be made during the entire year, depending upon the comparative play of the different men in each Saturday's competition.

#### PRaise Dixie Demos

NEW YORK, Oct. 4. (AP)—Southern volunteers are doing more than any other single group, Democratic campaign leaders said last night, to bring victory to the Roosevelt-Garnet ticket. In every corner of the country Southern orators are carrying the features of the ballot battle.

#### POLICE SEEK NEGRO

HARTOW, Oct. 4.—Polk county officers were still searching around Highland City yesterday in an effort to capture the unidentified negro who entered Dorance's filling station and store near there Saturday morning and attempted to rob Mrs. W. H. Dorance.

### Crooms Panthers Hand 27-12 Beating To Cubs

According to Eddie B. Jones, manager of the Crooms Academy Panthers football team of Sanford, Coach Foster's first team crushed the subs under Coach Jackson by a 27 to 12 score in a game filled with long runs and hard drives. Passing was featured with gains of 25, 30 and 45 yards being registered several times by players of both teams.

Jones says that among the Panthers who showed up well in the practice game were A. Johnson, D. Gregory, P. "Chink" Clark, W. "Red" Lyric, J. W. Clifflin and J. Thomas at center and guards; L. "Tiny" Thomas who weighs 250 pounds, O. Dingle, H. DeLaney, M. "Doc" Strickland, A. B. "Jeeman" Hicks, and A. G. Smith; Charlie Jackson, "Chink" Monroe; G. C. Amos at ends; quarterback C. Clark, "Speed" LaFaire and M. Clark; halfbacks "Tank" Walden, M. Brown, "Flash" Fields, "Shine" Matthews, "Nath" Smith, and Ben Patrick, and "Prince" Sherman and Alton "Reckless" Young at fullback.

The season schedule will be released within a few days. Jones said, with many of the larger negro high schools of the state ready to send teams to Sanford against the Panthers, recognized as one of the best teams in the state.

age amount so paid has increased to about \$500 per family. In 1913 the average amount owed per family on account of government was \$200. Today the average amount owed on the same account is \$1000."

Addressing "those veterans who have so bitterly attacked this league by abusing and discrediting its leaders," Admiral Byrd said the organization was formed by veterans and that two of its officers, Granville Clark and Archibald Roosevelt, were veterans.

"On the league's advisory council," he continued, "there is an ex-commander-in-chief of our whole armed force; commanders of the officers, Granville Clark army and navy during the war; and our war-time secretary of war. It is inconceivable that these men would intentionally do anything unjust to veterans."

#### Relieves Women's Pains

Here is an example of how Cardui has helped thousands of women: writes Mrs. F. H. Scott of Roanoke, Va. "I suffered from weakness and a severe pain in my back. This pain overtook me and I did not feel like doing my work. I did not care to go to school and felt worse, tired, day after day. My mother had taken Cardui, and on seeing my condition she advised me to try it. I have never regretted doing so. I took three bottles and it built me up. I gained in weight, my color was better and the pain left my back. I am stronger than I had been in some time. Cardui is sold by local druggists."

### DIAMOND BALL IN SANFORD CLOSES FOR THE SEASON

#### Double-Header Played Last Night Before Big Throng Offans

By E. H. CULLUM  
The Diamond Ball season came to an official close Monday night with a double header, the first game between the Orlando and

Sanford Flappers, the second between Firestone and a team composed of players from the other teams in the league.

In the first game the Orlando Flappers came out victorious, defeating the Sanford team 25 to 22. Getting a 12 run lead in the very first inning Orlando was never headed, although the Sanford team staged a rally in the last inning which netted them 12 runs.

The second game of the evening developed into a hurling duel between Williams for Firestone and Stephens for the picked team, the picked team defeating Firestone by the score of 5 to 2. Although Williams was nicked

for nine hits, errors behind him at crucial times, but in most of the runs. Williams struck out nine and gave three bases on balls.

Stephens gave up five hits, for two runs, struck out 18 and walked three. Up to the sixth inning only four Firestone players got over bases at all. Firestone put over their only two runs in the sixth. After Morgan had grounded out Rutledge drew a walk; Percy singled; Moss struck out; Britt tripled, scoring Rutledge and Percy. This was Britt's second three bagger of the game. The picked team put over their first run in the second inning. Wilkins opened the inning with a

double to right field; Evans batted next. He was struck out by Kelly hit a Texas Leaguer into short center, scoring Wilkins; Ocasim struck out and Meadows forced Kelly at second to end the inning. The picked team, each getting two hits out of fourth, and two in the fifth.

Deany and Ravanel shared honors at the bat for the picked team, each getting two hits out of four times up, Dohsey a double and a triple, and Ravanel a double and a single. Britt got two triples out of three trips to the plate for Firestone. Incidentally Britt batted in both runs secured by Firestone.

### Will All Of Your Tires Stand SUDDEN STOPS?

Picture yourself driving along a main thoroughfare, during an unusually heavy traffic. You are driving rather fast thinking that you will save time by making the next stop right before it changes to "red".

You are several yards from the street intersection when the light switches from green to yellow to red—stop. You jam on brakes—and "bang" goes one of your tires. Besides blocking traffic, causing undue embarrassment to yourself, you have lost money. Buy only good tires.

The Suicide Rate

With the suicide rate constantly increasing in this country since 1925, it is becoming more and more important for doctors, statisticians and social workers to attempt to solve that mental complex which results in self-destruction.

Whatever may be the root of the evil which now sees over twenty thousand persons annually taking their own lives, the immediate cause is bound to be a breakdown of the nervous system which results in tendencies not present in a normal physical state.

Then whatever causes this nervous breakdown, can be said to be responsible for the suicide which follows. It is safe to say that such collapses are frequently traceable to hard times and overwhelming financial responsibility.

"Suicide," says Dr. Dublin, "is a complex social phenomenon which reflects not only the environment in which a person finds himself, but to an equal extent, the character of the personality and the nature of the individual who is subjected to the ordinary or abnormal struggles and stresses of life."

Dr. Dublin stresses the point that the suicide problem should be approached more by way of considering the type of personality associated with suicide rather than by "placing the entire emphasis upon purely external and material factors."

"They are overwhelmed," Dr. Dublin says, "by conditions which other people manage to surmount readily and, in consequence, are apt to break down under the strain of relatively minor disappointments."

The Citrus Industry

When the citrus packing houses of Florida resume operations for the 1932-33 season, as most of them are expected to during October, employment will be given to over 15,000 people, with payrolls averaging around \$225,000 weekly.

Importance of the citrus industry as an economic factor, strikingly illustrated in the foregoing figures, further is indicated by the fact that they include only the labor directly engaged in preparing fruit for market.

Data on which the estimates have been based were secured by the Florida Grower from representative growers associations affiliated with the Florida Citrus Exchange.

In some cases, the reporting houses will employ about the same number of workers as last season. Small reductions in the force are planned by 17 percent of the plants.

While the crop of fruit is unlikely to equal that of last season, tending to increase the per unit cost of packing operations, in none of the growers' associations heard from have higher charges been fixed in comparison with last year.

SANFORD, TWENTY YEARS AGO

The Sanford Music Club held its regular meeting this afternoon in the studio of Mrs. Fannie S. Munson at 3:00 o'clock with Mrs. M. H. Bowler as leader.

The Wofaka Club held its regular meeting in the club rooms Tuesday afternoon. After the regular routine of business had been disposed of, two delegates, Miss Laura Fish and Miss Mabel Bowler, were appointed to accompany Mrs. J. W. Dickins, president of the club, to the meeting of the State Federation of Women's Clubs to be held at West Palm Beach in November.

Members of the Coca Cola Bowling Co. expects to leave next week for New Orleans to attend the annual session of the National Bowling Association.

OUTLOOK FOR BUSINESS RECOVERY

With attention centered as it now is upon the question of trade recovery, the actual course of business seems at the moment to be regarded with somewhat mixed impressions.

Of this it may at least be said that occurrence of actual Autumn trade expansion, even if only "seasonal," would itself mark a salutary change.

It is quite in line with experience that such industries as clothing and footwear should lead in recovery as they have done; for the primary cause of sudden increase in consumption of goods, after prolonged postponement of purchases, is replenishment of exhausted supplies.

Taking consumption and production as a whole, the fact is evident enough that, in Wall Street's phrase, "the corner has been turned."

From Republican voters at the last quadrennial election. The returns from Maine show an opposite trend from the recent gubernatorial election there.

ROOSEVELT GETS LEAD IN DIGEST ELECTION POLL

N. Y. Nominee Has Edge In Six Of 11 States Heard From

NEW YORK, Oct. 5.—Roosevelt gains a slight lead over Hoover in the second week's returns from eleven states in The Literary Digest's 50,000,000-ballot Presidential "straw" poll.

Roosevelt has 102,185 votes, or 45.93 percent, and Hoover has 100,323, or 45.18 percent of the total of 223,504 ballots received and tabulated.

In the eleven states reported Hoover is ahead of his rival in Connecticut, Maine, Massachusetts, New Jersey and New York, while Roosevelt leads in California, Illinois, Indiana, Ohio, Pennsylvania and West Virginia.

On the basis of an electoral college division this would give Hoover 93 votes to Roosevelt's 124. The significant feature of the poll is that nearly 40 percent of Roosevelt's strength is coming from former Republican voters.

On the basis of the current returns each of these political rivals is carrying his opponent's home state. Roosevelt is leading in California with 62.06 percent of the state's total vote.
