CURBSTONE GLEANINGS

BUDGET OF OPINION "JUST BETWEEN YOU AND ME." EVEN THE GATE POST NOT IN IT

A CHIEF IS AMONG YE TAKING NOTES AND FAITH, "HE'LL PRENT 'EM"—SO SAYS SAUNTERER.

Many times in the past I have heard the expression, "purity in politics," and knowing so much about the rottenness of politics and knowing nothing about any purity in politics...

The kind of government that Thomas Jefferson had in mind when he carefully drafted the Declaration of Independence was a government for and by the people...

Coming by the different churches last Sunday morning and seeing the different Sunday schools holding services in the halls and outside the churches and even in the parks...

The girls of the high school are divided into four classes, as indicated by the year of the work they are taking in the high school.

The girls of the high school are divided into four classes, as indicated by the year of the work they are taking in the high school.

the man who writes this column of sense and nonsense each week. For many long years I have labored for the bulk-heading of the lake front...

I am glad to note that the Sanford High School has again taken up the subject of debate and every week the boys are required to have some good subject to discuss.

Aviation Notes.

Russia is the first country to adopt, in addition to her land and sea flags, an aerial flag for aeroplanes.

French scientists are now discouraging aviation loops in the air. They say that the "loop the loop" in a monoplane only puts aviation again on the level where its friends prefer it should not be.

Town Topics.

Philadelphia will be one of the most beautiful cities in the world if some of the chronic tinkers do not have their way.

Patrons of the Kansas City public library can now take home rolls of paper music for their mechanical players.

Winter Baseball.

These winter baseball campaigns are exceedingly exhausting on the winners' typewriters.

A woman has presented Cincinnati a gaudy gown worth \$400.00. And think of how many fifty-cent holders and star slab artists this gown would buy.

Paris says new gowns will be more décollete. Well that's better than taking any more off the other end.

The business of selling haberdashery in this country seems to be based on the theory that a man can wear any kind of a hat.

Report from Paris that women of fashion are to wear "mauffs" on their legs.

Early to bed and early to rise—and you'll be surprised at the people you will meet going home.

Paris says new gowns will be more décollete. Well that's better than taking any more off the other end.

POLITICAL ANNOUNCEMENTS

FOR THE LEGISLATURE I hereby announce my candidacy for the legislature subject to the action of the Democratic Primary to be held on June 2, 1914.

FOR COUNTY JUDGE To the Democratic voters of Seminole county I wish to announce that I will be a candidate, subject to your action in the Primary of June 2, for re-election to the office of County Judge.

To the Voters of Seminole County: I hereby announce myself a candidate for the office of Clerk of the Circuit Court for Seminole County.

I hereby announce that I will be a candidate in the June Democratic primary election, 1914, for the office of County Judge.

I hereby announce to the Democratic voters of Seminole county my candidacy for the office of Clerk of the Circuit Court.

To the Voters of Seminole County: I hereby announce myself a candidate for the office of Clerk of the Circuit Court for Seminole County.

I hereby announce myself a candidate for the office of Sheriff of Seminole county, subject to the decision of the voters in the Democratic Primary to be held on June 2nd.

I hereby announce my candidacy for the position of Superintendent of Public Instruction subject to the decision of the Democratic Primary.

As a candidate for the position of Superintendent of Education of Seminole county, subject to the Democratic Primary, I wish to call attention of the voters to the following facts.

I hereby announce my candidacy for the position of Treasurer of Seminole county, subject to the decision of the Democratic Primary.

I announce my candidacy for the position of Treasurer of Seminole county, subject to the decision of the Democratic Primary.

I hereby announce my candidacy for the position of County Commissioner for District No. 1, which includes voting precincts No. 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20.

I hereby announce my candidacy for the position of County Commissioner for District No. 2, which includes voting precincts No. 21, 22, 23, 24, 25, 26, 27, 28, 29, 30.

I will be a candidate for the office of County Commissioner for District No. 1.

COMMITTEE ON BULKHEADING MAKES INTERESTING INVESTIGATION

REPORT TO CITY COUNCIL THE RESULTS OF TRIP

KNOW THE MATERIAL

INVESTIGATORS GIVE ALDERMAN MOST COMPREHENSIVE VIEW OF BULKHEADING CONDITIONS

Council met in special session March 30th, 1914, at 7:30 p. m. Present, H. W. Herndon, president; J. D. Davison, R. C. Maxwell, J. Adams, W. W. Abernathy and H. E. Tolar. The meeting was called for the purpose of receiving the report of the committee which was appointed to investigate the bulkheading proposition as it was conducted in several cities. The report was accepted and ordered to be made a part of the minutes, and a copy is hereto attached. Following is the report:

Sanford, Fla., Mar. 30, 1914. To the Hon. The Common Council of Sanford, Florida:

Gentlemen—Pursuant to your resolution of Mar. 2nd, requesting a committee of the Council and City Engineer to visit such cities in the state of Florida as would give us information relative to the cost and construction of a bulkhead wall and filling in behind the same, we would respectfully report as follows:

On Mar. 24th we called on the Everglades Cypress Co. of Loughman, which place is the headquarters for the logging and manufacture of cypress lumber. Here we were shown their plant and in their yard the different grades of lumber. The grade of lumber best suited to our needs is what is termed No. 2 Common. This is good heart cypress admitting shade, knots, small amount of pinks on one side, which defects shall not be sufficient to seriously impair their strength. Prices on this material were furnished as follows:

- 3 M. lin. ft. 8x12 10 in. and up multiples of 5 in. rough. \$28.00 per M.
9 M. lin. ft. 6x20 10 in. and up multiples of 5 in. rough. 28.00 per M.
3153 pieces 2x10-16 in. 14 ft. S T & G D. of 5 in. rough. 28.00 per M.
Freight on above should not exceed \$3.00 per M.

From Loughman we went to Tampa, Fla., where we were fortunate in having Mr. Knight, a civil engineer of wide experience, show us what had been done at Tampa in the way of bulkheading and improving their water front. The work in every instance having been planned and constructed under the supervision of Mr. Knight.

Mr. Knight first took us to the Estuary where a wooden bulkhead has been constructed, 200 ft. long and 10 ft. high, with a wharf 50 ft. wide built adjacent to and parallel with the retaining wall at which ocean going vessels land. This seawall is constructed of thick piles of pine and is expected to last seven years. The construction is similar to the one planned at Sanford except longer. 24 in. piles were spaced every 8 ft. with a brace pile in front and stay back with 1 1/2 in. iron rods to another pile 10 ft. back and three thicknesses of 1 in. boards 20 ft. long were used for sheet piling. This work was let in contract at \$6.00 per lineal ft. for the seawall and the contractors received 95¢ per yard for dredging.

From the Estuary we went to Hyde Park where a 7 ft. concrete retaining wall has been built on piles at about low water mark and a boulevard constructed along the shore for about a mile. This is a beautiful drive. The boulevard is paved with asphalt blocks and flanked next to the sea wall with a cement walk. The other side of the boulevard has a parking place on the curb and walk and on top of the sea wall at intervals of 50 ft. are cluster lights.

We next went to see a wooden retaining wall along the Hillsboro river. This was constructed of pine of the cheapest grade and only expected to last two or three years when it would be replaced by concrete. This wall for a large part runs through a marsh and Mr. Knight considered it cheaper to build a temporary wall, fill in behind and later build his concrete wall for the reason that he could place his concrete wall cheaper by having good ground to work on.

Our next stop was at St. Petersburg. Here we found all of their sea walls made of concrete. They are filling in a strip of land 400 ft. wide along their water front for a park. They have a concrete wall enclosing 40 acres in front of this park from which they have pumped the sand to fill the park and this formed a harbor or turning basin for small boats.

They have started the wheels for the construction of a deep water commercial harbor, the estimated cost of which is \$3,000,000. They have an inland lake which they have deepened and enlarged and used the materials to fill in low places about the city, some of the material being pumped nearly half a mile. The city owns an 8 in. hydraulic dredge, cost of which was \$9,000. It moves in good ground 600 yards a day at a cost of from 3 to 13¢ per yd., depending on the distance the material has to be carried. From St. Petersburg we went to Sarasota, where we found more concrete wall and a concrete block. The entrance to the city from the bay, landing is through a fine brick archway building built over the shore end of the dock and used for offices and rest rooms. Most of the work done at Sarasota has been done by a Mr. Burns who owns considerable water front property which was low-lying, the more. This he is reclaiming and selling as fast as he can get it reclaimed and laid out. Mr. Burns operates a 10 ft. hydraulic dredge, capacity about 1000 yds. per 10 hours when working. Cost of dredge \$12,000. Cost of filling per yard 10¢.

After visiting Sarasota we felt we had seen as much seawall and bulkhead as much data as was necessary, so started homeward. It would take considerable time and space to make a report on everything we tried to note, but before closing our report we wish to call your attention to two things which were well impressed upon our minds.

One was the cleanliness and neatness of the city offices visited. This we could not help but notice after having spent so much time as we have in Sanford's city hall.

The other was the courteous treatment we received in every place we visited. No effort was spared in showing us what they had and in giving us the information we wanted. Their plan to give the stranger the glad hand, make him feel at home and welcome in their city and we return feeling that there are cities for improvement along these lines in Sanford.

Our only regret is that all of the Council were not with us. Respectfully submitted, J. D. Davison, W. W. Abernathy, Fred T. Williams.

District C. Y. P. C. Convention. The Young Peoples Convention of Sanford is opening and preparatory to the coming of the District Young Peoples Convention on April 9th and 10th. One hundred or more delegates are expected to come. The district comprises the Fourth Congressional District of the state. Mr. W. D. O'Leary, of Jacksonville, is the president and has given much time to the preparation of a program which will hold the attention of the delegates for five nights of one day.

Special features of entertainment have been planned for the Sanford Young People. An automobile ride through the Osler Delta one afternoon will prove perhaps the most interesting. The owners of cars have gladly offered to the success of the entertainment. The local arrangement in addition to work being done by the pastor, Rev. George Hyman of the Baptist church and of Mr. H. E. Tolar, president of the local union is divided into the following committees with the chairman given of each. Securing homes for delegates, Miss Ruby Betts. Meeting trains with autos, Mr. L. R. Bryan. Auto ride through Celery Delta, Miss Ruth Stewart. Decorations for stores and city, Mrs. Wm. Bray.

Each of the chairmen named has selected an assistant and these will see to it that the Young Peoples Convention is one of the best that has ever been held in the state.

Palm Sunday at Catholic Church. There will be only one mass Sunday, viz at 10 a. m., when the palms will be blessed and distributed. Sunday night the lecture will be on the Blessed Eucharist or the Real Presence of Christ in the Holy Communion. A large crowd greeted Father Curley last Sunday night and were delighted with his exposition on the doctrine of Confession.

Stations of the Cross Friday night at the usual hour. The question box is still at the door and Catholic literature, which all are invited to take and read.

ST. JOHNS COUNTY BONDS FOR MANY MILES OF BRICK ROADS

ISSUE CARRIED BY A HANDSOME MAJORITY

SIXTY-FIVE MILES OF ROAD

OTHER NEWS OF THE STATE OF FLORIDA GARNERED FOR HERALD READERS

St. Augustine, April 3.—By ratifying the long issue for brick highways by a vote of better than 2 to 1, the progressive citizens of St. Johns county have placed it in the first rank of the live counties of the state. Moreover St. Johns has initiated a business-like and comprehensive plan by awarding the contract for brick highways subject to the ratification of the bond issue, this showing the voters just when the roads will be built, of what material and cost, and just when to be completed and thereby eliminating the doubt before the vote for bonds was taken at the polls. The wonderful victory assures St. Johns county of upwards of 65 miles of brick highways that will be constructed during the next year. It is by far the most important and progressive measure that has ever been put through in this county and means more for her future growth and prosperity than even the most optimistic can now imagine.

Head Flattened Bullet. St. Augustine, April 2.—After a quarrel last night Charles Williams, a negro, shot his wife in the head at their home on Central avenue. The weapon was a small .22-calibre revolver. The shot took effect in the head, but the bullet was flattened against the woman's skull, and the injury resulted in nothing more serious than a scalp wound. The bullet was flattened to the shape of a fan. Williams was placed in jail for \$1000. Of course the prisoner was released by the county authorities this morning to answer a charge of carrying a concealed weapon and assault with intent to murder.

BIG FIRE AT ST. AUGUSTINE. Court House, Five Hotels and Other Property Goes Up In Smoke

St. Augustine, Fla., April 3.—Fire early today destroyed five tourist hotels, the county court house and a number of residences here. So far as known, no lives were lost. Many guests at the Florida House, Clarmont Madison House, Atlantic Central and Summit hotel, which were destroyed, escaped scantily clad, and had no time to save their personal belongings. Property damaged is estimated at nearly three-fourths of a million. The flames were discovered in the kitchen of the Florida House at one o'clock this morning and spread rapidly towards the water front, destroying a block and a half before going under control after daylight. Sections of Jacksonville fire department were called to assist in subduing the conflagration.

Nearly two blocks of the water front were destroyed. An undetermined amount of property was lost in pumping and the water. The Vander House, a building containing quiet and comfortable rooms, and the St. Augustine Historical Association are among the burned buildings. A company of Jacksonville firemen today patrolled the devastated section.

It has just about gotten to that Mother was to ask Daughter to get her up with the washing Daughter would get up with the Humane Society.

Pensacola News for Sale. The Pensacola, April 3.—Advertisements were today inserted in local papers as well as sent to papers in a number of other towns, pleading for the sale of the property of the Pensacola Evening News, which was forced into bankruptcy several months ago, and which has since been operated by a trustee. The latter will sell the paper and all of its equipment on April 14, the sale to be subject to confirmation by the judge of the federal court.

Decorate the Buildings. Every one in Sanford that resides on the business streets should decorate on the occasion of the centennial of the city. Let our Main Street and other streets and the all the buildings that impress upon our citizens as to whether they will be treated with the good old hospitality that has made Sanford famous in the past. There will be people from all parts of the state and the citizens of Sanford should do up in their power to contribute to the while they decorate their stores and show their appreciation of their presence.

MEETING POSTPONED

Commercial Club Will Meet on the Evening of April Fourteenth

The Commercial Club was to have met last Tuesday night but on account of the convention of the Eastern Star the meeting has been postponed until the following Tuesday night or on the fourteenth of April. There will be many matters of importance to come before the meeting and a full attendance is requested. The meeting will be called for the principal purpose of electing officers for the coming year and other business of importance. The question of an advertising campaign and the new tourist hotel will come before the meeting and other matters of the most vital importance to the city of Sanford. Every one interested in the future welfare of Sanford should attend the meeting on the fourteenth of April in the city hall building.

WILL CUT OUT FRANK PRIVILEGE FOR SPECIAL USE OF SENATORS

TELEGRAPH AND MAIL ENTAIL BIG EXPENSE

OFFICIALS SHOULD PAY

OTHER NEWS OF THE WORLD AT LARGE BOILED DOWN FOR BUSY READERS

Washington, Apr. 3.—An outgrowth of the fight in the Senate yesterday to cut off free telegraph privileges accorded senators, which failed because of the lack of a quorum, Senator Robinson, of Arkansas, today introduced a bill which would limit so national mail franking privileges to \$600 in one year. He sought to have an amendment to the same bill adopted yesterday in connection with the attempt to prohibit free telegraph privileges for senators, but was defeated and announced he would introduce it as a bill today. The contest in the senate arose over the introduction of a committee resolution limiting the annual telegraph expenses of any senator to \$60 for messages on official business. Senator Robinson then sought to have his amendment adopted, but it was ruled out of order. For the committee's resolution Senator Kenyon offered a substitute to provide that no senator might send messages by wire even on official business at public expense. The Kenyon substitute called for passage only because of a lack of a quorum. The vote on it was 14 to 11, just short of enough votes to carry it.

Washington, April 3.—The Panama tolls controversy, surpassing in interest any problem that has absorbed the attention of Congress in recent years was transferred to the Senate today from the house, where last night the Sims bill repealing the tolls exemption was passed by 247 to 161. The measure's appearance was accepted as to the signal for the beginning of one of the most protracted and complicated contests the Senate ever faced. Senators both for and against the repeal said they saw no hope of a final disposition of the issue within the next five or six weeks. Senator O'Gorman, who will lead the fight against the repeal planned today to have the interposition committee, of which he is chairman, begin consideration of the measure immediately. The committee already has before it various other bills relating to exemption. It appeared today that the members are generally divided on the chief issue. Those who will result in repeal are expected to prevail, but unless there is a change in the leadership opponents of repeal appear to have a majority of one. Senator Lewis of Illinois has a bill empowering the President to suspend tolls by proclamation. A measure has been introduced which would repeal the tolls exemption clause and grant to foreign vessels the right to compete with American ships now engaged in the coastwise trade. Senator Owen's bill identical with that passed by the house yesterday, it was expected, would be replaced by the administration's measure; its purpose to expedite consideration in the Senate having failed. There are other measures pending, including a bill of Senator Thomas and Senator Gallinger's resolution expressing the sense of Congress that it has the right to do as it pleases with respect to regulating shipping in the Panama Canal.

Decorate the Buildings

Every one in Sanford that resides on the business streets should decorate on the occasion of the centennial of the city. Let our Main Street and other streets and the all the buildings that impress upon our citizens as to whether they will be treated with the good old hospitality that has made Sanford famous in the past. There will be people from all parts of the state and the citizens of Sanford should do up in their power to contribute to the while they decorate their stores and show their appreciation of their presence.

Death of Mrs. Gibson. Mrs. H. L. Gibson, wife of H. L. Gibson of this city and at present the yard master of the A. C. L. Ry. here died at Chester, S. C., yesterday after an illness of several months. Mrs. Gibson had an operation some time ago in the sanitarium at Chester for a nervous disorder and had rallied from the shock and was thought to be on the road to recovery but a relapse this week placed her beyond the reach of medical help and her spirit wended its flight to the great beyond yesterday. A telegram announcing the death came to several Sanford friends who were hoping that Mrs. Gibson would soon return to them in better health.

Decedent leaves a devoted husband and a loving daughter, Miss Lillian, who is one of the efficient teachers in the High School here and a son in California. Nothing has been learned here as to the funeral arrangements but it is supposed the burial will take place in the old South Carolina burial ground.

The sympathy of the entire city is extended to the father, daughter and son in their hour of grief and affliction. Money talks, but all some of us go to hear is the echo.

LAKE REGION PRESS CLUB

Pine Program Arranged At Kissimmee For the Gang

The people of Kissimmee are always alive to their opportunities and when the question of a Lake Region Press Club composed of the newspaper men of five counties was introduced at Kissimmee went after that first meeting right now and land of the same. And next Wednesday there will be a great meeting in that fine city and the program below would indicate that the Osceola county boosters know how to entertain and how to arrange a fine program. Program: Reception committee will meet A. C. L. train at 9:15. Guests will be escorted to Graystone Hotel. Leave Graystone Hotel at 9:45 for Osceola High School building. 10:00 a. m. Opening exercises—Osceola High School Orchestra. Address of Welcome to Kissimmee—Mayor H. R. May. Response—R. J. Holly, Sanford. Music—Selection by Orchestra. Address of Welcome on behalf of Kissimmee Board of Trade—S. J. Triplett, president. Response—Chris Coddington, DeLand. Music—Selection by Orchestra. Address of Welcome on behalf of County Schools—Supt. W. J. Sears. Response—C. E. Woods, Eustis. Music—Selection by Orchestra. Address of Welcome on behalf of Press of Osceola County—G. E. Johnson, The Journal. Response—C. E. Howard, Orlando. Music—Selection by Orchestra. 11:30 a. m. Adjourn to Fraternity Hall. 12:00 p. m. R. M. Evans will preside at reception at High School. Business Session. Call to order by R. J. Holly. Appointment of committees. Report of committees. Election of officers. New business. Next place of meeting. Adjournment. 9:30 p. m. Auto ride visiting Kissimmee Country Club. 8:30 p. m.—Smoker at Fraternity Hall. Toasts for Smoker: J. M. Wilson, Jr., Toastmaster.

You are a welcome here to Kissimmee—Leads O'Brien. The difference between a suffragette and a suffering man—C. E. Woods. How I made a fortune running a newspaper—R. J. Holly. How I lost my thirty cents running a newspaper—W. F. Sears. Orlando, the city of six thousand souls, and Besse C. E. Howard. How me and Stetson made DeLand—Chris Coddington. How I keep my youth—J. C. Veatch.

A committee of five will look after visitors other than those who are present to participate in the formation of the Press Association.

Congregational Church. An unusual opportunity is offered the people of our city for a better appreciation of the Bible, in the coming of Dr. Frank T. Lee of Atlanta Seminary, who will begin his lectures next Sunday and continue through Friday evening following, he will also preach at the morning service next Sunday. Dr. Lee has been instrumental in popularizing the Bible for hundreds of people; and with his ripe and devoted scholarship, coupled with his wide experience, he comes as a great helper in the fuller and better understanding of the Scriptures. All are welcomed; come and bring your Bible, a note book and a friend. The evening meetings begin at 7:30. Prof. Maria's class and the Baraca class offer splendid opportunities to the men in Bible study; both of these classes in our Sunday school are doing good and practical work, and the men of Sanford who do not go elsewhere are cordially invited to become members of one of these classes. Will you thus help along the plan "Every Man in Sanford in Sunday school during April?" Special services on Easter day, April 12th. Further notices later.

New Water Wagon. Sanford is sporting a new water wagon and it bears the important inscription, "Sanford Board of Public Works" and seems to be the latest word in sprinkling carts. The new wagon is the latest thing in sprinkling carts and now is the chance for everybody in Sanford to get on the water wagon.

DEATH OF J. C. HIGGINS

Mr. J. C. Higgins, Superintendent of this division of the Atlantic Coast Line died this morning at his home on Oak avenue at 10:15 o'clock. All his children were present but he died when death came so sudden one daughter, Mrs. Stryker of Philadelphia, who is on her way here and is expected today.

Death was caused by heart trouble from which he has been ailing for several months and the end has been expected at any hour for several days past.

The deceased was born in Baltimore, Md., about 54 years ago and entered the service of the Baltimore & Ohio Railroad when a lad under Mr. J. R. Kenly, who at that time was with the B. & O. When Mr. Kenly, who is now president of the A. C. L. left the B. & O. to join the forces of the Coast Line he brought Mr. Higgins with him and the two have been in service together ever since. Mr. Higgins has been superintendent of this division for about eleven years, during which time he has made his home in Sanford.

He leaves a wife and eight children, three sons and five daughters to mourn his loss.

He was a man of generous impulses and never forgot the hospitable ways of the pioneer. The stranger, even though a beggar, never failed to find food and shelter if he sought it at his hands, and he was at home by the bedside of the sick and delighted in all kind and neighborly offices. He had borne adversity bravely and enjoyed prosperity quietly. He had filled the various relations of life as son, husband, father, brother friend and filled them well. Who can do more?

But he is gone! Another name is stricken from the ever lessening roll of our old settlers and a solitary woman in the sunset of life, and a lonely home are left to attest how sadly they will miss him. It must be so; these tender human ties cannot be severed without pain. Yet in such a death there is really no cause for grief. His life work was done, and well done.

"Tired! ah, yes! so tired dear, I shall soundly sleep tonight, With never a dream and never a fear, To wake in the morning light."

Funeral services will be held Sunday at 2:00 p. m. from the Catholic church of this city.

SANFORD THE CONVENTION CITY

Sanford is the convention city and many different orders will meet here during the spring and summer months.

All the merchants are requested to decorate in honor of the occasion and to do all they can to make the stay of the visitors in the city as pleasant as possible.

The members of the Eastern Star extend a cordial invitation to Masons and their wives to participate in the banquet to be held at the Robbins Nest on Monday night from 8 to 10 o'clock.

Robert Morris, the son of the founder of the Eastern Star will be present at the convention and all the members and the Masons are requested to meet him while here.

The Grand Officers will hold an informal reception for members and visitors of the Grand Chapter at the Robbins Nest.

Wednesday, April 8th, 1914, 10:00 a. m.

Opening of the Grand Chapter at 2:00 p. m.

Welcome by Mrs. Alice E. Robbins, First Grand Matron of the Grand Chapter of Florida.

Response by Mrs. Mary C. English, Associate Grand Matron.

Welcome behalf Seminole Chapter No. 2 by Mrs. Sarah E. Parker, Worthy Matron.

Response by Irving E. Webster, Associate Grand Patron.

Reception of Distinguished Guests. Presentation of Past Grand Matrons and Past Grand Patron.

Presentation of Grand Representatives. Welcome by Mrs. Sarah A. Harris, Grand Representative of Kentucky.

Response by Mrs. Mary E. Fowler, Grand Representative of Scotland.

Reading Minutes of Previous Sessions. Vocal Solo, "Say Yes," by Mrs. Eleanore J. Smith.

Worthy Matron Palatka Chapter No. 33. Announcement of Committees.

Address of Grand Matron. Address of Grand Patron.

Report of Grand Secretary. Report of Grand Chaplain.

Memorial Service. Vocal Solo, "Beautiful Isle of Somewhere," by Mrs. Emily Jeffries.

Worthy Matron Eureka Chapter No. 5. Report of Standing Committees.

Report of Fraternal Correspondent. Presentation of Charters to Newly Chartered Chapters.

Exposition of a Ritualistic Work by Grand Officers.

Addenda by Elstis Chapter No. 19. Thursday, April 9th, 1914.

9:30 a. m. Vocal Solo by Mrs. Emily Jeffries.

Report of Committees Continued. Report of Chairman of Masonic Home Fund, Mrs. Minnie L. Miller.

Keystone Chapter No. 12. Election of Officers. 2:00 p. m.

Unfinished Business. Miscellaneous Business. 3:00 p. m.

Installation of Grand Committees. Appointment of Standing Committees.

Reading Minutes. Closing Ceremonies. Delegates are requested to present their credentials to the Committee on Credentials.

Mrs. Sarah E. Parker, Mrs. Ada R. Fride, Mrs. Lillian R. Britton. Following are the grand officers:

Grand Officers 1913-1914. Grand Matron, Mrs. Annabelle Reed, Tampa.

Grand Patron, Dr. Joseph R. Sample, Haines City.

Associate Grand Matron, Mrs. Mary E. English, St. Petersburg.

Associate Grand Patron, Irving E. Webster, Gainesville.

Grand Secretary, Arthur H. Carter, Holly Hill.

Grand Treasurer, Mrs. Cora R. Franz, Jacksonville.

Grand Conductress, Mrs. Lula M. Scott, Ft. Meade.

Associate Grand Conductress, Mrs. Alice H. Haakel, Palatka.

Grand Chaplain, Mrs. Ida M. Ireland, Ft. Myers.

Grand Marshal, Mrs. Corrie W. Harris, Tampa.

Grand Organist, Mrs. Ella M. Brown, Green Cove Springs.

Grand Aides, Mrs. Marion T. Holt, Green Cove Springs.

Grand Fourth, Mrs. Sarah A. Harris, Quincy.

Grand Esther, Mrs. Minnie O. Speering, Jacksonville.

Grand Martha, Mrs. Katherine S. Smith, Daytona.

Grand Electa, Mrs. Emma A. Saunders, Gainesville.

Grand Warder, Mrs. Beatrice Gumbler, Miami.

Grand Sentinel, Claude E. Conroy, Ocala.

Fraternal Correspondent, Mrs. Sam M. Wiggins, Egmont.

The Cost of Living wasn't so high in the days when people thought more of paying their debts than they did of keeping up appearances.

Good clothes make a difference in man. If you stripped 10,000 men and turned them loose in a pound you would have an awful time selling the through-breds from the curbstone kind.

Williams' Indian-Flie Ointment will cure Blind Bleeding and Itching Piles. It absorbs the tomorrow aches itching at once, acts as a poultice, gives instant relief.

Williams' Indian-Flie Ointment is prepared for Piles and Relief of the private parts. Sold only by Wm. G. Atledge, Drug St. M. 4159c and \$1.00? Williams-Mrs. Co., Props., Cleveland, Ohio.

COUNTY HAPPENINGS

A BUNCH OF INTERESTING ITEMS FROM CORRESPONDENTS—EVENTS OF SEMINOLE COUNTY—EFFICIENT REPORTERS COVER TERRITORY FOR HERALD

GENEVA ITEMS

Miss Lydia Geiger is visiting her sister in Pierson, Florida.

Mrs. A. H. Spier and children have returned home after a few weeks pleasant visit in St. Petersburg.

Mr. and Mrs. Billy Jones and daughter of Augusta, Ga., are visiting the former's brother at this place.

Mrs. Wicks, Mrs. Speer and A. B. Doane returned Monday from Apopka where they were sent as messengers to the fifth Sunday meeting.

Mrs. G. A. Nicholson entertained several friends at dinner last Wednesday.

Mrs. Fay Pain and children left last Tuesday for their former home in Iowa to join Mr. Pain, who returned some weeks ago. The management of this splendid family home to soon welcome them again as residents of Geneva.

Young Newell Tarbel celebrated his birthday by giving a party to several of his playmates. Quite a happy afternoon was spent by all.

On Thursday afternoon, April 9th, at 3 o'clock at the Baptist church there will be held a roll call of the church, followed by the election of officers and committees for the ensuing year. Supper will be served on the grounds, followed by a song service early in the evening and preaching by the pastor at 7:30. Everybody is cordially invited to all these services.

DAMES AND DAUGHTERS.

Mrs. Sarah Todd, sister-in-law of Mrs. Abraham Lincoln, of Portland, Ore., is 103.

The Duchess of Portland has been appointed mistress of robes by Queen Mary of England.

Thirteen-year-old Alice McCandless, a prominent school girl, is a wireless operator licensed by the government.

Mrs. Eliza W. Fletcher has served twenty-seven years as a police matron in the Philadelphia police department.

The Hannah Greensides of New York on her fifty-ninth birthday calculated that she had slept 25,000 hours of her life away.

Mrs. Marie N. Buckman, secretary in the United States of the Egypt Exploration fund, is regarded as the first woman Egyptianologist of America.

Miss Margaret E. Knight, who is now seventy-six years of age, is working twenty hours a day on her eighty-ninth invention. Her first invention was a covered shuttle, which is in daily use in nearly all the cotton mills of the country.

British Briefs.

London has a fireboat which throws a ton and a half of water each minute. About 190 persons in the United Kingdom have a yearly income of more than £50,000 a year.

Although marriage with a deceased wife's sister was rendered legal by the deceased wife's sister act 1907, the marriage of a woman with her deceased husband's brother is still illegal.

Upward of 600 tons of coal fall annually on each square mile of the city of London—that is to say, during one year 30,000 tons fall on the 117 square miles which form the administrative county.

Fashion Frills.

If the tailors wish to do something unusual, why do they not give the men antickerbockers and thus start a fashion worth while?—Chicago News.

Comies pose the fur ankle as a "necessity" of the slit skirt, the slit skirt being a necessity of the tight skirt and the tight skirt being perhaps the necessity that knows no law.—New York Sun.

It was inevitable. It has been discovered in Paris that stockings are an embarrassment in the modern female apparel. A Tallit bag soon will be in the extreme of Parisian fashion.—Chicago Tribune.

The Writers.

Marie Corelli has taken to writing moving picture plays.

M. Anatole France, at the age of seventy-two, has returned to Paris to resume his literary labors and is about to write in a new vein—stories for young persons.

Theodore Watts-Dunton, poet, essayist, author of many books and noted for his contributions to the Encyclopedia Britannica, is working away almost as hard as ever, though he is now eighty-one years old. At present he is engaged on a volume of collected essays.

Hurt Fishermen's Business. A strange story comes from Fromignan, Herault, France. Recently 700 gallons of confiscated wine were thrown into a canal there by the customs officers. But the wine had the effect of intoxicating the fish, which swim on the top of the water and can be picked out by hand. The housewives refuse to buy fish when they can get them for themselves, and the fishermen in the district have united to protest against the action of the customs officers.

MOORE'S STATION

E. M. Penton left Tuesday for his home in Battle Creek, Mich., after remaining here during the winter and expects to return next fall and bring his wife and family.

Irving Estridge was a visitor here over Sunday enroute from Palmetto to South Carolina, where he has a position. Mrs. Estridge is with her parents and a son was born to them last week. Irving is very proud to be papa.

Several of Mr. and Mrs. Joe Cameron's children have the mumps.

In a recent letter from Mrs. Duke who formerly resided in Cameron City, and is now with her people in Fowles town, Georgia, she stated that Mr. Duke disappeared on the 8th of last December from his position which he was filling and has not been heard from since.

The Warren family have moved from the Dr. Bass house to Beck Hammick into the Lee house.

Florida Gardens Co. are shipping several cars of celery and cabbage this week—some of the finest cabbage ever raised here.

Mrs. B. A. Howard is driving a fine new Ford auto, the gift of her mother, Mrs. Mary Symes.

J. F. McClelland invested in a lot near Thirtieth street on Park avenue at the Holden lot sale Tuesday.

Seminole Farms have been shipping several cars of very nice lettuce recently. R. L. Grier of Cameron City has also been shipping some more fine lettuce.

Stolen Hair Means Death. In many parts of the modern world the belief in witchcraft still gets hold of hair, nail parings and so forth from an enemy's head and hands, and burns, buries or does something else with them in order to entail unpleasant consequences upon that enemy.

And universal folklore reveals the concern of savages to dispose of their own hair and nail clippings to prevent an enemy from getting at them. Australian native girls who have had a lock of hair stolen from them expect speedy death as a certainty.

To Identify the Corpse. In the blanks which life insurance companies provide their medical examiners for use in recording the data of the examination of the applicant for insurance, they provide a space for personal marks which may be used to identify the insured after death.

A western company recently received a report from an examining physician with the following in the identification blank: "He has a strong Cornish accent."—Lippincott's.

Fate of Eight Bridesmaids. Three times a bridesmaid never a bride, runs the old matrimonial warning, but seemingly there is danger in being a bridesmaid once, judging from the remarkable confession made by a prominent society woman recently.

At her wedding there were eight bridesmaids, all of whom have since married, but not one of whom is now living with her husband.

Why Do We Want Freedom? What do we want freedom for? That we may have the best that life can give us, unshackled by tyrannies of custom, fashion or prejudice. And how can we lead a right life unless we learn its laws and render them faithful obedience? Profoundly wise is the prayer which addresses God as the "whose service is perfect freedom."

Refuses to Build a Chaos. When we try to imagine a chaos we fail. Let it be as formless as we please, our creation will stand on its base; its left will balance its right; it will float like a ship, drift as a cloud, or swirl as desert sands. In its very fiber the mind is an order and refuses to build a chaos.

Scientific Discovery. A VEGETABLE ELEMENT THAT IS RAPIDLY DOING AWAY WITH THE USE OF CALOMEL.

R. C. Bowers, druggist, is one of the first progressive concerns to offer for sale the new system of medicine that is fast supplanting the use of old fashioned calomel as a liver medicine.

Nearly every one knows how easily the liver becomes sluggish in this climate and how this sluggishness effects not only all the other physical organs but the mind as well.

The signal towers of this dread condition, which some call malaria are coated tongue, lack of energy, dull eyes, constipation, hollow complexion.

Taken with regularity this proven scientific liquid vegetable medicine in the form of Caraway's Liver-Aid will prevent or promptly relieve all liver troubles.

On sale under money guarantee by R. C. Bowers, druggist.

Ford THE UNIVERSAL CAR. "My kingdom for a horse", proffered a defeated monarch. But the modern man gets an infinitely better means of transportation—at lowest cost—when he buys a sturdy Ford. The economical Ford has made the horse an extravagance at any price. Five hundred dollars is the price of the Ford run about; the touring car is five fifty; the town car seven fifty—f. o. b. Detroit, complete with equipment. Get catalog and particulars from Edward Higgins, Sanford Machine and Garage Company.

The Best Eye Glass Service. Obtainable is what you get when you come to us. We examine your eyes, write the prescription and make the glasses all for one charge—a reasonable one. DR. M. SCHWAB'S SON, No. 6 HOGAN STREET, JACKSONVILLE, FLORIDA, 25 Years in Jacksonville.

Best and Cheapest That's What the Growers Say About Ideal Fertilizers. Proof. In 1893 our total output was less than 3,000 tons. During the year of 1913 the Growers used 50,000 tons of Ideal Fertilizers. WHY? Write us for prices and for a Free Book about your crop. Wilson & Toomer Fertilizer Company, Jacksonville, Florida, R. C. MAXWELL, MGR. SANFORD BRANCH.

SEEDS! SEEDS! SEEDS! Potatoes, Beans, Tomatoes, Cucumbers, Melons, Etc. Burt or 90-day Seed Oats, Selected Seed Corn, Cow or Field Peas, Velvet Beans, Chufas, Beans, Sorghum, Millet. Write for our illustrated Catalogue. The Oldest and Largest Seed House in Florida. DARBY & MARTIN, 206 East B. Y. St., Jacksonville, Fla.

J. P. HUTTO ALL KINDS OF REAL ESTATE. Bonding, Insurance, Fire, Life and Accident, Representing the Best Old Line Companies. G. & W. Block, Room 8.

ROBBINS NEST HOTEL. RATES \$2.00 AND \$3.00 PER DAY. PRIVATE BATHS—ELECTRIC LIGHTED—GAS. THE ONLY FIRST CLASS HOTEL IN SANFORD. A. ROBBINS, Proprietor.

"Snow" The Snow English Model is a splendid walking shoe. At the price, you can't get within yards of so up-to-the-minute durable a shoe. It may look too narrow for comfort. But there's where the skill of the shoe designers comes in. They can make shoes look right outside as well as feel right inside. Glad to show it to you—and many other styles at prices from \$3.50 to \$5.00. If you don't know shoes it's time you did. D. A. CALDWELL & SONS, Sanford, Florida.

CONGREGATIONAL CHURCH, SANFORD, FLORIDA

**HUNTED 20 YEARS, IS CAUGHT.**

**Moonslayer, Awaking From Sleep, Stares Into Pistol.**  
 Waldron, Ark.—John Dale, who for twenty years has defied revenue officers in the western counties of Arkansas, was found asleep in the woods near here and arrested by a United States marshal's posse on charges of operating an illicit still.  
 Dale lay asleep on his side at the foot of a tree. Awakened to find six guns pointed at him, he showed fight but was soon overpowered.  
 Dale's cache still and 200 gallons of liquor were confiscated and the operator put in jail. His whisky making device was of the portable kind generally known as a wildcat still. As early as 1894 attempts were made to corner Dale and scores of government officers, after trailing him for months in isolated regions of Scott and Polk counties, abandoned the chase.

**Rather Curious.**  
 The frog, owing to its peculiar structure, cannot breathe with the mouth open, and if it were forcibly kept open the animal would die of suffocation.

**Wash Day.**  
 Rub a dab dab  
 Dolly's clothes in the tub  
 I will wash them so clean and so sweet  
 While Dolly's in bed  
 With a pain in her head  
 And a hot water bag at her feet  
 I know she'll be glad  
 She knows if I could  
 I'd soon have them out and dry  
 I'll work with a will  
 If she will let me  
 And not worry me with a cry  
 I really should take  
 Time enough to make  
 Some pretty new clothes for the child  
 It's really a shame  
 I'm afraid I'm too busy  
 And she's really so sweet and so mild  
 So how my poor dear  
 She'll be quite clear  
 I'll do my best to wash you some clothes  
 With the wash, on the line  
 I'll wash you, see you  
 I'll wash you, see you

**Back to the Bicycle**

There is not and never was a better outdoor exercise than the bicycle. The bicycle is a boon to mankind. Let the cry, "Back to the Bicycle", be sounded throughout the land.  
 We carry all the leading standard makes—Columbia, Rambler, Racer, Iver, Johnson, Ardmore Arch, Speedwell, Hartford, Ideal, Aviator, and Harvard. We sell them on easy payments.  
 We carry a complete line of bicycle sundries and can supply you with everything for the bicycle. We are agents for Pope Motorcycles—let us demonstrate them to you. We carry motorcycle supplies such as plugs, gries, inner tubes, pedals, oils, lamps, Prest-O-Lite tanks, graphite, chains, repair links, spokes and nipples, horns and bells. See us and get our prices—we guarantee satisfaction.  
**Sanford Cycle Co., 108 Magnolia Ave.**

**OVERWORKING THE HEN.**

Hens, where system is used, are as much harnessed as a horse and may be driven to death or rendered unfit for future profit, or their energy may be so conserved that a good profit on the investment may be returned. Many drive their hens too hard in winter.

To get eggs in quantity they feed much rich, forcing food to stimulate the ovary, and thus digestive system and egg machinery are both overtaxed. To get eggs many feed red pepper, fenugreek, mustard or patented egg dops. These may, in a few weeks ahead of the regular season, but cause injury to the digestive system, often kill the hen or burn out her egg machinery so she never lays again. It does seem cowardly to sneak dope into an unsuspecting hen's food. It often causes suffering and certainly is unnecessary where hens are of good stock, the proper age and properly cared for. People should be satisfied with a fair return on the investment, but high egg prices influence some to thus drive their hens too fast. This is why breeding stock is often good in the spring. They have been worked to death all winter, and what eggs they lay are generally small, infertile or hatch weak chicks.

What a pity that in these times of high food costs it is impossible to eat, high and amperes, which seem to be the only things on the market that like to associate with people of moderate means.

Perhaps something by women might be reduced if the newspapers in New York would refuse to publish photographs of the sunburners and stop describing them as being prominent in society.

When the prime minister of Bavaria says that the growth of armament burdens in Germany must stop it means something for Bavaria. Not only the second state of the empire, but also the only one that controls her own forces independently of the war lord.

**The KITCHEN CABINET**

**A CLEVER IDEA**

Cunning Way to Use Irish Lace Collars on Lingerie.  
 "What a perfectly dainty gown!" cried a girl ecstatically as she bent over a trossel in the making. "I knew you'd rise over that yoke, Bess," the pleased owner commented.  
 "But where did you get it? I didn't know that they sold yokes like that for nightdresses. Add it's real Irish too!"  
 "That's the best part of it," laughed the pretty owner complacently. "I didn't buy it, and I've two more gowns with Irish yokes handsomer than that one. That is," she went on, feeling obliged to modify the buying statement, "they weren't bought for the gowns. You see, Bess, they're just every day Irish linens—and here they both littered dollars. I had three that I really didn't need for neckwear, and another suggested that I make yokes of them. They're just the right size for yokes, and one couldn't ask for a finer gown than one of soft muslin dotted with numerous clusters of tiny blue ticks under a light blue floral yoke and tucked across the back, finished off with a Valenciennes insertion. Try it and see. The collar curve beautifully over the front of the gown and just come to the shoulder seams."

**CHERRY TIME.**

The cherry pie has been, is and always will be, the sine qua non of excellence. The luscious, juicy fruit stands second to none for delicious eating. To really know and enjoy full beauty of the fruit, one must ride under and pick the fruit from the beautiful trees in southern Idaho, where the meaty fruit grows so large and abundantly. The old trees are as large as an ordinary shade tree and carry tons of cherries.  
 Spiced cherries are a delicacy which adds to any table. The proportions are the same as those used for curants, seven pounds of fruit to five pounds of sugar, three tablespoons each of cinnamon and cloves tied in a bag and cooked in a pint of vinegar. Cook all together an hour and a half very slowly.  
 If you fail to get cherries to can, don't miss buying a few boxes of the large, dark western cherries for cherry olives. It is a most appetizing relish for meats.  
 Pit the cherries and just cover with vinegar, and let stand over night, drain off the vinegar and add an equal weight of the cherries in sugar. Stir until dissolved, and set away in a covered jar for winter use. The vinegar may, with the addition of sugar, make a good shrub for a hot weather drink.  
 A method of canning which is very successful is that of putting the pitted fruit into a large bowl, add an equal bulk of sugar, measure for measure, stir, and keep in the ice chest for twenty-four hours, then place in sterilized cans, seal tight and place on the cold cellar floor or keep in the back part of the ice chest if there is room. The secret of keeping fruit this way is having the temperature invariably cold. Cherries canned in this way are fresh fruit and if thoroughly mixed with the sugar, keep without fermentation. Strawberries, currants and raspberries, in fact all fruits that can be crushed and saturated with sugar, keep equally well.  
 A cherry pie made from such fruit cannot be told from the freshly-picked fruit.

**Nellie Maxwell.**

**The Lazy Man's Garden.**  
 It may be said that straggery is the lazy man's garden. Once planted about your home in cool spring, rather, it stands its own sturdy ground, calling neither for hoe nor backache. It defies frost and blossoms perennially, independent of your watchful care.

**Government is a Necessity.**

"Government is a necessity, and not a luxury, and no government has the right to take from the taxpayer one cent more than is absolutely necessary to conduct the business of government effectively and economically."  
 —Thomas R. Marshall.

**Robins Given Room in Church.**

In the pulpit at Colinton parish church (Middlethian) a robin's nest was found the other day. The nest was removed to the church room nearby, where the birds will be permitted to remain and rear their family.

**YOU'LL LIKE THEM.**

**When In Search of a New Sweet Try Banana Tibbits.**  
 Here is a novel idea for a sweet dish: Peel and split a banana, lay both halves together on a large plate, says Taste Talk. On the top of the banana put a layer of vanilla ice cream, and over this put a little grated or crushed pineapple, a few chopped almonds or nuts, and lastly one table-

CORNETS A LA CREME DELICIOUS SWEET TREAT

spoonful of whipped and sweetened cream on top and finish with a cherry placed in the center of the cream.  
 Now for a delicious sweet tibble: Roll out some pastry very thin into a length about sixteen inches, cut the tibble into one inch wide, wet slope one edge of each, butter some corner molds on the outside and wrap round the pastry, allowing the wetted side to wrap over each fold; brush over the top with a little beaten egg, take in a hot oven for twelve minutes, and then allow to get quite cold. Beat up one cupful of cream, add one table-spoonful of sugar and one table-spoonful of vanilla extract and with this fill all ends of the cases. Decorate with small pieces of angelica.

**A CLEVER IDEA**

Cunning Way to Use Irish Lace Collars on Lingerie.  
 "What a perfectly dainty gown!" cried a girl ecstatically as she bent over a trossel in the making. "I knew you'd rise over that yoke, Bess," the pleased owner commented.  
 "But where did you get it? I didn't know that they sold yokes like that for nightdresses. Add it's real Irish too!"  
 "That's the best part of it," laughed the pretty owner complacently. "I didn't buy it, and I've two more gowns with Irish yokes handsomer than that one. That is," she went on, feeling obliged to modify the buying statement, "they weren't bought for the gowns. You see, Bess, they're just every day Irish linens—and here they both littered dollars. I had three that I really didn't need for neckwear, and another suggested that I make yokes of them. They're just the right size for yokes, and one couldn't ask for a finer gown than one of soft muslin dotted with numerous clusters of tiny blue ticks under a light blue floral yoke and tucked across the back, finished off with a Valenciennes insertion. Try it and see. The collar curve beautifully over the front of the gown and just come to the shoulder seams."

**For the Linen Closet.**

The housewife, whether she be a novice returning from her honeymoon to the new home or the housekeeper of many years, will be delighted with a box of lavender flowers. Our grandmothers many many years ago discovered the potency of the lavender flowers and scattered them among the snowy linen. The slight but delicate fragrance that was imparted to the sheets and pillowcases was most refreshing and pleasing to the weary sojourner when he or she sought the bed. No adequate substitute for the lavender flowers has ever been found, and the demand for them is quite as strong today as in previous years. A fresh supply is just now adding to the attractions of the toilet, and the bags at 25 cents are selling many purchasers.

**Use Ink Magazine Covers.**

Many of the pretty plots which now come with newspapers and as covers on magazines can be made to look like oil paintings by being treated in the following manner:  
 Mix together one ounce of Canada balsam and two ounces of spirits of turpentine. The print or drawing must first be sized with a solution of gelatin in ice water. When this is dry take a camel's hair brush and apply the composition and the result will be astonishing.

**Bleaching Feathers.**

Plunge the feathers in ammonia, rinse in second dish of ammonia and dry in the open air. Place in a closed box and expose to the strong fumes of sulphur. The box must be air tight or the bleaching will not be successful.

**Dull Scissors.**

When scissors become dull put a pin between the blades and rub it up and down, working the blades as in cutting. This will put a new edge on the scissors and takes but a moment's time.

**Pecan Culture Means Ready Money for Farmers**

Every farmer should have at least a few pecan trees. While coming into maturity, the trees will not interfere with other crops. They will begin to bear in five to seven years from planting and if properly grown will produce 25 to 30 pounds a tree by the tenth year. The big pecan orchards may or may not prove profitable—much depends upon the management. There always will be a good market for pecan nuts, however, and the farmer who grows the trees along with other crops will find them a fine investment—a dependable source of ready money year in and year out.

**Griffings' 1914 Tree Book**

This work shows how pecans may be made profitable—gives instructions as to planting, care and culture. It shows the original Big Z pecan tree and describes this grand new variety. Griffings have introduced several splendid pecans but in many respects Big Z is the best yet. Every farmer should plant it.

Other nuts that farmers should grow more generally have special attention in this book. It covers fully all the fruits that are adapted to the South, also shrubs, trees and plants for decorative purposes. The book is a complete planting guide—write today for a copy. Nurseries at ten convenient Gulf Coast points. Address

**Jacksonville Women Restored By Wonderful Stomach Remedy**

Mrs. Mary Ford Finds Quick Relief From Biliousness and Digestive Ills

Mrs. Mary Ford, 1516 W. Church St., Jacksonville, Fla., suffered from biliousness and stomach troubles. She tried many treatments with no success. Then she took Mayr's Wonderful Stomach Remedy. The first dose convinced her. She wrote:  
 "I have taken the sample treatment and must say it relieved me instantly. The results were more than satisfactory. It caused me to pass away a great amount of bile and about fifteen gall stones. I sincerely appreciate it. Please send me the full treatment."  
 Just like thousands of others in all parts of the country, Mrs. Ford found out the merits of Mayr's Wonderful Stomach Remedy from the very first dose. Mayr's Wonderful Stomach Remedy clears the digestive tract of mucoid accretions and removes poisonous matter. It brings quick relief to sufferers from ailments of the stomach, liver and bowels. Many declare it has saved them from dangerous operations and many are sure that it has saved their lives. Because of its wonderful success there are many imitations of this remedy, so be cautious. Be sure it's Mayr's. Go to L. R. Phillips & Co.'s drug store and ask about the wonderful results it has been accomplishing—or send to Geo. H. Mayr, M.D., Chemist, 154-156 Whiting St., Chicago, Ill., for free book on stomach ailments and many grateful letters from people who have been restored. Any druggist can tell you its wonderful effects.

THE SANFORD HERALD

Published Every Tuesday and Friday Mornings by THE HERALD PRINTING COMPANY

R. J. HOLLY, Editor W. W. HAYNES, Business Manager

Subscription Price, \$2.00 a Year in Advance

Delivered in the City by carrier \$2.00 per year in advance or 20c per month. Payments in advance must be made at office.

Entered as second-class mail matter August 22nd 1908, at the Postoffice at Sanford, Florida, under Act of March 3rd, 1879.

Office in Herald Building Telephone No. 148

There is only one Fort Myers and 90,000,000 people are going to find it out, said Thomas Edison the other day to the Fort Myers Press.

Yes, indeed, Tom. There will be that many at least in attendance at the Florida Press Association.

With Editor McCrary of Gainesville and Editor Russell of Palatka in the Senate, Editor Reese of Orlando and Editor Woods of Eustis in the House, editorial fraternity will be well represented. Wonder why Seminole county don't send Rob Holly to Tallahassee, too?—DeLand News.

The newswires are getting the legislative fever. Added to the list there is Clarence Woods of the Eustis Lake Region and Joe Reese of the Orlando Sentinel. Confess now, Bob Holly of the Sanford Herald, you can easily beat any other Sanford candidate. Join the happy throng.—Orlando Citizen.

If that location of the postoffice does not suit the people of Sanford The Herald will explain that it was only an April joke and we have no more idea of where the postoffice will be located than the rest of the population of Sanford. But the joke took very strong and many a good citizen cursed loud and strong upon reading Tuesday's Herald.

One Hundred Cars of Vegetables this week from Sanford and this is the first of the season and yet there are some people who attempt to discredit the possibilities of the grower at Sanford. Over Two Thousand Cars of Vegetables will be shipped from here before the season is over and anyone who is good at arithmetic can learn how much money really exists in the pockets of the Sanford growers this season.

The State Jacksonville's new weekly is out and it is a good one, being in magazine form and full of good matter embellished by some of Taylor's cartoons. Bryan Mack, that good little Irish wit who formerly turned the Washington hand press for Frank Mayes on the Pensacola Journal is attending to the editorial department and Arthur Taylor will use the brush and attend to the business details. The State is bound to climb into the front ranks of Florida Journalism at once and we welcome the new baby to the ranks of the Florida weekly newspapers and magazines.

THE KISSIMMEE SPIRIT. Several weeks ago the editor of The Herald agitated the question of a local press club for a general getting together of the newspaper men and job printers of the counties of Osceola, Orange, Lake, Seminole and Volusia. The idea was that a similar press club meeting several times during the year would promote a better feeling and lend to the credit of the craft in many ways. This idea has been tried in other states and it is to be hoped county press association in our own state recently organized that is working wonders for the members in better news and better printing and the five counties contemplated are close enough together to have these meetings at no great expense to the members for mileage and hotel bills.

The newspaper men have signified their willingness to attend the meetings and immediately after the subject was broached Editor Triplett wired The Herald that Kissimmee would entertain the editors at the first meeting. We expected to go to Kissimmee, organize, eat lunch and get back home on the afternoon train but we did not reckon on the big hearted people of Kissimmee or their real live board of trade. These boosters down there are so tickled at having the members of the Fourth Estate with them one day that they have arranged a program as large as the Florida Press Association and if any of us get back here by Sunday we will be lucky. They intend to shut up the schools, close the stores, open the jails and the sanitariums, put on extra police and show the Lake Region Press Club the time of their young lives and they have arranged a program of music, speeches, lunches, auto trips and a smoker that will take up a day and part of the night.

Kissimmee is certainly some town and we will be there if we have to stay a week.

WANTED—A CITY MANAGER. In the past, the business of DeLand as a corporation has been run in an effort to save too much money—in two cheap a plan. We have elected business or professional men as members of the city council and have expected them to give too much of their time to

the routine duties of the office.

It is not just to ask or expect a business man, whose livelihood is dependent upon his own efforts—to give his time to the thousands of little but at the same time important details of the office.

When council is elected on May 7 next, it should at once organize, and, then, within a month, select a capable man to take charge of city affairs, at a salary commensurate with the duties and responsibilities of the office. DeLand's last budget provided for the expenditure of \$30,000—with no salaried man to guard the expenditure of this considerable amount of money. Council should employ a man, at a salary of \$125 a month, who should devote his entire time to the city, to look after the details of the expenditure of this money, to whom all complaints should be made. A competent man in this position could save the city at least \$5,000 a year.

Council could then meet at least once a month, go over the acts of the past month, and provide for the acts and expenditures of the ensuing month.

Such a plan would relieve members of the council of many of the petty details of the office, would put the work on a man paid to attend to it, and would make the office of councilman an honorable and pleasant position to fill.

The town of DeLand has reached that position where she does not expect a member of her council to personally inspect and remedy a rotten board in a city building; a hole in the pavement of West New York avenue, a mistake of 7 cents in a water bill, or some neighbor's back yard.—DeLand News.

EARNING POWER OF MONEY

The way to material success in life is simple. The man who sets a straight course and refuses to deviate from it, who lives on less than he makes, thus constantly amassing a surplus, and who invests that surplus wisely and conservatively, is bound to build up a comfortable fortune to retire on when his business days are over.—S. W. Stevens.

At four per cent semi-annually compounded interest, any sum will double itself in approximately seventeen and a half years. In other words, when your son is born suppose you put \$1,000 in a savings bank and just let it alone there. Forget it, if you wish, until your boy is ready to go to college. Then by the time he is eighteen years of age and ready to matriculate as a freshman, there is not just \$1,000 but \$2,000, waiting for him in the bank—enough to pay his way through the whole four years course. Or, if he does not want to go to college, the \$2,000 would give him a good start in business or on a farm. In any case, he would be started to start on a successful career in life.

Of course, you might decide you would get more benefit out of the thousand dollars by using it to buy an automobile or piano now. Perhaps, you might come to the conclusion that a summer trip to Europe would pay good dividends in health and happiness (and result in great working efficiency).

That would be all right if you felt reasonably sure that the probability of a larger income later on was strong enough to warrant your counting on it to provide for the future requirements of yourself and your family.

It is for you to decide whether or not you can afford to give up the earning power of money for a long time to enjoy its purchasing power for a short time.

Probably the wisest plan is to choose some of both.

Adopt some plan today that will enable you to get a certain percentage of your income.

If you have only a small or moderate amount of money saved the wisest thing for you to do is to put it into a strong bank to draw interest and work for you while you continue to work for yourself.

Avoid speculation and beware of get-rich-quick schemes.

The certainty of a moderate but sure income is infinitely better than the possibility of greater returns with the probability of loss of your entire principal.

Many misguided persons, by trying to get rich with their hard earned money, get it into wildcat schemes of one kind or another. They will live to regret it.

Many such foolish ones, closing their bank accounts now to use the money in hope of getting rich quickly, when hard times come along will wander the streets without work and without resources.

RURAL CREDITS

The average term of farm mortgages in Illinois is about 4 1/2 years and the average interest rate is 5.3 per cent with such a rate of interest it is hard to see the justice in the charge of 1.3 per cent for renewal every 4 1/2 years.

Representative Moses of Indiana has a national farm land bank bill before Congress which is designed to remedy just such conditions. (Abstract of bill is given). The plan proposed in this bill seems to be an eminently sensible one, and would do much to induce farmers to undertake the extra expense incident to raising improved stock and crops.—The Prairie Farmer.

Now for Victory at Washington. There is a growing sentiment in favor of the Farmland bank bill now pending in Congress. The president of the Orange Judd Company has submitted a list of important measures to perfect the bill. Don't let the enemies of the people defeat the bill. Its enactment will be another great step in the coming of the

new epoch in agriculture. The text of this bill has been read and studied by a greater number, probably, of farmers and others than ever before read a pending bill.—Northwest Farmstead.

Farmers Should Unite

Hearings on the national Farmland banks bill are being held in Washington. Every legal voter who favors this great reform should sign the petition appended. Certain interests that have long preyed on the farmer will defeat the measure, if possible. The commission is also formulating a report on short term credits. Farmers may soon witness the successful fruition of their great battle for justice in farm finance.—Northwest Farmstead.

The Farm Loan Bill

There is a good chance of the passage of the farm credit bill reported to be approved by the president (Abstract of bill given). It is plain that if such a bill is passed and the banks prove able to carry out the plans, there will be a great boom in farm operations. It is generally conceded that the great handicap of owners of good farms is lack of capital to make needed improvements, which would increase the farm's productivity. The plan would also encourage young men to become owners of farms.—American Cultivator.

Farmers Expect Legislation

Farmers of European countries enjoy much better credit facilities than the farmers of the U. S. In our financial legislation the farmer has either been forgotten or discriminated against. It is because of this that President Wilson and the Democratic leaders are so anxious to have a rural credit law enacted. They are well aware that if it is not done the farmers will blame the administration very severely, as they realize how they have been discriminated against in the currency law.—Arkansian Farmer and Farmer's Call.

Machine That Blows Bottles

A glass bottle blowing machine invented in Germany has a speed of 2,000 bottles an hour, equal to the work of 250 expert glass blowers.

Search That Never Ends

Ignorance may find a truth on its doorstep that erudition vainly seeks in the stars.

Last Known Survivor of Tribe

Andrew Harrison of New Britain, Conn., is the last known survivor of the Mohican tribe of Indians.

University Founded in 1582

The University of Edinburgh was founded in 1583 by a charter granted by King James VI. of Scotland.

Their Weakness

Some men are great successes in making money, but terrible failures in selecting ways to spend it.

LOOK OUT FOR THE CARS

DO YOU know of anyone who is old enough to read, who has not seen that sign at a railroad crossing?

If everyone has seen it at some time or other, then why doesn't the railroad let the sign go away? Why does the railroad company continue to keep those signs at every crossing?

Maybe you think, Mr. Merchant, "Most everybody knows my store, I don't have to advertise."

Your store and your goods need more advertising than the railroads need to warn people to "Look Out for the Cars."

Nothing is ever completed in the advertising world.

The Department Stores are a very good example—they are continually advertising—and they are continually doing a good business.

If it pays to run a few ads round about Christmas time, it certainly will pay you to run advertisements about all the time.

It's just business, that's all, to ADVERTISE in THIS PAPER

Real Estate Blanks for sale. Warranty Deeds, long and short form, Quit Claim Deeds, long and short form, Real Estate Mortgage, long and short form, Chattel Mortgage, Lease, Bill of Sale and Land Contracts. All new and up-to-date blanks can be had at the Herald office.

Cashier

LOOKING NORTH FROM HIGH SCHOOL BUILDING, SANFORD, FLORIDA

SANFORD NOVELTY WORKS While our complete equipment has not yet arrived we believe we have enough in operation to warrant us in making our announcement to the public. With due regard to the fact that Sanford has had several wood working concerns die on her hands, largely for want of local encouragement we are confident that a properly conducted shop will receive enough patronage to warrant its establishment. We are not installing the "largest and most up-to-date" plant in the state, believing it to be wiser to start on a smaller scale and add to our facilities as our business grows. In addition to, or rather in connection with, our shop work, we are entering the field also as contractors and builders and we are prepared to handle anything in the building line from an alley fence to the very finest residence. And now a word as to the personnel of our firm may not be out of place. Mr. Collier, who has been in Sanford for several years and to a large number of the people needs no introduction. During that time he has gained an enviable reputation as a thorough mechanic, and his class of work has become the recognized standard for strictly high grade work. Twenty-five years' experience in the various branches of wood-working industries and construction work has amply qualified him to hold up his end of the partnership.

PRICE & COLLER Mr. Collier, while not as well known locally, comes very highly recommended from his former home in New York, where he has been engaged in mill work and building for many years. We solicit your patronage strictly as a business proposition. There is a demand for this line of work and we know that we can deliver the goods at the right price. In every business there are certain articles which cannot be produced locally as cheaply as elsewhere. In such cases we will tell you so frankly and advise as to where to secure the same. We ask no charity and make no plea for your business on the score of supporting a local institution. We believe that every business should stand on its own merit and simply ask an opportunity to demonstrate that we are amply able to meet competition in both quantity and quality of work produced at current rates. We promise a square deal to all—employer, employee and competitor, and will maintain the same high standard of excellence as a firm that we have attained as individuals. The Price-Coller standard is the standard by which all Sanford work will be judged. Write us. Phone us. Call on us. Your inquiries however made will receive prompt attention. Office and Works at Carter's Lumber Yard. Phone 261. P. O. Box 785

CONTRACTORS AND BUILDERS

IN-AND ABOUT THE CITY

Little Happenings—Mention of Matters in Brief

PERSONAL ITEMS OF INTEREST

Summary of The Floating Small Talks Recently Arranged for Hurdled Herald Readers

Mr. and Mrs. W. R. Davis and family left yesterday for Rocky Mount, North Carolina to spend a few weeks.

Crop of clean, fat hens at Laffer's. 64-2t

Fresh yeast cakes and popcorn at Mrs. A. Simon's. 65-1t

Messrs. Thrasbar, Lake and Holly will attend a meeting of the directors of the Lake Monroe Conference Association at Enterprise today.

These broom holders, call and get one. No charge. At Laffer's. 64-2c

Woodland Park will be open every Sunday. Boats leave Sanford 2:00 and 2:30. 65-1t

Mr. C. E. Tyler, father of Mr. Tyler who suffered a stroke of paralysis some time ago, is reported as improving very fast.

Eggs—More country eggs at Laffer's. 64-2c

Fresh Salt Water and Fresh Water Fish. Fresh shrimp and oysters daily. Seminole Fish Market, phone 1. 65-9c

Tilden Jacobs and W. C. Jacobs of Chuluota was in the city on Wednesday. Tilden Jacobs has recently been appointed postmaster at Chuluota.

The home boiled ham is still on tap at Laffer's. 64-2c

Hats! All styles and shapes. The finest display that can be found. I can suit you. Let me show you. Mrs. Grace E. Williams, 106 First St. 64-1c

I have a first class painter and sign writer. We can do your harness repairing and auto top work now. 11-1t W. H. UNDERWOOD

Thomas Emmott Wilson has purchased a fine new Studebaker car and Thomas K. Bates has purchased a new model Buick. Seems to be a good month for the Thomases.

Picnic Time—Lease Woodland Park. All kinds of conveniences and amusements. Clean, safe, swimming pool. 65-1t

If you have a house to rent, a horse to sell, have lost a watch, want a servant, want to buy something second hand, have produce to sell to the local consumer or have some fancy eggs for hatching, why not let the people know of it through the Herald Want Ads. The Herald Want Column is the common market place of Seminole county. 63-1t

Junior Civic Meeting. A business meeting of the Junior Civic League will be held at the Woman's Club rooms next Monday afternoon at 3:30. All the boys and girls are urged to be present.

Miller Horse, Dwarves. I have a first class expert horse shier. Give him a trial. W. H. Underwood. 46-1t

Old Folks Concert. The pupils of the High School will give an Old Folks Concert on April 14th under the direction of Miss Lucie Apinwall. There will be sketches, an old folks dance, gayer numbers and old songs and the program will be very interesting. Watch The Herald for further announcements.

Killing at Ovelto. Thursday night, March 28th, Turp Mumford, a negro detective sent out by the sheriff's office to get evidence against the blind tigers in the Ovelto section was waylaid and riddled with bullets by unknown parties. Sheriff Handlight has been steadily at work on the case since it happened and has now five of the supposed guilty ones behind the bars.

Millinery Goods. I carry as fine a line as any store in Florida. It will give me pleasure to show you. Mrs. GRACE E. WILLIAMS. 106 First St. 64-1c

Marshal-Brown Here. U. S. Marshal J. Clifford Brown of Jacksonville was in the city last few hours yesterday shaking hands with his many Sanford friends. Mr. Brown made the city headquarters while enquiring on the A. C. L. and Sanford stood nobly behind him in his race for Marshal. His many friends here were glad to see him again and to know that he is making good in his responsible position.

Notice to Tax Payers. The 1913 assessment on your property was made by Orange county of Florida. The completed books were delivered to Seminole county in October, 1913. If the assessments in your neighborhood were not qualified, come in and talk to me about them and we will get them on the 1914 rolls as they should be. THOMAS K. BATES, Assessor. 64-1t

THE CHURCHES.

Sunday School Attendance. The Sunday school attendance last Sunday was as follows: Baptist 170, Congregational 88, Methodist 203, Presbyterian 140.

Presbyterian Church. The Brotherhood will hold a social meeting in the court house Friday night at 8 o'clock and plan for the next month. Refreshments will be served by Mrs. Takach in the restaurant below.

The 11 o'clock service Sunday will be the quarterly communion service. The night service will begin at 7:30 instead of at 7. This hour of service will continue through the summer. The orchestra will play at the evening service, and the pastor will preach on "Anxiety." The Sunday school is growing. The parish house was turned over to the church this week and alterations will be made at once to equip it for the work.

New Baptist Church for Sanford. The Baptist church at Sanford has been very energetic for the past several months and the erection of a new \$20,000 building seems to be a reality. Just recently the lot adjoining their present property was purchased in order to give room for the building they desire to erect. The old building is now on rollers being moved in order that the foundation for the new church may be constructed at once.

The services for Sunday, April 8th will be held in the Star Theatre and the pastor, Rev. George Hyman will preach on the following subjects: At 11 a. m., "Heaven on Earth." At 7:30 p. m., "Should a Man Pay His Debts?" Special music has been prepared. A welcome to all to worship at the Star Sunday.

The First Methodist Church. On last Sunday morning the Sunday school attendance was the largest in its history, 203 were present.

The Wesley Brotherhood attendance was 44. Since the tabernacle has been put up ample room has been provided for as many men as will come. A large attendance is expected next Sunday morning at 9:45.

At the morning hour the pastor, Rev. Steinhilber will give a 10-minute talk on "Brotherly Love," followed by the sacrament of the Lord's Supper.

The Senior Epworth League meets at 3 o'clock p. m.

Every Methodist man, whether an active member of the church or not is earnestly solicited to be in the Sunday school during April.

METHODIST BROTHERHOOD. The Wesley Brotherhood Class is Very Much Encouraged.

The Wesley Brotherhood met on last Sunday morning for the first time in the new Tabernacle. Every member should feel very much encouraged when on the first day that the new tent was in use there were thirty-four interested men present. They all enjoyed the lesson in the quiet of the new quarters and after having voted a unanimous vote of thanks to Rev. F. E. Steinhilber, J. H. Shuman, S. C. Brown, E. L. Marshall, H. H. Peabody and F. B. Adams for their special activity in getting the tent for the class went away to call on others what they had seen and heard. To you men out of the school, the tent will be open at both ends every Sunday at 9:45.

WOODLAND PARK NOTES. About one hundred people visited Woodland Park last Sunday and enjoyed the beautiful day as it can be seen only at Woodland Park. The large number of swimming made one think it was middle of summer. Owing to lack of boat transportation a good many were left behind on the city dock, when the Nettie left with all she could carry. Autos and other vehicles made up for this, however. Monroe was well represented by both sexes and all had a gay time. A new amusement, consisting of an 80 ft. inclined plane, on which a disk with castors carries one down with a whirling motion, has been built, but only part of the way could be used Sunday as the plane was not completed. It was enjoyed very much and promises to become one of the main attractions. At the request of many bathers, a rope has been suspended from one of the big live oaks over the pool to use for swinging into the water.

For Sale. Two acres of land fronting on and overlooking Lake Monroe, inside City limits of Sanford, Florida, has beautiful large pine, oak, palmetto and many tropical shrubs. Land lies within quarter mile of brick paved street. This is an ideal property for winter home and will also lend itself to subdivision. It is now offered at the bargain price of \$2,500.00 for sale quick. A. P. CONNELLY, Sanford, Florida.

IN SOCIETY

A Social Event. On Thursday evening, March 28th, the Woman's Missionary Society was royally entertained by Miss Boulah Jacobs of Chuluota, at the residence of her parents on "Beautiful Lake Mills." The piazza was tastefully decorated with palms, ferns, hanging vines and roses while the Chinese lanterns lent a soft and bewitching beauty to the scene.

After the usual exercises of the society, consisting of singing and reading of biographical sketches of the missionary, invited guests contributed to the entertainment.

The guests from neighboring towns were Miss Emma Proctor of Geneva, Mr. D. D. Daniels of Oviedo and Mr. J. T. Hodges of Cocoa. There were forty-five present.

Miss Proctor delighted all present by her recital of two charming pieces. Mr. Chas. Steever rendered several beautiful selections upon the piano which were appreciated by all lovers of good music while Mrs. Ethel Collins rendered a solo, accompanied by Mr. Steever.

After this delightful refreshment were served. The young people engaged in different games of amusements until the midnight hour called a halt to their pleasure and all went home voting Miss Jacobs a charming hostess.

Hard Times Party. Mrs. R. E. Tolar gave a hard times party at her beautiful home on Magnolia avenue last Tuesday night and all the guests were supposed to come in tattered costumes. As they came in with the dog they were greeted with shouts of laughter for the costumes were the most ridiculous that could be arranged. Prof. Josef DeMont of Paris had his graphophone and played over one thousand late and popular airs, while the grotesque clat guests danced popular dances.

Instrumental music and several solos were rendered by the famous musicians present and later in the evening, or early the next morning refreshments were served and here the hard times were carried out also. Everybody was ravenously hungry from dancing and listening to Prof. DeMont playing "Too Much Mustard" and other restaurant airs, and when the hostess brought in paper plates containing one small sandwich, one pickle, one small piece of cheese, a hungry and forlorn look was noticed on the faces, especially Joe DeMont who had been working hard cranking up his machine.

About the time everybody was sufficiently aroused Mrs. Tolar brought on the second dainty course consisting of fruit salad, wafers, olives and coffee with whipped cream, the salad being embellished by a large strawberry. The good refreshments nourished the company sufficiently to enable them to renew the dancing and after the ladies and an old fashioned dance the guests departed, declaring they had spent one of the jolliest evenings of the season.

Mrs. Walseman won first prize in the tarty contest, being dressed as an Irish peasant girl and A. L. Patrick won first gentlemen's prize, dressed as a hayseed from Indiana.

Among those present were Mr. and Mrs. Parrish, Mr. and Mrs. Walseman, Mr. and Mrs. E. B. Brown, Mr. and Mrs. Chas. Henry, Mr. and Mrs. R. J. Holly, Mrs. P. E. Tolar, Mrs. Jones of Atlanta, and Messrs. Lloyd, Bishop and DeMont.

PAOLA POINTS

Dr. J. N. Bishop has returned to New York and Mr. and Mrs. George Bishop to their home in Ontario. We hope to see them all another winter.

Mrs. Lane has been quite ill with a severe cold, but is improving, and her friends hope to see her out again very soon.

J. W. Kelsey has tired of city life already and returned to his old position with the Zachary Lumber Co. Everybody is glad to welcome him back.

Mr. and Mrs. Bridge are now occupying Mrs. Curtis' house. Mr. Bridge is a civil engineer and will be engaged for some time on a new survey of the Sanford Grant. It certainly looks good to see the empty houses filling up, especially at this season, and Mr. and Mrs. Bridge are very pleasant additions to our small village.

Miss Ruth Smith, having closed her school is at home again, much to the delight of her many friends.

Ray Tummary preached his last sermon for the season at Paola church last Sunday, and his flock is now without a shepherd.

Orrin Sabine of Cleveland, O., is visiting his aunt, Miss Icehour at her pretty winter home at Twin Lakes.

Mrs. Encininger and Miss Carrie were also guests of Miss Icehour last Saturday.

Friends who met M. Frank Taber, when he was visiting his brother at Twin Lakes several years ago will regret to hear of his death on March 27th at his home at Salem, Ohio. A severe cold developed into pneumonia and he lingered but a few days.

We are happy to have regular summer weather but are never quite satisfied, and would be grateful for a good rain occasionally.

WOMAN'S CLUB

Orders for Easter cakes and cut flowers given before Wednesday will be promptly filled at the Woman's Exchange Easter Saturday.

Patrons Society Ladies Minstrels. The coming social attraction for April 28th at the Imperial Patrons Society Woman's Club.

Mr. Marcus Fagg, April 23rd, under auspices of Woman's Club. Watch for further announcements.

\$225.00 cleared by Orlando on the Peter Pan Minstrels. Can't Sanford beat that?

ANNUAL CONVENTION

Christian Endeavorers at Gainesville For Two Days.

The twenty-sixth annual convention convened Mar. 27-29th in the Presbyterian church of Gainesville, and the progressive spirit of taking up forward work was the best such convention held in several years.

The one society of grown up Endeavorers proved generous entertainers. There was room for even more than came, as March proved too early for some Florida workers to attend. About sixty were present besides the Gainesville young people, and their young hearted pastor, Dr. Anderson. The decorations and budgets were fine, also choir music furnished by our entertainers and the large gift gum labors and delegates to places on suit cases were something new in our opinion.

The program went through smoothly with only a very few not present who were to take part. Rev. J. D. Wynn, retiring state president, commanded all sessions but the one for Christian Citizenship, Saturday evening, which was presided over by the late year Citizenship superintendent, Rev. G. V. Allison of Deland. This was one of the finer temperance sessions ever had, the object of which was an address by Hon. J. B. Matheson, mayor of Gainesville.

The service Saturday was led by Rev. F. E. Kaylor of Winter Park, one of the few pastors who succeeded in getting a substitute for Sunday service at home, therefore remaining all through convention. Sunday morning the early prayer service was led by Leo F. Pettyjohn of Jacksonville, aided by two other delegates of the Riverside Presbyterian church. For other devotional exercises, most of which had subject based on C. E. consideration ones, passed over this year, leaders were Tampa Endeavorers, Rev. O. N. Buchanan, Lake Magdalen; W. C. T. U. of Gainesville; and Mr. Philip Dale of Winter Park for glowing consecration moments Sunday evening. The C. E. prayer meeting Sunday evening was in charge of Marcus C. Fagg, Jacksonville, with the topic, "The Power Verse," Phil. 4:13. This subject was also used in the very successful Allen Endeavor meeting held in the twilight hour that afternoon.

Many forward steps were brought up in the business session and all confer- ences held by workers in personal interests. It was voted to pay all debts of the closing year and commence the new one with funds on hand for the purchase of stationery for state officers and a paper unit. In addition to going for state work we are to give to the World's Endeavor Headquarters, including funds and other matters in other lines to "the end and doing" as others would say, and the by the proportion in proportion to their generosity.

Mr. and Mrs. Elmer J. Strober, field secretaries for Cuba were with us, also the latter's aged father, Mr. Daniel Cameron, on whose account the missionaries gave up going to China for this winter. They all helped in conversation much. A. L. Young, secretary of the Florida Mission, proved all the more efficient that were our expected hosts of the new year's young men and northern Endeavorers. He led you people and taught conference, made the opening address, "Christian Endeavor Vision," and helped in many side addresses and other items.

Another helpful leader was Rev. Geo. B. Waldron, state superintendent of Congregational churches who talked of "Aites of Widows and Orphans" in the missionary session. Dr. W. H. Newell, director of the Winter Bible School gave two addresses. We were rich in enthusiastic workers.

The next convention is to be held in Jacksonville, where will be displayed the delegation state banner won for Northeastern district by the Riverside Presbyterian Society, which sent about ten of the fifteen delegates from the district. The new president is Duncan B. Curry, Jacksonville; Vice President, Rev. Geo. Waldron, Sanford; Treasurer, Secretary, and Tenth Legion workers were re-elected. Miss Ruth Wynn still gave up her Junior work to Mrs. S. L. Jackson of Daytona, taking instead the Quiet Hour. Hon. Chris. Matheson of Gainesville is Citizenship leader. Sunshine, Press and Introduction Department duties are to be cared for by the secretary. This is the way we start off in the new C. E. year.

GRACE E. TOWNSEND, Interteacher, Fla., April 1st, 1914.

HERE is really nothing that money will purchase that brings more genuine and lasting satisfaction than up-to-date, reliable Furniture. It gives the home an atmosphere of good taste and refinement, making all within better satisfied with their surroundings—and it doesn't cost a fortune either. Drop in and let us show you those articles of Furniture you have so long wanted.

CASH OR INSTALLMENT. W. W. ABERNATHY. First Street & Palmetto Avenue SANFORD, FLORIDA.

EVERYBODY IN SUNDAY SCHOOL

SANFORD CHURCHES ARE MAKING SPECIAL EFFORTS FOR SABBATH SCHOOL.

Men! Give the Sunday Schools a Trial! During this month every man in Sanford is urged to visit some Sunday school. All we ask is an opportunity to interest you. Come and see. Are You Afraid to Come? Some men are afraid to come lest they become interested in the Bible. We confess that interest is likely to result from your coming. Ask the members of the different men's classes about it. 2,000 Each Sabbath. That is the increase in Men's Classes in the United States each Sabbath. You see it is no little thing. Men are taking to this thing. 1,042 in One Class. In the town of Brazil, Polk Co., the First Methodist church has a single class of men that has a membership of 1042. That town has only 9,340 inhabitants. 104 in Sanford Last Sunday. There were 104 men in the Men's Classes last Sunday. They were in the

Table with 2 columns: Class Name and Attendance. Rows include: Beaman (12), Broadus (13), Baraca (12), Wesleyan (35), Brotherhood (32). Below the table: Who Are The Leaders? Beaman Class at the Baptist church J. D. Jenkins is the lecturer. Paul McKinney is the president. Broadus class at the Baptist church: Mr. M. W. Lovell is the lecturer, Mr. K. R. Murrell is the president. Baraca at the Congregational church: Mr. C. R. Walker is the lecturer, Mr. Beecher Kent is the president. The Wesleyan class at the Methodist church: Mr. L. B. Phillips is the lecturer, Mr. J. S. Shuman is the president. The Brotherhood at the Presbyterian church: Mayor D. L. Thrasbar is the lecturer, Mr. D. D. Caldwell is the president.

NOTICE

Change of Schedule Clyde St. Johns River Steamers. On and after this date steamers will sail from Sanford at 11:30 o'clock a. m. and will not call at Enterprise on return trip as heretofore. J. H. CALDER, Agent. Clyde Steamship Co. 64-1tp

**TESTING SKIMMILK.**

Skim milk should be tested occasionally for butterfat to make sure that the milk and cream are completely separated. A different type of test bottle is required for testing skim milk since the fat contained in the skim milk is usually not sufficient in amount to fill one division on the whole milk bottle. Skim milk bottles are arranged with double necks. The milk acid and water are added through the larger tube, the smaller tube being intended for the fat column.

The same quantity of skim milk is taken for testing as of whole milk, but slightly more acid is required. The amount of acid should be about twenty cubic centimeters. In adding the acid to the skim milk it is best to add the acid in two or three different quantities, each quantity being mixed separately with the milk. After the milk and acid are mixed, the skim milk bottle should be placed in the centrifuge and whirled at full speed for seven or eight minutes. Hot water is then added and again whirled at full speed for three or four minutes. The sample should be read before being allowed to cool. Each division of the scale on the skim milk bottle usually represents five-hundredths of 1 per cent. These large divisions are again divided into five spaces, each space representing one-hundredth of 1 per cent. Skim milk testing five-hundredths per cent fat would contain five-tenths pound, or one-half pound, of butter fat per thousand pounds.

From Bulletin of Ohio Experiment Station.

**PROMISING NEW FRUITS.**

As the Market Demand Increases New Varieties Will Be Developed.

As the business aspects of fruit growing receive more definite recognition varieties will be planted more and more to meet particular conditions and for special rather than for general purposes, states the agriculture department year book in discussing some promising new fruits. For instance, under present conditions one of the most important requirements of a winter apple in many sections is that it have good cold storage qualities. Summer apples were for a long period a

for the past ten or fifteen years the most important demand for them has developed in the eastern markets, which has greatly stimulated the planting of early apple varieties in many sections where formerly they were little valued.

As the market demand for newer fruits increases and their culture becomes greater commercial importance, new and better varieties or varieties better adapted to commercial needs will probably be developed. In the case of such fruits as the avocado and the mango, the commercial culture of which is comparatively new, there are as yet but few varieties in cultivation in this country.

The Eastman apple, now being cultivated in the upper Mississippi valley, was planted and developed for the peculiar needs of this region, which is characterized by long, dry, cold winters. It has proved to be a remarkably early, regular and prolific bearer.

**A Handy Snow Shovel.**

Take a piece of board two feet long and ten inches wide. Nail to this a handle six feet long of 1 by 4 material. Nail a brace from lower edge of

**THE SHOVEL HAS A DOUBLE USE.**

board to handle. This shovel may be used to push or draw snow from walks and porches about the home or to drag leaves together after they have fallen from the trees in the fall of the year.

**Cement.**

Cement is taking the place of other materials for floors and for different forms of farm construction. It has many uses, but it is doubtful if it will ever supplement lumber entirely.

**BEEES IN WINTER.**

Now is a good time to read up on the latest methods of beekeeping and to plan for the coming season.

Winter is the time to dispose of the honey surplus, and there are many ways in which the wide awake beekeeper can do it.

Take the subject of hives, for instance. How few bee men there are who realize that they are not dependent upon the natural overwintering for

**WHERE THE BEES ARE WINTERED IN THE cellar it is best to make an occasional examination to see that it is air tight, and sweep up from the floor the dead and stung bees that have crawled out to die, and also, if necessary, give ventilation at night.**

Too much cold air suddenly let in upon the bees is a bad thing and tends to make them restless. The better way is to allow the cool, fresh air to enter the other end of the winter repository and be somewhat tempered and then flow into the compartment where the bees are kept.

**A QUESTION OF BREEDING.**

Pure bred chickens are all right, but the question is, shall the farmer make fancy and fancy points of primary or secondary importance? It is not worth while to talk about fancy points unless the farmer can show that there is some connection between them and productive qualities. He is not concerned about such things, but he is concerned about supplying the market with poultry and eggs.

**At the same time if Vesuvius could cure her own bronchitis Italy would be able to breathe more freely.**

Many large corporations are learning that it is both profitable and wise to make the people love them.

If begins to look as though a bad thing were now a good thing for the average New York play producer.

**SEEK SLAYER IN AN EYE.**

Photograph of Retina of Victim to Show His Image.

Aurora, Ill.—Yielding to persons who have faith in the old superstition, the authorities here have just occupied the eye of Theresa Hollander, State Attorney Tice admitted this, saying that it was the belief of many that the retina of a murdered person retained the image of the murderer.

Miss Hollander was beaten to death in a cemetery here a week ago. The picture was taken after a suggestion of an oculist who asserted with emphasis that the retina of the slain girl's eye would show the last object before her conscious vision.

The photograph was made the day after the murder as the body was being cared for at a local undertaker's. The authorities rather feared they would be ridiculed for this effort, but were anxious to leave nothing undone to get evidence, so went through the performance, holding every actor in the scene to the most profound secrecy.

**STANGUED IN HIS FREEZER.**

Butcher, Locked In, Also Tried Jigs, His Yells Furnishing the Music.

Mount Pleasant, Pa.—Locked in his own meat freezer for three hours, William Morgan, a butcher, declares that he owes his life to the tangos, which he danced continuously to keep from freezing.

When Morgan stepped into his freezer he forgot to turn off the check on the automatic lock. The door clicked into place and he was a prisoner. His cries and poundings failed to attract attention, and, realizing that he would freeze to death unless he indulged in some exercise, Morgan, who can dance, began to joggle himself to the accompaniment of his yells for help. It grew colder, and he varied this exercise by an Irish jig. But this was fatiguing, and he slowed into the tango, paying special attention to the dip.

According to his story, he kept on the move for nearly three hours, when his wife finally heard the noise and released him.

**Constipation May Cause Appendicitis**

**It Pays to be Watchful and Careful. Dodson's Liver Tone is Recommended and Guaranteed.**

In a number of cases it has seemed that appendicitis has resulted from chronic constipation. Hence it is well to be careful and keep the system in as good working order as possible, for if you never suffer from constipation you are likely to escape your liability to other complications and troubles.

That that does not mean that it is safe for you to use calomel, a poison that stays in the system and often leaves bad effects behind it, even after you may have appeared to be benefited temporarily. As a matter of fact, calomel is exceedingly dangerous to many people, perhaps to you. So it is just as well not to take chances.

For constipation, biliousness, liver complaint, sick headache, etc., Dodson's Liver Tone is guaranteed by I. R. Philips & Co., who will cheerfully refund purchase price (50c) instantly to you in the event that it fails to give complete satisfaction.

Dodson's Liver Tone is a vegetable liquid, perfectly harmless, easy to take and highly effective without pain, ache or gripe and leaving no bad after-effects. It assists nature and builds you up instead of weakening you. So many people have been immensely benefited by this good remedy that it is worth your looking into at once. Make no mistake—ask for Dodson's Liver Tone.

Then and Now.

It used to be that father would buy ten cents worth of kerosene and the grocer would stick a potato on the spout of the can to keep it from spilling. Nowadays the gas bill is never under \$5 and potatoes are worth two cents each. Cincinnati Enquirer.

Wanted a New Sensation.

"Dropped a little at roulette while I was abroad," remarked the ice man. "Can't beat that game," said the coal man. "Wasn't trying to. I just wanted to see how it feels to lose money."

No Fastening.

"Why in the world do you people need the warlike fastenings on your coats and suits?" "Because so many people do it for their health."—Baltimore American.

No Fasting.

"No, sir," said Uncle Sheepshead, "you don't catch me takin' a fast train right throw tow chincherry. I kin dew without most anything else on the keers except cat'n'."

Better Word.

Banks (who has invited his friend home)—"Well, what do you think of my cozy little apartment?" Banks—"Apartment, old chap? I should call it a compartment."

Philosophy in Rhyme.

This world with promise richly stored is like a train of cars, they say. If you don't want to get on board, you mustn't try to block the way.

At the Devil's Gate.

Some people knock so hard at the devil's gate that one could suppose they were afraid he might be inclined to admit them.

Makes Quite a Difference.

Mason—"Do you think it's unlucky to have 13 at table?" Brown—"Not if the thirteenth is paying for the dinner."

**SHERIFF'S SALE**

Notice is hereby given that under and by virtue of that certain writ of execution and costs issued out of and under seal of the Circuit Court, Seventh Judicial Circuit, Seminole County, Florida, bearing date of February 27th, A. D. 1914, in certain cause wherein Anna C. Woodbridge is plaintiff and John J. Covart is defendant, I have levied upon the following described real property as follows:

All the right, title and interest of John J. Covart in and to Lot Three (3), Block Ten (10), Tract Six (6), E. L. Trallock's map of Sanford, as the property of defendant, and will offer the same for sale in the City of Sanford, Seminole County, Florida, on Monday, the 24th day of April, A. D. 1914, before the door of the court house in said city, between the legal hours of sale, to-wit: 11 a. m. and 2 p. m. and will sell to the highest and best bidder for cash, said property being sold to satisfy said execution and costs.

C. M. HANCOCK, Sheriff Seminole County, Florida.

Thos. E. Wilson, Plaintiff's Attorney.  
67-5-Fri

**SPECIAL MASTERS SALE**

Notice is hereby given that under and by virtue of that certain writ of foreclosure made by Hon. Jas. W. Perkins, Judge of the Circuit Court of the Seventh Judicial Circuit of Florida, to-wit: on the 27th day of March, 1914, in a cause pending in the Circuit Court of Seminole County, wherein A. C. Thrasher is complainant and Ned Jones and Fannie Jones, his wife, and A. D. Hill are respondents, I, A. K. Powers, special master, duly appointed herein will offer for sale, and will at public outcry, to the highest and best bidder for cash, in front of the court house door of Seminole County, Florida, on the 6th day of April, A. D. 1914, the whole being the first mortgage in April and a leg of land between the legal hours of sale that certain lot, to-wit: Lot Eight (8) of Block Eight (8) of the "The A. C. of Sanford" subdivision, to-wit: the lot's map of Sanford, Florida, as shown on the map of Sanford, Florida, and between seventh and eighth streets.

Mar. 5th, 1914.

A. K. POWERS, Special Master.  
67-Fri-5c

**Proposal for Bulkheading**

Notice is hereby given that seals will be received at the office of the city clerk of the City of Sanford, Florida, up to 7:30 p. m., April 6th, 1914, for the construction of a retaining wall, approximately 3,000 feet long, filling in between the same 225,000 cubic feet of earth and extending seven feet through the made land. Each bid to be accompanied by a certified check for \$200.00, made payable to the city of Sanford. The council has the right to reject any or all bids. Plans and specifications can be secured from the city clerk, on deposit of \$5.00. The bids must be returned when they are returned.

M. W. LOVELL, City Clerk.

**In the Circuit Court, Seventh Judicial Circuit Augustus N. Veeburg.**

vs.

Ada N. Veeburg.

It appears from the affidavit of Augustus N. Veeburg herein duly filed, that he is complainant in the above entitled cause; that it is the belief of the affiant that Ada N. Veeburg is non-resident of the state of Florida, that she is a resident of the state of Connecticut, and residing at No. 122 Grand Street, in the City of New Haven, in said state; and that there is no person in the state of Florida, the service of a subpoena upon whom would bind the defendant and defendant further stated that she is the age of the defendant in the over twenty years.

That she therefore ordered to appear to this court on Monday, the 6th day of April, A. D. 1914, the same being a rule day in this court.

It is further ordered that this notice be published four consecutive weeks in the Sanford Herald, a newspaper published in Seminole County, Florida.

William E. A. Douglas, Clerk of the Circuit Court, and the seal thereof, this 27th day of March, A. D. 1914.

(Seal) E. A. DOUGLASS, Clerk.  
A. K. Powers, Not. for Complainant.

THOS. K. BATES

TO REDUCE COST OF LIVING

Washington, D. C., April 2nd.—Another scheme for the reduction of the high cost of living was launched here today by D. C. Imboden, secretary of the National Co-operative Food Committee of No. 2519 Broadway, New York city. He hopes to accomplish a reduction of \$100 a year in the cost of food supplies for every family.

Mr. Imboden outlined his ideas at a meeting of Washington women called by Mrs. Ellis Logan, president of the District of Columbia Federation of Women's Clubs.

This scheme contemplates the formation in this city of the country of a station for the distribution of foodstuffs, purchased directly from the manufacturer, thus eliminating the cost of the middleman. He would have at least one million families upon payment of \$1 fee become members of an organization to do the buying in carload lots.

TRICE'S TRUMPETER

(Articles Published under this heading furnished by M. F. A. Barrow, Jacksonville)

Lincoln's Own Testimony

Like all great men, Abraham Lincoln has been accused of almost everything. Judge Douglas thought on one occasion he would crush Lincoln by telling the audience he had been a bartender. In a plea and retort, Lincoln answered:

"My friend, Judge Douglas has been proper to call attention to the fact that many years ago I had sold liquor over the counter. And I did, sure I did. But I can assure you that while I was busy on one side of the counter, my friend, Judge Douglas was equally busy on the other."

"Doctored" Soft Drinks

At a hearing before the Net Weight Committee, composed of members of the Board of Food and Drug Inspection, held at Washington, D. C., recently it developed that while the public recognizes ginger ale as a product having a spher color, it is in reality, about the color of water, minus the artificial coloring used. The manufacturers argue that, were they compelled to omit the coloring matter, it would be hard to get the public to drink ginger ale. A colorless root beer would meet the same fate, and yet it was admitted that practically all soda water is artificial.

When asked by Dr. Alsberg why it was necessary to add a soap bark preparation to this class of goods, the reply was made, that since they came in competition with beer, the nearness of appearance of beer can be simulated the better chance of selling; the soap water and "soft drinks." Soap bark is used to retain the gas in the carbonated beverages, as well as to give a foamy appearance. The hearing brought out the fact that soap barks had been used in the manufacture of soda water since 1874, and it was suggested that the form-producing preparation is harmless, since the manufacturers had never heard of any person being harmed by the use of soda water, or other carbonated beverages. It was admitted that no investigations had ever been made to show the harmfulness of soap bark. But since millions of people continue to drink soda water, the manufacturers concluded that the adulterations of the trade was harmless.

Dr. Aldberg took a different view, however. He stated that when saponin (soap bark) is introduced into the blood, it is very poisonous, and the only reason it itself doesn't seem to be, is because when taken by way of the mouth it is slowly and slightly absorbed. It is a substance which must be looked upon with a good deal of suspicion, the use of which is not permitted in other countries than the United States, according to Dr. Alsberg. advt

Say, You!

HOW about that printing job you're in need of?

Come in and see us about it at your first opportunity. Don't wait until the very last moment but give us a little time and we'll show you what high grade work we can turn out.

MAKES MARRIAGE EASIER.

Bill in French Parliament Will, if Passed, Remove Much Red Tape.

Paris.—A bill was presented in the senate which if passed will greatly modify the existing marriage regulations. At present the complicated legal papers required, time absorbed and fees charged tend to make marriage unpopular among the poor.

It is generally admitted that this condition is responsible for the enormous number of "free unions."

The new bill eliminates various formalities and tends to make matrimony easy in the twentieth century, when as the bill states, "one has less and less time to do anything, even to marry."

Treat Smallpox by Phone.

Rockford, Ill.—To prevent the spread of smallpox Rockford doctors are treating pest patients by telephone. This condition came about when two physicians who had smallpox patients refused to continue treating them because they could not carry on their practice. Other doctors adopted the method.

Accounted For.

"I must congratulate you, Kath, said the lady of the house. "You didn't break any crockery yesterday." "No, ma'am," replied the girl. "You see, I had a bad headache, and didn't feel very strong yesterday."

Meat Inspectors Use Camera.

Meat inspectors in Berlin are employing the moving picture camera in their work, enlarged photographs showing micro-organisms in motion if the meat is diseased.

Delicate Hint.

Balladist—"Don't you think, if I'd cut out one of my four fingers it would improve my act?" Stage Manager—"Yes, about twenty-five per cent." Brooklyn Life.

Simplified.

The driver of an automobile is called a chauffeur by those who ride with him, but what pedestrians call him is a whole lot easier to spell.

An Optimist's View.

Misers were created for the purpose of showing others how little happiness there is to be derived from wealth.

POLITICAL ANNOUNCEMENTS

FOR THE LEGISLATURE

I hereby announce my candidacy for the legislative primary election, 1914. Democratic Primary to be held on June 2nd. FORREST LAKE.

FOR COUNTY JUDGE

To the Democratic voters of Seminole county I wish to announce that I will be a candidate, subject to your action in the Primary of June 2, for re-election to the office of County Judge. I respectfully solicit your support, and present that sixteen years experience at the bar has given me the knowledge requisite to the proper and efficient discharge of the duties of the office. GEORGE G. HEERING.

I hereby announce that I will be a candidate in the June Democratic primary election, 1914, for the office of County Judge of Seminole County. Common sense, justice and the evidence based upon the law will be my motto. Technical evasions of the law will not be allowed to defeat the ends of justice in cases tried before me. I respectfully solicit the support of all the voters of the county. L. G. STRINGFELLOW.

FOR CLERK OF THE CIRCUIT COURT

I beg to announce to the Democratic voters of Seminole county my candidacy for the office of Clerk of the Circuit Court, subject to the decision of the Primary Election to be held June 2nd, 1914. Respectfully, (DICK) R. C. MAXWELL.

To the Voters of Seminole County: I hereby announce myself a candidate for the office of Clerk of the Circuit Court of Seminole County. I lay no claim to the office. The voters are the best judges of my fitness for the office. I have served and have endeavored to do my best for the people in helping to organize and put our new courts in the three towns among the people of this county. I have served in the office in doing this. I invite you to come to the office and see for yourself. After so doing, vote for the good of the county. Very respectfully yours, E. A. DOUGLASS.

FOR SHERIFF

To the Democratic voters of Seminole county: I hereby announce myself a candidate for Sheriff of Seminole county. If elected I pledge myself to fulfill the duties of the office to the best of my ability. Respectfully, E. E. BRADY.

I hereby announce my candidacy for the position of Sheriff of Seminole county. If elected I will endeavor to perform the duties of the office without fear or favor. Respectfully, MARTIN A. B. SMITH.

I will be a candidate to succeed myself for the position of Sheriff of Seminole county. Having served the people in this capacity since the organization of the new county and my record as an official of the county of Orange for many years is my claim for your suffrage in the Democratic Primary to be held on June 2nd, 1914. Respectfully, HARLEN M. HAND.

FOR SUPERINTENDENT OF PUBLIC INSTRUCTION

I hereby announce my candidacy for the position of Superintendent of Public Instruction subject to the decision of the Democratic Primary. If chosen for the position I will devote my time and attention to the betterment of the school system and the improvement of same. CHARLES L. BOK.

As a candidate for the position of Superintendent of Public Instruction of Seminole county, subject to

the Democratic Primary, I wish to call attention of the voters to the following facts: First, I am a native-born citizen of this county. Second, I am a member of the Democratic Party, and third, I should be a trained school man. J. HOWLAND WILDMAN.

I hereby announce my candidacy for the office of Superintendent of Public Instruction in and for Seminole County, subject to the decision of the Democratic Primary to be held June 2nd, 1914. Your suffrage is solicited on grounds of familiarity with the schools and the duties of the office, and also on the grounds of competency, school and business experience and success. D. L. THIRASHER.

FOR COUNTY TREASURER

I hereby announce my candidacy for the position of Treasurer of Seminole county, subject to the decision of the Democratic Primary. If elected I will turn all the money not actually needed for the expenses of the office to the School Fund, and will guarantee the expense of the office not to exceed fifty per cent of the salary. Respectfully, N. H. GARNER.

At the solicitation of my friends I will be a candidate for re-election to the office of County Treasurer of Seminole County, subject to the decision of the Democratic Primary. Respectfully, J. D. JONES.

I announce my candidacy for the position of Treasurer of Seminole county, subject to the decision of the Democratic Primary. I elected I propose to put all the county money in county banks of this county, except the regular interest that is paid on savings accounts and this interest will be given to the county for the schools, roads and bridges, and which in my estimation will amount to about \$1200 per year. Respectfully, ROBERT A. NEWMAN.

I hereby announce my candidacy for County Treasurer of Seminole county subject to the Democratic Primary to be held on June 2nd, 1914. I will appreciate and all favors that any one may do for me to get me elected. E. H. KILBEY, Geneva, Florida.

FOR COUNTY COMMISSIONER

I hereby announce my candidacy for the position of County Commissioner of Seminole county for District No. 1, which includes voting precinct No. 2. I earnestly solicit your thorough investigation of what has been accomplished in this section during the past few years that I have represented the district both in Orange and Seminole counties and ask your support upon that record. Respectfully, FRANK R. WOODRUFF.

I beg to announce my candidacy for County Commissioner for District No. 2, Seminole county, Fla., subject to the decision of the Primary election to be held June 2nd, 1914. Respectfully, W. J. McBRIDE.

I will be a candidate for the office of County Commissioner from District No. 1. I elected I promise to give the people to the best of my ability and having been a resident of this section for fifteen years think that I am qualified to know the need of the section and the people. Economy, efficiency and a square deal to all will be my motto and the platform upon which I seek your suffrage. Respectfully, L. A. BRUMBLEY.

I hereby announce my candidacy for County Commissioner to succeed myself for District No. 2, including voting precincts No. 1, 2, 3, 4 and 5, subject to the Democratic Primary June 2nd, 1914. Having served in this capacity since the organization of Seminole county, I have a knowledge of the practical side and if elected will serve the people and Seminole county to the best of my ability and will appreciate your vote in the county at large. Yours truly, J. MACRAE.

I hereby announce my candidacy for the position of Tax Assessor of Seminole county, subject to the primary to be held on June 2nd, 1914. J. T. MOORE.

I hereby announce my candidacy for re-election to the position of County Assessor from the Third district subject to the decision of the Democratic Primary on June 2nd, 1914. C. W. ESTLINGER.

FOR TAX ASSESSOR

I hereby announce myself a candidate for the office of Tax Assessor of Seminole county, subject to the decision of the Democratic Primary to be held on June 2nd, 1914. Respectfully, J. H. GARDNER.

My experience thus far in the office of Tax Assessor of Seminole county has convinced me that the office of Tax Assessor is one of the most important in the county and that a thorough study of the subject is necessary to obtain in the county and to the people of Seminole county the best results. I will DEMAND I offer myself for re-election to the office of Assessor, subject to the decision of the forthcoming Democratic primary election. THOMAS R. BATES, Assessor of Taxes.

FOR COUNTY SURVEYOR

I announce myself a candidate for the position of County Surveyor of Seminole county, subject to the decision of the Democratic Primary. I have had much experience in the profession of surveying and will guarantee to you that you will not be disappointed. I will appreciate your support and will regret having lived if it is not. M. M. PHIPPS, JR.

FOR TAX COLLECTOR

I am a candidate for the office of Tax Collector of Seminole county, subject to the action of the Democratic Primary. Since I have been in charge of the office I have used every effort to render good service, and secondly to give the people the most equitable and just treatment, and will continue to do so. JNO. D. HARRIS.

PLANS FOR THE BULKHEAD COUNCIL WILL ACT TODAY

VARIOUS FIRMS IN STATE SUBMITTED BIDS

SANFORD MEN ALSO BID

CONTRACT WILL BE LET TODAY AND WORK WILL START IN A FEW WEEKS

Bids were opened last night in the city council chamber for the bulkhead of Lake Monroe. A large crowd of citizens and competitive bidders were present as the bids were opened and read, for there has been nothing of such vital importance before the city in many years as that of the bulkhead.

ELKS INSTALLATION EXERCISES

Sanford Lodge Holds Interesting Meeting to Install Officers for Year

Sanford lodge of Elks held a most interesting meeting last Wednesday night, the occasion being the installation of the officers recently elected. Past Exalted Ruler E. W. Rowland, installed the officers.

Funeral of Capt. J. C. Higgins

The funeral of Capt. J. C. Higgins, late superintendent of the Jacksonville division of the Atlantic Coast Line occurred from the Catholic church last Sunday at two o'clock. The Sanford Lodge of Elks formed an honorary escort from the residence on Oak avenue to the church and the remains were accompanied by the pallbearers, comprised of the following friends of the deceased: Active, H. R. Stevens, W. H. Peters, A. P. Connelly, Forrest Lake, G. W. Spencer, J. T. Klausel, Jno. D. Jenkins and D. G. Wagner.

Elks at Miami

Miami, Fla., April 6.—More than a thousand wearers of the antlers in the state are in annual convention here today, every lodge in the state sending a representative delegation to attend this year's session and from early indications it is expected that the three days' meet will be one of the most successful ever held by the "Best People on Earth."

Joe Reese in Town

Joe Hugh Reese, the versatile editor of the Orlando Sentinel, and one of the best newspaper men in the state, is in the city today on business.

Odd Fellows at Deland

A bunch of Sanford Odd Fellows went to Deland last night to demonstrate the work of putting a delegate through the paces.

ALL ROADS LEAD TO SANFORD THIS WEEK CONVENTION WEEK

THREE CONVENTIONS MEET HERE IN FIVE DAYS

FUN STARTED YESTERDAY

MOVING PICTURE MEN OPENED THE BALL AND THE BAPTISTS WILL FINISH THE WEEK

Sanford is the premier convention city of the state and takes three prizes for having a "solid week of conventions." Yesterday the ball opened by the Moving Picture men of the state meeting here and they will hold over until today when the Eastern Stars will take their place and will bester the city from all sides.

The city will be in gala attire and everything done for the comfort and pleasure of our guests. The proverbial Sanford spirit will be demonstrated and the visitors of the various denominations will be given the keys of the city.

The moving picture men held their first business session last night in order that all the members could be present. They come from the Keys at Key West to the peninsular and the state is well represented by some fifty of the principal moving picture managers of the land.

The moving picture men met here this year for a directors' meeting that for a regular business meeting, as there were many matters of importance to be considered by the directors and their committee.

The next meeting will be at Miami. The following members met in this city: G. Griffith, President of Tampa; A. Marshall, Secretary of Tampa; W. K. Keener, Vice President of West Palm Beach; Louis Kalfield, Philadelph; J. D. Burt, Bartow; J. F. Karnatz, Sanford; O. J. Herndon, Sanford; Mr. and Mrs. Kalfield of Palatka; Karl Ketterer, West Palm Beach; Alfred Tenno, Bartow; L. R. Davis of Arcadia; M. and Mrs. Wagner, Bradenton; Robin Myers and Chas. D. Kaine of Kissimmee; Joe Kline, Solihery, representative of Warner's Feature Film Co., Atlanta was present and ran several reel features which were highly appreciated by the members.

The following delegates to attend national convention at Dayton, Ohio, held in July were duly elected: Louis Kalfield, Karl Ketterer, Alfred Tenno, A. H. LaBelle, L. P. Davis.

Today the Eastern Star will begin their three days' convention in this city and it promises to be one of the largest and best affairs in the history of that organization. The Jacksonville Times Union has the following regarding the convention:

This city will have a large representation at the tenth annual meeting of the Grand Chapter of Florida, Order of Eastern Star, which will be convened at 10 a. m., Wednesday, at the Masonic temple in Sanford, and, as it marks the first decade in the history of the grand chapter, it is expected that this will be the largest attended annual meeting held thus far, many of the members of the order in this city already having been the order in this city already having stated their intention to be present and being engaged in their preparations for the event.

Prominent among those who will attend from this city will be Mrs. Cora R. Franz, past grand matron, and now right worthy associate grand conductress of the general grand chapter. Mrs. Franz, who stands very high in the order of

Eastern Star, will be the guest of honor at this annual meeting.

While Jacksonville has been decided upon as the honor of the grand chapter, the meeting is being held in Sanford this year in response to the wishes and request.

UNDERWOOD ELECTED

Birmingham, Ala., April 7.—Indications early this morning were that Oscar W. Underwood had triumphed over Richmond Pearson Hobson in the contest before State-wide Democratic primaries for the nomination to the United States Senate. Comer is leading for Governor and Clayton also seems a sure winner.

RECEPTION FOR MRS. MARSHALL

Fl. Myers Lodge Clubs Will Entertain During Press Meet

Nearly cooperation is to be given by the Club Club to the work of the committee on arrangements which is preparing for the meeting of the Florida Press Association. At a meeting of the club yesterday afternoon the plan of the arrangement committee to have a reception in honor of Mrs. Thomas R. Marshall, wife of the vice president, was discussed and it was decided to lead a parade to honor her in this undertaking.

The Marshalls are to arrive in Fort Myers Thursday afternoon, April 23rd, and remain until the following morning. It has not yet been decided whether the reception will be in the afternoon or at night, but it is thought the more likely will be in the evening.

Besides honoring Mr. Marshall, it is intended that the reception shall be a social affair extended to the women of Ft. Myers in the afternoon. A dancing assembly will be held in the evening.

Widow's Man Dead

Frederick W. Weyerhaeuser, who was born in a village near Mainz, Germany, Nov. 21, 1834. He emigrated to Erie County, Pennsylvania, when he was eighteen years old. With a brother-in-law, he obtained control of a small sawmill at Rock Island in the sixties, during boom times of the lumber industry along the Mississippi.

Will Meet in Quails

Preliminary arrangements are being made for the Florida state meeting of fruit growers which is to be held at Egmont May 20, under the auspices of the Florida Citrus Exchange.

Although the meeting is called by the Exchange, which will have a large part in preparation of the program, it is to be devoted to the interests of the fruit growers of the state in general, and all are invited to participate in the discussions.

Active preparation is in progress for the meeting at this early day because of the inauguration of plans, now perfected, by which representatives of the department of agriculture at Washington are to participate in the meeting. There will be lectures from the Bureau of Agriculture in attendance who will give the Florida growers the result of the latest experiments in the realm of the citrus fruit industry.

SECRET SESSIONS OF THE SENATE ATTACKED BY KENYON RESOLUTION

TIME HONORED CUSTOM IS TO BE ABOLISHED

MUST HAVE PUBLICITY

OTHER NEWS OF THE WORLD AT LARGE COMPILED FOR BUSY HERALD READERS

Washington, April 6.—Open war was declared in the United States senate today against the time honored rule of secrecy relating to proceedings in executive sessions. Following the defiance expressed by several senators in close sessions Friday against suppressing debate on the confirmation of Winthrop W. Daniels of New Jersey, as a member of the Interstate Commerce Commission, actual hostilities began when Senator Kenyon of Iowa, after a conference with those of his colleagues who are leading in the movement to lift the ban on publicity, introduced a resolution to provide for open sessions on all matters except treaties, unless otherwise directed by unanimous consent of the senate.

PRESS CLUB DOINGS

Kissimmee Will Treat the Editors and Visitors Royally

That Kissimmee has been honored on Wednesday night as it never has been honored before is the feeling with which our people will receive and will entertain the editors of Volusia, Seminole, Lake, Orange and Osceola counties, who will gather here on that day for the purpose of organizing the Lake Region Press Association.

The entertainment committee of the board of trade, consisting of H. P. Swabey, J. D. Woodbeck and C. E. Johnson, have their part of the plan well in hand, and every provision for the comfort of our guests has been provided, except procuring a porcelain bath tub for Hon. R. J. Holly, boss of Sanford and editor of the Herald, but orders have been given our local dealers to see that one meeting the standards of the distinguished guest is on hand and installed in the five-room suite that has been provided for his illustrious person.

The stunt that will be pulled off at the high school auditorium at 10 o'clock in the morning will be most imposing and inspiring, to say nothing of the intellectual feast, in fact it is thought the feast will be so bountifully intellectual that no one who attends will desire dinner, thereby saving much real human money to our dear people.

The speech of Chris Cordington, in answer to the words of welcome by the president of the board of trade will be so replete with oratory, wit and dazzling splendor that it alone will be worth the price of a ticket to any picture show in town. And the song Clarence Woods will sing in response to Hon. W. J. Sears' address will surprise any warbler that ever parted the lips of Patti. That act alone is worth the price of the whole show.

Then there is C. E. Howard, who is booked for the performance of answering C. E. Johnson's welcome on the part of the newspapers of Kissimmee. So long has he followed the job of "posing" other people that he can strike the attitude of a Virgilian or the pose of a modest maid with as little trouble and in as short a time as any sketch artist that ever faced an audience.

But the real thing will be pulled off at night when every man in Kissimmee will be present to greet the visitors and give them the right hand of welcome. And right here let it be known that every able bodied man in Kissimmee is invited to be on hand at St. Paul's hall promptly at 8 o'clock, to be a member of the board of trade or just a plain citizen, for it may be a long time before they will again have the opportunity of seeing and hearing such intellectual giants as will answer the coasts. Only orators of national renown have been slated for addresses, and it would be a weeping pity not to be present and inhale a few draughts of the sweet incense that will be set thick in the circumambient air of the fog of "things over Tampa bay."

Gray is Appointed

Tallahassee, April 7.—(Special)—Governor Trammell has appointed R. A. Gray of Havana, Gadsden county, assistant state auditor, to succeed the late Hon. Henry Curtis of Quincy.

Mr. Gray was some time in the newspaper work, having been for several years with the Live Oak Democrat. He was secretary and treasurer of the Live Oak Publishing Company and left the paper to establish the Havana News, which he edited for several years.

He represented Gadsden county in the legislature of 1911 and for the past three years has held positions in the state treasurer's office and insurance clerk and in the comptroller's office as head pension clerk and secretary of the Pension Board.

Governor Trammell is being congratulated upon the choice he has made and it is stated by those at the capitol that Mr. Gray's appointment is one of the best he has made.

Charred Bones Found

St. Augustine, April 6.—The finding of a mass of charred bones last night in the ruins of the Florida House has started the rumormongers today that from three to six persons were burned to death in the destruction of that hotel. The bones have been pronounced to be human bones by physicians. As the hotel registers were burned there is no way to check up the persons residing in them.

Cong. Executive Committee Meets

The executive committee of the Fourth Congressional District met today. Those present were J. N. Whitaker, Bert Fink of Deland and Joe Reese of Orlando. Details of meeting given later.

Frank Guilty

Detective Burns May Close Up The "Frank Mystery" Chicago, April 6.—William J. Burns, the detective, declared late today that he knew who murdered Mrs. Plaque, of St. Charles, Ill., for whose death the McFrank murder sentence of death was passed. The murderer was Frank Quincey, but he intimated that from his investigations and comparing results with the conclusions of the coroner's jury that he did not think Frank the sort of a man capable of making the attack on the girl, alleged to have preceded her murder.
