PITTSBURGH, June 12 — (AP) — The governor of Pennsylvania ordered state police to crack down on mill strike violence today as motorized pickets roamed western Pennsylvania highways.

Peace negotiations dragged on without result.

Gov. Harrington, Governor James H. Duff referred to facts of violence" and added in a statement: "I have just been advised that armed men have appeared at mills on the highways and buses to lawfully forced trucks off the highways have dumped mill and otherwise destroyed property."

He called the acts criminal and declared "they were an attempt to start the acts of bandits and can be treated as such."

Mrs. Thelma Elder, 708 Bryan Street, S. E., Atlanta, Georgia, is 26 years old and the mother of three small children. For a time she thought that her duties as a mother and housewife were just too much for her. However, she felt so bad that she did not do anything. Then, she learned the idealized new about HADACOL and life again seems worth living.

Mrs. Elder was suffering from a deficiency of Vitamins B1, B2, Niacin and Iron, which HADACOL contains.

Here is her statement: "My stomach had been bothering me for a long time and I could not feel like doing anything. There were times when I did not have any appetite. I started taking HADACOL and it has done me so much good. I have been taking it for several months and my stomach is doing fine. I feel good, and have lots of energy and my back is in right. I surely do praise HADACOL for what it has done so much good for me."

Hundreds of Doctors have prescribed HADACOL for their patients have requested quantities of HADACOL for their own clinical use and for their families. The fact that HADACOL is scientifically formulated, compounded with previous Vitamins and Minerals (in liquid form), helps to account for its increasing acceptance by doctors.

Make up your mind to take HADACOL regularly. Refuse substitutes. Insist on the genuine. There is only one HADACOL. You can't log a cent because it's sold on a strict money-back guarantee. You'll feel great with the first few bottles you take... or your money back. Only \$12.50 for Trial size. Large Family or Hospital size, \$25.00.

## Diplomas Awarded

The long, and at times humorous, walk of graduates across the stage as in former years was averted by careful planning on the part of Mr. Morris, the faculty and students. The graduates, the white gowns of girls alternating in rows with the dark gowns of the boys, were seated on four levels, with Mr. Morris located in the center of the stage; the walk was short and much time was saved.

One of the features of the program was the forum held by the senior, who, prompted about a year ago, organized a statistical association such that it costs parents an average of \$15,000 to send their child to college.

They also revealed that more than one third of the students would go to college the same year.

Lawton, statistician, told Mr. Lawton to estimate honorably the value of the Senior Class more than \$1,500,000. Kardylewski added that their vision as citizens to beyond estima-

## Graham Sees Tight Pinch In December

Budget Director Declares State Has Enough Money To Support 90 Pct. Goal

TALLAHASSEE, June 13.—(AP)—The Cabinet agreed today to continue its policy of releasing 90 percent of appropriations for the first quarter of the coming new business year. The new year starts July 1. The action came after the Cabinet was told Comptroller C. M. Gay thinks 90 percent operation will be possible. Gay is recovering from an operation and was not at the meeting.

TALLAHASSEE, June 13.—(AP)—There probably will be enough money in the state general fund to finance 90 percent of appropriations for the next 12 months but it might be nip and tuck around Christmas.

Budget Director Homer Graham prepared for the cabinet today an analysis showing a cash balance of \$13,000,000 at the end of this month will dwindle to \$762,000 by the end of December if all agencies and institutions are allowed to spend 90 percent of their funds.

Some deferral of bill paying may be necessary then, Graham said.

After the first of January, heavy winter and spring tax collections should refill the till and leave a cash balance of \$5,365,000 at the end of the business year, June 30.

Members of the cabinet budget commission had asked for the figures to use in setting up budgets of general fund agencies, departments and institutions for the new year beginning July 1.

All courts, executive agencies, school, colleges and the welfare program get their money from the general fund and are affected by reductions below appropriations. All except the schools, which have had 88 percent, have operated on

## Innocent Plea Is Entered By W. Remington

Bondsmen Refuse To Post \$5,000 Bail Asked By Federal Judge J. W. Clancy

NEW YORK, June 13.—(AP)—William W. Remington, resigned government economist, pleaded innocent today in a perjury indictment charging him with lying when he denied to a federal grand jury that he ever was a Communist.

Federal Judge John W. Clancy of July 1 for naming the trial bar. Remington resigned from his Commerce Department post after being threatened with outer proceedings.

Clancy set \$5,000 bail for Remington and gave him two days to raise the bond.

Remington's lawyer, Bethel Webster, told the judge that professional bondsmen have refused to post bail for the defendant because "a loyalty question is involved."

He told reporters later that 11 surety companies had been asked to put up bail for Remington and only one replied they would post bail "for prostitutes and murderers but not where loyalty is involved."

Clancy, 57, the 35-year-old demanded that Thomas J. Donegan, special assistant to the U. S. Attorney general, despite a plea by Remington's lawyer that the amount be cut in half. The attorney said his client "always has appeared whenever he has been summoned by the FBI or the grand jury."

The judge gave Remington the two days of grace, however, after Webster said.

The defendant has got to arrange for each co-defendant. He is in the point of getting some money from his mother and will need at least 36 hours.

Remington remained silent except to reply "not guilty" in a firm voice when asked how he planned to defend the second indictment.

If convicted he would face a maximum sentence of five years in prison and a \$2,000 fine.

Remington also was accompanied by his attorney, Joseph F. Paul, Jr., Washington, D. C., attorney who argued in behalf of Remington first was arrested by FBI agents in 1947 in a film case which led to the second indictment.

WASHINGTON, June 13.—(AP)—The United States today gave Vladimir Hudec, former Czech representative to the United Nations, permission to remain in the country.

The action was taken on ground the Hudec might have to pay with his life if forced to return to Communist Czechoslovakia.

Hudec broke with the Czech government and resigned his UN post on May 16.

Meanwhile, in Miami the Crime Commission of greater Miami charged today that Gov. Fulmer Warren's reward offer to private citizens who made names against gamblers was "medieval ownership."

"It is a shame," said Crime Commission President Jack R. Young, "for the governor to take additional steps to encourage citizens to give 'rewards' such as this."

Young said in a four-page statement denouncing the governor's reward plan that Warren had "continually refused to recognize the fact that vicious gangsters have secured a foothold in Florida politics since his inauguration."

If Governor Warren is truly interested in suppressing gangsterism, he must start by finding out what influences the (AL) Capone syndicate has in this state through the ownership of state-supervised dog tracks not by attempting to transform the burden of law enforcement to private citizens."

But, he added, the National Resources Board "will and will continue to stress the importance of dispersion as planning for peace and reconstruction in industry and in our cities."

Larsen told the mayors that they had already been informed that the basic national civil defense plan "would be available to them through their state governors by Sept. 1."

"Civilians must take the responsibility for civil defense squarely on their own shoulders," he asserted. "The military's primary mission is to win a war by carrying the attack to the enemy."

The federal governor, Larsen said, will advise the mayors and other state governors on the distribution of racing news in St. Louis is controlled by the underworld.

Milsky told staff members of a special Senate Crime Investigation Committee.

"There are no gangsters, mobsters, racketeers or other persons of questionable character connected with him now," he said.

"He is a good man, he is a good person, and I am glad to see him back in the Senate," he said.

At the meeting, T. W. Bell, Commissioner of the Polk County Sheriff's Office, told Milsky that he had decided to resign his position to a position of responsible work re-

questing his services here to serve, and stating that he deserved himself better by working for the public interest.

**TODAY'S BIBLE VERSE**

There are multitudes of people  
who never have squarely met this  
issue. A policy of drift is not  
intelligent nor moral. Choose ye  
this day whom ye will serve.

—Josh. 24:15.

**TRAVELER**

(From The Washington Star)  
He views the universe with dif-  
ferent eyes.

Who crosses distance not as near  
as far;

For him is the earth's circumference  
a transatlantic size.

And space is but the span from  
star to star.

We need go beyond the or-  
chard's rim

Who early learns the traveler's  
delight

That all the world is gathered here  
for him

Whose soul is his lone vehicle of  
flight.

The only latitude he ever knows  
is drawn across the ocean of his  
heart!

He has no need of longitude who  
goes

Into the silences, alone, apart—

Nor has he any use for chart or  
maps

Who steers his course into the  
Great Perhaps.

**MAE WINKLER GOODMAN**

A recent bulletin which has  
come over our desk brags about  
"Livestock Coliseums in Alabama."

The writer of this bulletin prob-  
ably hasn't kept up with the "do-  
ing" on Capitol Hill in Wash-  
ington where there is more "bull"  
than in the entire state of Al-  
abama.

"Small Firms Get Attention  
from Senate," declares a new-  
paper heading of recent vintage.  
This is nothing new to us for we  
have known for over 15 years that  
small businesses have been "get-  
ting attention." However this "at-  
tention" is not the kind to cheer  
about and we are wondering if  
the government will have a change  
of heart.

Whether or not RFC loans are  
made to individuals and corpora-  
tions because they are "personally  
friendly" to President Truman may  
ultimately be disclosed and make  
the Teapot Dome affair in the  
early 20's seem modest by compari-  
son. But for the moment all we  
can say is that a Democratic sena-  
tor from Arkansas has disclosed in  
a Senate hearing that a \$300,000  
RFC loan was made to a Dania,  
Fla., corporation, the vice presi-  
dent of which was the sheriff of  
Broward county and a very close  
personal friend of the President.  
The firm later went broke and the  
taxpayers lost their \$300,000.

The bureaucrats in Washington  
have a stock phrase when some  
timid soul suggests that the govern-  
ment might cut expenses. It runs  
something like this: "Just name  
one place where expenditures can  
be reduced. Would you reduce  
the size of our armed forces in the face  
of a Communist threat? Would you  
reduce the sum we spend for re-  
lief aid to various foreign  
countries? Would you reduce  
the amount that public services are  
permitted to render? Lack of some-  
thing restrains us from spending  
any way in which the public  
would live within its means?"

It's only a question of how much  
we would have to give up.

It's to let it go because  
of the Communists. This is  
the only reason why we

shouldn't do anything.

The Store That Got It Is Not Concerned  
About The Prosperity of Your Home Town.

**Show That YOU Care**

By spending your money in local stores, you help make business better;  
and make it easier for your friends, the local merchants, to provide quality merchandise at the lowest possible prices.

When you shop out of town, you hurt business at home. When you take money out of local circulation you injure your home-town people.

**Keep Your Dollar  
In Your  
HOME TOWN**

**This I Know**

My dollar in circulation soon becomes a hundred times a hundred cents.

I exchange it for its value in merchandise or service.

The person to whom I pay it trades it again for something he wants. It now has done two dollars worth of buying. Over and over again it plays a dollar's part.

Kept circulating in my home town, it daily adds to my town's prosperity.

Carried off to be spent in another town, it is lost to my town forever.

—Words of a Wise Citizen—

In Unity There Is Strength—  
To Protect the Peace of the World;  
To Promote the Progress of America;  
To Produce Prosperity for Sanford.

## Times-Picayune Is Slammed With Anti-Trust Suit

Justice Department  
Accuses New Or-  
leans Paper Of  
Monopolization

WASHINGTON, June 14—(AP)—Attorney General McGrath today announced he has filed a civil anti-trust suit against the Times-Picayune Publishing Co. of New Orleans, charging monopolistic practices.

He said the suit, filed in the U. S. district court at New Orleans, accuses the company and four of its officers and employees "with combining and conspiring to restrain and monopolize commerce in newspapers, in the dissemination of news and advertising, and in supplies, and with entering into unlawful contracts with advertisers."

The announcement said those named in the suit, in addition to the company, are L. R. Nicholson, president of the company; John F. King Jr., its vice president and business manager; Aubrey F. Murray, advertising director; and Donald W. Coleman, circulation manager.

The Justice Department issued this statement concerning the action:

"The only newspapers of general circulation published in New Orleans are the Times-Picayune, a morning newspaper, the New Orleans States, an evening newspaper, the Times-Picayune and New Orleans States, a Sunday newspaper, all owned by the defendant corporation, and the Item, an evening and Sunday newspaper owned by the Ilex company."

"The complaint charges that the defendant corporation in 1948 acquired a competing newspaper, the New Orleans States, under certain restrictive agreements, to prevent competition and in 1949 entered into an agreement with another newspaper company under the terms of which the competitor discontinued publication of its Sunday edition.

The complaint further alleges that the defendant corporation required classified and national advertisers to purchase advertisements in its morning and evening newspapers only at a unit under \$100.

100 Bus Drivers  
Ask Governor To  
Shelve State Law

TAMPA, June 14—(AP)—More than 100 of the Tampa Transit Lines' 188 bus drivers today petitioned Gov. F. G. Warren not to invoke the state arbitration law as a means of settling the company-union dispute.

William R. McRae, Tampa attorney, said he had notified Gov. Warren by telegram that 110 drivers had signed the petition declaring they do not want to be represented by the Transport Workers Union (CIO) and they do not want the state arbitration law invoked.

A scheduled strike of bus drivers was called off last week by the TWU after the governor urged the union to arbitrate under provisions of the state law.

(Under the provisions of the law, the Governor appoints a conciliator who has no say in attempting to work out a agreement.

Youth Problems  
Are Defined By  
Sanford Judge

D. Stenstrom Declares  
Lot Being Done To  
Help Young People

The four main causes of juvenile delinquency were defined and outlined by Douglas Stenstrom, county and juvenile judge, in a talk to school representatives at a recent study course on child and youth development at the South Side Primary School.

He defined these four factors parents, home, working and crime as broken homes, parental neglect, and sex books.

Other speakers were Mrs. Claude Hittell, Voir Williams, Jr., and Mrs. Troy Ray. Four schools participated in the study course which is devoted to the way healthy personalities are developed in children and youth.

Judge Stenstrom declared that there is much being done to provide recreational programs for the children through such agencies as the Vocational Bible School, the Municipal Swimming Pool, the American Legion, the Rotary and Lions Baseball Leagues, Boy and Girl Scouts, V. F. W., Masonic organizations, and the Elks Playgroup.

He also pointed out the Red Cross Water Safety program in which 52 children won awards last year. Supervised guidance and recreation reduces juvenile delinquency, he said.

"One of the needs of our community is a probation worker to supervise offenders and to guide those who have been punished and paroled," he asserted. "The desire of the court is not to punish offenders, but to rehabilitate them."

Mrs. Claude Hittell, who as president of the County Council of the PTA works under the supervision of T. W. Lawton, discussed ways and means of developing good citizenship potential.

An atmosphere of friendliness and co-operation on the part of school and children is necessary, together with consultation with parents in the school program for the student, she told the group.

Recognition and respect for individual differences among children, in another sit, she declared, and told of the need of teaching respect for others and allowing for differences of opinion. Stressing the need for self expression, she emphasized the need to build a sense of social, moral and spiritual responsibility.

"Programs of vocational guidance and placement was the theme of the talk by State Representative-Elect Verna Williams, Jr. "Vocational guidance gives emphasis on life, values, basic inclinations, self realization and possibilities for service," he said.

He disclosed that there is one vocational instructor for about every 200 pupils in the county.

"Cinderella Man" Sails On Queen  
For Attempt At English Channel

DENNISPORT, Mass., June 14—(AP)—A 44-year-old wounded war veteran who swam his way back to health may be the "Cinderella Man" of the 1950 English Channel sweepstakes.

George (Scotty) Fraser, a stocky Glasgow native, will sail tomorrow from New York with little money but lots of courage,

The rugged, little Scotch-American is lured by more than the prospect of fame and fortune. He wants to show disabled veterans the restorative powers of swimming.

He owes his own rehabilitation in large part to rediscivery of his wartime hobby—swimming. He came to this Cape Cod town in 1946 to rest and recuperate from scars of war, both mental and physical.

As a Merchant Marine officer he spent long harrowing months under enemy attack and suffered a severe leg wound when Nazi planes blasted his north Atlantic convoy in 1944.

Fraser returned home to tip-top health. Now he works as an aircraft washer at Opa Locka Beach.

"I am the Cinderella man," he said. "I got off easy compared to the others. I'd like to help disabled veterans to overcome their disabilities through swimming and this will give me my chance to show what I can do for them."

Social Security  
Topic Of Speech  
By Paul Weaver

Kiwanis Group Hears  
Administrator Re-  
call Act's History

The benefits given by social security to those eligible persons who retire or cease work at the age of 65 or over, were today defined to Kiwanians by Paul Weaver, social security administrator for Central Florida. He was introduced by J. L. Hunt.

Congress is now considering amendments to the Social Security Act, and among provisions suggested is the proposal to include self-employed persons, he stated. House and Senate amendments to the act do not run parallel, so it will be necessary to reach an agreement in committee before passing the bill.

The Social Security Act, he pointed out, was first passed in 1935, and has been effective since Jan. 1, 1937, including amendments made in 1939.

He stated that his office was wholly concerned with old age and survivors insurance, which is wholly administered by the Federal Government. To this fund, employers contribute 1% percent and employees an equal amount. The total old age survivors trust fund has been invested by government bonds, from which interest payments are derived. Within the Central Florida territory are more than 6,000 beneficiaries, he revealed.

He disclosed that there is one vocational instructor for about every 200 pupils in the county.

Mrs. Troy Ray Tells Pilot  
Club Of State Welfare Board

The need of having a plan to help those individuals who are less fortunate than others, is an age old story known to man since the beginning of time, Mrs. Troy Ray, District Welfare Board member in the Yacht Club last night as she outlined the various functions and services of the State Welfare Board.

The State Welfare Board, set up by a Legislative act in 1935

cent for administrative work, having 96 per cent for public assistance.

She thanked the Pilot Club for its assistance in furnishing funds to needy families through its "Milk Bank" and also mentioned other civic clubs which have contributed to the welfare of the poor.

Mr. Ray explained that even though the State Welfare Board handles public assistance only

for the aged, blind, crippled, etc., it must prove eligibility for benefits. Maximum benefits are 40%.

Mrs. Ray stressed the fact that all information taken from

the individual is confidential.

Six Escape Death  
As Plane Crashes  
Into Wild Region

MIDDLETON, Pa., June 14—(UPI)—The Glendale Field Air Force base here today reported six persons were killed in the crash of a B-25 plane near Elkton, W. Va. "We definitely know that the plane involved in the accident was missing between here and Offutt Air Force base, Nebraska," the base and a statement. "All nine bodies have been recovered." All 13 aboard were military personnel.

ADDIS ABABA, Ethiopia, June 14—Six Americans, including one woman and a child, were killed in a plane crash in the rugged, mountainous terrain of the Amhara region, near the Amhara and Simien border, according to weak radio signals for help.

Names of the passengers are unknown but a radio message from the downed plane yesterday said that all were alive.

Rescue parties in high-powered cars are fighting their way slowly through the rainy, roadless jungle in the wild lion and leopard country to try to reach them. Capt. Donald C. Collier of Los Angeles, Ethiopian airline pilot, has dropped medicine and food at a spot where he believes the eight men

were last seen.

In announcing the service award, Manager Coleman praised Ergle for his devotion to company duties and his many years of service.

Ergle's long service record

is typical of Florida Power & Light Company members generally. Of the 1,500 employees, 900 have been with the company for ten years, and 340 have been with the company twenty years.

Another local employee, E. J. Gibson, apprentice lineman, will receive a two-year pin this month.

ELKS BARBECUE

A chicken barbecue will be held Saturday night from 6:30 to 10:00 o'clock at the Elks Lodge on Second Street. Benefits from the barbecue will go to the Elks benevolent fund.

Dancing will be held in the club room to the music of an orchestra from the Deland Lodge of Elks.

Carl Williams is chairman of the committee in charge of arrangements.
