Here's what put the magic in the new kind of FORD!

It all started with the new "Inner Ford," When Ford engineers planned this baby, they didn't just think in terms of new springs, new brakes, new asles. They thought in terms of a car through and through new.

The wheels got smaller. Yes, this new Ford is so new in every detail that even the wheely have changed. Now smaller and broader for a better grip on the road, they help you take off quickly ... give you a bester tide.

between a ford that's over 16 ft. long-or one that's over 17 ft. long

The frame got wider. Side rails how out to give a more stable riding platform . . . a lower, sleeker silhouette

equitable proportions place a heavy responsibility on savings and loan people, he said. Hospital Notes Oct. 11 Admissions: the topic Friday afternoon. Fredi Smith (Sanford)

Sales In Schools Henrietta Marshall (Maitlance Zana Beckwith (Sanford) Josepha Ross (Mims) Marian Mitchel (Sanford)

W A. Patrick, Volunteer Savinge Bond Chairman for Seminole County, today made known that

school children in Florida during the 1935-56 school year participated in school savings programs for the purchase of U. S. Savings Stamps in greater numbers than at any time since the end of the war.

Savings Stamp sales during the past school year gained more than \$1\$5.000 and 93 per cent user the previous year and set a new recod in amount since 1945. "Savings Bond sales in Flori in during September," Patrick said, were \$4,490,232, and for the first Mice Gelman and baby (Sanford) nine months of 1956 are \$59,331.-747, off 4.9 per cent from last year. This accounts for 71.7 percent of Flinida's 1956 quota of

Sanford Civic Center Keynote To Finer, More Profitable City

The City of Sanford has long needed an auditorium and a recreation center where community events can be staged, where our friends from all over the state and the south can gather for important conventions and civic affairs, and where a youth recreation program headed by a trained director can begin its operation to benefit the youngsters.

53

Lack of such a center has seriously handicapped Sanford on many occasions when opportunities presented themselves whereby we could profit immeasurably and then had to turn them down because of lack of space.

When have we had a day-in-and-day-out recreation program for children of all ages ontrusted into the hands of recreational directors on a permanent basis? The answer is 'Never' And yet, from every

side comes the bue and cry, "do something for the children !"

Where do Sanford people go when dance bands are to be enjoyed- to hear musical programs-to attend civic attractions from 500 to 1,000 people-to attend conventions of civic, fraternal, and comercial organizations? To cities scattered all over Floridaall of them boasting of an auditorium!

We think that for the most part, practically every person in Sanford is heartily in favor of the Sanford Civic Center-we think and believe that majority of the people in Sanford have wanted such a center for a number of years. We believe, too, that for the most part, Sanford citizens think that a Sanford Civic Center is the greatest step forward our Board of Sanford City Commissloners, have taken for a long, long time.

And the happlest part of acquiring this brand new facility for Sanford and Its people is the fact that there won't be any extra-"charge" placed on anything when it is finally approved and under construction and then completed. The Sanford Civic Center comes to Sanford citizens-and it is theirs to use just as often as the occasion warrants Its use-on a platter. Yes, a gift to Sanford as a return for the franchise awarded the Florida Power and Light Company. These funds are for Capital Improvements in CAPIed from the franchise should be returned to City Commissioners, citizens groups, are all the people in the form of improvements that will mean a greater service on the part of the City to its citizens.

There are eities in Florida just begging for such an opportunity. They want and are striving for such a Civic Center as Sanford has at its threshhold.

Take Tallahassee, for instance. The folks

The Sanford Herald Published Dally Except Saturday and Sunday

Entered as second class matter October \$7, 1919 at

up there are beating the drums for a Tallahassess Civic Center. And how do they propose to get it? By adding a ten per cent tax to their UTILITY BILL.

Not only that, the Tallahassee Civic Center, as it is proposed today, will cost the citizens of that city \$1,500,000 for the auditorium and the property on which the center is proposed to be located is to cost in the neighborhood of \$2,104,000.

And yet, those folks are clamoring for that Civic Center-yes, everybody wants this important facility in the Tallahassee Community, even at the cost we've just mentioned.

An editorial in one of the Tallahassee newspapers points out that in the two monthe since the design for a Tallahaasce Civic Center was unveiled, not a single word of opposition has been heard-to the overall plan or to its location.

And here in Sanford, we have an auditorium, civic center, recreation center, and beauty spot offered, literally on a "silver platter", even to the location for which there 5. auditorium and civic center.

"I'm getting sleepy!"

Skids are less likely on CONCRETE

The difference between a deadly skid and a safe, quick stop is often the pavement. You can stop faster, even in the rain, on concrete. That's because concrete's gritty surface gives your tires a firm, tight grip, wet or dry.

Besides permitting better vehicle control, concrete makes nighttime driving safer tool Concrete's lightcolored surface reflects up to four times more light than dark colored pavements. You can see farther and have more time to slow down or stop to avoid danger.

Concrete roads also are safer because they're free from: hazardous ruts, washboard wrinkles and raveled edges.

It's worth remembering that when the weather is rough you're much safer on skid-resistant concrete.

THE SEMINOLE COUNTY Democratic delegation as they met "Mr. Speaker" last Friday night in Leeaburg. James Lee, of Oviedo. Chairman of the Seminole County Democratic Executive Committee was at the far left and out of range of The Sanford Herald's camera. Others are (left to right) Thomas Hollingsworth. Robert Billhimer, secretary of the Seminole County Democratic Executive Committee; Clifford McKibbin; Mrs. James Lee of Oviedo; Andrew Carraway, Mrs. Carraway, "Mr. Speaker" Sam Rayburn, Mrs. Hollingsworth, Mrs. McKibbin, and Congressman A. S. "Syd" Herlong Jr. (Staff Photo)

A YOUNG MAN WITH A BIG SMILE is seen at the rally last Friday night in Leesburg. Chatting with one of the ladies attending and shaking hands with a future Democrat is "Mr. Speaker" Sam Explure. (Staff Photo)

THE SANFORD HERALD Page 8, Tues., Oct. 16, 1956 Garden Bouquet

This is a new venture spons ored by the Sanford federated Garden club. It's value is primarily that members may get a comprehensive view of what each circle is accomplishing; each Circle's program is entitled to representation, with especial reference to highlights of their projects and importance to their township in civic beautification and horticultural education. From Azalea to Rose, we present a garden bouquet of intertwined Circles. There was a joint meeting of, the Azalea and Hemerocallis Circles for a covered dish supper at the Grapeville Nursery, with Mrs. Eric L. Vihlen as hostess. A door prize of a Cutler's hybrid Croton was awarded to Mrs. Olga Hunter. A color film was shown, Landscaped for Living by courtesy of the Florida Nurserymen and Growers' Association. Although sudden shower intervened, there was a splendid trip through the fine nursery and a most enjoy able evening.

The Camellia Circle met at the Role Of Air Force home of Mrs. Benny Austen, with Mrs. Donald Knight as co-hostess. Topic Of Talk Mrs. David Gatchel, horticultural chairman, presented each member At Oviedo Club with a notebook and pencil at-By MARIAN R. "OF COURSE"

Sanford Civic Center Keynote Finer, More Profitable City 10

The City of Sanford has long needed an auditorium and a recreation center where community events can be staged, where our friends from all over the state and the south can gather for important conventions and civic affairs, and where a youth recreation program headed by a trained director can begin its operation to benefit the young-Sters.

26

Lack of such a center has seriously handicapped Sanford on many occasions when upportunities presented themselves whereby we could profit immeasurably and then had to turn them down because of lack of space. When have we had a day-in-and-day-out tioned. recreation program for children of all ages entrusted into the hands of recreational directors on a permanent basis?

The answer is 'Never' And yet, from every alde comes the bue and cry, "do something for the children !"

Where do Sanford people go when dance bands are to be enjoyed- to hear musical programs-to attail givic attractions from 500 to 1,000 people-to attend conventions of civic, fraternal, and comercial organizations? To cities scattered all over Floridaall of them boasting of an auditorium!

We think that for the most part, practically every person in Sanford is heartily in favor of the Sanford Civic Center-we think and believe that majority of the people in Sanford have wanted such a center for a Sanford Civic Center is the greatest step forward our Board of Sanford City Commissioners have taken for a long, long time.

And the happiest part of acquiring this brand new facility for Sanford and its people is the fact that there won't be any extra "charge" placed on anything when it is finally approved and under construction and then completed. The Sanford Civic Center comes to Sanford citizens-and it is theirs to use just as often as the occasion warrants its use-on a platter. Yes, a gift to Sanford as a return for the franchise awarded the Florida Power and Light 'Company, These funds are for Capital Improvements in CAPI-TOL letters and the use for the funds derived from the franchise should be returned to the people in the form of improvements that will mean a greater service on the part of the City to its citizens.

for such an opportunity. They want and are know that there are those who would dare striving for such a Civic Center as Sanford has at its threshhold.

Take Tallahassee, for instance. The folks

The Sanford Herald

Published Dally Except Saturday and Sunday

up there are beating the drums for a Tallahassess Civic Center. And how do they propose to get it? By adding a ten per cent tax to their UTILITY BILL

Not only that, the Tallahassee Civic Center, as it is proposed today, will cost the citizens of that city \$1,500,000 for the auditorium and the property on which the center is proposed to be located is to cost in the neighborhood of \$2,104,000.

And yet, those folks are clamoring for that Civic Center-yes, everybody wants this important facility in the Tallahassee Community, even at the cost we've just men-

An editorial in one of the Tallahassee newspapers points out that in the two months since the design for a Tallahassee Civic Center was unveiled, not a single word of opposition has been heard-to the overall plan or to its location.

And here in Sanford, we have an auditorium, civic center, recreation center, and beauty spot offered, literally on a "suver platter", even to the location for which there S. auditorium and civic center.

that is hardly feasable since there is no farm. THE SANFORD HERALD Page 8, Tues, Oct. 16, 1956 Garden

Bouquet This is a new venture shot ored by the Saaturd federated Garden club. It's value is primarily that members may get r comprehensive view of what each circle is accomplishing; each Cir-cle's program is entitled to representation, with especial reference to highlights of their projects and importance to their township in civic beautification and horticultural education. From Azalea to Rose, we present a garden bouquet of intertwined Circles. There was a joint meeting of the Azales and Hemerocallis Circles for a covered dish supper at the Grapeville Nursery, with Mrs. Eric L. Villen as hostess. A door prize of a Cutler's hybrid Cruton was awarded to Mrs. Olga Hunter. A color film was shown, Landscaped for Living by courtesy of the Florida Nurserymen and Growers' Association. Although sudden shower intervened, there was a spleadid trip through the fine nursery and a most enjoy-
