

Thermometers In Florida Hit 20's, Expected To Be There Again Tonight

By ASSOCIATED PRESS
Thermometers in Florida went down into the 20's last night for the first time in almost a year and they're expected to be down there again tonight.

It was too early in the day to assess damage to citrus and vegetable crops but Meteorologist Warren O. Johnson of the Federal State Frost Warning Service at Lakeland said last night he didn't expect too much danger to fruit. Biggest threat of the cold spell came in the diminishing fuel supply throughout the state. The shortage of fuel already had brought about closing of Miami and Dade county public and parochial schools and public schools in Palm Beach county.

Other areas were surveying fuel resources with the possibility of additional school closings today and by tomorrow if there is no letup in the cold wave.

Hearing charges by Jacksonville residents that principal fuel oil companies are hoarding fuel, Rep. Emory Price of the Second Congressional District urged the firms asking their "reason for keeping oil off the market."

"I realize that Congress does not have any direct control over these oil companies, Price said, "and if the reports that they are refusing to release oil supplies here (Jacksonville) are true, they are facing the possibility of new rationing directives and price control over their products."

He said hundreds of Jacksonville residents are suffering from lack of fuel oil and public and private school systems are on the verge of closing because of the inability to obtain fuel oil.

Jacksonville's Chamber of Commerce also took cognizance of the shortage and appealed to Washington for immediate help in relieving an acute situation.

Tampa, Orlando and Tallahassee were among other principal cities feeling the pinch as heaters rapidly burned up the already meager quantities of kerosene and fuel oil available.

Another scarce item today was

Scholarship Use Urged For Worthy High School Boys

ORLANDO, Jan. 15 (Special)—Use of a little known scholarship for worthy high school boys to the College of Agriculture at the University of Florida is being urged by C. H. McNulty, Chairman of the Agricultural Committee of the Florida Bankers Association. Mr. McNulty, who is also President of the Bank of Melbourne, Melbourne, has addressed a letter to each of the Association's County Advisory Bankers in the state outlining the steps necessary in making these scholarships available.

Mr. McNulty points out that Sections 239, 25-26 of the 1941 Florida Statutes provide that "The of County Commissioners of each county in this state may offer and create one scholarship to the Agricultural Department of the University of Florida at Gainesville. The said scholarship shall be awarded by competitive examination under the rules and regulations prescribed by the Board of County Commissioners and shall entitle the holder thereof to a full course of instruction at the University of Florida and shall subject the holder thereof to the same rules and regulations as other students in the University of Florida.

These scholarships, which include board and room for a four-year period," Mr. McNulty continued, "have a monetary value of approximately \$1800 to \$2400. As long as one boy is successfully pursuing a course of instruction from any given county, additional scholarships cannot be awarded. We are asking our County Advisory Bankers to take the lead in bringing this matter to the attention of the right people and right boy in the various counties. Only a few have been awarded since the law became effective. We are striving for a scholarship to be awarded from each county of the state for the fall term of 1948 because, first, this is a service and recognition to deserving farm boys; and second, it will be another factor in the general improvement of agriculture of the state which is so important to all of us, by the education of another farm or ranch boy."

Mulloy Will Play In St. Pete Meet Today

ST. PETERSBURG, Jan. 15 (AP)—Top-seeded Gardner Mulloy of Miami will see his first action today in the annual West Coast Tennis Tournament. Second-seeded Richard Gonzales of Los Angeles eliminated two opponents yesterday to get the jump on Mulloy. Gonzales ousted Ivey Wilson of St. Petersburg, 6-4, 3-5, 6-2, and Ravis Phillip of Brooksville, 6-2, 6-4.

Irving Dorfman of New York City, seeded third, moved into the third round with a win over George Winchell of St. Petersburg, 6-2, 6-3. Ricardo Balbiera, seeded sixth, defeated Dan Dullivan of St. Petersburg, 2-6, 7-5, 6-2.

In the only women's singles match played yesterday, Janet Turville of St. Petersburg won over Betty Washington of Tampa, 6-0, 6-4.

The universe in which the sun exists contains about 100 billion stars.

Americans produced an estimated 300 million pounds of rope and twine in 1947.

WHAT ABOUT MY FUTURE?

JOIN THE NATIONAL GUARD NOW!

Ferris Fain Returns Contract Unsigned

SAN FRANCISCO, Jan. 15 (AP)—Just as Connie Mack won't think he's "gone soft," Ferris Fain has returned unsigned his 1948 Philadelphia Athletic contract although it embraced a salary hike.

Fain, who batted .291 last season as the A's rookie first baseman, explained: "It's tradition you know, to never sign the first one. The boss might figure you've gone soft. Besides maybe I can get more lettuce."

TO TURN PRO

OAKLAND, Calif., Jan. 15 (AP)—Herman Wedemeyer, Hawaiian football star, wants time to think over an offer to play baseball for the Oakland Aconia of the Pacific Coast League. He already is under contract to appear in professional football with the Los Angeles Dons.

Fire Chief Says To Be Hazard Conscious

When it comes to fire prevention and fire protection, "Don't be too late" in '48," Fire Chief Cleveland warned local residents this week, citing the record national fire loss of more than 700 million dollars last year.

Chief Cleveland said reports from the Fire Protection Institute indicated that nearly 90 per cent of last year's 800,000 fires could have been prevented or controlled with minor damage.

"Fire losses here can be kept to a minimum in 1948 if home owners and businessmen will keep two "common sense principles" in mind, the fire fighting executive declared:

"1. Do your best to prevent fire by cleaning out rubbish, checking all electrical installations, and chimneys and by using extreme care in handling matches and cigarettes.

"2. Be prepared to fight by installing and knowing how to use modern, approved fire-extinguish-

ers and other emergency fire fighting equipment."

Procrastination is the "villain" responsible for an appalling number of fire disasters, Chief Cleveland asserted. "It's deceptively easy to put off fire prevention measures. And we too seldom appreciate the need for such items as fire extinguishers until fire breaks out. Procrastination cannot only be costly, it can be fatal. Where safeguarding our

homes and businesses is concerned, "Don't be too late in '48" is a good motto for all of us."

From where I sit... by Joe Marsh

Who Are We, Anyway?

Subject came up at Bill Webster's, the other day, as we were chatting over beer and pretzels. Just who are the folks who make up our town? Where'd they come from?

"I do your best to prevent fire by cleaning out rubbish, checking all electrical installations, and chimneys and by using extreme care in handling matches and cigarettes."

Well, Doc Hollister's Scotch-English ancestry; Will Dudley's folks were mining stock from Pennsylvania; Skip Powell's family were brewers back in Holland.

Guess our bloodstream's got a bit of every country of the globe—and every section of America. We've still got differences in taste and background—whether they apply to music, history, or beer. Only those

differences don't matter—because we're self-respecting people, in a free, united land.

And from where I sit, that's what makes our towns and cities—our America—so strong, progressive, tolerant. Our championship of individual liberties has brought us people from all faiths, all lands—to prove that respect for one another's rights is the greatest bond humanity can know!

FORD Bonus Built TRUCKS

Built Stronger to Last Longer!

More Than 139 Models!

NEW All Through!

Bonus* Built—THE AMAZING RESULT OF AN ENGINEERING PRINCIPLE THAT ASSURES WIDER USE, LONGER LIFE...and ONLY Ford Trucks Have It!

EVERY single one of the great new Ford Trucks for '48 is Bonus Built... designed and built with extra strength in every vital part. But that's only a part of this great and vital truck engineering principle...

This extra strength provides WORK RESERVES that pay off in two important ways:

- FIRST, these WORK RESERVES give Ford Trucks a greater range of use by permitting them to handle loads beyond the normal call of duty. Ford Trucks are not limited to doing one single, specific job!
- SECOND, these same WORK RESERVES permit Ford Trucks to relax on the job... to do their jobs easier, with less strain and less wear. Thus, it's easy to see that Ford Trucks last longer because they work easier!

Yes, Ford Trucks are Bonus Built... built stronger to last longer! They give wider use, longer life! That's why there are more Ford Trucks in use today than any other make!

*BONUS: "Something given in addition to what is usual or strictly due..." Webster's Dictionary.

Only the New Ford Bonus Built Trucks Give You All These Big Advancements!

NEW! 3 NEW ENGINES... UP TO 145 H.P.!
Brand new Six... 2 brand new V-8's! Packed with advancements that give you real Ford economy, solid Ford performance and reliability!

NEW! 2 NEW BIG JOBS... BIGGEST FORD TRUCKS EVER!
Gross vehicle weight rating up to 21,500 pounds! 145 h.p. engine! Speed transmission! New, heavy-duty brakes, up to 16" x 5" size. They're rugged, they're something!

NEW! MILLION DOLLAR CAB... LIVING ROOM COMFORT!
New coach-type seat. More headroom, legroom, elbowroom! Picture-window visibility. New, exclusive Level Action cab suspension that insulates cab from vibration and frame wear.

NEW! NEW FRAMES, AXLES, BRAKES, STEERING!
These new Ford Trucks for '48 are really new all through... the greatest, most revolutionary line of trucks Ford's ever built! See them! Compare them with any other line of trucks.

ONLY FORD TRUCKS ARE Bonus Built FOR WIDER USE, LONGER LIFE!

FORD 1948 Bonus Built TRUCKS 1948

BUILT STRONGER TO LAST LONGER

LIFE INSURANCE EXPERTS PROVE... FORD TRUCKS LAST UP TO 19.6% LONGER!

Marshall Plan Recommended By Bank Head

First Year's Bill Is Called "Tight Fit"; Vandenberg Says We Want Money's Worth

WASHINGTON, Jan. 16 (AP)—The \$6,800,000,000 initial appropriation asked by the Administration for the first 15 months operation of the European recovery program was described by the head of the international bank today as "not extravagant, but indeed a tight fit."

Testifying before the Senate Foreign Relations Committee, the bank's president, John J. McCloy, said he had reached that conclusion after the proposed spending had been carefully scrutinized by his staff.

Committee Chairman Vandenberg (R-Mich.) said he believes "half the criticism" of the overseas aid program would melt away if arrangements could be made for the United States to "follow our dollars abroad and said we are getting our money's worth."

McCloy recommended that "no fuzzy loan" be made under ERP, citing criticism of the \$3,750,000,000 British loan here and in England.

While McCloy testified to the Foreign Relations Committee, Assistant Democratic leader, told a women's patriotic conference on national defense that congressional opponents of the European recovery program "should suffer some slight embarrassment in finding themselves in complete agreement with the Communist Party line."

The Administration found it "difficult to get any sense out of the opposition."

E. E. (Ed) Walker Offers Candidacy In Sheriff's Race

E. E. (Ed) Walker, former deputy sheriff in Marion County, constable and police officer in Sanford and a State investigator for four years, today announced that he is a candidate for Sheriff of Seminole County subject to the Democratic primary to be held in May.

A native of Florida, Mr. Walker has lived in the county since 1919, is married and maintains a home in Sanford. Two married sons live here. Another son attends Florida State College in Tallahassee.

Mr. Walker is now engaged as an operator of school buses and in farming. He is a member of the First Baptist Church and of the Elks Lodge.

In announcing his candidacy, Mr. Walker declared that if he is elected as sheriff, he will enforce the law equitably as to all persons or violators as far as the Sheriff's office is concerned.

LIBERALS TO MEET

WASHINGTON, Jan. 16 (AP)—Wilson W. Wyatt, national chairman of Americans for Democratic Action, announced today that the self-styled non-Communist liberal organization will hold its first annual convention Feb. 21, 22 and 23 in Philadelphia.

Program details have not been completed, but Mrs. Eleanor Roosevelt has agreed to serve as chairman of a banquet to be held on the first night of the convention.

THE WEATHER

LAKELAND, Jan. 16 (AP)—The Federal State Frost Warning Service forecast for peninsular Florida tonight and Saturday morning was clear to partly cloudy; continued rather cool but no frost danger.

The outlook, however, was colder in north and central districts Sunday morning with frost probably in northern districts and colder in all districts Monday morning.

Tonight and tomorrow morning, the forecast said, would see a few light showers in the lower East Coast districts while Saturday's forecast was for cloudy and cooler with occasional light rain in north and partly cloudy and mild in central and southern districts.

Influence Of Gandhi Subjected To Grave Test By Peace Appeal

By G. MILTON KELLY
NEW DELHI, Jan. 16 (AP)—Mohandas K. Gandhi is his spectacular fasting for religious and communal harmony in India has subjected his hold on the people to its greatest test.

Those abroad who have not seen the effects of communal riots and the appalling aftermath of each one find it difficult to understand the unrest among refugees.

The refugees number high in the millions. It has been among their ranks that the opposition to Gandhi's appeal has been the strongest and this is why.

Stripped of much or all their possessions when they fled for life from Pakistan areas of peril, many left behind mutilated bodies of loved ones or saw their women carried away by Mohammedans to be forced into lives of prostitution, offered wives after forced conversion to Islam or, if they were sufficiently unattractive for either purpose, converted and left to shift for themselves as menial servants.

Stories appear in newspapers daily of how these women are being accepted by the joint efforts of the Pakistan and Indian governments and sent back to their people. Gandhi and Prime Minister Jawaharlal Nehru of India especially contend that forced conversion is no conversion at all and that it is unjust to blame the women for indignities. They contend they should be accepted with honor. They have urged Sikh and Hindu priests to turn their backs on centuries-old tradition and refrain from encouraging the ostracism of the women themselves and of their families as well, if they fail to ostracize the women.

The result has been mass reconversion ceremonies for groups of these unfortunate women, as well as for individuals. But the appeal to welcome them and forget what has happened has been only partly successful in many instances.

The women and their relatives have such privileges as bathing (Continued on Page Three)

Lawton Is Again Elected To Head Hospital Group

Deficit Of \$11,758 Is Reported Due To Moving Operations

T. W. Lawton was re-elected president of the Fernald-Laughton Memorial Hospital Association for the 26th time at a meeting of the Association and board of directors held yesterday afternoon at the Court House.

Mrs. Edward Curlett, who has served as a member of the executive board since its formation in 1912, was re-elected vice president. Other officers re-elected were O. P. Herndon as auditor, S. F. Doudney as secretary-treasurer and Mrs. R. E. True as recording secretary.

Elected as members of the Executive Committee were Randall Chase, chairman, Mrs. Curlett and Mrs. True, Dr. E. D. Brownlee, Lea R. Lester, A. E. Shinholtzer and H. B. Pope.

At the meeting of the Association, attended by about 25 members, O. P. Herndon reported that accounts were properly kept and in balance, but that there was a deficit at the end of the year of \$11,758.

This deficit, Mr. Lawton explained, was largely due to moving to the new location at the Municipal Airport, to the greater overhead expense due to the larger facilities and to the fact that the staff had to be maintained for 100 percent occupancy. Average bed occupancy was but 67 percent in 1947 as compared with 81 percent in the old hospital in 1946, he reported.

Total current costs were reported at \$84,000 during the year, exclusive of repairs and major items of equipment. The amount paid by patients was \$72,228, leaving the deficit of \$11,772 in operating expense. This amount, added to \$2,988 in uncollected accounts amounted to \$11,760, he reported.

Plans for a membership drive in April to help take care of the deficit were discussed. Jack Higgins suggested that the drive be included in a Community Chest drive and suggested that the Association go on record as approving such a drive to include all other fund drives such as Boy Scout, Red Cross, etc.

It was pointed out by Ned Smith that it is too late in the year to include the hospital drive in such a campaign. The Association then voted to appoint a committee to work with the Chamber of Commerce toward the formation of such a group drive in 1948 with Jack Higgins as chairman, and including W. A. Morrison and Edwin Shin (Continued on Page Two)

THREE INDICTED

NEW YORK, Jan. 16 (AP)—Three men were indicted today in the alleged forging of the will of Miss Mathilde Malabar, who died last June leaving an estate estimated at \$250,000, when Fred Lamm, 56, an underworld figure, was found to contain a lethal dose of barbiturate acid.

Indicted for first degree forgery of the will of Miss Mathilde Malabar, who died last June leaving an estate estimated at \$250,000, were Fred Lamm, 56, an underworld figure, Fred Drost, 53, an underworld figure of the apartment house where Miss Malabar lived; and Bernardino Mastromarino, 39, a lawyer.

Rules Okeyed For Control Of Spy Work

New Regulations To Curb Subversive Acts Is Signed By Attorney General

WASHINGTON, Jan. 16 (AP)—Attorney General Clark today approved drastic new controls to curb subversive activity by alien visitors to the United States.

Designed to provide much closer surveillance over the activities of such visitors, the new regulations are scheduled to become effective about March 15.

After that time, the ordinary one-year visiting permit now in common use will be abolished, and the visiting privilege limited to three to six months.

Extensions may be obtained, but they will require a showing that a more extended stay is justified.

Department officials said the new rules are aimed solely at the alien who gets in as a visitor and then engages in subversive activity.

Clark acted under the Administrative procedures act in signing the proposed changes in regulations.

These will be published some time next week in the federal register, official government organ, after which a period of 20 days will be allowed for receipt of "written arguments relative to the proposals."

Arguments may be submitted by any "interested person."

Among other things, the authority over extensions of stays and the responsibility for overseeing visitors in the Philadelphia States, now held by the Philadelphia (Continued on Page Two)

Little Damage Is Reported From Cold Weather

LAKELAND, Jan. 16 (AP)—Rolling hills and valleys of the Florida Citrus Commission, announced today a meeting would be held here Monday to consider the advisability of imposing an embargo on Florida citrus. The commission is empowered to order a picking and packing of fruit under the state's frozen fruit law.

LAKELAND, Jan. 16 (AP)—Except for scattered reports of damage, Florida's fruit and vegetable crops appeared today to have escaped serious harm from the last two days of freezing temperatures.

Temperatures last night and early today generally were above Thursday's after a cold snap today the mercury began rising over the state. Cross City, scene of the Southland Train wreck, had the lowest reported temperature—21 degrees.

A heavier frost fell over Florida last night and today. Meteorologist Warren O. Johnson of the State-Federal Frost Warning service said early reports indicated "very little damage" to the big citrus crop outside of the remaining small part of the tangerine crop which was just about wiped out.

Johnson said there would be some damage in unprotected groves in Lake and Volusia counties, but it would take some days to determine the extent. Groves in the Gainesville-Ocala district also might have suffered some from the cold, he added.

In the Indian River section, Johnson explained, the cold weather "did do some damage." About 75 percent of the fall tomato crop was reported lost in the Fort Pierce area, but that was the remaining part of old plants and there were not many tomatoes remaining to be harvested.

FISH CHIEF

WASHINGTON, Jan. 16 (AP)—The Fish and Wildlife Service announced today the appointment of Jesse F. Thompson, former regional supervisor of law enforcement in the Minneapolis region, as chief of the division of game management.

RED ARRESTED

WASHINGTON, Jan. 16 (AP)—The Justice Department announced the arrest for deportation of Alexander Bittelman of New York, a national commit- man for the Communist Party in the United States.

Snyder Sees Truman Veto For Tax Cut

Treasury Head Says Any Reduction Must Be Accompanied By Boosts Elsewhere

WASHINGTON, Jan. 16 (AP)—Secretary of the Treasury Snyder today virtually promised the Republican-controlled Congress that President Truman will veto any attempt to reduce income taxes without boosting other federal revenues.

He laid what looked like an Administration ultimatum before the House Ways and Means Committee, whose GOP majority is bent on passing a tax-cutting measure quickly. It went like this:

"The revenue loss resulting from any tax adjustments should be offset by upward revisions in other taxes. There must be no reduction in aggregate revenue."

Snyder said the President's own plan of a 340 income tax cut for each taxpayer and dependent, matched by a new \$3,200,000,000 bite of corporation profits which exceed a private average, would fit the bill.

But he declared a message by Chairman Knutson (R-Minn.) of the Ways and Means Committee to cut income taxes without making up the loss elsewhere, would wipe out part of this year's budget surplus and create a \$2,000,000,000 deficit in the 1949 fiscal period starting July 1.

Further, Snyder declared, the Knutson bill would cost the government \$6,000,000,000 a year instead of \$5,000,000,000 estimated by the Minnesota.

"The cold facts are," Snyder said, "that unless economic conditions, budgetary considerations, inflationary pressures and debt management problems require the maintenance of government revenues at present levels."

In his prepared statement as opening witness at the committee's tax hearings Snyder stopped short of calling President Truman's plan the only one the Administration will accept.

But he called it the "fairest and most equitable" in the "long run," "of living tax adjustment" to ease the hardship of price increases on families with low incomes.

He said the Republican-favored Knutson bill would do less for the poorer taxpayers and above all, "it would require a critical review of government revenue."

Republicans have declared the President's plan "dead as a mackerel."

Snyder blasted at the Knutson bill point by point. He gave the Administration a list of 12 important parts of that measure as follows:

1. Extension to all states of the community property principle, now effective in only 12 states, whereby married couples obtain lower rates on "community property" than on "separate property" under a tax revision later on. It should not be adopted now because it would mean a government revenue loss of \$803,500,000, of which 97.5 percent would go to those (Continued on Page Two)

HYDRO-FLAP

WASHINGTON, Jan. 16 (AP)—To prevent land planes which crash at sea from diving right to the bottom, the Navy is going to experiment with a water ski under the nose.

The Navy said today it will install a "hydro-flap" in several of its newer land-based planes to keep the nose of the plane skimming the surface instead of digging into the water.

This will give the crew a chance to launch rubber boots and get out through escape hatches.

Auto Workers Ask 25 Cent Wage Boost

"Jail On Wheels" Discloses How Criminals Are Caught, Punished

Parked on First Street in front of the Sanford Atlantic National Bank, the "jail on wheels," designed by former Sheriff J. Edward Slavon of New Haven, Conn. to insure respect for law and to combat juvenile delinquency, attracted much attention in Sanford yesterday.

Presented to visitors were enough crime detecting devices to deter the ambitions of any would-be Dillingers or Jesse Jameses. Especially impressive from the point of crime deterrence was the electric chair and the description of its use.

The exhibit was made under the sponsorship of the local police department. Police Chief Roy G. Williams, who constantly has to deal with drunks and drunken drivers, was especially interested in the apparatus used for a subsidiary exhibit.

Such tests are not compulsory, but declining to take one is a good indication of drunkenness, said Bob Reed, a former deputy sheriff, now managing the exhibit. Sanford is the 17th city in which the "jail on wheels" has been shown, and today Chief Williams invited State officials to encourage pupils to see it.

The latest aids in crime detection were exhibited, including two-way teletype machine, two-way FM radio sets similar to those recently installed at local police headquarters, and fingerprint equipment.

Also included were various pistols of .32 to .45 calibre used by police, sawed-off shotguns and machine guns, hand cuffs, and an iron claw to catch criminals. A small magnet capable of lifting 35 pounds of metal in three times its weight under water, was shown as a means of finding lost coin or metal under water. Various new signal flashlights were shown, and there was a display of a dummy in it, a warning it should be off-limits. A collection of police badges was also shown.

Glasses Furnished Boys By Lions Club

Steps were taken today by the Lions Club to provide eye examination and glasses for a letter colored brothers after a letter from the State Welfare Bureau directing the attention of the Lions to the need of glasses for the boys was read to the club at its meeting at the Tourist Center by John Ivey.

King Lion W. O. Livingston directed that Clyde Ramsey, chairman of the Lions Aid to the Blind Fund, investigate the matter. About 12 pairs of glasses have been furnished by the Lions during the year to needy children, said Mr. Ramsey.

Mr. Ivey reported that gum ball machines had been placed throughout the area by the gum company.

The club voted to donate \$500 to the Christmas Seal fund for tuberculosis relief.

Bob Thompson, manager of Station WTRR and guest of the club told of the fund raising work of the Lions Club of Sanford, Ga.

MORE FREIGHT CARS

WASHINGTON, Jan. 16 (AP)—Construction of 10,000 freight cars a month for at least two years was urged by a Senate Interstate Commerce Subcommittee today to relieve a national shortage.

Completing a year's study in which it heard 165 witnesses from 20 states and compiled a report of 995 pages, the group said such a program is necessary to increase the nation's supply of boxcars and open top cars by 100,000 units each.

RED BROADCASTS

WASHINGTON, Jan. 16 (AP)—Senator Smith (R-N.J.) estimated today that Russia is spending \$120,000,000 to \$180,000,000 a year in a "war of words" against the United States.

"At the moment," he told reporters, "we are losing this war of words."

By contrast with the Russian propaganda outlay, Smith said, Congress provided "a meager \$12,000,000" to run the State Department's "Voice of America" international broadcasts and other information activities during the fiscal year ending June 30.

INFLUENZA SPREADING

WASHINGTON, Jan. 16 (AP)—Influenza is striking Americans this winter at a rate higher than normally expected, the United States Public Health Service reported today, "but there are no indications of a widespread epidemic as yet."

Since early August 53,293 cases have been reported, compared with 36,840 for the corresponding period in 1947, a Health Service statistician said. Most of the cases occurred in southern and southwestern states.

Boyle Announces

Senator Lloyd F. Boyle who formally announced his candidacy today for re-election to the State Senate from the 37th senatorial district, Senator Boyle is completing his first term in office.

Senator L. F. Boyle Offers Candidacy For Re-Election

Senator Lloyd Boyle of Sanford today announced his candidacy to the State Senate from the 37th senatorial district embracing the counties of Brevard and Seminole.

He has represented the district in two sessions of the Legislature since he was first elected to a four-year term in 1944.

In offering his candidacy Mr. Boyle issued the following announcement:

"I wish to announce to my good friends in Brevard and Seminole Counties, that I have qualified as a candidate for re-election subject of the Democratic primary to be held in May.

"During the past three years I have served the District to the very best of my ability. This has required the devotion of long hours to my duties as Senator, at home and at Tallahassee.

"I have carried out every pledge I have made in the past in my faithful to their trust. It is my hope that my actions as Senator will have the approval of the people of my District and that they will consider that I have earned a vote of confidence.

"I renew my pledge to continue in the future, as I have in the past, fearlessly, conscientiously, and to the best of my ability, to labor for the best interests of my District, and my State."

In the last session of the Legislature Senator Boyle was a member of the following important committees: Judiciary "B", of which he was chairman, and Citrus Fruits, Constitutional Amendments, Drainage and Water Conservation, Finance and Taxation, Privileges and Elections, Public Roads and Highways, Public Utilities, Rules and Calendar, Transportation and Traffic.

Senator Boyle Will Attend Road Meeting

Senator Lloyd F. Boyle is planning to leave Sunday to attend a meeting of the State Road Department in Tampa on Monday where he will represent the interests of his district in the preparation of the 1948 budget.

Senator Boyle stated that he is particularly desirous at this time of having funds included in the budget for the construction of the bridge and causeway on Highway No. 46 at Lake Jessup.

DEWEY WILL ACCEPT

ALBANY, N. Y., Jan. 16 (AP)—Governor Thomas E. Dewey will accept the Republican presidential nomination if it is offered him at the Philadelphia National Convention next June.

James C. Hagerly, executive assistant to the governor, said in a statement "I am informed that a group of Governor Dewey's friends in Oregon have entered his name in the preferential primary in that state."

CIO Union Will Also Ask Other Benefits Amounting To Five Cents Per Hour

DETROIT, Jan. 16 (AP)—The CIO United Auto Workers announced today they would seek a wage increase of 25 cents an hour and an additional five cents for other benefits in forthcoming negotiations with the motor car industry.

The demands, approved by the union's 22-man executive board, are aimed at obtaining a third round of cost-of-living adjustments since the war.

Also included are demands for a guaranteed weekly wage and a three weeks vacation for workers with five years seniority.

A 25 cent wage increase would boost average pay for the auto workers to roughly \$1.75 an hour.

The additional five cents an hour would cover hospitalization, health, medical and surgical insurance.

"A 25 cent wage increase is necessary," the board's statement said, "to restore the buying power of auto workers' wages to the level attained in June, 1946, the last month of effective price control."

The board said it used the Federal Bureau of Labor Statistics consumer price index in determining the 25 cent figure.

Either Chrysler Corp. or General Motors Corp. is expected to be the UAW-CIO's target. Ford Motor Co., other member of the big three, has a contract that expires later in the year.

Elsewhere on the labor front the National Labor Relations Board in Indianapolis asked the southern U. S. district court for a "temporary injunction that would prevent the calling of strikes by the International Typographical Union in violation of the Taft-Hartley Act."

The injunction was sought as the NLRB continued at Chicago (Continued on Page Two)

26 Mile Soaring Flight Is Made By Visiting Airmen

A 26 mile soaring flight was made yesterday by Fred Brittain of Broaden N. Y. in the South-eastern States glider meet at the Municipal Airport. Braving the cold weather, Mr. Brittain succeeded in finding a rising thermal of warmer air and landed safely five miles south of Orlando. He won two hot dinners.

Bill Goodale of Chattanooga, Tenn. Covered another thermal yesterday and soared to an altitude of 2,700 feet. He also made an endurance record of four hours and 18 minutes. Among his rewards after descending from the chilly heights was a gallon of ice cream offered by a local dealer.

Wally Wilberg of Dallas, Texas, won the spot landing contest yesterday by losing his craft to within 15 inches of the landing spot on the runway. Events yesterday were for distance and endurance.

Today the thermals are reported not to be as good as those of yesterday due to cloudy weather. Today a spot landing contest was again in progress and among contestants was Miss Suzanne Melk, champion woman glider pilot of France, who was reported to have been up 40 minutes.

Contests will be started Saturday morning at 11:00 o'clock for altitude and distance. On Sunday more than 25 pilots will try for altitude and duration only. Sunday afternoon at 3:00 o'clock there will be an acrobatic contest of glider manipulation and a spot landing contest.

ROTARY PROGRAM

Dr. H. H. Rothe, the Rotary supervisor, will be the principal speaker at the Rotary luncheon Monday. He will be introduced by Tr. C. W. Baker.

LOCAL TEMPERATURE

A minimum temperature of 36 degrees was reported this morning at the Central Florida Experiment Station on the east side, and in outlying areas frost was reported.

RED SETTLEMENT

WASHINGTON, Jan. 16 (AP)—Soviet Ambassador Alexander S. Poyushkin said today Russia is ready to resume negotiations to settle her \$11,500,000,000 wartime lend-lease account with the United States.

The negotiations were broken off last July. The envoy said he hopes the discussions will be resumed in the "near future."

Subversive Rules

(Continued from Page One)
phia headquarters of the Immigration and Naturalization Service, would be passed by the rule, to the 16 district immigration offices scattered across the country.

In plain words, the department said, this means that the district offices will be expected to keep an eye on the aliens in their districts and to take action if there is evidence that the visiting privilege is being abused.

The department said that to cases where the visitor expects to remain in one place, six months' admissions will be available.

But if the visitor expects to remain in more than one immigration district, he will get only a three-month entry, requiring renewal.

In any case, all alien visitors will be required to notify Immigration Commissioner Watson M. Miller at Philadelphia of current address every three months.

With this data, the commissioner will keep the district offices posted on what areas are in each district.

All aliens now must post \$500 bond upon entry to the country to assure among other things that they have the cash to get back home.

The conditions of admission include declarations that (1) the visit is for business or pleasure; (2) the trip is reasonable and legitimate and temporary in nature; (3) the visitor will leave promptly upon expiration of visiting time; (4) the visitor will not pursue any purpose not specifically authorized by immigration authorities; and (5) the visitor is not subject to exclusion under any of the immigration regulations.

These regulations now provide for exclusion of any alien advocating the violent overthrow of the government.

A finding that a visitor was not entitled to a visitor visa in the first place will bring deportation.

Some 366,000 aliens moved in and out of the country on visitor's permits last year.

The district immigration offices, which take on new responsibilities under the revised regulations, are at New York, Philadelphia, Chicago, Buffalo, San Francisco, Los Angeles, Kansas City, Spokane, Seattle, San Antonio, El Paso, Boston, Atlanta, Detroit, Baltimore and St. Albans, Vt.

Hospital Meet

(Continued from Page One)
holder as a committee member, and a number of members of the executive committee, suggested plans which were approved by the group that keeps the hospital running.

The association reported that the hospital is now a member of the Florida Service Corporation, otherwise known as the Blue Cross insurance for hospitalization, surgical and medical care, and said that it expected that this service will increase patronage at the hospital.

The City Commission, he declared, has granted the hospital permission to rent the old building at 500 Oak Avenue with proceeds to go toward current hospital expenses.

Mr. Lawton reported that the hospital is now a member of the Florida Service Corporation, otherwise known as the Blue Cross insurance for hospitalization, surgical and medical care, and said that it expected that this service will increase patronage at the hospital.

UNDER THE SUPERVISION OF U. S. NAVY OFFICERS, (top), crates containing TNT and consigned to Palestine are unloaded from a barge at the Navy ammunition pier, Leonardo, N. J. Pictured below, Lt. Charles L. Collier, in command of the Leonardo pier area, inspects the one pound blocks of explosives as he hands them to Lt. A. J. Lomas, who replaces them in one of the 60 pound boxes. About thirty tons of TNT were discovered in the cases by the Navy, as well as blasting caps, machine tools, and sealed radio equipment. Investigation is under the F. B. I. (International)

Florida State News In Brief

TRAIN DERAILED
CROSS CITY, Jan. 16 (AP)—The Southland, Chicago to Tampa passenger train, was derailed about 11 miles north of here at 7 P. M. today and eight persons were injured.

CANDIDATES
TALLAHASSEE, Jan. 16 (AP)—Five Florida circuit judges qualified with Secretary of State R. A. Gray today as democratic candidates for reelection.

ROAD LEASE
TALLAHASSEE, Jan. 16 (AP)—The State Road Department will receive bids until Jan. 22 on a proposed oil drilling lease on the Davis causeway right-of-way across Tampa Bay.

TRUMAN VETO
(Continued from Page One)
with incomes above \$5,000.

2. Increasing the personal exemption from \$500 to \$600—the \$500 exemption is "too low by far" and the \$100 limit is "inadequate" for present high living costs.

3. Percentage cuts in the tax rate as soon as inflationary forces have been checked "it will be proper to fit rate reductions into a well-balanced tax revision program designed to maintain incentives and broad consumer markets."

4. The Treasury chief declared the Knutson bill would mean a direct loss of \$6,200,000,000 a year in revenue—\$6,000,000,000 more than Knutson has estimated—with these results:

The surplus of \$7,600,000,000 estimated in the President's budget for the fiscal year of 1945 ending next June 30 would be reduced by \$1,100,000,000.

But in the fiscal year 1949 receipts would decrease \$6,500,000,000 and refunds would increase \$400,000,000. The estimated surplus of \$4,800,000,000 in fiscal 1949 would be converted into a deficit of \$2,100,000,000, thereby increasing the public debt.

Snyder asserted that "under current conditions" a tax reduction of this size "would constitute a major threat to the nation's financial integrity and economic stability."

Comparing the Truman \$40 tax bill and the Knutson bill cuts, Snyder made these comments: The Truman proposal would raise 10,300,000 persons from paying any tax, the Knutson bill 1,000,000. (Knutson's estimate is 400,000).

Ninety-three percent of the tax reduction would go to persons with under \$5,000 income, while the Truman proposal, 66.3 percent under the Truman proposal.

The Knutson bill would take \$1,000,000,000 off total taxes for persons with over \$5,000 incomes, the Truman proposal \$200,000,000.

Mrs. J. B. Ellis and daughter Martha of Orlando and Mr. and Mrs. Nash of Athens, Ga. and Tampa, Fla. visited Mr. and Mrs. Philip Bauer in visiting her daughter in Orlando. Her friends will be glad to know she is improving.
Mrs. Mary Stones has returned to Daytona Beach.
Mrs. Margaret Göt and Mrs. J. C. Bills, Jr. attended the meeting of the Eastern Star in Daytona Beach Tuesday night.
The Geneva Garden Club had their first meeting of 1948 with Mrs. Norton as hostess. After working on a vacant lot, which is the beautifying project of the club, the group met for business. Mrs. Norton assisted by Mrs. Guyette served sandwiches, doughnuts and coffee.
The members present were Mrs. Bilbrey, president, Mrs. J. O. Logan, Mrs. J. C. Bills, Jr., Mrs. Fred Youts, Mrs. Kilbee, Mrs. McGill, Mrs. Brade Meyer, Mrs. Strevell, Mrs. Brown, Mrs. Fulford, Mrs. Williams, Mrs. Davis, Mrs. Norton and Mrs. Guyette. The ladies were assisted in their work by Mr. Kilbee, Mrs. McGill, Mr. Smith, Mr. Davis and Mr. Norton.
Mr. and Mrs. Strevell and Mrs. Davis spent Sunday in Orlando.
Mr. and Mrs. Norton went to Orlando Tuesday.
The Home Demonstration Club meets at the Community House with Mrs. Ritchie as hostess on Tuesday.
Mr. and Mrs. Henry Harrison visited Zephyr Hills over the weekend.
Mrs. Katherine Davis leaves Wednesday for Jacksonville where she has accepted a position with Duval County.
Mrs. Judson Leonard has re-

turned to Fort Pierce after visiting Mr. and Mrs. LaRue Alderman.
Mr. and Mrs. W. E. Sherwood and daughter, Dallas, of Maryland and Mr. and Mrs. Earl Johnson of Washington, D. C. visited Mr. and Mrs. J. E. Mathieux on their way to Miami.
W. L. Seig and Mr. and Mrs. Albert McCulloch left for Fort Myers last week.
Mr. and Mrs. Henry Kretzer entertained Mrs. Katherine Davis and Mr. and Mrs. Strevell with dinner Tuesday night.
Mrs. Pearle Peters is visiting her daughter, Mrs. Fred Bauer.
Mr. and Mrs. Charles Witcamp have moved into their new home in River Lake.
Mr. and Mrs. C. E. Witcamp are finishing a lovely new home.

In some parts of Laborador, forests are so thick that ground travel is difficult except in winter when frozen streams and lakes form highways.

Payments Must Be Made By Jan. 31

TALLAHASSEE, Jan. 16 (Special)—Chairman Carl B. Smith of the Florida Industrial Commission today reminded Florida employers subject to the unemployment tax that any contributions due the state unemployment compensation fund for 1947 must be paid by Jan. 31, 1948, in order to be eligible for full credit against the 3 per cent federal unemployment tax for 1947.
Employers subject to the federal unemployment tax are allowed to take credit on the federal return up to 90 per cent of such tax for contributions paid to the state on time, but lose 10 per cent of such credit if payment to the state is delayed until after Jan. 31.
All employers who have paid their total Florida tax for 1947 by Jan. 31, will be entitled to a 90 per cent credit on their federal return regardless of the rate at which they have contributed their Florida tax. For example, a Florida employer contributing to the unemployment compensation fund at a rate of 1 per cent would still be allowed 90 per cent credit against his federal tax of 3 per cent.

Gandhi's Influence

Mohammedans under such circumstances in public tanks and not being branded as untouchables, but in many instances, they are deprived of social contact with old friends and neighbors.
This is especially true of women and girls who are pregnant when they return, and relief officials say there are many of them. Most of the children will be placed in orphanages when born.
The victims, their relatives and friends find it difficult to respond to Gandhi's appeals to love the

NOTICE TO AUTOMOBILE OWNERS

Thursday, January 15, 1948, "The Herald" carried a front page story of a Seminole County jury awarding \$10,000.00 DAMAGES TO EACH OF TWO PERSONS injured in an automobile accident! \$20,000.00!
This was not in New York, or Chicago, or Los Angeles! IT HAPPENED RIGHT HERE AT HOME! No one was killed in this accident. Both plaintiffs were able to appear in the courtroom!
Look at your own automobile liability policy now. If it is a policy with standard limits you are protected only up to \$5,000.00 for each person injured or killed and you are subject to all damages for bodily injury which exceed \$10,000.00 in any accident. RECENT JUDGMENTS GIVEN BY COURTS HAVE BEEN FOR FAR GREATER AMOUNTS! Are you financially able to pay damages awarded which exceed the standard limits?
Check your automobile liability policy now! The cost for higher limits is slight. Our service is available to you.

BIBLE VERSE FOR TODAY

BUT IT IS STILL GOD'S WORD. LONELINESS MUST NOT OVERWHELM US. FOR GOD IS VERY POWERFUL AND VERY NEAR. IT IS A GOOD TIME TO TALK THINGS OVER WITH HIM.—Job 17:13

I have made my bed in the darkness. We hear a great deal these days about policy brutality toward negroes and the harshness of the white man's justice.

It does not pay in the long run to violate the liquor laws of the State of Florida. The State Beverage Department made 152 arrests last month for alleged violations, and 82 of the 96 men tried by the courts were convicted.

A political survey emanating from Jacksonville, for whose authenticity we do not vouch, puts Fulles Warren far in the lead at the present time in the race for governor. The poll indicates Warren now has 189,587 votes in the bag.

Secretary Royall of the Army insists that the alternative to the Marshall Plan for European aid is increased appropriations for the Army and Navy and compulsory military training.

If it were not being unkind to point out the inconsistencies in President Truman's appeal for inflationary controls, we would call attention to one paragraph which reads: Our first objective must be to halt the inflation trend.

Our latest information on the subject is to the effect that "Little Joe" Hendricks is going to announce for governor when he reveals his political intentions on Feb. 1. The men backing him are convinced, we are told, that he would have as good a chance running for the highest office in the state as Caldwell had when he ran in 1944 following a short tour of duty in Congress and would be infinitely preferable as far as they are concerned to any of the other candidates now running.

Loyalty Tests

The very difficult matter of measuring the loyalty of federal employees is now in operation. There are more than 2,000,000 persons on federal pay rolls all over the country.

The loyalty board, headed by Seth W. Richardson, former assistant attorney-general under President Hoover, has stated two standards of loyalty: one, that federal employees are not serving a foreign power, and second, that they do not hold beliefs or belong to organizations calling for overthrow of the U. S. government.

The Federal Bureau of Investigation, raised to new peace time power, has complete authority in weighing the status of U. S. workers. In most cases the FBI will give no special attention to the routine statements employees must sign.

This loyalty sifting is an effort to weed out Communists from federal bureaus where many had found pleasant berths. Obviously there will be some outcry that the screening is in violation of the Bill of Rights.

But those who make the loudest protests against being investigated are likely to be those with most to fear. For most employees the whole thing will be merely routine.

South's Grand Old Man

Josephus Daniels, who died yesterday at the age of 85, shows how solid worth can overcome an original unfavorable impression and constant detraction afterwards. When this North Carolina newspaper editor was appointed Secretary of the Navy by President Wilson, he seemed too emphatically a civilian to be running the Navy.

Aided undoubtedly by his unusual first name, they worked to create the impression that Daniels was a joke. Actually, he was unusually efficient, and a good naval authority, as Admiral George Dewey so stated publicly.

As Ambassador to Mexico under President Roosevelt he harmonized many disagreements, and became widely popular among the Mexicans. In late years he must have taken great satisfaction in the success of his many-volumed autobiography, and in the career of his son Jonathan, whose newspaper experience trained him to be a successful administrative assistant to Presidents Roosevelt and Truman.

The South has many fine and competent leaders. But Daniels was certainly North Carolina's Grand Old Man. Has the rest of the South produced any one else with better claim to the title?

Stop Hating Yourself

Psychiatrists' offices are filled with people who are unwittingly inflicting pain on themselves, says Louis E. Bisch, M. D., in an article in Your Life. Usually it is mental pain but cases exist where it is physical.

Suffering pangs of conscience for a sinful thought or act, fancied or real, is the commonest way in which individuals inflict pain by way of retribution, on themselves. Insomnia is a frequent result; so are frightening dreams and nightmares.

Jap Ship Officer Says Red Vessels Aimed Deck Guns

TOKYO Jan. 16 (AP)—A Japanese ship officer was quoted in Tokyo newspapers today as declaring two Russian patrol vessels leveled deck guns at non-Soviet rescue craft which offered assistance to the foundering Russian ship Dyina last week.

The officer, the first mate of the Choun Maru, gave his account to Japanese newsmen in Kushiro, Hokkaido, where the Dyina was towed by a Russian ship. The mate's name was not given.

United States Navy and Army authorities in Tokyo said they had no information on the report. On the morning of Jan. 10, said the first mate, the Russian patrol boats on each side of the listing Dyina kept his ship and the American-controlled but Japanese-manned Hugh M. Smith at a distance.

Other dispatches from Kushiro said the Dyina is guarded by armed sentries while her holds are being pumped out and her cargo of scrap iron shifted.

British, U. S. Study Red Sabotage Plans

BERLIN Jan. 16 (AP)—British and American officials studied today a reported Cominform scheme—identified as "Protocol M"—for smashing the Marshall Plan and crippling the industrial Ruhr.

There seemed little inclination in either British or American official quarters to doubt the authenticity of the plan. One American official said publication of the plan alone was damaging enough to the Communist program in Germany.

Regents Scorn Poll On Ga. Grid Status

ATLANTA, Jan. 15 (AP)—There'll be no secret poll of Georgia and Georgia Tech faculties on regent Sandy Beaver's proposal to subordinate football to academic football endeavor.

NEXT PATIENT!

THE NATION TODAY

By JAMES MARLOW

WASHINGTON, Jan. 16 (AP)—This is the election-year of 1948 but, if you run into someone from Washington, don't ask him: "Who's going to get the Republican nomination for President? Taft? Dewey? Stassen? Who? How would anyone here know the answer to that one at this time?"

Right now the Republican themselves—and that includes Stassen, Dewey, Taft, and any one else you can think of—don't know.

Maybe there's magic in the name Washington. Or maybe people here are supposed to have some special wisdom.

It never fails. Travel away from here, say to New York, and you're bound to run into some one who asks: "You think Taft has a chance? How about Stassen? Now, I hear that Dewey—"

Between now and then a lot of things may happen, enough in one direction to make one of the candidates a cinch to get the nomination.

Or, between now and then, one of the candidates may be able to line up enough convention delegates to make his nomination in June pretty sure.

That hasn't happened yet, so far as the people working here know. If it has, it's a well-kept secret.

The race is so wide open that if you're living in some little old whistletop near Keokuk, you know as much as the people here. Sure, the town is full of rumors all the time. And opinions are a dime a dozen.

For example: If you're a newspaperman working around the Capital, you get to know a lot of congressmen on a first-name basis.

In the afternoon when the day's grind is over, you can drop around to the office of one of them for a few words; or a few thousand.

He'll tell you what he's heard. The trouble with that is: What he's heard he's heard from someone else who's heard it from someone else.

Drop around next week and he'll tell you what he's heard again. It'll be a little different from what he's heard this week. So, if you run into someone

India Warns U. N. War Looms Unless Council Halts It

Minister Declares Small Battle Rages In Kashmir Now

By LARRY HAUCK LAKE SUCCESS, Jan. 16 (AP)—India told the United Nations security council today that a full-scale war with Pakistan may develop unless the U. N. takes measures to halt fighting in Kashmir.

Delivering the opening speech in support of India's charges against Pakistan, the Moslem dominion, Minister Gopalaswami Ayyangar contended that "there is at this very moment a small war going on in Kashmir."

He declared that the situation was growing "graver with every day." And then he added: "It is of the highest importance that action for the stoppage of fighting should be taken with specific expedition, not only for saving life, property and honor but also for the purpose of avoiding the risk of a war between India and Pakistan which the compelling necessities of military action might any day precipitate and make inevitable."

Ayyangar addressed the second 1948 meeting of the council and the first one to which the Soviet Ukraine, a newly elected member, has assigned a delegate.

Vassily A. Tarasenko was named from Washington and he tells you he knows positively who's going to get the Republican nomination, scratch him off.

A guy like that is obtaining the use of poor ear under false pretenses. It's different with the Democrats. It's pretty well taken for granted that President Truman will be nominated to succeed himself when the Democrats hold their convention in Philadelphia in July. No body else is being mentioned as a rival.

Filling Stations Are Asked To Clean Up

JACKSONVILLE Jan. 16 (Special)—An appeal was made this week to operators of filling stations and other establishments by the Florida State Board of Health to "clean up their rest rooms and keep them clean."

David B. Lee, chief sanitary engineer for the state health department, said that all county sanitarians have been urged to make routine checks on public rest rooms in their area to see that high standards of cleanliness are maintained.

"The public can also be of invaluable service in seeing that rest rooms meet these standards," declared Mr. Lee. "If they will report dirty, insanitary rest rooms to the management of the establishment.

"Clean rest rooms are vitally necessary, primarily for the protection of the public's health," Mr. Lee emphasized, "but they are also necessary if establishments are to make a good 'first impression' on their customers."

SIGNS YANK CONTRACT

NEW YORK Jan. 16 (AP)—Charles (Red) Embree, right-handed pitcher who was acquired from Cleveland in a trade for outfielder Allie Clark, today signed his 1948 contract with the New York Yankees, bringing their signed total to 13 players. No terms were announced.

Although the trend toward cleaner rest rooms is much better among individual filling station operators, the heavy traffic this time of the year makes it even more important and necessary for operators to keep a watchful eye on the cleanliness of their rest rooms, said Mr. Lee.

SAMPLE PRIMARY ELECTION

The Dependable Class of the First Methodist Church will meet at the home of Mrs. C. L. Wallis, 1807 Elliott Avenue with Miss Nell Williams as co-hostess. A "market basket" sale will be held following the business session. The W.M.U. of the First Baptist Church will hold its program meeting at 3:30 P. M. with Circle Five in charge. Mrs. John Miller, program chairman, directing. The topic will be "60 years in Royal Service". The Sunbeams will also meet at the church at 3:30 P. M. The Prayer Band of the Presbyterian Woman's Auxiliary will meet at the church at 3:00 P. M. The regular business meeting will be held at 7:30 P. M. The subject of the program will be "God Was in Christ" under the direction of Mrs. Harry Woodruff.
The Woman's Auxiliary of the Holy Cross Episcopal Church will meet at the Parish House at 3:00 P. M. The guest speaker will be Mrs. Eugene Simpson of Mt. Dora.

TUESDAY
Observance of the Week of Prayer and Self Denial for Foreign Missions will be held at the Presbyterian Church by the Woman's Auxiliary. Theme: "Recalling the World; Petition" by Mrs. George Touhy.
The monthly covered dish supper of the American Legion Auxiliary will be held at 6:30 P. M. with Mrs. H. A. Swanson as chairman.
The R. W. Old Class of the First Methodist Church will meet at the home of Mrs. R. U. Hutchison in Cameron City at 7:00 P. M.

WEDNESDAY
The Civic Department of the Sanford Woman's Club will hold an annual hospital benefit and a Chinese checker party at 2:30 P. M. to be preceded by election of officers at 2:00 P. M. Reservations may be made with Mrs. George Stine, Mrs. W. D. Hofmann, Mrs. Fletcher Bolls, Mrs. Clyde Terreller or Mrs. A. E. Shinholser.
The monthly luncheon meeting of the Sanford Women's Golf Association will be held at 12:00 o'clock at the Seminole Country Club. Members are asked to make reservations with Mrs. George Thornton before Monday night.
Observance of the Week of Prayer and Self Denial for Foreign Missions will be held at the Presbyterian Church by the Woman's Auxiliary. Theme: "Committed Unto Us" Congregation" by Mrs. Roy Mann.

TNT TO ARGENTINA
WASHINGTON Jan. 16 (AP)—The State Department disclosed today it has approved shipment of 12,125,000 pounds of TNT to Argentina for use by Argentine armed services and builders.
The department's press office said Ferrer's industrial Argentina of Buenos Aires was granted a license Nov. 7 to acquire the explosive in this country and the Phoenix Shipping Co. of New York later was told it would be legal to ship it.

Home Group Hears Mrs. James Moughton

"Child Psychology" was the subject of a talk given by Mrs. James Moughton at the regular meeting of the American Home Department of the Sanford Woman's Club held last night at the home of Mrs. A. M. Phillips. Following Mrs. Moughton's talk an open forum was held.
On the program also was John D. Fite, a high school student, who played several piano selections.
During the business session, presided over by Mrs. A. E. Shinholser, officers were elected for the coming year. Mrs. Shinholser was re-elected as chairman and other officers are Mrs. Carol H. Williams, vice chairman; Mrs. John L. Lee, secretary; Miss Betty Thurmond, finance chairman; Mrs. Sam Martina, membership chairman and Mrs. Wallace Phillips as program chairman.

At the conclusion of the business duty refreshments were served by the hostesses, Mrs. H. E. Aiken, Mrs. Herbert Moses, Mrs. Jack Ratigan and Mrs. Paty Bassett. Those present for the meeting were guests, Mrs. Moughton and Mr. Fite, Miss Carol Stone, Miss Barbara Ruprecht, Mrs. Douglas Stenstrom, Mrs. Ben Currie, Mrs. Williams, Mrs. Robert Williams, Mrs. Malcolm Higgins, Mrs. James Terwilliger, Mrs. Phillips, Mrs. Jacob Elberle, Mrs. Lawrence Jones, Mrs. Williams, Mrs. Broughton Watkins, Mrs. Shinholser, Mrs. Clyde Terwilliger, Jr., Mrs. Aiken, Mrs. Bassett and Mrs. Moses.

Hollywood

By BOB THOMAS
HOLLYWOOD Jan. 16 (AP)—In doubt about a Fred Astaire's film retirement is over. The famed dancer is now discussing a deal to make another movie for MGM.

The new picture would follow Fred's return to the screen in "Easter Parade." That doesn't mean that his deal for a vehicle with Ginger Rogers is off. That would come after the second MGM opus.

Fred, however, isn't trying himself down in any studio commitments without a story in mind. In this, his second movie career, he's doing as he pleases.
Gloria Graham and Stanley Clements are reported reconciled for the umpteenth time. The idea for "Dear Wife" sounds even better than the original "Dear Ruth." For want of housing, Bill Holden and Joan Caulfield will move in with her father, Edward G. Robinson, the veteran, and the judge turn out in her running for Congress against each other.
Helen Hayes might be induced back to the movies; the grapevine reports. William Wellman was thwarted in his effort to bring "The Iron Curtain" in under schedule. The director, who shot a record of 27 camera angles in one day, was slowed down when Dana Andrews was out with Virus X.

Van Johnson is reporting again for retakes on "The Bride Went Wild" (formerly "Wedding Night") which he made before "State of the Union." He tells me he still doesn't know his next assignment. . . . Walter Pidgeon, Spencer Tracy and Ronald Colman are being mailed for the lead of "Vespers in Vienna," with Colman in the lead.
Lynn Bari turned down a stage role because she doesn't want distance to endanger her reconciliation with Sid Liska. She's staying here for a role in "The Spirituality" . . . Ann Richards has instructed her agents she'll accept only glamour roles. While in Chicago, the young Australian heard herself referred to as "a middle-aged actress." She plays a glamor gal in "Sorry, Wrong Number" . . .

Turban Bey shows no signs of settling down. He took out for different girls as many nights. Elizabeth Scott reportedly has a new beau, a Russian importer. Romance in the younger set: Jane Powell has Tommy Hayden's fraternity pin. He's an S. C. student. . . .

Character actors are having a tough time making ends meet these days. Many of them are picking up extra cash by appearing in commercial movies.
What constitutes a lick—that has always been a ticklish question in Hollywood. MGM has its own ideas about it. For instance, the studio lists June Allyson, George Murphy, Robert Walker and Lasse as stars. Yet John Hodiak, Peter Lawford, Jane Powell and Elizabeth Taylor are termed as "featured players." You figure it out.

Personals

Friends of Mrs. P. L. Ray will regret to learn that she has undergone a major operation and is confined to the Fernald Laughlin Memorial Hospital. . . .
Mr. and Mrs. W. C. Clause have as their guests Mrs. Clause sister and brother-in-law, Mr. and Mrs. O. L. Land and son, Russell, of Birmingham, Ala. . . .
Mr. and Mrs. A. D. Zachry, Jr. of Washington, D. C. have arrived to spend some time with Mr. and Mrs. H. B. Odham, Jr. and Mrs. Bradford Byrd at their home in Rose Court. . . .
Mrs. F. A. Gadulis and Miss Jean Monfette of Sherbrooke, Quebec, Canada have arrived to spend several months in Sanford as the guests of Mr. and Mrs. Gus Lovejoy on Park Avenue.

Mr. and Mrs. A. D. Zachry, Jr. of Washington, D. C. have arrived to spend some time with Mr. and Mrs. H. B. Odham, Jr. and Mrs. Bradford Byrd at their home in Rose Court. . . .

Mr. and Mrs. A. D. Zachry, Jr. of Washington, D. C. have arrived to spend some time with Mr. and Mrs. H. B. Odham, Jr. and Mrs. Bradford Byrd at their home in Rose Court. . . .

Concert Presented For Tourist Club

A concert featuring Richard Holtzlaw, baritone of the New York Center Opera Co., assisted by Elizabeth Mathis of Geneva, mezzo soprano formerly of Jacksonville, was presented last night for the entertainment of the Tourist Club at the Tourist Center following a hot lunch supper held at 6:30 o'clock.

The Seminole High School Glee Club sextette, called "The Dreamers," and including Emily Matthews, June Rose, Dutton, Peggy Pippin, Betty Rene Ball, Betty Duncan, Mona Ruth Mills also participated in the program. They were accompanied by Miss Lillian Moran. Mrs. George Touhy accompanied the soloists.

The program was arranged by E. M. Arrington, director of tourist activities for the Chamber of Commerce, who also introduced the guests. There was a warm fire in the large fireplace at the end of the hall, he said today, and the large crowd which assembled for the concert was very comfortable.

The program was closed with the singing of Melotte's "The Lord's Prayer" by Mr. Holtzlaw.

Spanish War Vets Have Called Meet

Mrs. W. E. Jameson, Sr. vice president, presided at a special meeting of Auxiliary No. 3, United Spanish War Veterans called on Tuesday 2:30 P. M. to welcome the state president, Mrs. E. H. Jones. The meeting was held at the home of Mrs. Mae Sheaffer, 113 Elm Avenue.

A large number of members as well as many comrades of Spanish War Veterans were present to greet Mrs. Jones and her husband. The department president in a talk stressed the importance of continuing the aid to the Clara Barton Fund, an organization formed for the purpose of training nurses, and the Gen. Leonard Wood Fund, which is for the research to eradicate leprosy and to assist with improvements in the Philippine Islands. She also stated that upon the invitation of the Cuban government the next national convention will be held in Cuba.

Following the presentation of a gift a social hour was enjoyed by Mr. and Mrs. E. B. Jones, Mr. and Mrs. Alfred Ericson, Mr. and Mrs. J. R. Lyles, Mr. and Mrs. C. C. Priest, Mr. and Mrs. E. E. Lloyd, Mrs. Sheaffer, Mrs. Effie Hewson, Mrs. W. E. Randall, Mrs. E. Lagerquist, Mrs. L. M. Swain, Mrs. W. E. Jameson, Mrs. Zada Lord and Mrs. Ida Elken.

Mr. and Mrs. Clarence Nolan, whose marriage was an event of New Year Day in Folkston, Ga. Mrs. Nolan is the former Penelope Pulver, daughter of H. C. Thomas. Mr. and Mrs. Nolan are making their home at 114 Maple Avenue in this city where Mr. Nolan is associated with the Tamiami Trail Tours.

Mr. Ratigan Speaks To Junior High PFA

Jack Ratigan was the guest speaker at the regular monthly meeting of the Junior High School Parent-Teachers Association held on Tuesday afternoon at the school auditorium. Mrs. W. D. Stine presided over the business session which plans were discussed for a P. T. A. supper the date of which will be announced later.
Mr. Ratigan was then introduced and spoke to the group on the need of a civic center for Sanford. About 50 members were present at the meeting.

Roosevelt Auxiliary Met At Shafer Home

The Col. Theodore Roosevelt Auxiliary held its monthly meeting on Jan. 11 at 2:30 P. M. at the home of Mrs. Mae Sheaffer. Election of officers was held and plans were made for the official visit of the state president, Mrs. Effie Jones, on Jan. 15. A brief business session was held by the large number of members present.

Monday Deadline For Hospital Benefit

Announcement was made today that reservations must be made by Monday night for the annual hospital benefit party to be given by the Civic Department of the Sanford Woman's Club on Wednesday at 2:30 P. M. at the club house. Those wishing to attend must call Mrs. G. A. Stine, 387-J. Plans are being made for bridge and Chinese checkers to be followed by a delicious dessert course. Attractive prizes will be awarded for the winners in the games. The Civic Department is under the leadership of Mrs. Mayme Hodgkin and the party will be under the direction of Mrs. Stine.
A short business meeting will be held by the department prior to the party at 2:00 P. M. for the purpose of electing officers for the new year. Admission to the party is free. Two visitors, Mrs. Ada Eiken of Ohio and Mrs. F. C. Herrick of New Hampshire, were also present. The group presented the retiring president, Mrs. F. C. Priest, with a gift. Installation of officers was held.

party will be a donation to the hospital fund. All winter visitors, members of the department and the Woman's Club and Sanford women are cordially invited to attend.

C.

THE OLD HOME TOWN By STANLEY

THE EDITOR OF THE WEEKLY CLARION WINDS UP ANOTHER BUSY YEAR - 12-30

There Are More Ways To Get Into Trouble With Congress Than One

WASHINGTON, (AP)—Refusing to answer questions is just one way of getting in trouble with Congress. Another way is to tie your horse to a tree in the nation's Capital. Congress says you mustn't do it. Of course each year there are fewer and fewer saddlers or citizens who arrive here aboard old hobble and stout Congress by anchoring him to an elm. But there are plenty of other things a man can do and unwittingly find himself in contempt of the national legislature, which passes all the laws affecting life in the District of Columbia. These statutes aren't listed in the guidebooks. And there are so many of them that a cautious visitor to the city should check with his congressman before adventuring about here in the land of the wiseacre and the home of the h. it resulted. Otherwise he might decide to go out and fly a kite some windy day and learn that Congress long ago decreed a \$0 fine for kites flyers here. There is no penalty, however, for floating a trial balloon. Or a conscientious but thirsty tourist could find himself in difficulty here, merely by insisting he could stand up in a public place and buy a drink. He can't. Congress says you have to drink sitting down. Checking into congressional statutes still in effect from bygone days, the Washington star found that Congress not only won't let you tie a horse to a tree. It also sternly forbids you to ride the animal on the sidewalk. And furthermore, it will sock you \$5 if you deliberately sit a dog on another dog—or on a senator, for that matter. Suppose you bounce out of bed one morning feeling as good as gold, decide, "I think I'll go fight a bull." Don't do it, mister. Congress has a five-year jail term waiting for guys who fight bulls. Why, heck, a man can even be sent up for a year just for checking a horse's tail. Congress won't let buildings here rise above fourteen stories. It makes a weed illegal if it grows more than four inches high. You can't watch an execution if you're under 21, and Congress won't let you hire out any of your children under fourteen years "as an acrobat, contortionist or rope-walker." The statute provides no penalty at any age for fence-sitting. A few other tips to guide the wary visitor who doesn't want to offend Congress during his stay here: Don't collect bird's eggs without a special permit. Don't walk down Pennsylvania Avenue carrying a woodcock—dead or alive—between Jan. 1 and July 1 or it will cost you \$5. The rest of the year it's okay. Be careful never to challenge anyone to a duel as the penalty is ten days in jail. But be even more careful about wearing the insignia of the Daughters of the American Revolution—if you're not a member. They can jail you for thirty days on that charge—if you can't pay the \$20 fine. Congress denies you any right to build a bonfire or kill a starting bull on the other hand it won't let card or dice sharps pluck you bare either. If you lose more than \$25.07 in fair game, you can sue the winner for the money. If

Fuller Warren, Jacksonville attorney and two-time member of the Florida legislature, announced formally today he is a candidate for governor this year. Warren, 42-year-old Navy veteran, had been considered a probable candidate for some time. A life-long student of government, Warren gave as one of the most important planks in his 24-point platform "reduction in the unbearably high cost of government" through the establishment of a central purchasing commission and other progressive measures.

Survey Completed Of Seminole Game

TALLAHASSEE, Jan. 16 (Special) A recently completed game survey of Seminole County has accounted for more than 500 deer and 750 wild turkeys. Coleman Newman deer and turkey biologist for the State Game and Fresh Water Fish Commission, said this week. Seminole is one of the 13 coun-

ties checked thus far in the commission's statewide game count. Newman said the 13 county census covered more than six million acres in North, West and central Florida. A total of 3,500 deer and 4,200 turkey were counted over the whole area he reported. Of the territory checked, 42 percent was found suitable for deer and 33 percent adaptable for turkey, the biologist's report disclosed.

ROEHLS LAUD RETONGA FOR THEIR HAPPY YEAR

Well-Known Residents Declare They Feel As Fine Now As When They Praised Retonga Months Ago. Tortures Of Indigestion Sooth Relieved.

walked the floor, because of gas pressure which seemed like it would cut off my breath. Sluggish elimination forced us to take harsh laxatives regularly. We felt high-strung constantly. My wife lacked strength to do her housework and I could hardly walk two blocks.

"My wife and I now feel as we did months ago when I publicly praised Retonga. Relief from our distress made the past year one of the happiest we have known in a long time," gratefully declares Mr. Paul Roehl, well-known home owner of 1002 East Hickory St., Arcadia, Fla. "Acid indigestion tortured us almost beyond endurance," continued Mr. Roehl. "We dreaded eating and I have seen my wife go all day without a morsel of food. We had 'no live on' soft diet and I lost forty pounds and the last thirty. Many nights I

"Thanks to the relief Retonga gave us, we now have splendid appetites, eat whatever we want and sleep like healthy children. We have regained our lost weight and both of us feel fine. It is nothing for me to take a mile to town or for my wife to do her housework. We cannot thank Retonga enough." Retonga is a purely herbal stomachic medicine combined with liberal quantities of Vitamin B-1. Receipt and substitutes Retonga may be obtained at Touchton Drug Co. Ad

THE WEATHER

Partly cloudy this afternoon, rain beginning late tonight or early Tuesday, warmer tonight than last night, little change in temperature Tuesday.

House Gives Approval To Voice Of America

Republican Members Introduce Bill For Truman To Start Rationing Of Meat

WASHINGTON, Jan. 19 (AP)—Ray Sawyer, legislative director of AMVETS, said today 16,000,000 tenants in this country "need the continued protection of rent control until the construction of new rental housing units has caught up with the demand." Sawyer told a Senate Banking Subcommittee the present federal rent control law should be extended for a year beyond Feb. 29, the date it is now scheduled to expire.

WASHINGTON, Jan. 19 (AP)—The House unanimously sent to President Truman today legislation giving the full approval of Congress to strengthening of the State Department's "Voice of America" foreign broadcasts used to counter Soviet propaganda.

It accepted without debate Senate amendments to the bill passed originally by the House last Friday.

The legislation merely authorizes the program and does not finance it. Separate appropriation legislation will be considered later. The program now is operating in a limited manner of funds supplied last year.

The legislation gives the State Department legal basis for its foreign information service and commits Congress in principle to support a broad program of counter-propaganda to "sell America."

Tender Vegetables Suffered Severely From Recent Cold

JACKSONVILLE, Jan. 19 (Special)—Tender vegetables suffered severely, and in some instances disastrous damage from the last week's cold wave, but the week-end reports from State-operated markets indicated most areas had harvested a good percentage of their winter crops, and that plantings for spring production had not been quite so hard hit as older growths.

Weather conditions last Fall delayed plantings, and consequently harvesting had been pushed over the winter season farther than would normally be the case. When we consider that under usual conditions the Fall harvest would be pretty well cleaned up.

University Accepts Negro's Enrollment

NORMAN, Okla., Jan. 19 (AP)—The University of Oklahoma announced today it would accept the enrollment application of Ada Lois Sipuel Fisher, 23-year-old negro, in her fight to gain admission to the institution law school. The honor graduate from Langston Negro University, who took to the Supreme Court of the United States her fight for admission, was to enroll this morning.

Churchill Back

LONDON, Jan. 19 (AP)—Winston Churchill returned today from a Moroccan trip and announced he had recovered from the illness which marred his stay at Marrakech.

U. S. Marines Arrive In Malta To Board Aircraft Carrier Midway

VALETTA, Malta, Jan. 19 (AP)—The United States Navy's biggest peacetime Mediterranean assignment is being carried out here in Mass Sicco Bay, where the aircraft carrier Midway is taking aboard 1,000 American Marines who arrived yesterday aboard the U. S. auxiliary transport Bezar and Montague.

U. S. Marines Arrive In Malta To Board Aircraft Carrier Midway

High ranking American naval officers say the Marine reinforcements are here partly to replace men whose tour of duty has expired and partly to increase the Marine force available in the Mediterranean against any eventually such as guarding American interests in Palestine or Cyrenaica, where the American air force is reopening an airfield.

THE WEATHER

LAKELAND, Jan. 19 (AP)—The Federal State Frost Warning Service for peninsular Florida tonight and Tuesday morning was partly cloudy and slightly warmer with Tuesday's forecast cloudy to mild with occasional rain and no frost seen through Thursday.

Junior Chamber Of Commerce Celebrates 26th Anniversary

The Seminole Junior Chamber of Commerce, of which J. Briley Odham is president, will name its outstanding member at the meeting next Thursday at which National Founder's Week, Jan. 14 to 21, will be celebrated as marking the 26th anniversary of the national organization.

Seminole Jaycees, an organization open to men of 21 to 35 years old inclusive, will review their progress since their organization in December, 1945, when many veterans returned to civilian life, and plan future projects.

On Aug. 16, 1946, Seldon F. [unclear] of the United States Junior Chamber of Commerce, announced that the application for affiliation by the Seminole County Jaycees had been approved, and that it was the 242nd organization to apply for affiliation in the United States during the fiscal year.

Prizes Awarded In Second Annual Soaring Contest

Britain, Coverdale and Melk Win Top Honors In Gliding

Fred Britain of New York City, Suzanne Melk of France, and Bill Coverdale of Chattanooga, Tenn. were the first, second and third place winners in the Southeastern States Soaring Contest held Thursday through Sunday at the Sanford Municipal Airport.

Flying a Leicester-Kaufman sailplane, Mr. Britain won 141 points on the basis of altitude, duration and distance, and on Thursday, in spite of freezing weather, made a 26 mile distance flight to five miles south of Orlando. He also showed much skill at acrobatics. For his feats he was awarded the City of Sanford Trophy which was presented to him at the banquet last evening which was held at the airport for those who competed. He also won the plaque presented by the Florida Soaring Association.

Thomas Minkley Dies In His English Home

Word has been received of the death of Thomas Minkley of Loughborough, England on Dec. 8. Mr. Minkley was a brother of the late John Vaughn of Sanford.

The death took place at his home on Knightthorpe-road in Loughborough. Mr. Minkley was 60 years of age and is a native of Arnold, England. At the age of 13 he entered the employ of Messrs. L. and R. Morley, for whom he had worked for 52 years.

He became manager of the Daybrook factory in Loughborough 16 years ago and has recently been presented with a gold watch and scroll of honor in recognition of 50 years' service. He leaves a widow, one son and two daughters.

U. S. Marines Arrive In Malta To Board Aircraft Carrier Midway

VALETTA, Malta, Jan. 19 (AP)—The United States Navy's biggest peacetime Mediterranean assignment is being carried out here in Mass Sicco Bay, where the aircraft carrier Midway is taking aboard 1,000 American Marines who arrived yesterday aboard the U. S. auxiliary transports Bezar and Montague.

High ranking American naval officers say the Marine reinforcements are here partly to replace men whose tour of duty has expired and partly to increase the Marine force available in the Mediterranean against any eventually such as guarding American interests in Palestine or Cyrenaica, where the American air force is reopening an airfield.

WASHINGTON, Jan. 19 (AP)—Little groups of American military personnel are still stalled on strategic stepping stones across the Atlantic, Africa and the Middle East. A check with Air and Army officials today disclosed that small units are maintained at several geographically obscure but nonetheless significant points. They are there for various reasons—carriers of American intelligence, to help train personnel of other nations in the use of equipment being turned over to them, to maintain radio contact between remote American diplomatic and military missions and to keep air transport routes operating.

Another mistake—TOKYO, Jan. 19 (AP)—The recent distress of the Soviet ship Drina with 780 passengers off the southern Hokkaido was the latest in a series of "mistakes" and "breaks" which have helped reduce Communism to a smoldering ember in Japan, the Nippon Times said today.

Three Killed As Plane Hits Sanford Home

O. J. Popes Narrowly Escape Death As Airplane Crashes In Blinding Rain

Mr. and Mrs. O. J. Popes narrowly escaped death Saturday evening when they left their home only a few minutes before a Vultee VT 13 privately owned plane, swooping low in the blinding rain, hit a pine tree 100 feet to the north and minus one wing crashed through the tile wall of the one-story home, exploding and setting fire to it and killing the occupants of the plane, Joseph Thornton, Mrs. Thornton and Rolf Ekland, 15, all of Lake Wales.

Residents in the neighborhood heard the roar of the low flying plane, a loud crash as it dived into the tiled wall home, then an explosion, and as they rushed to windows saw the house a mass of flames as burning gasoline ignited the structure and the roof collapsed. The first call reached the Fire Department at 6:30 o'clock, said Fire Chief Mack Cleveland.

Police and police reserves were rushed to the scene and the street was quickly blocked off and ropes were put around the house to prevent injury to spectators. John Whitaker and J. V. Jones were among those who volunteered for police reserve duty, said Police Chief Roy G. Williams. It was two hours before the fire was fully put out, and still later before the remains of the charred bodies could be removed to the Erickson Funeral Home.

Immediate cause of the crash, which was investigated by W. E. McFarlin of the Civil Aeronautics Association, has not been determined. Mr. Thornton, manager of the Lake Wales Airport and flying school instructor, was an experienced pilot, said Roy Browning, manager of the Sanford Airport. The plane, a VT 13, was owned by O. J. Popes.

O. E. Fourakre Of Longwood Will Run For County Board

O. E. Fourakre, a resident of Longwood for the past 16 years, today announced his candidacy for county commissioner from District Three subject to the will of the voters in the May 4 primary election.

Mr. Fourakre, who has been engaged in the citrus service business for the last 15 years and also road and paving work for four years, came to Florida 40 years ago from Valdosta, Ga. where he was born in 1905. He is married and the father of three children and is a member of the Baptist Church.

In announcing his candidacy, Mr. Fourakre emphasized his intention if elected to render "fair and impartial" service throughout his district, and that he would stress co-operation with all the commissioners of Seminole County. He declared he would do everything possible for the betterment of Seminole County and he especially laid emphasis on improvement of Seminole County roads.

Caldwell Pledges Aid On Fuel Oil

Some prospect of improvement in the critical fuel oil was today promised to Sanford by Governor Millard Caldwell in answer to an urgent telegram sent to him by Edward Higgins, manager of the Seminole County Chamber of Commerce, asking what could be done to alleviate the shortage.

The following telegram was received today by Mr. Higgins from Governor Caldwell: "The governor's office is working constantly with all oil companies in an effort to meet the critical oil shortage."

"There is some prospect today of improvement in the situation. I urge all users to deal directly and exclusively with agents and companies supplying fuel heretofore. This will help to hold complications and inconveniences to a minimum."

Another mistake—TOKYO, Jan. 19 (AP)—The recent distress of the Soviet ship Drina with 780 passengers off the southern Hokkaido was the latest in a series of "mistakes" and "breaks" which have helped reduce Communism to a smoldering ember in Japan, the Nippon Times said today.

Five Persons Die In Chicago Building Blast

FIVE PERSONS WERE KILLED and six injured when an explosion blew out a complete wall of this four-story furniture building in Chicago. The blast occurred shortly after a company employee reported a gas leak. Cars parked near the wrecked structure were shattered by pieces of household articles. (International)

300 Are Slain By Greek Army In Bitter Fighting

Decisive Victory Is Gained As Rebels Attack Platonas

ATHENS, Jan. 19 (AP)—Press dispatches said today Greek forces killed 300 guerrillas in a decisive victory over a force of 1,500 to 2,000 which attacked Platonas, in south central Greece Friday. In other reported actions, 197 guerrillas were killed and 45 captured.

Survivors fled in disorder when a relieving force from Agrinio joined the defenders of Platonas and counter-attacked, the dispatches said. Pursuing forces were pounding the rebels with artillery and mortars five miles from the town last night.

One report said total casualties were 1,000 and that 100 had been captured. Officials did not comment. The guerrilla force was the same which attacked Araklova Wednesday. It was reported (Continued on Page Five)

Overstreet Will Seek Re-election To County Board

R. J. Overstreet of Longwood today announced for re-election as County Commissioner for District No. 8, subject to the primary election on May 4. This district runs from the northern limits of Lake Mary southward to the county line and from the Wekiva River east to a north and south line cutting Five-Points.

Towns included in the district are Lake Mary, Longwood, Forest City, Casselberry and Fern Park, Altamonte Springs and Bear Lake through New City.

Mr. Overstreet has been a resident of what is now Seminole County for the past 45 years. He (Continued on Page Six)

VA Approves 85,000 GI Loans In 2 Years

WASHINGTON, Jan. 19 (AP)—The Veterans Administration said today it has approved more than 85,000 GI business loans totaling \$278,000,000 in the two years the loan-guarantee program has been operating.

In that period, 10,886 loans totaling \$23,167,000 have been repaid in full. Defaults and apparent defaults have amounted to 6,722, but through Nov. 25, the agency said, only 2,231 claims had been paid by VA. They represented a loss of \$2,232,263 which will be offset partially by liquidation of borrowers' assets.

The average business loan was \$3,500. Eighty-seven per cent were non-real estate loans averaging \$2,600 each, while realty loans averaged \$4,900.

For County Judge

Karlsruhe Housholder Announces Candidacy For County Judge

Karlsruhe Housholder announced today that he will be a candidate for the office of county judge of Seminole County in the Democratic primaries which will be held in May.

Karlsruhe Housholder today announced his candidacy for the office of county judge of Seminole County in the Democratic primaries which will be held in May.

Born in Sanford, the son of former County Judge and Mrs. Ernest Housholder, he has lived here most of his life and attended the local schools and is a graduate of Seminole High School. He attended the University of Florida in 1930 and 1937 where he was a member of the Alpha Tau Omega Fraternity, and thereafter engaged in the insurance business.

He served as a Secretary in the Florida State Senate in the 1941 Session.

He became a member of the Armed Forces during World War II in January, 1942, as a private, and became a 1st Sergeant in an infantry training company, where he trained several thousand men for combat duty and received a disability discharge from the army in 1944.

He again entered the United States Army in 1945.

He is a member of the United States Veterans of Foreign Wars, the American Legion, and the United States Marine Veterans Association.

PROCLAMATION Sanford Airline Week

WHEREAS the Florida Airways, Incorporated, a Florida corporation, has been granted by the Civil Aeronautics Board an experimental certificate to furnish passenger, air mail and air express service to Seminole County;

WHEREAS the people of this section are conscious of the advantage of having air service operating from our city thus making use of the municipal airport; and

WHEREAS the City of Sanford has been given the airport property by the government to provide and promote aviation in all forms; and

WHEREAS it is important that the citizens of Seminole County be informed of the condition under which we now enjoy the privilege of air line service and the cooperation that is necessary for its continued operation.

THEREFORE, I, R. A. WILLIAMS, Mayor of Sanford, hereby proclaim the week of January 20th which includes the dates of January 20th to January 31st, inclusive, as "Sanford Airline Week" and call upon the citizens of Sanford to extend every possible cooperation by using the airlines for travel, mail, and air express so as to demonstrate to the Federal Government the importance of retaining this service in our community.

Herein unto I have set my hand and seal this 17th day of January, 1948.

Robert A. Williams, Mayor City of Sanford

7-Day Embargo Goes On Citrus Thursday Night

Commission To Keep Frozen Food From Reaching Market

LAKELAND, Jan. 19 (AP)—The Florida Citrus Commission voted unanimously today to place an embargo on all fresh fruit shipment from the state for seven days beginning midnight Thursday to prevent citrus damaged by last week's freeze from reaching out-of-state markets.

Statements expressed by members of the industry attending the public hearing was strongly in favor of an embargo, but a fierce controversy developed on the time to place it in effect.

The Commission decided to delay the embargo until Thursday midnight in order to protect the interests of firms already having fruit in the packing houses.

Also taken into consideration was the opinion, expressed by Tom Turnbull of Lake Alfred, a former state citrus inspector, that if an embargo is placed on too early its seven-day maximum period may expire before sufficient citrus is packed.

Millions of dollars worth of assistance must be furnished the children of Europe or it will soon be too late, Francis B. Sayre, president of the United Nations Trusteeship Council, told a White House conference today.

Sayre, an American with the rank of ambassador, spoke at a meeting of the United States committee for the International Children's Emergency Fund.

The committee was invited to the White House to help organize a drive for voluntary contributions to aid European children.

Sayre said that since the United Nations created the International Children's Emergency Fund more than a year ago, it has received a total of only \$30,000,000, in comparison with an estimated need of \$250,000,000.

Basic Principles of Psychology and Mental Hygiene. General Techniques in Counseling. Family Counseling. Child Guidance. Vocational Counseling and Guidance.

At the conclusion of the course of study a general meeting for the public will be held on some phase of these topics. On Wednesday of each week, will be available for personal in the offices of the State Welfare Board, Professor Walker counseling on human problems to anyone who may wish her services. Reservations for such help should be made with Mrs. W. T. Jackson, Secretary of the Holy Episcopal Church at Fourth Street and Magnolia Avenue, at telephone No. 783.

MISTRIAL The suit of Mrs. May B. Maxwell against James R. Hoolahan for damages due to injuries received March 17, when she was struck by an automobile by Mr. Hoolahan, was declared a mistrial Friday in Circuit Court by Judge M. B. Smith, due to a technicality. George A. Speer was attorney for the plaintiff and C. W. Spencer for the defendant.

Baruch Urges Profits Tax On Corporations

President's Adviser Against Tax Cut And Would Increase Excess Profits Tax

WASHINGTON, Jan. 19 (AP)—Bernard M. Baruch backed the Marshall Plan for aid to Europe today, but said it should be only part of a broad "peace program" campaign embracing also a vigorous anti-inflation drive here at home.

The white-haired New York financier told the Senate Foreign Relations Committee there should be a "rollback" of farm prices, an agreement by labor to hold off wage raise demands, no tax cuts for individuals for two years, and a return to corporations.

WASHINGTON, Jan. 19 (AP)—Senator Taft (R-Ohio) today declared that President Truman's program of price and ration controls would tend to increase inflation. Addressing the American Public Relations Association here, the candidate for the Republican presidential nomination delivered a 25-minute point-by-point attack on Mr. Truman's economic report to Congress last week.

WASHINGTON, Jan. 19 (AP)—Bernard Baruch proposed today to restore an excess profits tax on corporations, but he refused to go along with President Truman and congressional leaders who are plugging for an income tax cut. Baruch opposed any tax reduction for two years.

Mr. Truman wants a \$40 income tax cut on taxpayers and each dependent but only if Congress taxes corporation profits to make up the revenue loss.

Secretary of Commerce Harrison supported the President's position by warning that "our economy is in an inflationary situation and sound policy demands that the level of taxation be maintained."

Baruch, longtime adviser to government leaders, appeared before the Senate today.

Adult Education Classes To Begin At Parish House

Assistant Professor Rene Walker of the Extension Division, University of Florida, will conduct two classes in Counseling and Guidance at the Episcopal Parish House Tuesday at 3:30 P. M. to 5:00 P. M., and 7:30 P. M. to 9:00 P. M., and each week on Tuesday at the same hours for five consecutive weeks.

The public is invited to attend these classes without cost after enrolling for the course with the local chairman, William Perry Yesley. Those enrolling for the course are advised to choose either the afternoon or the evening class (not both), before the limit of 25 for each class has been reached.

A tentative outline of the course is given below but the matter to be studied is subject to change or alteration as each class may decide.
